

School Admin Dashboard Let's Get Started!

The **Konekti School Admin Dashboard** is an efficient tool to track student achievement and parent engagement by providing "real-time" analytics to School Administrators. The reports are designed to support academic success.

1. The **School Administrators** will provide Konekti an email account to register Principal/ Teacher/Admin Staff to access the School Admin Dashboard.

2. Konekti will create an Admin Account, per school with a password for direct access to the Admin Dashboard Portal.

konekti
Simple & secure communication for parents, students and school administrators.

3. Now, you **can start using the Konekti School Admin Dashboard** to provide you the following reports:

- List of Users
- Messages
- Attendance
- Events and Activities
- Primary Language Use
- Parent Volunteers
- School Forms
