

1 What type of finish are you looking for?

P **PROFESSIONAL**
 Perfect for:
 - Pitches & tenders
 - Client Presentations
 - Important Individual Documents

B **BUSINESS**
 Perfect for:
 - Creating an impression during client meetings
 - Internal use to provide stylish, personalised and attention grabbing documents

I **INFORMAL**
 Perfect for:
 - Training materials
 - Storage & Reference documents

2 Choose the right binding style for your purpose:

CombBind®

Within the CombBind® range you can choose from 3 spines:
1. Standard Combs - our best selling A4 plastic spines in a range of various colours.
2. ProCombs - colour coded, premium quality matt spines to help choose the correct spine size for your documents.
3. ZipCombs - For professionally bound, editable documents, which can be opened and closed to add or remove pages on the spot.

See page:

Machines/Combs 2-3

WireBind

- Stylish, robust and durable, 34 loop metal spine.
- Securely bind A4 documents with a professional finish.
- Ideal for external reports and documents which require a secure none editable closure such as financial documents.

See page:

Machines/Wire 34 4

ClickBind™

- The most upscale and easy to use spine for maximum attention with minimal effort.
- 34 hole spines can be zipped and unzipped with a ClickBind editing tool or by hand so you can add and remove pages anywhere and anytime.

See page:

Machines/Clicks 5

StripBind™

Within the StripBind™ category, there are two options to choose from:

- **VeloBind™** - re-closable 4 pin format allows typical small desktop or personal usage to bind and re-open with just one simple A4 plastic strip.
- **SureBind™** - secure 10 pin format is the official professional option to permanently bind classified documents.

See page:

Machines/Strips 6

ThermaBind™

- Turn loose pages into a 'perfect bound' paperbook look in seconds.
- The adhesive is already inserted into a preformed cover, to give a truly professional, secure, stylish and 'published' feel.

See page:

Machines/Thermal covers 10

3 Choose the front and back cover to suit your style:

Front Cover

Clear: Perfect for showing-off your document title page

- Choose from:
- PVC clear
 - Polypropylene clear

Back Cover

Opaque or solid covers are available in a variety of different colours and textures

- Choose from:
- Cardboard
 - PVC opaque
 - Polypropylene opaque

The above opaque covers can also be used as front covers if you don't want your title page to be immediately on view

- **PVC covers** are tear resistant and available in clear and opaque in various thicknesses
- **Polypropylene covers** are more rigid, tougher, stylish and modern and are made of 100% post-consumer recycled material
- **Cardboard covers** come in a range of finishes and textures to give a traditional appeal to a document presentation, where touch, feel and colour are important

Visit Pages 8 & 9 for our wide range of GBC covers!

GBC QuickStep

Comb Binding Machines

Three quick steps to perfect document binding

The Quickstep system guides users through the binding process using colour coding and images to achieve perfect results every time.

Choose

The correct comb depending on the number of pages to bind

Align*

The arrow on the comb to the machine for correct orientation

Bind

Open comb to the optimum point for quick loading and finishing of document

*Only available when using GBC ProCombs (see page 3)

GBC CombBind® C450E / C340

Combining simplicity with strength: this premium comb binding machine makes the binding process easy and ensure perfect results every time.
