

MC QUEEN CREEK ECOLOGICAL RESERVE

RARE OR ENDANGERED PLANTS

1) Known occurrences

y Castilleja thompsonii – THOMPSON'S INDIAN PAINTBRUSH

2) Potential occurrences to be checked for

a) known from same vicinity, habitats

t/er Gaura coccinea – SCARLET GAURA

b) known from general region, similar habitats

t/e r Astragalus filipes – BASALT MILKVETCH

t/e r Astragalus lentiginosus – FRECKLED MILKVETCH

b Carex xerantica – DRYLAND SEDGE

b Chamaerhodos erecta nuttallii – AMERICAN CHAMAERHODOS

t/e r Crepis modocensis modocensis – LOW HAWKSBEARD

t/e r Crepis modocensis rostrata – LOW HAWKSBEARD

t/e r Linanthus septentrionalis – NORTHERN FLAXFLOWER

b Senecio plattensis – PLAINS GROUNDSEL

t/e r Sidalcea oregano procera – OREGON CHECKERMALLOW

h r Sphaeralcea coccinea – SCARLET GLOBEMALLOW

b Talinum sediforme – FAMEFLOWER

t/e r Sporobulus asper – ROUGH DROPSEED

c) known from region, not enough known about exact distribution/habitat

t/e r Allium geyeri geyeri – GEYER'S ONION

b Apocynum medium – WESTERN DOGBANE

h r Astragalus convallarius – LESSER RUSTY MILKVETCH

b Euphorbia serpyllifolia – THYME-LEAVED SPURGE

t/e r Linanthus harknessii – HARKNESS' FLAXFLOWER

h r Poa fendleriana fendleriana – FENDLER'S BLUEGRASS

OTHER PLANTS OF SPECIAL INTEREST

Dodecatheon cusickii – SHOOTING STAR

Fritillaria pudica – YELLOWBELLS

Ranunculus glaberrimus – SAGE BUTTERCUP
