iPhone Compatible :

Via an appropriate Apple® certified AV adapter, the videos/audios and photos on an iPod®/iPhone® can be performed by the projector for a high quality enjoyment of portable entertainment.

Remote Desktop :

With the projector connected to the LAN, Remote Desktop function allows user to remotely access any PC, which is connected to the LAN and displaying the desktop image over LAN, by the USB mouse and keyboard plugging in the USB ports of the projector.

Smartphone Projection (MobiShow),

w/o HD Video:

Allows a wireless projection from a WiFi smart phone (Windows Mobile 5.0 above and iPhone), no matter the screen content projection (Full screen or 4-to-1 split screen, Windows Mobile only), photo browsing or even the PowerPoint slide show (via an utility to convert ppt file into ptg file format).

True24p :

The projector can display a true 24 fps/1080p video content from a Blu-ray Disc (BD) player via HDMI interface.
