Why use a HOLSTER ?

Express delivery companies, postal services, warehouses and logistics centers are faced with intensive use of their device preparation and shipment parcel orders increase.

Operators, delivery drivers daily life have to be simplified to maintain a good productivity.

Selecting the good portability & ergonomic accessories, will improve warehouse efficiency and « the delivery last mile ».

By protecting against drops, shocks, vibrations and Damage, we help you save time and money on the devices maintenance.

- Our Holsters guaranty simple, easy and quick access to the terminal:
Easy IN & OUT to improve user productivity.
- Shoulder straps and portability accessories on the neck or shoulder to facilitate handling and avoid falls!
- Hand, arm, thigh:
Solutions adaptable according to the device and use!
- Use Clips Systems to transport the scanners wherever you need !
Adapted to Belt, car , truck , forklift , office, bike, moto...

We offer a large choice of portability systems for your barcode scanners, payment terminals, smartphones and tablets.

Save tile and money with MOBILIS®

PROTECTIVE CASES

Why use a PROTECTIVE CASE ?

Maintain the device durability during intensive use is essential by adding a protective case to the rugged cases.

Our protective cases are approved to and respond to military standards (MIL STD ...). This norm on our cases protect devices against drops, shocks and vibrations, and avoid heavy maintenance costs.

Our promise: « help you save time and money on maintenance by minimizing downtime ».

A large ergonomics and portability accessories offer, is proposed to facilitate daily use : shoulder strap, hand strap, wearable, vehicle holders, screen protectors...

OUR TAILORED EXPERTISE TO SERVE YOUR BUSINESS

For 28 years, we have been experts in the design and manufacture of mobile protective solutions for datacapture terminals. Let our know-how, benefit your productivity, with the most qualitative materials and functionality.

With 2 factories in France, and an integrated R&D department, MOBILIS® can offer you a wide range of customization possibilities : logos, colors, portability options... MOBILIS® can adapt our products to your business use, and to all the criteria of the user's environment.

CUSTOM MADE

Various customizable options to adapt to your needs : logo, colors, portability options, materials...

DEDICATED SOLUTIONS

Each of our products are designed according to the model of the device, its functionalities and its complementary accessories.

SUSTAINABILITY

Our products are designed with materials scrupulously selected by our R&D teams for their quality.

A COMPLETE OFFER

Our solutions are sold in complete kits with the necessary accessories.

TOTAL COST OF OWNERSHIP

Protecting your device means reducing the risk of breakage, and therefore the cost of repair. It also means improving the productivity of your users. We help you. Save time and money

A FRENCH COMPANY

Our 2 factories in France and our integrated R&D center allows us to control the entire production chain. From design to conception.
