Keep it
clean

The NIVONA cleaning and care range

No more rolling your eyes! At least not while cleaning your NIVONA. Thanks to our cleaning products, you can keep your fully automatic coffee machine clean as a whistle. As simple as possible. As thorough as necessary.

NIVONA CLEAN³BOX

Cleaning in a box: Our CLEAN³-BOX contains everything you need for cleaning your NIVONA: PREMIUM liquid descaler, Cream-Clean milk frother cleaner and our cleaning tablets.

Model: NICB 301
ANR: 390 700 402

NIVONA PREMIUM liquid descaler

Not only dissolves lime but also binds it. The liquid descaler reliably removes limescale from the fully automatic machine during cleaning.

- Highly effective
- Descales without residues
- Gentle on materials and food-safe

Use NIVONA CLARIS fresh water filters for your fully automatic coffee machine and reduce the need for descaling.

Model: NIRK 703
ANR: 390 700 300
€ 500 ml

BOTTLE MADE OF
100% RECYCLING PET

NIVONA CreamClean milk frother cleaner

Creamy, fresh milk foam only is possible if your NIVONA milk frother is perfectly clean. Use our CreamClean milk frother cleaner for optimal cleaning.

- Effective cleaning
- Dissolves and removes grease and protein deposits without residues
- Gentle on materials

Model: NICC 705
ANR: 390 700 500
€ 500 ml

BOTTLE MADE OF
100% RECYCLING PET

NIVONA CLARIS fresh water filter

NIVONA even filters your water – thanks to the CLARIS fresh water filter. For optimal water quality and a long service life of your NIVONA.

- Reduces lime
- Removes chlorine smell and taste
- Filters out contaminants, in particular metals, heavy metals, pharmaceutical residues, pesticides and herbicides
- Purely organic material without chemical additives
- Reduced need to descale the fully automatic coffee machine
- Filter capacity: 50 l / max. 2 months

Model: NIRF 700
ANR: 390 700 100
1 unit

SWISS
MADE

NIVONA cleaning tablets

Ensure full coffee aroma and pure drinking pleasure – by keeping your NIVONA fresh and clean. Our cleaning tablets are simplicity itself.

- Dissolve and remove coffee and oil residues effectively
- Clean thoroughly and gently

Clean the brewing unit regularly, but at least once per month. Simply remove it, wash it under cold water, let it dry, and put it back in. You should also do this before every system cleaning.

Model: NIRT 701
ANR: 390 701 200
10 x 2g

*It all comes
down to the
beans*

*The NIVONA
coffee range*

NIVONA's aroma technology makes coffee beans give their very best. Every cappuccino, every espresso holds the pleasure-packed potential of numerous varieties.

We have developed three special blends in close cooperation with our coffee roasters.

Enjoy the full-bodied diversity of coffee and indulge yourself on a journey of the senses.

*Fine whole **premium beans**,
carefully selected, lovingly roasted
and matched to your NIVONA*

**CAFFÉ
AREZZO**

100% Arabica highland
beans

This coffee is characterised by its caramel note and mild taste. Especially pleasant thanks to a velvety soft body, these beans are ideal for cappuccino and coffee.

Mild, harmonious, balanced

Model: NIA 1000
ANR: 390 700 013

**ESPRESSO
MILANO**

50% Arabica highland beans
50% gourmet Robusta

This balanced espresso bean is a fairly mild blend and an all-rounder. Specially produced for fully automatic coffee machines, its full aroma develops harmoniously in espresso, cappuccino and long coffee drinks.

Harmonious, aromatic, creamy

Model: NIM 1000
ANR: 390 700 006

**ESPRESSO
TORINO**

100% gourmet Robusta

Intense and low in acidity. Our insider tip for espresso connoisseurs. With a taste reminiscent of nuts and dark chocolate. Long-lasting aftertaste and pleasure in every cup.

Strong, tangy, chocolatey

Model: NIT 1000
ANR: 390 700 007

*Don't spill
the beans.
Or the milk.*

The NIVONA accessories range

Just a matter of extras: With our original accessories for coffee beans and milk you are equipped for any challenge.

So you can get maximum enjoyment out of your coffee moment. Whether it's cooling, storage or simply spare parts: You'll find things here that you didn't even know you were missing for your cappuccino.

NIVONA Cooler NICO 100

Optimal cooling whatever the temperature. Our NICO 100 ensures that the milk for cappuccinos and other milky coffee beverages stays fresh. Fits all series 6, 7, 8, 9 and 10 fully automatic coffee machines.

Especially practical where people drink lots of cappuccino. Simply put the milk carton in and everything's cool.

- Elegant, superior design
- Easy to operate
- 15 x 31.5 x 27 cm / (W x H x D), 2.6 kg
- 230 V / 50 Hz / 23 W
- Refrigerates commercially packed milk (1 l)
- Cooling capacity: Up to 20°C, below room temperature and up to max. 2°C

Model: NICO 100
ANR: 390 700 600

Designer milk container NIMC 1000

Without its own cooling system, but perfectly suited for refrigerators and dishwashers: Our NIMC 1000 offers optimal storage for milk in an eye-catching design next to your NIVONA.

- Stores fresh milk perfectly
- Made of transparent plastic
- Shows the milk level at a glance
- Capacity: 1 litre
- For SPUMATORE models with cappuccino function

Model: NIMC 1000
ANR: 390 700 700

Additional bean container NIZB 410

Enlarges the bean container of our 1030 and 1040 models up to 1000 g. Very easy to install.

- Container height: 4 cm
- Easy installation
- Lid still closes perfectly

Model: NIZB 410
ANR: 390 700 410

Milk tube NIMA 330

Clean milk tube for optimal milk foam, in a practical pack of 3. So you always have a spare milk tube at hand.

After all, this is the only way to make great cappuccino and latte macchiato.

- Spare milk tubes incl. connection nozzles for all NIVON models with OneTouch SPUMATORE
- Pack of 3

Model: NIMA 330
ANR: 390 700 130
