

## Wednesday Walk – Back Arm Nature Reserve – 13 November 2013

Back Arm NR was created in 2010. It is about 30km north of Goulburn. We approached it via Back Arm Road and entered at the north-eastern corner. At this point the Reserve is quite heavily wooded with a sparse grassy understory and steep gullies running into creek lines. The trees were *Eucalyptus bridgesiana*, *E. dives*, *E. macrorhyncha*, *E. melliodora*, *E. rossii*, *E. rubida* and *E. viminalis* with large stands of *E. sieberi* at the high point - flowering. The understory was mainly *Rytidosperma pallidum*, some *Poa labillardierei*, and quite a few *Persoonia linearis* then smaller plants such as *Rhytidosporum procumbens*, a narrow-leaved *Platysace lanceolata*, *Acacia gunnii*, *A. lanigera*, *A. terminalis*, *Daviesia latifolia*, *D. leptophylla*, *Hovea heterophylla*, *Pimelea curviflora* and a few other things. A highlight was seeing *Acacia falciformis* flowering. There were some other flowers - *Gompholobium huegelii*, *Coronidium scorpioides*, *Olearia microphylla*, *Goodenia hederacea*, *Dianella revoluta*, *R. procumbens* and a few orchids - buds of a *Dipodium* species, some *Diuris sulphurea*, several spent *Thelymitra*, and some *Caleana major* and *C. minor*.

## Plant List for Back Arm Nature Reserve – 13 November 2013

? indicates that those present were unsure of the plant name

Acacia dealbata	Hypericum gramineum
Acacia falciformis	Indigofera australis
Acacia lanigera	Lepidosperma laterale
Acacia mearnsii	Leucopogon lanceolatus
Acacia obliquinervia	Lomandra filiformis ssp. coriacea
Acacia terminalis	Lomandra filiformis ssp. filiformis
Acaena ovina	Lomandra longifolia
Anthosachne scabra	Lomandra multiflora
Aristida ramosa	Luzula densiflora
Astrotricha ledifolia	Monotoca scoparia
Austrostipa falcata ssp. scabra	Muellerina eucalyptoides
Billardiera scandens	Olearia microphylla
Bossiaea buxifolia	Opercularia hispida
Brachyloma daphnoides	Patersonia sericea
Caleana major	Persoonia linearis
Caleana minor	Pimelea curviflora
Cassinia aculeata	Pimelea linifolia
Cassinia longifolia	Platysace lanceolata
Chrysocephalum semipapposum	Poa labillardierei
Comesperma ericinum	Poa sieberiana
Coronidium scorpioides	Poa sieberiana var. ?cyanophylla
Cymbonotus lawsonianus	Poranthera microphylla
Daviesia latifolia	Pteridium esculentum
Daviesia leptophylla	Pultenaea microphylla
Dianella revoluta	Pultenaea subspicata
Dichelachne rara	Rhytidosporum procumbens
Dichondra repens	Rumex sp.
Dipodium sp.	Rytidosperma pallidum
Diuris sulphurea	Rytidosperma monticola
Einadia nutans	Senecio sp.
Eucalyptus bridgesiana	Solenogyne dominii
Eucalyptus dives	Stackhousia monogyna
Eucalyptus macrorhyncha	Stellaria pungens
Eucalyptus mannifera ssp. maculata	Stylidium graminifolium
Eucalyptus melliodora	Stypandra glauca
Eucalyptus rossii	Thelymitra sp.
Eucalyptus rubida	Veronica calycina
Eucalyptus sieberi	Veronica perfoliata
Eucalyptus viminalis	Wahlenbergia stricta
Exocarpos cupressiformis	
Exocarpos strictus	
Glycine microphylla	
Gnaphalium sp.	
Gompholobium huegelii	
Gonocarpus tetragynus	
Goodenia hederacea	
Hardenbergia violacea	
Hibbertia obtusifolia	
Hydrocotyle laxiflora
