

Numab Therapeutics AG is an expanding, clinical stage Swiss biotech company based in Wädenswil, Kanton Zürich. The company is focused on the discovery and development of novel, antibody fragment-based therapeutics. With our breakthrough antibody-discovery and multi-specifics engineering platform, we are committed to the development of differentiated therapeutics with a focus on helping oncology patients in need.

To expand and strengthen Numab's proprietary immune-oncology therapeutics pipeline we are looking for a highly motivated and experienced individual for a role in scientific leadership.

## **Pharmacokineticist, Scientist 100%**

In this position you will report to the VP, Translational Science and you will be responsible for the pharmacokinetic assessments and planning for preclinical and clinical pipeline projects. You will define and coordinate the scientific activities related to pharmacokinetics to ensure that the appropriate data for our therapeutic candidates are generated and that the quality of science is of the highest level.

### **Your Responsibilities**

- Provide pharmacokinetic content knowledge for the development of protein-based therapeutic molecules
- Lead the assessment of the PK properties of our pipeline therapeutic molecules in Research, Preclinical and Clinical Development
- Interact with CROs for organization of PK studies and the data analysis
- Analyze PK parameters, interpret data and present to project teams and senior management
- Provide guidance to all pipeline programs regarding PK requirements and analysis

### **Ideal candidates will have**

- Expert knowledge and hands-on experience in the field of pharmacokinetics of biologics
- Experience in clinical pharmacokinetics is an advantage
- 5+ years of industry experience in the field of pharmacokinetics
- Experience in toxicological assessment of biologics is an advantage
- Strong experience of working in cross-functional, matrix teams with a proven track record of success
- A strong goal-oriented mindset with excellent problem-solving and reasoning skills
- Exceptional interpersonal and communication skills
- An accurate and independent working style
- Sound oral and written English

Are you looking for an inspiring, entrepreneurial atmosphere and want to be part of a dynamic team where your contributions are both essential and valued? We are looking for skilled people who are eager to make an impact. We are offering a permanent position in an innovative environment as well as a competitive compensation package including a participation in the company.

**We are looking forward to receiving your application with reference number NB081 to [hr@numab.com](mailto:hr@numab.com).**
