2017 Performance Highlights

We performed well in 2017 compared to goals established by the Management Development and Compensation Committee (the "MDCC") of our Board of Directors (the "Board") at the beginning of the year as well as to our direct peers (Discover Financial Services, Capital One and American Express). We generated solid financial performance, growing our core business through all three of our sales platforms (Retail Card, Payment Solutions and CareCredit). We grew loan receivables by 7% over 2016, increased net interest income by 11% over 2016 and beat our target efficiency ratio of approximately 32%. We renewed more than 15 key relationships and forged more than 20 new deals including with PayPal Holdings, Inc. ("PayPal"), which we expect will become one of our five largest partner programs. We maintained a strong balance sheet with robust capital and liquidity levels and diversified funding sources, growing deposits by \$4.4 billion at December 31, 2017 as compared to deposits at December 31, 2016. We reported net earnings of \$1.9 billion and, excluding the impact of the Tax Cuts and Jobs Act of 2017 ("Tax Act"), we reported adjusted net earnings of \$2.1 billion.1

^{*}For Synchrony, Efficiency Ratio represents (i) other expense, divided by (ii) net interest income, after retailer share arrangements, plus other income.

¹ Adjusted net earnings is a non-GAAP measure. For further information regarding non-GAAP measures and a reconciliation to net earnings, please refer to Synchrony's Annual Report on Form 10-K for the fiscal year ended December 31, 2017.

Nominees for Election to the Board of Directors

Each of the nine director nominees listed below is currently a director of the Company.

The following biographies describe the business experience of each director nominee. Following the biographical information for each director nominee, we have listed specific qualifications that the Board considered in determining whether to recommend that the director be nominated for election at the Annual Meeting.

If elected, each of the director nominees is expected to serve for a term of one year or until their successors are duly elected and qualified. The Board expects that each of the nominees will be available for election as a director. However, if by reason of an unexpected occurrence one or more of the nominees is not available for election, the persons named in the form of proxy have advised that they will vote for such substitute nominees as the Board may nominate.

While in the U.S. Senate, she served as Chair and was the ranking member of the Senate Committee on Small Business and Entrepreneurship, and served on the Senate Finance Committee, the Senate Intelligence Committee, and the Senate Commerce Science and Technology Committee. Rowe Price Group, Inc., a financial services company, and Aetna, Inc., a diversified healthcare benefits company. Senator Snowe received a B.A. in political science from the University of Maine and has received honorary doctorate degrees from many colleges and universities.

We believe that Senator Snowe should serve as a member of the Board due to her broad range of valuable leadership and public policy experience, including more than 30 years as an elected member of the U.S. Congress. Her experiences provide her with an extensive background handling complex issues, including budget and fiscal responsibility, economic, tax and regulatory policy, and health care policy.

Qualifications of Directors

Directors should possess the highest personal and professional ethics, integrity and values, and be committed to representing the long-term interests of the stockholders. They must also have an inquisitive and objective perspective, practical wisdom and mature judgment. The Company will endeavor to have a Board representing a range of experience at policy-making levels in areas that are relevant to the Company's activities. Although the Board does not have a specific diversity policy, the Nominating and Corporate Governance Committee takes into account a candidate's ability to contribute to the diversity on the Board. It considers the candidate's and the existing Board members' race, ethnicity, gender, age, cultural background and professional experience. Directors must be willing to devote sufficient time to carrying out their duties and responsibilities effectively and should be committed to serve on the Board for an extended period of time. Our Governance Principles maintain that directors who also serve as CEOs or in equivalent positions should not serve on more than two boards of public companies in addition to the Company's Board, and other directors should not serve on more than three boards of public companies in addition to the Company's Board.

Pursuant to our Company's Governance Principles, when a director's principal occupation or job responsibilities change significantly during his or her tenure as a director, that director shall tender his or her resignation for consideration by the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee will recommend to the Board the action, if any, to be taken with respect to the resignation. The Board does not believe that arbitrary term limits on directors' service are appropriate, nor does it believe that directors should expect to be renominated annually until they reach the mandatory retirement age. The Nominating and Corporate Governance Committee will evaluate each director in connection with his or her renomination for election at each annual meeting of stockholders. Except in special circumstances, directors will not be nominated for election to the Board after their 75th birthday.

Process for Reviewing, Identifying and Evaluating Director Nominees

The Nominating and Corporate Governance Committee is responsible for reviewing, identifying, evaluating and recommending director nominees to the Board after considering the qualifications described above and set forth in the Company's Governance Principles. Upon recommendation of the Nominating and Corporate Governance Committee, the Board proposes a slate of nominees to the stockholders for election to the Board. Between annual stockholder meetings, the Board may fill vacancies and newly created directorships on the Board with directors who will serve until the next annual meeting.

Other stockholders may also propose nominees for consideration by the Nominating and Corporate Governance Committee by submitting the names and other supporting information required under our Bylaws to: Corporate Secretary, Synchrony Financial, 777 Long Ridge Road, Stamford, Connecticut 06902. The Nominating and Corporate Governance Committee will apply the same standards in considering director candidates recommended by stockholders that it applies to other candidates. In addition to recommending director candidates to the Nominating and Corporate Governance Committee, stockholders may also, pursuant to procedures established in our Bylaws, directly nominate one or more director candidates to stand for election by the stockholders. For information on how to nominate a person for election as a director at the 2019 Annual Meeting of Stockholders, including through the proxy access right to include such nominees in the Company's proxy materials, please see the discussion under the heading "Additional Information—Stockholder Proposals for the 2019 Annual Meeting."

Committees of the Board of Directors

The standing committees of the Board consist of the Audit Committee, the Nominating and Corporate Governance Committee, the MDCC, and the Risk Committee. The duties and responsibilities of these standing committees are set forth below. The Board may also establish various other committees to assist it in its responsibilities. Audit Committee

The Board has determined that each of Mr. Naylor and Mr. Alves qualifies as an "audit committee financial expert" as defined in Item 407(d) (5) of Regulation S-K, and the Board is satisfied that all members of our Audit Committee have sufficient expertise and business and financial experience necessary to effectively perform their duties as members of the Audit Committee.

Management Development and Compensation Committee

Each of Mr. Hartnack, Mr. Naylor and Ms. Richie qualifies as "outside directors" within the meaning of Section 162(m) ("Section 162(m)") of the U.S. Internal Revenue Code of 1986, as amended (the "Code") and as "non-employee directors" within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934, as amended (the "Exchange Act").

Board of Directors' Leadership Structure and Role in Risk Oversight

The Board is led by our non-executive Chair, Mr. Hartnack. We believe that having an independent director serve as the non-executive Chair of the Board is in the best interests of our stockholders. The separation of roles allows our Chair to focus on the organization and effectiveness of the Board. At the same time, it allows our CEO to focus on executing our strategy and managing our operations, performance and risks following our transition to being a fully stand-alone public company.

We manage enterprise risk using an integrated framework that includes Board-level oversight, administration by a group of cross-functional management committees, and day-to-day implementation by a dedicated risk management team led by the CRO. The Board (with input from the Risk Committee) is responsible for approving the Company's enterprise-wide risk appetite statement and framework, as well as certain other risk management policies, and oversees the Company's strategic plan and enterprise-wide risk management program.

The Board regularly devotes time during its meetings to review and discuss the most significant risks facing the Company and management's responses to those risks. During these discussions, the CEO, the CFO, the CRO, the General Counsel and other members of senior management present management's assessment of risks, a description of the most significant risks facing the Company and any mitigating factors and plans or practices in place to address and monitor those risks. The Board has also delegated certain of its risk oversight responsibilities to its committees.

The Risk Committee of the Board has responsibility for the oversight of the risk management program, and the three other board committees have other oversight roles with respect to risk management within their respective oversight areas. Several management committees and subcommittees have important roles and responsibilities in administering the risk management program. This committee-focused governance structure provides a forum through which risk expertise is applied cross-functionally to all major decisions, including development of policies, processes and controls used by the CRO and risk management team to execute our risk management philosophy. The enterprise risk management philosophy is to ensure that all relevant risks are appropriately identified, measured, monitored and controlled. The approach in executing this philosophy focuses on leveraging risk expertise to drive enterprise risk management using a strong governance framework structure, a comprehensive enterprise risk assessment program and an effective risk appetite framework.

Responsibility for risk management flows to individuals and entities throughout our Company, including the Board, various Board and management committees and senior management. The corporate culture and values, in conjunction with the risk management accountability incorporated into the integrated Risk Management Framework, which includes a governance structure and three distinct "Lines of Defense" (as further described below), has facilitated, and will continue to facilitate, the evolution of an effective risk management presence across the Company.

The "First Line of Defense" is comprised of the business areas whose day-to-day activities involve decision-making and associated risk-taking for the Company. As the business owner, the first line is responsible for identifying, assessing, managing and controlling that risk, and for mitigating our overall risk exposure. The first line formulates strategy and operates within the risk appetite and risk governance framework. The "Second Line of Defense," also known as the independent risk management organization, provides oversight of first line risk-taking and management. The second line assists in determining risk capacity, risk appetite, and the strategies, policies and structure for managing risks. The second line owns the risk governance framework. The "Third Line of Defense" is comprised of Internal Audit. The third line provides independent and objective assurance to senior management and to the Board and Audit Committee that first and second line risk management and internal control systems and its governance processes are well-designed and working as intended.

Attendance at Meetings

It is our policy that each director is expected to dedicate sufficient time to the performance of his or her duties as a director, including by attending meetings of the stockholders, and meetings of the Board and Board committees of which he or she is a member.

In 2017, the Board held 9 meetings, including regularly scheduled and special meetings. All directors attended at least 75% of the aggregate of (i) the total number of meetings of the Board (held during the period for which he or she has been a director); and (ii) the total number of meetings held by all committees on which he or she served (during the periods for which he or she has served). All directors attended the 2017 Annual Meeting of Stockholders.

Meetings of Non-Management and Independent Directors

In accordance with our Governance Principles, at the conclusion of every Board meeting, the independent directors have an executive session without any non-independent directors present. The Chair of the Board, Mr. Hartnack, presides at executive sessions. During executive sessions, the independent directors have complete access to Company personnel as they may request.

Communications With the Board of Directors

Stockholders and any interested parties who would like to communicate with the Board or its committees may do so by writing to them via the Company's Corporate Secretary by email at corporate.secretary@synchronyfinancial.com or by mail at Synchrony Financial, 777 Long Ridge Road, Stamford, Connecticut 06902 or by leaving a voicemail message at (800) 275-3301.

All communications directed to the Board, the Chair of the Board or any other members of the Board are initially reviewed by the Company's Ombuds Leader. Any communications that allege or report fiscal improprieties or complaints about internal accounting controls or other accounting or auditing matters are immediately forwarded to the Chair of the Audit Committee, the General Counsel and the Chief Audit Executive, and after consultation with the Chair of the Audit Committee, may be sent to the other members of the Audit Committee. Any communications that raise legal, ethical or compliance concerns about the Company's policies or practices are immediately forwarded to the General Counsel and the Chief Compliance Officer. The Chair of the Board is advised promptly of any such communication that alleges misconduct on the part of the Company's management or raises legal, ethical or compliance concerns about the Company's policies or practices and that the General Counsel or the Chief Compliance Officer believes may be credible, and after consultation with the Chair of the Board, such communication may be reported to the other members of the Board or to a committee of the Board.

Typically, the Ombuds Leader will not forward to the Company's directors communications from stockholders or other communications that are of a personal nature or not related to the duties and responsibilities of the Board, including: junk mail and mass mailings; routine customer service complaints; human resources matters; service suggestions; resumes and other forms of job inquiries; opinion surveys and polls; business solicitations; or advertisements.

Corporate Governance

Code of Conduct

We have adopted a Code of Conduct that applies to anyone who works for or represents Synchrony, including all directors, officers and employees. A copy of this code is available on our website at http://investors.synchronyfinancial.com under "Corporate Governance." If we make any substantive amendments to this code or grant any waiver from a provision to our CEO, principal financial officer or principal accounting officer, we will disclose the nature of such amendment or waiver on our website or in a Current Report on Form 8-K.

Governance Principles

Our Governance Principles provide the framework for the governance of the Company. The Nominating and Corporate Governance Committee is responsible for developing and implementing our Governance Principles, periodically reviewing such Governance Principles and recommending any proposed changes to the Board for approval. A copy of our Governance Principles is available on our website at http://investors.synchronyfinancial.com under "Corporate Governance."

Section 16(a) Beneficial Ownership Reporting Compliance

Based upon a review of our records, we believe that all reports required to be filed by our directors, officers and holders of more than 10% of our common stock pursuant to Section 16(a) of the Exchange Act during 2017 were filed on a timely basis, except for one late Form 4 filed by Mr. Whynott reporting the withholding of shares for tax purposes and a Form 5 reporting dividend equivalent units received by each Section 16 Filer (as defined below) in connection with six dividend payments.

Management Development and Compensation Committee Interlocks and Insider Participation

The members of the Company's MDCC are Mr. Hartnack, Mr. Naylor and Ms. Richie. None of Mr. Hartnack, Mr. Naylor and Ms. Richie was, during 2017 or previously, an officer or employee of the Company or any of its subsidiaries. During 2017, there were no compensation committee interlocks required to be disclosed. In addition, no member of the MDCC had any relationship requiring disclosure under Item 404 of Regulation S-K under the Exchange Act.

Item 2—Advisory Vote to Approve Named Executive Officer Compensation

In accordance with Section 14A of the Exchange Act, we are asking stockholders to approve the compensation paid to our named executive officers, as disclosed in this proxy statement on pages 28-49 (the "Say-on-Pay Vote"). Although the voting results are not binding, we value continuing and constructive feedback from our stockholders on compensation and other important matters, and the Company's MDCC will consider the voting results when evaluating our executive compensation program. Consistent with the direction of our stockholders at our 2015 annual meeting, the Say-on-Pay Vote is held on an annual basis until the next non-binding stockholder vote on the frequency with which the Say-on-Pay Vote should be held in 2021.

We believe that our executive compensation program aligns the interests of the Company's executives and other key employees with those of the Company and its stockholders. The program is intended to attract, retain and motivate high-caliber executive talent to enable the Company to maximize operational efficiency and long-term profitability. The program is also designed to differentiate compensation based upon individual contribution, performance and experience.

We ask for your advisory approval of the following resolution:

"RESOLVED, that the stockholders hereby approve, on an advisory basis, the compensation paid to Synchrony Financial's named executive officers, as described in this proxy statement on pages 28-49."

Compensation Discussion and Analysis

Executive Summary

Our Named Executive Officers—The executive officers whose compensation we discuss in this Compensation Discussion and Analysis and whom we refer to as our named executive officers ("NEOs") are Margaret M. Keane, President and CEO; Brian D. Doubles, Executive Vice President and CFO; Glenn P. Marino, Executive Vice President, CEO—Payment Solutions and Chief Commercial Officer; Jonathan S. Mothner, Executive Vice President, General Counsel and Secretary; and Thomas M. Quindlen, Executive Vice President and CEO—Retail Card. Mr. Marino retired from his position as of January 1, 2018 and is currently serving in a non-executive officer role at Synchrony to assist in the transition of his duties.

2017 Performance—We performed well in 2017 compared to goals established by the Management Development and Compensation Committee (the "MDCC") of our Board of Directors (the "Board") at the beginning of the year as well as to our direct peers (Discover Financial Services, Capital One and American Express). We generated solid financial performance, growing our core business through all three of our sales platforms (Retail Card, Payment Solutions and CareCredit). We grew loan receivables by 7% over 2016, increased net interest income by 11% over 2016 and beat our target efficiency ratio of approximately 32%. We renewed more than 15 key relationships and forged more than 20 new deals including with PayPal, which we expect will become one of our five largest partner programs. We maintained a strong balance sheet with robust capital and liquidity levels and diversified funding sources, growing deposits by \$4.4 billion at December 31, 2017 as compared to deposits at December 31, 2016. We reported net earnings of \$1.9 billion and, excluding the impact of the Tax Act, we reported adjusted net earnings of \$2.1 billion.2

Loan Receivables Grew	Net Interest Income Increased	Efficiency Ratio*	Deposits Grew
7%	11%	30.3%	\$4.4B

*For Synchrony, Efficiency Ratio represents (i) other expense, divided by (ii) net interest income, after retailer share arrangements, plus other income.

Our major compensation components and their objectives are:

- Base Salary—Provides market-based compensation based on experience, position and performance of the executives. For 2018, Ms. Keane and our other NEOs are receiving no increases in their base salary.
- Annual Cash Incentive Awards—Focuses executives on short-term goals set by the fully independent MDCC through cash awards.
- Annual Equity Awards Aligns executives' interests with stockholders through a combination of Restricted Stock Units ("RSUs")
 and stock options.
- Long-Term Incentive Awards Through the use of three-year vesting Performance Share Units ("PSUs"), focuses executives on long-term goals set by the MDCC.

The MDCC amended the Synchrony Financial 2014 Long-Term Incentive Plan in July 2017 to incorporate the following elements, among other items, to bring the plan in line with Synchrony's current practices:

- The MDCC does not have the discretion to accelerate the vesting of awards.
- Minimum vesting of 12 months for any options or stock appreciation rights.
- Minimum vesting of 12 months for any restricted stock or RSUs.
- No cash buyouts of stock options or stock appreciation rights with exercise prices that are not in-the-money.
- No payout of dividends on unvested equity prior to the vesting date.

² Adjusted net earnings is a non-GAAP measure. For further information regarding non-GAAP measures and a reconciliation to net earnings, please refer to Synchrony's Annual Report on Form 10-K for the fiscal year ended December 31, 2017.

Target Pay—The MDCC reviews our compensation practices prior to making any decision on target pay and mix of pay, including (i) a detailed benchmarking study of peer compensation data, (ii) a pay for performance analysis comparing our compensation to our peers and to alignment with our performance, and (iii) a review of our executives' stock ownership.

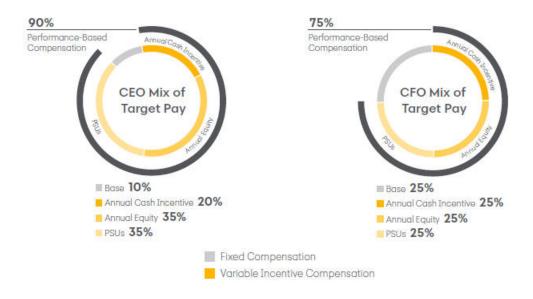

In 2017, The MDCC increased the target pay for Ms. Keane to position her pay competitively relative to peer CEOs given her strong performance leading the Company through the first three years following its initial public offering ("IPO").

Ms. Keane received no increase in any component of her target total pay for 2018, and our other NEOs received no increases in their base salary and target annual cash incentive pay for 2018.

The chart below shows the target pay for our NEOs for 2017:

Name	Position	Base Salary	Target Annual Cash Incentive Pay	Target Annual Equity Award	Target Long-Term Incentive Awards (PSUs)	Target Total Pay
Margaret Keane	President and CEO	\$1,175,000	\$2,350,000	\$4,000,000	\$4,000,000	\$11,525,000
Brian Doubles	Executive Vice President, CFO	\$ 750,000	\$ 750,000	\$ 750,000	\$ 750,000	\$ 3,000,000

Compensation Philosophy

Synchrony Program Principles

Synchrony's executive compensation program is intended to discourage excessive or imprudent risk-taking while at the same time promoting and supporting the key principles outlined below. The program is also designed to be consistent with our safety and soundness and to identify, measure, monitor and control incentive compensation arrangements.

The key principles guiding this program and underlying the oversight of our program by Synchrony's MDCC are:

- **Performance**—compensation programs should measure business and individual performance against both qualitative and quantitative goals and objectives;
- Values—compensation programs should be linked to how employees go about their work or, more specifically, how they demonstrate the behaviors we expect of our employees;
- Market Competitiveness —compensation programs should be competitive with the external labor markets;
- Internal Equity —compensation programs should be internally equitable, subject to the employee's experience, performance and other relevant factors;
- Prudent Risk—compensation programs, particularly in the form of incentive compensation, must not encourage employees to expose the Company to inappropriate or excessive risks and should be based in part on the long-term performance outcomes of risks taken. Risk should always be taken within approved policy limits, in accordance with the MDCC charter and key practices and in consideration of Synchrony's ability to effectively identify and manage such risks, including credit, operational and reputational risks;
- Fair Customer Treatment —compensation programs should encourage employees to follow established company procedures and to treat customers fairly; and
- Reporting Concerns—compensation programs should be designed in such a way as to encourage employees to raise concerns without fear of retaliation.

The consistent application of these design principles enables Synchrony to maintain compensation programs that are reasonable, balanced and effectively attract, retain, motivate and engage employees who strive to achieve the mission, goals and objectives of Synchrony in a way that is compatible with effective risk management controls. A robust performance review process is a critical element in all reward decisions.

Compensation Matters

Key Considerations in Setting Compensation

For 2017, we used the following considerations in setting compensation for our NEOs:

Consistent and sustainable performance—Our executive compensation program provides the greatest pay opportunity when executives demonstrate superior performance for sustained periods of time. It also rewards executives for executing our Company's strategy through business cycles, so that the achievement of long-term strategic objectives is not compromised by short-term considerations. The emphasis on consistent performance affects annual salary and equity incentive compensation. With the prior year's salary and grant serving as an initial basis for consideration, such awards are determined based on an assessment of an executive's past performance and expected future contributions. Because current-year, past and sustainable performance are incorporated into compensation decisions, any percentage increase or decrease in the amount of total annual compensation tends to be more gradual than in a framework that is focused solely or largely on current-year performance.

Future pay opportunity versus current pay—We strive to provide an appropriate mix of compensation elements to achieve a balance between current versus long-term, deferred compensation, cash versus equity incentive compensation and other features that cause the amounts ultimately received by the NEOs to appropriately reflect risk and risk outcomes. Cash payments primarily, but not exclusively, reward more recent performance, whereas equity awards encourage our NEOs to continue to deliver results over a longer period of time and serve as a retention tool. We believe that the compensation paid or awarded to our NEOs should be more heavily weighted toward rewards based on our Company's sustained operating performance as well as our stock price performance over the long-term.

Qualitative and quantitative factors—Quantitative formulas are not used exclusively in determining the amount of compensation. While quantitative calculations and formulas set the funding and cap award levels for our performance-based programs, the MDCC can use qualitative factors such as performance in the context of the economic environment relative to other companies, a track record of integrity, good judgment, the vision and ability to create further growth, the ability to lead others and other considerations that cause the amounts ultimately received by the NEOs to appropriately reflect risk and risk outcomes.

Consideration of risk—Our compensation program is balanced, focused on the long term and takes into consideration the full range and duration of risks associated with an NEO's activities. Under this structure, the highest amount of compensation can be achieved through consistent superior performance within the limits of our stated risk appetite. In addition, significant portions of compensation are earned only over the longer term and may be adjusted during the vesting period for risk outcomes. This provides strong incentives for executives to manage our Company for the long term while avoiding excessive risk-taking in the short term. As discussed further below, Synchrony's MDCC reviews the relationship between our risk management policies and practices and the incentive compensation provided to our NEOs.

Peer company pay—We also considered compensation levels and pay practices at our direct peers and other peer companies when setting target pay levels in 2017. In addition to total assets and the availability of information in third-party compensation databases, the selection criteria for the peer group focused on publicly traded financial services companies headquartered in the United States with either annual revenue or market capitalization equal to approximately one-half to two-times Synchrony's annual revenue or market capitalization. When the MDCC determined the peer group used for establishing 2017 target compensation, Synchrony was at the peer 25th percentile in assets, 71st percentile in revenue and 55th percentile in market capitalization, based on financial information from the most recent fiscal year prior to the meeting.

The list of peer companies used for understanding industry pay practices and target pay levels for 2017 was as follows:

Consumer Finance
Ally Financial Inc.
American Express Company
Capital One Financial Corporation
Discover Financial Services

<u>Data Processing</u> MasterCard Incorporated Visa Inc. Commercial Banks
BB&T Corporation
Comerica Incorporated
Fifth Third Bancorp
Huntington Bancshares Incorporated
KeyCorp
M&T Bank Corporation
The PNC Financial Services Group, Inc.
Regions Financial Corporation
SunTrust Banks, Inc.
U.S. Bancorp

2017 Compensation Elements

The following summarizes the compensation elements used in 2017 to reward and retain our NEOs.

Base Salary

Base salaries for our NEOs depend on a number of factors, including the size, scope and impact of their role, the market value associated with their role, leadership skills and values, length of service and individual performance and contributions. Decisions regarding salary increases are affected by the NEOs' current salary and the amounts paid to their peers within and outside our Company. For 2018, Ms. Keane and our other NEOs are receiving no increases in their base salary.

Annual Non-Equity Incentive Plan Award

Annual non-equity incentive plan awards to our NEOs are granted pursuant to Synchrony's Annual Incentive Plan and, for 2017, were based on three equally weighted quantitative metrics, each as calculated in accordance with U.S. generally accepted accounting principles ("GAAP"), consistent with our approach adopted in 2016. These metrics are designed to promote a balanced focus on profit, growth, risk and expenses:

- Net Earnings—to align the interests of executives with the interest of stockholders;
- · Receivables Growth—to focus executives on expanding the business to drive future net earnings; and
- Efficiency Ratio—to drive cost discipline.

Minimum, target and maximum performance levels are established for each metric by the MDCC based on Synchrony's financial and economic outlook and result in funding levels that are applied to an executive's target annual incentive. The MDCC may make negative adjustments to the weighted funding based on views of company and individual performance, risk outcomes and other considerations. The goals for target payout require continued performance above historical peer median levels (in the case of Receivables Growth and Efficiency Ratio) or achieving our operating plan (in the case of Net Earnings).

Metric weighting, funding goals, actual performance and the payout funding for 2017 are shown below.

Metric	Weight	100% Payout Target	Actual Performance	Calculated Payout**
Net Earnings	1/3	\$2,325	\$2,095*	78%
Receivables Growth	1/3	6%	7.3%	111%
Efficiency Ratio	1/3	32.5%	30.3%	150%

^{*}Adjusted to exclude the effects to Provision for income taxes resulting from the Tax Act.

Annual RSU and Option Awards

In 2017, our NEOs received annual grants of RSUs and stock options under the Synchrony Financial 2014 Long-Term Incentive Plan. The amount of RSUs and stock options awarded to each NEO is based on target incentive levels for each executive, subject to adjustment by the MDCC. The 2017 awards were divided between RSUs (70%) and stock options (30%), with both awards vesting 20% per year over five years. Synchrony uses grants of stock options to focus its executives on delivering long-term value to its stockholders because options have value only to the extent that the price of Synchrony stock on the date of exercise exceeds the stock price on the grant date, as well as to retain its executives. Synchrony also grants RSUs to reward and retain executives by offering them the opportunity to receive shares of Synchrony stock on the date the restrictions lapse as long as they continue to be employed by the Company.

^{**}Payout if threshold performance achieved ranges from 50% to a cap of 150% of target; \$ in millions.

Retention Awards to CEO and CFO

Our CEO, Ms. Keane, and our CFO, Mr. Doubles, were awarded a one-time retention RSU grant intended to provide additional support for retention of the CEO and CFO for 1.67 years beyond the July 2018 vesting date for the Synchrony founders' equity grants (which were made to support Synchrony's IPO) (the "Retention RSUs"). These awards are not considered part of the ongoing target total pay for either executive.

These RSU awards of \$1 million each, based on the closing price of Synchrony common stock on April 1, 2017, the date of grant, will vest 100% after three years providing an annualized value of \$333,333 for Ms. Keane and Mr. Doubles. All other terms and conditions of the Retention RSUs are consistent with the other 2017 annual awards, including forfeiture and cancellation of the entire award if the applicable NEO leaves voluntarily prior to the three-year vest date.

Long-Term Performance Awards (PSUs)

Under the Synchrony Financial 2014 Long-Term Incentive Plan, we issued performance-based, long-term PSUs in 2017 that are linked to financial performance over the 2017-2019 performance period. The PSUs will be payable in shares of common stock based on our cumulative annual diluted earnings per share and average return on assets over the performance period, goals for which were approved by the MDCC after evaluating several possible alternative performance metrics for this program. Both measures are weighted equally. These performance metrics align the interests of our executives with the interests of stockholders in an efficient and balanced manner, encouraging growth and ensuring that growth does not come at the cost of lower returns on assets. Grants of PSUs will vest at the end of three-year periods in the event performance conditions are met.

Synchrony Financial Restoration Plan

The Restoration Plan mirrors the Company's qualified 401(k) plan. The plan provides a continuation of Company contributions on salary and bonus that would have been made to our 401(k) plan but for various limitations imposed by the Internal Revenue Code of 1986 (the "Code"), along with additional Company contributions that cannot be made to the 401(k) plan. The plans include company contributions of (i) a 3% core contribution, (ii) a 4% match, and (iii) as of December 31, 2017, up to 8% additional contribution for former participants of GE pension plans, which will decline to 4% over the next two years. The Restoration Plan account is forfeited if an executive leaves voluntarily prior to age 60. For 2017, each of our NEOs received contributions to his or her Restoration Plan account, which are reported in the "All Other Compensation" column in the 2017 Summary Compensation Table.

Other Compensation

In 2017, Synchrony provided its executive officers with financial counseling, tax preparation services, supplementary life insurance, and annual physical examinations, which is reported in the "All Other Compensation" column in the 2017 Summary Compensation Table. The supplementary life insurance policies are intended to maintain benefits that existed for these executives as GE employees prior to the completion of our split-off from GE and in lieu of life insurance benefits that are provided to other Synchrony employees. The face value of the life insurance policies for Ms. Keane and Messrs. Marino and Quindlen is less than what they would have received under the standard life insurance program for Synchrony employees.

Synchrony Deferred Compensation Plan

Our Deferred Compensation Plan does not pay an "above-market" rate of interest and is available to a select group of management and highly compensated employees of Synchrony and any of its participating affiliates. Under the plan, eligible employees may, to the extent permitted by the administrator of the plan, elect to defer up to 80% (or such lower percentage, as determined by the plan administrator) of their base salary and bonus, and all or a portion of any other type of compensation, as determined by the plan administrator. The plan administrator will designate two or more investment benchmarks from which participants can select the benchmarks that will be used to determine the rate of return or loss applicable to their deferred compensation amounts. Participants will also make elections regarding the time and form of payment of their deferral under the plan, in accordance with Section 409A of the Code. We have established notional accounts attributable to participants' deferrals, which will be adjusted based on participants' investment elections.

Performance Objectives and Evaluations for Our Named Executive Officers for 2017

At the beginning of 2017, with the Board's input, Ms. Keane developed the objectives that she believed should be achieved for our Company to be successful. These objectives include both quantitative financial measurements and qualitative strategic, operational and risk management considerations and are focused on the factors that Ms. Keane believes create long-term shareowner value. Ms. Keane's 2017 performance was evaluated and measured against these goals by the MDCC to determine the appropriate incentive compensation awards for her. The amount of her incentive compensation was ultimately approved by the MDCC, based on their discretion and judgment. Ms. Keane did not participate in the determination of her compensation.

Our other NEOs report directly to Ms. Keane, and developed their objectives based on our Company's objectives and in light of their roles at the Company. Each of our other NEOs' objectives include both quantitative financial measurements and qualitative strategic, operational and risk management considerations affecting our Company and the sales platforms or functions that they lead. Each of our other NEOs' 2017 performance was evaluated and measured against their respective goals by the MDCC, as well as by Ms. Keane. The amount of their incentive compensation was ultimately approved by the MDCC, based on the Company's performance against goals established by the MDCC at the beginning of the year and based on the MDCC's discretion and judgment. None of our other NEOs participated in the determination of their compensation.

2017 CEO Performance Objectives and Achievements

The MDCC believes that Ms. Keane performed very well in 2017 in executing on the performance framework and 2017 financial objectives outlined below. Under Ms. Keane's leadership, management delivered the following results on the qualitative and quantitative performance goals set for Synchrony by Ms. Keane with respect to 2017:

- Grow core business across all three sales platforms and the Bank—As of December 31, 2017, across all three platforms, we grew loan receivables by 7.3% and purchase volume by 5.1%, compared to December 31, 2016. We renewed our Retail Card program agreements with more than 15 key partners and forged more than 20 new relationships including with PayPal, which we expect will become one of our five largest partner programs. We also launched our new CareCredit Dual Card, the Synchrony Car Care and Synchrony HOME credit card networks. In addition, we successfully acquired and integrated GPShopper, a developer of mobile applications that offers retailers and brands a full suite of commerce, engagement and analytical tools.
- Operate with strong balance sheet and financial profile—We maintained an attractive return profile and strong liquidity and capital ratios. For 2017, on a GAAP basis, which includes the impact of the Tax Act, we reported net earnings of \$1.9 billion, or approximately \$2.42 earnings per share on a diluted basis. Excluding the impact of the Tax Act, we reported adjusted net earnings of \$2.1 billion³. As of December 31, 2017, deposits grew over \$4.4 billion, or 9%, from the fourth quarter of 2016 to a total of \$56.5 billion. In addition, we returned capital to stockholders through growth and the execution of our capital plan, including share repurchases and dividends, and we continued to increase transparency and communication with investors and analysts.
- Continue to build and invest for the future—We developed a comprehensive strategic plan and continue to evaluate opportunities for growth. We made investments to augment our capabilities in fraud prevention, consumer prospecting and productivity. Additionally, we continued to develop the product suite for Synchrony Bank with a goal to attract and retain more customers. We continued to build our suite of digital products, including SyPI, enhanced dApply, Digital Buy, Pay Without Login and MySynchrony iOS and Android apps. We also launched an Innovation Center located at the University of Illinois, which will focus on advancing our internal capabilities in artificial intelligence, data science, and other emerging technology domains to create long-term value for our customers.

³ Adjusted net earnings is a non-GAAP measure. For further information regarding non-GAAP measures and a reconciliation to net earnings, please refer to Synchrony's Annual Report on Form 10-K for the fiscal year ended December 31, 2017.

Compensation Matters

- Invest in talent and continue to strengthen culture—We developed a robust executive succession plan, funded a high potential leadership program to develop Synchrony's future leaders and promoted a leadership curriculum and functional academies for employees. We were ranked in Fortune's 100 Best Companies to Work For, Fortune's Top 50 Best Workplaces for Diversity, Working Mother Top 100 Best Companies, the Human Rights Campaign Best Place to Work for LGBT Equality and the Disability Equality Index Best Places to Work. Furthermore, we developed a broad-based communication plan, including site visits, to keep employees at all levels up to date on business initiatives, outcomes and needs.
- Continue to build our brand externally—We strengthened recognition of the "Synchrony" brand, extended our brand platform with the "Ambition Lives Everywhere" slogan, and introduced new advertisements via digital and social media.
- Meet heightened standards and strengthen enterprise risk management—We improved our governance and technology risk management. We also continued to strengthen our cyber security capabilities.

Other Compensation Practices

Stock Ownership Guidelines

We have established stock ownership guidelines to require the Company's CEO and Executive Vice Presidents to own significant amounts of our common stock, thereby aligning their interests with the interest of our stockholders. The stock ownership guideline for our CEO is five times base salary, and the stock ownership guideline for Executive Vice Presidents, including the other four NEOs, is three times base salary, to be met within five years of being subject to the policy. For the purposes of our stock ownership guidelines, all shares of common stock, PSUs and RSUs held by our executives are credited toward ownership levels. Based on our closing stock price on December 29, 2017 (\$38.61), our NEOs had the following ownership base-salary multiples:

Name of Executive	Required Multiple	Ownership as of December 29, 2017
Margaret Keane	5.0X	22.1X
Brian Doubles	3.0X	12.7X
Glenn Marino	3.0X	8.9X
Jonathan Mothner	3.0X	8.3X
Tom Quindlen	3.0X	9.9X

Equity Grant Practices

The exercise price of each Synchrony stock option granted to our NEOs in 2017 was the closing price of Synchrony's stock on the date of grant, which was April 1, 2017. Synchrony's MDCC has delegated to the CEO the ability to grant equity-based awards to executives outside of the CEO's staff to allow the Company to make timely decisions on hiring, performance and retention.

Hedging and Anti-Pledging Restrictions

Our Code of Conduct, which applies to all of our employees, includes anti-hedging provisions that prohibit all employees from engaging in transactions in derivatives of or short-selling of Synchrony securities, including buying and writing options. We also maintain an anti-pledging policy that prohibits pledging activity in Synchrony securities.

Clawback Policy

Under the Company's policy, if it is determined that an employee at or above a designated executive grade under the Company's compensation structure has engaged in conduct detrimental to the Company, the Bank or any of the Company's other subsidiaries, the Committee or, in the case of a Bank employee, the Bank's Development and Compensation Committee, may take a range of actions to remedy the misconduct, prevent its recurrence, and impose such discipline as would be appropriate. Discipline may vary depending on the facts and circumstances, and may include, without limitation, (a) termination of employment, (b) initiating an action for breach of fiduciary duty, (c) reducing, cancelling or seeking reimbursement of any paid or awarded compensation, and (d) if the conduct resulted in a material inaccuracy in the Company's financial statements or performance metrics that affects the executive's compensation, seeking reimbursement of any portion of incentive compensation paid or awarded to the executive that is greater than what would have been paid or awarded if calculated based on the accurate financial statements or performance metrics. If it is determined that an executive engaged in fraudulent misconduct, the Committee or, in the case of a Bank employee, the Bank's Development and Compensation Committee, will seek such reimbursement. These remedies would be in addition to, and not in lieu of, any actions imposed by law enforcement agencies, regulators or other authorities, or as otherwise required by any agreement with a stock exchange on which the Company's securities are listed.

Compensation and Risk

2017 Risk Review Process

Synchrony's risk management culture is strongly supported by a thorough risk review process that focuses on whether the risks we take are within our risk appetite framework. In 2017, working cross-functionally, our CEO and senior executives from our risk and human resource teams identified the individuals considered to be Material Risk Takers ("MRTs") or Material Risk Controllers ("MRCs"). These individuals were required to have annual goals and objectives specifically tied to risk and compliance standards. As part of the annual process, our Control Function Leaders, our CEO, our Audit Committee, MDCC and Risk Committee conducted assessments on MRTs and MRCs, which took into consideration MRT/MRC behavior in relation to their annual goals and objectives as well as any adverse risk outcomes during the year. These assessments are included in each MRT/MRC's annual performance evaluation. By conducting these risk review processes as well as maintaining full transparency on all of our risk management policies and procedures, we believe that we have been able to discourage inappropriate risk-taking.

Review of Incentive Compensation to NEOs Related to Risk Management

In 2017, the MDCC reviewed the relationship between our risk management policies and practices and the incentive compensation provided to our NEOs to confirm that their incentive compensation appropriately balances risk and reward and determined that our compensation policies and practices are not reasonably likely to have a material adverse effect on our Company. The MDCC met with the CRO to discuss the annual risk assessment conducted with respect to incentive compensation plans in which all employees (including the NEOs) participate, including whether these arrangements had any features that might encourage excessive risk-taking that could threaten the value of the Company. The CRO also discussed the risk mitigation factors reviewed in the annual risk assessment, including the balance between financial and non-financial measures as well as the short-term and long-term oriented measures. The MDCC also continues to monitor a separate, ongoing risk assessment by senior management of our broader employee compensation practices consistent with the federal banking regulators' guidance on sound incentive compensation policies.

Risk Review of Incentive Plans

Each year, we conduct a risk analysis on each of our incentive plans using a risk analysis tool. This analysis covered 100% of our incentive eligible population and allowed us to gauge the degree to which our plans contribute to excessive risk-taking. The tool looks at six assessment categories (incentive design, strategic alignment/goal setting, pay opportunity, process, monitoring and administration) for each plan and assigns a rating score based on results. All of our incentive plans were rated such that they conform to or exceed key standards for risk management. Additionally, all incentive plans are reviewed each year and approved by our Chief Risk and Chief Human Resource Officers.

Role of Independent Compensation Consultant

Under its charter, the MDCC has the authority to retain such compensation consultants, outside counsel and other advisors as the MDCC may deem appropriate in its sole discretion. In 2017, the MDCC engaged Pay Governance LLC to provide advice regarding market pay levels, strong pay practices and other executive compensation matters. Pay Governance LLC also provided advice to the Nominating and Corporate Governance Committee regarding director compensation. Pay Governance LLC does not provide any other services to the MDCC or to Synchrony. The MDCC has determined that Pay Governance LLC is independent and does not have any conflicts of interest.

Tax Considerations

Prior to December 22, 2017, when the U.S. President signed into law P.L. 115-97, commonly referred to as the Tax Cut and Jobs Act ("Tax Act"), Section 162(m) of the Code provided that no U.S. income tax deduction was allowable to a publicly held corporation for non-performance-based compensation in excess of \$1 million paid to a "covered employee" (generally, the NEOs other than the CFO).

The Tax Act includes numerous changes to existing law, including (1) eliminating the exclusions for commissions or performance-based compensation paid to "covered employees" under Code Section 162(m), (2) expanding the definition of "covered employee" to include anyone serving as CFO or CEO at any point during the year, as well as the three most highly compensated officers as shown in SEC disclosures, and (3) providing that status as a covered employee continues to apply if the person was ever a covered employee for years ending after December 31, 2016. The Act is effective for tax years beginning after 2017, though it includes a transition rule for compensation paid pursuant to certain written binding contracts in place on November 2, 2017 which are not materially modified.

Our policy generally had been to seek to qualify various elements of the compensation payable to executives as "performance-based compensation" to the extent possible. However, as described above, the exemptions from Section 162(m)'s deduction limit have been eliminated as a result of the Tax Act, effective for taxable years beginning after December 31, 2017, such that all compensation paid to our covered executive officers (including the CFO) in excess of \$1 million will not be deductible unless it qualifies for the transition relief referenced above.

Although the MDCC has historically intended to structure various elements of the compensation payable to executives in a manner intended to qualify as "performance-based compensation" for purposes of Section 162(m), because of ambiguities and uncertainties as to the application and interpretation of Section 162(m) and the regulations issued thereunder, including the uncertain scope of the transition relief under the Tax Act, no assurance can be given that compensation intended to satisfy the requirements for exemption from Section 162(m) in fact will satisfy such requirements. Further, the MDCC reserves the right to modify compensation that was initially intended to be exempt from Section 162(m) if it determines that such modifications are consistent with our business needs.

COMPENSATION COMMITTEE REPORT

The MDCC of the Board of Directors of Synchrony have reviewed and discussed the Compensation Discussion and Analysis with Synchrony's management, and based on our review and discussions with management, we recommend to Synchrony's Board of Directors that this Compensation Discussion and Analysis be included in this proxy statement.

Respectfully submitted by the MDCC of the Board.

- (1) For 2017, these amounts include the grant date fair value of three-year PSUs based on the probable outcome of the performance conditions: Ms. Keane (\$4,000,032); Mr. Doubles (\$685,005); Mr. Marino (\$600,010); Mr. Mothner (\$560,016); and Mr. Quindlen (\$649,608). The value of these awards, assuming that the highest level of performance conditions will be achieved as follows: Ms. Keane (\$6,000,065); Mr. Doubles (\$1,027,525); Mr. Marino (\$900,032); Mr. Mothner (\$840,041); and Mr. Quindlen (\$974,429).
- (2) This column represents the aggregate grant date fair value of stock options. Synchrony measures the fair value of each stock option grant at the date of grant using a Black-Scholes option pricing model. The grant-date fair value of options granted in 2017 was \$7.22, based on the following assumptions: risk-free interest rate of 2.15%; dividend yield of 2.2%; expected volatility of 24.4%; and expected lives of 6.5 years.

 See the "—2017 Grants of Synchrony Plan-Based Awards Table" for further information on stock options granted in 2017.
- (3) For 2015, this column includes amounts paid pursuant to the triennial 2013-2015 GE Long-Term Performance Awards (LTPAs), which includes the following cash amounts pursuant to the 2013-2015 GE Long-Term Performance awards: Keane—\$2,415,600; Doubles—\$667,500; Marino—\$881,000; Mothner—\$672,900; Quindlen—\$1.125,400.
- (4) This column represents the sum of the change in pension value and nonqualified deferred compensation earnings for each of the NEOs. As of the completion of our split-off from GE in November 2015, our NEOs stopped accruing any benefits under the GE pension plans and GE deferred compensation plans, and amounts under the GE deferred compensation plans were paid out in 2016.
- (5) See the "- 2017 All Other Compensation Table" for additional information about All Other Compensation paid in 2017.

2017 All Other Compensation

In 2017, our NEOs received additional benefits, reflected in the table below, which Synchrony believed to be reasonable, competitive and consistent with its overall executive compensation program. The costs of these benefits are shown below after giving effect to any reimbursements by the NEOs.

⁽¹⁾ Amounts in this column include financial counseling and annual physical examinations.

⁽²⁾ This column reports taxable payments made to the NEOs to cover premiums for universal life insurance policies owned by the executives. The NEOs receive these payments in lieu of the higher standard life insurance coverage available to other employees. These policies include: (a) for Ms. Keane and Messrs. Marino and Quindlen, life insurance policies totaling \$1 million in coverage at the time of enrollment, increased 4% annually thereafter and (b) life insurance policies for each of the NEOs with coverage amounts fixed at two times their annual pay at the time of the completion of our split-off from GE. These policies are intended to maintain benefits that existed for these executives as GE employees prior to the completion of our split-off from GE and in lieu of life insurance benefits that are provided to other Synchrony employees. The face value of the life insurance policies for Ms. Keane and Messrs. Marino and Quindlen is less than what they would have received under the standard life insurance program for Synchrony employees.

⁽³⁾ This column reports Company core contributions, matching contributions and additional contributions to the NEOs' 401(k) savings accounts up to the limitations imposed under IRS rules, and the plan.

⁽⁴⁾ This column reports Company core contributions, matching contributions and additional contributions to the NEOs' Restoration Plan accounts. For additional details on the Restoration Plan and the specific design elements of the plan, see "2017 Compensation Elements—Synchrony Financial Restoration Plan."

2017 Grants of Plan-Based Awards

The following table provides information about Synchrony plan-based awards granted to the NEOs in 2017, including the annual non-equity incentive plan awards granted pursuant to Synchrony's Annual Incentive Plan and the equity awards granted under the Synchrony Financial 2014 Long-Term Incentive Plan.

Cash awards are payable based on equally weighted quantitative metrics: net earnings, receivables growth and efficiency ratio.

In regard to the equity incentive plan awards granted pursuant to the Synchrony Financial 2014 Long-Term Incentive Plan, the table below provides: (i) the grant date, (ii) the number of shares or stock units underlying stock awards, (iii) the number of other securities underlying option awards granted, (iv) the exercise or base price of the stock option grants, which reflects the closing price of Synchrony common stock on the date of grant, and (v) the grant date fair value of each option grant computed in accordance with applicable SEC rules.

- (1) These columns show the number of PSUs granted as long-term performance awards that are linked to Synchrony's performance over the 2017–2019 performance period. The PSUs will be payable in shares of common stock based on our cumulative annual diluted earnings per share and average return on assets over the performance period provided performance and vesting conditions are met.
- (2) This column shows the number of RSUs granted as part of the annual equity incentive grant in April. These RSUs will vest and become exercisable ratably in five equal annual installments beginning one year from the date of grant and each year thereafter, except for 29,576 Retention RSUs granted to Ms. Keane and Mr. Doubles that will vest 3 years from the date of grant.
- (3) This column shows the number of stock options granted as part of the annual equity incentive grant in April. These stock options will vest and become exercisable ratably in five equal annual installments beginning one year from the date of grant and each year thereafter.
- (4) This column shows the aggregate grant date fair value of PSUs, RSUs and stock options granted to the NEOs in April. Generally, the aggregate grant date fair value is the expected accounting expense that will be recognized over the award's vesting schedule. For stock options, fair value is calculated using the Black-Scholes value of an option on the grant date (\$7.22 on April 1, 2017). For RSUs and PSUs, the value is assumed to be the stock price on date of grant. For additional information on the valuation assumptions, refer to the "— 2017 Summary Compensation Table" above.

2017 Synchrony Nonqualified Deferred Compensation

The table below provides information on the nonqualified deferred compensation of the NEOs in 2017, including:

Synchrony Deferred Compensation

As discussed above, our Deferred Compensation Plan does not pay an "above-market" rate of interest and is available to a select group of management and highly compensated employees of Synchrony and any of its participating affiliates. Under the plan, eligible employees may, to the extent permitted by the administrator of the plan, elect to defer up to 80% (or such lower percentage, as determined by the plan administrator) of their base salary and bonus, and all or a portion of any other type of compensation, as determined by the plan administrator.

Synchrony Financial Restoration Plan

As discussed above, the Restoration Plan mirrors the Company's qualified 401(k) plan. The plan provides a continuation of Company contributions on salary and bonus that would have been made to our 401(k) plan but for various limitations imposed by the Code, along with additional Company contributions that cannot be made to the 401(k) plan. The plans include company contributions of (i) a 3% core contribution, (ii) a 4% match, and, as of December 31, 2017, (iii) up to 8% additional contribution for former participants of GE pension plans, which will decline to 4% over the next two years. The Restoration Plan account is forfeited if an executive leaves voluntarily prior to age 60. For 2017, each of our NEOs received contributions to his or her Restoration Plan account, which are reported in the "All Other Compensation" column in the 2017 Summary Compensation Table.

⁽¹⁾ The earnings on amounts contributed to the Restoration Plan may be positive or negative, depending on the NEO's investment choice.

⁽²⁾ The aggregate balance at year-end reflects a deduction of \$6,630 to pay taxes pursuant to the Federal Insurance Contributions Act (FICA). This tax only applies to Mr. Marino because Mr. Marino is the only NEO who has reached the age to be eligible for retirement.

2017 Potential Payments Upon Termination or Change-in-Control at Fiscal Year-End

The information below describes and quantifies certain compensation that would have become payable under existing plans and arrangements if the NEO's employment had terminated on December 31, 2017, given the NEO's compensation and service levels as of such date and based on Synchrony's closing stock price on December 29, 2017, as applicable. Due to the number of factors that affect the nature and amount of any benefits provided upon the events discussed below, any amounts actually paid or distributed may be different. Factors that could affect these amounts include the time during the year of any such event, Synchrony's stock price, as applicable, and the executive's age.

Executive Severance Plan

The purpose of the Executive Severance Plan is to secure the continued services and ensure the continued dedication of our NEOs and other executives. The Executive Severance Plan provides that if a participating executive is laid off, part of a redundancy or reorganization, or terminated for "for the good of the Company," such executive will be entitled to the following:

- CEO—18 months of the CEO's base salary, offset by all other severance benefits that the CEO will receive from the Company in connection with being laid off; and
- Other NEOs—12 months of an NEO's base salary, offset by all other severance benefits that the NEO will receive from the Company in connection with being laid off.

CIC Severance Plan

The purpose of the CIC Severance Plan is to secure the continued services and ensure the continued dedication and objectivity of these executives in the event of any threat or occurrence of, or negotiation or other action that could lead to, or create the possibility of, a change in control of the Company. The CIC Severance Plan provides for the following severance benefits upon a "double-trigger" qualifying termination of employment within 30 months following a change in control:

- CEO—lump sum payment equal to the sum of (1) the CEO's prorated bonus for the year of termination, (2) the product of two-and-one-half multiplied by the sum of the CEO's annual base salary and target bonus, and (3) an amount equal to 30 months of the employer portion of the monthly premium or cost of coverage for the health benefits elected by the CEO, based on the rates for continuation coverage pursuant to the Consolidated Omnibus Budget Reconciliation Act of 1985, as amended ("Healthcare Premiums"). In addition, for 30 months following the CEO's termination of employment, the CEO will be entitled to reasonable executive outplacement services.
- Other NEOs—lump sum payment equal to the sum of (1) the NEO's prorated bonus for the year of termination, (2) the product of two multiplied by the sum of the NEO's annual base salary and target bonus, and (3) an amount equal to 24 months of Healthcare Premiums. In addition, for 24 months following the NEO's termination of employment, the NEO will be entitled to reasonable executive outplacement services.

Synchrony Equity Awards

If one of the NEOs were to die or become disabled, any un-exercisable stock options become exercisable and remain exercisable until their expiration date. In the event of disability, this provision applies only to options that have been held for at least one year. For these purposes, "disability" generally means disability resulting in the NEO being unable to perform his or her job. Remaining restrictions on RSUs that were awarded prior to death or disability lapse immediately. In addition, any unvested options or RSUs held for at least one year become fully vested upon becoming retirement-eligible (reaching age 60 with three years of service), depending on the terms of the particular award. For involuntary termination, awards are either pro-rated (if under age 60 and less than 20 years of service) or fully vest if over 20 years of service.

Payment Upon Termination as of Year-End Tables

The following tables show the payments that each of our NEOs would have received under various termination scenarios on December 31, 2017. Termination upon a change in control reflects amounts assuming each NEO's employment was terminated by the Company without "cause" or by the executive for "good reason" within 30 months of the specified time period prior to or following the change in control. Other than Mr. Marino, none of the NEOs were eligible to retire as of December 31, 2017; therefore, the NEOs, other than Mr. Marino, do not have any values in the retirement termination columns below. Mr. Marino retired from his position as of January 1, 2018. The tables below assume a stock price of \$38.61, the closing price of a share of our common stock on December 29, 2017.

Independent Directors' Compensation

Our compensation program for independent directors is designed to achieve the following goals: (a) fairly pay directors for work required at a company of our size and scope of operations; (b) align directors' interests with the long-term interests of our stockholders; and (c) have a compensation structure that is simple, transparent and easy for stockholders to understand. Our Nominating and Corporate Governance Committee reviews director compensation annually.

Each independent director currently receives annual compensation of \$210,000, of which \$75,000 is paid in cash and \$135,000 is paid in RSUs. The RSUs are subject to a one-year vesting period and will be credited with amounts equivalent to any regular quarterly dividends paid on our common stock, which amounts will be reinvested in additional RSUs. In light of the workload and broad responsibilities of their positions, certain independent directors currently receive additional compensation as follows: the Chair of our Board receives an additional \$235,000, of which \$110,000 is paid in cash and \$125,000 is paid in RSUs, the Chairs of the Audit Committee and Risk Committee each receive an additional \$35,000 in annual cash compensation and the Chairs of the Nominating and Corporate Governance Committee and the Company's MDCC each receive an additional \$20,000 in annual compensation. Separately, for each Board committee meeting attended, an independent director receives \$2,000 in cash. If an independent director is also a director of the Bank and attends a meeting of a Bank committee that takes place on a day when the analogous Board committee is not meeting, the independent director receives \$2,000 in cash for such meeting. Independent directors can defer up to 80% of their annual cash compensation and RSUs into deferred stock units, which will be paid out after they leave our Board.

We require each independent director to own at least \$375,000 in our common stock, RSUs or deferred stock units while a member of our Board. Each independent director has four years to satisfy this requirement. Individual and joint holdings of our common stock with immediate family members, including unvested time-based restricted stock, RSUs and deferred stock units count toward this requirement.

Pay Ratio

As required by the SEC and in accordance with its regulations and guidance, we determined the ratio of the annual total compensation of our CEO and the annual total compensation of our median employee using the following methodology. We note that the pay ratio and annual total compensation amounts we disclose are reasonable estimates that have been calculated using methodologies and assumptions permitted by the SEC, which may differ from those used by other companies.

We identified our median employee by using the target total compensation including retirement for all employees globally. Based on our CEO's annual total compensation compared to the annual total compensation for our median employee, our estimated pay ratio for 2017 was 298:1.

We calculated the median employee's annual total compensation in accordance with the SEC rules used to calculate the amount set forth in the "total" column of the Summary Compensation Table and added the value of benefits. Accordingly, our median employee's total annual compensation was calculated as \$45,369, including benefits.

With respect to the annual total compensation of our CEO, we used the amount reported in the "total" column of our Summary Compensation Table for 2017 and added the value of benefits. Accordingly, our CEO's annual total compensation for purposes of the pay ratio determination was \$13,542,612, including benefits.

Audit Matters

Independent Auditor

The Audit Committee retained KPMG LLP ("KPMG") to audit our consolidated financial statements for 2017. In addition, the Audit Committee retained KPMG to provide other auditing and advisory services in 2017. In selecting KPMG as the independent auditor for 2018, the Audit Committee considered, among other factors, KPMG's performance during 2017, including that of the lead audit partner, its independence and its attention to quality control matters. We understand the need for KPMG to maintain objectivity and independence in its audit of our financial statements. To minimize relationships that could appear to impair the objectivity of KPMG, our Audit Committee has restricted the non-audit services that KPMG may provide to us primarily to tax services and merger and acquisition due diligence and integration services. The Audit Committee also requires key KPMG partners assigned to our audit to be rotated at least every five years.

Pre-Approval Processes

The Audit Committee approves all audit engagement fees and terms. It is the Audit Committee's policy to review and pre-approve all audit and non-audit services provided to the Company by KPMG on an engagement-by-engagement basis. To minimize relationships that could appear to impair KPMG's objectivity, it is the Audit Committee's practice to restrict the non-audit services that may be provided to the Company by KPMG primarily to tax services and merger and acquisition due diligence and integration services. The Chair of the Audit Committee is authorized to pre-approve any audit or non-audit service on behalf of the Audit Committee, provided such decisions are presented to the full committee at its next regularly scheduled meeting.

Audit Matters

Accounting Fees and Services

The following table presents fees paid for the audit of our annual consolidated financial statements and all other professional services rendered by KPMG for the years ended December 31, 2017 and 2016.

		1.01	
	the Years En	the Years Ended December 31,

Tax fees		_	
All other fees	_	_	
Total fees	\$5,218,393	\$5,575,635	

In the above table, in accordance with SEC rules, "Audit" fees are fees that we paid to KPMG for (i) the audit of the Company's annual financial statements included in the Annual Report on Form 10-K for fiscal year ended December 31, 2017, and review of financial statements included in the Quarterly Reports on Form 10-Q for the first, second and third quarters of 2017, and (ii) services that are normally provided by KPMG in connection with statutory and regulatory filings or engagements, including comfort letter procedures and consent-related procedures. "Audit-related" fees are fees for assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements, including agreed-upon procedures. "Tax" fees are fees for tax compliance, tax advice and tax planning, and "All other" fees are fees for any services not included in the first three categories.

Hiring Restrictions

The Audit Committee has adopted restrictions on our hiring of any KPMG partner, director, manager, staff, advising member of the department of professional practice, reviewing actuary, reviewing tax professional and any other persons having responsibility for providing audit assurance on any aspect of KPMG's certification of the Company's financial statements. These restrictions are contained in our Audit Committee Key Practices, which are published on the Company's website at http://investors.synchronyfinancial.com under "Corporate Governance."

Item 3—Ratification of Selection of KPMG LLP as Independent Registered Public Accounting Firm of the Company for 2018

We are asking our stockholders to ratify the selection of KPMG as our independent registered public accounting firm for 2018. The Audit Committee has approved the selection of KPMG as our independent registered public accounting firm for 2018. KPMG is currently our independent registered public accounting firm.

Although the Company is not required to seek stockholder approval of this appointment, the Board believes that doing so is consistent with good corporate governance practices. If the selection is not ratified, the Audit Committee will explore the reasons for stockholder rejection and whether it is appropriate to select another independent auditor.

We have been advised that representatives of KPMG will attend the Annual Meeting. They will have an opportunity to make a statement if they wish to do so and will be available to respond to appropriate questions.

The Audit Committee and the Board recommend a vote FOR ratification of the selection of KPMG as our independent registered public accounting firm for 2018.

Audit Committee Report

The Audit Committee reviews and oversees the Company's financial reporting process on behalf of the Board, including the selection, evaluation, compensation and oversight of our independent auditor. Management has the primary responsibility for the Company's financial statements and overall financial reporting process, including the Company's internal control over financial reporting. KPMG, our independent auditor for 2017, has the responsibility to conduct an independent audit in accordance with generally accepted auditing standards and to issue an opinion on the conformity of the Company's audited financial statements with generally accepted accounting principles.

In this context, the Audit Committee:

- has reviewed and discussed with management the Company's audited consolidated financial statements for the year ended December 31, 2017;
- has discussed with KPMG the matters required to be discussed by Auditing Standard No. 1301: Communications with Audit Committees:
- · has discussed with KPMG its assessment of the effectiveness of the Company's internal control over financial reporting;
- has received from KPMG the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding KPMG's communications with the Audit Committee concerning independence; and
- has discussed with KPMG its independence, taking into consideration the amount and nature of the fees paid to the firm for audit and non-audit services.

Based on the review and discussions described above, the Audit Committee has recommended to the Board that the audited consolidated financial statements for the year ended December 31, 2017 be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2017 for filling with the SEC.

Respectfully submitted by the Audit Committee of the Board.

Jeffrey G. Naylor, Chair Paget L. Alves Olympia J. Snowe

Beneficial Ownership

At March 22, 2018, we had 760,278,930 shares of common stock outstanding.

The following table shows information regarding the beneficial ownership of our common stock by:

- all persons known by us to own beneficially more than 5% of our common stock;
- · our CEO and each of our named executive officers;
- · each of our directors; and
- · all directors and executive officers as a group.

Beneficial ownership is determined in accordance with the rules of the SEC. In computing the number of shares beneficially owned by a person and the percentage ownership of that person, shares of Synchrony common stock subject to options or RSUs held by that person that are currently exercisable or exercisable (or in the case of RSUs, vested or vest) within 60 days of the date of this proxy statement are deemed to be issued and outstanding. These shares, however, are not deemed outstanding for purposes of computing percentage ownership of each other stockholder. Except as noted by footnote, and subject to community property laws where applicable, we believe based on the information provided to us that the persons and entities named in the table below have sole voting and investment power with respect to all shares of our common stock shown as beneficially owned by them.

Except as noted by footnote, all stockholdings are as of March 22, 2018, and the percentage of beneficial ownership is based on 760,278,930 shares of common stock outstanding as of March 22, 2018.

Related Person Transactions

There were no transactions or proposed transactions between the Company and any officer, director or nominee for director, any stockholder beneficially owning more than 5% of any class of our voting stock or any immediate family member of any of them, since January 1, 2017, of the type or amount required to be disclosed under the applicable SEC rules.

Related Person Transactions Policy

Our Board has adopted a written policy for the review, approval or ratification of transactions (known as "related person transactions") between us or any of our subsidiaries and any related person, in which the amount involved since the beginning of our last completed fiscal year will or may be expected to exceed \$120,000 and in which one of our executive officers, directors or nominees for director, or stockholders beneficially owning more than 5% of any class of our voting stock (or an immediate family member of any of the foregoing has a direct or indirect material interest). Since January 1, 2017, no transaction has been identified as a related person transaction.

The policy calls for related person transactions to be reported to, reviewed and, if deemed appropriate, approved or ratified by, the Nominating and Corporate Governance Committee. In determining whether or not to approve or ratify a related person transaction, the Nominating and Corporate Governance Committee will take into account, among other factors it deems important, whether the related person transaction is in our best interests and whether the transaction is on terms no less favorable than terms generally available to us from an unaffiliated third party under the same or similar circumstances. In the event a member of the Nominating and Corporate Governance Committee is not disinterested with respect to the related person transaction under review, that member may not participate in the review, approval or ratification of that related person transaction.

Certain decisions and transactions are not subject to the related person transaction approval policy, including: (i) decisions on compensation or benefits relating to our directors or executive officers or the hiring or retention of our executive officers, (ii) decisions relating to pro rata distributions to all our stockholders, (iii) indebtedness transactions with the Bank made in the ordinary course of business, on substantially the same terms, including interest rate and collateral, as those prevailing at the time for comparable loans with persons not related to the lender and not presenting more than the normal risk of collectability or other unfavorable features, and (iv) deposit transactions with the Bank made in the ordinary course of business and not paying a greater rate of interest on the deposits of a related person than the rate paid to other depositors on similar deposits with the Bank.

Certain of our directors and executive officers and certain members of their immediate families have received extensions of credit from us in connection with credit card transactions. The extensions of credit were made in the ordinary course of business on substantially the same terms, including interest rates, as those prevailing at the time for comparable transactions with other persons not related to us and did not involve more than the normal risk of collectability or present other unfavorable terms. Future extensions of credit of this nature are not subject to the related person transaction approval policy.

Frequently Asked Questions About the Annual Meeting ("FAQs")

Voting Information

Who is entitled to vote at the Annual Meeting?

Holders of our common stock as of the close of business on the record date, which is March 22, 2018, are entitled to notice of, and to vote at, the Annual Meeting. As of the record date, there were 760,278,930 shares of our common stock outstanding and entitled to vote at the Annual Meeting, with each share entitled to one vote.

How do I vote at the Annual Meeting?

Stockholders of record can vote in one of four ways:

BY MAIL

You may date, sign and promptly return your proxy card by mail in a postage prepaid envelope (such proxy card must be received by May 16, 2018).

BY TELEPHONE

You may use the toll-free telephone number shown on your Notice or proxy card up until 11:59 p.m., Eastern Time, on May 16, 2018.

In Advance

You may vote online by visiting the internet website address indicated on your Notice or proxy card or scan the QR code indicated on your Notice or proxy card with your mobile device, and follow the on-screen instructions until 11:59 p.m., Eastern Time, on May 16, 2018.

At the Annual Meeting

You may attend the virtual Annual Meeting by visiting this internet website address: www.virtualshareholdermeeting.com/SYF2018.

Voting instructions (including instructions for both telephonic and internet voting) are provided on the Notice and the proxy card. The telephone and internet voting procedures are designed to authenticate stockholder identities, to allow stockholders to give voting instructions and to confirm that stockholders' instructions have been recorded properly. A control number, located on the Notice and the proxy card, will identify stockholders and allow them to submit their proxies and confirm that their voting instructions have been properly recorded.

If your shares are held through a bank, broker, fiduciary or custodian (which we refer to in this proxy statement as a "broker"), please follow the voting instructions on the form you receive from such institution.

What if my shares of the Company's common stock are held for me by a broker?

If you are the beneficial owner of shares held for you by a broker, your broker must vote those shares in accordance with your instructions. If you do not provide your broker with instructions as to how to vote such shares, your broker will only be able to vote your shares at its discretion on certain "routine" matters as permitted by NYSE rules. The proposal to ratify the appointment of KPMG is the only proposal considered a routine matter to be presented at the Annual Meeting. Brokers will not be permitted to vote your shares on any of the other matters presented at the Annual Meeting. If you do not provide voting instructions on these matters, including the election of the director nominees named herein, the shares will be considered "broker non-votes" with respect to such matters.

FAQs

What if I do not vote or do not indicate how my shares should be voted on my proxy card?

If a stockholder does not return a signed proxy card or submit a proxy by telephone or the internet, and does not attend the meeting and vote, his or her shares will not be voted or counted as present for purposes of establishing a quorum at the Annual Meeting. Shares of our common stock represented by properly executed proxies received by us and not subsequently revoked will be voted at the Annual Meeting in accordance with the instructions contained therein.

If you submit a properly completed proxy but do not indicate how your shares should be voted on a proposal, the shares represented by your proxy will be voted as the Board recommends on such proposal. In addition, if any other matter is properly presented at the Annual Meeting, the persons named in the accompanying proxy card will have discretion to vote in their best judgment on such matter.

How can I change my votes or revoke my proxy after I have voted?

Any proxy signed and returned by a stockholder or submitted by telephone or via the internet may be revoked or changed at any time before it is exercised by mailing a written notice of revocation or change to our Corporate Secretary at Synchrony Financial, 777 Long Ridge Road, Stamford, Connecticut 06902 or by executing and delivering a later-dated proxy (either in writing, by telephone or via the internet).

Will my votes be publicly disclosed?

No. Stockholder proxies, ballots and tabulations that identify individual stockholders are not publicly disclosed and are available only to the inspector of election and certain employees, who are obligated to keep such information confidential.

What if other matters come up during the Annual Meeting?

If any other matters properly come before the meeting, including a question of adjourning or postponing the meeting, the persons named in the proxies or their substitutes acting thereunder will have discretion to vote on such matters in accordance with their best judgment.

What constitutes a guorum at the Annual Meeting?

The presence at the Annual Meeting, in person or represented by proxy, of the holders of a majority in voting power of the outstanding capital stock issued and entitled to vote at the Annual Meeting is required to constitute a quorum to transact business at the Annual Meeting. Abstentions are counted for purposes of determining whether a quorum is present. As explained above under "What if my shares of the Company's common stock are held for me by a broker?," if brokers exercise their discretionary voting authority on the ratification of the appointment of KPMG, such shares will be considered present at the Annual Meeting for quorum purposes and broker non-votes will occur as to each of the other proposals presented at the Annual Meeting.

How many votes are required to approve each matter to be considered at the Annual Meeting?

Voting Item	Voting Standard	Treatment of Abstentions and Broker Non-Votes	Board Recommendation
Election of directors named in this proxy statement	Majority of votes cast	Not counted as votes cast and therefore will have no effect	FOR
Advisory approval of our named executives' compensation	Majority of votes cast	Not counted as votes cast and therefore will have no effect	FOR
Auditor ratification	Majority of votes cast	Not counted as votes cast and therefore will have no effect	FOR

Who will count the vote?

Votes will be tabulated by Broadridge. The Board has appointed a representative of Broadridge to serve as the Inspector of Elections.

Will a list of stockholders be made available?

We will make a list of stockholders available for 10 days prior to the Annual Meeting at our offices located at 777 Long Ridge Road, Stamford, Connecticut 06902. Please contact Synchrony's Corporate Secretary by telephone at (203) 585-2400 if you wish to inspect the list of stockholders prior to the Annual Meeting. This list will also be available during the Annual Meeting at www.virtualshareholdermeeting.com/SYF2018.

Proxy Solicitation and Document Request Information

Why did I receive a Notice of Internet Availability of Proxy Materials instead of printed proxy materials?

The SEC permits companies to furnish proxy materials to stockholders by providing access to these documents over the internet instead of mailing printed copies, which can reduce costs of printing and impact on the environment. Accordingly, we have mailed a Notice to some of our stockholders. All stockholders can access our proxy materials on the internet website referred to in the Notice. If you received a Notice and would like to receive a printed copy of our proxy materials, you should follow the instructions for obtaining such materials included in the Notice.

Multiple individuals residing at my address are beneficial owners of the Company's common stock, so why did we receive only one mailing?

The SEC permits companies to deliver a single Notice or set of Annual Meeting materials to an address shared by two or more stockholders. This delivery method is referred to as "householding." We have delivered only one such Notice or set of Annual Meeting materials to some stockholders who share an address, unless we received contrary instructions from the affected stockholders prior to the mailing date. We agree to deliver promptly, upon written or oral request, a separate copy of such Notice or Annual Meeting materials to any stockholder at the shared address to which a single copy of those documents was delivered. If you prefer to receive separate copies of such Notice or Annual Meeting materials, please contact our Corporate Secretary by telephone at (203) 585-2400 or in writing at Synchrony Financial, 777 Long Ridge Road, Stamford, Connecticut 06902.

If you are currently a stockholder sharing an address with another stockholder receiving multiple copies of Notices or Annual Meeting materials and wish to receive only one copy for your household, please contact the Company at the above phone number or address.

Who is soliciting my proxy and who pays to prepare, mail and solicit the proxies?

The Board is soliciting proxies from the Company's stockholders for the Annual Meeting. We will bear the costs of solicitation of proxies for the Annual Meeting, including preparation, assembly, printing and mailing of the Notice, this proxy statement, the annual report, the proxy card and any additional information furnished to stockholders. We may reimburse persons representing beneficial owners of common stock for their costs of forwarding any solicitation materials to such beneficial owners. However, we do not reimburse or pay additional compensation to our own directors, officers or other employees for soliciting proxies. In addition, we have retained Georgeson, LLC to assist us in the solicitation of proxies for an aggregate fee of \$15,000, plus reasonable out-of-pocket expenses.
