SKCDC Species Lists

The [Saskatchewan Conservation Data Centre \(SKCDC\) Provincial Species Lists](#) have been updated and posted to the SKCDC's website. A [summary of updates](#) has been included to explore changes between the species lists that were posted in 2022 and the current lists (2023).

Highlighted changes include the following scientific name updates for vascular plants:

- *Packera streptanthifolia* (Northern Groundsel) has been updated to *Packera streptanthifolia* var. *streptanthifolia*
- *Gaura coccinea* (Scarlet Gaura) has been updated to *Oenothera suffrutescens*
- *Urtica dioica* ssp. *gracilis* (Stinging Nettle) has been updated to *Urtica gracilis* ssp. *gracilis*
