Subject: RE: EDC Technical Panel Meeting - July 11th and 12th

Please find attached the finalized agenda for the Technical Panel meeting EDC is hosting in Ottawa. The meeting take place from 9-4pm on the Wednesday and 9-2 on the Tuesday in EDC's Board Room.

EDC will also host a cocktail on the Wednesday evening which will give an opportunity for informal discussion with attendees that arrive in Ottawa early.

We will start with a tour de table where members are expected to briefly report business trends and claims updates since April. This should start around 9am and end before 10am on the Wednesday.

We will end with a discussion of role and membership of the Technical Panel going forward.

While the major advantage to EDC of hosting this meeting is that we can have selected staff attend parts of the meeting, I am sensitive to the numbers involved and that ensuring that the central discussions are not impeded by too many present and/or too many comings and goings. As well, Tracey Lynn and I have to manage the amount of food and refreshments etc.

Accordingly I would ask you to confirm with me your interest in attending and if so, what parts of the discussion you want to be present for.

Thanks

Joanne

Just an FYI for now. Further details to follow.

I will circulate the agendas for the two days in late spring. For sure there will be a starting roundtable which will cover current and claims/recoveries for each member. I will know more late April re: suggested topics. In the interim, if you have any suggestions, please let me know.

Subject: Government Sanctions - Libya

On behalf of the Government, Minister Baird just announced the following:

The Canadian Government would enact the UN Security Council resolution that imposed (1) impose an arms embargo on Libya; (2) freeze the assets of Mr. Gadhafi, four of his sons and a daughter, (3) a travel ban on the Gadhafi family and close associates, including leaders of the revolutionary committees accused of much of the violence against regime opponents. Canada will also impose an asset freeze on, and a prohibition of financial transactions with the government of Libya, its institutions and agencies, including the Libyan Central Bank.

Minister Baird also noted that these are temporary and do not impose regulations on commercial transactions not related to the Government of Libya.

Dianne/Jennifer:

As promised, [REDACTED] I have not had a chance to review the issues with Jesse and/or Laura and, by copy of this email, I am asking them to get back to me with any comments they may have. Also, if you have any comments or questions, please forward them to all three of us and I will Jesse revise and finalize the memorandum.

In the meantime, I will have email access and am reachable over the next 3 or 4 hours to a limited extent, but will be more available later in the day.

Best regards,
Milos
