HERB. COL. R. H. BIDDOME—Received 1885.

Quellia Biddomei Clifton
T. Anders calls this *R. carnea* Robt.,
but Hooker says the flowers in his *R.*
carnea are small, and his picture
shows them $\frac{2}{3}$ in long only. The present
plant is near *R. suffruticosa* Robt.,
but this never has the stem half so large.

Quellia Biddomei
Clifton

Type Specimen
