LAKEWAY CIVIC CORPORATION
(LCC)

The Corporation’s Board of Trustees consists of six individuals who are elected by Lakeway property owners for a term of three years, and whose purpose is to consider community improvement projects, to encourage civic consciousness, to promote and provide recreational facilities and charitable community services, and to acquire and maintain property and funds to accomplish the above. The primary sources of funds for LCC projects are income interest from the Lakeway Property Trust Fund and may include advertising income from the Lakeway Residents Directory.

The original developers of Lakeway established the Trust Fund in 1965 with \$200 donated from the original sale of each lot in Lakeway in designated tracts. The Trust Fund now amounts to approximately \$1,730,665. Selected community projects are funded from income from the Trust Fund. Trust Fund assets are invested to maximize cash flow while growing the Trust Fund over time. The Lakeway Residents Directory may provide an additional source of revenue for use in support of worthwhile community projects.

The LCC has contributed approximately \$1,631,292 towards 231 projects and support for service groups since 1972.
