Get a maximum output capacity of 1100 pages with five 100-page face-down bins, for easy job identification, separation, and retrieval. Four intelligent operating modes make workgroup workflow run more efficiently. Mailbox mode assigns bins to users or groups; stacker mode uses all bins to stack copies of a job; job separator mode delivers jobs into a single bin; and the collator mode delivers each copy into a separate bin.

- Save time by having your jobs already sorted and separated so you can get back to work.

- Access your print jobs easily. Separate bins by user, group, or type of job-enabling you to locate your documents quickly and easily.

- Four operating modes enable more efficient workflow. Mailbox assigns bins to users or groups; stacker uses bins to stack copies of a job; job separator delivers jobs into a single bin; and the collator delivers each copy into a separate bin.
