# REPORT OF THE DIRECTOR

## I. INTRODUCTION

I am pleased to announce that over 143,000 students from more than 2,500 schools participated in the 2005 AMC 8 contest. Many dedicated mathematics teachers provided an opportunity for students to participate in this national exam, and the Committee created an exam which was both “exciting and challenging”. A hearty thanks to all of you for continuing to recognize the fact that the AMC 8 plays a complementary role in support of the junior high/middle school mathematics curriculum.

## II. GENERAL RESULTS

This summary includes a listing of the results and awards associated with the 21<sup>st</sup> annual AMC 8, which was held on Tuesday, November 15, 2005. PLEASE NOTE THAT THE 2006 AMC 8 WILL BE HELD ON TUESDAY, NOVEMBER 14<sup>th</sup>.

From the responses received from many of the contest managers, it is evident that the examination was once again well received by the students and teachers. A sample of specific comments received is found in the Quotations section of this summary.

A comparison of the 2005 statistics shows that this year’s contest was comparable to the 2004. A total of 79 perfect scores were recorded (50 in 2004) while the national average moved to 9.835 (9.94 in 2004). The AMC 8 Committee is in its final stage of preparation of the 2006 exam and I expect it to be similar to the 2005 edition. A four-year statistical comparison of results is given in Section III.

We sincerely hope that your school administrators will continue to support your future requests for funds to enable your students to participate in this academic activity which is consistent with the standards set by the *National Council of Teachers of Mathematics*.

On behalf of the AMC 8 committee, I express my appreciation to all of the school contest managers and their associated teachers, school counselors and administrators for providing an opportunity for their students to participate in the 2005 AMC 8. I particularly would like to express my gratitude to those teachers who personally paid the fees associated with the contest. Their dedication to the profession is certainly noteworthy and beyond the call of duty.

## Report of the Director continued

### III. STATISTICAL ANALYSIS OF RESULTS

#### A FOUR YEAR COMPARISON

Please note that the word “recorded” used throughout this section should be interpreted as indicating that the results are based on only the items that were mark-sensed by the students. Some of the students failed to mark items such as their grade or gender.

**Table 1 - School & Student Registrations & Averages**

	2005	2004	2003	2002	2001
Registered schools	2,629	2,701	2,396	2,493	3,176
Registered students	172,380	184,270	183,830	188,530	203,170
Schools sending in results	2,504	2,628	2,737	2,390	2,600
Answer forms received	143,428	154,590	158,309	157,778	169,654
Recorded female participants	67,655	73,647	75,574	75,880	81,482
Recorded male participants	73,275	78,265	80,010	78,825	84,888
Average Top Score	17.51	17.42	18.32		
Average of all participants	9.835	9.94	10.27	11.09	10
Average of female participants	9.32	9.47	9.72	10.47	9.39
Average of male participants	10.34	10.4	10.79	11.68	10.6
Perfect papers	79	50	192	126	84

**Table 2 - Participation & Average Score by Grade Levels**

Participation by Recorded Grade Levels					
GRADE	2005	2004	2003	2002	2001
4 & 5	2,014	1,496	1,553	1,560	1,736
6	14,268	15,248	15,414	14,707	14,710
7	48,418	51,679	53,170	53,804	58,271
8	76,877	84,399	86,542	85,351	93,090
Average Score by Recorded Grade Levels					
GRADE	2005	2004	2003	2002	2001
4 & 5	8.05	8.15	7.62	7.76	6.73
6	8.16	8.51	8.58	9.31	8.28
7	9.37	9.55	9.77	10.59	9.49
8	10.52	10.48	10.93	11.79	10.66

There were a total of 3,323 school winners at 2,534 schools, and the following number of certificates were sent to schools: Gold – 9,202, Silver- 11,377, Bronze- 14,040. While the AMC 8 is primarily intramural, the national results make some comparison at that level viable, but the examination, which has no established norms, is comparable to neither classroom nor placement tests.

### IV. SCHOOL PLAQUE/NAMEPLATES

By popular demand from many teachers, the AMC 8 School Winner Plaque is back! The AMC 8 School Winner Plaque is a beautiful 9”x12” plaque with space for 12 engraved name plates with the names of your year-by-year school winners. Teachers who gave the AMC 8 (then known as the AJHSME) in the 1980’s and 1990’s will remember the AMC provided an initial plaque and a

## Report of the Director continued

school winner plate each year to schools participating in the AMC 8. Comments from teachers told us you missed having this recognition program for your math scholars. In your AMC 8 report from December 2005 you will find the web address that will allow you to order directly from our supplier. The AMC pays for the initial plaque and engraved name plate in the first year and the annual engraved plates in subsequent years.

### V. 2005 STATE TOP STUDENT PLAQUE

This year we are presenting 131 Top Student Plaque awards. This plaque is awarded to the top scoring student in each state, all of the U.S. Territories and schools abroad, and Canada. This student award program that began in 1991 will continue to be presented on an annual basis. You will note, this Summary contains photos of some of last year's awardees.

### VI. AREA OF PARTICIPATION

Participation in the AMC 8 extends beyond the USA. Registrations were received from 19 APO/FPO Schools (Junior High or Middle Schools associated with U.S. military bases abroad), American schools associated with U.S. Embassies, U.S. Territories (Guam, Puerto Rico and the Virgin Islands), Canadian, and foreign schools (including a group of 444 schools from Taiwan, 31 Canadian schools, 21 from Singapore and 43 other international schools), for a total of 12,341 students. Recognition is hereby given to those teachers abroad who have provided an opportunity for their students to participate in the AMC 8. A complete list of participating schools from foreign countries and U.S. territories is found in this summary. We are grateful to the Department of Defense for providing the financial support which enabled the students in its dependent schools to participate in the AMC 8.

### VII. DATE AND FORMAT OF THE 2006 AMC 8

The date of the 2006 AMC 8 is Tuesday, November 14<sup>th</sup>. The exam will again be a 40 minute, twenty-five question, multiple-choice contest. The scoring procedure will be the same as in 2005: one point will be given for each correct answer. Registration materials will be mailed to schools during the months of May, September, and October. If you wish to register now, a 2006 Registration Form has been included in this Summary on Page 175. We hope that your school will participate again in the 2006 AMC 8.

Completion of your registration as early as possible is always appreciated. Contest materials will be mailed in October and early November, so there is ample time for planning and completion of pre-contest activities. We would be most grateful if you would encourage neighboring schools to participate in the AMC 8.

The National Association of Secondary School Principals will continue to place the AMC 8 on its advisory list of contests and activities for 2006-2007.

## **Report of the Director continued**

### **VIII. ACKNOWLEDGEMENT**

We are fortunate to have dedicated staff members who fulfill the responsibilities associated with the entire examination process in a timely and efficient manner. One can imagine all of the expected and unexpected duties and operations which must be completed during the examination year. AMC staff members include Donita Bowers, Marsha Conley, Rachele Jensen, Linda McCormick, Joyce McNeil, RuthAnn Royer, Sawzan Mohamed, Kay Michael, and Janet Sylvester. Our University student helpers are Gabe Smith, Erin Johnson, and Nikki Bohl. I welcome this opportunity to commend their excellent work.

### **IX. STATE DIRECTORS, SPONSORS, DONORS AND COMMITTEES**

In this summary you will find a current list of the AMC 8 State Directors, sponsors, donors, members of the Committee on the American Mathematics Competitions (CAMC), and AMC 8 committee. In addition, the members of the American Mathematics Competitions (AMC) Panel are listed, and they are hereby recognized for submitting and reviewing potential problems for the examinations of the AMC. The work of the State Directors is significant to the success of the AMC 8. They send follow-up mailings and attend state mathematics meetings to give talks about the examination in order to encourage more schools to participate. The Directors and Panelists receive no financial compensation for their work. The CAMC recognizes these individuals for their outstanding dedication to the profession of mathematics educators.

Special recognition is given for the work of the AMC 8 and CAMC committee members. They devote considerable time, under the direction of Bonnie Leitch (AMC 8 Chair) and Elgin Johnston (CAMC Chair), reviewing examination policy, proposing problems, and developing the examination. The contributions of our sponsors and donors are hereby recognized. The significance of the examination is greatly enhanced by their continued support.

### **X. CONTRIBUTIONS OF THE UNIVERSITY OF NEBRASKA**

The AMC office has been located at the University of Nebraska in Lincoln since 1970. For the past 36 years the University has made significant contributions in support of the American Mathematics Competitions including providing utilities, office space, and the use of university facilities.

### **XI. FINAL COMMENTS**

I welcome and appreciate your comments regarding this Summary and the procedures associated with the AMC 8.

## REGIONS OF THE AMC 8

Listed below are the eleven regions of the U.S.A. and Canada.

### REGION

- 0 Connecticut, Maine, Massachusetts, New Hampshire, Pennsylvania, Rhode Island, Vermont
- 1 New Jersey, New York
- 2 Delaware, District of Columbia, Maryland, North Carolina, South Carolina, Virginia, West Virginia
- 3 Alabama, American Embassy and APO/FPO schools, Florida, Georgia, Puerto Rico, Virgin Islands
- 4 Indiana, Michigan, Ohio
- 5 Arkansas, Iowa, Kansas, Minnesota, Nebraska, North Dakota, Oklahoma, South Dakota, Wisconsin
- 6 Illinois, Kentucky, Missouri, Tennessee
- 7 Louisiana, Mississippi, Texas
- 8 Alaska, Arizona, Colorado, Guam, Hawaii, Idaho, Montana, Nevada, New Mexico, Oregon, Utah, Washington, Wyoming
- 9 California
- 10 Canada (Alberta, British Columbia, Manitoba, New Brunswick, Newfoundland & Labrador, Northwest Territories, Nova Scotia, Nunavut, Ontario, Prince Edward Island, Quebec, Skatchewan, and Yukon)

*Colorado - 2004 AMC 8 first, second and third place winners*

## MESSAGE FROM THE AMC 8 CHAIR

Dear Teachers and Parents,  
Thank you for the opportunity to share the 2005 AMC 8 Contest with your children. We hope that the experience will be a window into the world of mathematical excellence and fun.

More than forty math teachers and professors across the nation have worked for over a year to create the forty-minute contest your children wrestled with. We try to include puzzling, challenging, even curious and humorous problems in our 25-item mix.

Activities like our contest allow and encourage students to strive and excel in an academic sphere. The contest is a rewarding experience where mathematical curiosity and skill are, we hope, stimulated. The series of contests sponsored by the American Mathematical Competitions is designed to inspire an interest in mathematics that will lead to academic success, scholarship and a rewarding career. Professionally and personally, competence in mathematics and mathematical understanding lead to success and an enriched life.

Of course, one of the best parts of the contest occurs right after your children have taken the test. Many times students' interest is highest then. We in the committee hope that you can use this opportunity to talk about math with your children. Use the alternate solutions to elicit creative approaches to the problems. Perhaps explain some new mathematical concepts to the younger middle school students who soon will be eighth graders. Talk about which problems were easier or harder for your children and why.

Finally, thank you for all you do daily to help your children reach their potential as people and as better mathematics students, no matter what their natural abilities. You are one of our nation's greatest resources for insuring all children a rich and rewarding future by promoting knowledge and understanding.

bleitch@earthlink.net

## MESSAGE FROM THE CAMC CHAIR

On behalf of the Mathematical Association of America's Committee on the American Mathematics Competitions, I want to thank each school's Contest Manager for administering the 2005 American Mathematics Contest 8 (AMC 8). The junior high contest was first given in 1985 when it was introduced as the American Junior High School Mathematics Examination (AJHSME); in 1999 the contest was renamed the AMC 8.

Thus, 2005 marks the 21<sup>th</sup> year that the exam has been given.

Many people work hard to make these exams possible. These include the State Contest Directors who make sure schools in their regions know about the exams; the outstanding staff in Lincoln, responsible for registration, printing, distributing, scoring the exams, and communicating results; and the members of the AMC 8 Committee and AMC Advisory Panel who spend long hours composing problems, writing and rewriting problem statements and solutions, and monitoring the difficulty level of the exam. Special thanks are due Bonnie Leitch, the hard working AMC 8 Chair, who coordinates the exam creation efforts. I also want to thank the students for giving up part of their day to participate in the AMC 8.

The mission of the CAMC is to promote interest in mathematics among K-12 students and to identify mathematically talented students through a system of mathematical exams. With the ever growing importance of mathematics in our lives it is vital that we encourage and facilitate student interest in mathematics. Thus, although the exams are designed to expose students to important mathematical ideas and give students a valuable problem solving experience, it is even more important that students find the exams challenging and fun. We hope that students enjoy not only taking the exam, but also preparing for the exam with teachers and other students, discussing the answers and different solutions afterwards, and then have the opportunity to work with teachers and mentors to further their interests and skills.

We are always interested in ideas to help us better carry out our mission. The mathematics teachers in the schools are one of our most valued sources of ideas. We welcome any ideas you have that will help us improve the AMC 8, make the exam better fit your needs, and help us reach more students. In addition, we have a particular need for junior high school teachers on the AMC Advisory Panel. If you are interested in contributing to our contests please contact me at the address given below, or visit us at the American Mathematics Competitions booth at this year's NCTM meeting in St. Louis, Missouri.

## SLIFFE AWARDS FOR DISTINGUISHED MATHEMATICS TEACHING IN THE MIDDLE SCHOOL

The Edyth May Sliffe Awards for Distinguished Mathematics Teaching in the Middle School were determined following the analysis of the 2005 American Mathematics Contest 8 (AMC 8). The winners are listed on the next few pages along with the schools and locations they represent.

These awards are the result of a bequest made to the Mathematical Association of America (MAA) by Edyth May Sliffe, a retired high school teacher of mathematics at Emeryville, California. She made this bequest to give awards to high school mathematics teachers whose teams perform well on the AHSME. Edyth Sliffe wanted to do this because her students had always done very well on the AHSME and received various honors, but she as a teacher had never received any recognition. She had always felt that such teachers should receive some awards.

In order to recognize junior high and middle school teachers, as well as high school teachers, the MAA Sliffe Award Committee in 1994 approved the establishment of a new set of awards begun in 1995. Five awards are given in each of the eleven regions associated with the AMC 8 to teachers of grade 8 or below. The selection of the award winners is determined by the following procedure:

The ranking of a school in a given year for the purposes of this Award is made on the basis of the sum of the three top student scores at the school. A list is prepared of those schools who ranked within the top one third of the schools within the region. For all those appearing in the lists for each of the past three years, the sum of the rankings for each of the schools for each of the last three years is calculated for each region. For example, for the awards given following the 2005 AMC 8, the rankings of the schools in 2003, 2004, and 2005 were calculated for each region. The mathematics teacher whose name was submitted from the eligible five top-ranking schools is declared the Edyth May Sliffe Award recipient for that region. A teacher can only win the award once.

The award-winning teachers receive a certificate, a \$100 cash prize, a one-year membership in the National Council of Teachers of Mathematics, including a subscription to *Mathematics Teaching in the Middle School*, and a Sliffe Award pin.

This Award serves as an excellent illustration of how a single person, in this case Edyth May Sliffe, can have a substantial positive influence nationwide by taking a decisive action to further a cause he or she strongly believes in.

Prof. Steven Dunbar, *Director*  
American Mathematics Competitions

## QUOTATIONS

We are grateful to those who sent comments regarding the AMC 8. A representative sample is given below.

I received a call from (my son's) math teacher regarding his results on the AMC 8. He is very excited and we are very proud! Enclosed is the picture you requested. Thank You!

I would hate to see the test change in any fundamental way. Right now it's a perfect blend of a few sort-of-routine problems which are accessible to most students, and then a lot of really interesting and thought-provoking problems. It's important for the best kids in a school to see how high a standard can be reached by committed and talented students. There are plenty of ordinary math tests available, and the AMC can't become one of them. And you've changed the scoring sufficiently over the decades --nobody gets negative scores anymore, and even a blank paper gets a grade that looks satisfactory. Don't mess with that system.

In my middle school classes, important results we learned from practicing on the AMC 8... material become fair game for the next test -- I actually expect the kids to remember... There's no reason kids should be expected to learn (and be able to use) only the material in their textbook.

The richness of these problems has been a great place for math discussions for the couple of days following the exam each year, where we can talk about math and not be worrying about some grade for the class.

I think many more students should be involved in all of the AMC tests in my state. Many math teachers seem to be completely unaware of AMC, not to mention principals and parents.

The AMC contains great, well-written Math questions. Do not water it down, do not try to make it more "fun", keep it ability vs. achievement oriented, and encourage ALL JH/MS Algebra students to take the test.

If I could manage it, I'd have an entire math class devoted to practicing on the wonderful material from the AMC tests and the other comparable ones.

I learned about AMC by participating as a student (in Toronto, Canada). I am now SUNY Potsdam faculty and run the AMC for a collection of local schools. They say they wouldn't do it without me. Maybe such groups might work in other parts of the state.

My very top students enjoy the challenge, the rest of them need the problem solving experience but do not appreciate the opportunity!!

I will continue to run the AMC contests as the questions are so good and our students get a lot from trying them. Thank you for the effort that goes in to producing such a rich variety of questions each year.

I like it [the contest] and so do the kids. I also like the fact that there are levels AMC 8, 10, 12, etc.) so the kids work to advance to higher levels.

Our students really enjoy this contest. We actually had to turn students away last year because we did not anticipate the level of participation and we ordered too few.

## Quotations (continued)

...keep up the good work and don't make any real changes to the test itself. Thanks for all the time and effort that goes into the test.

Our school has been surprised on several occasions that some of our highest achieving AMC students are not our highest achieving mathematics students in our most rigorous classes. On several occasions average or below average students have done very well.

Word of mouth is the best advertisement for the AMC.

I feel very honored to be a recipient of this (the Sliffe) Award and I just wanted to thank you and the committee for taking me into consideration... For the past five years my students have enjoyed participation in the contests which have improved their problem solving and critical thinking skills. Thanks again.

This is the first time I've participated, and I am pleased. I now wish I'd taken more time to prepare, but I will use these questions on my warm-ups so students will know the correct answers and discuss strategies. Thank you.

I love it, I just wish I had an easier time convincing others of its value! Keep up the good work!

I like the practice options with the kit and web and the flexible time frame.

and finally, from a student...

I enjoyed your questions this year very much. In 2004 I was the winner of my school. This year, I hope to continue that legacy and get my second pin. I would really like it if you included more modular arithmetic problems. Though challenging, they are extremely fun. There was a modular arithmetic problem on 2003's test that was really interesting. Thanks for your dedication every year.

*MAA AMC Office:*

The American Mathematics Competitions office is located at the University of Nebraska - Lincoln.

## AMERICAN MATHEMATICS CONTEST 10 AND AMERICAN MATHEMATICS CONTEST 12

The American Mathematics Contest 8 (AMC 8) is the first in a series of six contests that culminates in the United States of America Mathematical Olympiad (USAMO) and the International Mathematical Olympiad (IMO).

The second contest in this series is the American Mathematics Contest 10 (AMC 10), which began in 2000. Many schools had requested a mid level test, one that would target a student between the former AJHSME and the former AHSME (which was aimed at high school level, generally 11th and 12th graders). Thus we restructured the AHSME and came up with two new contests and names. The AMC 10 is designed for students who have not had, for example, Trigonometry and Logarithms but who have completed a formal course in Geometry. It is a 25 question, 75-minute examination.

The third contest is the American Mathematics Contest 12 (AMC 12). This examination has been administered for 55 consecutive years. The AMC 12 covers high school mathematics excluding calculus. It is a 25 question, 75-minute examination.

The purpose of these two contests is to spur interest in mathematics and to develop talent through the excitement of friendly competition at problem solving in a timed format. In order to challenge students of all grade levels and with varying talents, the problems range from easy to extremely difficult.

These tests, although directed at high school students (grades 9-12), are also recommended for students at lower grade levels who possess unusual mathematical ability. Consequently, all schools that participated in the AMC 8 were sent a 2006 AMC 10/12 Invitation Brochure. Schools will have a choice of dates because the AMC 10/12 Contest A is scheduled for **Tuesday, January 31, 2006** and the AMC 10/12 Contest B is scheduled for **Wednesday, February 15, 2006**. Interested schools may elect to take both Contest A and B.

Students who have never taken the AMC 10/12 should look at copies of prior exams in order to set reasonable goals for themselves on their first attempt. A list of available prior examinations' ordering procedure can be found at the AMC website [www.unl.edu/amc](http://www.unl.edu/amc).

# HONOR ROLL

## International

This Honor Roll includes AMC 8 participants from International and APO/FPO schools who score 16-19. It is based on the top 2-5% of student scores.

### Belgium

- 19 8 Y Yokouchi, Int'l Sch - Brussels, Bruxelles, Belgium
- 18 7 W Vankoughnett, Int'l Sch - Brussels, Bruxelles, Belgium
- 17 8 M Cohen, Int'l Sch - Brussels, Bruxelles, Belgium
- 17 8 S Shindo, Int'l Sch - Brussels, Bruxelles, Belgium
- 17 8 L Valdes, Int'l Sch - Brussels, Bruxelles, Belgium
- 16 8 J Henstrom, Int'l Sch - Brussels, Bruxelles, Belgium

### China

- 16 8 Y Choo, Beijing World Youth Acad, Beijing, China PRC
- 19 6 H Kim, Int'l Sch - Beijing, Beijing, China PRC
- 19 7 T Kim, Int'l Sch - Beijing, Beijing, China PRC
- 19 8 A Ning, Int'l Sch - Beijing, Beijing, China PRC
- 17 7 A Chen, Int'l Sch - Beijing, Beijing, China PRC
- 18 8 S Jia, Int'l Sch - Beijing, Beijing, China PRC
- 18 8 G Lee, Int'l Sch - Beijing, Beijing, China PRC
- 16 6 K Zhang, Int'l Sch - Beijing, Beijing, China PRC
- 17 6 N Cheung, Int'l Sch - Beijing, Beijing, China PRC
- 17 8 R Huang, Int'l Sch - Beijing, Beijing, China PRC
- 17 7 J Jin, Int'l Sch - Beijing, Beijing, China PRC
- 17 7 Y Jin, Int'l Sch - Beijing, Beijing, China PRC
- 17 7 J Kim, Int'l Sch - Beijing, Beijing, China PRC
- 17 7 J Meng, Int'l Sch - Beijing, Beijing, China PRC
- 16 7 J Ahn, Int'l Sch - Beijing, Beijing, China PRC
- 16 8 S Cho, Int'l Sch - Beijing, Beijing, China PRC
- 16 7 D Choo, Int'l Sch - Beijing, Beijing, China PRC
- 16 8 L Du, Int'l Sch - Beijing, Beijing, China PRC
- 16 8 A Esnault, Int'l Sch - Beijing, Beijing, China PRC
- 16 7 C Huang, Int'l Sch - Beijing, Beijing, China PRC
- 16 7 J Jung, Int'l Sch - Beijing, Beijing, China PRC
- 16 7 Y Ko, Int'l Sch - Beijing, Beijing, China PRC
- 16 8 J Kwon, Int'l Sch - Beijing, Beijing, China PRC
- 16 6 J Lee, Int'l Sch - Beijing, Beijing, China PRC
- 16 8 C Li, Int'l Sch - Beijing, Beijing, China PRC
- 16 7 D Lim, Int'l Sch - Beijing, Beijing, China PRC
- 16 8 K Moon, Int'l Sch - Beijing, Beijing, China PRC
- 16 8 S Park, Int'l Sch - Beijing, Beijing, China PRC
- 16 8 M Shen, Int'l Sch - Beijing, Beijing, China PRC
- 16 7 B Wong, Int'l Sch - Beijing, Beijing, China PRC
- 16 8 S Wu, Int'l Sch - Beijing, Beijing, China PRC
- 16 6 W Yu Jian, Am Int'l Sch - Guangzhou, Guangzhou, China
- 18 8 J Leech, Concordia Int'l Sch, Shanghai, China
- 17 8 A Jiang, Concordia Int'l Sch, Shanghai, China
- 17 8 C Lam, Concordia Int'l Sch, Shanghai, China
- 17 8 H Lo, Concordia Int'l Sch, Shanghai, China
- 17 8 J Tjahjadi, Concordia Int'l Sch, Shanghai, China
- 17 7 N Zayan, Concordia Int'l Sch, Shanghai, China
- 16 7 A Corrigan, Concordia Int'l Sch, Shanghai, China
- 16 8 V Hu, Concordia Int'l Sch, Shanghai, China
- 16 7 A Shiao, Concordia Int'l Sch, Shanghai, China
- 16 7 A Vaughan, Concordia Int'l Sch, Shanghai, China

### Canada - Alberta

- 18 7 P Karch, John Ware JHS, Calgary, AB, Canada
- 17 7 T He, John Ware JHS, Calgary, AB, Canada
- 17 7 D Prance, John Ware JHS, Calgary, AB, Canada

- 16 7 D Cellars, John Ware JHS, Calgary, AB, Canada
- 16 8 E Lloyd, John Ware JHS, Calgary, AB, Canada
- 19 8 A Marshall, Madeleine D'Houet, Calgary, AB, Canada
- 18 8 D Morin, Madeleine D'Houet, Calgary, AB, Canada
- 18 8 Y Won, Madeleine D'Houet, Calgary, AB, Canada
- 19 8 L Li, Vernon Barford Sch, Edmonton, AB, Canada
- 19 8 C Ma, Vernon Barford Sch, Edmonton, AB, Canada
- 18 8 M Choi, Vernon Barford Sch, Edmonton, AB, Canada
- 18 8 E Luckert, Vernon Barford Sch, Edmonton, AB, Canada
- 18 8 Z Michael, Vernon Barford Sch, Edmonton, AB, Canada
- 17 8 S Wlachuk, Vernon Barford Sch, Edmonton, AB, Canada
- 17 7 P Cho, Vernon Barford Sch, Edmonton, AB, Canada
- 17 8 T Kim, Vernon Barford Sch, Edmonton, AB, Canada
- 17 8 Y Ling, Vernon Barford Sch, Edmonton, AB, Canada
- 17 8 C Wlaschuk, Vernon Barford Sch, Edmonton, AB, Canada
- 16 8 T Kim, Vernon Barford Sch, Edmonton, AB, Canada
- 16 7 P Ma, Vernon Barford Sch, Edmonton, AB, Canada
- 16 7 J Oa, Vernon Barford Sch, Edmonton, AB, Canada
- 17 8 J Storwick, Strathcona-Tweedsmuir Sch, Okotoks, AB, Canada
- 16 8 C Germaine, Strathcona-Tweedsmuir Sch, Okotoks, AB, Canada

### Canada - British Columbia
