## AOC Conference 2018 in Sydney

The committee would like to have a subcommittee to organise the display that we are putting on at the AOC Conference this year. If you are interested in helping out please let either Lesley or Clover know and we will arrange a meeting.

### AGM in March

At our March meeting, as well as our members auction, we will also be having our AGM and are looking for members who would like to come on the committee and help with the running of the society. All positions are open for nomination and it is good to have new committee members as they bring new ideas to the society and new enthusiasm. Please consider joining the committee.

### Class Cards

We are having trouble with allocating points to members who omit the class number when filling out their benching cards. If you have any problems sorting out which class your plants should go in please ask Garrie Bromley, the Show Marshal or Allan Cushway, the Assistant Show Marshal or any of the committee, all of whom will be happy to help you. Also please take some class cards home so you can fill in your cards before coming to the meeting
