

## HP Notebook Stands

Whether you want to elevate your notebook or dock it and use an external display (or two), keyboard, and mouse, HP has a stand for that.

Quickly and easily customize and maximize your workspace with an HP Notebook Stand. Combine your choice of stand with a notebook, docking station, display, keyboard, and mouse (compatibility varies by stand) for a complete, comfortable solution.

### HP Dual Hinge Notebook Stand

Position a notebook or notebook and docking station at your most comfortable viewing angle, and use the integrated base rollers to rotate the stand and share your work.

### HP Display and Notebook Stand

Use the innovative, adjustable shelf to mount your notebook or notebook and docking station. The depth-, height-, and tilt-adjustable dual-hinged, smooth-motion display stand lets you use a separate monitor with your notebook for dual-display efficiency.

### HP Adjustable Display Stand

Park your notebook and enjoy a larger display. The dual-hinged stand helps you find your most comfortable depth, height, and tilt position. The adaptable design accommodates notebooks with or without a docking station.

### HP Adjustable Dual Display Stand

Maximize your productivity with dual displays mounted above your notebook. Adjustable features include depth, height, tilt, and angle so you can find your most comfortable position.

### HP LCD Monitor Stand

Dock and charge your notebook PC and add a large-screen external display. Connect your notebook to select HP Docking Stations in the lower tray, which slides in and out for easy access, connect to the display, and you're ready to work.

### HP Single Monitor Arm

The HP Single Monitor Arm adds comfort adjustability, productivity, and flexibility at your fingertips with an amazing 13 inches of lift, 80 degrees of tilt, and 360 degrees of pan and rotation to help you stay comfortable and productive throughout the day.

HP Notebook Stands and the HP Single Monitor Arm are covered by a worldwide limited one-year warranty. For more information, visit [www.hp.com](http://www.hp.com).
