MICRO, MINIATURE AND SMALL ORCHIDS

## LEPANTHES CLAREAE

**Origin:** Costa Rica

**Temperatures:** Intermediate to cold growing small size orchid species

**Light:** Shade

**Watering & fertilizing:** Regular watering and fertilizing year-round

**General care:** Not so common in cultivation, this small size Lepanthes species is something you have never seen – it grows to giant clumps full of keikis all over! Grows best under cold to intermediate conditions, in shade, good air movement and high humidity. Only good quality water. Can be grown potted or mounted. Great plant for terrariums, vivariums, glass orbs, vases, indoor growing on windowsills or greenhouses and outdoors.
