## **5 Safety Precaution**

**See following precautions. Any violation of one or more of the following precautions may cause damage to the player and will void the warranty.**

- Conform that the lock switch is unlocked before you turn on the unit.
- Avoid exposure to heat, moisture and static electricity.
- Do not drop or place heavy objects on the player.
- Vibration or shock to the unit can cause damage.
- Do not place the player in or near any liquid.
- Avoid areas of high humidity, strong magnetic fields or high heat when storing the unit.
- Do not use paint thinner, alcohol, or benzene when cleaning the unit. This may change the color of the player or damage the surface. Use a soft towel to clean the surface of the player.
- To avoid damage to the unit never open the case.
- Do not expose to excess heat (over +140°F). Avoid exposure to direct sun. Do not leave in a warm car, especially during the summer season.
- We strongly recommend that as you uploading/downloading files from your PC, please never disconnect the player from the computer until the blinking display stops. If you unplug the unit when the display is blinking, data may be lost!
- We strongly recommend that you back up your data for safety.
- Please not to over charge or over discharge the Lion Polymer Battery.
