Welcome to the Yorkshire Wolds Way

Accommodation and Information Guide

This guide has been prepared to give you all those extra details that you need in order to set out and enjoy this charming National Trail.

This is a delightful and quiet part of the country. This means that some pubs and cafés are closed at certain times of the week. Use this guide to ring ahead and check if places are open. **We hope you enjoy your walk!**

About the Accommodation Guide

The Accommodation details cover the full range available from hotels through to pubs that allow camping in the beer garden. It is highly advisable to book ahead as accommodation can become booked up especially in May and the Summer months when the route is most popular. It is also worth considering starting the walk mid-week in order to find accommodation or reversing the route by starting at Filey. The Yorkshire Wolds Way Partnership cannot be held responsible for any inaccuracies or consequences arising out of the use of this guide, as prices are subject to change. Walkers are advised to check details for themselves when booking. Please remember to give the accommodation providers advance warning if you require evening meals, packed lunches or wish to bring pets with you. Please note that prices quoted are room rates. Many double or twin rooms can be let as singles for a lesser single room rate.

Maps and Guides

This guide is a companion to the official Guidebook for the Yorkshire Wolds Way which is by Tony Gowers and Roger Ratcliffe and published by Aurum Press. The route guide includes Ordnance Survey 1:25 000 strip maps of the route and is available from all good bookshops and the National Trail on line shop. Ordnance Survey Explorer Maps are also available for the Yorkshire Wolds. The four maps are 293, 294, 300 and 301.

Public Transport

If you are planning to walk the full route from Hessle to Filey then it is better to leave the car at home and travel by Public Transport. This could not be easier as both ends are connected by a regular rail service and there is also a bus service directly between Filey and Hull.

If you are walking stages of the Yorkshire Wolds Way over separate days you will find details of bus or train routes to each settlement along the 'Way' in this guide, though there is no public transport in the central part of the trail.

For public transport information telephone Traveline on **0871 200 22 33**. For internet users, you can get public transport information on the journey planner www.traveline.info

European Visitors

If you are arriving at Hull using P&O Ferries, you should be landing at about 8.00am. The company will then provide a bus to take foot passengers to Hull Rail Station. From Hull Station, the easiest route is to catch the regular trains to Hessle. From Hessle Station, cross the railway bridge to the South and turn left on Redcliff Road. As the road bears left the Yorkshire Wolds Way starts on the right.

Try a pint of Wolds Way Ale!

We are delighted to be supported by the award winning Wold Top Brewery, who brew a pale ale dedicated to our National Trail and give us a percentage of the sales to help us to manage and promote the Trail.

Look out for Wolds Way ale in pubs along the way and it's bottled version which is produced once or twice a year. Head to www.woldtopbrewery.co.uk to find out more about the brewery.

Did You Enjoy Yourself?

We want the Yorkshire Wolds Way to be as enjoyable as possible. When you finish your walk, please let us know what you thought of the route. What did you enjoy most and were there any parts of the walk that you think we can improve on?
