Iberico Bellota Raw Meats

Produced from free roaming Iberico Pigs indigenous to the Iberian peninsula in Spain.

The famous Iberico pig grazes in the Spanish dehesa, ancient native forests brimming with acorn-rich trees.

Blessed with the privileged genetics which renders its meat naturally rich.

Iberico pork meat is tender, buttery and juicy. Only a select few pigs are marked as "de Bellota", meaning they feasted on fatty acorns, making the meat extra creamy and superbly nutty.
