

Wednesday Walk from Casuarina Sands towards Kambah Pool – 21 May 2008

This was the first time that we had done the walk since the 2003 bushfires. The track meanders beside the Murrumbidgee River, occasionally climbing above the river flats along the valley side. We found most of the plants seen prior to the fire but were surprised by the number of additional species which we found, including, *Discaria pubescens*, *Cryptandra propinqua*, *Westringia eremicola*, *Indigofera adesmitifolia* and *Pelargonium australe*. There were many weeds, mainly in the flats near the river, but the pockets of good bushland were striking.

**Deliberation and recording. Bronze seeds of
*Bursaria spinosa***

Plant List for Casuarina Sands towards Kambah Pool – Post-fire – 21 May 2008

? indicates that those present were unsure of the plant name

Acacia dealbata	Erodium crinitum
Acacia implexa	Eucalyptus bridgesiana
Acacia mearnsii	Eucalyptus macrorhyncha
Acacia rubida	Eucalyptus melliodora
Acaena ovina	Eucalyptus rossii
Acrotriche serrulata	Exocarpus cupressiformis
Ajuga australis	Galium gaudichaudii
Alternanthera sp.	Geranium solanderi
Aristida ramosa	Glycine clandestina
Arrhenechthites mixta	Glycine tabacina
Asperula ? scoparia	Euchiton sphaericus
Asplenium flabellifolium	Gonocarpus tetragynus
Astroloma humifusum	Gratiola peruviana
Austrodanthonia sp.	Grevillea juniperina
Austrostipa scabra ssp. falcata	Gynatrix pulchella
Blechnum sp.	Hibbertia obtusifolia
Bossiaea buxifolia	Hibbertia riparia
Brachychiton populneus	Hydrocotyle laxiflora
Brachyscome rigidula	Hypericum gramineum
Bulbine glauca	Indigofera adesmiifolia
Bursaria spinosa	Juncus sp.
Callistemon sieberi	Kunzea ericoides
Callitris endlicheri	Lepidosperma laterale
Calytrix tetragona	Leptorhynchos squamatus
Carex appressa	Leucopogon attenuatus
Carex inversa	Lomandra filiformis ssp. coriacea
Carex bichenoviana	Lomandra filiformis ssp. filiformis
Cassinia quinquefaria	Lomandra longifolia
Casuarina cunninghamiana	Lomandra multiflora
Centipeda minima	Lythrum salicaria
Cheilanthes sp.	Lythrum hyssopifolia
Chenopodium pumilio	Melaleuca parvistaminea
Chloris truncata	Melichrus urceolatus
Chrysocephalum semipapposum	Microlaena stipoides
Chrysocephalum apiculatum	Panicum effusum
Clematis microphylla	Pelargonium australe
Correa reflexa (red and green flowered forms)	Persicaria prostrata
Crassula helmsii	Persicaria hydropiper
Crassula sieberiana	Phragmites australis
Cryptandra amara var. longiflora	Pimelea curviflora
Cryptandra propinqua	Plantago varia
Cymbonotus lawsonianus	Poa labillardieri
Cymbopogon refractus	Poa sieberiana
Desmodium varians	Pomaderris angustifolia
Dianella revoluta	Pomaderris subcapitata
Dichondra repens	Pomaderris pallida
Discaria pubescens	Pultenaea procumbens
Dodonaea viscosa ssp. angustissima	Rhodanthe anthemoides
Einadia nutans	Rubus parvifolius
Elymus scaber	Rumex brownii
Epilobium sp.	Sarga leiocladum

Schoenoplectus validus
Sporobolus sp.
Stackhousia monogyna
Stellaria pungens
Themeda triandra
Tricoryne elatior

Vittadinia muelleri
Vittadinia cuneata
Wahlenbergia sp.
Westringia eremicola
Xerochrysum viscosum
