

CONNECTING WITH NATURE

ANNUAL REPORT 2022-2023

norfolk
botanical
garden

1938 – 2023

From the **PRESIDENT**

This past year has ushered in an incredible wave of transformation, growth, and excitement for our future. January marks one year since we began construction of *The Garden of Tomorrow*, slated to open in 2025. The largest expansion in the Garden's history is becoming a reality with your help. With support from nearly 2,000 generous donors in our vibrant community, we will have space and capabilities to protect the most threatened and endangered plants from across the globe, while allowing us to expand our educational engagement with future generations.

It's worth reflecting on the profound impact plants have on our daily lives, from food on our tables to their pivotal role in the field of pharmacology, plants are the unsung heroes. Imagine, a single plant preserved through conservation holding the elixir to better health or the key to curing a life-threatening disease. Your continued support makes all the difference.

Beyond the meticulous care of our living plant collection, we hosted over 420,000 visitors and engaged more than 16,000 K–12 students and adults in our unique classes. Additionally, we introduced over 15,000 new plants into our community through donations and our fundraising sales. We were also honored to be chosen as the new home of the Blue Star Memorial Marker, to honor members of the armed services past, present and future. It has been an incredible year connecting our community to nature and inspiring future environmental stewards.

On behalf of the Board of Directors, amazing staff and myself, thank you for supporting Norfolk Botanical Garden. Your contributions, whether financial or through volunteering, directly support our non-profit mission to immerse visitors in a world of beauty, lead through environmental action and inspire through education and connection to nature. If you haven't been out to the Garden lately, come back and see us! Take a moment to connect with nature, see all of the current blooms, enroll in a class and check out our construction progress. We are building something that will have a lasting impact on our community and environmental efforts overall. Together, we are making a difference.

Peter Schmidt

THE MISSION OF NORFOLK BOTANICAL GARDEN:

IMMERSE VISITORS IN A WORLD OF BEAUTY

LEAD THROUGH ENVIRONMENTAL ACTION

INSPIRE THROUGH EDUCATION AND CONNECTION TO NATURE
