D. Read the passage given below and answer the questions that follow :-

(1) I often went to the lagoon, which has a four-fathom bank where the tababa (tiger shark) muster in hundreds for a day or two every month. Offshore at rising tide, you can watch their great striped bodies sliding and swooping with **arrogant** ease not six feet under your keel. They range in length from nine to fourteen feet, with an occasional giant of eighteen feet. Their hideous size contrasts nightmarishly with the slack grace of their movements.

(2) Thirty-five years ago the Gilbertese were beginning to use steel hooks for shark-fishing but many still claimed that the old-style twelve-inch wooden hook, trained to the right shape on the living ironwood tree was the only thing for tiger sharks. The shark hunter's gaff was a **glorious club** with a ten-pound stone for its head. He fished from a canoe not much longer than a man, with the line made fast to it. When a big shark took the hook, the craft lurched suddenly and started careering round in mad circles; or it bounced insanely up and down; or it zigzagged like a misdirected rocket, the fisherman holding on grimly.

(3) Half a dozen cockleshells milling round like that, without **visible** means of propulsion, made a wildly eccentric sight from the shore. But the fury of a tiger shark's struggles soon exhausted it and it floated limply to the surface. Then the fisherman hauled the **spent** brute cautiously alongside and, letting out one piercing howl of pleasure, cracked it on the nose with his club.

(4) Usually safety first is the rule when tiger sharks are around, but the feat of one Tarawa man, Teriakai, became a matter of official record. His vital, stocky frame was the equal of a giant's for work. Whenever there was a special job to be done, we always chose Teriakai to do it. Thus when the captain and chief engineer of a visiting steamer wanted to go out for a sail in threatening weather, we sent Teriakai along to look after them.

(5) A northerly storm caught Teriakai and his friends and capsized their boat, spilling them into the lagoon eight miles from land, with tiger sharks all round.

(6) Teriakai immediately hacked the mainsail adrift; buoyed at head and foot by its spars, it made a fine bag under water. "Stay inside this," he said to the captain and engineer "and the tababa won't smell you". Then he put down the anchor and started for shore to get help. "If I get past the tababa" he said, "We shall perhaps be meeting again."

(7) He swam straight at the tiger sharks – the captain and engineer watched him – and the devils let him through. Teriakai told me afterwards, "If you stay still in the sea, or swim away in fear, the tababa will charge you. If you swim without fear towards them, they will be afraid and leave you in peace." So he chose his shark, swam lull speed towards it and lo! the line melted away before him. There was nothing to it – except a conarge that passes belief.

(8) The swift night of the equator fell. In the welter of waves, Teriakai missed his direction and swam into a maze of reefs off the coast. The breaking seas flung him on cruel edges, rolled him over splintering coral-branches, but he got through, still conscious, swam a mile to shore, walked two more to a white trader's house and collapsed on the veranda.

- (1) club

- (3) spent

পল্লী গ্রামে শহরের মতো গায়ক বাদক নর্তক না থাকলেও তার অভাব নেই। চারিদিকে কোকিল, পাপিয়া,দোয়েল প্রভৃতি পাখির কলগান, নদীর কুল কুল ধ্বনি, পাতার মর্মর শব্দ, শ্যামল শস্যের ভঙ্গিমায় হেলাদোলা প্রচুর পরিমাণে শহরের অভাব পূর্ণ করে দিচ্ছে। পল্লীর ঘাটে-মাঠে, পল্লীর আলো-বাতাসে, পল্লীর প্রত্যেক পরতে পরতে সাহিত্য ছড়িয়ে আছে। কিন্তু বাতাসের মধ্যে বাস করে যেমন আমরা ভুলে যাই যে বায়ু-সাগরে আমরা ডুবে আছি,তেমনি পাড়াগাঁয়ে থেকে আমাদের মনেই হয় না যে এখানে কত বড় সাহিত্য ও সাহিত্যের উপকরণ ছড়িয়ে আছে।

আমরা পল্লীগ্রামে বুড়োবুড়ির মুখে কোন ঝিল্লিমুখর সন্ধ্যাকালে যেসব উপকথা শুনতে শুনতে ছেলেবেলায় ঘুমিয়ে পড়েছি, সেগুলো কত না মনোহর! কত না চমকপ্রদ! আরব্য উপন্যাসের আলাদিনের আশ্চর্য প্রদীপ বা আলিাবাবা ও চল্লিশ দস্যু প্রভৃতির চেয়ে পল্লীর উপকথা গুলির মূল্য কম নয়। আধুনিক শিক্ষার কর্মনাশা স্রোতে সেগুলি বিস্মৃতির অতল গর্ভে তলিয়ে যাচ্ছে। এখনকার শিক্ষিতা জননী সন্তানকে আর রাক্ষসপুরীর ঘুমন্ত রাজকন্যার কথা বা পক্ষীরাজ ঘোড়ার কথা শোনান না; তাদের কাছে বলেন আরব্য উপন্যাসের গল্প কিংবা Lamb's Tales from Shakespeare -এর গল্পের অনুবাদ। ফলে কোন সুদূর অতীতের সাক্ষী স্বরূপ এই রূপকথা গুলি নষ্ট হয়ে অতীতের সঙ্গে আমাদের সম্বন্ধ লোপ করে দিচ্ছে। যদি আজ বাংলার সমস্ত রূপকথা গুলি সংগৃহীত হত, তবে কোন প্রত্নতাত্ত্বিক গবেষণা করে দেখিয়ে দিতে পারতেন যে বাংলার নিভৃত কোন কোন পিতামহী-মাতামহীর গল্প ভারতের অন্যপ্রান্তে কিংবা ভারতের বাইরে সিংহল সুমাত্রা, জাভা, কম্বোডিয়া প্রভৃতি স্থানে এমনিভাবে প্রচলিত আছে। হয়ত এশিয়ার বাইরে ইউরোপ খন্ডে লিথোয়নিয়া কিংবা ওয়েলসের কোন পল্লী রমণী এখনো হুবহু বা কিছু রূপান্তরিত ভাবে সেই উপকথা গুলি তার ছেলেপুলে বা নাতি-নাতনিদের শোনাচ্ছে। কে আছে এই উপকথা গুলি সংগ্রহ করে তাদের অবশ্যস্বার্থী ধ্বংস থেকে রক্ষা করবে? ইউরোপ,আমেরিকা দেশে বড় বড় বিদ্বানদের সভা আছে, যাকে বলা হয় Folklore Society.তাদের কাজ হচ্ছে এইসব উপকথা সংগ্রহ করা এবং অন্য সভ্য বা অসভ্য দেশের উপকথার সঙ্গে তার সাদৃশ্য নিয়ে বিচার করা। আমাদের বাংলার সমস্ত উপকথাগুলিও তো ওইভাবে গবেষণার সামগ্রী হতে পারে।

প্রশ্ন—

Answer questions 1,2 & 3 in Section A and four other questions from Section B on at least three of the prescribed textbooks.

Section- A

Marks - 40

Q 1. निम्नलिखित विषयों में से किसी एक विषय पर 400 शब्दों में निबंध लिखो। (15)

i. भारत में प्रमुख दर्शनीय स्थल। ii. प्रौढ़ शिक्षा की आवश्यकता। iii. विज्ञापन कितना भ्रामक। iv. एक मौलिक कहानी लिखो जिसका अंत निम्न वाक्य हो:-

".....अंततः मैं सफल हो ही गया।"

Q 2. निम्नलिखित अवतरण को पढ़कर अंत में दिए गए प्रश्नों के उत्तर अपने शब्दों में लिखिए।

अपने मित्रों को उसी रूप में ग्रहण करना चाहिए जैसे कि वे हैं। हमें उन पर अपने आदर्श नहीं थोपने चाहिए। आप उनसे उन्हीं के आदर्शों के पालन की आशा कीजिए भले ही वे अपने आदर्शों से भिन्न हो।

यदि हम ऐसे मनुष्य पर ध्यान से दृष्टिपात करें जिसका कोई भी मित्र नहीं तो हमें पता चलेगा कि उनमें कहीं कोई कमी अवश्य है। यदि वह मित्र पाने के योग्य होता तो उसे मित्र अवश्य मिल जाते। अधिक मित्रों वाले मनुष्यों की बाजार में साख होती है। उसके लिए प्रसिद्धि के अवसरों के द्वार खुले होते हैं। उसकी तुलना धनी व्यक्तियों से की जाती है। बिना मित्रों के व्यक्ति निर्धन है। बहुत से व्यक्ति धन संपत्ति के दौड़ में मित्रों को गँवा देते हैं।

एक व्यक्ति अपने मित्रों से उसी प्रकार प्यार करता है जैसे एक कंजूस अपने धन से प्यार करता है। वह उन्हें धन से अधिक महत्व देता है। जब किसी की आवश्यकता है, तो बिना कहे सहायता के लिए आगे बढ़ता है। व्यक्तिगत स्वार्थ की अंधाधुंध दौड़ में हम मित्रों की कोमल भावनाओं का ख्याल नहीं रख पाते कभी- कभी हम मित्रता का व्यवसायीकरण करने लगते हैं। अपनी ही कार्यशक्ति और योग्यता का अधिक मूल्य आँकने लगते हैं। धन मुख्य बन जाता है, मित्रता गौण। ऐसे व्यक्ति धन के तंग घेरे में कैद हो जाते हैं। घेरे के बाहर उनका कोई मित्र नहीं होता। उस सफलता का क्या मूल्य जिसे हम मित्रता की बलि देने के बाद प्राप्त करते हैं।
