Bosch – A brand you can trust.

“I would rather lose money than trust”, the philosophy of company founder, Robert Bosch, continues to guide Bosch in developing high-quality products and assuming social responsibility wherever it operates. True to the brand’s philosophy “Invented for life”, Bosch will continue to offer consumers quality and perfect technology for a better life.

Design

Every detail of every appliance has been carefully designed, where everything just matches perfectly and makes your time spent in the kitchen as enjoyable as possible.

Quality

Bosch appliances offer premium quality, outstanding German made and engineered technology and have been produced and tested by our engineers to fully satisfy the highest of standards.

Performance

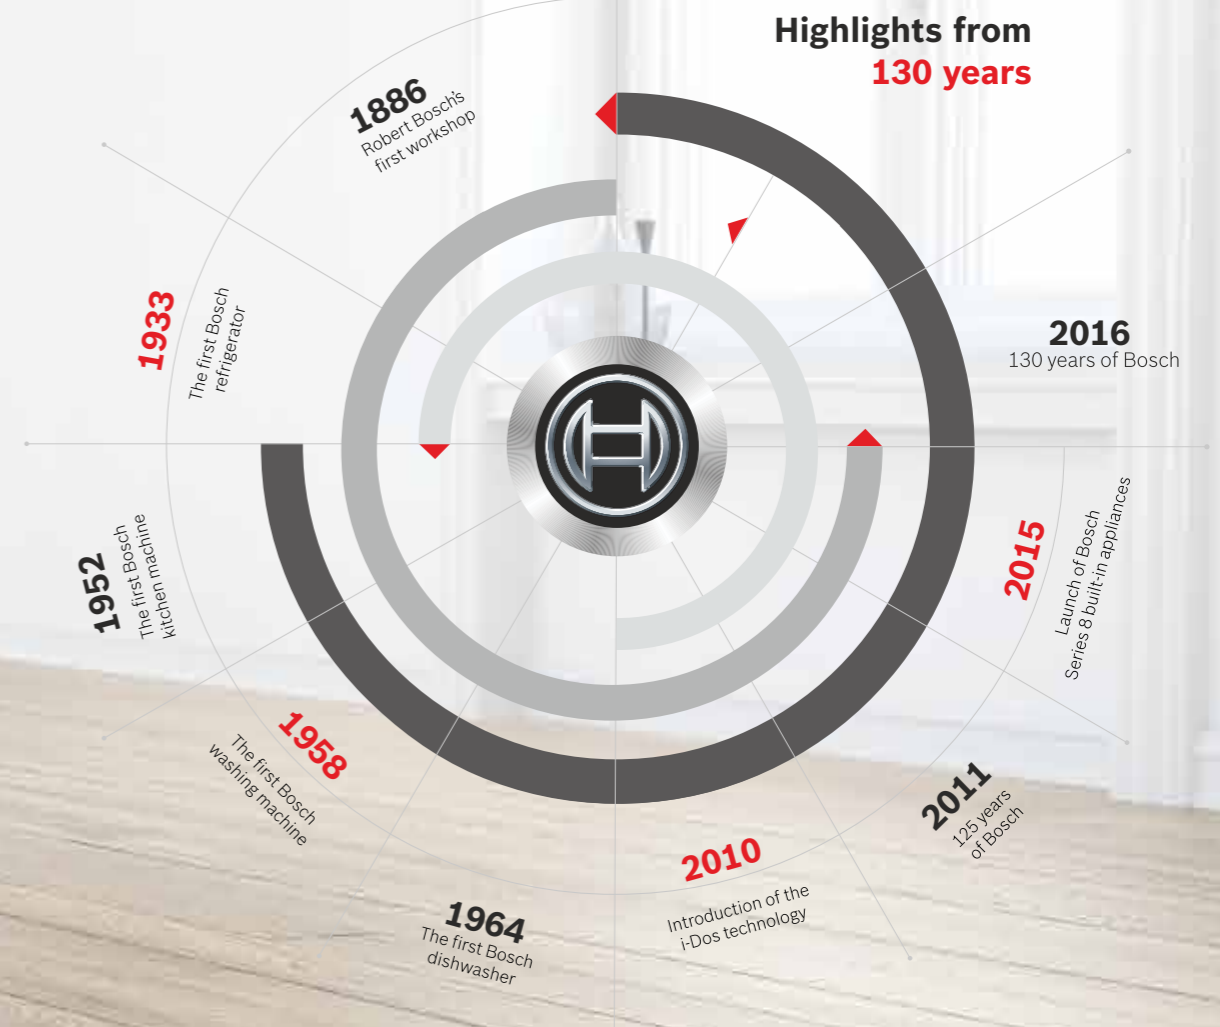

Visionary and unique : Experience a new standard of bagless vacuum cleaning with SensorBagless™ Technology from Bosch.

We are Bosch.

The beauty of German craftsmanship and design, perfectly showcased by Bosch over 130 years.

We are motivated by the desire to develop products that are “Invented for life,” that spark enthusiasm, that improve quality of life, and that help conserve natural resources. Our “We are Bosch” mission statement reflects this. It summarizes our values, our strengths, and our strategic orientation.

The mission is based on seven central values, which shape our corporate culture – ranging from a focus on the future and earnings to cultural diversity. Responsibility and sustainability are part of this set of values and thus of our actions.

* Dust pick-up in comparison to a 2400 watt vacuum cleaner (BGL32400) on carpet and hard floor with crevices. Tested according to EN 60312.

** Operation time varies depending on the model and speed setting selected.

Flex your creative muscle with the Bosch powerful kitchen machine.

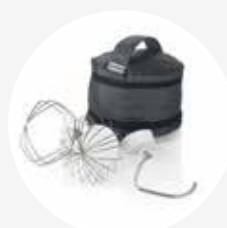

The powerful kitchen machine in a wide array of colours for versatility when cooking and baking.

Easy Arm Lift: Changing mixing tools should be as convenient as possible. The EasyArmLift provides extra comfort for your cooking and baking ideas. Just press the button, and the EasyArmLift lifts up by itself. This is not just simple, it's faster too.

Large 3.9L stainless steel bowl: You can't tell the ideal bowl by its size only. For best results, the inner shape of a bowl and the tools are aligned with each other. The high-quality 3.9 l stainless steel bowl is suitable for small amounts as well as for easy processing of up to 2.7 kg of cake mixture and 1.9 of yeast dough.

Accessories can be stored: You won't need to worry about finding the accessories or how to organize and store them anymore thanks to the accessory bag. The patisserie set is simply placed in the handy accessory bag after use. Along with the disks. The accessory bag can be stored directly in the bowl, so it is always at hand near the kitchen machine.

Automatic stand-by setting of tools for easy filling of bowl: The automatic parking position makes room when you need it. The dough tools automatically switch to a position at the back of the bowl. This makes it easy to fill the bowl at the front.

The perfect all-rounder.

Food processors are more compact than kitchen machines and feature multiple accessories for amazing versatility – excelling particularly in tasks such as chopping, slicing, mixing and dicing.

It comes with an extensive range of accessories, giving you everything you need whether you are cutting, grating, mixing, pureeing or whipping cream.

Easy cleaning thanks to dishwasher-safe accessories. Cleaning after preparing food usually takes time. Now cleaning up has become even easier. The accessories are usually dishwasher-safe and ensure easy and convenient cleaning in the dishwasher, which saves a lot of time.

1250 watts of power, various speed settings plus a pulse setting ensure that there is plenty of power for every function in every area.

Simply healthy living.

Bosch has developed home appliances that support you in living your life healthier with all the nutrients you wish to have. With our intelligent solutions for healthy preparation methods, it becomes very easy to pay attention to a healthy diet.

All plastic parts that come into contact with food are BPA-free. Thanks to the BPA-free plastic, it is ensured that you prepare your food healthily and safely.

Simple operation - variable speed and pulse level. Different ingredients require different mixing speeds. With just a single button you can adjust the speed. When high speed is required at intervals, you can use the pulse function. The ingredients are then mixed according to your needs.

The thick-walled, high-quality ThermoSafe glass container is perfect for hot soups or cold drinks, so there is no risk of breakage. You can therefore mix in a relaxed manner and enjoy delicious soups or ice-cold cocktails.

No more loud mixing noises. This Bosch stand mixer is optimized for pleasantly quiet operation. Thanks to the innovative Noise Reduction System, which optimally combines speed, container design and blade shape, all types of ingredients are mixed almost silently.

5 Speed setting: Everything under control at all times - thanks to five speeds you can process any recipe to the desired consistency. From slowly stirring in the ingredients to whipping egg whites at maximum speed. The turbo function gives you extra power when you need it.

Ergonomic design: Effortless mixing with maximum convenience. Thanks to the ergonomic handle with non-slip soft-touch surface, the device lies securely and relaxed in each hand. So you have full control at any speed. The lightweight housing is comfortable to hold and makes mixing easy and less tiring.

Stainless steel kneading and whisking accessories: Mixing, beating and kneading is faster with high-quality stirring tools. With the stainless steel turbo whisk you can easily whip cream or egg whites and prepare cake mixes. The sturdy dough hooks are perfect for processing hard ingredients, such as B. bread. Baking is fun this way!

Practical eject button to change tools: The stirring and kneading tools can be conveniently ejected with the eject button and a simple touch. Just press briefly and you can change the stirring tools or put them in the dishwasher after mixing.

Anyone can cook on the go!
Quickly and easily prepare a variety of dishes with AutoCook.

• **48 pre-set programmes**

You can pre-set the perfect temperature and cooking times for your favourite meals, and even store your own recipes.

• **Autocook App**

Start creating amazing meals right out of the box with the free AutoCook recipe book and discover simple but delicious food from around the world.

• **How simple is the AutoCook to use? It's as easy as 1, 2, 3...**

1. Choose the programme type
 2. Set the cooking time
 3. Press confirm
- And away you go!
You're cooking already.

Drink yourself fit! Healthy has never been so tasty and simple.

The VitaJuice works on whole fruits without the need for pre-cutting: quick, easy to use and clean.

Usually, cleaning after preparation takes time. But not with this juicer. The parts are dishwasher safe and can be easily cleaned in the dishwasher.

Pre-cutting fruits and vegetables for juicing takes time. Now you can juice whole pieces of fruit yourself quickly and easily. With the XL feed chute, with a diameter of 73 mm, you can put fruit and vegetables straight into the juicer - without pre-cutting.

Enjoy a clean work surface while squeezing fruit thanks to the DripStop function. The spout is designed so that you can pour the juice easily without spilling anything. Your work surface stays clean even after juicing.

Enjoy preparation with peace of mind! All plastic components that may come into contact with food are BPA-free. Thanks to BPA-free plastics, food preparation is guaranteed healthy, safe and comfortable.

Breakfast with Bosch – the perfect way to start your day.

It's great when the most important meal of the day is also the most delicious. Thanks to their innovative technology, our coffee machines, toasters and kettles turn the best ingredients into an outstanding breakfast.

As functional as it is stylish.

Four digital temperature settings and a keep warm function ensure that every drink tastes just as you want it. Save time and energy with rapid boil and one-cup heating.

Perfect toast every time.

Using a quartz glass element and mirror heating means heat is distributed evenly. Add in an electronic auto heat control and you've got consistent toasting every time.

Now you can tackle creases powerfully, safely and easily.

Bosch wants to make ironing as pleasant as possible for you. That's why every Bosch ironing appliance includes not only high-quality materials but also plenty of technical innovations to make your housework easier. While producing outstanding results in terms of laundry care, easy operation and safety. Discover Bosch quality that's 100% reliable.

High wattage: With a high wattage, your appliance heats up particularly quickly and gives you a performance that ensures excellent ironing results. Within a very short period of time, you have the full capacity and performance of the appliance at your disposal to combat even stubborn creases.

Calc'nClean: The 3AntiCalc function, as the name implies, is a threefold function comprising SelfClean, Calc'nClean and a built-in AntiCalc System. It effectively prevents the build-up of limescale in your appliance and reliably increases the service life of your Bosch iron.

PalladiumGlisse soleplate: The tough and durable soleplate allows to glide particularly freely over all fabrics. The optimal steam distribution ensures perfect ironing results thanks to the intelligent and innovative arrangement of the steam channels.

Ergonomic design: Soft touch grip, thumb rest and large buttons for maximum comfort during ironing.

Guarantee Conditions*

- a) Coffee machines, kettles, toasters, irons, hand mixers, slicers, rod mixers.
Carry in appliances to BSH or dealers stores
Total guarantee: 1 year from date of purchase
If faulty appliances cannot be repaired, the appliance will be replaced.
- b) Automatic espresso machines, kitchen machines, vacuum cleaners.
Carry in appliances to BSH or dealers stores.
Total guarantee: 1 year full guarantee for all parts and labour.
1. A guarantee claim ceases once repair or work is undertaken by a person not entitled by BSH to do so or if the appliance is provided with spare parts, attachments or accessories that are not original, therefore causing damage.
 2. The guarantee is given in such a manner that defective parts are repaired free of charge or – and this is BSH choice – replaced by perfect parts.
 3. A claim under guarantee does not cause an extension of the guarantee period nor does it start a new guarantee period.
 4. If BSH refuses repair or repair fails and the end user so requires, a replacement of equal value is supplied free of charge within the above guarantee period.
 5. These conditions of guarantee are applicable to appliances purchased in South Africa. If appliances are taken abroad and meet the technical requirements (e.g. voltage, frequency, type of gas etc) of such country while also being suitable for the respective climate and environmental conditions, these terms of guarantee are applicable only if BSH have an approved customer service network in such country.

The beauty of German engineering and design, perfectly showcased by Bosch over 130 years.
