Secretary, Professor of Dental
Anatomy and Instructor in
Special Materia Medica and
Therapeutics.

EDSON L. LANE, D.D.S., Pro-
fessor of Metallurgy and Dental
Plastics.

COURSE OF STUDY

The regular session begins October 1st, and continues until May 1st. The course of instruction is progressive and covers a period of four years.

The students are graded into freshmen, sophomore, junior and senior classes, these with but few exceptions having separate and distinct courses of study. In the operative and prosthetic clinics the teaching is directed to the individual pupil, and adapted to his particular needs.

The distinctive feature of the curriculum of this school is its recognition of systematic, practical work by every student as the necessary ground work. Full laboratory courses have been provided in operative and prosthetic technics, chemistry, Metallurgy, histology, pathology and bacteriology, and systematic, practical instruction in the examination and treatment of patients in the general and special clinics of the school.

THE CLINICS OF THIS SCHOOL ARE UNSURPASSED—The clinical patronage of the infirmary being in excess of the needs of the students.

VOL. III

R. L. POLK & CO., Publishers,
Office: 520-521 Marquam Building, Portland, Oregon.

Entered according to Act of Congress, in the year 1904, by R. L. Polk & Co., in the office
of the Librarian of Congress, Washington, D. C.

PREFACE.

In presenting to the public the third volume of the Astoria City and Clatsop County Directory, the publishers do so with confidence that it will be found a complete and accurate guide to the city, creditably filling its place as a public necessity and convenience.

In this book have been included as heretofore directories of those towns in the State of Washington closely allied in interest with Astoria.

The publishers desire to express their acknowledgement of the patronage accorded this work and return thanks to all who have helped to make it what it is.

The fourth edition of this work will appear in due course.

R. L. POLK & CO.

May 20, 1904.

ASTORIA

Astoria, appropriately called the Venice of America, is situated at the mouth of that mighty river whose basin comprises three hundred thousand square miles. Astoria's location as a city is unique. With unlimited resources Astoria holds the key to the commerce of the Northwest. It is not Portland, but it is to Portland what Liverpool is to London.

It takes no seer to foretell the future of Astoria. It is one over which the Sun of Promise shines brightly. Situated on the north side of a peninsula about one and one-fourth miles in width and two and one-half miles long, Astoria has a water frontage of over five miles and connection by rail with the best summer resorts in the country.

What is it that is called good that this wonderful Columbia basin does not produce? Its resources are simply boundless. Gold, silver, coal, iron and copper are here in abundance. Grain and fruit in variety and profusion. One would think such an aggregation enough dower for one section, but what shall be said of a city where, added to all these, is the wonderful salmon industry which amounts in round numbers to two million dollars annually and makes Astoria the salmon center of the world? Nor has this industry by any means reached its height, but is capable of almost unlimited expansion.

The lumber interests, too, are almost more than can be stated. The lumber of the lower Columbia River, is the best of its kind and there is an estimated annual output of the famous Oregon pine of seventy billion feet.

In addition to all these, the dairy interest of Astoria, is one which cannot be overlooked. The climate permits the continuous growing of grasses which furnish fresh food for cattle the year round. This makes the milk rich and furnishes the best butter, a market for which in unlimited quantity is here. There is no better opening for money

making than in this same line. A perpetual demand, and opportunity for supplying it with the best products.

The climate of Astoria is peculiarly equable. Intense summer heat and winter cold are alike unknown.

In addition to all the natural resources of Astoria it is the ocean port of the City of Portland. Astoria's harbor is in reality the best in the West, it being the only deep fresh water port on the Pacific Coast. When the appropriations made by Congress have done the work which they are to do, at the entrance of the Columbia River, a permanent channel of the greatest draft will be secured and a new era for prosperity and enterprise will dawn upon Astoria.

The population of Astoria has steadily increased until today it can claim 11,000 people. With unsurpassed and in many directions unparalleled advantages, Astoria has but to put forth energy and business enterprise to make it what it has already begun to be, a city of great commercial importance and wealth.

ASTORIA STREET GUIDE.

The streets within the city of Astoria running north and south are numbered from First to Six-

ty-fourth the numbers running from west to east, First street being on the west boundary line of McClure's Astoria and Sixty-fourth on the east boundary line of Van Dusen's Astoria.

The streets running east and west beginning at the water front are named as follows: Front,, Astor, Bond, Commercial, Duane, Exchange, Franklin avenue, Grand avenue,, Harrison avenue, Irving avenue, Jerome avenue, Kensington avenue, Lexington avenue, Madison avenue, and Niagara avenue.

In Alderbrook, the most easterly addition to Astoria, the streets beginning at the water front are Ash, Birch, Cedar, Date, Elm, Filbert, Guava, Holly, Ironwood, Juniper, Kingwood, Laurel, and Maple.

In Taylor's addition, the westerly point of the city, beginning at the water front, are Taylor avenue, Alameda Avenue, Berlin avenue, and Cambridge avenue. Crossing these from north to south, and beginning at the next street west of First, are Hume avenue, Lincoln avenue, Melbourne avenue, Kingston avenue, Ilwaco avenue and Hull avenue.

Hustler and Aiken's addition is s. of Niagara avenue, between 2d and 12th.

Smith's Point is the extreme western point of Astoria.

CONVENT of the HOLY NAMES

FOR GIRLS AND YOUNG WOMEN

CONDUCTED BY THE

Sisters of the Holy Names of Jesus and Mary

FRANKLIN AVENUE, NORTHEAST CORNER SIXTEENTH STREET

ASTORIA, OREGON

The object of this institution, like all other sister Academies throughout the State, is to impart to young ladies a Christian education, solid, useful and cultured; as "that life is best which issues from the highest knowledge and purest virtue."

The moral and intellectual improvement of the pupils is attended to with the greatest solicitude, and the most devoted attention paid to their domestic comfort. Although the pupils are, at all hours, under the watchful care and government of their teachers, the discipline of the school is mild and parental.

All interference with the convictions of non-Catholics is carefully avoided. Good order, however, requires that all should conform to the general external regulations of the Academy.

Students are examined on entering the Institution and classified according to their proficiency.

Students are received at any time during the year, their term dating from their entry.

CATHLAMET

The county seat of Wahkiakum county, Wash., situated on the Columbia river, 75 miles n w of Portland and 30 miles east of Astoria. Principal industries are logging and fishing. A large cannery is situated here operated by The Warren Packing Company with Charles H Warren as manager. There are four general stores, two hotels, one the Hotel Vanguard, located at the boat landing, is very convenient for travelers. The Columbia River Sun, edited by George F Hanigan, is an excellent sheet, also a first-class advertising medium. Cathlamet has a Congregational church. All river steamers land here. Mail daily.

CHINOOK DIRECTORY

225

CHINOOK.

Situated on Baker's Bay near the mouth of the Columbia river, in Pacific county, Wash., eight miles northwest of Astoria, from which it is reached three times a week by the steamer R Miler, Mondays, Wednesdays and Fridays. It is a thriving and beautiful town of energetic people. Its population, including surrounding settlements, is about 800. The public spirit of the citizens is shown by the manner in which they support the local paper, the Chinook Observer, published by Hibbert & Payne, it is safe to say 95 per cent of the entire population are subscribers. The principal industry is salmon fishing. It is here that a large per cent of the Royal Chinook salmon are caught. There are two churches, Methodist and Swedish Lutheran, a school employing three teachers, a fish hatchery operated by the state, several large merchantile stores, the principal ones are conducted by S J Jones and Samuel J Baseel, three saloons, two of which are run by F O Gaither and Julius Jensen. No policeman or City Jail. When a street needs repairing, a sidewalk to be built or any improvement needed by the community every one turns out and does his share. It is one of the many delightful summer resorts about the mouth of the Columbia. The town supports two excellent hotels presided over by Mr E G Bundy, Bundy House, and Mrs S R Coleman, Coleman House. Mr J E Dalton is Justice of the Peace and also writes fire insurance. Stage daily to Ilwaco, 8 miles distant. Long distance telephone. Mrs Ellen T Barrows, postmaster.

ILWACO.

Population 1000. Pacific County. An incorporated town of the fourth class, on Baker's Bay, an arm of the Columbia river, 2 1-2 miles northwest and above the mouth of the river; 1 1-2 miles south of Sea View; 4 miles from Long Beach, the great northwest seaside summer resort, and 50 miles southwest of South Bend, the county seat. Astoria, Ore., is the main and most convenient banking point owing to daily connections and transportation by the steamer Nahcotta of the I R & N Co's line. Ilwaco is the southern terminus of the I R & Co's lines, running northward to Nahcotta on Willapa Harbor, and there connecting with the steamboat line to South Bend daily during the year, except Sunday during the winter months. Ilwaco has two churches, namely, the First M E and the First Presbyterian, which both have auxiliary societies; it also has the following fraternal societies: Occident Lodge, A F & A M, which meets on the 1st and 3d Friday evenings in each month; Ilwaco Lodge I O O F, which meets every Wednesday evening; Ilwaco Lodge A O U W, which meets every Saturday evening; Woodmen of the World, which meets every Monday evening, and the Artisans, which meets Tuesday evening. The various fraternal orders erected in 1897 a hall at a cost of over \$6000. It has town hall, a large public school of 4 departments and owing to the present crowded condition, the question is now being considered of building an additional school house. The town has

O. F. MORTON, Real Estate and Timber Lands

430 COMMERCIAL STREET, ASTORIA, OREGON.

ILWACO DIRECTORY

237

one weekly newspaper, the Pacific County Journal; also a saw mill has just been completed, and an electric light plant for lighting the town is being installed. In 1903 P J McGowan & Sons erected and operated a large salmon cannery and recently, in view of the N Pac Ry extending its line down the north bank of the Columbia river through to the Ocean beach, parties have secured options on locations for cold storage plants. The principal industry is salmon fishing but during the last two years, owing to the great demand for spruce timber for paper making, several logging outfits have been established and give employment the whole year. There is a daily stage to Chinook, 8 miles distant, fare 50 cents, also telephone connections with all points; express, Pacific. Ilwaco was named after the the old resident Chinook chief, Elwaco, the change in the first letter of the name being made when it was first made a government postoffice. Owing to its being the port and shipping outlet to the North Beach and Willapa Harbor localities, together with the seaside resort, it is, with its local industries and prospects, becoming of more than common importance. Within the last year a fine plank road has been built to the military reservation and thence by the government to Fort Canby and North Head lighthouse, making it one of the most desirable resorts in the United States. The Bear River Mountains, about 8 miles to the east, with its numerous streams, afford fine hunting and fishing, and our summer seasons offer the most enjoyable climate in the world. The leading business firms of Ilwaco are C E Kerlee of The Aberdeen Store who carries a complete stock of general merchandise, etc; Grable & Collings conduct one of the leading grocery stores, they also handle flour and feed, school books, etc; Wm B Hawkins serves his customers with fresh meats, fish and game; Thomas F Robinson, dentist, has a complete and up-to-date dental office where he is prepared to do first-class work. Ben Wise & Co are in a position to supply their trade with the latest styles of clothing,

SEASIDE, OREGON

A MOST DELIGHTFUL SUMMER RESORT.

Located on Clatsop Beach, at the mouth of the Ohanna and Necanicum rivers, also the western terminus of the Astoria & Columbia River Railroad.

Has a population during the winter of 800. During the summer from 5000 to 10,000 people throng the beach at this popular little city. During the last season the railroad carried 15,000 people to this famous resort. It has five hotels, numerous stores, Western Union telegraph, long distance telephone, with four trains in and four out each day.

Surpassing any Summer Resort on the Northwest Pacific Coast.

As a commercial point it is a busy little city, having a cannery, a creamery, a saw mill and box factory operated by the Seaside Spruce Lumber Co with a total pay roll at present of over \$6000 per month; the supply of spruce timber being almost inexhaustible; a weekly newspaper, The Seaside Sentinel, an up-to-date paper published by the Herald Publishing Company of Astoria, with C J Curtis as editor and W C Curtis manager. There are three churches found here, viz: Methodist, Catholic and Episcopal. A good school, employing three teachers.

RECREATION—Both rivers furnish excellent trout fishing, duck hunting and boating.

The average temperature during summer is 85 degrees and during the winter months it rarely goes below 36 de-

grees, making it a most delightful place the entire year, and it is fast becoming a refuge from the severe winters of colder states.

Among the leading business firms of Seaside are to be found the following: Mr J H Johansen who has a large general store in which can be found a full line of general merchandise, also house furnishing goods and hardware; Mrs Olive McGuire is proprietress of the McGuire's Hotel, located within two blocks of the depot and within five minutes walk of the beach. George Gong Kee has a complete grocery store, with a nice restaurant and bakery in connection. Frank Scott, propr of The Eagle Saloon, serves his customers with the best beer, wines, liquors and cigars to be found. E N Zeller, propr of The Seaside Inn and Bath House, makes a specialty of looking after the welfare of summer visitors and commercial travelers. Edward Johnson, propr of The Depot Restaurant, serves his customers with first-class meals at moderate prices. Stephens & Co, druggists, will compound your prescriptions day or night, they also carry a full and complete stock of books, stationery, cigars, candies and novelties. Any information in regard to Seaside real estate, literature, prospectus, etc, write to Mr W T Stephens, Seaside's leading real estate man. Mr J W Conn, propr of the Conn Drug Store, has a fine and up-to-date new drug store, being one of the neatest drug stores on the North Pacific Coast, they are prepared to furnish their customers with everything sold in a first-class drug store, prescription work a specialty. Mr B J Callahan, of the Ocean Saloon, serves all with the best in his line. For cigars, tobaccos and smokers' articles see Victor Bergman; he carries everything for smokers and the best of quality. A E Miller, expressman, will haul your household goods, trunks or anything you wish at reasonable prices. Frank Dow, proprietor of the creamery and milk depot, serves his patrons with fresh milk and butter. Summer visitors can hire fine turn-outs of The Seaside Livery

R. L. POLK & CO'S

and Fuel Co; they also handle wood and coal. At N Remillard's will be found books, stationery and souvenir shells. Jacob E Brailer is the postmaster. John J Sellwood, physician and surgeon. Mr. Rex A Price, proprietor of The New Market, supplies the best of meats, also game and fish in season.

SKAMOKAWA.

Situated on the north bank of the Columbia river in Wahkiakum County, Wash., 80 miles from Portland and 23 from Astoria. The principal industries are farming and fishing. There is located here a cannery, a large shingle mill, a creamery turning out from 30,000 to 40,000 rolls of butter annually, a logging railroad which cost \$80,000. This is the headquarters for some of the principal seiners on the river. Four boats touch here twice daily. It has general stores and hotels; a first-class newsy newspaper, The Skamokawa Eagle, is published here; S G Williams is the proprietor and editor. Four mails daily. L C Kennedy, postmaster.
