

Supplementary Material to the European Red List of selected endemic shrubs

This document provides the Red List Category and Criteria for the selected European endemic shrub species assessed on the IUCN European Red List as part of the LIFE funded project ‘Establishing a European Red List of Bryophytes, Pteridophytes, Saproxyllic Beetles, Terrestrial Molluscs and Vascular Plants (LIFE European Red Lists; LIFE14 PRE/BE/000001)’.

IUCN Red List status of selected European endemic shrub species

Family	Species	IUCN Red List Category (Global)	IUCN Red List Criteria (Global)	IUCN Red List Category (EU)	IUCN Red List Criteria (EU)	Endemic to EU?
