Re: U.S. 60 Water District
Application of U.S. 60 Water District for New Nonrecurring
Charges and an Increase in Existing Nonrecurring Charges

Case No. 2014-00039

Dear Mr. Derouen:

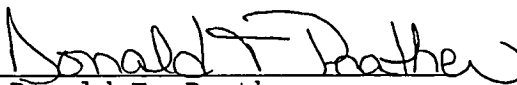

Enclosed are the original and eight (8) copies of the Supplemental Answers to Commission Staff's First Request for Information to be filed on behalf of U.S. 60 Water District of Shelby and Franklin Counties, Kentucky.

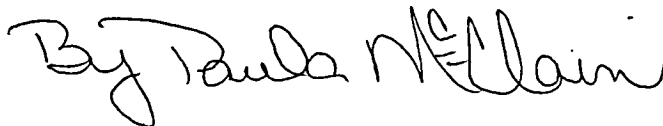

Thank you very much for your attention to this matter. Please contact me if you have any questions regarding this matter.

Yours truly,

MATHIS, RIGGS, PRATHER & RATLIFF, P.S.C.

CASE NO. 2014-00039

**SUPPLEMENTAL ANSWERS TO COMMISSION STAFF'S
FIRST REQUEST FOR INFORMATION**

Comes U.S. 60 Water District of Shelby and Franklin Counties, Kentucky ("U.S. 60"), by counsel, and respectfully submits the following Supplemental Answers to Questions 3, 7, 11 and 14 of the Commission Staff's First Request for Information.

Respectfully submitted,

Mathis, Riggs, Prather & Ratliff, P.S.C.

I, the undersigned David Hedges, being the Manager of U.S. 60 Water District of Shelby and Franklin Counties, Kentucky, certify that the Answers contained herein are true and accurate to the best of my knowledge, information and belief formed after a reasonable inquiry.

David Hedges

5/08/14

Date

3. List separately for each calendar year from January 1, 2011 through December 31, 2013, and year-to-date for 2014, the total number of U.S. 60's:

b. New 5/8-inch x 3/4-inch meter connections;

Supplemental Response:

2011: 22 meters

2012: 20 meters

2013: 21 meters

2014: 2 meters

Total: 65

These are listed by work order date, not installation date. The original response stated there were 4 meters set in 2014 because 2 of the 2013-dated work orders were in fact completed in 2014.

Responsible Witness:

David Hedges or Jeremy Carmack

7. For each of U.S. 60's last five purchases of 5/8-inch x 3/4-inch meters, state the date the order was made, the vendor, and the number of meters purchased. Provide copies of invoices.

Supplemental Response: Attached are the six most recent invoices for North Shelby Water Company's purchase of Sensus I-Pearl meters (\$125 each) and MXU transmitters (\$135 each). These meters are sold to U.S. 60 at cost as needed.

Responsible Witness:

David Hedges or Jeremy Carmack

14. Explain how U.S. 60 determined the amount of time for Installation Equipment Expense. Provide all records and show all calculations that U.S. 60 used to make its determination.

Supplemental Response: See attached calculations sheet and work orders. Only some worksheets stated the number of equipment hours (the others should have), so only those were considered. The total 45 backhoe hours for the long meters was divided by 18 to equal an average of 9.09 hours per long meter. The total of 29.5 backhoe hours for the short meter was divided by 27 to equal an average of 1.09 hours per short meter. (The total of 18 hours of push machine time was divided by 19 to equal an average of 0.94 hours per long meter.)

Responsible Witness:

David Hedges or Jeremy Carmack

NOTE: Attached documents are upside down. Bounding right side up would have resulted in the numbers being obliterated.
