

Welcome

Dear entrants, judges, volunteers, and fellow hobbyists,

Welcome to the 25th Anniversary North American National Model Horse Show! We are delighted to have each of you involved with this event and are looking forward to three great days of competition. We are excited to bring NAN back to life after a four year hiatus. We hope that during the next three days you will revel in the strong competition and enjoy the camaraderie only this hobby can provide.

Many of you have volunteered to help make this event memorable, and we appreciate all of you who are serving as judges, ring stewards, announcers, ribbon runners, photographers, scribes, door guards, and data entry wizards. Thank you—Without you, none of this could happen.

In this program, you will find a complete list of entrants by state, along with a complete set of class lists and judging pools by division and day. This will be your guide to the action, which starts at 7:00 am Tuesday morning when the show hall opens for the first time for this year's NAN. Our goal is to present a memorable model horse nationals, with strong judging and competitive classes, and to foster an environment of spirited and collegial competition. We hope you enjoy each other's company as much as the action in each ring and take as much pride in your hobby friendships as in your placings.

Elizabeth Victoria Bouras

(1961-2022)

"Forever, Liz. Forever. You will forever be in our hearts through your gracious memory and the shelves of beauty you created for us. Treasured as you were in life, we shall treasure your legacy and steward it with love and faithfulness."

With many thanks to Sarah Minkiewicz-Breunig and Paula O'Keefe for permission to use this quote from their article, "Elizabeth Bouras: Model Horse Hobby Legend," in the Breyer Collector Club Newsletter, Summer 2022.

Fifteen classes at this year's North American Nationals are sponsored in Liz's honor. Honor, not memory, for while we treasure our memories of Liz, we honor her forever. Thanks to Kristen Arendt, Kate Cabot, Lesli Kathman, Beth Lamm, Elaine Lindelef, Heather Malone, Mares in Black, Carra McClelland, Jackie Arns Rossi, Rachel Allen Stacy, and Eleanor Harvey for making sure Liz's name rings through the NAN Show Hall on all three days in 2022.

Forever our love, Liz. Rest in peace.

IN MEMORIAM

PAT COULTER

1971-2020

Pat was a 1989 graduate of Union High School, a high ranking Girl Scout receiving the Gold Award and a 1993 graduate of Virginia Intermont College in Bristol, Virginia where she received a B.A in Equestrian Studies. Pat's passion was horses and grew up collecting Breyers. She put her hobby on hold to pursue real horse hunter jumper dreams. She eventually returned to her hobby and served multiple terms as region 9 NAMHSA Representative and one term as NAMHSA President. She became a tack maker for model horses, specializing in English competition tack. She managed several stables and leaves behind her horses Dallas and Beamer, along with her cats Gidget, Jake and Boo.

Pat's Mom and Sister will be at the Clarion selling some of her model horses. A portion of the sales will be donated to Pancreatic Cancer Research.

A Letter From the Board

- By Eleanor Harvey
2022 Parliamentarian

Dear Model Horse hobbyist, artist, enthusiast, and supporter,

This year marks the 25th North American Nationals Model Horse Show (NAN). NAN was conceived as a way of creating the largest, most comprehensive live model horse show on this continent, an event that helped fulfill the dream of bringing together some of the finest model horses in a competitive environment. NAN was envisioned at a time when we used snail mail and physical newsletters to communicate, and most of us had never actually met each other in person. NAMHSA, the North American Model Horse Shows Association, was founded by a group of hobbyists eager to facilitate a virtual and literal network of like-minded people—who have in so many cases become best friends, confidantes, and extended family.

The internet was in its infancy when NAMHSA and NAN were created. There was no FaceBook; many of us had just signed up for our first email accounts. The organization literally came of age in tandem with the internet and social media.

The first NAN in 1995 was very much an exercise in faith. No one really knew how many people would show up; what a show of this scale and magnitude

would be like, and whether it would be possible or desirable to replicate it. Breyerfest was the logical site for proof of concept: it was and still is a magnet for multiple branches of the hobby, an event many of us circle on our calendars as soon as the dates are announced. It was a smashing success in so many ways—we met each other in person, saw legendary models up close (instead of in black and white photos in newsletters and JAH), and realized that we had found our people.

Looking back on these first 25 years, several things stand out.

In an effort to make NAN more accessible, NAMHSA alternated hosting NAN at Breyerfest and the Model Horse Jamboree in California. When Jamboree folded in 2002, NAMHSA began a system of vetting Independent NAN proposals, ultimately hosting this event in Las Vegas, NV; Mesquite, TX; Portland, OR; Tucson, AZ; Harrisburg, PA; and Palm Springs, CA. Doing the research, writing the bid, and organizing an independent NAN

is an extraordinary amount of work—and everyone involved in the process, whether the bid was successful or not, deserves a lot of credit for being part of that process.

Here's to another
25 years of challenges
encountered, met,
and surmounted.
Together.

For years the major fundraiser for NAN was a live auction that disproportionately depended on the extraordinary generosity of hobby artists who donated their work. It was clear that NAN was not covering its costs without this significant infusion. The year NAMHSA separated the NAN Auction from the NAN budget made that abundantly clear, and it should come as no surprise that every year NAMHSA loses money on this event. NAMHSA re-thought the auction format, and began working on alternative fundraising models.

This year's extraordinarily successful fundraising drives to sponsor classes and entire divisions is one avenue for addressing this shortfall, but developing new ideas for fundraising will be a key part of the future of NAN and NAMHSA.

It takes a large village-- really a small army-- to keep something going for a quarter century. NAMHSA has benefitted from a steady stream of volunteers willing to serve on the board, on committees, to organize and staff NAN, and to come up with the ideas that keep the organization flexible and relevant. It isn't always an easy task, and at times it is thankless. But this year's NAMHSA Board is grateful for the dedicated hobbyists who have devoted time and energy over the last 25 years towards realizing these goals. And we encourage everyone to consider finding ways to contribute to the next quarter century, responding to the trends within the hobby, suggesting new ideas to streamline processes, and ultimately find ways to keep bringing all of us

together, from local live shows and get-togethers, to destination shows, regional shows, and Nationals.

Over the last twenty five years the model horse hobby has grown exponentially. In 1995 it seemed like a fantasy come true that some of us would gather in Kentucky, bringing our best models, and participate in a national show. We now come with models designed or made by our own artists in plastic, resin, and china; props and tack that are routinely mistaken for full-scale work, and each year we challenge each other to be more creative, more innovative, and more ambitious. And for all of the challenges we encounter throughout the year, it's a thrill to walk into the NAN Show Hall and marvel at what we have all accomplished.

Here's to another 25 years of challenges encountered, met, and surmounted. Together.

Thanks to everyone who has been part of NAMHSA and NAN thus far, and to everyone willing to be part of its future growth. We do this for all of us.

With very best wishes,

The Board of Directors of the North American Model Horse Shows Association, 2022.

A Look Back at NAN

- by Elaine Lindelef, June 2022

In 1994 a group of hobbyists who chatted regularly online through a model horse email list known as The Haynet started talking about the idea of an umbrella model horse association. What if there was a clearinghouse, where you could find out about all the live model horse shows in the country? How could we bring more cohesion to this activity that was very regional, and dependent on connections through desktop print publications like The Hobby Horse News and The Model Horse Gazette, or through manufacturer sponsored publications like Just About Horses? How could we promote our activity to young people who loved models but didn't know there were people to share it with?

The idea of a continent-wide association that would put on an annual horse show as its first project emerged. There were a lot of delicate negotiations - how to create this new event that wouldn't cannibalize existing shows, and how to make it unusual and special? How to build trust and excitement and investment across all the regions, so it would be a truly continent-wide event that would draw people from across the US and Canada?

This group idea got its first in-person test at two summer meetings in 1994, at Breyerfest and a few weeks later at Jamboree, open to any interested hobbyists. At the Jamboree meeting, I remember Darian Buckles and Bonnie Robb (the hosts of WRC) running up the aisle with money in hand to be the first to make their show a member. An anonymous hobby benefactor put up the front money for a deposit on the Holiday Inn ballroom for the Thursday before Breyerfest 1995. Sarah Minkiewicz agreed to sculpt a bust for some remarkable, special resin-cast awards - at a time when her work was nearly unobtainable, none of it yet in resin or ceramic.

Some of the aspects of NAN that set us apart now were, at the time, expedient for the particular limitations we were facing. The Holiday Inn Ballroom was very small for the kind of show we wanted to have - so we didn't allow spectators and we charged a per horse fee and a helper fee to try to maximize the space. These policies still remain today. The resin busts mounted on plaques were chosen to be special enough to draw people to Kentucky, including people who maybe had never considered traveling to Breyerfest before. The three judge system helped us invite a small group of the hobby's most talented judges from across the country, avoiding conflict around judge selection, and again setting the National apart from Regional shows. Each class was imagined as its own championship, creating opportunities for specialist horses to shine, and also eliminating the extra time and hassle of callbacks. Qualification meant that people would still be supportive of their local events.

was truly a group effort. Chatter on the Haynet list congealed into a smaller working group. Eventually bylaws were written and a Board was formed to run the organization. The preliminary steering committee in 1994 was: Jackie Arns, Gail Berg, Kate Cabot, Allie Davidson, Karen Gerhardt, Paula Hecker, Lesli Kathman, Daphne MacPherson, Zoli Nazaari, Laura Pervier, Tierney Read, and Sue Stewart. The first Board Leadership of 1994 consisted of President Sue Stewart, Vice President Kate Cabot, Secretary Leslie Kathman, and Treasurer Daphne MacPherson. Other people

who made notable contributions during the startup years, so many showholders from the 1994-1996 time period. Plus all the people above who contributed to the auction. The first judges and the first showholders at that 1995 NAN who decided to take a chance at this new event. So many incredible people coming together to create an Organization that continues to stand against the test of time and change. Here's looking forward to the next 25 years with anticipation of new things for the next generation.

Each class was imagined as its own championship, creating opportunities for specialist horses to shine, and also eliminating the extra time and hassle of callbacks.

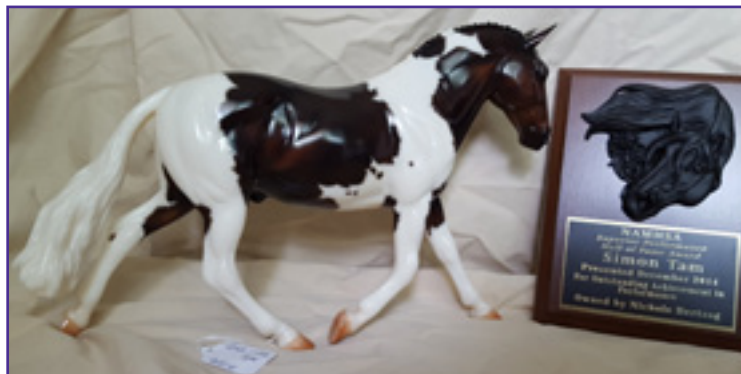

Fundraising was necessary to support this event; the first NAN also included the first NAN auction. Many people were eager to participate and support this new organization, to give it resources to get off the ground. It wasn't only a list of amazing items, but also included artists who rarely had work for sale, plus the fantastic Ultimate Performance Horse Package, complete with tack, dolls, and props.

It is not currently possible to list all of the people who contributed with time, money, ideas, and energy - it

Merit Awards

A Message from the Merit Award Coordinator, MaryAnn Synder

Since the program's beginning, NAMHSA has issued an amazing 4384 Merit Awards!

The most popular of those awards is the Register of Merit, requiring six cards won in the same class, but many showers have continued on with their models' careers to win additional awards. By the time 2019 came around, we realized we needed to create some higher-level awards to reward those consistently-winning models. The Halter Specialist, Performance Specialist, Superior Halter Specialist, and Superior Performance Specialist Awards were created, along with the Ultimate

Performance Hall of Fame and Ultimate Performance Versatility Awards. We didn't have to wait long before we had applicants for the higher awards, and in 2020 we were very pleased to issue the very first UPHFA to Vicky Norris' Kechera. Just last month, we were equally pleased to not only issue the 2nd UPHFA but also the very first UPVA to Charlotte Martin's Friendly Pair Of Britches. Congratulations to these two awesome supporters of the Merit Award program, and also to all the other winners over the years!

In 2017, I became (to my knowledge) the ninth Merit Award Coordinator, building on the work done by all my predecessors. I, along with the rest of NAMHSA's Board of Directors, want to say a great, big "Thank you!" to those coordinators who preceded me. I'm also an active participant in the program - a program which wouldn't have happened without those who stewarded it before me. With the help of my Unofficial Official Assistant Merit Award Coordinator, Chewy (and now his little brother, Bubbie, too), I hope to be able to process many more Merit Awards in the future. Keep 'em coming, folks!

Winners from July 2018 - July 2022

D Dan Van's W Customs

Dan Van's Customs is run and operated by Danielle Vanderpool out of Manitowoc, WI. She paints out of her studio that is also part of her model horse store, Hold Your Horses. Danielle has been painting model horses since she was a child. She paints in "original finish" style and has been doing so since 2019. If you have an idea, little or big, she can make it happen! Scan the QR code to see all of her current pieces.

STONEHORSEREF

The Stone Reference Site is a versatile database of over 27,000 Stone Model Horses with over 100,000 photos, and has been in existence since 2001. Search by mold, color, artist, and much more!
www.stonehorseref.com

In addition to a powerful search engine, both sites have features to allow you to build your own In Search Of List, Private Collection List, or Showing List using the data from the websites. Create these lists and export them as a pdf (with a photo) or as a CSV file you can import to a spreadsheet:

- * **In Search Of:** Build a Tailored list of Models You are in Search Of!
- * **Private Collection:** Create lists for Insurance, Family or Friends. This Includes notes that You can Maintain Yourself!
- * **Showing:** Create Your Own Personal Show String List with the Ability to Add Tailored Information Such as Horse Name, Breed, and Gender.

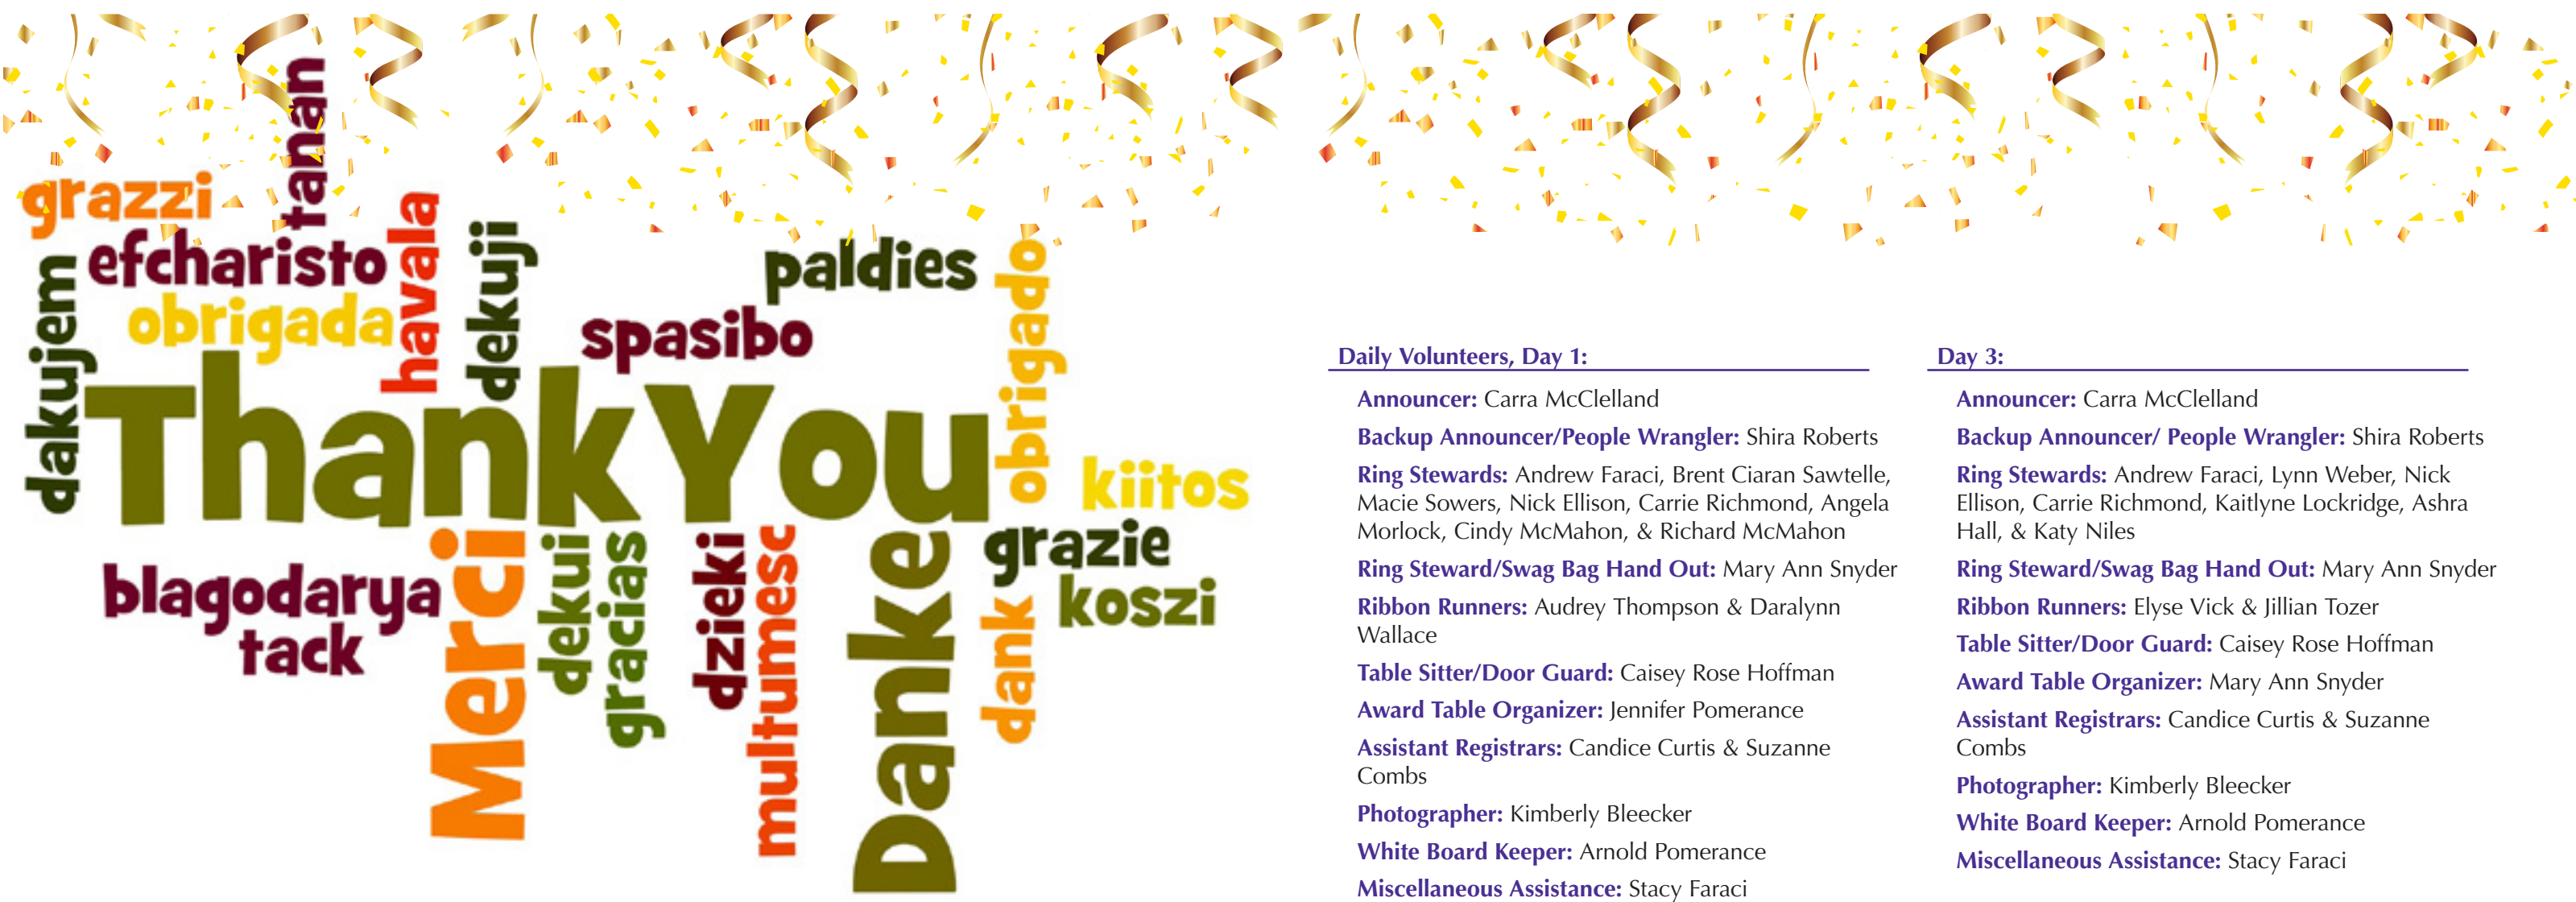

BREYERHORSEREF

The Breyer Horse Reference Site was released in January 2022. With over 7000 records, you can search on molds, colors, series, and much more!
www.breyerhorseref.com

*Both websites are Collector Owned and Operated and not affiliated with the Stone and/or Breyer/Reeves companies.
