

ERRATUM

Lim, K. K. P., 1994. First record of *Hapalogenys analis* (Teleostei : Perciformes : Haemulidae) from the Indo-Australian region. *Raffles Bulletin of Zoology*, 42(4): 983-985.

The claim that *Hapalogenys analis* was never before recorded from the region south of Hong Kong is in error. I have overlooked Herre's (1940: 47) earlier report of a 196 mm. specimen (as *H. mucronatus*) from Sandakan, Sabah, Borneo, which is within the region intended in the paper.
