

The LinkVote Mobile App

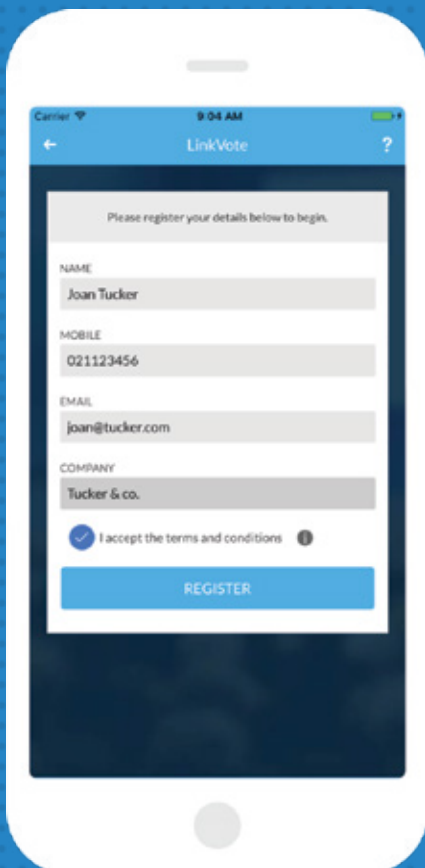

LinkVote is Link Market Services' mobile voting app which replaces paper voting cards at meetings.

Note: The LinkVote application can be downloaded from the Apple App Store and Google Play before the meeting.

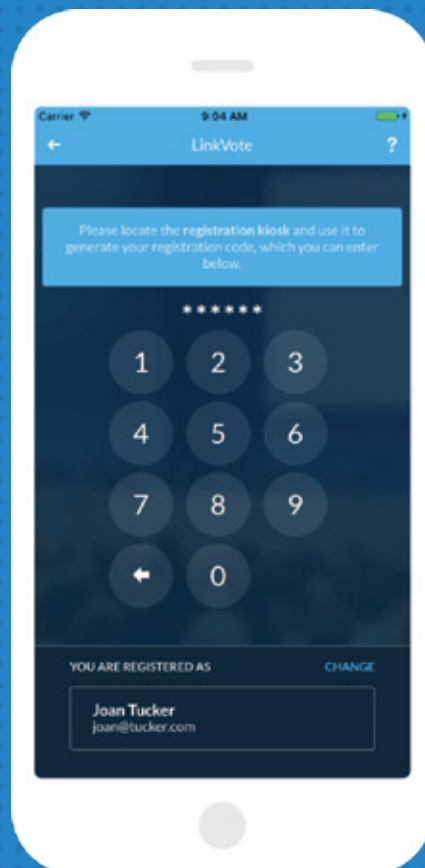

2

Once you have successfully downloaded the App, please complete your registration details. These are saved for future meetings.

3

When you arrive at the meeting locate the registration desk to obtain your six digit PIN code and enter it into the App. This will register you as a voting holder.

4

1

Prior to the meeting download the LinkVote App from Google Play or the Apple App Store.

4

Additional holdings, choose "VOTING CARD" for personalised six additional holding. A 6 digit PIN will also be generated at the registration desk.

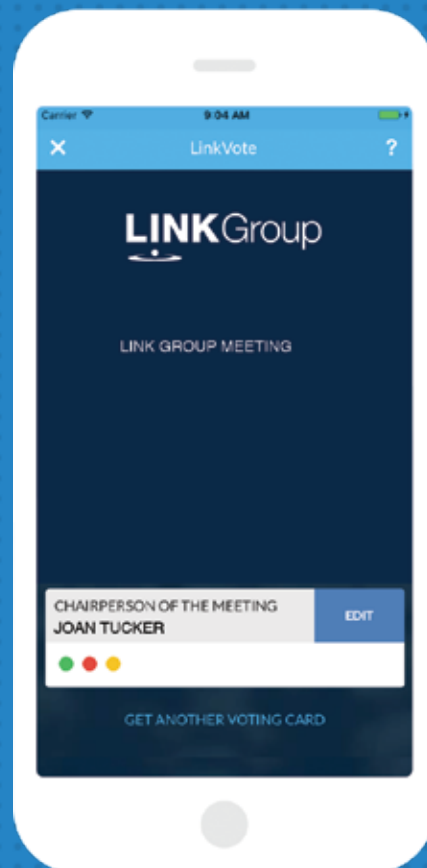

5

Once registered you are able to vote. You can vote at any time during the meeting by completing the voting card and casting your vote.

6

Submitted votes can be edited at any time until the conclusion of the vote. If you have additional holdings choose 'Edit' on each of the voting cards to make additional votes.
