Welcome to the world of V7

Great Performance and Value at low cost

At V7 high-quality and stylish products do not have to be expensive.
We make tech accessories more affordable so people can enjoy the latest that technology has to offer.

We are owned by Ingram Micro Inc. and because of this unique position, we can stand behind our products, leverage global operational excellence and yet be nimble enough to stay at the forefront of consumer demand.

Additionally, our strict environmental and labor policies, as a division of a Fortune 50 enterprise, demand the highest standards from our production and logistics partners so you can be confident in our responsibility to the environment and the way our workers are treated.

This approach has been the cornerstone of success for us for more than 25 years, with customers satisfied in 160 countries worldwide.

We are dedicated to technology, and continuously strive for one goal: Great Gear for All.

And now have fun browsing through our extensive product portfolio!

TABLE OF CONTENTS

LED MONITORS

V7 Full HD or 2K LED Monitors are designed with style and high screen performance for home, work and everything in between. The V7 mercury free LED monitors utilize a low power LED backlight contributing to a reduced environmental footprint while displaying sharp, dazzling images in high resolution. All monitors are mountable (VESA standard) to optimize your workspace and are a great value and they look perfect on every desktop.

The Universal USB-C Docking Station from V7 adds displays, USB ports, audio and network connectivity to your computer easily while charging your computer from one included cable. It adds 1 x DisplayLink HDMI, 1 x Alt-Mode HDMI, DVI, 4 x USB A 3.2 Gen1, 2 x USB-C, Audio and Gigabit Ethernet connection while charging your computer up to 65W power delivery. Extend or mirror your HDMI (4K + 2K) and DVI (2K) displays. It's Displaylink certified, with robust high performance connectivity to extend and enhance your workstation productivity.

V7 USB-C Triple DisplayLink Docking Station

- Connect your displays and devices while charging with one cable
- Supports two 2K displays (HDMI & DVI) and one 4K display (HDMI)
- 2x USB-C ports, 4x USB A ports
- Charge your device with USB-C Power Delivery up to 65W output
- Gigabit Ethernet and 3.5mm headset microphone combo
- DOCKUSBC / CD52844

The UCDDS Universal USB-C Docking Station from V7 adds HDMI, DisplayPort, Audio, Ethernet, and USB-C plus USB 3.0 to almost any computer, all while charging your device up to 65 Watts. It features HDMI and DisplayPort monitor outputs that can be used to expand or mirror your desktop for the ultimate in productivity. Both HDMI and DisplayPort outputs support video resolution up to 4K for a stunning display no matter what's on screen. This all-in-one solution combines USB-C and USB 3.0 ports, headphone and microphone audio connectors, and a Gigabit Ethernet RJ45 port, making it the perfect accessory for easily connecting to all of your devices while charging at the same time.

V7 Universal USB-C Dual 4K Docking Station with charging function

- Compatible with almost any PC via USB-C or USB-A cable
- Dual 4K monitor support
- Optional charging via USB-C with up to 65 W
- 2x HDMI, 2x DisplayPort, 2x USB-C, 1x USB-C in, 4x USB 3.0
- Gigabit Ethernet and 2.1 audio port for complete support
- UCDDS-1E / J154147

DOCKING STATIONS

The DOCKUCPT01 USB-C Pass Through Alt-Mode Docking Station from V7 allows you to add up to 3 displays, Audio, Gigabit Ethernet, SD/Micro SD/MMC memory cards, and extra USB ports to almost any USB-C enabled device. It features HDMI, DisplayPort and VGA display outputs that can be used to expand or mirror your device for multitasking productivity.

It has a USB-C PD charging port to connect a USB-C Power supply which can supply up to 100 Watts of USB-C Charging to your computer at the same time as providing all the extra connectivity. It is compatible with Display-Port Alt mode, USB-C and Thunderbolt(tm) 3 host computers, mobile devices, or other devices.

V7 USB-C Docking Station Alt-Mode and Pass through Power Delivery Charging

- Easily connect your displays and peripherals to your laptop with one USB-C Cable
- Adds HDMI, DisplayPort, and VGA display connections, Secure Digital (SD) and Micro SD slots, Gigabit Ethernet, Audio, and extra USB ports simultaneously
- USB-C cable can be routed through the bottom of the docking station for maximum flexibility
- USB-C PD pass through charging of your device up to 100 Watts (20V/5A) with fast role swap
- Rest your laptop on top of the docking station for ventilation and to save desktop space
- DOCKUCPT01 / CA66449

Maximize productivity with the UDDS2 from V7. This Universal Docking Station adds displays, USB ports, audio and network connectivity to your computer easily from one included cable. It adds HDMI, DVI, Ethernet, Audio, 2 x USB A 3.2 Gen1 and 4 x USB 2.0 ports. Extend or mirror displays via the HDMI and DVI output. Extend or mirror your HDMI (2560x1440 QHD) and DVI (2048x1152 2K) displays. It's DisplayLink certified, with robust high performance connectivity to extend and enhance your workstation productivity

V7 USB Dual DisplayLink Docking Station

- Connect your displays and devices to your computer with one USB cable
- Total of 6 USB Ports (2x USB A 3.2 Gen 1, 4x USB A 2.0)
- USB Cable and adapter included for connection from USB-C or USB A computer port
- HDMI and DVI Output (includes DVI to VGA Adapter)
- Gigabit Ethernet and 3.5mm audio & microphone ports
- UDDS2 / CD52843

V7SEVEN

DOCKING STATIONS

The V7 UDDS-1 Universal USB 3.0 Docking Station adds DVI, HDMI, Audio, Ethernet, and 6 total additional USB 3.0 and USB 2.0 ports to almost any computer, all from a single device with a space saving vertical stand.

V7 Universal USB 3.0 Docking Station

- Dual monitor support with resolution up to 2048x1152 with HDMI, DVI-I output
- Total 6 USB Ports - 2 USB 3.0 / 4 USB 2.0 Ports
- Space saving design - Vertical stand to maximize desktop space
- HDMI, DVI Output and VGA Adapter
- Gigabit Ethernet and 2.1 audio port for complete support
- UDDS-1E / J153324

USB-C-MINI-DOCKS

V7 USB-C-Mini-Dock Dual 4K-Display

- Effortless connection - Connect multiple devices to your USB-C computer.
- Versatile - extend or mirror your HDMI displays for enhanced viewing and productivity. Supports SST and MST mode.
- Transfer data and charge your USB-C device with power delivery up to 100W
- Gigabit ethernet connection
- UCMINIDOCKDUAL-PT / CD52877

V7 USB-C-Mini-Dock 4K-Display

- Effortless connection - connect multiple devices to your USB-C computer
- Sharp and clear - Extend or mirror to your 4K HDMI display
- Transfer data and charge your USB-C device with power delivery up to 100W
- Lightweight, durable aluminum design
- Gigabit ethernet connection
- UCMINIDOCK-PT / CD52893

ELITE NOTEBOOK-ROLLTOPS

DELUXE UV-C-BACKPACK

The ultimate travel companion is here.

The CBX16UV from V7 has everything for travel safety and simplicity. Featuring a built-in UV-C top pouch - you can sanitize your everyday items while on the go. Simply zip up the pouch, press the start button and in three minutes your items are 99.8% sanitized. The modern, sleek backpack is made from water resistant, eco-conscious materials. It has dedicated padded compartments for a laptop up to 16" and an 11" tablet.

But that's not all - there is an external USB port for easy pass through charging - just bring your own power bank. Additionally, the CBX16UV features a fold-flat, TSA Checkpoint friendly design to make security checkpoints a little easier. For added security it has an RFID protective pocket to keep card skimmers away while you are traveling. Ample padding in the shoulder straps and back panel are designed for all day comfort and the top rubber handle is perfect to grab and go.

V7 Deluxe UV-C Backpack 16"

- Built-in UVC-Sterilizer pocket with auto-shut-off– perfect for sanitizing your everyday items
- TSA-friendly for travel - at checkpoint it unfolds to 90 - 180°
- USB external charging port for easy, pass-trough access to charge your smartphone (powerbank required)
- Lots of storage compartments, plus fits up to 16" laptop in padded compartment and 11" tablet pocket
- Made with high-quality, eco-conscious materials
- RFID protective internal pocket for added security
- Padded, contoured shoulder straps and padded back for all day comfort - plus extra pocket in shoulder strap, trolley handle pass-through
- Dimensions / Weight: 280 x 13 x 480 mm / 860 g
- CBX16UV / CA26036

SSD SOLID-STATE DRIVES

Performance and Reliability
Designed with a cutting-edge controller and the latest in flash memory V7 SSD series provide read and write speeds of up to 7.400 MB/s. Making them faster and more reliable than a standard mechanical hard drive.

Fully integrated Data-protection
• Built-in LDPC ECC provides the most vigorous data correction level available.
• Data shaping means greater endurance.
• StaticDataRefresh bolsters data integrity
• Global wear-leveling provides increased stamina

Energy Efficiency
Improves battery life because it's more energy efficient than a typical hard drive.

Available in a range of capacities
Multiple different capacities from 120 GB to 2 TB with space for applications or mechanical hard drive replacement.

Rugged
Shock- and vibration-resistant for rugged reliability when used in notebooks and other computing devices.

NETWORK RACKS

V7 Rack Wall Mount 12U - Vented or Glass Door Enclosure

- Fully adjustable mounting rails and numbered U positions, with square holes for easy equipment mounting
- Optional casters can be installed for the option of rolling on the floor or under desks for versatility
- Removable top and bottom cable panels for a streamlined appearance
- High-grade, cold-rolled steel 22,5 kg cabinet / 450 x 600 x 635 mm / 90,7 kg weight limit
- RMWC12UV450-1E / J154588 (Vented)
  RMWC12UG450-1E / J154583 (Glass Door)

V7 42U Rack Mount Cabinet Enclosure

- Fully assembled, locking 42U cabinet with vented front door and rear split doors
- Adjustable mounting rails and numbered U positions and square holes for easy equipment mounting
- Easy-access removable side panels and removable top and bottom cable panels
- Integrated cable management throughout the cabinet
- High-grade, cold-rolled steel 120 kg cabinet 1070 x 600 x 2055 mm
- 1.400 kg weight limit
- RMEC42U-1E / J153374

NETWORK SUPPLIES

V7 Rack Mount 4 Fan Tray

- Fan kit includes solid steel tray with 4 fans and AC power cord
- Provides extra airflow to help reduce heat build-up and prolong the life of the rack mounted equipment
- RM4FANTRAY-1E / J153393 (EU)

V7 Rack 2 Fan Set for Wall Cabinet EU/UK

- Provides extra airflow to help reduce heat build-up and prolong the life of the rack mounted equipment
- Installs easily to ceiling of V7 Wall Cabinets
- Powerful, quiet ball bearing fans with 40-44dB noise level rating
- RM2FANS-1E / J154584 (EU)
  RM2FANS-1K / J154582(UK)

V7 Rack Mount Shelf 2U Vented

- Can hold up to 30 kg
- Allows equipment not designed for rack mount to be used with 19" rack mount
- Vented for effective air flow
- Mounting hardware included
- RMSH2UV-1E / J153382

V7 Rack Mount Universal Rail 1U

- Adjustable Depth Rail for rack mount
- Allows equipment not designed for rack mount to be used with 19" rack mount
- Durable cold rolled steel material fits any 4 post rack mount
- Open design with rear cable management
- Mounting hardware included
- RMUR1U-1E / J153378

V7 Horizontal Cable Management

- Organizes cables on any 19" compatible racks
- Reduce cable clutter
- Easily run cables through with bendable finger ducts
- Mounting hardware included
- RMHCMS-1E / J153375

V7 Rack Mount Brush Panel 1U

- Organizes cables coming in and out of rack cabinet
- Keeps proper airflow circulation and dust and dirt out of your rack
- RMBRUSH1U-1E / J153377

V7 Rack 1U Blank Panel 10 Pack

- 10 Blank Panels for rack mount
- Adds cosmetic appeal to fill rack
- Keeps proper airflow circulation and dust and dirt out of your rack
- RMBLANK1U10-1E / J153373

Rack Casters Set of 4

- Enables V7 Wall Cabinet Racks and Charging Stations enclosures to be mobile
- Installs easily to bottom of V7 racks
- RM4CASTERS-1E / J154585

V7 Rack Mount 20 Pcs Extra HW

- Compatible with all square hole racks (EIA 310D)
- RMHW20-1E / J153383

V7 SNMP Network Card for V7 UPS 1500VA/3000VA Rack Mount

- Allows control and monitoring of multiple UPS systems from one computer
- Real-time dynamic graphs of UPS data (voltage, frequency, load level, battery level)
- Warning notifications via audible alarm, broadcast, Email and SNMP traps
- Historic event data log
- Password security protection and remote access management
- UPSSNMP1-1E / J153953

V7SEVEN

UPS SYSTEMS

When safety and performance are paramount, V7 UPS systems are the first choice.
They provide uninterruptible power for mission-critical hardware in server rooms, data centers, and other critical systems, and protect against costly equipment failures or data loss in the event of power outages, voltage drops, and other power supply problems.

V7 1500VA Single Phase Double Conversion On-Line UPS

- High-efficiency "green mode" achieves 98 percent efficiency
- Graphical LCD display - Intuitive interface provides detailed and accurate information with ability to configure locally
- Embedded network management card for remote monitoring and control of the UPS via Ethernet connection.
- ViewPower monitoring software for viewing, controlling, and monitoring your UPS systems and automatic shutdown.
- UPS2URM1500DC-NC / CA08357

V7 UPS 750VA Desktop

- Simulated Sine Wave Output with 6 Outlets (3 battery backup, 3 surge only)
- Convenient and compact desktop design with touch screen LCD
- Efficient and eco friendly power.
- USB connectivity to your PC for optional advanced monitoring and control
- Audio & visual alarms for immediate warning of battery, load and other issues
- UPS1DT750-1E / J153410 (EU)
  UPS1DT750-1K / J153412 (UK)

V7 UPS 600VA Desktop

- Simulated Sine Wave Output with 4 IEC Outlets (4 battery backup and surge protected IEC)
- LCD Indicator and Audible Status Alarms
- Automatic Voltage Regulation (AVR) instantly corrects voltage fluctuations
- Incl. UK and EU power cords and 2x IEC320 C14 (M) to C13 cables
- UPS1P600E / CA08356

V7 UPS 1500VA Tower EU

- Simulated Sine Wave Output with 8 IEC Outlets
- Boost AVR automatically adjusts for under-voltage ensuring stable power and longer life batteries.
- Energy efficient design
- USB connectivity to your PC for optional advanced monitoring and control
- Audio & Visual alarms for immediate warning of battery, load, and other issues
- UPS1TW1500-1E / J153797

V7 UPS 1500VA Rack Mount 2U EU

- Pure Sine Wave Output with 8 IEC Outlets
- Boost and Buck AVR automatically adjusts for under-voltage and over-voltage ensuring stable power and longer life batteries.
- ECO (Efficiency Corrective Optimizer) for energy saving and EPO function (Emergency Power Off)
- Programmable power management outlets maximize backup time to critical devices
- Audio & Visual alarms for immediate warning of battery, load, and other issues
- UPS1RM2U1500-1E / J153411

V7 UPS 3000VA Rack Mount 2U EU

- Pure Sine Wave Output with 8 IEC Outlets
- Boost and Buck AVR automatically adjusts for under-voltage and over-voltage ensuring stable power and longer life batteries.
- ECO (Efficiency Corrective Optimizer) for energy saving and EPO function (Emergency Power Off)
- Programmable power management outlets maximize backup time to critical devices
- Audio & Visual alarms for immediate warning of battery, load, and other issues
- UPS1RM2U3000-1E / J153798

V7 SEVEN

UPS BATTERIES

High quality replacement V7 UPS batteries are made from the highest quality cells available. They incorporate all of the standard logic boards, thermal protectors, thermistors, and circuit breakers to ensure maximum safety, reliability and efficiency. Our wide selection is fully compatible with UPS products from major manufacturers and meets or exceeds original OEM specifications to provide long lasting quality.

- Complete plug & play kit includes all new cables, connectors and chassis
- Built with quality components for peace of mind
- Maintenance free leak proof sealed lead acid battery
- Expected battery life of 3 - 5 years, depending on UPS
- 18 months warranty

SURGE PROTECTORS

Protect your home/office electronics with V7's superior line of durable and strictly tested surge protectors. Ranging from 5 to 6 outlets, V7 surge protectors offer up to 1.050 Joules of protection and feature EMI/RFI filtering, along with a 20 years warranty. Pls. note that V7 Surge Protectors are only available with Schuko outlets.

• EMI/RFI noise filtering for optimized performance

• 20 years warranty with connected equipment assurance

• Master power switch for smart power management
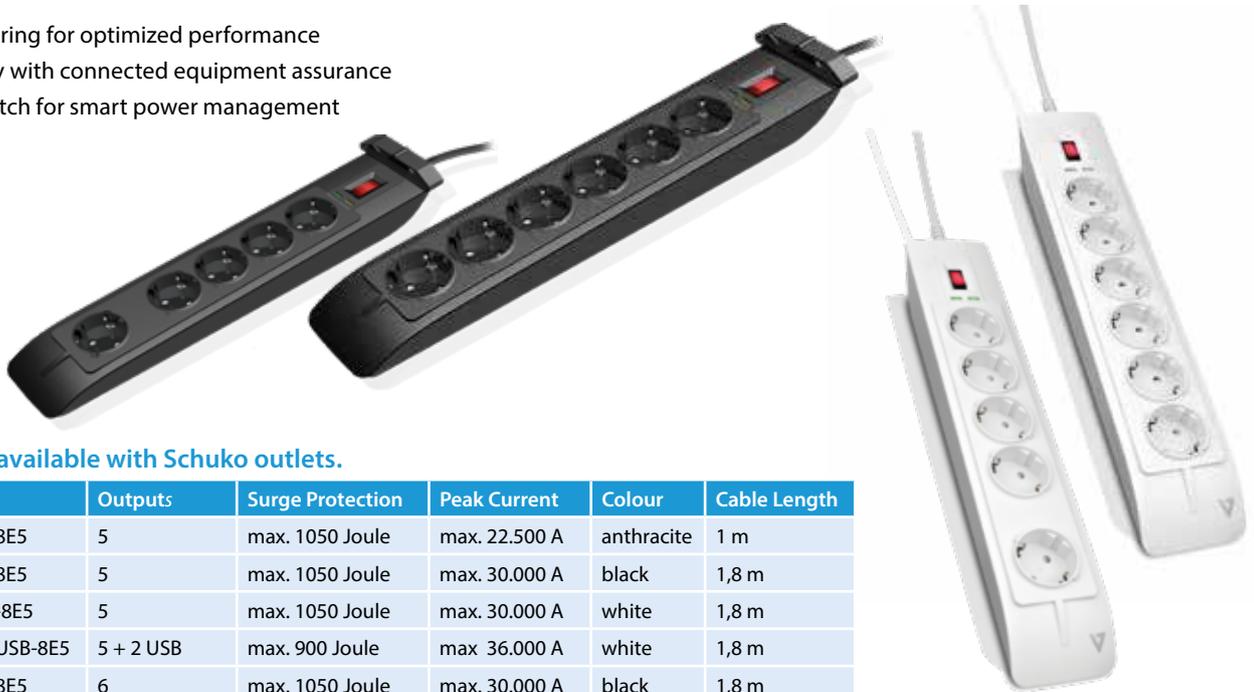

Please note, only available with Schuko outlets.

ROTATING WALL CHARGER

The Rotating Wall Charger from V7 is perfect at home or on the road. Featuring an AC Outlet, USB-C and USB ports, its sure to charge all your devices, and the 180° Rotation allows access to other wall outlets. It's portable and light, perfect for travel. It also has 400J Surge Protection, so you know your devices are safe.

• 2 USB charging ports and 1 USB-C port for the latest mobile devices

• Charge multiple devices at the same time while keeping the AC Outlet available

• 180° Rotation allows access to other wall outlets

• 400J Surge Protection/Over-charge/ Current/Voltage protection

• Portable and light - perfect for traveling

• PWUSBCEU / J154070

NETWORK CABLES

V7 network cables are the perfect addition to your network at an unbeatable price-performance ratio in best brand quality. Reliability and first-class quality is guaranteed by strict production controls.

In addition, all network cables offer a lifetime warranty against material and manufacturing defects and ensure worry-free use.

CHARGER / CHARGING CABLE

V7 65 W USB-C PD GaN AC Charger

- 65W total output, dual USB-C ports
- USB-C Power Delivery, intelligent power sharing
- High-performance Gallium nitride (GaN) technology
- Interchangeable UK, EU and US plugs
- ACUSBC65WGAN / CE05312

V7 20W USB-C PD Wall Charger with Lightning Cable

- Travel-Ready Charging
- Fast charge your iPhone or iPad straight out of the box
- Includes a 1m MFI certified USB-C to Lightning Cable
- 20W Power Delivery
- ACUSBC20WPD-BDL-1E / CA80699

VSEVEN

TRUE
to the Original

Replenishment of the products your devices consume is necessary, but doesn't have to be costly. V7 Replace products offer serious value with uncompromising quality, leading selection and significant cost savings. Your printers, copiers, projectors and notebooks work hard for you; keep them properly provisioned with budget-friendly V7 Replacement products.

Find all V7 Replacement products quickly and easily with the **Product finders** at **www.V7-world.com**.

Upgrading the memory in your server, desktop or notebook is one the most cost effective ways to boost performance.

Memory upgrades are quick and easy to install. Adding extra memory ensures that the operating system and applications run faster and smoother and is essential for applications such as gaming, HD video and image editing, graphic design, multi_tasking and manipulating large amounts of data. Upgrading is also an easy way of extending the life of your system

• Improve System Performance
• Designed for compatibility
   with various makes and models
• Easy Installation

NOTEBOOK BATTERIES

V7's high-quality replacement notebook batteries are made from the highest-quality cells available and incorporate all of the standard logic boards, thermal protectors, thermistors and circuit breakers to ensure maximum levels of safety, reliability and efficiency. V7's wide selection is compatible with top-line products from all major manufacturers and meets or even exceeds original OEM specifications to provide longer-lasting quality and no memory effect.

Highest quality on cells, standard logic boards, thermal protectors, thermistors and circuit breakers incorporated to ensure maximum level of safety

Wide Selection

V7 offers hundreds of batteries for all major OEMs.

High Performance

V7 batteries are longerlasting, with no memory effect.

Highest Quality

1-Year Warranty guaranteed

Why V7 Notebook Batteries?

- **Selection** - V7 offers a wide variety of batteries for notebooks from all major OEMs.
- **Pricing** - V7 offers leading price-performance ratio.
- **Dependability** - V7 batteries meet or exceed original OEM specifications.
- **Quality** - They are designed with the finest components available.
- **Performance** - V7 batteries are longer-lasting, without memory effect.
- **Warranty** - Each battery has a 1 year warranty against manufacturing defects.

V7SEVEN

V7 replacement toner cartridges deliver the highest level of quality in the aftermarket industry. Along with the largest selection of compatible cartridges available today, V7 products meet or even exceed original page yields and offer high performance at a fraction of the cost.

Retention samples for every batch kept and retested after 30, 60, 90 days and one year

Proven Performance

All production color- and density- matched to OEM specs using a spectrodensitometer

All cartridges post-tested on actual printers

Proven Performance and Quality - Significant Cost Savings

V7 cartridges are backed by over 40 years of high-performance manufacturing experience from ISO 9000/ ISO 14001 certified state-of-the-art facilities. Toners and key components are carefully selected, matched and verified for optimal system performance before a design is released to production.

After final assembly, every cartridge is tested in equipment like yours prior to packaging. High-strength cartons with protective inserts ensure a safe arrival from our warehouse to your delivery location. Each box contains easy-to-follow illustrated installation instructions.

By using our replacement toner cartridges, you are also helping to protect the environment by keeping reusable, non-biodegradable materials out of landfills.

V7 Toner Finder

You will find the right toner for you and your customers on our homepage:
http://www.v7world.com/uk/products/replacements-upgrades/toner-ink.html

CUSTOMER SERVICE

At V7, we are committed to providing high quality products, but problems can sometimes occur even with the best products. We want to make sure that you are completely satisfied with your product purchase. However, should you encounter a problem, our technical support team makes service and support easy.

Technical Support

Our support team is here to help you. Our product experts will help you troubleshoot problems or give instructions on how to return the product to us.

For the fastest answer - just send us an email:
techsupport@v7-world.com

Service and Repair

Most problems can be easily solved over the phone or by e-mail.
If our call center is unable to resolve your problem over the phone or by email, the employee will refer you to our service by providing you with a return or repair number. Edging service and repair methods depend on the respective product.

The call center agent informs you how you can pack the defective unit and send it to the responsible service center for repair.
