Corporate governance and remuneration

Governance principles – Afep-Medef Code

3.1 GOVERNANCE PRINCIPLES – AFEP-MEDEF CODE

Unibail-Rodamco-Westfield SE voluntarily refers to the Afep-Medef Corporate Governance Code of Listed Companies in the version of January 2020 (hereafter the “Afep-Medef Code”). The Code is available on the Afep website.

Recommendations set forth in the Afep-Medef Code are examined by the Governance, Nomination and Remuneration Committee (GNRC), which reports to the Supervisory Board (SB), working closely with the Management Board (MB). Each year, close attention is paid to the report issued by the High Committee for Corporate Governance (Haut Comité de Gouvernement d’Entreprise) and to the French Financial Markets Authority report on corporate governance and executive remuneration for listed companies. An analysis of the Company’s own practices and, if applicable, proposed improvements in the form of an action plan, is submitted to the GNRC and subsequently to the SB.

In accordance with Article L. 22-10-10 of the French Commercial Code, at its meeting held on February 10, 2021, the SB performed, as each year, a review of the Company’s compliance with the Afep-Medef Code and discussed improvement proposals formulated by the GNRC. While the Company continuously strives to adhere to the highest standards of corporate governance and applies the majority of the Afep-Medef Code recommendations, it must, in accordance with the “comply or explain” principle, provide the explanation below. The SB concluded that the Group applies all other recommendations of said Code.

No matter concerning the Company has ever been raised by the High Committee for Corporate Governance.

Afep-Medef Code recommendation	URW practice and explanation
<p>Departure of company officers (Article 25.5)</p> <p>In the event that a company officer leaves before the completion of the term envisaged for the assessment of the performance criteria for the long-term compensation mechanisms, continued entitlement to all or part of the long-term compensation benefit and its payment must be evaluated by the Board and the reasons for its decision must be indicated.</p>	<p>Under the current Group Long Term Incentive (LTI) plans, in the case of dismissal, all LTIs are forfeited. Given the circumstances of Mr Christophe Cuvillier’s dismissal as Group CEO, the SB, upon the recommendation of the GNRC, agreed the terms and conditions of a settlement agreement to be entered between Unibail-Rodamco-Westfield SE and Mr Christophe Cuvillier to settle the conditions and consequences of the termination of his MB mandate which took place on December 31, 2020. This settlement agreement included an irrevocable and mutual waiver and general release of claims and includes, subject to a binding approval at the 2021 General Meeting, the partial maintenance pro rata temporis of the existing LTI grants subject to performance conditions.</p> <p>Mr Jaap Tonckens retired as Group CFO on January 4, 2021 and no settlement agreement was signed. In the case of retirement, under the current LTI plans rules the presence condition is deemed met and 100% of the Performance Shares and Stock Options are granted. However, the SB, upon the recommendation of the GNRC, made use of its discretionary power to adjust the LTI grants to be only partially maintained, pro rata temporis.</p> <p>Please refer to Section 3.3.1 for further details.</p>

3.2 MANAGEMENT AND SUPERVISORY BODIES

The Company has adopted a dual management structure: a European company with a Management Board (MB) and a Supervisory Board (SB).

Such governance structure meets the highest standards of corporate governance ensuring an efficient balance between management and control allowing a responsive and reactive MB in the performance of its executive duties, in accordance with the non-executive prerogatives of the SB, whose composition guarantees independent oversight.

3.2.1 THE MANAGEMENT BOARD

The MB is the Company’s collegial decision-making body and is overseen by the SB. The MB Members are collectively responsible for the Company’s management and general course of business. Its mission consists of establishing and executing the Company’s strategy, effectively structuring and staffing the Company to ensure efficient functioning, achieving the projected financial results and communicating these results in the best manner.

3.2.1.1 COMPOSITION OF THE MANAGEMENT BOARD

During its meeting held on November 18, 2020, upon Governance and Nomination Committee (GNC) recommendation, the SB of the Company decided to terminate Mr Christophe Cuvillier’s position as Group Chief Executive Officer and Chairman and MB member of the Company and appointed Mr Jean-Marie Tritant, formerly President US of the Group, as Chief Executive Officer and Chairman and member of the MB, effective from January 1, 2021 for a 4-year term.

During its meeting held on December 8, 2020, the SB noted and acknowledged the intention of Mr Jaap Tonckens to retire as Group Chief Financial Officer and MB member, effective January 4, 2021. Upon the GNC recommendation, the SB appointed Mr Fabrice Mouchel, formerly Group Finance Director and Chief Financial Officer Europe, as Chief Financial Officer and MB member, effective from January 5, 2021 for a 4-year term.

During its meeting held on January 7, 2021, upon GNC recommendation, the SB appointed Ms Astrid Panosyan, formerly Group Chief Resources Officer, and Mr Olivier Bossard, formerly Group Chief Development Officer, as new MB members and respectively in the capacity of Chief Resources Officer and Chief Investment Officer, effective from January 7, 2021 for a 4-year term.

It must act with independence, loyalty and professionalism within the limit of the corporate social interest. As provided for by the Afep-Medef Code, the Supervisory Board (SB) assesses the functioning of the MB on an annual basis.

The MB defends the interests of the Group and takes into account the relevant interests of all of the Company's stakeholders. It is held to account for the manner in which it carries out its duties.

The responsibilities and functions of the members of the MB, other than the CEO, are divided as follows:

- The Chief Investment Officer is responsible for the investment/divestment process and defining the co-ownership and co-investment strategy; and coordinating corporate development (mergers and acquisitions, strategic alliances and joint venture developments). He is responsible for challenging the business strategy, in particular: asset and development strategy, major restructurings, extensions or refurbishments. INDEPENDENCE ANALYSIS OF SUPERVISORY BOARD MEMBERS

INDEPENDENCE PROCEDURE AND CRITERIA

Every year, the GNRC and the SB carry out an in-depth independence analysis of each SB Member pursuant to the criteria of the Afep-Medef Code. These criteria are included in the SB Charter.

In accordance with the Afep-Medef Code and the specific supplementary criteria of the SB Charter, the following are taken into account by the GNRC and the SB:

Afep-Medef Code independence criteria

- | | |
|---|--|
| 1 | Not an employee or executive officer of the Company, or an employee, executive officer or director of its parent or of one of its consolidated subsidiaries, and has not been one during the previous five years. |
| 2 | Not an executive officer of a company in which the Company holds a directorship, directly or indirectly, or in which an employee appointed as such, or a current or former (during the previous five years) executive officer of the Company is a director. |
| 3 | Not (nor directly or indirectly) linked to a customer, supplier, investment or commercial banker or consultant: (i) that is material to the Company or its Group, or (ii) for which the Company or its Group represents a significant part of the entity's activity. Materiality analysis: examine, for both entities when possible, the financial relationship, the continuity over time, the intensity of the relationship and the position of the SB Member in the Company. |
| 4 | Not related by close family ties to an executive officer of the Company. |
| 5 | Not an auditor of the Company within the previous five years. |
| 6 | Not a member of the Supervisory Board of the Company for more than 12 years. |
| 7 | Has not received any personal financial remuneration from the Company, including any remuneration related to the performance of the Company (no STI or LTI), other than the fees received as an SB Member. |
| 8 | Not representing any major shareholder of the Company (> 10%). |

Specific SB Charter criteria

- | | |
|----|---|
| 9 | Not a director of a company in which an MB Member of the Company holds a director role (which they are therefore responsible for controlling) (cross ties). |
| 10 | Has not temporarily managed the Company during the preceding 12 months while members of the MB were absent or unable to fulfil their duties. |

When any kind of business relationship exists (criterion no. 3), a further quantitative and qualitative analysis is conducted on a case-by-case basis to analyse the significance of the relationship and to assess the independence of that particular SB Member.

MEMBER INDEPENDENCE ANALYSIS AS AT DECEMBER 31, 2020

100% of the SB Members were found to be independent as at December 31, 2020.

DETAILED ANALYSIS OF CERTAIN CRITERIA FOR CERTAIN SUPERVISORY BOARD MEMBERS

A quantitative and qualitative analysis of the business relationship was carried out by the GNRC, then by the SB, to assess the independence of Mr Léon Bressler, given his role as SB Chairman, and of Ms Julie Avrane-Chopard, Ms Cecile Cabanis, Ms Dagmar Kollmann, Mr Roderick Munsters and Mr Xavier Niel given their other roles outside the Group during 2020.

Independence analysis of the SB Chairman, Mr Léon Bressler

The Afep-Medef Code makes no presumption related to the independence of an SB Chairman. However, the French Financial Market Authority (AMF) recommends that the independence of an SB Chairman be justified in detail. In a dual corporate governance structure in which the SB's role is to only exert oversight and control over the actions of the MB, and governed by a principle of non-interference in the executive duties of the MB, the risks of a conflict of interest are limited. A specific quantitative and qualitative independence analysis was conducted for Mr Léon Bressler, SB Chairman. While Mr Léon Bressler is the Managing Partner of Aermont Capital, a significant shareholder of the Group, the Aermont Capital position is well below the threshold of >10% that would impact independence pursuant to the SB Charter as well as the Afep-Medef Code. The shareholder agreement ("action de concert") that was previously entered into between Aermont Capital and NJJ Holding, Mr Xavier Niel's fully-owned private investment vehicle, was dissolved on December 21, 2020 and the entities no longer act in concert. As demonstrated by the chart above, other than as a non-executive

Chairman of the SB and member of the AC, he has no relationship of any kind with the Group or its management. His former position as Chairman and CEO until 2006 of Unibail (now URW), does not impact his independence under the Afep-Medef Code as he held it more than five years ago. In addition, as SB Chairman in a two-tier governance structure, Mr Léon Bressler has no executive function and is not involved in day-to-day operations nor the operational decisions of the Group. Other than the nominal fees received for his contribution provided as an SB Member, he has not received personal financial remuneration, including any remuneration in the form of shares nor any remuneration related to the performance of the Group (no STI or LTI), from the Group.

Accordingly, based on the work of the GNRC, the SB concluded that Mr Léon Bressler is independent.

Analysis of Ms Julie Avrane-Chopard's business relationship

Ms Julie Avrane-Chopard's independence was further analysed given the following mandate:

- Non-Executive Board member of the Monnoyeur Group.

The following criteria were assessed for the Monnoyeur Group:

- The legal entities signing contracts;
- The total euro amount paid for services in 2020; and
- The date a business relationship was first established, the overall duration and the continuity of same.

As a Non-Executive SB Member of URW SE and as a Non-Executive Board member of the Monnoyeur Group, Ms Avrane-Chopard is not involved in the day-to-day operations nor the operational decisions of the involved companies. She is not and has never been an employee nor Executive Director of the companies. Service contracts between the companies are awarded following a tender. They are routine agreements for the companies and entered into on an arm's length basis. With respect to both companies, the service fees paid to a subsidiary of the Monnoyeur Group by the Group are marginal compared to each group's total turnover. Discussions on service contract terms and conditions and their negotiation never rise to the SB level nor to the Group Monnoyeur Board level. Therefore, Ms Avrane-Chopard does not participate in negotiations and has no influence over negotiations between the entities. Other than the remuneration received for her contribution provided as an SB Member, she has not received personal financial remuneration, including any remuneration in the form of shares or any remuneration related to the performance of the Company (no STI or LTI), from the Group.

Accordingly, based on the work of the GNRC, the SB concluded that Ms Avrane-Chopard is independent.

Analysis of Ms Cecile Cabanis' business relationship

Ms Cecile Cabanis' independence was further analysed given the following mandates:

- Executive Vice-President, Chief Financial Officer, Technology & Data, Cycles & Procurement, member of the Executive Committee (until February 19, 2021) and Vice-Chair of the Board of Directors of Danone; and
- Non-Executive Director of Schneider Electric.

The following criteria were assessed for Schneider Electric:

- Type of business relationship;
- Total euro amount paid for services in 2020; and
- Date a business relationship was first established, the overall duration and the continuity of same.

As a Non-Executive SB Member at both companies she is not involved in the day-to-day operations nor the operational decisions of the group. She is not and has never been an employee nor Executive Director of the groups. The contracts between the companies are entered into between subsidiaries of each group and not at the parent level. The contracts between the companies are routine agreements and entered into on an arm's length basis. With respect to both companies, the service fees paid by the Group are marginal compared to each group's total expenses/revenues or total turnover. In addition, discussions on specific contract terms and their negotiation never rise to the level of the SB of the groups. Therefore, she does not participate in negotiations and has no influence over negotiations between the entities. Other than the remuneration received for her contribution provided as an SB Member, Ms Cabanis has not received personal financial remuneration, including any remuneration in the form of shares or any remuneration related to the performance of the Group (no STI or LTI), from the Group.

The following criteria were assessed for Danone SA:

- The legal entities signing contracts;
- The number of centres represented in the consolidated Group portfolio in 2020;
- The euro amount of fees received in 2020;
- The significance of Danone SA in comparison to other commercial partnerships and brand experiences with the Group; and
- The date a business relationship was first established, the overall duration and the continuity of same.

Notably, as a Non-Executive SB Member of URW SE she is not involved in the day-to-day operations nor the operational decisions of the group. She is not and has never been an employee nor Executive Director of URW SE. The contracts are entered into between Danone SA's advertising agencies and subsidiaries of URW SE, and are routine agreements entered into on an arm's length basis. With respect to both companies, the fees are marginal compared to each group's total expenses/revenues or total turnover. In addition, discussions on specific contract terms and their negotiation never rise to the SB level. Therefore, from the URW SE perspective, Ms Cabanis does not participate in negotiations and has no influence over negotiations. Other than the remuneration received for her contribution provided as an SB Member of URW SE, she has not received personal financial remuneration, including any remuneration in the form of shares or any remuneration related to the performance of the Group (no STI or LTI), from the Group.

Accordingly, based on the work of the GNRC, the SB concluded that Ms Cabanis is independent.

Analysis of Ms Dagmar Kollmann's business relationship

Ms Dagmar Kollmann's independence was further analysed given the following mandates:

- SB Member of Deutsche Telekom; and
- Non-Executive Director of Coca-Cola European Partners plc.

The following criteria were assessed for Deutsche Telekom:

- The legal entities signing lease contracts;
- The percentage represented at Group level:
 - out of all stores,
 - of GLA,
 - of minimum guaranteed rent for the Group's consolidated portfolio in 2020; and
- The date a business relationship was first established at Group level.

As a Non-Executive SB Member at both companies she is not involved in the day-to-day operations nor the operational decisions of the group. She is not and has never been an employee nor Executive Director of the groups. The lease contracts between the companies are entered into between subsidiaries of each group and not at the parent level. The lease contracts between the companies are routine agreements and entered into on an arm's length basis. With respect to both companies, the rents received by the Group are marginal compared to each group's total lease expenses/revenues or total turnover. In addition, discussions on specific contract terms and their negotiation never rise to the level of the SB of the groups. Therefore, she does not participate in negotiations and has no influence over negotiations between the entities. Other than the remuneration received for her contribution provided as an SB Member, Ms Kollmann has not received personal financial remuneration, including any remuneration in the form of shares or any remuneration related to the performance of the Group (no STI or LTI), from the Group.

The following criteria were assessed for Coca-Cola European Partners plc:

- The legal entities signing contracts;
- The number of centres represented in the consolidated Group portfolio in 2020;
- The euro amount of fees received in 2020;
- The significance of Coca-Cola European Partners plc in comparison to other commercial partnerships and brand experiences with the Group; and

Corporate governance and remuneration

Management and supervisory bodies

- The date a business relationship was first established, the overall duration and the continuity of same.

Notably, as a Non-Executive SB Member at each company she is not involved in the day-to-day operations nor the operational decisions of the group. She is not and has never been an employee nor Executive Director of the groups. The contracts are entered into between Coca-Cola European Partners plc's advertising agencies and subsidiaries of URW SE, and are routine agreements entered into on an arm's length basis. With respect to both companies, the fees are marginal compared to each group's total expenses/revenues or total turnover. In addition, discussions on specific contract terms and their negotiation never rise to the level of the SB of the groups. Therefore, Ms Kollmann does not participate in negotiations and has no influence over negotiations between the entities. Other than the remuneration received for her contribution provided as an SB Member of URW SE, she has not received personal financial remuneration, including any remuneration in the form of shares or any remuneration related to the performance of the Group (no STI or LTI), from the Group.

Accordingly, based on the work of the GNRC, the SB concluded that Ms Kollmann is independent.

Analysis of Mr Roderick Munsters' business relationship

Mr Roderick Munsters' independence was further analysed given the following mandates:

- SB Member of Moody's Investors Service - EU; and
- SB Member of PGGM Investments.

The following criteria were assessed for Moody's:

- Type of business relationship;
- The legal entities signing contracts;
- The euro amount of fees paid to Moody's in 2020; and
- The date a business relationship was first established, the overall duration and the continuity of same.

Moody's rates tens of thousands of issuers, financial instruments, sovereign nations and banks on an ongoing basis. The ratings of the Group are conducted on an arm's length basis. The business relationship between Moody's and the Group began before Mr Munsters joined the SB of either entity. The rating service contract between Moody's and the Group are entered into between subsidiaries of each group and not at the parent level. With respect to both companies, the service fees paid by the Group to Moody's are marginal compared to each group's total service fees expenses/revenues or total turnover. Discussions on the contract terms and conditions and their negotiation never rise to the SB level of either company. Furthermore, Moody's has a "Director and Shareholder Affiliation Policy" which ensures that ratings of any company or any pending actions are not discussed at the SB level. Therefore, he does not participate in discussions and does not have an impact on the relationship between the entities.

The following criteria were assessed for PGGM Investments:

- Type of business relationship; and
- Date a business relationship was first established, the overall duration and the continuity of same.

PGGM has been a long standing shareholder of the Group. The relationship between PGGM and the Group began before Mr Munsters joined the SB of either entity. PGGM's shareholdings are well below the thresholds that would impact independence pursuant to the SB Charter as well as the Afep-Medef Code. As an SB Member of Unibail-Rodamco-Westfield SE, Mr Munsters considers the interests of all shareholders equally.

Furthermore, as a Non-Executive SB Member of URW SE, he is not implicated in the day-to-day operations nor the operational decisions of the Group. He is not and has never been an employee nor Executive Director of the Group. Other than the fees received for his contribution provided as an SB Member, he has not received personal financial remuneration, including any remuneration in the form of shares nor any remuneration related to the performance of the Group (no STI or LTI), from the Group.

Accordingly, based on the work of the GNRC, the SB concluded that Mr Munsters is independent.

Analysis of Mr Xavier Niel's business relationship

Ms Xavier Niel's independence was further analysed given the following mandates:

- Owner (through controlled entities) of 11.40% of URW share capital, of which 7.17% is held directly and includes voting rights, and of which 4.23% corresponds to financial instruments; and
- Chairman of the Board of Directors of Groupe Iliad and majority shareholder.

On February 26 and March 3, 2021, the Company received two formal notifications (the "Notifications") from NJJ Holding, an entity fully controlled by Mr Niel, that it had crossed the 10% threshold of share capital through two subsidiaries (Rock Investment and NJJ Market). The upward crossing of the threshold results from the use of financial instruments giving NJJ Holding economic exposure to URW shares, which are treated by Article L.233-9 1° of the French Commercial Code as equivalent to ownership of capital and voting rights for the sole purpose of reporting the crossing of thresholds. The Notifications also included confirmation that Mr Niel (a) does not intend to take over the Company but will continue to purchase shares depending on market conditions, (b) does not demand additional seats on the SB and (c) supports the strategy defined by the SB and MB as well as operations related to the implementation of such strategy. The shareholder agreement ("action de concert") that had previously been entered into with Aermont Capital was dissolved on December 21, 2020 and the entities no longer act in concert.

In accordance with the Afep-Medef Code, which imposes this requirement above a threshold of 10% in capital or voting rights, the GNRC and the SB have examined the qualification of Mr Niel as an independent member.

Upon recommendation of the GNRC, the SB confirmed the independent membership of Mr Niel considering that (i) under the Afep-Medef Code (the reference corporate governance code to which the Company adheres), the crossing of the threshold of 10% in capital or voting rights by a member of the SB does not systematically impact independence, (ii) in this case, the crossing of the threshold results from the structure of the financial instruments entered into for the purposes of structuring the financial transaction carried out, (iii) neither Mr Niel nor the entities controlled by him are in a position to exercise the voting rights attached to the URW shares underlying these financial instruments, (iv) taking into account only the percentage (direct or indirect) of the share capital effectively held and the voting rights effectively exercisable, excluding assimilation, the threshold of 10% of the share capital and voting rights would not be crossed, (v) in addition, Mr Niel continues to meet the other independence criteria of the Afep-Medef Code and the SB charter, (vi) Mr Niel is not related to any other shareholder other than the entities he controls, (vii) it results from the declaration of intent contained in the declaration of crossing that Mr Niel does not intend to take control of the Company, and (viii) consequently, there is no conflict of interest that could compromise his freedom of judgment.

The Company will continue to monitor the situation closely and update the independence analysis as appropriate.

In determining his independence as Chairman and majority shareholder of Groupe Iliad, the following criteria were assessed:

- The legal entities signing contracts;
- The percentage represented at Group level:
 - out of all stores,
 - of GLA,
 - of minimum guaranteed rent for the Group's consolidated portfolio in 2020; and
- Total euro amount paid and received for services in 2020;
- Date a business relationship was first established, the overall duration and continuity.

Corporate governance and remuneration

Management and supervisory bodies

As a Non-Executive SB Member at URW SE, he is not implicated in the day-to-day operations nor the operational decisions of the Group and is not nor has ever been neither an employee nor Executive Director of the Group. The lease contracts and service agreements between the companies are routine agreements and entered into on an arm's length basis. With respect to both companies, the rents received by the Group are marginal compared to each group's total lease expenses/revenues or total turnover, and the service fees paid to Groupe Iliad by the Group are marginal compared to each group's turnover. In addition, discussions on specific contract terms and their negotiation never rise to the level of the SB of the groups. Therefore, he does not participate in negotiations and has no influence over the negotiations between the entities. Other than the nominal fees received for his contribution as an SB Member, he has not received personal financial remuneration, including any remuneration in the form of shares nor any remuneration related to the performance of the Group (no STI or LTI), from the Group.

Accordingly, based on the work of the GNRC, the SB concluded that Mr Niel is independent.

SUCCESSION PLANNING

Succession planning is key to the long-term competitiveness and growth of the Company. Departure of key people from the MB, top management, and from the SB is an identified risk factor for the Company.

SUPERVISORY BOARD SUCCESSION PLANNING AND SB MEMBER CANDIDATE SELECTION PROCESS

The SB succession plan is discussed on a regular basis to ensure proper rotation of members in terms of foreseeable departures as well as to anticipate any unforeseen departures. In order to maintain its diversity (in terms of gender, nationality and experience), the process provides for the definition of profiles for each potential vacancy by the GNRC in consultation with the SB and in dialogue with the MB. The profiles must reflect both the requirements included in the SB Member profile as described in Annex A of the SB Charter and any specific additional criteria in light of the Group's strategy and corporate governance principles. Each profile is subject to the approval of the SB. A short list of possible candidates is then determined, with the assistance of a global executive search firm, by the SB Chairman together with a small committee of GNRC Members and in consultation with the CEO and the CRO. Candidate interviews are conducted with the SB Chairman, at least two members of the GNRC, other SB Members, the CEO and the CRO. The SB Vice-Chair leads the process concerning the SB Chairman's succession. Selected candidates are then presented to the SB for approval prior to being proposed to shareholders for appointment at the General Meeting.

MANAGEMENT BOARD AND TOP MANAGEMENT (INCLUDING THE EXECUTIVE COMMITTEE) SUCCESSION PLANNING AND CANDIDATE SELECTION PROCESS

In order to ensure business continuity both for foreseeable and unforeseeable departures, the GNRC spends significant time discussing the MB and top management (including the Executive Committee) succession plan annually. The CEO, the CRO and the GNRC discuss succession of the critical leadership roles in detail. This discussion includes defining the desired profile of potential replacements with respect to the Group's strategy, diversity and the level of expertise and experience necessary for successful succession. Potential internal successors are discussed at length including steps to be implemented to reinforce such persons' continued professional growth.

Market screenings are regularly conducted with external consultants to ensure an identifiable pool of candidates for any position where an immediate successor is not identified. Diversity in terms of gender, nationality and international experience are key points of discussion for the identification of individuals. A "critical role crisis plan" is also in place to outline the immediate required actions should an unforeseen significant event occur impacting the MB. It also sets out the risk mitigation steps and external communication steps. The SB discusses the work done by the GNRC at each of its meetings immediately thereafter.

In order to promote the gender balance within the MB, the MB Charter has been modified to ensure, during the process of selecting a new member, the presence of at least one person per gender from among the candidates. In 2020, the MB presented to the SB the "Be You at URW" framework launched in 2020, including ambitious targets to accelerate development programmes and increase diversity in senior management roles, including a 60/40 gender balance by 2025.

In the event of succession of an MB Member, the process is led by the CEO together with the GNRC Chairman, and by the GNRC Chairman only where succession of the CEO is concerned. The desired profile for the role is fine-tuned to reflect specific criteria in light of the Group's strategy and corporate governance principles and is subject to the approval of the SB. Candidate interviews are conducted with the CEO, the CRO, the SB Chairman, and at least two other SB Members.

Upon the recommendation of the GNC, the SB decided to implement the succession plan in 2020 as part of the evolution in the Group's strategy. Please refer to Section 3.2.1 for a more detailed discussion of the recent changes to the MB.

3.2.2.2 SUPERVISORY BOARD MISSIONS

The functioning of the SB is governed by the Company's Articles of Association and the SB Charter whose main provisions are described in Section 7.6 and are available on the Company's website.

SUPERVISORY BOARD ACTIVITIES IN 2020

In 2020, the SB held additional ad hoc meetings and working sessions to monitor the evolution of the COVID-19 pandemic and related business implications as well as strategic initiatives relating to the balance sheet and proposed capital raise. In total, the SB held 23 meetings in 2020 (including 17 ad hoc meetings) as well as 20 working sessions. The SB can meet without the MB (non-executive sessions) whenever deemed necessary and does so on a regular basis. Twenty-five non-executive sessions were held in 2020. The member attendance rate was 99% for all SB meetings, including ad hoc meetings and non-executive sessions.

In addition to the matters within its statutory scope, the SB discussed all major actions carried out in 2020, both internally (e.g. organisational matters, key appointments within the Group, internal audits, risk management, Anti-Corruption Program) and externally (acquisitions, disposals, Group strategy, including CSR strategy - "Better Places 2030", development projects, financial policy, etc.) with specific attention to the evolution of the COVID-19 pandemic and deleveraging strategies, including an equity raise that was proposed to shareholders, further disposals and ways to ensure access to capital markets.

SB Members were also informed of the work and recommendations of its specialised committees and that of the Statutory Auditors. The minutes and documents of all the meetings of the AC and GNRC are systematically made available to all SB Members through a secure electronic platform.

KEY TOPICS

The following key topics are an important part of the Group's strategy and are closely followed by the SB. They are discussed in detail in other sections of this Universal Registration Document (please refer to the following sections for further detail):

- CSR/Sustainability - Chapter 2;
- Diversity and Inclusion - Chapter 2;
- Risk Management Framework - Section 6.1;
- Compliance - Section 3.4; and
- Strategy, including the disposal programme - Section 1.3.

COMPANY SHAREHOLDER ENGAGEMENT POLICY

The Group's shareholder base is 99.63% free float, with no shareholder (acting alone or jointly) holding more than 10% of the share capital or voting rights⁽¹⁾. The Group's shareholder base is therefore diverse, with its 100 largest shareholders representing approximately 70% of the share capital only. This diversity is reflected in the composition of the SB, which is entirely independent. The diversity of the shareholder base and investor profiles, both on a geographic and investment strategy basis, makes it all the more important to have extensive and regular interactions with shareholders.

To formalise this commitment to shareholders, a Shareholder Engagement Policy has been published and is available on the Group's website. It provides information to shareholders on the engagement process and highlights the importance of clear communication, transparent shareholder engagement and the Group's commitment to non-selective information and equal treatment among shareholders.

In 2020, the SB led a major shareholder outreach on governance and compensation topics before the Annual General Meeting. In addition, when the SB considers that a resolution may be or has been the subject of relevant opposition, it may take the initiative to send a public letter (also published on the Company's website) to shareholders to communicate the decisions adopted by the SB to clarify any potential concern.

On September 16, 2020, the Group announced a €9+ Bn RESET plan to strengthen its balance sheet and increase financial flexibility. The RESET plan included a proposed €3.5 Bn capital raise, subject to approval by URW's shareholders. The MB and SB conducted a major shareholder outreach ahead of the vote, however, following the rejection by the November 10, 2020 General Meeting, the MB with the approval of the SB will pivot the deleveraging plans towards more disposals and cash savings and implementing a programme to significantly reduce the Group's financial exposure to the US.

As a result of the shareholder vote at the November 10, 2020 General Meeting, three new SB members were elected and of these new SB members, Mr Leon Bressler was appointed SB Chairman. In addition, a new MB structure was announced, discussed in further detail in Section 3.2.1.1.

The dialogue initiated by the Company with its shareholders is primarily focused on three areas:

- (i) Strategy and financial performance, including deleveraging and disposals, for which the Investor Relations team, regularly accompanied by MB Members, meets investors during post-results roadshows during the year, as well as during the 15-20 investor conferences they attend globally each year (albeit in 2020 the Group attended only 10 conferences due to the COVID-19 restrictions), and the Investor Days that are organised biannually. These discussions are focused on the Group's strategy, financial information and performance. In 2020, the team undertook 404 meetings (mainly virtual) with 142 existing investors representing over 80% of the institutional shareholder base, and over 300 potential investors.

- (ii) Corporate Social Responsibility (CSR) and extra-financial performance for which the CSR team together with the Investors Relations team, meets with investors' dedicated CSR teams or extra-financial rating agencies in order to promote the CSR strategy reflected in the "Better Places 2030" project, its implementation, and the Group's extra-financial performance.
- (iii) Corporate Governance involving Legal, Compensation, Investor Relations and CSR teams. In order to improve the quality of exchanges and to provide relevant feedback to the SB and its committees, Corporate Governance roadshows typically take place over two distinct periods:
 - from November to January, in order to discuss topics of interest to shareholders (e.g. specific expectations, clarifications or explanations, feedback based on voting, new voting policies, CSR policy, risk management, compliance, and compensation). These meetings allow the Group to clarify the positions adopted by the SB during the year and discuss any concerns. Due to the additional shareholders' meeting in November and the consequent changes in corporate governance, in 2020 the Group did not perform this off-season engagement, but remains committed to continue this best practice in 2021.
 - from March to April, after release of the Universal Registration Document and prior to the Annual General Meeting of shareholders, in order to discuss all the resolutions proposed to shareholders' vote (including but not limited to approval of the financial statements and allocation of the profits, financial authorisations, compensation policy, and remuneration report).

As part of the ongoing dialogue, shareholders are offered the opportunity to exchange views with the SB Chairman, GNRC Chairman or AC Chair. The feedback from these meetings is shared with the GNRC and the SB to better understand the questions, opposition or support on key issues, and points of interests raised by shareholders, and to encourage informed reflections.

The Company implements a similar engagement policy with the main proxy advisors and investor organisations.

STRATEGIC MEETINGS

Once a year, the SB and MB typically take the opportunity to visit a country where the Group operates to discuss strategic matters and market developments in-depth and to interact directly with the local management teams. Due to the travel restrictions and confinement measures that were implemented from mid-March 2020, meetings took place via videoconference. In 2020, given the evolution of the COVID-19 pandemic and related business implications, the SB and MB focused on the response to COVID-19 and balance sheet, capital structure management and rating agency implications. Throughout 2020, extensive discussions took place that covered the Group's strategic objectives, challenges and opportunities in retail and the market generally. While SB Members regularly conduct site visits and meet with local teams, in 2020, due to the COVID-19 disruptions and restrictions, such visits did not take place.

SB MEMBER TRAINING

Each new SB Member takes part in an induction programme individually tailored to their particular skill sets, experiences and expertise. The induction programme provides the new member with information unique to the Group and its business activities, its financial reports, legal affairs and compliance. New members also meet with key people within the organisation, with virtual meetings as necessary in function of local COVID-19 guidelines, and conduct site visits of Group assets as well as major competitors. Individual visits with local management resumed in 2021, in compliance with applicable local COVID-19 recommendations, as part of the new SB Member induction programme.

(1) As at the date of release of this Universal Registration Document.

Corporate governance and remuneration
Management and supervisory bodies

An annual training day is held for all SB Members which often includes Group asset visits. In 2020, one major session was held, focusing on the Group Anti-Corruption Program, led by the Group Compliance Officer and external legal counsel.

SUPERVISORY BOARD MEMBER SHARE OWNERSHIP REQUIREMENT

In accordance with the Afep-Medef Code and with Article 3.3 of the SB Charter, in order to promote the alignment of interests between shareholders and SB Members, all SB Members must hold within two years of their appointment a number of Stapled Shares at least equal to one year of SB Member fees. As at the date of release of this Universal Registration Document all SB Members except, for one SB Member nominated on December 23, 2020, comply with this share ownership requirement.

3.2.2.3 SPECIALISED SUPERVISORY BOARD COMMITTEES

In accordance with Article 5 of the SB Charter, the SB has two committees: the Audit Committee and the Governance, Nomination and Remuneration Committee, each of which focuses on, and explores in-depth, specific topics of its overall competence. Each committee operates based on the SB’s Charter, which describes its composition, role, responsibilities, organisation, and functioning. The committees make recommendations and advise the SB within their scope of responsibility. The SB is, however, ultimately responsible for all the decisions and actions taken on the committees’ recommendations.

CSR GOVERNANCE

CSR is a core component of URW’s long-term competitive strategy. CSR is monitored at the SB level and part of the regular SB reporting and discussion. It is also monitored in detail by the Audit Committee, as non-financial risks are integrated into the global Group risk management approach, and is a topic regularly included as part of annual strategic meetings and SB member onboarding and ongoing training. CSR is monitored at the operational level by the CSR Steering Committee, which is described in detail in Section 2.1.5.

3.2.2.3.1 AUDIT COMMITTEE (AC)

The composition, functioning and responsibilities of the AC are governed by the AC Charter, established by the SB.

AUDIT COMMITTEE COMPOSITION

The AC is chaired by Ms Cecile Cabanis and consists of five independent members.

The AC Members are selected by the SB, upon the recommendation of the GNRC. They are appointed by the SB for their strong skills in finance and accounting.

Pursuant to French Commercial Code requirements and the Afep-Medef Code, every AC Member is an expert in finance and in accounting for listed companies or for other large companies which apply the IFRS accounting standards.

AUDIT COMMITTEE MEETINGS

Typically, the CEO, the CFO, the Chief Resources Officer (CRO) and the General Counsel attend AC meetings, unless decided otherwise by the AC. Other Management Committee members may also attend meetings. The AC may decide to meet without the MB Members or to meet only with the CEO, the CFO or the Statutory Auditors. The Director of Tax, the Director of Consolidation and Accounting, the Director of Control, the Director of Risk Management and the Director of Internal Audit attend AC meetings at the request of the AC.

AC Members receive the meeting documents which include a detailed agenda and comprehensive papers at least three days before each meeting. To allow for optimal preparation for the review of the accounts, the AC meets at least 48 hours prior to the SB Meeting at which the full-year and half-year financial statements are reviewed. The SB is informed of the proceedings and recommendations of the AC at its meeting directly following that of the AC.

AUDIT COMMITTEE ACTIVITIES

The AC met five times in 2020 (four times in the presence of the Statutory Auditors). Four non-executive sessions were held in 2020, all of which were together with the Statutory Auditors. The member attendance rate was 90% for all meetings, including ad hoc meetings.

The AC deals with a number of recurring issues, such as accounting and financial elements (interim and annual financial statements), internal control, risk management and net asset value. It examines and supervises the Company's publication of financial information. It also ensures the relevance and efficiency of the Group's accounting and financial standards, tax and funding policies, internal audit, risk management and control procedures. As part of its risk management scope, the AC also deals directly with CSR topics such as climate change, societal risks and the Group insurance programme.

The AC may also carry out specific examinations on its own initiative or at the request of the SB. The AC may solicit the advice of external advisors as it deems necessary. In addition to the regular contact that the AC has with the MB and its Statutory Auditors, it is free to interview experts in particular fields (e.g. accounting, finance, risk and audit managers) without MB Members being present. The AC also has access to valuations carried out by independent appraisers.

3.2.2.3.2 THE GOVERNANCE, NOMINATION AND REMUNERATION COMMITTEE (GNRC)

At the SB meeting of December 23, 2020, pursuant to the Governance and Nomination Committee (GNC) recommendation, the SB approved the combination of the GNC and Remuneration Committee (RC), chaired by Mr Roderick Munsters, effective January 1, 2021, given the interrelatedness of the topics and members and in order to improve efficiency. The composition, functioning and responsibilities of the GNRC is governed by the GNRC Charter, which is established by the SB.

3.2.2.4 EVALUATION OF THE SUPERVISORY BOARD

SUPERVISORY BOARD ANNUAL EVALUATION PROCESS

In accordance with the Afep-Medef Code and the SB Charter, an assessment of the SB is carried out annually with a more formal and detailed assessment carried out every three years.

Prior to the governance changes that took place in November and December 2020, the SB conducted a formal annual assessment which consisted of a detailed questionnaire completed by each SB Member on a confidential basis to assess the performance of the SB, its committees and its members (including of the Chairs of the SB and its committees) and of the overall functioning of the SB. In addition, the AC, the GNC and the RC carried out a similar evaluation of their composition and functioning.

The assessment was summarised and discussed during an SB meeting as well as at AC and GNRC meetings in the presence of all of its members but in the absence of the MB. The MB was provided with a summary of improvement areas discussed and the SB Chairman and the CEO also discussed the summary separately.

ANALYSIS OF THE RESULTS

As the 2020 SB self-assessment was conducted prior to the governance changes that took place in November and December 2020, the SB agreed that the 2021 SB self-assessment will be particularly relevant as it will integrate the feedback of the SB Members who joined in 2020. For the 2020 period, the SB Members noted, in particular, the adaptability of management and fellow SB Members given the challenges of COVID-19, including the transition to virtual meetings and the regular operational updates on the COVID-19 evolution and impact. This evaluation also included reflections on succession planning and the mix of SB skills, experience and expertise and the desire to bolster the SB by nominating additional French members, which was accomplished in 2020.

Furthermore, the following areas of improvement were identified and will continue to be a priority in 2021:

- Focus on key Group strategy items for 2021, such as deleveraging, disposals and access to capital;
- Focus on the competitive and retail environment as well as industry and market trends with respect to the Group's strategic objectives;
- Focus on data and innovation and consumer behaviours and trends.

MANAGEMENT OF CONFLICTS OF INTEREST

To the knowledge of the Company, there are no conflicts of interest or potential conflicts of interest between the Company and the SB and/or MB Members with respect to their personal interests or their other obligations.

In order to ensure that each SB and MB Member acts with loyalty, independence and professionalism and in accordance with Article 11 of the SB Charter and Article 7 of the MB Charter (see Section 7.6 of this Universal Registration Document), each SB Member and MB Member must immediately report any potential conflicts of interest with the Company to the SB Chairman and to the other SB and MB Members, respectively, providing all information relevant to the conflict of interest. Such conflicted member must abstain from discussions and the decision-taking process on the subject or transaction in relation to which he/she has a conflict of interest.

Additionally, the SB and MB Members must seek prior SB approval before accepting any new mandates of any type, including in another company, in order for the SB to conduct, among other things, a conflict of interest and independence analysis.

The SB and the MB are also subject to the rules established in the Group's Code of Ethics and Anti-Corruption Program applicable to all Group employees (for more details, please see Section 3.4 of this Universal Registration Document).

INFORMATION ON RELATED PARTY AGREEMENTS

Within the meaning of Article L. 225-86 of the French Commercial Code, one agreement has been authorised by the Supervisory Board (SB) in the year ending on December 31, 2020, and no previously approved agreements continued during the financial year.

On November 18, 2020, on the recommendation of the Remuneration Committee (RC), the Supervisory Board (SB) authorised a settlement agreement between the Company and Mr Christophe Cuvillier, Group Chief Executive Officer, to settle amicably and definitively the terms and consequences of terminating his term of office. This settlement agreement is subject to the legal provisions of the regulated agreements procedure.

As part of its decision, the SB examined and considered the specific terms, form and timeframe within which Mr Cuvillier's term of office as Group Chief Executive Officer and member of the Management Board was prematurely terminated.

The RC and SB noted that operational management of the Group during the COVID-19 crisis had been satisfactory, but also noted a divergence in strategy with a significant proportion of shareholders over the need for a capital increase and the validity of the RESET plan which led to the rejection of an equity raise at the EGM held on November 10, 2020 and the appointment of three new SB members, one of which being appointed as SB Chair. In light of this observation, of the unusual and particularly unforeseeable aspect of the situation, and the existence of a major divergence over Group strategy between the SB and Mr Cuvillier, the SB considered, on recommendations from the RC, that it was in the best interests of the Company and its shareholders to put the quest for a settlement solution to a shareholders' vote. By this approach, the SB gave priority to safeguarding the URW Group's interests and has thus enabled a smooth transition within the corporate bodies avoiding any governance crisis and thus the continuity of the Group's operational activity.

In the absence of any predetermined contract severance allowance in the Remuneration Policy, the SB deemed that the compensation put to the shareholders' vote should be for a strictly limited sum. On recommendation of the RC, this settlement compensation was set at a sum corresponding to six months' gross average remuneration (fixed income and short term incentive) paid to Mr Cuvillier in 2019 and 2020, i.e. about a fifth of the maximum over two years fixed by the Afep-Medef code. In addition, given the circumstances and the reasons that led to Mr Cuvillier's departure, the SB did not deem it appropriate to include a non-compete clause in the settlement agreement, which would have required an additional compensation payment.

Beyond the irrevocable and mutual waiver of any legal proceedings or action in connection with the fulfilment and/or premature termination of Mr Cuvillier's roles, the settlement agreement includes paying settlement compensation of €936,500 and the pro rata reduction of previous awards made as long term incentives. This reduction has

resulted in the immediate cancellation of performance shares of 46% in the process of being awarded and 35% of performance stock options. These awards remain fully and compulsorily subject to actually achieving the performance results specified in the relevant plans, only the presence condition having been waived. This settlement agreement also includes the usual stipulations relating to confidentiality, cooperation and non-denigration, as well as limited and temporary tax aid, in the amount of €15,000.

Due to the circumstantial factors stated above, the Board considered that this settlement agreement is in line with URW SE's corporate interests by protecting it against any legal action and by ensuring a smooth transition and the start of a new chapter for the Group, considering:

- The economic situation generated by the COVID-19 crisis and the difficulties currently facing the Group,
- The need to establish new senior management to engage the Group's new strategy immediately and fully,
- The clause by the parties to waive any action based on the fulfilment and/or termination of Mr Cuvillier's roles within the Group, and
- The fact that this proposal follows the principles and spirit of the Group's benchmark corporate governance code.

This settlement agreement will be submitted to the shareholders for approval in a binding vote at the forthcoming May 12 General Meeting.

In order to give full effect to the shareholders' vote, this mechanism goes beyond the legal provisions applicable to regulated agreements. In the event of a vote against the resolution, the aforesaid compensation and the reduced proportion of long term incentives would not be paid; the other parts of the agreement, including the waiver of legal action, would remain in effect.

This information is included in the special Statutory Auditors' report (see Section 5.8).

PROCEDURE FOR THE IDENTIFICATION AND MONITORING OF RELATED PARTY AGREEMENTS AND COMMON AGREEMENTS AND CONDUCTED UNDER NORMAL CONDITIONS

In accordance with Article L. 225-87 of the French Commercial Code, the SB has adopted on December 10, 2019, upon the recommendation of the Audit Committee, a procedure for the identification and qualification (ex-ante) and monitoring (ex-post) of related party agreements or common agreements. After a reminder of the legal framework, this procedure formalises the various stages of verification ensuring an effective detection and monitoring of regulated party agreements and common agreements, its qualification by the Corporate Legal Department until its signing and, as the case may be, prior approval by the SB and approval by the General Meeting for related party agreements. This procedure was disclosed within the Group and is available on the Group Intranet website.

3.2.3 THE EXECUTIVE COMMITTEE⁽¹⁾

REGIONAL HEADS

FUNCTIONAL HEADS

Chaired by Mr Jean-Marie Tritant, as CEO, the Executive Committee is made up of the Group's 14 main executives, representing the geographical areas in which the Group operates as well as the corporate functional units.

The Executive committee is in charge to implement in a concrete and coherent way the financial and strategic orientations set by the Management Board in consultation with the Supervisory Board. The Executive Committee meets on average once a month to evoke the performance objectives of the Group and the advancement of strategic priorities.

(1) The Executive Committee has been implemented on January 7, 2021. Before Executive Committee implementation, the Senior Management Team was the coordinating body for Unibail-Rodamco-Westfield SE and Unibail-Rodamco-Westfield N.V. responsible for the definition of their shared strategy and their business policy and for providing advice on key business decisions. The Senior Management Team was composed of 8 members.

3.3 MANAGEMENT AND SUPERVISORY BOARDS REMUNERATION

A WORD FROM THE GOVERNANCE, NOMINATION AND REMUNERATION COMMITTEE CHAIRMAN

Dear shareholders,

2020 has been a very challenging year for Unibail-Rodamco-Westfield. After a good start of the year, with encouraging results for the first two months, the global COVID-19 pandemic has impacted our business in an unprecedented way, with a severe impact on our retailers, their clients and our operations and financials, and our assets closed for long periods in most countries where we operate.

During that time, the Management Board (MB) adapted immediately and worked relentlessly to mitigate the pandemic impact and protect the future of the Group. At the same time, the MB (as well as a large number of Group executives) volunteered to reduce their salary by 25%, with a proportionate reduction in the 2020 Short-Term Incentive, then used the savings proceeds to support a number of local charities fighting against COVID-19 and its consequences.

Adjustments to our Remuneration Policy

This unprecedented and unforeseeable situation led the Supervisory Board (SB), upon Remuneration Committee (RC) recommendation, to use its room for discretion, as voted at the 2020 General Meeting, to make a number of small but necessary adjustments to the 2020 remuneration policy:

- The SB, upon recommendation of the RC, reassessed the Group's strategic priorities and adjusted the Short-Term Incentive performance indicators accordingly. The Commercial Partnerships objective, weighted 4% of the total Short-Term Incentive for the CEO, was therefore replaced with a Gross Administrative Cost reduction objective;
- The Adjusted Recurring Earnings Per Share (AREPS) component of the Short-Term and Long-Term Incentives is based on the achievement of the guidance disclosed annually by the Group. On March 23, 2020, given the uncertainties faced in the COVID-19 context, the Group announced the withdrawal of its 2020 AREPS guidance. Later, on November 1, 2020, a new AREPS outlook was published alongside our Q3 results. This new forecast was achieved. However, given the particular context of 2020, and in a concern for moderation and shared effort, the SB, upon Governance, Nomination and Remuneration Committee (GNRC) recommendation, exercised its discretion in making the following decisions:
 - For the AREPS component of the Short-Term Incentive, weighted 64% of the total Short-Term Incentive for the CEO, the achievement would be considered zero percent;
 - For the Long-Term Incentive, the achievement of the November forecast established for the year 2020 will not be taken into account, and consequently, the allocations likely to result from the AREPS criterion for the Long-Term Incentive plans 2018 to 2020 will be reduced by a third, in due proportion.

Assessment of the 2020 MB performance

At the end of 2020, the SB considered the achievements of the outgoing MB Members and decided to reward their 2020 performance as follows:

- AREPS target not achieved, as explained above,
- Disposals assessed at 75% achievement, justified by several major deals above book-value, including the closing of the breakthrough sale of a €1.5 Bn stake in five French shopping centres and the agreement on the €620 Mn sale of the SHiFT office building and the €213 Mn sale of the Villages offices, in a very challenging 2020 context,
- Net Debt reduction target not achieved,
- Gross Administrative Cost reduction fully achieved (€80 Mn savings achieved against an agreed cost reduction programme of €60 Mn)
- And the qualitative component, composed of 10 objectives for the CEO and 11 objectives for the CFO, assessed at 80% for both. Objectives were set pre-COVID-19 and assessed for their actions against these objectives in the COVID-19 context.

The resulting amounts are reduced in proportion to the 25% salary reduction volunteered over two months and remain subject to a binding shareholder vote at the General Meeting 2021.

New governance

The end of 2020 saw significant changes in the governance of URW. Pursuant to the Extraordinary General Meeting held on November 10, 2020, three new SB members were appointed, then at the November 13, 2020 SB meeting, four SB members resigned and a new SB Chairman was appointed. Since then, two new SB members were co-opted (and are to be ratified at the May 12, 2021 General Meeting). More recently, after five years of service, the governance transition having now taken place, Colin Dyer will resign from the SB at the 2021 General Meeting, and Jill Granoff will not stand for reelection. The entire MB was renewed and now includes four members: Jean-Marie Tritant (CEO), Fabrice Mouchel (CFO), Olivier Bossard (CIO) and Astrid Panosyan (CRO).

In addition, the governance structure of the SB was simplified, with the merger of the Governance and Nomination Committee and the Remuneration Committee to form the Governance, Nomination and Remuneration Committee (GNRC), to facilitate and accelerate decision-making.

Corporate governance and remuneration

Management and Supervisory Boards Remuneration

Remuneration for the new MB Members

The remuneration policy for MB Members was applied to the new members with no change.

On the basis of the latest benchmarks available, the Fixed Income of the new MB Members was set at a lower level than that of their predecessors (CEO at €1 million for Jean-Marie Tritant vs. €1.25 million for his predecessor, CFO at €750,000 for Fabrice Mouchel vs. €800,000 for his predecessor, CIO and CRO both at €650,000). The CEO maximum Short-Term Incentive opportunity was set at 150% of Fixed Income vs. 200% previously, thereby reducing the maximum total cash remuneration of the CEO by 33%. The MB Long-Term Incentive opportunity remains unchanged, with a standard range between 70% and 90% of their Fixed Income. Other elements of remuneration policy remain unchanged.

End of mandate of the CEO and the CFO

In the absence of a prior approved severance package, the SB agreed a settlement agreement to be entered between URW and Mr Cuvillier to detail the conditions and consequences of the termination of his MB mandate which took place on December 31, 2020. This settlement agreement includes an irrevocable and mutual waiver, a general release of claims and subject to a binding approval at the 2021 General Meeting, the payment of a termination indemnity of €936,500 (about a fifth of the maximum recommended by the Afep-Medef code) and the partial maintenance pro rata temporis of the existing Long-Term Incentive grants subject to performance conditions. It also includes usual provisions related to confidentiality, cooperation, non-disparagement, tax preparation assistance and the temporary benefit of a company car.

Mr Tonckens retired on January 4, 2021, and hence has no settlement agreement. His existing Long-Term Incentive grants will be partially maintained, pro rata temporis and remain subject to performance conditions.

2021 Long-Term Incentive grant

The 2020 Long-Term Incentive grants were made under a 2019 General Meeting resolution that was designed for two MB Members (total MB grant capped at 15% of the total Long-Term Incentive grant, CEO grant capped at 8% of the total). To allow for a Long-Term Incentive grant in line with our policy to all four (and going forward five) MB Members, the GNRC recommended to the SB to postpone the 2021 Long-Term Incentive grant, usually awarded in March, to after the 2021 General Meeting, where an updated resolution will be submitted for the approval of shareholders. This resolution will propose to shareholders to allow a maximum grant of 7% of the total for the CEO and 5% of the total for each other MB Member.

It is the SB's intention to grant all MB Members, immediately after the General Meeting, Performance Shares and Stock Options for a combined IFRS value of 70% of their respective Fixed Income, i.e. at the lower end of the targeted range, a grant value 20% below the CEO grant value in 2020, and in the bottom quartile of current CAC40 practices. Nevertheless, as specified last year, the GNRC will monitor the future evolution in the share price and would recommend the SB to exercise its discretion to adjust the Long-Term Incentive grant downwards, should it consider that MB Members potentially benefited involuntarily from a windfall due to market conditions at the time of the grant.

2021 outlook

During the course of 2021, the GNRC intends to review the URW executive remuneration policy, taking into account the new strategy of the Group, its updated governance, our shareholders' views and the latest developments in regulations, and Afep-Medef Code and the recommendations from the French Financial Markets Authority (AMF). We will keep engaging with a large number of our shareholders, as well as proxy advisors, to make sure that our revised policy provides the best possible alignment between our executives and our shareholders. Further to intensive shareholder engagement and exchanges, this updated remuneration policy will be submitted to the 2022 General Meeting for approval.

We look forward to receiving your support at the 2021 General Meeting, and I personally remain available to engage with shareholders who would want to do so.

Yours sincerely,

Roderick Munsters

Chairman of the Governance, Nomination and Remuneration Committee

3.3.1 REMUNERATION POLICY

3.3.1.1 MANAGEMENT BOARD REMUNERATION POLICY

The following remuneration policy applicable to the Management Board (“MB”) Members as from 2021 will be submitted for shareholder approval (resolutions n°11 and n°12).

GOVERNANCE AND DECISION MAKING PROCESS

The remuneration of the MB Members is determined by the Supervisory Board (“SB”), upon recommendation of the Governance, Nomination & Remuneration Committee (“GNRC”), and in accordance with the Afep-Medef Code as revised in January 2020.

The SB designs the Group remuneration policy in line with best-in-class market practice and shareholder interests.

This policy ensures the alignment of the MB with shareholders and with Group strategy by:

- Creating a direct and explicit link between Group performance and each MB Member’s remuneration;
- Ensuring a balanced approach between short- and medium-/long-term performance; and
- Targeting competitive remuneration levels.

Our decision-making process is driven by the GNRC which ensures transparency and independence:

SUMMARY OF MAIN REMUNERATION FEATURES FOR 2021

The table below summarises the MB remuneration policy applicable in 2021, subject to GM approval. The 2021 remuneration policy is unchanged in principle from the 2020 one, which was approved at the 2020 GM. The Fixed Incomes (“FI”) for the CEO and CFO are lower than that of their predecessors, pursuant to a benchmark review conducted late-2020 on companies of comparable size and/or sector. The FI of the CIO and the CRO have been set pursuant to a benchmark review of non-CEO Management Board roles in companies of comparable size and/or sector.

To encourage cooperation and ensure full MB alignment, the Short-Term Incentive (“STI”) maximum opportunity has been set at 150% of FI for all MB members, and the target range of Long-Term Incentive (“LTI”) grant size has been set at 70% to 90% of FI for all MB members. In the particular context of 2021, the weightings of STI performance metrics have been adjusted to focus the MB on crisis management measures. Whilst Corporate Social Responsibility (“CSR”) measures were already included in the qualitative objectives of both MB members, from 2021 a specific CSR and Diversity & Inclusion performance measure is explicitly introduced.

Other elements of remuneration are unchanged from previous years.

Corporate governance and remuneration

Management and Supervisory Boards Remuneration

FIXED INCOME ("FI")

The FI is determined at the start of each mandate, and, in line with the recommendations of the Afep-Medef Code, shall remain unchanged during an MB Member's mandate. By exception, increases during a mandate may occur as a result of an enlarged scope of responsibilities or significant changes in the Group or the market.

The FI is determined taking into consideration:

- (i) The level and complexity of the role;
- (ii) The profile, experience and career within the Group or elsewhere; and
- (iii) The comparative remuneration analyses for similar functions and responsibilities based on external benchmarks.

To set the remuneration at the right level, the SB and the GNRC seek guidance from an external independent advisor to benchmark remuneration practices and apply the best governance standards. URW's ability to attract, motivate and retain world-class talent through competitive remuneration levels is key to ensure strong Group performance.

Given the unique features of the Group among CAC40 and European real estate companies and its geographical scope, including the US and the UK markets, the benchmarking approach is based on the following peer groups (see list in the Glossary for further information):

- France General Industry (CAC40);
- Selected European and UK Real Estate; and
- Selected US Real Estate (for information and qualitative benchmarking only).

The Fixed Income of MB Members for 2021 has been set as follows:

Function	Name	Fixed Income 2021
Chief Executive Officer	Jean-Marie Tritant	€1,000,000
Chief Finance Officer	Fabrice Mouchel	€750,000
Chief Resources Officer	Astrid Panosyan	€650,000
Chief Investment Officer	Oliver Bossard	€650,000

In the event of the extension of the MB to additional members, in particular in the case of the planned recruitment of a Chief Customer Officer, the new MB Member's FI would be set according to the same benchmark and principles.

Corporate governance and remuneration
Management and Supervisory Boards Remuneration

SHORT-TERM INCENTIVES (“STI”)

The payment of the STI of MB Members is subject to prior approval by the GM (ex post vote).

STRUCTURE AND PERFORMANCE MEASURES

The structure of the STI is the same for all MB Members. The table below summarises the approach which will be taken by the GNRC, then the SB, to assess the 2021 performance of MB Members. The GNRC and SB will take account of results delivered vs. budgets and plans according to agreed payout formulae. The SB, upon recommendation of the GNRC, may make use of its discretion in determining or adjusting the STI payout if unforeseeable circumstances (such as the ongoing pandemic and

related uncertainty) had significant effects on the level of achievement of one or more performance criteria, outside management control. This provision will allow the SB to ensure the alignment between the implementation of the remuneration policy and the performance of the MB Member and of the Group. Any exercise of discretion by the SB shall be disclosed, explained and justified in regard, amongst other considerations, of alignment with shareholders’ interests, and would remain subject to a binding shareholder vote at the following GM.

In the particular context of 2021, the AREPS component has therefore been down-weighted to 20%, to allow for crisis management measures to weigh 50% of the STI.

Performance measure	Description	Weighting of performance measures applicable to all MB Members (% of maximum STI)	
		Regular weighting	2021 specific weighting
AREPS	Payment linked to the achievement in AREPS vs. budget	50%	20%
Financial Priorities	Selected financial performance measures, reflecting priorities for the year. Whilst normally weighted 20%, in 2021, the weighting is increased temporarily to 50%, to strengthen the focus on essential, immediate priorities which are: <ul style="list-style-type: none"> • Net debt reduction, weighted 30% • Gross admin cost reduction, weighted 10% • Rent collection, weighted 10% 	20%	50%
Corporate Social Responsibility/ Diversity & Inclusion	One or two metrics related to our Better Places 2030 goals. In 2021, the selected goals are: <ul style="list-style-type: none"> • Reduction in greenhouse gas emissions, weighted 5% • Improvement in the proportion of women in the executive population, weighted 5% 	10%	10%
Individual	Four individual objectives, specific to each MB Member	20%	20%

Targets are commercially sensitive and are therefore disclosed retrospectively.

Corporate governance and remuneration

Management and Supervisory Boards Remuneration

LONG-TERM INCENTIVE (“LTI”)

The SB considers that long-term remuneration in the form of Performance Shares (“PS”) and Performance Stock Options (“SO”) is particularly appropriate as these instruments align the MB Members’ interests with that of the shareholders. The SB defines the ratio of SO and PS granted. The LTI plan is a key component of the Group remuneration policy and an effective incentive and retention tool. The number of participants was 480 in 2020 (i.e. c. 13% of total staff).

The vesting is calculated according to the plan rules described below. However, the SB, upon recommendation of the GNRC, may make use of its discretion in adjusting downwards the LTI grants and determining or adjusting LTI targets or vesting if unforeseeable circumstances (such as the ongoing pandemic and related uncertainty) had significant effects on the level of achievement of one or more performance criteria,

outside management control. This provision will allow the SB to ensure the alignment between the implementation of the remuneration policy and the performance of the Group. Any exercise of discretion by the SB shall be disclosed, explained and justified in regard, amongst other considerations, of alignment with shareholders’ interests.

PRINCIPLES

Each year, the SB, upon recommendation of the GNRC, determines the LTI envelope taking numerous factors into account, including (i) the Group’s general financial performance, (ii) the overall performance of MB Members, (iii) the other remuneration components and (iv) the amount of LTI granted the previous year. PS and SO are both subject to presence and performance conditions with a 3-year vesting period. In addition, MB Members have a retention obligation in Stapled Shares.

Element	Description	Comments	
Value	Target grant size range: 70% to 90% of FI (IFRS value) Maximum possible value: 180% of FI	The LTI award size was 70% in 2019 and 2020. A 70% award is proposed for 2021. The 180% maximum has never been used so far and would only be used, or approached, in genuinely exceptional circumstances.	
Performance period	3 years	Performance-vesting is assessed once at the end of the 3-year performance period, both for SO and PS.	
Vesting period	3 years	The rights to PS and SO vesting are fully acquired after 3 years, subject to performance conditions. The MB Member’s presence is required at the time of vesting for PS and at exercise for SO.	
Exercise period (SO only)	5 years	Options are exercisable between the 3rd and the 8th anniversary of the grant, subject to performance conditions.	
Performance condition	External	45% Total Shareholder Return (“TSR”) vs. peer group 5% CSR	See further details in the table below.
	Internal	45% AREPS 5% CSR

Since 2019, 10% CSR-related long-term performance conditions are applicable to both PS and SO, and taking into account internal and external performance.

The internal CSR component is based on Group progress towards the Better Places 2030 strategy and will be assessed by the SB.

The external CSR component is based on the Group’s ISS-ESG rating relative to its sector peers. The “Prime” threshold is awarded to companies achieving the best ESG scores in their sector (approximately the top decile). Remaining “Prime” implies keeping up with the progress on ESG metrics compared to all other peer companies.

SHARE RETENTION AND INVESTMENT OBLIGATIONS

To align the interests of MB Members with shareholders and pursuant to a SB decision (in line with the Afep-Medef Code), MB Members must meet retention and investment requirements in Stapled Shares. The share ownership requirement is 300% of the gross annual FI for the CEO and 200% for other MB Members. Until that requirement is met, when LTIs are delivered, MB Members must retain shares: at least 30% of their PS vested and 30% of their net gain on SO at exercise.

Corporate governance and remuneration

Management and Supervisory Boards Remuneration

SUPPLEMENTARY CONTRIBUTION SCHEME ("SCS")

The SCS consists of an annual contribution paid into a blocked savings account available to MB Members at the earliest at the end of their last mandate.

Position	Fixed amount	Variable amount
CEO	€90,000	10% of the total cash remuneration earned each year
Other MB Members	€45,000	(i.e. FI for year N plus STI for year N-1)

OTHER BENEFITS

The MB Members benefit from:

- The Group health and life insurance;
- An unemployment insurance (GSC type);
- An expatriate health insurance and an International Assignment Extra-compensation, where applicable, for Non-French tax resident MB Members only;
- The company savings plan (without the benefit of the top-up contribution offered to employee participants); and
- A company car (hybrid or electric vehicles only).

CLAWBACK/MALUS

To align the Group's policies with the highest standards of corporate governance, its Code of Ethics reserves the right of action (including reimbursement or damages) with respect to MB Members to the extent permitted by applicable law, in the event of gross misconduct or fraud causing a material adverse impact to the Group, in particular, resulting in a financial restatement.

Additionally, in such a situation, the SB, upon recommendation of the GNRC, would assess the relevant MB Member's performance and take appropriate action on the annual STI payment and on the LTI, including cancelling all rights to any unvested SO and PS for such MB Member (malus).

3.3.1.2 SUPERVISORY BOARD REMUNERATION POLICY

The following remuneration policy applicable to the SB Members will be submitted to the approval of the shareholders (resolution n°13). The 2021 remuneration policy described below will take effect subject to shareholder approval. The 2020 remuneration policy approved at the 2020 GM remains applicable until then.

GOVERNANCE AND DECISION-MAKING PROCESS

The annual remuneration of the SB Members is intended to attract and retain high-calibre individuals with the right degree of expertise and experience. Typically, this includes having been at some point a member of the executive team of a company at least similar in size to URW. The SB remuneration policy is determined by the SB, upon recommendation of the GNRC and, in the case of the SB Chair's remuneration, in his absence. The annual remuneration policy for SB Members is designed to only be reviewed, under GNRC supervision, at long intervals. It may be reviewed in the event of significant changes in the Group or the market.

The proposed 2021 policy is unchanged from 2020 and the GNRC believes it keeps ensuring a reasonable remuneration while attracting and maintaining diverse and international members. It was originally designed on the basis of a Board remuneration benchmarking, conducted by an independent advisor. This analysis compared the remuneration of directors and Chairs in the home countries of the SB Members as well as in countries where they have extensive experience (France, The Netherlands, Germany, the UK and the US).

While attendance is mandatory for the SB Chair, SB Member attendance is also essential to the proper functioning of the SB and its Committees. Accordingly, a significant portion (67%) of the annual remuneration received by the other SB Members is based on attendance at both SB and Committee Meetings. Furthermore, a "Physical Presence Rule" applies to this variable portion. Attendance by video conference should not occur for more than 30% of scheduled meetings. The SB Members

will not be paid the attendance-based portion for those meetings attended by video conference above this threshold. Due to the COVID-19 pandemic and the related restrictions on travel and physical gatherings, the physical presence rule was temporarily relaxed from March 1, 2020. The physical presence rule will be reinstated once the restrictions on international travel and physical meetings are lifted.

To account for the time spent on international travel, all SB Members also receive an out-of-country indemnity for time spent on their duties as SB Members outside their country of residence. Due to the travel restrictions and confinement measures that were implemented from March 2020, the majority of SB meetings in 2020 took place via video conference, without any corresponding out-of-country indemnities.

To ensure a high standard of supervision and monitoring of the Group strategy as well as to avoid any potential conflict of interest, the SB Members are prohibited from receiving any remuneration related to Group performance. To promote alignment between SB Members and shareholder interests, all SB Members are required to hold, within two years of appointment, a number of Stapled Shares at least equal to one year of remuneration.

In 2021, given the interrelatedness of topics and members, and in order to improve efficiency, the GNC and RC were combined and all committee member and chair fees were aligned. The overall SB remuneration envelope and SB remuneration structure remain unchanged and the SB Chairman and other SB Member remuneration remains lower than their median respective benchmark in most European countries and in the US.

Since being approved at the GM 2020, the SB remuneration envelope remains unchanged at €1.4 Mn, in addition to the SB Chairman remuneration.

3.3.2 CORPORATE OFFICERS REMUNERATION REPORT

This report on the remuneration of the corporate officers will be submitted to the GM to be held on May 12, 2021 (resolution n°10). The payment of remuneration to the SB Members in 2021 is subject to this resolution being approved.

This report also provides all details on resolutions 6 to 9 to be submitted for separate approval. The payment of the STI for 2020 of Christophe Cuvillier and Jaap Tonckens (MB Members in 2020) is subject, respectively, to resolutions 6 and 7 being approved.

This remuneration report consists of two sections:

- The information to be disclosed pursuant to article L. 22-10-9 of the French Commercial Code (when not included in the 2020 Say-on-Pay); and
- The 2020 remuneration of the MB and SB Members resulting from the strict implementation of the approved remuneration policy; these remunerations will be subject to a specific binding vote at the 2021 GM.

The GNRC focuses on aligning pay with performance, while ensuring that the Group continues to attract and retain the talent key to delivering its strategy. Its primary aim is to reward sustainable performance aligned with shareholder interests.

In line with the current remuneration policy approved by the shareholders at the 2020 GM, the GNRC considered the MB Members' performance against the financial and strategic non-financial performance measures which had been set to reflect the Group's priorities for 2020. Separately, performance against each MB Member's personal objectives was assessed on an individual basis. The GNRC determined the outcomes of the 2020 STI and the value of the LTI awards, ensuring that they are appropriately balanced.

The GNRC reviewed the updated Afep-Medef Code and confirms that the Group's remuneration policy complies with its recommendations, except as presented in further detail in the 'comply or explain' table in Section 3.1.

In line with French regulations, this remuneration report will be submitted to the 2021 GM for shareholder approval⁽¹⁾.

(1) Further details can be found in the 2021 GM notice.

3.3.2.1 INFORMATION TO BE DISCLOSED PURSUANT TO ARTICLE L. 22-10-9 OF THE FRENCH COMMERCIAL CODE

COMPLIANCE WITH THE REMUNERATION POLICY IN 2020

The implementation of the approved Remuneration Policy is monitored by the SB with the assistance of the GNRC. In 2020, the remuneration policy was fully implemented with no deviation or exception, as summarised in the table below:

		Christophe Cuvillier, CEO		Jaap Tonckens, CFO	
		Maximum	Actual	Maximum	Actual
Variable pay maxima respected	Annual 2020 STI payout (% of FI)	200%	52%	150%	49%
	LTI 2020 grant value (% of FI)	180%	70%	180%	70%
Principles respected	Actual 2020 STI calculated according to KPIs presented at 2020 GM	A Gross Admin Cost KPI was introduced ⁽¹⁾			
	LTI vesting in 2020 calculated according to vesting formula	Yes			
	LTI 2020 performance criteria in line with approved Remuneration Policy	Yes			
	Fixed Income unchanged since start of each MB Member's term	Yes			
	Supplementary Contribution Scheme 2020 paid according to defined formula	Yes			
	Benefits 2020 paid in line with benefit policies	Yes			
	No commitment to welcome payment or post-mandate payment taken	Subject to GM approval ⁽²⁾		Yes	
	No exceptional remuneration	Yes			
MB Member shareholding requirement met	Yes		No ⁽³⁾		

(1) In the context of the COVID-19 sanitary and economic crisis, the RC recommended the SB to exercise its discretion in replacing the Commercial Partnerships objective (respectively weighted 4% and 3.5% of total STI for the CEO and CFO) with a Gross Administrative Cost reduction objective, to focus the MB Members and management team on immediate new cost saving priorities. Other KPIs were unchanged.

(2) In the context of the end of the mandate of the CEO, and in the absence of prior approved severance package and to avoid a potential litigation in the context of the CEO's end of mandate, the RC decided to submit a settlement payment for Mr Cuvillier to the approval of shareholders at the 2021 GM. See related party agreement in Section 3.2.2.5. Mr Tonckens retired and no settlement payment has been discussed (or required).

(3) In the context of the planned retirement of Mr Tonckens on January 4, 2021, the SB, upon RC recommendation, authorised him to sell his 14,161 URW Stapled Shares on December 10 and 11, 2020.

EXCEPTIONAL EVENTS

In accordance with article L. 22-10-9 of the French Commercial Code, the SB confirms that none of the following events happened in 2020:

Application of Clawback/Malus	No
New MB Member	No
Change in MB Members' responsibilities	No
Anticipated revision of the MB Member remuneration	No

GENDER EQUITY AMONG THE SUPERVISORY BOARD

The composition of the SB as of December 31, 2020 reflects the Group commitment to promote gender parity. Its 50% female/50% male ratio complies with the 40% requirement set by article L. 22-10-3 of the French Commercial Code. The provisions of the article L. 225-45 (2°) of the French Commercial Code have therefore not been applied. See also further details in Section 3.2.2.

SHAREHOLDER ENGAGEMENT

The SB is committed to active shareholder engagement. Extensive and proactive consultation with shareholders on the remuneration policy has been a long-standing practice.

At the 2020 GM, the ex-ante vote on the CEO remuneration policy was approved by 74.5% of shareholder votes (81.0% for the CFO). The Remuneration Committee engaged with shareholders to understand how to improve shareholder support, and decided a number of policy adjustments: rebalancing and simplification of KPIs in STI, providing additional clarity on these KPIs, their payout mechanisms and removal of the possibility to outperform the maximum on AREPS. A more in-depth review will be undertaken by the GNRC in 2021, and the proposed changes, if any, will be discussed with shareholders in advance of the 2022 GM.

REMUNERATION RATIOS AND PERFORMANCE EVOLUTION

The table below sets out the 5-year history of the ratio between the total remuneration paid or granted to each MB Member and that of the

remuneration of French employees. Due to the very limited headcount of URW SE⁽¹⁾, calculations have been made over the like-for-like employees of the fully-owned French entities of the URW Group, for a total of 467 employees on December 31, 2020, on a like-for-like basis⁽²⁾.

		2016	2017	2018	2019	2020
CEO	Total remuneration paid or granted	€2,880,354	€2,971,676	€4,166,209	€4,129,005	€4,077,112
	Multiple of average remuneration	33.8	35.6	41.1	39.5	38.9
	Multiple of median remuneration	47.4	47.9	63.7	60.2	59.5
CFO	Total remuneration paid or granted	€1,473,875	€1,559,670	€2,390,107	€2,312,156	€2,293,339
	Multiple of average remuneration	17.3	18.7	23.6	22.1	21.9
	Multiple of median remuneration	24.1	24.3	25.1	36.5	33.5
Company remuneration	Average	€85,306	€83,578	€101,481	€104,409	€104,867
	Median	€60,773	€62,078	€65,431	€68,534	€68,484
URW performance in million EUR	Net Rental Income	€1,528.5	€1,582.6	€2,161.0	€2,491.2	€1,790.2
	Adjusted Recurring Earnings	€1,114.2	€1,202.1	€1,581.6	€1,711.6	€1,008.5

The ratios are slightly reducing in 2020 for the following reasons:

- The 2020 figures (for MB Members and the broader employee population) reflect 2020 salaries and STIs paid in respect of 2019. STI payouts were higher than usual for employees, whilst MB Members volunteered early-2020 to limit their 2019 STI payouts to the amounts paid in the previous year.
- In April and May 2020, both MB Members also volunteered, in the context of the COVID-19 crisis, to reduce their Fixed Income by 25%. A number of senior level employees also volunteered to reduce their Fixed Income, but in smaller proportions.
- The impact of partial activity measures on employee remuneration was limited (an overall 0.4% on average), due to the small proportion of partial activity (3.8% of total hours worked throughout the year) and the full income protection offered by the Company between March 24 and June 30, 2020.

The URW 2020 performance figures reflect the impact of the COVID-19 crisis in 2020. The impact of the crisis on MB Member remuneration will be more visible in 2021, with MB STI payouts significantly reduced (and reduced to a larger proportion than those of employees).

(1) URW SE has less than 0.5% of all Group employees in France. The ratio obtained on this very limited scope is therefore not statistically relevant. When calculated strictly on URW SE, the ratios would have been for the years 2016 to 2020, respectively:

- For the CEO: 53.0, 53.7, 70.9, 69.2 and 67.4;
- For the CFO: 27.1, 28.2, 40.7, 38.7 and 37.9.

Given the small size of the URW SE headcount, median and average ratios are the same.

(2) Total remuneration of all French fully-owned entities of URW Group (i.e. excludes 351 employees working for JVs). For comparability year after year, out of the 691 employees of fully-owned entities, excluded are 22 expatriates, 13 suspended contracts, 16 apprentices and 173 employees not 'like-for-like' (less than 2 years of service). A total of 467 French employees (as of December 31, 2020) were therefore included in this analysis. The inclusion of all URW employees internationally was considered but rejected to keep comparing remunerations on a like-for-like basis and to avoid exchange rate and changes in perimeter effects. The ratios would have been lower given the higher average compensations levels in several countries, including the UK and the US.

3.3.2.2 CORPORATE OFFICERS REMUNERATION IN 2020

The following remuneration elements paid or granted in 2020 are submitted for approval to the shareholders through a binding vote.

3.3.2.1 MANAGEMENT BOARD REMUNERATION

The following remuneration elements, paid during, or granted for 2020 to the CEO and the CFO, are submitted for approval to the shareholders through a binding vote. These remuneration elements include those paid by URW SE and all its affiliates for, respectively, the CEO and the CFO mandates. The payment of the STI of the MB Members will be conditioned to shareholder approval at the 2021 GM (resolutions 6 and 7).

2020 PERFORMANCE OVERVIEW

A summary of the performance assessment of each STI component applicable to both MB Members is presented in the table below:

Performance measure	Description	2020 Target	2020 Achieved	2020 Score	Comments
AREPS	Adjusted Recurring Earnings per Share vs. stretch target (top of guidance given to shareholders in February 2020).	Guidance withdrawn on March 23, 2020	€7.28 per share	0%	On March 23, 2020, the Group announced the withdrawal of its earnings forecast for 2020. On November 1, 2020, a 2020 AREPS outlook was provided with the Q3 accounts. This forecast was achieved; however, the SB, upon RC recommendation, decided to consider the AREPS objective not achieved for 2020, to take into account the shareholder experience.
Disposals	Assessment of disposals vs. budget, appropriateness of transactions in terms of type of assets and speed of execution.	€3.2 Bn	€1.49 Bn closed + signed on the sale of SHiFT (€0.62 Bn) and Les Villages (€0.21 Bn), for a total of €2.32 Bn	75%	Overall achievement (signed or closed deal) equivalent to 72.5% of the budgeted disposals. Disposals were achieved at a premium to book value in an extremely difficult 2020 context. The GNRC therefore recommended to the SB a 75% overall achievement on Disposals.
Gross Admin. Costs	Objective introduced, in the pandemic context, in replacement of the Commercial Partnerships objective originally set.	A €60 Mn cost savings programme was announced at the Q1-2020 results	€80 Mn savings achieved	100%	Out of these savings, largely above target, a large proportion (about €60 Mn) is sustainable on a run-rate basis. The GNRC therefore recommended to award 100% on this performance measure, which the SB endorsed.
Net Debt Reduction	Reduction in Net Debt vs. 2020 budget. Overall score to be assessed on types of actions taken to achieve these objectives as well as the market context.	Pre-COVID-19 objective set at €24.6 Bn (vs. €26.4 Bn as of December 31, 2019)	€26.1 Bn	0%	The Net Debt was targeted to reduce by €1.8 Bn before the COVID-19 outbreak. Post-COVID-19, the target became unrealistic but was not revised. The Net Debt reduced between 2019 and 2020 but without the objective being achieved.
Qualitative	Achievement of several individual pre-defined business and people/personal development objectives.	A series of individual objectives (for example, CEO objectives were around balance sheet management/deleveraging, strategic reorientation, Investor Relations, Public Affairs, Leasing, CSR, Executive team leadership, succession planning, governance, Diversity & Inclusion).		80%	See further details in the individual tables.

		<p>The qualitative component (20% of the maximum STI) is determined according to the achievement of pre-determined individual objectives. In 2020, the achievement of some of these objectives set in early 2020 had to be assessed in the light of the immediate actions that had to be undertaken to address the pandemic and its implications. The RC considered that the CEO's response to this unprecedented situation was very efficient and recommended an 80% rating to the SB based on the CEO achievements in 2020 as presented below:</p> <ul style="list-style-type: none"> • Operational response to the COVID-19 pandemic: swift set up and implementation of very strict standards regarding health and safety for the employees, tenants and visitors of shopping centers, with external certification organised and obtained. This has been a driving force in engaging with governments and local authorities to keep open, or re-open, our shopping centres; • Protection of tenant business: activated additional outdoor spaces for tenants, implemented 'click-and-collect' operations, launched an online appointment system to avoid queues at centers and improve customer experience; • Income protection: a specific rent collection plan was set up and implemented in reaction to maximise the revenue despite shopping centres closing, whilst providing relief to smaller tenants; • Balance sheet management and deleveraging: in the challenging COVID-19 environment, prepared, negotiated and delivered on the disposal of a portfolio of five shopping centers in France. To further strengthen the URW balance sheet, a strategy was planned and operationalised to accelerate asset disposals, limit cash dividends and reduce capital expenditure. Ample liquidity and low cost of debt maintained; • CSR: Recognition for URW being a global leader on global climate transparency and action from the Carbon Disclosure Project. For its ESG practices, URW was also ranked among the leaders group (1st decile) among the real estate industry companies assessed by ISS. The greenhouse gas emission reduction targets of the URW Better Places 2030 CSR strategy was approved by the Science Based Targets initiative as consistent with levels required to meet the goals of the Paris agreements; and • Community support: in response to the COVID-19 crisis, URW provided outstanding support to the communities in which it operates with 247 initiatives, including testing sites in our assets or support to local vulnerable target groups. 																																			
		The 2020 STI is 68% below the 2019 STI paid in 2020 (i.e €1,979,388 - 79.18% of maximum STI).

PERFORMANCE SHARES VESTING IN 2021 – 2018 PS PLAN – PERFORMANCE ASSESSMENT

In view of the uncertainties related to the COVID-19 crisis, the extreme volatility of market conditions and governments having implemented severe restrictions with tough impact on the Group operations, the Group announced on March 23, 2020 the withdrawal of its earnings forecast for 2020.

On the occasion of the publication of its accounts for the third quarter of 2020, the Group published on November 1 a new 2020 AREPS outlook. This public earnings forecast was achieved as mentioned in the 2020 annual financial statements published on February 10, 2021.

However, in view of the particular context of the year 2020 and in a concern for shared effort, on the proposal of the MB and upon the recommendation of the GNRC, the SB decided that the achievement of the forecast established for the year 2020 would not be taken into account. Consequently, making use of its discretionary power provided for in the remuneration policy approved at the 2020 GM, the SB decided to reduce in proportion the allocations likely to result from the AREPS criterion for the LTI plans 2018 to 2020, all other terms and conditions remaining entirely unchanged.

The RC adjusted it for the impact of foreign exchange, IFRS16 and delays in planned disposals. After adjustment, AREPS was €12.03 vs. the stretch target of €12.00.

Corporate governance and remuneration

Management and Supervisory Boards Remuneration

3.3.4 PERFORMANCE STOCK OPTIONS, PERFORMANCE SHARE PLANS AND EMPLOYEE SHAREHOLDING

The LTI equity compensation is an essential part of the Group's remuneration policy. It is a significant retention tool designed to strengthen the loyalty and engagement of participants in the Group's performance while aligning their interests with long-term value creation objectives of the Group and its shareholders.

The LTI is made up of two equity compensation instruments: Performance Shares ("PS") and Performance Stock Options ("SO") both subject to performance and presence conditions for all participants.

PS and SO are allocated to employees and MB Members in recognition of exemplary performance, for key roles within the Group and for their long-term contribution to the Group's performance.

The ratio of SO to PS is determined each year by the SB. Grants are not automatic in number nor frequency. They vary from year to year, both in terms of participants and of Stapled Shares allocated. In 2020, there were 480 LTI participants, i.e. c. 13% of the Group employees.

In accordance with the Afep-Medef Code, the holding and equity investment obligations applicable to MB Members are described in Section 3.3.1.1.

3.3.4.1 PERFORMANCE STOCK OPTION AND PERFORMANCE SHARE PLANS

AUTHORISATION PRIOR TO THE GENERAL MEETING OF SHAREHOLDERS

The General Meeting of shareholders authorises the MB to allocate SO and PS and sets out the following principles:

- An authorisation period limited to 38 months;
- A maximum envelope strictly limiting the potential dilutive effect;
- A maximum percentage of grant for the CEO;
- A maximum percentage of grant for the MB Members;
- The obligation to provide presence and performance conditions; and
- The obligation to provide a reference period for the determination of performance condition(s).

DETERMINATION BY THE SUPERVISORY BOARD

On an annual basis, the SB, upon recommendation of the GNRC:

- Determines the overall envelope of SO and PS to be granted taking into account the thresholds set by the General Meeting, the potential dilutive effect for shareholders and the financial cost of the grant to the Group;
- Sets the number of SO and PS granted to each MB Member; and
- Sets the share retention and investment obligations for MB Members.

IMPLEMENTATION BY THE MANAGEMENT BOARD

The MB determines the terms and conditions for grant of the plans, and specifically:

- The list of employee participants and their grant size, within the envelope determined by the SB;
- The terms and conditions of the plan, in particular the presence conditions;
- The performance conditions for the SO and PS; and
- The SO subscription price at grant is not discounted, and in line with the rules set out in the French Commercial Code.

3.3.4.2 GENERAL CONDITIONS APPLICABLE TO GRANTS OF SO AND PS TO EMPLOYEES AND MB MEMBERS

The SO and PS plans are based on the following principles:

- A stable and consistent grant period to avoid any windfall effect. Pursuant to Article L. 22-10-58 and L. 225-177 of the French Commercial Code, no grant may be made:
 - Less than 20 trading days after (i) the detachment of the shares from a coupon giving entitlement to a dividend or (ii) a capital increase;
 - Within 10 trading days preceding or following the date on which the consolidated financial statements or the annual financial statements are made public; and
 - Within the period between the date on which corporate bodies become aware of inside information and the date on which this information is made public.
- No discount on the strike price of the SO is allowed;
- A presence condition at exercise of SO and delivery of PS;
- Stringent performance conditions, calculated over a long period (minimum 3 years), directly linked to the Group's performance and long-term strategy;
- A cap on the grants to the CEO and to each MB Member; and
- A cap on the overall grant to restrict the potential dilutive effect and the financial cost to the Group.

CURRENT AUTHORISATIONS – POTENTIAL DILUTIVE EFFECT

- Performance Stock Options current authorisation:
The authorisation of the General Meeting in force for the 2020 SO plan was granted on May 17, 2019 (resolution no. 20).
- Performance Shares current authorisation:
The authorisation of the General Meeting in force for the 2020 PS plan was granted on May 17, 2019 (resolution no. 21).
- Overall potential dilutive effect:
The total number of (i) SO granted but not yet exercised; (ii) PS granted but not yet vested; and (iii) SO and PS that may be granted under the unused part of the envelopes still in force, cannot give rise to a number of shares exceeding 6% of the fully diluted share capital.

The potential dilutive effect of these instruments remains therefore limited and managed by the Group. If all the required performance conditions were met over the specified period and no cancellations were to occur during the course of the plan, all the non-vested PS and non-exercised SO would amount to 3.42% of the fully-diluted capital as at December 31, 2020.

PRESENCE CONDITION

The SO and the PS may only vest for those participants who are present just prior to exercise or vesting. However, they would remain valid in the event of (i) retirement; (ii) termination of activity due to death or disability (Categories 2 or 3 as provided for in Article L. 341-4 of the French Social Security Code or equivalent under the applicable local regulations); (iii) explicit and justified MB or SB decision in exceptional circumstances; or (iv) employer substitution.

PERFORMANCE CONDITION

The SB ensures that the LTI promotes overall performance and does not encourage excessive risk taking. Measuring and taking into account the performance of the Group over the long-term to align shareholders' interests with those of the participants, be they employees or MB Members⁽¹⁾.

The SO and the PS have a single test of all their performance conditions at the end of the 3-year performance period.

(1) For more details on the performance conditions applicable to MB Members, please refer to the 2021 remuneration policy described in 3.3.1.1.

Ethics and compliance within the URW Group

3.4 ETHICS AND COMPLIANCE WITHIN THE URW GROUP

3.4.1 ETHICS AND COMPLIANCE: A DAILY AND ESSENTIAL REQUIREMENT

Ethics is one of the Group's core values and the Group is committed to conducting business in an ethical and fair manner. The Group has a "zero tolerance" principle against all forms of unethical practices, such as inappropriate, disrespectful or unlawful behaviour, corruption, bribery, influence peddling and human rights violations. The Group's compliance procedures are based on a precise allocation of duties and responsibilities as well as promotion of compliance awareness through a "tone from the top" approach and active training programs to ensure accountability and strict and effective compliance within the Group.

3.4.2 ORGANISATIONAL STRUCTURE: THE TONE FROM THE TOP

Aiming to ensure appropriate sharing of information, right level of accountability, due and effective support and promotion, URW has set up a robust compliance organisation matching its geographical and local footprint.

MANAGEMENT AND SUPERVISORY BOARDS OF URW SE

The Management Board of URW SE is responsible, under the supervision of the Supervisory Board, for compliance with all laws and regulations applying to the Group. Promoting compliance awareness from the top on a recurring basis is one of the Management Board's responsibilities and part of the compliance framework. The Management Board reports all material compliance breaches to the Supervisory Board. The Annual Compliance Report and, if any, dedicated incident reports related to compliance matters, are presented and discussed with the Management Board and Supervisory Board.

GROUP COMPLIANCE OFFICER

The Group Compliance Officer (GCO) is appointed by the Supervisory Board of URW SE upon recommendation of the Chief Executive Officer. To ensure full independence, the GCO reports to the Chief Executive Officer and the Chairman of the Supervisory Board. The GCO is responsible for compliance matters for the entire Group. The GCO is directly responsible for the EU platform and through supervision for the US platform, in collaboration with the Compliance Officer of URW NV (CO URW NV). The GCO's scope of responsibility includes:

- Designing and monitoring the implementation of the compliance program (including the Code of Ethics, Anti-Corruption Program, Anti-Money Laundering Procedure and Whistleblowing Policy);
- Promoting compliance awareness for all employees and managers as well as for the Management and Supervisory Boards, through classroom trainings, e-learning courses and information sessions;
- Maintaining and updating the Group's anti-corruption risk mapping;
- Investigating possible compliance breaches, including breaches reported through the URW Integrity Line, the Group's whistleblowing platform;
- Regularly reporting to the Group Compliance Committee whether the Group complies with applicable laws and regulations; and
- Issuing and presenting the Annual Compliance Report to the Management and Supervisory Boards.

In addition to dedicated resources and budgets, the GCO and the CO URW NV have support from a Group Compliance Manager and a Local Compliance Correspondents Network to fulfill their tasks. They may also request support and/or input from any department, notably the Group legal department, as well as from external advisors.

Corporate governance and remuneration

Ethics and compliance within the URW Group

GROUP COMPLIANCE COMMITTEE

The Group Compliance Committee is composed of four members, appointed by the URW SE Management Board. It is composed of the Chief Resources Officer (chairman), the Group Compliance Officer (GCO), the Group General Counsel and one Management Board member from URW SE or URW NV who is not directly involved in the matter which the committee is handling.

The Group Compliance Committee's responsibilities are:

- Hearing and reviewing the Annual Group Compliance Report prepared by the GCO;
- Making recommendations on compliance due diligences presented by the GCO or the CO URW NV on the business ethics environment in case of potential new market entry;
- Periodically reviewing the adequacy and effectiveness of the Group's Anti-Corruption Program with the Group General Counsel, the Local Compliance Correspondents (EU platform) and the CO URW NV (US platform) and suggesting possible improvement; and
- Participating in the crisis management in case of a material compliance breach.

GROUP GENERAL COUNSEL

Within URW, the following compliance matters fall under the scope of the Group General Counsel:

- Identifying and advising the Management Board of URW SE and the Governance and Nomination Committee on (emerging) corporate governance issues or significant developments in the law and/or corporate governance practices;
- Supervising the Group's regulatory compliance, in interaction with the GCO; and
- Determining and announcing (extra) closed periods.

LOCAL COMPLIANCE CORRESPONDENTS NETWORK

The network of Local Compliance Correspondents (LCC) exists to locally promote compliance awareness in the different regions where the Group conducts business as well as to monitor and provide support for the local implementation of the Group's compliance procedures. The LCC provides first level compliance advice at local level to URW staff, reports any (potential) compliance breach or issue to the GCO and makes appropriate suggestions to improve compliance procedures into the Anti-Corruption Program, to ensure effective implementation across the Group.

AUDIT AND INTERNAL CONTROL

In an ever-changing operating environment, the Group is audited by external and internal professionals, who have the responsibility to detect and counter any violation of the compliance's procedures.

3.4.3 CODE OF ETHICS

The Code of Ethics describes values and principles that every employee of the Group must observe in the course of their work. This year, to better highlight the "Together at URW" values and provide precise examples of the behaviour expected from employees and managers when acting within or on behalf of Unibail-Rodamco-Westfield, the Code of Ethics was redesigned and updated.

In particular, the Code of Ethics strictly prohibits the offering or receiving of illegal sums, establishes clear restrictions on the giving and/ or receiving of gifts and requires employees to comply with applicable laws and regulations. An annual training campaign (e-learning) is organised to raise the awareness of employees of the Group's ethical principles. Any violation of these principles may result in disciplinary actions and legal proceedings. The Code of Ethics can be found at <https://www.urw.com/en/group/corporate-governance/code-of-ethics>.

Ethics and compliance within the URW Group

3.4.4 WHISTLEBLOWING PLATFORM: URW INTEGRITY LINE

All employees and contractors are invited to report cases or suspicions of criminal activities, violations of national and international laws and serious threats or harm to the general interest, or breaches to the Group's Code of Ethics relating to corruption by using the Group's whistleblowing platform. The platform is hosted by an external provider and is available 24/7 from any location worldwide in all languages spoken within the Group (<https://urw.integrityline.org/>). The whistleblowing platform allows anonymous reporting and ensures strict confidentiality of the identity of the reporter. The Group policy is to guarantee to not discipline, discriminate or retaliate against any employee or other person who in good faith reports information related to a violation. The GCO and the CO URW NV (for the US platform) investigate reported incidents but the Management Board is ultimately responsible for taking the appropriate actions. The GCO and the CO URW NV may also seek assistance of the LCC when investigating.

3.4.5 ANTI-CORRUPTION PROGRAM ANTI-CORRUPTION PROGRAM DESIGN AND CONTEXT

The Group's Anti-Corruption Program (ACP) aims at combating and preventing corruption, bribery and influence peddling and has been created in order to comply with applicable laws, such as the French Sapin II Law, the UK Bribery Act and the US Foreign Corrupt Practices Act. The ACP includes risk mapping of the various operations in the different regions of the Group, such as the regulatory landscape, transactions, relationships with public officials and relationships with business partners. The Management Board of URW strictly enforces the Group's zero tolerance principle in regards to violations of the ACP.

The Group's ACP is built on eight pillars:

CODE OF CONDUCT

In addition to the Group's Code of Ethics, the ACP includes a code of conduct related to corruption, bribery and influence peddling. This code of conduct stresses the "zero tolerance" principle for breaches of the ACP and any violation may be sanctioned.

RISK MAPPING

The Group's corruption risk mapping points out potential corruption risks and consists of several criteria related to the Group's location and operations. The main risk areas are sponsorships/donations, investment/divestment, development, procurement processes and dealing with public officials. The corruption risk mapping was completely reviewed in 2020 to better comply with the requirements set forth by the French Sapin II law and will be finalised beginning 2021. The methodology applied to update the risk mapping is documented and includes interviews at corporate and local levels to validate and update potential risk scenarios related to corruption, bribery and influence peddling. Each scenario identified is mitigated by an internal control measures or will be subjected to an action plan that will reduce the level of risk (in progress).

INTERNAL ALERT SYSTEM

The Group has an externally-based whistleblowing platform (the "URW Integrity Line"), which enables all staff as well as contractors to confidentially, and anonymously, report incidents to the GCO and the CO URW NV (for the US platform). The whistleblowing procedure and platform are accessible at <https://urw.integrityline.org/>.

THIRD PARTY DUE DILIGENCE

The Group has a "Know Your Partner" procedure which consists of tailored due diligence to assess business partners' risk of exposure to corruption before entering into contractual relationships. The due diligence may consist of questionnaires, internal and/or external background checks and investigations. Under certain circumstances the GCO reports due diligence findings to the GCC to discuss the risk profile and provide recommendations.

Pursuant to the ACP, the Group also includes anti-corruption clauses in contracts with business partners, to contractually remind the contracting parties that corruption and/or unethical behaviour will not be tolerated by either of them.

ACCOUNTING CHECKS

The Group has a collective decision-making process regarding investment, divestment and procurement. The Group applies a "four eyes" principle when processing invoices and staff expenses reimbursement, meaning that the person approving the purchase order is different from the person approving the invoice. There is also a segregation of duties in the payment process. Manual entries in accounting are systematically reviewed by the chief accountant and accounts are reviewed by statutory auditors.

TRAINING

To raise awareness and entrench the compliance culture within the Group, employees are required to attend mandatory trainings on ethics but also on the Anti-Corruption Program ranging from general anti-corruption trainings to specific trainings regarding how to perform a due diligence. The most exposed departments that are identified in the URW corruption risk mapping are required to attend classroom trainings. There is also a mandatory Group-wide e-learning on anti-corruption for all employees and managers. In 2020, a awareness session has been carried out towards all Supervisory Board members on the eight pillars.

DISCIPLINARY SANCTIONS

Disciplinary sanctions may be taken in cases of corruption, bribery or breaches of the ACP based on the Group's zero tolerance principle.

ACP ASSESSMENT

To ensure compliance with the ACP and constant improvement, the ACP is part of the scope of the Internal Audit department and has been audited in 2020. Some improvement areas have been identified and the remediation plan is on-going.

GIFTS, MEALS AND ENTERTAINMENT

Hospitality, promotional or other business expenditure, received as well as given, need to be reasonable in value, infrequent, directly related to the promotion of the Group's assets, know-how, products or services, the execution of a contract, or to develop and maintain cordial business relations out of any tendering phase or in the frame of the Group's CSR policy, approved (as the case may be) and not given for any corrupt purpose or with the intent of receiving anything in return.

DEALING WITH PUBLIC OFFICIALS

The Group promotes dialogue with public institutions and non-governmental organisations in all countries where it operates. Relations with public officials must be conducted based on transparency and traceability. A reputational background screening must always be performed before entering into a business relationship with a public official.

SPONSORING AND CHARITABLE CONTRIBUTIONS

Donations to charities, non-profit initiatives or social projects comprise a risk of having funds or assets of value being diverted for the personal use or benefit of a public official or a private party. Particular caution needs to be observed if a potential contribution is directed towards an affiliation with a public official with whom the Group is doing, has done or is planning to do business. Any contributions above €/\$/£15,000 must be prior validated by the Group CRO for European operations or by the URW President US for US operations. An annual list of all the Group's sponsoring and charitable contributions is kept and followed-up at Group level.

3.4.6 PREVENTION OF MONEY LAUNDERING AND TERRORISM FINANCING

The procedure for prevention of money laundering and terrorism financing (AML) requires employees and managers to be vigilant and perform due diligences before entering into certain business relationships. These due diligences include identifying the risk profile of the partner/operation, performing sanctions list screening and investigating potential ultimate beneficial owners and politically exposed persons through background checks via databases and the answering of questionnaires.

3.4.7 PERSONAL DATA

Personal data represents a major concern for customers, employees, and partners and for the URW Group as well.

Their sense of responsibility is essential during the implementation and development of the experience offered to URW customers, in a framework conducive to guaranteeing protection and exemplarity in the daily management of personal data collected in accordance with applicable national laws.

The Group therefore has (i) a clear and efficient structure with governance bodies for matters relating to the collection, use and protection of personal data, (ii) a set of robust processes to better support the daily processing of data, and (iii) a regulatory watch organised to ensure the best level of compliance in a constantly evolving legal and regulatory context.

3.4.7.1 A CLEAR AND EFFICIENT GOVERNANCE OF PERSONAL DATA

While 2018 was marked by the implementation of numerous measures to comply with the new regulations relating to the protection of personal data General Data Protection Regulation (GDPR), 2019 was the first financial year during which initial feedback has been conducted on the compliance measures deployed and their effects.

2020 was a year of consolidation and initial feedback used for continuous improvement of those measures implemented and governance of the Group's compliance programme on personal data. The first penalties imposed by the national authorities also brought some clarification and reinforced the importance of keeping the Group's procedures up to date.

This active search for compliance, which represents a constantly renewed challenge, is based on a clear managerial willingness directly integrated into the various services of the Group. The Group shall ensure compliance with its legal and regulatory obligations while supporting marketing and commercial strategies, in order to offer even more innovative services to its customers, partners and other stakeholders.

Corporate governance and remuneration

Ethics and compliance within the URW Group

The governance in place is based on different levels according to an escalation principle.

This governance is organised around:

- A Data Protection Officer (DPO) for the group registered with the CNIL:

This Group DPO:

- Leads a network of local data privacy correspondents or local DPOs in each continental European country where the group is present. Each local correspondent (some of whom have DPO status with local data protection entities) carries out legal and operational monitoring for the country for which they are responsible. All of the correspondents meet monthly in a dedicated committee to share best market practices.
- Coordinates the Group's personal data protection strategy with the Privacy Counsel responsible for compliance with the California Consumer Privacy Act for the Group's activities in the State of California (USA).
- The management, in project mode, of personal data questions, allowing a "privacy by design" approach by the teams in charge of projects or services likely to involve the collection or use of personal data (IT, HR, marketing, brands, legal, etc.);
- A Data Protection Committee notably composed of the Group Chief Resources Officer, the US President, the Group General Counsel, the Group IT Director, the Group Commercial Director, the Chief Operating Officer Europe, the Group DPO, whose purpose is to ensure the proper application of the Group strategy relating to data protection, to review the impact assessments of certain projects and the risks of exposure of the data collected, and to adopt the risk management measures deemed appropriate.

3.4.7.2 MANAGE PERSONAL DATA ON A DAILY BASIS IN A RESPONSIBLE MANNER

Mindful of its responsibilities in this area, the Group is committed to ensuring effective protection and reasonable processing of the personal data collected.

A DAILY THOROUGHNESS

Each new project involving the processing of personal data is supported by legal department. In addition, significant efforts are made in terms of awareness and training on the management of personal data: each employee receives online GDPR training, and the most exposed departments are provided with personalised face-to-face training.

The Group has set up an access and complaints process open to its customers and has already deployed an integrated management tool in the United States, enabling it to respond quickly and appropriately to the requests of people exercising their rights in terms of personal data.

This management also involves strengthening the Group's relationships with its partners so that they engage in a compliance process.

A REASONED AND CONTROLLED USE OF PERSONAL DATA

Beyond the establishment of an internal framework suitable for ensuring compliance with regulations, the effective application of this framework is subject to regular monitoring and internal audit missions carried out by the Group's dedicated teams.

SUPPORT AN EVER-CHANGING LEGAL CONTEXT

Beyond the European Regulation on the Protection of Personal Data, each Member State of the European Union has interpreted the provisions of the GDPR by the enactment of national standards and by the jurisprudence developed by its national authorities (courts and local data protection authorities). At the same time, the State of California (USA), in which the Group operates, has implemented its own regulations.

This multiplication of applicable standards and regulations, combined with objectives or philosophies that may diverge, makes it increasingly complex to monitor regulatory developments. This is one of URW's endeavors to take up this major challenge on a daily basis, in order to maintain global compliance taking into account local specificities.

3.5 REPORT OF THE SUPERVISORY BOARD ON CORPORATE GOVERNANCE

In accordance with Article L. 22-10-20 of the French Commercial Code, at its meeting held on March 3, 2021, the SB agreed on the corporate governance report which will be submitted at the next General Meeting, at the same time as the observations of the SB concerning the MB report and the financial statements, it being specified that the observations are presented in the Notice of meeting of the 2021 General Meeting.

The report of the Supervisory Board on corporate governance is included in the paragraph 3 of the Management report available on Section 8.6.3.
