Very rare and important dynastic series. This type of reverse is only found on aurei, presenting one of the earliest examples of a frontal bust. The portrait of Julia Domna between the busts of Caracalla and Geta recalls the empress's attempt to reconcile the two quarrelsome successors. Geta was in fact killed on 27 February 212 and Caracalla remained the sole ruler of the empire. Condition: Near extremely fine; some repairs (see original state at Künker). Weight: 7.19 g.
