Royce turns art, and artists
the across space,
anthropologic time, and
al gaze on the culture. She
performing asks general
arts, questions as
attempting to the nature
find broad of artistic
commonalities interpretation,
in the
performance, differences

between virtuosity and artistry, and how artists interplay with audience, aesthetics, and style. To support her case, she examines artists as diverse as Fokine and the Ballets Russes, Tewa Indian dancers, 17th century commedia dell'arte, Japanese kabuki and butoh, Zapotec shamans, and the mime of Marcel Marceau, adding her own observations

as a professional dancer in the classical ballet tradition. Royce also points to the recent move toward collaboration across artistic genres as evidence of the universality of aesthetics. Her analysis leads to a better understanding of artistic interpretation, artist-audience relationships, and the artistic imagination as cross-cultural phenomena. Over 29 black and white

photographs and drawings illustrate the wide range of Royce's cross-cultural approach. Her well-crafted volume will be of great interest to anthropologists, arts researchers, and students of cultural studies and performing arts. A Dictionary of Theatre Anthropology A Dictionary of Theatre Anthropology Ian Watson provides the most comprehensive and systematic study of

Eugenio Barba's work, including his training methods, dramaturgy, productions, and theories as well as his work at the International School of Theatre Anthropology. Eugenio Barba is one of Europe's leading theatre directors, at the forefront of experimental and group theatre for more than twenty years. Ian Watson provides the most comprehensive and

systematic study of Barba's work, including his training methods, dramaturgy, productions and theories, as well as his work at the International School of Theatre Anthropology. *A Dictionary of Theatre Anthropology* Oxford University Press Turner looks beyond his routinized discipline to an anthropology of experience . . . We must admire him for this.-Times Literary

*The Dilated
Body* BRILL
For
generations,
fans and

critics have characterized classic American radio drama as a “theater of the mind.” This book unpacks that characterization by recasting the radio play as an aesthetic object within its unique historical context. In *Theater of the Mind*, Neil Verma applies an array of critical methods to more than six thousand recordings to produce a vivid new account of radio drama from the

Depression to the Cold War. In this sweeping exploration of dramatic conventions, Verma investigates legendary dramas by the likes of Norman Corwin, Lucille Fletcher, and Wyllis Cooper on key programs ranging from *The Columbia Workshop*, *The Mercury Theater on the Air*, and *Cavalcade of America* to *Lights Out!*, *Suspense*, and *Dragnet* to reveal how these programs

promoted and evolved a series of models of the imagination. With close readings of individual sound effects and charts of broad trends among formats, Verma not only gives us a new account of the most flourishing form of genre fiction in the mid-twentieth century but also presents a powerful case for the central place of the aesthetics of sound in the history of modern experience.

and the German, book explores
society in Russian and the theatrical

nature of what was enacted in the power-play on deck, on the beaches at Tahiti and in the murderous settlement at Pitcairn, on the altar stones and temples of sacrifice, and on the catheads from which men were hanged. Part of the key lies in the curious puzzle of Mr Bligh's bad language. Eugenio Barba University of Wales Press Fourteen authors, including many of the best-known scholars in the

field, explore how people actually experience their culture and how those experiences are expressed in forms as varied as narrative, literary work, theater, carnival, ritual, reminiscence, and life review. Their studies will be of special interest for anyone working in anthropological theory, symbolic anthropology, and contemporary social and cultural anthropology,

and useful as well for other social scientists, folklorists, literary theorists, and philosophers. The Moon Rises from the Ganges University of Wales Press A Dictionary of Theatre Anthropology Taylor & Francis The Paper Canoe Rowman Altamira Eugenio Barba is one of the most important theatre practitioners working today. This guidebook provides

exercises for both students and teachers, and also offers an historical perspective on European and world theatre. *Theatre* Cambridge University Press The Das Kapital of the 20th century, Society of the Spectacle is an essential text, and the main theoretical work of the Situationists. Few works of political and cultural theory

have been as enduringly provocative. From its publication amid the social upheavals of the 1960's, in particular the May 1968 uprisings in France, up to the present day, with global capitalism seemingly staggering around in it's Zombie end-phase, the volatile theses of this book have decisively transformed

debates on the shape of modernity, capitalism, and everyday life in the late 20th century. This 'Red and Black' translation from 1977 is Introduced by Notting Hill armchair insurrectionary Tom Vague with a galloping time line and pop-situ verve, and given a more analytical overview by young upstart thinker Sam Cooper.
