Scientific Name	Additional Detail	Description	Conservation Code	Location
Acacia declinata	Pallinup Gold	Dense prostrate shrub to 40cm. Prickly foliage. Golden flowers from Aug-Sept. Well drained soils in full sun. Drought tolerant. Suits raised garden beds and rockeries. Verge plant.	Priority 4	Southern Wheatbelt
Acacia denticulosa	Sandpaper Wattle	Erect sparsely branched shrub to 3m. Spectacular bright golden catkin flowers in Spring. Full sun to part shade. Well drained sand or gravel soils.	Declared Rare	Perth Hills
Acacia leptalea	Chinocup Wattle	Attractive dense rounded shrub to 0.5-2m. Masses of yellow wattle flowers Jul-Oct. Prefers well drained sandy or loamy soils in full sun/part shade.	Declared Rare	Western Mallee
Acacia rossei	Yellowdine Wattle	Erect open shrub to 3m. Very showy dense clusters of golden yellow terminal flowers Aug-Dec. Well drained soils in open sunny location. Prune to shape. Hardy.		Avon Wheatbelt
Actinodium sp. Fitzgerald River	Albany Daisy	Beautiful shrub to 80cm. Spectacular large pink/white daisy-like flower heads Aug-Oct. Needs well drained soils in full sun/part shade. Short- lived plant best grown in containers. Verge plant.		Esperance Plains
Adenanthos ileticos	Club-leaf Adenanthos	Open spreading shrub to 1.2m. Red/pink tubular flowers Jul-Dec. Well	Priority 4	Near Esperence
Adiantum aethiopicum	Native Maidenhair Fern	drained soils in full sun. Bird attracting. Easy to grow spreading fern to 20cm. Pot or rockery culture. Does best in moist rich soil with bright shady location. Verge plant.		S.W.
Allocasuarina globosa	Marble-Podded Sheoak	Medium sized dioecious shrub to 1.5m. Spherical marble-like fruiting cones Sep-Nov. Suits well drained laterite, clay or loam soils in full sun. Waterwise. Hardy.	Declared Rare	Dundas
Anigozanthos manglesii	Red and Green Kangaroo Paw	WA floral emblem. Strap-leaf clumping plant to 0.8m. Red/green flowers Aug-Nov. Well drained soil in full sun. Don't overhead water. Protect from snails. Verge plant.		Perth Metro
Apectospermum spinescens	Spiny Tea Tree (syn. Leptospermum spinescens)	Spiny, rigid, often twisted shrub to 1m. Cream-white flowers Sep-Dec. Prefers well drained soils in full sun/part shade. Hardy.		Perth Metro
Banksia blechnifolia		Prostrate spreading Banksia with attractive fern-like foliage to 50cm x 2m. Red/pink terminal flowers Sep-Oct. Well drained soil in full sun. Ideal for banks and verges. Verge plant.		Esperance Plains
3anksia leptophylla	Slender-leaved Banksia	Attractive shrub to 2m. Yellow/orange-brown spherical flowers Mar- Aug. Well drained soil in open site. Bird attracting. Good low screen or pot plant. Produces copious quantities of nectar.		Northern Sandplains
Banksia repens	Creeping Banksia	Spreading groundcover to 40cm x 3m with fern like foliage. Large yellow-brown/red flowers Sep-Nov. Prefers well drained sandy or consolidated coastal soils in full sun. Verge plant.		Esperance Plains
Banksia telmatiaea	Swamp Fox Banksia	An attractive open shrub to 1.5m. Yellow-orange/brown flowers Sep- Jan. Most soils in full sun/part shade. Prefers good winter moisture. Bird attracting.		Perth Metro
Beaufortia elegans	Elegant Beaufortia (Pink)	Upright rounded shrub to 1m x 1.2m. Profuse bright pink flowers Aug- Feb. Well drained soils. Full sun/part shade. Will tolerate winter-wet. Hardy.		Northern Swan Coastal Plain
Beaufortia eriocephala	Woolly Bottlebrush	Erect compact shrub to 60cm. Terminal bright red bottlebrush flowers Sep-Dec. Suits well drained sandy gravel soils in full sun/part shade. Verge plant.	Priority 3	Dandaragan Plateau
Billardiera lehmanniana	Kurup	Colourful spreading climber to 1.2m or shrub to 60cm. Masses of white flowers Aug-Dec. Most soils in full sun/part shade. Suits raised beds and pot culture. Verge plant.		Esperance Plains
Boronia clavata subsp. clavata		Upright slender shrub to 1.5m. Small delicately perfumed, bell-shaped yellow-green flowers Aug-Oct. For most soils. Suitable for pot culture, borders and damp areas.	Declared Rare	Esperance Plains
Boronia crenulata	Aniseed Boronia	Highly ornamental shrub to 75cm. Large solid pink flowers Apr-Aug. For most soils. Suitable for pot culture, borders and damp areas. Verge plant.		Perth Metro
Calothamnus affinis		Erect shrub with long linear leaves to 1.5m. Prominent red flowers Sep- Nov. Suits well drained sandy or lateritic soils in full sun/part shade. Bird attracting.		Jarrah Forest
Calothamnus graniticus	Granite Claw Flower	Attractive rounded shrub to 1.5m. Deep red flowers Jul-Oct. Suits most soils in full sun. Hedging or specimen shrub. Hardy. Bird attracting. Tip prune to shape.		Southern Jarrah Forest
Calothamnus lehmannii	Dwarf Claw Flower	Low prostrate shrub to 0.5m. Red flowers clustered along the stem Aug to Oct. Prefers well drained sand or sandy lateritic soils in full sun/part shade. Verge plant.		Mount Barker
Calytrix acutifolia		Slender open-branched shrub to 2m. Masses of white star-like flowers Sep-Nov. Suits sandy, loamy and gravelly soils in full sun/part shade. Tip prune after flowering.		Northern Jarrah Forest
Calytrix divergens		Colourful small shrub to 60cm. Large yellow flowers May-Oct. Prefers well drained soils in full sun. Suits raised beds and pot culture. Verge plant.		Murchison
Calytrix tetragona	Common Fringe Myrtle (Upright form)	Narrow upright shrub to 1.2m. Abundant white star flowers Aug-Oct. Suits most well drained soils in dappled shade to full sun. Limestone tolerant.		W.A.
Chamelaucium axillare	Esperance Waxflower	Erect open shrub to <1.2m. Waxy white flowers ageing to red Sep-Dec. Prefers well drained soils in full sun. Suits pot culture .		W.A.

Chamelaucium sp. Wongan Hills	(syn. C. conostigmum)	Soft spreading groundcover to 30cm x 2m. Dark pink/magenta flowers Oct-Nov. Will cover banks. Well drained soils in full sun/part shade. Verge plant.	Priority 3	Wheatbelt
Chamelaucium uncinatum x floriferum	(Form 1)	Fast-growing upright shrub to 1m. Cerise flowers Jun-Nov. Suits well drained sandy soil in full sun/part shade. Prune off one-third of foliage yearly after flowering.		Cultivar
Chorizema cordatum	Heart-leaf Flame Pea	Erect, straggly shrub to 1.2m. Stunning orange/pink flowers Jul-Dec. Prefers well drained soils in full sun/part shade but needs extra moisture. Tip prune for shape.		Perth Hills
Chorizema dicksonii	Yellow-eyed Flame Pea	Open spreading shrub to 1m. Bright orange red pea flowers Aug-Dec. Well drained soils in full sun/part shade. Excellent for borders, rockeries and large pots.		Perth Hills
Chrysocephalum apiculatum	Yellow Buttons	Sprawling perennial herb to 20cm. Massed clusters of yellow daisy flowers Oct-Apr. Most soils in full sun/part shade. Good for massed		W.A.
Conostylis aculeata	Prickly Conostylis	plantings, rockeries and containers. Verge plant. Small tufted plant to 40cm. Striking yellow flowers Jul-Sep. Well drained soils in full sun/part shade. Ideal for gardens or containers.		Perth Metro
Coopernookia georgei	Mauve Coopernookia	Verge plant. Slender shrub to 1m. Striking pale blue flowers Jul-Nov. Well drained soil in full sun/part shade.	Declared Rare	Esperance Plains
Cymbopogon ambiguus	Scentgrass / Native Lemongrass	Aromatic tufted perennial grass to 1-2m. Green lemon-scented foliage with wispy seed heads. Prefers well drained sandy soils in full sun. Cut back to encourage fresh new growth. Hardy.		Northern W.A.
Dampiera coronata	Wedge-Leaved Dampiera	Spreading groundcover to 40cm. Masses of bright blue flowers Aug- Dec. Well drained soils in full sun/part shade. Excellent for borders, rockeries and pots. Verge plant.		Perth Hills
Dampiera decurrens			Priority 2	Esperance Plains
Dampiera haematotricha subsp. haematotricha		Colourful mounding groundcover to 25cm. Bright blue-purple flowers Aug-Dec. Prefers well drained soils in full sun/part shade. Ideal for pot culture and raised garden beds. Verge plant.		Southern Wheatbelt
Dampiera lavandulacea	Blue	Spreading shrub to 90cm. Masses of blue flowers Jul-Nov. For most soils in full sun to part shade. Damp tolerant. Suits edge of bog garden. Verge plant.		S.W.
Dampiera trigona	Pink Dampiera	Colourful mounding groundcover to 30cm. Masses of pink flowers Jul- Feb. Most soils in part shade. Ideal for pot culture and damp soils. Verge plant.		South Coast
Darwinia oldfieldii	Oldfield's Darwinia	Small spreading shrub to 60cm x 1m. Grey foliage with showy strawberry-red flowers Aug-Nov. Prefers well drained soils in full sun. Suitable for open sunny gardens. Hardy. Verge plant.		Geraldton Sandplains
Dicrastylis fulva		Ornamental rounded shrub to 80cm. Contrasting hairy foliage with terminal sprays of white flowers Aug-Dec. Most well drained sandy or sandy-loam soils in full sun. Verge plant.		Geraldton Sandplains
Eleocharis acuta	Common Spikerush	Perennial, spreading sedge to 40cm. Small brown flower spike on tip of foliage Sep-Dec. Prefers full sun. For bog gardens and in water up to 30cm deep. Verge plant.		Perth Metro
Eremaea beaufortioides		Colourful spreading shrub to 1.2m. Orange flowers Sep-Dec. Well drained soils in full sun. For open gardens or pot culture. Light trim after flowering. Hardy.		Dandaragan Plateau
Eremaea dendroidea		Medium sized shrub to 3.5m. Terminal orange flowers Sep-Nov. Prefers well drained sandy or loamy soils in full sun/part shade. Prune after flowering to shape.		Geraldton Sandplains
Eremaea pauciflora	Orange-flowered Eremaea	Attractive compact shrub to <2m. Prolific orange flowers Jul-Jan. Suits most well drained soils in full sun. Lightly prune after flowering.		Perth Metro
Eremaea purpurea		Colourful erect shrub to <2m. Vivid pink/purple flowers Oct-Nov. Prefers well drained sandy soils in full sun. For open gardens or pot culture. Light trim after flowering.		Swan Coastal Plain
Eremophila complanata		Delightful upright wispy shrub to 1.8m. Profuse pink-purple flowers Aug-Sep. Most soils in full sun/part shade. Suitable for large gardens, cut flowers. Prune regularly after flowering. Hardy.	Priority 2	Avon Wheatbelt
Eremophila densifolia subsp. densifolia	Dense-leaved Eremophila	Beautiful groundcover with greed-red foliage to 20cm x 1m. Masses of purple flowers Sep-Nov. Prefers well drained soils sandy or loamy soils in full sun/part shade. Verge plant.		Ravensthorpe
Eremophila denticulata subsp. denticulata		Colourful upright shrub to 2m. Bright red/pink flowers Aug-Feb. Suits most soils in full sun/part shade. Fast growing. Hardy. Bird attracting. Prune regularly to shape.	Declared Rare	Esperance Plains
Eremophila drummondii	Drummond's Eremophila	Highly floriferous erect shrub to 2m. Attractive blue-purple flowers Jul- Nov. Will suit most soils in full sun. Hardy. Prune to shape.		Avon Wheatbelt
Eremophila glabra subsp. carnosa	Ledge Pt form (Orange)	Small spreading shrub to 60cm. Grey-green foliage. Orange flowers May-Jan. Suits well drained soils, especially coastal sands and limestone. Best in full sun. Verge plant.		Ledge Pt
Eremophila glabra x decipiens		Attractive spreading shrub to 60cm x 1m. Red flowers for most of the year. Most well drained soils in full sun. Hardy. Bird attracting. Verge plant.		Cultivar

Eremophila inflata	(Swollen-flowered	Attractive erect spreading shrub to 1.2m. Colourful rows of bell-like	Priority 4	Southern Cross
	Eremophila, syn.	pink/purple flowers Oct-Mar. Suits well drained soils in full sun/part		
	Calamphoreus inflatus)	shade. Drought tolerant. Tip prune.		
Eremophila lehmanniana	(White)	Upright spreading shrub to 1.5m. Prolific white flowers Jul-Nov. Suits most soils in full sun/part shade. Salt tolerant. Hardy. Light prune regularly.		Wheatbelt
Eremophila microtheca	Heath-like Eremophila	Colourful erect shrub to 1-1.5m. Fine grey foliage and mauve flowers Aug-Sep. Prefers sandy clay or loam in full sun/part shade. Tip prune to shape.	Priority 4	Geraldton Hills
Eremophila racemosa	Showy Eremophila	Attractive upright shrub to 1.5m. Purple, pink, red flowers Aug-Dec.	Priority 4	Southern
		Well drained soils in full sun. Bird attracting. Prune after flowering.		Wheatbelt
Eremophila violacea	(syn. Diocirea violacea)	Small low shrub to 50cm x 1m. Tubular pale purple flowers Oct-Nov. Suits well drained sandy or loamy soils in full sun/part shade but best in sun. Verge plant.		Norseman
Eremophila youngii subsp. youngii		Highly floriferous grey leaved erect shrub to 3m. Attractive dusky pink flowers Jul=Sep. Suit most well drained soils in full sun. Drought tolerant.		Murchison
Eucalyptus angustissima	Narrow-leaved Mallee	Thin leaved mallee small tree to 4m. Creamy/white flowers Aug-Dec. Suits well drained sandy or loamy soils in full sun/part shade. Tolerates saline water locations.		Esperance Plains
Eucalyptus crucis subsp. crucis	Southern Cross Silver Mallee	Stunning mallee tree with silver leaves and interesting 'minni ritchi' peeling bark to 8m. White flowers Oct-Jan. Prefers full sun in well drained sandy or loamy soils	Declared Rare	Southern Cross
Eucalyptus forrestiana	Fuchsia Gum	Colourful-fruited mallee to 6m. Red capsules and yellow flowers Jan- Mar. Prefers well drained soils in full sun. Small shade tree.		Esperance Plains
Eucalyptus grossa	Coarse-leaved Mallee	Spreading bushy mallee to 5m. Dense crown of broad fleshy leaves. Ornamental yellow-green flowers May-Nov. Prefers well drained soils in full sun. Ideal windbreak.		Avon Wheatbelt
Eucalyptus kruseana	Bookleaf Mallee	Attractive and unusual many-branched tree to 2.5m. Clusters of yellow flowers Jun-Sep. Well drained soils in full sun. Good small feature tree. Cut foliage.	Priority 4	Coolgardie
Eucalyptus macrandra	Long-flowered Marlock	Beautiful mallee or tree to 8m. Abundant yellow flowers Aug-Apr. Prefers well drained sandy, loamy or gravelly soils in full sun/part shade. Waterwise and bird attracting.		Albany
Eucalyptus macrocarpa subsp. elachantha	Small leaved Mottlecah	Spreading mallee with grey foliage to 2m. Stunning cerise red flowers Aug-Dec. Suits well drained soils in full sun. Good specimen or feature plant.	Priority 4	Mogumber
Eucalyptus pendens	Badgingarra Weeping Mallee	Ornamental slender pendulous mallee with smooth pink/grey trunk to 4m. White flowers Aug-Nov. Well drained soils in full sun. Hardy.	Priority 4	Geraldton Sandplains
Eucalyptus preissiana	Bell-fruited Mallee	Highly ornamental small mallee to 2.5m x 3m wide. Large yellow flowers May-Nov. Well drained soils in full sun. Good for large pots or as a small feature tree.		Jarrah Forest
Eucalyptus synandra	Jingymia Mallee	Graceful spreading mallee to <5m. Stunning cream to pink flowers Sep- Mar. Suits most soils in full sun. Hardy.	Declared Rare	Goldfields
Eucalyptus tetraptera	Four-winged mallee	Ornamental straggly mallee to 3m. Large pink/red flowers Jun-Dec followed by spectacular four-winged fruit. Well drained soils in full sun. Hardy.		Munglinup
Eucalyptus torquata	Coral Gum	Highly decorative small compact tree to 4-6m+. A spectacular show of salmon-pink flowers Aug-Dec. Prefers well drained soils in full sun. Bird attracting.		Eastern Goldfields
Eucalyptus vesiculosa	Corackerup Marlock	Attractive tree with shiny grey bark over coppery red trunk to 3m. Pretty clusters of pink flowers May-Jul. Suits full sun/part shade in well drained sandy soils. Bird attracting.	Priority 4	Western Mallee
Gompholobium scabrum	Painted Lady	Stunning upright shrub to 1.5m. Pink and purple pea flowers Aug-Nov. Prefers well drained soils in part shade/sheltered location.		Perth Metro
Goodenia decursiva		Floriferous erect shrub with deep green foliage to 1.5m. Masses of white flowers Oct-Nov. Suits well drained sandy soils in full sun/part shade. Good for pot culture.		Esperance Plains
Goodenia quadrilocularis		Erect slender perennial clumped herb to 1m. Many terminal bright yellow flowers Sep-Nov. Suits well drained sandy soils in full sun/part shade.	Priority 2	Esperance Plains
Grevillea crithmifolia x vestita	(Ocean Reef)	Dense suckering shrub to 2m. Abundant white flowers Jun-Sep. Suits most well drained soils in full sun. Limestone tolerant. Ideal for coastal gardens. Good for hedging or screening. Hardy.		Perth Coastal
Grevillea hirtella		Colourful spreading shrub to 80cm. Red/pink pendant flowers Aug- Dec. Suits most soils in full sun/part shade. Suitable for pot culture, raised beds and verges. Bird attracting. Verge plant.	Priority 3	Geraldton Sandplains
Grevillea preissii	(Upright form, Red)	Appealing upright shrub with green foliage to 1.5m. Profuse dainty red toothbrush-like flowers May-Oct. Full sun/part shade in well drained soils, including limestone. Bird attracting.		Perth Coastal
Cuichonatia ladifali-		Donce chrub to 1m y 1 Fm. Massas of angli lastan at a sail		Dorth Coast-1
Guichenotia ledifolia		Dense shrub to 1m x 1.5m. Masses of small lantern shaped pink/mauve flowers Jul-Oct. Excellent coastal plant but suits any well drained soil in full sun. Limestone tolerant. Cut flowers. Hardy.		Perth Coastal

	Fan-leaf Hakea	Interesting shrub with unusual fan-shaped leaves to 2.5m. Scented		Northern Avon
		cream/brown flowers along the stems Aug-Nov. Suits well drained		Wheatbelt
		soils in full sun/part shade. Hardy and drought tolerant.		
Hemigenia drummondii		Erect diffuse shrub to 60cm. Flowers blue-violet with spotted throat		Geraldton
		Sep-Oct. Prefers well drained sandy, lateritic or rocky soils in full sun.		Sandplains
	Decent Duttersur	Verge plant.		Dilhara
Hibbertia glaberrima	Desert Buttercup	Dwarf spreading shrub to 40cm. Stunning yellow flowers Jul-Sep. Prefers well drained soils in full sun/part shade. Suitable for raised		Pilbara
		beds, pot culture and rock gardens. Hardy. Verge plant.		
		beus, por culture and rock garactis. Hardy. Verge plant.		
Hibbertia porongurupensis		Attractive upright shrub with grey/green foliage to 1m. Large yellow	Priority 4	Jarrah Forest
		flowers Sep-Nov. Well drained soils in full sun/part shade. Suitable for		
		sheltered locations and raised beds.		
Hypocalymma cordifolium		Low spreading shrub to 30cm x 1.5m. Attractive white yellow flowers		S.W.
		Sep-Jan. Tolerates winter-wet soils in part sun/shade. Useful for shady		
Hypocalymma gardneri		areas in sheltered location. Verge plant. Delightful small shrub to 30cm. Stunning yellow flowers Jul-Sep. Well	Priority 3	Geraldton
nypocalymina garunen		drained soil in full sun/part shade. Suits raised beds and pot/basket	Flority 5	Sandplains
		culture. Tip prune after flowering. Verge plant.		Sanaplanis
Hypocalymma hirsutum		Small spreading groundcover to 30cm. Yellow flowers Jul-Oct become		Northern
,, ,		golden with age. Prefers well drained soils in full sun/part shade. Suits		Sandplains
		Pot culture or raised garden beds. Verge plant.		
Hypocalymma melaleucoides	Fitzgerald Myrtle		Priority 2	Esperance Plains
		flowers Sep-Nov. Prefers well drained soils in part shade. Suits small		
Hypocalymma puniceum	Large Myrtle	cottage gardens and pot culture. Verge plant. Delightful compact shrub to 90cm. Large pink flowers Dec-Apr. Prefers		Wheatbelt
		well drained soils in full sun. Suitable for pot culture. Hardy. Verge		wheatbelt
		plant.		
Hypocalymma robustum	Swan River Myrtle	Erect open shrub to 1m. Dark shiny foliage. Attractive dense sprays of		Perth Metro
		scented pink flowers Jun-Nov. Will suit most soils in dappled sun.		
		Good cut flower.		
Hypocalymma tetrapterum	Papillose Myrtle	Attractive rounded shrub to 40cm. Lacy white flowers Jun-Aug. Prefers	Priority 3	Dandaragan
		well drained soils in full sun/part shade. Suits small gardens and pot culture. Light prune after flowering. Verge plant.		
Hypocalymma x proliferum	(syn. H. sp. Cataby)	Erect, spreading shrub to 1m. White flowers with pink centres in Aug.	Priority 1	Dandaragan
		Suits most well drained soils in a sheltered location. Cut flowers.		Plateau
		Butterfly attracting.		
Kennedia lateritia	Augusta Kennedia (syn. K.	Vigorous scrambling or twining shrub to 3m x 3m wide if given	Declared Rare	Warren
	macrophylla)	support. Showy bright red & yellow pea flowers Oct-Nov. For well		
	Dia aly Karara adia	drained soils in full sun/part shade. Suits hanging baskets.		
Kennedia nigricans	Black Kennedia	Very vigorous trailing groundcover or twining climber to 10cm x 4m. Intense black and yellow flowers Sep-Nov. Suits most soils including		Esperance Plains
		coastal and limestone in full sun/part shade. Verge plant.		
Kunzea ciliata		Spreading shrub to 1-2m. Pink pom-pom flowers Oct-Nov. Suits most		Jarrah Forest
Kunzea ciliata		Spreading shrub to 1-2m. Pink pom-pom flowers Oct-Nov. Suits most soils in full sun. Hardy. Bird attracting. Prune to shape.		Jarrah Forest
Kunzea ciliata Kunzea pauciflora		soils in full sun. Hardy. Bird attracting. Prune to shape.Colourful compact shrub to 1.2m. Cerise pink flowers Aug-Nov. Prefers	Priority 4	Jarrah Forest Esperance Plains
		soils in full sun. Hardy. Bird attracting. Prune to shape.	Priority 4	
Kunzea pauciflora		<ul> <li>soils in full sun. Hardy. Bird attracting. Prune to shape.</li> <li>Colourful compact shrub to 1.2m. Cerise pink flowers Aug-Nov. Prefers well drained soils in full sun. Suits pots. Hardy. Limestone tolerant.</li> </ul>	Priority 4	Esperance Plains
