You CAN Fix Racism! with damali ayo

“It’s time for a new approach to activism, social change, and tough topics. We have to conquer fear and work from a place of love. I am invested in making this shift in our culture. My presentations and the way I share my experience honors the whole human being. I share stories about how we think, how we feel, how we learn, how we fight, how we love, and how we fight for what we love—and most of all—how we are transformed. My presentations share my journey as an artist, writer, and activist who grew from a place of fear and anger into a place of courage, love, and transformative action.” –damali ayo

Equity Speaker Series

To shift our campus towards an ethic of student success for all, the Equity Speaker Series will stimulate faculty, staff, and administrators’ professional development as well as engage and empower students.

This series is aligned with the Six Success Factors that help students attain their goals:

Directed — students have a goal and know how to achieve it

Focused — students stay on track, keeping their eyes on the prize

Nurtured — students feel somebody wants and helps them to succeed

Engaged — students actively participate in class and extracurriculars

Connected — students feel like they are part of the college community

Valued — students’ skills, talents, abilities and experiences are recognized; they have opportunities to contribute on campus and feel their contributions are appreciated
