### Flamin' Groovies - Now Vinyl

The Flamin' Groovies played a major role in the evolution of power pop and are considered a forerunner of punk rock. Flamin' Groovies "Now" isn't quite as cohesive as "Shake Some Action", the album that preceded it, but in many respects the band sounds at once tighter and more relaxed, with some time on the road firming up the rhythm section while giving the songs a bit more room to swing (which wasn't one of the strong suits of the British Invasion bands that provided their aural template)

### Great Lakes - Contenders Vinyl

Elephant 6 related artist Great Lakes return with a new psych-rock-folk album Contenders. Their 7th album since 2000.  
Contenders, the band's seventh album, finds Crum basking in a keen sense of roots-y psychedelic Americana that recalls the fertile grounds of Upstate New York. Yet the music itself is a warm, sunny soundtrack that brings to mind road trips across the dusty Midwest and miles of nothing in between. Fans of Built To Spill, My Morning Jacket, and Deserters Songs-era Mercury Rev will love Contenders.

# COLIN JAMES

## OPEN ROAD

Release Date:  
CD- November 5<sup>th</sup> 2021  
LP - February 18<sup>th</sup> 2022

With a vault full of songs written over the past two years, both on the road and then in lockdown, it was a tough choice to select just 13 for this album. Colin James and his co-producer Dave Meszaros managed to set up three full band sessions in Vancouver for recording, and the rest was done remotely through pandemic lockdowns using studios on both sides of the Atlantic. The result is a stunning album that captures the magic that musicians can do when given the time and space.

Platinum-selling artist Colin James has over 655K weekly YouTube Channel Views, 167.5K monthly Spotify listeners, 9.7K monthly Pandora listeners and 5.8K fans on Deezer, demonstrating his enthusiastic international fanbase. He is a 7-time JUNO Award winner and received 15 career nominations. He has won 27 Maple Blues Awards and is both a Canadian Music Industry Hall of Fame inductee (2014) and Western Canadian Music Hall of Fame inductee (2016).

Open Road was mixed at the iconic Abbey Road Studios in London, UK.

## Tangent - Tangent Vinyl

Rough 'n' ready traditional Heavy Metal from Australia. (Ex) Convent Guilt, Outcast, Demons Gate.

Three wild dogs! Four wild tracks!! Locked down, loaded up, ready to explode: this is the first recording from Melbourne's TANGENT, heavy metal from north of the river. Despite their newness, their sound is definitely OLD. It's all familiar, but recast in a refreshing manner, like a lost Heavy Pettin' recording found in the Eastern Bloc or if Saxon had shared a practice space with Omen.

## Tension - Decay Vinyl

Traditional Heavy Metal with a melancholic edge, influenced by the NWOBHM and Swedish 80s Metal.

Hailing from Leipzig, Germany's TENSION's influences were firm: the First Wave of Swedish Heavy Metal, including the likes of Gotham City and Heavy Load, the always-eternal NWOBHM; heavy metal from the Eastern Bloc and different kinds of punk music, Their debut album is pure heavy metal, through and through, with juiced-up hard rock, and the power is always in abundance but never overbearing.

**Vicious Knights - Alteration Through Possession** Vinyl

Greek Death/Thrash three-piece with its savage debut album.

VICIOUS KNIGHTS is an old-school death/thrash metal band, screaming from Thessaloniki, Greece. "Alteration Through Possession" indeed transforms the listener... Like a trip back to 1987, VICIOUS KNIGHTS live up to their moniker by invoking the old spirits of early Kreator, Destruction, Possessed, and Sepultura, combining more devotedly horror-specific lyrics with absolutely ass-ripping DEATHRASH.

## Tangent - Tangent **CD**

Rough 'n' ready traditional Heavy Metal from Australia. (Ex) Convent Guilt, Outcast, Demons Gate.

Three wild dogs! Four wild tracks!! Locked down, loaded up, ready to explode: this is the first recording from Melbourne's TANGENT, heavy metal from north of the river. Despite their newness, their sound is definitely OLD. It's all familiar, but recast in a refreshing manner, like a lost Heavy Pettin' recording found in the Eastern Bloc or if Saxon had shared a practice space with Omen.

"Apolytrosis" is marked by the fire of the unholy cult and carried by its dark atmosphere. Definitely an underground spark that will spread from the Mediterranean island to the mainland like a fire and recruit new followers.

Though equally as gratifying as players like John Lee Williamson, the players on this collection are much lesser known: El Watson, Alfred Lewis...

The recordings on this collection are raw and powerful. It kicks off with a rich and intense version of John Henry by William Francis and Richard Sowell. Ellis Williams and even more so Alfred Lewis take the playing of Richard Sowell even further - they employ more advanced techniques, with the merging of harp and voice. They both have a more developed sensibility.

Psychedelic Doom Metal with catchy songs for fans of Black Sabbath, Crowbar, Saint Vitus, Down...

# Legend

## Limited Edition

This is such stuff as dreams are made of. This is Legend.

After changing the face of science fiction cinema forever with *Alien* and *Blade Runner*, director Ridley Scott turned his visionary eye to the fantasy genre, teaming with writer William Hjortsberg (*Angel Heart*) to create a breathtaking cinematic fairytale with one of the screen's most astonishingly rendered depictions of Evil. In an idyllic, sun-dappled forest, the pure-hearted Jack (Tom Cruise) takes his true love Princess Lili (Mia Sara) to see a pair of unicorns frolicking at the forest's edge. Little do they know, however, that the Lord of Darkness (Tim Curry, in a remarkable make-up designed by *The Thing's* Rob Bottin) has dispatched his minions to capture the unicorns and sever their horns so that he may plunge the world into everlasting night. After Lili and the unicorns are taken prisoner, Jack must team with a group of forest creatures and descend into Darkness' subterranean lair to face off against the devilish creature before it is too late. Despite a troubled production in which the elaborate full-size forest set was accidentally incinerated and a lengthy post-production that resulted in multiple versions of the film (with competing music scores by Jerry Goldsmith and Tangerine Dream), *Legend* has since been restored to Scott's original cut and embraced by generations of film fans eager to see a master director's unique vision of a world beyond our imagination.

### PRESS

"Legend is an impressive technical achievement. Scott is a perfectionist who takes infinite pains to make things look right."  
— Roger Ebert, *Chicago Sun-Times*

"A sumptuous, richly colored feast"  
— Kevin Thomas, *Los Angeles Times*

"A gorgeously packaged and well appointed release of a film that continues to weave its own ineluctable spell in any of its versions. Highly recommended."  
— *Blu-ray.com*

"Legend is a marvel to behold with the sets, special effects and wardrobe that really hadn't been approached for a fantasy based film. It needs to be seen in at least Blu-ray to make out all the little touches that made film fantastical that allowed Ridley Scott to take us to one more other worldly location."  
— *Inside Pulse*

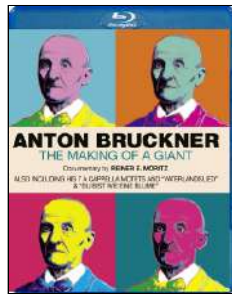

"Arrow has put together a definitive package for fans of the film, with both versions, a superb visual presentation, and a true wealth of extra features to dig into."  
— *Cinapse*

"It's insane how stocked this slipcase is. If you're a fan of Legend, there shouldn't be anything holding you back from picking up this release."  
— *Under The Radar Magazine*

## The Legend Of The Stardust Brothers

Available in North America for the first time!

The lost cult hit has finally made it to North America! Meet the Stardust Brothers, a 1980s Japanese pop duo manufactured by a shady music mogul when he brings together two wannabe stars -- punk rock rebel Kan and new-wave crooner Shingo -- and transforms them into a girl-friendly, silver-jump-suited, synth-pop sensation. Along with their appointed #1 fan, who herself dreams of a music career, the duo rockets to stardom, only to discover that, as the lyrics of one of their insanely catchy songs makes clear, "Once you reach No. 1, you just go down."

An earthquake leaves the California coastline in ruins and reduces the beaches to a state of chaos. A group of neo-Nazis led by Adolf (Brenner), the self-proclaimed "Führer of the new beach", takes advantage of the resulting chaos by fighting off several rival surfer gangs to seize control of the beaches. Meanwhile, an African American oil well worker named Leroy (Harden) is killed by the surf Nazis while jogging on the beach. Leroy's mother, "Mama" Washington (Neely), devastated by the loss of her son, vows revenge. After arming herself with a handgun and grenades, she breaks out of her retirement home and exacts vengeance on the Surf Nazis.

### PRESS

"★★★★ This deeply personal warts-and-all documentary won't tell diehard fans too much they don't already know, but nevertheless delivers a vibrant portrait of a singular filmmaking talent."

—Shaun Munro, *Flickering Myth*

"A loving mosaic to Kevin Smith, The Man Who Would Be King Geek... Ingram's approach is so delicate, that while the usual dirty jokes are being slung about, you'll get blind-sided by something truly sweet, uplifting, and, dare I say, even life-affirming."

—Douglas Davidson, *Elements of Madness*

"Clerk manages to capture the soul of a comic book-loving cinephile who, no matter what stood in his way, managed to overcome and continue down that yellow brick road. Sometimes heart and guts are all one needs."

—Dewey Singleton, *Awards Watch*

"I enjoyed 'Clerk,' the same way that I enjoy dipping into Smith's universe through his movies. Ingram's documentary succeeds at celebrating what is special about Smith, as a person and as a brand."

—Nick Allen, *Roger Ebert.com*

## Dancing Pirate [Special Edition]

Can a dance teacher from Boston dance his way out of a hangman's noose? With help from the mayor's beautiful daughter, he just might!

A dance teacher from Boston (Charles Collins) is tricked into joining a band of pirates, which leads to him being fitted for a noose in California. He catches a break when the mayor's daughter demands the hanging be postponed until he teaches her to waltz, but his problems are only beginning! The Dancing Pirate (1936) received an Academy Award nomination for "Best Dance Direction," and was billed as "The first dancing musical in 100% new Technicolor." Look for Frank Morgan (The Wizard of Oz) as the mayor, and Steffi Duna (Waterloo Bridge) as his dancing daughter. Also, keep a sharp eye out for Rita Hayworth (Gilda) as an unnamed "specialty" dancer. Distributed by RKO Radio Pictures, this mix of comedy and rousing dance numbers was described by the Detroit Free Press as "light, gay, and charming." Watch and see why Charles Collins was compared by one critic to "Douglas Fairbanks in his most acrobatic days."

## Legendary Weapons of China

When the former member of a failing magical kung fu order threatens to destroy the group's reputation an elite band of killers is dispatched.

When the former member of a failing magical kung fu order threatens to destroy the remaining group's reputation through his loud mouth insults and defamatory behaviour, an elite band of killers is dispatched to silence him forever. Though perhaps the golden age of martial cinema had been and gone, this late entry wuxia style film from The Shaw Brothers house of dreams was still able to pack a powerful punch. Written, directed and starring Chia-Liang Liu (The Spiritual Boxer, Spiritual Boxer II), this gloriously fast-paced drama which entertainingly mixes swordplay with hand to hand combat in a fabulously furious rollicking adventure weaves its own special kind of magic.

## The Flag of Iron

Another cult classic from the Shaw Brothers Studio, The Flag of Iron is a quintessential Hong Kong tale of rivals, betrayal and family feuds.

Another cult classic from the Shaw Brothers Studio, The Flag of Iron is a quintessential Hong Kong tale of rivals, betrayal and family feuds. When the master of the Iron Flag clan is killed by a mysterious assassin known only as Spearman, it sets off an explosive chain of events which pits two brothers against each other in an action-packed adventure of fist flying fury. Directed by Cheh Chang (The One-Armed Swordsman, Five Venoms), this kinetic and highly influential Kung Fu picture, mixes traditional storytelling with more modern presentation techniques, layering acrobatics, the use exotic weaponry and quick as lightning fight sequences to produce a sure fire entertaining hit, which no serious collector of martial arts movies can be without.
