- Pleurothallis fuertesii* Cogn. = *Lepanthopsis barabonensis* (Cogn.) Garay
- Pleurothallis gelida* Lindl., Edwards's Bot. Reg. 27(Misc.): 91. 1841; *Stelis gelida* (Lindl.) Pridgeon & M.W. Chase, Lindleyana 16: 263. 2001; *Specklinia gelida* (Lindl.) Luer, Monogr. Syst. Bot. Missouri Bot. Gard. 95: 260. 2004.
- Pleurothallis vaginata* Lindl., Ann. Mag. Nat. Hist., ser. 3, 1: 326. 1858.  
Distribution: Native to Cuba, Hispaniola, Jamaica, Puerto Rico, United States (FL), Mexico, Central America, and South America.  
References: 2, 3, 5, 30, 61, 147, 149.
- Pleurothallis ghiesbreghtiana* A. Rich. & Galeotti = *Pleurothallis quadrifida* (La Llave & Lex.) Lindl.
- Pleurothallis grisebachiana* Cogn. in I. Urban, Symb. Antill. 6: 409. 1909; *Specklinia grisebachiana* (Cogn.) Luer, Monogr. Syst. Bot. Missouri Bot. Gard. 95: 260. 2004.
- Pleurothallis blepharoglossa* Luer, Lindleyana 14: 111. 1999; *Specklinia blepharoglossa* (Luer) Luer, Monogr. Syst. Bot. Missouri Bot. Gard. 95: 259. 2004.
- Pleurothallis grobyi* sensu Griseb, Cat. Pl. Cub. 269. 1866, non Bateman ex Lindl.  
Distribution: Endemic to Greater Antilles; native to Cuba and Hispaniola.  
References: 3, 30, 147, 156, 515.
- Pleurothallis grobyi* sensu Griseb. = *Pleurothallis grisebachiana* Cogn.
- Pleurothallis guadalupensis* Cogn. = *Trichosalpinx dura* (Lindl.) Luer
- Pleurothallis haitiensis* Dod, Moscosoa 3: 113. 1984; *Specklinia haitiensis* (Dod) Pridgeon & M.W. Chase, Lindleyana 16: 258. 2001.  
Distribution: Endemic to Hispaniola.  
References: 8, 149.
- Pleurothallis helenae* Fawc. & Rendle, J. Bot. 47: 4. 1909; *Specklinia helenae* (Fawc. & Rendle) Pridgeon & M.W. Chase, Lindleyana 16: 258. 2001; *Muscarella helenae* (Fawc. & Rendle) Luer, Monogr. Syst. Bot. Missouri Bot. Gard. 105: 105. 2006.  
Distribution: Endemic to Greater Antilles; native to Cuba, Hispaniola, and Jamaica.  
References: 2, 5, 149, 515.
- Pleurothallis hirsutula* Fawc. & Rendle, J. Bot. 47: 3. 1909; *Acianthera hirsutula* (Fawc. & Rendle) Pridgeon & M.W. Chase, Lindleyana 16: 244. 2001.  
Distribution: Endemic to Jamaica.  
References: 2, 156.
- Pleurothallis hotteana* Mansf. = *Lepanthopsis hotteana* (Mansf.) Garay
- Pleurothallis hymenantha* Lindl. = *Pleurothallis corniculata* (Sw.) Lindl.
- Pleurothallis imrayi* Lindl., Fol. Orchid. 9: 9. 1859 [as *imraei*]; *Specklinia imrayi* (Lindl.) Luer, Monogr. Syst. Bot. Missouri Bot. Gard. 95: 261. 2004.
- Distribution: Native to Hispaniola, Lesser Antilles (Dominica, Guadeloupe, Martinique), Central America, and South America.  
References: 1, 147, 515.
- Pleurothallis jamaicensis* Rolfe, J. Bot. 47: 122. 1909; *Specklinia jamaicensis* (Rolfe) Luer, Monogr. Syst. Bot. Missouri Bot. Gard. 95: 261. 2004; *Panmorphia jamaicensis* (Rolfe) Luer, Monogr. Syst. Bot. Missouri Bot. Gard. 105: 162. 2006.  
Distribution: Endemic to Jamaica.  
References: 2, 147.
- Pleurothallis jesupii* Luer, Lindleyana 14: 116. 1999; *Specklinia jesupii* (Luer) Luer, Monogr. Syst. Bot. Missouri Bot. Gard. 95: 261. 2004.  
Distribution: Endemic to Hispaniola.  
Reference: 149.
- Pleurothallis lanceola* (Sw.) Spreng., Syst. Veg., ed. 16, 3: 731. 1826; *Epidendrum lanceola* Sw., Prodr. 123. 1788.  
Distribution: Native to Jamaica, Mexico, and Central America.  
References: 2, 30.
- Pleurothallis laxa* (Sw.) Lindl., Gen. Sp. Orchid. Pl. 7. 1830; *Antilla laxa* (Sw.) Luer, Monogr. Syst. Bot. Missouri Bot. Gard. 95: 255. 2004; *Epidendrum laxum* Sw., Prodr. 125. 1788.
- Pleurothallis nigroannulata* Cogn., Repert. Spec. Nov. Regni Veg. 6: 306. 1909.  
Distribution: Endemic to Jamaica.  
References: 2, 30, 147.
- Pleurothallis lichenicola* Griseb., Cat. Pl. Cub. 259. 1866; *Specklinia lichenicola* (Griseb.) Pridgeon & M.W. Chase, Lindleyana 16: 258. 2001.  
Distribution: Endemic to Cuba.  
References: 3, 149.
- Pleurothallis llamachoi* Luer, Lindleyana 13: 146. 1998; *Specklinia llamachoi* (Luer) Luer, Monogr. Syst. Bot. Missouri Bot. Gard. 95: 261. 2004; *Muscarella llamachoi* (Luer) Luer, Monogr. Syst. Bot. Missouri Bot. Gard. 105: 109. 2006.  
Distribution: Endemic to Cuba.  
Reference: 149.
- Pleurothallis longilabris* Lindl., Ann. Mag. Nat. Hist., ser. 3, 1: 328. 1858; *Specklinia longilabris* (Lindl.) Luer, Monogr. Syst. Bot. Missouri Bot. Gard. 95: 261. 2004; *Muscarella longilabris* (Lindl.) Luer, Monogr. Syst. Bot. Missouri Bot. Gard. 105: 110. 2006.  
Distribution: Endemic to Cuba.  
References: 3, 30, 39, 147, 156.  
Note: Considered threatened by the Red List of the Vascular Flora of Cuba (39).
- Pleurothallis longissima* Lindl. = *Pleurothallis quadrifida* (La Llave & Lex.) Lindl.
- Pleurothallis mazei* Urb., Repert. Spec. Nov. Regni Veg. 15: 104. 1917; *Specklinia mazei* (Urb.) Luer, Monogr. Syst. Bot. Missouri Bot. Gard. 95: 262. 2004; *Panmorphia mazei* (Urb.) Luer, Monogr. Syst. Bot. Missouri Bot. Gard. 105: 165. 2006.  
Distribution: Endemic to Lesser Antilles (Guadeloupe).  
References: 1, 156.

*Sarcinula brighamii* (S. Watson) Luer = *Pleurothallis brighamii* S. Watson

*Sarcoglottis acaulis* (J.E. Sm.) Schltr., Repert. Spec. Nov. Regni Veg. Beih. 6: 53. 1919; *Spiranthes acaulis* (J.E. Sm.) Cogn., Symb. Antill. 6: 344. 1909.

Distribution: Native to Lesser Antilles (Grenada), Tobago, Trinidad, Central America, and South America.

References: 1, 301, 513.

*Satyrium adnatum* Sw. = *Pelexia adnata* (Sw.) Spreng.

*Satyrium elatum* Sw. = *Cyclopogon elatus* (Sw.) Schltr.

*Satyrium hirtellum* Sw. = *Microchilus hirtellus* (Sw.) D. Dietr.

*Satyrium latifolium* L. = *Microchilus plantagineus* (L.) D. Dietr.

*Satyrium orchioides* Sw. = *Sacoila lanceolata* (Aubl.) Garay

*Satyrium plantagineum* L. = *Microchilus plantagineus* (L.) D. Dietr.

*Satyrium spirale* Sw. = *Spiranthes torta* (Thunb.) Garay & H.R. Sweet

*Sauroglossum monophyllum* sensu Griseb. in part = *Cyclopogon laxiflorus* Ekman & Mansf.

*Sauroglossum tenue* Lindl. = *Hapalorchis lineatus* (Lindl.) Schltr.

*Scaphyglottis dunstervillei* (Garay) Foldats, Acta Bot. Venez. 3: 398. 1968; *Hexadesmia dunstervillei* Garay, Bot. Mus. Leaf. 18: 203. 1958.

Distribution: Native to Lesser Antilles (St. Lucia) and South America.

References: 1, 149.

*Scaphyglottis modesta* (Rchb. f.) Schltr., Repert. Spec. Nov. Regni Veg. 23: 46. 1926; *Tetragamestus modestus* Rchb. f., Bonplandia (Hannover) 2: 21. 1854.

Distribution: Native to Cuba, Hispaniola, Puerto Rico, Lesser Antilles (Dominica, Grenada, Guadeloupe, St. Lucia, St. Vincent), Tobago, Trinidad, Central America, and South America.

References: 1, 5, 30, 61, 147, 301, 515.

*Scaphyglottis parviflora* Poepp. & Endl. = *Camaridium micranthum* M.A. Blanco

*Scaphyglottis prolifera* Cogn. in C.F.P. von Martius, Fl. Bras. 3(5): 15. 1898.

Distribution: Native to Lesser Antilles (Grenada), Mexico, and South America.

Reference: 1.

*Scaphyglottis punctulata* (Rchb. f.) C. Schweinf., Bot. Mus. Leaf. 17: 47. 1955; *Helleriella punctulata* (Rchb. f.) Garay & H.R. Sweet in R.A. Howard, Fl. Lesser Antilles 1: 167. 1974; *Ponera punctulata* Rchb.f., Bonplandia (Hannover) 3: 220. 1855.

Distribution: Native to Puerto Rico, Lesser Antilles (Grenada, Guadeloupe, St. Lucia), Central America, and South America.

References: 1, 147, 149, 515.

*Scaphyglottis reflexa* Lindl., Edwards's Bot. Reg. 25(Misc.): 20.

1839; *Hexisea reflexa* (Lindl.) Rchb. f. ex Griseb., Fl. Brit. W. I. 623. 1864; *Reichenbachanthus reflexus* (Lindl.) Porto & Brade, Rodriguesia 1(2): 55. 1935.

*Reichenbachanthus emarginatus* Garay, Bot. Mus. Leaf. 21: 255. 1967.

Distribution: Native to Cuba, Hispaniola, Lesser Antilles (Grenada), Central America, and South America.

References: 1, 3, 147, 301, 515.

*Schiedeella amesiana* Garay, Bot. Mus. Leaf. 28: 357. 1982.

Distribution: Native to Cuba, Hispaniola, and Mexico.

Reference: 149.

*Schiedeella dodii* Burns-Bal. = *Schiedeella wercklei* (Schltr.) Garay

*Schiedeella faucisanguinea* (Dod) Burns-Bal. ex A.E. Serna & López-Ferr., Monocot. Mexic. Sinopsis Flor. 8(Orch. 2): 74. 1998; *Spiranthes faucisanguinea* Dod, Moscosoa 3: 60. 1978.

Distribution: Native to Hispaniola, Mexico, and Central America.

References: 8, 147.

*Schiedeella wercklei* (Schltr.) Garay, Bot. Mus. Leaf. 28: 358. 1982 ["1980"]; *Spiranthes wercklei* Schltr., Repert. Spec. Nov. Regni Veg. 10: 482. 1912.

*Schiedeella dodii* Burns-Bal., Orchidee (Hamburg) 40: 169. 1989.

Distribution: Native to Hispaniola, Mexico, and Central America.

References: 147, 515.

- Tetramicra urbaniana* Cogn. in I. Urban, Symb. Antill. 6: 551. 1910.
- Distribution: Endemic to West Indies; native to Bahamas, Cuba, Hispaniola, and Jamaica.
- Common Names: Piña de la tierra, Piñita de la tierra (Dominican Republic).
- References: 2, 5, 30, 45, 123, 147, 156, 515.
- Tetramicra platyphylla* Griseb. = *Basiphyllaea sarcophylla* Schltr.
- \**Tetramicra pratensis* Rolfe, Gard. Chron., ser. 3, 6: 323. 1889.
- Distribution: Endemic to Hispaniola.
- References: 5, 147, 515.
- Tetramicra schoenina* (Rchb. f.) Rolfe = *Tetramicra parviflora* Lindl. ex Griseb.
- Tetramicra schomburgkii* Rolfe = *Tetramicra canaliculata* (Aubl.) Urb.
- \**Tetramicra simplex* Ames, Schedul. Orchid. 6: 77. 1923.
- Distribution: Endemic to Cuba.
- References: 3, 156.
- \**Tetramicra tenera* (A. Rich.) Rolfe, Gard. Chron. ser. 3, 6: 323. 1889; *Bletia tenera* A. Rich. in R. de la Sagra, Hist. Fis. Cuba, Bot. 11: 242. 1850; 12: tab. 83. 1850.
- Tetramicra eulophiae* Rchb. f. ex Griseb., Cat. Pl. Cub. 264. 1866.
- Tetramicra erosa* Carabia, Mem. Soc. Cub. Hist. Nat. "Felipe Poey" 17: 143. 1943.
- Distribution: Endemic to Cuba.
- References: 3, 149, 351.
- Tetramicra tenera* Griseb. ex Benth. = *Basiphyllaea wrightii* (Acuña) Nir
- Tetramicra urbaniana* Cogn. = *Tetramicra parviflora* Lindl. ex Griseb.
- \**Tetramicra zanonii* Nir, Orchidaceae Antill. 369. 2000.
- Distribution: Endemic to Hispaniola.
- Reference: 156.
- \*\**Tolumnia acunae* (M.A. Díaz) Nir, Orchidaceae Antill. 373. 2000; *Tolumnia tuerckheimii* (Cogn.) Braem subsp. *acunae* M.A. Díaz, Revista Jard. Bot. Nac. Univ. Habana 8(2): 18. 1987.
- Distribution: Endemic to Cuba.
- Reference: 149.
- Tolumnia apiculata* (Moir) Braem = *Tolumnia guttata* (L.) Nir
- \*\**Tolumnia arizajuliana* (Withner & J. Jiménez Alm.) Ackerman, Lindleyana 12: 151. 1997; *Oncidium arizajulianum* Withner & J. Jiménez Alm., Amer. Orchid Soc. Bull. 36: 220. 1967; *Braasiella arizajuliana* (Withner & J. Jiménez Alm.) Braem, Lückel & Rüssmann, Orchidee (Hamburg) 35: 115. 1984.
- Distribution: Endemic to Hispaniola.
- References: 152, 515.
- \*\**Tolumnia bahamensis* (Nash) Braem, Orchidee (Hamburg) 37: 59. 1986; *Oncidium bahamense* Nash in N.L. Britton & Millspaugh, Bahama Fl. 97. 1920; *Oncidium variegatum* (Sw.) Sw. var. *bahamense* (Nash) Withner, Orchidata 6(6). 1966; *Oncidium variegatum* (Sw.) Sw. subsp. *bahamense* (Nash) Withner, Orchid Digest 44: 87. 1980.
- Distribution: Native to Bahamas and United States (FL).
- References: 1, 3, 45, 147, 156.
- Tolumnia berenycy* (Rchb. f.) Braem = *Tolumnia guttata* (L.) Nir
- Tolumnia borinquensis* Saulea & Ragan = *Tolumnia variegata* (Sw.) Braem
- \*\**Tolumnia calochila* (Cogn.) Braem, Orchidee (Hamburg) 37: 58. 1986; *Oncidium calochilum* Cogn. in I. Urban, Symb. Antill. 6: 660. 1910.
- Distribution: Endemic to Greater Antilles; native to Cayman Islands, Cuba, and Hispaniola.

- Common Names: Ratón, Ratoncillo, Ratoncito (Dominican Republic).  
References: 3, 4, 5, 30, 123, 147.
- \*\**Tolumnia caribensis*** (Moir) Braem, Orchidee (Hamburg) 37: 58. 1986; *Oncidium caribense* Moir, Florida Orchidist 16: 113. 1973.  
Distribution: Endemic to Hispaniola.  
References: 147, 515.
- Tolumnia caymanensis* (Moir) Braem = *Tolumnia variegata* (Sw.) Braem
- \*\**Tolumnia compressicaulis*** (Withner) Braem, Orchidee (Hamburg) 37: 58. 1986; *Oncidium compressicaule* Withner, Amer. Orchid Soc. Bull. 35: 719. 1966.  
Distribution: Endemic to Hispaniola.  
Common Names: Angelito, Angelito amarillo, Angelitos (Dominican Republic).  
References: 123, 149, 515.
- Tolumnia x cubense* (Moir) H. Dietr. = *Tolumnia variegata* (Sw.) Braem
- Tolumnia cuneilabia* (Moir) Braem = *Tolumnia guttata* (L.) Nir
- Tolumnia x domingensis* (Moir) I.G. Cohen, Lindleyana 22: 6. 2009.  
Distribution: Endemic to Hispaniola.  
References: 147.  
Note: A hybrid between *T. haitiensis* and *T. scandens*.
- \*\**Tolumnia gauntlettii*** (Withner & H.P. Jesup) Nir, Lindleyana 9: 149. 1994; *Oncidium gauntlettii* Withner & H.P. Jesup, Amer. Orchid Soc. Bull. 33: 463. 1964.  
Distribution: Endemic to Jamaica.  
References: 2, 149.
- \*\**Tolumnia guianensis*** (Aubl.) Braem, Orchidee (Hamburg) 37: 58. 1986; *Oncidium guianense* (Aubl.) Garay, Bot. Mus. Leaflet 23: 300. 1973; *Ophrys guianensis* Aubl., Hist. Pl. Guiane 2: 816. 1775.  
*Oncidium desertorum* Nash & Withner, Amer. Orchid Soc. Bull. 36: 312. 1967.  
*Oncidium desertorum* Nash & Withner var. *aureorubrum* Moir, Phytologia 23: 458. 1972, *nom. inval.*  
Distribution: Endemic to Hispaniola.  
Common Names: Angelito amarillo, Angelito, Angelitos (Dominican Republic).  
References: 123, 147, 149, 152, 515.
- \*\**Tolumnia guibertiana*** (A. Rich.) Braem, Orchidee (Hamburg) 37: 58. 1986; *Oncidium guibertianum* A. Rich. in R. de la Sagra, Hist. Phys. Cuba, Pl. Vasc. 241. 1845.  
*Oncidium moirianum* Osment, Florida Orchidist 15: 147. 1972; *Tolumnia moriiana* (Osment) Braem, Orchidee (Hamburg) 37: 58. 1986.  
*Tolumnia lyrata* (Withner) Braem, Orchidee (Hamburg) 37: 58. 1986.  
Distribution: Endemic to Cuba.  
References: 3, 30, 147.

#### EXCLUDED SPECIES

*Chloraea bletioides* Lindl.; Erroneously reported for the Lesser Antilles. Reference: 1.

*Cyclopogon bicolor* (Ker Gawl.) Schltr.; Reported for Puerto Rico but not confirmed. References: 30, 147.

*Cyrtopodium andersonii* (Lamb. ex Andrews) R. Br.; Type collected in Guyana; cultivated in St. Vincent, then sent to England labeled as from St. Vincent, but not naturalized there.

*Encyclia x camagueyensis* Rodr. Seijo, Gonz. Estév., Saulea, Risco Vill. & Esperon, *Orchid Digest* 73(2): 110. 2009.

Distribution: Endemic to Cuba.

References: 149, 152.

Note: Name invalid, published without distinguishing it from the parental species.

*Liparis neuroglossa* Rchb. f., *Xenia Orchid*. 3: 26. 1878. Reported by Adams (2) as occurring in Jamaica, apparently by mistake. Reference: 2.

*Vanilla pleii* Portères, *Bull. Soc. Bot. France* 98: 94. 1951; A name with unknown application; type is a mixture of different species.

## OROBANCHACEAE

Genera. Total: 7; native: 7; endemic: 1.

Taxa. Total: 15; native: 15; endemic: 4.

*Afzelia cassioides* J.F. Gmel. = *Seymeria cassioides* (J.F. Gmel.) S.F. Blake

*Agalinis albida* Britton & Pennell, *Bull. Torrey Bot. Club* 42: 391. 1915; *Gerardia albida* (Britton & Pennell) Pennell, *Acad. Nat. Sci. Philadelphia Monogr.* 1: 421. 1935.

Distribution: Endemic to Greater Antilles; native to Cuba and Jamaica. References: 2, 3, 245.

*Agalinis domingensis* (Spreng.) D'Arcy = *Agalinis fasciculata* (Elliott) Raf.

*Agalinis fasciculata* (Elliott) Raf., *New Fl.* 2: 63. 1836; *Gerardia fasciculata* Elliott, *Sketch Bot. S. Carolina* 2(2): 115. 1822.

*Gerardia domingensis* Spreng., *Syst. Veg.*, ed. 16, 2: 807. 1825; *Agalinis domingensis* (Spreng.) D'Arcy, *Ann. Missouri Bot. Gard.* 65: 770. 1979 ["1978"].

Distribution: Native to Hispaniola, Puerto Rico, and United States.

Common Names: Pinillo (Dominican Republic), Yerba Verónica (Puerto Rico).

References: 5, 7, 58, 61, 75, 123, 131, 151, 245, 311, 340.

*Agalinis harperi* Pennell in J.K. Small, *Fl. Miami* 167. 1913.

Distribution: Native to Bahamas and southeastern United States. References: 45, 245.

*Agalinis kingsii* Proctor, *Sloanea* 1: 3. 1977.

Distribution: Endemic to Cayman Islands.

References: 4, 40, 245.

*Agalinis linifolia* (Nutt.) Britton in J.K. Small, *Fl. Miami* 167. 1913;

*Gerardia linifolia* Nutt., *Gen. N. Amer. Pl.* 2: 47. 1818.

Distribution: Native to Cuba and southeastern United States.

References: 3, 150, 224, 245.

Note: Considered exotic and invasive in Cuba by CeNBIO.

*Agalinis maritima* (Raf.) Raf., *New Fl.* 2: 62. 1837; *Gerardia maritima* Raf., *Med. Repos.* 5: 361. 1808.

*Gerardia maritima* Raf. var. *grandiflora* Benth., *Companion Bot.*

*Mag.* 1: 208. 1836; *Agalinis maritima* (Raf.) Raf. var. *grandiflora* (Benth.) Pennell, *Proc. Acad. Nat. Sci. Philadelphia* 81: 154. 1929;

*Gerardia maritima* Raf. subsp. *grandiflora* (Benth.) Pennell, *Acad. Nat. Sci. Philadelphia Monogr.* 1: 432. 1935.

*Gerardia havanensis* Urb., *Ark. Bot.* 23A(11): 46. 1931.

Distribution: Native to Bahamas, Cuba, Hispaniola, United States, and Mexico.

Common Name: Salt marsh agalinis (Bahamas).

References: 3, 7, 45, 150, 245.

*Agalinis maritima* (Raf.) Raf. var. *grandiflora* (Benth.) Pennell =

*Agalinis maritima* (Raf.) Raf.

*Agalinis purpurea* (L.) Pennell, *Bull. Torrey Bot. Club* 40: 126. 1913;

*Gerardia purpurea* L., *Sp. Pl.* 610. 1753.

Distribution: Native to Cayman Islands, Cuba, and United States; doubtful in Puerto Rico.

References: 3, 4, 61, 151, 245.

*Alectra aspera* (Cham. & Schltdl.) L.O. Williams = *Alectra fluminensis* (Vell.) Stearn

*Alectra brasiliensis* Benth. = *Alectra fluminensis* (Vell.) Stearn

*Alectra fluminensis* (Vell.) Stearn, *J. Arnold Arbor.* 52: 635. 1971;

*Scrophularia fluminensis* Vell., *Fl. Flumin.* 263. 1829 ["1825"].

*Alectra aspera* (Cham. & Schltdl.) L.O. Williams, *Fieldiana, Bot.* 34: 118. 1972.

*Alectra brasiliensis* Benth. in A.L.P.P. de Candolle, *Prodr.* 10: 339. 1846.

*Pedicularis melampyroides* Rich., *Actes Soc. Hist. Nat. Paris* 1: 111.

1792; *Alectra melampyroides* (Rich.) Kuntze, *Revis. Gen. Pl.* 2: 458.

1891; *Melasma melampyroides* (Rich.) Pennell in N.L. Britton &

P. Wilson, *Sci. Surv. Porto Rico & Virgin Islands* 6: 188. 1925.

Distribution: Native to Hispaniola, Jamaica, Puerto Rico, Lesser Antilles (Antigua, Dominica, Grenada, Guadeloupe, Martinique, Montserrat, St. Lucia, St. Vincent), Central America, and South America.

Common Names: Herbe fragile, Queule du loup (Lesser Antilles).

References: 1, 2, 7, 58, 61, 75, 149, 151, 160, 245, 340.

*Alectra melampyroides* (Rich.) Kuntze = *Alectra fluminensis* (Vell.) Stearn

*Anisantherina hispidula* (Mart.) Pennell, *Mem. Torrey Bot. Club* 16:

106. 1920; *Gerardia hispidula* Mart., *Nov. Gen. Sp. Pl.* 3: 13. 1829.

Distribution: Native to Cuba, Jamaica, Central America, and South America.

References: 2, 3, 151, 245.

*Buchnera elongata* Sw. = *Buchnera longifolia* Kunth

*Buchnera elongata* sensu Britton & Millsp. = *Buchnera floridana* Gand.

*Buchnera floridana* Gand., *Bull. Soc. Bot. France* 66: 217. 1920 ["1919"].

*Buchnera elongata* sensu Britton & Millsp., *Bahama Fl.* 393. 1920, non Sw.

Distribution: Native to Bahamas, Cuba, Hispaniola, Jamaica, Puerto Rico, Lesser Antilles (Dominica), United States, and Central America.

References: 1, 2, 3, 7, 45, 58, 61, 151, 245.

*Buchnera longifolia* Kunth in F.W.H.A. von Humboldt, A.J.A.

Bonpland & C.S. Kunth, *Nov. Gen. Sp. (quarto ed.)* 2: 340. 1818.

*Buchnera elongata* Sw., *Prodr.* 92. 1788.

Distribution: Native to Bahamas, Cuba, Hispaniola, Jamaica, Puerto Rico, United States, Central America, and South America.

Common Names: Amor de hombre cimarrón (Dominican Republic), Espiga de San Antonio (Puerto Rico).

References: 2, 3, 5, 7, 45, 58, 75, 151, 245, 340.

*Castilleja arvensis* Cham. & Schltld., *Linnaea* 5: 103. 1830.

*Castilleja haitiensis* Urb. & Ekman, *Ark. Bot.* 23A(11): 46. 1931.

Distribution: Native to Hispaniola, Central America, and South America.  
References: 7, 149, 245.

*Castilleja haitiensis* Urb. & Ekman = *Castilleja arvensis* Cham. & Schltld.

*Gerardia albida* (Britton & Pennell) Pennell = *Agalinis albida* Britton & Pennell

*Gerardia domingensis* Spreng. = *Agalinis fasciculata* (Elliott) Raf.

*Gerardia fasciculata* Elliott = *Agalinis fasciculata* (Elliott) Raf.

*Gerardia fluminensis* Vell. = *Alectra fluminensis* (Vell.) Stearn

*Gerardia havanensis* Urb. = *Agalinis maritima* (Raf.) Raf.

*Gerardia hispidula* Mart. = *Anisantherina hispidula* (Mart.) Pennell

*Gerardia linifolia* Nutt. = *Agalinis linifolia* (Nutt.) Britton

*Gerardia maritima* Raf. = *Agalinis maritima* (Raf.) Raf.

*Gerardia maritima* Raf. var. *grandiflora* Benth. = *Agalinis maritima* (Raf.) Raf.

*Gerardia maritima* Raf. subsp. *grandiflora* (Benth.) Pennell = *Agalinis maritima* (Raf.) Raf.

*Gerardia portoricensis* Britton & P. Wilson = *Stenandrium tuberosum* (L.) Urb. (Acanthaceae)

*Gerardia purpurea* L. = *Agalinis purpurea* (L.) Pennell

*Melasma melampyroides* (Rich.) Pennell = *Alectra fluminensis* (Vell.) Stearn

*Orobanche ramosa* L., Sp. Pl. 633. 1753.

Distribution: Endemic to Cuba.

Common Name: Yerba sosa (Cuba).

Reference: 3.

*Pedicularis melampyroides* Rich. = *Alectra fluminensis* (Vell.) Stearn

*Seymeria cassioides* (J.F. Gmel.) S.F. Blake, *Rhodora* 17: 134. 1915;  
*Afzelia cassioides* J.F. Gmel., *Syst. Nat.* 927. 1791.

Distribution: Native to Bahamas and United States.

References: 45, 151, 245.

\**Seymeriopsis bissei* Tzvelev, *Bot. Zhurn.* (Moscow & Leningrad) 72(12): 1662. 1987.

Distribution: Endemic to Cuba.

Reference: 245.

## OXALIDACEAE

Genera. Total: 2; native: 1; endemic: 0.

Taxa. Total: 17; native: 14; endemic: 5.

*Averrhoa acida* L. = *Phyllanthus acidus* (L.) Skeels (Phyllanthaceae)

*Averrhoa bilimbi* L., Sp. Pl. 428. 1753.

Distribution: Cultivated in Cuba, Hispaniola, Jamaica, Puerto Rico, and Margarita; widely cultivated in the tropics, origin unknown.

Common Names: Bilimbi, Camias, Grosella china, Grosella macho (Cuba), Pepinito, Vinagrillo (Dominican Republic), Blimblin, Zibeline, Zibeline ronde (Haiti), Bilimbi, Long jimbeline (Jamaica), Bilimbe, Bilimbi, Grosella china, Jumbelin (Puerto Rico).

References: 2, 5, 7, 61, 131, 132, 159, 323.

*Averrhoa carambola* L., Sp. Pl. 428. 1753.

Distribution: Cultivated in Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands, and Margarita; native to Malesia.

Common Names: Carambola (Cuba), Carambola (Dominican Republic), Bimblin longue, Blinblin longue, Carambolier, Conichon du pays, Cornichon du pays, Zibeline, Zibeline longue, Zibline, Zimblin (Haiti), Carambola (Jamaica), Carambola, Carambold, Jalea (Puerto Rico), Star pickle (Virgin Islands).

References: 2, 5, 6, 7, 58, 61, 131, 132, 159, 323.

*Ionoxalis intermedia* (A. Rich.) Small = *Oxalis latifolia* Kunth subsp. *latifolia*

*Ionoxalis martiana* (Zucc.) Small = *Oxalis debilis* Kunth var. *corymbosa* (DC.) Lourteig

*Lotoxalis pinetorum* Small = *Oxalis pinetorum* (Small) Urb.

*Oxalis barrelieri* L., Sp. Pl., ed. 2, 624. 1762.

Distribution: Native to Hispaniola, Puerto Rico, Lesser Antilles (Antigua, Barbados, Dominica, Grenada, Guadeloupe, Marie Galante, Martinique, Montserrat, St. Lucia, St. Vincent), Margarita, Tobago, Trinidad, Central America, and South America.

Common Names: Vinagrillo (Dominican Republic), Oseille-marron, Oseille-savane, Trèfle (Lesser Antilles).

References: 1, 5, 6, 7, 58, 61, 123, 301, 323.

*Oxalis cajalbanensis* Urb., *Ark. Bot.* 24A(4): 12. 1931.

Distribution: Endemic to Cuba.

References: 3, 39.

Note: Considered vulnerable by the Red List of the Vascular Flora of Cuba (39).

*Oxalis corniculata* L., Sp. Pl. 435. 1753, var. *corniculata*; *Xanthoxalis corniculata* (L.) Small, *Fl. S.E. U.S.* 667. 1903.

*Oxalis repens* Thunb., *Oxalis* 16. 1781.

Distribution: Cosmopolitan weed of unknown origin; occurring in Bahamas, Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (Guana, St. Croix, St. John, Tortola), Lesser Antilles (Antigua, Barbados, Dominica, Grenada, Guadeloupe, Martinique, Montserrat, Saba, St. Eustatius, St. Kitts, St. Lucia, St. Martin, St. Vincent), Curaçao, Trinidad, North America, Mexico, Central America, South America, and Old World.

Common Names: Yellow procumbent wood-sorrel (Bahamas), Vinagrillo (Cuba), Alleluia, Estrebolina, Vinagreata, Vinagrillo (Dominican Republic), Oseille marron, Oseille marronne (Haiti), Edge teeth, Yellow sorrel (Jamaica), Petit oseille-savane, Petit trèfle, Sour grass, Trèfle (Lesser Antilles), Vinagrillo (Puerto Rico), Trebilillo de jardín, Trebolillo, Trebolillo amarillo (Puerto Rico), Yellow wood sorrell (Virgin Islands).

- DOUBTFUL NAME
- Oxalis ottonis* C. Morr. is an illegitimate latter homonym that was recorded by Index Kewensis as occurring in Cuba. However, this name has not been used in any floristic work for the region.

**PANDANACEAE**

**Genera.** Total: 2; native: 0; endemic: 0.

**Taxa.** Total: 8; native: 0; endemic: 0.

*Freycinetia multiflora* Merr., Philipp. J. Sci. 2: 259. 1907.

Distribution: Cultivated in Puerto Rico; native to Malesia.

References: 152, 159, 254.

*Pandanus baptistii* Misonne = *Pandanus tectorius* Parkinson ex Du Roi

*Pandanus dubius* Spreng., Syst. Veg., ed. 16, 3: 897. 1826.

*Pandanus pacificus* J.H. Veitch, Gard. Chron., ser. 3, 11: 664. 1892.

Distribution: Cultivated in Jamaica, Puerto Rico, and Lesser Antilles (Martinique); native to Malesia and Pacific region.

Common Name: Screw pine (Jamaica).

References: 1, 2, 6, 61, 147, 159.

*Pandanus furcatus* Roxb., Fl. Ind., ed. 1832, 3: 744. 1832.

Distribution: Exotic in Hispaniola; native to Asia and Malesia.

Common Name: Screw pine (Dominican Republic).

References: 123, 137, 159.

*Pandanus habnii* Warb. in H.G.A. Engler, Pflanzenr. IV, 9(Heft 3): 56. 1900.

Distribution: Exotic in Lesser Antilles (Martinique); probably native to east Africa.

Reference: 1.

*Pandanus maximus* Martelli, Webbia 2: 423. 1908.

Distribution: Cultivated in Lesser Antilles (Martinique); native to Comoro Islands.

References: 1, 147.

*Pandanus odoratissimus* L. f. = *Pandanus odorifer* (Forssk.) Kuntze

*Pandanus odorifer* (Forssk.) Kuntze, Revis. Gen. Pl. 2: 737. 1891.

*Pandanus odoratissimus* L. f., Suppl. Pl. 424. 1782 ["1781"].

Distribution: Exotic in Puerto Rico and Lesser Antilles (Guadeloupe, Martinique); native to tropical and subtropical Asia.

References: 1, 6, 147.

*Pandanus pacificus* J.H. Veitch = *Pandanus dubius* Spreng.

*Pandanus tectorius* Parkinson ex Du Roi, Naturforscher (Halle) 4: 250. 1774.

*Pandanus baptistii* Misonne, Wiener Ill. Gart.-Zeitung 18: 306. 1893.

*Pandanus veitchii* Mast., Gard. Chron. 1868: 349. 1868.

Distribution: Exotic in Puerto Rico and Lesser Antilles (Grenada, Martinique); native to Malesia, Australia, and Pacific region.

References: 1, 6, 61, 147, 159.

*Pandanus utilis* Bory, Voy. Iles Afrique 2: 3. 1804.

Distribution: Exotic in Cuba, Jamaica, Puerto Rico, Virgin Islands, and Lesser Antilles (Martinique); native to Africa.

Common Names: Bacquoas, Cinta, Palma de caracol, Pandalus, Pándano, Pándano caracolillo, Pandano de caracolillo, Piña de jardín, Vacquoas, Vaquoas (Cuba), Pandano (Dominican Republic), Screw pine (Jamaica), Palma de tirabuzón (Puerto Rico), Common screwpine (Virgin Islands).

References: 1, 2, 28, 61, 123, 131, 132, 147, 159.

*Turnera zeasperma* C.D. Adams & V. Bean, Phytologia 20: 313. 1970.

Distribution: Endemic to Jamaica.

Reference: 2.

## PEDALIACEAE

Genera. Total: 1; native: 0; endemic: 0.

Taxa. Total: 1; native: 0; endemic: 0.

*Sesamum indicum* L. = *Sesamum orientale* L.

*Sesamum orientale* L., Sp. Pl. 634. 1753.

*Sesamum indicum* L., Sp. Pl. 634. 1753.  
 Distribution: Cultivated in Bahamas, Cuba, Hispaniola, Jamaica, Puerto Rico, and Lesser Antilles (no island mentioned).  
 Common Names: Benny seed, Sesame (Bahamas), Ajonjolí (Cuba, Puerto Rico), Girgigi, Sésame (Lesser Antilles).  
 References: 1, 2, 3, 5, 7, 30, 45, 58, 61, 131, 132, 151, 224, 340.  
 Note: Considered an invasive species by CeNBIO.

## PENTAPHYLACACEAE

**Genera.** Total: 3; native: 3; endemic: 0.  
**Taxa.** Total: 41; native: 41; endemic: 39.

*Cleyera albopunctata* (Planch. ex Griseb.) Krug & Urb., Bot. Jahrb. Syst. 21: 537. 1896; *Ternstroemia albopunctata* Planch. ex Griseb., Cat. Pl. Cub. 36. 1866; *Eurya albopunctata* (Planch. ex Griseb.) Melch. in H.G.A. Engler & K.A.E. Prantl, Nat. Pflanzenfam., ed. 2, 21: 147. 1925; *Eroteum albopunctatum* (Planch. ex Griseb.) Britton in N.L. Britton & P. Wilson, Sci. Surv. Porto Rico & Virgin Islands 5: 582. 1924.

Distribution: Endemic to Greater Antilles; native to Cuba, Hispaniola, and Puerto Rico.

Common Name: Teta prieta (Puerto Rico).  
 References: 3, 7, 58, 61.

*Cleyera bolleana* (O.C. Schmidt) Kobuski, J. Arnold Arbor. 22: 403. 1941; *Eurya bolleana* O.C. Schmidt, Repert. Spec. Nov. Regni Veg. 33: 177. 1933.

Distribution: Endemic to Hispaniola (Dominican Republic).  
 References: 7, 427.

Note: Considered vulnerable by the IUCN Red List of Threatened Species.

*Cleyera ekmanii* (O.C. Schmidt) Kobuski, J. Arnold Arbor. 22: 401. 1941; *Eurya ekmanii* O.C. Schmidt, Repert. Spec. Nov. Regni Veg. 22: 97. 1925; *Freziera ekmanii* (O.C. Schmidt) Kobuski, Ann. Missouri Bot. Gard. 25: 354. 1937 [“1938”].

Distribution: Endemic to Cuba.  
 Reference: 3.

*Cleyera neibensis* Alain, Moscosoa 1(1): 26. 1976.

Distribution: Endemic to Hispaniola (Dominican Republic).  
 References: 7, 8.

*Cleyera nimanimae* Krug & Urb., Bot. Jahrb. Syst. 21: 540. 1896; *Freziera nimanimae* Tul., Ann. Sci. Nat. Bot., sér. 3, 8: 338. 1847.

Distribution: Endemic to Cuba.  
 Reference: 3.

Distribution: Endemic to Puerto Rico.

References: 58, 61, 149, 152, 427, 633.

Note: Considered endangered by the U.S. Fish & Wildlife Service and critically endangered by the IUCN Red List of Threatened Species.

#### EXCLUDED SPECIES

*Ternstroemia brevipes* DC., Mém. Soc. Phys. Genève 1: 408. 1822. Reported in the original description as doubtfully from Puerto Rico, the species is not known to occur in the West Indies. It is native to South America.

References: 30, 61.

## PHRYMACEAE

Genera. Total: 1; native: 0; endemic: 0.

Taxa. Total: 1; native: 0; endemic: 0.

*Mazus pumilus* (Burm. f.) Steenis, Nova Guinea, n.s. 9: 31. 1958.

Distribution: Exotic in Bahamas and Jamaica; native to southeast Asia.

References: 2, 45, 150.

## PHYLLANTHACEAE

Genera. Total: 14; native: 11; endemic: 1.

Taxa. Total: 131; native: 119; endemic: 100.

*Amanoa caribaea* Krug & Urb., Notizbl. Königl. Bot. Gart. Berlin 1: 326. 1897.

Distribution: Endemic to Lesser Antilles (Dominica, Guadeloupe).

Common Names: Bois rouge, Carapate, Carapite, Paleturier gris (Lesser Antilles).

References: 1, 31, 147.

*Andrachne brittonii* Urb., Symb. Antill. 7: 245. 1912.

*Securinega abeggii* Urb. & Ekman, Ark. Bot. 20A(15): 46. 1926.

Distribution: Endemic to Greater Antilles; native to Cuba and Hispaniola (Haiti).

Common Name: Du the marron (Haiti).

References: 3, 5, 7, 30, 39.

Note: Considered vulnerable by the Red List of the Vascular Flora of Cuba (39).

*Andrachne cuneifolia* Britton = *Phyllanthus cuneifolius* (Britton) Croizat

*Anisonema jamaicense* (Griseb.) Griseb. = *Phyllanthus reticulatus* Poir.

*Antidesma burius* (L.) Spreng., Syst. Veg., ed. 16, 1: 826. 1824 ["1825"].

Distribution: Cultivated in Puerto Rico; native to tropical Asia and Malesia.

Reference: 471.

*Antidesma cubanum* M. Gómez = *Hieronyma cubana* (M. Gómez) Müll. Arg.

*Antidesma cubanum* M. Gómez var. *pallidum* (J. Müll.) M. Gómez = *Hieronyma clusiooides* (Tul.) Griseb.

*Antidesma montanum* Blume, Bijdr. Fl. Ned. Ind. 17: 1124. 1827.

Distribution: Cultivated in Cuba; native to tropical Asia, Malesia, and Australia.

References: 147, 254.

*Asterandra grandifolia* sensu Britton & P. Wilson = *Phyllanthus juglandifolius* Willd. subsp. *juglandifolius*

*Astrocasia tremula* (Griseb.) G.L. Webster, J. Arnold Arbor. 39: 208. 1958; *Phyllanthus tremulus* Griseb., Fl. Brit. W. I. 34. 1859.

Distribution: Native to Cayman Islands, Cuba, Jamaica, Mexico, Central America, and Venezuela.

References: 2, 3, 4, 36, 147.

*Bischofia javanica* Blume, Bijdr. Fl. Ned. Ind. 17: 1168. 1827.

*Bischofia trifoliata* (Roxb.) Hook., Hooker's Icon. Pl. 9: t. 844. 1851.

Distribution: Exotic in Puerto Rico; native to Asia, Malesia, Australia, and Pacific region.

References: 61, 147.

## PHYTOLACCACEAE

Genera. Total: 6; native: 5; endemic: 0.

Taxa. Total: 10; native: 9; endemic: 2.

*Agdestis clematidea* Sessé & Moc. ex DC., Syst. Nat. 1: 543. 1817 ["1818"].

Distribution: Exotic in Cuba and Puerto Rico; native to Central and South America.

Common Names: Flor de pedo, Pedo de chino, Yedra (Cuba).

References: 3, 6, 32, 35, 58, 61, 132, 150, 193, 224, 252.

Note: Considered an invasive species by CeNBIO.

*Microtea debilis* Sw., Prodr. 53. 1788.

Distribution: Native to Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (St. Croix, St. Thomas), Lesser Antilles (Antigua, Dominica, Grenada, Guadeloupe, Martinique, Montserrat, Saba, St. Barthélemy, St. Eustatius, St. Kitts, St. Lucia, St. Martin, St. Vincent), Central America, and South America.

Common Names: Demoiselle, Herbe-au-long-case (Lesser Antilles).

References: 1, 2, 3, 5, 6, 7, 58, 61, 151.

*Microtea portoricensis* Urb., Ber. Deutsch. Bot. Ges. 3: 324. 1885.

Distribution: Endemic to Greater Antilles; native to Cuba, Hispaniola, and Puerto Rico.

References: 3, 6, 7, 58, 61, 193.

*Petiveria alliacea* L., Sp. Pl. 342. 1753.

Distribution: Native to Bahamas, Cuba, Hispaniola, Puerto Rico, Virgin Islands (Guana, St. Croix, St. John, St. Thomas, Tortola), Lesser Antilles (Antigua, Barbados, Dominica, Grenada, Grenadines, Guadeloupe, Martinique, Montserrat, Saba, St. Barthélemy, St. Eustatius, St. Kitts, St. Lucia, St. Martin, St. Vincent), Margarita, southern United States, Mexico, Central America, and South America.

Common Names: Garlic-weed, Obeah-bush (Bahamas), Anamu (Cuba), Anamú, Avé, Huevo de gato, Mal pourri (Dominican Republic), Avette, Chasse vermine, Chasser vermine, Feuilles avé, Herbe aux poules, Pétivère à odeur d'ail, Verveine puante (Haiti), Guinea hen weed, Strong man's weed (Jamaica), Conga root, Dandail, Douvant-nègre, Fey douvan, Garlic root, Marie pourie, Mawi pouwi (Lesser Antilles), Anamú (Puerto Rico), Congo root, Garlic weed, Guinea hen weed, Gully root (Virgin Islands).

References: 1, 2, 3, 5, 6, 7, 19, 45, 58, 61, 123, 131, 132, 150, 193, 323, 340.

*Phytolacca icosandra* L., Syst. Nat., ed. 10, 1040. 1759, var. *icosandra*

*Phytolacca octandra* L., Sp. Pl., ed. 2, 631. 1762.

*Phytolacca purpurascens* A. Braun & C.D. Bouché, Index Seminum (Berlin) 1851: 13. 1852.

Distribution: Native to Cuba, Hispaniola, Jamaica, and presumably Puerto Rico; introduced in Bahamas; native to Central and South America.

Common Names: Poke-bush, Pork-bush, Southern poke-weed (Bahamas), Bledo blanco, Yerba carmín (Cuba), Moco de pavo (Dominican Republic), Dubout content, Trois rivières (Haiti), Bella sombra (Puerto Rico).

References: 2, 3, 5, 6, 7, 9, 30, 45, 58, 61, 123, 131, 132, 151, 193, 340.

*Phytolacca icosandra* L. var. *anomala* Proctor, J. Arnold Arbor. 63: 236. 1982.

Distribution: Endemic to Jamaica.

References: 165, 193.

*Phytolacca rivinoides* Kunth & C.D. Bouché, Index Seminum Hort. (Berlin) 1848: 15. 1849.

Distribution: Native to Cuba, Hispaniola, Jamaica, Puerto Rico, Lesser Antilles (Barbados, Dominica, Grenada, Guadeloupe, Martinique, Montserrat, Saba, St. Kitts, St. Lucia, St. Vincent), Mexico, Central America, and South America.

Common Names: Bledo moro (Cuba), Moco de pavo (Dominican Republic), Jocato (Jamaica), Agouman, Épinard de Cayenne, Épinard doux, Lang béf, Raisin d'Amérique (Lesser Antilles), Juan de Vargas (Puerto Rico).

References: 1, 2, 3, 5, 6, 7, 58, 61, 123, 131, 132, 193.

*Phytolacca thyrsoflora* Fenzl ex J.A. Schmidt in C.F.P. von Martius, Fl. Bras. 14(2): 343. 1872.

Distribution: Native to Hispaniola, Mexico, Central America, and South America.

References: 5, 7, 151.

*Rivina humilis* L., Sp. Pl. 121. 1753.

*Rivina humilis* L. var. *canescens* L., Sp. Pl. 122. 1753.

*Rivina humilis* L. var. *glabra* L., Sp. Pl. 122. 1753.

*Rivina laevis* L., Mant. Pl. 1: 41. 1767.

*Rivina laevis* L. var. *pubescens* Griseb., Fl. Brit. W. I. 59. 1859.

*Rivina viridiflora* Bello, Anales Soc. Esp. Hist. Nat. 12: 105. 1883;

*Rivina laevis* L. var. *viridiflora* (Bello) Voss in L. Vilmorin, Blumengärtner, ed. 3, 1: 877. 1895.

Distribution: Native to Bahamas, Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (Guana, St. Croix, St. John, St. Thomas, Tortola, Virgin Gorda), Lesser Antilles (Anguilla, Antigua, Barbados, Barbuda, Dominica, Grenada, Grenadines, Guadeloupe, Martinique, Montserrat, Saba, St. Barthélemy, St. Eustatius, St. Kitts, St. Lucia, St. Martin, St. Vincent), United States, Mexico, Central America, and South America.

Common Names: Pigeon-berry, Wild tomato (Bahamas), Ají de culebra, Coralito, Coralitos, Ojo de ratón, Yerba mora (Cuba), Caimoní cimarrón, Caimonicillo, Mata gallina, Penzon manzoumba, Pezon mazoumba (Dominican Republic), Bonbon codine, Bonbon coq d'Inde, Herbe à charpentier, Laman la yé, Maman la cri (Haiti), Bloodberry, Dogberry (Jamaica), Blood berry, Cat's blood, Herbe blanche, Liane blanche, Pepper bush, Rouge plant (Lesser Antilles), Carmín (Puerto Rico), Cat's blood (Virgin Islands).

References: 1, 2, 3, 4, 5, 6, 7, 19, 30, 45, 58, 61, 123, 131, 132, 151, 152, 193, 323, 340.

*Trichostigma octandrum* (L.) H. Walter in H.G.A. Engler, Pflanzenr. IV, 83 (Heft 39): 109. 1909; *Rivina octandra* L., Cent. Pl. 2, 9. 1756; *Villamilla octandra* (L.) Benth. & Hook. f., Gen. Pl. 3: 81. 1880.

*Rivina humilis* L. var. *scandens* L., Sp. Pl. 122. 1753.

*Trichostigma rivinoides* A. Rich. in R. de la Sagra, Hist. Phys. Cuba, Pl. Vasc. 628. 1845, *nom. illeg.*

Distribution: Native to Bahamas, Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (Guana, St. Croix, St. John, St. Thomas, Tortola, Virgin Gorda), Lesser Antilles (Antigua, Barbados, Barbuda, Dominica, Grenada, Grenadines, Guadeloupe, Marie Galante, Martinique, Montserrat, Saba, St. Barthélemy, St. Eustatius, St. Lucia, St. Martin, St. Vincent), United States, Mexico, Central America, and South America.

Common Names: Bejuco canasta prieto, Bejuco de canasta, Bejuco de canastas, Grangana estrín, Guaniquí, Guaniquiqui (Cuba), Pabellón, Pabellón del rey (Dominican Republic), Bonbon codine, Bonbon coq d'inde, Liane barrique, Liane panier (Haiti), Basket with, Hoop with (Jamaica), Bois à terre, Liane à barriques, Liane à terre, Murette, Orin marron (Lesser Antilles), Bejuco de palma, Bejuco de paloma, Bejuco de nasa (Puerto Rico), Basket wiss, Hoop-vine (Virgin Islands).

References: 1, 2, 3, 4, 5, 6, 7, 19, 30, 32, 45, 58, 61, 131, 132, 151, 193, 352, 340.

*Trichostigma rivinoides* A. Rich. = *Trichostigma octandrum* (L.) H. Walter

*Villamilla octandra* (L.) Benth. & Hook. f. = *Trichostigma octandrum* (L.) H. Walter

## PICRAMNIACEAE

Genera. Total: 2; native: 2; endemic: 0.

Taxa. Total: 11; native: 11; endemic: 8.

*Alvaradoa amorphoides* Liebm., Vidensk. Meddel. Dansk Naturhist. Foren. Kjøbenhavn 1853(3-4): 101. 1854.

*Alvaradoa amorphoides* Liebm. subsp. *psilophylla* (Urb.) Cronquist, Brittonia 5: 135. 1944; *Alvaradoa psilophylla* Urb., Repert. Spec. Nov. Regni Veg. 20: 304. 1924.

Distribution: Native to Bahamas, Cayman Islands, Cuba, United States (FL), Mexico, Central America, and South America.

Common Names: Aroma blanca, Aromo blanco, Mimosa, Periquillo, Tamarindillo (Cuba).

References: 3, 4, 45, 132, 150.

*Alvaradoa amorphoides* Liebm. subsp. *psilophylla* (Urb.) Cronquist = *Alvaradoa amorphoides* Liebm.

*Alvaradoa arborescens* Griseb., Cat. Pl. Cub. 50. 1866.

Distribution: Endemic to Cuba.

Common Names: Carmín, Garbancillo (Cuba).

Reference: 3.

*Alvaradoa haitiensis* Urb., Symb. Antill. 5: 379. 1908.

Distribution: Endemic to Hispaniola.

References: 5, 7.

*Alvaradoa jamaicensis* Benth., Pl. Hartw. 344. 1857.

Distribution: Endemic to Jamaica.

References: 2, 427.

Note: Considered vulnerable by the IUCN Red List of Threatened Species.

*Alvaradoa lewisii* R.A. Howard & Proctor, J. Arnold Arbor. 39: 102. 1958.

Distribution: Endemic to Jamaica.

Reference: 2.

*Alvaradoa psilophylla* Urb. = *Alvaradoa amorphoides* Liebm.

*Picramnia antidesma* Sw., Prodr. 27. 1788.

Distribution: Native to Cuba, Hispaniola, Jamaica, Mexico, and Central America.

Common Names: Brasilete bastardo, Brasilete falso (Cuba), Macary bitter, Majoe bitter (Jamaica).

References: 2, 3, 5, 7, 132.

*Picramnia cubensis* Turcz. = *Picramnia pentandra* Sw.

*Picramnia dictyoneura* (Urb.) Urb., Ark. Bot. 23A(5): 75. 1930;

*Trichilia dictyoneura* Urb., Symb. Antill. 7: 511. 1913.

*Casabitoa perfae* Alain, Phytologia 47: 175. 1980.

*Picramnia domingensis* Urb., Ark. Bot. 20A(15): 38. 1926.

Distribution: Endemic to Hispaniola.

References: 5, 7, 22, 156.

*Picramnia domingensis* Urb. = *Picramnia dictyoneura* (Urb.) Urb. & Ekman

*Picramnia emarginata* Urb. & Ekman, Ark. Bot. 23A(5): 76. 1930.

Distribution: Endemic to Hispaniola (Haiti).

Reference: 7.

*Picramnia macrocarpa* Urb. & Ekman, Ark. Bot. 20A(15): 39. 1926.

Distribution: Endemic to Hispaniola (Haiti).

References: 5, 7.

*Picramnia oblongifolia* Turcz. = *Picramnia pentandra* Sw.

*Picramnia pentandra* Sw., Fl. Ind. Occid. 1: 220. 1797.

*Picramnia cubensis* Turcz., Bull. Soc. Imp. Naturalistes Moscou 31(1): 445. 1858.

*Picramnia oblongifolia* Turcz., Bull. Soc. Imp. Naturalistes Moscou 31(1): 445. 1858.

Distribution: Native to Bahamas, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (St. Thomas, Tortola), Lesser Antilles (Antigua, Dominica, Guadeloupe, Martinique, Montserrat, St. Barthélemy, St. Lucia, St. Martin), Tobago, Trinidad, United States, and South America.

Common Names: Bitter bush, Snake-root (Bahamas), Aguedita, Cresta de gallo, Cuabilla, Quina de la tierra, Quina del país (Cuba), Aguedita, Café marrón, Palo de peje, Palo de pez (Dominican Republic), Bois poison, Bois poisson Bois sardine, Ojo de peje, Vaillant garçon (Haiti), Bois-madame, Bois moudonge, Bois-poison, Gohallow (Lesser Antilles), Guarema, Hueso (Puerto Rico), Bitter bush (Virgin Islands).

References: 1, 2, 3, 5, 6, 7, 45, 58, 61, 123, 131, 132, 151, 301, 340.

*Picramnia reticulata* Griseb., Cat. Pl. Cub. 50. 1866.

Distribution: Endemic to Cuba.

Common Names: Marigoncillo, Palo amargo, Quina del país (Cuba).

Reference: 3.

## PICRODENDRACEAE

**Genera.** Total: 1; native: 1; endemic: 1.

**Taxa.** Total: 1; native: 1; endemic: 1.

\**Picrodendron baccatum* (L.) Krug & Urb., Bot. Jahrb. Syst. 15: 308. 1892.

*Picrodendron juglans* Griseb., Fl. Brit. W. I. 177. 1859.

*Schmidelia macrocarpa* A. Rich. in R. de la Sagra, Hist. Phys. Cuba, Pl. Vasc. 283. 1845; *Picrodendron macrocarpum* (A. Rich.) Britton, Bull. New York Bot. Gard. 4: 139. 1906.

*Picrodendron medium* Small, J. New York Bot. Gard. 18: 1859. 1917.

Distribution: Endemic to West Indies; native to Bahamas, Cayman Islands, Cuba, Hispaniola, and Jamaica.

Common Names: Black wood (Bahamas), Ahoga becerro, Algodón becerro, Manzanilla, Manzanillo, Mata becerro, Simarouba (Dominican Republic), Jamaican walnut (Jamaica).

References: 2, 3, 4, 7, 45, 123, 132, 147, 352.

*Picrodendron juglans* Griseb. = *Picrodendron baccatum* (L.) Krug & Urb.

*Picrodendron macrocarpum* (A. Rich.) Britton = *Picrodendron baccatum* (L.) Krug & Urb.

*Picrodendron medium* Small = *Picrodendron baccatum* (L.) Krug & Urb.

## PINACEAE

**Genera.** Total: 1; native: 1; endemic: 0.

**Taxa.** Total: 7; native: 5; endemic: 5.

*Pinus bahamensis* Griseb. = *Pinus caribaea* Morelet var. *bahamensis* (Griseb.) W.H. Barrett & Golfari

*Pinus caribaea* Morelet, Rev. Hort. Cote d'Or 1: 107. 1851, var. *caribaea*

*Pinus cubensis* Sarg. ex Griseb. var. *anomala* Rowlee, Bull. Torrey Bot. Club 30: 108. 1903.

Distribution: Endemic to Cuba.

Common Names: Pino, Pino amarillo, Pino macho (Cuba).

References: 3, 39, 259, 555.

Note: Considered vulnerable by the Red List of the Vascular Flora of Cuba (39).

*Pinus caribaea* Morelet var. *bahamensis* (Griseb.) W.H. Barrett & Golfari, Caribbean Forest. 23: 63. 1962; *Pinus bahamensis* Griseb., Fl. Brit. W. I. 503. 1862;

Distribution: Endemic to Bahamas.

Common Names: Caribbean pine-tree (Bahamas).

References: 45, 555.

*Pinus caribaea* Morelet var. *hondurensis* (Sénécl.) W.H. Barrett & Golfari, Caribbean Forest. 23: 65. 1962; *Pinus hondurensis* Sénécl., Conif. 126. 1868.

Distribution: Cultivated in Hispaniola, Jamaica, Puerto Rico, and Lesser Antilles (St. Lucia); native to Mexico and Central America.

Common Names: Pino antillano, Pino hondureño, Caribbean pine tree (Puerto Rico).

References: 28, 239, 555.

Note: Although this variety is widely cultivated throughout the West Indies, we do not have data on its distribution because the published reports do not treat varietal names.

*Pinus cubensis* Sarg. ex Griseb., Pl. Wright. 2: 530. 1862.

*Pinus maestraensis* Bisse, Ciencias (Havana), ser. 10, 2: 2. 1975; *Pinus occidentalis* Sw. var. *maestraensis* (Bisse) Silba, Phytologia 68: 57. 1990; *Pinus occidentalis* Sw. subsp. *maestraensis* (Bisse) Silba, J. Int. Conifer Preserv. Soc. 16: 19. 2009.

*Pinus wrightii* Engelm., Trans. Acad. Sci. St. Louis 4: 185. 1880.

Distribution: Endemic to Cuba.

Common Names: Pino, Pino de Baracoa, Pino de Moa (Cuba).

References: 3, 39, 149, 555.

Note: Considered vulnerable by the Red List of the Vascular Flora of Cuba (39).

*Pinus cubensis* Sarg. ex Griseb. var. *anomala* Rowlee = *Pinus caribaea* Morelet var. *caribaea*

*Pinus cubensis* Sarg. ex Griseb. var. *terthrocarpa* Griseb. = *Pinus tropicalis* Morelet

*Pinus hondurensis* Sénécl. = *Pinus caribaea* Morelet var. *hondurensis* (Sénécl.) W.H. Barrett & Golfari

*Pinus maestraensis* Bisse = *Pinus cubensis* Sarg. ex Griseb.

*Pinus occidentalis* Sw., Prodr. 103. 1788.

*Pinus occidentalis* Sw. var. *baorucoensis* Silba, Phytologia 58: 368. 1985. Distribution: Endemic to Greater Antilles; native to Cuba and Hispaniola; cultivated in Puerto Rico.

Common Names: Pino, Pino de la Sierra Maestra (Cuba), Bois chandelle, Bois pin, Cuaba, Pino, Pino de Cuaba (Dominican Republic), Pichipin, Pin, Pin chandelle, Pinchipin (Haiti).  
References: 3, 6, 28, 30, 39, 61, 151, 152, 254, 311, 427, 555.  
Note: Considered vulnerable by the Red List of the Vascular Flora of Cuba (39) and near threatened by the IUCN Red List of Threatened Species.

*Pinus occidentalis* Sw. var. *baorucoensis* Silba = *Pinus occidentalis* Sw.

*Pinus occidentalis* Sw. subsp. *maestraensis* (Bisse) Silba = *Pinus cubensis* Sarg. ex Griseb.

*Pinus occidentalis* Sw. var. *maestraensis* (Bisse) Silba = *Pinus cubensis* Sarg. ex Griseb.

*Pinus taeda* L., Sp. Pl. 1000. 1753.

Distribution: Cultivated in Cuba.

Common Name: Pino tea (Cuba).

Reference: 132.

*Pinus tropicalis* Morelet, Rev. Hort. Cote d'Or 1: 106. 1851.

*Pinus cubensis* Sarg. ex Griseb. var. *terthrocarpa* Griseb., Cat. Pl. Cub. 217. 1866.

Distribution: Endemic to Cuba.

Common Names: Pino, Pino blanco, Pino de Cuba, Pino hembra (Cuba).

References: 3, 132, 151.

*Pinus wrightii* Engelm. = *Pinus cubensis* Sarg. ex Griseb.

## PIPERACEAE

Genera. Total: 4; native: 4; endemic: 1.

Taxa. Total: 169; native: 162; endemic: 116.

*Acrocarpidium exile* Miq. = *Peperomia emarginella* (Sw. ex Wikstr.) C. DC.

*Acrocarpidium nummularifolium* Miq. f. *pilosior* Miq. = *Peperomia rotundifolia* (L.) Kunth

*Artanthe adunca* (L.) Miq. = *Piper aduncum* L. var. *aduncum*

*Artanthe bredemeyeri* (J. Jacq.) Miq. = *Piper dilatatum* Rich.

*Artanthe geniculata* sensu Griseb. = *Piper arboreum* Aubl. var. *arboreum*

*Artanthe glabrescens* Miq. = *Piper glabrescens* (Miq.) C. DC.

*Artanthe jamaicensis* Griseb. = *Piper arboreum* Aubl. var. *arboreum*

*Artanthe macrophylla* Griseb. = *Piper arboreum* Aubl. var. *arboreum*

*Artanthe martinicae* Miq. = *Manekia incurva* (Sieber ex Schult.) T. Arias, Callejas, & Bornst.

*Artanthe scabra* (Kunth) Miq. = *Piper hispidum* Sw.

*Artanthe scabra* (Kunth) Miq. var. *hirsuta* Griseb. = *Piper fadyenii* C. DC.

*Artanthe staminea* Miq. = *Piper arboreum* Aubl. var. *arboreum*

*Artanthe swartziana* Miq. = *Piper swartzianum* (Miq.) C. DC.

*Artanthe verrucosa* Griseb. = *Piper arboreum* Aubl. var. *arboreum*

*Enckea amalago* (L.) Griseb. = *Piper amalago* L. var. *amalago*

*Enckea amalago* (L.) Griseb. var. *hirtella* Griseb. = *Piper amalago* L. var. *amalago*

*Enckea amalago* (L.) Griseb. var. *variifolia* Griseb. = *Piper amalago* L. var. *variifolium* (Griseb.) Fawc. & Rendle

*Enckea articulata* (A. Rich.) Griseb. = *Piper articulatum* A. Rich.

*Enckea reticulata* sensu Griseb. = *Manekia incurva* (Sieber ex Schult.) T. Arias, Callejas, & Bornst.

*Enckea sieberi* Miq. = *Piper amalago* L. var. *amalago*

*Enckea smilacifolia* Griseb. = *Piper reticulatum* L.

*Enckea smilacifolia* sensu Bello = *Piper amalago* L. var. *amalago*

*Enckea subpanduriformis* Miq. = *Piper amalago* L. var. *variifolium* (Griseb.) Fawc. & Rendle

*Enckea swartzii* Griseb. = *Peperomia discolor* (Sw.) Loud.

*Heckeria peltata* (L.) Kunth = *Piper peltatum* L.

*Heckeria umbellata* (L.) Kunth = *Piper umbellatum* L.

*Lepianthes peltata* (L.) Raf. = *Piper peltatum* L.

*Lepianthes umbellata* (L.) Raf. = *Piper umbellatum* L.

*Manekia incurva* (Sieber ex Schult.) T. Arias, Callejas, & Bornst., Novon 16: 206. 2006; *Piper incurvum* Sieber ex Schult., Mant. 1: 238. 1822; *Sarcorbachis incurva* (Sieber ex Schult.) Trel., Contr. U.S. Natl. Herb. 26: 17. 1927.

*Artanthe martinicae* Miq., Syst. Piperac. 413. 1844.

*Enckea reticulata* sensu Griseb., Syst. Veg. Karaißen 48. 1857, non (L.) Miq.

*Piper guadeloupense* C. DC., Annuaire Conserv. Jard. Bot. Genève 2: 264. 1898.

Distribution: Endemic to Lesser Antilles (Dominica, Guadeloupe, Martinique, St. Vincent).

References: 1, 30, 61, 151.

*Manekia urbanii* Trel., Repert. Spec. Nov. Regni Veg. 23: 313. 1927.

Distribution: Endemic to Hispaniola (Haiti).

References: 5, 7.

*Micropiper langsdorffii* Miq. = *Peperomia blanda* (Jacq.) Kunth

*Mildea elegans* Griseb. = *Verhuellia reniformis* (Willd. ex Link) C. DC.

*Mildea hydrocotylifolia* Griseb. = *Verhuellia hydrocotylifolia* (Griseb.) C. Wright

*Ottonia punctata* Griseb. = *Piper lindenianum* C. DC.

*Ottonia sphaerocarpa* Griseb. = *Piper sphaerocarpum* (Griseb.) C. Wright

*Ottonia vahlii* sensu Bello = *Piper jacquemontianum* Kunth

*Peperomia abdita* Proctor, J. Arnold Arbor. 63: 221. 1982.

*Peperomia barbata* C. DC. var. *puberula* Yunck., Bull. Inst. Jamaica, Sci. Ser. 11: 36. 1960.

Distribution: Endemic to Jamaica.

References: 2, 149, 165.

*Peperomia acaulis* Alain, Mem. Soc. Cub. Hist. Nat. "Felipe Poey" 24: 111. 1960.

Distribution: Endemic to Cuba.

Reference: 60.

*Peperomia acuminata* Ruiz & Pav., Fl. Peruv. 1: 32. 1798.

- Piper subpuberulum* Trel., Repert. Spec. Nov. Regni Veg. 23: 4, 7. 1926.
- Piper swartzianum* sensu Sauvalle, Fl. Cub. 144. 1871, non (Miq.) C. DC.
- Piper verrucosum* Sw., Prodr. 15. 1788.
- Piper yaranum* Trel., Repert. Spec. Nov. Regni Veg. 23: 4, 8. 1926.
- Distribution: Native to Cuba, Hispaniola, Jamaica, Trinidad, Mexico, Central America, and South America.

Common Names: Platanillo de Cuba, Platanillo de hojas violadas, Platanillo de Isla de Pinos (Cuba).

References: 2, 3, 7, 9, 30, 36, 60, 124, 132, 149, 151, 152, 156, 301.

*Piper arboreum* Aubl. var. *holguinianum* (Trel.) Saralegui, Fl. Rep. Cuba, Ser. A. Pl. Vasc. 9: 76. 2004; *Piper holguinianum* Trel., Repert. Spec. Nov. Regni Veg. 23: 4, 7. 1926.

Distribution: Endemic to Cuba.

References: 3, 29, 60, 149, 156.

*Piper arboreum* Aubl. var. *stamineum* (Miq.) Yunck. = *Piper arboreum* Aubl. var. *arboreum*

*Piper articulatum* A. Rich. in R. de la Sagra, Hist. Fis. Cuba, Bot. 11: 227. 1850; *Enckea articulata* (A. Rich.) Griseb., Cat. Pl. Cub. 65. 1866.

*Piper sagraanum* C. DC. in A.L.P.P. de Candolle, Prodr. 16(1): 292. 1869. Distribution: Endemic to Cuba.

Common Name: Pimiento de sabana (Cuba).

References: 3, 9, 60.

*Piper atropremnon* Trel., Repert. Spec. Nov. Regni Veg. 24: 361. 1928. *Piper chrysolepidum* Trel., Repert. Spec. Nov. Regni Veg. 24: 361. 1928. *Piper griseo-reticulatum* Trel., Repert. Spec. Nov. Regni Veg. 24: 362. 1928.

Distribution: Endemic to Hispaniola.

References: 7, 151, 152.

*Piper auritum* Kunth in F.W.H.A. von Humboldt, A.J.A. Bonpland & C.S. Kunth, Nov. Gen. Sp. (quarto ed.) 1: 54. 1816.

Distribution: Exotic in Cuba, Hispaniola, Jamaica, and Virgin Islands (St. Thomas); native to Central America.

Common Names: Caisimón, Caisimón de anís (Cuba).

References: 2, 3, 7, 60, 61, 150, 159, 224.

Note: Considered an invasive species by CeN BIO.

*Piper balbisanum* C. DC. = *Piper dilatatum* Rich.

*Piper banaoanum* Trel. = *Piper sphaerocarpum* (Griseb.) C. Wright

*Piper baracoanum* León, Revista Soc. Cub. Bot. 5: 76. 1948.

Distribution: Endemic to Cuba.

References: 3, 39, 60.

Note: Considered endangered by the Red List of the Vascular Flora of Cuba (39).

*Piper bayamonanum* Trel. = *Piper hispidum* Sw.

*Piper bejucalanum* Trel. = *Piper constanzanum* (C. DC.) Urb.

*Piper betle* L., Sp. Pl. 28. 1753.

Distribution: Cultivated in Cuba, Lesser Antilles (Guadeloupe, Martinique), and Trinidad.

Common Name: Betel (Cuba); probably native to Malesia.

References: 1, 30, 132, 159.

*Piper blandum* Jacq. = *Peperomia blanda* (Jacq.) Kunth

*Piper blattarum* Spreng., Neue Entdeck. Pflanzenk. 2: 100. 1821.

*Piper blattarum* Spreng. var. *magnifolium* C. DC. in I. Urban, Symb. Antill. 3: 206. 1902.

*Steffensia jacquemontiana* sensu Bello, Anales Soc. Esp. Hist. Nat. 12: 108. 1883, non Kunth.

Distribution: Endemic to Puerto Rico and Virgin Islands (St. Thomas).

Common Name: Higuillo (Puerto Rico).

References: 30, 58, 61, 340.

*Piper blattarum* Spreng. var. *magnifolium* C. DC. = *Piper blattarum* Spreng.

*Piper bracteatum* J.V. Thomps. = *Peperomia serpens* (Sw.) Loud.

 Distribution: Endemic to Cuba.  
 References: 3, 152, 245.
- Angelonia salicariifolia* Humb. & Bonpl., Pl. Aequinoct. 2: 92. 1812.  
 Distribution: Exotic in Cuba, Hispaniola, and Puerto Rico; native to South America.  
 Common Names: Yerba de iguana (Cuba), Viudita, Violeta (Dominican Republic), Angelón (Puerto Rico).  
 References: 3, 5, 7, 58, 61, 75, 160, 151, 245, 254.
- Antirrhinum antirrhiniflorum* (Humb. & Bonpl. ex Willd.) Hitchc. = *Maurandella antirrhiniflora* (Humb. & Bonpl. ex Willd.) Rothm.
- Antirrhinum canadense* L. = *Linaria canadensis* (L.) Dum. Cours. var. *canadensis*
- Antirrhinum elatine* L. = *Kickxia elatine* (L.) Dumort.
- Antirrhinum majus* L., Sp. Pl. 617. 1753.  
 Distribution: Cultivated in Cuba, Hispaniola, Jamaica, Puerto Rico, and Virgin Islands; native of Mediterranean region.  
 Common Names: Conejitos de jardín, Boca de dragón (Cuba), Snapdragon (Jamaica), Boca de león (Puerto Rico), Snapdragon (Virgin Islands).  
 References: 2, 3, 7, 58, 61, 112, 131, 132, 151, 160, 245.
- Antirrhinum orontium* L. = *Misopates orontium* (L.) Raf.
- Bacopa beccabunga* (Griseb.) B.L. Rob., Proc. Amer. Acad. Arts 44: 614. 1909; *Herpestis beccabunga* Griseb., Cat. Pl. Cub. 182. 1866.  
 Distribution: Endemic to Cuba.  
 References: 3, 124, 242, 245.
- Bacopa caroliniana* B.L. Rob., Rhodora 10: 66. 1908.  
 Distribution: Native to Cuba and southeastern United States.  
 References: 39, 74, 242, 245.  
 Note: Considered endangered by the Red List of the Vascular Flora of Cuba (39).
- Bacopa domingensis* (Spreng.) Pennell, Proc. Acad. Nat. Sci. Philadelphia 98: 92. 1946; *Herpestis domingensis* Spreng., Neue Entdeck. Pflanzenk. 3: 25. 1822.  
 Distribution: Endemic to Hispaniola.  
 References: 7, 242, 245.
- Bacopa humifusa* (Griseb.) B.L. Rob., Proc. Amer. Acad. Arts 44: 614. 1909; *Herpestis humifusa* Griseb., Cat. Pl. Cub. 183. 1866; *Silvinula humifusa* (Griseb.) Pennell, Mem. Torrey Bot. Club 16: 104. 1920; *Hydrantheium humifusum* (Griseb.) C. Wright, Anales Acad. Ci. Méd. Habana 7: 39. 1870.  
 Distribution: Endemic to Cuba.  
 References: 3, 124, 149, 152, 242, 245.
- Bacopa innominata* (M. Gómez) Alain, Revista Soc. Cub. Bot. 13: 61. 1956; *Conobea innominata* M. Gómez, Anales Soc. Esp. Hist. Nat. 23: 178. 1894.
- Herpestis rotundifolia* Gaertn., Fruct. Sem. Pl. 3: 187. 1807.  
 Distribution: Native to Cuba, Hispaniola, Jamaica, Puerto Rico, southeastern United States, and South America.  
 References: 2, 3, 7, 58, 61, 151, 242, 245.
- Bacopa longipes* (Pennell) Standl., Field Mus. Nat. Hist., Bot. Ser., 11: 141. 1932; *Naiadothrix longipes* Pennell, Mem. Torrey Bot. Club 16: 105. 1920.  
 Distribution: Endemic to Cuba.  
 References: 3, 39, 156, 242, 245.  
 Note: Considered endangered by the Red List of the Vascular Flora of Cuba (39).
- Bacopa micromonnieria* (Griseb.) Borhidi, Bot. Közlem. 62: 27. 1975; *Herpestis micromonnieria* Griseb., Cat. Pl. Cub. 183. 1866; *Bacopa monnieri* (L.) Pennell var. *micromonnieria* (Griseb.) Pennell, Proc. Acad. Nat. Sci. Philadelphia 98: 94. 1946.  
*Herpestis cowellii* Urb., Symb. Antill. 7: 374. 1912.  
 Distribution: Endemic to Cuba.  
 References: 3, 30, 124, 242, 245.
- Bacopa minuta* Borhidi & O. Muñiz, Acta Bot. Acad. Sci. Hung. 21: 229. 1976 ["1975"].  
 Distribution: Endemic to Cuba.  
 References: 39, 242, 245.  
 Note: Considered threatened by the Red List of the Vascular Flora of Cuba (39).
- Bacopa monnieri* (L.) Pennell, Proc. Acad. Nat. Sci. Philadelphia 98: 96. 1946; *Lysimachia monnieri* L., Cent. Pl. 2, 9. 1756; *Gratiola monnieri* (L.) L., Syst. Nat., ed. 10, 851. 1759; *Herpestis monnieri* (L.) Kunth in F.W.H.A. von Humboldt, A.J.A. Bonpland & C.S. Kunth, Nov. Gen. Sp. (quarto ed.) 2: 366. 1818; *Bramia monnieri* (L.) Drake, Fl. Polynésie Franç. (Drake) 142. 1893; *Monniera monniera* (L.) Britton, Mem. Torrey Bot. Club 5: 292. 1894.  
 Distribution: Native to Bahamas, Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (St. Croix, St. John, St. Thomas, Tortola, Virgin Gorda), Lesser Antilles (Barbados, Grenada, Guadeloupe, Marie Galante, Martinique, St. Lucia), southern United States, Mexico, Central America, and South America.  
 Common Names: Véronique (Lesser Antilles), Yerba de culebra (Puerto Rico).  
 References: 1, 2, 3, 5, 7, 19, 30, 41, 45, 58, 61, 75, 151, 152, 242, 245, 340.
- Bacopa monnieri* (L.) Pennell var. *micromonnieria* (Griseb.) Pennell = *Bacopa micromonnieria* (Griseb.) Borhidi
- Bacopa oxycalyx* Alain, Brittonia 20: 161. 1968.  
 Distribution: Endemic to Hispaniola.  
 References: 7, 152, 242, 245.
- Bacopa repens* (Sw.) Wettst. in H.G.A. Engler & K.A.E. Prantl, Nat. Pflanzenfam. 4(3b): 76. 1891; *Gratiola repens* Sw., Prodr. 14. 1788; *Herpestis repens* (Sw.) Cham. & Schltdl., Linnaea 5: 107. 1830; *Macuillamia repens* (Sw.) Pennell, Proc. Acad. Nat. Sci. Philadelphia 75: 9. 1923.  
*Herpestis obovata* Poepp., Linnaea 5: 107. 1830.  
*Herpestis rotundifolia* sensu Griseb., Cat. Pl. Cub. 183. 1866, non Pursh.  
 Distribution: Native to Cuba, Hispaniola, Jamaica, Puerto Rico, southern United States, Mexico, Central America, and South America.  
 References: 2, 3, 7, 30, 58, 61, 75, 150, 151, 242, 245.
- Bacopa sessiliflora* (Benth.) Edwall, Bol. Commiss. Geogr. Estado Sao Paulo 13: 175. 1897; *Herpestis sessiliflora* Benth., Companion Bot. Mag. 2: 58. 1836; *Caconapea sessiliflora* (Benth.) Pennell, Proc. Acad. Nat. Sci. Philadelphia 75: 11. 1923.  
 Distribution: Native to Cuba, Hispaniola, Jamaica, Lesser Antilles (Guadeloupe, St. Martin), Mexico, Central America, and South America.  
 References: 1, 2, 3, 7, 151, 242, 245.
- Bacopa stemodioides* (Pennell) Pennell, Proc. Acad. Nat. Sci. Philadelphia 98: 92. 1946; *Caconapea stemodioides* Pennell, Mem. Torrey Bot. Club 16: 104. 1920.  
 Distribution: Endemic to Cuba.  
 References: 3, 39, 156, 242, 245.  
 Note: Considered endangered by the Red List of the Vascular Flora of Cuba (39).

*Limosella subulata* E. Yves, Trans. Phys. Med. Soc. New York 1: 440. 1817.

Distribution: Native to Hispaniola, North America, and South America.  
References: 7, 151, 242, 245.

*Linaria canadensis* (L.) Dum. Cours., Bot. Cult. 2: 96. 1802, var. *canadensis*; *Antirrhinum canadense* L., Sp. Pl. 618. 1753.

Distribution: Native to Hispaniola, United States, and Mexico.

References: 5, 150, 151, 245.

*Linaria canadensis* (L.) Dum. Cours., var. *texana* (Scheele) Pennell, Proc. Acad. Nat. Sci. Philadelphia 73: 502. 1921; *Linaria texana* Scheele, Linnaea 21: 761. 1848.

Distribution: Native to Hispaniola, United States, Mexico, and South America.

References: 7, 151, 245.

*Linaria texana* Scheele = *Linaria canadensis* (L.) Dum. Cours. var. *texana* (Scheele) Pennell

*Linaria vulgaris* Mill., Gard. Dict., ed. 8. 1768.

Distribution: Exotic in Jamaica; native to Europe and Asia.

References: 2, 159, 245.

*Lophospermum erubescens* D. Don in R. Sweet, Brit. Fl. Gard., ser. 2, 1: t. 68. 1831 ["1830"]; *Maurandya erubescens* (D. Don) A. Gray, Proc. Amer. Acad. Arts 7: 377. 1868.

Distribution: Cultivated in Jamaica and Puerto Rico; native to Mexico.

Common Name: Mijo de sol (Puerto Rico).

References: 2, 32, 58, 61, 131, 245.

*Lysimachia monnieri* L. = *Bacopa monnieri* (L.) Pennell

*Maurandella antirrhiniflora* (Humb. & Bonpl. ex Willd.) Rothm.,

Repert. Spec. Nov. Regni Veg. 52: 27. 1943; *Maurandya*

*antirrhiniflora* Humb. & Bonpl. ex Willd., Enum. Pl. 2: 659.

1809; *Antirrhinum antirrhiniflorum* (Humb. & Bonpl. ex Willd.)

Hitchc., Rep. (Annual) Missouri Bot. Gard. 4: 113. 1893.

Distribution: Native to Cuba, United States, Mexico, and Central America; exotic in Bahamas, Hispaniola, Jamaica, Virgin Islands (St. Thomas), and Lesser Antilles (Barbados, Saba).

Common Names: Roving sailor (Bahamas).

References: 2, 7, 3, 5, 45, 61, 224, 245, 294.

Note: Considered exotic and invasive in Cuba by CeNBIO.

*Maurandya antirrhiniflora* Humb. & Bonpl. ex Willd. = *Maurandella antirrhiniflora* (Humb. & Bonpl. ex Willd.) Rothm.

*Maurandya barclaiana* Lindl., Bot. Reg. 13: t. 1108. 1827.

Distribution: Exotic in Jamaica; native to Mexico.

References: 2, 61, 150, 159, 245.

*Maurandya erubescens* (D. Don) A. Gray = *Lophospermum erubescens* D. Don

*Mecardonia dianthera* (Sw.) Pennell = *Mecardonia procumbens* (Mill.) Small

*Mecardonia procumbens* (Mill.) Small, Fl. S.E. U.S. 1065. 1903; *Erinus procumbens* Mill., Gard. Dict., ed. 8. 1768; *Herpestis procumbens* (Mill.) Urb., Symb. Antill. 4: 558. 1911.

*Herpestis chamaedryoides* Kunth, Nov. Gen. Sp. Pl. 2: 369. 1818.

*Herpestis cubensis* Poepp. in C. Sprengel, Syst. Veg., ed. 16, 2: 802. 1825.

*Mecardonia dianthera* (Sw.) Pennell, Proc. Acad. Nat. Sci. Philadelphia 98: 87. 1946.

Distribution: Native to Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (St. Croix), Lesser Antilles (Antigua, Dominica, Grenada, Martinique, Montserrat, St. Lucia, St. Vincent), southern United States, Mexico, Central America, and South America.

Common Names: Marcasá (Dominican Republic), Yerba de culebra amarilla (Puerto Rico).

References: 1, 2, 3, 5, 7, 30, 58, 61, 75, 123, 131, 150, 151, 152, 242, 243, 245.

*Mecardonia vandelloioides* (Kunth) Pennell, Proc. Acad. Nat. Sci. Philadelphia 98: 87. 1946; *Herpestis vandelloioides* Kunth in F.W.H.A. von Humboldt, A.J.A. Bonpland & C.S. Kunth, Nov. Gen. Sp. (quarto ed.) 2: 367. 1818.

Distribution: Native to Bahamas, southern United States, Mexico, Central America, and South America.

References: 45, 151, 242, 245.

*Misopates orontium* (L.) Raf., Autik. Bot. 158. 1840; *Antirrhinum orontium* L., Sp. Pl. 617. 1753.

Distribution: Exotic in Hispaniola, and Jamaica; native to Europe, Africa, and Asia.

References: 2, 5, 7, 150, 245.

*Monniera monniera* (L.) Britton = *Bacopa monnieri* (L.) Pennell

*Naiadothrix longipes* Pennell = *Bacopa longipes* (Pennell) Standl.

*Plantago lanceolata* L., Sp. Pl. 113. 1753.

Distribution: Exotic in Bahamas, Cuba, Hispaniola, Jamaica, Lesser Antilles (Guadeloupe, Martinique, Montserrat), and Puerto Rico; native to Europe, Africa, and Asia.

Common Names: English plantain, Ribwort (Bahamas), Llantén (Dominican Republic), Chaise dodine (Haiti), Ribwort plantain (Jamaica), Yerba de costilla, Llantén de pantano (Puerto Rico).

References: 1, 2, 3, 5, 7, 45, 58, 61, 123, 131, 159, 187, 224.

Note: Considered an invasive species by CeNBIO.

*Plantago major* L., Sp. Pl. 112. 1753.

Distribution: Exotic in Bahamas, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (St. Croix, St. John, Tortola), Lesser Antilles (Antigua, Barbados, Dominica, Grenada, Guadeloupe, Martinique, Montserrat, Saba, St. Lucia, St. Vincent), and Margarita; native to Europe and Asia.

Common Names: Common plantain, Greater plantain (Bahamas), Llantén, Llantén (Dominican Republic), Plantain (Haiti), English plantain (Jamaica), Millet, Plantain, Planten (Lesser Antilles), Plantago, Llantén (Puerto Rico), Greater plantain (Virgin Islands).

References: 1, 2, 3, 7, 19, 45, 61, 159, 187, 224, 323, 340.

Note: Considered an invasive species by CeNBIO.

*Plantago rhodosperma* Decne. in A.L.P.P. de Candolle, Prodr. 13(1): 722. 1852.

Distribution: Native to Bahamas and United States.

Common Names: Red-seeded plantain (Bahamas).

Reference: 45.

*Plantago rugelii* Decne. in A.L.P.P. de Candolle, Prodr. 13(1): 700. 1852.

Distribution: Exotic in Cuba; native to North America.

References: 3, 187, 224.

Note: Considered an invasive species by CeNBIO.

*Plantago virginica* L., Sp. Pl. 113. 1753.

Distribution: Exotic in Bahamas and Jamaica; native to North America.

Common Names: Dwarf plantain (Bahamas).

References: 2, 45, 159.

*Poarium veronicoides* Desv. ex Ham. = *Stemodia verticillata* (Mill.) Hassl.

*Poarium verticillatum* (Mill.) Pennell = *Stemodia verticillata* (Mill.) Hassl.

*Russelia equisetiformis* Schtdl. & Cham., Linnaea 6: 377. 1831.

*Russelia juncea* Zucc., Flora 15: 99. 1832.

Distribution: Exotic in Bahamas, Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (Guana, St. Croix, Tortola), Lesser Antilles (Barbados, St. Lucia), and Margarita; native to Mexico.

Common Names: Fountain-plant (Bahamas), Lágrimas de júpiter (Cuba), Lágrimas de cupido (Cuba), Lágrimas de amor (Cuba), Lágrimas de venus, Coral de Italia, Coral (Dominican Republic), Clochette, Ciseaux (Haiti), Lluvia de coral, Coral de Italia (Puerto Rico), Madeira plant, Fountain plant (Virgin Islands).

References: 1, 2, 3, 4, 5, 7, 45, 58, 61, 123, 131, 132, 150, 159, 223, 224, 230, 245, 254, 323.

Note: Considered an invasive species by CeNBIO.

*Russelia juncea* Zucc. = *Russelia equisetiformis* Schtdl. & Cham.

*Russelia sarmentosa* Jacq., Enum. Syst. Pl. 25. 1760.

Distribution: Native to Cuba, Mexico, Central America and Colombia.

References: 3, 151, 224, 245.

Note: Considered an invasive species by CeNBIO.

*Scoparia dulcis* L., Sp. Pl. 116. 1753.

Distribution: Native to Bahamas, Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (St. Croix, St. John, St. Thomas, Tortola, Virgin Gorda), Lesser Antilles (Antigua, Barbados, Dominica, Grenada, Grenadines, Guadeloupe, Marie Galante, Martinique, Montserrat, Saba, St. Barthélemy, St. Eustatius, St. Kitts, St. Lucia, St. Vincent), Aruba, Bonaire, Curaçao, Margarita, southern United States, Mexico, Central America, and South America.

Common Names: Sweet broom (Bahamas), Escobilla, Mastuerzo (Cuba), Buñigá, Cancharagua, Mastuerzo (Dominican Republic), Balai doux (Haiti), Sweet broom (Jamaica), Balai doux, Balier doux, Sweet broom, Thé savane (Lesser Antilles), Escoba amarga, Mastuerzo, Orozuz (Puerto Rico).

References: 1, 2, 3, 4, 5, 7, 19, 45, 58, 61, 75, 123, 131, 242, 245, 323, 340.

*Silvinula humifusa* (Griseb.) Pennell = *Bacopa humifusa* (Griseb.) B.L. Rob.

*Stemodia ageratifolia* C. Wright = *Stemodia angulata* Oerst.

*Stemodia angulata* Oerst., Vidensk. Meddel. Dansk Naturhist. Foren. Kjøbenhavn 1853(1-2): 22. 1854.

*Stemodia ageratifolia* C. Wright in F.A. Sauvalle, Anales Acad. Ci. Méd. Habana 7: 38. 1870; *Lendneria ageratifolia* (C. Wright) Pennell, Proc. Acad. Nat. Sci. Philadelphia 75: 13. 1923.

Distribution: Native to Cuba, Central America, and South America.

References: 3, 152, 242, 245.

*Stemodia bissei* Tzvelev, Bot. Zhurn. (Moscow & Leningrad) 72(12): 1662. 1987.

Distribution: Endemic to Cuba.

References: 149, 242, 245.

*Stemodia durantifolia* (L.) Sw., Observ. Bot. 240. 1791; *Capraria durantifolia* L., Syst. Nat., ed. 10, 1116. 1759.

Distribution: Native to Bahamas, Cuba, Hispaniola, Jamaica, Puerto Rico, Lesser Antilles (Antigua, Grenada, Guadeloupe), Bonaire, Curaçao, Mexico, Central America, and South America.

Common Name: Verónica (Puerto Rico).

References: 1, 2, 3, 5, 7, 45, 58, 61, 131, 150, 242, 245.

*Stemodia fruticulosa* Tzvelev, Bot. Zhurn. (Moscow & Leningrad) 72(12): 1662. 1987.

Distribution: Endemic to Cuba.

References: 242, 245.

*Stemodia maritima* L., Syst. Nat., ed. 10, 1118. 1759.

Distribution: Native to Bahamas, Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (St. Thomas), Aruba, Bonaire, Curaçao, Mexico, and South America.

Common Names: Coast stemodia (Bahamas), Orozuz (Puerto Rico).

References: 2, 3, 4, 5, 7, 45, 58, 61, 131, 242, 245.

*Stemodia parviflora* W.T. Aiton = *Stemodia verticillata* (Mill.) Hassl.

*Stemodia radicans* Griseb. = *Cheilophyllum radicans* (Griseb.) Pennell

*Stemodia verticillata* (Mill.) Hassl., Trab. Mus. Farmacol. 21: 110.

1909; *Erinus verticillatus* Mill., Gard. Dict., ed. 8. 1768; *Stemodia*

*verticillata* (Mill.) Hassl., Trab. Mus. Farmacol. 21: 110. 1900;

*Lendneria verticillata* (Mill.) Britton in N.L. Britton & P. Wilson,

Sci. Surv. Porto Rico & Virgin Islands 6: 184. 1925; *Poarium*

*verticillatum* (Mill.) Pennell, J. Arnold Arbor. 24: 246. 1943.

*Lendneria humilis* (Sol.) Minod, Bull. Soc. Bot. Genève, ser. 2, 10: 241. 1918.

*Poarium veronicoides* Desv. ex Ham., Prodr. Pl. Ind. Occid. 46. 1825.

*Stemodia parviflora* W.T. Aiton, Hortus Kew., ed. 2, 4: 52. 1812.

Distribution: Native to Hispaniola, Mexico, Central America, South America, and Old World; exotic in Lesser Antilles (Anguilla, Dominica, Grenada, Guadeloupe, Martinique, St. Vincent) and Puerto Rico.

Common Names: Mejoranita (Dominican Republic), Petit véronique (Lesser Antilles).

References: 1, 2, 3, 5, 7, 58, 61, 151, 152, 242, 245.

*Veronica agrestis* L., Sp. Pl. 13. 1753.

Distribution: Exotic in Hispaniola; native to Europe and Africa.

References: 5, 7, 159, 245.

*Veronica arvensis* L., Sp. Pl. 13. 1753.

Distribution: Exotic in Hispaniola, Jamaica, and United States; native to Europe, Africa, and Asia.

References: 2, 5, 7, 159, 245.

*Veronica peregrina* L., Sp. Pl. 14. 1753.

Distribution: Native to Bahamas, Hispaniola, Jamaica, Puerto Rico, United States, Mexico, and Central America.

Common Names: Necklance weed, Purslane speedwell (Bahamas).

References: 2, 7, 45, 58, 245.

*Veronica persica* Poir. in J.B.A.P.M. de Lamarck, Encycl. 8: 542. 1808.

Distribution: Exotic in Jamaica; native origin uncertain, probably Asia.

References: 2, 150, 159, 245.

*Veronica serpyllifolia* L., Sp. Pl. 12. 1753.

Distribution: Exotic in Jamaica; native to Europe, Africa, and Asia.

References: 2, 159, 245.

## PLUMBAGINACE

Genera. Total: 2; native: 2; endemic: 0.

Taxa. Total: 6; native: 3; endemic: 2.

*Limonium bahamense* (Griseb.) Britton, Bull. New York Bot. Gard. 4: 142. 1906, var. *bahamense*; *Statice bahamensis* Griseb., Fl. Brit. W. I. 389. 1861.

Distribution: Endemic to West Indies; native to Bahamas and Hispaniola.

Common Names: Heather, Sea-lavender (Bahamas).

References: 7, 36, 45, 151, 152.

*Limonium bahamense* Britton var. *haitense* (S.F. Blake) Alain, Mem. New York Bot. Gard. 21: 144. 1971; *Limonium haitense* S.F. Blake, J. Wash. Acad. Sci. 21: 13. 1931.

Distribution: Endemic to Hispaniola.

References: 7, 152.

*Limonium haitense* S.F. Blake = *Limonium bahamense* Britton var. *haitense* (S.F. Blake) Alain

*Plumbago auriculata* Lam., Encycl. 2: 270. 1786.

*Plumbago capensis* Thunb., Prodr. Pl. Cap. 33. 1794.

Distribution: Exotic in Cuba, Hispaniola, Puerto Rico, Virgin Islands (Guana, St. Croix, Tortola), Lesser Antilles (Antigua, Barbados, Dominica, Guadeloupe, Martinique, Montserrat, Saba, St. Lucia, St. Martin), and Margarita; native to Africa.

Common Names: Isabel segunda, Forget-me-not (Dominican Republic), Forguette (Haiti), Lead vine, Meladillo, Isabel Segunda (Puerto Rico), Blister leaf (Virgin Islands).

References: 1, 3, 5, 7, 58, 61, 123, 131, 132, 150, 159, 224, 230, 323.

Note: Considered an invasive species by CeNPIO.

*Plumbago capensis* Thunb. = *Plumbago auriculata* Lam.

*Plumbago indica* L., Herb. Amboin. 24. 1754.

*Plumbago rosea* L., Sp. Pl., ed. 2, 215. 1762.

Distribution: Exotic in Hispaniola, Puerto Rico, and Virgin Islands (St. Croix); native to Asia and Malesia.

Common Names: Zapatitos de la Virgen (Puerto Rico), Red plumbago (Virgin Islands).

References: 7, 58, 61, 159, 230.

*Plumbago rosea* L. = *Plumbago indica* L.

*Plumbago scandens* L., Sp. Pl., ed. 2, 215. 1762.

Distribution: Native to Bahamas, Jamaica, Lesser Antilles (Anguilla, Antigua, Barbados, Barbuda, Dominica, Grenada, Grenadines, Guadeloupe, Martinique, Montserrat, Redonda, Saba, St. Barthélemy, St. Eustatius, St. Kitts, St. Lucia, St. Martin, St. Vincent), Aruba, Bonaire, Curaçao, Margarita, Tobago, Trinidad, Central America, and South America; exotic in Cuba, Hispaniola, Puerto Rico, Virgin Islands (Guana, St. Croix, St. John, St. Thomas, Tortola).

Common Names: White plumbago, Doctor-bush (Bahamas), Malacara, Casi burro, Pega pollo, Hinojo cimarrón, Jazmín azul, Jazminillo de costa, Lagaña de aura, Jazminillo (Cuba), Isabel, Pega-pollo, Matapollo (Dominican Republic), Dentelaire, Herbe bourrique, Herbe au diable, Homme a deux faces, Dentelle, Mauvaise herbe (Haiti), Wild plumbago (Jamaica), Zebe man bihoret, Doctor John, Old woman's bush, Sinapisme, Collant, Mattarde-pays (Lesser Antilles), Higuillo, Meladillo silvestre (Puerto Rico), White plumbago (Virgin Islands).

References: 1, 2, 3, 5, 7, 19, 32, 45, 58, 123, 131, 132, 301, 323, 340.

*Plumbago zeylanica* L., Sp. Pl. 151. 1753.

Distribution: Cultivated in Virgin Islands (St. Croix); native to Africa, Asia, Malesia, and Pacific region.

References: 61, 159, 230.

*Statice bahamensis* Griseb. = *Limonium bahamense* (Griseb.) Britton

## POACEAE

by P.M. Peterson, R. J. Soreng, & S.F. Smith

Genera. Total: 151; native: 93; endemic: 9.

Taxa. Total: 663; native: 435; endemic: 130.

\**Achlaena piptostachya* Griseb., Cat. Pl. Cub. 229. 1866.

*Arthropogon stipitatus* Hack., Sitzungsber. Kaiserl. Akad. Wiss., Math.-Naturwiss. Cl. 89: 125. 1884.

Distribution: Endemic to Greater Antilles; native to Cuba and Jamaica. Common Name: Arrocillo (Cuba).

References: 2, 3, 151, 156, 246, 299.

*Acrachne racemosa* (B. Heyne ex Roem. & Schult.) Ohwi, Bull. Tokyo Sci. Mus. 18: 1. 1947.

*Eleusine verticillata* Roxb., Hort. Bengal. 8. 1814.

Distribution: Exotic in Hispaniola; native to Africa, Asia, and Australasia.

References: 5, 151, 159, 246, 254, 298, 477.

*Acroceras zizanioides* (Kunth) Dandy, J. Bot. 69: 54. 1931; *Panicum zizanioides* Kunth in F.W.H.A. von Humboldt, A.J.A. Bonpland & C.S. Kunth, Nov. Gen. Sp. (quarto ed.) 1: 82. 1816.

*Panicum oryzoides* Sw., Prodr. 23. 1788.

Distribution: Native to Cuba, Hispaniola, Jamaica, Tobago, Trinidad, Mexico, Central America, and South America.

References: 2, 3, 30, 151, 246, 254, 299.

*Agrostis alba* sensu authors, non L. = *Agrostis gigantea* Roth

*Agrostis canina* L., Sp. Pl. 62. 1753.

Distribution: Exotic in Jamaica, Haiti, and United States; native to Europe and Eurasia.

References: 2, 151, 159, 246, 254, 300.

*Agrostis cruciata* L. = *Chloris cruciata* (L.) Sw.

*Agrostis domingensis* (Trin. ex Spreng.) Schult. = *Sporobolus domingensis* (Trin. ex Spreng.) Kunth

*Agrostis gigantea* Roth, Tent. Fl. Germ. 1: 31. 1788.

*Agrostis alba* sensu authors, non L.

Distribution: Exotic in Jamaica and Haiti; native to Europe and Asia.

References: 151, 156, 159, 254, 300.

*Agrostis hyemalis* (Walter) Britton, Sterns & Poggenb., Prelim. Cat. 68. 1888 (basionym sometimes cited as *hiemalis* or *hyemalis*); *Cornucopiae hyemale* Walter, Fl. Carol. 73. 1788.

Distribution: Native to Hispaniola, Puerto Rico, North America, Mexico, Ecuador, Europe, and Asia.

References: 151, 152, 159, 160, 246, 254, 300.

*Agrostis indica* L. = *Sporobolus indicus* (L.) R. Br. var. *indicus*

*Agrostis maxima* Roxb. = *Thysanolaena latifolia* (Roxb. ex Hornem.) Honda

*Agrostis monostachya* Poir. = *Hymenachne amplexicaulis* (Rudge) Nees

*Agrostis perennans* (Walter) Tuck., Amer. J. Sci. Arts 45: 44. 1843; *Cornucopiae perennans* Walter, Fl. Carol. 74. 1788.

Distribution: Native to Hispaniola, United States, and Mexico.

References: 5, 30, 151, 300.

*Agrostis purpurascens* Sw. = *Sporobolus purpurascens* (Sw.) Ham.

*Agrostis pyramidata* Lam. = *Sporobolus pyramidatus* (Lam.) Hitchc.

*Agrostis radiata* L. = *Chloris radiata* (L.) Sw.

*Agrostis rigidifolia* Poir. = *Isachne rigidifolia* (Poir.) Urb.

*Agrostis scabra* Willd., Sp. Pl. 1: 370. 1797.

Distribution: Exotic in Dominican Republic; native to United States and Mexico.

References: 159, 254, 300.

*Agrostis semiverticillata* (Forssk.) C. Chr. = *Polypogon viridis* (Gouan) Breistr.

*Agrostis stolonifera* L., Sp. Pl. 62. 1753.

Distribution: Exotic in Jamaica and Mexico; native to Europe, Africa, and Asia.

References: 2, 150, 159, 300.

*Agrostis verticillata* Vill. = *Polypogon viridis* (Gouan) Breistr.

- Agrostis virginica* L. = *Sporobolus virginicus* (L.) Kunth  
*Aira brasiliensis* Raddi = *Eragrostis airoides* Nees  
*Aira indica* L. = *Sacciolepis indica* (L.) Chase  
*Aira laxa* Rich. = *Orthoclada laxa* (Rich.) P. Beauv.  
*Aira obtusata* Michx. = *Sphenopholis obtusata* (Michx.) Scribn.  
*Aira spicata* L. = *Trisetum spicatum* (L.) K. Richt.  
*Amphilophis ischaemum* (L.) Nash = *Bothriochloa ischaemum* (L.) Keng var. *ischaemum*  
*Amphilophis saccharoides* (Sw.) Nash = *Bothriochloa saccharoides* (Sw.) Rydb.  
*Anatherum domingense* Roem. & Schult. = *Andropogon leucostachyus* Kunth  
*Anatherum inerme* (Steud.) Griseb. = *Andropogon virgatus* Desv. ex Ham.  
*Anatherum macrourum* (Michx.) Griseb. = *Andropogon glomeratus* (Walter) Britton, Sterns & Poggenb.  
*Anatherum portoricense* Spreng. = *Imperata contracta* (Kunth) Hitchc.  
*Anatherum spathiflorum* (Nees) Griseb. = *Andropogon virgatus* Desv. ex Ham.  
*Anatherum zizanioides* (L.) Hitchc. & Chase = *Vetiveria zizanioides* (L.) Nash ex Small  
*Andropogon ambiguus* Michx. = *Gymnopogon ambiguus* (Michx.) Britton, Sterns & Poggenb.  
*Andropogon angustatus* (J. Presl) Steud., Syn. Pl. Glumac. 1: 370. 1854; *Diectomis angustata* J. Presl, Reliq. Haenk. 1(4-5): 333. 1830.  
Distribution: Native to Cuba, Mexico, Central America, and South America.  
References: 3, 10, 254, 299.  
*Andropogon annulatus* Forssk. = *Dichanthium annulatum* (Forssk.) Stapf  
*Andropogon aristatus* Poir. = *Dichanthium aristatum* (Poir.) C.E. Hubb.  
*Andropogon barbatus* L. = *Chloris elata* Desv.  
*Andropogon bicornis* L., Sp. Pl. 1046. 1753.  
Distribution: Native to Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (St. Croix, St. John, St. Thomas, Tortola, Virgin Gorda), Lesser Antilles (Barbados, Dominica, Grenada, Guadeloupe, Martinique, Montserrat, Saba, St. Lucia, St. Martin, St. Vincent), Tobago, Trinidad, Margarita, Mexico, Central America, and South America.  
Common Names: Barba de indio, Sapé (Cuba), Pajón, Pajón de burro, Plumadora, Rabo de mulo, Rabo de zorra, Yerba de zorra (Dominican Republic), Herbe panache, Z'herbe à fleche, Z'herbe panache (Haiti), Barbas de indio, Matajo de techar, Rabo de gato, Zacatón (Puerto Rico).  
References: 1, 2, 3, 4, 10, 19, 30, 61, 123, 131, 132, 254, 299, 311, 323.  
*Andropogon bladhii* Retz. = *Bothriochloa bladhii* (Retz.) S.T. Blake  
*Andropogon brevifolius* Sw. = *Schizachyrium brevifolium* (Sw.) Nees  
*Andropogon canaliglumis* Norrmann, Swenson & Caponio, Darwiniana 46: 333. 2008.  
Distribution: Endemic to Cuba.  
Reference: 149.  
*Andropogon caricosus* L. = *Dichanthium caricosum* (L.) A. Camus  
*Andropogon ceriferus* Hack. = *Cymbopogon citratus* (DC.) Stapf  
*Andropogon citratus* DC. = *Cymbopogon citratus* (DC.) Stapf  
*Andropogon condensatus* Kunth = *Schizachyrium condensatum* (Kunth) Nees  
*Andropogon condylotrichus* Hochst. ex Steud. = *Dichanthium condylotrichum* (Hochst. ex Steud.) Roberty  
*Andropogon contortus* L. = *Heteropogon contortus* (L.) P. Beauv. ex Roem. & Schult.  
*Andropogon cubensis* Hack. = *Schizachyrium cubense* (Hack.) Nash  
*Andropogon domingensis* Spreng. ex Steud. = *Sorghastrum stipoides* (Kunth) Nash  
*Andropogon domingensis* (Roem. & Schult.) Steud. = *Andropogon leucostachyus* Kunth  
*Andropogon domingensis* (Spreng. ex Schult.) F.T. Hubb. = *Schizachyrium sanguineum* (Retz.) Alston var. *sanguineum*  
*Andropogon ekmanii* Norrmann, Swenson & Caponio, Darwiniana 46: 329. 2008.  
Distribution: Endemic to Cuba.  
Reference: 149.  
*Andropogon elliottii* Chapm. = *Andropogon gyrans* Ashe  
*Andropogon fastigiatus* Sw., Prodr. 26. 1788; *Diectomis fastigiata* (Sw.) P. Beauv., Ess. Agrostogr. 133, 160. 1812.  
Distribution: Native to Cuba, Hispaniola, Jamaica, Puerto Rico, Lesser Antilles (Dominica, Grenada, St. Lucia), Mexico, Central America, South America, tropical Africa, Asia, and Malesia.  
References: 1, 2, 3, 5, 10, 30, 61, 254, 299.  
*Andropogon gayanus* Kunth, Enum. Pl. 1: 491. 1833.  
Distribution: Exotic in Cuba; native to Africa.  
References: 10, 299.  
*Andropogon glomeratus* (Walter) Britton, Sterns & Poggenb., Prelim. Cat. 67. 1888, var. *glomeratus*; *Cinna glomerata* Walter, Fl. Carol. 59. 1788.  
*Andropogon macrourus* Michx., Fl. Bor. Amer. 1: 56. 1803; *Anatherum macrourum* (Michx.) Griseb., Fl. Brit. W. I. 559. 1864.  
*Andropogon glomeratus* (Walter) Britton, Sterns & Poggenb. subsp. *reinoldii* (León) L. Catasús Guerra, Fontqueria 44: 144. 1996; *Andropogon reinoldii* Leon, Mem. Soc. Cub. Hist. Nat. "Felipe Poey" 4: 81. 1922.  
Distribution: Native to Bahamas, Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Lesser Antilles (Antigua, Grenada, Guadeloupe, Martinique, Montserrat, Nevis, Saba, St. Lucia, St. Martin), United States, Mexico, Central America, and N. South America.  
Common Names: Bed grass, Bushy beard grass (Bahamas), Barba di indio (Cuba), Pajón, Rabo de mulo (Dominican Republic), Panache (Haiti), Matojilla, Matojo de escoba del fogón, Yerba barbuda (Puerto Rico).  
References: 1, 2, 3, 4, 5, 10, 30, 36, 45, 61, 123, 131, 132, 152, 254, 299, 300, 320, 340.  
*Andropogon glomeratus* (Walter) Britton, Sterns & Poggenb. var. *pumilus* (Vasey) L.H. Dewey, Contr. U.S. Natl. Herb. 2: 496. 1894; *Andropogon macrourus* Michx., var. *pumilus* Vasey, Bot. Gaz. 16: 27. 1891.  
Distribution: Native to Cuba, Hispaniola, Jamaica, Lesser Antilles (Antigua, Barbuda, Grenada, Guadeloupe, Martinique, Nevis), United States, Mexico, Central America, and Venezuela.  
References: 150, 151, 254, 299.

- Andropogon nutans* L. var. *stipoides* (Kunth) Hack. = *Sorghastrum stipoides* (Kunth) Nash
- Andropogon obtusifolius* Poir. = *Schizachyrium brevifolium* (Sw.) Nees
- Andropogon parvifolius* Hitchc. = *Schizachyrium parvifolium* (Hitchc.) Borhidi & Catasús
- Andropogon pertusus* (L.) Willd. = *Bothriochloa pertusa* (L.) A. Camus
- Andropogon piptatherus* Hack. = *Dichanthium condylotrichum* (Hochst. ex Steud.) Roberty
- Andropogon plumosus* Humb. & Bonpl. ex Willd. = *Trachypogon spicatus* (L. f.) Kuntze
- Andropogon polydactylos* L. = *Chloris elata* Desv.
- Andropogon quadrivalvis* L. = *Themeda quadrivalvis* (L.) Kuntze
- Andropogon reedii* Hitchc. & Ekman = *Schizachyrium reedii* (Hitchc. & Ekman) Borhidi & Catasús
- Andropogon reinoldii* León = *Andropogon glomeratus* (Walter) Britton, Sterns & Poggenb. var. *glomeratus*
- Andropogon rufus* (Nees) Rich. ex Kunth = *Hyparrhenia rufa* (Nees) Stapf
- Andropogon saccharoides* Sw. = *Bothriochloa saccharoides* (Sw.) Rydb.
- Andropogon saccharoides* Sw. subsp. *leucopogon* Hack. subvar. *paucirameus* Hack. = *Bothriochloa saccharoides* (Sw.) Rydb.
- Andropogon secundus* Elliott = *Sorghastrum secundum* (Elliott) Nash in J.K. Small
- Andropogon selloanus* (Hack.) Hack., Bull. Herb. Boissier, ser. 2, 4: 266. 1904; *Andropogon leucostachyus* Kunth subsp. *selloanus* Hack., Monogr. Phan. 6: 420. 1889.
- Distribution: Native to Cuba, Tobago, Trinidad, and South America.
- References: 3, 10, 151, 299.
- Andropogon semiberbis* (Nees) Kunth = *Schizachyrium sanguineum* (Retz.) Alston var. *sanguineum*
- Andropogon semiberbis* (Nees) Kunth var. *incertus* Hack. = *Schizachyrium sanguineum* (Retz.) Alston var. *sanguineum*
- Andropogon setosus* Griseb. = *Sorghastrum setosum* (Griseb.) Hitchc.
- Andropogon sorghum* (L.) Brot. subvar. *niger* (Ard.) Hack. = *Sorghum bicolor* (L.) Moench
- Andropogon sorghum* (L.) Brot. subsp. *sativus* Hack. var. *bicarinatus* Hack. = *Sorghum bicolor* (L.) Moench
- Andropogon sorghum* (L.) Brot. var. *vulgaris* (Pers.) Hack. = *Sorghum bicolor* (L.) Moench

- Andropogon stipoides* Kunth = *Sorghastrum stipoides* (Kunth) Nash  
*Andropogon tener* (Nees) Kunth = *Schizachyrium tenerum* Nees  
*Andropogon urbanianus* Hitchc., Bot. Gaz. 54: 424. 1912.  
 Distribution: Endemic to Hispaniola.  
 Common Names: Herbe caye, Z'herbe caye (Haiti).  
 References: 5, 30, 156, 299.
- Andropogon virgatus* Desv. ex Ham., Prodr. Pl. Ind. Occid. 9. 1925;  
*Hypogynium virgatum* (Desv. ex Ham.) Dandy, J. Bot. 69: 54. 1931.  
*Anatherum inerme* (Steud.) Griseb., Cat. Pl. Cub. 236. 1866.  
*Anatherum spathiflorum* (Nees) Griseb., Cat. Pl. Cub. 236. 1866;  
*Hypogynium spathiflorum* Nees, Fl. Bras. Enum. Pl. 2(1): 366. 1829.  
 Distribution: Native to Cuba, Hispaniola, Puerto Rico, Trinidad, Mexico, Central America, and South America.  
 Common Names: Pajón (Dominican Republic), Rabo de ratón (Puerto Rico).  
 References: 3, 5, 10, 30, 61, 123, 131, 151, 299.
- Andropogon virginicus* L., Sp. Pl. 1046. 1753.  
 Distribution: Native to Bahamas, Cuba, Hispaniola, Jamaica, Puerto Rico, Tobago, Trinidad, United States, Mexico, Central America, and South America (Colombia).  
 Common Names: Broom sedge, Virginia beard grass (Bahamas), Matojo de escoba (Puerto Rico).  
 References: 2, 3, 5, 10, 30, 45, 151, 159, 254, 299.
- Andropogon virginicus* L. var. *graciliformis* León = *Andropogon gyrans* Ashe  
*Andropogon wrightii* Munro = *Chrysopogon pauciflorus* (Champ.) Benth. ex Vasey  
*Andropogon zizanioides* (L.) Urb. = *Vetiveria zizanioides* (L.) Nash ex Small
- Anthraenantia lanata* (Kunth) Benth., J. Linn. Soc., Bot. 19: 39. 1881;  
*Paspalum lanatum* Kunth in F.W.H.A. von Humboldt, A.J.A. Bonpland & C.S. Kunth, Nov. Gen. Sp. (quarto ed.) 1: 94. 1816;  
*Leptocoryphium lanatum* (Kunth) Nees in C.F.P. von Martius, Fl. Bras. Enum. Pl. 2: 84. 1829.  
 Distribution: Native to Cuba, Hispaniola, Puerto Rico, Trinidad, Mexico, Central America, and South America.  
 Common Name: Lanilla (Puerto Rico).  
 References: 3, 5, 61, 151, 160, 246, 299.
- Anthephora elegans* Schreb. = *Anthephora hermaphrodita* (L.) Kuntze  
*Anthephora hermaphrodita* (L.) Kuntze, Revis. Gen. Pl. 2: 759. 1891;  
*Tripsacum hermaphroditum* L., Syst. Nat., ed. 10, 1261. 1759.  
*Anthephora elegans* Schreb., Beschr. Gras. 2: 105. 1810.  
 Distribution: Native to Bahamas, Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (Anegada, Guana, St. Croix, St. John, St. Thomas, Tortola, Virgin Gorda), Lesser Antilles (Antigua, Barbados, Dominica, Grenada, Guadeloupe, Martinique, Montserrat, St. Lucia, St. Martin, St. Vincent), Tobago, Trinidad, Aruba, Bonaire, Curaçao, Margarita, Mexico, Central America, and South America.  
 References: 1, 2, 3, 4, 5, 19, 30, 45, 61, 151, 150, 254, 299, 323, 479.
- Anthoxanthum giganteum* Walter = *Saccharum giganteum* (Walter) Pers.  
*Anthoxanthum odoratum* L., Sp. Pl. 28. 1753.  
 Distribution: Exotic in Hispaniola, Jamaica, United States, Central America, and South America; native to Europe, Africa, and Asia.  
 Common Name: Sweet vernal-grass (Jamaica).  
 References: 2, 37, 151, 159, 246, 300.
- Apluda zeugites* L. = *Zeugites americanus* Willd. var. *americanus*  
*Aristida adscensionis* L., Sp. Pl. 82. 1753.  
*Aristida bromoides* Kunth in F.W.H.A. von Humboldt, A.J.A. Bonpland & C.S. Kunth, Nov. Gen. Sp. (quarto ed.) 1: 122. 1816 ["1815"].  
*Aristida debilis* Mez, Repert. Spec. Nov. Regni Veg. 17: 151. 1921.  
*Aristida maritima* Steud., Syn. Pl. Glumac. 1: 137. 1854.  
 Distribution: Native to Bahamas, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (St. Croix, St. John), Lesser Antilles (Anguilla, Antigua, Grenada, Guadeloupe, Martinique, Montserrat, Nevis), Aruba, Bonaire, Curaçao, Margarita, United States, Mexico, Central America, and South America.  
 Common Name: Six-weeks three-awn (Bahamas).  
 References: 1, 2, 3, 5, 10, 30, 45, 61, 151, 152, 246, 299, 323, 479.
- Aristida affinis* (Schult.) Kunth = *Aristida purpurascens* Poir.  
*Aristida americana* L. = *Bouteloua americana* (L.) Scribn.  
*Aristida antillarum* Poir. = *Bouteloua americana* (L.) Scribn.  
*Aristida bissei* Catasús, Novosti Sist. Vyzsh. Rast. 20: 7. 1983.  
 Distribution: Endemic to Cuba.  
 References: 3, 9, 10, 299.
- Aristida brittonorum* Hitchc., Contr. U.S. Natl. Herb. 22: 584. 1924.  
 Distribution: Endemic to Cuba.  
 References: 3, 10, 39, 299.  
 Note: Considered threatened by the Red List of the Vascular Flora of Cuba (39).
- Aristida bromoides* Kunth = *Aristida adscensionis* L.  
*Aristida calcicola* Hitchc. & Ekman, N. Amer. Fl. 17(5): 405. 1935.  
 Distribution: Endemic to Greater Antilles; native to Cuba and Puerto Rico.  
 References: 3, 9, 10, 151, 246, 254, 299, 320.
- Aristida chaseae* Hitchc., Contr. U.S. Natl. Herb. 22: 575. 1924.  
 Distribution: Endemic to Puerto Rico.  
 References: 151, 156, 246, 254, 299, 633.  
 Note: Considered endangered by the U.S. Fish & Wildlife Service.
- Aristida cognata* Trin. & Rupr., Sp. Gram. Stipac. 127. 1842.  
 Distribution: Endemic to West Indies; native to Bahamas, Virgin Islands (St. Croix, St. John, St. Thomas), Lesser Antilles (Montserrat), and Curaçao.  
 Common Name: Perennial triple-awned grass (Bahamas).  
 References: 1, 19, 45, 61, 156, 160, 246, 254, 299.  
 Note: Britton & Wilson (61) misapplied this species to *Aristida chaseae* Hitchc. Thus, it does not occur in Puerto Rico.
- Aristida correlliae* P.M. McKenzie, Urbatsch & Proctor, Syst. Bot. 15: 421. 1990.  
 Distribution: Endemic to Bahamas.  
 References: 149, 151.
- Aristida curtifolia* Hitchc., Contr. U.S. Natl. Herb. 12: 236. 1909.  
 Distribution: Endemic to Cuba.  
 References: 3, 10, 299, 320.
- Aristida debilis* Mez = *Aristida adscensionis* L.  
*Aristida domingensis* (Spreng. ex Schult.) Kunth = *Schizachyrium sanguineum* (Retz.) Alston var. *sanguineum*  
*Aristida eggersii* Hitchc. = *Aristida purpurea* Nutt. var. *purpurea*  
*Aristida erecta* Hitchc., Contr. U.S. Natl. Herb. 12: 235. 1909.  
 Distribution: Endemic to Cuba.  
 Common Names: Pajón, Saetía, Saetilla (Cuba).  
 References: 3, 156, 246, 299.
- Aristida fragilis* Hitchc. & Ekman, N. Amer. Fl. 17(5): 393. 1935.

Distribution: Endemic to Cuba.  
References: 3, 10, 246, 299.

*Aristida gyrans* Chapm., Bot. Gaz. 3: 18. 1878.

Distribution: Native to Cuba, Hispaniola, and southeastern United States.  
References: 3, 30, 150, 156, 299.

*Aristida gyrans* sensu Britton & Millsp. = *Aristida vilfifolia* Henrard

*Aristida jaucensis* Catasús, Novosti Sist. Vyzsh. Rast. 21: 22. 1984.

Distribution: Endemic to Cuba.  
References: 9, 10, 299.

*Aristida laevigata* Hitchc. & Ekman, N. Amer. Fl. 17(5): 390. 1935.

Distribution: Endemic to Cuba.  
References: 3, 10, 246, 299.

*Aristida maritima* Steud. = *Aristida adscensionis* L.

*Aristida mobrii* Nash, Bull. New York Bot. Gard. 1: 436. 1900.

Distribution: Native to Cuba, Hispaniola, and United States.  
References: 30, 151, 156, 299.

*Aristida mobrii* sensu Hitchcock = *Aristida neglecta* León

*Aristida neglecta* León, Contr. U.S. Natl. Herb. 22: 567. 1924.

*Aristida mobrii* sensu Hitchcock, Contr. U.S. Natl. Herb. 12: 236. 1909, non Nash.

*Aristida neglecta* León subsp. *decumbens* Catasús, Bot. Zhurn. (Moscow & Leningrad) 69(6): 874. 1984.

*Aristopsis bissei* Catasús, Folia Geobot. Phytotax. 16: 440. 1981.

Distribution: Endemic to Greater Antilles; native to Cuba and Hispaniola.

Common Name: Espartillo de cuabal (Cuba).

References: 3, 5, 10, 151, 246, 299.

*Aristida neglecta* León subsp. *decumbens* Catasús = *Aristida neglecta* León

*Aristida pinifolia* Catasús, Novosti Sist. Vyzsh. Rast. 20: 7. 1983.

Distribution: Endemic to Cuba.  
References: 10, 151, 299.

*Aristida portoricensis* Pilg. in I. Urban, Symb. Antill. 4: 100. 1903.

Distribution: Endemic to Puerto Rico and Virgin Islands (Tortola).  
Common Names: Matojo de las mesas, Pelos del diablo (Puerto Rico).  
References: 61, 131, 246, 299, 633.

Note: Considered endangered by the U.S. Fish & Wildlife Service.

*Aristida pradana* León ex Britton, Bull. Torrey Bot. Club 53: 458. 1926.

Distribution: Endemic to Cuba.  
References: 3, 9, 10, 246, 299, 320.

*Aristida purpurascens* Poir. in J.B.A.P.M. de Lamarck, Encycl. Suppl. 1: 452. 1811.

*Aristida affinis* (Schult.) Kunth, Révis. Gramin. 61. 1829.

Distribution: Native to Cuba, United States, Mexico, and Central America.  
References: 3, 151, 299.

*Aristida purpurea* Nutt., Trans. Amer. Philos. Soc., n.s., 5: 145. 1837, var. *purpurea*.

*Aristida egersii* Hitchc., Contr. U.S. Natl. Herb. 22: 560. 1924.

Distribution: Native to Cuba, Hispaniola, United States, and Mexico.  
References: 3, 9, 10, 151, 246, 254, 299.

*Aristida refracta* Griseb., Cat. Pl. Cub. 228. 1866.

Distribution: Endemic to Greater Antilles; native to Cuba, Jamaica, Hispaniola, and Puerto Rico.

Common Names: Saetilla, Saetia, Pelo de burro (Cuba).

References: 2, 3, 5, 10, 61, 246, 254, 299, 320.

*Aristida rosei* Hitchc., Contr. U.S. Natl. Herb. 22: 584. 1924.

Distribution: Endemic to Greater Antilles; native to Cuba and Hispaniola.  
References: 3, 5, 151, 156, 246, 299.

*Aristida sandinensis* Catasús, Novosti Sist. Vyzsh. Rast. 21: 22. 1984.

Distribution: Endemic to Cuba.

References: 9, 10, 299.

*Aristida spiciformis* Elliott, Sketch Bot. S. Carolina 1(2): 141. 1816, var. *spiciformis*

Distribution: Native to Cuba, Puerto Rico, and United States.

References: 3, 10, 61, 246, 299.

*Aristida spiciformis* Elliott var. *antillarum* Catasús, Bot. Zhurn.

(Moscow & Leningrad) 69(6): 874. 1984.

Distribution: Endemic to Greater Antilles; native to Cuba and Puerto Rico.

References: 3, 10, 299.

Note: Probably occurs in Puerto Rico as well, fide Catasús (10).

*Aristida stricta* sensu Griseb. = *Bouteloua americana* (L.) Scribn.

*Aristida subbiflora* Steud. = *Bouteloua americana* (L.) Scribn.

*Aristida suringarii* Henrard, Meded. Rijks-Herb. 54B: 616. 1928.

Distribution: Native to Puerto Rico, Virgin Islands (St. Croix), Lesser Antilles (St. Eustatius), Aruba, Bonaire, Curaçao, and Venezuela.  
References: 151, 254, 299, 479.

*Aristida swartziana* Steud., Syn. Pl. Glumac. 1: 137. 1854.

Distribution: Endemic to West Indies; native to Hispaniola, Jamaica, Lesser Antilles (Antigua), Aruba, Bonaire, and Curaçao.  
References: 1, 2, 5, 246, 299, 479.

*Aristida ternipes* Cav., Icon. 5: 46. 1799, var. *ternipes*

*Aristida ternipes* Cav. var. *minor* (Vasey) Hitchc., J. Wash. Acad. Sci. 23: 453. 1933.

*Streptachne cubensis* A. Rich. in R. de la Sagra, Hist. Fis. Cuba, Bot. 11: 311. 1850.

Distribution: Native to Bahamas, Cuba, Hispaniola, Curaçao, United States, Mexico, and South America.

Common Name: Spider grass (Bahamas).

References: 3, 5, 10, 45, 246, 299.

*Aristida ternipes* Cav. var. *minor* (Vasey) Hitchc. = *Aristida ternipes*

Cav. var. *ternipes*

*Aristida vilfifolia* Henrard, Meded. Rijks-Herb. 54B: 671. 1928.

*Aristida gyrans* sensu Britton & Millsp., Bahama Fl. 31. 1920, non Chapm.

*Aristopsis balatovae* Catasús, Folia Geobot. Phytotax. 16: 440. 1981.

Distribution: Endemic to West Indies; native to Bahamas, Cuba, and Hispaniola.

References: 3, 10, 45, 61, 246, 299.

*Aristopsis balatovae* Catasús = *Aristida vilfifolia* Henrard

*Aristopsis bissei* Catasús = *Aristida neglecta* León

*Arthraxon castratus* (Griff.) V. Naray. ex Bor, Fl. Assam 5: 376. 1940.

Distribution: Exotic in Puerto Rico; native to Asia, southeast Asia, and Australia.

References: 151, 252, 299.

*Arthraxon hispidus* (Thunb.) Makino, Bot. Mag. (Tokyo) 26: 214.

1912, var. *hispidus*

*Arthraxon quartinianus* (A. Rich.) Nash, N. Amer. Fl. 17(2): 99. 1912.

Distribution: Exotic in Jamaica and Lesser Antilles (Guadeloupe); native to Asia, Malesia, and Australia.

References: 1, 2, 151, 159, 246, 299.

*Arthraxon quartinianus* (A. Rich.) Nash = *Arthraxon hispidus* (Thunb.)

Makino

*Arthropogon stipitatus* Hack. = *Achlaena piptostachya* Griseb.

*Arthrotylidium angustifolium* Nash, Torreyia 3: 172. 1903.

Distribution: Endemic to Cuba.

References: 3, 10, 156, 246, 297.

- Arthrostylidium banaoense* Catasús = *Arthrostylidium multispicatum* Pilg.
- Arthrostylidium capillifolium* Griseb. = *Arthrostylidium farctum* (Aubl.) Soderstr. & Lourteig
- Arthrostylidium cubense* Rupr., Mém. Acad. Imp. Sci. Saint-Pétersbourg, ser. 6, Sci. Math., Seconde Pt. Sci. Nat. 3(1): 118. 1839; *Arundinaria cubensis* (Rupr.) Hack., Oesterr. Bot. Z. 53: 59. 1903.  
Distribution: Endemic to Cuba.  
Common Name: Tibisí (Cuba).  
References: 3, 10, 30, 151, 297.
- Arthrostylidium distichum* Pilg. in I. Urban, Symb. Antill. 2: 342. 1901.  
Distribution: Endemic to Greater Antilles; native to Cuba and Hispaniola.  
References: 3, 10, 30, 151, 246, 254, 297, 320.
- Arthrostylidium ekmanii* Hitchc., Man. Grasses W. Ind. 16. 1936.  
Distribution: Endemic to Greater Antilles; native to Cuba and Hispaniola.  
References: 3, 30, 254, 297.
- Arthrostylidium excelsum* Griseb. = *Arthrostylidium venezuelae* (Steud.) McClure
- Arthrostylidium farctum* (Aubl.) Soderstr. & Lourteig, Phytologia 64: 163. 1987; *Arundo farcta* Aubl., Hist. Pl. Guiane 1: 52. 1775.  
*Arthrostylidium capillifolium* Griseb., Pl. Wright. 2: 531. 1862; *Arundinaria capillifolia* (Griseb.) Hack., Oesterr. Bot. Z. 53: 69. 1903.  
Distribution: Endemic to West Indies; native to Bahamas, Cuba, Hispaniola, Puerto Rico, and Virgin Islands (St. John, St. Thomas).  
Common Names: Tibisí (Dominican Republic), Divisi (Haiti).  
References: 3, 10, 19, 30, 32, 45, 61, 151, 246, 297.
- Arthrostylidium fimbriatum* Griseb., Pl. Wright. 2: 531. 1862.  
Distribution: Endemic to Cuba.  
Common Name: Tibisí (Cuba).  
References: 3, 10, 246, 297.
- Arthrostylidium haitiense* (Pilg.) Hitchc. & Chase, Contr. U.S. Natl. Herb. 18: 399. 1917; *Arundinaria haitiensis* Pilg. in I. Urban, Symb. Antill. 5: 288. 1907.  
Distribution: Endemic to Hispaniola.  
Common Name: Liane à scie (Haiti).  
References: 5, 30, 297.
- Arthrostylidium multispicatum* Pilg. in I. Urban, Symb. Antill. 2: 341. 1901.  
*Arthrostylidium banaoense* Catasús, Acta Bot. Cub. 37: 6. 1987.  
Distribution: Endemic to West Indies; native to Cuba, Hispaniola, Puerto Rico, Tobago, and Trinidad.  
Common Names: Parilla, Tibisí (Cuba), Liane à scie (Haiti), Millo trepador (Puerto Rico).  
References: 3, 5, 10, 30, 32, 35, 61, 123, 131, 132, 159, 246, 297.
- Arthrostylidium obtusatum* Pilg. in I. Urban, Symb. Antill. 2: 340. 1901.  
Distribution: Endemic to Lesser Antilles (Martinique).  
References: 1, 30, 156, 297.
- Arthrostylidium pinifolium* Catasús, Acta Bot. Cub. 4: 1. 1980.  
Distribution: Endemic to Cuba.  
References: 10, 39, 297, 484.  
Note: Considered threatened by the Red List of the Vascular Flora of Cuba (39).
- Arthrostylidium reflexum* Hitchc. & Ekman, Man. Grasses W. Ind. 19. 1936.  
Distribution: Endemic to Cuba.  
References: 3, 10, 246, 297.
- Arthrostylidium sarmentosum* Pilg. in I. Urban, Symb. Antill. 3: 108. 1902.  
Distribution: Native to Cuba, Hispaniola, Puerto Rico, Tobago, Trinidad, and South America.  
Common Names: Tibisí (Cuba), Tibisí (Dominican Republic), Violon, Divisi (Haiti), Bambú trepador (Puerto Rico).  
References: 3, 5, 10, 32, 35, 61, 123, 131, 132, 160, 246, 254, 297.
- Arthrostylidium urbanii* Pilg. in I. Urban, Symb. Antill. 2: 339. 1901.  
Distribution: Endemic to Cuba.  
Common Names: Tibisí, Tibisí macizo, Pitillo (Cuba).  
References: 3, 10, 30, 132, 246, 297.
- Arthrostylidium venezuelae* (Steud.) McClure, J. Wash. Acad. Sci. 32: 172. 1942; *Chusquea venezuelae* Steud., Syn. Pl. Glumac. 1: 337. 1854.  
*Arthrostylidium excelsum* Griseb., Fl. Brit. W. I. 529. 1864.  
Distribution: Native to Lesser Antilles (Dominica, Grenada, Guadeloupe, Martinique, St. Kitts, St. Lucia), and South America.  
References: 1, 30, 151, 297.
- Arundinaria auricoma* Mitford = *Pleioblastus viridistriatus* (Regel) Makino
- Arundinaria capillifolia* (Griseb.) Hack. = *Arthrostylidium farctum* (Aubl.) Soderstr. & Lourteig
- Arundinaria cubensis* (Rupr.) Hack. = *Arthrostylidium cubense* Rupr.

- Axonopus aureus* P. Beauv., Ess. Agrostogr. 12. 1812.
- Axonopus chrysites* (Steud.) Kuhlm., Comm. Lin. Telegr., Bot. 67(11): 88. 1922.
- Distribution: Native to Puerto Rico, Trinidad, Mexico, and South America.
- Common Names: Horquetilla dorada, Yerba dorada (Puerto Rico).
- References: 61, 131, 156, 246, 254, 299.
- Axonopus capillaris* (Lam.) Chase, Proc. Biol. Soc. Wash. 24: 133. 1911; *Paspalum capillare* Lam., Tabl. Encycl. 1: 176. 1791.
- Distribution: Native to Lesser Antilles (Guadeloupe), Trinidad, Central America, and South America.
- References: 1, 151, 246, 254, 299.
- Axonopus chrysites* (Steud.) Kuhlm. = *Axonopus aureus* P. Beauv.
- Axonopus compressus* (Sw.) P. Beauv., Ess. Agrostogr. 12. 1812; *Milium compressum* Sw., Prodr. 24. 1788; *Paspalum compressum* (Sw.) Raspail, Ann. Sci. Nat. (Paris) 5: 301. 1825.
- Paspalum filostachyum* A. Rich. ex Steud., Syn. Pl. Glumac. 1: 20. 1853.
- Paspalum guadaloupeense* Steud., Syn. Pl. Glumac. 1: 18. 1853.
- Paspalum platycaule* Willd. ex Steud., Nomencl. Bot., ed. 2, 2: 272. 1841.
- Paspalum platycaulon* Poir. in J.B.A.P.M. de Lamarck, Encycl. 5: 34. 1804.
- Paspalum raunkiaeri* Mez, Repert. Spec. Nov. Regni Veg. 15: 60. 1917.
- Distribution: Native to Bahamas, Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (St. Croix, St. John, St. Thomas), Lesser Antilles (Antigua, Barbados, Dominica, Grenada, Guadeloupe, Martinique, St. Lucia, St. Vincent), Tobago, Trinidad, United States, Mexico, Central America, South America, and Old World.
- Common Names: Carpet grass, Flat joint-grass (Bahamas), Cañamazo dulce, Cañamazo dulce, Cañamazo macho, Cãñamo, Canutillo (Cuba), Carpet grass (Jamaica), Grama colorada, Yerba alfombra (Puerto Rico).
- References: 1, 2, 3, 5, 19, 30, 41, 45, 61, 131, 132, 151, 246, 299, 300.
- Axonopus debilis* G.A. Black, Advancing Frontiers Pl. Sci. 5: 86. 1963.
- Distribution: Endemic to Cuba.
- References: 254, 299.
- Axonopus fissifolius* (Raddi) Kuhlm., Commiss. Linhas Telegr. Estrateg. Mato Grosso Amazonas 11: 87. 1922.
- Axonopus affinis* Chase, J. Wash. Acad. Sci. 28: 180. 1938.
- Distribution: Exotic in Cuba, Hispaniola, and Lesser Antilles (Grenada); native to Trinidad, southern United States, Mexico, Central America, and South America.
- References: 1, 150, 151, 254, 299.
- Axonopus furcatus* (Flüggé) Hitchc., Rhodora 8: 205. 1906; *Paspalum furcatum* Flüggé, Gram. Monogr. Paspalum Reimaria 114. 1810.
- Distribution: Native to Cuba and southern United States.
- References: 3, 151, 246, 299.
- Axonopus poiophyllus* Chase, Proc. Biol. Soc. Wash. 24: 133. 1911.
- Distribution: Exotic in Cuba; native to Mexico, Central America, and South America.
- References: 151, 299.
- Axonopus repens* (P.J. Bergius) Torrend = *Paspalum repens* P.J. Bergius
- Bambusa arundinacea* (Retz.) Willd. = *Bambusa bambos* (L.) Voss
- Bambusa bambos* (L.) Voss, Vilm. Blumengärt., ed. 3, 1: 1189. 1895.
- Bambusa arundinacea* (Retz.) Willd., Sp. Pl. 2: 245. 1799.
- Distribution: Exotic in Cuba and Lesser Antilles (Martinique); native to Asia and southeast Asia.
- References: 1, 151, 159, 254, 297.
- Bambusa blumeana* Schult. & Schult. f. in J.J. Roemer & J.A. Schultes, Syst. Veg. 7: 1343. 1830.
- Bambusa stenostachya* Hack., Bull. Herb. Boissier 7: 725. 1899.
- Distribution: Exotic in Puerto Rico and United States; native to Malesia.
- References: 159, 254.
- Bambusa dissimulator* McClure, Lingnan Sci. J. 19(3): 413. 1940.
- Distribution: Exotic in Puerto Rico, United States, and South America; native to Asia.
- References: 159, 254, 297.
- Bambusa glaucescens* (Willd.) Siebold ex Munro = *Bambusa multiplex* (Lour.) Raeusch. ex Schult. & Schult. f.
- Bambusa longispiculata* Gamble ex Brandis, Indian Trees 668. 1906.
- Distribution: Exotic in Puerto Rico, United States, Central America, and South America; native to tropical Asia.
- References: 159, 254, 297.
- Bambusa malingensis* McClure, Lingnan Univ. Sci. Bull. 9: 11. 1940.
- Distribution: Exotic in Cuba; native to China.
- References: 159, 254.
- Bambusa multiplex* (Lour.) Raeusch. ex Schult. & Schult. f. in J.J. Roemer & J.A. Schultes, Syst. Veg. 7: 1350. 1830.

- Bambusa tuldooides* Munro, Trans. Linn. Soc. London 26: 93. 1868.  
*Bambusa ventricosa* McClure, Lingnan Sci. J. 17(1): 5. 1938.  
Distribution: Exotic in Cuba, Puerto Rico, Trinidad, United States, Central America, and South America; native to Asia.  
References: 159, 254, 297, 526.
- Bambusa ventricosa* McClure = *Bambusa tuldooides* Munro
- Bambusa viridistriata* Regel = *Pleioblastus viridistriatus* (Regel) Makino
- Bambusa vulgaris* Schrad. ex H.L. Wendl., Coll. Pl. 2: 26. 1808.  
*Bambusa sieberi* Griseb., Fl. Brit. W. I. 528. 1864.  
Distribution: Exotic in Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (St. Croix, St. John), Lesser Antilles (Barbados, Grenada, Guadeloupe, Martinique, St. Lucia), Tobago, Trinidad, United States, Mexico, Central America, and South America; widely cultivated in the tropics, origin probably Asia.  
Common Names: Bambú, Caña brava, Cañambú, Pito, Yerba brava (Cuba), Bambo, Bambú (Dominican Republic), Bambou, Bois bambou (Haiti), Common bamboo (Jamaica), Bamboo, Bambú, Bambúa, Mambúa (Puerto Rico).  
References: 1, 2, 3, 4, 5, 9, 19, 30, 61, 123, 131, 132, 150, 159, 246, 254, 297, 340.
- Bothriochloa bladhii* (Retz.) S.T. Blake, Proc. Roy. Soc. Queensland 80(6): 62. 1969; *Andropogon bladhii* Retz., Observ. Bot. 2: 27. 1781.
- Andropogon intermedius* R. Br., Prodr. 202. 1810; *Bothriochloa intermedia* (R. Br.) A. Camus, Ann. Soc. Linn. Lyon, ser. 2, 76: 164. 1931.
- Andropogon intermedius* R. Br. var. *acidulus* Stapf, Agric. News (Barbados) 15: 179. 1916.  
Distribution: Exotic in Cuba, Hispaniola, Virgin Islands (St. Croix), and Lesser Antilles (Barbados, Grenadines, St. Lucia); native to Africa, Asia, Malesia, and Australia.  
References: 1, 10, 150, 159, 246, 247, 254, 294, 299.
- Bothriochloa exaristata* (Nash) Henrard, Blumea 4:520. 1941.  
Distribution: Exotic in Cuba and United States; native to South America.  
References: 159, 254.
- Bothriochloa intermedia* (R. Br.) A. Camus = *Bothriochloa bladhii* (Retz.) S.T. Blake
- Bothriochloa ischaemum* (L.) Keng, Contr. Biol. Lab. Chin. Assoc. Advancem. Sci., Sect. Bot. 10: 201. 1936, var. *ischaemum*; *Andropogon ischaemum* L., Sp. Pl. 1047. 1753; *Amphilophis ischaemum* (L.) Nash, N. Amer. Fl. 17(2): 124. 1912.
- Andropogon ischaemum* L. var. *americanus* Hack., Monogr. Phan. 6: 476. 1889.  
Distribution: Exotic in Hispaniola, Jamaica, Virgin Islands (St. Croix), Lesser Antilles (Anguilla, Antigua), Aruba, Bonaire, and Curaçao; native to Europe, Africa, and Asia.  
References: 1, 2, 5, 6, 61, 151, 159, 160, 230, 252, 299, 479.  
Note: Cited by Liogier & Martorell (6) for Puerto Rico. However, records of this taxon are based on misidentifications fide Axelrod (160).
- Bothriochloa ischaemum* (L.) Keng var. *songarica* (Rupr. ex Fisch. & C.A. Mey.) Celarier & J.R. Harlan, J. Linn. Soc., Bot. 55: 758. 1958.  
Distribution: Exotic in Cuba, Hispaniola, United States, Mexico, Central America, and South America; native to Asia.  
References: 150, 151, 159, 299.
- Bothriochloa pertusa* (L.) A. Camus, Ann. Soc. Linn. Lyon, ser. 2, 76: 164. 1931; *Holcus pertusus* L., Mant. Pl. 2: 301. 1771; *Andropogon pertusus* (L.) Willd., Sp. Pl. 4: 922. 1806.  
Distribution: Exotic in Bahamas, Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (Guana, St. Croix, St. John, St. Thomas), Lesser Antilles (Anguilla, Antigua, Barbados, Dominica, Grenada, Nevis, St. Lucia), Tobago, Trinidad, Aruba, Bonaire, Curaçao, Mexico, Central America, and South America; native to Asia and Malesia.  
Common Names: Pitted bluestem (Bahamas), Invasora, Acaba finca (Dominican Republic), Yerba agria de Barbados, Yerba huracán, Yerba amarga, Huracán (Puerto Rico).  
References: 1, 2, 3, 4, 10, 19, 30, 45, 123, 131, 150, 159, 246, 252, 254, 299, 300, 383.

*Brachiaria venezuelae* (Hack.) Henrard = *Panicum venezuelae* Hack.
- Briza maxima* L., Sp. Pl. 70. 1753.  
 Distribution: Exotic in Jamaica; native to Europe, Africa, and Asia.  
 References: 2, 159, 246, 300.
- Briza minor* L., Sp. Pl. 70. 1753.  
 Distribution: Exotic in Jamaica, United States, Central America, and South America; native to Europe, Africa, and Asia.  
 References: 2, 159, 246, 254, 300.
- Bromus catharticus* Vahl, Symb. Bot. 2: 22. 1791.  
*Bromus unioloides* (Willd.) Kunth in F.W.H.A. von Humboldt, A.J.A. Bonpland & C.S. Kunth, Nov. Gen. Sp. (quarto ed.) 1: 151. 1816.  
 Distribution: Exotic in Hispaniola, Jamaica, Trinidad, United States, Mexico, and Central America; native to South America.  
 References: 2, 5, 151, 159, 246, 254, 300.
- Bromus diandrus* Roth, Bot. Abh. Beobacht. 44. 1787.  
*Bromus rigidus* sensu Hitchc. Bot. Mag. (Römer & Usteri) 4(10): 21. 1790, non Roth.  
 Distribution: Exotic in Hispaniola, Jamaica, Mexico, Central America, and South America; native to Europe, Africa, and Asia.  
 References: 2, 151, 159, 246, 300.
- Bromus rigidus* sensu Hitchc. = *Bromus diandrus* Roth  
*Bromus spicatus* Nees = *Tripogon spicatus* (Nees) Ekman  
*Bromus sterilis* L., Sp. Pl. 77. 1753.  
 Distribution: Exotic in Hispaniola, Jamaica, United States, and South America; native to Europe, Africa, and Asia.  
 References: 5, 151, 159, 246, 254, 300.
- Bromus unioloides* (Willd.) Kunth = *Bromus catharticus* Vahl  
*Bromus virgatus* J. Presl = *Gouinia virgata* (J. Presl) Scribn.

- Calamagrostis leonardii* Chase, J. Wash. Acad. Sci. 17: 72. 1927.  
Distribution: Endemic to Hispaniola.  
References: 5, 246, 300.
- Capriola dactylon* (L.) Kuntze = *Cynodon dactylon* (L.) Pers. var. *dactylon*  
*Caryochloa bahiensis* Steud. = *Luziola bahiensis* (Steud.) Hitchc.

L., Sp. Pl. 56. 1753; *Setaria glauca* (L.) P. Beauv., Ess. Agrostogr.  
51, 178. 1812.  
Distribution: Exotic in Cuba, Hispaniola, Virgin Islands (St. Croix),  
Lesser Antilles (Antigua, Nevis, Saba, St. Eustatius, St. Kitts),  
United States, Mexico, Central America, and South America;  
native to Africa and tropical Asia.  
Common Names: Piti mil chandelle, Pri-mil chandelle, Pri-mille  
chandelle, Ti-mil chandelle, Ti-mille chandelle (Haiti).  
References: 1, 5, 30, 61, 123, 151, 159, 254, 299, 340, 528.
- Cenchrus brownii* Roem. & Schult., Syst. Veg. 2: 258. 1817.  
*Cenchrus viridis* Spreng., Syst. Veg., ed. 16, 1: 301. 1824 ["1825"].  
Distribution: Native to Bahamas, Cayman Islands, Cuba, Hispaniola,  
Jamaica, Puerto Rico, Virgin Islands (St. Croix, St. John, St.  
Thomas, Virgin Gorda), Lesser Antilles (Antigua, Barbados,  
Guadeloupe, Martinique, St. Lucia), Trinidad, Margarita, Mexico,  
Central America, and South America.  
Common Names: Green burgrass (Bahamas), Cadillo (Dominican  
Republic), Piquant cousin, Piquant vert, Z'herbe vert (Haiti),  
Abrojito (Puerto Rico).  
References: 1, 2, 3, 4, 5, 19, 30, 45, 61, 123, 131, 150, 240, 254, 299,  
323.
- Cenchrus carolinianus* Walter = *Cenchrus longispinus* (Hack.) Fernald
- Cenchrus ciliaris* L., Mant. Pl. 2: 302. 1771; *Pennisetum ciliare* (L.)  
Link, Hort. Berol. 1: 213. 1827.  
Distribution: Exotic in Bahamas, Cuba, Puerto Rico, Virgin Islands (St.  
Croix, Virgin Gorda), Aruba, Bonaire, and Curaçao; native to  
Europe, Africa, and Asia.  
Common Names: Buffelgrass (Bahamas), Yerba de salinas (Puerto  
Rico).  
References: 45, 61, 131, 150, 159, 252, 254, 299, 383, 484.
- Cenchrus clandestinus* (Hochst. ex Chiov.) Morrone, Ann. Bot. 106:  
127. 2010; *Pennisetum clandestinum* Hochst. ex Chiov., Annuario  
Reale Ist. Bot. Roma 8: 41. 1903.  
Distribution: Exotic in Cuba, Hispaniola, Puerto Rico, Virgin Islands  
(St. John).  
Common Names: Kikuyo grass, Kikuyu grass, Yerba Kikuyo  
(Dominican Republic), Yerba Kikuyo (Puerto Rico).  
References: 3, 5, 19, 61, 123, 131, 299, 528.
- Cenchrus distichophyllus* Griseb., Cat. Pl. Cub. 234. 1866.  
Distribution: Endemic to Cuba.  
Common Name: Guizacillo bravo (Cuba).  
References: 3, 299.
- Cenchrus domingensis* (Spreng. ex Schult.) Morrone, Ann. Bot. 106:  
127. 2010; *Pennisetum domingense* (Spreng. ex Schult.) Spreng.,  
Syst. Veg., ed. 16, 1: 302. 1824 ["1825"]; *Gymnotrix domingensis*  
Spreng. ex Schult., Mant. 2: 284. 1824.  
Distribution: Endemic to Greater Antilles; native to Cuba and  
Hispaniola.  
References: 3, 5, 30, 37, 151, 299, 528.
- Cenchrus ecbinatus* L., Sp. Pl. 1050. 1753.  
Distribution: Native to Bahamas, Cayman Islands, Cuba, Hispaniola,  
Jamaica, Puerto Rico, Virgin Islands (Guana, St. Croix, St. John,  
St. Thomas, Tortola, Virgin Gorda), Lesser Antilles (Anguilla,  
Antigua, Barbados, Dominica, Grenada, Grenadines, Guadeloupe,  
Martinique, Nevis, Saba, St. Lucia), Tobago, Trinidad, Aruba,  
Bonaire, Curaçao, Margarita, United States, Mexico, Central  
America, and South America.  
Common Names: Southern burgrass (Bahamas), Baracuesa, Guizazo,  
Guizazo de bosques (Cuba), Cadillo (Dominican Republic),  
Piquant cousin, Piquant vert (Haiti), Abrojo, Cadillo (Puerto  
Rico).  
References: 1, 2, 3, 4, 5, 19, 30, 45, 61, 123, 131, 132, 254, 299, 323,  
340, 479.
- Cenchrus ekmanianus* Hitchc. = *Cenchrus myosuroides* Kunth
- Cenchrus gracillimus* Nash, Bull. Torrey Bot. Club 22: 300. 1895.  
Distribution: Native to Bahamas, Cayman Islands, Cuba, Hispaniola,  
Jamaica, and United States (FL).  
References: 2, 3, 4, 10, 45, 150, 240, 254, 299.
- Cenchrus granularis* L. = *Mnesithea granularis* (L.) de Koning & Sosef
- Cenchrus incertus* M.A. Curtis, Boston J. Nat. Hist. 1: 135. 1837.  
*Cenchrus microcephalus* Nash ex Hitchc. & Chase, Contr. U.S. Natl.  
Herb. 18: 356. 1917.  
*Cenchrus pauciflorus* Benth., Bot. Voy. Sulphur 56. 1844.  
Distribution: Native to Bahamas, Cayman Islands, Cuba, Hispaniola,  
Jamaica, Puerto Rico, Virgin Islands (Anegada, Guana, Tortola),  
Lesser Antilles (Anguilla, Antigua, Barbados, Barbuda, Dominica,  
Guadeloupe, Martinique, Nevis, St. Lucia), Margarita, United  
States, Mexico, Central America, and South America.  
References: 1, 2, 3, 4, 5, 45, 61, 156, 240, 299, 323.
- Cenchrus longisetus* M.C. Johnst., Sida 1: 182. 1963. *Pennisetum*  
*villosum* R. Br. ex Fresen., Mus. Senckenberg. 2: 134. 1837.  
Distribution: Exotic in Cuba and Jamaica; native to Africa.  
References: 2, 151, 152, 159, 299, 484.
- Cenchrus longispinus* (Hack.) Fernald, Rhodora 45: 388. 1943.  
*Cenchrus carolinianus* Walter, Fl. Carol. 79. 1788.  
Distribution: Exotic in Hispaniola, Puerto Rico, and Virgin Islands (St.  
Thomas); native to United States.  
References: 30, 61, 159, 299.
- Cenchrus microcephalus* Nash ex Hitchc. & Chase = *Cenchrus incertus*  
M.A. Curtis
- Cenchrus myosuroides* Kunth in F.W.H.A. von Humboldt, A.J.A.  
Bonpland & C.S. Kunth, Nov. Gen. Sp. (quarto ed.) 1: 115. 1816;  
*Cenchropsis myosuroides* (Kunth) Nash in J.K. Small, Fl. S.E. U.S.  
109. 1903.  
*Cenchrus ekmanianus* Hitchc., Man. Grasses W. Ind. 361. 1936.  
Distribution: Native to Bahamas, Cuba, Hispaniola, Puerto Rico,  
United States, Mexico, and South America.  
Common Names: Spiked foxtail grass (Bahamas), Abrojo de espiga  
(Puerto Rico), Spiked-bur-grass (Virgin Islands).  
References: 3, 5, 30, 45, 61, 131, 151, 299, 631.
- Cenchrus occidentalis* (Chase) Morrone, Ann. Bot. 106: 128. 2010;  
*Pennisetum occidentale* Chase, Contr. U.S. Natl. Herb. 24: 483.  
1927.  
Distribution: Exotic in Puerto Rico; native to South America.  
References: 151, 254, 299, 528.
- Cenchrus orientalis* (Rich.) Morrone subsp. *triflorum* (Nees ex Steud.)  
Acev.-Rodr. & M.T. Strong, *comb. & stat. nov.*; *Pennisetum*  
*orientale* Rich. var. *triflorum* (Nees ex Steud.) Stapf, Fl. Brit. Ind.  
7(21): 86. 1896.  
Distribution: Exotic in Cuba, Jamaica, Tobago, and Trinidad; cultivated  
in Virgin Islands (St. Thomas); native to Africa and Asia.  
Common Name: Himalaya grass (Jamaica).  
References: 2, 3, 61, 151, 246, 254, 299.

- Cenchrus parviflorus* Poir. = *Setaria parviflora* (Poir.) Kerguélen
- Cenchrus pauciflorus* Benth. = *Cenchrus incertus* M.A. Curtis
- Cenchrus polystachios*** (L.) Morrone, Ann. Bot. 106: 129. 2010;  
*Pennisetum polystachion* (L.) Schult., Mant. 2: 146. 1824.
- Pennisetum setosum* (Sw.) Rich., Syn. Pl. 1: 72. 1805.
- Distribution: Exotic in Cuba, Hispaniola, Jamaica, Puerto Rico, Lesser Antilles (Barbados, Dominica, Grenada, Guadeloupe, Martinique, St. Eustatius, St. Kitts, St. Lucia, St. Martin, St. Vincent), Tobago, Trinidad, Mexico, Central America, and South America; native to Africa.
- References: 1, 2, 3, 150, 159, 246, 254, 299, 528.

Distribution: Endemic to West Indies; native to Bahamas, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (St. Croix), and Lesser Antilles (Antigua, Barbados, Barbuda, Guadeloupe, Nevis).  
Common Names: Pajilla de puerco, Pata de gallina (Cuba).  
References: 1, 2, 3, 5, 10, 30, 34, 45, 61, 246, 254, 298.
- Chloris sagrana* A. Rich. subsp. *cubensis* (Hitchc. & Ekman) Catasús, Acta Bot. Cub. 25: 6. 1985; *Chloris cubensis* Hitchc. & Ekman, Man. Grasses W. Ind. 131. 1936.
- Chaetaria adscensionis* (L.) P. Beauv., Ess. Agrostogr. 30, 151, 158. 1812.  
Distribution: Endemic to West Indies; native to Cuba, Hispaniola, Jamaica, and Lesser Antilles (Antigua, Barbados, Guadeloupe); introduced from Jamaica to Puerto Rico.  
References: 1, 2, 3, 5, 10, 254, 298, 320.
- Chloris suringari* Hitchc. in I. Urban, Symb. Antill. 7: 167. 1912.  
Distribution: Exotic in Cuba; native to Bonaire and Curaçao.  
References: 3, 10, 298, 479.
- Chloris swartziana* Döll. = *Eustachys petraea* (Sw.) Desv.
- Chloris texana* Nash = *Chloris ciliata* Sw.
- Chloris virgata* Sw., Fl. Ind. Occid. 1: 203. 1797.  
*Chloris elegans* Kunth in F.W.H.A. von Humboldt, A.J.A. Bonpland & C.S. Kunth, Nov. Gen. Sp. (quarto ed.) 1: 166. 1816.  
Distribution: Occurs in Cuba, Hispaniola, Lesser Antilles (Antigua, Barbados, Barbuda, Guadeloupe, Martinique), Aruba, Bonaire, Curaçao, Mexico, Central America, South America, Africa, and Asia; widespread weed in both hemispheres, origin uncertain.  
References: 1, 3, 5, 10, 30, 112, 150, 298, 479.
- Chrysopogon pauciflorus* (Champ.) Benth. ex Vasey, Grasses U.S. 20. 1883; *Sorghum pauciflorum* Chapm., Bot. Gaz. 3: 20. 1878;  
*Rhaphis pauciflora* (Champ.) Nash ex Small, Fl. S.E. U.S. 67. 1903.  
*Andropogon wrightii* Munro in F.A. Sauvalle, Anales Acad. Ci. Méd. Habana 8: 288. 1871.  
Distribution: Native to Cuba and United States (FL, TX, VA).  
References: 3, 10, 150, 299.
- Chrysopogon zizanioides* (L.) Robertry = *Vetiveria zizanioides* (L.) Nash ex Small
- Chusquea abietifolia* Griseb., Fl. Brit. W. I. 529. 1864.  
*Arundinaria microclada* Pilg. in I. Urban, Symb. Antill. 5: 289. 1907.  
Distribution: Endemic to Greater Antilles; native to Cuba, Hispaniola, Jamaica, and Puerto Rico,  
Common Names: Tibisi (Cuba), Climbing bamboo (Jamaica).  
References: 2, 3, 5, 10, 32, 61, 246, 254, 297.
- Chusquea coronalis* Soderstr. & C.E. Calderón, Brittonia 30(2): 158. 1978.  
Distribution: Native to Cuba, United States (CA), Mexico, and Central America; cultivated in Puerto Rico.  
References: 151, 152, 254.
- Chusquea venezuelae* Steud. = *Arthrotylidium venezuelae* (Steud.) McClure
- Cinna glomerata* Walter = *Andropogon glomeratus* (Walter) Britton, Sterns & Poggenb. var. *glomeratus*

- Coelorachis impressa* (Griseb.) Nash = *Mnesithea impressa* (Griseb.) de Koning & Sosef
- Coelorachis rugosa* (Nutt.) Nash = *Mnesithea rugosa* (Nutt.) de Koning & Sosef
- Coelorachis tuberculosa* (Nash) Nash = *Mnesithea tuberculosa* (Nash) de Koning & Sosef
- Coix dactyloides* L. = *Tripsacum dactyloides* (L.) L.
- Coix lacryma-jobi* L., Sp. Pl. 972. 1753.  
Distribution: Exotic in Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (St. Croix, Tortola), Lesser Antilles (Antigua, Barbados, Dominica, Grenada, Guadeloupe, Martinique, Montserrat, St. Kitts, St. Lucia, St. Martin), Trinidad, Mexico, Central America, South America, Africa, and Pacific region; native to Asia and Malasia.  
Common Names: Camándula, Cuentas de doña Juana: Lagrimas de job, Lágrimas de moisés, Millo chino, Santa Juana (Cuba), Cuenta de la virgen, Santa Lucía, Santa María (Dominican Republic), Graines chapelet, Graines maldioc, Graines réglisse, Larmes de job, Larmilles des Indes (Haiti), Adlay, Job's tears (Jamaica), Camándulas (Puerto Rico), Job's tears (Virgin Islands).  
References: 1, 2, 3, 5, 10, 30, 61, 123, 132, 159, 252, 254, 299, 340.
- Coleataenia caricoides* (Nees ex Trin.) Soreng, J. Bot. Res. Inst. Texas 4: 691. 2010; *Panicum caricoides* Nees ex Trin., Gram. Panic. 149. 1826; *Sorengia caricoides* (Nees ex Trin.) Zuloaga & Morrone, Taxon 59: 1542. 2010, *nom. illeg.*  
Distribution: Native to Cuba, Trinidad, Mexico, and South America.  
References: 3, 246, 254, 299, 527.
- Coleataenia petersonii* (Hitchc. & Ekman) Soreng, J. Bot. Res. Inst. Texas 4: 692. 2010; *Panicum petersonii* Hitchc. & Ekman, Man. Grasses W. Ind. 263. 1936; *Sorengia petersonii* (Hitchc. & Ekman) Zuloaga & Morrone, Taxon 59: 1544. 2010, *nom. illeg.*  
Distribution: Endemic to Cuba.  
Common Name: Yerbón (Cuba).  
References: 3, 156, 246, 299, 527.
- Coleataenia stenodes* (Griseb.) Soreng, J. Bot. Res. Inst. Texas 4: 692. 2010; *Panicum stenodes* Griseb., Fl. Brit. W. I. 547. 1864; *Sorengia stenodes* (Griseb.) Zuloaga & Morrone, Taxon 59: 1544. 2010, *nom. illeg.*  
Distribution: Native to Cuba, Hispaniola, Jamaica, Puerto Rico, Trinidad, Mexico, Central America, and South America.  
References: 2, 3, 30, 61, 246, 254, 299, 527.
- Coleataenia tenera* (Beyr. ex Trin.) Soreng, J. Bot. Res. Inst. Texas 4: 692. 2010; *Panicum tenerum* Beyr. ex Trin., Mém. Acad. Imp. Sci. Saint-Petersbourg, ser. 6, Sci. Math., Seconde Pt. Sci. Nat. 3, 1(2-3): 341. 1834; *Sorengia tenera* (Beyr. ex Trin.) Zuloaga & Morrone, Taxon 59: 1544. 2010, *nom. illeg.*  
Distribution: Native to Bahamas, Cuba, Hispaniola, Puerto Rico, United States, Mexico, and Central America.  
Common Name: Yerba pay (Dominican Republic).  
References: 3, 45, 61, 151, 246, 254, 299, 527.
- Cornucopiae hyemalis* Walter = *Agrostis hyemalis* (Walter) Britton, Sterns & Poggenb.
- Cornucopiae perennans* Walter = *Agrostis perennans* (Walter) Tuck.
- Cymbopogon caesius* (Nees ex Hook. & Arn.) Stapf subsp. *giganteus* (Chiov.) Sales, Flora Zambes. 10(4): 77. 2002.  
Distribution: Exotic in Cuba; native to Africa.  
References: 159, 254.
- Cymbopogon citratus* (DC.) Stapf, Bull. Misc. Inform. Kew 1906: 357. 1906; *Andropogon citratus* DC., Cat. Pl. Horti Monsp. 78. 1813.
- Andropogon cerifer* Hack., Fl. Bras. 2(4): 281. 1883; *Andropogon nardus* L. subsp. *cerifer* (Hack.) Hack., Monogr. Phan. 6: 605. 1889.  
Distribution: Exotic in Bahamas, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (St. Croix, St. Thomas), Lesser Antilles (Barbados, St. Lucia, St. Vincent), and Curaçao; cultivated in tropics of both hemispheres, origin uncertain.  
Common Names: Caña de limón, Cañita santa, Cañuela, Corta calentura, Hierba de limón, Hierba santa, Hierba de calentura, Yerba de calentura, Yerba de limón, Yerba isleña, Yerba limón, Yerba santa (Cuba), Citronela, Limoncillo (Dominican Republic), Citronelle (Haiti), Limoncillo, Zorra de limón (Puerto Rico), Lemon grass (Virgin Islands).  
References: 1, 2, 3, 10, 19, 30, 61, 123, 131, 132, 150, 151, 159, 254, 299, 479.
- Cymbopogon flexuosus* (Nees ex Steud.) W. Watson, Himalayan Districts N.W. Prov. India 1: 392. 1882.  
Distribution: Exotic in Bahamas; native to tropical Asia.  
Common Name: Lemon-grass (Bahamas).  
References: 45, 151, 159, 299.
- Cymbopogon nardus* (L.) Rendle, Cat. Afr. Pl. 2: 155. 1899; *Andropogon nardus* L., Sp. Pl. 1046. 1753.  
Distribution: Exotic in Bahamas, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands, Lesser Antilles (Guadeloupe), and Trinidad; native to tropical Africa and tropical Asia.  
Common Names: Citronela (Cuba), Citronela, Limoncillo (Dominican Republic), Citronelle (Haiti), Citronella, Yerba de limón, Yerba limón (Puerto Rico), Citronella grass (Virgin Islands).  
References: 2, 5, 61, 123, 131, 132, 159, 254, 299, 383.
- Cynodon affinis* Caro & E.A. Sánchez, Kurtziana 5: 223. 1969.  
Distribution: Exotic in Lesser Antilles (Martinique), and South America; native to Europe.  
References: 149, 151, 254.
- Cynodon aristiglimis* Caro & E.A. Sánchez = *Cynodon dactylon* (L.) Pers. var. *dactylon*
- Cynodon aristulatus* Caro & E.A. Sánchez = *Cynodon dactylon* (L.) Pers. var. *dactylon*
- Cynodon dactylon* (L.) Pers., Syn. Pl. 1: 85. 1805, var. *dactylon*; *Panicum dactylon* L., Sp. Pl. 58. 1753; *Capriola dactylon* (L.) Kuntze, Revis. Gen. Pl. 2: 764. 1891.  
*Cynodon aristiglimis* Caro & E.A. Sánchez, Kurtziana 5: 236. 1969.  
*Cynodon aristulatus* Caro & E.A. Sánchez, Darwiniana 17: 514. 1972.  
*Cynodon erectus* J. Presl, Reliq. Haenk. 1(4-5): 290. 1830.  
*Cynodon maritimus* Kunth in F.W.H.A. von Humboldt, A.J.A. Bonpland & C.S. Kunth, Nov. Gen. Sp. (quarto ed.) 1: 170. 1816.  
*Cynodon pascuus* Nees, Fl. Bras. Enum. Pl. 2(1): 425. 1829.  
*Cynodon portoricensis* Willd. ex Steud., Nomencl. Bot., ed. 2, 1: 463. 1840.
- Cynodon umbellatus* (Lam.) Caro, Dominguezia 6: 16. 1983.  
Distribution: Exotic in Bahamas, Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (Anegada, Guana, St. Croix, St. John, St. Thomas, Tortola), Lesser Antilles (Antigua, Barbados, Dominica, Grenada, Guadeloupe, Martinique, Montserrat, St. Eustatius, St. Kitts, St. Lucia, St. Martin, St. Vincent), Aruba, Bonaire, Curaçao, Margarita, United States, Mexico, Central America, and South America; native to Europe.  
Common Names: Bahama grass, Bermuda grass (Bahamas), Cepillito, Coastal bermuda, Grama, Greña, Hierba de la bermuda, Marítima, Pitagarsón, Pata de gallina, Yerba bermuda, Yerba de España, Yerba de la Bermuda, Yerba del prado, Yerba fina (Cuba), Grama, Grama de Bermunda, Grama fina, Pata de gallina, Yerba de Bermuda, Yerba de patio (Dominican Republic), Chiendent

- (Haiti), Bahama grass, Bermuda grass (Jamaica), Hala que te quedas, Pelo de brujas, Pepe Ortiz, Yerba bermuda (Puerto Rico), Bermuda grass (Virgin Islands).

- Cynodon dactylon* (L.) Pers. var. *longiglumis* Caro & E.A. Sánchez, Kurtziana 5: 210. 1969.  
Distribution: Exotic in Hispaniola, Lesser Antilles (Antigua, Barbuda, Grenada, Guadeloupe), Tobago, Trinidad, and United States; native to South America.  
References: 149, 151, 254.
- Cynodon domingensis* (Jacq.) Raspail = *Leptochloa virgata* (L.) P. Beauv.
- Cynodon erectus* J. Presl = *Cynodon dactylon* (L.) Pers. var. *dactylon*
- Cynodon maritimus* Kunth = *Cynodon dactylon* (L.) Pers. var. *dactylon*
- Cynodon mucronatus* Caro & E.A. Sánchez, Kurtziana 5: 239. 1969.  
Distribution: Exotic in Cuba and Puerto Rico; native to South America.  
References: 151, 254, 298.
- Cynodon nlemfuensis* Vanderhyst, Bull. Agric. Congo Belge 13: 342. 1922, var. *nlemfuensis*.  
Distribution: Exotic in Cayman Islands, Cuba, Hispaniola, Puerto Rico, United States (FL), Mexico, Central America, and South America; native to Africa.  
Common Names: Estrella africana (Dominican Republic), Yerba de estrella (Dominican Republic).  
References: 10, 41, 123, 150, 151, 159, 254, 298.
- Cynodon pascuus* Nees = *Cynodon dactylon* (L.) Pers. var. *dactylon*
- Cynodon plectostachyus* (K. Schum.) Pilg., Bot. Jahrb. Syst. 40: 82. 1907; *Leptochloa plectostachya* K. Schum., Pflanzenw. Ost-Afrikas C: 112. 1895.  
Distribution: Exotic in Cuba and Hispaniola; native to Africa.  
References: 10, 159, 254, 298.
- Cynodon portoricensis* Willd. ex Steud. = *Cynodon dactylon* (L.) Pers. var. *dactylon*
- Cynodon transvaalensis* Burt Davy, Bull. Misc. Inform. Kew 1921: 281. 1921.  
Distribution: Exotic in Puerto Rico; native to South Africa.  
References: 151, 159, 254, 298.
- Cynodon umbellatus* (Lam.) Caro = *Cynodon dactylon* (L.) Pers. var. *dactylon*
- Cynosurus aegyptius* L. = *Dactyloctenium aegyptium* (L.) Willd.
- Cynosurus domingensis* Jacq. = *Leptochloa virgata* (L.) P. Beauv.
- Cynosurus indicus* L. = *Eleusine indica* (L.) Gaertn.
- Cynosurus scoparius* Lam. = *Chloris radiata* (L.) Sw.
- Cynosurus virgatus* L. = *Leptochloa virgata* (L.) P. Beauv.
- Cyphoanthus discrepans* (Döll.) Zuloaga & Morrone, Taxon 56: 528. 2007; *Panicum discrepans* Döll. in C.F.P. von Martius, Fl. Bras. 2(2): 252. 1877.  
Distribution: Native to Cuba, Belize, and South America.  
References: 3, 39, 151, 156, 299, 520.  
Note: Considered threatened by the Red List of the Vascular Flora of Cuba (39).
- Cyrtococcum trigonum* (Retz.) A. Camus, Bull. Mus. Hist. Nat. (Paris) 27: 118. 1921; *Panicum trigonum* Retz., Observ. Bot. 3: 9. 1783.  
Distribution: Exotic in Jamaica, Lesser Antilles (Dominica), Tobago, and Trinidad; native to tropical Asia and Malesia.  
References: 1, 2, 159, 254, 299.
- Dactylis glomerata* L., Sp. Pl. 71. 1753.  
Distribution: Exotic in Hispaniola, Jamaica, Puerto Rico, and United States; native to Europe, Africa, and Asia.  
References: 2, 159, 246, 254, 300.
- Dactylis patens* Aiton = *Spartina patens* (Aiton) Muhl.
- Dactyloctenium aegyptium* (L.) Willd., Enum. Pl. 2: 1029. 1809; *Cynosurus aegyptius* L., Sp. Pl. 72. 1753.  
Distribution: Exotic in Bahamas, Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (Anegada, Guana, St. Croix, St. John, St. Thomas, Tortola, Virgin Gorda), Lesser Antilles (Anguilla, Antigua, Barbados, Dominica, Grenada, Grenadines, Guadeloupe, Martinique, Montserrat, Nevis, Saba, St. Barthélemy, St. Eustatius, St. Kitts, St. Lucia, St. Martin, St. Vincent), Trinidad, Aruba, Bonaire, Curaçao, Margarita, United States, Mexico, Central America, and South America; native to Africa, Asia, and Malesia.  
Common Names: Crowfoot grass, Egyptian grass (Bahamas), Cepillito, Pata de gallina, Zanca de mulo (Cuba), Yerba egipcia (Puerto Rico).  
References: 1, 2, 3, 4, 5, 10, 19, 30, 45, 61, 159, 298, 300, 323, 479.
- Danthonia domingensis* Hack. & Pilg. in I. Urban, Symb. Antill. 6: 1. 1909, subsp. *domingensis*  
Distribution: Endemic to Greater Antilles; native to Hispaniola and Jamaica.  
Common Names: Pajón amargo (Dominican Republic), Pajón (Dominican Republic).  
References: 2, 5, 30, 123, 151, 246, 299.
- Danthonia domingensis* Hack. & Pilg. subsp. *obtorta* (Chase) Conert, Senckenberg. Biol. 56(4-6): 301. 1975; *Danthonia obtorta* Chase, Man. Grasses W. Ind. 70. 1936.  
Distribution: Endemic to Hispaniola.  
References: 246, 299.
- Danthonia domingensis* Hack. & Pilg. subsp. *shrevei* (Britton) Conert, Senckenberg. Biol. 56(4-6): 300. 1975; *Danthonia shrevei* Britton, Torreya 9: 210. 1909.  
Distribution: Endemic to West Indies; native to Hispaniola and Jamaica.  
References: 5, 151, 156, 254, 299.
- Danthonia malacantha* (Steud.) Pilg., Notizbl. Bot. Gart. Berlin-Dahlem 10: 759. 1929.  
Distribution: Exotic in Hispaniola; native to South America.  
References: 151, 299.
- Danthonia obtorta* Chase = *Danthonia domingensis* Hack. & Pilg. subsp. *obtorta* (Chase) Conert

- Dendrocalamopsis oldhamii* (Munro) Keng f. = *Bambusa oldhamii* Munro
- Dendrocalamus asper* (Schult. & Schult. f.) Backer ex K. Heyne, Nutt. Pl. Ned.-Ind., ed. 2, 1: 301. 1927.  
Distribution: Exotic in Puerto Rico; native to tropical Asia.  
References: 151, 159, 254, 297.
- Dendrocalamus giganteus* Wall. ex Munro, Trans. Linn. Soc. London 26: 150. 1868.  
Distribution: Exotic in Puerto Rico and Trinidad; native to tropical Asia.  
References: 151, 159, 297.
- Dendrocalamus latiflorus* Munro, Trans. Linn. Soc. London 26: 152. 1868.  
Distribution: Exotic in Cuba; native to tropical Asia.  
References: 151, 159, 297.

- Dendrocalamus membranaceus* Munro, Trans. Linn. Soc. London 26: 149. 1868.  
Distribution: Exotic in Puerto Rico; native to tropical Asia.  
References: 151, 159, 297.
- Dendrocalamus sikkimensis* Gamble ex Oliv., Hooker's Icon. Pl. 18: t. 1770. 1888.  
Distribution: Exotic in Cuba and Puerto Rico; native to tropical Asia.  
References: 151, 159, 254, 297.
- Dendrocalamus strictus* (Roxb.) Nees, Linnaea 9: 476. 1835.  
Distribution: Exotic in Bahamas, Cuba, Puerto Rico, Lesser Antilles (Barbados), Trinidad, United States, Central America; native to tropical Asia.  
References: 151, 159, 254, 297, 383.
- Deschampsia domingensis* Hitchc. & Ekman, Man. Grasses W. Ind. 67. 1936.  
Distribution: Endemic to Hispaniola (Dominican Republic).  
Reference: 246.
- Dichantheium aciculare* (Desv. ex Poir.) Gould & C.A. Clark, Ann. Missouri Bot. Gard. 65: 1116. 1979 ["1978"], var. *aciculare*; *Panicum aciculare* Desv. ex Poir. in J.B.A.P.M. de Lamarck, Encycl. Suppl. 4: 274. 1816.

- Dichantheium commutatum* (Schult.) Gould, Brittonia 26: 59. 1974; *Panicum commutatum* Schult., Mantissa 2: 242. 1824.  
*Panicum jooarii* Vasey, Dept. Agric. Bot. Div. Bull. 8: 31. 1889.  
Distribution: Native to Bahamas, Cuba, Hispaniola, United States, Mexico, and Central America.  
Common Name: Variable panic-grass (Bahamas).  
References: 3, 45, 151, 246, 254, 299.
- Dichantheium dichotomum* (L.) Gould, Brittonia 26: 59. 1974, var. *dichotomum*; *Panicum dichotomum* L., Sp. Pl. 58. 1753.  
*Panicum caeruleum* Hack. ex Hitchc., Contr. U.S. Natl. Herb. 12: 219. 1909.  
Distribution: Native to Bahamas, Cuba, Puerto Rico, United States, Mexico, Central America, and South America.  
Common Name: Shining panic-grass (Bahamas).  
References: 3, 45, 151, 156, 299.
- Dichantheium dichotomum* (L.) Gould var. *nitidum* (Lam.) LeBlond, Sida 19: 829. 2001; *Panicum nitidum* Lam., Tabl. Encycl. 1: 172. 1791.  
Distribution: Native to Bahamas, Cuba, Hispaniola, Jamaica, United States, and Mexico.  
References: 2, 3, 45, 151, 254, 299.
- Dichantheium dichotomum* (L.) Gould var. *roanokense* (Ashe) LeBlond, Sida 19: 831. 2001; *Panicum roanokense* Ashe, J. Elisha Mitchell Sci. Soc. 15: 44. 1898.  
Distribution: Native to Jamaica and United States.  
References: 2, 151, 299.
- Dichantheium dichotomum* (L.) Gould var. *unciphyllum* (Trin.) Davidse, Novon 2: 104. 1992; *Panicum unciphyllum* Trin., Gram. Panic. 242. 1826.  
*Panicum albomarginatum* Nash, Bull. Torrey Bot. Club 24: 40. 1897.  
*Panicum trifolium* Nash, Bull. Torrey Bot. Club 26: 580. 1899.  
Distribution: Native to Cuba, United States, Mexico, and Central America.  
References: 3, 151, 299.
- Dichantheium ensifolium* (Baldwin ex Elliott) Gould, Brittonia 26: 59. 1974; *Panicum ensifolium* Baldwin ex Elliott, Sketch Bot. S. Carolina 1(2): 126. 1816.  
*Panicum chamaelonche* Trin., Gram. Panic. 242. 1826.  
Distribution: Native to Cuba, United States, Mexico, Central America, and Venezuela.  
References: 3, 151, 246, 254, 299.
- Dichantheium fusiforme* (Hitchc.) Harvill = *Dichantheium aciculare* (Desv. ex Poir.) Gould & C.A. Clark var. *ramosum* (Griseb.) Davidse
- Dichantheium laxiflorum* (Lam.) Gould, Brittonia 26: 60. 1974; *Panicum laxiflorum* Lam., Encycl. 4: 748. 1798.  
*Panicum xalapense* Kunth in F.W.H.A. von Humboldt, A.J.A. Bonpland & C.S. Kunth, Nov. Gen. Sp. (quarto ed.) 1: 103. 1816.

- Distribution: Native to Cuba, Hispaniola, United States, Mexico, and Central America.  
Common Names: Pachulí de sabana, Pachulí sabanero (Dominican Republic).  
References: 3, 30, 151, 246, 254, 299.
- Dichanthelium leucoblepharis* (Trin.) Gould & C.A. Clark = *Dichanthelium strigosum* (Muhl. ex Elliott) Freckmann var. *leucoblepharis* (Trin.) Freckmann
- Dichanthelium leucothrix* (Nash) Freckmann = *Dichanthelium acuminatum* (Sw.) Gould & C.A. Clark var. *longiligulatum* (Nash) Gould & C.A. Clark
- Dichanthelium ovale* (Elliott) Gould & C.A. Clark, Ann. Missouri Bot. Gard. 65: 1114. 1979 ["1978"]; *Panicum ovale* Elliott, Sketch Bot. S. Carolina 1(2): 123. 1816.
- Panicum consanguineum* Kunth, Révis. Gramin. 36. 1829.  
Distribution: Native to Hispaniola, Puerto Rico, United States, Mexico, and Central America.  
References: 30, 151, 299.
- Dichanthelium ovale* (Elliott) Gould & C.A. Clark var. *addisonii* (Nash) Gould & C.A. Clark = *Dichanthelium acuminatum* (Sw.) Gould & C.A. Clark var. *acuminatum*
- Dichanthelium portoricense* (Desv. ex Ham.) B.F. Hansen & Wunderlin, Ann. Missouri Bot. Gard. 75: 1649. 1989 ["1988"]; *Panicum portoricense* Desv. ex Ham., Prodr. Pl. Ind. Occid. 11. 1825.
- Dichanthelium portoricense* (Desv. ex Ham.) B.F. Hansen & Wunderlin subsp. *patulum* (Scribn. & Merr.) Freckmann & Lelong, Sida 20: 170. 2002.
- Dichanthelium sabulorum* (Lam.) Gould & Clark var. *thinium* (Hitc. & Chase) Gould & C.A. Clark, Ann. Missouri Bot. Gard. 65: 1113. 1979 ["1978"].
- Panicum lancearium* Trin., Gram. Panic. 223. 1826.  
*Panicum nashianum* Scribn., Bull. Div. Agrostol., U.S.D.A. 7: 79. 1897.  
*Panicum pauciciliatum* Ashe, J. Elisha Mitchell Sci. Soc. 16: 87. 1900.  
*Panicum wilmingtongense* Ashe, J. Elisha Mitchell Sci. Soc. 16: 86. 1900.  
Distribution: Native to Cuba, Hispaniola, Puerto Rico, United States, Mexico, and Central America.  
References: 3, 30, 61, 151, 160, 246, 299.
- Dichanthelium portoricense* (Desv. ex Ham.) B.F. Hansen & Wunderlin subsp. *patulum* (Scribn. & Merr.) Freckmann & Lelong = *Dichanthelium portoricense* (Desv. ex Ham.) B.F. Hansen & Wunderlin
- Dichanthelium sabulorum* (Lam.) Gould & C.H. Clark var. *thinium* (Hitc. & Chase) Gould & C.A. Clark = *Dichanthelium portoricense* (Desv. ex Ham.) B.F. Hansen & Wunderlin
- Dichanthelium scoparium* (Lam.) Gould, Brittonia 26: 60. 1974; *Panicum scoparium* Lam., Encycl. 4: 744. 1798.  
Distribution: Native to Cuba, Hispaniola, Puerto Rico, United States, and Mexico.  
References: 3, 151, 254, 299.
- Dichanthelium sphaerocarpon* (Elliott) Gould, Brittonia 26: 60. 1974, var. *sphaerocarpon*; *Panicum sphaerocarpon* Elliott, Sketch Bot. S. Carolina 1(2): 125. 1816.
- Panicum auburne* Ashe, North Carolina Agric. Res. Serv., Bull. 175: 115. 1900.  
Distribution: Native to Cuba, United States, Mexico, Central America, and South America.  
References: 3, 151, 156, 246, 299.
- Dichanthelium sphaerocarpon* (Elliott) Gould var. *floridanum* (Vasey) Davidse, Novon 2: 104. 1992; *Panicum sphaerocarpon* Elliott var. *floridanum* Vasey, Dept. Agric. Bot. Div. Bull. 8: 33. 1889.
- Panicum erectifolium* Nash, Bull. Torrey Bot. Club 23: 148. 1896.  
Distribution: Native to Cuba, United States, and Central America.  
References: 3, 151, 246, 299.
- Dichanthelium strigosum* (Muhl. ex Elliott) Freckmann, Brittonia 33: 457. 1981, var. *strigosum*; *Panicum strigosum* Muhl. ex Elliott, Sketch Bot. S. Carolina 1(2): 126. 1816.  
Distribution: Native to Cuba, Hispaniola, Jamaica, Puerto Rico, United States, and Mexico.  
References: 2, 3, 151, 246, 254, 299.
- Dichanthelium strigosum* (Muhl. ex Elliott) Freckmann var. *glabrescens* (Griseb.) Freckmann, Brittonia 33: 457. 1981; *Panicum dichotomum* L. var. *glabrescens* Griseb., Fl. Brit. W. I. 553. 1864.  
*Panicum polycaulon* Nash, Bull. Torrey Bot. Club 24: 200. 1897.  
Distribution: Native to Hispaniola, Jamaica, Puerto Rico, United States, and Mexico.  
References: 2, 3, 61, 151, 156, 246, 299.
- Dichanthelium strigosum* (Muhl. ex Elliott) Freckmann subsp. *leucoblepharis* (Trin.) Freckmann & Lelong = *Dichanthelium strigosum* (Muhl. ex Elliott) Freckmann var. *leucoblepharis* (Trin.) Freckmann
- Dichanthelium strigosum* (Muhl. ex Elliott) Freckmann var. *leucoblepharis* (Trin.) Freckmann, Brittonia 33: 457. 1981; *Panicum leucoblepharis* Trin., Clav. Agrostogr. Antiq. 234. 1822; *Dichanthelium leucoblepharis* (Trin.) Gould & C.A. Clark, Ann. Missouri Bot. Gard. 65: 1099. 1979 ["1978"]; *Dichanthelium strigosum* (Muhl. ex Elliott) Freckmann subsp. *leucoblepharis* (Trin.) Freckmann & Lelong, Sida 20: 171. 2002.
- Panicum ciliatifolium* Kunth, Révis. Gramin. 36. 1829.  
*Panicum ciliatum* Elliott, Sketch Bot. S. Carolina 1(2): 126. 1816.  
Distribution: Native to Puerto Rico, United States, and Mexico.  
References: 30, 151, 254, 299.
- Dichanthelium viscidellum* (Scribn.) Gould, Brittonia 32: 357. 1980; *Panicum viscidellum* Scribn., Circ. Div. Agrostol. U.S.D.A. 19: 2. 1900.  
Distribution: Native to Cuba, United States, Mexico, Central America, and South America.  
References: 3, 151, 246, 299.
- Dichanthium annulatum* (Forssk.) Stapf, Fl. Trop. Afr. 9(1): 178. 1917; *Andropogon annulatus* Forssk., Fl. Aegypt.-Arab. 173. 1775.  
Distribution: Exotic in Cuba, Hispaniola, Puerto Rico, Virgin Islands (St. Croix, Virgin Gorda), Lesser Antilles (St. Lucia), Trinidad, United States, Mexico, Central America, and South America; native to Africa, Asia, and Malasia.  
Common Names: Pajón, Yerba de las traviesas (Puerto Rico).  
References: 1, 3, 5, 10, 61, 131, 132, 223, 246, 254, 299.
- Dichanthium aristatum* (Poir.) C.E. Hubb., Bull. Misc. Inform. Kew 1939: 654. 1939; *Andropogon aristatus* Poir. in J.B.A.P.M. de Lamarck, Encycl. Suppl. 1: 585. 1811.  
*Andropogon nodosus* (Willem.) Nash, N. Amer. Fl. 17(2): 122. 1912; *Dichanthium nodosum* P. Willemet, Ann. Bot. (Usteri) 18: 11. 1796.  
Distribution: Exotic in Cuba, Hispaniola, Puerto Rico, and Lesser Antilles (Barbados); native to Asia.  
Common Name: Pangolilla (Dominican Republic).  
References: 1, 3, 10, 246, 249, 254, 299.
- Dichanthium caricosum* (L.) A. Camus, Bull. Mus. Hist. Nat. (Paris) 27: 549. 1921; *Andropogon caricosus* L., Sp. Pl., ed. 2, 1840. 1763.  
Distribution: Exotic in Cuba and Lesser Antilles (Barbados); native to Asia and Malasia.  
References: 1, 3, 10, 246, 254, 249, 299.
- Dichanthium condylotrichum* (Hochst. ex Steud.) Robery, Bull. Inst. Franc. Afrique Noire, ser. A, 22: 108. 1960; *Andropogon*

- condylotrichus* Hochst. ex Steud., Syn. Pl. Glumac. 1: 377. 1854;  
*Euclasta condylotricha* (Hochst. ex Steud.) Stapf, Fl. Trop. Afr. 9(1): 181. 1917.
- Andropogon piptatherus* Hack. in C.F.P. von Martius, Fl. Bras. 2(3): 293. 1883.  
Distribution: Exotic in Cuba, Hispaniola, and Jamaica; native to Africa.  
References: 2, 3, 5, 10, 30, 246, 254, 299.
- Dichanthium nodosum* P. Willemet = *Dichanthium aristatum* (Poir.) C.E. Hubb.
- Diectomis angustata* J. Presl = *Andropogon angustatus* (J. Presl) Steud.
- Diectomis fastigiata* (Sw.) P. Beauv. = *Andropogon fastigiatus* Sw.
- Digitaria adscendens* (Kunth) Henrard = *Digitaria ciliaris* (Retz.) Koeler
- Digitaria argillacea* (Hitchc. & Chase) Fernald, Rhodora 22: 104. 1920; *Syntherisma argillaceum* Hitchc. & Chase, Contr. U.S. Natl. Herb. 18: 296. 1917.  
Distribution: Native to Cuba, Hispaniola, Puerto Rico, Mexico, Central America, and South America.  
References: 3, 5, 61, 254, 299.
- Digitaria argyrostachya* (Steud.) Fernald = *Digitaria ternata* (Hochst. ex A. Rich.) Stapf
- Digitaria bicornis* (Lam.) Roem. & Schult., Syst. Veg. 2: 470. 1817.
- Digitaria diversiflora* Swallen, Rhodora 65: 356. 1963.  
Distribution: Exotic in Bahamas, Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (Anegada, Guana, St. Croix, Tortola), Lesser Antilles (Anguilla, Dominica, Martinique, Montserrat, Nevis, St. Lucia), Curaçao, United States, and Mexico; native to tropical Asia, Malesia, and Australia.  
References: 1, 3, 45, 159, 254, 299.
- Digitaria ciliaris* (Retz.) Koeler, Descr. Gram. 27. 1802.
- Digitaria adscendens* (Kunth) Henrard, Blumea 1: 92. 1934.
- Syntherisma sanguinale* sensu Britton & Millsp., Bahama Fl. 16. 1920, non (L.) Dulac.  
Distribution: Exotic in Bahamas, Cayman Islands, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (Guana, St. Croix, St. John, St. Thomas, Tortola), Lesser Antilles (Barbados, Dominica, Guadeloupe, Redonda, St. Kitts), Tobago, Trinidad, Aruba, Bonaire, Curaçao, United States, Mexico, Central America, and South America; probably native to Old World.  
Common Names: Southern crabgrass (Bahamas), Grama dulce cimarrona, Pata de cotorra, Pendejuelo (Dominican Republic), Pendejuelo, Pata de gallina, Yerba de juey (Puerto Rico).  
References: 1, 2, 3, 19, 41, 45, 61, 122, 123, 131, 254, 299, 309, 479.
- Digitaria curvinervis* (Hack.) Fernald, Rhodora 22: 103. 1920; *Panicum curvinerve* Hack., Oesterr. Bot. Z. 51: 335. 1901.  
Distribution: Native to Cuba, Hispaniola, Central America, and South America.  
References: 3, 151, 156, 254, 299.
- Digitaria decumbens* Stent = *Digitaria eriantha* Steud.
- Digitaria didactyla* Willd., Enum. Pl. 91. 1809.
- Digitaria swazilandensis* Stent, Bothalia 3: 150. 1930.  
Distribution: Exotic in Puerto Rico, South America, and Old World; native to Africa (Mauritius; Reunion)  
References: 151, 159, 254, 299.
- Digitaria digitata* Buse = *Digitaria nuda* Schumach.
- Digitaria diversiflora* Swallen = *Digitaria bicornis* (Lam.) Roem. & Schult.
- Digitaria dolichophylla* Henrard = *Digitaria filiformis* (L.) Koeler var. *dolichophylla* (Henrard) Wipff
- Digitaria domingensis* (Zuccagni) A. Roem. & Schult. = *Digitaria villosa* (Walter) Pers.
- Digitaria eggersii* (Hack.) Henrard, Blumea 1: 97. 1934; *Panicum eggersii* Hack., Oesterr. Bot. Z. 51: 292. 1901; *Trichachne eggersii* (Hack.) Henrard, Meded. Rijks-Herb. 61: 10. 1930; *Valota eggersii* (Hack.) Hitchc. & Chase, Contr. U.S. Natl. Herb. 18: 292. 1917.  
Distribution: Endemic to West Indies; native to Puerto Rico, Virgin Islands (Guana, St. Thomas, Tortola, Virgin Gorda), Aruba, and Curaçao.  
References: 61, 151, 254, 299.
- Digitaria ekmanii* Hitchc., Man. Grasses W. Ind. 176. 1936, var. *ekmanii*  
Distribution: Endemic to Cuba.  
References: 3, 254, 299.
- Digitaria ekmanii* Hitchc. var. *curtissi* Henrard, Monogr. Digitaria 213. 1950.  
Distribution: Endemic to Cuba.  
References: 152, 299.
- Digitaria eriantha* Steud., Flora 12: 468. 1829.
- Digitaria decumbens* Stent, Bothalia 3: 150. 1930.  
Distribution: Exotic in Puerto Rico and Virgin Islands (St. Croix, Virgin Gorda); native to Africa  
References: 160, 254, 299.
- Digitaria exilis* (Kippist) Stapf, Bull. Misc. Inform. Kew 1915: 385. 1915.  
Distribution: Exotic in Hispaniola; native to Africa.  
References: 159, 254.
- Digitaria filiformis* (L.) Koeler, Descr. Gram. 26. 1802, var. *filiformis*; *Syntherisma filiforme* (L.) Nash, Bull. Torrey Bot. Club 22: 420. 1895.  
Distribution: Native to Bahamas, Cuba, Hispaniola, Puerto Rico, Virgin Islands (St. Thomas), United States, Mexico, Central America, and South America.  
References: 61, 150, 151, 159, 254, 299.
- Digitaria filiformis* (L.) Koeler var. *dolichophylla* (Henrard) Wipff, Phytologia 80: 348. 1996; *Digitaria dolichophylla* Henrard, Blumea 1: 94. 1934.  
Distribution: Native to Bahamas, Cuba, Puerto Rico, United States, and Mexico.  
References: 45, 254, 299.
- Digitaria filiformis* sensu Griseb. = *Digitaria panicea* (Sw.) Urb.
- Digitaria fragilis* (Steud.) Luces, J. Wash. Acad. Sci. 32: 160. 1942.  
Distribution: Exotic in Puerto Rico; native to South America.  
References: 151, 160.
- Digitaria fuscescens* (J. Presl) Henrard, Meded. Rijks-Herb. 61: 8. 1930; *Paspalum fuscescens* J. Presl, Reliq. Haenk. 1(4-5): 213. 1830.  
Distribution: Exotic in Puerto Rico, Central America, and South America; native to tropical Asia and Malesia.  
References: 151, 159, 254, 299.
- Digitaria hitchcockii* (Chase) Stuck., Annuaire Conserv. Jard. Bot. Genève 17: 287. 1914; *Valota hitchcockii* Chase, Proc. Biol. Soc. Wash. 24: 110. 1911; *Trichachne hitchcockii* (Chase) Chase, J. Wash. Acad. Sci. 23: 454. 1933.  
Distribution: Exotic in Virgin Islands (St. John); native to United States (NM, TX) and Mexico.  
References: 19, 151, 254, 299.
- Digitaria horizontalis* Willd., Enum. Pl. 1: 92. 1809; *Panicum sanguinale* L. var. *horizontale* (Willd.) C. Schweinf., Symb. Antill. 4: 86. 1903.
- Digitaria setosa* Desv. ex Ham., Prodr. Pl. Ind. Occid. 6. 1825.
- Syntherisma digitatum* (Sw.) Hitchc., Contr. U.S. Natl. Herb. 12: 142. 1908; *Milium digitatum* Sw., Prodr. 24. 1788.

- Distribution: Native to Bahamas, Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (St. Croix, St. John, St. Thomas), Lesser Antilles (Antigua, Dominica, Grenada, Grenadines, Guadeloupe, Martinique, Montserrat, Redonda, Saba, St. Kitts, St. Lucia, St. Vincent), Tobago, Trinidad, Margarita, United States, Mexico, Central America, South America, and Old World.
- Common Names: Funde, Fundi, Pajón (Dominican Republic), Pata de gallina fina, Pendejuelo (Puerto Rico).
- References: 1, 2, 3, 4, 10, 19, 30, 40, 45, 61, 123, 131, 151, 299, 300, 323, 340.
- Digitaria insularis* (L.) Mez ex Ekman, Ark. Bot. 11(4): 17. 1912; *Andropogon insularis* L., Syst. Nat., ed. 10, 1304. 1759; *Panicum insulare* (L.) G. Mey., Prim. Fl. Esseq. 60. 1818; *Trichachne insularis* (L.) Nees in C.F.P. von Martius, Fl. Bras. Enum. Pl. 2: 86. 1829; *Tricholaena insularis* (L.) Griseb., Fl. Brit. W. I. 557. 1864; *Valota insularis* (L.) Chase, Proc. Biol. Soc. Wash. 19: 188. 1906.
- Panicum duchassaingii* Steud., Syn. Pl. Glumac. 1: 93. 1854.
- Panicum falsum* Steud., Syn. Pl. Glumac. 1: 67. 1855 ["1853"].
- Panicum sacharoides* A. Rich. in R. de la Sagra, Hist. Fis. Cuba, Bot. 11: 306. 1850.
- Distribution: Native to Bahamas, Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (Guana, St. Croix, St. John, St. Thomas, Tortola, Virgin Gorda), Lesser Antilles (Antigua, Barbados, Dominica, Grenada, Guadeloupe, Martinique, Montserrat, Nevis, Saba, St. Eustatius, St. Kitts, St. Lucia, St. Martin, St. Vincent), Aruba, Bonaire, Curaçao, Margarita, Tobago, Trinidad, United States, Mexico, Central America, and South America.
- Common Names: Sourgrass (Bahamas), Rabo de zorra, Yerba de zorra (Dominican Republic), Barbon des antilles, Herbe à blé, Herbe pental, Z'herbe à blé (Haiti), Zorra (Puerto Rico), Silky-grass (Virgin Islands).
- References: 1, 2, 3, 4, 5, 10, 19, 30, 36, 45, 61, 123, 131, 151, 152, 299, 323.
- Digitaria ischaemum* (Schreb.) Schreb. ex Muhl, Descr. Gram. 131. 1817; *Syntherisma ischaemum* (Schreb.) Nash, N. Amer. Fl. 17(2): 151. 1912.
- Distribution: Exotic in Hispaniola, Puerto Rico, Virgin Islands (St. Croix), Lesser Antilles (Guadeloupe), United States, and South America; native to Europe and Asia.
- References: 1, 61, 159, 252, 254, 299.
- Digitaria jamaicensis* Spreng. = *Digitaria nuda* Schumach.
- Digitaria laxa* (Rchb.) Parodi, Physis (Buenos Aires) 9: 13, 18. 1928; *Reimaria laxa* Rchb., Surinam Exsic. 1828.
- Distribution: Native to Lesser Antilles (Grenada), Tobago, Trinidad, and South America.
- References: 1, 151, 246, 299.
- Digitaria leucocoma* (Nash) Urb. = *Digitaria villosa* (Walter) Pers.
- Digitaria longiflora* (Retz.) Pers., Syn. Pl. 1: 85. 1805.
- Distribution: Exotic in Cuba, Puerto Rico, Lesser Antilles (Antigua, Nevis, St. Lucia), Trinidad, United States; native to Africa, Asia, Malesia, and Australia.
- References: 1, 3, 159, 254, 299.
- Digitaria nuda* Schumach., Beskr. Guin. Pl. 45. 1827.
- Digitaria digitata* Büse, Pl. Jungh. 381. 1854.
- Digitaria jamaicensis* Spreng., Syst. Veg., ed. 16, 1: 272. 1824 ["1825"].
- Panicum sanguinale* L. var. *digitatum* (Sw.) Hack. ex Urb., Symb. Antill. 4: 86. 1903.
- Distribution: Native to Hispaniola, Puerto Rico, Virgin Islands (St. Thomas), Trinidad, Mexico, and South America.
- References: 5, 30, 150, 151, 254, 299.
- Digitaria panicea* (Sw.) Urb., Symb. Antill. 8: 23. 1920; *Milium paniceum* Sw., Prodr. 24. 1788.
- Digitaria filiformis* sensu Griseb., Descr. Gram. 26. 1802, non (L.) Koeler.
- Distribution: Native to Bahamas, Cuba, Hispaniola, Jamaica, Mexico, Central America, and South America.
- References: 2, 3, 5, 10, 45, 160, 254, 299, 300.
- Note: Cited by Liogier & Martorell (6) as occurring in Puerto Rico. However, specimens of *Digitaria filiformis* var. *dolichophylla* (Henrard) Wipff were misidentified as this taxon fide Axelrod (160). No specimen records at US.
- Digitaria pinetorum* Hitchc., Man. Grasses W. Ind. 176. 1936.
- Distribution: Endemic to Cuba.
- References: 3, 39, 299.
- Note: Considered threatened by the Red List of the Vascular Flora of Cuba (39).
- Digitaria pulchella* Griseb. = *Mniochloa pulchella* (Griseb.) Chase
- Digitaria sanguinalis* (L.) Scop., Fl. Carniol., ed. 2, 1: 52. 1771; *Panicum sanguinale* L., Sp. Pl. 57. 1753; *Syntherisma sanguinale* (L.) Dulac., Fl. Hautes-Pyrénées 77. 1867.
- Distribution: Exotic in Bahamas, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (St. Thomas, Virgin Gorda), Lesser Antilles (Guadeloupe), Margarita, and Mexico; native to Europe, Africa, and Asia.
- Common Names: Don Juan de Castilla, Pata de gallina, Pata de gallina fina (Cuba), Grama dulce cimarrona (Dominican Republic).
- References: 1, 3, 5, 10, 61, 112, 123, 132, 159, 252, 254, 299, 323.
- Digitaria serotina* (Walter) Michx., Fl. Bor.-Amer. 1: 46. 1803; *Syntherisma serotinum* Walter, Fl. Carol. 76. 1788.
- Distribution: Native to Cuba and United States.
- References: 3, 151, 299.
- Digitaria setigera* Roth in J.J. Roemer & J.A. Schultes, Syst. Veg. 2: 474. 1817.
- Distribution: Exotic in Cayman Islands, Jamaica and Puerto Rico; native to Africa, Asia, Malesia, Australia, and Pacific region.
- References: 40, 160, 254, 299, 340.
- Digitaria setosa* Desv. ex Ham. = *Digitaria horizontalis* Willd.
- Digitaria similis* Beetle ex Gould, J. Arnold Arbor. 60: 320. 1979.
- Trichachne affinis* Swallen, Rhodora: 65: 355. 1963.
- Distribution: Native to Hispaniola, Lesser Antilles (Redonda), and South America.
- Common Name: Yerba de zorra (Dominican Republic).
- References: 1, 6, 123, 151, 160, 299.
- Note: Cited by Liogier & Martorell (6) as occurring in Puerto Rico, but no specimen record found at US or seen by Axelrod (160).
- Digitaria swazilandensis* Stent = *Digitaria didactyla* Willd.
- Digitaria ternata* (Hochst. ex A. Rich.) Stapf, Fl. Cap. 7: 376. 1898.
- Digitaria argyrostachya* (Steud.) Fernald, Rhodora 22: 103. 1920.
- Distribution: Exotic in Jamaica; native to Africa, Asia, and Malesia.
- References: 2, 159, 246, 299.
- Digitaria x umfolozi* D.W. Hall, Turrialba 33(3): 327. 1983.
- Distribution: Exotic in Puerto Rico and United States (FL).
- References: 151, 254, 299.
- Digitaria villosa* (Walter) Pers., Syn. Pl. 1: 85. 1805; *Syntherisma villosum* Walter, Fl. Carol. 77. 1788.
- Digitaria domingensis* (Zuccagni) A. Roem. & Schult., Syst. Veg. 2: 475. 1817; *Panicum domingense* Zuccagni, Cent. Observ. Bot. 1(11): 21. 1806.
- Digitaria leucocoma* (Nash) Urb., Symb. Antill. 8: 24. 1920.
- Distribution: Native to Bahamas, Cuba, Hispaniola, Puerto Rico, Mexico, and Central America.

- Common Names: Shaggy crabgrass (Bahamas), Pata de gallina enana (Puerto Rico).  
References: 3, 5, 10, 45, 131, 150, 151, 254, 299.
- Digitaria violascens* Link, Hort. Berol. 1: 229. 1827.
- Paspalum chinense* Nees in W.J. Hooker & G.A.W. Arnott, Bot. Beechey Voy. 231. 1841; *Syntherisma chinense* (Nees) Hitchc., Contr. U.S. Natl. Herb. 22: 468. 1922.
- Distribution: Native to Bahamas, Cuba, Jamaica, Puerto Rico, Lesser Antilles (Dominica), Trinidad, Mexico, Central America, and South America.  
References: 1, 2, 3, 45, 61, 150, 254, 299.
- Dimorphostachys langei* E. Fourn. = *Paspalum langei* (E. Fourn.) Nash
- Dinebra repens* Kunth = *Bouteloua repens* (Kunth) Scribn.
- Diplachne domingensis* (Jacq.) Chapm. = *Leptochloa virgata* (L.) P. Beauv.
- Diplachne fascicularis* (Lam.) P. Beauv. = *Leptochloa fusca* (L.) Kunth subsp. *fascicularis* (Lam.) N.W. Snow
- Distichlis littoralis* (Engelm.) H.L. Bell & Columbus, Syst. Bot. 33: 548. 2008; *Monanthochloa littoralis* Engelm., Trans. Acad. Sci. St. Louis 1: 437. 1859.
- Distribution: Native to Bahamas, Cuba, United States (FL), and Mexico.  
Common Name: Shoregrass (Bahamas).  
References: 3, 10, 45, 150, 151, 246, 298.
- Distichlis spicata* (L.) Greene, Bull. Calif. Acad. Sci. 2: 415. 1887; *Uniola spicata* L., Sp. Pl. 71. 1753.
- Distribution: Native to Bahamas, Cayman Islands, Cuba, Hispaniola, United States, Mexico, and South America.  
Common Name: Seashore salt-grass (Bahamas).  
References: 3, 4, 5, 10, 45, 246, 295, 298.
- Echinochloa colona* (L.) Link, Hort. Berol. 2: 209. 1833; *Panicum colonum* L., Syst. Nat., ed. 10, 870. 1759.
- Distribution: Exotic in Bahamas, Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (Anegada, St. Croix, St. John, St. Thomas, Tortola), Lesser Antilles (Antigua, Barbados, Dominica, Grenada, Grenadines, Guadeloupe, Martinique, Nevis, Saba, St. Lucia, St. Martin, St. Vincent), Tobago, Trinidad, Aruba, Bonaire, Curaçao, Margarita, United States, Central America, and South America; native to tropical Asia.  
Common Names: Jungle rice (Bahamas), Armilán, Buche de guanajo, Grama pintada, Mete bravo, Pico de paloma (Cuba), Barba de indio, Grama, Pata de cotorra, Pata de guanajo, Tilo, Tilo blanco, Tito, Tito blanco (Dominican Republic), Arrocillo, Arroz del monte, Grama pintada (Puerto Rico), Jungle rice (Virgin Islands).  
References: 1, 2, 3, 4, 5, 19, 30, 45, 61, 123, 131, 132, 254, 295, 299, 323, 340, 479.
- Echinochloa crus-galli* (L.) P. Beauv., Ess. Agrostogr. 53, 161, 169. 1812; *Panicum crus-galli* L., Sp. Pl. 56. 1753.
- Distribution: Exotic in Bahamas, Cuba, Hispaniola, Jamaica, Lesser Antilles (Guadeloupe), and United States; native to Old World.  
Common Names: Barnyard grass (Bahamas), Arrocillo, Pata de cao (Cuba).  
References: 1, 2, 3, 5, 6, 30, 45, 61, 160, 299, 383.  
Note: Cited by Britton & Wilson (61) and Liogier & Martorell (6) for Puerto Rico. However, specimens identified as this are all referable to *Echinochloa crus-pavonis* (Kunth) Schult. fide Axelrod (160).
- Echinochloa crus-pavonis* (Kunth) Schult., Mant. 2: 269. 1824; *Oplismenus crus-pavonis* Kunth in F.W.H.A. von Humboldt, A.J.A. Bonpland & C.S. Kunth, Nov. Gen. Sp. (quarto ed.) 1: 108. 1816.
- Oplismenus jamaicensis* Kunth, Enum. Pl. 1: 147. 1833; *Panicum jamaicense* (Kunth) Steud., Nomencl. Bot., ed. 2, 2: 257. 1841.
- Distribution: Exotic in Cuba, Hispaniola, Jamaica, Puerto Rico, Lesser Antilles (Guadeloupe, Martinique), Trinidad, United States, Mexico, Central America, and South America; native to Old World.  
Common Name: Arrocillo (Puerto Rico).  
References: 1, 2, 3, 150, 151, 246, 254, 299.
- Echinochloa cubensis* (Spreng.) Schult. = *Oplismenus hirtellus* (L.) P. Beauv. subsp. *hirtellus*
- Echinochloa guadeloupensis* (Hack.) Wiegand = *Echinochloa pyramidalis* (Lam.) Hitchc. & Chase
- Echinochloa polystachya* (Kunth) Hitchc., Contr. U.S. Natl. Herb. 22: 135. 1920, var. *polystachya*; *Oplismenus polystachyus* Kunth in F.W.H.A. von Humboldt, A.J.A. Bonpland & C.S. Kunth, Nov. Gen. Sp. (quarto ed.) 1: 107. 1816.
- Distribution: Native to Cuba, Hispaniola, Jamaica, Puerto Rico, Lesser Antilles (Antigua, Martinique, St. Lucia), Tobago, Mexico, and South America.  
Common Names: Hierba de corzo (Cuba), Yerba del río (Puerto Rico).  
References: 1, 2, 3, 30, 61, 131, 151, 254, 299.
- Echinochloa polystachya* (Kunth) Hitchc. var. *spectabilis* (Nees ex Trin.) Mart. Crov., Revista Argent. Agron. 9: 318. 1942; *Panicum spectabile* Nees ex Trin., Gram. Panic. 138. 1826; *Echinochloa spectabilis* (Nees ex Trin.) Link, Hort. Berol. 2: 209. 1833.
- Distribution: Native to Cuba, Hispaniola, Puerto Rico, Lesser Antilles (St. Lucia, Martinique), United States, and South America.  
References: 3, 5, 151, 254, 299.
- Echinochloa pyramidalis* (Lam.) Hitchc. & Chase, Contr. U.S. Natl. Herb. 18: 345. 1917.
- Echinochloa guadeloupensis* (Hack.) Wiegand, Rhodora 23: 63. 1921; *Panicum spectabile* Nees ex Trin. var. *guadeloupense* Hack., Notizbl. Königl. Bot. Gart. Berlin 1: 328. 1897.
- Distribution: Exotic in Lesser Antilles (Guadeloupe, St. Lucia), Mexico, Central America, and South America; native to Africa.  
References: 1, 151, 156, 159, 299.
- Echinochloa spectabilis* (Nees ex Trin.) Link = *Echinochloa polystachya* (Kunth) Hitchc. var. *spectabilis* (Nees ex Trin.) Mart. Crov.
- Echinochloa stagnina* (Retz.) P. Beauv., Ess. Agrostogr. 53, 161, 171. 1812.
- Distribution: Exotic in Puerto Rico; native to Africa, tropical Asia, and Malasia.  
References: 159, 252, 299, 532.
- Echinochloa walteri* (Pursh) A. Heller, Cat. N. Amer. Pl., ed. 2, 21. 1900; *Panicum walteri* Pursh, Fl. Amer. Sept. 1: 66-67. 1814 ["1813"].
- Distribution: Native to Cayman Islands, Cuba, Hispaniola, Jamaica, United States, Mexico, Central America, and South America.  
References: 2, 3, 4, 159, 246, 254, 299.
- \*Ekmanochloa aristata* Hitchc., Man. Grasses W. Ind. 377. 1936.  
Distribution: Endemic to Cuba.  
References: 3, 10, 39, 246, 297, 320.  
Note: Considered endangered by the Red List of the Vascular Flora of Cuba (39).
- \*Ekmanochloa subaphylla* Hitchc., Man. Grasses W. Ind. 375. 1936.  
Distribution: Endemic to Cuba.  
References: 3, 10, 39, 246, 297.  
Note: Considered endangered by the Red List of the Vascular Flora of Cuba (39).
- Eleusine domingensis* (Jacq.) Pers. = *Leptochloa virgata* (L.) P. Beauv.
- Eleusine indica* (L.) Gaertn., Fruct. Sem. Pl. 1: 7. 1788; *Cynosurus indicus* L., Sp. Pl. 72. 1753.
- Eleusine domingensis* Sieber ex Schult., Mant. 2: 323. 1824.

- Distribution: Exotic in Bahamas, Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (Guana, St. Croix, St. John, St. Thomas, Tortola, Virgin Gorda), Lesser Antilles (Anguilla, Antigua, Barbados, Dominica, Martinique, Montserrat, Nevis, Saba, St. Eustatius, St. Kitts, St. Lucia, St. Martin), Tobago, Trinidad, Aruba, Bonaire, Curaçao, Margarita, United States, Central America, and South America; native to Old World.
- Common Names: Goosegrass (Bahamas), Cambute, Grama, Grama de caballos, Pata de gallo, Pata de gallina (Cuba), Pata de cotorra, Pata de gallina Pata de gallo, Yerba blanca, Yerba dulce (Dominican Republic), Herbe pied de poule, Pied de poule, Pied poule, Z'herbe pied de poule, Z'herbe pied poule (Haiti), Yard grass (Jamaica), Grama de caballo, Matojo dulce, Pata de gallina, Piepul, Yerba de caballo, Yerba dulce (Puerto Rico), Goose grass, Wire grass (Virgin Islands).
- References: 1, 2, 3, 4, 5, 10, 19, 30, 45, 61, 123, 131, 132, 151, 159, 246, 252, 254, 298, 300, 323, 340, 383, 298, 479.
- Eleusine verticillata* Roxb. = *Acrachne racemosa* (B. Heyne ex Roem. & Schult.) Ohwi
- Enteropogon mollis* (Nees) Clayton, Kew Bull. 37: 419. 1982;  
*Gymnopogon mollis* Nees in C.F.P. von Martius, Fl. Bras. Enum. Pl. 2: 427. 1829; *Chloris mollis* (Nees) Swallen, N. Amer. Fl. 17(8): 596. 1939.
- Chloris angustiflora* F. Aresch., Pl. Itin. Eugeniae 3: 118. 1910.  
*Chloris leptantha* Hitchc. in I. Urban, Symb. Antill. 7: 166. 1912.  
*Chloris rupestris* (Ridl.) Hitchc., Man. Grasses W. Ind. 126. 1936;  
*Gymnopogon rupestris* Ridl., J. Linn. Soc., Bot. 27: 73. 1890.
- Distribution: Native to Cuba, Hispaniola, Jamaica, Aruba, Bonaire, Curaçao, Mexico, Central America, and South America.
- References: 2, 3, 5, 10, 30, 254, 264, 298, 479.

Distribution: Exotic in Hispaniola; native to Trinidad, Mexico, Central America, and South America.

References: 36, 151, 254, 299.

*Ichnanthus wrightii* Hitchc. = *Ichnanthus mayarensis* (C. Wright) Hitchc.

*Imperata brasiliensis* Trin., Mém. Acad. Imp. Sci. Saint-Pétersbourg, ser. 6, Sci. Math., Seconde Pt. Sci. Nat. 2: 331. 1832.

Distribution: Native to Bahamas, Cuba, Hispaniola, Jamaica, Puerto Rico, Trinidad, Mexico, Central America, and South America.

Common Names: Silver-plume grass (Bahamas), Yábuna, Yáguna (Cuba), Yabana (Dominican Republic), Guanjanilla (Puerto Rico).

References: 2, 3, 5, 10, 45, 123, 131, 150, 151, 254, 299.

*Imperata contracta* (Kunth) Hitchc., Rep. (Annual) Missouri Bot. Gard. 4: 146. 1893; *Saccharum contractum* Kunth in F.W.H.A. von Humboldt, A.J.A. Bonpland & C.S. Kunth, Nov. Gen. Sp. (quarto ed.) 1: 182. 1816.

*Anatherum portoricense* Spreng., Syst. Veg., ed. 16, 1: 290. 1824 ["1825"].

Distribution: Native to Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Lesser Antilles (Dominica, Guadeloupe, Martinique), Tobago, Trinidad, Mexico, Central America, and South America.

Common Names: Yábuna (Cuba), Arrochillo, Canutillo (Dominican Republic), Durissy (Haiti), Guajanilla (Puerto Rico).

References: 1, 2, 3, 4, 5, 10, 30, 61, 123, 131, 151, 254, 299.

*Isachne angustifolia* Nash, Bull. Torrey Bot. Club 30: 377. 1903.

Distribution: Endemic to West Indies; native to Puerto Rico and Lesser Antilles (Guadeloupe, Martinique, St. Kitts).

Common Name: Yerba de alambre (Puerto Rico).

References: 1, 61, 131, 156, 246, 299.

*Isachne arundinacea* (Sw.) Griseb., Fl. Brit. W. I. 553. 1864; *Panicum arundinaceum* Sw., Prodr. 24. 1788.

*Isachne panicea* Trin., Gram. Panic. 253. 1826.

Distribution: Native to Jamaica, Lesser Antilles (Grenada, Guadeloupe, St. Kitts), Mexico, Central America, and South America.

References: 1, 2, 30, 151, 254, 299.

*Isachne disperma* (Lam.) Döll. in C.F.P. von Martius, Fl. Bras. 2(2): 274. 1877; *Panicum dispernum* Lam., Tabl. Encycl. 1: 173. 1791.

*Panicum multinerve* Desv. ex Poir. in J.B.A.P.M. de Lamarck, Encycl., Suppl. 4: 279. 1816.

Distribution: Endemic to West Indies; native to Lesser Antilles

(Dominica, Grenada, Guadeloupe, Martinique, Montserrat, Nevis, St. Kitts, St. Lucia, St. Martin, St. Vincent) and Tobago.

References: 1, 151, 299.

*Isachne leersioides* Griseb., Pl. Wright. 2: 533. 1862.

Distribution: Endemic to Cuba.

References: 3, 156, 299.

*Isachne panicea* Trin. = *Isachne arundinacea* (Sw.) Griseb.

*Isachne polygonoides* (Lam.) Döll. in C.F.P. von Martius, Fl. Bras. 2(2): 273. 1877; *Panicum polygonoides* Lam., Encycl. 4: 742. 1798.

Distribution: Native to Cayman Islands, Cuba, Hispaniola, Puerto Rico, Trinidad, Mexico, Central America, and South America.

References: 3, 39, 151, 254, 299.

Note: Considered threatened by the Red List of the Vascular Flora of Cuba (39).

*Isachne pygmaea* Griseb., Fl. Brit. W. I. 553. 1864.

Distribution: Endemic to Jamaica.

References: 2, 299.

*Isachne rigens* (Sw.) Trin., Gram. Panic. 252. 1826; *Panicum rigens* Sw., Prodr. 23. 1788.

Distribution: Native to Jamaica, Lesser Antilles (Guadeloupe, Saba) and South America.

References: 1, 2, 151, 299.

*Isachne rigidifolia* (Poir.) Urb., Symb. Antill. 4: 85. 1903; *Agrostis rigidifolia* Poir. in J.B.A.P.M. de Lamarck, Encycl. Suppl. 1: 257. 1810.

Distribution: Endemic to West Indies; native to Cuba, Hispaniola, and Lesser Antilles (Guadeloupe, Martinique, St. Kitts).

References: 1, 3, 5, 30, 254, 299, 300.

*Ischaemopogon latifolius* (Spreng.) Griseb. = *Ischaemum latifolium* (Spreng.) Kunth

*Ischaemum latifolium* (Spreng.) Kunth, Révis. Gramin. 168. 1829; *Andropogon latifolius* Spreng., Syst. Veg., ed. 16, 1: 286. 1824 ["1825"]; *Ischaemopogon latifolius* (Spreng.) Griseb., Fl. Brit. W. I. 560. 1864.

Distribution: Native to Lesser Antilles (Dominica, Guadeloupe, Martinique, St. Vincent) and South America.

References: 1, 30, 36, 151, 299.

*Ischaemum ophiuroides* Munro = *Eremochloa ophiuroides* (Munro) Hack.

*Ischaemum rugosum* Salisb., Icon. Stirp. Rar. 1: t 1. 1791.

Distribution: Exotic in Cuba, Hispaniola, Jamaica, Lesser Antilles (St. Lucia), Trinidad, Mexico, Central America, and South America; native to Asia, Malesia, and Australia.

Common Names: Arroz silvestre, Pata de cao (Cuba), Cebadora, Yerba de popo (Dominican Republic).

References: 2, 3, 10, 112, 123, 132, 151, 223, 254, 299, 383.

*Ischaemum secundatum* Walter = *Stenotaphrum secundatum* (Walter) Kuntze

*Ischaemum timorense* Kunth, Révis. Gramin. 369. 1830.

Distribution: Exotic in Lesser Antilles (St. Lucia), Tobago, Trinidad, Central America, and South America; native to Asia and Malesia.

References: 151, 159, 223, 299.

*Ixophorus unisetus* (J. Presl) Schtdl., Linnaea 31: 747. 1861; *Urochloa unisetus* J. Presl, Reliq. Haenk. 1(4-5): 319. 1830.

Distribution: Native to Cuba, Puerto Rico, Mexico, Central America, and South America.

Common Names: Zacate blanco de Honduras (Cuba), Yerba mejicana (Puerto Rico).

References: 3, 131, 151, 159, 299.

*Lappago aliena* Spreng. = *Tragus berteruanus* Schult.

*Lasiacis divaricata* (L.) Hitchc., Contr. U.S. Natl. Herb. 15: 16. 1910; *Panicum divaricatum* L., Syst. Nat., ed. 10, 871. 1759.

*Lasiacis harrisii* Nash, Torrey 13: 274. 1913.

*Panicum bambusoides* Desv. ex Ham., Prodr. Pl. Ind. Occid. 10. 1825. *Panicum chauvinii* Steud., Syn. Pl. Glumac. 1: 68. 1853.

*Panicum divaricatum* L. var. *stenostachyum* Griseb., Fl. Brit. W. I. 551. 1864.

Distribution: Native to Bahamas, Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (Anegada, Guana, St. Croix, St. John, St. Thomas, Tortola, Virgin Gorda), Lesser Antilles (Anguilla, Antigua, Barbados, Dominica, Grenada, Guadeloupe, Martinique, Montserrat, Saba, St. Eustatius, St. Kitts, St. Lucia, St. Martin, St. Vincent), Curaçao, Margarita, Mexico, Central America, and South America.

Common Names: Tibisee, Cane-grass, Wild cane (Bahamas), Tibisí, Yerba brava, Pito de bejuco, Tibisí de sabana, Canutillo, Caña brava cimarrona, Caña bravilla, Cañabucillo cimarrón, Pitilla de

monte, Tibisí de monte, Cañita brava cimarrona, Pitillo de monte (Cuba), Calimete, Carrizo, Alcarrizo (Dominican Republic), Calumette, Calumete, Bambou marron (Haiti), Yerba de caña, Pito (Puerto Rico).

References: 1, 2, 3, 4, 5, 19, 30, 32, 45, 61, 123, 131, 132, 150, 151, 156, 159, 254, 299, 323, 464, 479.

*Lasiacis grisebachii* (Nash) Hitchc., Bot. Gaz. 51: 302. 1911, var. *grisebachii*; *Panicum grisebachii* Nash, Bull. Torrey Bot. Club 35: 301. 1908.

Distribution: Native to Cuba, Mexico, Central America, and South America.

Common Name: Alpiste cimarrón (Cuba).

References: 3, 151, 156, 299.

Note: Cited by Liogier & Martorell (6). However, this record is based on a misidentification of a specimen of *Lasiacis divaricata* (L.) Hitchc. by F. Gould fide Axelrod (160).

*Lasiacis grisebachii* (Nash) Hitchc. var. *lindeliiana* Davidse, Ann. Missouri Bot. Gard. 64: 375. 1978 ["1977"].

Distribution: Endemic to Cuba.

References: 151, 156, 299.

*Lasiacis harrisii* Nash = *Lasiacis divaricata* (L.) Hitchc.

*Lasiacis ligulata* Hitchc. & Chase, Contr. U.S. Natl. Herb. 18: 337. 1917.

Distribution: Native to Hispaniola, Puerto Rico, Virgin Islands (St. John, St. Thomas), Lesser Antilles (Dominica, St. Vincent), Tobago, Trinidad, Central America, and South America.

References: 1, 32, 61, 156, 246, 299.

*Lasiacis maculata* (Aubl.) Urb. = *Lasiacis sorghoidea* (Desv. ex Ham.) Hitchc. & Chase

*Lasiacis oaxacensis* (Steud.) Hitchc., Proc. Biol. Soc. Wash. 24: 145. 1911; *Panicum oaxacense* Steud., Syn. Pl. Glumac. 1: 73. 1853.

Distribution: Native to Hispaniola, Jamaica, Mexico, Central America, and South America.

References: 2, 5, 151, 254, 299.

*Lasiacis patentiflora* Hitchc. & Chase = *Lasiacis sorghoidea* (Desv. ex Ham.) Hitchc. & Chase

*Lasiacis rhizophora* (E. Fourn.) Hitchc., Proc. Biol. Soc. Wash. 24: 145. 1911; *Panicum rhizophorum* E. Fourn., Mexic. Pl. 2: 31. 1886.

Distribution: Native to Cuba, Hispaniola, Jamaica, Mexico, Central America, and South America.

Common Name: Tibisí de monte (Cuba).

References: 3, 151, 254, 299.

*Lasiacis rugelii* (Griseb.) Hitchc., Bot. Gaz. 51: 302. 1911; *Panicum rugelii* Griseb., Cat. Pl. Cub. 233. 1866.

Distribution: Native to Cuba, Hispaniola, Mexico, and Central America.

Common Name: Pitilla (Cuba).

References: 3, 5, 254, 299.

*Lasiacis ruscifolia* (Kunth) Hitchc., Proc. Biol. Soc. Wash. 24: 145. 1911; *Panicum ruscifolium* Kunth in F.W.H.A. von Humboldt, A.J.A. Bonpland & C.S. Kunth, Nov. Gen. Sp. (quarto ed.) 1: 101. 1816.

Distribution: Native to Cuba, Jamaica, Curaçao, United States, Mexico, Central America, and South America.

Common Names: Carrucillo, Pito de alfombra (Puerto Rico).

References: 2, 3, 131, 151, 254, 299.

*Lasiacis sloanei* (Griseb.) Hitchc., Bot. Gaz. 51: 302. 1911; *Panicum sloanei* Griseb., Fl. Brit. W. I. 551. 1864.

*Panicum compactum* Sw. ex Wikstr., Adnot. Bot. 14. 1829.

Distribution: Native to Cuba, Hispaniola, Jamaica, Puerto Rico, Lesser Antilles (Antigua, Grenada, Martinique), Mexico, Central America, and South America.

- Common Names: Canutillo, Canutillo cimarrón, Tibisí (Cuba), Calimete (Dominican Republic), Calumete, Calumette (Haiti).  
References: 1, 2, 3, 5, 30, 61, 151, 299.
- Lasiacis sorghoidea* (Desv. ex Ham.) Hitchc. & Chase, Contr. U.S. Natl. Herb. 18: 338. 1917; *Panicum sorghoideum* Desv. ex Ham., Prodr. Pl. Ind. Occid. 10. 1825.
- Lasiacis maculata* (Aubl.) Urb., Symb. Antill. 8: 751. 1921.
- Lasiacis patentiflora* Hitchc. & Chase, Contr. U.S. Natl. Herb. 18: 338. 1917; *Lasiacis sorghoidea* (Desv. ex Ham.) Hitchc. & Chase var. *patentiflora* (Hitchc. & Chase) Davidse, Ann. Missouri Bot. Gard. 64: 375. 1978 ["1977"].
- Panicum lanatum* Sw., Prodr. 24. 1788.
- Panicum martinicense* Griseb., Fl. Brit. W. I. 552. 1864.
- Distribution: Native to Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (St. Croix, St. John, St. Thomas, Tortola, Virgin Gorda), Lesser Antilles (Barbados, Dominica, Grenada, Grenadines, Martinique, St. Lucia, St. Vincent), Tobago, Trinidad, Margarita, United States, Mexico, Central America, and South America.
- Common Name: Carrizo (Dominican Republic).  
References: 1, 2, 3, 19, 30, 32, 36, 61, 123, 151, 230, 299, 323.
- Lasiacis sorghoidea* (Desv. ex Ham.) Hitchc. & Chase var. *patentiflora* (Hitchc. & Chase) Davidse = *Lasiacis sorghoidea* (Desv. ex Ham.) Hitchc. & Chase
- Leersia grandiflora* (Döll) Prodoehl = *Leersia ligularis* Trin. var. *grandiflora* (Döll) Pyrah
- Leersia hexandra* Sw., Prodr. 21. 1788; *Homalocenchrus hexandrus* (Sw.) Kuntze, Revis. Gen. Pl. 2: 777. 1891.
- Distribution: Native to Cuba, Hispaniola, Jamaica, Puerto Rico, Lesser Antilles (Guadeloupe, Martinique), Trinidad, United States, Mexico, Central America, and South America.
- Common Names: Camalote chico, Camalote fino (Cuba), Lambedera, Rapienta (Dominican Republic), Arrocillo rosado (Puerto Rico).  
References: 1, 2, 3, 10, 30, 37, 61, 123, 131, 246, 254, 297.
- Leersia ligularis* Trin. var. *grandiflora* (Döll) Pyrah, Iowa State J. Sci. 44(2): 236. 1969; *Leersia grandiflora* (Döll) Prodoehl, Bot. Arch. 1: 219. 1922.
- Distribution: Native to Lesser Antilles (Guadeloupe, Martinique), Mexico, Central America, and South America.  
References: 1, 297.
- Leersia monandra* Sw., Prodr. 21. 1788; *Homalocenchrus monandrus* (Sw.) Kuntze, Revis. Gen. Pl. 2: 777. 1891.
- Paspalum cubense* Spreng., Neue Entdeck. Pflanzenk. 3: 12. 1822.
- Distribution: Native to Cuba, Hispaniola, Jamaica, Puerto Rico, Lesser Antilles (Guadeloupe, Martinique), Mexico, and Central America.  
References: 1, 2, 3, 10, 30, 37, 61, 150, 246, 254, 297, 299.
- Leersia oryzoides* (L.) Sw., Prodr. 21. 1788.
- Distribution: Exotic in Cuba; native to United States, Europe, Africa, and Asia.  
References: 159, 297, 484.
- Leptochloa brachiata* Steud. = *Leptochloa panicea* (Retz.) Ohwi subsp. *brachiata* (Steud.) N.W. Snow

- Leptochloa perennis* Hack. Informe Anual Estac. Centr. Agron. Cuba 1: 411. 1906.
- Distribution: Native to Bahamas, Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (St. Croix, St. John, St. Thomas), Lesser Antilles (Anguilla, Barbados, Grenada, Marie Galante, Martinique, Montserrat, Saba, St. Eustatius, St. Kitts, St. Lucia, St. Martin, St. Vincent), Tobago, Trinidad, Curaçao, Margarita, Mexico, Central America, and South America.

Common Name: Pata de gallina (Cuba).

References: 1, 2, 3, 4, 5, 10, 19, 30, 45, 61, 150, 151, 246, 254, 298, 300, 323.

*Leptochloopsis virgata* (Poir.) H.O. Yates = *Uniola virgata* (Poir.) Griseb.

*Leptocoryphium lanatum* (Kunth) Nees = *Anthaenantia lanata* (Kunth) Benth.

*Leptostachys domingensis* (Jacq.) G. Mey. = *Leptochloa virgata* (L.) P. Beauv.

*Leptothrium rigidum* Kunth, Révis. Gramin. 156. 1829.

Distribution: Native to Hispaniola, Jamaica, and South America.

References: 2, 151, 246, 247, 298.

\**Lepturidium insulare* Hitchc. & Ekman, Man. Grasses W. Ind. 111. 1936.

Distribution: Endemic to Cuba.

References: 3, 10, 39, 298, 320.

Note: Considered endangered by the Red List of the Vascular Flora of Cuba (39).

*Lithachne pauciflora* (Sw.) P. Beauv., Ess. Agrostogr. 135, 168. 1812; *Olyra pauciflora* Sw., Prodr. 21. 1788.

Distribution: Native to Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (St. Croix), Lesser Antilles (Antigua, Barbados, Guadeloupe, Martinique, St. Lucia), Trinidad, Mexico, Central America, and South America.

Common Names: Pito enano (Cuba), Diente de perro, Perla (Puerto Rico).

References: 1, 2, 3, 5, 10, 30, 61, 151, 254, 297.

*Lithachne pinetii* (C. Wright ex Griseb.) Chase, Proc. Biol. Soc. Wash. 21: 182. 1908; *Olyra pinetii* C. Wright ex Griseb., Pl. Wright. 2: 532. 1862.

Distribution: Endemic to Cuba.

References: 3, 10, 151, 156, 297.

*Lolium multiflorum* Lam., Fl. Franc. 3: 621. 1779 ["1778"].

Distribution: Exotic in Bahamas, Cuba, Hispaniola, Jamaica, Puerto Rico, Lesser Antilles (Guadeloupe), United States, Mexico, Central America, and South America; native to Europe, Africa, and Asia.

References: 10, 151, 159, 246, 254, 300.

*Lolium perenne* L., Sp. Pl. 83. 1753.

Distribution: Exotic in Bahamas, Hispaniola, Puerto Rico, and United States; native to Europe, Africa, and Asia.

References: 6, 159, 254, 300.

*Lolium temulentum* L., Sp. Pl. 83. 1753.

Distribution: Exotic in Cuba, United States, Mexico, Central America, and South America; native to Europe.

References: 3, 151, 246, 254, 300.

*Luziola bahiensis* (Steud.) Hitchc., Contr. U.S. Natl. Herb. 12: 234.

1909; *Caryochloa bahiensis* Steud., Syn. Pl. Glumac. 1: 5. 1855.

Distribution: Native to Cuba, Hispaniola, Jamaica, United States, Central America, and South America.

References: 2, 3, 9, 10, 151, 297.

*Luziola peruviana* Juss. ex J.F. Gmel., Syst. Nat. 2(1): 637. 1791.

Distribution: Native to Cuba, United States, Mexico, Central America, and South America.

References: 3, 10, 39, 151, 297.

Note: Considered threatened by the Red List of the Vascular Flora of Cuba (39).

*Luziola spruceana* Benth. ex Doell = *Luziola subintegra* Swallen

*Luziola subintegra* Swallen, Ann. Missouri Bot. Gard. 30: 165. 1943.

*Luziola spruceana* Benth. ex Doell in C.F.P. von Martius, Fl. Bras. 2(2): 8. 1871.

Distribution: Native to Cuba, Hispaniola, Lesser Antilles (St. Vincent), Mexico, Central America, and South America.

References: 1, 3, 10, 254, 297.

- Muhlenbergia parviglumis* Vasey, Contr. U.S. Natl. Herb. 3: 71. 1892.  
 Distribution: Native to Cuba, United States, and Mexico.  
 References: 3, 10, 151, 246, 298.
- Nazia aliena* (Spreng.) Scribn. = *Tragus berteronanus* Schult.
- Neyraudia reynaudiana* (Kunth) Keng., Amer. J. Bot. 21: 131. 1934.  
 Distribution: Exotic in Bahamas, United States, and Mexico; native to Asia and Malesia.  
 Common Name: Silk reed (Bahamas).  
 References: 45, 151, 159, 383.
- Ocellochloa pulchella* (Raddi) Zuloaga & Morrone, Syst. Bot. 34: 690. 2009; *Panicum pulchellum* Raddi, Agrostogr. Bras. 42. 1823.  
 Distribution: Native to Lesser Antilles (Martinique), Mexico, Central America, and South America.  
 References: 1, 246, 299.
- Ocellochloa stolonifera* (Poir.) Zuloaga & Morrone, Syst. Bot. 34: 690. 2009; *Panicum stoloniferum* Poir. in J.B.A.P.M. de Lamarck, Encycl. Suppl. 4: 274. 1816.  
*Panicum frondescens* G. Mey. in E. Meyer, Prim. Fl. Esseq. 56. 1818.  
 Distribution: Native to Lesser Antilles (Guadeloupe, St. Vincent), Trinidad, Mexico, Central America, and South America.  
 References: 1, 151, 156, 246, 254, 299.
- Ochlandra travancorica* (Bedd.) Benth. ex Gamble, Ann. Roy. Bot. Gard. (Calcutta) 7: 125. 1896.  
 Distribution: Exotic in Puerto Rico; native to tropical Asia.  
 References: 151, 159, 254, 297.
- Olyra arundinacea* Kunth = *Olyra latifolia* L.  
*Olyra latifolia* L., Syst. Nat., ed. 10, 1261. 1759.

*Olyra arundinacea* Kunth in F.W.H.A. von Humboldt, A.J.A. Bonpland & C.S. Kunth, Nov. Gen. Sp. (quarto ed.) 1: 197. 1816.

*Olyra paniculata* Sw., Prodr. 21. 1788.

Distribution: Native to Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (St. John, St. Thomas, Tortola), Lesser Antilles (Barbados, Dominica, Grenada, Guadeloupe, Martinique, St. Lucia, St. Vincent), Tobago, Trinidad, Margarita, United States, Mexico, Central America, and South America.

Common Names: Tibisí (Cuba), Carrizo (Dominican Republic), Bambou, Bambou marron, Bois bambou (Haiti), Carrucillo, Cortadora, Lamedora, Lamedora, Sonadora (Puerto Rico).

References: 1, 2, 3, 5, 10, 19, 30, 32, 61, 123, 131, 151, 254, 297, 323, 340.

*Olyra paniculata* Sw. = *Olyra latifolia* L.

*Olyra pauciflora* Sw. = *Lithachne pauciflora* (Sw.) P. Beauv.

*Olyra pinetii* C. Wright ex Griseb. = *Lithachne pinetii* (C. Wright ex Griseb.) Chase

*Olyra strephioides* Griseb. = *Piresiella strephioides* (Griseb.) Judz., Zuloaga & Morrone

*Opizia stolonifera* J. Presl = *Bouteloua dimorpha* Columbus

*Oplismenus borhidii* Catasús, Acta Bot. Cub. 4: 10. 1980.

Distribution: Endemic to Cuba.

References: 152, 299, 484.

*Oplismenus burmannii* (Retz.) P. Beauv., Ess. Agrostogr. 54, 169. 1812; *Panicum burmannii* Retz., Observ. Bot. 3: 10. 1783.

Distribution: Native to Cuba, Hispaniola, Lesser Antilles (Barbados), United States, Mexico, Central America, South America, and Old World.

References: 3, 5, 30, 151, 159, 299.

*Oplismenus compositus* (L.) P. Beauv., Ess. Agrostogr. 54, 168. 1812; *Panicum compositum* L., Sp. Pl. 57. 1753.

Distribution: Exotic? in Puerto Rico; also in Mexico, Central America, South America, and Old World.

References: 151, 159, 254, 299.

*Oplismenus crus-pavonis* Kunth = *Echinochloa crus-pavonis* (Kunth) Schult.

*Oplismenus cubensis* (Spreng.) Kunth = *Oplismenus hirtellus* (L.) P. Beauv. subsp. *hirtellus*

*Oplismenus hirtellus* (L.) P. Beauv., Ess. Agrostogr. 54, 168, 170. 1812, subsp. *hirtellus*; *Panicum hirtellum* L., Syst. Nat., ed. 10, 870. 1759.

*Oplismenus cubensis* (Spreng.) Kunth, Révis. Gramin. 45. 1829; *Orthopogon cubensis* Spreng., Syst. Veg., ed. 16, 1: 307. 1824 ["1825"]; *Echinochloa cubensis* (Spreng.) Schult., Mant. 3(Add. 1): 596. 1827; *Panicum cubense* (Spreng.) Steud., Nomencl. Bot., ed. 2, 2: 225. 1841.

*Oplismenus loliaceus* (Lam.) P. Beauv., Ess. Agrostogr. 168, 170. 1812; *Panicum loliaceum* Lam., Tabl. Encycl. 1: 170. 1791.

Distribution: Native to Bahamas, Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (Guana, St. Croix, St. John, St. Thomas, Virgin Gorda), Lesser Antilles (Barbados, Grenada, Grenadines, Guadeloupe, Martinique, St. Lucia), Tobago, Trinidad, Margarita, United States, Mexico, Central America, and South America.

Common Names: Wood-grass (Bahamas), Cañamazo de monte, Pitillo, Yerba de San Jerónimo, Yerba San Jerónimo (Cuba), Carruzo, Yerba de madera, Yerba de maleza (Puerto Rico).

References: 1, 2, 3, 4, 5, 19, 30, 41, 45, 61, 131, 132, 151, 210, 254, 299, 323.

*Oplismenus hirtellus* (L.) P. Beauv. subsp. *setarius* (Lam.) Mez ex Ekman, Ark. Bot. 11(4): 26. 1912; *Panicum setarium* Lam.,

Tabl. Encycl. 1: 170. 1791; *Oplismenus setarius* (Lam.) Roem. & Schult., Syst. Veg. 2: 481. 1817.

Distribution: Native to Cuba, Hispaniola, Jamaica, Puerto Rico, Lesser Antilles (Antigua, Dominica, Guadeloupe, Martinique, Saba, St. Eustatius, St. Kitts, St. Lucia, St. Martin), Tobago, Trinidad, United States, Mexico, Central America, and South America.

References: 1, 2, 3, 5, 30, 254, 299.

*Oplismenus jamaicensis* Kunth = *Echinochloa crus-pavonis* (Kunth) Schult.

*Oplismenus loliaceus* (Lam.) P. Beauv. = *Oplismenus hirtellus* (L.) P. Beauv. subsp. *hirtellus*

*Oplismenus polystachyus* Kunth = *Echinochloa polystachya* (Kunth) Hitchc. var. *polystachya*

*Oplismenus setarius* (Lam.) Roem. & Schult. = *Oplismenus hirtellus* (L.) P. Beauv. subsp. *setarius* (Lam.) Mez ex Ekman

*Orthoclada laxa* (Rich.) P. Beauv., Ess. Agrostogr. 70, 149, 168. 1812; *Aira laxa* Rich., Actes Soc. Hist. Nat. Paris 1: 106. 1792.

Distribution: Native to Lesser Antilles (Guadeloupe, Martinique, St. Lucia, St. Vincent), Trinidad, Mexico, Central America, and South America.

References: 1, 151, 246, 299.

*Orthopogon cubensis* Spreng. = *Oplismenus hirtellus* (L.) P. Beauv. subsp. *hirtellus*

*Oryza latifolia* Desv., J. Bot. Agric. 1: 77. 1813.

Distribution: Native to Cuba, Hispaniola, Puerto Rico, Virgin Islands (St. Thomas), Trinidad, United States, Mexico, Central America, and South America.

Common Names: Arroz silvestre (Cuba), Arroz cimarrón (Dominican Republic).

References: 3, 5, 10, 30, 61, 123, 246, 297.

*Oryza perennis* Moench = *Oryza rufipogon* Griff.

*Oryza rufipogon* Griff., Not. Pl. Asiat. 3: 5. 1851.

*Oryza perennis* Moench, Methodus 197. 1794.

Distribution: Exotic in Cuba, Hispaniola, Lesser Antilles (Martinique), Mexico, Central America, and South America; native to Asia, Malesia, and Australia.

References: 3, 10, 151, 246, 254, 297.

*Oryza sativa* L., Sp. Pl. 333. 1753.

Distribution: Cultivated in Cuba, Hispaniola, Jamaica, Puerto Rico, Lesser Antilles (Barbados, Guadeloupe, Martinique, St. Lucia, St. Vincent), and Trinidad; cultivated throughout tropical and warm-temperate regions worldwide.

Common Names: Arroz, Arroz barbudo, Oriza (Cuba), Arroz (Dominican Republic), Duriz, Du riz blanc, Riz, Riz blanc, Riz du pays, Riz soleil (Haiti), Rice (Jamaica), Arroz, Rice (Puerto Rico).

References: 1, 2, 3, 5, 10, 61, 123, 131, 132, 297, 340.

*Dimorphostachys langei* E. Fourn., Mexic. Pl. 2: 14-15. 1886.  
Distribution: Native to Cuba, Hispaniola, United States, Mexico, Central America, and South America.  
References: 3, 151, 246, 254, 299.
- Paspalum laxum* Lam., Tabl. Encycl. 1: 176. 1791.  
*Paspalum floribundum* Desv., Mém. Soc. Agric. Angers 1: 162. 1831.  
*Paspalum glabrum* Poir. in J.B.A.P.M. de Lamarck, Encycl. 5: 30. 1804.  
*Paspalum helleri* Nash, Bull. Torrey Bot. Club 30: 376. 1903.
- Paspalum koleopodum* Steud., Syn. Pl. Glumac. 1: 18. 1853.  
*Paspalum milioides* Desv. ex Poir. in J.B.A.P.M. de Lamarck, Encycl. Suppl. 4: 315. 1816.  
*Paspalum rhizomatosum* Steud., Syn. Pl. Glumac. 1: 17. 1853.  
*Paspalum tenacissimum* Mez, Bot. Jahrb. Syst. 56(Beibl. 125): 11. 1921.  
Distribution: Native to Bahamas, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (Anegada, Guana, St. Croix, St. John, St. Thomas, Tortola, Virgin Gorda), Lesser Antilles (Anguilla, Antigua, Barbados, Barbuda, Dominica, Grenada, Guadeloupe, Désirade, Martinique, Nevis, Redonda, St. Kitts, St. Lucia), Trinidad, Aruba, Bonaire, Curaçao, southeastern United States, and Belize.  
Common Name: Matojo de arena (Puerto Rico).  
References: 1, 2, 3, 45, 61, 131, 150, 151, 156, 246, 254, 299, 479.
- Paspalum lenormandii* Husn. = *Paspalum orbiculatum* Poir.
- Paspalum lentiginosum* J. Presl = *Paspalum millegrana* Schrad.
- Paspalum leoninum* Chase = *Paspalum rupestre* Trin.
- Paspalum leptocaulon* Nash = *Paspalum filiforme* Sw.
- Paspalum leucocheilum* C. Wright = *Paspalum virgatum* L.
- Paspalum lindenianum* A. Rich. in R. de la Sagra, Hist. Fis. Cuba, Bot. 11: 299. 1850.  
*Paspalum longifolium* Steud., Syn. Pl. Glumac. 1: 21. 1853.  
Distribution: Endemic to West Indies; native to Cuba, Hispaniola, and Jamaica.  
Common Names: Espartillo, Rabo de gato (Cuba), Pajón (Dominican Republic).  
References: 2, 3, 30, 123, 151, 246, 254, 299, 314.
- Paspalum lineare* Trin., Gram. Panic. 99. 1826.  
Distribution: Native to Cuba, Hispaniola, Mexico, Central America, and South America.  
References: 3, 246, 254, 299.
- Paspalum lividum* Trin. ex Schldt. = *Paspalum denticulatum* Trin.
- Paspalum lloydii* Nash = *Paspalum nutans* Lam.
- Paspalum longifolium* Steud. = *Paspalum lindenianum* A. Rich.
- Paspalum macrophyllum* Kunth in F.W.H.A. von Humboldt, A.J.A. Bonpland & C.S. Kunth, Nov. Gen. Sp. (quarto ed.) 1: 92. 1816.  
Distribution: Exotic in Puerto Rico; native to South America.  
References: 151, 254, 299.
- Paspalum malacophyllum* Trin., Sp. Gram. 3(23): t. 271. 1830.  
Distribution: Exotic in Puerto Rico; native to South America.  
References: 151, 254.
- Paspalum maritimum* Trin., Mém. Acad. Imp. Sci. Saint-Petersbourg, ser. 6, Sci. Math., Seconde Pt. Sci. Nat. 3, 1(2-3): 148. 1834.  
Distribution: Native to Cuba and South America.  
References: 3, 6, 151, 156, 160, 246, 254, 299.  
Note: Cited by Liogier & Martorell (6) for Puerto Rico. However, this record is based on a misidentification of a specimen of *Paspalum macrophyllum* Kunth fide Axelrod (160).
- Paspalum melanospermum* Desv. ex Poir. in J.B.A.P.M. de Lamarck, Encycl. Suppl. 4: 315. 1816.  
*Paspalum olivaceum* Hitchc. & Chase, Contr. U.S. Natl. Herb. 18: 310. 1917.  
Distribution: Native to Cuba, Puerto Rico, Lesser Antilles (Grenada, Guadeloupe, Martinique), and South America.  
References: 1, 3, 61, 246, 254, 299.
- Paspalum milioides* Desv. ex Poir. = *Paspalum laxum* Lam.
- Paspalum millegrana* Schrad., Mant. 2: 175. 1824.  
*Paspalum lentiginosum* J. Presl, Reliq. Haenk. 1(4-5): 218. 1830.

- Paspalum underwoodii* Nash, Bull. Torrey Bot. Club 30: 375. 1903.  
Distribution: Native to Bahamas, Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Lesser Antilles (Antigua, Barbados, Dominica, Guadeloupe, St. Lucia), Tobago, Trinidad, United States, Mexico, Central America, and South America.  
Common Names: Caguante, Caguazo (Cuba), Pajón (Dominican Republic), Cortadora, Paja brava (Puerto Rico).  
References: 1, 2, 3, 4, 5, 30, 45, 61, 123, 131, 132, 151, 246, 299.
- Paspalum minus* E. Fourn., Mexic. Pl. 2: 6. 1886.  
Distribution: Native to Cuba, Hispaniola, Jamaica, Puerto Rico, United States, Mexico, Central America, and South America.  
Common Name: Cañamaz de sabana (Cuba).  
References: 2, 3, 61, 132, 156, 246, 254, 299.
- Paspalum molle* Poir. in J.B.A.P.M. de Lamarck, Encycl. 5: 34. 1804.  
*Paspalum corcovadense* sensu Urb, Symb. Antill. 4: 83. 1903, non Raddi.  
*Paspalum portoricense* Nash, Bull. Torrey Bot. Club 30: 377. 1903.  
Distribution: Native to Bahamas, Puerto Rico, Virgin Islands (Guana, St. John, St. Thomas), Lesser Antilles (Antigua, Dominica, Guadeloupe), United States, and South America.  
Common Name: Yerba menuda (Puerto Rico).  
References: 1, 19, 30, 45, 61, 151, 246, 299.
- Paspalum motembense* León, Bull. Torrey Bot. Club 53: 457. 1926.  
Distribution: Endemic to Cuba.  
References: 3, 39, 156, 246, 299.  
Note: Considered threatened by the Red List of the Vascular Flora of Cuba (39).
- Paspalum multicaule* Poir. in J.B.A.P.M. de Lamarck, Encycl. Suppl. 4: 309. 1816.  
Distribution: Native to Cuba, Hispaniola, Trinidad, Mexico, Central America, and South America.  
References: 3, 151, 246, 254, 299.
- Paspalum nanum* C. Wright ex Griseb., Cat. Pl. Cub. 230. 1866.  
Distribution: Endemic to Cuba.  
References: 3, 246, 299.
- Paspalum nesioties* Chase, Contr. U.S. Natl. Herb. 28: 117. 1929.  
Distribution: Endemic to West Indies; native to Cuba and Lesser Antilles (Martinique, St. Lucia).  
References: 1, 246, 299, 484.

*Pennisetum orientale* Rich. var. *triflorum* (Nees ex Steud.) Stapf = *Cenchrus orientalis* (Rich.) Morrone subsp. *triflorum* (Nees ex Steud.) Acev.-Rodr. & M.T. Strong

*Pennisetum polystachion* (L.) Schult. = *Cenchrus polystachios* (L.) Morrone

*Pennisetum purpureum* Schumach. = *Cenchrus purpureus* (Schumach) Morrone

*Pennisetum ruppellii* Steud. = *Cenchrus setaceus* (Forssk.) Morrone

*Pennisetum setaceum* (Forssk.) Chiov. = *Cenchrus setaceus* (Forssk.) Morrone

*Pennisetum setosum* (Sw.) Rich. = *Cenchrus polystachios* (L.) Morrone

*Pennisetum villosum* R. Br. ex Fresen. = *Cenchrus longisetus* M.C. Johnst.

*Perotis cubana* C. Wright = *Chaetium cubanum* (C. Wright) Hitchc.

*Phalaris canariensis* L., Sp. Pl. 54. 1753.

Distribution: Exotic in Cuba, United States, and South America; native to Africa.

Common Name: Alpiste (Cuba).

References: 3, 10, 159, 246, 300.

*Phalaris caroliniana* Walter, Fl. Carol. 74. 1788.

Distribution: Naturalized in Puerto Rico; native to United States.

References: 151, 159, 300.

*Phalaris zizanioides* L. = *Vetiveria zizanioides* (L.) Nash ex Small

*Pharus brasiliensis* Raddi = *Pharus lappulaceus* Aubl.

*Pharus glaber* Kunth = *Pharus lappulaceus* Aubl.

*Pharus lancifolius* Desv. ex Ham. = *Pharus lappulaceus* Aubl.

*Pharus lappulaceus* Aubl., Hist. Pl. Guiane 2: 859. 1775.

*Pharus brasiliensis* Raddi, Agrostogr. Bras. 21. 1823.

*Pharus glaber* Kunth in F.W.H.A. von Humboldt, A.J.A. Bonpland & C.S. Kunth, Nov. Gen. Sp. (quarto ed.) 1: 196. 1816.

*Pharus lancifolius* Desv. ex Ham., Prodr. Pl. Ind. Occid. 8. 1825.

Distribution: Native to Cuba, Hispaniola, Puerto Rico, Virgin Islands (St. Croix, St. John, Tortola), Lesser Antilles (Barbados, Dominica, Marie Galante, Martinique, Montserrat, Saba, St. Eustatius, St. Kitts, St. Lucia, St. Vincent), Mexico, Central America, and South America.

Common Names: Friega platos, Pega-pollo (Dominican Republic), Cadillo de perro (Dominican Republic).

References: 1, 2, 3, 5, 10, 19, 30, 61, 123, 150, 151, 254, 297, 310.

*Pharus latifolius* L., Syst. Nat., ed. 10, 1269. 1759.

*Pharus ovalifolius* Desv. ex Ham., Prodr. Pl. Ind. Occid. 8. 1825.

Distribution: Native to Cuba, Hispaniola, Jamaica, Puerto Rico, Lesser Antilles (Barbados, Grenada, Guadeloupe, Marie Galante, Martinique), Tobago, Trinidad, Margarita, Mexico, Central America, and South America.

Common Names: Cadillo de perro, Pega pollo (Dominican Republic), Cortadora, Lamedora (Puerto Rico).

References: 1, 2, 3, 5, 10, 30, 61, 123, 131, 246, 254, 297, 323, 340.

*Pharus ovalifolius* Desv. ex Ham. = *Pharus latifolius* L.

*Pharus parvifolius* Nash, Bull. Torrey Bot. Club 35: 301. 1908, subsp. *parvifolius*

Distribution: Native to Cuba, Hispaniola, Jamaica, Puerto Rico, Tobago, Trinidad, Mexico, Central America, and South America.

Common Name: Guizado de perro (Cuba).

References: 2, 3, 5, 10, 61, 150, 151, 156, 297.

- Pharus parvifolius* Nash subsp. *elongatus* Judz., Ann. Missouri Bot. Gard. 72: 874. 1985.  
Distribution: Exotic in Hispaniola and Jamaica; native to Mexico, Central America, and South America.  
References: 151, 297.
- Pharus virescens* Döll. in C.F.P. von Martius, Fl. Bras. 2(2): 21. 1871.  
Distribution: Exotic in Hispaniola; native to Central America and South America.  
References: 151, 254, 297.
- Phleum pratense* L., Sp. Pl. 59. 1753.  
Distribution: Exotic in Jamaica, United States, Central America, and South America; native to Europe, Africa, and Asia.  
References: 159, 246, 300.
- Phragmites australis* (Cav.) Steud., Nomencl. Bot., ed. 2, 1: 143. 1840; *Arundo australis* Cav., Anales Hist. Nat. 1: 100. 1799.  
*Phragmites martinicensis* Trin. ex Steud., Nomencl. Bot., ed. 2, 2: 324. 1841.  
*Phragmites phragmites* (L.) Speg., Anales Mus. Nac. Hist. Nat. Buenos Aires 7: 194. 1902; *Arundo phragmites* L., Sp. Pl. 81. 1753; *Phragmites phragmites* (L.) H. Karst., Anales Mus. Nac. Hist. Nat. Buenos Aires 7: 194. 1902.  
*Phragmites vulgaris* (Lam.) Crép., Man. Fl. Belgique, ed. 2, 345. 1866; *Arundo vulgaris* Lam., Fl. Franc. 3: 615. 1779 ["1778"].  
Distribution: Naturalized in Bahamas, Hispaniola, Jamaica, Puerto Rico, Lesser Antilles (Guadeloupe, Martinique, St. Lucia), Tobago, United States, Mexico, Central America, and South America; native to Old World.  
Common Names: Tibicí (Dominican Republic), Tibisí (Dominican Republic), Carrizo (Dominican Republic), Reed (Jamaica), Caña de indio, Caña de pantano (Puerto Rico).  
References: 1, 2, 5, 30, 45, 61, 123, 131, 151, 159, 246, 254, 299.  
Note: Probably most referable to *Phragmites australis* (Cav.) Steud. subsp. *herlandieri* (E. Fourn.) Saltonst. & Hauber  
*Phragmites martinicensis* Trin. ex Steud. = *Phragmites australis* (Cav.) Steud.  
*Phragmites phragmites* (L.) H. Karst. = *Phragmites australis* (Cav.) Steud.  
*Phragmites phragmites* (L.) Speg. = *Phragmites australis* (Cav.) Steud.  
*Phragmites vulgaris* (Lam.) Crép. = *Phragmites australis* (Cav.) Steud.
- Phyllostachys bambusoides* Siebold & Zucc., Abh. Math.-Phys. Cl. Königl. Bayer. Akad. Wiss. 3: 746. 1843.  
Distribution: Exotic in Puerto Rico, United States, Mexico, Central America, and South America; native to Asia.  
References: 151, 159, 254, 297.
- Phyllostachys meyeri* McClure, J. Wash. Acad. Sci. 35: 286. 1945.  
Distribution: Exotic in Cuba, Puerto Rico and United States; native to China.  
References: 151, 159, 224, 254, 297.  
Note: Considered an invasive species by CeNPIO.
- Piptatherum confine* Schult. = *Arundinella hispida* (Humb. & Bonpl. ex Willd.) Kuntze  
*Piptatherum setosum* A. Rich. = *Eriochloa setosa* (A. Rich.) Hitchc. var. *setosa*
- \**Presiella strephioides* (Griseb.) Judz., Zuloaga & Morrone, Ann. Missouri Bot. Gard. 80: 857. 1993; *Olyra strephioides* Griseb., Cat. Pl. Cub. 229. 1866; *Mniochloa strephioides* (Griseb.) Chase, Proc. Biol. Soc. Wash. 21: 186. 1908.  
Distribution: Endemic to Cuba.  
References: 3, 10, 156, 297, 320.
- Pleioblastus viridistriatus* (Regel) Makino, J. Jap. Bot. 3(3): 11. 1926; *Bambusa viridistriata* Regel Index Seminum (St. Petersburg) 1866: 77. 1867; *Arundinaria viridistriata* (Regel) Makino ex Nakai, J. Jap. Bot. 10: 568. 1934.  
*Arundinaria auricomma* Mitford, Bamb. Gard. 101. 1896.  
Distribution: Exotic in Puerto Rico; naturalized in Japan; origin uncertain.  
References: 151, 159, 160, 254, 297.
- Poa acutiflora* Kunth = *Eragrostis acutiflora* (Kunth) Nees  
*Poa amabilis* L. = *Eragrostis uniolooides* (Retz.) Nees ex Steud.  
*Poa annua* L., Sp. Pl. 68. 1753.  
Distribution: Exotic in Cuba, Hispaniola, Jamaica, Puerto Rico, Lesser Antilles (Guadeloupe), United States, Mexico, Central America, and South America; native to Old World.  
References: 2, 3, 5, 151, 159, 246, 254, 300.
- Poa atrovirens* Desf. = *Eragrostis atrovirens* (Desf.) Trin. ex Steud.  
*Poa carinata* Poir. = *Eragrostis hypnoides* (Lam.) Britton, Sterns & Poggenb.  
*Poa charis* Schult. = *Eragrostis atrovirens* (Desf.) Trin. ex Steud.  
*Poa cilianensis* All. = *Eragrostis cilianensis* (All.) Vignolo ex Janch.  
*Poa ciliaris* L. = *Eragrostis ciliaris* (L.) R. Br.  
*Poa compressa* L., Sp. Pl. 69. 1753.  
Distribution: Exotic in Hispaniola, Jamaica, United States, and Argentina; native to Europe, Africa, and Asia.  
References: 2, 5, 30, 151, 159, 246, 254, 300.
- Poa domingensis* Pers. = *Eragrostis prolifera* (Sw.) Steud.

- Saccharum sagittatum* Aubl. = *Gynerium sagittatum* (Aubl.) P. Beauv. var. *sagittatum*
- Saccharum spontaneum* L., Mant. Pl. 2: 183. 1771.  
Distribution: Exotic in Cuba, Puerto Rico, and Central America; native to Europe, Africa, Asia, and Malesia.  
Common Names: Caña (Cuba), Caña de azúcar silvestre (Puerto Rico).  
References: 10, 131, 151, 159, 254, 299.
- Sacciolepis indica* (L.) Chase, Proc. Biol. Soc. Wash. 21: 8. 1908; *Aira indica* L., Sp. Pl. 63. 1753.  
Distribution: Exotic in Lesser Antilles (Guadeloupe), Trinidad, United States, Central America, and South America; native to Africa, Asia, Malesia, Australia, and Pacific region.  
References: 1, 151, 159, 299.
- Sacciolepis myuros* (Lam.) Chase, Proc. Biol. Soc. Wash. 21: 7. 1908; *Panicum myuros* Lam., Tabl. Encycl. 1: 172. 1791.  
Distribution: Native to Cuba, Trinidad, Hispaniola, Mexico, Central America, and South America.  
References: 3, 151, 254, 299.
- Sacciolepis striata* (L.) Nash, Bull. Torrey Bot. Club 30: 383. 1903; *Holcus striatus* L., Sp. Pl. 1048. 1753.  
*Hymenachne striata* (Lam.) Griseb., Fl. Brit. W. I. 554. 1864; *Panicum striatum* Lam., Tabl. Encycl. 1: 172. 1791.  
Distribution: Native to Cuba, Hispaniola, Jamaica, Puerto Rico, Trinidad, United States, Mexico, Central America, and South America.  
Common Name: Yerba de pantano (Puerto Rico).  
References: 2, 3, 5, 30, 36, 61, 131, 151, 254, 299.
- Sacciolepis vilvooides* (Trin.) Chase, Proc. Biol. Soc. Wash. 21: 7. 1908; *Panicum vilvooides* Trin., Gram. Panic. 171. 1826.  
Distribution: Native to Cuba and South America.  
References: 3, 151, 159, 299.
- \**Saugetia fasciculata* Hitchc. & Chase, Contr. U.S. Natl. Herb. 18: 378. 1917.  
Distribution: Endemic to Greater Antilles; native to Cuba and Hispaniola.  
Common Names: Hierba de los hermanos (Cuba), Pajón (Dominican Republic).  
References: 3, 10, 123, 246, 254, 298, 320.
- \**Saugetia pleiostachya* Hitchc. & Ekman, Man. Grasses W. Ind. 123. 1936.  
Distribution: Endemic to Cuba.  
References: 3, 8, 10, 39, 246, 298, 320.  
Note: Considered threatened by the Red List of the Vascular Flora of Cuba (39).
- Schedonorus arundinaceus* (Schreb.) Dumort., Observ. Gramin. Belg. 106. 1824.  
*Festuca elatior* L., Sp. Pl. 75. 1753.  
Distribution: Exotic in Jamaica, Hispaniola, United States, Mexico, Central America, and South America; native to Europe and Asia.  
References: 151, 159, 254, 300.
- Schizachyrium brevifolium* (Sw.) Nees, Enum. Pl. 1: 488. 1833; *Andropogon brevifolius* Sw., Prodr. 26. 1788.  
*Andropogon obtusifolius* Poir. in J.B.A.P.M. de Lamarck, Encycl. Suppl. 1: 583. 1811.  
Distribution: Native to Cuba, Hispaniola, Jamaica, Puerto Rico, Lesser Antilles (Barbados), Trinidad, Mexico, Central America, and South America.  
Common Names: Cerillo dulce, Paja de colchón, Serillo dulce (Puerto Rico).  
References: 1, 2, 3, 5, 10, 30, 61, 131, 151, 246, 249, 254, 299.
- Schizachyrium condensatum* (Kunth) Nees in C.F.P. von Martius, Fl. Bras. Enum. Pl. 2: 333. 1829; *Andropogon condensatus* Kunth in F.W.H.A. von Humboldt, A.J.A. Bonpland & C.S. Kunth, Nov. Gen. Sp. (quarto ed.) 1: 188. 1816.  
Distribution: Native to Lesser Antilles (Dominica, Grenada, Martinique, St. Lucia, St. Vincent), Tobago, Trinidad, Mexico, Central America, and South America.  
References: 1, 246, 254, 299.
- Schizachyrium cubense* (Hack.) Nash, N. Amer. Fl. 17(2): 109. 1912; *Andropogon cubensis* Hack., Flora 68: 121. 1885; *Sorghum cubense* (Hack.) Kuntze, Revis. Gen. Pl. 2: 791. 1891.  
Distribution: Endemic to Cuba.  
References: 3, 10, 246, 299.
- Schizachyrium curassavicum* Nash = *Schizachyrium malacostachyum* (J. Presl) Nash
- Schizachyrium domingense* (Spreng. ex Schult.) Nash = *Schizachyrium sanguineum* (Retz.) Alston var. *sanguineum*
- Schizachyrium gracile* (Spreng.) Nash, Fl. S.E. U.S. 60. 1903, var. *gracile*; *Andropogon gracilis* Spreng., Syst. Veg., ed. 16, 1: 284. 1824 ["1825"].  
Distribution: Native to Bahamas, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (St. Croix), Lesser Antilles (Guadeloupe), and southeastern United States.  
Common Names: Espartillo (Dominican Republic), Aceitilla (Dominican Republic), Pajón hembra (Puerto Rico).  
References: 1, 2, 3, 5, 10, 30, 45, 61, 123, 131, 132, 246, 299.
- Schizachyrium gracile* (Spreng.) Nash var. *firmior* (Hitchc.) J. Jiménez Alm., Anales Acad. Ci. Republ. Dominicana, Bot. 1: 111. 1975; *Andropogon gracilis* Spreng. var. *firmior* Hitchc., Man. Grasses W. Ind. 389. 1936.  
Distribution: Endemic to Hispaniola.  
References: 246, 299.
- Schizachyrium hirtiflorum* Nees = *Schizachyrium sanguineum* (Retz.) Alston var. *sanguineum*
- Schizachyrium malacostachyum* (J. Presl) Nash, N. Amer. Fl. 17(2): 102. 1912; *Andropogon malacostachyus* J. Presl, Reliq. Haenk. 1(4-5): 337. 1830.  
*Schizachyrium curassavicum* Nash, Torreya 13: 273. 1913.

- Distribution: Native to Cuba, Hispaniola, Curaçao, Central America, and South America.  
References: 3, 10, 151, 254, 299, 479.
- Schizachyrium microstachyum* (Desv. ex Ham.) Roseng., B.R. Arrill. & Izag., Bol. Fac. Agron. Univ. Montevideo 103: 35. 1968; *Andropogon microstachyus* Desv. ex Ham., Prodr. Pl. Ind. Occid. 8. 1825.  
Distribution: Native to Lesser Antilles (Dominica, Grenada, Guadeloupe, Martinique, St. Lucia, St. Vincent), Tobago, Trinidad, Mexico, Central America, and South America.  
References: 1, 151, 254, 299.
- Schizachyrium multinervosum* Nash, N. Amer. Fl. 17(2): 109. 1912; *Andropogon multinervosus* (Nash) Hitchc. & Chase, Contr. U.S. Natl. Herb. 18: 280. 1917.  
Distribution: Endemic to Cuba.  
References: 3, 10, 156, 299.
- Schizachyrium parvifolium* (Hitchc.) Borhidi & Catasús, Acta Bot. Acad. Sci. Hung. 26: 256. 1981 ["1980"]; *Andropogon parvifolius* Hitchc., Man. Grasses W. Ind. 391. 1936.  
Distribution: Endemic to Cuba.  
References: 3, 10, 39, 299.  
Note: Considered threatened by the Red List of the Vascular Flora of Cuba (39).
- Schizachyrium reedii* (Hitchc. & Ekman) Borhidi & Catasús, Acta Bot. Acad. Sci. Hung. 26: 258. 1981 ["1980"]; *Andropogon reedii* Hitchc. & Ekman, Man. Grasses W. Ind. 390. 1936.  
Distribution: Endemic to Cuba.  
References: 3, 10, 246, 299.
- Schizachyrium salzmannii* (Trin. ex Steud.) Nash, N. Amer. Fl. 17(2): 104. 1912; *Rottboellia salzmannii* Trin. ex Steud., Syn. Pl. Glumac. 1: 361. 1854.  
Distribution: Native to Lesser Antilles (Guadeloupe, Martinique), Mexico, Central America, and South America.  
References: 1, 151, 246, 299.
- Schizachyrium sanguineum* (Retz.) Alston, Handb. Fl. Ceylon 6(Suppl.): 334. 1931, var. *sanguineum*; *Rottboellia sanguinea* Retz., Observ. Bot. 3: 25. 1783.  
*Andropogon hirtiflorus* (Nees) Kunth, Révis. Gramin. 569. 1832.  
*Andropogon semiberbis* (Nees) Kunth var. *incertus* Hack., Monogr. Phan. 6: 370. 1889.
- Schizachyrium semiberbe* Nees in C.F.P. von Martius, Fl. Bras. Enum. Pl. 2(1): 336. 1829; *Andropogon semiberbis* (Nees) Kunth, Enum. Pl. 1: 489. 1833.
- Schizachyrium domingense* (Spreng. ex Schult.) Nash, N. Amer. Fl. 17(2): 103. 1912; *Streptachne domingensis* Spreng. ex Schult., Mant. 2: 188. 1824; *Andropogon domingensis* (Spreng. ex Schult.) F.T. Hubb., Proc. Amer. Acad. Arts 49: 493. 1913; *Aristida domingensis* (Spreng. ex Schult.) Kunth, Révis. Gramin. 62. 1829.
- Schizachyrium hirtiflorum* Nees in C.F.P. von Martius, Fl. Bras. Enum. Pl. 2(1): 334. 1829.
- Schizachyrium sanguineum* (Retz.) Alston var. *oligostachyum* (Chapm.) S.L. Hatch, Brittonia 30: 496. 1978.  
Distribution: Native to Bahamas, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (St. Croix), Trinidad, United States, Mexico, Central America, and South America.  
References: 2, 3, 10, 19, 45, 50, 61, 151, 152, 246, 254, 299.
- Schizachyrium sanguineum* (Retz.) Alston var. *brevipedicellatum* (Beal) S.L. Hatch, Brittonia 30: 496. 1978; *Andropogon hirtiflorus* (Nees) Kunth var. *brevipedicellatus* Beal, Grass. N. Amer. 2: 44. 1896.  
Distribution: Native to Cuba, Jamaica, Puerto Rico, United States, Mexico, Central America, and South America.  
References: 151, 254, 299.
- Schizachyrium sanguineum* (Retz.) Alston var. *oligostachyum* (Chapm.) S.L. Hatch = *Schizachyrium sanguineum* (Retz.) Alston var. *sanguineum*
- Schizachyrium semiberbe* Nees = *Schizachyrium sanguineum* (Retz.) Alston var. *sanguineum*
- Schizachyrium tenerum* Nees in C.F.P. von Martius, Fl. Bras. Enum. Pl. 2(1): 336. 1829; *Andropogon tener* (Nees) Kunth, Révis. Gramin. 565. 1832.  
Distribution: Native to Cuba, Hispaniola, Jamaica, Puerto Rico, United States, Mexico, Central America, and South America.  
References: 2, 3, 5, 6, 10, 30, 151, 246, 254, 299.
- Schizostachyum funghomii* McClure, Lingnan Sci. J. 14(4): 585. 1935.  
Distribution: Exotic in Puerto Rico; native to China.  
References: 159, 254, 297.
- \**Scutachne amphistemom* (C. Wright) Hitchc. & Chase, Proc. Biol. Soc. Wash. 24: 149. 1911; *Panicum amphistemom* C. Wright in F.A. Sauvalle, Anales Acad. Ci. Méd. Habana 8: 207. 1871.  
Distribution: Endemic to Cuba.  
References: 3, 156, 299.
- \**Scutachne dura* (Griseb.) Hitchc. & Chase, Proc. Biol. Soc. Wash. 24: 149. 1911; *Panicum durum* Griseb., Pl. Wright. 2: 533. 1862.  
Distribution: Endemic to Greater Antilles; native to Cuba, Hispaniola, and Jamaica.  
Common Name: Z'herbe sit (Haiti).  
References: 2, 3, 5, 30, 151, 299.
- Senites haitiensis* (Pilg.) Hitchc. & Chase = *Zeugites americanus* Willd. var. *mexicanus* (Kunth) McVaugh
- Senites zeugites* (L.) Nash = *Zeugites americanus* Willd. var. *americanus*
- Setaria adhaerens* (Forssk.) Chiov., Nuovo Giorn. Bot. Ital. 26: 77. 1919; *Panicum adhaerens* Forssk., Fl. Aegypt.-Arab. 20. 1775.
- Setaria verticillata* (L.) P. Beauv., Ess. Agrostogr. 51, 171, 178. 1812.  
Distribution: Native to Bahamas, Cuba, Hispaniola, Curaçao, United States, Mexico, South America, and Old World.  
References: 3, 45, 151, 159, 246, 254, 299, 479.
- Setaria barbata* (Lam.) Kunth, Révis. Gramin. 47. 1829; *Panicum barbatum* Lam., Tabl. Encycl. 1: 171. 1791; *Chaetochloa barbata* (Lam.) Hitchc. & Chase, Contr. U.S. Natl. Herb. 18: 348. 1917.  
Distribution: Exotic in Hispaniola, Jamaica, Puerto Rico, Lesser Antilles (Antigua, Barbados, Dominica, Grenada, Guadeloupe, Martinique, St. Lucia, St. Vincent), Tobago, Trinidad, United States, Central America, and South America; native to Africa, Asia, and Malesia.  
Common Names: Corn grass (Jamaica), Palmilla, Rabo de foca, Rabo de zorra, Yerba María (Puerto Rico).  
References: 1, 2, 5, 30, 61, 131, 159, 246, 254, 299.
- Setaria biconvexa* Griseb. = *Setaria tenax* (Rich.) Desv.
- Setaria chapmanii* (Vasey) Pilg. = *Paspalidium chapmanii* (Vasey) R.W. Pohl
- Setaria corrugata* (Elliott) Schult., Mant. 2: 276. 1824; *Panicum corrugatum* Elliott, Sketch Bot. S. Carolina 1(2): 113. 1816.  
*Chaetochloa hispida* Scribn. & Merr., U.S.D.A. Div. Bot. Bull. 21: 25, f. 13. 1900.  
Distribution: Native to Cuba, Hispaniola, and United States.  
References: 3, 151, 152, 299.
- Setaria distantiflora* (A. Rich.) Pilg. in H.G.A. Engler & K.A.E. Prantl, Nat. Pflanzenfam., ed. 2, 14e: 72. 1940; *Panicum distantiflorum* A. Rich. in R. de la Sagra, Hist. Fis. Cuba, Bot. 11: 304. 1850.  
Distribution: Endemic to West Indies; native to Bahamas, Cuba, Bonaire, and Curaçao.

Common Name: Narrow panic-grass (Bahamas).

References: 3, 30, 45, 151, 246, 254, 299, 479.

*Setaria elongata* Spreng. ex Schult. = *Setaria setosa* (Sw.) P. Beauv. var. *setosa*

*Setaria geniculata* (Lam.) P. Beauv. = *Setaria parviflora* (Poir.) Kerguélen

*Setaria geniculata* (Lam.) P. Beauv. var. *purpurascens* (Kunth) Urb. = *Setaria parviflora* (Poir.) Kerguélen

*Setaria glauca* (L.) P. Beauv. = *Cenchrus americanus* (L.) Morrone

*Setaria italica* (L.) P. Beauv., Ess. Agrostogr. 51, 170, 178. 1812.

Distribution: Exotic in Cayman Islands, Cuba, Virgin Islands (St. Croix), Lesser Antilles (Martinique), United States, and South America; native to Europe, Africa, and Asia.

References: 1, 3, 4, 151, 159, 254, 299.

*Setaria leiophylla* (Nees) Kunth = *Setaria setosa* (Sw.) P. Beauv. var. *leiophylla* (Nees) Arechav.

*Setaria leonis* (Ekman ex Hitchc.) León, Fl. Cuba 1: 163. 1946; *Panicum leonis* Ekman ex Hitchc., Man. Grasses W. Ind. 295. 1936.

Distribution: Endemic to Greater Antilles; native to Bahamas, Cuba, and Hispaniola.

References: 3, 151, 246, 254, 299.

*Setaria lutescens* (Weigel ex Stuntz) F.T. Hubb. = *Setaria pumila* (Poir.) Roem. & Schult.

*Setaria macrosperma* (Scribn. & Merr.) K. Schum., Just's Bot. Jahresber. 28: 417. 1902; *Chaetochloa macrosperma* Scribn. & Merr., U.S.D.A. Div. Bot. Bull. 21: 33, f. 18. 1900.

Distribution: Exotic in Bahamas; native to United States and Mexico. Common Name: Large foxtail grass (Bahamas).

References: 45, 151, 299.

*Setaria macrostachya* Kunth in F.W.H.A. von Humboldt, A.J.A. Bonpland & C.S. Kunth, Nov. Gen. Sp. (quarto ed.) 1: 110. 1816. Distribution: Native to Cuba, Hispaniola, Puerto Rico, Lesser Antilles (Guadeloupe), United States, Mexico, Central America, and South America. References: 3, 151, 299.

*Setaria magna* Griseb., Fl. Brit. W. I. 554. 1864; *Chaetochloa magna* (Griseb.) Scribn., Bull. Div. Agrostol., U.S.D.A. 4: 39. 1897.

Distribution: Native to Cuba, Jamaica, Puerto Rico, Lesser Antilles (Guadeloupe, Martinique), United States, Mexico, Central America, and South America.

References: 1, 2, 3, 61, 159, 246, 299.

*Setaria onurus* Griseb. = *Setaria setosa* (Sw.) P. Beauv. var. *setosa*

*Setaria ophiticola* (Hitchc. & Ekman) León = *Paspalidium ophiticola* (Hitchc. & Ekman) Davidse & R.W. Pohl

*Setaria palmifolia* (J. Koenig) Stapf, J. Linn. Soc., Bot. 42: 186. 1914. *Setaria paniculifera* (Steud.) E. Fourn. ex Hemsl., Biol. Cent.-Amer., Bot. 3(18): 505. 1885.

Distribution: Exotic in Cuba, Hispaniola, Jamaica, Puerto Rico, Lesser Antilles (Dominica, Grenada, Guadeloupe, Martinique, St. Lucia, St. Vincent), Tobago, United States, Central America, and South America; native to Asia and Malesia.

Common Names: Millo de Hungría (Cuba), Palmito (Dominican Republic), Palmilla, Yerba de palma (Puerto Rico).

References: 1, 2, 123, 131, 132, 151, 159, 299.

*Setaria paniculifera* (Steud.) E. Fourn. ex Hemsl. = *Setaria palmifolia* (J. Koenig) Stapf

*Setaria paractaenoides* (Trin.) Urb. = *Setaria setosa* (Sw.) P. Beauv. var. *setosa*

*Setaria parviflora* (Poir.) Kerguélen, Lejeunia, n.s. 120: 161. 1987; *Cenchrus parviflorus* Poir. in J.B.A.P.M. de Lamarck, Encycl. 6: 52. 1804.

*Setaria geniculata* (Lam.) P. Beauv., Ess. Agrostogr. 51, 169. 1812; *Panicum geniculatum* Lam., Encycl. 4: 727. 1798; *Chaetochloa geniculata* (Lam.) Millsp. & Chase, Publ. Field Columbian Mus., Bot. Ser., 3(1): 37. 1903; *Setaria glauca* (L.) P. Beauv. var. *geniculata* (Lam.) Urb., Symb. Antill. 4: 96. 1903.

- Syntherisma villosum* Walter = *Digitaria villosa* (Walter) Pers.
- Tarigidia axelrodii* A.S. Vega & Rúgolo, Syst. Bot. 35: 96. 2010. Distribution: Endemic to Puerto Rico. Reference: 149.
- Themeda arguens* sensu Catasús & Herrera = *Themeda quadrivalvis* (L.) Kuntze
- Themeda arguens* (L.) Hack., Monogr. Phan. 6: 657. 1889. Distribution: Exotic in Jamaica, Lesser Antilles (Barbados), and Puerto Rico; native to tropical Asia, Malesia, and Australia. Common Names: Christmas grass, Piano grass (Jamaica). References: 1, 2, 246, 254, 299.
- Themeda quadrivalvis* (L.) Kuntze, Revis. Gen. Pl. 2: 794. 1891; *Andropogon quadrivalvis* L., Syst. Veg., ed. 13, 758. 1774.
- Themeda arguens* sensu Catasús & Herrera, Acta Bot. Cub. 35: 2. 1985. Distribution: Exotic in Cuba, Hispaniola, Jamaica, Lesser Antilles (Barbados, Guadeloupe, Martinique), United States, and Argentina; native to tropical Asia.
- Common Names: Yerba americana (Cuba), Arroccillo, Yerba francesa (Dominican Republic), Herbe Dame Michel, Herbe Madame Michel, Madame Michel, Z'herbe Madame Michel (Haiti).
- References: 1, 2, 3, 5, 10, 30, 123, 132, 151, 159, 246, 299.
- Thysanolaena latifolia* (Roxb. ex Hornem.) Honda, J. Fac. Sci. Univ. Tokyo, Sect. 3, Bot. 3(1): 312. 1930.
- Agrostis maxima* Roxb., Fl. Ind. 1: 319. 1820; *Thysanolaena maxima* (Roxb.) Kuntze, Revis. Gen. Pl. 2: 794. 1891.
- Distribution: Exotic in Cuba and Lesser Antilles (St. Lucia); native to Asia and Malesia.
- References: 1, 3, 10, 299, 300.
- Thysanolaena maxima* (Roxb.) Kuntze = *Thysanolaena latifolia* (Roxb. ex Hornem.) Honda
- Trachypogon filifolius* sensu León = *Trachypogon macroglossus* Trin.
- Trachypogon gouinii* E. Fourn. = *Trachypogon spicatus* (L. f.) Kuntze
- Trachypogon ligularis* Nees = *Trachypogon spicatus* (L. f.) Kuntze
- Trachypogon macroglossus* Trin., Mém. Acad. Imp. Sci. Saint-Petersbourg, Sér. 6, Sci. Math., Seconde Pt. Sci. Nat. 2: 257. 1832.
- Trachypogon filifolius* sensu León, Fl. Cuba 1: 180. 1946, non (Hack.) Hitchc.
- Trachypogon polymorphus* Hack. var. *filifolius* Hack. in C.F.P. von Martius, Fl. Bras. 2(3): 642. 1883.
- Trachypogon renvoizei* Catasús, Fontqueria 44: 144. 1996. Distribution: Native to Cuba, Puerto Rico, and South America. References: 3, 10, 151, 156, 254, 299.
- Trachypogon plumosus* (Humb. & Bonpl. ex Willd.) Nees = *Trachypogon spicatus* (L. f.) Kuntze
- Trachypogon polymorphus* Hack. var. *filifolius* Hack. = *Trachypogon macroglossus* Trin.
- Trachypogon renvoizei* Catasús = *Trachypogon macroglossus* Trin.
- Trachypogon rufus* Nees = *Hyparrhenia rufa* (Nees) Stapf
- Trachypogon spicatus* (L. f.) Kuntze, Revis. Gen. Pl. 2: 794. 1891; *Stipa spicata* L. f., Suppl. Pl. 111. 1782 ["1781"].
- Trachypogon plumosus* (Humb. & Bonpl. ex Willd.) Nees in C.F.P. von Martius, Fl. Bras. Enum. Pl. 2: 344. 1829; *Andropogon plumosus* Humb. & Bonpl. ex Willd., Sp. Pl. 4: 918. 1806.
- Trachypogon gouinii* E. Fourn., Mexic. Pl. 2: 66. 1866.
- Trachypogon ligularis* Nees, Agrostogr. Bras. 345. 1829. Distribution: Native to Cuba, Trinidad, Mexico, Central America, and South America. References: 3, 10, 151, 159, 246, 254, 299.
- Tragus alienus* (Spreng.) Schult. = *Tragus bertereanus* Schult.
- Tragus bertereanus* Schult., Mant. 2: 205. 1824.
- Tragus alienus* (Spreng.) Schult., Mant. 2: 205. 1824; *Lappago aliena* Spreng., Neue Entdeck. Pflanzenk. 3: 15. 1822; *Nazia aliena* (Spreng.) Scribn., Bull. Div. Agrostol., U.S.D.A. 28. 1899.
- Distribution: Exotic in Bahamas, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (Guana, St. Croix, St. John, St. Thomas, Tortola), Lesser Antilles (Anguilla, Antigua, Barbados, Dominica, Grenada, Guadeloupe, Montserrat, Saba, St. Barthélemy, St. Eustatius, St. Kitts, St. Martin, St. Vincent), Aruba, Bonaire, Curaçao, Margarita, United States, Mexico, Central America, and South America; native to Africa and Asia.

- Common Names: Spike burgrass (Bahamas), Rabo de gato (Cuba), Hincadora (Puerto Rico), Prickle-grass (Virgin Islands).  
References: 1, 2, 3, 5, 10, 19, 30, 45, 61, 112, 131, 151, 298, 323, 479.
- Tragus racemosus* (L.) All., Fl. Pedem. 2: 241. 1785; *Cenchrus racemosus* L., Sp. Pl. 1049. 1753.  
Distribution: Exotic in Cuba, Jamaica, United States, and South America; native to Europe, Africa, and Asia.  
References: 10, 151, 159, 298, 484.
- Triathera juncea* Desv. = *Bouteloua juncea* (Desv.) Hitchc.
- Trichachne affinis* Swallen = *Digitaria similis* Beetle ex Gould
- Trichachne eggersii* (Hack.) Henrard = *Digitaria eggersii* (Hack.) Henrard
- Trichachne hitchcockii* (Chase) Chase = *Digitaria hitchcockii* (Chase) Stuck.
- Trichachne insularis* (L.) Nees = *Digitaria insularis* (L.) Mez ex Ekman
- Trichloris pluriflora* E. Fourn., Mexic. Pl. 2: 142. 1886.  
Distribution: Native to Cuba, United States, Mexico, Guatemala, and South America.  
References: 3, 10, 159, 298.
- Trichochloa berteroniana* Roem. & Schult. = *Arundinella berteroniana* (Roem. & Schult.) Hitchc. & Chase
- Tricholaena insularis* (L.) Griseb. = *Digitaria insularis* (L.) Mez ex Ekman
- Tricholaena repens* (Willd.) Hitchc. = *Melinis repens* (Willd.) Zizka
- Tricholaena rosea* Nees = *Melinis repens* (Willd.) Zizka
- Tricholaena saccharoides* (Nees ex Trin.) Griseb. = *Paspalum saccharoides* Nees ex Trin.
- Tricuspis simplex* Griseb. = *Tripogon spicatus* (Nees) Ekman
- Tridens duartei* Catasús = *Leptochloa fusca* (L.) Kunth subsp. *uninervia* (J. Presl) N.W. Snow
- Tridens eragrostoides* (Vasey & Scribn.) Nash ex Small, Fl. S.E. U.S. 142. 1903; *Triodia eragrostoides* Vasey & Scribn., Contr. U.S. Natl. Herb. 1: 58. 1890.  
Distribution: Native to Cuba, United States, Mexico, and Venezuela.  
References: 3, 10, 150, 159, 246, 298.
- Tridens veralensis* Catasús = *Leptochloa fusca* (L.) Kunth subsp. *fascicularis* (Lam.) N.W. Snow
- Triodia eragrostoides* Vasey & Scribn. = *Tridens eragrostoides* (Vasey & Scribn.) Nash ex Small
- Tripogon spicatus* (Nees) Ekman, Ark. Bot. 11(4): 36. 1912; *Bromus spicatus* Nees in C.F.P. von Martius, Fl. Bras. Enum. Pl. 2: 471. 1829.  
*Tricuspis simplex* Griseb., Pl. Wright. 2: 532. 1862.  
Distribution: Native to Cuba, Hispaniola, United States, Mexico, Central America, and South America.  
References: 3, 5, 10, 151, 254, 298.
- Tripsacum andersonii* J.R. Gray, Phytologia 33: 204. 1976.  
Distribution: Exotic in Lesser Antilles (St. Lucia); probably native to Mexico and Central America.  
References: 156, 159, 223, 299.
- Tripsacum dactyloides* (L.) L., Syst. Nat., ed. 10, 1261. 1759; *Coix dactyloides* L., Sp. Pl. 972. 1753.  
Distribution: Native to Bahamas, Cuba, Hispaniola, United States, Mexico, Central America, and South America.  
Common Names: Eastern gama-grass (Bahamas), Lagon (Dominican Republic), Herbe rasoir (Haiti).  
References: 3, 5, 10, 30, 45, 123, 295, 299.
- Tripsacum fasciculatum* Trin. ex Asch. = *Tripsacum laxum* Nash
- Tripsacum floridanum* Porter ex Vasey, Contr. U.S. Natl. Herb. 3: 6. 1892.  
Distribution: Native to Cuba, Hispaniola, United States, and Mexico.  
References: 150, 151, 159, 254.
- Tripsacum hermaphroditum* L. = *Antheplora hermaphrodita* (L.) Kuntze
- Tripsacum lanceolatum* Rupr. ex E. Fourn., Mexic. Pl. 2: 68. 1886.  
Distribution: Native to Hispaniola, United States, Mexico, and Central America.  
References: 151, 159, 254, 299.
- Tripsacum latifolium* Hitchc., Bot. Gaz. 41. 294. 1906.  
Distribution: Exotic in Cuba, Hispaniola, Puerto Rico, Lesser Antilles (Antigua), and Trinidad; native to Mexico and Central America.  
Common Names: Yerba de cayena, Zacate prodigio (Cuba), Yerba cayena (Puerto Rico).  
References: 1, 10, 131, 159, 246, 254, 299.
- Tripsacum laxum* Nash, N. Amer. Fl. 17(1): 81. 1909.
- Tripsacum fasciculatum* Trin. ex Asch., Verh. Bot. Vereins Prov. Brandenburg 17: 79. 1875.  
Distribution: Exotic in Cuba, Hispaniola, Jamaica, and Puerto Rico; native to Mexico and Central America.  
Common Names: Zacate de Guatemala (Cuba), Yerba de Guatemala (Dominican Republic), Herbe Guatemala (Haiti), Guatemala grass (Jamaica), Yerba Guatemala (Puerto Rico).  
References: 2, 5, 123, 131, 132, 159, 246, 254, 294, 299.
- \**Triscenia ovina* Griseb., Pl. Wright. 2: 534. 1862.  
Distribution: Endemic to Cuba.  
References: 3, 156, 246, 299.
- Trisetum spicatum* (L.) K. Richt., Pl. Eur. 1: 59. 1890; *Aira spicata* L., Sp. Pl. 64. 1753.  
Distribution: Native to Hispaniola, United States, Mexico, Central America, South America, and Old World.  
References: 5, 30, 254, 300.
- Triticum aestivum* L., Sp. Pl. 85. 1753.  
Distribution: Exotic in Cuba, Hispaniola, Puerto Rico, United States, Mexico, Central America, and South America; widely cultivated, origin uncertain.  
Common Names: Trigo (Dominican Republic), Trigo (Puerto Rico), Wheat (Virgin Islands).  
References: 10, 131, 159, 254, 300, 484.
- Uniola paniculata* L., Sp. Pl. 71. 1753.  
Distribution: Native to Bahamas, Cuba, Hispaniola, United States, and Mexico.  
Common Names: Araña, Arroz de costa, Millo de mar (Cuba).  
References: 3, 10, 45, 132, 151, 246, 254, 298.
- Uniola racemiflora* Trin. = *Uniola virgata* (Poir.) Griseb.
- Uniola sparta* Trin. = *Uniola virgata* (Poir.) Griseb.
- Uniola spicata* L. = *Distichlis spicata* (L.) Greene
- Uniola virgata* (Poir.) Griseb., Fl. Brit. W. I. 531. 1864; *Poa virgata* Poir. in J.B.A.P.M. de Lamarck, Encycl. 5: 78. 1804; *Leptochloopsis virgata* (Poir.) H.O. Yates, Southw. Naturalist 11: 384. 1966.
- Uniola racemiflora* Trin., Mém. Acad. Imp. Sci. Saint-Pétersbourg, ser. 6, Sci. Math., Seconde Pt. Sci. Nat. 4, 2(1): 55. 1836.
- Uniola sparta* Trin., Linnaea 10: 307. 1835.  
Distribution: Endemic to West Indies; native to Bahamas, Cuba, Hispaniola, Jamaica, Puerto Rico, and Virgin Islands (Anegada, St. John, St. Thomas).

- Common Names: Spike-grass (Bahamas), Lágrimas de san Pedro (Cuba), Espartillo, Patilla (Dominican Republic), Z'herbe à flèche (Haiti).  
References: 2, 3, 5, 10, 19, 30, 45, 61, 123, 151, 246, 254, 298, 300.
- Urochloa adspersa* (Trin.) R.D. Webster, Syst. Bot. 13: 607. 1988; *Panicum adspersum* Trin., Gram. Panic. 146. 1826; *Brachiaria adspersa* (Trin.) Parodi, Darwiniana 15: 96. 1969.
- Brachiaria echinulata* (Mez) Parodi, Darwiniana 15: 94. 1969; *Panicum echinulatum* Mez, Notizbl. Bot. Gart. Berlin-Dahlem 7: 62. 1917.  
Distribution: Native to Bahamas, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (Guana, St. Croix, St. John, St. Thomas, Tortola, Virgin Gorda), Lesser Antilles (Anguilla, Antigua, Grenada, Guadeloupe, Martinique, Montserrat, Nevis, Saba, St. Kitts, St. Lucia, St. Martin), United States, and South America.  
References: 1, 2, 3, 19, 30, 45, 61, 223, 246, 254, 299.
- Urochloa arrecta* (Hack. ex T. Durand & Schinz) Morrone & Zuloaga, Darwiniana 31: 69. 1992; *Brachiaria arrecta* (Hack. ex T. Durand & Schinz) Stent, Bothalia 1: 263. 1924.  
Distribution: Exotic in Puerto Rico, United States, Mexico, Central America, and South America; native to Africa.  
References: 151, 159, 254, 299, 383.
- Urochloa brizantha* (Hochst. ex A. Rich.) R.D. Webster, Austral. Paniceae (Poaceae) 233. 1987; *Brachiaria brizantha* (Hochst. ex A. Rich.) Stapf, Fl. Trop. Afr. 9(2): 531. 1919.  
Distribution: Exotic in Puerto Rico, Mexico, and South America; native to Africa.  
References: 151, 159, 254, 299.
- Urochloa decumbens* (Stapf) R.D. Webster, Austral. Paniceae (Poaceae) 234. 1987; *Brachiaria decumbens* Stapf, Fl. Trop. Afr. 9(2): 528. 1919.  
Distribution: Exotic in Cayman Islands, Puerto Rico, Central America, and South America; native to Africa.  
References: 41, 151, 159, 299, 383, 643.
- Urochloa dictyoneura* (Fig. & De Not.) Veldkamp, Blumea 41: 418. 1996.  
Distribution: Cultivated in Cuba and South America; native to Africa.  
References: 159, 299, 533.
- Urochloa distachya* (L.) T.Q. Nguyen, Novosti Sist. Vyssh. Rast. 1966: 13. 1966.
- Urochloa subquadrifera* (Trin.) R.D. Webster, Austral. Paniceae (Poaceae) 252. 1987; *Brachiaria subquadrifera* (Trin.) Hitchc., Lingnan Sci. J. 7: 214. 1929.  
Distribution: Exotic in Bahamas, Cayman Islands, Cuba, Puerto Rico, Virgin Islands (Tortola), Lesser Antilles (Anguilla, Grenada, St. Lucia), Trinidad, United States, Mexico, Central America, and South America; native to tropical Asia.  
References: 1, 3, 41, 45, 150, 159, 254, 299, 464.
- Urochloa fasciculata* (Sw.) R.D. Webster = *Urochloa fusca* (Sw.) B.F. Hansen & Wunderlin
- Urochloa fusca* (Sw.) B.F. Hansen & Wunderlin, Novon 11: 368. 2001; *Panicum fuscum* Sw., Prodr. 23. 1788.
- Urochloa fasciculata* (Sw.) R.D. Webster, Austral. Paniceae (Poaceae) 235. 1987; *Panicum fasciculatum* Sw., Prodr. 22. 1788; *Brachiaria fasciculata* (Sw.) S.T. Blake, Proc. Roy. Soc. Queensland 81: 4. 1969.
- Panicum flavescens* Sw., Prodr. 23. 1788.  
Distribution: Native to Bahamas, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (St. Croix, St. John, St. Thomas, Tortola, Virgin Gorda), Lesser Antilles (Anguilla, Antigua, Barbados, Dominica, Grenada, Grenadines, Guadeloupe, Martinique, Montserrat, Saba, St. Eustatius, St. Kitts, St. Lucia, St. Martin, St. Vincent), Tobago, Trinidad, Bonaire, Curaçao, Margarita, United States, Mexico, Central America, and South America.  
References: 1, 2, 3, 19, 30, 45, 61, 151, 246, 254, 299, 323, 479.
- Urochloa humidicola* (Rendle) Morrone & Zuloaga, Darwiniana 31: 80. 1992.  
Distribution: Exotic in Puerto Rico, Trinidad, Central America, and South America; native to Africa.  
References: 151, 159, 299.
- Urochloa maxima* (Jacq.) R.D. Webster = *Megathyrsus maximus* (Jacq.) B.K. Simon & S.W.L. Jacobs
- Urochloa mollis* (Sw.) Morrone & Zuloaga, Darwiniana 33: 85. 1992; *Panicum molle* Sw., Prodr. 22. 1788; *Brachiaria mollis* (Sw.) Parodi, Darwiniana 15: 100. 1969.  
Distribution: Native to Cuba, Hispaniola, Jamaica, Virgin Islands (St. Croix), Aruba, Bonaire, Curaçao, Mexico, Central America, and South America.  
References: 2, 3, 5, 151, 159, 246, 254, 299, 479.
- Urochloa mosambicensis* (Hack.) Dandy, J. Bot. 69: 54. 1931.  
Distribution: Exotic in Puerto Rico; native to Africa.  
References: 151, 159, 299.
- Urochloa mutica* (Forssk.) T.Q. Nguyen, Novosti Sist. Vyssh. Rast. 1966: 13. 1966; *Panicum muticum* Forssk., Fl. Aegypt.-Arab. 20. 1775; *Brachiaria mutica* (Forssk.) Stapf, Fl. Trop. Afr. 9(2): 526. 1919.
- Brachiaria purpurascens* (Raddi) Henrard, Blumea 3: 434. 1940; *Panicum purpurascens* Raddi, Agrostogr. Bras. 47. 1823.
- Panicum barbinode* Trin., Sp. Gram. 3(27): t. 318. 1829-1830.
- Panicum guadaloupense* Steud., Syn. Pl. Glumac. 1: 61. 1853.  
Distribution: Exotic in Bahamas, Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (St. Croix), Lesser Antilles (Antigua, Barbados, Dominica, Grenada, Guadeloupe, Martinique, Montserrat, St. Eustatius, St. Kitts, St. Lucia, St. Martin, St. Vincent), Tobago, Trinidad, Aruba, Bonaire, Curaçao, Margarita, United States, Mexico, Central America, and South America; native to Brazil.  
References: 1, 2, 3, 4, 45, 61, 150, 151, 159, 230, 240, 254, 299, 323, 479.
- Urochloa plantaginea* (Link) R.D. Webster, Syst. Bot. 13: 607. 1988; *Brachiaria plantaginea* (Link) Hitchc., Contr. U.S. Natl. Herb. 12: 212. 1909.  
Distribution: Native to Cuba, Hispaniola, Puerto Rico, Lesser Antilles (St. Lucia), Trinidad, Mexico, Central America, South America, and Africa.  
References: 1, 3, 151, 159, 223, 254, 299.
- Urochloa platyphylla* (Munro ex C. Wright) R.D. Webster, Syst. Bot. 13: 606. 1988; *Panicum platyphyllum* Munro ex C. Wright, Anales Acad. Ci. Méd. Habana 8: 206. 1871; *Paspalum platyphyllum* Griseb., Cat. Pl. Cub. 230. 1866, *nom. illeg.*  
*Brachiaria extensa* Chase, Contr. U.S. Natl. Herb. 28: 240. 1929.  
Distribution: Native to Cuba, United States, and South America.  
References: 3, 151, 159, 246, 254, 299.
- Urochloa reptans* (L.) Stapf, Fl. Trop. Afr. 9(4): 601. 1920; *Panicum reptans* L., Syst. Nat., ed. 10, 870. 1759; *Brachiaria reptans* (L.) C.A. Gardner & C.E. Hubb., Hooker's Icon. Pl. 34: t. 3363, f. 3. 1938.
- Panicum caespitosum* Sw., Fl. Ind. Occid. 1: 146. 1797.  
*Panicum grossarium* L., Syst. Nat., ed. 10, 871. 1759.  
*Panicum prostratum* Lam., Tabl. Encycl. 1: 171. 1791.  
Distribution: Exotic in Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (St. Croix, St. John, St. Thomas), Lesser Antilles (Anguilla, Antigua, Barbados, Dominica, Grenada, Guadeloupe, Martinique,

- Montserrat, St. Kitts, St. Lucia, St. Martin, St. Vincent), Tobago, Curaçao, Margarita, United States, Mexico, Central America, and South America; Pantropical, probably native to tropical Asia.  
References: 1, 2, 3, 30, 61, 151, 159, 240, 254, 299, 323, 479.

Distribution: Exotic in Bahamas, Cayman Islands, Hispaniola, United States, Central America, and South America; native to Asia and Malesia.  
Common Names: Mascarene grass (Bahamas), Zoisia (Puerto Rico).  
References: 41, 45, 131, 151, 159, 298.

## DOUBTFUL RECORDS

*Aristida gibbosa* (Nees) Kunth, Enum. Pl. 1: 189. 1833.

Note: Cited by reference 299 as occurring in Caribbean region, but no specimens or literature specimen records found.

*Bothriochloa laguroides* (DC.) Herter, *Revista Sudamer. Bot.* 6: 135. 1940.

Note: Cited by reference 299 as occurring in Caribbean region, but no specimens or literature specimen records found.

*Cryptochloa variana* Swallen, *Ann. Missouri Bot. Gard.* 29: 318. 1942.

Note: Cited by reference 297 as occurring in Caribbean region, but no specimens or literature specimen records found.

*Drepanostachyum falcatum* (Nees) Keng f., *J. Bamboo Res.* 2: 16. 1983; *Sinarundinaria falcata* (Nees) C.S. Chao & Renvoize, *Kew Bull.* 44: 357. 1989.

Note: Reported as exotic in the West Indies by reference 297, however, we have not seen any specimens to substantiate this report.

*Echinochloa glabrescens* Munro ex Hook. f., *Fl. Brit. Ind.* 7(21): 31. 1896.

Note: Cited by reference 299 and 532 as occurring in Caribbean region, but no specimens or literature specimen records found.

*Echinochloa haploclada* (Stapf) Stapf, *Fl. Trop. Afr.* 9(4): 613. 1920.

Note: Cited by reference 299 and 532 as occurring in Caribbean region, but no specimens or literature specimen records found.

*Echinochloa oryzoides* (Ard.) Fritsch, *Verh. Zool.-Bot. Ges. Wien* 41: 742. 1891.

Note: Cited by reference 299 as occurring in Caribbean region, but no specimens or literature specimen records found.

*Echinochloa paludigena* Wiegand, *Rhodora* 23: 64-65. 1921.

Distribution: Native to Cuba, Hispaniola, Puerto Rico, and United States (FL).

References: 150, 151.

Note: Wunderlin and Hansen (150) cite this as endemic to Florida.

*Echinochloa picta* (J. Koenig) P.W. Michael, *Philipp. Weed J. Sci.* 5: 18. 1978.

Note: Cited by reference 299 as occurring in Caribbean region, but no specimens or literature specimen records found.

*Eustachys paspaloides* (Vahl) Lanza & Mattei subsp. *caribaea* (Spreng.) Nowack, *Bull. Mus. Natl. Hist. Nat., B, Adansonia, ser. 4*, 17(1-2): 56. 1995; *Chloris caribaea* Spreng., *Syst. Veg.*, ed. 16, 1: 295. 1824 ["1825"]; *Eustachys caribaea* (Spreng.) Herter, *Revista Sudamer. Bot.* 6: 147. 1940.

Note: Type questionable from Guadeloupe (see Tropicos, reference 151), not otherwise known from the West Indies.

*Ichnanthus calvescens* (Nees ex Trin.) Döll, in C.F.P. von Martius, *Fl. Bras.* 2(2): 285. 1877, var. *calvescens*

Note: Cited by reference 299 as occurring in Caribbean region, but no specimens or literature specimen records found.

*Leptochloa fusca* (L.) Kunth, Révis. Gramin. 91. 1829, subsp. *fusca*.

Note: Cited by reference 298 as occurring in Caribbean region, but no specimens or literature specimen records found.

*Leptochloa panicoides* (J. Presl) Hitchc., *Amer. J. Bot.* 21: 137. 1934.

Note: Cited by reference 6 as occurring in Puerto Rico and 298 as occurring in Caribbean region, but no specimen records found.

*Leptochloa procera* Nees, *Syll. Pl. Nov.* 1: 2. 1824.

Note: Cited by reference 298 as occurring in Caribbean region, but no specimens or literature specimen records found.

*Mesosetum cayennense* Steud., *Syn. Pl. Glumac.* 1: 118. 1854.

Note: Cited by reference 299 as occurring in Caribbean region, but no specimens or literature specimen records found.

*Panicum millegrana* Poir. in J.B.A.P.M. de Lamarck, *Encycl. Suppl.* 4: 278. 1816.

Note: Cited by reference 299 as occurring in Caribbean region, but no specimens or literature specimen records found.

*Paspalum tenellum* Willd., *Enum. Pl.* 89. 1809.

Note: Cited by reference 299 as occurring in Caribbean region, but no specimens or literature specimen records found.

*Pseudosasa japonica* (Siebold & Zucc. ex Steud.) Makino ex Nakai, *J. Jap. Bot.* 2(4): 15. 1920.

References: 151, 159, 297.

Note: Reported as exotic in Puerto Rico, however, we have not seen any specimens or literature specimen records to substantiate this report.

*Saccharum baldwinii* Spreng., *Syst. Veg.*, ed. 16, 1: 282. 1824 ["1825"].

Note: Reported for the West Indies (without indication of island) by 150 and 299, but no specimens or literature specimen records found.

*Schizachyrium villosum* (Poir.) Veldkamp, *Blumea* 31: 306. 1986; *Rottboellia villosa* Poir. in J.B.A.P.M. de Lamarck, *Encycl.* 6: 313. 1804.

Note: A name of unknown application reported for the West Indies but without specific island.

*Setaria leucopila* (Scribn. & Merr.) K. Schum., *Just's Bot. Jahresber.* 28: 417. 1902.

Note: Cited by reference 299 as occurring in Caribbean region, but no specimens or literature specimen records found.

*Sorghastrum nutans* (L.) Nash ex Small, *Fl. S.E. U.S.* 66, 1326. 1903. [22 Jul 1903].

Note: Reported for the West Indies by reference 299, however, we have not seen any specimens or literature specimen records to substantiate this report.

*Vulpia myuros* (L.) C.C. Gmel. var. *megalura* (Nutt.) Auquier, *Bull. Jard. Bot. Belg.* 47: 123. 1977.

Note: Reported as exotic in the West Indies by reference 300, however, we have not seen any specimens or literature specimen records to substantiate this report.

## PODOCARPACEAE

**Genera.** Total: 1; native: 1; endemic: 0.

**Taxa.** Total: 6; native: 5; endemic: 5.

*Nageia coriacea* (Rich. & A. Rich.) Kuntze = *Podocarpus coriaceus* Rich. & A. Rich.

*Podocarpus angustifolius* Griseb., *Cat. Pl. Cub.* 217. 1866.

*Podocarpus ekmanii* Urb., *Repert. Spec. Nov. Regni Veg.* 18: 17. 1922.

Distribution: Endemic to Cuba.

Common Names: Espuela de caballero, Sabina cimarrona (Cuba).

References: 3, 30, 132, 149, 320, 427, 556.

Note: Considered endangered by the IUCN Red List of Threatened Species.

*Podocarpus angustifolius* Griseb. var. *wrightii* Pilg. = *Podocarpus angustifolius* Griseb.

*Podocarpus antillarum* R. Br. ex Mirb. = *Podocarpus coriaceus* Rich. & A. Rich.

*Podocarpus aristulatus* Parl. in A.L.P.P. de Candolle, *Prodr.* 16(2.2): 513. 1868.

*Podocarpus angustifolius* Griseb. var. *wrightii* Pilg. in H.G.A. Engler, *Pflanzenr.* IV, 5 (Heft 18): 89. 1903.

*Podocarpus buchii* Urb., *Repert. Spec. Nov. Regni Veg.* 19: 298. 1924, var. *buchii*

*Podocarpus buchii* Urb. var. *latifolius* Florin, Ark. Bot. 25A(5): 3. 1932.

*Podocarpus leonii* Carabia, Caribbean Forest. 2: 92. 1941.

*Podocarpus victorinianus* Carabia, Caribbean Forest. 2: 92. 1941.

Distribution: Endemic to Greater Antilles; native to Cuba and Hispaniola.

Common Names: Sabina cimarrona (Cuba), Chicharrón, Palo de cruz, Tachuela, Tachuelo (Dominican Republic), Coeur noir, Bois lubin (Haiti).

References: 3, 30, 123, 132, 149, 151, 152, 189, 254, 320, 427, 556.

Note: Considered vulnerable by the IUCN Red List of Threatened Species.

*Podocarpus buchii* Urb. = *Podocarpus aristulatus* Parl.

*Podocarpus buchii* Urb. var. *latifolius* Florin = *Podocarpus aristulatus* Parl.

*Podocarpus coriaceus* Rich. & A. Rich., Comm. Bot. Conif. Cycad. 14: 1826; *Nageia coriacea* (Rich. & A. Rich.) Kuntze, Revis. Gen. Pl. 2: 800. 1891.

*Podocarpus antillarum* R. Br. ex Mirb., Mém. Mus. Hist. Nat. 13: 75. 1825.

*Podocarpus trinitensis* J. Buchholz & N.E. Gray, J. Arnold Arbor. 29: 135. 1948.

Distribution: Endemic to West Indies; native to Puerto Rico, Lesser Antilles (Dominica, Guadeloupe, Martinique, Montserrat, Nevis, St. Kitts, St. Lucia), Tobago, and Trinidad.

Common Names: Caoba del país, Caobilla, Podocarp (Puerto Rico).

References: 28, 61, 151, 152, 223, 254, 556.

*Podocarpus coriaceus* sensu Griseb. = *Podocarpus urbanii* Pilg.

*Podocarpus ekmanii* Urb. = *Podocarpus angustifolius* Griseb.

*Podocarpus hispaniolensis* de Laub., Moscosoa 3: 149. 1984.

Distribution: Endemic to Hispaniola (Dominican Republic).

Common Name: Palo de cruz (Dominican Republic).

References: 8, 427, 556.

Note: Considered endangered by the IUCN Red List of Threatened Species.

*Podocarpus leonii* Carabia = *Podocarpus aristulatus* Parl.

*Podocarpus macrophyllus* Endl. var. *maki* Siebold & Zucc., Abh. Math.-Phys. Cl. Königl. Bayer. Akad. Wiss. 4: 232. 1846.

Distribution: Exotic in Puerto Rico and Virgin Islands (St. Croix); native to Asia.

Common Names: Podocarpo, Maki (Puerto Rico).

References: 6, 28, 131, 150.

*Podocarpus trinitensis* J. Buchholz & N.E. Gray = *Podocarpus coriaceus* Rich. & A. Rich.

*Podocarpus urbanii* Pilg. in H.G.A. Engler, Pflanzenr. IV, 5 (Heft 18): 89. 1903.

*Podocarpus coriaceus* sensu Griseb., Fl. Brit. W. I. 504. 1862, non Rich. Distribution: Endemic to Jamaica.

References: 30, 151, 427, 556.

Note: Considered near threatened by the IUCN Red List of Threatened Species.

*Podocarpus victorinianus* Carabia = *Podocarpus aristulatus* Parl.

## PODOSTEMACEAE

**Genera.** Total: 3; native: 3; endemic: 0.

**Taxa.** Total: 4; native: 4; endemic: 1.

*Dufourea trifaria* Bory ex Willd. = *Tristicha trifaria* (Bory ex Willd.) Spreng.

*Marathrum cubanum* C. Wright in F.A. Sauvalle, Anales Acad. Ci. Méd. Habana 7: 561. 1871.

Distribution: Endemic to Cuba.

References: 3, 156, 188, 356.

*Marathrum utile* Tul., Ann. Sci. Nat. Bot., sér. 3, 11: 95. 1849.

Distribution: Native to Cuba, Central America, and South America.

Reference: 188.

*Podostemum ceratophyllum* Michx., Fl. Bor.-Amer. 2: 165. 1803.

Distribution: Native to Hispaniola, United States, and Mexico.

Common Name: Ova (Dominican Republic).

Reference: 7.

*Tristicha trifaria* (Bory ex Willd.) Spreng., Syst. Veg., ed. 16, 1: 22. 1824 ["1825"]; *Dufourea trifaria* Bory ex Willd., Sp. Pl. 5: 55. 1810.

Distribution: Native to Cuba, Mexico, Central America, and South America.

References: 3, 151, 188.

## POLEMONIACEAE

**Genera.** Total: 2; native: 1; endemic: 0.

**Taxa.** Total: 2; native: 1; endemic: 0.

*Cobaea scandens* Cav., Icon. 1: 11. 1791.

Distribution: Exotic in Cuba and Jamaica; native to Mexico; widely cultivated worldwide.

Common Name: Yedra morada (Cuba).

References: 2, 132, 159, 595.

Note: Recorded from Cuba only by the common name reference above; no specimen records found.

*Gilia incisa* Benth. in A.L.P.P. de Candolle, Prodr. 9: 312. 1845.

Distribution: Native to Hispaniola, United States (TX), and Mexico.

References: 5, 7.

## POLYGALACEAE

**Genera.** Total: 4; native: 4; endemic: 1.

**Taxa.** Total: 35; native: 35; endemic: 24.

*Badiera berteriana* Spreng. = *Polygala violacea* Aubl.

*Badiera cubensis* Britton, Bull. Torrey Bot. Club 37: 362. 1910.

*Badiera montana* Britton, Bull. Torrey Bot. Club 37: 363. 1910;

*Polygala montana* (Britton) S.F. Blake, Contr. Gray Herb. 47: 16. 1916.

*Polygala stipitata* S.F. Blake, Contr. Gray Herb. 47: 15. 1916.

Distribution: Endemic to Cuba.

References: 3, 52, 134, 152, 156.

*Badiera domingensis* (Jacq.) DC. = *Badiera penaea* (L.) DC.

*Badiera fuertesii* Urb., Symb. Antill. 7: 244. 1912; *Polygala fuertesii* (Urb.) S.F. Blake, Contr. Gray Herb. 47: 17. 1916.

Distribution: Endemic to Hispaniola.

References: 7, 30.

*Badiera heterophylla* Britton = *Badiera oblongata* Britton

*Badiera montana* Britton = *Badiera cubensis* Britton

*Badiera oblongata* Britton, Bull. New York Bot. Gard. 5: 314. 1907;

*Polygala oblongata* (Britton) S.F. Blake, Contr. Gray Herb. 47: 13. 1916.

*Badiera heterophylla* Britton, Bull. Torrey Bot. Club 42: 496. 1915.

*Badiera punctata* Britton, Bull. Torrey Bot. Club 42: 496. 1915.

Distribution: Endemic to West Indies; native to Bahamas and Cuba.  
Common Names: Oblong-leaved polygala (Bahamas), Pico de gallo (Cuba).

References: 3, 45, 52, 132, 134.

*Badiera penaea* (L.) DC., Prodr. 1: 335. 1824; *Polygala penaea* L., Sp. Pl. 703. 1753.

*Badiera portoricensis* Britton, Bull. Torrey Bot. Club 42: 494. 1915; *Polygala portoricensis* (Britton) S.F. Blake, Contr. Gray Herb., n.s., 47: 14. 1916; *Polygala penaea* L. subsp. *portoricensis* (Britton) Gillis, Phytologia 32: 38. 1975.

*Polygala domingensis* Jacq., Select. Stirp. Amer. Hist., ed. Manheim, 252. 1788; *Badiera domingensis* (Jacq.) DC., Prodr. 1: 334. 1824.

Distribution: Endemic to Greater Antilles; native to Hispaniola, Puerto Rico, and Virgin Islands (St. Thomas, Virgin Gorda).

References: 7, 30, 41, 58, 61, 123, 149, 152, 340.

*Badiera portoricensis* Britton = *Badiera penaea* (L.) DC.

*Badiera propinqua* Britton, Bull. Torrey Bot. Club 42: 495. 1915; *Polygala propinqua* (Britton) S.F. Blake, Contr. Gray Herb. 47: 16. 1916.

Distribution: Endemic to Greater Antilles; native to Cayman Islands and Cuba.

References: 3, 4, 52, 152.

*Badiera punctata* Britton = *Badiera oblongata* Britton

*Badiera virgata* Britton, Bull. Torrey Bot. Club 37: 361. 1910, subsp. *virgata*

*Polygala guantanamana* S.F. Blake, Contr. Gray Herb. 47: 12. 1916.

Distribution: Endemic to Cuba.

References: 3, 25, 52, 156.

*Badiera virgata* Britton subsp. *alternifolia* (R. Rankin) R. Rankin, Fl. Rep. Cuba, Ser. A. Pl. Vasc. 7: 13. 2003; *Polygala guantanamana* S.F. Blake var. *alternifolia* R. Rankin, Willdenowia 31: 428. 2001.

Distribution: Endemic to Cuba.

References: 25, 52, 149.

*Badiera virgata* Britton var. *scabridula* (S.F. Blake) R. Rankin, Fl. Rep. Cuba, Ser. A. Pl. Vasc. 7: 12. 2003; *Polygala scabridula* S.F. Blake, Bull. Torrey Bot. Club 50: 39. 1923; *Polygala guantanamana* S.F. Blake var. *scabridula* (S.F. Blake) R. Rankin, Willdenowia 31: 427. 2001.

Distribution: Endemic to Cuba.

References: 25, 52, 149.

*Elsota diversifolia* (L.) S.F. Blake = *Securidaca diversifolia* (L.) S.F. Blake

*Elsota virgata* (Sw.) Kuntze = *Securidaca virgata* Sw.

\**Phlebotaenia cowellii* Britton, Torrey 7: 38. 1907; *Polygala cowellii* (Britton) S.F. Blake, Contr. Gray Herb. 47: 10. 1916.

*Phlebotaenia portoricensis* Urb., Symb. Antill. 5: 382. 1908.

Distribution: Endemic to Puerto Rico.

References: 30, 58, 61, 149.

\**Phlebotaenia cuneata* Griseb., Pl. Wright. 1: 157. 1860; *Polygala cuneata* (Griseb.) S.F. Blake, Contr. Gray Herb. 47: 9. 1916.

*Polygala phlebotaenia* Chodat, Mém. Soc. Phys. Genève 31, pt. 2, no. 2: 4. 1893, *nom. superfl.*

Distribution: Endemic to Cuba.

Common Names: Piragua, Cucharillo, Cocuyo blanco, Vera, Caney (Cuba).

References: 3, 52, 151, 152.

*Phlebotaenia portoricensis* Urb. = *Phlebotaenia cowellii* Britton

*Polygala adenophora* sensu Bello = *Polygala longicaulis* Kunth

*Polygala ambigens* S.F. Blake = *Polygala violacea* Aubl.

*Polygala americana* Mill., Gard. Dict., ed. 8. 1768.

*Polygala antillensis* Chodat, Mém. Soc. Phys. Genève 31: 33. 1893.

*Polygala hebecarpa* DC., Prodr. 1: 330. 1824.

*Polygala sancta-luciae* Chodat, Mém. Soc. Phys. Genève 31: 36. 1893.

Distribution: Native to Hispaniola, Lesser Antilles (Martinique, St.

Lucia), Trinidad, Mexico, Central America, and northern South America.

References: 1, 7, 151, 152, 639.

*Polygala angustifolia* Kunth = *Polygala violacea* Aubl.

*Polygala antillensis* Chodat = *Polygala americana* Mill.

*Polygala bahamensis* S.F. Blake = *Polygala krugii* Chodat

*Polygala baldwinii* Nutt., Gen. N. Amer. Pl. 2: 90. 1818.

Distribution: Native to Bahamas, Cuba, and southeastern United States.

References: 45, 52, 151.

*Polygala berteroaana* sensu Bello = *Polygala paniculata* L.

*Polygala brachyptera* Griseb., Cat. Pl. Cub. 12. 1866.

Distribution: Endemic to Cuba.

References: 3, 52, 74.

*Polygala brizoides* A. St.-Hil = *Polygala violacea* Aubl.

*Polygala cowellii* (Britton) S.F. Blake = *Phlebotaenia cowellii* Britton

*Polygala crucianelloides* DC., Prodr. 1: 329. 1824.

Distribution: Endemic to Greater Antilles; native to Hispaniola and Puerto Rico.

References: 7, 58.

*Polygala cubensis* Chodat = *Polygala violacea* Aubl.

*Polygala cuneata* (Griseb.) S.F. Blake = *Phlebotaenia cuneata* Griseb.

*Polygala diversifolia* L. = *Securidaca diversifolia* (L.) S.F. Blake

*Polygala domingensis* Bertero ex Spreng. = *Polygala violacea* Aubl.

*Polygala domingensis* Jacq. = *Badiera penaea* (L.) DC.

*Polygala fuertesii* (Urb.) S.F. Blake = *Badiera fuertesii* Urb.

*Polygala glochidata* Kunth in F.W.H.A. von Humboldt, A.J.A.

Bonpland & C.S. Kunth, Nov. Gen. Sp. (quarto ed.) 5: 400. 1823.

Distribution: Native to Cuba, United States, Mexico, Central America, and South America.

Common Name: Plumerito (Cuba).

References: 3, 52, 152.

*Polygala grandiflora* Walter = *Polygala violacea* Aubl.

*Polygala grandiflora* Walter var. *angustifolia* Torr. & A. Gray =

*Polygala violacea* Aubl.

*Polygala grandiflora* Walter var. *leptophylla* Chodat = *Polygala violacea* Aubl.

*Polygala grandiflora* Walter var. *orbicularis* Chodat = *Polygala violacea* Aubl.

*Polygala guantanamana* S.F. Blake = *Badiera virgata* Britton var. *virgata*

*Polygala guantanamana* S.F. Blake var. *alternifolia* R. Rankin = *Badiera virgata* Britton var. *alternifolia* (R. Rankin) R. Rankin

*Polygala guantanamana* S.F. Blake var. *scabridula* (S.F. Blake) R. Rankin = *Badiera virgata* Britton var. *scabridula* (S.F. Blake) R. Rankin

*Polygala hebecarpa* DC. = *Polygala americana* Mill.

*Polygala hecatantha* Urb., Symb. Antill. 1: 331. 1899.

Distribution: Endemic to Greater Antilles; native to Hispaniola, Puerto Rico, and Virgin Islands (Anegada).

References: 7, 30, 61.

*Polygala hygrophila* Kunth in F.W.H.A. von Humboldt, A.J.A.

Bonpland & C.S. Kunth, Nov. Gen. Sp. (quarto ed.) 5: 395. 1823.

Distribution: Native to Hispaniola, Mexico, Central America, and South America.

References: 7, 151.

*Polygala jamaicensis* Chodat, Mém. Soc. Phys. Genève 31: 11. 1893.

Distribution: Native to Jamaica, Mexico, and Central America.

Common Name: White lignum vitae (Jamaica).

References: 2, 151.

*Polygala krugii* Chodat in I. Urban, Symb. Antill. 1: 331. 1899.

*Polygala bahamensis* S.F. Blake, Contr. Gray Herb., n.s., 47: 64. 1916.

Distribution: Native to Bahamas and United States.

References: 30, 45.

*Polygala leptocaulis* Torr. & A. Gray, Fl. N. Amer. 1: 130. 1838.

Distribution: Native to Cuba, Jamaica, United States, Mexico, Central America, and South America.

Common Name: Plumerito (Cuba).

References: 2, 3, 52, 151.

## POLYGONACEAE

**Genera.** Total: 9; native: 5; endemic: 1.

**Taxa.** Total: 103; native: 83; endemic: 70.

*Acetosa conglomerata* (Murray) M. Gómez = *Rumex crispus* L.

*Acetosa obtusifolia* (L.) M. Gómez = *Rumex obtusifolius* L.

*Antigonon cinerascens* M. Martens & Galeotti = *Antigonon leptopus* Hook. & Arn.

*Antigonon cordatum* sensu Eggers = *Antigonon leptopus* Hook. & Arn.

*Antigonon guatemalense* Meisn. in A.L.P.P. de Candolle, Prodr. 14(1): 184. 1856.

*Antigonon macrocarpum* Britton & Small in N.L. Britton & P. Wilson, Sci. Surv. Porto Rico & Virgin Islands 5: 266. 1924.

Distribution: Exotic in Puerto Rico, Virgin Islands (St. Croix, St. Thomas), and Lesser Antilles (Guadeloupe); native to Mexico and Central America.

Common Name: Bellísima grande (Puerto Rico).

References: 1, 6, 32, 58, 61, 151, 159, 252.

*Antigonon leptopus* Hook. & Arn., Bot. Beechey Voy. 308. 1838.

*Antigonon cinerascens* M. Martens & Galeotti, Bull. Acad. Roy. Sci. Bruxelles 10(1): 354. 1843.

*Antigonon cordatum* sensu Eggers, Fl. St. Croix 143. 1879, non M. Martens & Galeotti.

Distribution: Exotic (mostly naturalized) in Bahamas, Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (Guana, St. Croix, St. John, St. Thomas, Tortola, Virgin Gorda), Lesser Antilles (Anguilla, Antigua, Barbados, Barbuda, Dominica, Guadeloupe, Martinique, Montserrat, Saba, St. Lucia, St. Vincent), Aruba, Bonaire, Curaçao, and Margarita; native to Mexico.

Common Names: Corallina (Bahamas), Bellísima, Coral vine, Coralita, Coralillo, Coralillo rosado, Pensamiento (Cuba), Carolina, Bellacima, Guirnalda americana, Guirnalda, Copalina, Bellacina (Dominican Republic), Belle mexicaine, Pois et riz (Haiti), Coralita, Coralilla (Jamaica), Coralina, Bellísima, Bellosinia, Coralilla, Coral (Puerto Rico), Love chain (Virgin Islands).

- Polygonum spectabile* Mart. ex Meisn. in A.L.P.P. de Candolle, Prodr. 14(1): 119. 1856.
- Distribution: Native to Cuba, Hispaniola, and South America.
- References: 3, 7, 151.
- Polygonum glabrum* Willd., Sp. Pl. 2: 447. 1799; *Persicaria glabra* (Willd.) M. Gómez, Anales Inst. Segunda Ensen. 2: 278. 1896.
- Polygonum barbatum* sensu Lunan, Hort. Jamaica. 1: 33. 1814, non L.
- Polygonum portoricense* Bertero ex Endl., Gen. Pl., Suppl. 4(2): 47. 1848; *Persicaria portoricensis* (Bertero ex Small) Small, Fl. S.E. U.S. 377. 1903.
- Polygonum densiflorum* Meisn. in C.F.P. von Martius, Fl. Bras. 5(2): 13. 1868.
- Polygonum truncatum* A. Rich. in R. de la Sagra, Hist. Fis. Cuba, Bot. 11: 182. 1850.
- Distribution: Native to Cayman Islands, Hispaniola, Jamaica, Puerto Rico, United States, Central America, and South America.
- Common Names: Camalote (Cuba), Piment-vache (Lesser Antilles).
- References: 1, 2, 3, 4, 5, 6, 7, 30, 45, 61, 151, 152, 159, 254, 340.
- Polygonum hispidum* Kunth in F.W.H.A. von Humboldt, A.J.A. Bonpland & C.S. Kunth, Nov. Gen. Sp. (quarto ed.) 2: 178. 1817; *Persicaria hispida* (Kunth) M. Gómez, Anales Inst. Segunda Ensen. 2: 278. 1896.
- Distribution: Native to Cuba, Central America, and South America.
- References: 3, 30, 151, 152.
- Polygonum hydroperoides* Michx., Fl. Bor.-Amer. 1: 239. 1803.

Distribution: Native to Bahamas, Cayman Islands, Cuba, Hispaniola, Puerto Rico, United States, Mexico, Central America, and South America.

References: 3, 6, 7, 40, 45, 58.

*Polygonum meisnerianum* Cham. & Schltld., *Linnaea* 3: 40. 1828, var. *meisnerianum*.

Distribution: Native to Cuba, Hispaniola, and South America.

References: 3, 7.

*Polygonum meisnerianum* Cham. & Schltld. var. *beyrichianum* (Cham. & Schltld.) Meisn. in C.F.P. von Martius, *Fl. Bras.* 5(1): 19. 1855; *Polygonum beyrichianum* Cham. & Schltld., *Linnaea* 3: 42. 1828.

Distribution: Native to Cuba, United States, Mexico, and South America.

References: 30, 151.

*Polygonum micranthum* A. Rich. = *Polygonum acuminatum* Kunth var. *acuminatum*

*Polygonum opelousanum* Riddell, *New Orleans Med. Surg. J.* 9: 611. 1853.

Distribution: Native to Cuba, United States, Mexico, and Central America.

References: 3, 151.

*Polygonum pennsylvanicum* L., *Sp. Pl.* 362. 1753; *Persicaria pennsylvanica* (L.) M. Gómez, *Anales Inst. Segunda Ensen.* 2: 278. 1896.

Distribution: Native to Cuba, Hispaniola, United States, and Mexico.

References: 3, 5, 7, 30, 152.

*Polygonum persicaria* sensu Lunan = *Polygonum punctatum* Elliott

*Polygonum portoricense* Bertero ex Endl. = *Polygonum glabrum* Willd.

*Polygonum punctatum* Elliott, *Sketch Bot. S. Carolina* 1(5): 455. 1817; *Persicaria punctata* (Elliott) Small, *Fl. S.E. U.S.* 379. 1903.

*Polygonum acre* Kunth in F.W.H.A. von Humboldt, A.J.A. Bonpland & C.S. Kunth, *Nov. Gen. Sp.* (quarto ed.) 2: 179. 1817; *Persicaria acris* (Kunth) M. Gómez, *Anales Inst. Segunda Ensen.* 2: 277. 1896.

*Polygonum acuminatum* sensu Bello, *Anales Soc. Esp. Hist. Nat.* 12: 104. 1883, non Kunth.

*Polygonum persicaria* sensu Lunan, *Hort. Jamaic.* 1: 32. 1814, non L.

Distribution: Native to Bahamas, Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Lesser Antilles (Guadeloupe, Marie Galante, Martinique, St. Lucia, St. Vincent), United States, Mexico, Central America, and South America.

Common Names: Water smartweed (Bahamas), Yerba de jicotea, Yerba de hicotea, Yerba de burro (Dominican Republic), Piment vache (Lesser Antilles), Yerba de hicotea (Puerto Rico).

References: 1, 2, 3, 4, 5, 6, 7, 30, 45, 58, 61, 150, 151, 152, 340.

*Polygonum sagittatum* L., *Sp. Pl.* 363. 1753.

Distribution: Native to Hispaniola and United States.

References: 7, 151.

*Polygonum segetum* Kunth in F.W.H.A. von Humboldt, A.J.A. Bonpland & C.S. Kunth, *Nov. Gen. Sp.* (quarto ed.) 2: 177. 1817; *Persicaria segetum* (Kunth) Small, *Fl. S.E. U.S.* 378, 1903.

Distribution: Native to Cuba, Jamaica, Puerto Rico, United States, Mexico, Central America, and South America.

References: 2, 3, 6, 58, 61, 151, 152.

*Polygonum spectabile* Mart. ex Meisn. = *Polygonum ferrugineum* Wedd.

*Polygonum truncatum* A. Rich. = *Polygonum glabrum* Willd.

*Polygonum uvifera* L. = *Coccoloba uvifera* (L.) L.

*Rumex acetosa* L., *Sp. Pl.* 337. 1753.

Distribution: Exotic in Hispaniola; native to Europe, Africa, and Asia.

References: 7, 159.

*Rumex acetosella* L., *Sp. Pl.* 338. 1753.

Distribution: Exotic in Hispaniola, Jamaica, and United States; native to Europe, Africa, and Asia.

Common Names: Oseille marronne, Oseille marron (Haiti).

References: 2, 5, 7, 159.

*Rumex acutus* sensu A. Rich. = *Rumex crispus* L.

*Rumex angiocarpus* Murb., *Acta Univ. Lund.* 27(5): 46. 1892.

Distribution: Exotic in Cuba; native to Europe and Africa.

Common Names: Losey, Oseille marrón, L'oseille (Haiti).

References: 3, 159, 224.

Note: Considered an invasive species by CeNBIO.

*Rumex berlandieri* sensu Bello = *Rumex crispus* L.

*Rumex conglomeratus* Murray = *Rumex crispus* L.

*Rumex crispus* L., *Sp. Pl.* 335. 1753.

*Acetosa conglomerata* (Murray) M. Gómez, *Anales Inst. Segunda Ensen.* 2: 277. 1896.

*Rumex acutus* sensu A. Rich. in R. de la Sagra, *Hist. Fis. Cuba, Bot.* 11: 183. 1850, non L.

*Rumex berlandieri* sensu Bello, *Anales Soc. Esp. Hist. Nat.* 12: 104. 1883, non Meisn.

*Rumex conglomeratus* Murray, *Prodr. Stirp. Gott.* 52. 1773.

Distribution: Exotic in Bahamas, Cuba, Hispaniola, Jamaica, Puerto Rico, Lesser Antilles (Guadeloupe), United States, and Central America; native to Europe, Africa, and Asia.

Common Names: Curly dock, Yellow dock (Bahamas), Oseille sauvage, Oseille marronne, Oseille marron, Seille marrón, Losey (Haiti), Curled dock (Jamaica), Vinagrillo, Col agria (Puerto Rico).

References: 1, 2, 3, 5, 6, 7, 30, 45, 58, 61, 147, 152, 159, 224, 340.

Note: Considered an invasive species by CeNBIO.

*Rumex obtusifolius* L., *Sp. Pl.* 335. 1753; *Acetosa obtusifolia* (L.)

M. Gómez, *Anales Inst. Segunda Ensen.* 2: 277. 1896.

Distribution: Exotic in Cuba, Hispaniola, Jamaica, and United States; native to Europe, Africa, and Asia.

Common Names: Yerba de Español, Vinagrera (Cuba), Broadleaved dock (Jamaica).

References: 2, 3, 5, 7, 30, 152, 159, 224.

Note: Considered an invasive species by CeNBIO.

*Rumex patientia* L., *Sp. Pl.* 333. 1753.

Distribution: Exotic in Hispaniola; native to Europe and Asia.

Common Names: Paciencia (Dominican Republic), Oseille, Oseille d'Amérique, Patience, Patience vésiculeuse (Haiti).

References: 5, 7, 150, 159.

*Rumex pulcher* L., *Sp. Pl.* 336. 1753.

Distribution: Exotic in Cuba; native to Europe, Africa, and Asia.

References: 3, 150, 159, 224.

Note: Considered an invasive species by CeNBIO.

*Rumex rugosus* Campd., *Monogr. Rumex* 113. 1819.

Distribution: Exotic in Hispaniola; native to Europe.

Reference: 7.

*Rumex thyrsoiflorus* Fingerh., *Linnaea* 4: 380. 1829.

Distribution: Exotic in Hispaniola (Haiti).

Reference: 254 (*Ekman H-10053*).

*Rumex vesicarius* L., *Sp. Pl.* 336. 1753.

Distribution: Cultivated in Cuba and Puerto Rico; native to Africa and Asia.

References: 3, 61, 159, 224.

Note: Considered an invasive species by CeNBIO.

*Triplaris americana* L., *Syst. Nat.*, ed. 10, 881. 1759.

Distribution: Exotic in Cuba, Hispaniola, and Puerto Rico; native to Mexico, Central America, and South America.

Common Names: Palo hormiguero, Hormigo (Cuba).

References: 6, 7, 58, 132, 151, 159.

*Triplaris caracasana* Cham., Linnaea 8: 137. 1833 [as *caracasana*].

Distribution: Exotic in Puerto Rico; native to South America.

References: 6, 58, 151.

*Triplaris cumingiana* Fisch. & Mey. ex C.A. Mey., Mém. Acad. Imp.

Sci. Saint-Pétersbourg, ser. 6, Sci. Math., Seconde Pt. Sci. Nat. 4: 148. 1845.

Distribution: Exotic in Puerto Rico; native to Tobago, Trinidad, Central America, and South America.

Common Name: Triplaria (Puerto Rico).

References: 6, 58, 151, 159.

*Uvifera jamaicensis* (Lindau) Kuntze = *Coccoloba x jamaicensis*

(Lindau) R.A. Howard

*Uvifera plumieri* (Griseb.) Kuntze = *Coccoloba plumieri* Griseb.

*Uvifera sintenisii* (Urb.) Kuntze = *Coccoloba sintenisii* Urb.

#### EXCLUDED SPECIES

*Coccoloba barkeri* Ekman & O.C. Schmidt, Repert. Spec. Nov. Regni Veg. 27: 104. 1929.

Note: A species with dubious status, name not used by modern botanists.

*Coccoloba nigra* Fawcett & Rendle, J. Bot. 51: 124. 1913.

Note: Described as endemic to Jamaica from a collection of Schomburgk from Guyana, the type specimen refers to *Coccoloba ovata* Benth., which does not occur in the West Indies

## PONTERIACEAE

**Genera.** Total: 3; native: 3; endemic: 0.

**Taxa.** Total: 11; native: 9; endemic: 0.

*Eichhornia azurea* (Sw.) Kunth, Enum. Pl. 4: 129. 1843.

Distribution: Native to Cuba, Hispaniola, Mexico, Central America, and South America.

Common Names: Boniatillo de agua, Boniatillo morado, Flor de agua, Flor de cuchareta, Flor de gallareta, Hierba de jicotea, Jacinto chino (Cuba).

References: 3, 5, 147, 150.

*Eichhornia azurea* sensu Bello = *Eichhornia crassipes* (Mart.) Solms

*Eichhornia cordifolia* A. Rich. = *Eichhornia paniculata* (Spreng.) Solms

*Eichhornia crassipes* (Mart.) Solms, Monogr. Phan. 4: 527. 1883; *Pontederia crassipes* Mart., Nov. Gen. Sp. Pl. 1: 9. 1823; *Piaropus crassipes* (Mart.) Raf., Fl. Tellur. 2: 81. 1837.

*Eichhornia azurea* sensu Bello, Anales Soc. Esp. Hist. Nat. 12: 122. 1883, non Kunth.

*Eichhornia speciosa* Kunth, Enum. Pl. 4: 131. 1843.

Distribution: Exotic in Bahamas, Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (St. Croix), Lesser Antilles (Antigua, Barbados, Dominica, Guadeloupe, Martinique, St. Lucia, St. Vincent), North America, and Mexico; native to northern South America.

Common Names: Water-hyacinth (Bahamas), Boniatillo de agua, Cola de pato, Flor de agua, Hierba de jicotea, Reina del agua (Cuba), Lila de agua, Lila de caño (Dominican Republic), Bofinace, Hélotrope (Haiti), Water hyacinth (Jamaica), Glaïeul bleu, Jacinthe d'eau, Water hyacinth, Water violet (Lesser Antilles), Flor de agua, Jacinto de agua (Puerto Rico), Water hyacinth (Virgin Islands).

References: 1, 2, 3, 4, 5, 28, 45, 61, 123, 131, 132, 147.

*Eichhornia diversifolia* (Vahl) Urb., Symb. Antill. 4: 147. 1903;

*Heteranthera diversifolia* Vahl, Enum. Pl. 2: 44. 1805; *Piaropus*

*diversifolius* (Vahl) P. Wilson in N.L. Britton & P. Wilson, Sci.

Surv. Porto Rico & Virgin Islands 5: 149. 1923.

Distribution: Exotic in Cuba, Hispaniola, and Puerto Rico.

Common Names: Flor de agua, Water hyacinth (Puerto Rico).

References: 3, 5, 28, 30, 61, 131, 147.

*Eichhornia heterosperma* Alexander, Lloydia 2: 170. 1939.

Distribution: Native to Cuba, Mexico, Central America, and South America.

References: 3, 147.

*Eichhornia paniculata* (Spreng.) Solms, Monogr. Phan. 4: 530. 1883.

*Eichhornia cordifolia* A. Rich. in R. de la Sagra, Hist. Fis. Cuba, Bot. 11: 273. 1850.

Distribution: Native to Cuba, Jamaica, North America, Mexico, and South America.

Common Name: Marquesita (Cuba).

References: 2, 3, 132, 147.

*Eichhornia speciosa* Kunth = *Eichhornia crassipes* (Mart.) Solms

*Heteranthera diversifolia* Vahl = *Eichhornia diversifolia* (Vahl) Urb.

*Heteranthera dubia* (Jacq.) MacMill., Metasp. Minnesota Valley: 138. 1892.

*Zosterella longituba* Alexander, N. Amer. Fl. 19(1): 52. 1937.

Distribution: Native to Cuba, North America, and Mexico.

Reference: 147.

*Heteranthera hydrocleifolia* Griseb. = *Heteranthera limosa* (Sw.) Willd.

*Heteranthera limosa* (Sw.) Willd., Ges. Naturf. Freunde Berlin Neue Schriften 3: 439. 1801; *Pontederia limosa* Sw., Prodr. 57. 1788.

*Heteranthera hydrocleifolia* Griseb., Cat. Pl. Cub. 253. 1866.

Distribution: Native to Cuba, Hispaniola, Jamaica, Puerto Rico, North America, Mexico, Central America, and South America.

Common Name: Lila de agua (Dominican Republic).

References: 2, 3, 5, 28, 37, 147.

*Heteranthera oblongifolia* Mart. in J.J. Roemer & J.A. Schultes, Syst. Veg. 7: 1148. 1830.

*Heteranthera rotundifolia* Griseb., Cat. Pl. Cub. 252. 1866.

Distribution: Native to Cuba, Hispaniola, Mexico, and South America.

References: 3, 147.

*Heteranthera reniformis* Ruiz & Pav., Fl. Peruv. 1: 43. 1798.

Distribution: Native to Cuba, Hispaniola, Jamaica, Puerto Rico, Lesser Antilles (Antigua, Guadeloupe), North America, Mexico, Central America, and South America.

Common Names: Lovaro de agua, Yerba de pata, Yerba de plato (Dominican Republic).

References: 1, 2, 3, 5, 28, 37, 39, 123, 147.

Note: Considered threatened by the Red List of the Vascular Flora of Cuba (39).

*Heteranthera rotundifolia* Griseb. = *Heteranthera oblongifolia* Mart.

*Heteranthera spicata* C. Presl, Symb. Bot. 1: 18. 1830.

Distribution: Native to Cuba, Hispaniola, Mexico, Central America, and South America.

References: 3, 37, 147.

*Piaropus crassipes* (Mart.) Raf. = *Eichhornia crassipes* (Mart.) Solms

*Piaropus diversifolius* (Vahl) P. Wilson = *Eichhornia diversifolia* (Vahl) Urb.

*Pontederia cordata* L., Sp. Pl. 288. 1753.

*Pontederia cordata* L. var. *lanceolata* Griseb., Cat. Pl. Cub. 252. 1866.

*Pontederia lanceolata* Nutt., Gen. N. Amer. Pl. 1: 216. 1818.

Distribution: Native to Cuba, North America, Mexico, Central America, and South America; cultivated in Puerto Rico.

References: 3, 28, 147.

*Pontederia cordata* L. var. *lanceolata* Griseb. = *Pontederia cordata* L.  
*Pontederia crassipes* Mart. = *Eichhornia crassipes* (Mart.) Solms  
*Pontederia lanceolata* Nutt. = *Pontederia cordata* L.  
*Pontederia limosa* Sw. = *Heteranthera limosa* (Sw.) Willd.  
*Zosterella longituba* Alexander = *Heteranthera dubia* (Jacq.) MacMill.

## PORTULACACEAE

Genera. Total: 3; native: 2; endemic: 0.  
 Taxa. Total: 27; native: 25; endemic: 14.

*Claytonia cubensis* Bonpl. = *Claytonia perfoliata* Donn. ex Willd.  
*Claytonia perfoliata* Donn ex Willd., Sp. Pl. 1: 1186. 1798.  
*Claytonia cubensis* Bonpl., Ann. Mus. Natl. Hist. Nat. 7: 82. 1806.  
 Distribution: Exotic in Cuba.  
 Common Name: Verdolaga de Cuba (Cuba).  
 References: 3, 224.  
 Note: Considered an invasive species by CeNBIO.

*Portulaca aurantiaca* Proctor, J. Arnold Arbor. 63: 237. 1982.  
 Distribution: Endemic to Jamaica.  
 Reference: 149.

*Portulaca biloba* Urb., Repert. Spec. Nov. Regni Veg. 22: 355. 1926.  
 Distribution: Endemic to Cuba.  
 Reference: 3.

*Portulaca brevifolia* Urb., Symb. Antill. 5: 340. 1907, var. *brevifolia*  
 Distribution: Endemic to Greater Antilles; native to Cuba and  
 Hispaniola.  
 References: 3, 7.

*Portulaca brevifolia* Urb. var. *nana* (Urb.) M.D. Ortega, Feddes Repert. 96: 555. 1985.  
 Distribution: Endemic to Cuba.  
 References: 149, 152.

*Portulaca brevifolia* Urb. var. *stellatis* M.D. Ortega, Feddes Repert. 96: 556. 1985.  
 Distribution: Endemic to Cuba.  
 Reference: 149.

*Portulaca caulerpoides* Britton & P. Wilson, Bull. Torrey Bot. Club 42: 515. 1915.  
 Distribution: Endemic to SW Puerto Rico (+ Mona & Caja de Muerto).  
 References: 6, 58, 61.

*Portulaca crassicaulis* Jacq. = *Talinum fruticosum* (L.) Juss.

*Portulaca cubensis* Britton & P. Wilson, Mem. Torrey Bot. Club 16: 64. 1920.  
 Distribution: Endemic to Cuba.  
 References: 3, 156.

*Portulaca elatior* Mart. ex Rohrb. in C.F.P. von Martius, Fl. Bras. 14(2): 302. 1872.

*Portulaca erecta* Urb. & Ekman, Ark. Bot. 23A(11): 9. 1931.  
 Distribution: Native to Cuba, Hispaniola, Aruba, Bonaire, Curaçao, Margarita, and South America.  
 References: 3, 7, 323.

*Portulaca erecta* Urb. & Ekman = *Portulaca elatior* Mart. ex Rohrb.

*Portulaca gagatosperma* Millsp. = *Portulaca pilosa* L. f. *pilosa*

*Portulaca grandiflora* Hook., Bot. Mag. 56: t. 2885. 1829.  
 Distribution: Exotic in Cayman Islands, Cuba, Hispaniola, Puerto Rico, Virgin Islands (Virgin Gorda), Lesser Antilles (St. Barthélemy, St. Eustatius, St. Lucia), and North America.

Common Names: Diez del día, Verdolaga (Cuba), Amor dormido, Brinca-y-dame-un-beso, Portulaca (Dominican Republic), Don Diego americano, Don Diego gigante (Puerto Rico), Rose moss (Virgin Islands).

References: 1, 4, 6, 7, 58, 123, 131, 132, 228.

*Portulaca halimoides* L., Sp. Pl., ed. 2, 639. 1762; *Portulaca pilosa* L. var. *halimoides* (L.) Kuntze, Revis. Gen. Pl. 3(2): 15. 1898.  
*Portulaca halimoides* L. var. *brevipilosa* Poelln., Repert. Spec. Nov. Regni Veg. 50: 94. 1941.

*Portulaca martinicensis* Urb., Symb. Antill. 5: 342. 1907.  
 Distribution: Native to Bahamas, Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (Anegada, St. Croix, St. Thomas, Tortola, Virgin Gorda), Lesser Antilles (Anguilla, Antigua, Barbuda, Dominica, Grenada, Guadeloupe, Martinique, Montserrat, Redonda, St. Barthélemy, St. Eustatius, St. Lucia, St. Martin), Aruba, Bonaire, Curaçao, Margarita, Mexico, Central America, and South America.

Common Names: Verdolaga (Cuba), Petite quinine, Quinine amère (Lesser Antilles).

References: 1, 2, 3, 4, 5, 6, 7, 45, 58, 61, 323.

*Portulaca halimoides* L. var. *brevipilosa* Poelln. = *Portulaca halimoides* L.

*Portulaca lanceolata* Engelm., Boston J. Nat. Hist. 6: 154. 1850.  
 Distribution: Native to Cuba, North America, and Mexico.  
 Common Name: Verdolaga (Cuba).  
 References: 3, 132, 151.

*Portulaca martinicensis* Urb. = *Portulaca halimoides* L.

*Portulaca microphylla* A. Rich. = *Portulaca quadrifida* L.

*Portulaca minuta* Correll, J. Arnold Arbor. 60: 154. 1979.  
 Distribution: Endemic to Bahamas.  
 Reference: 45.

*Portulaca nana* Urb., Repert. Spec. Nov. Regni Veg. 13: 447. 1914.  
 Distribution: Endemic to Cuba.  
 Common Name: Verdolaga de mar (Cuba).  
 Reference: 3.

*Portulaca oleracea* L., Sp. Pl. 445. 1753, subsp. *oleracea*  
*Portulaca parvifolia* Haw., Syn. Pl. Succ. 122. 1812; *Portulaca oleracea* L. var. *parvifolia* (Haw.) Griseb., Fl. Brit. W. I. 57. 1859.

Distribution: Native to Bahamas, Cayman Islands, Cuba, Hispaniola, Puerto Rico, Virgin Islands (Anegada, Jost van Dyke, Guana, St. Croix, St. John, St. Thomas, Tortola, Virgin Gorda), Lesser Antilles (Anguilla, Antigua, Barbados, Dominica, Grenada, Grenadines, Martinique, Montserrat, Saba, St. Barthélemy, St. Lucia, St. Martin, St. Vincent), Aruba, Bonaire, Curaçao, Margarita, Tobago, Trinidad, North America, Mexico, Central America, South America, and Old World.

Common Names: Purslane (Bahamas), Verdolaga, Verdolaga verdadera (Cuba), Amor dormido, Portulaca, Porcelana, Verdolaga (Dominican Republic), Coupe pied, Coupier, Courpier, Porcelaine, Pourpier (Haiti), Pussley (Jamaica), Koupye, Purslane, Pusley, Pourpier (Lesser Antilles), Verdolaga (Puerto Rico), Purselane (Virgin Islands).

Note: Considered exotic and invasive in Cuba by CeNBIO.

*Portulaca oleracea* L. var. *parvifolia* (Haw.) Griseb. = *Portulaca oleracea* L. subsp. *oleracea*

*Portulaca paniculata* Jacq. = *Talinum paniculatum* (Jacq.) Gaertn.

*Portulaca parvifolia* Haw. = *Portulaca oleracea* L. subsp. *oleracea*

*Portulaca patens* Jacq. = *Talinum paniculatum* (Jacq.) Gaertn.

*Portulaca patens* L. = *Talinum paniculatum* (Jacq.) Gaertn.

*Portulaca paucistaminata* Poelln., Repert. Spec. Nov. Regni Veg. 50: 97. 1941.

Distribution: Endemic to Cuba.

Reference: 152.

Note: Not treated in León & Alain (3).

*Portulaca phaeosperma* Urb. = *Portulaca rubricaulis* Kunth

*Portulaca pilosa* L. Sp. Pl. 445. 1753, f. *pilosa*

*Portulaca gagatosperma* Millsp., Publ. Field Columbian Mus., Bot. Ser., 2(7): 299. 1909.

Distribution: Native to Bahamas, Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (Guana, St. Croix, St. Thomas, Tortola), Lesser Antilles (Antigua, Barbados, Dominica, Grenada, Grenadines, Marie Galante, Martinique, Saba, St. Lucia, St. Vincent), Tobago, Trinidad, North America, Mexico, Central America, and South America.

Common Names: Salta perico, Verdolaga de las diez, Verdolaga de playa, Verdolaga de sabana (Cuba), Verdolaga afuere, Verdolaguilla, Yerba de agua (Dominican Republic), Crimson-flowered purslane, Kiss-me-quick (Jamaica), Chouvalyé, Petite quinine, Pourpier amer, Quinine-pays (Lesser Antilles), Don Diego (Puerto Rico).

*Portulaca quadrifida* L., Mant. Pl. 1: 73. 1767.

*Portulaca microphylla* A. Rich. in R. de la Sagra, Hist. Phys. Cuba, Pl. Vasc. 620. 1845.

Distribution: Native to Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (Anegada, St. Croix, St. John, St. Thomas, Tortola, Virgin Gorda), Lesser Antilles (Antigua, Barbados, Grenada, Grenadines, Guadeloupe, Montserrat, St. Barthélemy, St. Eustatius, St. Kitts, St. Lucia), Tobago, Trinidad, North America, Mexico, Central America, and Old World.

Common Names: Verdolaga (Cuba), Pinganilla, Regina, Ringa (Dominican Republic), Pourpier, Pourpier double (Lesser Antilles), Yerba de pollo (Puerto Rico).

References: 1, 2, 3, 5, 6, 7, 19, 58, 61, 123, 131, 132, 224.

Note: Considered exotic and invasive in Cuba by CeN BIO.

*Portulaca racemosa* L. = *Talinum fruticosum* (L.) Juss.

*Portulaca rubricaulis* Kunth in F.W.H.A. von Humboldt, A.J.A.

Bonpland & C.S. Kunth, Nov. Gen. Sp. (quarto ed.) 6: 73. 1823.

*Portulaca phaeosperma* Urb., Symb. Antill. 4: 233. 1905.

Distribution: Native to Bahamas, Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (St. Croix, St. John, Virgin Gorda), Lesser Antilles (St. Barthélemy), Bonaire, Curaçao, North America, Mexico, and South America.

Common Name: Brown-seeded portulaca (Bahamas).

References: 1, 2, 3, 4, 5, 6, 7, 19, 45, 58, 61, 150, 228.

*Portulaca teretifolia* Kunth in F.W.H.A. von Humboldt, A.J.A.

Bonpland & C.S. Kunth, Nov. Gen. Sp. (quarto ed.) 6: 72. 1823, subsp. *teretifolia*

*Portulaca poliosperma* Urb., Symb. Antill. 4: 232. 1905.

*Portulaca poliosperma* Urb. var. *minor* Urb., Symb. Antill. 4: 233. 1905.

Distribution: Native to Cuba, Puerto Rico, Lesser Antilles (Dominica, Guadeloupe, Martinique, St. Martin), Mexico, Central America, and South America.

References: 1, 3, 6, 58, 61, 237.

*Portulaca teretifolia* Kunth subsp. *cubensis* (Urb.) M.D. Ortega, Feddes

Repert. 96: 557. 1985; *Portulaca teretifolia* Kunth var. *cubensis* (Urb.) Legrand, Comun. Bot. Mus. Hist. Nat. Montevideo 2(24): 6. 1952; *Portulaca poliosperma* Urb. var. *cubensis* Urb., Symb. Antill. 5: 342. 1907.

*Portulaca poliosperma* Urb. var. *bistigmatata* Poelln., Repert. Spec. Nov. Regni Veg. 50: 101. 1941.

*Portulaca poliosperma* Urb. var. *tristigmatata* Poelln., Repert. Spec. Nov. Regni Veg. 50: 101. 1941.

Distribution: Endemic to Cuba.

Reference: 152.

*Portulaca teretifolia* Kunth var. *cubensis* (Urb.) D. Legrand = *Portulaca teretifolia* Kunth subsp. *cubensis* (Urb.) M.D. Ortega

*Portulaca triangularis* Jacq. = *Talinum fruticosum* (L.) Juss.

*Portulaca tuberculata* León, Contr. Ocas. Mus. Hist. Nat. Colegio "De La Salle" 9: 3. 1950.

Distribution: Endemic to Greater Antilles; native to Cayman Islands and Cuba.

References: 3, 4.

*Portulaca umbraticola* Kunth in F.W.H.A. von Humboldt, A.J.A.

Bonpland & C.S. Kunth, Nov. Gen. Sp. (quarto ed.) 6: 72. 1823.

Distribution: Native to Cuba, Hispaniola, Jamaica, North America, Mexico, Central America, and South America; exotic in Virgin Islands (Tortola).

References: 2, 3, 7, 151, 231.

*Talinum crassifolium* (Jacq.) Willd. = *Talinum fruticosum* (L.) Juss.

*Talinum domingense* Urb. & Ekman, Ark. Bot. 22A(8): 22. 1928.

Distribution: Endemic to Hispaniola.

References: 5, 7.

*Talinum fruticosum* (L.) Juss., Gen. Pl. 312. 1789.

*Portulaca crassicaulis* Jacq., Hort. Bot. Vindob. 3: 29. 1776; *Talinum crassifolium* (Jacq.) Willd., Sp. Pl. 2: 862. 1799.

*Portulaca racemosa* L., Sp. Pl., ed. 2, 640. 1762.

*Portulaca triangularis* Jacq., Enum. Syst. Pl. 22. 1760; *Talinum triangulare* (Jacq.) Willd., Sp. Pl. 2: 862. 1799.

Distribution: Native to Bahamas, Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (St. Croix, St. John, St. Thomas, Tortola, Virgin Gorda), Lesser Antilles (Antigua, Barbados, Guadeloupe, Martinique, Montserrat, Nevis, Redonda, Saba, St. Barthélemy, St. Eustatius, St. Kitts, St. Lucia, St. Vincent), Bonaire, Curaçao, Margarita, Tobago, Trinidad, Mexico, South America, and Old World.

Common Names: Madreselva, Verdolaga de Caracas (Dominican Republic), Efeafá, Feafá, Onze heures (Haiti), Pourpier grand bois (Lesser Antilles).

References: 1, 2, 3, 4, 5, 6, 7, 19, 45, 58, 61, 150, 301, 323.

*Talinum paniculatum* (Jacq.) Gaertn., Fruct. Sem. Pl. 2: 219. 1791;  
*Portulaca paniculata* Jacq., Enum. Syst. Pl. 22. 1760.  
*Portulaca patens* L., Mant. Pl. 1: 242. 1771; *Talinum patens* (L.) Willd.,  
 Sp. Pl. 2: 863. 1799.  
 Distribution: Native to Cuba, Hispaniola, Jamaica, Puerto Rico,  
 Virgin Islands (St. Croix, St. John, St. Thomas, Tortola, Virgin  
 Gorda), Lesser Antilles (Antigua, Barbados, Dominica, Grenada,  
 Grenadines, Guadeloupe, Marie Galante, Martinique, Montserrat,  
 Nevis, Saba, St. Lucia, St. Vincent), Bonaire, Curaçao, Margarita,  
 Tobago, Trinidad, North America, Mexico, Central America, and  
 South America.  
 Common Names: Bella María, Sulfurea, Verdolaga francesa (Cuba),  
 Feafá, Harloge de jardins, Herbe onze heures, Onze heures (Haiti),  
 Grand pourpier (Lesser Antilles).  
 References: 1, 2, 3, 5, 6, 7, 19, 58, 61, 123, 132, 224, 323.  
 Note: Considered exotic and invasive in Cuba by CeNBI0.  
*Talinum patens* (L.) Willd. = *Talinum paniculatum* (Jacq.) Gaertn.  
*Talinum triangulare* (Jacq.) Willd. = *Talinum paniculatum* (Jacq.) Gaertn.

## POTAMOGETONACEAE

**Genera.** Total: 2; native: 2; endemic: 0.  
**Taxa.** Total: 10; native: 9; endemic: 0.

*Potamogeton capillaceus* Poir. = *Potamogeton diversifolius* Raf.  
*Potamogeton crispus* L., Sp. Pl. 126. 1753.  
 Distribution: Exotic in Cuba.  
 Reference: 507.  
*Potamogeton dimorphus* Raf. = *Potamogeton diversifolius* Raf.  
*Potamogeton diversifolius* Raf., Med. Repos. 5: 354. 1808.  
*Potamogeton capillaceus* Poir. in J.B.A.P.M. de Lamarck, Encycl. Suppl.  
 4: 535. 1816.  
*Potamogeton dimorphus* Raf., Amer. Monthly Mag. & Crit. Rev. 1:  
 358. 1817.  
 Distribution: Native to Cuba, North America, and Mexico.  
 References: 3, 147, 507.  
*Potamogeton epihydrus* sensu Britton & P. Wilson = *Potamogeton  
 nodosus* Poir.  
*Potamogeton filiformis* Pers. = *Stuckenia filiformis* (Pers.) Börner  
*Potamogeton fluitans* sensu Griseb. and sensu Britton & P. Wilson =  
*Potamogeton nodosus* Poir.  
*Potamogeton fluitans* Roth subsp. *americanus* (Cham. & Schltld.)  
 Graebn. = *Potamogeton nodosus* Poir.  
*Potamogeton foliosus* Raf., Med. Repos. 5: 354. 1808.  
*Potamogeton pauciflorus* Pursh, Fl. Amer. Sept. 1: 121. 1813 [“1814”].  
 Distribution: Native to Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin  
 Islands (St. Croix, St. Thomas), North America, Mexico, Central  
 America, and South America.  
 References: 3, 28, 30, 37, 61, 147, 507, 509.  
*Potamogeton heterophyllus* sensu Britton & Millsp. = *Potamogeton  
 illinoensis* Morong  
*Potamogeton illinoensis* Morong, Bot. Gaz. 5: 50. 1880.  
*Potamogeton heterophyllus* sensu Britton & Millsp., Bahama Fl. 5:  
 1920, non Schreb.  
*Potamogeton pulchelliformis* Hagstr., Ark. Bot. 17(7): 12. 1921.  
 Distribution: Native to Bahamas, Cuba, Hispaniola, Jamaica, Puerto  
 Rico, North America, Mexico, and Central America.  
 Common Names: Pondweed (Bahamas), Espiga de agua (Cuba).  
 References: 28, 37, 45, 132, 147, 156, 507, 509.

*Potamogeton insulanus* Hagstr. = *Potamogeton nodosus* Poir.  
*Potamogeton malaianus* Miq. = *Potamogeton nodosus* Poir.  
*Potamogeton nodosus* Poir. in J.B.A.P.M. de Lamarck, Encycl. Suppl. 4:  
 535. 1816.  
*Potamogeton epihydrus* sensu Britton & P. Wilson, Sci. Surv. Porto  
 Rico & Virgin Islands 5: 11. 1923.  
*Potamogeton fluitans* sensu Griseb., Fl. Brit. W. I. 506. 1862, non  
 Roth.  
*Potamogeton fluitans* Roth subsp. *americanus* (Cham. & Schltld.)  
 Graebn. in H.G.A. Engler, Pflanzenr. IV, 11 (Heft 31): 62. 1907.  
*Potamogeton insulanus* Hagstr., Kongl. Svenska Vetensk. Acad. Handl.  
 55(5): 154. 1916.  
*Potamogeton malaianus* Miq., Ill. Fl. Archip. Ind. 46. 1870.  
*Potamogeton pensylvanicus* Willd. ex Cham. & Schltld. var. *portoricensis*  
 Graebn. in I. Urban, Symb. Antill. 4: 73. 1903; *Potamogeton  
 nuttallii* Cham. & Schltld. var. *portoricensis* (Graebn.) Graebn. in  
 H.G.A. Engler, Pflanzenr. IV, 11 (Heft 31): 56. 1907.  
*Potamogeton occidentalis* Sieber ex Cham. & Schltld., Linnaea 2: 224.  
 1827.  
*Potamogeton plantagineus* sensu Bello, Anales Soc. Esp. Hist. Nat. 12:  
 115. 1883, non Du Croz.  
 Distribution: Native to Bahamas, Cuba, Hispaniola, Jamaica, Puerto  
 Rico, Lesser Antilles (Dominica, Martinique), North America,  
 Mexico, Central America, and South America.  
 Common Names: Pondweed (Bahamas), Espiga de agua (Cuba), Limo  
 (Dominican Republic), Waterweed, Zèbe d'eau, Zèbe-rivière  
 (Lesser Antilles), Lino de agua (Puerto Rico).  
 References: 2, 3, 28, 45, 47, 123, 131, 132, 507, 509.  
*Potamogeton nuttallii* Cham. & Schltld. var. *portoricensis* (Graebn.)  
 Graebn. = *Potamogeton nodosus* Poir.  
*Potamogeton occidentalis* Sieber ex Cham. & Schltld. = *Potamogeton  
 nodosus* Poir.  
*Potamogeton pauciflorus* Pursh = *Potamogeton foliosus* Raf.  
*Potamogeton pectinatus* L. = *Stuckenia pectinata* (L.) Börner  
*Potamogeton pensylvanicus* Willd. ex Cham. & Schltld. var.  
*portoricensis* Graebn. = *Potamogeton nodosus* Poir.  
*Potamogeton perfoliatus* L., Sp. Pl. 126. 1753.  
 Distribution: Apparently native to Cuba, nearly cosmopolitan.  
 Reference: 507.  
*Potamogeton plantagineus* sensu Bello = *Potamogeton nodosus* Poir.  
*Potamogeton pulchelliformis* Hagstr. = *Potamogeton illinoensis* Morong  
*Potamogeton pusillus* L., Sp. Pl. 127. 1753.  
 Distribution: Native to Hispaniola, North America, Mexico, Central  
 America, and South America.  
 References: 30, 37, 147.  
*Stuckenia filiformis* (Pers.) Börner, Fl. Deut. Volk: 713. 1912;  
*Potamogeton filiformis* Pers., Syn. Pl. 1: 152. 1805.  
 Distribution: Native to Hispaniola, North America, and South  
 America.  
 References: 37, 147.  
*Stuckenia pectinata* (L.) Börner, Fl. Deut. Volk: 713. 1912;  
*Potamogeton pectinatus* L., Sp. Pl. 127. 1753.  
 Distribution: Native to Cuba, Hispaniola, North America, Mexico,  
 Central America, and South America.  
 References: 3, 37, 147, 507.  
 EXCLUDED SPECIES  
*Potamogeton coloratus* Hornem. in G.C. Oeder & al. (eds.), Fl. Dan. t.  
 1449. 1813.

*Potamogeton coloratus* Hornem. var. *jamaicensis* Griseb., Fl. British W. I. 506. 1959.

Reference: 147.

Note: Reported as occurring in Bahamas and Jamaica by World Checklist of Selected Plant Families (147), and by Moscoso (1943) for Hispaniola but name not used by modern botanists.

*Potamogeton epihydrus* Raf.; Reported for Cuba in error.

References: 3, 507.

## PRIMULACEAE

**Genera.** Total: 15; native: 15; endemic: 4; nearly endemic: 1.

**Taxa.** Total: 110; native: 105; endemic: 93.

*Anagallis arvensis* L., Sp. Pl. 148. 1753, var. *arvensis*

Distribution: Exotic in Cuba, Hispaniola, Jamaica, Puerto Rico, and North America.

Common Names: Blue pimpernel, Scarlet pimpernel (Jamaica).

References: 2, 3, 7, 58, 224, 252.

Note: Considered an invasive species by CeNBIO.

*Anagallis pumila* Sw., Prodr. 40. 1788.

Distribution: Native to Cuba, Hispaniola, Jamaica, Mexico, Central America, and South America.

References: 2, 3, 5, 7, 150, 151.

*Anguillaria bahamensis* Gaertn. = *Ardisia bahamensis* (Gaertn.) A. DC.

*Anguillaria chrysophylla* Lam. = *Parathesis serrulata* (Sw.) Mez

*Anguillaria coriacea* (Sw.) Poir. = *Myrsine coriacea* (Sw.) R. Br.

*Anguillaria crenulata* (Vent.) Poir. = *Parathesis crenulata* (Vent.) Hook. f. ex Hemsl.

*Anguillaria lateriflora* (Sw.) Lam. = *Stylogyne lateriflora* (Sw.) Mez

*Anguillaria laurifolia* Lam. = *Wallenia lamarckiana* (A. DC.) Mez

*Anguillaria parasitica* (Sw.) Poir. = *Cybianthus parasiticus* (Sw.) Pipoly

*Anguillaria tinifolia* (Sw.) Lam. = *Ardisia tinifolia* Sw.

*Ardisia acuminata* Spreng. = *Stylogyne lateriflora* (Sw.) Mez

*Ardisia acuminata* Willd. var. *dentata* (A. DC.) Griseb. = *Ardisia dentata* (A. DC.) Mez

*Ardisia angustata* Urb., Symb. Antill. 7: 320. 1912.

Distribution: Endemic to Hispaniola.

Common Name: Quatre chemins (Haiti).

References: 5, 7, 30.

*Ardisia bahamensis* (Gaertn.) A. DC., Trans. Linn. Soc. London 17: 128. 1834; *Anguillaria bahamensis* Gaertn., Fruct. Sem. Pl. 1: 373. 1788; *Heberdenia bahamensis* (Gaertn.) Sprague, J. Bot. 61: 241. 1923.

Distribution: Endemic to Bahamas.

Reference: 151.

Note: A dubious name, overlooked by Correll and Correll (45).

*Ardisia baracoensis* (Britton & P. Wilson) Alain, Mem. Soc. Cub. Hist. Nat. "Felipe Poey" 22: 113. 1955; *Icacorea baracoensis* Britton & P. Wilson, Bull. Torrey Bot. Club 53: 461. 1926.

Distribution: Endemic to Cuba.

References: 3, 39.

Note: Considered endangered by the Red List of the Vascular Flora of Cuba (39).

*Ardisia brachypoda* Urb., Ark. Bot. 20A(15): 82. 1926.

Distribution: Endemic to Hispaniola.

References: 5, 7.

*Ardisia brittonii* Stearn, Bull. Brit. Mus. (Nat. Hist.), Bot. 4(4): 159. 1969.

Distribution: Endemic to Jamaica.

References: 2, 427.

Note: Considered endangered by the IUCN Red List of Threatened Species.

*Ardisia bumelioides* Griseb. = *Wallenia bumelioides* (Griseb.) Mez

*Ardisia byrsonimae* Stearn, Bull. Brit. Mus. (Nat. Hist.), Bot. 4(4): 162. 1969.

Distribution: Endemic to Jamaica.

References: 2, 427.

Note: Considered critically endangered by the IUCN Red List of Threatened Species.

*Ardisia canaliculata* Lodd. = *Stylogyne canaliculata* (Lodd.) Mez

*Ardisia caribaea* (A. DC.) Miq. = *Stylogyne lateriflora* (Sw.) Mez

*Ardisia clusiooides* Griseb. = *Wallenia clusiooides* (Griseb.) Mez

*Ardisia coriacea* sensu DC. = *Myrsine coriacea* (Sw.) R. Br.

*Ardisia coriacea* sensu Griseb. = *Ardisia tinifolia* Sw.

*Ardisia coriacea* Sw. = *Myrsine coriacea* (Sw.) R. Br.

*Ardisia coriacea* Sw. var. *berteroana* A. DC. = *Myrsine coriacea* (Sw.) R. Br.

*Ardisia crenata* Sims, Bot. Mag. 45: t. 1950. 1817.

Distribution: Exotic in Puerto Rico; native to Asia and Malaysia.

References: 151, 159, 254.

*Ardisia crenulata* Vent. = *Parathesis crenulata* (Vent.) Hook. f. ex Hemsl.

*Ardisia crispa* (Thunb.) A. DC., Trans. Linn. Soc. London 17: 124. 1834; *Bladbia crispa* Thunb., Fl. Jap. 97. 1784.

Distribution: Exotic in Lesser Antilles (Dominica, Martinique).

References: 1, 30, 151.

*Ardisia cubana* A. DC. = *Parathesis cubana* (A. DC.) Molinet & M. Gómez

*Ardisia densiflora* Krug & Urb., Notizbl. Königl. Bot. Gart. Berlin 1: 79. 1895.

Distribution: Native to Jamaica and Central America.

References: 2, 30.

*Ardisia dentata* (A. DC.) Mez in I. Urban, Symb. Antill. 2: 393. 1901; *Icacorea dentata* A. DC., Prodr. 8: 119. 1844; *Tinus dentata* (A. DC.) Kuntze, Revis. Gen. Pl. 2: 974. 1891.

*Ardisia acuminata* Willd. var. *dentata* (A. DC.) Griseb., Cat. Pl. Cub. 163. 1866.

Distribution: Endemic to Cuba.

References: 3, 30.

*Ardisia dictyonoura* Urb., Symb. Antill. 6: 28. 1909.

Distribution: Endemic to Jamaica.

References: 2, 30.

*Ardisia domingensis* Willd. ex Roem. & Schult. = *Wallenia laurifolia* (Jacq.) Sw. var. *laurifolia*

*Ardisia elliptica* Thunb., Nov. Gen. Pl. 8: 119. 1798.

*Ardisia humilis* sensu Griseb., Fl. Brit. W. I. 396. 1861, non Vahl

*Ardisia solanacea* Roxb., Hort. Bengal. 16. 1814.

Distribution: Exotic in Jamaica, Lesser Antilles (Barbados, Dominica, St. Lucia), and Puerto Rico; native to Asia and Malaysia.

References: 1, 2, 58, 159, 252, 383.

*Ardisia escallonioides* Schldtl. & Cham., Linnaea 6: 393. 1831.

*Ardisia pickeringia* Torr. & A. Gray ex A. DC., Ann. Sci. Nat. Bot., sér. 2, 16: 95. 1841; *Tinus pickeringia* (Torr. & A. Gray ex A. DC.) Kuntze, Revis. Gen. Pl. 2: 974. 1891.

Distribution: Native to Bahamas, Cuba, Hispaniola, Lesser Antilles (Barbuda), Mexico, and Central America.

Common Names: Dog-berry, Marlberry (Bahamas).

References: 1, 3, 5, 7, 30, 45, 151, 203.

*Ardisia fuertesii* Urb., Symb. Antill. 7: 321. 1912.

Distribution: Endemic to Hispaniola.

References: 5, 7, 30.

*Ardisia glauciflora* Urb., Symb. Antill. 1: 382. 1899; *Icacorea glauciflora* (Urb.) Britton in N.L. Britton & P. Wilson, Sci. Surv. Porto Rico & Virgin Islands 6: 57. 1925.

Distribution: Endemic to Puerto Rico.

Common Names: Ausubón, Mameyuelo (Puerto Rico).

References: 30, 58, 131.

*Ardisia grisebachiana* (Kuntze) Alain, Mem. Soc. Cub. Hist. Nat. "Felipe Poey" 22: 113. 1955; *Tinus grisebachiana* Kuntze, Revis. Gen. Pl. 2: 973. 1891; *Ardisia multiflora* Griseb., Pl. Wright. 2: 516. 1862, *nom. illeg.*

Distribution: Endemic to Cuba.

References: 3, 30, 39, 151, 203.

Note: Considered endangered by the Red List of the Vascular Flora of Cuba (39).

*Tinus lateriflora* (Sw.) Kuntze = *Stylogyne lateriflora* (Sw.) Mez  
*Tinus obovata* (Desv. ex Ham.) Kuntze = *Ardisia obovata* Desv. ex Ham.  
*Tinus pickeringia* (Torr. & A. Gray ex A. DC.) Kuntze = *Ardisia escallonioides* Schltdl. & Cham.  
*Tinus tinifolia* (Sw.) Kuntze = *Ardisia tinifolia* Sw.
- \**Vegaea pungens* Urb., Symb. Antill. 7: 536. 1913.  
 Distribution: Endemic to Hispaniola.  
 Common Name: Puntilla (Dominican Republic).  
 References: 5, 7.
- \**Wallenia apiculata* Urb., Symb. Antill. 7: 535. 1913.  
 Distribution: Endemic to Hispaniola.  
 Common Names: Caimonicillo, Lengua de vaca (Dominican Republic).  
 References: 5, 7, 30.
- \**Wallenia aquifolia* Urb. & Ekman, Ark. Bot. 22A(8): 82. 1928.  
 Distribution: Endemic to Hispaniola (Haiti).  
 References: 5, 7.
- \**Wallenia bumelioides* (Griseb.) Mez in I. Urban, Symb. Antill. 2: 415. 1901; *Ardisia bumelioides* Griseb., Pl. Wright. 2: 516. 1862; *Conomorpha bumelioides* (Griseb.) Griseb., Cat. Pl. Cub. 163. 1866; *Cybianthus bumelioides* (Griseb.) Benth. & Hook. f., Gen. Pl. 2: 645. 1876; *Tinus bumelioides* (Griseb.) Kuntze, Revis. Gen. Pl. 2: 974. 1891.  
 Distribution: Endemic to Cuba.  
 Common Names: Agracejo, Camagua macho, Curbana macho, Cúrbana macho, Lustillo (Cuba).  
 References: 3, 30.
- \**Wallenia calypttrata* Urb., Symb. Antill. 5: 458. 1908.  
 Distribution: Endemic to Jamaica.  
 References: 2, 427.  
 Note: Considered near threatened by the IUCN Red List of Threatened Species.
- Wallenia clusiifolia* Griseb. = *Wallenia laurifolia* (Jacq.) Sw. var. *laurifolia*
- \**Wallenia clusiooides* (Griseb.) Mez in I. Urban, Symb. Antill. 2: 411. 1901; *Ardisia clusiooides* Griseb., Fl. Brit. W. I. 396. 1861; *Tinus clusiooides* (Griseb.) Kuntze, Revis. Gen. Pl. 2: 974. 1891.  
 Distribution: Endemic to Jamaica.  
 References: 2, 30, 427.
- Note: Considered near threatened by the IUCN Red List of Threatened Species.

- DOUBTFUL NAME
- Jacquinia barahonensis* Urb. & Ekman ex Barker & Dardeau La Flore d'Haiti 280. 1930, *nom. nud.*
- Jacquinia berteroi* Spreng. var. *cubensis* Kitan. Fitologia 11: 49. 1979. A name with dubious application (590).
- Jacquinia incrustata* Urb., Symb. Antill. 1: 377. 1899. A name with unknown application, but original description suggest it to be synonymous with *J. berteroi*. (590).

## PROTEACEAE

Genera. Total: 2; native: 0; endemic: 0.

Taxa. Total: 3; native: 0; endemic: 0.

*Grevillea banksii* R. Br., Trans. Linn. Soc. London 10: 176. 1810.

Distribution: Exotic in Lesser Antilles (Montserrat).

Reference: 1.

*Grevillea robusta* A. Cunn. in R. Brown, Suppl. Prodr. Fl. Nov. Holl. 24. 1830.

Distribution: Cultivated in Hispaniola, Jamaica, Puerto Rico, Virgin Islands (Tortola), and Lesser Antilles (Guadeloupe, Montserrat).  
Common Names: Grevillea, Roble australiano, Roble plateado (Cuba), Helecho (Dominican Republic), Silky oak, Silver oak (Jamaica), Roble australiano, Roble de seda (Puerto Rico).  
References: 1, 2, 6, 7, 58, 131, 150, 231.

*Macadamia integrifolia* Maiden & Betche, Proc. Linn. Soc. New South Wales, ser. 2, 11: 624. 1896.

Distribution: Cultivated in Hispaniola, Puerto Rico, and Virgin Islands (St. Croix).  
Common Name: Macadamia (Dominican Republic).  
References: 6, 230.

## PUTRANJIVACEAE

**Genera.** Total: 2; native: 1; endemic: 0.

**Taxa.** Total: 11; native: 10; endemic: 8.

*Drypetes alba* Poit., Mém. Mus. Hist. Nat. 1: 157. 1815; *Drypetes alba* Poit. var. *genuina* Müll. Arg. in A.L.P.P. de Candolle, Prodr. 15(2.2): 455. 1866.

*Drypetes alba* Poit. var. *brevipes* Müll. Arg. in A.L.P.P. de Candolle, Prodr. 15(2.2): 455. 1866.

*Drypetes incurva* Müll. Arg., Linnaea 32: 82. 1863.

Distribution: Endemic to Greater Antilles; native to Cuba, Hispaniola, Jamaica, Puerto Rico, and Virgin Islands (St. John).

Common Names: Cueriduro, Hueso, Hueso prieto, Maco (Cuba), Azota criollo, Lirio, Palo blanco, Palo blanco de sierra, Palo de sierra Tarana, Sota criolla (Dominican Republic), Bois côtelette, Laboue cachon (Haiti), Caféillo, Hueso, Palo de vaca (Puerto Rico).

References: 2, 3, 5, 6, 7, 19, 30, 123, 131, 147.

*Drypetes alba* Poit. var. *brevipes* Müll. Arg. = *Drypetes alba* Poit.

*Drypetes alba* Poit. var. *genuina* Müll. Arg. = *Drypetes alba* Poit.

*Drypetes alba* Poit. var. *latifolia* Griseb. = *Drypetes lateriflora* (Sw.) Krug & Urb.

*Drypetes diversifolia* Krug & Urb., Bot. Jahrb. Syst. 15: 353. 1892.

Distribution: Native to Bahamas, Hispaniola, and United States.

Common Name: Whitewood (Bahamas).

References: 7, 45.

*Drypetes dussii* Krug & Urb., Bot. Jahrb. Syst. 15: 355. 1892.

Distribution: Endemic to Lesser Antilles (Martinique).

Common Name: Bois-moussara (Lesser Antilles).

Reference: 1.

*Drypetes glauca* Vahl, Eclog. Amer. 3: 49. 1807.

Distribution: Endemic to West Indies; native to Hispaniola, Puerto Rico, Virgin Islands (St. Croix), and Lesser Antilles (St. Croix, Dominica, Guadeloupe, Martinique, Montserrat, Nevis, St. Kitts, St. Lucia, St. Vincent).

Common Names: Hueso de monte (Cuba), Café grand bois, Greenheart (Lesser Antilles), Palo blanco, Palo de aceituna, Varital (Puerto Rico).

References: 1, 5, 6, 7, 30, 58.

*Drypetes glauca* sensu Bello = *Chionanthus domingensis* Lam. (Oleaceae)

*Drypetes glomerata* Griseb. = *Drypetes serrata* (Maycock) Krug & Urb.

*Drypetes ilicifolia* Krug & Urb., Bot. Jahrb. Syst. 15: 352. 1892.

*Gomphia ilicifolia* sensu Bello, Anales Soc. Esp. Hist. Nat. 12: 130. 1883, non DC.

Distribution: Endemic to Greater Antilles; native to Hispaniola, Jamaica, and Puerto Rico.

Common Names: Rosewood (Jamaica), Encinillo (Puerto Rico).

References: 2, 6, 7, 30, 58, 61.

*Drypetes incurva* Müll. Arg. = *Drypetes alba* Poit.

*Drypetes lateriflora* (Sw.) Krug & Urb., Bot. Jahrb. Syst. 15: 357. 1892; *Schaefferia lateriflora* Sw., Prodr. 38. 1788.

*Drypetes alba* Poit. var. *latifolia* Griseb., Nachr. Ges. Wiss. Göttingen Jahresber. 1865: 165. 1865; *Drypetes latifolia* (Griseb.) C. Wright. in F.A. Sauvalle, Anales Acad. Ci. Méd. Habana 7: 151. 1870.

Distribution: Native to Bahamas, Cuba, Hispaniola, Jamaica, Puerto Rico, United States (FL), Mexico, and Central America.

Common Names: Guiana plum (Bahamas), Cueriduro, Cuero duro, Hueso, Hueso blanco, Hueso de monte, Hueso de tortuga, Hueso prieto, Llorona, Mora del cabo, Ramón blanco, Yaya blanca (Cuba), Pae Manuel (Dominican Republic), Bois côtelette (Haiti), Whitewood (Jamaica), Cueriduro (Puerto Rico).

References: 2, 3, 5, 6, 7, 45.

*Drypetes latifolia* (Griseb.) C. Wright. = *Drypetes lateriflora* (Sw.) Krug & Urb.

*Drypetes mucronata* C. Wright ex Griseb., Nachr. Königl. Ges. Wiss. Georg-Augusts-Univ. 1: 165. 1865.

Distribution: Endemic to West Indies; native to Bahamas and Cuba.

Common Names: Chicharrón, Chicharrón espinoso, Hueso de costa, Hueso de tortuga (Cuba).

References: 3, 45.

*Drypetes picardae* Krug & Urb. in I. Urban, Symb. Antill. 1: 334. 1899.

*Drypetes piriformis* Urb., Ark. Bot. 17(7): 36. 1921.

Distribution: Endemic to Hispaniola.

Common Names: Cuero duro, Ramón blanco (Dominican Republic), Bois côtelette, Côtelette (Haiti).

References: 5, 7, 30.

*Drypetes piriformis* Urb. = *Drypetes picardae* Krug & Urb.

*Drypetes serrata* (Maycock) Krug & Urb., Bot. Jahrb. Syst. 15: 354.

1892; *Koelera serrata* Maycock, Fl. Barb. 385. 1830.

*Drypetes glomerata* Griseb., Abh. Königl. Ges. Wiss. Göttingen 7: 175. 1857.

Distribution: Endemic to Lesser Antilles (Antigua, Barbados, Guadeloupe, Martinique).

References: 1, 3, 147.

Note: Reported for Cuba by León & Alain (3), but this record needs confirmation.

*Drypetes triplinervia* Müll. Arg. = *Chascotheca triplinervia* (Müll. Arg.) G.L. Webster (Phyllanthaceae)

*Koelera serrata* Maycock = *Drypetes serrata* (Maycock) Krug & Urb.

*Putranjiva roxburghii* Wall., Tent. Fl. Nepal 61. 1826.

Distribution: Cultivated in Lesser Antilles (Dominica).

Reference: 147, 254.

## RANUNCULACEAE

**Genera.** Total: 3; native: 3; endemic: 0.

**Taxa.** Total: 14; native: 11; endemic: 7.

*Clematis bahamica* (Kuntze) Britton = *Clematis plukenetii* DC.

*Clematis barabonensis* Urb. = *Clematis flammulastrum* Griseb. var. *flammulastrum*

*Clematis bidens* Urb. = *Clematis flammulastrum* Griseb. var. *fuertesii* (Urb.) W.T. Wang

*Clematis dioica* L., Syst. Nat., ed. 10, 1084. 1759.

Distribution: Native to Cuba, Hispaniola, Jamaica, Puerto Rico, Mexico, and Central America.

Common Names: Barba de viejo, Cabellos de ángel (Cuba), Cabellos de ángel, Cascarita (Dominican Republic), Liane bon garçon (Haiti), Wild clematis (Jamaica), Cabellos de ángel (Puerto Rico).

References: 1, 2, 3, 5, 6, 7, 32, 58, 61, 568

*Clematis dioica* sensu R.A. Howard = *Clematis guadeloupae* Pers. var. *guadeloupae*

*Clematis dominica* Lam. = *Clematis polygama* Jacq.

*Clematis flammulastrum* Griseb., Pl. Wright. 1: 153. 1860, var. *flammulastrum*

*Clematis barahonensis* Urb., Repert. Spec. Nov. Regni Veg. 15: 170. 1918.

*Clematis picardae* Urb., Symb. Antill. 7: 221. 1912.

Distribution: Endemic to Greater Antilles; native to Cuba, Hispaniola, and Puerto Rico.

Common Name: Flámula (Cuba).

References: 3, 5, 7, 32, 151, 568.

*Clematis flammulastrum* Griseb. var. *fuertesii* (Urb.) W.T. Wang, Acta Phytotax. Sin. 42: 45. 2004; *Clematis fuertesii* Urb., Symb. Antill. 7: 222. 1912.

*Clematis bidens* Urb., Symb. Antill. 7: 220. 1912.

Distribution: Endemic to Greater Antilles; native to Hispaniola and Jamaica.

References: 5, 7, 568.

*Clematis fuertesii* Urb. = *Clematis flammulastrum* Griseb. var. *fuertesii* (Urb.) W.T. Wang

*Clematis guadeloupae* Pers., Syn. Pl. 2(1): 99. 1806, var. *guadeloupae*

*Clematis dioica* sensu R.A. Howard, Fl. Lesser Antilles 1: 222. 1988.

Distribution: Native to Lesser Antilles (Dominica, Guadeloupe, Martinique) and South America.

Common Names: Liane à crages, Liane-serpent, Vigne sauvage (Lesser Antilles).

References: 32, 568.

*Clematis havanensis* Humb. & Bonpl. ex DC. = *Clematis polygama* Jacq.

*Clematis orbiculata* Correll = *Clematis plukenetii* DC.

*Clematis pallida* A. Rich. = *Clematis polygama* Jacq.

*Clematis picardae* Urb. = *Clematis flammulastrum* Griseb. var. *flammulastrum*

*Clematis plukenetii* DC., Syst. Nat. 1: 153. 1818.

*Clematis bahamica* (Kuntze) Britton, Bull. New York Bot. Gard. 4: 117. 1905.

*Clematis orbiculata* Correll, J. Arnold Arbor. 58: 40. 1977.

Distribution: Endemic to Bahamas.

Common Name: Bahama virgin's-bower (Bahamas).

References: 45, 568.

*Clematis polygama* Jacq., Enum. Syst. Pl. 24. 1760.

*Clematis dominica* Lam., Encycl. 2: 45. 1786.

*Clematis havanensis* Humb. & Bonpl. ex DC., Syst. Nat. 1: 152. 1818.

*Clematis pallida* A. Rich. in R. de la Sagra, Hist. Phys. Cuba, Pl. Vasc. 10. 1845.

Distribution: Native to Cuba, Hispaniola, Jamaica, Puerto Rico, Mexico, and Central America.

References: 32, 151, 568.

*Ranunculus abortivus* L., Sp. Pl. 551. 1753.

Distribution: Exotic in Cuba.

References: 3, 224.

Note: Considered exotic and invasive in Cuba by CeNBIO.

*Ranunculus cubensis* Griseb. = *Ranunculus recurvatus* Poir. var. *tropicus* (Griseb.) Fawc. & Rendle

*Ranunculus domingensis* Urb. & Ekman, Ark. Bot. 22A(8): 23. 1928.

Distribution: Endemic to Hispaniola.

References: 5, 7.

*Ranunculus flagelliformis* Sm. in A. Rees, Cycl. 29: n. 13. 1815.

Distribution: Endemic to Hispaniola (Dominican Republic).

References: 5, 7.

*Ranunculus parviflorus* L., Syst. Nat., ed. 10, 1087. 1759.

Distribution: Exotic in Hispaniola and Jamaica.

References: 2, 5, 7, 151, 159.

*Ranunculus recurvatus* Poir. in J.B.A.P.M. de Lamarck, Encycl. 6: 125. 1804, var. *recurvatus*

Distribution: Native to Hispaniola, Jamaica, and North America.

References: 2, 7, 150, 307.

*Ranunculus recurvatus* Poir. var. *tropicus* (Griseb.) Fawc. & Rendle, Fl. Jamaica 3: 188. 1914; *Ranunculus repens* L. var. *tropicus* Griseb., Fl. Brit. W. I. 1. 1859.

*Ranunculus cubensis* Griseb., Cat. Pl. Cub. 1. 1866.

Distribution: Endemic to Greater Antilles; native to Cuba, Hispaniola, Jamaica, and Puerto Rico.

References: 2, 3, 7, 39, 58,

Note: Considered threatened by the Red List of the Vascular Flora of Cuba (39).

*Ranunculus repens* L., Sp. Pl. 554. 1753.

Distribution: Exotic in Jamaica, North America, Mexico, Central America, and South America.

References: 2, 151, 159.

*Thalictrum domingense* Urb., Symb. Antill. 6: 10. 1909.

Distribution: Endemic to Hispaniola (Haiti).

References: 5, 7, 30.

## RHAMNACEAE

**Genera.** Total: 11; native: 10; endemic: 2; nearly endemic: 1.

**Taxa.** Total: 82; native: 78; endemic: 71.

\**Auerodendron acuminatum* (Griseb.) Urb., Symb. Antill. 9: 228. 1924; *Colubrina acuminata* Griseb., Cat. Pl. Cub. 35. 1866.

Distribution: Endemic to Cuba.

References: 3, 30.

\**Auerodendron acunae* Borhidi & O. Muñiz, Acta Agron. Acad. Sci. Hung. 27: 434. 1978.

Distribution: Endemic to Cuba.

References: 39, 149

Note: Considered vulnerable by the Red List of the Vascular Flora of Cuba (39).

\**Auerodendron cubense* (Britton & P. Wilson) Urb., Symb. Antill. 9: 222. 1924, var. *cubense*; *Rhamnidium cubensis* Britton & P. Wilson, Bull. Torrey Bot. Club 42: 516. 1915.

*Reynosa excisa* Urb., Repert. Spec. Nov. Regni Veg. 18: 116. 1922.

Distribution: Endemic to Cuba.

Common Names: Cocuyo de costa, Grajo (Cuba).

References: 3, 30.

\**Auerodendron cubense* (Britton & P. Wilson) Urb. var. *maisiana* Borhidi & O. Muñiz, Acta Bot. Acad. Sci. Hung. 21: 223. 1976 ["1975"].

Distribution: Endemic to Cuba.  
Reference: 149.

\**Auerodendron cubense* (Britton & P. Wilson) Urb. var. *morroensis*  
Kitan., Fitologiya 11: 48. 1979.

Distribution: Endemic to Cuba.  
References: 149, 152.

\**Auerodendron glaucescens* Urb., Symb. Antill. 9: 223. 1924.

Distribution: Endemic to Cuba.  
References: 3, 30, 39.

Note: Considered threatened by the Red List of the Vascular Flora of  
Cuba (39).

\**Auerodendron jamaicense* (Urb.) Urb., Symb. Antill. 9: 228. 1924;  
*Rhamnidium jamaicense* Urb., Symb. Antill. 5: 409. 1908.

Distribution: Endemic to Jamaica.  
Common Name: Turtle fat (Jamaica).  
References: 2, 427.

Note: Considered vulnerable by the IUCN Red List of Threatened  
Species.

\**Auerodendron martii* Alain, Revista Soc. Cub. Bot. 10: 27. 1953.

Distribution: Endemic to Cuba.  
Reference: 3.

\**Auerodendron northropianum* (Urb.) Urb., Symb. Antill. 9: 223.  
1924; *Reynosia northropiana* Urb., Symb. Antill. 3: 315. 1902.

Distribution: Endemic to West Indies; native to Bahamas and Cuba.  
Common Name: Cocuyo noble (Cuba).  
References: 3, 45.

\**Auerodendron pauciflorum* Alain, Phytologia 50: 164. 1982.

Distribution: Endemic to Puerto Rico.  
References: 6, 58, 427, 633.

Note: Considered endangered by the U.S. Fish & Wildlife Service and  
critically endangered by the IUCN Red List of Threatened Species.

\**Auerodendron reticulatum* (Griseb.) Urb., Symb. Antill. 9: 228.  
1924; *Rhamnidium reticulatum* Griseb., Cat. Pl. Cub. 32. 1866;  
*Reynosia reticulata* (Griseb.) Urb., Cat. Pl. Cub. 33. 1866.

Distribution: Endemic to Cuba.  
References: 3, 30.

\**Auerodendron truncatum* (Urb.) Urb., Symb. Antill. 9: 223. 1924;  
*Reynosia truncata* Urb., Repert. Spec. Nov. Regni Veg. 18: 18. 1922.

Distribution: Endemic to Cuba.  
References: 3, 30.

*Banisteria lupuloides* L. = *Gouania lupuloides* (L.) Urb.

*Ceanothus arborescens* Mill. = *Colubrina arborescens* (Mill.) Sarg.

*Ceanothus cubensis* (Jacq.) Lam. = *Colubrina cubensis* (Jacq.) Brongn.  
var. *cubensis*

*Ceanothus reclinatus* L'Hér. = *Colubrina elliptica* (Sw.) Brizicky

*Colubrina acuminata* Griseb. = *Auerodendron acuminatum* (Griseb.) Urb.

*Colubrina acunae* Kitan., God. Sofiisk. Univ. Biol. Fak., 2, Bot.  
Mikrobiol. Fiziol. Biokhim. Rast. 64(2): 61. 1972 ["1969-1970",  
as *acunai*].

Distribution: Endemic to Cuba.  
Reference: 152.

*Colubrina arborescens* (Mill.) Sarg., Trees & Shrubs 2: 167. 1911;  
*Ceanothus arborescens* Mill., Gard. Dict., ed. 8. 1768.

*Rhamnus colubrina* Jacq., Enum. Syst. Pl. 16. 1760; *Colubrina  
colubrina* (Jacq.) Millsp., Publ. Field Columbian Mus., Bot. Ser.,  
2(1): 69. 1900.

*Colubrina ferruginea* Bello, Anales Soc. Esp. Hist. Nat. 10: 252. 1881,  
*sphalm*.

*Colubrina ferruginosa* Brongn., Mém. Fam. Rhamnées 62. 1826.

*Colubrina obtusata* Urb., Repert. Spec. Nov. Regni Veg. 18: 116. 1922.

Distribution: Native to Bahamas, Cayman Islands, Cuba, Hispaniola,  
Jamaica, Puerto Rico, Virgin Islands (Anegada, Guana, Jost  
van Dyke, St. Croix, St. John, St. Thomas, Tortola, Virgin  
Gorda), Lesser Antilles (Anguilla, Antigua, Barbados, Barbuda,  
Guadeloupe, Montserrat, Saba, St. Barthélemy), North America,  
Mexico, and Central America.

Common Names: Bitters, Common snake-bark (Bahamas), Bijagua,  
Mataguao (Cuba), Candelón, Corazón de paloma, Cuerno de  
buey, Palo amargo, Trejo (Dominican Republic), Bois de fer, Bois  
fer blanc, Bois mabi, Bois mabit, Bois pelé, Bois pite (Haiti), Black  
velvet, Snake wood (Jamaica), Blackhead tree, Mabile, Mambe,  
Mauble bark, Soap bush, Soapberry (Lesser Antilles), Abejuelo,  
Abeyuelo, Achiotillo, Aguacatillo, Aguaitarán, Catire, Guitarán,  
Mabí, Ratón, Sanguinarin (Puerto Rico), Greenheart, Soap tree  
(Virgin Islands).

References: 1, 2, 3, 7, 19, 40, 45, 58, 61, 123, 131, 132, 340, 572.

*Colubrina asiatica* (L.) Brongn., Mém. Fam. Rhamnées 62. 1826.

Distribution: Exotic in Bahamas, Cayman Islands, Cuba, Jamaica,  
Lesser Antilles (Guadeloupe, Martinique), and United States (FL).

Common Name: Hoop with (Jamaica).

References: 1, 2, 3, 4, 45, 224, 572.

Note: Considered exotic and invasive in Cuba by CeNBIO.

*Colubrina berteriana* Urb., Symb. Antill. 5: 409. 1908.

Distribution: Endemic to Hispaniola.

Common Name: Palo amargo (Dominican Republic).

References: 5, 7, 30, 572.

*Colubrina colubrina* (Jacq.) Millsp. = *Colubrina arborescens* (Mill.) Sarg.

*Colubrina cubensis* (Jacq.) Brongn., Mém. Fam. Rhamnées 62. 1826,  
var. *cubensis*; *Rhamnus cubensis* Jacq., Enum. Syst. Pl. 16. 1760;  
*Ceanothus cubensis* (Jacq.) Lam., Tabl. Encycl. 2: 90. 1797;  
*Marcocella cubensis* (Jacq.) Raf., Sylva Tellur. 31. 1838.

Distribution: Endemic to West Indies; native to Cayman Islands and  
Cuba.

Common Names: Bijaguara, Malva marta, Yerba marta (Cuba).

References: 3, 4.

*Colubrina cubensis* (Jacq.) Brongn. subsp. *ekmanii* (M.C. Johnst.)

Borhidi = *Colubrina cubensis* (Jacq.) Brongn. var. *ekmanii* M.C.  
Johnst.

*Colubrina cubensis* (Jacq.) Brongn. subsp. *floridana* (M.C. Johnst.)

Borhidi = *Colubrina cubensis* (Jacq.) Brongn. var. *floridana* M.C.  
Johnst.

*Colubrina cubensis* (Jacq.) Brongn. var. *ekmanii* M.C. Johnst.,

Wrightia 3(5): 95. 1963; *Colubrina cubensis* (Jacq.) Brongn.  
subsp. *ekmanii* (M.C. Johnst.) Borhidi, Acta Bot. Acad. Sci. Hung.  
19: 44. 1973.

Distribution: Endemic to Cuba.

Reference: 149.

*Colubrina cubensis* (Jacq.) Brongn. var. *floridana* M.C. Johnst.,

Wrightia 3(5): 96. 1963; *Colubrina cubensis* (Jacq.) Brongn.  
subsp. *floridana* (M.C. Johnst.) Borhidi, Acta Bot. Acad. Sci.  
Hung. 19: 44. 1973.

Distribution: Native to Bahamas and Florida.

Common Name: Cuban snake-bark (Bahamas).

References: 45, 149, 150, 156, 572.

*Colubrina elliptica* (Sw.) Brizicky, Trop. Woods 109: 95. 1958;

*Reynosia ekmanii* Urb. = *Reynosia camagueyensis* Britton  
*Reynosia excisa* Urb. = *Auerodendron cubense* (Britton & P. Wilson) Urb.  
 \*\**Reynosia guama* Urb., Symb. Antill. 1: 356. 1899. Syntypes: St. Thomas, Eggers 778; St. John, Eggers 3126.  
*Reynosia latifolia* sensu Eggers, Vidensk. Meddel. Dansk Naturhist. Foren. Kjøbenhavn 1877: 173. 1878, non Griseb.  
*Condalia ferrea* sensu A. Stahl, Estud. Fl. Puerto Rico 4: 41. 1886, non (Vahl) Griseb.  
 Distribution: Endemic to Virgin Islands (Guana, Jost van Dyke, St. John, St. Thomas, Tortola, Virgin Gorda).  
 References: 30, 19, 61, 335.  
*Reynosia guama* sensu Little et al. = *Reynosia vivesiana* Trejo  
*Reynosia intermedia* Urb. = *Reynosia microphylla* Ekman  
 \*\**Reynosia jamaicensis* M.C. Johnst., J. Arnold Arbor. 52: 364. 1971.  
 Distribution: Endemic to Jamaica.  
 References: 2, 427.  
 Note: Considered critically endangered by the IUCN Red List of Threatened Species.  
 \*\**Reynosia krugii* Urb., Symb. Antill. 1: 354. 1899.  
 Distribution: Endemic to Puerto Rico.  
 References: 30, 58, 61.  
 \*\**Reynosia latifolia* Griseb., Cat. Pl. Cub. 34. 1866.  
 Distribution: Endemic to Cuba.  
 Reference: 3.  
*Reynosia latifolia* sensu Eggers = *Reynosia guama* Urb.  
 \*\**Reynosia microphylla* Ekman in I. Urban, Symb. Antill. 9: 223. 1924.

- Reynosia intermedia* Urb., Symb. Antill. 9: 224. 1924.  
Distribution: Endemic to Cuba.  
References: 3, 30.
- \*\**Reynosia moaensis* Borhidi & O. Muñiz, Acta Bot. Acad. Sci. Hung. 21: 223. 1976 ["1975"].  
Distribution: Endemic to Cuba.  
References: 39, 149.  
Note: Considered vulnerable by the Red List of the Vascular Flora of Cuba (39).
- \*\**Reynosia mucronata* Griseb., Cat. Pl. Cub. 34. 1866, subsp. *mucronata*  
Distribution: Endemic to West Indies; native to Cuba and Hispaniola.  
Common Names: Brujilla, Cocuyito, Cocuyo (Cuba).  
References: 3, 7.
- \*\**Reynosia mucronata* Griseb. subsp. *azulensis* Borhidi & O. Muñiz, Acta Bot. Acad. Sci. Hung. 17: 16. 1972 ["1971"].  
Distribution: Endemic to Cuba.  
Reference: 149.
- \*\**Reynosia mucronata* Griseb. subsp. *nipensis* Borhidi & O. Muñiz, Acta Bot. Acad. Sci. Hung. 17: 16. 1972 ["1971"].  
Distribution: Endemic to Cuba.  
Reference: 149.
- Reynosia northropiana* Urb. = *Auerodendron northropianum* (Urb.) Urb.
- \*\**Reynosia regia* Urb. & Ekman, Ark. Bot. 20A(15): 69. 1926.  
Distribution: Endemic to Hispaniola.  
Common Name: Quebrahacha (Dominican Republic).  
References: 5, 7.
- Reynosia reticulata* (Griseb.) Urb. = *Auerodendron reticulatum* (Griseb.) Urb.
- \*\**Reynosia retusa* Griseb., Cat. Pl. Cub. 34. 1866.  
Distribution: Endemic to Cuba.  
Reference: 3.
- \*\**Reynosia revoluta* (C. Wright) Urb., Symb. Antill. 1: 357. 1899;  
*Rhamnidium revolutum* C. Wright ex Griseb, Cat. Pl. Cub. 32. 1866.  
Distribution: Endemic to Cuba.  
Common Names: Almendrillo de costa, Membrillo silvestre, Piñi-piñi de sabana (Cuba).  
References: 3, 30.
- \*\**Reynosia septentrionalis* Urb., Symb. Antill. 1: 356. 1899.  
Distribution: Native to Cuba, Bahamas, and United States (southern FL).  
Common Names: Darling plum (Bahamas), Cocuyo (Cuba).  
References: 3, 30, 45, 150.
- Reynosia truncata* Urb. = *Auerodendron truncatum* (Urb.) Urb.
- \*\**Reynosia uncinata* Urb., Symb. Antill. 1: 355. 1899.  
Distribution: Endemic to West Indies; native to Hispaniola, Puerto Rico, Virgin Islands (Anegada, St. Croix, Tortola), and Lesser Antilles (Anguilla).  
Common Names: Casca hueso, Casca huevo, Palo de tabaco, Palo tabaco (Dominican Republic), Bois d'ebene, Bois fer marron, Brillol, Galle-galle, Gati-galle, Gelle-gelle, Gratte-galle (Haiti), Sloe (Lesser Antilles), Cascarroya, Chicharrón (Puerto Rico).  
References: 1, 5, 7, 19, 58, 61.
- \*\**Reynosia vivesiana* Trejo, Novon 18: 390-394. 2008. Type: Puerto Rico, Guánica. *Trejo 2812* (Holotype: UPR; Isotypes: JBS, K, MO).  
*Reynosia guama* sensu Little et al., Trees of Puerto Rico & Virgin Isl. 498. 1974, in part.  
Distribution: Endemic to Puerto Rico.  
Common Names: Cascarroya, Guamá (Puerto Rico).  
Reference: 335.
- \*\**Reynosia wrightii* Urb., Symb. Antill. 1: 357. 1899.  
*Rhamnidium retusum* Griseb., Cat. Pl. Cub. 32. 1866.  
Distribution: Endemic to Cuba.  
Common Names: Almendrillo, Almendro, Carey cocuyo, Cocuyo de Oriente, Cuajani, Membrillo silvestre, Palo diablo, Pito (Cuba).  
References: 3, 30.
- Rhamnidium bicolor* Britton & P. Wilson = *Karwinskia bicolor* (Britton & P. Wilson) Urb.
- Rhamnidium brevifolium* Borhidi, Acta Bot. Acad. Sci. Hung. 22: 310. 1977 ["1976"].  
Distribution: Endemic to Cuba.  
Reference: 149.
- Rhamnidium cubensis* Britton & P. Wilson = *Auerodendron cubense* (Britton & P. Wilson) Urb. var. *cubense*
- Rhamnidium dictyophyllum* Urb., Repert. Spec. Nov. Regni Veg. 13: 459. 1914.  
Distribution: Endemic to Jamaica.  
References: 2, 427.  
Note: Considered endangered by the IUCN Red List of Threatened Species.
- Rhamnidium ellipticum* Britton & P. Wilson, Bull. Torrey Bot. Club 42: 516. 1915.

Distribution: Endemic to Cuba.  
References: 3, 30, 149.
- Ziziphus havanensis* sensu Bello = *Ziziphus reticulata* (Vahl) DC.
- Ziziphus jujuba* Mill., Gard. Dict., ed. 8. 1768.  
Distribution: Exotic in Cuba, Jamaica, Hispaniola, North America, and South America.  
Common Names: Coolie plum, Crab apple, Jujube (Jamaica).  
References: 3, 5, 159.
- Ziziphus jujuba* sensu Britton & P. Wilson = *Ziziphus mauritiana* Lam.
- Ziziphus mauritiana* Lam., Encycl. 3: 319. 1789.  
*Ziziphus jujuba* sensu Britton & P. Wilson, Sci. Surv. Porto Rico & Virgin Islands 5: 535. 1924, non Mill.  
Distribution: Exotic in Bahamas, Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (St. Croix), Lesser Antilles (Anguilla, Antigua, Barbados, Désirade, Dominica, Grenada, Guadeloupe, Martinique, Montserrat, St. Barthélemy, St. Lucia, St. Martin), United States, and South America.  
Common Names: Indian jujube (Bahamas), Jujube tree, Perita haitiana (Dominican Republic), Jujubier, Liane croc chien, Petite pomme, Pomme mal carduc, Pomme malcadi, Pommemalcadi, Ponseré, Pti-pomme (Haiti), Coolie plum, Crab apple, Jujube (Jamaica), Dunks, Jujube, Jujubier, Pomme-surette, Stink tree, Surette (Lesser Antilles), Aprín, Juyube, Yuyubí (Puerto Rico).

References: 1, 2, 3, 4, 7, 45, 58, 61, 131, 224, 230.

Note: Considered exotic and invasive in Cuba by CeN BIO.

*Ziziphus microdictya* (Urb. & Ekman) M.C. Johnst., Amer. J. Bot. 51: 1116. 1964; *Sarcomphalus microdictyus* Urb. & Ekman, Ark. Bot. 20A(15): 72. 1926.

Distribution: Endemic to Hispaniola.

References: 7, 573.

*Ziziphus obovata* (Urb.) M.C. Johnst., Amer. J. Bot. 51: 1117. 1964; *Sarcomphalus obovatus* Urb., Repert. Spec. Nov. Regni Veg. 19: 299. 1924.

Distribution: Endemic to Cuba.

References: 3, 573.

*Ziziphus reticulata* (Vahl) DC., Prodr. 2: 20. 1825; *Paliurus reticulatus* Vahl, Eclog. Amer. 3: 6. 1807; *Sarcomphalus reticulatus* (Vahl) Urb., Symb. Antill. 1: 357. 1899.

*Ziziphus havanensis* sensu Bello, Anales Soc. Esp. Hist. Nat. 10: 252. 1881, non Kunth.

Distribution: Endemic to Greater Antilles; native to Hispaniola, Puerto Rico, Virgin Islands (St. Croix, Tortola), and Lesser Antilles (Antigua, Barbuda).

Common Names: Saona cimarrona, Saona de puerco, Sopaipo, Zopaipo, Zopoipo (Dominican Republic), Coque molle (Haiti), Ironwood (Lesser Antilles), Azufaifo, Cacao rojo, Cascarilla, Espejuelo (Puerto Rico).

References: 1, 7, 58, 61, 123, 131, 340, 573.

*Ziziphus reticulata* sensu A. Stahl = *Celtis iguanaea* (Jacq.) Sarg. (Cannabaceae)

*Ziziphus rhodoxylon* Urb., Symb. Antill. 5: 407. 1908.

Distribution: Endemic to Greater Antilles; native to Cuba and Hispaniola.

Common Names: Cocuyo, Rayo de sol (Cuba), Hoja ancha, Juan prieto, Pancho prieto, Quiebrahacha, Yagua (Dominican Republic), Bois de rose, Casse hache, Casser hache, Creve la hache (Haiti).

References: 3, 5, 7, 123.

## RHIZOPHORACEAE

Genera. Total: 2; native: 2; endemic: 0.

Taxa. Total: 6; native: 6; endemic: 4.

*Cassipourea alba* Griseb. = *Cassipourea guianensis* Aubl.

*Cassipourea brittoniana* Fawc. & Rendle, J. Bot. 64: 14. 1926.

Distribution: Endemic to Jamaica.

Common Name: Coco plum of Troy (Jamaica).

References: 2, 427.

Note: Considered endangered by the IUCN Red List of Threatened Species.

*Cassipourea cubensis* Urb. = *Cassipourea guianensis* Aubl.

*Cassipourea elliptica* (Sw.) Poir. = *Cassipourea guianensis* Aubl.

*Cassipourea elliptica* (Sw.) Poir. var. *alba* (Griseb.) Griseb. = *Cassipourea guianensis* Aubl.

*Cassipourea elliptica* (Sw.) Poir. var. *pauciserrata* Griseb. = *Cassipourea guianensis* Aubl.

*Cassipourea guianensis* Aubl., Hist. Pl. Guiane 1: 529. 1775.

*Cassipourea alba* Griseb., Abh. Königl. Ges. Wiss. Göttingen 7: 223. 1857; *Cassipourea elliptica* (Sw.) Poir. var. *alba* (Griseb.) Griseb., Fl. Brit. W. I. 274. 1860.

*Cassipourea cubensis* Urb., Symb. Antill. 7: 293. 1912.

*Legnotis elliptica* Sw., Prodr. 84. 1788; *Cassipourea elliptica* (Sw.) Poir. in J.B.A.P.M. de Lamarck, Encycl. Suppl. 2: 131. 1811.

*Cassipourea elliptica* (Sw.) Poir. var. *pauciserrata* Griseb., Fl. Brit. W. I. 274. 1860.

*Cassipourea guildingii* Briq., Candollea 4: 343. 1931.

*Endosteira oppositifolia* Turcz., Bull. Soc. Imp. Naturalistes Moscou 36(2): 576. 1863.

Distribution: Native to Cuba, Hispaniola, Puerto Rico, Lesser Antilles (Dominica, Grenada, Guadeloupe, Marie Galante, Martinique, Montserrat, St. Lucia, St. Vincent), Mexico, Central America, and South America.

Common Names: Palo Robinson (Dominican Republic), Bois agouti, Bois de l'ail, Bois l'ail, Goyavier, Mountain coffee, Pois die, Ti café (Lesser Antilles), Murta, Palo de gongolí, Palo de orejas, Palo de toro (Puerto Rico).

References: 1, 3, 7, 58, 61, 227.

*Cassipourea guildingii* Briq. = *Cassipourea guianensis* Aubl.

*Cassipourea obtusa* Urb., Symb. Antill. 7: 293. 1912.

Distribution: Endemic to Hispaniola.

Common Names: Parrilla, Palo robinson (Dominican Republic).

References: 5, 7, 30.

*Cassipourea subcordata* Britton, Bull. Torrey Bot. Club 35: 340. 1908.

Distribution: Endemic to Jamaica.

References: 2, 427.

Note: Considered critically endangered by the IUCN Red List of Threatened Species.

*Cassipourea subsessilis* Britton, Bull. Torrey Bot. Club 35: 340. 1908.

Distribution: Endemic to Jamaica.

References: 2, 427.

Note: Considered critically endangered by the IUCN Red List of Threatened Species.

*Endosteira oppositifolia* Turcz. = *Cassipourea guianensis* Aubl.

*Legnotis elliptica* Sw. = *Cassipourea guianensis* Aubl.

*Rhizophora mangle* L., Sp. Pl. 443. 1753.

Distribution: Native to Bahamas, Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (Anegada, Guana, Jost van Dyke, St. Croix, St. John, St. Thomas, Tortola, Virgin Gorda), Lesser Antilles (Antigua, Barbados, Barbuda, Grenada, Guadeloupe, Martinique, Montserrat, St. Kitts, St. Lucia, St. Martin, St. Vincent), United States, Mexico, Central America, South America, and Old World.

Common Names: Red mangrove (Bahamas), Mangle colorado, Mangle de uña, Mangle rateño, Mangle rojo (Cuba), Mangle, Mangle colorado, Mangle rojo (Dominican Republic), Manglier, Manglier chandelle, Manglier noir, Manglier rouge (Haiti), Red mangrove (Jamaica), Black manque, Mang wouj, Mangle-chandelle, Mangle noir, Mangle rouge, Manglier, Mangrove, Palétuvier rouge, Pallisados (Lesser Antilles), Mangle, Mangle colorado, Mangle de chifle, Mangle zapatero (Puerto Rico), Mangrove (Virgin Islands).

References: 1, 2, 3, 4, 5, 7, 19, 45, 58, 61, 123, 131, 132.

## ROSACEAE

Genera. Total: 11; native: 4; endemic: 0.

Taxa. Total: 52; native: 21; endemic: 18.

*Agrimonia parviflora* Aiton, Hortus Kew. 2: 130. 1789.

*Agrimonia polyphylla* Urb., Symb. Antill. 7: 227. 1912.

Distribution: Native to Hispaniola, North America, and Mexico.

References: 5, 7.

*Agrimonia polyphylla* Urb. = *Agrimonia parviflora* Aiton

*Alchemilla domingensis* Urb., Symb. Antill. 5: 349. 1907; *Lachemilla domingensis* (Urb.) Rydb., N. Amer. Fl. 22(4): 384. 1908.

Distribution: Endemic to Hispaniola (Dominican Republic).

References: 5, 7.

*Amygdalus persica* L. = *Prunus persica* (L.) Batsch

*Cerasus occidentalis* (Sw.) Dum. Cours. = *Prunus occidentalis* Sw.

Distribution: Cultivated in Cuba, Hispaniola, Puerto Rico, and Lesser Antilles (Dominica, Guadeloupe, Martinique, Montserrat).

Common Names: Níspero del Japón, Zapote del Japón (Cuba), Níspero del Japón (Dominican Republic), Loquat, Neflier du japon, Prune du Japon (Lesser Antilles), Níspero de España, Níspero del Japón (Puerto Rico).

References: 1, 6, 7, 58, 131, 132, 150.

*Fragaria x ananassa* Rozier = *Potentilla x ananassa* (Rozier) Mabb.

*Fragaria chiloensis* (L.) Duchesne, Hist. Nat. Frais. 165. 1766; *Fragaria vesca* L. var. *chiloensis* L., Sp. Pl. 495. 1753; *Potentilla chiloensis* (L.) Mabb., Telopea 9: 797. 2002.

Distribution: Cultivated in Cuba, Hispaniola, and Puerto Rico.

Common Names: Fresa (Dominican Republic), Fraiser, Fraise (Haiti), Fresa (Puerto Rico), Strawberry (Virgin Islands).

References: 7, 224, 254.

Note: Considered exotic and invasive in Cuba by CeNBIO.

*Fragaria indica* Andrews, Bot. Repos. 7: t. 479. 1807.

Distribution: Exotic in Jamaica.

Reference: 2.

*Fragaria vesca* L., Sp. Pl. 494. 1753; *Potentilla vesca* (L.) Scop., Fl. Carniol., ed. 2, 1: 363. 1771.

Distribution: Exotic in Cuba, Hispaniola, Jamaica, and North America.

Common Names: Fresa (Cuba, Dominican Republic), Fraise, Fraise des bois, Fraiser (Haiti), Wild strawberry (Jamaica).

References: 2, 3, 5, 7.

*Fragaria vesca* L. var. *chiloensis* L. = *Fragaria chiloensis* (L.) Duchesne

*Lachemilla domingensis* (Urb.) Rydb. = *Alchemilla domingensis* Urb.

*Lauro-cerasus myrtifolia* (L.) Britton = *Prunus myrtifolia* (L.) Urb.

*Lauro-cerasus occidentalis* (Sw.) M. Roem. = *Prunus occidentalis* Sw.

*Malus pumila* Mill., Gard. Dict., ed. 8. 1768.

*Pyrus malus* L., Sp. Pl. 479. 1753.

Distribution: Cultivated in Hispaniola and Puerto Rico.

Common Name: Manzana (Dominican Republic, Puerto Rico).

References: 7, 131.

*Mespilus japonica* Thunb. = *Eriobotrya japonica* (Thunb.) Lindl.

*Potentilla anglica* Laichard., Veg. Eur. 1: 475. 1790.

Distribution: Exotic in Jamaica and Lesser Antilles (Dominica,

Martinique).

References: 1, 2.

*Potentilla chiloensis* (L.) Mabb. = *Fragaria chiloensis* (L.) Duchesne

*Potentilla norvegica* L., Sp. Pl. 499. 1753.

Distribution: Exotic in Cuba and Hispaniola.

References: 3, 7.

*Potentilla vesca* (L.) Scop. = *Fragaria vesca* L.

*Prunus acutissima* Urb. = *Prunus pleuradenia* Griseb.

*Prunus americana* Marshall, Arbust. Amer. 111. 1785.

Distribution: Exotic in Hispaniola.

References: 5, 7.

*Prunus domestica* L., Sp. Pl. 475. 1753.

Distribution: Exotic in Hispaniola.

Reference: 7.

*Prunus dussii* Krug & Urb. = *Prunus pleuradenia* Griseb.

*Prunus myrtifolia* (L.) Urb., Symb. Antill. 5: 93. 1904; *Celastrus myrtifolius* L., Sp. Pl. 196. 1753; *Lauro-cerasus myrtifolia* (L.) Britton, N. Amer. Trees 510. 1908.

*Prunus sphaerocarpa* Sw., Prodr. 80. 1788.

Distribution: Native to Bahamas, Cuba, Hispaniola, Jamaica, Puerto Rico, North America, Mexico, Central America, and South America.

Common Names: West Indian laurel-cherry (Bahamas), Almendrillo, Cuajani hembra, Cuajanicillo, Mamecillo, Palo rojo (Cuba), Almendrillo, Almendrito, Membrillito, Palo de hacha, Yaya boba (Dominican Republic), Amandier à petites feuilles, La mandit, Le mongier (Haiti), Ant's wood, Wild cassada (Jamaica).

References: 2, 3, 5, 6, 7, 45, 58, 61, 123, 132.

*Prunus occidentalis* Sw., Prodr. 80. 1788; *Lauro-cerasus occidentalis* (Sw.) M. Roem., Fam. Nat. Syn. Monogr. 3: 89. 1847; *Cerasus occidentalis* (Sw.) Dum. Cours., Bot. Cult. 3: 389. 1802.

Distribution: Native to Cuba, Hispaniola, Jamaica, Puerto Rico, Lesser Antilles (Guadeloupe), and Central America.

Common Names: Almendro, Almendro macho, Cuajan, Cuajani macho (Cuba), Almendrillo, Almendrito, Almendro, Calla, Calla cucaracha, Cucaracha, Membrillo, Yaya boba (Dominican Republic), Amnadier à grandes feuilles (Haiti), Pruan tree, Prune tree (Jamaica), Noyéau (Lesser Antilles), Almendrillo, Almendron (Puerto Rico).

References: 1, 2, 3, 5, 6, 7, 58, 61, 123, 131, 132, 151, 340.

*Prunus persica* (L.) Batsch, Beitr. Entw. Gewächreich 30. 1801;

*Amygdalus persica* L., Sp. Pl. 472. 1753.

Distribution: Cultivated in Cuba, Hispaniola, Puerto Rico, Virgin Islands (St. Croix), and North America.

Common Names: Melocotonero (Cuba), Melocotón (Dominican Republic), Pêche (Haiti), Durazno, Melocotón (Puerto Rico), Peach (Virgin Islands).

References: 5, 7, 131, 132, 230.

*Prunus pleuradenia* Griseb., Fl. Brit. W. I. 231. 1860.

*Prunus acutissima* Urb., Symb. Antill. 5: 350. 1907.

*Prunus dussii* Krug & Urb. in I. Urban, Symb. Antill. 5: 350. 1907.

Distribution: Endemic to West Indies; native to Virgin Islands (St. John) and Lesser Antilles (Dominica, Grenada, Guadeloupe, Martinique, St. Kitts, St. Vincent).

Common Name: Amandier-montagne (Lesser Antilles).

References: 1, 19.

*Prunus sphaerocarpa* Sw. = *Prunus myrtifolia* (L.) Urb.

*Pyrus communis* L., Sp. Pl. 479. 1753.

Distribution: Cultivated in Cuba, Hispaniola, Puerto Rico, and North America.

Common Names: Peral (Cuba), Poire (Haiti).

References: 5, 7, 131, 132.

*Pyrus malus* L. = *Malus pumila* Mill.

*Rosa x borboniana* N.H.F. Desp., Rosetum Gallicum 106. 1828.

Distribution: Exotic in Hispaniola.

References: 5, 159.

*Rosa bracteata* J.C. Wendl., Bot. Beob. 50. 1798.

Distribution: Exotic in Jamaica and Lesser Antilles (Barbados).

References: 2, 294.

*Rosa canina* L., Sp. Pl. 491. 1753.

Distribution: Exotic in Hispaniola.

Common Names: Églantier, Églantier rose sauvage, Rose sauvage (Haiti).

Reference: 7.

*Rosa centifolia* L., Sp. Pl. 491. 1753.

Distribution: Exotic in Hispaniola and Puerto Rico.

Common Names: Rosa de cien hojas (Dominican Republic), Rosa blanca, Rosa bola de nieve, Rosa de Jericó, Rosa marimoña (Puerto Rico).

References: 7, 131.

*Rosa chinensis* Jacq., Observ. Bot. 3: 7. 1768.

Distribution: Exotic in Cuba, Hispaniola and Puerto Rico.

Common Name: Rosa de Bengala (Puerto Rico).

References: 7, 131, 224.

Note: Considered an invasive species by CeNBIO.

*Rosa eglanteria* L., Sp. Pl. 491. 1753.

Distribution: Exotic in Hispaniola.

Common Name: Églantier (Haiti).

Reference: 7.

*Rosa indica* L., Sp. Pl. 492. 1753.

Distribution: Exotic in Jamaica and Puerto Rico.

References: 2, 6.

*Rosa indica* L. var. *odorata* Andrews = *Rosa odorata* (Andrews) Sweet

*Rosa laevigata* Michx., Fl. Bor.-Amer. 1: 295. 1803.

Distribution: Exotic in Cuba, Hispaniola, and Jamaica.

References: 2, 3, 7, 224.

Note: Considered an invasive species by CeNBIO.

*Rosa odorata* (Andrews) Sweet, Hort. Suburb. Lond. 119. 1818; *Rosa indica* L. var. *odorata* Andrews, Roses 2: t. 77. 1810.

Distribution: Exotic in Hispaniola and Puerto Rico.

Common Names: Rosa té (Dominican Republic), Rosa “American Beauty,” Rosa de guayaba, Rosa de té, Rosa Francia, Tea rose (Puerto Rico).

References: 7, 131.

*Rosa roxbourgii* Tratt., Ros. Monogr. 2: 233. 1823.

Distribution: Exotic in Hispaniola.

Reference: 7.

*Rosa sempervirens* L., Sp. Pl. 492. 1753.

Distribution: Exotic in Cuba and Puerto Rico.

Common Names: Rosal verde (Cuba), Mula de venus, Rosa de Italia, Rosa mula de venus (Puerto Rico).

References: 6, 58, 131, 132.

*Rubus alpinus* Macfad. ex Griseb., Fl. Jamaica 2: 7. 1850; *Rubus jamaicensis* L. var. *alpinus* (Macfad. ex Griseb.) Kuntze, Revis. Gen. Pl. 1: 221. 1891.

Distribution: Endemic to Jamaica.

Reference: 2.

*Rubus argentifrons* L.H. Bailey, Gentes Herb. 6: 342. 1944.

Distribution: Endemic to Hispaniola (Haiti).

Reference: 7.

*Rubus barkerianus* Helwig, Ark. Bot. 22A(8): 26. 1928.

Distribution: Endemic to Hispaniola.

Common Name: Mouaou (Haiti).

References: 5, 7.

*Rubus coronarius* (Sims) Sweet, Hort. Brit. 144. 1826; *Rubus rosifolius* Sm. var. *coronarius* Sims, Bot. Mag. 43: t. 1783. 1815.

Distribution: Exotic in Cuba, Hispaniola, Puerto Rico, and Lesser Antilles (Dominica, Guadeloupe, Martinique, Montserrat, St. Kitts, St. Vincent).

Common Names: Rosa silvestre, Roseo, Roseta (Dominican Republic).

References: 1, 3, 6, 7, 58, 224.

Note: Considered an invasive species by CeNBIO.

*Rubus domingensis* Focke, Abh. Naturwiss. Vereine Bremen 11: 411. 1890.

Distribution: Endemic to Hispaniola (Dominican Republic).

Common Names: Mure, Muré, Rosa mora blanca, Rosamora blanca, Zarzamora, Zarzarosa (Dominican Republic).

References: 5, 7.

*Rubus durus* C. Wright in F.A. Sauvalle, Anales Acad. Ci. Méd. Habana 5: 408. 1869.

*Rubus ferrugineus* Wikstr. var. *cubensis* Griseb., Cat. Pl. Cub. 85. 1866.

Distribution: Endemic to Cuba.

Common Name: Zarza (Cuba).

Reference: 3.

*Rubus effertus* L.H. Bailey, Gentes Herb. 6: 346. 1944.

Distribution: Endemic to Hispaniola (Dominican Republic).

Reference: 7.

*Rubus eggersii* Rydb., N. Amer. Fl. 22(5): 458. 1913; *Rubus florulentus* Focke var. *eggersii* (Rydb.) Focke, Abh. Naturwiss. Vereine Bremen 11: 411. 1890.

Distribution: Endemic to Hispaniola.

Common Names: Rosa mora, Roseta, Sarzamora, Zarza rosa, Zarzarosa (Dominican Republic).

Reference: 7.

*Rubus ellipticus* Sm. in A. Rees, Cycl. 30: n. 16. 1815.

Distribution: Exotic in Jamaica; plated in Puerto Rico.

Common Name: Cheeseberry (Jamaica).

References: 2, 61.

*Rubus ferrugineus* Wikstr., Kongl. Vetensk. Acad. Handl. 1827: 68. 1827.

Distribution: Endemic to Lesser Antilles (Guadeloupe, St. Kitts).

Reference: 1.

*Rubus ferrugineus* Wikstr. var. *cubensis* Griseb. = *Rubus durus*  
C. Wright

*Rubus florifolius* L.H. Bailey, Gentes Herb. 6: 338. 1944.  
Distribution: Endemic to Hispaniola (Dominican Republic).  
Reference: 7.

*Rubus florulentus* Focke, Abh. Naturwiss. Vereine Bremen 11: 411.  
1890.  
Distribution: Endemic to Puerto Rico.  
Common Name: Fresa de montaña (Puerto Rico).  
References: 5, 6, 32, 131.

*Rubus florulentus* Focke var. *eggersii* (Rydb.) Focke = *Rubus eggersii*  
Rydb.

*Rubus grisebachii* Focke, Biblioth. Bot. 18, Heft 83: 75. 1914.  
Distribution: Endemic to Cuba.  
Reference: 3.

*Rubus haitiensis* L.H. Bailey, Gentes Herb. 6: 351. 1944.  
Distribution: Endemic to Hispaniola.  
Reference: 7.

*Rubus idaeus* L., Sp. Pl. 492. 1753.  
Distribution: Exotic in Hispaniola.  
Reference: 7.

*Rubus jamaicensis* L., Syst. Nat., ed. 12, 349. 1767.  
Distribution: Endemic to Greater Antilles; native to Hispaniola and  
Jamaica.  
Common Name: Bramble (Jamaica).  
References: 2, 5.

*Rubus jamaicensis* L. var. *alpinus* (Macfad. ex Griseb.) Kuntze = *Rubus*  
*alpinus* Macfad. ex Griseb.

*Rubus niveus* Thunb., Rubo 9: f. 3. 1813.  
Distribution: Exotic in Cuba and Hispaniola.  
Common Names: Franbuesa, Fresa (Dominican Republic).  
References: 7, 224, 254.  
Note: Considered an invasive species by CeN BIO.

*Rubus racemosus* Roxb., Hort. Bengal. 92. 1814.  
Distribution: Exotic in Jamaica.  
Reference: 2.

*Rubus rosifolius* Sm., Pl. Icon. Ined. 3 1791.  
Distribution: Naturalized in Cuba, Hispaniola, Jamaica, Puerto Rico,  
and Lesser Antilles (Dominica, Grenada, Guadeloupe, Martinique,  
Montserrat, Saba, St. Kitts, St. Lucia, St. Vincent).  
Common Names: Rosa de monte (Cuba), Fonbwéz, Framboisier, Frez,  
Raspberry (Lesser Antilles), Fresa, Frambuesa común, Rosa de  
novia, Rosa minadora, Zarza (Puerto Rico).  
References: 1, 2, 3, 5, 6, 7, 8, 61, 131.

*Rubus rosifolius* Sm. var. *coronarius* Sims = *Rubus coronarius* (Sims)  
Sweet

*Rubus selleanus* Helwig, Ark. Bot. 22A(8): 25. 1928.  
Distribution: Endemic to Hispaniola.  
Common Names: Muré, Mure (Dominican Republic).  
References: 5, 7.

*Rubus stimuleus* L.H. Bailey, Gentes Herb. 6: 349. 1944.  
Distribution: Endemic to Hispaniola (Dominican Republic).  
Reference: 7.

*Rubus turquinensis* Rydb., Bull. Torrey Bot. Club 50: 38. 1923.  
Distribution: Endemic to Cuba.  
Reference: 3.

*Spiraea cantoniensis* Lour., Fl. Cochinch. 2: 322. 1790.  
Distribution: Exotic in Hispaniola.  
Reference: 7.

*Spiraea chamaedryfolia* L., Sp. Pl. 489. 1753.  
Distribution: Exotic in Hispaniola.  
Common Name: Reina del prado (Dominican Republic).  
Reference: 7.

*Spiraea trichocarpa* Nakai, J. Coll. Sci. Imp. Univ. Tokyo 26(1): 173.  
1909.  
Distribution: Exotic in Hispaniola.  
Reference: 7.

## RUBIACEAE

**Genera.** Total: 98; native: 87; endemic: 27; nearly endemic: 1.  
**Taxa.** Total: 887; native: 850; endemic: 725.

\**Acrosynanthus jamaicensis* R.A. Howard & Proctor, J. Arnold Arbor.  
39: 101. 1958.

Distribution: Endemic to Jamaica.  
References: 2, 147.

\**Acrosynanthus latifolius* Standl., N. Amer. Fl. 32(1): 43. 1918.  
*Acrosynanthus lucidus* Britton, N. Amer. Fl. 32(1): 44. 1918.  
Distribution: Endemic to Cuba.  
References: 136, 147.

*Acrosynanthus lucidus* Britton = *Acrosynanthus latifolius* Standl.

*Acrosynanthus minor* Urb. = *Acrosynanthus revolutus* Urb.

\**Acrosynanthus ovatus* Urb., Symb. Antill. 9: 149. 1923.  
Distribution: Endemic to Cuba.  
References: 30, 136, 147.

\**Acrosynanthus parvifolius* Britton, N. Amer. Fl. 32(1): 43. 1918.  
Distribution: Endemic to Cuba.  
References: 136, 147.

\**Acrosynanthus revolutus* Urb., Symb. Antill. 7: 544. 1913.  
*Acrosynanthus minor* Urb., Symb. Antill. 9: 149. 1923.  
Distribution: Endemic to Cuba.  
References: 30, 136, 147.

\**Acrosynanthus trachyphyllus* Standl., N. Amer. Fl. 32(1): 44. 1918.  
Distribution: Endemic to Cuba.  
Common Name: Jaragua (Cuba).  
References: 136, 147.

\**Acunaeanthus tinifolius* (Griseb.) Borhidi, Acta Bot. Acad. Sci. Hung.  
26: 286. 1981 ["1980"]; *Rondeletia tinifolia* Griseb., Cat. Pl.  
Cub. 129. 1866; *Mazaea tinifolia* (Griseb.) Alain, Bull. Torrey Bot.  
Club 90: 192. 1963; *Neomazaea tinifolia* (Griseb.) Urb., Ark. Bot.  
21A(5): 71. 1927.

*Exostema leonis* Standl., Publ. Field Mus. Nat. Hist., Bot. Ser., 8(5):  
338. 1931.

Distribution: Endemic to Cuba.  
References: 136, 147.

*Alibertia edulis* (Rich.) A. Rich. ex DC., Prodr. 4: 443. 1830; *Genipa*  
*edulis* Rich., Actes Soc. Hist. Nat. Paris 1: 107. 1792.

*Alibertia trinitatis* Sprague & R.O. Williams, Fl. Trinidad & Tobago  
2(1): 19. 1928.

Distribution: Native to Cuba, Trinidad, Mexico, Central America, and  
South America.

Common Names: Guayabita de Cuba, Guayabita del pinar, Pitajoní,  
Pitajoní hembra (Cuba).

References: 136, 147.

*Alibertia jacquinioides* Griseb. = *Casasia jacquinioides* (Griseb.) Standl.

*Alibertia trinitatis* Sprague & R.O. Williams = *Alibertia edulis* (Rich.)  
A. Rich. ex DC.

*Calycophyllum candidissimum* (Vahl) DC., Prodr. 4: 367. 1830;

*Macrocnemum candidissimum* Vahl, Symb. Bot. 2: 38. 1791.

Distribution: Native to Cuba, Mexico, Central America, and South America; cultivated in Puerto Rico.

Common Names: Dagame (Cuba), Dágame, Degame (Puerto Rico).

References: 131, 136, 147, 239.

*Casasia acunae* M. Fernández & Borhidi, Acta Bot. Acad. Sci. Hung. 28: 83. 1982.

Distribution: Endemic to Cuba.

References: 39, 147, 149.

Note: Considered vulnerable by the Red List of the Vascular Flora of Cuba (39).

*Casasia calophylla* A. Rich. in R. de la Sagra, Hist. Fis. Cuba, Bot. 11: 9. 1850; *Randia calophylla* (A. Rich.) Griseb., Cat. Pl. Cub. 123. 1866.

Distribution: Endemic to Cuba.

Common Names: Árbol de la nuez, Cocuyo, Guayacancillo de loma, Güira cimarrona, Jicarita, Palo cabra, Palo de cabra, Palo de las bolas, Rascabarriga amarilla (Cuba).

References: 136, 147.

*Casasia clusiifolia* (Jacq.) Urb., Symb. Antill. 5: 505. 1908, var. *clusiifolia*; *Gardenia clusiifolia* Jacq., Collectanea 5: 37. 1791 ["1790"]; *Genipa clusiifolia* (Jacq.) Griseb., Fl. Brit. W. I. 317. 1861.

Distribution: Endemic to West Indies; native to Bahamas and Cuba.

Common Names: Seven-year apple (Bahamas), Guaba de costa, Jagua amarilla, Jagua azul, Jagua de costa, Jagüita, Pera de la mar (Cuba).

References: 45, 30, 136, 147, 150.

*Casasia clusiifolia* (Jacq.) Urb. var. *hirsuta* Borhidi, Növényrendsz. Novényföldr. Tansz., Eötvös Loránd Tudományegyet. Budapest 7: 43. 1977.

Distribution: Endemic to Cuba.

*Guettarda ferruginea* Griseb. subsp. *yunquensis* Kitan., Fitologiya 11: 51. 1979.  
 Distribution: Endemic to Cuba.  
 Common Names: Caguairancillo del pinar, Jazmín de breña (Cuba).  
 References: 136, 147.
- Guettarda ferruginea* Griseb. subsp. *ovata* Kitan. = *Guettarda ferruginea* Griseb.  
*Guettarda ferruginea* Griseb. subsp. *yunquensis* Kitan. = *Guettarda ferruginea* Griseb.
- Guettarda frangulifolia* Urb., Symb. Antill. 6: 47. 1909.  
 Distribution: Endemic to Jamaica.  
 References: 2, 30, 147, 427.  
 Note: Considered vulnerable by the IUCN Red List of Threatened Species.
- Guettarda fuertesii* Urb. = *Guettarda elliptica* Sw.  
*Guettarda havanensis* DC. = *Guettarda scabra* (L.) Lam.  
*Guettarda holocarpa* C. Wright = *Guettarda rigida* A. Rich.  
*Guettarda hololeuca* C. Wright in F.A. Sauvalle, Anales Acad. Ci. Méd. Habana 6: 123. 1869.

Distribution: Endemic to Cuba.

Reference: 147.

Note: Not treated by Alain (136).

*Guettarda inaequipis* Urb., Symb. Antill. 7: 405. 1912.

Distribution: Endemic to Cuba.

Common Name: Cajará (Cuba).

References: 30, 136, 147.

*Guettarda inaguensis* Britton & Millsp. = *Guettarda krugii* Urb.

*Guettarda krugii* Urb., Symb. Antill. 1: 431. 1899.

*Guettarda inaguensis* Britton & Millsp., Bahama Fl. 413. 1920.

*Guettarda taylorii* Britton & Millsp., Bahama Fl. 413. 1920.

Distribution: Endemic to West Indies; native to Bahamas and Puerto Rico.

Common Names: Frogwood (Bahamas), Cucubano (Puerto Rico).

References: 30, 45, 58, 61, 131, 147.

*Guettarda lacornea* Urb. & Ekman, Ark. Bot. 21A(5): 79. 1927.

Distribution: Endemic to Hispaniola (Haiti).

References: 7, 147.

*Guettarda laevis* Urb. = *Guettarda valenzuelana* A. Rich.

*Guettarda lamprophylla* Urb., Ark. Bot. 24A(4): 50. 1931.

Distribution: Endemic to Hispaniola.

References: 7, 147.

*Guettarda lanuginosa* Urb. & Britton in I. Urban, Symb. Antill. 7: 407. 1912.

Distribution: Endemic to Cuba.

References: 30, 136, 147.

*Guettarda leonis* Alain, Contr. Ocas. Mus. Hist. Nat. Colegio "De La Salle" 17: 3. 1959.

Distribution: Endemic to Cuba.

References: 136, 147.

*Guettarda lindeniana* A. Rich. in R. de la Sagra, Hist. Fis. Cuba, Bot. 11: 20. 1850.

Distribution: Endemic to Greater Antilles; native to Cuba and Hispaniola.

Common Names: Cuero (Cuba), Granadillo (Dominican Republic).

References: 7, 35, 136, 147.

*Guettarda longiflora* Griseb., Fl. Brit. W. I. 332. 1861.

Distribution: Endemic to Jamaica.

References: 2, 147, 427.

Note: Considered critically endangered by the IUCN Red List of Threatened Species.

*Guettarda longiflora* sensu Combs = *Guettarda combsii* Urb.

*Guettarda macrocarpa* Griseb., Pl. Wright. 2: 507. 1862.

Distribution: Endemic to Cuba.

Common Names: Cuero de hojas medianas, Guayacanejo, Jara (Cuba).

References: 136, 147.

*Guettarda membranacea* Sw., Prodr. 59. 1788.

Distribution: Endemic to Hispaniola (Haiti).

References: 7, 147.

*Guettarda mollis* DC., Prodr. 4: 456. 1830.

Distribution: Endemic to Hispaniola.

References: 7, 147.

*Guettarda monocarpa* Urb., Symb. Antill. 7: 410. 1912.

Distribution: Endemic to Cuba.

References: 30, 136, 147.

*Guettarda multinervis* Urb., Symb. Antill. 5: 509. 1908.

Distribution: Endemic to Hispaniola (Haiti).

Common Name: Calle noire (Haiti).

References: 7, 30, 147.

*Guettarda munizii* Borhidi, Acta Bot. Acad. Sci. Hung. 17: 33. 1972 ["1971"].

Distribution: Endemic to Cuba.

References: 39, 147, 149.

Note: Considered endangered by the Red List of the Vascular Flora of Cuba (39).

*Guettarda nannocarpa* Urb. & Ekman, Ark. Bot. 22A(10): 91. 1929.

Distribution: Endemic to Hispaniola (Dominican Republic).

References: 7, 147.

*Guettarda nashii* Britton & Millsp., Bahama Fl. 413. 1920.

Distribution: Endemic to Bahamas.

References: 45, 147.

*Guettarda nervosa* Urb. & Ekman in I. Urban, Symb. Antill. 9: 527. 1928.

Distribution: Endemic to Cuba.

References: 30, 39, 136, 147.

Note: Considered threatened by the Red List of the Vascular Flora of Cuba (39).

*Guettarda ocoana* Urb. & Ekman, Ark. Bot. 24A(4): 49. 1931.

Distribution: Endemic to Hispaniola (Dominican Republic).

References: 7, 147.

*Guettarda odorata* (Jacq.) Lam., Tabl. Encycl. 2: 219. 1819; *Laugieria odorata* Jacq., Select. Stirp. Amer. Hist. 64. 1763; *Laugieria odorata* Jacq., Enum. Syst. Pl. 16. 1760, nom. nud.

*Guettarda parviflora* Vahl, Eclog. Amer. 2: 26. 1798.

*Guettarda parvifolia* Sw., Fl. Ind. Occid. 3: 1958. 1806.

*Myginda bredemeyeri* Schult, Mant. 3: 349. 1827.

Distribution: Native to Puerto Rico, Virgin Islands (Guana, Jost van Dyke, St. Croix, St. John, St. Thomas, Tortola, Virgin Gorda), Lesser Antilles (Antigua, Barbuda, Dominica, Grenada, Grenadines, Guadeloupe, Martinique, Montserrat, Saba, St. Barthélemy, St. Eustatius, St. Kitts, St. Lucia, St. Martin, St. Vincent), Margarita, Tobago, Trinidad, Central America, and South America.

Common Name: Bois guette (Lesser Antilles).

References: 1, 19, 58, 147, 301, 323.

*Guettarda organosia* Urb., Symb. Antill. 9: 526. 1928.

Distribution: Endemic to Cuba.

References: 30, 39, 136, 147.

Note: Considered threatened by the Red List of the Vascular Flora of Cuba (39).

*Guettarda ovalifolia* Urb., Symb. Antill. 1: 432. 1899.

Distribution: Endemic to Greater Antilles; native to Hispaniola and Puerto Rico.

Common Name: Cucubano (Puerto Rico).

References: 7, 30, 58, 61, 131, 147, 239, 307.

*Guettarda oxyphylla* Urb., Ark. Bot. 20A(5): 56. 1926.

Distribution: Endemic to Hispaniola (Haiti).

References: 7, 147.

*Guettarda parviflora* Vahl = *Guettarda odorata* (Jacq.) Lam.

*Guettarda parvifolia* Sw. = *Guettarda odorata* (Jacq.) Lam.

*Guettarda pinariona* Urb., Symb. Antill. 9: 527. 1928.

Distribution: Endemic to Cuba.

References: 30, 136, 147.

*Guettarda polytheca* Urb. & Ekman, Ark. Bot. 20A(5): 57. 1926.

Distribution: Endemic to Hispaniola (Haiti).

References: 7, 147.

*Guettarda potamophila* Urb. = *Guettarda argentea* Lam.

*Guettarda prenleoupii* Urb., Symb. Antill. 5: 510. 1908.

Distribution: Endemic to Hispaniola.

Common Names: Cafetillo (Dominican Republic), Gaovier marron, Gouyave marron (Haiti).  
References: 7, 30, 147.

*Guettarda psiloclada* Urb., Ark. Bot. 20A(5): 55. 1926.  
Distribution: Endemic to Hispaniola (Haiti).  
References: 7, 147.

*Guettarda punctata* Urb. & Ekman, Ark. Bot. 22A(10): 87. 1929.  
Distribution: Endemic to Hispaniola (Haiti).  
References: 7, 147.

*Guettarda pungens* Urb., Symb. Antill. 1: 434. 1899.  
Distribution: Endemic to Greater Antilles; native to Hispaniola and Puerto Rico.  
Common Names: Cuchara, Mucha gente (Dominican Republic), Roseta (Puerto Rico).  
References: 7, 30, 58, 147, 239.

*Guettarda reticulata* Griseb. = *Guettarda elliptica* Sw.

*Guettarda retusa* C. Wright in F.A. Sauvalle, Anales Acad. Ci. Méd. Habana 6: 124. 1869.

Distribution: Endemic to Cuba.  
Common Name: Cuero (Cuba).  
References: 39, 136, 147, 427.

Note: Considered extinct by the Red List of the Vascular Flora of Cuba (39) and by the IUCN Red List of Threatened Species.

*Guettarda rigida* A. Rich. in R. de la Sagra, Hist. Fis. Cuba, Bot. 11: 20. 1850.

*Guettarda holocarpa* C. Wright in F.A. Sauvalle, Anales Acad. Ci. Méd. Habana 6: 123. 1869.

Distribution: Endemic to Cuba.  
Common Names: Crosella de costa, Cuero duro (Cuba).  
References: 136, 147.

*Guettarda roigiana* Borhidi & O. Muñiz, Acta Bot. Acad. Sci. Hung. 17: 32. 1972 ["1971"].

Distribution: Endemic to Cuba.  
References: 39, 147, 149.

Note: Considered threatened by the Red List of the Vascular Flora of Cuba (39).

*Guettarda rotundifolia* Urb., Symb. Antill. 5: 510. 1908.  
Distribution: Endemic to Hispaniola (Dominican Republic).  
References: 7, 30, 147.

*Guettarda rugosa* Sw. = *Guettarda scabra* (L.) Lam.

*Guettarda saxicola* Urb., Symb. Antill. 5: 511. 1908.  
Distribution: Endemic to Hispaniola (Haiti).  
References: 7, 30, 147.

*Guettarda scabra* (L.) Lam., Tabl. Encycl. 2: 218. 1819; *Matthiola scabra* L., Sp. Pl. 1192. 1753.

*Guettarda ambigua* DC., Prodr. 4: 455. 1830.

*Guettarda havanensis* DC., Prodr. 4: 455. 1830.

*Guettarda rugosa* Sw., Prodr. 59. 1788.

Distribution: Native to Bahamas, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (Guana, St. Croix, St. John, St. Thomas, Tortola, Virgin Gorda), Lesser Antilles (Anguilla, Antigua, Barbados, Barbuda, Dominica, Grenada, Grenadines, Guadeloupe, Marie Galante, Martinique, Montserrat, Nevis, Saba, St. Barthélemy, St. Eustatius, St. Kitts, St. Lucia, St. Vincent), Margarita, Trinidad, and Central America.

Common Names: Velvet berry (Bahamas), Carapacho, Chicharrón de monte, Cocuyo, Cuero, Jagüilla (Cuba), Bois madame, Bois noir, Bon savage, Bois savane, Bwa madam, Pigeon bay, Pigeon fat, White allee (Lesser Antilles), Cucubano, Palo de cucubano, Palo de dajao, Serrazuela (Puerto Rico).

References: 1, 2, 5, 7, 19, 45, 58, 61, 136.

*Guettarda sciaphila* Urb., Symb. Antill. 7: 409. 1912.

Distribution: Endemic to Cuba.

References: 30, 136, 147.

*Guettarda shaferi* Standl., N. Amer. Fl. 32(3): 243. 1934.

*Guettarda densiflora* Urb., Symb. Antill. 7: 407. 1912, *nom. illeg.*

Distribution: Endemic to Cuba.

References: 136, 147.

*Guettarda spinifera* Urb., Repert. Spec. Nov. Regni Veg. 18: 197. 1922.

Distribution: Endemic to Hispaniola (Haiti).

References: 7, 147.

*Guettarda stenophylla* Urb., Symb. Antill. 7: 408. 1912.

Distribution: Endemic to Hispaniola (Dominican Republic).

*Ariadne ekmanii* Urb., Repert. Spec. Nov. Regni Veg. 18: 26. 1922.  
Distribution: Endemic to Cuba.  
References: 136, 147.
- Mazaea tinifolia* (Griseb.) Alain = *Acunaeanthus tinifolius* (Griseb.) Borhidi
- \**Micrasepalum eritrichoides* (C. Wright ex Griseb.) Urb., Symb. Antill. 7: 549. 1913; *Borreria eritrichoides* C. Wright ex Griseb., Cat. Pl. Cub. 142. 1866; *Spermacece eritrichoides* (Wight ex Griseb.) Kuntze, Revis. Gen. Pl. 3(2): 123. 1898.  
Distribution: Endemic to Greater Antilles; native to Cuba and Hispaniola.  
References: 30, 136, 147, 254.
- Micrasepalum haitiense* Urb. & Ekman, Ark. Bot. 21A(5): 87. 1927.  
Distribution: Endemic to Hispaniola.  
References: 5, 7, 147.
- Mitracarpus acunae* Alain, Contr. Ocas. Mus. Hist. Nat. Colegio "De La Salle" 17: 6. 1959.  
Distribution: Endemic to Cuba.  
References: 39, 136, 147.  
Note: Considered vulnerable by the Red List of the Vascular Flora of Cuba (39).
- Mitracarpus bahorucanus* Zanoni, Moscosoa 5: 103. 1989.  
Distribution: Endemic to Hispaniola (Dominican Republic).  
References: 7, 8, 147.
- Mitracarpus bakeri* Urb., Symb. Antill. 5: 519. 1908.  
Distribution: Endemic to Cuba.  
References: 30, 136, 147.
- Mitracarpus brachystigma* Urb., Symb. Antill. 7: 552. 1913.  
Distribution: Endemic to Hispaniola.  
References: 5, 7, 30, 147.
- Mitracarpus christii* Urb., Symb. Antill. 3: 388. 1903.  
Distribution: Endemic to Hispaniola.  
References: 5, 7, 30, 147.
- Mitracarpus crassifolius* A. Rich. = *Mitracarpus squarrosus* Cham. & Schldl.

- Mitracarpus decumbens* Urb., Ark. Bot. 20A(5): 62. 1926.  
Distribution: Endemic to Hispaniola.  
References: 5, 7, 147.
- Mitracarpus depauperatus* Britton & P. Wilson, Bull. Torrey Bot. Club 43: 467. 1916.  
Distribution: Endemic to Cuba.  
References: 39, 136, 147.  
Note: Considered threatened by the Red List of the Vascular Flora of Cuba (39).
- Mitracarpus diodioides* A. Rich. = *Mitracarpus squarrosus* Cham. & Schldtl.
- Mitracarpus fischeri* (Link) Cham. & Schldtl., Linnaea 3: 363. 1828; *Spermacoce fischeri* Link, Enum. Hort. Berol. Alt. 1: 132. 1821.  
Distribution: Endemic to Jamaica.  
Reference: 147.
- Mitracarpus fortunii* Britton & P. Wilson, Mem. Torrey Bot. Club 16: 113. 1920.  
Distribution: Endemic to Greater Antilles; native to Cuba and Hispaniola.  
References: 7, 136, 147, 156.
- Mitracarpus frigidus* (Willd. ex Roem. & Schult.) K. Schum. var. *portoricensis* Urb. = *Mitracarpus portoricensis* (Urb.) Urb.
- Mitracarpus glabrescens* (Griseb.) Urb. = *Mitracarpus rhadinophyllus* (B.L. Rob.) L.O. Williams
- Mitracarpus haitiensis* Urb., Symb. Antill. 7: 553. 1913.  
*Mitracarpus haitiensis* Urb. var. *glabratus* Urb., Ark. Bot. 21A(5): 90. 1927.  
Distribution: Endemic to Hispaniola (Haiti).  
References: 5, 7, 30, 147.
- Mitracarpus haitiensis* Urb. var. *glabratus* Urb. = *Mitracarpus haitiensis* Urb.
- Mitracarpus hirtus* (L.) DC., Prodr. 4: 572. 1830; *Spermacoce hirta* L., Sp. Pl., ed. 2, 148. 1762.
- Mitracarpus villosus* (Sw.) DC., Prodr. 4: 572. 1830.  
Distribution: Native to Cuba, Hispaniola, Jamaica, Puerto Rico, Lesser Antilles (Antigua, Barbados, Dominica, Grenada, Guadeloupe, Martinique, Montserrat, St. Kitts, St. Lucia), Aruba, Curaçao, Margarita, Trinidad, Mexico, Central America, and South America.  
Common Name: Herbe à macornet (Lesser Antilles).  
References: 1, 2, 5, 7, 58, 61, 136, 147, 150, 301, 323.
- Mitracarpus laeteviridis* C. Wright in F.A. Sauvalle, Anales Acad. Ci. Méd. Habana 6: 175. 1869.  
Distribution: Endemic to Cuba.  
References: 136, 147.
- Mitracarpus linearifolius* A. Rich. in R. de la Sagra, Hist. Fis. Cuba, Bot. 11: 31. 1850.  
Distribution: Endemic to Cuba.  
References: 136, 147.
- Mitracarpus maxwelliae* Britton & P. Wilson, Sci. Surv. Porto Rico & Virgin Islands 6: 257. 1925.  
Distribution: Endemic to Puerto Rico.  
References: 58, 61, 147, 633.  
Note: Considered endangered by the U.S. Fish & Wildlife Service.
- Mitracarpus polycladus* Urb., Symb. Antill. 3: 389. 1903  
*Mitracarpus polycladus* Urb. var. *sabensis* Urb., Symb. Antill. 7: 551. 1913.  
Distribution: Endemic to West Indies; native to Puerto Rico, Virgin Islands (Virgin Gorda), and Lesser Antilles (Saba).  
References: 1, 30, 58, 61, 147, 633.  
Note: Considered endangered by the U.S. Fish & Wildlife Service.
- Mitracarpus polycladus* Urb. var. *sabensis* Urb. = *Mitracarpus polycladus* Urb.
- Mitracarpus portoricensis* (Urb.) Urb., Symb. Antill. 4: 609. 1911; *Mitracarpus frigidus* (Willd. ex Roem. & Schult.) K. Schum. var. *portoricensis* Urb., Symb. Antill. 3: 387. 1903.
- Borreria podocephala* sensu A. Stahl, Estud. Fl. Puerto Rico 5: 89. 1887, non DC.  
Distribution: Endemic to Puerto Rico.  
References: 30, 58, 61, 147, 633.  
Note: Species considered rare by the U.S. Fish and Wildlife Service.
- Mitracarpus rhadinophyllus* (B.L. Rob.) L.O. Williams, Fieldiana, Bot. 29: 371. 1961; *Borreria rhadinophylla* B.L. Rob., Proc. Amer. Acad. Arts 45: 409. 1910.
- Mitracarpus glabrescens* (Griseb.) Urb., Symb. Antill. 7: 551. 1913.  
Distribution: Native to Cuba and Central America.  
References: 136, 147.
- Mitracarpus sagraanus* DC., Prodr. 4: 572. 1830 [as *sagraeanus*].  
Distribution: Endemic to Greater Antilles; native to Cuba and Hispaniola.  
References: 5, 7, 136, 147.
- Mitracarpus scaberulus* Urb., Symb. Antill. 9: 541. 1928.  
Distribution: Native to Cuba.  
References: 30, 39, 136, 147.  
Note: Considered vulnerable by the Red List of the Vascular Flora of Cuba (39).
- Mitracarpus squarrosus* Cham. & Schldtl., Linnaea 3: 363. 1828.  
*Mitracarpus crassifolius* A. Rich. in R. de la Sagra, Hist. Fis. Cuba, Bot. 11: 31. 1850.
- Mitracarpus diodioides* A. Rich. in R. de la Sagra, Hist. Fis. Cuba, Bot. 11: 31. 1850.  
Distribution: Endemic to Cuba.  
References: 136, 147.
- Mitracarpus tenuis* Urb., Symb. Antill. 9: 170. 1923.  
Distribution: Endemic to Cuba.  
References: 30, 136, 147.
- Mitracarpus villosus* (Sw.) DC. = *Mitracarpus hirtus* (L.) DC.
- Morinda billardiarei* Baill., Adansonia 12: 231. 1879.  
Distribution: Exotic in Jamaica.  
Reference: 254.
- Morinda buchii* Urb., Symb. Antill. 1: 480. 1900.  
Distribution: Endemic to Hispaniola (Haiti).  
References: 5, 7, 30, 147.
- Morinda citrifolia* L., Sp. Pl. 176. 1753.  
Distribution: Exotic in Bahamas, Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (St. Croix, St. John, St. Thomas, Tortola, Virgin Gorda), Lesser Antilles (Barbados, Désirade, Guadeloupe, Montserrat, St. Kitts, St. Lucia, St. Vincent), Margarita, Mexico, Central America, and South America.  
Common Names: Árbol del queso, Mora de la India (Cuba), Bagá, Buñuela, Coca, Fruta del diablo, Huevo de reuma, Manzana de Puerto Rico, Manzanilla, Nigua, Piña de puerco, Piñecla, Piñuela (Dominican Republic), Bois bouleur, Bois douleur, Douleur, Fromagier (Haiti), Hog apple (Jamaica), Bilimbi, Feuille froide, Hog apple, Jumbie breadfruit, Pain killer, Pomme de singe, Pomme-macaque, Rhubarbe Caraïbe (Lesser Antilles), Gardenia hedionda, Noni (Puerto Rico), Indian mulberry (Virgin Islands).  
References: 1, 2, 4, 5, 7, 19, 45, 58, 61, 136, 224.  
Note: Considered an invasive species by CeN BIO.
- Morinda ferruginea* A. Rich. = *Morinda royoc* L.

- Morinda moaensis* Alain, Contr. Ocas. Mus. Hist. Nat. Colegio "De La Salle" 17: 6. 1959.  
Distribution: Endemic to Cuba.  
References: 136, 147.
- Morinda muscosa* Jacq. = *Psychotria muscosa* (Jacq.) Steyerl.
- Morinda royoc* L., Sp. Pl. 176. 1753.
- Morinda ferruginea* A. Rich. in R. de la Sagra, Hist. Fis. Cuba, Bot. 11: 19. 1850; *Morinda royoc* L. var. *ferruginea* (A. Rich.) Griseb., Cat. Pl. Cub. 138. 1866.
- Morinda royoc* L. var. *latifolia* Griseb., Cat. Pl. Cub. 138. 1866.  
Distribution: Native to Bahamas, Cayman Islands, Cuba, Hispaniola, Jamaica, Aruba, Bonaire, Curaçao, Mexico, Central America, and South America.  
Common Names: Rhubarb, Wild mulberry (Bahamas), Curamagüey (Cuba), Safrán (Dominican Republic), Estologe, Safran du pays, Safran de St. Domingue (Haiti), Strongback, Red gal (Jamaica).  
References: 2, 4, 5, 7, 45, 136.
- Morinda royoc* L. var. *latifolia* Griseb. = *Morinda royoc* L.
- Mussaenda erythrophylla* Schumach. & Thonn., Beskr. Guin. Pl. 116. 1827.  
Distribution: Exotic in Hispaniola, Puerto Rico, and Virgin Islands.  
Common Names: Ashanti blood (Jamaica), Colombina roja (Puerto Rico), Scarlet mussaenda (Virgin Islands).  
References: 7, 131, 147.
- Mussaenda formosa* Jacq. = *Rosenbergiodendron formosum* (Jacq.) Fagerl.
- Mussaenda luteola* Delile = *Pentas lanceolata* (Forssk.) Deflers
- Mussaenda macrophylla* Wall. in W. Roxburgh, Fl. Ind. 1: 228. 1824.  
Distribution: Exotic in Jamaica.  
Reference: 254.
- Mussaenda pubescens* W.T. Aiton, Hortus Kew., ed. 2, 1: 372. 1810.  
Distribution: Exotic in Hispaniola.  
References: 7, 147.
- Mussaenda roxburghii* Hook. f., Fl. Brit. Ind. 3: 87. 1880.  
Distribution: Exotic in Jamaica.  
Reference: 254.
- Myrstiphyllum ligustrifolium* Northr. = *Psychotria ligustrifolia* (Northr.) Millsp.
- Nacibea coccinea* Aubl. = *Manettia coccinea* (Aubl.) Willd.

Distribution: Endemic to Cuba.  
References: 14, 136, 147.
- Psychotria alpestris* Urb. & Ekman, Ark. Bot. 22A(10): 94. 1929.

Distribution: Endemic to Hispaniola (Haiti).

References: 7, 147.

*Psychotria alpina* Sw. = *Palicourea alpina* (Sw.) DC.

*Psychotria amplifolia* Raeusch. = *Psychotria capitata* Sieber ex DC. subsp. *amplifolia* (Raeusch.) Steyererm.

*Psychotria androsaemifolia* Griseb., Fl. Brit. W. I. 341. 1861.

Distribution: Endemic to Cuba.

References: 136, 147.

*Psychotria articulata* C. Wright ex Griseb., Cat. Pl. Cub. 136. 1866.

Distribution: Endemic to Cuba.

References: 136, 147.

*Psychotria aubletiana* Steyererm., Mem. New York Bot. Gard. 23: 694. 1972.

Distribution: Native to Lesser Antilles (Dominica, Guadeloupe, Martinique, Montserrat, Nevis, St. Kitts), Central America, and South America.

Common Names: Bois-marguerit, Graine bleue des hauts, Ipéca bâtard (Lesser Antilles).

References: 1, 147.

*Psychotria auriculata* C. Wright ex Griseb., Cat. Pl. Cub. 136. 1866.

Distribution: Endemic to Cuba.

Reference: 136.

*Psychotria azuensis* Alain, Moscosoa 8: 10. 1994; *Palicourea micrantha* Urb. & Ekman, Ark. Bot. 22A(10): 97. 1929.

Distribution: Endemic to Hispaniola (Dominican Republic).

References: 5, 7, 147.

*Psychotria bahamensis* Millsp. ex Britton = *Psychotria ligustrifolia* (Northr.) Millsp.

*Psychotria bahiensis* DC., Prodr. 4: 509. 1830.

*Ronabea didymocarpos* A. Rich. ex DC., Prodr. 4: 504. 1830; *Palicourea didymocarpa* (A. Rich. ex DC.) Griseb., Cat. Pl. Cub. 138. 1866.

*Psychotria cuspidata* sensu Alain, Fl. Cuba 5: 105. 1962.

Distribution: Native to Cuba and South America.

References: 136, 147, 151.

*Psychotria balbisiana* DC., Prodr. 4: 517. 1830.

Distribution: Endemic to Jamaica.

References: 2, 147.

*Psychotria baltenueckii* Urb., Symb. Antill. 6: 51. 1909.

Distribution: Endemic to Hispaniola.

References: 7, 30, 147.

*Psychotria banaona* Urb., Symb. Antill. 9: 535. 1928.

Distribution: Endemic to Cuba.

References: 30, 39, 136, 147.

Note: Considered extinct by the Red List of the Vascular Flora of Cuba (39).

*Psychotria barahonensis* Urb. = *Psychotria glabrata* Sw.

*Psychotria bermejalisensis* Britton, Mem. Torrey Bot. Club 16: 112. 1920.

Distribution: Endemic to Cuba.

References: 136, 147, 156.

*Psychotria berteriana* DC., Prodr. 4: 515. 1830.

*Psychotria hebecladoides* Griseb., Pl. Wright. 2: 509. 1862.

*Psychotria macrophylla* sensu DC., Prodr. 4: 517. 1830, non Ruiz & Pav.

*Psychotria pedunculata* sensu A. Stahl, Estud. Fl. Puerto Rico 5: 73. 1887, non Sw.

*Psychotria platyphylla* DC. var. *angustior* Urb., Symb. Antill. 1: 449. 1899.

Distribution: Native to Cuba, Hispaniola, Jamaica, Puerto Rico, Lesser Antilles (Dominica, Grenada, Guadeloupe, Martinique, Montserrat, Nevis, St. Kitts, St. Lucia, St. Vincent), Trinidad, Central America, and South America.

Common Names: Cefetán, Cafetón, Escobón (Dominican Republic), Bois cabrit, Bois cabrits (Haiti), Bois rivièrè, Café marron, Corjarot (Lesser Antilles), Cachimbo común (Puerto Rico).

References: 1, 2, 5, 7, 58, 61, 75, 123, 131, 136.

*Psychotria berteriana* sensu Bello = *Psychotria pubescens* Sw.

*Psychotria bialata* C. Wright ex Griseb., Cat. Pl. Cub. 138. 1866.

Distribution: Endemic to Cuba.

Common Name: Tapa camino (Cuba).

References: 136, 147.

*Psychotria brachiata* Sw., Prodr. 45. 1788.

*Psychotria neurothricha* DC., Prodr. 4: 505. 1830.

Distribution: Native to Cuba, Hispaniola, Jamaica, Puerto Rico, Trinidad, Central America, and South America.

Common Names: Tafetán amarillo (Dominican Republic), Palo de cachimbo (Puerto Rico).

References: 2, 5, 7, 136, 58, 123, 131, 147.

*Psychotria brevinodes* Urb. = *Psychotria lasiophthalma* Griseb.

*Psychotria brevistipula* Urb., Symb. Antill. 3: 386. 1903.

Distribution: Endemic to Cuba.

References: 30, 136, 147.

*Psychotria brownei* Spreng. = *Psychotria glabrata* Sw.

*Psychotria bryonicola* Proctor, J. Arnold Arbor. 63: 305. 1982.

Distribution: Endemic to Jamaica.

References: 147, 165, 427.

Note: Considered critically endangered by the IUCN Red List of Threatened Species.

*Psychotria buchii* Urb., Symb. Antill. 3: 385. 1903.

Distribution: Endemic to Hispaniola.

References: 7, 30, 147.

*Psychotria byrsonimifolia* Acuña & Roig, Brittonia 14: 226. 1962.

Distribution: Endemic to Cuba.

References: 136, 147.

*Psychotria capitata* Sieber ex DC., Prodr. 4: 531. 1830, subsp. *capitata*

*Psychotria capitata* Sieber ex DC. subsp. *inundata* (Benth.) Steyererm., Mem. New York Bot. Gard. 23: 618. 1972; *Psychotria inundata* Benth., Hooker's J. Bot. Kew Gard. Misc. 3: 229. 1841.

Distribution: Native to Lesser Antilles (Grenada), Central America, and South America.

References: 1, 147.

*Psychotria capitata* Sieber ex DC. subsp. *amplifolia* (Raeusch.)

Steyererm., Mem. New York Bot. Gard. 23: 621. 1972; *Psychotria amplifolia* Raeusch., Nomencl. Bot. 56. 1797.

Distribution: Native to Jamaica, Central America, and South America.

References: 2, 147.

*Psychotria capitata* Sieber ex DC. subsp. *inundata* (Benth.) Steyererm. = *Psychotria capitata* Sieber ex DC. subsp. *capitata*

*Psychotria caribaea* Urb. = *Notopleura discolor* (Griseb.) C.M. Taylor

*Psychotria carthagenensis* Jacq., Enum. Syst. Pl. 16. 1760.

*Psychotria chionantha* (DC.) Britton, Bull. Torrey Bot. Club 18: 109. 1891.

*Psychotria sagrana* Urb., Symb. Antill. 7: 450. 1913 [as *sagraeana*].

*Psychotria trinitensis* Urb., Symb. Antill. 7: 441. 1913.

Distribution: Native to Cuba, Margarita, Trinidad, Mexico, Central America, and South America.

References: 136, 147, 301, 323.

- Psychotria cathetoneura* Urb., Symb. Antill. 9: 165. 1923.  
Distribution: Endemic to Cuba.  
References: 30, 136, 147, 427.  
Note: Considered threatened by the Red List of the Vascular Flora of Cuba (39) and vulnerable by the IUCN Red List of Threatened Species.
- Psychotria celastroides* Griseb., Fl. Brit. W. I. 341. 1861.  
Distribution: Endemic to Jamaica.  
Reference: 36.  
Note: Not in Cuba fide Alain (136).
- Psychotria chionantha* (DC.) Britton = *Psychotria carthagenensis* Jacq.
- Psychotria christii* Urb., Symb. Antill. 6: 49. 1909.  
Distribution: Endemic to Hispaniola.  
References: 7, 30, 147.
- Psychotria citrifolia* Sw. = *Rudgea citrifolia* (Sw.) K. Schum.
- Psychotria clarendonensis* Urb., Symb. Antill. 7: 443. 1913.  
Distribution: Endemic to Jamaica.  
References: 2, 30, 147, 427.  
Note: Considered endangered by the IUCN Red List of Threatened Species.
- Psychotria clementis* Britton, Mem. Torrey Bot. Club 16: 112. 1920.  
Distribution: Endemic to Cuba.  
References: 136, 147, 156.
- Psychotria clusioides* Proctor, Bull. Inst. Jamaica, Sci. Ser. 16: 51. 1967.  
Distribution: Endemic to Jamaica.  
References: 2, 147, 427.  
Note: Considered endangered by the IUCN Red List of Threatened Species.
- Psychotria coelocalyx* Urb., Ark. Bot. 17(7): 57. 1921.  
Distribution: Endemic to Hispaniola (Haiti).  
References: 7, 147.

- Uragoga domingensis* Urb. var. *barahonensis* Urb., Repert. Spec. Nov. Regni Veg. 17: 8. 1921.  
Distribution: Endemic to Hispaniola.  
References: 7, 147, 210.
- Psychotria lopezii* Acuña & Roig, Brittonia 14: 226. 1962.  
Distribution: Endemic to Cuba.  
References: 136, 147.
- Psychotria lunanii* Urb., Symb. Antill. 7: 468. 1913.  
Distribution: Endemic to Jamaica.  
References: 2, 30, 147.
- Psychotria macrophylla* sensu DC. = *Psychotria berteriana* DC.
- Psychotria maleolens* Urb., Symb. Antill. 1: 444. 1899.  
Distribution: Endemic to Puerto Rico.  
Common Name: Cachimbo de gato (Puerto Rico).  
References: 30, 58, 61, 131, 147.
- Psychotria manna* Urb., Symb. Antill. 5: 518. 1908.  
Distribution: Endemic to Jamaica.  
References: 2, 30, 147.
- Psychotria mapourioides* DC., Prodr. 4: 509. 1830.  
*Psychotria nitida* Willd., Sp. Pl. 1: 963. 1798.  
*Psychotria tobagensis* Urb., Symb. Antill. 7: 441. 1913.  
Distribution: Native to Lesser Antilles (Dominica, Guadeloupe, Martinique, Montserrat, St. Lucia, St. Vincent), Tobago, and South America.  
References: 1, 147.
- Psychotria marginata* Sw., Prodr. 43. 1788.  
Distribution: Native to Cuba, Jamaica, Trinidad, Mexico, Central America, and South America.  
References: 136, 147.
- Psychotria maricaensis* Urb., Symb. Antill. 1: 447. 1899.  
Distribution: Endemic to Puerto Rico.  
Common Name: Cachimbo de Maricao (Puerto Rico).  
References: 30, 58, 61, 131, 147.
- Psychotria marmeladensis* Urb., Ark. Bot. 22A(10): 95. 1929.  
Distribution: Endemic to Hispaniola (Haiti).  
References: 7, 147.
- Psychotria martii* Acuña & Roig = *Psychotria polymorpha* Govaerts
- Psychotria megalosperma* Vahl = *Chione venosa* (Sw.) Urb. var. *venosa*
- Psychotria microdon* (DC.) Urb. = *Margaritopsis microdon* (DC.) C.M. Taylor

- Psychotria mornicola* Urb., Symb. Antill. 3: 384. 1903.  
Distribution: Endemic to Hispaniola.  
References: 7, 30, 147.
- Psychotria muscosa* (Jacq.) Steyerl., Mem. New York Bot. Gard. 23: 671. 1972; *Morinda muscosa* Jacq., Select. Stirp. Amer. Hist. 65. 1763; *Cephaelis muscosa* (Jacq.) Sw., Prodr. 46. 1788.

Distribution: Native to Lesser Antilles (Guadeloupe, Martinique, St. Lucia, St. Vincent), Tobago, Trinidad, and South America.  
Common Names: Graine bleue, Ipéca bâtard (Lesser Antilles).  
References: 1, 147.

*Psychotria myrtiphyllum* Sw., Prodr. 44. 1788.  
Distribution: Endemic to Jamaica  
References: 2.

*Psychotria naguana* Urb., Symb. Antill. 9: 538. 1923.  
Distribution: Endemic to Cuba.  
References: 30, 136, 147.

*Psychotria nervosa* Sw., Prodr. 43. 1788.  
*Psychotria fadyenii* Urb., Symb. Antill. 7: 470. 1913.  
*Psychotria hirsuta* sensu Spreng., Syst. Veg., ed. 16, 1: 744. 1824  
[“1825”], non Sw.

*Psychotria oligotricha* DC., Prodr. 4: 514. 1830.  
*Psychotria portoricensis* DC., Prodr. 4: 515. 1830.  
*Psychotria undata* Jacq., Pl. Rar. Hort. Schoenbr. 3: 5. 1798.  
*Psychotria undata* Jacq. var. *chimmarrhoides* (DC.) Stehlé & L. Quentin,  
Fl. Guadeloupe Dépend. 2(1): 4. 1938 [“1837”].  
*Psychotria undata* Jacq. var. *poitaei* Urb., Symb. Antill. 8: 678. 1921.  
Distribution: Native to Bahamas, Cayman Islands, Hispaniola, Jamaica,  
Puerto Rico, Virgin Islands (St. Croix, St. John, St. Thomas,  
Tortola, Virgin Gorda), Lesser Antilles (Antigua, Barbados,  
Grenada, Guadeloupe, Marie Galante, Martinique, Montserrat,  
Nevis, St. Eustatius, St. Lucia, St. Vincent), Trinidad (?), Mexico,  
Central America, and South America.

Common Names: Wild coffee (Bahamas), Machtetazo (Cuba), Café  
cimarrón (Dominican Republic), Café marron, Remarooogu, Ti  
kafé mawon, Ti café marron, Wood balsam (Lesser Antilles),  
Bálsamo, Palo moro (Puerto Rico).  
References: 1, 2, 4, 7, 45, 58, 61, 147.

- Randia nigrescens*** Griseb. = *Casasia nigrescens* (Griseb.) C. Wright ex Rob.
- Randia nitida*** DC., Prodr. 4: 387. 1830.
- Randia armata*** (Sw.) DC., Prodr. 4: 387. 1830; *Gardenia armata* Sw., Prodr. 51. 1788.  
Distribution: Native to Lesser Antilles (Grenada, Martinique, St. Lucia, St. Vincent), Margarita, Mexico, Central America, and South America.  
References: 1, 147.
- Randia parvifolia*** Lam., Encycl. 3: 25. 1789.  
Distribution: Endemic to Greater Antilles; native to Hispaniola and Puerto Rico.  
Common Names: Azota criollo, Resuelesuele (Dominican Republic).  
References: 5, 7, 58, 147.
- Randia portoricensis*** (Urb.) Britton & Standl., Contr. U.S. Natl. Herb. 20: 201. 1919; *Basanacantha portoricensis* Urb., Symb. Antill. 5: 507. 1908.
- Randia sagraana*** sensu O.F. Cook & G.N. Collins, Econ. Pl. Porto Rico 228. 1903, non (A. Rich.) Griseb.  
Distribution: Endemic to Puerto Rico and Virgin Islands (Anegada).  
Common Name: Uvillo (Puerto Rico).  
References: 58, 61, 147.  
Note: A rare species known from few individuals.
- Randia sagraana*** (A. Rich.) Griseb. = *Randia spinifex* (Roem. & Schult.) Standl.

- Rondeletia stellata* (Griseb.) C. Wright subsp. *yumuriensis* (Britton) Borhidi = *Suberanthus yumuriensis* (Britton) Borhidi & M. Fernández
- Rondeletia stereocarpa* Griseb. = *Rondeletia parviflora* Poir.
- Rondeletia stipularis* (L.) Druce, Bot. Exch. Club Soc. Brit. Isles 3: 423. 1914; *Petesia stipularis* L., Syst. Nat., ed. 10, 894. 1759.
- Rondeletia microcalyx* Krug & Urb. in I. Urban, Symb. Antill. 1: 412. 1899.
- Rondeletia tomentosa* Sw., Prodr. 41. 1788.  
*Rondeletia trifolia* Jacq., Select. Stirp. Amer. Hist. 60. 1763.  
*Rondeletia thyrsoides* Sw., Prodr. 41. 1788.  
Distribution: Endemic to Jamaica.  
References: 2, 137, 147.
- Rondeletia subcanescens* M. Fernández & Borhidi, Acta Bot. Hung. 31: 168. 1985.  
Distribution: Endemic to Cuba.  
Reference: 147.
- Rondeletia subcordata* Standl., Field Mus. Nat. Hist., Bot. Ser., 11: 256. 1936.  
Distribution: Endemic to Hispaniola (Dominican Republic).  
References: 7, 147.
- Rondeletia subglabra* Krug & Urb. in I. Urban, Symb. Antill. 1: 418. 1899.  
Distribution: Endemic to Cuba.  
References: 30, 136, 147.
- Rondeletia subsessilifolia* Proctor, Bull. Inst. Jamaica, Sci. Ser. 16: 66. 1967.  
Distribution: Endemic to Jamaica.  
References: 2, 147, 427.  
Note: Considered vulnerable by the IUCN Red List of Threatened Species.
- Rondeletia susannae* Borhidi, Acta Bot. Acad. Sci. Hung. 21: 230. 1976 [“1975”].

Distribution: Endemic to Cuba.  
Reference: 147.

*Rondeletia sylvestris* S. Moore, J. Bot. 68: 111. 1930.  
Distribution: Endemic to Jamaica.  
References: 2, 147.

*Rondeletia ternifolia* Urb. = *Suberanthus brachycarpus* (Griseb.)  
Borhidi & M. Fernández

*Rondeletia thyrsoides* Sw. = *Rondeletia stipularis* (L.) Druce

*Rondeletia tinifolia* Griseb. = *Acunaeanthus tinifolius* (Griseb.) Borhidi

*Rondeletia toaensis* M. Fernández & Borhidi, Acta Bot. Hung. 31: 170.  
1985.

Distribution: Endemic to Cuba.  
Reference: 147.

*Rondeletia tomentosa* Sw. = *Rondeletia stipularis* (L.) Druce

*Rondeletia tomentosa* Sw. var. *domingensis* DC. = *Casasia domingensis*  
(DC.) Urb.

*Rondeletia triflora* Vahl = *Rondeletia pilosa* Sw.

*Rondeletia trifolia* Jacq. = *Rondeletia stipularis* (L.) Druce

*Rondeletia tubulosa* Borhidi & M. Fernández, Acta Bot. Hung. 33:  
113. 1987.

Distribution: Endemic to Cuba.  
Reference: 147.

*Rondeletia umbellulata* Sw., Prodr. 41. 1788.

Distribution: Endemic to Jamaica.  
References: 2, 147.

*Rondeletia vacciniifolia* Britton, Bull. Torrey Bot. Club 44: 29. 1917.  
Distribution: Endemic to Cuba.  
References: 134, 136.

*Rondeletia vazquezii* Borhidi & O. Muñiz, Acta Bot. Acad. Sci. Hung.  
17: 31. 1972 ["1971"], subsp. *vazquezii*

Distribution: Endemic to Cuba.  
Reference: 147.

*Rondeletia vazquezii* Borhidi & O. Muñiz subsp. *moaensis* Borhidi &  
O. Muñiz, Acta Bot. Acad. Sci. Hung. 17: 31. 1972 ["1971"].

Distribution: Endemic to Cuba.  
Reference: 147.

*Rondeletia venosa* Griseb., Cat. Pl. Cub. 128. 1866.

Distribution: Endemic to Cuba.  
Common Name: Rondelecia del pinar (Cuba).  
References: 136, 147.

*Rondeletia verbenacea* Griseb. = *Ceratopyxis verbenacea* (Griseb.)  
Hook. f.

*Rondeletia virgata* Sw., Prodr. 41. 1788.

Distribution: Endemic to Hispaniola (Haiti).  
References: 7, 147.

*Rondeletia yamuriensis* Britton = *Suberanthus yumuriensis* (Britton)  
Borhidi & M. Fernández

*Rosenbergiodendron formosum* (Jacq.) Fagerl., Svensk. Bot. Tidskr. 42:  
152. 1948; *Mussaenda formosa* Jacq., Enum. Syst. Pl. 16. 1760;  
*Randia formosa* (Jacq.) K. Schum. in C.F.P. von Martius, Fl. Bras.  
6(6): 342. 1889.

*Randia mussaenda* (L. f.) DC., Prodr. 4: 388. 1830.

Distribution: Cultivated in Puerto Rico, Virgin Islands (St. Croix, St.  
John), Lesser Antilles (St. Lucia), Tobago, and Trinidad.  
References: 1, 7, 61, 147, 301.

*Rubia guadalupensis* Spreng. = *Galium guadalupense* (Spreng.)  
Govaerts

*Rudgea caribaea* Benth. = *Rudgea citrifolia* (Sw.) K. Schum.

*Rudgea citrifolia* (Sw.) K. Schum. in H.G.A. Engler & K.A.E. Prantl,  
Nat. Pflanzenfam. 4(4): 116. 1891; *Psychotria citrifolia* Sw., Prodr.  
43. 1788.

*Rudgea caribaea* Benth., Linnaea 23: 460. 1850.

Distribution: Endemic to Lesser Antilles (Antigua, Dominica,  
Guadeloupe, Martinique, St. Lucia, St. Vincent).

Common Names: Bois cassant, Bois pichette, Café marron, Café  
montagne (Lesser Antilles).

References: 1, 147.

*Rudgea freemanii* Sprague & R.O. Williams ex R.O. Williams &  
Cheesman = *Rudgea hostmanniana* Benth

*Rudgea hostmanniana* Benth., Linnaea 23: 459. 1850.

*Rudgea hostmanniana* Benth. subsp. *freemanii* (Sprague &  
R.O. Williams ex R.O. Williams & Cheesman) Steyerl., Mem.  
New York Bot. Gard. 17: 414. 1967; *Rudgea freemanii* Sprague &  
R.O. Williams ex R.O. Williams & Cheesman in R.O. Williams, Fl.  
Trinidad & Tobago 2: 39. 1928.

Distribution: Native to Lesser Antilles (Grenada), Tobago, Trinidad,  
and South America.

Common Name: Wild coffee (Lesser Antilles).

References: 1, 147.

*Rudgea hostmanniana* Benth. subsp. *freemanii* (Sprague &  
R.O. Williams ex R.O. Williams & Cheesman) Steyerl. = *Rudgea*  
*hostmanniana* Benth.

*Rudgea vincentina* Urb., Symb. Antill. 7: 546. 1913.

Distribution: Endemic to Lesser Antilles (Grenada, St. Vincent).  
References: 1, 30, 147.

*Rustia haitiensis* Urb., Ark. Bot. 24A(4): 36. 1931.

Distribution: Endemic to Hispaniola (Haiti).  
References: 7, 147.

*Sabicea aspera* Aubl. = *Sabicea villosa* Willd. ex Roem. & Schult.

*Sabicea cinerea* sensu Wernham in part = *Tetrapterys inaequalis* Cav.  
(Malpighiaceae)

*Sabicea domingensis* Urb. & Ekman = *Sabicea villosa* Willd. ex Roem.  
& Schult.

*Sabicea hirsuta* Kunth = *Sabicea villosa* Willd. ex Roem. & Schult.

*Sabicea hirta* Sw., Prodr. 46. 1788.

Distribution: Endemic to Jamaica.  
References: 2, 147.

*Sabicea hirta* sensu DC. = *Sabicea villosa* Willd. ex Roem. & Schult.

*Sabicea moralesii* Griseb. = *Lasianthus lanceolatus* (Griseb.) Urb.

*Sabicea villosa* Willd. ex Roem. & Schult., Syst. Veg. 5: 265. 1819.

*Sabicea aspera* Aubl., Hist. Pl. Guiane 1: 194. 1775.

*Sabicea domingensis* Urb. & Ekman, Ark. Bot. 24A(4): 45. 1931.

*Sabicea hirsuta* Kunth in F.W.H.A. von Humboldt, A.J.A. Bonpland &  
C.S. Kunth, Nov. Gen. Sp. (quarto ed.) 3: 417. 1820.

*Sabicea hirta* sensu DC., Prodr. 4: 439. 1830, non Sw.

Distribution: Native to Hispaniola, Puerto Rico, Lesser Antilles  
(Guadeloupe), Trinidad, Mexico, Central America, and South  
America.

References: 1, 7, 32, 58, 61, 147.

\**Schmidtottia corymbosa* Borhidi, Növényrendsz. Novényföldr. Tansz.,  
Eötvös Loránd Tudományegyet. Budapest 5: 37. 1977.

Distribution: Endemic to Cuba.

Reference: 147.

\**Schmidtottia cubensis* (Standl.) Urb., Symb. Antill. 9: 139. 1923, subsp.  
*cubensis*; *Isidorea cubensis* Standl., N. Amer. Fl. 32(1): 15. 1918.

Distribution: Endemic to Cuba.  
References: 30, 136, 147.

\**Schmidtottia cubensis* (Britton & P. Wilson) Urb. subsp. *cristalensis* (Borhidi & O. Muñiz) Borhidi, Acta Bot. Hung. 44: 56. 2002; *Schmidtottia cubensis* (Britton & P. Wilson) Urb. var. *cristalensis* Borhidi & O. Muñiz, Acta Bot. Acad. Sci. Hung. 21: 230. 1976 ["1975"].

Distribution: Endemic to Cuba.  
Reference: 147.

\**Schmidtottia cucullata* Borhidi & Bisse, Acta Bot. Acad. Sci. Hung. 26: 271. 1981 ["1980"].

Distribution: Endemic to Cuba.  
Reference: 147.

Note: Considered vulnerable by the Red List of the Vascular Flora of Cuba (39).

\**Schmidtottia elliptica* (Britton) Urb., Symb. Antill. 9: 139. 1923, subsp. *elliptica*; *Portlandia elliptica* Britton, Bull. Torrey Bot. Club 41: 22. 1914.

Distribution: Endemic to Cuba.  
References: 30, 136, 147.

\**Schmidtottia elliptica* (Britton) Urb. subsp. *oblongata* Borhidi, Acta Bot. Acad. Sci. Hung. 26: 273. 1981 ["1980"].

Distribution: Endemic to Cuba.  
Reference: 147.

*Schmidtottia involuocrata* (Wernham) Alain = *Ceuthocarpus involuocratus* (Wernham) Aiello

\**Schmidtottia marmorata* Urb., Symb. Antill. 9: 140. 1923.

Distribution: Endemic to Cuba.  
References: 30, 136, 147.

Note: Considered threatened by the Red List of the Vascular Flora of Cuba (39).

\**Schmidtottia monantha* Urb., Symb. Antill. 9: 138. 1923.

Distribution: Endemic to Cuba.  
Common Name: Flor de tres días (Cuba).  
References: 30, 136, 147.

\**Schmidtottia monticola* Borhidi, Acta Bot. Acad. Sci. Hung. 26: 269. 1981 ["1980"].

Distribution: Endemic to Cuba.  
Reference: 147.

Note: Considered vulnerable by the Red List of the Vascular Flora of Cuba (39).

\**Schmidtottia multiflora* Urb., Symb. Antill. 9: 141. 1923.

Distribution: Endemic to Cuba.  
References: 30, 136, 147.

\**Schmidtottia nitens* (Britton) Urb., Symb. Antill. 9: 141. 1923; *Portlandia nitens* Britton, Bull. Torrey Bot. Club 39: 10. 1912.

Distribution: Endemic to Cuba.  
References: 30, 136, 147.

\**Schmidtottia parvifolia* Alain, Contr. Ocas. Mus. Hist. Nat. Colegio "De La Salle" 17: 10. 1959.

Distribution: Endemic to Cuba.  
References: 136, 147.

Note: Considered vulnerable by the Red List of the Vascular Flora of Cuba (39).

\**Schmidtottia scabra* Borhidi & Acuña, Acta Bot. Acad. Sci. Hung. 17: 30. 1972 ["1971"].

Distribution: Endemic to Cuba.  
Reference: 147.

Note: Considered vulnerable by the Red List of the Vascular Flora of Cuba (39).

\**Schmidtottia sessilifolia* (Britton) Urb., Symb. Antill. 9: 142. 1923; *Portlandia sessilifolia* Britton, Bull. Torrey Bot. Club 41: 21. 1914.

Distribution: Endemic to Cuba.  
References: 30, 136, 147.

Note: Considered vulnerable by the Red List of the Vascular Flora of Cuba (39).

*Viviania domingensis* Raf. = *Stenostomum coriaceum* (Vahl) Griseb.

#### EXCLUDED SPECIES

*Psychotria laxa* Sw., Fl. Ind. Occid. 1: 407. 1797.

Known only from the description of Swartz from Jamaica; unknown application.

References: 30, 137.

## RUPPIACEAE

Genera. Total: 1; native: 1; endemic: 0.

Taxa. Total: 3; native: 3; endemic: 0.

*Ruppia anomala* Ostenf. = *Ruppia didyma* Sw. ex Wikstr.

*Ruppia cirrhosa* (Petagna) Grande, Bull. Orto Bot. Regia Univ. Napoli 5: 58. 1918.

Distribution: Native to Cayman Islands, Jamaica, Lesser Antilles (Antigua), North America, Central America, and South America; dubious in Puerto Rico.

References: 1, 2, 4, 147.

*Ruppia didyma* Sw. ex Wikstr., Kongl. Vetensk. Acad. Handl. 1825: 427. 1825.

*Ruppia anomala* Ostenf., Bull. Torrey Bot. Club 42: 659. 1916.

Distribution: Native to Jamaica, Puerto Rico, Lesser Antilles (St. Barthélemy), and Mexico.

Reference: 28.

*Ruppia maritima* L., Sp. Pl. 127. 1753.

Distribution: Native to Bahamas, Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (Guana, St. Croix, St. John, St. Thomas), Lesser Antilles (Anguilla, Antigua, Barbados, Barbuda, Grenada, Grenadines, Guadeloupe, Martinique, Nevis, St. Barthélemy, St. Lucia), United States, Mexico, Central America, and South America.

Common Names: Widgeon-grass (Bahamas), Yerba de zanja (Puerto Rico).

References: 1, 19, 28, 30, 45, 61, 147, 190.

## RUTACEAE

**Genera.** Total: 19; native: 10; endemic: 1.

**Taxa.** Total: 111; native: 91; endemic: 74.

*Aegle marmelos* (L.) Corrêa, Trans. Linn. Soc. London 5: 223. 1800.

Distribution: Cultivated in Cuba.

Common Names: Bael fruit de la India, Membrillo de Australia (Cuba).

References: 132, 282, 504.

*Aeglopsis chevalieri* Swingle, Bull. Soc. Bot. France 58: 237. 1912.

Distribution: Cultivated in Cuba.

References: 282, 504.

*Amyris abeguii* Ekman ex Urb., Ark. Bot. 20A(15): 37. 1926.

Distribution: Endemic to Hispaniola (Haiti).

References: 5, 7.

*Amyris apiculata* Urb. & Ekman, Ark. Bot. 22A(8): 56. 1928.

Distribution: Endemic to Hispaniola (Haiti).

References: 5, 7.

*Amyris axilliflora* Griseb. = *Glycosmis parviflora* (Sims) Little

*Amyris balsamifera* L., Syst. Nat., ed. 10, 1000. 1759.

*Amyris sylvatica* sensu A. Rich. in R. de la Sagra, Hist. Phys. Cuba, Pl. Vasc. 164. 1845, non Jacq.

Distribution: Native to Cuba, Hispaniola, Jamaica, Puerto Rico, United States (FL), Mexico, Central America, and South America.

Common Names: Cuaba amarilla, Cuaba blanca, Cuaba de costa, Cuaba de sabana, Palo de roble (Cuba), Guaconejo (Dominican Republic), Bois chandelle (Haiti), Amyris wood, West Indian sandalwood, White cantoo (Jamaica), Teilla (Puerto Rico).

References: 2, 3, 5, 6, 7, 58, 123, 131, 132, 151, 504.

*Amyris cubensis* (Borhidi & Acuña) Beurton, Fl. Rep. Cuba, Ser. A.

Pl. Vasc. 14(3): 66. 2008; *Kodalyodendron cubensis* Borhidi & Acuña, Acta Bot. Acad. Sci. Hung. 19: 43. 1973.

Distribution: Endemic to Cuba.

References: 149, 504.

Note: Considered extinct by the Red List of the Vascular Flora of Cuba (39).

*Amyris diatrypa* Spreng., Neue Entdeck. Pflanzenk. 3: 48. 1822.

Distribution: Endemic to West Indies; native to Bahamas, Cuba, Hispaniola, Jamaica, Virgin Islands (Anegada, Jost van Dyke, St. John, St. Thomas), Lesser Antilles (Martinique, St. Vincent), and possibly Puerto Rico.

Common Names: Cuaba ruda, Cuabilla (Cuba), Cadlewood, Capá prieto, Guacimilla, Guaconejillo, Guaconejo (Dominican Republic), Bois chandelle (Haiti).

References: 3, 5, 7, 19, 254.

Note: Considered endangered by the Red List of the Vascular Flora of Cuba (39).

*Amyris elemifera* L., Syst. Nat., ed. 10, 1000. 1759.

*Amyris maritima* Jacq., Enum. Syst. Pl. 19. 1760.

*Amyris sylvatica* Jacq., Select. Stirp. Amer. Hist. 107. 1763, *nom. illeg.*

Distribution: Native to Bahamas, Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (Anegada, Guana, Jost van Dyke, St. Croix, St. John, St. Thomas, Tortola, Virgin Gorda), Lesser Antilles (Anguilla, Antigua, Barbuda, Dominica, Grenada, Grenadines, Guadeloupe, Marie Galante, Montserrat, Nevis, St. Barthélemy, St. Lucia, St. Vincent), and United States (FL); doubtful in Mexico and Central America.

Common Names: Cuaba, Cuaba amarilla, Cuaba amarilla de costas, Cuaba de costa, Cuaba de monte, Palo de incienso, Tarro de chivo (Cuba), Guaconejo, Palo de té, Palo de tea (Dominican

Republic), Bois chandelle, Chandelle blanche, Chandelle marron, Trois paroles (Haiti), Torchwood (Jamaica), Bois chandelle, Bois flambeau, Bois pini, Torchwood (Lesser Antilles), Amyris, Cuabilla, Tea, Torchwood (Puerto Rico).

References: 1, 2, 3, 4, 5, 6, 7, 19, 30, 45, 58, 61, 150.

*Amyris granulata* Urb., Ark. Bot. 24A(4): 15. 1931.

Distribution: Endemic to Hispaniola (Dominican Republic).

Common Names: Candlewood, Guaconejo (Dominican Republic).

Reference: 7.

*Amyris hexandra* Ham. = *Dacryodes excelsa* Vahl (Burseraeaceae)

*Amyris intermedia* Urb. & Ekman, Ark. Bot. 22A(8): 56. 1928.

Distribution: Endemic to Hispaniola.

References: 5, 37.

Note: Not cited in Liogier's Flora de la Española (7).

*Amyris lineata* C. Wright ex Griseb., Pl. Wright. 1: 177. 1860.

*Amyris maestrensis* Borhidi & Kereszty, Acta Agron. Acad. Sci. Hung. 27: 432. 1978.

*Amyris verrucosa* Borhidi & Kereszty, Acta Agron. Acad. Sci. Hung. 27: 432. 1978.

Distribution: Endemic to Cuba.

Common Name: Cuaba de la maestra (Cuba).

References: 3, 504.

*Amyris lunanii* Spreng. = *Bursera lunanii* (Spreng.) C.D. Adams (Burseraeaceae)

*Amyris maestrensis* Borhidi & Kereszty = *Amyris lineata* C. Wright ex Griseb.

*Amyris maritima* Jacq. = *Amyris elemifera* L.

*Amyris metopioides* Zanoni & M.M. Mejía, Moscosoa 4: 124. 1986.

Distribution: Endemic to Hispaniola.

Common Name: Guaconejo (Dominican Republic).

References: 8, 149.

*Amyris phlebotaenioides* Urb. & Ekman, Ark. Bot. 20A(5): 17. 1926.

Distribution: Endemic to Hispaniola.

References: 5, 7.

*Amyris plumieri* DC., Prodr. 2: 81. 1825. Type. Plumier (Burman ed.) *Nov. Pl. Amer. tab. 100.* 1757.

Distribution: Native to Hispaniola, Jamaica, Mexico, Central America, and South America.

References: 2, 7, 149, 254.

*Amyris polymorpha* Urb., Repert. Spec. Nov. Regni Veg. 21: 64. 1925.

Distribution: Endemic to eastern Cuba.

References: 3, 427, 504.

Note: Considered vulnerable by the IUCN Red List of Threatened Species.

*Amyris polyneura* Urb., Repert. Spec. Nov. Regni Veg. 18: 113. 1922.

Distribution: Endemic to Cuba.

References: 3, 504.

*Amyris pungens* Urb. & Ekman, Ark. Bot. 20A(5): 17. 1926.

Distribution: Endemic to Hispaniola.

References: 5, 7.

*Amyris stromatophylla* P. Wilson, N. Amer. Fl. 25(3): 217. 1911.

*Amyris stromatophylla* P. Wilson subsp. *moaensis* Borhidi & O. Muñiz, Acta Bot. Acad. Sci. Hung. 18: 30. 1973.

*Amyris stromatophylla* P. Wilson subsp. *yumuriensis* Borhidi & O. Muñiz, Acta Bot. Acad. Sci. Hung. 18: 29. 1973.

Distribution: Endemic to Cuba.

References: 3, 504.

- Common Names: Lima, Lima de piquito, Limero dulce (Cuba), Lima, Limasa, Limón dulce (Dominican Republic), Calmouc (Haiti), Limón dulce (Puerto Rico).
- References: 5, 6, 7, 123, 131, 132, 224.
- Note: Considered an invasive species by CeNBIO.
- Citrus x limon*** (L.) Osbeck, Reise Ostindien 250. 1765; *Citrus medica* L. var. *limon* L., Sp. Pl. 782. 1753.
- Citrus limonum* (L.) Risso, Ann. Mus. Natl. Hist. Nat. 20: 201. 1813.
- Distribution: Cultivated in Bahamas, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (St. Croix, Tortola).
- Common Names: Limón, Limón chino, Limón francés, Limón francés dulce, Limón persa (Cuba), Limón, Limón agrio, Limón frances (Dominican Republic), Citronnier (Haiti), Lemon (Jamaica), Limón, Limón de cabro (Puerto Rico), Lemon, Rough lemon (Virgin Islands).
- References: 2, 3, 6, 7, 45, 58, 150, 131, 224, 323.
- Note: Considered an invasive species by CeNBIO.
- Citrus limonum* (L.) Risso = *Citrus x limon* (L.) Osbeck
- Citrus margarita* Lour. = *Citrus japonica* Thunb.
- Citrus maxima* (Burm. ex Rumph.) Merr. = *Citrus grandis* (L.) Osbeck
- Citrus medica*** L., Sp. Pl. 782. 1753.
- Distribution: Cultivated in Cuba, Hispaniola, Jamaica, Puerto Rico, and Virgin Islands (St. Croix).
- Common Names: Cidra, Cidrón (Cuba), Cidra, Toronja (Dominican Republic), Citron (Haiti), Citron (Jamaica), Cidra, Citron (Puerto Rico).
- References: 2, 3, 5, 6, 7, 58, 131, 150, 224, 323.
- Note: Considered an invasive species by CeNBIO.
- Citrus medica* L. var. *limon* L. = *Citrus x limon* (L.) Osbeck
- Citrus nobilis*** Lour., Fl. Cochinch. 2: 466. 1790.
- Distribution: Cultivated in Puerto Rico and Virgin Islands (St. Croix) and throughout the West Indies
- Reference: 230.

*Citrus x paradisi* Macfad., Fl. Jamaica 1: 131. 1837.

Distribution: Of hybrid origin, considered as originated in the West Indies by Swingle (1943); cultivated in Cayman Islands, Cuba, Jamaica, Hispaniola, and Puerto Rico.

Common Names: Grape fruit, Toronja (Cuba), Grapefruit (Dominican Republic), Chadéque (Haiti), Grapefruit (Jamaica), Grapefruit, Toronja (Puerto Rico).

References: 2, 3, 224, 323.

Note: Considered an invasive species by CeNBIO.

*Citrus reticulata* Blanco, Fl. Filip. 610. 1837.

Distribution: Exotic in Cuba, Hispaniola, Jamaica, Puerto Rico.

Common Names: Mandarinina, Mandarinina dancy, Naranja mandarina, Naranja tangerina, Tangerina (Cuba), Mandarinina, Mandarinine orange, Naranja mandarina (Dominican Republic), Mandarinine (Haiti), Mandarin, Tangerine (Jamaica), King orange, Tangerina, Mandarinina (Puerto Rico), Mandarinine (Virgin Islands).

References: 2, 3, 6, 7, 150, 224, 323.

Note: Considered an invasive species by CeNBIO.

*Citrus sinensis* (L.) Osbeck, Reise Ostindien 250. 1765; *Citrus aurantium* L. var. *sinensis* L., Sp. Pl. 783. 1753.

*Citrus aurantium* sensu Stahl, Estud. Fl. Puerto Rico 2: 133. 1884.

Distribution: Exotic in Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (St. Croix, St. John, Tortola).

Common Names: Naranja de china, Naranja dulce, Naranja de omblogo, Naranja de Valencia, Naranjo chino dulce, Naranjo de China (Cuba), China, Naranja chicha, Naranja China, Naranja de China, Naranja de la China, Naranja dulce (Dominican Republic), Orange douce, Oranger doux, Z'orange douce (Haiti), Sweet orange (Jamaica), China (Puerto Rico), Sweet orange, Orange (Virgin Islands).

References: 2, 3, 4, 5, 6, 7, 61, 224, 323.

Note: Considered an invasive species by CeNBIO.

*Citrus vulgaris* Risso = *Citrus x aurantium* L.

*Cneorum tricoccon* L., Sp. Pl. 34. 1753.

Distribution: Cultivated in eastern Cuba; native to the Mediterranean region.

Reference: 454.

*Cneorum trimerum* (Urb.) Chodat = *Schoepfia stenophylla* Urb. (Olacaceae)

*Cubicolina trimera* Urb. = *Schoepfia stenophylla* Urb. (Olacaceae)

Distribution: Native to Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (Guana, St. Croix, St. John, St. Thomas, Tortola), Lesser Antilles (Antigua, Dominica, Guadeloupe, Marie Galante, Saba, St. Eustatius, St. Lucia), Trinidad, Central America, and South America.  
Common Names: Ayúa blanca, Ayúa común, Ayuda, Bayúa, Bayuda (Cuba), Espino, Pino, Pino macho, Pino de teta, Pino rubial (Dominican Republic), Bois piné blanc, Bois pini, Bois pinni, Bois

- epineux, Bois peine, Bois pine, Pine blanc, Piné blanc (Haiti), Prickly yellow, Yellow hercules (Jamaica), L'épineux, Lépiné jaune, White prickle, Yellow prickle, Yellow hercules (Lesser Antilles), Ayua, Cenizo, Espinosa (Puerto Rico), Prickly ash (Virgin Islands).  
References: 1, 2, 3, 6, 7, 19, 58, 61, 151, 304.
- Zanthoxylum microcarpum* Griseb. = *Zanthoxylum rhoifolium* Lam.
- Zanthoxylum monophyllum* (Lam.) P. Wilson, Bull. Torrey Bot. Club 37: 86. 1910; *Fagara monophylla* Lam., Encycl. 1: 334. 1783.
- Zanthoxylum ochroxylum* DC., Prodr. 1: 725. 1824.
- Zanthoxylum simplicifolium* Vahl, Eclog. Amer. 3: 45. 1807.
- Curtisia schreberi* J.F. Gmel., Syst. Nat. 2(1): 498. 1791.
- Distribution: Native to Hispaniola, Puerto Rico, Virgin Islands (Jost van Dyke, St. Croix, St. John, St. Thomas), Lesser Antilles (Antigua, Barbados, Dominica, Guadeloupe, Martinique, Montserrat, St. Lucia), Central America, and South America.  
Common Names: Pino, Pino de teta, Pino macho (Dominican Republic), Bois noyer, Greater yellow hercules, Lépiné, Yellow prickle (Lesser Antilles), Mapurito, Carubio, Espino blanco, Espino rubial, Rubia (Puerto Rico), Yellow prickle (Virgin Islands).  
References: 1, 6, 7, 19, 58, 61.
- Note: The name *Curtisia schreberi* J.F. Gmel. is an earlier name for this taxon. A combination of this epithet under *Zanthoxylum* was suggested by Reynel in his doctoral dissertation but never published. Since it is an obscure name (not used since its publication in 1791), it would be better not to use it for the sake of nomenclatural stability. We recommend that *Zanthoxylum monophyllum* be proposed for conservation to prevent *Z. schreberi* from supplanting it.
- Zanthoxylum nannophyllum* (Urb.) Alain, Contr. Ocas. Mus. Hist. Nat. Colegio "De La Salle" 9: 24. 1950; *Fagara nannophylla* Urb., Repert. Spec. Nov. Regni Veg. 20: 303. 1924.

*Atelandra laurina* Bello = *Meliosma herbertii* Rolfe

*Atelandra obtusifolia* Bello = *Meliosma obtusifolia* (Bello) Krug & Urb.

*Meliosma abbreviata* Urb., Ark. Bot. 17(7): 41. 1921.

Distribution: Endemic to Hispaniola.

References: 5, 7.

*Meliosma herbertii* Rolfe, Bull. Misc. Inform. Kew 1893: 244. 1893.

*Atelandra laurina* Bello, Anales Soc. Esp. Hist. Nat. 10: 289. 1881.

*Meliosma herbertii* Rolfe var. *martinicensis* Krug & Urb. in I. Urban, Symb. Antill. 1: 516. 1900.

Distribution: Endemic to West Indies; native to Hispaniola, Puerto Rico, Virgin Islands (Tortola), and Lesser Antilles (Dominica, Grenadines, Guadeloupe, Martinique, St. Kitts, St. Lucia, St. Vincent).

Common Names: Cacao bobo, Cacao cimarrón, Palo de caya prieto (Dominican Republic), Black sweetwood, Black guano, Bois violet, Bois-de-sept-ans, Graines vertes, Graines violettes, Gros grain, Laurier gleau (Lesser Antilles), Aguacatillo, Cacao bobo (Puerto Rico).

References: 1, 5, 7, 58, 61, 231.

*Meliosma herbertii* Rolfe var. *martinicensis* Krug & Urb. = *Meliosma herbertii* Rolfe

*Meliosma impressa* Krug & Urb. in I. Urban, Symb. Antill. 1: 517. 1899.

Distribution: Endemic to Hispaniola.

Common Names: Chicharrón bobo (Dominican Republic), Gounelle (Haiti).

References: 5, 7, 30.

*Meliosma obtusifolia* (Bello) Krug & Urb., Ber. Deutsch. Bot. Ges. 13: 216. 1895; *Atelandra obtusifolia* Bello, Anales Soc. Esp. Hist. Nat. 10: 289. 1881.

Distribution: Endemic to Puerto Rico.

Common Names: Guayarote, Ciralillo, Cerrillo, Cacaíllo, Arroyo (Puerto Rico).

References: 58, 61.

*Meliosma oppositifolia* Griseb., Cat. Pl. Cub. 46. 1866.

Distribution: Endemic to Cuba.

Reference: 3.

*Meliosma pardonii* Krug & Urb., Ber. Deutsch. Bot. Ges. 13: 215. 1895.

Distribution: Endemic to Lesser Antilles (Guadeloupe).

Common Names: Graines vertes (Lesser Antilles).

Reference: 1.

*Meliosma recurvata* Urb., Ark. Bot. 17(7): 40. 1921.

Distribution: Endemic to Hispaniola.

Common Names: Chicharrón, Chicharrón bobo, Palo de hacha (Dominican Republic).

References: 5, 7.

## SALICACEAE

Genera. Total: 14; native: 9; endemic: 0.

Taxa. Total: 99; native: 89; endemic: 72.

*Banara acunae* Borhidi & O. Muñiz, Ci. Biol. Acad. Ci. Cuba 1: 141. 1977.

Distribution: Endemic to Cuba.

Reference: 149.

*Banara brittonii* Roig, Bull. Torrey Bot. Club 48: 342. 1922.

Distribution: Endemic to Cuba.

References: 3, 98, 181.

Note: Considered vulnerable by the Red List of the Vascular Flora of Cuba (39).

*Banara caymanensis* Proctor, Kew Bull. 51: 491. 1996.

Distribution: Endemic to Cayman Islands.

Reference: 40.

- Banara cordifolia* Urb. & Ekman, Ark. Bot. 23A(5): 82. 1930.  
Distribution: Endemic to Hispaniola (Haiti).  
References: 7, 98.
- Banara domingensis* Benth., J. Proc. Linn. Soc., Bot. 5 (Suppl. 2): 94. 1861.  
*Banara ekmaniana* Urb., Ark. Bot. 23A(5): 84. 1930.  
Distribution: Endemic to Hispaniola.  
References: 5, 7, 98.
- Banara ekmaniana* Urb. = *Banara domingensis* Benth.
- Banara excisa* Urb. & Ekman, Ark. Bot. 23A(5): 86. 1930.  
Distribution: Endemic to Hispaniola (Haiti).  
References: 7, 98.
- Banara glaberrima* C. Wright ex Griseb. = *Banara minutiflora* (A. Rich.) Sleumer
- Banara hotteana* Urb. & Ekman = *Banara splendens* Urb.
- Banara leptophylla* Urb. & Ekman, Ark. Bot. 23A(5): 85. 1930.  
Distribution: Endemic to Hispaniola (Haiti).  
References: 7, 98.
- Banara minutiflora* (A. Rich.) Sleumer, Blumea 24: 118. 1978; *Ilex minutiflora* A. Rich. in R. de la Sagra, Hist. Phys. Cuba, Pl. Vasc. 352. 1845.  
*Banara glaberrima* C. Wright ex Griseb., Cat. Pl. Cub. 8. 1866.  
*Banara reticulata* Griseb., Cat. Pl. Cub. 8. 1866.  
Distribution: Endemic to West Indies; native to Bahamas and Cuba.  
References: 30, 45, 98, 152, 181.
- Banara portoricensis* Krug & Urb. in I. Urban, Symb. Antill. 1: 370. 1899.  
Distribution: Endemic to Puerto Rico.  
Common Name: Palo de Ramón (Puerto Rico).  
References: 30, 58, 61, 98.
- Banara quinquenervis* Urb. & Ekman, Ark. Bot. 23A(5): 86. 1930.  
Distribution: Endemic to Hispaniola (Haiti).  
References: 7, 98.
- Banara reticulata* Griseb. = *Banara minutiflora* (A. Rich.) Sleumer
- Banara riscoi* Borhidi & O. Muñiz, Ci. Biol. Acad. Ci. Cuba 1: 140. 1977.  
Distribution: Endemic to Cuba.  
Reference: 149.
- Banara saxicola* Urb. & Ekman, Ark. Bot. 23A(5): 85. 1930.  
Distribution: Endemic to Hispaniola (Haiti).  
References: 7, 98.
- Banara selleana* Urb. & Ekman, Ark. Bot. 23A(5): 83. 1930.  
Distribution: Endemic to Hispaniola.  
References: 7, 98.
- Banara splendens* Urb., Ark. Bot. 23A(5): 82. 1930.  
*Banara hotteana* Urb. & Ekman, Ark. Bot. 23A(5): 83. 1930.  
Distribution: Endemic to Hispaniola.  
References: 7, 98.
- Banara vanderbiltii* Urb., Symb. Antill. 3: 320. 1902.  
Distribution: Endemic to Puerto Rico.  
References: 58, 61, 98, 427, 633.  
Note: Considered endangered by the U.S. Fish & Wildlife Service and critically endangered by the IUCN Red List of Threatened Species.
- Banara wilsonii* Alain, Contr. Ocas. Mus. Hist. Nat. Colegio "De La Salle" 12: 7. 1953.  
Distribution: Endemic to Cuba.  
References: 3, 98, 156, 181, 427.  
Note: Considered extinct by the Red List of the Vascular Flora of Cuba (39) and: endangered by the IUCN Red List of Threatened Species.
- Casearia aculeata* Jacq., Enum. Syst. Pl. 21. 1760.
- Casearia alba* A. Rich. in R. de la Sagra, Hist. Phys. Cuba, Pl. Vasc. 368. 1845.
- Casearia berteroaana* Turcz., Bull. Soc. Imp. Naturalistes Moscou 31(1): 461. 1858.
- Casearia birta* Sw., Fl. Ind. Occid. 2(1): 756. 1798.
- Casearia hirsuta* Sw. var. *glabrata* DC., Prodr. 2: 50. 1825.
- Casearia microphylla* sensu Turcz., Bull. Soc. Imp. Naturalistes Moscou 31(1): 461. 1858, non Eichler.
- Casearia nitida* sensu Turcz., Bull. Soc. Imp. Naturalistes Moscou 31(1): 461. 1858, non (L.) Jacq.
- Casearia odorata* Macfad., Fl. Jamaica 1: 215. 1837.
- Casearia ramiflora* sensu A. Stahl, Estud. Fl. Puerto Rico 4: 30. 1886, non Vahl.
- Casearia urbaniana* Gand., Bull. Soc. Bot. France 65: 27. 1918.
- Samyda spinosa* L., Sp. Pl., ed. 2, 557. 1762; *Casearia spinosa* (L.) Willd., Sp. Pl. 2: 626. 1799; *Casearia ramiflora* Vahl var. *spinosa* (L.) Griseb., Fl. Brit. W. I. 24. 1859.
- Distribution: Native to Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Mexico, Central America, and South America.  
Common Names: Jía morada, Jía peluda, Jía prieta, Yaná (Cuba), Cabori, Carambomba, Jía, Limoncillo, Magarabomba, Palo de avispa(s), Palo de limoncillo, Palo de peonía, Palo de perico, Palo de peronila (Dominican Republic), Pois piante marron, Citronnier, Piquant arada, Piquant rada (Haiti), Cockspur (Jamaica), Cabrón, Rabo de ratón (Puerto Rico).  
References: 2, 3, 4, 5, 7, 58, 61, 98, 131, 181.
- Casearia alba* A. Rich. = *Casearia aculeata* Jacq.
- Casearia aquifolia* C. Wright in F.A. Sauvalle, Anales Acad. Ci. Méd. Habana 5: 201. 1868.
- Valentia coriacea* Griseb., Cat. Pl. Cub. 9. 1866.  
Distribution: Endemic to Cuba.  
References: 3, 98, 181.  
Note: Considered vulnerable by the Red List of the Vascular Flora of Cuba (39).
- Casearia arborea* (Rich.) Urb., Symb. Antill. 4: 421. 1910, subsp. *arborea*; *Samyda arborea* Rich., Actes Soc. Hist. Nat. Paris 1: 109. 1792.
- Casearia incana* Bertero ex Spreng., Syst. Veg., ed. 16, 2: 355. 1825.
- Casearia serrulata* Sw., Fl. Ind. Occid. 2(1): 754. 1798.
- Casearia stipularis* Vent., Choix Pl. 8: t. 46. 1803.  
Distribution: Native to Cuba, Hispaniola, Jamaica, Puerto Rico, Mexico, Central America, and South America.  
Common Names: Guasimilla del pinar, Toñita (Cuba), Cascarita, Memiso, Palo de vara, Palo de yagua, Palo salvaje, Palo vara, Piragua, Yagita, Yagua, Yaguilla (Dominican Republic), Guía verde, Palo de queresas, Rabo de ratón, Rabojunco (Puerto Rico).  
References: 2, 3, 5, 7, 58, 61, 98, 181.
- Casearia arborea* (Rich.) Urb. subsp. *occidentalis* J.E. Gut., Revista Jard. Bot. Nac. Univ. Habana 11(1): 11. 1990.  
Distribution: Endemic to Cuba.  
References: 14, 181.
- Casearia bahamensis* Urb. = *Casearia nitida* (L.) Jacq.
- Casearia berteroaana* Turcz. = *Casearia aculeata* Jacq.
- Casearia bicolor* Urb. = *Laetia procera* (Poepp. & Endl.) Eichler
- Casearia bissei* J.E. Gut., Revista Jard. Bot. Nac. Univ. Habana 1(1): 104. 1981 ["1980"].  
Distribution: Endemic to Cuba.  
Reference: 181.  
Note: Considered endangered by the Red List of the Vascular Flora of Cuba (39).

- Casearia comocladifolia* Vent., Choix Pl. 8: t. 44. 1808.  
Distribution: Endemic to Greater Antilles; native to Cuba and Hispaniola.  
Common Name: Bois nègresse (Haiti).  
References: 3, 7, 98, 181.
- Casearia contracta* Urb. = *Laetia thammia* L.
- Casearia crassinervis* Urb., Repert. Spec. Nov. Regni Veg. 18: 118. 1922.  
Distribution: Endemic to Cuba.  
Common Name: Chicharrón (Cuba).  
References: 3, 98, 181, 427.  
Note: Considered threatened by the Red List of the Vascular Flora of Cuba (39) and vulnerable by the IUCN Red List of Threatened Species.
- Casearia cubensis* Urb. = *Casearia spinescens* (Sw.) Griseb.
- Casearia decandra* Jacq., Enum. Syst. Pl. 21. 1760.  
*Casearia parvifolia* Willd., Sp. Pl. 2: 628. 1799.  
*Casearia ulmifolia* sensu Bello, Anales Soc. Esp. Hist. Nat. 10: 252. 1881, non Vahl.  
*Crateria fasciculata* sensu Turcz., Bull. Soc. Imp. Naturalistes Moscou 31(1): 463. 1858, non Pers.  
Distribution: Native to Hispaniola, Puerto Rico, Virgin Islands (St. Croix, St. John, St. Thomas, Tortola, Virgin Gorda), Lesser Antilles (Antigua, Barbados, Dominica, Grenada, Grenadines, Guadeloupe, Marie Galante, Martinique, Montserrat, Saba, St. Eustatius, St. Kitts, St. Lucia, St. Martin, St. Vincent), Central America, and South America.  
Common Names: Bois jaune, Coco-ravet, Jaune d'oeuf, Jumbie-apple, Wild-cherry (Lesser Antilles), Caracolillo, Corcho blanco, Cotorrerillo, Guía mansa, Palo blanco (Puerto Rico).  
References: 1, 5, 7, 19, 58, 61, 98, 131, 323.
- Casearia ehrenbergiana* Urb. = *Casearia emarginata* C. Wright ex Griseb.
- Casearia ekmanii* Sleumer = *Casearia sylvestris* Sw.
- Casearia emarginata* C. Wright ex Griseb., Cat. Pl. Cub. 10. 1866.  
*Casearia ehrenbergiana* Urb., Symb. Antill. 1: 373. 1899.  
*Casearia ramosissima* C. Wright ex Griseb., Cat. Pl. Cub. 10. 1866.  
Distribution: Native to Cuba, Hispaniola, and Mexico.  
References: 3, 7, 98, 181.
- Casearia eriophora* C. Wright ex Griseb. = *Casearia praecox* Griseb.
- Casearia formosa* Urb. = *Casearia sylvestris* Sw.
- Casearia guantanamensis* Vict. = *Casearia sylvestris* Sw.
- Casearia guianensis* (Aubl.) Urb., Symb. Antill. 3: 322. 1902; *Iroucana guianensis* Aubl., Hist. Pl. Guiane 1: 329. 1775.  
*Casearia nitida* sensu A. Stahl, Estud. Fl. Puerto Rico 4: 33. 1886, non Jacq.  
*Casearia ramiflora* Vahl, Symb. Bot. 2: 50. 1791.  
*Casearia ulmifolia* sensu DC., Prodr. 2: 49. 1825, non Vahl.  
Distribution: Native to Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (St. Croix, St. John, St. Thomas, Tortola), Lesser Antilles (Barbados, Grenada, Guadeloupe, Martinique, St. Lucia, St. Martin, St. Vincent), Margarita, Tobago, Trinidad, Central America, and South America.  
Common Names: Gía blanca, Gía brava, Jía amarilla, Jía brava, Jía yana (Cuba), Café cimarrón, Café de gallina, Café de monte, Cafetán, Camborí, Palo blanco, Palo de cotorra, Palo de hueso (Dominican Republic), Wild coffee (Jamaica), Cafeíllo (Puerto Rico), Wild coffee (Virgin Islands).  
References: 1, 2, 3, 4, 5, 7, 19, 58, 61, 98, 181, 301, 323.
- Casearia hirsuta* Sw., Fl. Ind. Occid. 2(1): 755. 1798.
- Casearia rufinervis* Turcz., Bull. Soc. Imp. Naturalistes Moscou 31(1): 462. 1858.
- Samyda pubescens* L., Sp. Pl., ed. 2, 557. 1762.  
Distribution: Native to Cayman Islands, Cuba, Hispaniola, Jamaica, and South America.  
Common Names: Jía colorada, Raspalengua, Yaná maguey (Cuba), Cloven berries, White wattle, Wild coffee (Jamaica).  
References: 2, 3, 4, 5, 7, 98.
- Casearia hirsuta* Sw. var. *glabrata* DC. = *Casearia aculeata* Jacq.
- Casearia birta* Sw. = *Casearia aculeata* Jacq.
- Casearia ilicifolia* Vent., Choix Pl. 8: t. 44. 1808.  
Distribution: Endemic to Hispaniola.  
Common Names: Castor, Chicharrón (Dominican Republic), Bois nègresse, Piquant cabre, Piquant carré (Haiti).  
References: 3, 5, 7, 98.
- Casearia incana* Bertero ex Spreng. = *Casearia arborea* (Rich.) Urb. subsp. *arborea*
- Casearia lindeniana* Urb. = *Casearia sylvestris* Sw.
- Casearia microphylla* sensu Turcz. = *Casearia aculeata* Jacq.
- Casearia moaensis* Vict., Contr. Inst. Bot. Univ. Montreal 49: 51. 1945.  
Distribution: Endemic to Cuba.  
References: 3, 98, 181.  
Note: Considered endangered by the Red List of the Vascular Flora of Cuba (39).
- Casearia mollis* Kunth in F.W.H.A. von Humboldt, A.J.A. Bonpland & C.S. Kunth, Nov. Gen. Sp. (quarto ed.) 5: 365. 1823.  
Distribution: Native to Cuba and South America.  
References: 98, 181.
- Casearia nitida* (L.) Jacq., Enum. Syst. Pl. 21. 1760; *Samyda nitida* L., Syst. Nat., ed. 10, 1025. 1759.  
*Casearia bahamensis* Urb., Symb. Antill. 3: 322. 1902.  
Distribution: Endemic to West Indies; native to Bahamas, Cuba, Hispaniola; introduced in Jamaica and United States (FL).  
Common Name: Smooth casearia (Bahamas).  
References: 2, 7, 45, 98, 150, 181.
- Casearia nitida* sensu Turcz. = *Casearia aculeata* Jacq.

*Homalium obtusatum* Turcz., Bull. Soc. Imp. Naturalistes Moscou 31(1): 465. 1858.  
*Homalium pleiandrum* S.F. Blake, Contr. U.S. Natl. Herb. 20: 227. 1919.  
*Homalium racemosum* Jacq. subsp. *barbellatum* S.F. Blake, Contr. U.S. Natl. Herb. 20: 229. 1919.  
*Homalium trichocladum* S.F. Blake, Contr. U.S. Natl. Herb. 20: 231. 1919.  
Distribution: Native to Cuba, Hispaniola, Jamaica, Puerto Rico, Lesser Antilles (Antigua, Dominica, Guadeloupe, Martinique), Central America, and South America.  
Common Names: Corazón de paloma (Dominican Republic), Acomat, Acomat blanc, Acomat-franc, Acomat-hêtre, Bois de hêtre (Lesser Antilles), Caracolillo, Cereza, Tostado (Puerto Rico).  
References: 1, 2, 3, 5, 7, 98, 181.  
*Laetia procera* (Poepp. & Endl.) Eichler in C.F.P. von Martius, Fl. Bras. 13(1): 453. 1871; *Samyda procera* Poepp. in E.F. Poeppig & S.L. Endlicher, Nov. Gen. Sp. Pl. 3: 67. 1845.  
*Casearia bicolor* Urb., Symb. Antill. 1: 372. 1899.  
*Casearia samyda* sensu Bello, Anales Soc. Esp. Hist. Nat. 10: 252. 1881, non DC.  
Distribution: Native to Hispaniola, Puerto Rico, Trinidad, Central America, and South America.  
Common Names: Cascarudo, Palo de yagüa, Palo de yaqui, Palo verbena, Yagüa, Yagüita grande (Dominican Republic), Almendrillo, Cotorrerillo, Cuero de sapo, Talantrón (Puerto Rico).  
References: 7, 58, 61, 98, 131, 181, 239, 340.  
*Laetia scabra* Spreng., Syst. Veg., ed. 16, 2: 609. 1825.  
Distribution: Endemic to Hispaniola.  
Reference: 7.  
*Laetia ternstroemioides* Griseb., Pl. Wright. 1: 156. 1860.

Distribution: Endemic to Cuba.

References: 3, 98, 181.

Note: Considered threatened by the Red List of the Vascular Flora of Cuba (39).

*Laetia thammia* L., Pl. Jamaic. Pug. 31. 1759.

*Casearia contracta* Urb., Symb. Antill. 6: 19. 1909.

Distribution: Native to Cuba, Hispaniola, Jamaica, Lesser Antilles (Martinique), Mexico, Central America, and South America.

Common Names: Guaguací (Dominican Republic), Scarlet seed (Jamaica), Pomme chien (Lesser Antilles).

References: 1, 2, 3, 5, 7, 98, 181.

*Lunania cubensis* Turcz., Bull. Soc. Imp. Naturalistes Moscou 27(2): 332. 1854.

*Lunania grayi* Griseb., Abh. Königl. Ges. Wiss. Göttingen 9: 26. 1861.

Distribution: Endemic to Cuba.

Common Name: Cueriduro (Cuba).

References: 3, 98, 181, 427.

Note: Considered vulnerable by the IUCN Red List of Threatened Species.

*Lunania dentata* Urb., Symb. Antill. 7: 288. 1912.

Distribution: Endemic to Hispaniola (Dominican Republic).

References: 5, 7, 30, 98.

*Lunania divaricata* Benth., J. Proc. Linn. Soc., Bot. 5 (Suppl. 2): 90. 1861.

*Symbryon tetrastachyum* Griseb., Cat. Pl. Cub. 64. 1866.

Distribution: Endemic to Cuba.

Common Name: Lunania (Cuba).

References: 3, 98, 181.

Note: Considered threatened by the Red List of the Vascular Flora of Cuba (39), spelled as *Ludwigia*.

*Lunania dodecandra* C. Wright ex Griseb., Cat. Pl. Cub. 7. 1866.

Distribution: Endemic to Cuba.

Common Name: Lunania (Cuba).

References: 3, 98, 181, 427.

Note: Considered endangered by the Red List of the Vascular Flora of Cuba (39) and by the IUCN Red List of Threatened Species.

*Lunania ekmanii* Urb., Ark. Bot. 17(7): 42. 1921.

*Lunania buchii* Urb., Repert. Spec. Nov. Regni Veg. 18: 191. 1922.

Distribution: Endemic to Greater Antilles; native to Hispaniola and Puerto Rico.

Common Names: Aniceto, Aniseto, Hoja de yame, Mendrina, Palo de hacha (Dominican Republic).

References: 5, 7, 58, 98, 239.

*Lunania elongata* Britton & P. Wilson, Mem. Torrey Bot. Club 16: 84. 1920.

Distribution: Endemic to Cuba.

References: 3, 98, 156, 427.

Note: Considered endangered by the IUCN Red List of Threatened Species.

*Lunania grayi* Griseb. = *Lunania cubensis* Turcz.

*Lunania mauritii* Urb., Symb. Antill. 6: 18. 1909.

Distribution: Endemic to Hispaniola.

References: 5, 7, 30, 98.

*Lunania pachyphylla* Urb. = *Lunania subcoriacea* Britton & P. Wilson

*Lunania polydactyla* Urb., Symb. Antill. 6: 18. 1909.

*Lunania racemosa* sensu Griseb., Fl. Brit. W. I. 20. 1859, non Hook.

Distribution: Endemic to Jamaica.

References: 2, 30, 98.

*Lunania racemosa* Hook., London J. Bot. 3: 317. 1844.

Distribution: Endemic to Jamaica.

References: 2, 98, 427.

Note: Considered vulnerable by the IUCN Red List of Threatened Species.

*Lunania sauvallei* Griseb., Cat. Pl. Cub. 7. 1866.

Distribution: Endemic to Cuba.

Common Name: Lunania (Cuba).

References: 3, 98, 181.

Note: Considered endangered by the Red List of the Vascular Flora of Cuba (39).

*Lunania scopulorum* Urb. & Ekman, Ark. Bot. 22A(17): 113. 1929.

Distribution: Endemic to Hispaniola.

References: 7, 98.

*Lunania subcoriacea* Britton & P. Wilson, Mem. Torrey Bot. Club 16: 84. 1920.

*Lunania pachyphylla* Urb., Repert. Spec. Nov. Regni Veg. 18: 19. 1922.

Distribution: Endemic to Cuba.

References: 3, 98, 156, 181.

*Lunania tenuifolia* Urb. & Ekman, Ark. Bot. 20A(15): 81. 1926.

Distribution: Endemic to Hispaniola (Haiti).

References: 5, 7, 98.

*Myroxylon bahamense* Britton = *Xylosma bahamensis* (Britton) Standl.

*Myroxylon buxifolium* (A. Gray) Krug & Urb. = *Xylosma buxifolia* A. Gray

*Oncoba echinata* Oliv., Fl. Trop. Afr. 1: 118. 1868.

Distribution: Cultivated in Cuba and Puerto Rico.

Common Name: Chalmugra (Cuba).

References: 58, 132, 239.

*Oncoba spinosa* Forssk., Fl. Aegypt.-Arab. 103. 1775.

Distribution: Exotic in Cuba.

Reference: 151.

*Populus italica* (Du Roi) Moench = *Populus nigra* L.

*Populus nigra* L., Sp. Pl. 1034. 1753.

*Populus italica* (Du Roi) Moench, Harbk. Baumz. 2: 141. 1772.

Distribution: Exotic in Hispaniola, North America, and South America.

References: 5, 151, 159.

*Prockia crucis* L., Syst. Nat., ed. 10, 1074. 1759; *Trilix crucis* (L.) Griseb., Abh. Königl. Ges. Wiss. Göttingen 7: 165. 1857.

*Prockia tomentosa* A. Rich. in R. de la Sagra, Hist. Phys. Cuba, Pl. Vasc. 218. 1845.

Distribution: Native to Cuba, Hispaniola, Puerto Rico, Virgin Islands (St. John, St. Thomas), Lesser Antilles (Antigua, Dominica, Grenada, Guadeloupe, Martinique, Nevis, St. Lucia, St. Martin, St. Vincent), Mexico, Central America, and South America.

Common Names: Baría boba, Cuaba boba, Guásima de costa, Guasimilla, Guasimilla de costa, Lanilla de sierra (Cuba).

References: 1, 3, 5, 7, 19, 58, 61, 98, 181.

*Salix babylonica* L., Sp. Pl. 1017. 1753.

- Salix humboldtiana* sensu Bello, *Anales Soc. Esp. Hist. Nat.* 12: 113. 1883, non Willd.  
Distribution: Cultivated in Cuba, Hispaniola, and Puerto Rico; native to China.  
Common Names: Sauce, Sauce llorón (Cuba), Sauce llorón (Puerto Rico), Napoleon's willow, Weeping willow (Virgin Islands).  
References: 3, 5, 6, 7, 150, 224, 505.  
Note: Considered an invasive species by CeN BIO.
- Salix caroliniana* Michx., *Fl. Bor.-Amer.* 2: 226. 1803.  
*Salix longipes* Shuttlew. ex Anderss., *Öfvers. Förh. Kongl. Svenska Vetensk.-Akad.* 15: 114. 1858.  
*Salix occidentalis* Bosc ex Koch, *Salic. Eur.* 16. 1828.  
Distribution: Exotic in Cuba.  
Common Names: Peralejo enano, Sauce (Cuba).  
References: 3, 150, 505.
- Salix chilensis* Molina, *Sag. Stor. Nat. Chili* 169. 1782.  
*Salix humboldtiana* Willd., *Sp. Pl.* 4: 657. 1806.  
Distribution: Cultivated in Cuba and Puerto Rico.  
Common Names: Humboldt's willow, Mimbres, Sauce, Willow (Puerto Rico).  
References: 3, 131, 224.  
Note: Considered an invasive species by CeN BIO.
- Samyda campanulata* Borhidi & O. Muñiz, *Acta Bot. Acad. Sci. Hung.* 22: 313. 1977 ["1976"].  
Distribution: Endemic to Cuba.  
Reference: 149.
- Samyda cubensis* P. Wilson, *Torreyia* 30: 72. 1930.  
*Samyda lunana* P. Wilson, *Torreyia* 30: 72. 1930.  
Distribution: Endemic to Cuba.  
References: 3, 98, 181.  
Note: Considered threatened by the Red List of the Vascular Flora of Cuba (39).
- Samyda dodecandra* Jacq., *Enum. Syst. Pl.* 21. 1760.  
*Samyda oligostemon* Urb., *Ark. Bot.* 17(7): 43. 1921.  
*Samyda rosea* Sims, *Bot. Mag.* 16: t. 550. 1802.  
*Samyda serrulata* L., *Sp. Pl.*, ed. 2, 558. 1762.  
*Samyda tenuifolia* Urb., *Symb. Antill.* 7: 289. 1912.  
Distribution: Native to Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (Guana, St. Croix, St. John, St. Thomas, Tortola, Virgin Gorda), and Lesser Antilles (Antigua, Guadeloupe, Martinique, Montserrat, Nevis, St. Barthélemy, St. Eustatius, St. Kitts, St. Martin, St. Vincent).  
Common Names: Derrienga chivo, Primavera (Dominican Republic), Bois d'orme (Haiti), Bansa, Wild guave (Lesser Antilles), Guayabilla (Puerto Rico).  
References: 1, 3, 5, 7, 19, 58, 61, 98, 181.
- Samyda glabrata* Sw., *Prodr.* 68. 1788.  
*Casearia serrulata* sensu Griseb., *Fl. Brit. W. I.* 23. 1859, non Sw.  
*Samyda acuminata* Urb., *Symb. Antill.* 5: 441. 1908.  
Distribution: Endemic to Jamaica.  
References: 2, 98, 427.  
Note: Considered vulnerable by the IUCN Red List of Threatened Species.
- Samyda macrantha* P. Wilson, *Torreyia* 30: 72. 1930.

*Xylosma guadalupensis* Urb., Repert. Spec. Nov. Regni Veg. 17: 167. 1921.  
Distribution: Endemic to Lesser Antilles (Guadeloupe, Martinique).  
Common Names: Bois-capitaine, Bois jaune (Lesser Antilles).  
References: 1, 98.
- Xylosma nipensis* Borhidi, Acta Bot. Hung. 51: 274. 2009.  
Distribution: Endemic to Cuba.  
Reference: 152.
- Xylosma nitida* (Hell.) A. Gray ex Griseb., Fl. Brit. W. I. 21. 1859.  
Distribution: Endemic to Jamaica.  
References: 2, 98, 323.
- Xylosma pachyphylla* (Krug & Urb.) Urb., Symb. Antill. 1: 371. 1899;  
*Myroxylon pachyphyllum* Krug & Urb., Bot. Jahrb. Syst. 15: 297. 1892.  
Distribution: Endemic to Puerto Rico.  
References: 58, 61, 98, 239, 427.  
Note: Considered critically endangered by the IUCN Red List of Threatened Species.
- Xylosma proctorii* Sleumer, Fl. Neotrop. Monogr. 22: 142. 1980;  
*Xylosma* sp. A C.D. Adams, Fl. Pl. Jamaica 487. 1972.  
Distribution: Endemic to Jamaica.  
References: 2, 98, 427.  
Note: Considered vulnerable by the IUCN Red List of Threatened Species.
- Xylosma rhombifolia* (Britton & P. Wilson) Sleumer, Notizbl. Bot. Gart. Berlin-Dahlem 12: 56. 1934; *Myroxylon rhombifolium* Britton & P. Wilson, Mem. Torrey Bot. Club 16: 84. 1920.  
Distribution: Endemic to Cuba.  
References: 3, 98, 181.
- Note: Considered threatened by the Red List of the Vascular Flora of Cuba (39).
- Xylosma roigiana* Borhidi, Ci. Biol. Acad. Ci. Cuba 1: 132. 1977.  
Distribution: Endemic to Cuba.  
Reference: 181.  
Note: Considered endangered by the Red List of the Vascular Flora of Cuba (39).
- Xylosma schaefferioides* A. Gray, Pl. Wright. 1: 155. 1860; *Myroxylon schaefferioides* (A. Gray) Krug & Urb., Bot. Jahrb. Syst. 15: 300. 1892.  
Distribution: Endemic to Greater Antilles; native to Cuba, Hispaniola, Jamaica, and Puerto Rico.  
Common Names: Hueso de costa, Hueso de tortuga (Cuba).  
References: 2, 3, 5, 7, 58, 61, 98, 181, 239.
- Xylosma schwaneckeana* (Krug & Urb.) Urb., Symb. Antill. 1: 371. 1899; *Myroxylon schwaneckeanum* Krug & Urb., Bot. Jahrb. Syst. 15: 296. 1892.  
Distribution: Endemic to Puerto Rico.  
Common Names: Candela, Palo colorado, Palo de candela (Puerto Rico).  
References: 58, 61, 98.
- Xylosma serrata* (Sw.) Urb., Symb. Antill. 1: 371. 1899; *Lightfootia serrata* Sw., Prodr. 83. 1788.  
Distribution: Endemic to Lesser Antilles (Montserrat).  
References: 1, 98.
- Xylosma shaferi* (E.H. Wilson) R.A. Howard & W.R. Briggs, J. Arnold Arbor. 34: 184. 1953; *Myroxylon shaferi* E.H. Wilson, Torreya 30: 73. 1930.  
Distribution: Endemic to Cuba.  
References: 98, 156.
- Zuelania guidonia* (Sw.) Britton & Millsp., Bahama Fl. 285. 1920;  
*Laetia guidonia* Sw., Prodr. 83. 1788.

*Zuelania laetiooides* A. Rich. in R. de la Sagra, Hist. Phys. Cuba, Pl. Vasc. 89. 1845.  
*Zuelania longifolia* A. Rich. ex León & Alain, Fl. Cuba 3: 329. 1953.  
Distribution: Native to Bahamas, Cayman Islands, Cuba, Hispaniola, Jamaica, Mexico, Central America, and South America.  
Common Names: Cachiman marron, Cachiman sauvage (Haiti), Cuffey wood (Jamaica).  
References: 2, 3, 7, 45, 181.

## SANTALACEAE

by J. Kuijt

Genera. Total: 5; native: 5; endemic: 0.

Taxa. Total: 61; native: 61; endemic: 45.

*Antidaphne wrightii* (Griseb.) Kuijt, Syst. Bot. Monogr. 18: 40. 1988;  
*Eremolepis wrightii* Griseb., Pl. Wright. 1: 192. 1860; *Ixidium wrightii* (Griseb.) Eichler in C.F.P. von Martius, Fl. Bras. 5(2): 130. 1868.

Distribution: Endemic to Greater Antilles; native to Cuba, Hispaniola, and Puerto Rico.

References: 3, 5, 6, 7, 30, 58, 61, 469.

*Arceuthobium bicarinatum* Urb., Symb. Antill. 7: 204. 1912.

Distribution: Endemic to Hispaniola.

Common Names: Conde de pino (Dominican Republic), Conde (Haiti).  
References: 5, 7.

*Arceuthobium bonaniae* C. Wright ex Griseb. = *Dendrophthora bonaniae* (C. Wright ex Griseb.) Eichler

*Arceuthobium cubense* Leiva & Bisse = *Dendrophthora cupressoides* (Macfad.) Eichler

*Arceuthobium cupressoides* (Macfad.) Griseb. = *Dendrophthora cupressoides* (Macfad.) Eichler

*Arceuthobium domingense* (Spreng.) Griseb. = *Dendrophthora domingensis* (Spreng.) Eichler

*Arceuthobium epiviscum* Griseb. = *Dendrophthora epiviscum* (Griseb.) Eichler

*Arceuthobium glaucum* C. Wright = *Dendrophthora glauca* (C. Wright ex Griseb.) Eichler

*Arceuthobium gracile* (DC.) Griseb. = *Dendrophthora opuntioides* (L.) Eichler

*Arceuthobium mancinellae* C. Wright ex Griseb. = *Dendrophthora mancinellae* (C. Wright ex Griseb.) Eichler

*Arceuthobium opuntioides* (L.) J. Presl = *Dendrophthora opuntioides* (L.) Eichler

*Arceuthobium opuntioides* sensu Bello = *Dendrophthora flagelliformis* (Lam.) Krug & Urb.

*Dendropemon domingensis* (Desv. ex Ham.) Tiegh. = *Phoradendron trinervium* (Lam.) Griseb.

*Dendrophthora albescens* Urb. & Ekman, Ark. Bot. 23A(5): 68. 1930. Type. Haiti. *Ekman H-7784* (Holotype: S).

Distribution: Endemic to Hispaniola.  
References: 7, 367.

*Dendrophthora amoebandra* C. Wright = *Dendrophthora sessilifolia* (Griseb.) Krug & Urb.

*Dendrophthora arcuata* C. Wright in F.A. Sauvalle, Anales Acad. Ci. Méd. Habana 7: 346. 1870. Type. Cuba, *Wright 3671* (Holotype: GH; Isotype: US).

Distribution: Endemic to Cuba.  
References: 3, 149.

*Dendrophthora azuensis* Urb. & Ekman = *Dendrophthora cubensis* Eichler

*Dendrophthora bermejae* Kuijt, Carlo, & Aukema, Contr. Univ. Michigan Herb. 24: 115. 2005.

Distribution: Endemic to Puerto Rico.  
References: 48, 156.

*Dendrophthora biseriata* Urb. = *Dendrophthora serpyllifolia* (C. Wright ex Griseb.) Krug & Urb.

*Dendrophthora bonaniae* (C. Wright ex Griseb.) Eichler in C.F.P. von Martius, Fl. Bras. 5(2): 103. 1868; *Arceuthobium bonaniae* C. Wright ex Griseb., Cat. Pl. Cub. 121. 1866. Type. Cuba, *Wright 2653 p.p.* (BM, G, K, MO).

Distribution: Endemic to Cuba.  
References: 3, 367.

*Dendrophthora brachyclada* Urb. = *Dendrophthora marmeladensis* Urb.

*Dendrophthora brachylepis* Urb., Ark. Bot. 17(7): 31. 1921. Type: Haiti, *Ekman H-535* (Holotype: S).

*Dendrophthora longipes* Urb., Repert. Spec. Nov. Regni Veg. 21: 56. 1925.

Distribution: Endemic to Greater Antilles; native to Cuba and Hispaniola.

References: 3, 5, 7, 367.

*Dendrophthora brachystachya* Urb., Symb. Antill. 5: 335. 1907.

Neotype. Dominican Republic, *Howard & Howard 9296* (GH, K, NY, S, US).

Distribution: Endemic to Hispaniola.

References: 5, 7, 367.

*Dendrophthora buxifolia* (Lam.) Eichler in C.F.P. von Martius, Fl. Bras. 5(2): 105. 1868; *Viscum buxifolium* Lam., Encycl. 3: 56. 1789.

Neotype: Cuba, *Wright 220a* (GH).

*Phoradendron buxifolium* (Lam.) Griseb. var. *rotundata* Griseb., Cat. Pl. Cub. 120. 1866; *Dendrophthora buxifolia* (Lam.) Eichler var. *rotundata* (Griseb.) Urb., Bot. Jahrb. 24: 67. 1897.

Distribution: Native to Cuba, Hispaniola, and South America.

References: 3, 7, 151, 311, 367.

*Dendrophthora buxifolia* sensu Kellogg = *Dendrophthora cubensis* Eichler

*Dendrophthora buxifolia* Eichler var. *rotundata* (Griseb.) Urb. = *Dendrophthora buxifolia* (Lam.) Eichler

*Dendrophthora carnososa* Urb. & Ekman, Ark. Bot. 23A(5): 66. 1930.

Type. Haiti, *Ekman H-7484* (S).

Distribution: Endemic to Hispaniola (Haiti).

Reference: 7.

*Dendrophthora confertiflora* Krug & Urb., Ber. Deutsch. Bot. Ges. 14: 285. 1896. Neotype. Cuba, *Ekman 7016* (S).

Distribution: Endemic to Cuba.

References: 3, 149, 367.

*Dendrophthora constricta* (Griseb.) Eichler in C.F.P. von Martius, Fl. Bras. 5(2): 104. 1868; *Phoradendron constrictum* Griseb., Pl. Wright. 1: 192. 1860. Type. Cuba, *Wright 220b* (B, G, GH, K, MO, P, PH).

*Phoradendron testifolium* C. Wright ex Griseb., Cat. Pl. Cub. 120. 1866.

Distribution: Endemic to Cuba.

References: 3, 367.

*Dendrophthora corymbosa* Urb. = *Dendrophthora glauca* (C. Wright ex Griseb.) Eichler

*Dendrophthora cubensis* Eichler in C.F.P. von Martius, Fl. Bras. 5(2): 104. 1868. Lectotype. Cuba, *Linden 2003* (G), designated by Kuijt (367).

*Dendrophthora myrtilloides* Eichler in C.F.P. von Martius, Fl. Bras. 5(2): 104. 1868.

*Dendrophthora azuensis* Urb. & Ekman, Ark. Bot. 23A(5): 65. 1930.

*Dendrophthora maestrensis* Urb., Repert. Spec. Nov. Regni Veg. 21: 59. 1925.

*Dendrophthora elliptica* sensu Nicolson, Fl. Dominica 131. 1991, non (Gardner) Krug & Urb.

*Dendrophthora buxifolia* sensu Kellogg in Howard, Fl. Lesser Antilles 4: 103. 1988.

Distribution: Endemic to West Indies; native to Cuba, Hispaniola, and Lesser Antilles (Dominica, Guadeloupe).

References: 3, 7, 31, 149, 367.

Note: The collection *Imray 415*, cited by Kuijt (367) as being from Dominican Republic, is actually from Dominica.

*Dendrophthora cupressoides* (Macfad.) Eichler in C.F.P. von Martius, Fl. Bras. 5(2): 103. 1868; *Viscum cupressoides* Macfad., Fl. Jamaica 2: 197. 1850; *Arceuthobium cupressoides* (Macfad.) Griseb., Fl. Brit. W. I. 315. 1860. Lectotype. Jamaica, *Morris s.n.* (K), designated by Kuijt (367).

*Arceuthobium cubense* Leiva & Bisse, Revista Jard. Bot. Nac. Univ. Habana 4(1): 60. 1983.

## DUBIOUS RECORDS

- Phoradendron angustifolium* (Kunth) Eichler  
Note: The type of *Viscum stenophyllum* Spreng., a synonym of *P. angustifolium*, was described as being from Puerto Rico, which seems highly improbable (88).

## SAPINDACEAE

by P. Acevedo-Rodríguez

**Genera.** Total 20; native 15; endemic 1; nearly endemic: 1.  
**Taxa.** Total 106; native 100; endemic 69.

- Allophylus cominia* (L.) Sw. var. *caymanensis* Proctor = *Allophylus cominia* (L.) Sw. var. *decalvatus* Radlk.
- Allophylus cominia* (L.) Sw. Prodr. 62. 1788 var. *cominia*; *Rhus cominia* L., *Plantarum Jamaicaensium Pugillus*: 10. 1759; *Schmidelia cominia* (L.) Sw., Fl. Ind. Occid. 2(1): 667. 1798.  
Lectotype: Herb. Linn. No. 378.19 (LINN); designated by Fawcett & Rendle, 1926.

Distribution: Native to Bahamas, Cuba, Jamaica, Hispaniola, Mexico, Central America, and South America.

Common Names: Caja, Caja común, Caja yanilla, Yanilla blanca, Yanilla prieta (Cuba), Trois côtes, Trois feuilles, Trois paroles (Haiti), Café marrón, Palo de caja, Parida, Rompe caldero, Tres palabras (Dominican Republic).

References: 2, 3, 5, 7, 45.

*Allophylus cominia* (L.) Sw. var. *decalvatus* Radlk. in H.G.A. Engler, Pflanz. IV, 165 (Heft 98b): 510. 1932. Syntypes: Jamaica. *Wullschlaegel* 1328; 1328b (M, GOET); *Gosse s.n.* (W); Grand Cayman: *Hitchcock s.n.* (MO).

*Allophylus cominia* (L.) Sw. var. *caymanensis* Proctor, Sloanea 1: 2. 1977. Type: Grand Cayman. *Proctor* 31053.

Distribution: Endemic to Greater Antilles; native to Jamaica and Cayman Islands.

References: 2, 4, 164.

*Allophylus cominia* (L.) Sw. var. *parvifolia* Kitan., God. Sofiisk. Univ. Biol. Fak., 2, Bot. Mikrobiol. Fiziol. Biokhim. Rast. 64: 61. 1972 ["1969-1970"]. Type: Cuba. *Kitan. s.n.* (SO?).

Distribution: Endemic to Cuba.

Reference: 149.

*Allophylus crassinervis* Radlk. in H.G.A. Engler & K.A.E. Prantl, Nat. Pflanzenfam. 3(5): 312. 1895. f. *crassinervis* Type. *Allophylus crassinervis* Radlk. f. *ellipticus* Radlk. in I. Urban, Symb. Antill. 1: 349. 1899, *nom. illeg.* Syntypes: Puerto Rico. *Sintenis* 248, 5911; Cuba. *Wright* 2170.

*Schmidelia rigida* sensu Griseb., Cat. Pl. Cub. 46. 1866, non Sw.

Distribution: Native to Cuba, Hispaniola, and Puerto Rico.

Common Name: Palo blanco (Puerto Rico).

References: 3, 7, 58, 61, 131, 164.

*Allophylus crassinervis* Radlk. f. *cuneatus* Radlk. in I. Urban, Symb. Antill. 1: 349. 1899. Syntypes: Haiti. *Richard s.n.*, *Poiteau s.n.*, *Picarda* 721.

Distribution: Endemic to Hispaniola (Haiti).

Reference: 164.

Distribution: Endemic to Cuba.  
Reference: 149.
- Thouinia milleri* Leonard, J. Wash. Acad. Sci. 17: 69. 1927. Type: Haiti. Artibonite. *Leonard* 9472 (US).
- Thouinia inaequalis* Radlk., Ark. Bot. 21A(5): 8. 1927. Type: Haiti. Gonaives. *Ekman* H-3020.
- Thouinia multinervis* Radlk., Ark. Bot. 21A(5): 8. 1927. Type: Haiti. Massif des Matheux. *Ekman* H-3312.  
Distribution: Endemic to Hispaniola.  
References: 5, 7, 580.
- Thouinia multinervis* Radlk. = *Thouinia milleri* Leonard
- Thouinia nervosa* (A. Rich.) Griseb. = *Thouinia trifoliata* Poit.

- Thouinia patentinervis* Radlk., Sitzungsber. Math.-Phys. Cl. Königl. Bayer. Akad. Wiss. München 8: 280. 1878. Type: Cuba. *Wright 1173* (GOET).  
Distribution: Endemic to Greater Antilles; native to Cuba and Hispaniola (Dominican Republic).  
Common Name: Negracuba (Cuba).  
References: 3, 7, 164, 580.
- Thouinia pinnata* Turpin = *Thouinidium pinnatum* (Turpin) Radlk.  
*Thouinia portoricensis* Radlk. = *Thouinia striata* Radlk. var. *portoricensis* (Radlk.) Votava & Alain  
*Thouinia pseudopunctata* Lippold = *Thouinia trifoliata* Poit.  
*Thouinia pulverulenta* Griseb. = *Thouinidium pulverulentum* (Griseb.) Radlk.  
*Thouinia punctata* Radlk., Sitzungsber. Math.-Phys. Cl. Königl. Bayer. Akad. Wiss. München 8: 281. 1878. Type: Cuba. *Oriente. Wright 2168* (GOET).  
*Thouinia reticulata* Alain, Contr. Ocas. Mus. Hist. Nat. Colegio "De La Salle" 12: 4. 1953. Type: Cuba. *Moa. Montero 21258* (LS, GH).  
Distribution: Endemic to Cuba.  
References: 3, 580.
- Thouinia racemosa* Radlk., Ark. Bot. 21A(5): 9. 1927. Type: Haiti. Tortue Is. *Ekman H-5128*.  
*Thouinia scoparia* Radlk., Ark. Bot. 21A(5): 10. 1927. Type: Haiti. Tortue Is. *Ekman H-5111*.  
*Thouinia spicata* Radlk. & Ekman, Ark. Bot. 21A(5): 9. 1927. Type: Haiti. Tortue Is. *Ekman H-4044*.  
Distribution: Endemic to Hispaniola (Haiti & Tortue Island).  
Common Names: Bois couré, Malaguetta marron (Haiti).  
References: 7, 580.
- Thouinia reticulata* Alain = *Thouinia punctata* Radlk.  
*Thouinia revoluta* Radlk. = *Thouinia domingensis* Urb. & Radlk. var. *deflexa* (Radlk.) Votava & Alain

*Thouinia rotundata* C. Wright in F.A. Sauvalle, Anales Acad. Ci. Méd. Habana 5: 293. 1868. Type: Cuba. Pinar del Rio. *Wright 3524* (GH).  
Distribution: Endemic to Cuba.  
References: 3, 580.
- Thouinia scoparia* Radlk. = *Thouinia racemosa* Radlk.  
*Thouinia simplicifolia* Poit., Ann. Mus. Natl. Hist. Nat. 3: 71. 1804; *Thyana simplicifolia* (Poit.) Ham., Prodr. Pl. Ind. Occid. 36. 1825. Type: Hispaniola. *Poiteau s.n.* (P-Juss).  
Distribution: Endemic to Hispaniola (Haiti).  
Reference: 7.
- Thouinia spicata* Radlk. & Ekman = *Thouinia racemosa* Radlk.  
*Thouinia striata* Radlk. in I. Urban, Symb. Antill. 1: 349. 1899, var. *striata*; *Thyana striata* (Radlk.) Britton in N.L. Britton & P. Wilson, Sci. Surv. Porto Rico & Virgin Islands 5: 525. 1924. Type: Puerto Rico. *Sintenis 2293* (US).  
*Thouinia tomentosa* sensu Bello, Anales Soc. Esp. Hist. Nat. 10: 246. 1881, non DC.  
Distribution: Endemic to Puerto Rico.  
Common Names: Ceboruquillo, Guabá, Quiebrahacha (Puerto Rico).  
References: 30, 61, 164, 580.
- Thouinia striata* Radlk. var. *portoricensis* (Radlk.) Votava & Alain, Phytologia 50: 166. 1982; *Thouinia portoricensis* Radlk. in H.G.A. Engler & K.A.E. Prantl, Nat. Pflanzenfam. 3(5): 311. 1895; *Thyana portoricensis* (Radlk.) Britton in N.L. Britton & P. Wilson, Sci. Surv. Porto Rico & Virgin Islands 5: 526. 1924; Type: Puerto Rico, Guánica. *Sintenis 3758*.  
Distribution: Endemic to Puerto Rico.  
Common Names: Quebracho, Serrazuela (Puerto Rico).  
References: 58, 61, 149, 580.
- Thouinia stricta* Lippold, Feddes Repert. 85: 625. 1974. Type: Cuba, Sierra Maestra. *Bisse & Lippold 14141* (HAJB).  
Distribution: Endemic to Cuba.  
Reference: 149.
- Thouinia tomentosa* DC., Prodr. 1: 612. 1824, var. *tomentosa*. Type: Hispaniola. *Bertero s.n.* (G).  
Distribution: Endemic to Hispaniola (Dominican Republic).  
References: 7, 580.
- Thouinia tomentosa* DC. var. *rigidissima* (Radlk. & Ekman) Votava & Alain, Phytologia 50: 166. 1982; *Thouinia rigidissima* Radlk. & Ekman, Ark. Bot. 21A(5): 10. 1927. Type: Haiti. Gros Morne. *Ekman H-5095*.  
Distribution: Endemic to Hispaniola.  
References: 7, 580.
- Thouinia tomentosa* sensu Bello = *Thouinia striata* Radlk. var. *striata*  
*Thouinia trifoliata* Poit., Ann. Mus. Natl. Hist. Nat. 3: 72. 1804; *Thyana trifoliata* (Poit.) Ham. (Prodr. Pl. Ind. Occid. 36. 1825. Type: Haiti. *Poiteau s.n.* (P-Juss).

*Thouinia pseudopunctata* Lippold, Feddes Repert. 85: 523. 1974.  
*Vargasia glabra* Spreng., Syst. Veg., ed. 16, 2: 388. 1825.  
Distribution: Endemic to Greater Antilles; native to Cuba and Hispaniola.  
Common Names: Chicharroncillo de costa, Copairo (Cuba), Chicharrón, Cuchara, Cucharita, Paria, Parida (Dominican Republic), Bois couré, Bois la fièvre, Bois poivre (Haiti).  
References: 3, 7, 580.
- Thouinidium inaequilaterum* Alain, Phytologia 22: 165. 1971. Type: Dominican Republic. Pedernales, Cabo Rojo. *Liogier 18114* (NY; GH, IJ, P US).  
Distribution: Endemic to Hispaniola (Dominican Republic).  
Reference: 7.
- Thouinidium pinnatum* (Turpin) Radlk., Sitzungsber. Math.-Phys. Cl. Königl. Bayer. Akad. Wiss. München 8: 283. 1878; *Thouinia pinnata* Turpin, Ann. Mus. Natl. Hist. Nat. 5: 401. 1804. Type: Dominican Republic, Between Monte Cristi & Santiago. *Turpin s.n.* (P-Juss-11389).  
Distribution: Endemic to Hispaniola.  
Common Names: Palo blanco, Sopaipo blanco (Dominican Republic), Gros peau (Haiti).  
References: 7.
- Thouinidium pulverulentum* (Griseb.) Radlk., Sitzungsber. Math.-Phys. Cl. Königl. Bayer. Akad. Wiss. München 8: 284. 1878; *Thouinia pulverulenta* Griseb., Cat. Pl. Cub. 46. 1866. Type: Cuba. *Wright 2284* (GOET).  
Distribution: Endemic to Greater Antilles; native to Cuba and Hispaniola.  
Common Names: Chicharrón amarillo, Chicharrón blanco, Cucharillo, Palo caimán (Cuba), Bois brûlé (Haiti).  
References: 3, 7.
- Thyana discolor* (Griseb.) Hitchc. = *Thouinia discolor* Griseb.

*Thyana portoricensis* (Radlk.) Britton = *Thouinia portoricensis* Radlk.

*Thyana simplicifolia* (Poit.) Ham. = *Thouinia simplicifolia* Poit.

*Thyana striata* (Radlk.) Britton = *Thouinia striata* Radlk.

*Thyana trifoliata* (Poit.) Ham. = *Thouinia trifoliata* Poit.

*Urvillea seriana* Griseb. = *Urvillea ulmacea* Kunth

*Urvillea ulmacea* Kunth in F.W.H.A. von Humboldt, A.J.A. Bonpland & C.S. Kunth, Nov. Gen. Sp. (quarto ed.) 5: 106. 1821. Type. Venezuela, *Humboldt & Bonpland* 629 (P-HBK).

*Urvillea seriana* Griseb., Fl. Brit. W. I. 123. 1859.

Distribution: Native to Cuba, Lesser Antilles (Grenada, Grenadines, Guadeloupe, Martinique, St. Vincent), Mexico, Central America, and South America.

Common Names: Liana-savon, Liane-persil (Lesser Antilles).

References: 1, 3, 164, 224.

Note: Considered exotic and invasive in Cuba by CeNBIO.

*Vargasia glabra* Spreng. = *Thouinia trifoliata* Poit.

#### DOUBTFUL NAME

*Thouinia dentata* Poir. Bull. Sci. Soc. Philom. Paris 3: 137. 1802. Type: Haiti. *Poiteau s.n.* (P-Juss)

A name of doubtful application; reported by IPNI (152) as endemic to Haiti.

## SAPOTACEAE

**Genera.** Total: 6; native: 5; endemic: 0.

**Taxa.** Total: 65; native: 59; endemic: 45.

*Achras acana* Sessé & Moc. = *Pouteria multiflora* (A. DC.) Eyma

*Achras bahamensis* Baker = *Manilkara jaimiqui* (C. Wright ex Griseb.) Dubard subsp. *emarginata* (L.) Cronquist

*Achras duplicata* Sessé & Moc. = *Manilkara pleeana* (Pierre ex Baill.) Cronquist

*Achras mammosa* L. = *Manilkara zapota* (L.) P. Royen

*Achras nitida* Sessé & Moc. = *Manilkara bidentata* (A. DC.) A. Chev. subsp. *surinamensis* (Miq.) T.D. Penn.

*Achras salicifolia* L. = *Sideroxylon salicifolium* (L.) Lam.

*Achras vitellina* Tussac = *Pouteria dominigensis* (C.F. Gaertn.) Baehni subsp. *dominigensis*

*Achras zapota* L. = *Manilkara zapota* (L.) P. Royen

*Achras zapota* L. f. *asperma* M. Gómez = *Manilkara zapota* (L.) P. Royen

*Achras zapota* L. var. *candollei* Pierre = *Manilkara zapota* (L.) P. Royen

*Achras zapota* L. var. *lobata* (DC.) = *Manilkara zapota* (L.) P. Royen

*Achras zapota* L. var. *pedicellaris* Pierre = *Manilkara zapota* (L.) P. Royen

*Achras zapota* L. var. *sphaerica* (DC.) Pierre = *Manilkara zapota* (L.) P. Royen

*Bassia albescens* Griseb. = *Manilkara valenzuelana* (A. Rich.) T.D. Penn.

*Bumelia acunae* Borhidi = *Sideroxylon acunae* (Borhidi) T.D. Penn.

*Bumelia americana* (Mill.) Stearn = *Sideroxylon americanum* (Mill.) T.D. Penn.

*Bumelia bahamensis* Britton = *Sideroxylon americanum* (Mill.) T.D. Penn.

*Bumelia bellonis* (Urb.) Stearn = *Sideroxylon portoricense* Urb.

*Bumelia buchii* Urb. = *Sideroxylon obovatum* Lam.

*Bumelia bullata* (R.A. Howard & Proctor) Stearn = *Sideroxylon bullatum* (R.A. Howard & Proctor) T.D. Penn.

*Bumelia celastrina* Kunth = *Sideroxylon celastrinum* (Kunth) T.D. Penn.

*Bumelia clarendonensis* Urb. = *Sideroxylon rotundifolium* (Sw.) T.D. Penn.

*Bumelia conferta* (C. Wright ex Sauvalle) Pierre = *Sideroxylon cubense* (Griseb.) T.D. Penn.

*Bumelia cubensis* Griseb. = *Sideroxylon cubense* (Griseb.) T.D. Penn.

*Bumelia cubensis* Griseb. subsp. *ekmaniana* (Urb.) Borhidi = *Sideroxylon ekmanianum* (Urb.) Bisse

*Bumelia cubensis* Griseb. var. *oblongata* Griseb. = *Sideroxylon cubense* (Griseb.) T.D. Penn.

*Bumelia cuneata* Sw. = *Sideroxylon obovatum* Lam.

*Bumelia dominicana* Whetstone & T.A. Atk. = *Sideroxylon dominicanum* (Whetstone & T.A. Atk.) T.D. Penn.

*Bumelia eggersii* Pierre = *Sideroxylon celastrinum* (Kunth) T.D. Penn.

*Bumelia ekmaniana* (Urb.) Bisse & J.E. Gut. = *Sideroxylon ekmanianum* (Urb.) Bisse

*Bumelia excisa* Urb. = *Sideroxylon americanum* (Mill.) T.D. Penn.

*Bumelia glomerata* Griseb. = *Sideroxylon horridum* (Griseb.) T.D. Penn.

*Bumelia glomerata* Griseb. subsp. *horrida* (Griseb.) Borhidi = *Sideroxylon horridum* (Griseb.) T.D. Penn.

*Bumelia glomerata* Griseb. subsp. *microphylla* (Griseb.) Borhidi = *Sideroxylon horridum* (Griseb.) T.D. Penn.

*Bumelia gymnanthifolia* Bisse & J.E. Gut. = *Sideroxylon cubense* (Griseb.) T.D. Penn.

*Bumelia heterophylla* Urb. = *Sideroxylon obovatum* Lam.

*Bumelia horrida* Griseb. = *Sideroxylon horridum* (Griseb.) T.D. Penn.

*Bumelia integra* Cronquist = *Sideroxylon anomalum* (Urb.) T.D. Penn.

*Bumelia jubilla* (Ekman ex Urb.) Stearn = *Sideroxylon jubilla* (Ekman ex Urb.) T.D. Penn.

*Bumelia krugii* Pierre = *Sideroxylon obovatum* Lam.

*Bumelia lineolata* Urb. & Ekman = *Sideroxylon obovatum* Lam.

*Bumelia loranthifolia* (Pierre) Britton = *Sideroxylon americanum* (Mill.) T.D. Penn.

*Bumelia microphylla* Griseb. = *Sideroxylon horridum* (Griseb.) T.D. Penn.

*Bumelia moaensis* Bisse & J.E. Gut. = *Sideroxylon moaense* (Bisse & J.E. Gut.) J.E. Gut.

*Bumelia montana* Sw. = *Sideroxylon montanum* (Sw.) T.D. Penn.

*Bumelia navassana* Urb. & Ekman = *Sideroxylon americanum* (Mill.) T.D. Penn.

*Bumelia neglecta* Bisse & J.E. Gut. = *Sideroxylon cubense* (Griseb.) T.D. Penn.

*Bumelia nigra* Sw. = *Sideroxylon portoricense* Urb.

*Bumelia nigra* sensu A. Stahl = *Manilkara bidentata* (A. DC.) A. Chev. subsp. *surinamensis* (Miq.) T.D. Penn.

*Bumelia oblongata* Urb. = *Sideroxylon americanum* (Mill.) T.D. Penn.

*Bumelia obovata* (Lam.) A. DC. = *Sideroxylon obovatum* Lam.

*Bumelia obovata* (Lam.) A. DC. var. *krugii* (Pierre) Cronquist = *Sideroxylon obovatum* Lam.

- Bumelia octosepala* (Urb.) Stearn = *Sideroxylon octosepalum* (Urb.) T.D. Penn.
- Bumelia pachyclada* Urb. & Ekman = *Sideroxylon horridum* (Griseb.) T.D. Penn.
- Bumelia parvifolia* A. DC. = *Sideroxylon obovatum* Lam.
- Bumelia picardae* Urb. = *Sideroxylon picardae* (Urb.) T.D. Penn.
- Bumelia purdiaei* Urb. = *Sideroxylon rotundifolium* (Sw.) T.D. Penn.
- Bumelia repens* (Urb. & Ekman) Stearn = *Sideroxylon repens* (Urb. & Ekman) T.D. Penn.
- Bumelia retusa* Sw. = *Sideroxylon americanum* (Mill.) T.D. Penn.
- Bumelia revoluta* Urb. = *Sideroxylon angustum* T.D. Penn.
- Bumelia roigii* Britton & Small = *Sideroxylon americanum* (Mill.) T.D. Penn.
- Bumelia rotundifolia* Sw. = *Sideroxylon rotundifolium* (Sw.) T.D. Penn.
- Bumelia salicifolia* (L.) Sw. = *Sideroxylon salicifolium* (L.) Lam.
- Bumelia sericea* (Cronquist) Stearn = *Sideroxylon rubiginosum* T.D. Penn.
- Bumelia subintegra* Urb. & Ekman = *Sideroxylon obovatum* Lam.
- Bumelia tortuosa* C. Wright = *Sideroxylon horridum* (Griseb.) T.D. Penn.
- Cainito pomiferum* Tussac = *Chrysophyllum cainito* L.
- Calocarpum mammosum* (L.) Pierre = *Manilkara zapota* (L.) P. Royen
- Calocarpum mammosum* (L.) Pierre var. *bonplandii* (Kunth) Pierre = *Manilkara zapota* (L.) P. Royen
- Calocarpum mammosum* (L.) Pierre var. *candollei* Pierre = *Manilkara zapota* (L.) P. Royen
- Calocarpum mammosum* (L.) Pierre var. *ovoideum* (Pierre) Pierre = *Manilkara zapota* (L.) P. Royen
- Chrysophyllum angustifolium* Lam. = *Chrysophyllum oliviforme* L. subsp. *angustifolium* (Lam.) T.D. Penn.
- Chrysophyllum argenteum* Jacq., Enum. Syst. Pl. 15. 1760. Lectotype: Jacquin, Select. Stirp. Amer. hist. tab. 38, fig. 1. 1763, designated by Pennington 1990.
- Chrysophyllum argenteum* Jacq. var. *sphaerocarpum* Urb., Symb. Antill. 9: 417. 1925. Lectotype: Cuba; Oriente, Baracoa. Ekman 4142 (NY), designated by Pennington 1990.
- Chrysophyllum glabrum* Jacq., Enum. Syst. Pl. 15. 1760. Lectotype: Jacquin, Select. Stirp. Amer. hist. tab. 38, fig. 2. 1763, designated by Pennington 1990.
- Chrysophyllum immersum* Urb., Repert. Spec. Nov. Regni Veg. 15: 414. 1919. Type: Tobago, Easternfield, *Broadway 4411* (Holotype: B †; Isotypes: BM, F, MO, NY, US).
- Distribution: Native to Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (St. Thomas, Tortola, Virgin Gorda), Lesser Antilles (Antigua, Barbados, Dominica, Grenada, Guadeloupe, Marie Galante, Martinique, Montserrat, Saba, St. Lucia, St. Vincent), Tobago, Trinidad, and South America.
- Common Names: Macanabo, Macanabu (Cuba), Caimitillo, Caimito blanco cimarrón, Caimito cocuyo, Caimito de perro, Carabana (Dominican Republic), Petit caimite, Ti-caimite, Yaya (Haiti), Bris marron, Bris, Bwi, Milky iron, Wild star apple (Lesser Antilles), Caimito verde, Lechecillo (Puerto Rico).

## SARRACENIACE

Genera. Total: 1; native: 0; endemic: 0.

Taxa. Total: 2; native: 0; endemic: 0.

*Sarracenia minor* Walter, Fl. Carol. 153. 1788.

Distribution: Exotic in Jamaica.

Reference: 2.

*Sarracenia rubra* Walter, Fl. Carol. 152. 1788.

Distribution: Exotic in Jamaica.

Reference: 2.

## SAXIFRAGACEAE

Genera. Total: 1; native: 0; endemic: 0.

Taxa. Total: 1; native: 0; endemic: 0.

*Saxifraga sarmentosa* L. f., Suppl. Pl. 240. 1782 ["1781"].

Distribution: Exotic in Hispaniola.

Reference: 7.

## SCHISANDRACEAE

Genera. Total: 1; native: 1; endemic: 0.

Taxa. Total: 10; native: 10; endemic: 9.

*Illicium cubense* A.C. Sm., Sargentia 7: 59. 1947, subsp. *cubense*

Distribution: Endemic to Cuba.

Reference: 3.

*Illicium cubense* A.C. Sm. subsp. *bissei* Imkhan., Bot. Zhurn. (Moscow & Leningrad) 78(7): 4. 1993.

Distribution: Endemic to Cuba.

Reference: 149.

*Illicium cubense* A.C. Sm. subsp. *guajaibonense* Imkhan. = *Illicium guajaibonense* (Imkhan.) Judd & J.R. Abbott

*Illicium cubense* A.C. Sm. subsp. *guantanamense* Imkhan., Bot. Zhurn. (Moscow & Leningrad) 78(7): 7. 1993.

Distribution: Endemic to Cuba.

Reference: 149.

*Illicium cubense* A.C. Sm. subsp. *rangelense* Imkhan., Bot. Zhurn. (Moscow & Leningrad) 78(7): 8. 1993.

Distribution: Endemic to Cuba.

References: 149, 151.

*Illicium ekmanii* A.C. Sm., Sargentia 7: 42. 1947, subsp. *ekmanii*

Distribution: Endemic to Hispaniola.

Reference: 7.

*Illicium ekmanii* A.C. Sm. subsp. *domingense* Imkhan., Bot. Zhurn. (Moscow & Leningrad) 78(7): 12. 1993.

Distribution: Endemic to Hispaniola.

References: 149, 152.

*Illicium ekmanii* A.C. Sm. subsp. *selleanum* Imkhan., Bot. Zhurn. (Moscow & Leningrad) 78(7): 11. 1993.

Distribution: Endemic to Hispaniola.

Reference: 152.

*Illicium guajaibonense* (Imkhan.) Judd & J.R. Abbott, J. Bot. Res. Inst. Texas 2: 800. 2008; *Illicium cubense* A.C. Sm. subsp. *guajaibonense* Imkhan., Bot. Zhurn. (Moscow & Leningrad) 78(7): 10. 1993.

Distribution: Endemic to Cuba.

Reference: 149.

*Illicium hottense* A. Guerrero, Judd & A.B. Morris, Brittonia 56: 347. 2004.

Distribution: Endemic to Hispaniola.

References: 149, 152.

*Illicium parviflorum* Michx. ex Vent., Tabl. Regn. Vég. 3: 71. 1799.

Distribution: Native to Hispaniola and United States (FL).

References: 7, 151.

## SCHLEGELIACEAE

Genera. Total: 2; native: 2; endemic: 1.

Taxa. Total: 4; native: 4; endemic: 3.

*Schlegelia axillaris* Griseb., Fl. Brit. W. I. 445. 1862.

Distribution: Endemic to West Indies; native to Jamaica and Lesser Antilles (Dominica, Guadeloupe, St. Lucia).

Common Names: Z'yeux à crabe (Lesser Antilles).

References: 1, 2, 151.

*Schlegelia axillaris* sensu A. Stahl = *Schlegelia brachyantha* Griseb.

*Schlegelia brachyantha* Griseb., Cat. Pl. Cub. 191. 1866.

*Schlegelia axillaris* sensu A. Stahl, Estud. Fl. Puerto Rico 6: 185. 1888, non Griseb.

*Schlegelia brachyantha* Griseb. var. *portoricensis* Urb., Symb. Antill. 1: 406. 1899; *Schlegelia portoricensis* (Urb.) Britton in N.L. Britton & P. Wilson, Sci. Surv. Porto Rico & Virgin Islands 6: 199. 1925; *Schlegelia brachyantha* Griseb. subsp. *portoricensis* (Urb.) Borhidi, Bot. Közlem. 62: 26. 1975.

Distribution: Native to Cuba, Hispaniola, Puerto Rico, Panama, and Venezuela.

Common Names: Güira macho (Cuba), Higüerito de sierra, Tulipa (Puerto Rico).

References: 3, 5, 7, 32, 58, 61, 131, 304.

*Schlegelia brachyantha* Griseb. var. *portoricensis* Urb. = *Schlegelia brachyantha* Griseb.

*Schlegelia brachyantha* Griseb. subsp. *portoricensis* (Urb.) Borhidi = *Schlegelia brachyantha* Griseb.

*Schlegelia parasitica* (Sw.) Miers ex Griseb., Fl. Brit. W. I. 445. 1862.

Distribution: Endemic to Jamaica.

Reference: 2.

*Schlegelia portoricensis* (Urb.) Britton = *Schlegelia brachyantha* Griseb.

\**Synopsis ilicifolia* Griseb., Cat. Pl. Cub. 187. 1866.

Distribution: Endemic to Cuba.

Common Name: Chicharrón (Cuba).

References: 3, 39, 245, 427.

Note: Considered endangered by the Red List of the Vascular Flora of Cuba (39) and by the IUCN Red List of Threatened Species.

## SCHOEPFIACEAE

Genera. Total: 1; native: 1; endemic: 0.

Taxa. Total: 11; native: 11; endemic: 10.

*Schoepfia angustata* Urb. = *Schoepfia schreberi* J.F. Gmel.

*Schoepfia arborescens* (Vahl) Roem. & Schult. = *Schoepfia schreberi* J.F. Gmel.

*Schoepfia arborescens* sensu Griseb. = *Schoepfia multiflora* Urb.

*Schoepfia arenaria* Britton in I. Urban, Symb. Antill. 5: 181. 1907.

Distribution: Endemic to Puerto Rico.

References: 6, 30, 58, 61, 87, 427, 633.

Note: Considered a threatened species by the U.S. Fish & Wildlife Service and endangered by the IUCN Red List of Threatened Species.

*Schoepfia chrysophylloides* (A. Rich.) Planch. = *Schoepfia schreberi* J.F. Gmel.

*Schoepfia cubensis* Britton & P. Wilson, Bull. Torrey Bot. Club 43: 458. 1916.

*Schoepfia evenia* Alain, Mem. Soc. Cub. Hist. Nat. "Felipe Poey" 24: 112. 1960.

Distribution: Endemic to Cuba.

References: 3, 87.

Note: Considered threatened by the Red List of the Vascular Flora of Cuba (39).

*Schoepfia didyma* C. Wright ex Griseb., Cat. Pl. Cub. 119. 1866.

Distribution: Endemic to Cuba.

References: 3, 87.

Note: Considered threatened by the Red List of the Vascular Flora of Cuba (39).

*Schoepfia didyma* sensu Millsp. = *Schoepfia schreberi* J.F. Gmel.

*Schoepfia evenia* Alain = *Schoepfia cubensis* Britton & P. Wilson

*Schoepfia haitiensis* Urb. & Britton in I. Urban, Symb. Antill. 6: 7. 1909.

Distribution: Endemic to Hispaniola (Haiti).

References: 5, 7, 87.

*Schoepfia harrisii* Urb., Symb. Antill. 5: 185. 1907.

Distribution: Endemic to Jamaica.

References: 2, 87, 427.

Note: Considered vulnerable by the IUCN Red List of Threatened Species.

*Schoepfia marchii* Griseb. = *Schoepfia schreberi* J.F. Gmel.

*Schoepfia multiflora* Urb., Symb. Antill. 5: 184. 1907.

*Schoepfia arborescens* sensu Griseb., Fl. Brit. W. I. 310. 1860, non Roem. & Schult.

Distribution: Endemic to Jamaica.

References: 2, 87, 427.

Note: Considered near threatened by the IUCN Red List of Threatened Species.

*Schoepfia navasana* Urb. & Ekman ex Moscoso = *Schoepfia obovata* C. Wright

*Schoepfia obovata* C. Wright in F.A. Sauvalle, Anales Acad. Ci. Méd. Habana 5: 289. 1868.

*Schoepfia navasana* Urb. & Ekman ex Moscoso, Cat. Fl. Domingensis 1: 165. 1943.

*Schoepfia olivacea* Urb., Ark. Bot. 20A(5): 10. 1926.

Distribution: Endemic to Greater Antilles; native to Bahamas, Cuba, Hispaniola, Jamaica, Puerto Rico, and Virgin Islands (Anegada, St. John).

Common Names: White beefwood (Bahamas), Espejuelos, Majaguilla (Cuba), Araña (Puerto Rico).

References: 2, 3, 5, 6, 7, 19, 45, 58, 61, 87.

*Schoepfia olivacea* Urb. = *Schoepfia obovata* C. Wright

*Schoepfia paradoxa* (Bisse & Berazaín) Berazaín ex Acev.-Rodr., *comb. nov.*; *Pseudogonocalyx paradoxa* Bisse & Berazaín, Revista Jard. Bot. Nac. Univ. Habana 5(2): 135. 1984.

Distribution: Endemic to Cuba.

References: 149, 206.

Note: A previous combination of these names made by Berazaín in 1986 (Revista Jard. Bot. Nac. Univ. Habana 6(3): 10. 1986 ["1985"]) was invalid as she did not cite the page of publication of the basionym.

*Schoepfia schreberi* J.F. Gmel., Syst. Nat. 2(1): 376. 1791.

*Codonium arborescens* Vahl, Skr. Naturhist.-Selsk. 2: 207. 1792;

*Schoepfia arborescens* (Vahl) Roem. & Schult., Syst. Veg. 5: 160. 1819.

*Diplocalyx chrysophylloides* A. Rich. in R. de la Sagra, Hist. Fis. Cuba, Bot. 11: 81. 1850; *Schoepfia chrysophylloides* (A. Rich.) Planch., Ann. Sci. Nat. Bot., sér. 4, 2: 261. 1854.

*Schoepfia angustata* Urb., Symb. Antill. 6: 6. 1909.

*Schoepfia didyma* sensu Millsp., Publ. Field Columbian Mus., Bot. Ser., 2(1): 34. 1900, non C. Wright.

*Schoepfia marchii* Griseb., Fl. Brit. W. I. 310. 1860.

Distribution: Native to Bahamas, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (Guana, St. Croix, St. John, St. Thomas), Lesser Antilles (Antigua, Barbados, Barbuda, Dominica, Grenada, Grenadines, Guadeloupe, Marie Galante, Martinique, Montserrat, Nevis, Saba, St. Barthélemy, St. Eustatius, St. Kitts, St. Lucia, St. Vincent), Mexico, Central America, and South America.

Common Names: Café-bois (Lesser Antilles).

References: 1, 6, 7, 19, 58, 61, 87.

*Schoepfia scopulorum* Alain, Mem. Soc. Cub. Hist. Nat. "Felipe Poey" 24: 112. 1960.

Distribution: Endemic to Cuba.

References: 3, 87.

*Schoepfia stenophylla* Urb., Symb. Antill. 9: 177. 1924.

*Cneorum trimerum* (Urb.) Chodat, Bull. Soc. Bot. Genève, ser. 2, 12: 24. 1921; *Cubicola trimeria* Urb., Ber. Deutsch. Bot. Ges. 36: 503. 1918.

Distribution: Endemic to Cuba.

References: 3, 30, 87, 454.

Note: Considered threatened by the Red List of the Vascular Flora of Cuba (39).

## SCROPHULARIACEAE

Genera. Total: 6; native: 4; endemic: 0.

Taxa. Total: 17; native: 11; endemic: 8.

*Bontia daphnoides* L., Sp. Pl. 638. 1753.

Distribution: Native to Bahamas, Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (St. John, St. Thomas, Tortola), Lesser Antilles (Antigua, Barbados, Barbuda, Dominica, Guadeloupe, Marie Galante, Martinique, Montserrat, St. Barthélemy, St. Lucia, St. Vincent), and South America.

Common Names: Aceituna americana, Olivo bastardo (Cuba), Aceituno, Olivo (Dominican Republic), Olive bâtard, Olivier bâtard, Mang'blanc, Manglier marron (Haiti), Olivier bard, Wild olive (Lesser Antilles), Manzanilla (Puerto Rico), White alling (Virgin Islands).

References: 1, 2, 3, 4, 5, 7, 19, 45, 58, 61, 123, 131, 132.

*Bontia germinans* L. = *Avicennia germinans* (L.) Stearn (Acanthaceae)

*Buchnera coccinea* Scop. = *Achimenes erecta* (Lam.) H.P. Fuchs (Gesneriaceae)

*Buddleja americana* L., Sp. Pl. 112. 1753.

*Buddleja americana* L. var. *albiflora* M. Gómez, Anales Soc. Esp. Hist. Nat. 19: 259. 1890.

Distribution: Native to Cuba, Jamaica, Lesser Antilles (Martinique), Mexico, Central America, and South America.

Common Name: Tabaco cimarrón (Cuba).

References: 2, 3, 13, 100, 245.

*Buddleja americana* L. var. *albiflora* M. Gómez = *Buddleja americana* L.

*Buddleja calcicola* Urb. = *Buddleja domingensis* Urb.

*Buddleja davidii* Franch., Nouv. Arch. Mus. Hist. Nat., ser. 2, 10: 65. 1887.

Distribution: Exotic in Cuba, Puerto Rico, Mexico, Central America, and South America.

Common Names: Burdelia, Heliotropo, Heliotropo arbóreo, Heliotropo de olor de vainilla (Cuba).

References: 13, 58, 61, 100, 245.

*Buddleja domingensis* Urb., Symb. Antill. 5: 460. 1908.

*Buddleja calcicola* Urb., Symb. Antill. 8: 535. 1921.

Distribution: Endemic to Hispaniola.

Common Name: Tabaco cimarrón (Dominican Republic).

References: 5, 7, 100, 245, 252.

*Buddleja lindleyana* Fortune, Edward's Bot. Reg. 30(Misc.): 25. 1844.

Distribution: Exotic in Jamaica and Lesser Antilles (Martinique); native to China.

References: 100, 150, 245.

*Buddleja madagascariensis* Lam., Encycl. 1: 513. 1785.

Distribution: Exotic in Cuba, Puerto Rico, Mexico, and South America; native to Madagascar.

References: 13, 19, 100, 150, 245.

*Capraria biflora* L., Sp. Pl. 628. 1753.

Distribution: Native to Bahamas, Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (Guana, St. Croix, St. John, St. Thomas, Tortola, Virgin Gorda), Lesser Antilles (Anguilla, Antigua, Barbados, Barbuda, Dominica, Grenada, Grenadines, Guadeloupe, Martinique, Montserrat, Saba, St. Kitts, St. Lucia, St. Martin, St. Vincent), Mexico, Central America, and South America.

Common Names: Celedonia, Magüiro, Majuito (Cuba), Feregosa, Fregosa, Santa María, Té criollo, Té de Santa María, Té Santa María (Dominican Republic), Capraire, Suisse, Thé de Mexique, Thé de Saint Domingue, Thé du Mexique, Thé indigène, Thé

pays, Thé sisse, Thé suisse (Haiti), Goatweed (Jamaica), Dité péyi, Goatweed, Thé des Anglais, Thé du pays, Wild tea (Lesser Antilles), Té del país (Puerto Rico).

References: 1, 2, 3, 4, 5, 7, 19, 45, 58, 61, 123, 131, 132.

*Capraria crustacea* L. = *Lindernia crustacea* (L.) F. Muell. (Linderniaceae)

*Capraria durantifolia* L. = *Stemodia durantifolia* (L.) Sw. (Plantaginaceae)

*Leucophyllum frutescens* (Berland.) I.M. Johnst., Contr. Gray Herb. 70: 89. 1924; *Terania frutescens* Berland., Mem. Comis. Limites 4. 1832.

Distribution: Exotic in Hispaniola and Virgin Islands (St. Croix); native to North America.

Common Names: Grisesito, Grisestita, Ligustrum gris, Ligustrum plateado, Oreganillo de plata (Dominican Republic).

References: 7, 245.

*Scrophularia baborucana* Zanoni, Moscosoa 5: 108. 1989.

Distribution: Endemic to Hispaniola (Dominican Republic).

References: 7, 8, 245.

*Scrophularia densifolia* Urb. & Ekman, Ark. Bot. 23A(11): 38. 1931.

Distribution: Endemic to Hispaniola (Dominican Republic).

References: 7, 245.

*Scrophularia domingensis* Urb., Symb. Antill. 7: 538. 1913.

Distribution: Endemic to Hispaniola (Dominican Republic).

References: 5, 7, 30, 245.

*Scrophularia eggersii* Urb., Symb. Antill. 5: 493. 1908.

Distribution: Endemic to Hispaniola (Dominican Republic).

References: 5, 7, 245.

*Scrophularia fluminensis* Vell. = *Alectra fluminensis* (Vell.) Stearn (Orobanchaceae)

*Scrophularia micrantha* Desv. ex Ham. = *Scrophularia minutiflora* Pennell

*Scrophularia minutiflora* Pennell, Proc. Acad. Nat. Sci. Philadelphia 75: 18. 1923.

*Scrophularia micrantha* Desv. ex Ham., Prodr. Pl. Ind. Occid. 47. 1825, *nom. illeg.*

Distribution: Endemic to Greater Antilles; native to Cuba, Hispaniola, Jamaica, and Puerto Rico.

Common Name: Perejil cimarrón (Puerto Rico).

References: 2, 3, 6, 7, 58, 61, 131, 245.

*Scrophularia pluriflora* Urb. & Ekman, Ark. Bot. 23A(11): 37. 1931.

Distribution: Endemic to Hispaniola (Dominican Republic).

References: 7, 245.

*Scrophularia tuerckheimii* Urb., Ark. Bot. 23A(11): 38. 1931.

*Tuerckheimocharis domingensis* Urb., Symb. Antill. 7: 374. 1912.

Distribution: Endemic to Hispaniola (Dominican Republic).

References: 7, 245.

*Terania frutescens* Berland. = *Leucophyllum frutescens* (Berland.) I.M. Johnst.

*Tuerckheimocharis domingensis* Urb. = *Scrophularia tuerckheimii* Urb.

*Vandellia crustacea* (L.) Benth. = *Lindernia crustacea* (L.) F. Muell. (Linderniaceae)

*Vandellia diffusa* L. = *Lindernia diffusa* (L.) Wettst. (Linderniaceae)

*Verbascum thapsus* L., Sp. Pl. 177. 1753.

Distribution: Exotic in Cuba, Hispaniola, Jamaica, and North America.

Common Names: Bullón (Cuba), Boraja, Borraja, Molene (Dominican Republic), Bonhomme, Bouillon blanc, Bouillon blanc, Cierge Notre-Dame (Haiti).

References: 2, 3, 5, 7, 224, 245.

Note: Considered an invasive species by CeNBIO.

*Verbascum virgatum* Stokes in W. Withering, Bot. Arr. Brit. Pl., ed. 2, 1: 227. 1787.

Distribution: Exotic in Jamaica and North America.

References: 2, 150, 245.

## SIMAROUBACEAE

Genera. Total: 4; native: 4; endemic: 0.

Taxa. Total: 19; native: 19; endemic: 13.

*Aeschrion antillana* (Eggers) Small = *Picrasma cubensis* Radlk. & Urb.

*Aeschrion cubensis* (Radlk. & Urb.) Engl. = *Picrasma cubensis* Radlk. & Urb.

*Aeschrion excelsa* (Sw.) Kuntze = *Picrasma cubensis* Radlk. & Urb.

*Castela brittonii* (Small) Engl. = *Henoonia myrtifolia* Griseb. (Solanaceae)

*Castela calcicola* (Britton & Small) Ekman ex Urb., Repert. Spec. Nov. Regni Veg. 20: 304. 1924; *Castelaria calcicola* Britton & Small, Bull. Torrey Bot. Club 44: 34. 1917.

Distribution: Endemic to Cuba.

Reference: 3.

*Castela depressa* Turpin, Ann. Mus. Natl. Hist. Nat. 7: 79. 1806.

Distribution: Endemic to Hispaniola.

References: 5, 7.

*Castela erecta* Turpin, Ann. Mus. Natl. Hist. Nat. 7: 80. 1806.

*Castelaria nicholsonii* (Hook.) Small, N. Amer. Fl. 25(3): 232. 1911.

Distribution: Native to Puerto Rico, Virgin Islands (St. Croix), Lesser Antilles (Anguilla, Antigua, Barbuda), and South America.

Common Names: Cockspur, Goat bush (Lesser Antilles).

References: 1, 6, 58, 61, 151, 323.

*Castela jacquiniifolia* (Small) Ekman ex Urb., Repert. Spec. Nov. Regni Veg. 20: 304. 1924; *Castelaria jacquiniifolia* Small, N. Amer. Fl. 25(3): 232. 1911.

Distribution: Endemic to Cuba.

Common Name: Cucharita (Cuba).

Reference: 3.

*Castela leonis* Acuña & Roig, Revista Soc. Cub. Bot. 7: 4. 1950.

Distribution: Endemic to Cuba.

Reference: 3.

*Castela macrophylla* Urb., Symb. Antill. 5: 377. 1908.

Distribution: Endemic to Jamaica.

Reference: 2.

*Castela spinosa* Cronquist, J. Arnold Arbor. 25: 126. 1944.

Distribution: Endemic to Cuba.

Common Name: Abrojo de costa (Cuba).

Reference: 3.

*Castela victorinii* Acuña & Roig, Revista Soc. Cub. Bot. 7: 4. 1950.

Distribution: Endemic to Cuba.

Reference: 3.

Note: Considered vulnerable by the Red List of the Vascular Flora of Cuba (39).

*Castelaria brittonii* Small = *Henoonia myrtifolia* Griseb. (Solanaceae)

*Castelaria calcicola* Britton & Small = *Castela calcicola* (Britton & Small) Ekman ex Urb.

*Castelaria jacquiniifolia* Small = *Castela jacquiniifolia* (Small) Ekman ex Urb.

*Castelaria nicholsonii* (Hook.) Small = *Castela erecta* Turpin

*Picraena antillana* (Eggers) Fawc. & Rendle = *Picrasma excelsa* (Sw.) Planch.

*Picrasma antillana* (Eggers) Urb. = *Picrasma excelsa* (Sw.) Planch.

*Picrasma cubensis* Radlk. & Urb., Repert. Spec. Nov. Regni Veg. 18: 363. 1922; *Aeschrion cubensis* (Radlk. & Urb.) Engl. in H.G.A. Engler & K.A.E. Prantl, Nat. Pflanzenfam., ed. 2, 19 a. 389. 1931.

Distribution: Endemic to Cuba.

Reference: 3.

Note: Considered vulnerable by the Red List of the Vascular Flora of Cuba (39).

*Picrasma excelsa* (Sw.) Planch., London J. Bot. 5: 574. 1846; *Quassia excelsa* Sw., Prodr. 67. 1788; *Aeschrion excelsa* (Sw.) Kuntze, Revis. Gen. Pl. 1: 103. 1891.

*Rhus antillana* Eggers, Fl. St. Croix 41. 1879; *Picrasma antillana* (Eggers) Urb., Symb. Antill. 5: 378. 1908; *Aeschrion antillana* (Eggers) Small, N. Amer. Fl. 25(3): 233. 1911; *Picraena antillana* (Eggers) Fawc. & Rendle, Fl. Jamaica 4: 201. 1920.

Distribution: Native to Cuba, Hispaniola, Puerto Rico, Virgin Islands (St. Croix, St. John, St. Thomas, Tortola), and Lesser Antilles (Antigua, Barbados, Dominica, Guadeloupe, Marie Galante, Martinique, Montserrat, Nevis, St. Kitts, St. Lucia, St. Vincent); introduced in Jamaica.

Common Names: Cuasia (Cuba), Goric (Dominican Republic), Frêne (Haiti), Bitterwood, Jamaican quassia (Jamaica), Bitter ash, Bitter tree, Bois amer, Bois-noyer, Peste à poux, Raw dog (Lesser Antilles), Leña amarga, Palo amargo (Puerto Rico).

References: 1, 2, 3, 5, 6, 7, 19, 58, 61, 131, 152, 323, 427.

Note: Considered vulnerable by the IUCN Red List of Threatened Species.

*Picrasma selleana* Urb., Ark. Bot. 20A(15): 38. 1926.

Distribution: Endemic to Hispaniola (Haiti).

References: 5, 7.

*Picrasma tetramera* (Urb.) W.W. Thomas, J.D. Mitchell & A. Noa Monzón, Brittonia 63: 420. 2011; *Euleria tetramera* Urb., Repert. Spec. Nov. Regni Veg. 21: 66. 1925.

Distribution: Endemic to Cuba.

References: 3, 149.

*Quassia amara* L., Sp. Pl., ed. 2, 553. 1762.

Distribution: Native to Lesser Antilles (Guadeloupe, Martinique, St. Vincent), Mexico, Central America, and South America; introduced in Cuba, Hispaniola, Jamaica, Puerto Rico, and Virgin Islands (St. Croix, St. John).

Common Names: Quasi, Quasia (Cuba), Cuasia, Palo muñeco (Dominican Republic), Bitter quassia (Jamaica), Quassia, Quinine, Quinine du pays (Lesser Antilles), Cuasia (Puerto Rico), Quassia wood (Virgin Islands).

References: 1, 6, 19, 58, 123, 131, 132.

*Quassia excelsa* Sw. = *Picrasma excelsa* (Sw.) Planch.

*Simarouba amara* Aubl., Hist. Pl. Guiane 2: 860. 1775.

Distribution: Native to Lesser Antilles (Antigua, Barbados, Dominica, Grenada, Guadeloupe, Martinique, Montserrat, St. Kitts, St. Lucia, St. Vincent), Tobago, Trinidad, Central America, and South America.

Common Names: Acajou blanc, Boardwood, Bois blanc, Maruba (Lesser Antilles).

References: 1, 583.

*Simarouba amara* sensu Bello = *Simarouba tulae* Urb.

*Simarouba berteriana* Krug & Urb., Bot. Jahrb. Syst. 15: 306. 1892.

Distribution: Endemic to Hispaniola.

Common Names: Aceituna, Daguilla, Juan primero (Dominican Republic), Bois frêne, Olivo (Haiti).  
References: 5, 7, 583.

*Simarouba glauca* DC., Ann. Mus. Natl. Hist. Nat. 17: 424. 1811, var. *glauca*; *Simarouba glauca* DC. var. *typica* Cronquist, Bull. Torrey Bot. Club 71: 231. 1944.

Distribution: Native to Bahamas, Cuba, North America, Mexico, and Central America.

Common Names: Gavilán, Palo amargo, Palo blanco, Pluma de perico, Roblecillo (Cuba), Bitter ash, Daguilla, Juan primero, Laguilla, Palmito, Palo amargo, Quassia amarga, Quinquina d'Europe (Dominican Republic), Bois amer, Bois blanc, Bois frêne, Bois négresse, Frêne (Haiti), Bitter damson (Jamaica).  
References: 2, 3, 5, 583.

*Simarouba glauca* DC. var. *latifolia* Cronquist, Bull. Torrey Bot. Club 71: 231. 1944.

*Simarouba officinalis* DC., Ann. Mus. Natl. Hist. Nat. 17: 423. 1811.  
Common Name: Paradise-tree (Bahamas).

Distribution: Native to Bahamas, Cuba, Hispaniola, Jamaica, Mexico, and Central America.

References: 7, 45, 150, 583.

*Simarouba glauca* DC. var. *typica* Cronquist = *Simarouba glauca* DC. var. *glauca*

*Simarouba laevis* Griseb., Cat. Pl. Cub. 49. 1866.

Distribution: Endemic to Cuba.

Common Name: Cuaba blanca (Cuba).

References: 3, 583.

*Simarouba officinalis* DC. = *Simarouba glauca* DC. var. *latifolia*

*Simarouba tulae* Urb., Jahrb. Königl. Bot. Gart. Berlin 14: 245. 1886.

*Simarouba amara* sensu Bello, Anales Soc. Esp. Hist. Nat. 10: 249. 1881, non Aubl.

Distribution: Endemic to Puerto Rico.

Common Name: Aceitillo falso (Puerto Rico).

References: 6, 58, 61, 583.

## SIPARUNACEAE

Genera. Total: 1; native: 1; endemic: 0.

Taxa. Total: 1; native: 1; endemic: 1.

*Siparuna glabrescens* (C. Presl) A. DC., Prodr. 16(2): 648. 1868.

*Siparuna santae-luciae* Perkins, Bot. Jahrb. Syst. 28: 677. 1901.

*Siparuna scabra* Perkins, Bot. Jahrb. Syst. 28: 684. 1901.

Distribution: Endemic to Lesser Antilles (Dominica, Martinique, St. Lucia, St. Vincent).

Common Names: Bois-citronnier, Consoude-grand bois (Lesser Antilles).

References: 1, 542.

*Siparuna santae-luciae* Perkins = *Siparuna glabrescens* (C. Presl) A. DC.

*Siparuna scabra* Perkins = *Siparuna glabrescens* (C. Presl) A. DC.

## SMILACACEAE

Genera. Total: 1; native: 1; endemic: 0.

Taxa. Total: 17; native: 15; endemic: 8.

*Smilax aquifolium* Ferrufino & Greuter, Fl. Rep. Cuba, Ser. A. Pl. Vasc. 16(5): 12. 2010; *Smilax ilicifolia* Kunth, Enum. Pl. 5: 171. 1850, *nom. illeg., non* Dev. ex Ham., 1825.

Distribution: Endemic to Cuba.

References: 149, 623.

*Smilax auriculata* Walter, Fl. Carol. 245. 1788.

Distribution: Native to Bahamas and North America.

Common Names: Auricled green-brier, China-brier (Bahamas).

References: 45, 147.

*Smilax balbisiana* Kunth = *Smilax canellifolia* Mill.

*Smilax canellifolia* Mill., Gard. Dict., ed. 8. 1768.

*Smilax balbisiana* Kunth, Enum. Pl. 5: 183. 1850.

*Smilax celastroides* Kunth, Enum. Pl. 5: 184. 1850.

*Smilax viscifolia* sensu Griseb., Fl. Brit. W. I. 586. 1864, non Duhamel.

Distribution: Endemic to Greater Antilles; native to Cuba, Hispaniola, and Jamaica.

References: 3, 147.

*Smilax celastroides* Kunth = *Smilax canellifolia* Mill.

*Smilax coriacea* Spreng., Syst. Veg., ed. 16, 2: 103. 1825.

*Smilax coriacea* Bello, Anales Soc. Esp. Hist. Nat. 12: 120. 1883, *non. illeg.*

*Smilax ilicifolia* Desv. ex Ham., Prodr. Pl. Ind. Occid. 58. 1825; *Smilax*

*coriacea* Spreng. var. *ilicifolia* (Desv. ex Ham.) O.E. Schulz in I. Urban, Symb. Antill. 4: 150. 1903.

*Smilax guianensis* Vitman var. *subarmata* O.E. Schulz in I. Urban, Symb. Antill. 4: 149. 1903.

*Smilax havanensis* Jacq. var. *portoricensis* A. DC. in A.L.P.P. de Candolle & A.C.P. de Candolle, Monogr. Phan. 1: 124. 1878.

*Smilax ilicifolia* Desv. ex Ham. var. *sublappacea* sensu O.E. Schulz in I. Urban, Symb. Antill. 5: 39. 1904.

*Smilax lappacea* sensu O.E. Schulz in I. Urban, Symb. Antill. 5: 37. 1904, *non* Willd.

*Smilax rotundifolia* Bello, Anales Soc. Esp. Hist. Nat. 12: 120. 1883.

*Smilax subarmata* O.E. Schulz in I. Urban, Symb. Antill. 5: 28. 1904.

Distribution: Endemic to West Indies; native to Hispaniola, Puerto Rico, Virgin Islands (Guana, St. Croix, St. John, St. Thomas, Tortola, Virgin Gorda), and Lesser Antilles (Antigua, Guadeloupe, Martinique, Saba, St. Eustatius, St. Martin).

Common Names: Boyau-chat, Liane-bamboche, Liane-noyau, Salsepareille bâtard (Lesser Antilles); Dungle blanco (Puerto Rico), Greenbrier (Virgin Islands).

References: 1, 19, 28, 32, 61, 147.

*Smilax coriacea* Spreng. var. *ilicifolia* (Desv. ex Ham.) O.E. Schulz = *Smilax coriacea* Spreng.

*Smilax cristalensis* Ferrufino & Greuter, Fl. Rep. Cuba, Ser. A. Pl. Vasc. 16(5): 9. 2010.

*Smilax populnea* Kunth var. *angustata* O.E. Schulz in I. Urban, Symb. Antill. 7: 492. 1913.

*Smilax populnea* sensu O.E. Schulz in I. Urban, Symb. Antill. 2: 44. 1904, *non* Kunth, 1850.

*Smilax populnea* Kunth var. *horrida* O.E. Schulz in I. Urban, Symb. Antill. 5: 44. 1904.

Distribution: Endemic to Cuba.

References: 149, 623.

*Smilax cumanensis* Humb. & Bonpl. ex Willd. var. *infesta* O.E. Schulz = *Smilax oblongata* Sw.

*Smilax cumanensis* sensu Schulz = *Smilax oblongata* Sw.

*Smilax cuprea* Ferrufino & Greuter, Fl. Rep. Cuba, Ser. A. Pl. Vasc. 16(5): 11. 2010.

Distribution: Endemic to Cuba.

References: 149, 623.

*Smilax dentata* Humb. & Bonpl. = *Smilax havanensis* Jacq.

*Smilax domingensis* Willd., Sp. Pl. 4: 783. 1806.

*Smilax domingensis* Willd. var. *microscola* B.L. Rob., Proc. Amer. Acad. Arts 35: 323. 1900.

- Smilax domingensis* Willd. var. *sagrana* A. DC. in A.L.P.P. de Candolle & A.C.P. de Candolle, Monogr. Phan. 1: 101. 1878 [as *sagraeana*].  
Distribution: Native to Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (Tortola), Mexico, and Central America.  
Common Names: Bejuco zarzaparrilla, Raíz de China, Zarzuela (Cuba), Bejuco chino, Bejuco de chivo, Donguey, Raíz de China (Dominican Republic), Boyau du diable, Racine salsepareille, Racine de salsepareille, Salsepareille (Haiti), Zarzaparrilla, Bejuco de membrillo, Raíz de zarzaparrilla (Puerto Rico).  
References: 2, 3, 5, 19, 28, 32, 61, 147.
- Smilax domingensis* Willd. var. *microscola* B.L. Rob. = *Smilax domingensis* Willd.
- Smilax domingensis* Willd. var. *sagrana* A. DC. = *Smilax domingensis* Willd.
- Smilax gracilior* Ferrufino & Greuter, Fl. Rep. Cuba, Ser. A. Pl. Vasc. 16(5): 16. 2010.  
Distribution: Endemic to West Indies; native to Bahamas and Cuba.  
References: 149, 623.
- Smilax guianensis* Vitman, Summa Pl. 5: 422. 1791.  
*Smilax macrophylla* Willd., Sp. Pl. 4: 786. 1806.  
*Smilax solanifolia* A. DC., Monogr. Phan. 1: 161. 1878.  
Distribution: Native to Lesser Antilles (Antigua, Dominica, Guadeloupe, Martinique, Saba, St. Eustatius, St. Lucia, St. Vincent) and northern South America (Guianas).  
Common Names: Basket vine, Boyau-chat, Boyau diable, Liane-boyau, Whist (Lesser Antilles).  
References: 1, 147.
- Smilax guianensis* Vitman var. *subarmata* O.E. Schulz = *Smilax coriacea* Spreng.
- Smilax hastata* Jacq., Enum. Syst. Pl. 33. 1760.  
Distribution: Endemic to Hispaniola.  
References: 5, 147.
- Smilax havanensis* Jacq., Enum. Syst. Pl. 33. 1760.  
*Smilax dentata* Humb. & Bonpl. ex Willd., Sp. Pl. 4: 774. 1806.  
*Smilax havanensis* Jacq. var. *armata* O.E. Schulz in I. Urban, Symb. Antill. 5: 41. 1904.  
*Smilax havanensis* Jacq. subvar. *dentata* (Humb. & Bonpl. ex Willd.) A.DC. in A.L.P.P. de Candolle & A.C.P. de Candolle, Monogr. Phan. 1: 123. 1878.  
*Smilax havanensis* Jacq. var. *ovata* (Duhamel) O.E. Schulz in I. Urban, Symb. Antill. 5: 41. 1904.  
*Smilax havanensis* Jacq. var. *ovata* (Duhamel) O.E. Schulz f. *inermis* O.E. Schulz in I. Urban, Symb. Antill. 5: 41. 1904.  
*Smilax havanensis* Jacq. var. *ovata* (Duhamel) O.E. Schulz f. *laevis* O.E. Schulz in I. Urban, Symb. Antill. 5: 41. 1904.  
*Smilax ovata* Duhamel, Traité Arbr. Arbust., nouv. ed., 1: 242. 1803.  
Distribution: Native to Bahamas, Cayman Islands, Cuba, and Hispaniola.  
Common Names: Chaney-vine, China-brier, Prickly green-brier, Saw-brier (Bahamas), Alambrillo, Bejuco, Bejuco agrío, Bejuco china, Bejuco chino, Bejuco de ñame, Rabo de gato, Raíz de China, Tocino, Zarzaparrilla, Zarzaparrilla de la tierra (Cuba), Bejuco chino, Bejuco de chivo, Donguey, Zarzaparrilla (Dominican Republic), Feuilles macaque, Liane séguine, Siguine, Tsiguine (Haiti).

- Smilax regelii* Killip & C.V. Morton, Publ. Carnegie Inst. Wash. 461(12): 272. 1936.  
Distribution: Exotic in Jamaica; native to Mexico and Central America.  
Common Name: Jamaican sarsaparilla (Jamaica).  
References: 2, 147.
- Smilax rotundifolia* Bello = *Smilax coriacea* Spreng.
- Smilax solanifolia* A. DC. = *Smilax guianensis* Vitman

*Smilax subaculeata* Spreng., Syst. Veg., ed. 16, 2: 102. 1825.

Distribution: Exotic in Jamaica; native to Colombia.

References: 30, 147.

*Smilax subarmata* O.E. Schulz = *Smilax coriacea* Spreng.

*Smilax triplinervia* Griseb. = *Smilax mollis* Humb. & Bonpl. ex Willd.

*Smilax viscifolia* Duhamel = *Smilax oblongata* Sw.

*Smilax viscifolia* sensu Griseb. = *Smilax canellifolia* Mill.

#### EXCLUDED SPECIES

*Smilax rotundifolia* L. was listed for St. Croix by Britton & P. Wilson, and for Martinique by Stehlé, however, the species is not known to occur in the region.

*Smilax walteri* Pursh, Fl. Amer. Sept. 1: 249. 1813 ["1814"].

Cited by Schulz (in I. Urban, Symb. Antill. 5: 25 1904) as occurring in Bahamas and Martinique, but not confirmed; the species otherwise known from United States.

## SOLANACEAE

by Sandra Knapp

Genera. Total: 24; native: 19; endemic: 4.

Taxa. Total: 186; native: 151; endemic: 102.

*Acnistus arborescens* (L.) Schltld., Linnaea 7: 67. 1832; *Atropa arborescens* L., Cent. Pl. 2: 10. 1756.

*Acnistus frutescens* Bello, Anales Soc. Esp. Hist. Nat. 10: 299. 1881.

Distribution: Native to Cuba, Hispaniola, Puerto Rico, Virgin Islands (Tortola), Lesser Antilles (Antigua, Barbados, Dominica, Grenada, Guadeloupe, Martinique, Montserrat, Saba, St. Lucia, St. Martin, St. Vincent), Mexico, Central America, and South America.

Common Names: Mata gallina (Dominican Republic), Bastard sirio, Hollow heart, Siyou, Tabak djab, Wild tobacco (Lesser Antilles).

References: 1, 3, 5, 7.

*Acnistus frutescens* Bello = *Acnistus arborescens* (L.) Schltld.

*Alkekengi procumbens* Moench = *Physalis pubescens* L.

*Aquartia aculeata* Jacq. = *Solanum tetramerum* Dunal

*Aquartia microphylla* Lam. = *Solanum microphyllum* (Lam.) Dunal

*Atropa arborescens* L. = *Acnistus arborescens* (L.) Schltld.

*Atropa physalodes* L. = *Nicandra physalodes* (L.) Gaertn.

*Bissea myrtifolia* (Griseb.) V.R. Fuentes = *Henoonia myrtifolia* Griseb.

*Browallia americana* L., Sp. Pl. 631. 1753.

*Browallia demissa* L., Sp. Pl. 631. 1753.

Distribution: Native to Cuba, Hispaniola, Jamaica, Puerto Rico, Lesser Antilles (Dominica, Grenada, Guadeloupe, Martinique, St. Lucia, St. Vincent), and South America.

Common Names: Pensamiento el pobre (Dominican Republic), Jamaican forget-me-not (Jamaica), Grande violette, Ne-m'oubliez-pas (Lesser Antilles), Catalina, Margarita morada, Pensamiento de pobre, Teresita (Puerto Rico).

References: 1, 2, 3, 5, 7, 150, 224.

Note: Considered exotic and invasive in Cuba by CeNBIO.

*Browallia demissa* L. = *Browallia americana* L.

*Brugmansia arborea* (L.) Lagerh., Bot. Jahrb. Syst. 20: 663. 1895;

*Datura arborea* L., Sp. Pl. 179. 1753; *Brugmansia arborea* (L.) Steud., Nomencl. Bot., ed. 2, 1: 230. 1840, *nom. illeg.*

Distribution: Exotic in West Indies; cultivated in Puerto Rico and the Virgin Islands.

References: 61, 151.

*Brugmansia candida* Pers., Syn. Pl. 1: 216. 1805; *Datura candida* (Pers.) Stafford, J. Wash. Acad. Sci. 11: 182. 1921.

Distribution: Exotic in Bahamas, Cuba, Hispaniola, Jamaica, Puerto Rico, and Virgin Islands.

Common Names: Campana de Paris (Dominican Republic); Angel's trumpet (Jamaica), Cornucopia, Floripondio (Puerto Rico), Angel's trumpet (Virgin Islands).

References: 2, 3, 7, 45, 58, 224.

Note: Considered an invasive species by CeNBIO.

*Brugmansia x cubensis* (V.R. Fuentes) V.R. Fuentes, Revista Jard. Bot. Nac. Univ. Habana 11(1): 113. 1993 ["1990"]; *Datura cubensis* V.R. Fuentes, Revista Jard. Bot. Nac. Univ. Habana 2(1): 4.

1981; *Brugmansia x cubensis* (V.R. Fuentes) J.M.H. Shaw, New Plantsman 6: 150. 1999.

Distribution: Endemic to Cuba.

Reference: 3.

*Brugmansia sanguinea* (Ruiz & Pav.) D. Don, Brit. Fl. Gard., ser. 23: pl. 272. 1835; *Datura sanguinea* Ruiz & Pav., Fl. Peruv. 2: 15. 1799.

Distribution: Exotic in Cuba.

Reference: 3.

*Brugmansia suaveolens* (Humb. & Bonpl. ex Willd.) Bercht. &

C. Presl, Prir. Rostlin 1: Solanac. 45. 1823; *Datura suaveolens* Humb. & Bonpl. ex Willd., Enum. Pl. 1: 227. 1809.

Distribution: Exotic in Cuba, Hispaniola, Jamaica, Lesser Antilles (Saba), and Puerto Rico.

Common Names: Árbol de la bibijagua, Campana, Flor de campana, Floripondio, Floripondio blanco (Cuba), Angel's trumpet (Jamaica, Lesser Antilles), Floripondio, Campana, Campana de paris, Campana del río (Puerto Rico), Moon plant (Virgin Islands).

References: 2, 3, 4, 7, 58, 61, 131, 132, 220, 224, 252.

Note: Considered an invasive species by CeNBIO.

*Brunfelsia abbottii* Leonard = *Brunfelsia americana* L.

*Brunfelsia acunae* Hadač, Folia Geobot. Phytotax. 5: 429. 1970.

Distribution: Endemic to Cuba.

References: 74, 368.

*Brunfelsia americana* L., Sp. Pl. 191. 1753; *Brunfelsiopsis americana* (L.) Krug & Urb., Notizbl. Königl. Bot. Gart. Berlin 1: 325. 1897.

*Brunfelsia abbottii* Leonard, J. Wash. Acad. Sci. 17: 71. 1927.

Distribution: Endemic to Greater Antilles; native to Cuba, Hispaniola Puerto Rico, and Virgin Islands (St. Croix, St. John, St. Thomas, Tortola, Virgin Gorda); exotic in Lesser Antilles (Antigua, Dominica, Guadeloupe, Martinique, Montserrat, St. Barthélemy, St. Eustatius, St. Kitts, St. Lucia, St. Vincent) and Central America.

Common Names: Aguacero, Dama de noche (Dominican Republic), Manchú (Haiti), Fleur-trompette, Galant de nuit, Lady of the night (Lesser Antilles), Aguacero, Alhelí falso, Trompeta de ángel, Tulipán sencillo (Puerto Rico).

References: 1, 3, 5, 7, 58, 61, 123, 131, 323, 368.

*Brunfelsia cestroides* A. Rich. in R. de la Sagra, Hist. Fis. Cuba, Bot. 11: 151. 1850.

Distribution: Endemic to Cuba.

Common Names: Lirio San Pedro, Lirio de costa, Lila de las antillas, Galán morado, Galán de noche morado, Galán de costa (Cuba).

References: 3, 368.

*Brunfelsia clarensis* Britton & P. Wilson, Mem. Torrey Bot. Club 16: 102. 1920.

Distribution: Endemic to Cuba.

References: 3, 156, 368.

Note: Considered threatened by the Red List of the Vascular Flora of Cuba (39).

- Brunfelsia densifolia* Krug & Urb., Notizbl. Königl. Bot. Gart. Berlin 1: 324. 1897.  
Distribution: Endemic to Puerto Rico.  
References: 58, 368.
- Brunfelsia faucettii* Urb. = *Brunfelsia maliformis* Urb.
- Brunfelsia grisebachii* Amshoff, Contr. Ocas. Mus. Hist. Nat. Colegio "De La Salle" 15: 6. 1956.  
Distribution: Endemic to Cuba.  
References: 3, 368.
- Brunfelsia harrisii* Urb. = *Brunfelsia jamaicensis* (Benth.) Griseb
- Brunfelsia jamaicensis* (Benth.) Griseb., Fl. Brit. W. I. 432. 1862.  
*Brunfelsia harrisii* Urb., Symb. Antill. 3: 373. 1903.  
Distribution: Endemic to Jamaica; exotic in Cuba.  
Common Names: Galán de noche, Jazmín caballero de noche, Jazmín de clavo (Cuba).  
References: 2, 30, 132, 427.  
Note: Considered vulnerable by the IUCN Red List of Threatened Species.
- Brunfelsia lactea* Krug & Urb., Notizbl. Königl. Bot. Gart. Berlin 1: 323. 1897.  
Distribution: Endemic to Puerto Rico.  
Common Name: Vega blanca (Puerto Rico).  
References: 58, 131, 368.
- Brunfelsia linearis* Ekman ex Urb., Repert. Spec. Nov. Regni Veg. 21: 223. 1925.  
Distribution: Endemic to Cuba.  
References: 3, 368.  
Note: Considered vulnerable by the Red List of the Vascular Flora of Cuba (39).
- Brunfelsia longituba* Lem., Jard. Fleur. 4(Misc.): 61. 1854.  
Distribution: Endemic to Cuba.  
References: 3, 152.
- Brunfelsia macroloba* Urb., Symb. Antill. 9: 252. 1924.  
Distribution: Endemic to Cuba.  
References: 3, 30, 368.
- Brunfelsia maliformis* Urb., Symb. Antill. 3: 372. 1903.  
*Brunfelsia faucettii* Urb., Symb. Antill. 3: 371. 1903.  
Distribution: Endemic to Jamaica.  
References: 2, 30, 368.
- Brunfelsia membranacea* Urb., Symb. Antill. 5: 492. 1908.  
Distribution: Endemic to Jamaica.  
References: 2, 368, 427.  
Note: Considered vulnerable by the IUCN Red List of Threatened Species.
- Brunfelsia nitida* Benth. in A.L.P.P. de Candolle, Prodr. 10: 201. 1846.  
*Brunfelsia parvifolia* A. Rich. in R. de la Sagra, Hist. Fis. Cuba, Bot. 11: 151. 1850.  
Distribution: Endemic to Cuba; exotic in Hispaniola and Puerto Rico.  
Common Names: Galán de noche, Galán de sabana, Jazmín de clavo, Lirio acuático (Cuba), Dama de noche, Jazmín de Calcuta (Dominican Republic), Jasmin des Alpes (Haiti).  
References: 3, 5, 7, 160, 252, 368.
- Brunfelsia parvifolia* A. Rich. = *Brunfelsia nitida* Benth.
- Brunfelsia picardae* Krug & Urb., Notizbl. Königl. Bot. Gart. Berlin 1: 321. 1897.  
Distribution: Endemic to Hispaniola (Haiti).  
References: 5, 7, 368.
- Brunfelsia plicata* Urb., Symb. Antill. 6: 39. 1909.  
Distribution: Endemic to Jamaica.  
References: 2, 30, 368.
- Brunfelsia pluriflora* Urb., Symb. Antill. 9: 252. 1924.  
Distribution: Endemic to Cuba.  
References: 3, 30, 368.
- Brunfelsia portoricensis* Krug & Urb., Notizbl. Königl. Bot. Gart. Berlin 1: 322. 1897.  
Distribution: Endemic to Puerto Rico.  
References: 58, 368, 427.  
Note: Considered endangered by the IUCN Red List of Threatened Species.
- Brunfelsia purpurea* Griseb., Pl. Wright. 2: 523. 1862.  
Distribution: Endemic to Cuba.  
References: 3, 368.
- Brunfelsia shaferi* Britton & P. Wilson, Mem. Torrey Bot. Club 16: 102. 1920.  
Distribution: Endemic to Cuba.  
References: 3, 156, 368.
- Brunfelsia sinuata* A. Rich. in R. de la Sagra, Hist. Fis. Cuba, Bot. 11: 151. 1850.  
Distribution: Endemic to Cuba.  
References: 3, 368.
- Brunfelsia splendida* Urb., Symb. Antill. 5: 491. 1908.  
Distribution: Endemic to Jamaica.  
References: 2, 368, 427.  
Note: Considered vulnerable by the IUCN Red List of Threatened Species.
- Brunfelsia undulata* Sw., Prodr. 90. 1788.  
Distribution: Endemic to Jamaica; cultivated in Hispaniola and Virgin Islands (Tortola).  
References: 2, 7, 368.
- Brunfelsiopsis americana* (L.) Krug & Urb. = *Brunfelsia americana* L.
- Calibrachoa parviflora* (Juss.) D'Arcy, Phytologia 67: 465. 1989;  
*Petunia parviflora* Juss., Ann. Mus. Natl. Hist. Nat. 2: 216. 1803.  
Distribution: Exotic in Cuba; native to Mexico and North America.  
References: 3, 224.  
Note: Considered an invasive species by CeNBIO.
- Capsicum annuum* L., Sp. Pl. 188. 1753.  
*Capsicum annuum* L. var. *glabriusculum* (Dunal) Heiser & Pickersgill, Bailey 19: 156. 1975.

- Melananthus cubensis* Urb., Repert. Spec. Nov. Regni Veg. 18: 23. 1922.
- Distribution: Endemic to Cuba.
- Reference: 3.
- Nicandra physalodes* (L.) Gaertn., Fruct. Sem. Pl. 2: 237. 1791; *Atropa physalodes* L., Sp. Pl. 181. 1753.
- Distribution: Exotic in Hispaniola.
- References: 5, 7, 150.
- Nicotiana alata* Link & Otto, Icon. Pl. Rar. 1: 63. 1828.
- Distribution: Exotic in Jamaica.
- References: 2, 150.
- Nicotiana glauca* Graham, Edinburgh New Philos. J. 5: 175. 1828.
- Distribution: Exotic in Cuba, Jamaica, and Lesser Antilles (Barbados, Martinique).
- References: 1, 3, 224.
- Note: Considered an invasive species by CeNBIO.
- Nicotiana lyrata* Kunth = *Nicotiana repanda* Willd. ex Lehm.
- Nicotiana plumbaginifolia* Viv., Elench. Pl. 26. 1802.
- Distribution: Native to Cuba, Jamaica, North America, Mexico, Central America, and South America.
- Common Name: Tabaco cimarrón (Cuba).
- References: 2, 3, 224.
- Note: Considered exotic and invasive in Cuba by CeNBIO.
- Nicotiana repanda* Willd. ex Lehm., Gen. Nicot. Hist. 40. 1818.

- Nicotiana lyrata* Kunth in F.W.H.A. von Humboldt, A.J.A. Bonpland & C.S. Kunth, Nov. Gen. Sp. (quarto ed.) 3: 4. 1818.  
Distribution: Native to Cuba, North America, and Mexico.  
Common Name: Tabaco cimarrón (Cuba).  
References: 3, 224.  
Note: Considered exotic and invasive in Cuba by CeNBIO.
- Nicotiana tabacum* L., Sp. Pl. 180. 1753.  
Distribution: Exotic in Bahamas, Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands, and Lesser Antilles (Antigua, Barbados, Dominica, Guadeloupe, Martinique, Montserrat, Redonda, St. Barthélemy, St. Lucia, St. Vincent).  
Common Names: Tobacco (Bahamas), Tabaco (Cuba), Tobaco, Tabaco de hoja de lanza, Tobaco de olor (Dominican Republic), Herbe à la reine, Tabac, Tabac macaque, Tabac mannoque (Haiti), Tobacco (Jamaica), Tabaco (Puerto Rico), Tobacco (Virgin Islands).  
References: 1, 2, 3, 5, 7, 45, 58, 61, 224, 323.  
Note: Considered an invasive species by CeNBIO.
- Nicotiana urens* L. = *Wigandia pruritiva* Spreng. (Boraginaceae)
- Petunia axillaris* (Lam.) Britton, Sterns & Poggenb., Prelim. Cat. 38. 1888.  
Distribution: Exotic in Cuba, Puerto Rico, and Virgin Islands.  
Common Names: Petunia (Dominican Republic), Petunia blanca (Puerto Rico), White petunia (Virgin Islands).  
References: 3, 131.
- Petunia hybrida* Hort. ex E. Vilm., Fl. Pleine Terre 1: 615. 1863.  
*Petunia violacea* sensu authors, non Lindl., Edwards's Bot. Reg. 19: t. 1626. 1833.  
Distribution: Exotic in Cuba, Hispaniola, Puerto Rico, and Virgin Islands.  
Common Names: Petunia (Cuba), Petunia morada (Puerto Rico).  
References: 7, 131, 132.
- Petunia parviflora* Juss. = *Calibrachoa parviflora* (Juss.) D'Arcy
- Petunia violacea* sensu authors = *Petunia hybrida* Hort. ex E. Vilm.
- Physalis angulata* L., Sp. Pl. 183. 1753.  
*Physalis ramosissima* Mill., Gard. Dict., ed. 8. 1768; *Physalis angulata* L. var. *ramosissima* (Mill.) O.E. Schulz in I. Urban, Symb. Antill. 6: 117. 1909; *Physalis angulata* L. f. *ramosissima* (Mill.) Stehlé, Bull. Soc. Bot. France 109: 28. 1962.
- Physalis linkiana* sensu Griseb., Fl. Brit. W. I. 436. 1862, non Nees.  
Distribution: Native to Bahamas, Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (Anegada, Guana, St. Croix, St. John, St. Thomas, Tortola, Virgin Gorda), Lesser Antilles (Antigua, Barbados, Dominica, Grenada, Grenadines, Guadeloupe, Martinique, St. Kitts, St. Lucia, St. Vincent), North America, Mexico, Central America, and South America.  
Common Names: Cut-leaved ground-cherry, Poppers (Bahamas), Farolito, Huevo de gato, Vejiga de perro (Cuba), Herbe à cloques, Maman laman, Maman lanman (Haiti), Wild gouma, Winter cherry (Jamaica), Poc (Lesser Antilles), Alquequenje, Ground cherry, Sacabuche (Puerto Rico).  
References: 1, 2, 3, 4, 5, 7, 19, 45, 58, 61, 75, 150, 151, 301, 340.

- Solanum nigrescens* M. Martens & Galeotti, Bull. Acad. Roy. Sci. Bruxelles 12(1): 140. 1845.
- Solanum approximatum* Bitter, Repert. Spec. Nov. Regni Veg. 12: 86. 1913.
- Distribution: Native to Hispaniola, Puerto Rico, Lesser Antilles (St. Lucia, St. Vincent), United States, Mexico, Central America, and South America.
- References: 7, 30, 58, 223.
- Solanum nigrum* L. var. *americanum* (Mill.) O.E. Schulz = *Solanum americanum* Mill.
- Solanum nigrum* L. var. *virginicum* sensu Sw. = *Solanum americanum* Mill.
- Solanum nigrum* sensu authors = *Solanum americanum* Mill.
- Solanum nodiflorum* Jacq. = *Solanum americanum* Mill.
- Solanum nollanum* Britton = *Solanum quitoense* Lam.
- Solanum nudum* Humb. & Bonpl. ex Dunal, Solan. Syn. 20. 1816.
- Solanum antillarum* O.E. Schulz in I. Urban, Symb. Antill. 6: 164. 1909.
- Solanum diphyllum* sensu Lunan, Hort. Jamaic. 2: 9. 1814, non L.
- Solanum micranthum* Willd. in Roem. & Schult., Syst. Veg. 1: 710. 1817.
- Solanum parcebarbatum* Bitter, Repert. Spec. Nov. Regni Veg. 18: 51. 1922.
- Solanum triste* sensu authors, non Jacq.
- Distribution: Native to Cuba, Hispaniola, Jamaica, Puerto Rico, Lesser Antilles (Grenada, St. Vincent), Trinidad, Mexico, and Central America.
- Common Names: Arito, Mantequita (Dominican Republic).
- References: 1, 2, 3, 7, 58, 102.
- Solanum orthacanthum* O.E. Schulz in I. Urban, Symb. Antill. 7: 537. 1913. Type. Dominican Republic, Azua. *Fuertes 1890* (Lectotype: A) designated by Knapp (453).
- Solanum coelocalyx* Alain, Phytologia 22: 170. 1971.
- Distribution: Endemic to Hispaniola (Dominican Republic).
- References: 7, 30, 151, 152, 156, 289, 453.
- Solanum pachyneuroides* Amshoff, Acta Bot. Neerland. 3: 418. 1954.
- Type. Cuba, Punta Gorda. *Alain et al. 912* (Holotype: LS; Isotype: US).
- Distribution: Endemic to Cuba.
- References: 3, 289, 453.
- Solanum pachyneurum* O.E. Schulz in I. Urban, Symb. Antill. 6: 195. 1909. Type. Cuba, Santiago. *Linden 1944* (Lectotype: K) designated by Knapp (453).
- Solanum pachyneurum* O.E. Schulz var. *glabrescens* O.E. Schulz in I. Urban, Symb. Antill. 6: 195. 1909.
- Distribution: Endemic to Cuba.
- References: 3, 30, 453.
- Solanum pachyneurum* O.E. Schulz var. *glabrescens* O.E. Schulz = *Solanum pachyneurum* O.E. Schulz
- Solanum parcebarbatum* Bitter = *Solanum nudum* Humb. & Bonpl. ex Dunal
- Solanum pauciflorum* Vahl = *Lycianthes pauciflora* (Vahl) Bitter
- Solanum persicifolium* Dunal = *Solanum bahamense* L.

- Solanum persicifolium* Dunal var. *angustifolium* Dunal = *Solanum bahamense* L.
- Solanum persicifolium* Dunal var. *belloi* O.E. Schulz = *Solanum bahamense* L.
- Solanum persicifolium* Dunal var. *parvifolium* (Vahl) O.E. Schulz = *Solanum bahamense* L.
- Solanum polyacanthos* Lam., Tabl. Encycl. 2: 23. 1794.
- Solanum polycanthos* Lam. var. *oreophilum* O.E. Schulz in I. Urban, Symb. Antill. 6: 200. 1909.
- Solanum tortipes* Urb. & Ekman, Ark. Bot. 21A(5): 59. 1927.  
Distribution: Endemic to Hispaniola.  
Common Names: Doncella, Mala mujer (Dominican Republic), Bonbon capitaine, Bonbon capitaine, Lanman à graines rouges, Panzou (Haiti).  
References: 5, 7, 30.
- Solanum polycanthos* Lam. var. *oreophilum* O.E. Schulz = *Solanum polycanthos* Lam.
- Solanum polygamum* Vahl, Symb. Bot. 3: 39. 1794. Type. U.S. Virgin Islands, St. Croix. *West s.n.* (Holotype: C).
- Solanum hirtum* sensu F. Borgesen & O. Paulsen, Bot. Tidsskr. 22: 110. 1898, non Vahl.
- Solanum inclusum* Griseb. var. *albiflorum* Eggers, Fl. St. Croix 77. 1879.
- Solanum polygamum* Vahl var. *thomae* Kuntze, Revis. Gen. Pl. 2: 455. 1891.
- Solanum tomentosum* sensu Griseb., Syst. Veg. Karaiben 243. 1857, non L.  
Distribution: Endemic to Greater Antilles; native to Hispaniola, Puerto Rico, and Virgin Islands (Guana, St. Croix, St. John, St. Thomas, Tortola, Virgin Gorda).  
References: 7, 323, 289.
- Solanum polygamum* Vahl var. *thomae* Kuntze = *Solanum polygamum* Vahl
- Solanum polygamum* sensu Griseb. = *Solanum boldoense* Dunal
- Solanum portoricense* Dunal = *Solanum jamaicense* Mill.
- Solanum pseudosaponaceum* Blume = *Solanum torvum* Sw.
- Solanum pterocaulon* Dunal = *Solanum americanum* Mill.
- Solanum punctulatum* Dunal in A.L.P.P. de Candolle, Prodr. 13(1): 122. 1852. Type. Jamaica. *Wiles s.n.* (Holotype: G).  
Distribution: Endemic to Jamaica.  
References: 2, 289, 453.
- Solanum purpuratum* Bitter = *Solanum americanum* Mill.
- Solanum pyrifolium* Lam., Tabl. Encycl. 2: 16. 1794. Type. “Martinique” Hispaniola?. *Martins s.n.* Holotype: P-Lam).
- Solanum domingense* Dunal in A.L.P.P. de Candolle, Prodr. 13(1): 80. 1852.  
Distribution: Endemic to Hispaniola; reported for Puerto Rico in error.  
References: 7, 30, 32, 289, 453.
- Solanum quitoense* Lam., Tabl. Encycl. 2: 16. 1794.
- Solanum nollanum* Britton, Sci. Surv. Porto Rico & Virgin Islands 6: 561. 1930.
- Solanum quitoense* Lam. var. *septentrionale* R.E. Schult. & Cuatrec., Bot. Mus. Leafl. 16: 100. 1953; *Solanum quitoense* Lam. f. *septentrionale* (R.E. Schult. & Cuatrec.) D’Arcy, Phytologia 25: 116. 1973.  
Distribution: Cultivated in Cuba; escaped in Puerto Rico and Central America; native to South America.  
References: 3, 58, 289.
- Solanum quitoense* Lam. f. *septentrionale* (R.E. Schult. & Cuatrec.) D’Arcy = *Solanum quitoense* Lam.
- Solanum quitoense* Lam. var. *septentrionale* R.E. Schult. & Cuatrec. = *Solanum quitoense* Lam.
- Solanum racemosum* Jacq. = *Solanum bahamense* L.
- Solanum racemosum* Jacq. var. *igneum* (L.) O.E. Schulz = *Solanum bahamense* L.
- Solanum radula* sensu A. Rich. = *Solanum umbellatum* Mill.
- Solanum radula* sensu Dunal = *Solanum rugosum* Dunal
- Solanum reticulatum* Dunal = *Solanum crotonoides* Lam.
- Solanum retrofractum* Vahl = *Lycianthes stellata* (Jacq.) Bitter
- Solanum retrofractum* Vahl var. *acuminatum* Dunal = *Lycianthes stellata* (Jacq.) Bitter
- Solanum riedlei* Dunal = *Solanum schlechtendalianum* Walp.
- Solanum roquesianum* Descourt. = *Solanum torvum* Sw. var. *torvum*
- Solanum rostratum* Dunal, Hist. Nat. Solanum 234, tab. 24. 1813.  
Distribution: Exotic in Virgin Islands (St. John).  
Reference: 254.
- Solanum rugosum* Dunal in A.L.P.P. de Candolle, Prodr. 13(1): 108. 1852.
- Solanum asperum* sensu Vahl, Eclog. Amer. 2: 17. 1798, non Rich.
- Solanum radula* sensu Dunal in A.L.P.P. de Candolle, Prodr. 13(1): 107. 1852, non Vahl.  
Distribution: Native to Cuba, Hispaniola, Puerto Rico, Lesser Antilles (Dominica, Guadeloupe, Martinique), Central America, and South America.  
Common Names: Tabacón (Dominican Republic), Sepí, Tabacón áspero (Puerto Rico).  
References: 1, 3, 5, 7, 30.
- Solanum sagramum* A. Rich. = *Solanum glaucescens* Zucc.
- Solanum salviifolium* Lam. = *Solanum schlechtendalianum* Walp.
- Solanum scandens* Sessé & Moc. = *Solanum boldoense* Dunal
- Solanum schlechtendalianum* Walp., Repert. Bot. Syst. 3: 61. 1844.
- Solanum edwardii* Kunth & C.D. Bouché, Ind. Sem. (Berlin) 1846: 12. 1846.
- Solanum fragile* C. Wright ex Griseb., Cat. Pl. Cub. 189. 1866.
- Solanum salviifolium* Lam., Encycl. 2: 14. 1786.
- Solanum riedlei* Dunal in A.L.P.P. de Candolle, Prodr. 13(1): 109. 1852.  
Distribution: Native to Cuba, Mexico, Central America, and South America; reported for Puerto Rico, probably in error.  
References: 3, 151, 160.
- Solanum schulzianum* Urb., Symb. Antill. 5: 488. 1908. Type. Dominican Republic. Eggers 2208 (Lectotype: K) designated by Knapp (453).
- Solanum abbottii* Leonard, J. Wash. Acad. Sci. 14: 415. 1924.  
Distribution: Endemic to Hispaniola (Dominican Republic).  
Common Name: Berenjena de gallina (Dominican Republic).  
References: 7, 289, 453.
- Solanum seafortianum* Andrews, Bot. Repos. 8: t. 504. 1808.
- Solanum seafortianum* Andrews var. *disjunctum* O.E. Schulz in I. Urban, Symb. Antill. 6: 169. 1909.  
Distribution: Exotic in Cuba, Hispaniola, Puerto Rico, Virgin Islands (Virgin Gorda), Lesser Antilles (Barbados, Dominica, Guadeloupe, Martinique, Montserrat, Saba, St. Lucia, St. Vincent), and Central America.  
Common Names: Jazmín de Italia (Cuba), Jazmín de Italia, Jazmín italiano, Lila(s) (Dominican Republic), Glycine, St. Vincent lilac (Lesser Antilles), Falsa belladona, Jazmín de Italia (Puerto Rico).  
References: 1, 3, 5, 7, 32, 58, 131, 150, 224, 323.  
Note: Considered an invasive species by CeNBIO.

- Solanum seforthianum* Andrews var. *disjunctum* O.E. Schulz = *Solanum seforthianum* Andrews
- Solanum selleanum* Urb. & Ekman, Ark. Bot. 21A(5): 60. 1927. Type. Haiti, Massif de la Selle. *Ekman H-3127* (Lectotype: s) designated by Knapp (453).  
Distribution: Endemic to Hispaniola.  
References: 7, 453.  
Note: Known only from two collections.
- Solanum sisymbriifolium* Lam., Tabl. Encycl. 2: 25. 1794.  
Distribution: Exotic in Cuba and Lesser Antilles (Martinique); native to South America.  
References: 1, 224, 289.  
Note: Considered an invasive species by CeN BIO.
- Solanum speciosum* Dunal = *Lycianthes pauciflora* (Vahl) Bitter
- Solanum squarrosus* O.E. Schulz = *Solanum microphyllum* (Lam.) Dunal
- Solanum stellatum* Jacq. = *Lycianthes stellata* (Jacq.) Bitter
- Solanum stellatum* Jacq. var. *puberulum* O.E. Schulz = *Lycianthes stellata* (Jacq.) Bitter
- Solanum subarmatum* Willd. = *Solanum bahamense* L.
- Solanum sylvaticum* sensu Schldl. = *Lycianthes lenta* (Cav.) Bitter
- Solanum tampicense* Dunal in A.L.P.P. de Candolle, Prodr. 13(1): 284. 1852.  
Distribution: Native to Cayman Islands, Cuba, United States (FL), Mexico, and Central America.  
Reference: 289.
- Solanum testaceum* O.E. Schulz = *Lycianthes testacea* (O.E. Schulz) S. Knapp
- Solanum tetramerum* Dunal & A.D.C. in A.L.P.P. de Candolle, Prodr. 13(1): 681. 1852. Type. Cuba, Guantánamo. *Linden 1986* (Holotype: G; Isotypes: BM, K, MO).
- Aquartia aculeata* Jacq., Enum. Syst. Pl. 12. 1760; *Solanum aculeatum* (Jacq.) O.E. Schulz in I. Urban, Symb. Antill. 6: 196. 1909.
- Solanum aquartia* Dunal, Hist. Nat. Solanum 187. 1813, *nom. illeg.*
- Solanum inclusum* Griseb., Fl. Brit. W. I. 441. 1862.
- Solanum grisebachianum* Kuntze, Revis. Gen. Pl. 2: 455. 1891.
- Solanum polygamum* sensu Griseb., Fl. Brit. W. I. 442. 1862, non Vahl.
- Solanum miragoanae* Urb., Ark. Bot. 22A(10): 50. 1929.
- Solanum aculeatum* (Jacq.) O.E. Schulz var. *fuertesii* O.E. Schulz in I. Urban, Symb. Antill. 7: 370. 1912; *Solanum aquartia* Dunal var. *fuertesii* (O.E. Schulz) Liogier, Phytologia 70: 150. 1991.
- Solanum aculeatum* (Jacq.) O.E. Schulz var. *luxurians* O.E. Schulz, Repert. Spec. Nov. Regni Veg. 32: 91. 1933; *Solanum aquartia* Dunal var. *luxurians* (O.E. Schulz) Liogier, Phytologia 70: 150. 1991.
- Distribution: Endemic to Greater Antilles; native to Cuba, Hispaniola, and Jamaica.  
Common Name: Z'yeux bourrique (Haiti).  
References: 2, 3, 7, 152, 453.
- Solanum tomentosum* sensu Griseb. = *Solanum polygamum* Vahl
- Solanum tortipes* Urb. & Ekman = *Solanum polycanthos* Lam.
- Solanum torvum* Sw., Prodr. 47. 1788.
- Solanum ficifolium* Ortega, Nov. Pl. Descr. Dec. 9: 116. 1800.
- Solanum inclusum* sensu A. Stahl, Estud. Fl. Puerto Rico 6: 133. 1888, non Griseb.
- Solanum maccai* Dunal ex Poir. in J.B.A.P.M. de Lamarck, Encycl. Suppl. 3: 771. 1814.
- Solanum pseudosaponaceum* Blume, Bijdr. Fl. Ned. Ind. 13: 702. 1826.
- Solanum roquesianum* Descourt., Fl. Antill. 3: 167. 1827.
- Solanum torvum* Sw. var. *sinuatolobatum* Kuntze, Revis. Gen. Pl. 2: 455. 1891.
- Solanum torvum* Sw. var. *daturifolium* (Dunal) O.E. Schulz in I. Urban, Symb. Antill. 6: 236. 1909.  
Distribution: Native to Bahamas, Cayman Islands, Hispaniola, Puerto Rico, Virgin Islands (Guana, St. Croix, St. John, St. Thomas, Tortola, Virgin Gorda), Lesser Antilles (Antigua, Barbados, Dominica, Grenada, Grenadines, Guadeloupe, Martinique, Montserrat, Saba, St. Kitts, St. Lucia, St. Martin, St. Vincent), Mexico, Central America, and South America.  
Common Names: Bushy white solanum (Bahamas), Pendejera, Penciencia, Picon, Prendera (Cuba), Berenjena cimarrona, Berenjena de gallina, Berenjenita, Tabacón (Dominican Republic), Zamorette (Haiti), Gully bean, Susumber, Turkey berry (Jamaica), Bâtard balengène, Bérangène dia, Boo, Quashy, Turkey berry, Wild egg plant (Lesser Antilles), Berenjena cimarrona (Puerto Rico), Turkey berry (Virgin Islands).  
References: 7, 30, 40, 45, 58, 61, 123, 131, 132, 150, 210.
- Solanum torvum* Sw. var. *daturifolium* (Dunal) O.E. Schulz = *Solanum torvum* Sw.
- Solanum torvum* Sw. var. *sinuatolobatum* Kuntze = *Solanum torvum* Sw.
- Solanum toxicarium* Rich. = *Solanum macrocarpum* L.
- Solanum triste* Jacq., Enum. Syst. Pl. 15. 1760.
- Solanum cataractae* Britton in R.E.D. Baker & N.W. Simmonds, Fl. Trinidad & Tobago 2(4): 267. 1953.  
Distribution: Native to Lesser Antilles (Antigua, Barbados, Dominica, Grenada, Grenadines, Guadeloupe, Martinique, Montserrat, Saba, St. Kitts, St. Lucia, St. Martin, St. Vincent), Trinidad, and South America.  
References: 1, 30, 103, 151.
- Solanum triste* sensu author = *Solanum nudum* Humb. & Bonpl. ex Dunal
- Solanum troyanum* Urb., Symb. Antill. 5: 487. 1908. Type. Jamaica, Mt. Diablo. *Harris 9000* (Lectotype: BM) designated by Knapp (372).  
Distribution: Endemic to Jamaica.  
References: 2, 289, 372.
- Solanum tuberosum* L., Sp. Pl. 185. 1753.  
Distribution: Cultivated throughout the West Indies; recorded for Cayman Islands, Cuba, Hispaniola, Jamaica, and Puerto Rico.  
Common Names: Papa, Patata (Cuba), Papa (Dominican Republic), Parmentière, Pomme de terre, Pomme té, Prome té (Haiti), Irish potato (Jamaica), Papa, Potato (Puerto Rico).  
References: 2, 7, 123, 131, 150.
- Solanum umbellatum* Mill., Gard. Dict., ed. 8. 1768.
- Solanum asperum* sensu Dunal in A.L.P.P. de Candolle, Prodr. 13(1): 106. 1852, non Vahl.
- Solanum callicarpifolium* sensu Griseb., Fl. Brit. W. I. 438. 1862, non Kunth & C.D. Bouché.
- Solanum cortex-virens* Dunal in A.L.P.P. de Candolle, Prodr. 13(1): 372. 1852.
- Solanum radula* sensu A. Rich. in R. de la Sagra, Hist. Fis. Cuba, Bot. 11: 122. 1850, non Vahl.  
Distribution: Native to Cuba, Hispaniola, Jamaica, Mexico, Central America, and South America.  
Common Name: Friega platos (Dominican Republic).  
References: 2, 3, 5, 7.
- Solanum uniflorum* Dunal ex Poir. = *Lycianthes fugax* (Jacq.) Bitter
- Solanum uniflorum* Dunal ex Poir. var. *berteroanum* (Dunal) O.E. Schulz = *Lycianthes fugax* (Jacq.) Bitter

*Solanum urens* Dunal in A.L.P.P. de Candolle, Prodr. 13(1): 311. 1852.

Type. St. Vincent. *Anderson s.n.* (Holotype: G-DC).

Distribution: Endemic to Lesser Antilles (St. Vincent).

References: 1, 453.

*Solanum vacciniifolium* Dunal = *Solanum havanense* Jacq.

*Solanum varginstonicum* Buc'hoz = *Solanum bahamense* L.

*Solanum verbascifolium* L. = *Solanum donianum* Walp.

*Solanum verbascifolium* sensu authors = *Solanum erianthum* D. Don

*Solanum verbascifolium* sensu Britton & Millsp. = *Solanum erianthum* D. Don

*Solanum verbascifolium* L. var. *adulterinum* G. Don = *Solanum erianthum* D. Don

*Solanum virgatum* Lam. = *Lycianthes virgata* (Lam.) Bitter

*Solanum virgatum* Lam. var. *caracasenum* O.E. Schulz = *Lycianthes virgata* (Lam.) Bitter

*Solanum virgatum* Lam. var. *lentum* (Cav.) O.E. Schulz = *Lycianthes lenta* (Cav.) Bitter

*Solanum virgatum* Lam. var. *tomentosum* Dunal = *Lycianthes virgata* (Lam.) Bitter

*Solanum volubile* Sw., Fl. Ind. Occid. 1: 458. 1797.

Distribution: Native to Hispaniola, Tobago, Trinidad, Nicaragua, Nicaragua, Costa Rica, Colombia, and Venezuela.

References: 154, 289.

*Solanum wendlandii* Hook. f., Bot. Mag. 113: t. 6914. 1887.

Distribution: Exotic in Cuba, Hispaniola, Jamaica, Puerto Rico, and Margarita.

Common Names: Jazmín de Costa Rica, Mejicana, Reina de las flores (Cuba), Brisa de la mañana (Dominican Republic), Privy vine (Jamaica), Campana de pascua, Flor de la mañana, Papa aérea (Puerto Rico).

References: 2, 3, 7, 32, 323.

*Solanum willdenovianum* G. Don = *Solanum jamaicense* Mill.

*Solanum woodburyi* R.A. Howard, J. Arnold Arbor. 47: 138. 1966.

Type. Puerto Rico, Luquillo mts. *Howard & Taylor 15692*

(Holotype: A; Isotypes: BM, LE, MO, NY, US).

Distribution: Endemic to Puerto Rico.

References: 8, 58, 453.

*Solanum wrightii* Benth., Fl. Hongk. 243. 1861.

Distribution: Cultivated in Cuba, Puerto Rico, and Lesser Antilles.

References: 254, 286.

*Swartzia grandiflora* (Sw.) J.F. Gmel. = *Solandra grandiflora* Sw.

*Swartzia longiflora* (Tussac) Britton & P. Wilson = *Solandra longiflora* Tussac

*Witheringia filipes* Alain = *Witheringia solanacea* L'Hér.

*Witheringia macrophylla* Dunal = *Witheringia solanacea* L'Hér.

*Witheringia solanacea* L'Hér., Sert. Angl. 19. 1788.

*Capsicum macrophyllum* (Humb. & Bonpl.) Standl., J. Wash. Acad.

Sci. 17: 16. 1927; *Witheringia macrophylla* Dunal, Solan. Syn. 1. 1816.

*Witheringia filipes* Alain, Phytologia 65: 421. 1989.

Distribution: Native to Jamaica, Hispaniola, Mexico, Central America, and South America.

References: 2, 7, 8, 151, 161.

#### EXCLUDED SPECIES

*Datura ceratocaula* Jacq., Pl. Rar. Hort. Schoenbr. 3: 48. 1798.

Note: Endemic to Mexico, cited in error for Cuba.

Reference: 3.

## SPHENOCLEACEAE

Genera. Total 1; native 0; endemic: 0.

Taxa. Total 1; native: 0; endemic: 0.

*Pongatium indicum* Lam. = *Sphenoclea zeylanica* Gaertn.

*Sphenoclea pongatium* DC. = *Sphenoclea zeylanica* Gaertn.

*Sphenoclea zeylanica* Gaertn., Fruct. Sem. Pl. 1: 113. 1788.

*Pongatium indicum* Lam., Tabl. Encycl. 1: 444. 1793.

*Sphenoclea pongatium* DC., Prodr. 7(2): 548. 1838.

Distribution: Exotic in Cuba, Hispaniola, Puerto Rico, Trinidad, and South America; native to Africa.

References: 7, 30, 58, 61, 75, 136, 151, 159, 224, 234, 301, 383.

Note: Considered an invasive species by CeNBIO.

## STAPHYLEACEAE

Genera. Total: 3; native: 2; endemic: 0.

Taxa. Total: 4; native: 3; endemic: 2.

*Brachychiton populneum* (Schott) R. Br. in J.J. Bennett, Pl. Jav. Rar. 234. 1844.

Distribution: Exotic in Virgin Islands.

References: 230.

*Huetea cubensis* Griseb., Cat. Pl. Cub. 66. 1866.

Distribution: Endemic to Greater Antilles; native to Cuba, Hispaniola, and Jamaica.

Common Names: Huetea, Nogalillo (Cuba), Don Juan, Juan primero (Dominican Republic), Alfiler (Haiti).

References: 2, 3, 5, 7, 39, 427.

Note: Considered endangered by the Red List of the Vascular Flora of Cuba (39) and vulnerable by the IUCN Red List of Threatened Species.

*Maurocena occidentalis* (Sw.) Kuntze var. *leucosperma* Kuntze = *Turpinia occidentalis* (Sw.) G. Don

*Staphylea occidentalis* Sw. = *Turpinia occidentalis* (Sw.) G. Don

*Triceros paniculata* (Vent.) M. Gómez = *Turpinia occidentalis* (Sw.) G. Don

*Turpinia occidentalis* (Sw.) G. Don, Gen. Hist. 2: 3. 1832; *Staphylea occidentalis* Sw., Prodr. 55. 1788.

*Maurocena occidentalis* (Sw.) Kuntze var. *leucosperma* Kuntze, Revis. Gen. Pl. 1: 150. 1891.

*Turpinia paniculata* Vent., Choix Pl. 6: t. 31. 1807; *Triceros paniculata* (Vent.) M. Gómez, Dicc. Bot. Nombres Vulg. Cub. Puerto-Riq. 65. 1889.

Distribution: Native to Hispaniola, Jamaica, Puerto Rico, Virgin Islands (Tortola), Lesser Antilles (Dominica, Grenada, Guadeloupe, Martinique, St. Lucia, St. Vincent), Mexico, and Central America.

Common Names: Saúco (Cuba), Bija, Cedro hembra, Guarapo, Juan prieto, Violeta, Violeta cimarrona (Dominican Republic), Mutton wood (Jamaica), Bois lat, Bois pilori, Bois sureau, Bois-vignot (Lesser Antilles), Avispillo, Cedro hembra, Eugenio, Sauce cimarrón, Sauquillo (Puerto Rico).

References: 1, 2, 7, 58, 61, 231.

Note: Herein we maintain Croat's (586) species concept of *T.*

*occidentalis*, but noting that further taxonomic work is necessary,

it seems to us that *T. paniculata* may after all be a distinct species from *T. occidentalis*.

*Turpinia paniculata* Vent. = *Turpinia occidentalis* (Sw.) G. Don

*Turpinia picardae* Urb., Symb. Antill. 7: 275. 1912.

Distribution: Endemic to Hispaniola.

References: 5, 7, 30.

#### DOUBTFUL NAME

*Turpinia glandulosa* Bello, Anales Soc. Esp. Hist. Nat. 10: 250. 1881.

A name with dubious status, described from Puerto Rico but known only from the description of Bello.

### STEGNOSPERMATACEAE

Genera. Total: 1; native: 1; endemic: 0.

Taxa. Total: 1; native: 1; endemic: 0.

*Stegnosperma cubense* A. Rich. in R. de la Sagra, Hist. Phys. Cuba, Pl. Vasc. 632. 1845.

*Stegnosperma halimifolium* Benth., Bot. Voy. Sulphur 17. 1844.

*Stegnosperma scandens* (Lunan) Standl., Publ. Field Mus. Nat. Hist., Bot. Ser., 23: 6. 1943.

Distribution: Native to Cuba, Hispaniola, Jamaica, Mexico, and Central America; cultivated in Puerto Rico.

References: 2, 3, 6, 7, 193.

*Stegnosperma halimifolium* Benth. = *Stegnosperma cubensis* A. Rich.

*Stegnosperma scandens* (Lunan) Standl. = A. Rich.

### STRELITZIACEAE

Genera. Total: 1; native: 0; endemic: 0.

Taxa. Total: 1; native: 0; endemic: 0.

*Ravenala madagascariensis* J.F. Gmel., Syst. Nat. 2(1): 567. 1791.

Distribution: Exotic in Cuba, Hispaniola, Puerto Rico, Virgin Islands (St. Croix), Mexico, and South America.

Common Names: Rabaneta, Palma rabaneta, Ravenala, Palma urania, Árbol del viajero (Cuba), Palma del viajero, Palma de abanico, Arbol del viajero (Dominican Republic), Traveler's palm (Haiti), Palma del viajero, Arbol de viajero (Puerto Rico), Traveler's palm (Virgin Islands).

References: 28, 61, 123, 131, 132, 147, 230, 323.

### STYRACACEAE

Genera. Total: 1; native: 1; endemic: 0.

Taxa. Total: 4; native: 4; endemic: 3.

*Styrax glaber* Sw., Prodr. 74. 1788 [as *glabrum*].

Distribution: Native to Lesser Antilles (Dominica, Guadeloupe, Martinique, Montserrat, St. Kitts, St. Lucia), Tobago, and South America.

Common Names: Bois doré, Bois madame, Crump wood, Cypre-orange, Laurier-caraïbe, Laurier-orange, Oranger des bois (Lesser Antilles).

References: 1, 254, 502.

*Styrax obtusifolius* Griseb., Cat. Pl. Cub. 167. 1866.

Distribution: Endemic to Greater Antilles; native to Cuba and Hispaniola.

Common Name: Azulejo de loma (Cuba).

References: 3, 5, 7, 63.

*Styrax ochraceus* Urb., Symb. Antill. 7: 331. 1912.

Distribution: Endemic to Hispaniola.

References: 5, 7, 30.

*Styrax portoricensis* Krug & Urb., Bot. Jahrb. Syst. 15: 337. 1892.

Distribution: Endemic to Puerto Rico.

Common Name: Palo de jazmín (Puerto Rico).

References: 58, 61, 427, 633.

Note: Considered endangered by the U.S. Fish & Wildlife Service and critically endangered by the IUCN Red List of Threatened Species.

### SURIANACEAE

Genera. Total: 1; native: 1; endemic: 0.

Taxa. Total: 1; native: 1; endemic: 0.

*Suriana maritima* L., Sp. Pl. 284. 1753.

Distribution: Native to Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (Anegada, Guana, St. Croix, St. John, St. Thomas, Tortola, Virgin Gorda), Lesser Antilles (Anguilla, Antigua, Barbados, Barbuda, Désirade, Dominica, Grenada, Grenadines, Guadeloupe, Martinique, Montserrat), Mexico, and Central America.

Common Names: Bay cedar, Tassel plant (Bahamas), Cuabilla, Cuabilla de costa, Cuabilla de playa, Incienso, Sabina de costa, Yanilla de costa (Cuba), Guazumilla, Jobero, Jovero (Dominican Republic), Crisse marine, Christe marine, Perce-pierre (Haiti), Bay cedar (Jamaica), Oseille bord de mer, Romarin noir (Lesser Antilles), Guitarán, Temporana (Puerto Rico).

References: 2, 3, 4, 7, 19, 45, 58, 61, 150, 305, 323.

### SYMPLOCACEAE

Genera. Total: 1; native: 1; endemic: 0.

Taxa. Total: 18; native: 18; endemic: 17.

*Barberina antillana* Miers = *Symplocos cubensis* Griseb.

*Barberina cubensis* (Griseb.) Miers = *Symplocos cubensis* Griseb.

*Eugeniodes cubensis* (Griseb.) Kuntze = *Symplocos cubensis* Griseb.

*Symplocos apiculata* Brand = *Symplocos martinicensis* Jacq. subsp. *martinicensis*

*Symplocos azuensis* Mai, Feddes Repert. 97: 13. 1986.

Distribution: Endemic to Hispaniola.

Reference: 152.

*Symplocos berteroi* (DC.) Miers, J. Linn. Soc., Bot. 17: 286. 1879;

*Symplocos martinicensis* Jacq. var. *berteroi* DC., Enum. Syst. Pl. 24. 1760.

*Symplocos hyboneura* Urb., Ark. Bot. 22A(8): 84. 1928.

*Symplocos pilifera* Urb., Ark. Bot. 22A(8): 84. 1928.

Distribution: Endemic to Greater Antilles; native to Cuba and Hispaniola.

Common Names: Aceituno, Moradilla, Moradillo (Dominican Republic).

References: 5, 7, 205.

*Symplocos ciponimoides* Griseb., Cat. Pl. Cub. 167. 1866.

Distribution: Endemic to Cuba.

References: 3, 205.

Note: Considered threatened by the Red List of the Vascular Flora of Cuba (39).

*Symplocos cubensis* Griseb., Pl. Wright. 2: 518. 1862; *Barberina cubensis* (Griseb.) Miers, J. Linn. Soc., Bot. 17: 294. 1880;

- Eugeniodes cubensis* (Griseb.) Kuntze, Revis. Gen. Pl. 2: 975. 1891.  
*Barberina antillana* Miers, J. Linn. Soc., Bot. 17: 294. 1880.  
 Distribution: Endemic to Cuba.  
 Common Names: Azulejo de sabana (Cuba).  
 References: 3, 205.
- Symplocos domingensis* Urb., Symb. Antill. 7: 330. 1912.  
 Distribution: Endemic to Hispaniola.  
 References: 5, 7, 30.
- Symplocos guadeloupensis* Krug & Urb., Bot. Jahrb. Syst. 15: 337. 1892.  
 Distribution: Endemic to Lesser Antilles (Dominica, Grenada, Guadeloupe).  
 Common Names: Bois caco des haurs, Bois haurs, Bois vert, Graines bleues des haurs (Lesser Antilles).  
 Reference: 1.
- Symplocos harrisii* Brand = *Symplocos tubulifera* Krug & Urb.
- Symplocos hotteana* Urb. & Ekman, Ark. Bot. 22A(8): 85. 1928.  
 Distribution: Endemic to Hispaniola (Haiti).  
 Reference: 5.
- Symplocos hyboneura* Urb. = *Symplocos berteroi* (DC.) Miers
- Symplocos jamaicensis* Krug & Urb. = *Symplocos martinicensis* Jacq. subsp. *martinicensis*
- Symplocos lanata* Krug & Urb., Bot. Jahrb. Syst. 15: 335. 1892.  
 Distribution: Endemic to Puerto Rico.  
 Common Name: Níspero cimarrón (Puerto Rico).  
 References: 58, 61.
- Symplocos latifolia* Krug & Urb. = *Symplocos martinicensis* Jacq. subsp. *martinicensis*
- Symplocos leonis* Britton & P. Wilson, Bull. Torrey Bot. Club 50: 46. 1923.  
 Distribution: Endemic to Cuba.  
 References: 3, 205.
- Symplocos lindeniana* Krug & Urb., Bot. Jahrb. Syst. 15: 332. 1892.  
 Distribution: Endemic to Cuba.  
 References: 3, 205.
- Symplocos martinicensis* Jacq. var. *berteroi* DC. = *Symplocos berteroi* (DC.) Miers
- Symplocos martinicensis* Jacq., Enum. Syst. Pl. 5: 1760, subsp. *martinicensis*
- Symplocos apiculata* Brand in H.G.A. Engler, Pflanzenr. IV, 242 (Heft 6): 85. 1901.
- Symplocos latifolia* Krug & Urb., Bot. Jahrb. Syst. 15: 334. 1892.  
*Symplocos urbaniana* Brand, Bull. Herb. Boissier, ser. 2, 6: 749. 1906.  
*Symplocos jamaicensis* Krug & Urb., Bot. Jahrb. Syst. 15: 330. 1892;  
*Symplocos martinicensis* Jacq. subsp. *jamaicensis* (Krug & Urb.) Mai, Enum. Syst. Pl. 24: 1760.  
 Distribution: Native to Jamaica, Puerto Rico, Virgin Islands (St. John, Tortola), Lesser Antilles (Dominica, Grenada, Guadeloupe, Montserrat, Nevis, Saba, St. Eustatius, St. Kitts, St. Lucia, St. Vincent), Trinidad, Central America, and South America.  
 Common Names: Bois blanc, Caca-rat, Graines bleues, Pruneau, Z'olive, White beech (Lesser Antilles), Aceituna, Aceituna blanca (Puerto Rico).  
 References: 1, 2, 19, 58, 151.
- Symplocos martinicensis* Jacq. subsp. *strigillosa* (Krug & Urb.) Mai, Enum. Syst. Pl. 24: 1760; *Symplocos strigillosa* Krug & Urb., Bot. Jahrb. Syst. 15: 332. 1892.  
 Distribution: Endemic to Cuba.  
 Reference: 205.
- Symplocos micrantha* Krug & Urb., Bot. Jahrb. Syst. 15: 336. 1892.  
*Symplocos polyantha* Krug & Urb., Bot. Jahrb. Syst. 15: 333. 1892.  
 Distribution: Endemic to Puerto Rico.  
 Common Name: Aceitunillo (Puerto Rico).  
 References: 58, 61.
- Symplocos moaensis* Borhidi, Acta Bot. Acad. Sci. Hung. 22: 315. 1977 [“1976”].  
 Distribution: Endemic to Cuba.  
 References: 149, 205.  
 Note: Considered vulnerable by the Red List of the Vascular Flora of Cuba (39).
- Symplocos octopetala* Sw., Prodr. 109. 1788.  
 Distribution: Endemic to Jamaica.  
 References: 2, 427.  
 Note: Considered near threatened by the IUCN Red List of Threatened Species.
- Symplocos ovalis* C. Wright ex Griseb., Cat. Pl. Cub. 168. 1866.  
 Distribution: Endemic to Cuba.  
 Common Name: Azulejo del rosario (Cuba).  
 References: 3, 205.
- Symplocos pilifera* Urb. = *Symplocos berteroi* (DC.) Miers
- Symplocos polyantha* Krug & Urb. = *Symplocos micrantha* Krug & Urb.
- Symplocos salicifolia* Griseb., Cat. Pl. Cub. 168. 1866.  
 Distribution: Endemic to Cuba.  
 Common Names: Azulejo de Isla de Pinos, Pinipiní (Cuba).  
 References: 3, 205.
- Symplocos strigillosa* Krug & Urb. = *Symplocos martinicensis* Jacq. subsp. *strigillosa* (Krug & Urb.) Mai
- Symplocos tubulifera* Krug & Urb., Bot. Jahrb. Syst. 15: 331. 1892.  
*Symplocos harrisii* Brand in I. Urban, Symb. Antill. 7: 331. 1912.  
 Distribution: Endemic to Jamaica.  
 References: 2, 427.  
 Note: Considered vulnerable by the IUCN Red List of Threatened Species.
- Symplocos urbaniana* Brand = *Symplocos martinicensis* Jacq. subsp. *martinicensis*

## TAMARICACEAE

**Genera.** Total: 1; native: 0; endemic: 0.

**Taxa.** Total: 3; native: 0; endemic: 0.

*Tamarix anglica* Webb = *Tamarix gallica* L

*Tamarix aphylla* (L.) Karst., Deut. Fl. 641. 1882; *Thuja aphylla* L., Cent. Pl. 1: 32. 1755.

*Tamarix articulata* Vahl, Symb. Bot. 2: 48. 1791.

Distribution: Exotic in Hispaniola, Puerto Rico, and Virgin Islands (St. Croix).

Common Names: Pino de parque, Pino de salón (Dominican Republic).  
 References: 7, 159, 239.

*Tamarix articulata* Vahl = *Tamarix aphylla* (L.) Karst.

*Tamarix canariensis* Willd., Abh. Königl. Akad. Wiss. Berlin 1812-13: 79. 1816.

*Tamarix gallica* sensu Britton & Millsp., Bahama Fl. 279. 1920, non L.  
 Distribution: Exotic in Bahamas.  
 Reference: 45.

*Tamarix gallica* L., Sp. Pl. 270. 1753.

*Tamarix anglica* Webb, J. Bot. (Hooker) 3: 430. 1841.

Distribution: Exotic in Hispaniola, Puerto Rico, and Lesser Antilles (Antigua, Nevis, St. Barthélemy).

Common Names: Cinta, Ciprés (Dominican Republic), Cedre (Haiti).  
References: 1, 5, 6, 7, 61, 323.

*Tamarix gallica* sensu Britton & Millsp. = *Tamarix canariensis* Willd.

## THEACEAE

**Genera.** Total: 2; native: 2; endemic: 0.

**Taxa.** Total: 18; native: 18; endemic: 18.

*Gordonia curtyana* (A. Rich.) H. Keng, Gard. Bull. Singapore 33: 309. 1980; *Laplacea curtyana* A. Rich. in R. de la Sagra, Hist. Phys. Cuba, Pl. Vasc. 225. 1845.

Distribution: Endemic to Greater Antilles; native to Cuba and Hispaniola.  
References: 3, 5, 151, 427.

Note: Considered endangered by the Red List of the Vascular Flora of Cuba (39) and critically endangered by the IUCN Red List of Threatened Species.

*Gordonia ekmanii* (O.C. Schmidt) H. Keng = *Laplacea ekmanii* O.C. Schmidt

*Gordonia haematoxylon* Sw. = *Laplacea haematoxylon* (Sw.) G. Don

*Gordonia portoricensis* (Krug & Urb.) H. Keng = *Laplacea portoricensis* (Krug & Urb.) Dyer

*Gordonia villosa* Macfad., Fl. Jamaica 1: 117. 1837.

Distribution: Endemic to Jamaica.

References: 2, 36, 427.

Note: Considered endangered by the IUCN Red List of Threatened Species.

*Haemocharis alpestris* Krug & Urb. = *Laplacea alpestris* (Krug & Urb.) Dyer

*Haemocharis angustifolia* Britton & P. Wilson = *Laplacea angustifolia* (Britton & P. Wilson) O.C. Schmidt

*Haemocharis benitoensis* Britton & P. Wilson = *Laplacea benitoensis* (Britton & P. Wilson) O.C. Schmidt

*Haemocharis portoricensis* Krug & Urb. = *Laplacea portoricensis* (Krug & Urb.) Dyer

*Laplacea alpestris* (Krug & Urb.) Dyer, Index Kew. 2: 86. 1904; *Haemocharis alpestris* Krug & Urb., Bot. Jahrb. Syst. 21: 547. 1896.

Distribution: Endemic to Hispaniola.

References: 5, 7.

*Laplacea angustifolia* (Britton & P. Wilson) O.C. Schmidt, Repert. Spec. Nov. Regni Veg. 22: 94. 1925; *Haemocharis angustifolia* Britton & P. Wilson, Bull. Torrey Bot. Club 50: 43. 1923.

Distribution: Endemic to Cuba.

Reference: 3.

*Laplacea benitoensis* (Britton & P. Wilson) O.C. Schmidt, Repert. Spec. Nov. Regni Veg. 24: 78. 1927; *Haemocharis benitoensis* Britton & P. Wilson, Mem. Torrey Bot. Club 16: 82. 1920.

Distribution: Endemic to Cuba.

Reference: 3.

*Laplacea cristalensis* Borhidi & O. Muñiz, Acta Agron. Acad. Sci. Hung. 27: 435. 1978.

Distribution: Endemic to Cuba.

Reference: 149.

*Laplacea curtyana* A. Rich. = *Gordonia curtyana* (A. Rich.) H. Keng

*Laplacea cymatoneura* Urb., Repert. Spec. Nov. Regni Veg. 20: 340. 1924.

Distribution: Endemic to Hispaniola.

References: 5, 7.

*Laplacea ekmanii* O.C. Schmidt, Repert. Spec. Nov. Regni Veg. 22:

94. 1925; *Gordonia ekmanii* (O.C. Schmidt) H. Keng, Gard. Bull. Singapore 33: 309. 1980.

Distribution: Endemic to Cuba.

Common Name: Jucuya (Cuba).

Reference: 3.

*Laplacea glabrata* Proctor, J. Arnold Arbor. 63: 245. 1982.

Distribution: Endemic to Jamaica.

Reference: 2.

*Laplacea haematoxylon* (Sw.) G. Don, Gen. Hist. 1: 569. 1831; *Gordonia haematoxylon* Sw., Fl. Ind. Occid. 2(2): 1199. 1800.

Distribution: Endemic to Jamaica.

Common Name: Blood wood (Jamaica).

Reference: 2.

*Laplacea moaensis* Vict., Contr. Inst. Bot. Univ. Montreal 49: 72. 1945.

Distribution: Endemic to Cuba.

Reference: 3.

*Laplacea portoricensis* (Krug & Urb.) Dyer Index Kew. 2: 86. 1904; *Haemocharis portoricensis* Krug & Urb., Bot. Jahrb. Syst. 21: 548. 1896; *Gordonia portoricensis* (Krug & Urb.) H. Keng, Gard. Bull. Singapore 33: 309. 1980; *Wikstroemia portoricensis* (Krug & Urb.) S.F. Blake, Contr. Gray Herb. 53: 40. 1918.

Distribution: Endemic to Greater Antilles; native to Hispaniola and Puerto Rico.

Common Names: Maricao, Maricao verde, Niño de cota (Puerto Rico).

References: 7, 58, 61.

*Laplacea reticularis* Alain, Mem. New York Bot. Gard. 21: 136. 1971.

Distribution: Endemic to Hispaniola (Dominican Republic).

References: 7, 8.

*Laplacea samuelssonii* O.C. Schmidt, Repert. Spec. Nov. Regni Veg. 29: 16. 1931.

Distribution: Endemic to Hispaniola.

References: 5, 7.

*Laplacea urbanii* O.C. Schmidt, Repert. Spec. Nov. Regni Veg. 22: 93. 1925, var. *urbanii*

Distribution: Endemic to Cuba.

References: 3, 149.

*Laplacea urbanii* O.C. Schmidt var. *subserrulata* Kobuski, J. Arnold Arbor. 30: 179. 1949.

Distribution: Endemic to Cuba.

References: 3, 149.

*Laplacea villosa* (Macfad.) Griseb., Fl. Brit. W. I. 104. 1859; *Gordonia villosa* Macfad., Fl. Jamaica 1: 117. 1837.

Distribution: Endemic to Jamaica.

Reference: 2.

*Laplacea wrightii* Griseb., Pl. Wright. 1: 166. 1860.

Distribution: Endemic to Cuba.

Common Name: Almendro (Cuba).

Reference: 3.

*Wikstroemia portoricensis* (Krug & Urb.) S.F. Blake = *Laplacea portoricensis* (Krug & Urb.) Dyer

## THYMELAEACEAE

**Genera.** Total: 3; native: 3; endemic: 2.

**Taxa.** Total: 26; native: 26; endemic: 24.

*Daphne crassifolia* Poir. = *Daphnopsis crassifolia* (Poir.) Meisn.

*Daphne lagetto* Sw. = *Lagetta lagetto* (Sw.) Nash

- Daphne tinifolia* Sw. = *Daphnopsis americana* (Mill.) J.R. Johnst. subsp. *tinifolia* (Sw.) Nevling
- Daphnopsis alainii* Nevling, Ann. Missouri Bot. Gard. 46: 320. 1960. Distribution: Endemic to Cuba. References: 3, 508. Note: Considered endangered by the Red List of the Vascular Flora of Cuba (39).
- Daphnopsis americana* (Mill.) J.R. Johnst. subsp. *caribaea* (Griseb.) Nevling, Ann. Missouri Bot. Gard. 46: 315. 1960; *Daphnopsis caribaea* Griseb., Fl. Brit. W. I. 278. 1860. Distribution: Native to Puerto Rico, Virgin Islands (Jost van Dyke, St. Croix, St. John, St. Thomas), Lesser Antilles (Anguilla, Antigua, Barbados, Dominica, Grenada, Grenadines, Guadeloupe, Martinique, Montserrat, Nevis, St. Eustatius, St. Kitts, St. Lucia, St. Martin, St. Vincent), Mexico, Central America, and South America. Common Names: Bitter mahoe, Mahaut, Mahaut piment, Maho, Mahoe, Maho piman, Maho pimente, Mahot blanc, Mahot pimenté, Mahot-piment, Pimente (Lesser Antilles), Majagua de sierra, Maho (Puerto Rico), Mahout (Virgin Islands). References: 294, 323, 585.
- Daphnopsis americana* (Mill.) J.R. Johnst. subsp. *cumingii* (Meisn.) Nevling = *Daphnopsis americana* (Mill.) J.R. Johnst. subsp. *tinifolia* (Sw.) Nevling
- Daphnopsis americana* (Mill.) J.R. Johnst. subsp. *tinifolia* (Sw.) Nevling, Ann. Missouri Bot. Gard. 46: 313. 1960; *Daphne tinifolia* Sw., Prodr. 63. 1788, *Daphnopsis tinifolia* (Sw.) Meisn. in A.L.P.P. de Candolle, Prodr. 14(2): 523. 1857.
- Daphnopsis americana* (Mill.) J.R. Johnst. subsp. *cumingii* (Meisn.) Nevling, J. Arnold Arbor. 41: 413. 1960. Distribution: Native to Cuba, Hispaniola, Jamaica, Central America, and South America. Common Name: Burn nose (Jamaica). Reference: 585.
- Daphnopsis angustifolia* C. Wright ex Griseb., Cat. Pl. Cub. 110. 1866. *Daphnopsis angustifolia* C. Wright ex Griseb. var. *nipensis* Borhidi & O. Muñiz, Acta Bot. Acad. Sci. Hung. 22: 314. 1977. Distribution: Endemic to Cuba. References: 3, 508. Note: Considered threatened by the Red List of the Vascular Flora of Cuba (39).
- Daphnopsis angustifolia* C. Wright ex Griseb. var. *nipensis* Borhidi & O. Muñiz = *Daphnopsis angustifolia* C. Wright ex Griseb.
- Daphnopsis bissei* A. Noa, Revista Jard. Bot. Nac. Univ. Habana 13: 35. 1995 ["1992"]. Distribution: Endemic to Cuba. References: 149, 508. Note: Considered extinct by the Red List of the Vascular Flora of Cuba (39).
- Daphnopsis calcicola* Ekman ex Urb., Symb. Antill. 9: 407. 1925. Distribution: Endemic to Cuba. References: 3, 30, 39, 427, 508. Note: Considered endangered by the Red List of the Vascular Flora of Cuba (39) and vulnerable by the IUCN Red List of Threatened Species.
- Daphnopsis caribaea* Griseb. = *Daphnopsis americana* (Mill.) J.R. Johnst. subsp. *caribaea* (Griseb.) Nevling
- Daphnopsis crassifolia* (Poir.) Meisn. in A.L.P.P. de Candolle, Prodr. 14(2): 524. 1857; *Daphne crassifolia* Poir. in J.B.A.P.M. de Lamarck, Encycl. Suppl. 3: 316. 1813; *Hyptiodaphne crassifolia* (Poir.) Urb., Symb. Antill. 2: 454. 1901. *Daphnopsis crassifolia* (Poir.) Meisn. var. *eggersii* Krug & Urb., Bot. Jahrb. Syst. 15: 350. 1892; *Hyptiodaphne crassifolia* (Poir.) Urb. var. *eggersii* (Krug & Urb.) Urb., Symb. Antill. 2: 455. 1901. Distribution: Endemic to Hispaniola. Common Names: Guarantel, Hayao, Jayao, Jayayo, Yayao (Dominican Republic), Ayay, Guanantesi, Hayay, Hayhay (Haiti). Reference: 7.
- Daphnopsis crassifolia* (Poir.) Meisn. var. *eggersii* Krug & Urb. = *Daphnopsis crassifolia* (Poir.) Meisn.
- Daphnopsis cubensis* (A. Rich.) Meisn. = *Linodendron cubanum* (A. Rich.) Griseb.
- Daphnopsis cuneata* Radlk., Sitzungsber. Math.-Phys. Cl. Königl. Bayer. Akad. Wiss. München 14: 489. 1884, subsp. *cuneata* Distribution: Endemic to Cuba. References: 3, 7, 151, 508.
- Daphnopsis cuneata* Radlk. subsp. *maestrensis* A. Noa, Revista Jard. Bot. Nac. Univ. Habana 13: 36. 1995 ["1992"]. Distribution: Endemic to Cuba. References: 149, 508.
- Daphnopsis cuneata* Radlk. subsp. *uniflora* (Urb. & Ekman) Nevling, Ann. Missouri Bot. Gard. 46: 305. 1960; *Daphnopsis uniflora* Urb. & Ekman, Ark. Bot. 21A(5): 16. 1927. Distribution: Endemic to Hispaniola (Haiti). References: 3, 7, 151, 508.
- Daphnopsis ekmanii* Steyerl. ex O.C. Schmidt, Repert. Spec. Nov. Regni Veg. 32: 85. 1933. Distribution: Endemic to Hispaniola (Dominican Republic). Reference: 7.
- Daphnopsis guacacoea* C. Wright ex Griseb., Cat. Pl. Cub. 110. 1866. Distribution: Endemic to Cuba. Common Name: Guacacoea (Cuba). References: 3, 508.
- Daphnopsis helleriana* Urb., Symb. Antill. 2: 453. 1901. Distribution: Endemic to Puerto Rico. References: 30, 58, 61, 633. Note: Considered endangered by the U.S. Fish & Wildlife Service.
- Daphnopsis hispaniolica* Nevling, Ann. Missouri Bot. Gard. 46: 275. 1960. Distribution: Endemic to Hispaniola. References: 7, 595.
- Daphnopsis macrocarpa* Nevling, Ann. Missouri Bot. Gard. 46: 320. 1960. Distribution: Endemic to Lesser Antilles (St. Lucia). Common Names: Maho piman gwan bwa, Mahot piment grand bois (Lesser Antilles). References: 1, 585.
- Daphnopsis oblongifolia* Britton & P. Wilson, Mem. Torrey Bot. Club 16: 85. 1920. Distribution: Endemic to Cuba. References: 3, 5, 151, 156, 508.
- Daphnopsis occidentalis* (Sw.) Krug & Urb., Bot. Jahrb. Syst. 15: 349. 1892. Distribution: Endemic to Greater Antilles; native to Cayman Islands and Jamaica. Common Name: Burn nose (Jamaica). References: 2, 4.
- Daphnopsis philippiana* Krug & Urb., Bot. Jahrb. Syst. 15: 348. 1892. Distribution: Endemic to Puerto Rico. Common Names: Cieneguillo, Emajagua de sierra, Majagua brava, Quemadora (Puerto Rico). References: 58, 61, 149.

*Daphnopsis punctulata* Urb., Symb. Antill. 9: 407. 1925.

Distribution: Endemic to Cuba.

References: 3, 30, 508.

Note: Considered threatened by the Red List of the Vascular Flora of Cuba (39).

*Daphnopsis tinifolia* (Sw.) Meisn. = *Daphnopsis americana* (Mill.) J.R. Johnst. subsp. *tinifolia* (Sw.) Nevlng

*Daphnopsis uniflora* Urb. & Ekman = *Daphnopsis cuneata* Radlk. subsp. *uniflora* (Urb. & Ekman) Nevlng

*Hargasseria cubana* A. Rich. = *Linodendron cubanum* (A. Rich.) Griseb.

*Hyptiodaphne crassifolia* (Poir.) Urb. = *Daphnopsis crassifolia* (Poir.) Meisn.

*Hyptiodaphne crassifolia* (Poir.) Urb. var. *eggersii* (Krug & Urb.) Urb. = *Daphnopsis crassifolia* (Poir.) Meisn.

\**Lagetta lagetto* (Sw.) Nash, J. New York Bot. Gard. 9: 117. 1908; *Daphne lagetto* Sw., Prodr. 63. 1788.

*Lagetta linearia* Lam., Encycl. 3: 376, 440. 1792.

Distribution: Endemic to West Indies; native to Hispaniola and Jamaica. Common Names: Daguilla, Palo de encaje (Dominican Republic), Bois dentelle (Haiti), Lagetto (Jamaica), Lace bark (Jamaica).

References: 2, 7.

*Lagetta linearia* Lam. = *Lagetta lagetto* (Sw.) Nash

*Lagetta pauciflora* Urb. = *Lagetta valenzuelana* A. Rich. subsp. *pauciflora* (Urb.) A. Noa

\**Lagetta valenzuelana* A. Rich. in R. de la Sagra, Hist. Fis. Cuba, Bot. 11: 193. 1850, subsp. *valenzuelana*

Distribution: Endemic to Cuba.

Common Names: Daguilla, Daguilla de loma, Daguilla valenzuelana (Cuba).

References: 3, 508.

Note: Considered threatened by the Red List of the Vascular Flora of Cuba (39).

\**Lagetta valenzuelana* A. Rich. subsp. *pauciflora* (Urb.) A. Noa, Rev. Jard. Bot. Nac. Univ. Habana 13: 40. 1995; *Lagetta pauciflora* Urb., Repert. Spec. Nov. Regni Veg. 13: 466. 1915.

Distribution: Endemic to Cuba.

Common Names: Daguilla, Daguilla común, Dahile, Guanilla (Cuba).

References: 3, 123, 508.

\**Lagetta wrightiana* Krug & Urb., Bot. Jahrb. Syst. 15: 350. 1892.

Distribution: Endemic to Cuba.

References: 3, 508.

*Lasiadenia cubensis* (Meisn.) Benth. & Hook. f. = *Linodendron cubanum* (A. Rich.) Griseb.

*Linodendron angustifolium* Alain = *Linodendron cubanum* (A. Rich.) Griseb.

\**Linodendron aronifolium* Griseb., Cat. Pl. Cub. 110. 1866.

Distribution: Endemic to Cuba.

Common Names: Cardenal, Guana (Cuba).

References: 3, 508.

\**Linodendron cubanum* (A. Rich.) Griseb., Cat. Pl. Cub. 110. 1866 [as *cubense*]; *Hargasseria cubana* A. Rich. in R. de la Sagra, Hist. Fis. Cuba, Bot. 11: 193. 1850.

*Daphnopsis cubensis* (A. Rich.) Meisn. in A.L.P.P. de Candolle, Prodr. 14(1): 522. 1856; *Lasiadenia cubensis* (A. Rich.) Benth. & Hook. f., Gen. Pl. 3: 192. 1880.

*Linodendron lagetta* Griseb., Pl. Wright. 1: 187. 1860.

*Linodendron angustifolium* Alain, Revista Soc. Cub. Bot. 2: 33. 1945.

Distribution: Endemic to Cuba.

Reference: 3.

*Linodendron lagetta* Griseb. = *Linodendron cubanum* (A. Rich.) Griseb.

\**Linodendron venosum* C. Wright ex Griseb., Cat. Pl. Cub. 110. 1866.

Distribution: Endemic to Cuba.

References: 3, 508.

## TOVARIACEAE

Genera. Total: 1; native: 1; endemic: 0.

Taxa. Total: 1; native: 1; endemic: 1.

*Tovaria diffusa* (Macfad.) Fawc. & Rendle, Fl. Jamaica 3: 246. 1914.

Distribution: Endemic to Jamaica.

Reference: 2.

## TROPAEOLACEAE

Genera. Total: 1; native: 0; endemic: 0.

Taxa. Total: 1; native: 0; endemic: 0.

*Tropaeolum majus* L., Sp. Pl. 345. 1753.

Distribution: Cultivated in Cuba, Hispaniola, Jamaica, and Puerto Rico.

Common Names: Capuchina, Capuchina grande, Capuchina mayor, Marañuela, Mastuerzo de indias (Cuba), Jacinto, Pensamiento (Dominican Republic), Capucine, Cresson des Jésuites, Cresson du Mexique, Cresson du perou, Grand capucine, Sanguine du pérou (Haiti), Nasturtium (Jamaica), Jacinto, Nasturtium (Puerto Rico).

References: 2, 5, 6, 7, 32, 131, 132.

## TYPHACEAE

Genera. Total: 1; native: 1; endemic: 0.

Taxa. Total: 1; native: 1; endemic: 0.

*Typha angustifolia* sensu Britton & P. Wilson = *Typha domingensis* Pers.

*Typha angustifolia* L. var. *domingensis* (Pers.) Griseb. = *Typha domingensis* Pers.

*Typha domingensis* Pers., Syn. Pl. 2(2): 532. 1807.

*Typha angustifolia* sensu Britton & P. Wilson, Sci. Surv. Porto Rico & Virgin Islands 5: 9. 1923, non L.

*Typha angustifolia* L. var. *domingensis* (Pers.) Griseb., Fl. Brit. W. I. 512. 1864.

Distribution: Native to Bahamas, Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (St. Croix, St. Thomas), Lesser Antilles (Guadeloupe), North America, Mexico, Central America, South America, and Old World.

Common Names: Cat-tail, Down, Slag (Bahamas), Pelusa (Cuba), Enea, Junco, Leche (Dominican Republic), Grand jonc, Gros jonc, Gros jonc natte, Jonc, Riche (Haiti), Reedmace (Jamaica), Aneas, Eneas, Yerba de eneas (Puerto Rico), Cat tail (Virgin Islands).

References: 1, 2, 3, 4, 28, 30, 35, 45, 61, 323.

## ULMACEAE

Genera. Total: 2; native 2; endemic: 0.

Taxa. Total: 3; native: 3; endemic: 2.

*Ampelocera crenulata* Urb. = *Casearia praecox* Griseb. (Salicaceae).

*Ampelocera cubensis* Griseb., Cat. Pl. Cub. 57. 1866.

Distribution: Endemic to Greater Antilles; native to Cuba and Hispaniola.

Common Names: Baitoa, Hueso, Hueso de costa, Jatía, Jatía blanca, Purio, Rana, Ranilla (Cuba), Bois blanc grandes feuilles (Haiti).

References: 3, 5, 7.

*Ampelocera pubescens* C.V. Morton, Proc. Biol. Soc. Wash. 71: 153. 1958.

Distribution: Endemic to Cuba.

Reference: 3.

*Phyllostylon brasiliense* sensu authors = *Phyllostylon rhamnoides* (J. Poiss.) Taub.

*Phyllostylon rhamnoides* (J. Poiss.) Taub., Oesterr. Bot. Z. 40: 409. 1890.

*Phyllostylon brasiliense* sensu authors, not Benth. & Hook. f.

Distribution: Native to Cuba, Hispaniola, Mexico, Central America, and South America.

Common Names: Jatía, Baitoa, Boj de Santo Domingo (Cuba).

References: 3, 5, 7.

#### DOUBTFUL NAME

*Sponia stipellata* Bello, Anales Soc. Esp. Hist. Nat. 12: 109. 1883.

A name with unknown application.

## URTICACEAE

Reviewed by A. Monro

Genera. Total: 14; native: 13; endemic: 2.

Taxa. Total: 265; native: 245; endemic: 236.

*Adicea portoricensis* Kuntze = *Pilea semidentata* (Juss. ex Poir.) Wedd.

*Boehmeria caudata* Sw., Prodr. 34. 1788.

Distribution: Exotic in Jamaica; native to Mexico, Central America, and South America.

Common Name: Nettle tree (Jamaica).

Reference: 2.

*Boehmeria cylindrica* (L.) Sw., Prodr. 34. 1788; *Urtica cylindrica* L., Sp. Pl. 984. 1753.

*Boehmeria littoralis* Sw., Prodr. 34. 1788.

Distribution: Native to Cuba, Hispaniola, Jamaica, Puerto Rico, Lesser Antilles (Martinique), North America, Mexico, Central America, and South America.

Common Name: Mora de piedras (Cuba).

References: 1, 2, 3, 5, 6, 7, 58.

*Boehmeria ehrenbergiana* Urb., Symb. Antill. 5: 331. 1907.

Distribution: Endemic to Hispaniola.

Common Names: Abapencillo, Albapencillo (Dominican Republic), Bois d'orme (Haiti).

References: 5, 7.

*Boehmeria jamaicensis* Urb., Symb. Antill. 5: 329. 1907.

*Boehmeria ramiflora* sensu Griseb., Fl. Brit. W. I. 160. 1859, non Jacq.

Distribution: Endemic to Jamaica.

Common Name: Doctor Johnson (Jamaica).

Reference: 2.

*Boehmeria littoralis* Sw. = *Boehmeria cylindrica* (L.) Sw.

*Boehmeria nivea* (L.) Gaudich., Voy. Uranie, Bot. 499. 1830; *Urtica nivea* L., Sp. Pl. 985. 1753.

Distribution: Exotic in Hispaniola, Lesser Antilles (Guadeloupe, St. Lucia, St. Vincent), and Puerto Rico.

Common Names: Rami, Ramié (Cuba), Ramio (Dominican Republic), Madame Parquet, Ortie blanche, Ramié (Haiti), Ramie, Ramio (Puerto Rico).

References: 1, 5, 6, 7, 58, 150.

*Boehmeria ramiflora* Jacq., Enum. Syst. Pl. 31. 1760.

Distribution: Native to Hispaniola, Jamaica, Lesser Antilles (Barbados, Dominica, Grenada, Guadeloupe, Martinique, Montserrat, Nevis, Saba, St. Kitts, St. Lucia, St. Vincent), Mexico, Central America, and South America.

Common Name: Ortie des bois (Lesser Antilles).

References: 1, 2, 7.

*Boehmeria ramiflora* sensu Griseb. = *Boehmeria jamaicensis* Urb.

*Boehmeria repens* (Griseb.) Wedd. in A.L.P.P. de Candolle, Prodr. 16(1): 201. 1869; *Pouzolzia repens* Griseb., Pl. Wright. 1: 174. 1860.

*Pilea swartzii* sensu Griseb., Pl. Wright. 1: 174. 1860, non Wedd.

Distribution: Endemic to West Indies; native in Cuba, Hispaniola, Puerto Rico, and Lesser Antilles (Guadeloupe).

References: 1, 3, 5, 6, 7, 58.

*Cecropia antillarum* Snethl. = *Cecropia schreberiana* Miq. subsp. *antillarum* (Snethl.) C.C. Berg & P. Franco

*Cecropia peltata* L., Syst. Nat., ed. 10, 1206. 1759.

Distribution: Native to Jamaica, Lesser Antilles (Barbados, Grenadines), Margarita, Tobago, Trinidad, Mexico, Central America, and South America; cultivated in Puerto Rico.

References: 2, 5, 6, 58, 84, 231, 254, 607.

*Urtica urens* L., Sp. Pl. 984. 1753.

Distribution: Exotic in Cuba.

Common Name: Ortiga (Cuba).

References: 3, 150, 224.

Note: Considered an invasive species by CeNBIO.

#### DOUBTFUL NAMES

*Pilea corymbosa* (Lam.) Blume, Mus. Bot. 2: 50. 1856; *Urtica corymbosa* Lam., Encyc. 4: 640.

A species described from Guadeloupe, but not used by modern botanists.

References: 152, 223.

*Urtica cubensis* Klotzsch ex Herder, Index Seminum Hort. Petrop. 38. 1858.

A species described from Cuba and regarded as closely related to *U. urens*; not understood by modern botanists.

Reference: 152.

## VERBENACEAE

Genera. Total: 13; native: 11; endemic: 1.

Taxa. Total: 101; native: 89; endemic: 57.

*Abena jamaicensis* (L.) Hitchc. = *Stachytarpheta jamaicensis* (L.) Vahl

*Bouchea ehrenbergii* Cham. = *Bouchea prismatica* (L.) Kuntze

*Bouchea prismatica* (L.) Kuntze, Revis. Gen. Pl. 2: 502. 1891; *Verbena prismatica* L., Sp. Pl. 19. 1753.

*Bouchea ehrenbergii* Cham., Linnaea 7: 252. 1832.

*Bouchea prismatica* (L.) Kuntze var. *longirostra* Grenzeb., Ann. Missouri Bot. Gard. 13: 81. 1926.

*Lomake brachiata* Raf., Autik. Bot. 73. 1840.

Distribution: Native to Bahamas, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (St. Croix, St. John, Tortola), Lesser Antilles (Antigua, Barbados, Martinique, Saba, St. Eustatius), North America, Mexico, Central America, and South America.

Common Names: Verbena cimarrona (Cuba), Verbena, Verbena mansa (Dominican Republic), Wild vervine (Jamaica).

References: 1, 2, 3, 7, 45, 58, 61, 147.

*Bouchea prismatica* (L.) Kuntze var. *longirostra* Grenzeb. = *Bouchea prismatica* (L.) Kuntze

*Citharexylum alainii* Moldenke, Phytologia 18: 70. 1969.

Distribution: Endemic to Hispaniola (Dominican Republic).

References: 7, 14, 147.

*Tamonea spinosa* Sw., Prodr. 94. 1788.  
Distribution: Native to Bahamas, Cuba, and Mexico.  
References: 3, 45, 59, 147.  
Note: Considered vulnerable by the Red List of the Vascular Flora of Cuba (39).
- Tamonea spinosa* Sw. = *Tamonea curassavica* (L.) Pers.
- Tamonea subbiflora* Urb. & Ekman, Ark. Bot. 22A(10): 106. 1929; *Ghinia subbiflora* (Urb. & Ekman) Moldenke, Revista Sudamer. Bot. 4: 17. 1937.  
Distribution: Endemic to Greater Antilles; native to Cuba and Hispaniola.  
References: 5, 7, 59.  
Note: Considered endangered by the Red List of the Vascular Flora of Cuba (39).

- Verbena domingensis* Urb. f. *foliosa* Moldenke, Phytologia 34: 19. 1976.  
Distribution: Native to Cuba and Hispaniola, United States, Mexico, and Guatemala.  
Common Name: Alfiler manso (Dominican Republic).  
References: 3, 5, 7, 30, 59, 147, 628.
- Verbena mutabilis* Jacq. = *Stachytarpheta mutabilis* (Jacq.) Vahl
- Verbena nodiflora* L. = *Phyla nodiflora* (L.) Greene
- Verbena officinalis* L., Sp. Pl. 20. 1753.  
Distribution: Exotic in Cuba, Mexico, Central America, and South America.  
Common Names: Verbena, Verbena francesa (Cuba).  
References: 59, 147.
- Verbena prismatica* L. = *Bouchea prismatica* (L.) Kuntze
- Verbena rigida* Spreng., Syst. Veg., ed. 16, 4: 230. 1827.  
Distribution: Exotic in Cuba, Hispaniola, Jamaica, North America, and Mexico.

References: 2, 3, 7, 59, 224.

Note: Considered an invasive species by CeNBIO.

*Verbena scabra* Vahl, *Ecol. Amer.* 2: 2. 1798.

*Verbena urticifolia* sensu Bello, *Anales Soc. Esp. Hist. Nat.* 10: 302. 1881.

*Verbena urticifolia* sensu Stahl, *Estud. Fl. Puerto Rico* 6: 208. 1888.

Distribution: Native to Bahamas, Cuba, Hispaniola, Jamaica, Puerto Rico, North America, Mexico, and Central America.

Common Names: Sandpaper vervain (Bahamas), Verbena ortiga (Puerto Rico).

References: 2, 3, 5, 7, 45, 59, 61, 131.

*Verbena squamosa* Jacq. = *Elytraria squamosa* (Jacq.) Lindau (Acanthaceae)

*Verbena stoechadifolia* L. = *Phyla stoechadifolia* (L.) Small

*Verbena tenuisecta* Briq. = *Glandularia aristigera* (S. Moore) Tronc.

*Verbena urticifolia* L., *Sp. Pl.* 20. 1753.

*Verbena urticifolia* L. var. *riparia* Britton, *Mem. Torrey Bot. Club* 5: 276. 1894.

Distribution: Native to Hispaniola, North America, and Mexico.

References: 7, 147.

*Verbena urticifolia* L. var. *riparia* Britton = *Verbena urticifolia* L.

*Verbena urticifolia* sensu Bello = *Verbena scabra* Vahl

*Zappania scaberrima* Juss. ex Pers. = *Phyla scaberrima* (Juss. ex Pers.) Moldenke

#### EXCLUDED SPECIES

*Glandularia phlogiflora* (Cham.) Schnack & Covas, *Darwiniana* 6: 475. 1944; *Verbena phlogiflora* Cham., *Linnaea* 7: 266. 1832.

Reported for Cuba by Alain, but not known from any collection.

Reference: 59.

## VIOLACEAE

Genera. Total: 2; native: 2; endemic: 0.

Taxa. Total: 14; native: 11; endemic: 10.

*Hybanthus caribaeus* Urb. = *Hybanthus linearifolius* (Vahl) Urb.

*Hybanthus domingensis* Urb. & Ekman, *Ark. Bot.* 22A(10): 18. 1929.

Distribution: Endemic to Hispaniola (Haiti).

References: 5, 7.

*Hybanthus havanensis* Jacq., *Enum. Syst. Pl.* 2, 17. 1760, var. *havanensis*

Distribution: Endemic to Greater Antilles; native to Cuba and Hispaniola.

Common Names: Jía, Jía sata, Violeta silvestre (Cuba), Barrilla, Naranjito, Tres días (Dominican Republic).

References: 3, 5, 7, 607.

*Hybanthus havanensis* Jacq. var. *jacquinianus* (Roem. ex Schult.) DC., *Prodr.* 1: 311. 1824; *Ionidium jacquinianum* Roem. ex Schult., *Syst. Veg.* 5: 397. 1819.

Distribution: Endemic to Greater Antilles; native to Cuba and Hispaniola.

Common Names: Jía, Jía sata, Violeta silvestre (Cuba), Barrilla, Naranjito, Tres días (Dominican Republic).

References: 3, 5, 7.

*Hybanthus leucanthus* Urb. & Ekman, *Ark. Bot.* 22A(10): 19. 1929.

Distribution: Endemic to Hispaniola.

Reference: 5.

*Hybanthus linearifolius* (Vahl) Urb., *Symb. Antill.* 5: 436. 1908; *Viola linearifolia* Vahl in H. West, *Bidr. Beskr. Ste. Croix* 303. 1793; *Ionidium linearifolium* (Vahl) Britton in N.L. Britton & P. Wilson, *Sci. Surv. Porto Rico & Virgin Islands* 4: 597. 1924.

*Hybanthus caribaeus* Urb., *Symb. Antill.* 5: 439. 1908.

*Hybanthus portoricensis* Urb., *Symb. Antill.* 5: 438. 1908.

*Ionidium portoricense* Krug & Urb. in I. Urban, *Symb. Antill.* 5: 438. 1908.

*Ionidium strictum* Vent., *Jard. Malmaison* 1: 27. 1803.

Distribution: Endemic to West Indies; native to Cuba, Hispaniola, Puerto Rico, Virgin Islands (St. Croix, St. Thomas), and Lesser Antilles (Antigua, Barbuda, Guadeloupe, St. Barthélemy); introduced in United States (FL).

Common Names: Ipecacuana de Méjico (Cuba), Naranjito, Tres días (Dominican Republic), Herbe à trément, Petit ipéca, Ti-thym (Lesser Antilles), Chanqueta (Puerto Rico).

References: 1, 3, 5, 7, 58, 61, 150.

*Hybanthus lineatus* (Ging.) M. Gómez, *Anales Soc. Esp. Hist. Nat.* 19: 223. 1890; *Ionidium lineatum* Ging. in A.P. de Candolle, *Prodr.* 1: 311. 1824.

Distribution: Endemic to Cuba.

Reference: 3.

*Hybanthus portoricensis* Urb. = *Hybanthus linearifolius* (Vahl) Urb.

*Hybanthus procumbens* (Griseb.) M. Gómez, *Anales Soc. Esp. Hist. Nat.* 19: 223. 1890; *Ionidium procumbens* Griseb., *Cat. Pl. Cub.* 11. 1866.

Distribution: Endemic to Cuba.

Reference: 3.

*Hybanthus urbanianus* Melch., *Repert. Spec. Nov. Regni Veg.* 21: 262. 1925.

Distribution: Endemic to Cuba.

Reference: 3.

*Hybanthus wrightii* Urb., *Symb. Antill.* 5: 436. 1908.

Distribution: Endemic to Cuba.

References: 3, 30.

*Ionidium linearifolium* (Vahl) Britton = *Hybanthus linearifolius* (Vahl) Urb.

*Ionidium lineatum* Ging. = *Hybanthus lineatus* (Ging.) M. Gómez

*Ionidium portoricense* Krug & Urb. = *Hybanthus linearifolius* (Vahl) Urb.

*Ionidium procumbens* Griseb. = *Hybanthus procumbens* (Griseb.) M. Gómez

*Ionidium strictum* Vent. = *Hybanthus linearifolius* (Vahl) Urb.

*Viola domingensis* Urb., *Symb. Antill.* 7: 287. 1912.

Distribution: Endemic to Hispaniola.

Common Names: Violeta (Dominican Republic), Violette, Violette des jardins (Haiti).

References: 5, 7, 30.

*Viola linearifolia* Vahl = *Hybanthus linearifolius* (Vahl) Urb.

*Viola odorata* L., *Sp. Pl.* 934. 1753.

Distribution: Exotic in Cuba, Hispaniola, Puerto Rico, and Virgin Islands.

Common Names: Violeta, Violeta olorosa (Cuba), Violeta (Dominican Republic), Violette, Violette des jardins (Haiti), Violeta (Puerto Rico), Violet (Virgin Islands).

References: 5, 7, 58, 61, 131.

*Viola patrinii* Ging. in A.P. de Candolle, *Prodr.* 1: 293. 1824.

Distribution: Exotic in Jamaica.

Reference: 2.

*Viola stipularis* Sw., Prodr. 117. 1788.

Distribution: Native to Lesser Antilles (Dominica, Guadeloupe, Martinique, Nevis, St. Kitts), Central America, and South America.  
Common Names: Faux-ipéca, Violette, Violette-montagne (Lesser Antilles).

Reference: 1.

*Viola tricolor* L., Sp. Pl. 935. 1753.

Distribution: Exotic in Cuba, Hispaniola, and Jamaica.  
Common Names: Pensamiento (Cuba), Pensamiento (Dominican Republic), Pensée (Haiti), Heartsease (Jamaica).  
References: 2, 7, 132.

## VITACEAE

Genera. Total: 6; native: 4; endemic: 0.

Taxa. Total: 24; native: 16; endemic: 8.

*Ampelocissus alexandri* Urb. = *Ampelocissus robinsonii* Planch.

*Ampelocissus robinsonii* Planch. in A.L.P.P. de Candolle & A.C.P. de Candolle, Monogr. Phan. 5: 415. 1887.

*Ampelocissus alexandri* Urb., Symb. Antill. 6: 15. 1909.

*Cissus rugosa* DC., Prodr. 1: 629. 1824.

Distribution: Endemic to Greater Antilles; native to Cuba, Hispaniola, and Jamaica.

Common Names: Parra, Parra cimarrona, Uva, Uva de sierra, Uvita cimarrona (Dominican Republic).

References: 2, 3, 5, 7, 26.

*Ampelopsis arborea* (L.) Koehne, Deut. Dendrol. 400. 1893.

Distribution: Exotic in Cuba, Puerto Rico, and Lesser Antilles (Barbuda).

References: 1, 3, 26, 58, 224, 252.

Note: Considered an invasive species by CeNBIO.

*Cissus acida* L. = *Cissus trifoliata* (L.) L.

*Cissus buchii* Urb. = *Cissus verticillata* (L.) Nicolson & C.E. Jarvis subsp. *micrantha* (Poir.) Lombardi

*Cissus carnifolia* Urb. & Ekman = *Cissus trifoliata* (L.) L.

*Cissus caustica* Tussac = *Cissus obovata* Vahl

*Cissus corallicola* Urb. = *Cissus intermedia* A. Rich.

*Cissus cordifolia* L. = *Cissus verticillata* (L.) Nicolson & C.E. Jarvis subsp. *verticillata*

*Cissus dichroa* Urb. = *Cissus microcarpa* Vahl

*Cissus discolor* Blume, Bijdr. Fl. Ned. Ind. 4: 181. 1825.

Distribution: Exotic in Hispaniola.

References: 7, 26.

*Cissus dissecta* Urb. & Ekman = *Cissus verticillata* (L.) Nicolson & C.E. Jarvis subsp. *micrantha* (Poir.) Lombardi

*Cissus emarginella* Sw. = *Cissus obovata* Vahl

*Cissus erosa* Rich., Actes Soc. Hist. Nat. Paris 1: 106. 1792, subsp. *erosa*

*Cissus trifoliata* sensu Bello, Anales Soc. Esp. Hist. Nat. 10: 249. 1881, non L.

Distribution: Native to Hispaniola, Puerto Rico, Virgin Islands (Anegada), Mexico, Central America, and South America.

Common Name: Caro de tres hojas (Puerto Rico).

References: 7, 26, 32, 58, 61, 301.

*Cissus fuertesii* Urb. = *Cissus picardae* Urb.

*Cissus gonavensis* Urb. & Ekman = *Cissus verticillata* (L.) Nicolson & C.E. Jarvis subsp. *verticillata*

*Cissus grisebachii* Planch. = *Cissus microcarpa* Vahl.

*Cissus haitiensis* Urb. & Ekman = *Cissus wrightiana* Planch.

*Cissus hotteana* Urb. & Ekman = *Cissus wrightiana* Planch.

*Cissus intermedia* A. Rich. in R. de la Sagra, Hist. Phys. Cuba, Pl. Vasc. 311. 1845.

*Cissus corallicola* Urb., Repert. Spec. Nov. Regni Veg. 22: 367. 1926.

*Cissus macilenta* (Planch.) Urb., Symb. Antill. 3: 318. 1902.

Distribution: Endemic to West Indies; native to Bahamas, Cuba, and Hispaniola.

Common Names: Bull-vine (Bahamas), Bejuco ubí, Coralillo de monte (Cuba), Bejuco carito (Dominican Republic).

References: 3, 5, 7, 26, 32, 45.

*Cissus intermedia* sensu Britton & P. Wilson = *Cissus obovata* Vahl

*Cissus macilenta* (Planch.) Urb. = *Cissus intermedia* A. Rich.

*Cissus micrantha* Poir. = *Cissus verticillata* (L.) Nicolson & C.E. Jarvis subsp. *micrantha* (Poir.) Lombardi

*Cissus micrantha* Poir. var. *tripartita* Urb. & Ekman = *Cissus verticillata* (L.) Nicolson & C.E. Jarvis subsp. *micrantha* (Poir.) Lombardi

*Cissus microcarpa* Vahl, Eclog. Amer. 1: 16. 1797 ["1796"].

*Cissus dichroa* Urb., Repert. Spec. Nov. Regni Veg. 22: 38. 1925.

*Cissus grisebachii* Planch. in A.L.P.P. de Candolle & A.C.P. de Candolle, Monogr. Phan. 5: 541. 1887.

*Cissus torreana* Britton & P. Wilson, Mem. Torrey Bot. Club 16: 80. 1920.

*Vitis trifoliata* Mart. var. *alata* (Jacq.) C. Wright in F.A. Sauvalle, Anales Acad. Ci. Méd. Habana 5: 292. 1868, in part, not as to the type.

*Cissus trifoliata* (L.) L. var. *intermedia* Griseb., Pl. Wright. 1: 165. 1860.

Distribution: Native to Cayman Islands, Cuba, Hispaniola (Haiti), Jamaica, Lesser Antilles (Dominica, St. Vincent), Mexico, Central America, South America, and Old World.

References: 2, 3, 4, 26.

*Cissus mirabilis* (Urb. & Ekman) Lombardi, Taxon 46: 427. 1997; *Pterocissus mirabilis* Urb. & Ekman, Ark. Bot. 20A(5): 20. 1926.

Distribution: Endemic to Hispaniola.

Reference: 26.

*Cissus mornicola* Urb. & Ekman = *Cissus obovata* Vahl

*Cissus nipensis* Urb. = *Cissus wrightiana* Planch.

*Cissus oblongolanceolata* (Krug & Urb.) Urb. = *Cissus verticillata* (L.) Nicolson & C.E. Jarvis subsp. *oblongolanceolatus* (Krug & Urb.) Lombardi

*Cissus obovata* Vahl, Symb. Bot. 3: 19. 1794.

*Cissus caustica* Tussac, Fl. Antill. 1: 116. 1808.

*Cissus emarginella* Sw., Kongl. Vetensk. Acad. Handl. 1825: 428. 1825.

*Cissus intermedia* sensu Britton & P. Wilson, Sci. Surv. Porto Rico & Virgin Islands 5: 540. 1924.

*Cissus mornicola* Urb. & Ekman, Ark. Bot. 20A(15): 74. 1926.

*Cissus tuberculata* Jacq., Pl. Rar. Hort. Schoenbr. 1: 14. 1797.

*Vitis trifoliata* Mart. var. *tuberculata* Kuntze, Revis. Gen. Pl. 1: 131. 1891.

Distribution: Endemic to West Indies; native to Bahamas, Cayman Islands, Cuba, Hispaniola, Puerto Rico, Virgin Islands (St. Croix, St. John, St. Thomas, Tortola), and Lesser Antilles (Barbuda, St. Barthélemy, St. Lucia, St. Martin).

Common Names: Bejuco carito, Cerito (Dominican Republic), Liane noire (Haiti).

References: 1, 7, 26, 32, 61.

*Cissus ovata* Lam. = *Cissus verticillata* (L.) Nicolson & C.E. Jarvis subsp. *verticillata*

- Distribution: Endemic to Greater Antilles; native to Cuba and Hispaniola.  
 Reference: 26.
- Cissus verticillata* (L.) Nicolson & C.E. Jarvis subsp. *oblongo-lanceolata* (Krug & Urb.) Lombardi, Taxon 46: 430. 1997; *Cissus oblongolanceolata* (Krug & Urb.) Urb., Ark. Bot. 20A(15): 73. 1926; *Cissus sicyoides* L. f. *oblongolanceolata* Krug & Urb., Bot. Jahrb. Syst. 15: 326. 1893.
- Distribution: Endemic to Greater Antilles; native to Cuba, Hispaniola, and Jamaica.  
 Reference: 26.
- Cissus wrightiana* Planch. in A.L.P.P. de Candolle & A.C.P. de Candolle, Monogr. Phan. 5: 536. 1887.
- Cissus haitiensis* Urb. & Ekman, Ark. Bot. 20A(5): 20. 1926.
- Cissus hotteana* Urb. & Ekman, Ark. Bot. 20A(15): 74. 1926.
- Cissus nipensis* Urb., Repert. Spec. Nov. Regni Veg. 22: 38. 1925.
- Cissus rubrinervia* Alain, Phytologia 22: 166. 1971.
- Cissus rupicola* Urb., Repert. Spec. Nov. Regni Veg. 22: 37. 1925.
- Cissus subavenia* Planch., Monogr. Phan. 5: 542. 1887.
- Distribution: Endemic to Greater Antilles; native to Cuba and Hispaniola.  
 References: 3, 7, 26.

*Leea coccinea* Planch., Hortus Maurit. 61. 1837.

Distribution: Cultivated in Hispaniola and Puerto Rico.

Common Names: Lia (Dominican Republic), Lía (Puerto Rico).

References: 7, 123, 131.

*Leea manillensis* Walp., Nov. Actorum Acad. Caes. Leop.-Carol. Nat.

Cur. 19(Suppl. 1): 314. 1843.

Distribution: Exotic in Hispaniola.

Reference: 7.

*Parthenocissus quinquefolia* (L.) Planch. in A.L.P.P. de Candolle &

A.C.P. de Candolle, Monogr. Phan. 5: 448. 1887.

Distribution: Native to Bahamas, Cuba, and North America.

Common Names: Virginia creeper (Bahamas), Bejuco ubí, Parrita cimarrona, Ubí colorado (Cuba).

References: 3, 45, 150, 224.

Note: Considered exotic and invasive in Cuba by CeNBIO.

*Pterocissus mirabilis* Urb. & Ekman = *Cissus mirabilis* (Urb. & Ekman)

Lombardi

*Sicyos trifoliatus* L. = *Cissus trifoliata* (L.) L.

*Vitis caribaea* DC. = *Vitis tiliifolia* Humb. & Bonpl. ex Roem. & Schult.

*Vitis munsoniana* Simpson ex Planch. in A.L.P.P. de Candolle & A.C.P.

de Candolle, Monogr. Phan. 5(2): 615. 1887.

Distribution: Native to Bahamas and North America.

Common Name: Wild grape (Bahamas).

Reference: 45.

*Vitis sicyoides* (L.) Morales = *Cissus verticillata* (L.) Nicolson & C.E.

Jarvis subsp. *verticillata*

*Vitis tiliifolia* Humb. & Bonpl. ex Roem. & Schult., Syst. Veg. 5: 320.

1819.

*Vitis caribaea* DC., Prodr. 1: 634. 1824.

*Vitis vinifera* L. var. *tiliifolia* (Humb. & Bonpl. ex Roem. & Schult.)

Kuntze f. *caribaea* (DC.) Kuntze, Revis. Gen. Pl. 1: 132. 1891.

*Vitis vinifera* L. var. *tiliifolia* (Humb. & Bonpl. ex Roem. & Schult.)

Kuntze f. *denticulata* Kuntze, Revis. Gen. Pl. 1: 132. 1891.

Distribution: Native to Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (St. Croix, St. John), Lesser Antilles (Guadeloupe, St. Barthélemy), Mexico, and South America.

Common Names: Bejuco caro, Bejuco de parra cimarróna, Parra, Parra cimarrona, Uva, Uva cimarrona, Uva de Parra, Uva de sierra, Uvita cimarrona, Uvitas (Dominican Republic), Raisin marron (Haiti), Water with, Wild grape (Jamaica), Vin sauvage (Lesser Antilles), Bejuco de agua, Parra cimarrona, Uva cimarrona (Puerto Rico), West Indian grape, Wild grape (Virgin Islands).

References: 1, 2, 3, 7, 32, 58, 61, 123, 131, 132, 150, 210, 254.

*Vitis trifoliata* Mart. var. *alata* C. Wright, in part = *Cissus microcarpa*

Vahl

*Vitis trifoliata* Mart. var. *tuberculata* Kuntze = *Cissus obovata* Vahl

*Vitis vinifera* L., Sp. Pl. 202. 1753.

Distribution: Cultivated in Cayman Islands, Hispaniola, Jamaica, Puerto Rico, and Virgin Islands (Tortola).

Common Names: Parra, Uva, Vid, Viña (Cuba), Parra, Uva, Uva de Parra (Dominican Republic), Raisin, Vigne (Haiti), Grape, Parra, Uva (Puerto Rico).

References: 2, 5, 7, 123, 131.

*Vitis vinifera* L. var. *tiliifolia* (Humb. & Bonpl. ex Roem. & Schult.)

Kuntze f. *caribaea* (DC.) Kuntze = *Vitis tiliifolia* Humb. & Bonpl.

ex Roem. & Schult.

*Vitis vinifera* L. var. *tiliifolia* (Humb. & Bonpl. ex Roem. & Schult.)

Kuntze f. *denticulata* Kuntze = *Vitis tiliifolia* Humb. & Bonpl. ex Roem. & Schult.

*Vitis vitifera* (L.) Kuntze var. *repens* (Lam.) Kuntze = *Cissus verticillata*

(L.) Nicolson & C.E. Jarvis subsp. *verticillata*

## XANTHORRHOACEAE

Genera. Total: 4; native: 0; endemic: 0.

Taxa. Total: 6; native: 0; endemic: 0.

*Aloe arborescens* Mill., Gard. Dict. ed. 8. 1768.

Distribution: Cultivated in Cuba.

Common Names: Aloe, Áloe, Sábila (Cuba).

References: 132, 147, 282.

*Aloe barbadensis* Mill. = *Aloe vera* (L.) Burm. f.

*Aloe perfoliata* L. var. *vera* L. = *Aloe vera* (L.) Burm. f.

*Aloe succotrina* Lam., Encycl. 1: 85. 1783.

Distribution: Cultivated in Cuba.

Common Name: Sábila (Cuba).

References: 132, 147, 282.

*Aloe vera* (L.) Burm. f., Fl. Ind. 83. 1768; *Aloe perfoliata* L. var. *vera* L., Sp. Pl. 320. 1753.

*Aloe barbadensis* Mill., Gard. Dict., ed. 8. 1768.

*Aloe vulgaris* Lam., Encycl. 1: 86. 183.

Distribution: Exotic in Bahamas, Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (Anegada, Guana, St. Croix, St. John, St. Thomas, Tortola, Virgin Gorda), Lesser Antilles (Anguilla, Antigua, Barbados, Dominica, Guadeloupe, Martinique, Saba, St. Barthélemy, St. Lucia, St. Martin, St. Vincent), North America, Mexico, Central America, and South America.

Common Names: Bitter aloes (Bahamas), Sábila (Cuba), Aloes, Sábila, Zábila (Dominican Republic), Aloes des jardins, Laloï, L'alois (Haiti), Bitter aloes, Sempervivum, Sinkle Bible (Jamaica), Aloe, Aloës, Sentebibu (Lesser Antilles), Aloe, Sábila, Závila (Puerto Rico), Common aloe (Virgin Islands).

References: 1, 2, 4, 5, 19, 28, 32, 45, 61, 132, 147.

*Aloe vulgaris* Lam. = *Aloe vera* (L.) Burm. f.

*Dianella ensifolia* (L.) DC., Liliac. 1(1): t. 1. 1802.

Distribution: Exotic in Jamaica.

References: 2, 147.

*Hemerocallis fulva* (L.) L., Sp. Pl., ed. 2, 462. 1762.

Distribution: Exotic in Cuba, Hispaniola, Jamaica, Puerto Rico, Lesser Antilles (Guadeloupe, Martinique), North America, Mexico, and Central America.

Common Names: Lirio turco (Cuba, Dominican Republic), Tawny daylily (Jamaica), Lirio de un día (Puerto Rico).

References: 1, 2, 28, 123, 131, 132, 147.

*Hemerocallis lilioasphodelus* L., Sp. Pl. 324. 1753.

*Hemerocallis flava* (L.) L., Sp. Pl., ed. 2, 462. 1762.

Distribution: Cultivated in gardens in Cuba, Hispaniola, Jamaica, Puerto Rico, and Lesser Antilles (Guadeloupe, Martinique).

References: 1, 147.

## XYRIDACEAE

Genera. Total: 1; native: 1; endemic: 0.

Taxa. Total: 17; native: 17; endemic: 8.

*Xyris ambigua* Beyr. ex Kunth, Enum. Pl. 4: 13. 1843.

Distribution: Native to Cuba, North America, Mexico, and Central America.

References: 3, 147, 191.

Note: Considered threatened by the Red List of the Vascular Flora of Cuba (39).

*Xyris americana* sensu Bello = *Xyris jupicai* Rich.

*Xyris bicarinata* Griseb., Cat. Pl. Cub. 223. 1866.

*Xyris cubana* L.A. Nilsson, Kongl. Svenska Vetensk. Acad. Handl. 24(14): 27. 1892.

Distribution: Endemic to Cuba.

References: 3, 147, 191.

Note: Considered endangered by the Red List of the Vascular Flora of Cuba (39).

*Xyris bissei* Urquiola & Kral, Ann. Carnegie Mus. 65: 297. 1996.

Distribution: Endemic to Cuba.

References: 147, 191.

Note: Considered endangered by the Red List of the Vascular Flora of Cuba (39).

*Xyris brevifolia* Michx., Fl. Bor.-Amer. 1: 23. 1803.

*Xyris intermedia* Malme, Ark. Bot. 19(19): 2. 1925.

Distribution: Native to Cuba and North America.

References: 147, 191.

Note: Considered threatened by the Red List of the Vascular Flora of Cuba (39).

*Xyris brevifolia* sensu Elliott = *Xyris elliottii* Chapm.

*Xyris caroliniana* sensu authors = *Xyris jupicai* Rich.

*Xyris caroliniana* Walter, Fl. Carol. 69. 1788.

Distribution: Native to Cuba and United States.

References: 147, 191.

Note: Considered endangered by the Red List of the Vascular Flora of Cuba (39).

*Xyris communis* Kunth = *Xyris jupicai* Rich.

*Xyris conocephala* C. Wright = *Xyris jupicai* Rich.

*Xyris cubana* L.A. Nilsson = *Xyris bicarinata* Griseb.

*Xyris curassavica* Kral & Urquiola, Ann. Missouri Bot. Gard. 74: 661. 1987.

Distribution: Endemic to Cuba.

References: 147, 191.

Note: Considered endangered by the Red List of the Vascular Flora of Cuba (39).

*Xyris curtissii* Malme, Ark. Bot. 13(8): 24. 1913; *Xyris difformis* Chapm. var. *curtissii* (Malme) Kral, Sida 3: 255. 1966.

Distribution: Native to Puerto Rico, North America, and Central America.

References: 28, 156.

*Xyris difformis* Chapm. var. *curtissii* (Malme) Kral = *Xyris curtissii* Malme

*Xyris ekmanii* Malme, Ark. Bot. 19(19): 4. 1925.

Distribution: Endemic to Cuba.

References: 3, 147, 191.

Note: Considered endangered by the Red List of the Vascular Flora of Cuba (39).

*Xyris elliottii* Chapm., Fl. South. U.S. 500. 1860.

*Xyris brevifolia* sensu Elliott, Sketch Bot. S. Carolina 1(1): 52. 1816, non Michx.

Distribution: Native to Cuba, Hispaniola, Puerto Rico, Lesser Antilles (no island indicated), North America, Mexico, and Central America.

References: 3, 28, 147, 156, 191, 254.

Note: Considered threatened by the Red List of the Vascular Flora of Cuba (39).

*Xyris falx* Griseb. = *Xyris grandiceps* Griseb.

*Xyris flabelliformis* Chapm., Fl. South. U.S. 499. 1860.

Distribution: Native to Cuba and North America.

References: 147, 191.

Note: Considered endangered by the Red List of the Vascular Flora of Cuba (39).

*Xyris flexuosa* Muhl. ex Elliott = *Xyris jupicai* Rich.

*Xyris grandiceps* Griseb., Cat. Pl. Cub. 223. 1866.

*Xyris falx* Griseb., Cat. Pl. Cub. 223. 1866.

Distribution: Endemic to Cuba.

References: 3, 147, 191.

Note: Considered endangered by the Red List of the Vascular Flora of Cuba (39).

*Xyris gymnoptera* Griseb. = *Xyris jupicai* Rich.

*Xyris intermedia* Malme = *Xyris brevifolia* Michx.

*Xyris jupicai* Rich., Actes Soc. Hist. Nat. Paris 1: 106. 1792.

*Xyris americana* sensu Bello, Anales Soc. Esp. Hist. Nat. 12: 124. 1883, non Aubl.

*Xyris caroliniana* sensu authors, Fl. Carol. 69. 1788, non Walter.

*Xyris communis* Kunth, Enum. Pl. 4: 12. 1843.

*Xyris conocephala* C. Wright in F.A. Sauvalle, Anales Acad. Ci. Méd. Habana 7: 610. 1871.

*Xyris flexuosa* Muhl. ex Elliott, Sketch Bot. S. Carolina 1(1): 51. 1816.

*Xyris gymnoptera* Griseb., Cat. Pl. Cub. 223. 1866.

*Xyris rhombipetala* C. Wright in F.A. Sauvalle, Anales Acad. Ci. Méd. Habana 7: 611. 1871.

Distribution: Native to Cuba, Hispaniola, Jamaica, Puerto Rico, North America, Mexico, Central America, and South America.

References: 2, 3, 5, 28, 147, 191.

*Xyris longibracteata* Britton & P. Wilson, Bull. Torrey Bot. Club 43: 462. 1916.

Distribution: Endemic to Cuba.

References: 3, 147, 191.

Note: Considered threatened by the Red List of the Vascular Flora of Cuba (39).

*Xyris mantuensis* Urquiola & Kral, Ann. Carnegie Mus. 65: 300. 1996.

Distribution: Endemic to Cuba.

References: 147, 191.

Note: Considered endangered by the Red List of the Vascular Flora of Cuba (39).

*Xyris navicularis* Griseb., Cat. Pl. Cub. 223. 1866.

Distribution: Native to Cuba, Central America.

References: 3, 147, 191.

Note: Considered threatened by the Red List of the Vascular Flora of Cuba (39).

*Xyris paleacea* Kral & Urquiola, Ann. Missouri Bot. Gard. 74: 664. 1987.

Distribution: Endemic to Cuba.

References: 147, 191.

Note: Considered endangered by the Red List of the Vascular Flora of Cuba (39).

*Xyris rhombipetala* C. Wright = *Xyris jupicai* Rich.

*Xyris smaliana* Nash, Bull. Torrey Bot. Club 22: 159. 1895.

Distribution: Native to Cuba, North America, Mexico, and Central America.

References: 147, 191.

Note: Considered endangered by the Red List of the Vascular Flora of Cuba (39).

**ZAMIACEAE**

**Genera.** Total: 1; native: 1; endemic: 0.

**Taxa.** Total: 6; native: 5; endemic: 4.

*Zamia amblyphyllidia* D.W. Stev. = *Zamia erosa* O.F. Cook & G.N. Collins

*Zamia angustifolia* Jacq., Collectanea 3: 263. 1791 ["1789"].

*Zamia guggenheimiana* Carabia, Caribbean Forest. 2: 89. 1941.

*Zamia multifoliolata* A. DC., Prodr. 16(2): 545. 1868.

*Zamia stricta* Miq. ex Griseb., Cat. Pl. Cub. 217. 1866.

*Zamia yatesii* Miq., Nieuwe Verh. Eerste Kl. Kon. Ned. Inst. Wetensch. Amsterdam ser. 3, 4: 182. 1851.

Distribution: Endemic to West Indies; native to Bahamas and Cuba.

Common Names: Bay-rush (Bahamas), Guáyara, Guáyiga, Guayuya, Yuca cimarrona, Yuca guáyara, Yuquilla de paredón, Yuquilla de ratón (Cuba).

References: 3, 39, 45, 353, 427.

Note: Considered threatened by the Red List of the Vascular Flora of Cuba (39) and vulnerable by the IUCN Red List of Threatened Species.

*Zamia angustifolia* sensu Bello = *Zamia portoricensis* Urb.

*Zamia angustifolia* sensu Liogier & Martorell = *Zamia portoricensis* Urb.

*Zamia calocoma* Miq. = *Microcycas calocoma* (Miq.) DC. (Cycadaceae)

*Zamia chamberlainii* J. Schust. = *Zamia pygmaea* Sims

*Zamia debilis* L. f. = *Zamia pumila* L.

*Zamia erosa* O.F. Cook & G.N. Collins, Contr. U.S. Nat. Herb. 8: 267. 1903.

*Zamia amblyphyllidia* D.W. Stev., Fairchild Trop. Gard. Bull. 42(3): 26. 1987.

Distribution: Endemic to Greater Antilles; native to Cuba, Hispaniola, Jamaica, and Puerto Rico.

References: 28, 353, 427.

Note: Considered vulnerable by the IUCN Red List of Threatened Species.

*Zamia guggenheimiana* Carabia = *Zamia angustifolia* Jacq.

*Zamia gutierrezii* Sauvalle = *Zamia muricata* Willd.

*Zamia integrifolia* L. f. = *Zamia pumila* L.

*Zamia kickxii* Miq. = *Zamia pygmaea* Sims.

*Zamia latifoliolata* Prenel. = *Zamia pumila* L.

*Zamia media* Jacq. = *Zamia pumila* L.

*Zamia multifoliolata* A. DC. = *Zamia angustifolia* Jacq.

*Zamia muricata* Willd., Sp. Pl., ed. 4(2): 847-848. 1806.

*Zamia gutierrezii* Sauvalle, Anales Acad. Ci. Med. Habana reimp. 2. 1868.

Distribution: Cultivated in Cuba; native to South America.

Reference: 353.

*Zamia ottonis* Miq. = *Zamia pygmaea* Sims.,

*Zamia portoricensis* Urb., Symb. Antill. 1: 291. 1899.

*Zamia angustifolia* sensu Bello, Anales Soc. Esp. Hist. Nat. 12: 113. 1883.

*Zamia angustifolia* sensu Liogier & Martorell, Fl. Puerto Rico Adj. Is., edit. 2, 2000.

Distribution: Endemic to Puerto Rico.

Common Names: Zamia, Marunguey (Puerto Rico).

References: 28, 30, 61, 353, 427.

Note: Considered endangered by the IUCN Red List of Threatened Species.

*Zamia pumila* L., Sp. Pl., ed. 2, 1659. 1763.

*Zamia debilis* L. f. in W. Aiton, Hortus Kew. 3: 478. 1789.

*Zamia integrifolia* L.f. in W. Aiton, Hortus Kew. 3: 478. 1789.

*Zamia latifoliolata* Prenl., Bull. Soc. Vaud. Sci. Nat. 11: 278. 1872.

*Zamia media* Jacq., Pl. Rar. Hort. Schoenbr. 3: 77. 1798.

Distribution: Native to Bahamas, Cayman Islands, Cuba, Hispaniola, Jamaica, and Puerto Rico.

Common Names: Bay-rush (Bahamas), Yuca cimarrona, Yuquilla de ratón, Yuquilla de sabana (Cuba), Guayiga, Guayira (Dominican Republic), Marunguey (Puerto Rico).

References: 7, 28, 45, 150, 353, 427.

Note: Considered near threatened by the IUCN Red List of Threatened Species.

*Zamia pygmaea* Sims., Bot. Mag. 43: t. 1741. 1815.

*Zamia chamberlainii* J. Schust. in H.G.A. Engler, Pflanzenr. IV, 1 (Heft 99): 153. 1932.

*Zamia kickxii* Miq., Monogr. Cycad. 71. 1842.

*Zamia silicea* Britton, Bull. Torrey Bot. Club 43: 462. 1916.

*Zamia ottonis* Miq., Linnaea 17: 740. 1844.

Distribution: Endemic to Cuba.

References: 3, 353, 427.

Note: Considered critically endangered by the IUCN Red List of Threatened Species.

*Zamia silicea* Britton = *Zamia pygmaea* Sims.

*Zamia stricta* Miq. ex Griseb. = *Zamia angustifolia* Jacq.

*Zamia yatesii* Miq. = *Zamia angustifolia* Jacq.

*Phaeomeria magnifica* (Rosc.) K. Schum. in H.G.A. Engler, Pflanzn. IV, 46(Heft 20): 262. 1904.  
 Distribution: Exotic in Hispaniola and Puerto Rico.  
 References: 28, 147, 323.
- Hedychium coccineum* Buch.-Ham. ex Sm. in A. Rees, Cycl. 17: n. 5. 1811.  
 Distribution: Exotic in Cuba and Jamaica.  
 Common Name: Mariposa punzó (Cuba).  
 References: 2, 132, 147, 323.
- Hedychium coronarium* J. Koenig., Observ. Bot. 3: 73. 1783.  
 Distribution: Exotic in Cuba, Hispaniola, Jamaica, Puerto Rico, Lesser Antilles (Dominica, Guadeloupe, Martinique, St. Lucia, St. Vincent), Central America, and South America.  
 Common Names: Mariposa (Cuba), Narciso (Dominican Republic), Narcisse (Haiti), White ginger lily (Jamaica), Canne d'eau, Cane rivière, Gingembre douleur (Lesser Antilles), Dulce nieve, Jazmín cimarrón, Jazmín del río, Mariposa blanca, Narciso, Nardo (Puerto Rico).  
 References: 1, 2, 3, 28, 61, 147, 323.
- Hedychium flavum* Roxb., Hort. Bengal. 1. 1814.  
 Distribution: Exotic in Dominican Republic and Jamaica.  
 Common Names: Narciso amarillo (Dominican Republic), Yellow ginger lily (Jamaica).  
 References: 2, 147.
- Hedychium gardnerianum* Sheppard ex Ker Gawl., Bot. Reg. 9: t. 774. 1824.  
 Distribution: Exotic in Cuba, Hispaniola, and Jamaica.  
 Common Name: Mariposa amarilla (Cuba).  
 References: 2, 147, 323.
- Kaempferia longa* Jacq. = *Kaempferia rotunda* L.  
*Kaempferia rotunda* L., Sp. Pl. 3. 1753.  
*Kaempferia longa* Jacq., Pl. Rar. Hort. Schoenbr. 3: 37. 1798.  
 Distribution: Exotic in Cuba, Hispaniola, and Lesser Antilles (no island indicated).  
 Common Names: Bruja, Duende, Lirio misterioso, Violeta de los alpes (Cuba), Resurrection lily (Lesser Antilles).  
 References: 1, 132, 147.
- Languas speciosa* (J.C. Wendl.) Small = *Alpinia zerumbet* (Pers.) B.L. Burtt & R.M. Sm.

- Renalmia pyramidalis* (Lam.) Maas, Acta Bot. Néerl. 24: 479. 1976 ["1975"].
- Alpinia caribaea* Gaertn., Fruct. Sem. Pl. 1: 36. 1788.
- Alpinia racemosa* L., Sp. Pl. 2. 1753.
- Renalmia caribaea* (Gaertn.) Griseb., Fl. Brit. W. I. 601. 1864. Distribution: Endemic to Lesser Antilles (Dominica, Guadeloupe, Martinique, St. Lucia, St. Vincent). References: 1, 147.
- Renalmia racemosa* (Willd.) A. Rich. = *Renalmia jamaicensis* (Gaertn.) Horan. var. *jamaicensis*
- Renalmia recurvata* L. = *Tillandsia recurvata* (L.) L. (Bromeliaceae)
- Renalmia sylvestris* Horan., Prodr. Monogr. Scitam. 32. 1862; *Amomum sylvestre* Sw., Prodr. 11. 1788, non Lam. 1783. Distribution: Endemic to Jamaica. Reference: 591.
- Renalmia usneoides* L. = *Tillandsia usneoides* (L.) L. (Bromeliaceae)
- Renalmia ventricosa* Griseb. = *Renalmia jamaicensis* (Gaertn.) Horan. var. *jamaicensis*
- Zingiber cassumunar* Roxb. = *Zingiber montanum* (J. Koenig) Link ex A. Dietr.
- Zingiber montanum* (J. Koenig) Link ex A. Dietr., Sp. Pl. 1: 52. 1831.
- Costus spicatus* sensu Bello, Anales Soc. Esp. Hist. Nat. 12: 119. 1883, non Sw.
- Zingiber cassumunar* Roxb., Asiat. Res. 11: 347. 1810.
- Zingiber purpureum* Roscoe, Trans. Linn. Soc. London 8: 348. 1807. Distribution: Exotic in Cuba, Hispaniola, and Puerto Rico. References: 3, 28, 147.
- Zingiber officinale* Roscoe, Trans. Linn. Soc. London 8: 348. 1807.
- Amomum zingiber* L., Sp. Pl. 1. 1753.
- Zingiber zingiber* (L.) H. Karst., Deut. Fl. 471. 1880. Distribution: Exotic in Cuba, Hispaniola, Puerto Rico, Virgin Islands (St. Croix), and Lesser Antilles (Dominica, Saba).
- Common Names: Jengibre, Jengibre, Jengibre dulce (Cuba), Jengibre, Jengibre dulce (Dominican Republic), Gingembre (Haiti), Common ginger, True ginger (Lesser Antilles), Jengibre, Jengibre dulce (Puerto Rico), Ginger (Virgin Islands). References: 1, 3, 5, 28, 147.

*Zingiber purpureum* Roscoe = *Zingiber montanum* (J. Koenig) Link ex A. Dietr.

*Zingiber zerumbet* (L.) J.E. Sm., Exot. Bot. 2: 105. 1806; *Amomum zerumbet* L., Sp. Pl. 1. 1753.

*Costus glabratus* sensu Bello, Anales Soc. Esp. Hist. Nat. 12: 119. 1883, non Sw.

Distribution: Exotic in Cuba, Hispaniola, Puerto Rico, and Lesser Antilles (St. Lucia).

Common Names: Jengibre amargo (Dominican Republic, Puerto Rico).  
References: 1, 3, 28, 61, 123, 131, 147.

*Zingiber zingiber* (L.) H. Karst. = *Zingiber officinale* Roscoe

## ZYGOPHYLLACEAE

Genera. Total: 3; native: 2; endemic: 0.

Taxa. Total: 8; native: 6; endemic: 2.

*Guaiacum officinale* L., Sp. Pl. 381. 1753.

Distribution: Native to Bahamas, Cayman Islands, Cuba, Hispaniola, Puerto Rico, Virgin Islands (Anegada, Guana, St. Croix, St. John, St. Thomas, Tortola, Virgin Gorda), Lesser Antilles (Anguilla, Antigua, Barbados, Barbuda, Dominica, Grenada, Guadeloupe, Martinique, Montserrat, St. Barthélemy, St. Lucia, St. Martin, St. Vincent), Aruba, Bonaire, Curaçao, Margarita, Tobago, Trinidad, Central America, and South America; cultivated in Jamaica and United States (FL).

Common Names: Guayacán, Lignum vitae (Cuba, Dominican Republic, Puerto Rico), Bois saint, Gaiac, Lignum vitae, Manlira (Lesser Antilles).

References: 1, 2, 3, 4, 5, 6, 7, 45, 58, 61, 75, 123, 131, 132, 301, 323, 340, 427.

Note: Considered endangered by the IUCN Red List of Threatened Species.

*Guaiacum sanctum* L., Sp. Pl. 382. 1753.

Distribution: Native to Bahamas, Cuba, Hispaniola, Puerto Rico, Aruba, Bonaire, Curaçao, Central America, and South America.

Common Names: Guayacán blanco (Cuba, Puerto Rico), Guayacán bastardo, Guayacancillo, Vera (Dominican Republic), Bois sant, Gaiac batârd, Gaiac blanc, Gaiac cardasse, Gaiac femelle (Haiti).

References: 3, 5, 6, 7, 45, 58, 61, 75, 150, 427.

Note: Considered threatened by the Red List of the Vascular Flora of Cuba (39) and endangered by the IUCN Red List of Threatened Species.

*Kallstroemia caribaea* Rydb. = *Kallstroemia pubescens* (G. Don) Dandy

*Kallstroemia caribaea* sensu Urb. = *Kallstroemia incana* Rydb.

*Kallstroemia curta* Rydb. in I. Boldingh, Fl. Dutch W. Ind. Is. 2: 45. 1914.

Distribution: Apparently endemic to Hispaniola, Aruba and Curaçao.  
References: 7, 149.

*Kallstroemia incana* Rydb., Bull. Torrey Bot. Club 51: 3. 1924.

*Kallstroemia caribaea* sensu Urb., Symb. Antill. 8: 319. 1920, non Rydb.

Distribution: Endemic to Hispaniola.

References: 5, 7, 149, 156.

*Kallstroemia maxima* (L.) Hook. & Arn., Bot. Beechey Voy. 282. 1838; *Tribulus maximus* L., Sp. Pl. 386. 1753.

*Tribulus tuberculatus* Sessé & Moc., Fl. Mexic., ed. 2, 109. 1894.

Distribution: Native to Bahamas, Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (Guana, St. Croix, St. John, St. Thomas, Tortola, Virgin Gorda), Lesser Antilles (Anguilla, Antigua, Barbados, Dominica, Grenada, Grenadines, Guadeloupe, Martinique, Montserrat, Saba, St. Barthélemy, St. Eustatius, St. Kitts, St. Martin, St. Vincent), Margarita, United States, Mexico, Central America, and South America.

References: 1, 2, 3, 4, 5, 6, 7, 19, 45, 58, 61, 75, 151, 323, 340.

*Kallstroemia pubescens* (G. Don) Dandy, Kew Bull. 10: 138. 1955.

*Kallstroemia caribaea* Rydb., N. Amer. Fl. 25(2): 111. 1910.

Distribution: Native to Jamaica, Puerto Rico, Virgin Islands (Guana, St. Croix, St. John, St. Thomas, Tortola), Lesser Antilles (Antigua, Barbados, Barbuda, Grenada, Grenadines, Guadeloupe, Montserrat, Saba, St. Barthélemy, St. Eustatius, St. Kitts, St. Lucia, St. Vincent), Aruba, Bonaire, Curaçao, Tobago, Mexico, Central America, and South America.

References: 1, 2, 6, 19, 58, 61, 150, 151, 156, 301.

*Tribulus cistoides* L., Sp. Pl. 387. 1753; *Tribulus terrestris* L. var. *cistoides* (L.) Oliv., Fl. Trop. Afr. 1: 284. 1868.

*Tribulus cistoides* L. var. *arenicola* Kitan., God. Sofiisk. Univ. Biol. Fak., 2, Bot. Mikrobiol. Fiziol. Biokhim. Rast. 66(2): 32. 1974 ["1971/1972"].

Distribution: Exotic in Bahamas, Cayman Islands, Cuba, Hispaniola, Jamaica, Puerto Rico, Virgin Islands (St. Croix, St. Thomas, Tortola, Virgin Gorda), Lesser Antilles (Antigua, Grenada, Guadeloupe, Marie Galante, Martinique, St. Martin), Aruba, Bonaire, Curaçao, Margarita, Mexico, Central America, and South America; native to Europe.

References: 1, 2, 6, 19, 58, 61, 150, 151, 156, 301.

*Tribulus cistoides* L. var. *arenicola* Kitan. = *Tribulus cistoides* L.

*Tribulus maximus* L. = *Kallstroemia maxima* (L.) Hook. & Arn.

*Tribulus terrestris* L., Sp. Pl. 387. 1753.

Distribution: Exotic in Bahamas; native to Europe.

References: 45, 150.

*Tribulus terrestris* L. var. *cistoides* (L.) Oliv. = *Tribulus cistoides* L.

*Tribulus tuberculatus* Sessé & Moc. = *Kallstroemia maxima* (L.) Hook. & Arn.

# List of Genera by Family

<b>A</b>			
Abarema	Leguminosae	Adenorima	Euphorbiaceae
Abelmoschus	Malvaceae	Adenoropium	Euphorbiaceae
Abena	Verbenaceae	Adenostemma	Asteraceae
Abildgaardia	Cyperaceae	Adhatoda	Acanthaceae
Abrus	Leguminosae	Adicea	Urticaceae
Abutilon	Malvaceae	Adipera	Leguminosae
Acacia	Leguminosae	Aechmea	Bromeliaceae
Acaciella	Leguminosae	Aegiphila	Lamiaceae
Acalypha	Euphorbiaceae	Aegle	Rutaceae
Acanthocereus	Cactaceae	Aeglopsis	Rutaceae
Acanthospermum	Asteraceae	Aeranthus	Orchidaceae
Acca	Myrtaceae	Aeria	Arecaceae
Acetosa	Polygonaceae	Aeschrion	Simaroubaceae
Achania	Malvaceae	Aeschynomene	Leguminosae
Achimenes	Gesneriaceae	Afzelia	Orobanchaceae
Achlaena	Poaceae	Agalinis	Orobanchaceae
Achras	Sapotaceae	Agati	Leguminosae
Achyranthes	Amaranthaceae	Agave	Asparagaceae
Acianthera	Orchidaceae	Agdestis	Phytolaccaceae
Acianthus	Orchidaceae	Ageratina	Asteraceae
Acidocroton	Euphorbiaceae	Ageratum	Asteraceae
Acidoton	Euphorbiaceae	Agrimonia	Rosaceae
Acinodendron	Melastomataceae	Agrostemma	Caryophyllaceae
Aciotis	Melastomataceae	Agrostis	Poaceae
Acisanthera	Melastomataceae	Aiphanes	Arecaceae
Acmella	Asteraceae	Aira	Poaceae
Acnida	Amaranthaceae	Aklema	Euphorbiaceae
Acnistus	Solanaceae	Akrosida	Malvaceae
Acoelorrhapha	Arecaceae	Albidella	Alismataceae
Acontias	Araceae	Albizia	Leguminosae
Acourtia	Asteraceae	Alcea	Malvaceae
Acrachne	Poaceae	Alchemilla	Rosaceae
Acrilia	Meliaceae	Alchornea	Euphorbiaceae
Acrista	Arecaceae	Alchorneopsis	Euphorbiaceae
Acrocarpidium	Piperaceae	Aldinia	Euphorbiaceae
Acroceras	Poaceae	Alectra	Orobanchaceae
Acrocomia	Arecaceae	Aletris	Nartheciaceae
Acrocoryne	Apocynaceae	Aleurites	Euphorbiaceae
Acroclidium	Lauraceae	Algarobia	Leguminosae
Acrosynanthus	Rubiaceae	Alibertia	Rubiaceae
Actinostemon	Euphorbiaceae	Alicteres	Malvaceae
Acuan	Leguminosae	Alisma	Alismataceae
Acunaeanthus	Rubiaceae	Alismorkis	Orchidaceae
Adelia	Euphorbiaceae	Alkekengi	Solanaceae
Adelobotrys	Melastomataceae	Allamanda	Apocynaceae
Adenanthera	Leguminosae	Allionia	Nyctaginaceae
Adenaria	Lythraceae	Allium	Amaryllidaceae
Adenium	Apocynaceae	Allophylus	Sapindaceae
Adenola	Passifloraceae	Alloplectus	Gesneriaceae
Adenocalymma	Bignoniaceae	Allosidastrum	Malvaceae
Adenocyclus	Asteraceae	Allotoonia	Apocynaceae
Adenophyllum	Asteraceae	Alocasia	Araceae
Adenoporces	Malpighiaceae	Aloe	Xanthorrhoeaceae
		Aloysia	Lamiaceae
		Alpinia	Zingiberaceae

Alsine	Caryophyllaceae	Anila	Leguminosae
Alstroemeria	Alstroemeriaceae	Anisantherina	Orobanchaceae
Alternanthera	Amaranthaceae	Aniseia	Convolvulaceae
Althaea	Malvaceae	Anisomeles	Lamiaceae
Alvaradoa	Picramniaceae	Anisomeris	Rubiaceae
Alvesia	Leguminosae	Anisonema	Phyllanthaceae
Alysicarpus	Leguminosae	Anneslia	Leguminosae
Amaioua	Rubiaceae	Annona	Annonaceae
Amanoa	Phyllanthaceae	Anoda	Malvaceae
Amaranthus	Amaranthaceae	Anogyna	Cyperaceae
Amaryllis	Amaryllidaceae	Anomospermum	Menispermaceae
Amasonia	Acanthaceae	Anomostephium	Asteraceae
Ambrosia	Asteraceae	Anosporum	Cyperaceae
Amellus	Asteraceae	Anredera	Basellaceae
Amerimnon	Leguminosae	Anthacanthus	Acanthaceae
Ammannia	Lythraceae	Anthaeantia	Poaceae
Ammi	Apiaceae	Anthemis	Asteraceae
Amomis	Myrtaceae	Anthephora	Poaceae
Amomum	Zingiberaceae	Antherylium	Lythraceae
Ampalis	Moraceae	Anthocephalus	Rubiaceae
Ampelocera	Ulmaceae	Anthodon	Celastraceae
Ampelocissus	Vitaceae	Anthoxanthum	Poaceae
Amphiglottis	Orchidaceae	Anthurium	Araceae
Amphilophis	Poaceae	Antidaphne	Santalaceae
Amphilophium	Bignoniaceae	Antidesma	Phyllanthaceae
Amphiolanthus	Linderniaceae	Antigonon	Polygonaceae
Amphiscopia	Acanthaceae	Antilla	Orchidaceae
Amphistelma	Apocynaceae	Antillanorchis	Orchidaceae
Amphitecna	Bignoniaceae	Antillanthus	Asteraceae
Amygdalus	Rosaceae	Antillia	Asteraceae
Amyris	Rutaceae	Antirhea	Rubiaceae
Anabata	Apocynaceae	Antirrhinum	Plantaginaceae
Anacaona	Cucurbitaceae	Apalatoa	Leguminosae
Anacardium	Anacardiaceae	Apeiba	Malvaceae
Anacheilium	Orchidaceae	Aphanamixis	Meliaceae
Anadenanthera	Leguminosae	Aphelandra	Acanthaceae
Anagallis	Primulaceae	Apium	Apiaceae
Anamomis	Myrtaceae	Aploleia	Commelinaceae
Ananas	Bromeliaceae	Apluda	Poaceae
Anastraphia	Asteraceae	Apocynum	Apocynaceae
Anathallis	Orchidaceae	Aptenia	Aizoaceae
Anatherum	Poaceae	Apteria	Burmanniaceae
Anavinga	Salicaceae	Aptotheca	Apocynaceae
Anaxagorea	Annonaceae	Aquartia	Solanaceae
Ancistranthus	Acanthaceae	Arachis	Leguminosae
Ancistrophora	Asteraceae	Aralia	Araliaceae
Ancylogyne	Acanthaceae	Araucaria	Araucariaceae
Andira	Leguminosae	Arceuthobium	Santalaceae
Andrachne	Phyllanthaceae	Arcoa	Leguminosae
Andrographis	Acanthaceae	Arcyphyllum	Leguminosae
Andromachia	Asteraceae	Ardisia	Myrsinaceae
Andromeda	Ericaceae	Arduina	Apocynaceae
Andropogon	Poaceae	Arenaria	Caryophyllaceae
Anechites	Apocynaceae	Arethusa	Orchidaceae
Aneilema	Commelinaceae	Argemone	Papaveraceae
Anelasma	Menispermaceae	Argusia	Boraginaceae
Anemopaegma	Bignoniaceae	Argyrea	Convolvulaceae
Anethum	Apiaceae	Argythamnia	Euphorbiaceae
Angadenia	Apocynaceae	Ariadne	Rubiaceae
Angelonia	Plantaginaceae	Aristea	Iridaceae
Angostura	Rutaceae	Aristida	Poaceae
Angraecum	Orchidaceae	Aristolochia	Aristolochiaceae
Anguillaria	Myrsinaceae	Aristopsis	Poaceae
Anguria	Cucurbitaceae	Arivela	Cleomaceae
Aniba	Lauraceae	Armoracia	Brassicaceae

Armouria	Malvaceae	Badiera	Polygalaceae
Arouna	Leguminosae	Badula	Myrsinaceae
Arpophyllum	Orchidaceae	Baillieria	Asteraceae
Arrabidaea	Bignoniaceae	Ballota	Lamiaceae
Arracacia	Apiaceae	Baltimora	Asteraceae
Arrhoxoxylum	Acanthaceae	Bambusa	Poaceae
Artanthe	Piperaceae	Banara	Salicaceae
Artemisia	Asteraceae	Banisteria	Malpighiaceae
Arthraxon	Poaceae	Banisteria	Rhamnaceae
Arthropogon	Poaceae	Banisteriopsis	Malpighiaceae
Arthrostemma	Melastomataceae	Banksea	Costaceae
Arthrostylidium	Poaceae	Barbarea	Brassicaceae
Arthrothamnus	Euphorbiaceae	Barberina	Symplocaceae
Artocarpus	Moraceae	Barbieria	Leguminosae
Arum	Araceae	Barbosella	Orchidaceae
Arundina	Orchidaceae	Barbylus	Meliaceae
Arundinaria	Poaceae	Barleria	Acanthaceae
Arundinella	Poaceae	Barnebydendron	Leguminosae
Arundo	Poaceae	Barringtonia	Lecythidaceae
Asciadium	Apiaceae	Bartramia	Malvaceae
Asclepias	Apocynaceae	Basanacantha	Rubiaceae
Ascyrum	Hypericaceae	Basella	Basellaceae
Asimina	Annonaceae	Basiphyllaea	Orchidaceae
Asketanthera	Apocynaceae	Bassia	Sapotaceae
Aspalathus	Leguminosae	Bastardia	Malvaceae
Asparagus	Asparagaceae	Bastardiopsis	Malvaceae

## CHECKLIST OF THE BAHAMAS

1337 Taxa

### **Acanthaceae**

*Andrographis paniculata* (Burm. f.) Wall. ex Nees  
*Asystasia gangetica* (L.) T. Anderson  
*Avicennia germinans* (L.) L.  
*Barleria cristata* L.  
*Barleria lupulina* Lindl.  
*Dicliptera sexangularis* (L.) Juss.  
*Dyschoriste angusta* (A. Gray) Small  
*Justicia carthagenensis* Jacq.  
*Justicia spicigera* Schltld.  
*Oplonia spinosa* (Jacq.) Raf. subsp. *spinosa*  
*Ruellia blechum* L.  
*Ruellia tuberosa* L.  
*Stenandrium bracteosum* (Britton & Millsp.) Britton ex Leonard  
*Stenandrium carolinae* Leonard & Proctor ex Leonard  
*Stenandrium droseroides* Nees subsp. *droseroides*  
*Thunbergia alata* Bojer ex Sims  
*Thunbergia fragrans* Roxb.

### **Aizoaceae**

*Cypselea humifusa* Turpin  
*Sesuvium maritimum* (Walter) Britton et al.  
*Sesuvium microphyllum* Willd.  
*Sesuvium portulacastrum* (L.) L.  
*Trianthema portulacastrum* L.

### **Alismataceae**

*Echinodorus berteroi* (Spreng.) Fassett  
*Sagittaria lancifolia* L.

### **Amaranthaceae**

*Alternanthera brasiliana* (L.) Kuntze  
*Alternanthera canescens* Kunth  
*Alternanthera caracasana* Kunth  
*Alternanthera maritima* (Mart.) A. St.-Hil.  
*Alternanthera paronychioides* A. St.-Hil.  
*Alternanthera tenella* Colla var. *tenella*  
*Amaranthus crassipes* Schltld.  
*Amaranthus dubius* Mart. ex Thell.  
*Amaranthus hybridus* L.  
*Amaranthus polygonoides* L.  
*Amaranthus spinosus* L.  
*Amaranthus viridis* L.  
*Atriplex arenaria* Nutt.  
*Atriplex cristata* Humb. & Bonpl. ex Willd.  
*Blutaparon vermiculare* (L.) Mears  
*Celosia argentea* L. var. *argentea*  
*Celosia nitida* Vahl  
*Chenopodium album* L. var. *album*  
*Chenopodium ambrosioides* L.  
*Chenopodium murale* L.

*Gomphrena globosa* L.  
*Iresine flavescens* Humb. & Bonpl. ex Willd.  
*Lithophila muscoides* Sw.  
*Salicornia bigelovii* Torr.  
*Salicornia virginica* L.  
*Sarcocornia perennis* (Mill.) A.J. Scott  
*Suaeda conferta* (Small) I.M. Johnston.  
*Suaeda linearis* (Elliott) Moq.  
*Suaeda nigra* (Raf.) J.F. Macbr.

### **Amaryllidaceae**

*Crinum asiaticum* L.  
*Crinum zeylanicum* (L.) L.  
*Hippeastrum puniceum* (Lam.) Voss  
*Hymenocallis arenicola* Northr.  
*Hymenocallis latifolia* (Mill.) M. Roem.  
*Hymenocallis speciosa* (L. f. ex Salisb.) Salisb.  
*Zephyranthes bifolia* (Aubl.) M. Roem.  
*Zephyranthes cardinalis* C.H. Wright  
*Zephyranthes citrina* Baker  
*Zephyranthes puertoricensis* Traub.  
*Zephyranthes rosea* Lindl.

### **Anacardiaceae**

*Mangifera indica* L.  
*Metopium toxiferum* (L.) Krug & Urb.  
*Rhus bahamensis* G. Don  
*Schinus terebinthifolius* Raddi  
*Spondias purpurea* L.  
*Toxicodendron radicans* (L.) Kuntze

### **Annonaceae**

*Annona glabra* L.  
*Annona reticulata* L.  
*Annona squamosa* L.

### **Apiaceae**

*Ammi majus* L.  
*Anethum graveolens* L.  
*Centella asiatica* (L.) Urb.  
*Foeniculum vulgare* Mill.  
*Oxypolis filiformis* (Walter) Britton

### **Apocynaceae**

*Angadenia berteroi* (A. DC.) Miers  
*Asclepias curassavica* L.  
*Calotropis procera* (Aiton) W.T. Aiton  
*Carissa macrocarpa* (Eckl.) A. DC.  
*Cascabela thevetia* (L.) Lippold  
*Catharanthus roseus* (L.) G. Don  
*Cryptostegia grandiflora* R. Br.  
*Echites umbellatus* Jacq. subsp. *umbellatus*  
*Funastrum clausum* (Jacq.) Schltr.  
*Matelea correllii* Spellman  
*Metastelma bahamense* Griseb.

Metastelma blodgettii A. Gray  
 Metastelma eggersii Schltr.  
 Metastelma inaguense Vail  
 Metastelma northropiae Schltr.  
 Metastelma scoparium (Nutt.) Vail  
 Metastelma sigmoideum (Correll) Acev.-Rodr.  
 Neobracea bahamensis (Britton) Britton  
 Nerium oleander L.  
 Pentalinon luteum (L.) B.F. Hansen & Wunderlin  
 Plumeria emarginata Griseb.  
 Plumeria obtusa L.  
 Plumeria rubra L.  
 Plumeria tuberculata Lodd.  
 Rauvolfia nitida Jacq.  
 Rauvolfia tetraphylla L.  
 Rhabdadenia biflora (Jacq.) Müll. Arg.  
 Seutera angustifolia (Pers.) Fishbein & W.D. Stevens  
 Vallesia antillana Woodson

### **Aquifoliaceae**

Ilex cassine L.  
 Ilex krugiana Loes. var. krugiana  
 Ilex nitida (Vahl) Maxim. var. nitida  
 Ilex nitida (Vahl) Maxim. var. repanda (Griseb.) P.A. González

### **Araceae**

Lemna aquinoctialis Welw.  
 Lemna obscura (Austin) Daubs

### **Syngonium angustatum Schott**

Syngonium podophyllum Schott

### **Araliaceae**

Hydrocotyle hirsuta Sw. var. hirsuta  
 Hydrocotyle umbellata L.  
 Hydrocotyle verticillata Thunb. var. verticillata  
 Polyscias guilfoylei (W. Bull.) L.H. Bailey  
 Schefflera actinophylla (Endl.) Harms

### **Arecaceae**

Acoelorrhapha wrightii (Griseb. & H. Wendl.) H. Wendl. ex Becc.  
 Coccolrinax argentata (Jacq.) L.H. Bailey  
 Coccolrinax argentea (Lodd. ex Schult. & Schult. f.) Sarg. ex Becc.  
 Coccolrinax inaguensis Read  
 Cocos nucifera L.  
 Pseudophoenix sargentii H. Wendl. ex Sarg.  
 Roystonea regia (Kunth) O.F. Cook  
 Sabal palmetto (Walter) Lodd. ex Schult. & Schult. f.  
 Thrinax morrisii H. Wendl.  
 Thrinax radiata Lodd. ex Schult. & Schult. f.

### **Aristolochiaceae**

Aristolochia passiflorifolia A. Rich.  
 Aristolochia pentandra Jacq.

### **Asparagaceae**

Agave acklinicola Trel.  
 Agave anomala Trel.  
 Agave bahamana Trel.  
 Agave braceana Trel.  
 Agave cacozele Trel.  
 Agave inaguensis Trel.  
 Agave indagatorum Trel.  
 Agave millspaughii Trel.  
 Agave nashii Trel.  
 Agave sisalana Perrine

Asparagus aethiopicus L.  
 Asparagus setaceus (Kunth) Jessop  
 Furcraea hexapetala (Jacq.) Urb.  
 Sansevieria hyacinthoides (L.) Druce  
 Yucca aloifolia L.

### **Asteraceae**

Acanthospermum humile (Sw.) DC.  
 Acmea iodiscae (A.H. Moore) R.K. Jansen  
 Ageratina havanensis (Kunth) R.M. King & H. Rob.  
 Ageratum conyzoides L. subsp. conyzoides  
 Ageratum conyzoides L. subsp. latifolium (Cav.) M.F. Johnst.  
 Ambrosia artemisiifolia L.  
 Ambrosia hispida Pursh  
 Anastrophia northropiana Greenm. ex Combs  
 Anastrophia paucifloscula C. Wright ex Hitchc.  
 Baccharis angustifolia Michx.  
 Baccharis dioica Vahl  
 Baccharis glomeruliflora Pers.  
 Baccharis halimifolia L. var. halimifolia  
 Bidens alba (L.) DC. var. radiata (Sch. Bip.) R.E. Ballard  
 Bidens cynapiifolia Kunth  
 Borrchia arborescens (L.) DC.  
 Borrchia frutescens (L.) DC.  
 Calyptocarpus vialis Less.  
 Chaptalia albicans (Sw.) Vent. ex B.D. Jacks.  
 Chaptalia dentata (L.) Cass.  
 Chromolaena bahamensis (Northr.) R.M. King & H. Rob.  
 Chromolaena corymbosa (Aubl.) R.M. King & H. Rob.  
 Chromolaena lucayana (Britton) R.M. King & H. Rob.  
 Chromolaena odorata (L.) R.M. King & H. Rob.  
 Cirsium horridulum Michx.  
 Cirsium vittatum (Small) Small  
 Conyza bonariensis (L.) Cronquist var. bonariensis  
 Conyza canadensis (L.) Cronquist var. canadensis  
 Conyza laevigata (Rich.) Pruski  
 Cyanthillium cinereum (L.) H. Rob.  
 Dyssodia tenuiloba (DC.) B.L. Rob.  
 Eclipta prostrata (L.) L.  
 Eleutheranthera ruderalis (Sw.) Sch. Bip.  
 Emilia fosbergii Nicolson  
 Erechites hieraciifolius (L.) Raf. ex DC. var. hieraciifolius  
 Erigeron bellioides DC.  
 Erigeron quercifolius Lam.  
 Eupatorium capillifolium (Lam.) Small  
 Eupatorium leptophyllum DC.  
 Flaveria bidentis (L.) Kuntze  
 Flaveria linearis Lag.  
 Flaveria trinervia (Spreng.) C. Mohr  
 Gaillardia pulchella Foug.  
 Galinsoga quadriradiata Ruiz & Pav.  
 Gamochaeta americana (Mill.) Wedd.  
 Gamochaeta antillana (Urb.) Anderb.  
 Gamochaeta pensylvanica (Willd.) Cabrera  
 Gundlachia corymbosa (Urb.) Britton ex Bold.  
 Helianthus argophyllus Torr. & A. Gray  
 Heterotheca graminifolia (Michx.) Shinnars  
 Isocarpha oppositifolia (L.) Cass. subsp. oppositifolia  
 Iva cheiranthifolia Kunth  
 Iva imbricata Walter  
 Koanophyllum correlliorum (Plettman) R.M. King & H. Rob.  
 Koanophyllum villosum (Sw.) R.M. King & H. Rob. subsp. villosum  
 Lactuca graminifolia Michx.  
 Launaea intybacea (Jacq.) Beauverd  
 Lepidaploa arbuscula (Less.) H. Rob.  
 Liatris garberi A. Gray

Melanthera nivea (L.) Small  
 Mikania scandens (L.) Willd.  
 Neurolaena lobata (L.) R. Br. ex Cass.  
 Parthenium hysterophorus L.  
 Pectis glaucescens (Cass.) D.J. Keil  
 Pectis linifolia L.  
 Pectis prostrata Cav.  
 Pluchea carolinensis (Jacq.) G. Don  
 Pluchea odorata (L.) Cass.  
 Pluchea rosea R.K. Godfrey  
 Porophyllum ruderales (Jacq.) Cass.  
 Pseudoconyza viscosa (Mill.) D'Arcy  
 Pseudogynoxys chenopodioides (Kunth) Cabrera  
 Salsola polycephala Griseb.  
 Salmea petroboides Griseb.  
 Solidago sempervirens L.  
 Sonchus asper (L.) Hill  
 Sonchus oleraceus L.  
 Sphagneticola trilobata (L.) Pruski  
 Symphyotrichum adnatum (Nutt.) G.L. Nesom  
 Symphyotrichum bahamense (Britton) G.L. Nesom  
 Symphyotrichum bracei (Britton) G.L. Nesom  
 Symphyotrichum concolor (L.) G.L. Nesom  
 Symphyotrichum lucayanum (Britton) G.L. Nesom  
 Symphyotrichum subulatum (Michx.) G.L. Nesom  
 Symphyotrichum tenuifolium (L.) G.L. Nesom  
 Synedrella nodiflora (L.) Gaertn.  
 Taraxacum officinale F.H. Wigg.  
 Tetranthus bahamensis Britton  
 Thymopsis brittonii Greenm.  
 Tithonia diversifolia (Hemsl.) A. Gray  
 Tithonia tubiformis (Jacq.) Cass.  
 Tridax procumbens L.  
 Verbesina encelioides (Cav.) Benth. & Hook. f. ex A. Gray  
 Vernonia blodgettii Small  
 Wedelia bahamensis (Britton) O.E. Schulz  
 Xanthium strumarium L.  
 Youngia japonica (L.) DC.  
 Zinnia peruviana (L.) L.

#### Basellaceae

Anredera vesicaria (Lam.) C.F. Gaertn.  
 Basella alba L.

#### Bataceae

Batis maritima L.

#### Bignoniaceae

Catalpa longissima (Jacq.) Dum. Cours.  
 Catalpa macrocarpa (A. Rich.) Ekman & Urb.  
 Crescentia cujete L.  
 Dolichandra unguis-cati (L.) L.G. Lohman  
 Jacaranda caerulea (L.) Juss.  
 Jacaranda mimosifolia D. Don  
 Mansoa alliacea (Lam.) A.H. Gentry  
 Tabebuia bahamensis (Northr.) Britton  
 Tabebuia heterophylla (DC.) Britton  
 Tabebuia lepidota (Kunth) Britton  
 Tecoma stans (L.) Kunth

#### Bixaceae

Cochlospermum vitifolium (Willd.) Spreng.

#### Boraginaceae

Cordia sebestena L. var. sebestena  
 Euploca procumbens (Mill.) Diane & Hilger

Euploca ternata (Vahl) J.I.L. Melo & Semir  
 Heliotropium angiospermum Murray  
 Heliotropium curassavicum L.  
 Heliotropium diffusum Britton  
 Heliotropium eggersii Urb.  
 Heliotropium indicum L.  
 Heliotropium nanum Northr.  
 Heliotropium nashii Millsp.  
 Heliotropium polyphyllum Lehm.  
 Myriopus polichros (Spreng.) Small  
 Myriopus stenophyllus (Urb.) Feuillet  
 Myriopus volubilis (L.) Small  
 Nama jamaicensis L.  
 Rochefortia spinosa (Jacq.) Urb.  
 Varronia bahamensis (Urb.) Millsp.  
 Varronia brittonii Millsp.  
 Varronia bullata L. subsp. humilis (Jacq.) Feuillet  
 Varronia lucayana Millsp.

#### Brassicaceae

Brassica juncea (L.) Czern. var. juncea  
 Cakile lanceolata (Willd.) O.E. Schulz  
 Cardamine pensylvanica Muhl. ex Willd.  
 Conringia orientalis (L.) C. Presl  
 Diplotaxis muralis (L.) DC.  
 Erucastrum gallicum (Willd.) O.E. Schulz  
 Lepidium didymum L.  
 Lepidium filicaule C.L. Hitchc.  
 Lepidium virginicum L.  
 Raphanus raphanistrum L.  
 Rorippa portoricensis (Spreng.) Stehlé subsp. portoricensis  
 Sinapis arvensis L.

#### Bromeliaceae

Aechmea bracteata (Sw.) Griseb.  
 Aechmea lingulata (L.) Baker  
 Ananas comosus (L.) Merr.  
 Catopsis berteroniana (Schult. & Schult. f.) Mez  
 Catopsis floribunda L.B. Sm.  
 Guzmania monostachia (L.) Rusby ex Mez  
 Tillandsia balbisiana J.A. & J.H. Schult.  
 Tillandsia bulbosa Hook.  
 Tillandsia fasciculata Sw. var. fasciculata  
 Tillandsia flexuosa Sw.  
 Tillandsia paucifolia Baker  
 Tillandsia polystachia (L.) L.  
 Tillandsia recurvata (L.) L.  
 Tillandsia streptophylla Scheidw. ex E. Morren  
 Tillandsia usneoides (L.) L.  
 Tillandsia utriculata L.  
 Tillandsia variabilis Schltdl.

#### Burseraceae

Bursera frenningae Correll  
 Bursera inaguensis Britton  
 Bursera simaruba (L.) Sarg.

#### Buxaceae

Buxus bahamensis Baker

#### Cactaceae

Consolea millspaughii (Britton) A. Berger subsp. millspaughii  
 Consolea nashii (Britton) A. Berger  
 Harrisia brookii Britton  
 Hylocereus undatus (Haw.) Britton & Rose subsp. undatus  
 Mammillaria nivosa Link ex Pfeiff.

Melocactus intortus (Mill.) Urb. subsp. intortus  
 Nopalea cochenillifera (L.) Salm-Dyck  
 Opuntia dillenii (Ker Gawl.) Haw.  
 Opuntia x lucayana Britton  
 Opuntia stricta (Haw.) Haw.  
 Pilosocereus polygonus (Lam.) Byles & Rowles  
 Selenicereus boeckmannii (Otto) Britton & Rose  
 Selenicereus grandiflorus (L.) Britton & Rose

### Calophyllaceae

Calophyllum brasiliense Cambess.  
 Mammea americana L.

### Campanulaceae

Lobelia lucayana Britton & Millsp.

### Canellaceae

Canella winterana (L.) Gaertn.

### Cannabaceae

Celtis iguanaea (Jacq.) Sarg.  
 Trema lamarckianum (Roem. & Schult.) Blume

### Cannaceae

Canna indica L.

### Capparaceae

Cynophalla flexuosa (L.) L.J. Presl  
 Quadrella cynophallophora (L.) Hutch.

### Caricaceae

Carica papaya L.

### Caryophyllaceae

Drymaria cordata (L.) Willd. ex Roem. & Schult.

### Casuarinaceae

Casuarina equisetifolia L.  
 Casuarina glauca Sieber ex Spreng.

### Celastraceae

Crossopetalum aquifolium (Griseb.) Hitchc.  
 Crossopetalum coriaceum Northr.  
 Crossopetalum ilicifolium (Poir.) Kuntze  
 Crossopetalum orientale Mory  
 Crossopetalum rhacoma Crantz  
 Elaeodendron xylocarpum (Vent.) DC.  
 Gyminda latifolia (Sw.) Urb. subsp. latifolia  
 Maytenus buxifolia (A. Rich.) Griseb. subsp. buxifolia  
 Maytenus lucayana Britton  
 Maytenus phyllanthoides Benth.  
 Schaefferia frutescens Jacq.

### Chrysobalanaceae

Chrysobalanus icaco L.

### Cleomaceae

Gynandropsis gynandra (L.) Briq.

### Clusiaceae

Clusia rosea Jacq.

### Combretaceae

Bucida buceras L.  
 Conocarpus erectus L. var. erectus  
 Conocarpus erectus L. var. sericeus E. Forst. ex DC.

Laguncularia racemosa (L.) Gaertn. f.  
 Terminalia catappa L.

### Commelinaceae

Commelina diffusa Burm. f.  
 Commelina erecta L. var. erecta  
 Tradescantia pallida (Rose) D.R. Hunt  
 Tradescantia spathacea Sw.  
 Tradescantia zebrina Heynh. ex Bosse

### Convolvulaceae

Cuscuta americana L.  
 Cuscuta campestris Yunck.  
 Cuscuta globulosa Benth.  
 Cuscuta umbellata Kunth  
 Dichondra carolinensis Michx.  
 Dichondra micrantha Urb.  
 Evolvulus alsinoides (L.) L. var. alsinoides  
 Evolvulus alsinoides (L.) L. var. grisebachianus Meisn.  
 Evolvulus arbuscula Poir. var. arbuscula  
 Evolvulus bahamensis House  
 Evolvulus bracei House  
 Evolvulus convolvuloides (Willd. ex Schult.) Stearn  
 Evolvulus nummularius (L.) L.  
 Evolvulus sericeus Sw.  
 Evolvulus squamosus Britton  
 Ipomoea alba L.  
 Ipomoea batatas (L.) Lam.  
 Ipomoea carnea Jacq. subsp. carnea  
 Ipomoea carolina L.  
 Ipomoea hederacea Jacq.  
 Ipomoea hederifolia L.  
 Ipomoea imperati (Vahl) Griseb.  
 Ipomoea indica (Burm. f.) Merr. var. indica  
 Ipomoea microdactyla Griseb.  
 Ipomoea pes-caprae (L.) R. Br.  
 Ipomoea quamoclit L.  
 Ipomoea sagittata Poir.  
 Ipomoea setifera Poir.  
 Ipomoea tiliacea (Willd.) Choisy  
 Ipomoea triloba L.  
 Ipomoea violacea L.  
 Jacquemontia cayensis Britton  
 Jacquemontia havanensis (Jacq.) Urb.  
 Jacquemontia pentanthos (Jacq.) G. Don  
 Jacquemontia tamnifolia (L.) Griseb.  
 Jacquemontia verticillata (L.) Urb. var. verticillata  
 Merremia aegyptia (L.) Urb.  
 Merremia dissecta (Jacq.) Hallier f.  
 Merremia quinquefolia (L.) Hallier f.  
 Merremia tuberosa (L.) Rendle  
 Turbina corymbosa (L.) Raf.

### Crassulaceae

Kalanchoe crenata (Andrews) Haw.  
 Kalanchoe daigremontiana Raym.-Hamet & Perrier  
 Kalanchoe delagoensis Eckl. & Zeyh.  
 Kalanchoe pinnata (Lam.) Pers.

### Cucurbitaceae

Cayaponia americana (Lam.) Cogn.  
 Cayaponia racemosa (Mill.) Cogn.  
 Citrullus lanatus (Thunb.) Matsum. & Nakai  
 Cucumis melo L.  
 Cucumis sativus L.  
 Cucurbita moschata Duchesne

*Cucurbita pepo* L.  
*Melothria pendula* L.  
*Momordica charantia* L.  
*Psiguria pedata* (L.) R.A. Howard

### **Cupressaceae**

*Juniperus barbadensis* L. var. *lucayana* (Britton) R.P. Adams

### **Cymodoceaceae**

*Halodule beaudettei* (Hartog) Hartog  
*Halodule wrightii* Asch.  
*Syringodium filiforme* Kütz.

### **Cyperaceae**

*Abildgaardia ovata* (Burm. f.) Kral  
*Bulbostylis floccosa* (Griseb.) C.B. Clarke  
*Cladium jamaicense* Crantz  
*Cyperus brunneus* Sw.  
*Cyperus compressus* L.  
*Cyperus confertus* Sw.  
*Cyperus correllii* (T. Koyama) G.C. Tucker  
*Cyperus croceus* Vahl  
*Cyperus distinctus* Steud.  
*Cyperus elegans* L.  
*Cyperus esculentus* L.  
*Cyperus filiformis* Sw.  
*Cyperus floridanus* Britton  
*Cyperus fuliginosus* Chapm.  
*Cyperus involucratus* Rottb.  
*Cyperus ligularis* L.  
*Cyperus ochraceus* Vahl  
*Cyperus odoratus* L.  
*Cyperus ovatus* Baldwin  
*Cyperus planifolius* Rich.  
*Cyperus polystachyos* Rottb. var. *texensis* (Torr.) Fernald  
*Cyperus rotundus* L.  
*Cyperus squarrosus* L.  
*Cyperus surinamensis* Rottb.  
*Eleocharis atropurpurea* (Retz.) Kunth  
*Eleocharis bahamensis* Boeckeler  
*Eleocharis cellulosa* Torr.  
*Eleocharis geniculata* (L.) Roem. & Schult.  
*Eleocharis interstincta* (Vahl) Roem. & Schult.  
*Fimbristylis caroliniana* (Lam.) Fernald  
*Fimbristylis cymosa* R. Br.  
*Fimbristylis dichotoma* (L.) Vahl subsp. *dichotoma*  
*Fimbristylis ferruginea* (L.) Vahl  
*Fimbristylis inaguensis* Britton  
*Fimbristylis schoenoides* (Retz.) Vahl  
*Fimbristylis spadicea* (L.) Vahl  
*Kyllinga brevifolia* Rottb.  
*Rhynchospora colorata* (L.) H. Pfeiff.  
*Rhynchospora divergens* Chapm. ex M.A. Curtis  
*Rhynchospora elliottii* A. Dietr.  
*Rhynchospora floridensis* (Britton) H. Pfeiff.  
*Rhynchospora holoschoenoides* (Rich.) Herter  
*Rhynchospora lindeniana* Griseb.  
*Rhynchospora microcarpa* Baldwin ex A. Gray  
*Rhynchospora odorata* C. Wright ex Griseb.  
*Rhynchospora perplexa* Britton ex Small  
*Rhynchospora tenuis* Link subsp. *tenuis*  
*Rhynchospora tracyi* Britton  
*Schoenoplectus robustus* (Pursh) M.T. Strong  
*Schoenoplectus validus* (Vahl) A. Löve & D. Löve  
*Schoenus nigricans* L. var. *nigricans*

*Peperomia simplex* Desv. ex Ham.  
*Piper amalago* L. var. *amalago*

### **Plantaginaceae**

*Bacopa monnieri* (L.) Pennell  
*Russelia equisetiformis* Schldtl. & Cham.  
*Scoparia dulcis* L.  
*Stemodia maritima* L.

### **Poaceae**

*Andropogon bicornis* L.  
*Andropogon glomeratus* (Walter) Britton et al. var. *glomeratus*  
*Anthephora hermaphrodita* (L.) Kuntze  
*Arundo donax* L. f. *versicolor* (Mill.) Stokes

*Axonopus compressus* (Sw.) P. Beauv.  
*Bambusa vulgaris* Schrad. ex H.L. Wendl.  
*Bothriochloa pertusa* (L.) A. Camus  
*Cenchrus brownii* Roem. & Schult.  
*Cenchrus echinatus* L.  
*Cenchrus gracillimus* Nash  
*Cenchrus incertus* M.A. Curtis  
*Cenchrus purpureus* (Schumach.) Morrone  
*Cenchrus tribuloides* L.  
*Chloris barbata* Sw.  
*Cynodon dactylon* (L.) Pers. var. *dactylon*  
*Cynodon dactylon* (L.) Pers. var. *longiglumis* Caro & E.A. Sánchez  
*Cynodon nlemfuensis* Vanderhyst var. *nlemfuensis*  
*Dactyloctenium aegyptium* (L.) Willd.  
*Digitaria bicornis* (Lam.) Roem. & Schult.  
*Digitaria ciliaris* (Retz.) Koeler  
*Digitaria horizontalis* Willd.  
*Digitaria insularis* (L.) Mez ex Ekman  
*Digitaria setigera* Roth  
*Distichlis spicata* (L.) Greene  
*Echinochloa colona* (L.) Link  
*Echinochloa walteri* (Pursh) A. Heller  
*Eleusine indica* (L.) Gaertn.  
*Eragrostis ciliaris* (L.) R. Br.  
*Eragrostis curvula* (Schrad.) Nees  
*Eragrostis prolifera* (Sw.) Steud.  
*Eragrostis tenella* (L.) P. Beauv. ex Roem. & Schult.  
*Eragrostis unioloides* (Retz.) Nees ex Steud.  
*Eustachys petraea* (Sw.) Desv.  
*Ichnanthus tenuis* (J. Presl & C. Presl) Hitchc. & Chase  
*Imperata contracta* (Kunth) Hitchc.  
*Isachne polygonoides* (Lam.) Döll.  
*Lasiacis divaricata* (L.) Hitchc.  
*Leptochloa fusca* (L.) Kunth subsp. *fascicularis* (Lam.) N.W. Snow  
*Leptochloa panicea* (Retz.) Ohwi subsp. *brachiata* (Steud.) N.W. Snow  
*Leptochloa virgata* (L.) P. Beauv.  
*Megathyrsus maximus* (Jacq.) B.K. Simon & S.W.L. Jacobs  
*Melinis repens* (Willd.) Zizka  
*Oplismenus hirtellus* (L.) P. Beauv. subsp. *hirtellus*  
*Panicum repens* L.  
*Panicum rigidulum* Bosc ex Nees  
*Paspalidium geminatum* (Forssk.) Stapf  
*Paspalum arundinaceum* Poir.  
*Paspalum blodgettii* Chapm.  
*Paspalum caespitosum* Flügge  
*Paspalum distortum* Chase  
*Paspalum fimbriatum* Kunth  
*Paspalum millegrana* Schrad.  
*Paspalum notatum* Flügge var. *notatum*  
*Paspalum paniculatum* L.  
*Paspalum setaceum* Michx. var. *ciliatifolium* (Michx.) Vasey  
*Paspalum vaginatum* Sw.  
*Rottboellia cochinchinensis* (Lour.) Clayton  
*Saccharum officinarum* L.  
*Setaria italica* (L.) P. Beauv.  
*Setaria parviflora* (Poir.) Kerguelen  
*Sorghum bicolor* (L.) Moench  
*Sorghum halepense* (L.) Pers.  
*Spartina patens* (Aiton) Muhl.  
*Sporobolus domingensis* (Trin. ex Spreng.) Kunth  
*Sporobolus jacquemontii* Kunth  
*Sporobolus pyramidatus* (Lam.) Hitchc.  
*Sporobolus virginicus* (L.) Kunth  
*Stenotaphrum secundatum* (Walter) Kuntze  
*Urochloa decumbens* (Stapf) R.D. Webster

*Urochloa distachya* (L.) T.Q. Nguyen  
*Urochloa mutica* (Forssk.) T.Q. Nguyen  
*Zea mays* L.  
*Zoysia tenuifolia* Thiele

### **Polygalaceae**

*Badiera propinqua* Britton

### **Polygonaceae**

*Antigonon leptopus* Hook. & Arn.  
*Coccoloba uvifera* (L.) L.  
*Polygonum glabrum* Willd.  
*Polygonum hydropiperoides* Michx.  
*Polygonum punctatum* Elliott

### **Pontederiaceae**

*Eichhornia crassipes* (Mart.) Solms

### **Portulacaceae**

*Portulaca grandiflora* Hook.  
*Portulaca halimoides* L.  
*Portulaca oleracea* L. subsp. *oleracea*  
*Portulaca pilosa* L. f. *pilosa*  
*Portulaca rubricaulis* Kunth  
*Portulaca tuberculata* León  
*Talinum fruticosum* (L.) Juss.

### **Primulaceae**

*Jacquinia berteroi* Spreng. var. *berteroi*  
*Jacquinia keyensis* Mez  
*Jacquinia proctorii* Stearn  
*Myrsine acrantha* Krug & Urb.

### **Rhamnaceae**

*Colubrina arborescens* (Mill.) Sarg.  
*Colubrina asiatica* (L.) Brongn.  
*Colubrina cubensis* (Jacq.) Brongn. var. *cubensis*  
*Colubrina elliptica* (Sw.) Brizicky  
*Ziziphus mauritiana* Lam.

### **Rhizophoraceae**

*Rhizophora mangle* L.

### **Rubiaceae**

*Catesbaea parviflora* Sw.  
*Chiococca alba* (L.) Hitchc.  
*Erithalis fruticosa* L.  
*Ernodea littoralis* Sw.  
*Ernodea taylorii* Britton  
*Exostema caribaeum* (Jacq.) Roem. & Schult.  
*Faramea occidentalis* (L.) A. Rich.  
*Guettarda elliptica* Sw.  
*Hamelia cuprea* Griseb.  
*Ixora coccinea* L.  
*Margaritopsis microdon* (DC.) C.M. Taylor  
*Morinda citrifolia* L.  
*Morinda royoc* L.  
*Oldenlandiopsis callitrichoides* (Griseb.) Terrell & W.H. Lewis  
*Psychotria nervosa* Sw.  
*Rachicallis americana* (Jacq.) Hitchc.  
*Randia aculeata* L. var. *aculeata*  
*Scolosanthus bahamensis* Britton  
*Spermacoce ocmifolia* Willd. ex Roem. & Schult.  
*Spermacoce remota* Lam.  
*Spermacoce tenuior* L.

*Spermacoce tetraquetra* A. Rich.  
*Strumpfia maritima* Jacq.

### **Ruppiaceae**

*Ruppia cirrhosa* (Petagna) Grande  
*Ruppia maritima* L.

### **Rutaceae**

*Amyris elemifera* L.  
*Citrus x aurantiifolia* (Christm.) Swingle  
*Citrus x aurantium* L.  
*Citrus x paradisi* Macfad.  
*Citrus sinensis* (L.) Osbeck  
*Murraya paniculata* (L.) Jacq.  
*Triphasia trifolia* (Burm. f.) P. Wilson  
*Zanthoxylum caribaeum* Lam.  
*Zanthoxylum coriaceum* A. Rich.  
*Zanthoxylum flavum* Vahl

### **Salicaceae**

*Banara caymanensis* Proctor  
*Casearia aculeata* Jacq.  
*Casearia guianensis* (Aubl.) Urb.  
*Casearia hirsuta* Sw.  
*Casearia sylvestris* Sw.  
*Xylosma bahamensis* (Britton) Standl.  
*Zuelania guidonia* (Sw.) Britton & Millsp.

### **Santalaceae**

*Phoradendron quadrangulare* (Kunth) Krug & Urb.  
*Phoradendron rubrum* (L.) Griseb.  
*Phoradendron trinervium* (Lam.) Griseb.

### **Sapindaceae**

*Allophylus cominia* (L.) Sw. var. *decalvatus* Radlk.  
*Blighia sapida* F.D. Koenig  
*Cardiospermum corindum* L. var. *corindum*  
*Cardiospermum corindum* L. var. *leptocarpum* (Radlk.) Ferrucci  
*Cardiospermum halicacabum* L. var. *halicacabum*  
*Dodonaea viscosa* Jacq. subsp. *viscosa*  
*Dodonaea viscosa* Jacq. subsp. *elaegnoides* (Rudolphi ex Ledeb. & Adlerstam) Acev.-Rodr.  
*Exothea paniculata* (Juss.) Radlk.  
*Hypelate trifoliata* Sw.  
*Melicoccus bijugatus* Jacq.  
*Sapindus saponaria* L.

### **Sapotaceae**

*Chrysophyllum cainito* L.  
*Manilkara zapota* (L.) P. Royen  
*Pouteria campechiana* (Kunth) Baehni  
*Sideroxylon foetidissimum* Jacq.  
*Sideroxylon horridum* (Griseb.) T.D. Penn.  
*Sideroxylon salicifolium* (L.) Lam.

### **Scrophulariaceae**

*Bontia daphnoides* L.  
*Capraria biflora* L.

### **Smilacaceae**

*Smilax havanensis* Jacq.

### **Solanaceae**

*Capsicum annuum* L.  
*Capsicum baccatum* L.

Cestrum diurnum L.  
 Nicotiana tabacum L.  
 Physalis angulata L.  
 Solanum americanum Mill.  
 Solanum betaceum Cav.  
 Solanum havanense Jacq.  
 Solanum lanceifolium Jacq.  
 Solanum lycopersicum L.  
 Solanum tampicense Dunal  
 Solanum torvum Sw.  
 Solanum tuberosum L.

### Surianaceae

Suriana maritima L.

### Thymelaeaceae

Daphnopsis occidentalis (Sw.) Krug & Urb.

### Typhaceae

Typha domingensis Pers.

### Urticaceae

Pilea herniarioides (Sw.) Lindl. var. herniarioides  
 Pilea microphylla (L.) Liebm. var. microphylla

### Verbenaceae

Citharexylum ellipticum Moc. & Sessé ex D. Don  
 Duranta erecta L.  
 Lantana x aculeata L.  
 Lantana bahamensis Britton  
 Lantana camara L.  
 Lantana reticulata Pers.  
 Lippia alba (Mill.) N.E. Br. ex Britton & P. Wilson  
 Petrea volubilis L.  
 Phyla nodiflora (L.) Greene  
 Priva lappulacea (L.) Pers.  
 Stachytarpheta jamaicensis (L.) Vahl

### Vitaceae

Cissus microcarpa Vahl  
 Cissus obovata Vahl  
 Cissus trifoliata (L.) L.  
 Cissus verticillata (L.) Nicolson & Jarvis subsp. verticillata  
 Vitis vinifera L.

### Xanthorrhoeaceae

Aloe vera (L.) Burm. f.

### Zamiaceae

Zamia pumila L.

### Zygophyllaceae

Guaiacum officinale L.  
 Kallstroemia maxima (L.) Hook. & Arn.  
 Tribulus cistoides L.

## CHECKLIST OF CUBA

6567 Taxa

### Acanthaceae

Ancistranthus harpochiloides (Griseb.) Lindau  
 Andrographis paniculata (Burm. f.) Wall. ex Nees  
 Apassalus cubensis (Urb.) Kobuski

Apassalus humistratus (Michx.) Kobuski  
 Apassalus parvulus Alain & Leonard  
 Aphelandra tetragona (Vahl) Nees  
 Asystasia gangetica (L.) T. Anderson  
 Avicennia germinans (L.) L.  
 Barleria lancifolia T. Anderson  
 Barleriola reedii Ekman ex Urb.  
 Barleriola satirejoides (Griseb.) M. Gómez subsp. acunae Borhidi & O. Muñiz  
 Barleriola satirejoides (Griseb.) M. Gómez subsp. hirsuta Borhidi & O. Muñiz  
 Barleriola satirejoides (Griseb.) M. Gómez subsp. satirejoides  
 Barleriola solanifolia (L.) Oerst. ex Lindau  
 Bravaisia berlandieriana (Nees) T.F. Daniel  
 Crossandra infundibuliformis (L.) Nees  
 Dasytropis fragilis Urb.  
 Dicliptera sexangularis (L.) Juss.  
 Dyschoriste bayatensis (Urb.) Urb.  
 Elytraria bissei H. Dietr.  
 Elytraria cubana Alain  
 Elytraria filicaulis Borhidi & O. Muñiz  
 Elytraria planifolia Leonard subsp. acunae Borhidi  
 Elytraria planifolia Leonard subsp. planifolia  
 Elytraria shaferi (P. Wilson) Leonard  
 Elytraria spathulifolia Borhidi & O. Muñiz  
 Eranthemum pulchellum Andrews  
 Graptophyllum pictum (L.) Griff.  
 Jacobinia aurea (Schltdl.) Hemsl.  
 Justicia adhatoda L.  
 Justicia agria Alain & Leonard  
 Justicia alainii Stearn  
 Justicia aurea Schltdl.  
 Justicia carnea Lindl.  
 Justicia comata (L.) Lam.  
 Justicia cubana Alain  
 Justicia diversifolia Jenn.  
 Justicia grisebachiana Acev.-Rodr.  
 Justicia mirabiloides Lam.  
 Justicia ovata (Walter) Lindau  
 Justicia pectoralis Jacq.  
 Justicia periplocifolia Jacq.  
 Justicia reptans Sw.  
 Justicia roigii Britton ex Alain  
 Justicia rugeliana (Griseb.) Lindau  
 Justicia sagrana (A. Rich.) Alain  
 Justicia stearnii V.A.W. Graham var. maestrensis (Urb.) Acev.-Rodr.  
 Justicia stearnii V.A.W. Graham var. stearnii  
 Justicia stenophylla Urb. & Britton  
 Justicia tomentosula (Urb.) Stearn  
 Odontonema callistachyum (Schltdl. & Cham.) Kuntze  
 Odontonema cuspidatum (Nees) Kuntze  
 Odontonema lindavii (Urb.) Acev.-Rodr.  
 Odontonema nitidum (Jacq.) Kuntze  
 Odontonema rubrum Kuntze  
 Oplonia acunae Borhidi  
 Oplonia cubensis Borhidi  
 Oplonia moana Borhidi  
 Oplonia multigemina Borhidi  
 Oplonia nannophylla (Urb.) Stearn  
 Oplonia polyce (Stearn) Borhidi  
 Oplonia purpurascens (Griseb.) Stearn  
 Oplonia spinosa (Jacq.) Raf. subsp. insularis Borhidi  
 Oplonia spinosa (Jacq.) Raf. subsp. spinosa  
 Oplonia tetrasticha (C. Wright ex Griseb.) Stearn  
 Pachystachys spicata (Ruiz & Pav.) Wash.

*Pseuderanthemum bicolor* Radlk.  
*Ruellia blechioides* Sw.  
*Ruellia blechum* L.  
*Ruellia domingensis* Spreng. ex Nees  
*Ruellia geminiflora* Kunth  
*Ruellia macrophylla* Vahl  
*Ruellia nudiflora* (Engelm. & A. Gray) Urb. var. *insularis* Leonard  
*Ruellia nudiflora* (Engelm. & A. Gray) Urb. var. *nudiflora*  
*Ruellia paniculata* L.  
*Ruellia parvifolia* Urb.  
*Ruellia shaferiana* Urb.  
*Ruellia simplex* C. Wright  
*Ruellia tuberosa* L.  
*Sanchezia nobilis* Hook. f.  
*Sanchezia speciosa* Leonard  
*Sapphoa ekmanii* Borhidi  
*Sapphoa rigidifolia* Urb.  
*Stenandrium arnoldii* H. Dietr.  
*Stenandrium crenatum* Urb.  
*Stenandrium droseroides* Nees subsp. *droseroides*  
*Stenandrium droseroides* Nees subsp. *longibracteatum* H. Dietr.  
*Stenandrium ekmanii* Urb.  
*Stenandrium heterotrichum* Borhidi  
*Stenandrium ovatum* Urb.  
*Stenandrium pallidum* H. Dietr.  
*Stenandrium pinetorum* (Britton & P. Wilson) Alain  
*Stenandrium scabrosum* (Sw.) Nees subsp. *punctatum* (Griseb.) Borhidi  
*Stenandrium scabrosum* (Sw.) Nees subsp. *scabrosum*  
*Stenandrium tuberosum* (L.) Urb.  
*Stenandrium wrightii* Lindau  
*Strobilanthes dyeriana* Mast.  
*Teliostachya alopecuroidea* (Vahl) Nees  
*Thunbergia alata* Bojer ex Sims  
*Thunbergia erecta* (Benth.) T. Anderson  
*Thunbergia fragrans* Roxb.  
*Thunbergia grandiflora* Roxb.  
*Thunbergia vogeliana* Benth.

#### Adoxaceae

*Sambucus nigra* L. subsp. *canadensis* (L.) Bolli  
*Viburnum corymbosum* Urb.  
*Viburnum cubense* Urb.  
*Viburnum villosum* Sw. var. *villosum*

#### Aizoaceae

*Cypselea humifusa* Turpin  
*Cypselea rubriflora* Urb.  
*Sesuvium maritimum* (Walter) Britton et al.  
*Sesuvium microphyllum* Willd.  
*Sesuvium portulacastrum* (L.) L.  
*Trianthema portulacastrum* L.

#### Alismataceae

*Albidella nymphaeifolia* (Griseb.) Pichon  
*Echinodorus berteroi* (Spreng.) Fassett  
*Echinodorus cordifolius* (L.) Griseb.  
*Echinodorus grandiflorus* (Cham. & Schltldl.) Micheli subsp. *aureus*  
 (Fassett) Haynes & Holm-Niels.  
*Echinodorus grisebachii* Small  
*Echinodorus subulatus* (Mart. ex Schult.f.) Griseb.  
*Echinodorus tenellus* (Mart. ex Schult. & Schult. f.) Buchenau  
*Limnocharis flava* (L.) Buchenau  
*Sagittaria graminea* Michx. subsp. *graminea*  
*Sagittaria guayanensis* Kunth

*Sagittaria intermedia* Micheli  
*Sagittaria isoetiformis* J.G. Sm.  
*Sagittaria lancifolia* L.  
*Sagittaria latifolia* Willd.

#### Alstroemeriaceae

*Bomarea edulis* (Tussac) Herb.

#### Amaranthaceae

*Achyranthes aspera* L. var. *aspera*  
*Achyranthes aspera* L. var. *pubescens* (Moq.) M. Gómez  
*Alternanthera axillaris* (Hornem. ex Willd.) D. Dietr.  
*Alternanthera caracasana* Kunth  
*Alternanthera crassifolia* (Standl.) Alain  
*Alternanthera halimifolia* (Lam.) Standl. ex Pittier  
*Alternanthera maritima* (Mart.) A. St.-Hil.  
*Alternanthera paronychioides* A. St.-Hil.  
*Alternanthera polygonoides* R. Br.  
*Alternanthera pungens* Kunth  
*Alternanthera serpyllifolia* (Poir.) Urb.  
*Alternanthera sessilis* (L.) R. Br. ex DC.  
*Alternanthera spinosa* Roem. & Schult.  
*Alternanthera tenella* Colla var. *tenella*  
*Amaranthus australis* (A. Gray) J.D. Sauer  
*Amaranthus blitum* L.  
*Amaranthus caudatus* L.  
*Amaranthus crassipes* Schltldl.  
*Amaranthus cruentus* L.  
*Amaranthus dubius* Mart. ex Thell.  
*Amaranthus hybridus* L.  
*Amaranthus minimus* Standl.  
*Amaranthus palmeri* S. Watson  
*Amaranthus polygonoides* L.  
*Amaranthus spinosus* L.  
*Amaranthus tricolor* L.  
*Amaranthus viridis* L.  
*Atriplex aldamae* Griseb.  
*Atriplex arenaria* Nutt.  
*Atriplex cristata* Humb. & Bonpl. ex Willd.  
*Beta vulgaris* L. var. *cicla* L.  
*Beta vulgaris* L. var. *vulgaris*  
*Blutaparon vermiculare* (L.) Mears  
*Celosia argentea* L. var. *argentea*  
*Celosia argentea* L. var. *cristata* (L.) Kuntze  
*Celosia virgata* Jacq.  
*Chamissoa altissima* (Jacq.) Kunth  
*Chenopodium album* L. var. *album*  
*Chenopodium amaranticolor* H.J. Coste & Reyn.  
*Chenopodium ambrosioides* L.  
*Chenopodium berlandieri* Moq.  
*Chenopodium murale* L.  
*Froelichia interrupta* (L.) Moq.  
*Gomphrena globosa* L.  
*Gomphrena serrata* L.  
*Guilleminea brittonii* (Standl.) Mears var. *brittonii*  
*Guilleminea brittonii* (Standl.) Mears var. *heterophylla* (Ekman & Suess.) Mears  
*Iresine angustifolia* Euphrasén  
*Iresine diffusa* Humb. & Bonpl. ex Willd.  
*Iresine flavescens* Humb. & Bonpl. ex Willd.  
*Iresine herbstii* Hook.  
*Lithophila muscoides* Sw.  
*Salicornia bigelovii* Torr.  
*Sarcocornia perennis* (Mill.) A.J. Scott

*Suaeda linearis* (Elliott) Moq.  
*Suaeda nigra* (Raf.) J.F. Macbr.  
*Suaeda vera* Forssk. ex J. F. Gmel.  
*Woehleria serpyllifolia* Griseb.

### **Amaryllidaceae**

*Allium ampeloprasum* L.  
*Allium canadense* L.  
*Allium cepa* L.  
*Allium chinense* G. Don  
*Allium fistulosum* L.  
*Allium sativum* L.  
*Allium schoenoprasum* L.  
*Allium tuberosum* Rottler ex Spreng.  
*Amaryllis belladonna* L.  
*Crinum americanum* L.  
*Crinum asiaticum* L.  
*Crinum bulbispermum* (Burm. f.) Milne-Redh. & Schweick.  
*Crinum erubescens* Kunth  
*Crinum giganteum* Andrews  
*Crinum jagus* (J. Thomps.) Dandy  
*Crinum longifolium* (L.) Thunb.  
*Crinum oliganthum* Urb.  
*Crinum sanderianum* Baker  
*Crinum zeylanicum* (L.) L.  
*Eucharis amazonica* Linden ex Planch.  
*Habranthus tubispathus* (L'Hér.) Traub  
*Hippeastrum puniceum* (Lam.) Voss  
*Hymenocallis arenicola* Northr.  
*Hymenocallis latifolia* (Mill.) M. Roem.  
*Hymenocallis ovata* Herb.  
*Hymenocallis praticola* Britton & P. Wilson  
*Hymenocallis speciosa* (L. f. ex Salisb.) Salisb.  
*Zephyranthes citrina* Baker  
*Zephyranthes cubensis* Urb.  
*Zephyranthes insularum* H.H. Hume ex Moldenke  
*Zephyranthes puertoricensis* Traub.  
*Zephyranthes rosea* Lindl.  
*Zephyranthes wrightii* Baker

### **Anacardiaceae**

*Anacardium excelsum* (Balbis.) Skeels  
*Anacardium occidentale* L.  
*Comocladia dentata* Jacq.  
*Comocladia intermedia* C. Wright ex Engl.  
*Comocladia mollifolia* Ekman & Helwig  
*Comocladia platyphylla* A. Rich. ex Griseb.  
*Mangifera indica* L.  
*Metopium brownii* (Jacq.) Urb.  
*Metopium toxiferum* (L.) Krug & Urb.  
*Metopium venosum* (Griseb.) Engl.  
*Rhus copallinum* L.  
*Schinus molle* L.  
*Schinus terebinthifolius* Raddi  
*Spondias dulcis* Parkinson  
*Spondias mombin* L.  
*Spondias purpurea* L.

### **Annonaceae**

*Annona bullata* A. Rich.  
*Annona cascarilloides* Griseb.  
*Annona cherimola* Mill.  
*Annona crassivenia* Saff.  
*Annona cristalensis* (Alain) Borhidi & Moncada

*Annona cubensis* R.E. Fr.  
*Annona ekmanii* R.E. Fr.  
*Annona elliptica* R.E. Fr.  
*Annona glabra* L.  
*Annona havanensis* R.E. Fr.  
*Annona moaensis* León & Alain  
*Annona montana* Macfad.  
*Annona muricata* L.  
*Annona nipensis* Alain  
*Annona oblongifolia* R.E. Fr.  
*Annona reticulata* L.  
*Annona sclerophylla* Saff.  
*Annona squamosa* L.  
*Desmopsis neglecta* (A. Rich.) R.E. Fr.  
*Guatteria blainii* (Griseb.) Urb.  
*Guatteria cubensis* Bisse  
*Guatteria moralesii* (M. Gómez) Urb.  
*Guatteria neglecta* (Griseb.) P. Wilson  
*Oxandra lanceolata* (Sw.) Baill.  
*Oxandra laurifolia* (Sw.) A. Rich.  
*Xylopia acunae* Borhidi & E. Del-Risco  
*Xylopia aromatica* (Lam.) Mart.  
*Xylopia ekmanii* R.E. Fr.  
*Xylopia frutescens* Aubl.  
*Xylopia obtusifolia* (A. DC.) A. Rich.  
*Xylopia roigii* P. Wilson

### **Apiaceae**

*Ammi majus* L.  
*Anethum graveolens* L.  
*Apium graveolens* L.  
*Arracacia xanthorrhiza* Bancr.  
*Asciadium coronopifolium* Griseb.  
*Centella asiatica* (L.) Urb.  
*Coriandrum sativum* L.  
*Cyclosporum leptophyllum* (Pers.) Sprague ex Britton & P. Wilson  
*Daucus carota* L.  
*Eryngium foetidum* L.  
*Eryngium nasturtiifolium* Juss. ex F. Delaroché  
*Foeniculum vulgare* Mill.  
*Lilaeopsis schaffneriana* (Schltdl.) J.M. Coult. & Rose  
*Oxypolis filiformis* (Walter) Britton

#### Brassicaceae

*Brassica juncea* (L.) Czern. var. *juncea*  
*Brassica napus* L.  
*Brassica nigra* (L.) W.D.J. Koch  
*Brassica oleracea* L. var. *gongylodes* L.  
*Brassica oleracea* L. var. *oleracea*  
*Brassica rapa* L.  
*Cakile lanceolata* (Willd.) O.E. Schulz  
*Capsella bursa-pastoris* (L.) Medik.  
*Cardamine africana* L.  
*Cardamine flexuosa* With. subsp. *debilis* O.E. Schulz  
*Cardamine flexuosa* With. subsp. *flexuosa*  
*Cardamine hirsuta* L.  
*Cardamine pensylvanica* Muhl. ex Willd.  
*Lepidium didymum* L.  
*Lepidium sativum* L.  
*Lepidium virginicum* L.  
*Nasturtium officinale* R. Br.  
*Neslia paniculata* (L.) Desv.  
*Raphanus raphanistrum* L.  
*Raphanus sativus* L.  
*Rorippa hispida* (Desv.) Britton subsp. *glabra* (O.E. Schulz) Greuter & R. Rankin  
*Rorippa hispida* (Desv.) Britton subsp. *hispida*  
*Rorippa islandica* (Oeder) Borbás  
*Rorippa portoricensis* (Spreng.) Stehlé subsp. *portoricensis*  
*Rorippa portoricensis* (Spreng.) Stehlé subsp. *pumila* (O.E. Schulz) Greuter & R. Rankin  
*Sinapis arvensis* L.

#### Bromeliaceae

*Aechmea nudicaulis* (L.) Griseb.  
*Ananas comosus* (L.) Merr.  
*Billbergia pyramidalis* (Sims) Lindl.  
*Bromelia karatas* L.  
*Bromelia pinguin* L.

*Catopsis berteroniana* (Schult. & Schult. f.) Mez  
*Catopsis floribunda* L.B. Sm.  
*Catopsis montana* L.B. Sm.  
*Catopsis nitida* (Hook.) Griseb.  
*Catopsis nutans* (Sw.) Griseb.  
*Catopsis sessiliflora* (Ruiz & Pav.) Mez  
*Guzmania erythrolepis* Brongn. ex Planch.  
*Guzmania lingulata* (L.) Mez var. *concolor* Proctor & Cedeño-Mald.  
*Guzmania monostachia* (L.) Rusby ex Mez  
*Hohenbergia penduliflora* (A. Rich.) Mez  
*Mezobromelia capituligera* (Griseb.) J.R. Grant  
*Pitcairnia cubensis* (Mez) L.B. Sm.  
*Tillandsia argentea* Griseb.  
*Tillandsia balbisiana* J.A. & J.H. Schult.  
*Tillandsia bulbosa* Hook.  
*Tillandsia canescens* Sw.  
*Tillandsia capitata* Griseb.  
*Tillandsia compacta* Griseb.  
*Tillandsia complanata* Benth.  
*Tillandsia didistichoides* Mez  
*Tillandsia excelsa* Griseb.  
*Tillandsia fasciculata* Sw. var. *clavispica* Mez  
*Tillandsia fasciculata* Sw. var. *fasciculata*  
*Tillandsia fasciculata* Sw. var. *laxispica* Mez  
*Tillandsia fendleri* Griseb. var. *fendleri*  
*Tillandsia flexuosa* Sw.  
*Tillandsia hotteana* Urb.  
*Tillandsia jenmanii* Baker  
*Tillandsia juncea* (Ruiz & Pav.) Poir.  
*Tillandsia lescaillei* C. Wright  
*Tillandsia paucifolia* Baker  
*Tillandsia polystachia* (L.) L.  
*Tillandsia praschekii* Ehlers & Willinger  
*Tillandsia pruinosa* Sw.  
*Tillandsia rangelensis* Hechav.  
*Tillandsia recurvata* (L.) L.  
*Tillandsia schiedeana* Steud.  
*Tillandsia setacea* Sw.  
*Tillandsia streptophylla* Scheidw. ex E. Morren  
*Tillandsia tenuifolia* L. var. *tenuifolia*  
*Tillandsia tetrantha* Ruiz & Pav. var. *caribaea* (L.B. Sm.) Gouda  
*Tillandsia turquinensis* Willinger & Michálek  
*Tillandsia utriculata* L.  
*Tillandsia variabilis* Schtdl.  
*Vriesea dissitiflora* (C. Wright) Mez  
*Vriesea haplostachya* (C. Wright) L.B. Sm.  
*Vriesea incurva* (Griseb.) Read  
*Vriesea macrostachya* (Bello) Mez  
*Vriesea platynema* Gaudich. var. *platynema*  
*Vriesea platynema* Gaudich. var. *wrightii* (L.B. Sm.) L.B. Sm.  
*Vriesea ringens* (Griseb.) Harms  
*Vriesea sanguinolenta* Cogn. & Marchal  
*Vriesea sintenisii* (Baker) L.B. Sm. & Pittendr.

### Brunelliaceae

*Brunellia comocladifolia* Humb. & Bonpl. subsp. *cubensis* Cuatrec.

### Burmanniaceae

*Apteria aphylla* (Nutt.) Barnhart ex Small  
*Burmannia bicolor* Mart.  
*Burmannia biflora* L.  
*Burmannia capitata* (Walter ex J.F. Gmel.) Mart.  
*Burmannia flava* Mart.  
*Cymbocarpa refracta* Miens  
*Gymnosiphon niveus* (Griseb.) Urb.  
*Gymnosiphon sphaerocarpu* Urb.

### Burseraceae

*Bursera angustata* C. Wright ex Griseb.  
*Bursera glauca* Griseb.  
*Bursera graveolens* (Kunth) Triana & Planch.  
*Bursera inaguensis* Britton  
*Bursera shaferi* (Britton & P. Wilson) Urb.  
*Bursera simaruba* (L.) Sarg.  
*Protium baracoense* Bisse  
*Protium cubense* (Rose) Urb.  
*Protium fragrans* (Rose) Urb.  
*Protium maestrense* Bisse  
*Protium subacuminatum* Swart  
*Tetragastris balsamifera* (Sw.) Kuntze

### Buxaceae

*Buxus acuminata* Müll. Arg.  
*Buxus acunae* Borhidi & O. Muñiz  
*Buxus aneura* Urb.  
*Buxus bahamensis* Baker  
*Buxus baracoensis* Borhidi & O. Muñiz  
*Buxus bissei* Eg. Köhler  
*Buxus braimbridgeorum* Eg. Köhler  
*Buxus brevipes* (Müll. Arg.) Urb.  
*Buxus crassifolia* (Britton) Urb. var. *crassifolia*  
*Buxus crassifolia* (Britton) Urb. var. *oblongata* Borhidi & O. Muñiz  
*Buxus cubana* Baill.  
*Buxus ekmanii* Urb.  
*Buxus excisa* Urb.  
*Buxus flaviramea* (Britton) Mathou  
*Buxus foliosa* (Britton) Urb.  
*Buxus glomerata* (Griseb.) Müll. Arg.  
*Buxus gonoclada* (Griseb.) Müll. Arg.  
*Buxus heterophylla* Urb.  
*Buxus historica* Borhidi & O. Muñiz  
*Buxus imbricata* Urb.  
*Buxus jaucoensis* Eg. Köhler  
*Buxus leivae* Eg. Köhler  
*Buxus macrophylla* (Britton) Fawc. & Rendle  
*Buxus marginalis* (Britton) Urb.  
*Buxus moana* Alain  
*Buxus muelleriana* (Britton) Urb.  
*Buxus obovata* Urb.  
*Buxus olivacea* Urb.  
*Buxus pilosula* Urb.  
*Buxus retusa* (Griseb.) Müll. Arg.  
*Buxus revoluta* (Britton) Mathou  
*Buxus rheedioides* Urb.  
*Buxus rotundifolia* (Britton) Mathou  
*Buxus sclerophylla* Eg. Köhler  
*Buxus serpentinicola* Eg. Köhler  
*Buxus shaferi* (Britton) Urb.  
*Buxus triptera* Eg. Köhler  
*Buxus vaccinioides* (Britton) Urb.  
*Buxus wrightii* Müll. Arg.  
*Buxus yunquensis* Eg. Köhler

### Cabombaceae

*Brasenia schreberi* J.F. Gmel.  
*Cabomba furcata* Schult. & Schult. f.  
*Cabomba haynesii* Wiersema

### Cactaceae

*Acanthocereus baxaniensis* (Karw.) Borg  
*Acanthocereus tetragonus* (L.) Humm.  
*Cereus hexagonus* (L.) Mill.  
*Consolea macracantha* (Griseb.) A. Berger

*Consolea millspaughii* (Britton) A. Berger var. *millspaughii*  
*Consolea moniliformis* (L.) A. Berger subsp. *guantanamana* Areces  
*Consolea nashii* (Britton) A. Berger  
*Cylindropuntia hystrix* (Griseb.) Areces  
*Cylindropuntia tunicata* (Lehm.) F.M. Knuth  
*Dendrocereus nudiflorus* (Engelm. ex Sauvalle) Britton & Rose  
*Epiphyllum oxypetalum* (DC.) Haw.  
*Epiphyllum phyllanthus* (L.) Haw.  
*Escobaria cubensis* (Britton & Rose) D.R. Hunt  
*Harrisia earlei* Britton & Rose  
*Harrisia eriophora* (Pfeiff.) Britton  
*Harrisia fernowii* Britton  
*Harrisia gracilis* (Mill.) Britton  
*Harrisia taetra* Areces  
*Harrisia taylorii* Britton  
*Hylocereus triangularis* (L.) Britton & Rose  
*Hylocereus undatus* (Haw.) Britton & Rose subsp. *undatus*  
*Leptocereus arboreus* Britton & Rose  
*Leptocereus assurgens* (C. Wright ex Griseb.) Britton & Rose  
*Leptocereus carinatus* Areces  
*Leptocereus ekmanii* (Werderm.) F.M. Knuth  
*Leptocereus leonii* Britton & Rose  
*Leptocereus maxonii* Britton & Rose  
*Leptocereus prostratus* Britton & Rose  
*Leptocereus santamarinae* Areces  
*Leptocereus scopulophilus* Areces  
*Leptocereus sylvestris* Britton & Rose  
*Leptocereus wrightii* León  
*Mammillaria prolifera* (Mill.) Haw. subsp. *prolifera*  
*Melocactus curvispinus* Pfeiff. subsp. *caesius* (H. L. Wendl.) N. P. Taylor  
*Melocactus curvispinus* Pfeiff. subsp. *curvispinus*  
*Melocactus harlowii* (Britton & Rose) Vaupel  
*Melocactus matanzanus* León  
*Nopalea auberi* (Pfeiff.) Salm-Dyck  
*Nopalea cochenillifera* (L.) Salm-Dyck  
*Nopalea dejecta* (Salm-Dyck) Salm-Dyck  
*Opuntia auberi* Pfeiff.  
*Opuntia x cubensis* Britton & Rose  
*Opuntia dejecta* Salm-Dyck  
*Opuntia dillenii* (Ker Gawl.) Haw.  
*Opuntia elata* Salm-Dyck  
*Opuntia ficus-indica* (L.) Mill.  
*Opuntia repens* Bello  
*Opuntia stricta* (Haw.) Haw.  
*Pereskia aculeata* Mill.  
*Pereskia bleo* (Kunth) DC.  
*Pereskia grandifolia* Haw.  
*Pereskia portulacifolia* (L.) DC.  
*Pereskia ziniiflora* DC.  
*Pilosocereus polygonus* (Lam.) Byles & Rowles  
*Rhipsalis baccifera* (J.S. Muell.) Stearn  
*Selenicereus boeckmannii* (Otto) Britton & Rose  
*Selenicereus brevispinus* Britton & Rose  
*Selenicereus grandiflorus* (L.) Britton & Rose  
*Selenicereus pteranthus* (Link ex A. Dietr.) Britton  
*Stenocereus fimbriatus* (Lam.) Lourteig

### Calceolariaceae

*Calceolaria tripartita* Ruiz & Pav.

### Calophyllaceae

*Calophyllum inophyllum* L.  
*Calophyllum pinetorum* Bisse  
*Calophyllum rivulare* Bisse  
*Calophyllum utile* Bisse

*Mammea americana* L.  
*Marila dissitiflora* C. Wright

### Campanulaceae

*Hippobroma longiflora* (L.) G. Don  
*Lobelia assurgens* L. var. *assurgens*  
*Lobelia assurgens* L. var. *portoricensis* (A. DC.) Urb.  
*Lobelia cacuminis* Britton & P. Wilson  
*Lobelia cliffortiana* L. var. *cliffortiana*  
*Lobelia cubana* Urb.  
*Lobelia imberbis* (Griseb.) Urb.  
*Lobelia oxyphylla* Urb.  
*Lobelia salicina* Lam. var. *brachyantha* Urb.  
*Lobelia salicina* Lam. var. *salicina*  
*Lobelia shaferi* Urb. var. *shaferi*  
*Siphocampylus baracoensis* Vict.  
*Siphocampylus cernuus* Griseb. var. *cernuus*  
*Siphocampylus cernuus* Griseb. var. *nipensis* Urb.  
*Siphocampylus ekmanii* Urb.  
*Siphocampylus impressus* Urb.  
*Siphocampylus libanensis* Urb.  
*Siphocampylus manettiiflorus* Hook.  
*Siphocampylus patens* Griseb.  
*Siphocampylus ruber* Alain  
*Siphocampylus subglaber* Urb. var. *glaber* (McVaugh) E. Wimm.  
*Siphocampylus subglaber* Urb. var. *subglaber*  
*Siphocampylus undulatus* Urb.  
*Siphocampylus yumuriensis* Vict.

### Canellaceae

*Canella winterana* (L.) Gaertn.  
*Cinnamodendron cubense* Urb.

### Cannabaceae

*Celtis berteroaana* Urb.  
*Celtis iguanaea* (Jacq.) Sarg.  
*Celtis trinervia* Lam.  
*Trema cubense* Urb.  
*Trema lamarckianum* (Roem. & Schult.) Blume  
*Trema micranthum* (L.) Blume

### Cannaceae

*Canna coccinea* Mill.  
*Canna discolor* Lindl.  
*Canna glauca* L.  
*Canna indica* L.  
*Canna pedunculata* Sims

### Caparaceae

*Capparidastrum frondosum* (Jacq.) Cornejo & Iltis  
*Crateva tapia* L.  
*Crateva urbaniana* R. Rankin  
*Cynophalla flexuosa* (L.) L.J. Presl  
*Forchhammeria emarginata* Alain  
*Forchhammeria polyandra* (Griseb.) Alain  
*Forchhammeria trifoliata* Radlk. ex Millsp.  
*Quadrella cynophallophora* (L.) Hutch.  
*Quadrella domingensis* (Spreng. ex DC.) Iltis & Cornejo subsp. *grisebachii* (Eichler) Iltis & Cornejo  
*Quadrella ferruginea* (L.) Iltis & Cornejo subsp. *cubensis* (R. Rankin) Iltis & Cornejo  
*Quadrella ferruginea* (L.) Iltis & Cornejo subsp. *ferruginea*  
*Quadrella singularis* (R. Rankin) Iltis & Cornejo

### Caprifoliaceae

*Lonicera japonica* Thunb.

*Valeriana scandens* L. var. *candolleana* (Gardner) C.A. Müll.  
*Valeriana scandens* L. var. *scandens*

### Caricaceae

*Carica papaya* L.

### Caryophyllaceae

*Arenaria lanuginosa* (Michx.) Rohrb.  
*Drymaria cordata* (L.) Willd. ex Roem. & Schult.  
*Drymaria cubana* Alain  
*Drymaria ortegioides* Griseb.  
*Stellaria media* (L.) Vill.  
*Stipulicida setacea* Michx.

### Casuarinaceae

*Casuarina cunninghamiana* Miq.  
*Casuarina equisetifolia* L.

### Celastraceae

*Crossopetalum aquifolium* (Griseb.) Hitchc.  
*Crossopetalum coriaceum* Northr.  
*Crossopetalum cristalense* Borhidi  
*Crossopetalum ekmanii* (Urb.) Alain  
*Crossopetalum ilicifolium* (Poir.) Kuntze  
*Crossopetalum orientale* Mory  
*Crossopetalum pungens* (C. Wright ex Sauvalle) Rothm.  
*Crossopetalum rhacoma* Crantz  
*Crossopetalum rostratum* (Urb.) Rothm. var. *grandifolium* Borhidi & O. Muñiz  
*Crossopetalum rostratum* (Urb.) Rothm. var. *rostratum*  
*Crossopetalum shaferi* (Britton & Urb.) Alain  
*Crossopetalum ternifolium* (Urb.) Alain subsp. *moense* Borhidi & O. Muñiz  
*Crossopetalum ternifolium* (Urb.) Alain subsp. *ternifolium*  
*Cuerverva integrifolia* (A. Rich.) A.C. Sm.  
*Elaeodendron nipense* Bisse  
*Elaeodendron xylocarpum* (Vent.) DC.  
*Gyminda latifolia* (Sw.) Urb. subsp. *glaucifolia* (C. Wright ex Griseb.) Mory  
*Gyminda latifolia* (Sw.) Urb. subsp. *latifolia*  
*Gyminda orbicularis* Borhidi & O. Muñiz  
*Hippocratea volubilis* L.  
*Maytenus buxifolia* (A. Rich.) Griseb. subsp. *buxifolia*  
*Maytenus buxifolia* (A. Rich.) Griseb. subsp. *monticola* Borhidi & O. Muñiz  
*Maytenus buxifolia* (A. Rich.) Griseb. subsp. *serpentini* Borhidi & O. Muñiz  
*Maytenus cajalbanica* (Borhidi & O. Muñiz) Borhidi & O. Muñiz  
*Maytenus cochlearifolia* Griseb.  
*Maytenus elaeodendroides* Griseb.  
*Maytenus lineata* C. Wright ex Griseb.  
*Maytenus loeseneri* Urb. var. *loeseneri*  
*Maytenus loeseneri* Urb. var. *rotundifolia* Mory  
*Maytenus maestrensis* Urb.  
*Maytenus phyllanthoides* Benth.  
*Maytenus revoluta* Alain subsp. *bissei* Mory  
*Maytenus revoluta* Alain subsp. *macrophylla* Mory  
*Maytenus revoluta* Alain subsp. *revoluta*  
*Maytenus revoluta* Alain var. *jaucoensis* Mory  
*Maytenus saxicola* Britton  
*Maytenus splendens* Urb.  
*Maytenus urquiolae* Mory  
*Myginda uragoga* Jacq.  
*Pristimera coriacea* (C. Wright ex Griseb.) Miers  
*Salacia nipensis* Britton

*Salacia wrightii* Urb.  
*Schaefferia ephedroides* Urb.  
*Schaefferia frutescens* Jacq.  
*Schaefferia marchii* Griseb. ex Urb.  
*Torrallbasia cuneifolia* (C. Wright ex A. Gray) Krug & Urb. ex Seguí subsp. *cuneifolia*  
*Torrallbasia cuneifolia* (C. Wright ex A. Gray) Krug & Urb. ex Seguí subsp. *verrucosa* Borhidi  
*Torrallbasia cuneifolia* (C. Wright ex A. Gray) Krug & Urb. ex Seguí var. *rotundata* Borhidi

### Ceratophyllaceae

*Ceratophyllum demersum* L.  
*Ceratophyllum muricatum* Cham. subsp. *australe* (Griseb.) Les

### Chloranthaceae

*Hedyosmum domingense* Urb. var. *cubense* (Urb.) Todzia & C.E. Wood  
*Hedyosmum grisebachii* Solms  
*Hedyosmum nutans* Sw.  
*Hedyosmum subintegrum* Urb.

### Chrysobalanaceae

*Chrysobalanus icaco* L.  
*Couepia polyandra* (Kunth) Rose  
*Hirtella americana* L.  
*Hirtella triandra* Sw.

### Cistaceae

*Lechea cubensis* Legg.

### Cleomaceae

*Arivela viscosa* (L.) Raf.  
*Cleome guianensis* Aubl.  
*Cleome houstonii* R. Br.  
*Cleome macrorhiza* C. Wright  
*Cleome procumbens* Jacq. subsp. *obtusata* (Britton) R. Rankin  
*Cleome procumbens* Jacq. subsp. *procumbens*  
*Cleome procumbens* Jacq. subsp. *wrightii* (Urb.) R. Rankin  
*Cleome rutidosperma* DC.  
*Cleoserrata serrata* (Jacq.) Iltis  
*Gynandropsis gynandra* (L.) Briq.  
*Tarenaya hassleriana* (Chodat) Iltis  
*Tarenaya spinosa* (Jacq.) Raf.

### Clethraceae

*Clethra cubensis* A. Rich.  
*Purdiaea bissei* Berazaín  
*Purdiaea cubensis* (A. Rich.) Urb. var. *cubensis*  
*Purdiaea cubensis* (A. Rich.) Urb. var. *albosepala* Vict.  
*Purdiaea ekmanii* Vict.  
*Purdiaea microphylla* Britton & P. Wilson  
*Purdiaea moensis* Vict.  
*Purdiaea nipensis* Vict. & León subsp. *maestrensis* (Borhidi & Catasús) Berazaín & S. Rodr.  
*Purdiaea nipensis* Vict. & León var. *alainii* Vict.  
*Purdiaea nipensis* Vict. & León var. *nipensis* Vict.  
*Purdiaea ophiticola* Vict. var. *oblongisepala* Berazaín & S. Rod.  
*Purdiaea ophiticola* Vict. var. *ophiticola*  
*Purdiaea parvifolia* (Vict.) J.L. Thomas  
*Purdiaea shaferi* Britton & P. Wilson  
*Purdiaea stenopetala* Griseb. var. *stenopetala*  
*Purdiaea stenopetala* Griseb. var. *stereosepala* (J.L. Thomas) Berazaín & S. Rodr.  
*Purdiaea velutina* Britton & P. Wilson

**Clusiaceae**

*Poranopsis paniculata* (Roxb.) Roberty  
*Stictocardia tiliifolia* (Desr.) Hallier f.  
*Turbina corymbosa* (L.) Raf.  
*Turbina racemosa* (Poir.) D.F. Austin

### Costaceae

*Cheilocostus speciosus* (J. König) C. Specht  
*Costus pulverulentus* C. Presl  
*Costus spicatus* (Jacq.) Sw.  
*Costus spiralis* (Jacq.) Roscoe

### Crassulaceae

*Kalanchoe crenata* (Andrews) Haw.  
*Kalanchoe daigremontiana* Raym.-Hamet & Perrier  
*Kalanchoe delagoensis* Eckl. & Zeyh.  
*Kalanchoe pinnata* (Lam.) Pers.  
*Sedum monregalense* Balb.

### Cucurbitaceae

*Benincasa hispida* (Thunb.) Cogn.  
*Cayaponia americana* (Lam.) Cogn.  
*Cayaponia racemosa* (Mill.) Cogn.  
*Cionosicyos excisus* (Griseb.) Jeffery  
*Cionosicyos pomiformis* Griseb.  
*Citrullus lanatus* (Thunb.) Matsum. & Nakai  
*Coccinia grandis* (L.) Voigt  
*Cucumis anguria* L.  
*Cucumis dipsaceus* Ehrenb. ex Spach  
*Cucumis melo* L.  
*Cucumis sativus* L.  
*Cucurbita ficifolia* Bouché  
*Cucurbita maxima* Duchesne  
*Cucurbita moschata* Duchesne  
*Cucurbita pepo* L.  
*Fevillea cordifolia* L.  
*Lagenaria siceraria* (Molina) Standl.  
*Luffa acutangula* (L.) Roxb.  
*Luffa aegyptiaca* Mill.  
*Melothria pendula* L.  
*Momordica balsamina* L.  
*Momordica charantia* L.  
*Psiguria ottoniana* (Schltdl.) C. Jeffrey  
*Psiguria pedata* (L.) R.A. Howard  
*Psiguria trifoliata* (L.) Alain  
*Rytidostylis carthaginensis* (Jacq.) Kuntze  
*Sechium edule* (Jacq.) Sw.  
*Sicana odorifera* (Vell.) Naudin  
*Sicana sphaerica* Hook. f.  
*Sicydium tamnifolium* Cogn.

### Cunoniaceae

*Weinmannia pinnata* L.

### Cupressaceae

*Cupressus arizonica* Greene

### Cupressus lusitanica Mill.

*Cupressus macrocarpa* Hartw.  
*Cupressus sempervirens* L.  
*Juniperus barbadensis* L. var. *luccayana* (Britton) R.P. Adams  
*Juniperus saxicola* Britton & P. Wilson  
*Platycladus orientalis* (L.) Franco

### Cycadaceae

*Cycas circinalis* L.  
*Cycas revoluta* Thunb.,  
*Microcycas calocoma* (Miq.) A. DC.

### Cyclanthaceae

*Carludovica palmata* Ruiz & Pav.  
*Thoracocarpos bissectus* (Vell.) Harling

### Cymodoceaceae

*Halodule beaudettei* (Hartog) Hartog  
*Halodule wrightii* Asch.  
*Syringodium filiforme* Kütz.

### Cyperaceae

*Abildgaardia ovata* (Burm. f.) Kral  
*Bulbostylis barbata* (Rottb.) C.B. Clarke  
*Bulbostylis capillaris* (L.) C.B. Clarke subsp. *capillaris*  
*Bulbostylis capillaris* (L.) C.B. Clarke subsp. *insulana* M.T. Strong

- Bulbostylis ciliatifolia* (Elliott) Fernald var. *ciliatifolia*  
*Bulbostylis ciliatifolia* (Elliott) Fernald var. *coarctata* (Elliott) Kral  
*Bulbostylis floccosa* (Griseb.) C.B. Clarke  
*Bulbostylis hispidula* (Vahl) R.W. Haines  
*Bulbostylis junciformis* (Kunth) C.B. Clarke  
*Bulbostylis juncooides* (Vahl) Kük. ex Herter  
*Bulbostylis paradoxa* (Spreng.) Lindm.  
*Bulbostylis pauciflora* (Liebm.) C.B. Clarke  
*Bulbostylis setacea* (Griseb.) Svenson  
*Bulbostylis stenocarpa* Kük.  
*Bulbostylis stenophylla* (Elliott) C.B. Clarke  
*Bulbostylis subaphylla* C.B. Clarke  
*Bulbostylis tenuifolia* (Rudge) J.F. Macbr.  
*Bulbostylis vestita* (Kunth) C.B. Clarke  
*Carex cubensis* Kük.

*Scleria microcarpa* Nees ex Kunth  
*Scleria mitis* P.J. Bergius  
*Scleria motemboensis* Britton  
*Scleria mucronata* Poir.

*Scleria muehlenbergii* Steud.  
*Scleria pauciflora* Muhl. ex Willd. var. *curtissii* (Britton) Fairey  
*Scleria pauciflora* Muhl. ex Willd. var. *pauciflora*  
*Scleria pilosissima* Britton  
*Scleria scabra* Willd.  
*Scleria secans* (L.) Urb.  
*Scleria setuloso-ciliata* Boeckeler  
*Scleria tenella* Kunth  
*Scleria testacea* Nees ex Kunth  
*Scleria verticillata* Muhl. ex Willd.  
*Scleria wrightiana* Boeckeler  
*Uncinia hamata* (Sw.) Urb.

### Cyrillaceae

*Cyrilla coriacea* Berazaín  
*Cyrilla cubensis* P. Wilson  
*Cyrilla lutzgardae* Berazaín  
*Cyrilla macrocarpa* Berazaín  
*Cyrilla megaphylla* Berazaín  
*Cyrilla microareolata* Berazaín subsp. *microareolata*  
*Cyrilla microareolata* Berazaín subsp. *microphylla* Berazaín  
*Cyrilla nipensis* Urb.  
*Cyrilla nitidissima* Urb.  
*Cyrilla racemiflora* L.  
*Cyrilla silvae* Berazaín

### Dichapetalaceae

*Tapura cubensis* (Poepp.) Griseb. subsp. *cubensis*  
*Tapura cubensis* (Poepp. & Endl.) Griseb. subsp. *minor* Prance  
*Tapura orbicularis* Ekman ex Urb.

### Dilleniaceae

*Curatella americana* L.  
*Davilla nitida* (Vahl) Kubitzki  
*Dillenia indica* L.  
*Dolioscarpus dentatus* (Aubl.) Standl.  
*Dolioscarpus herrerae* J. Pérez  
*Dolioscarpus multiflorus* Standl.  
*Tetracera volubilis* L.

### Dioscoreaceae

*Dioscorea alata* L.  
*Dioscorea bulbifera* L.  
*Dioscorea cayennensis* Lam. subsp. *cayennensis*  
*Dioscorea chondrocarpa* Griseb.  
*Dioscorea cubensis* R. Knuth  
*Dioscorea esculenta* (Lour.) Burkill  
*Dioscorea nipensis* R.A. Howard  
*Dioscorea pentaphylla* L.  
*Dioscorea polygonoides* Humb. & Bonpl. ex Willd.  
*Dioscorea tamoidea* Griseb.  
*Dioscorea trifida* L. f.  
*Dioscorea villosa* L.  
*Dioscorea wrightii* Uline ex R. Knuth  
*Rajania cephalocarpa* Uline ex R. Knuth  
*Rajania cordata* L. var. *cordata*  
*Rajania ekmanii* R. Knuth  
*Rajania microphylla* Kunth  
*Rajania nipensis* R.A. Howard  
*Rajania ovata* Sw.  
*Rajania porulosa* R. Knuth  
*Rajania psilostachya* (Kunth) Uline ex R. Knuth  
*Rajania quinquefolia* L.  
*Rajania tenella* R.A. Howard  
*Rajania tenuiflora* R. Knuth

*Rajania theresensis* Uline ex R. Knuth  
*Rajania wrightii* Uline ex R. Knuth

### Droseraceae

*Drosera brevifolia* Pursh  
*Drosera capillaris* Poir.  
*Drosera intermedia* Hayne  
*Drosera moaensis* Panfet

### Ebenaceae

*Diospyros acunae* Bisse  
*Diospyros anisandra* S.F. Blake  
*Diospyros blancoi* A. DC.  
*Diospyros caribaea* (A. DC.) Standl.  
*Diospyros crassinervis* (Krug & Urb.) Standl. subsp. *crassinervis*  
*Diospyros crassinervis* (Krug & Urb.) Standl. subsp. *kubal* B. Walln.  
*Diospyros ebenaster* Retz.  
*Diospyros grisebachii* (Hiern) Standl.  
*Diospyros halesioides* Griseb.  
*Diospyros leonis* (Britton & P. Wilson) Standl.  
*Diospyros tetrasperma* Sw.

### Elaeocarpaceae

*Sloanea amygdalina* Griseb.  
*Sloanea curatellifolia* Griseb.

### Elatinaceae

*Bergia capensis* L.

### Ericaceae

*Bejaria cubensis* Griseb.  
*Kalmia ericoides* C. Wright ex Griseb. var. *aggregata* (Small) Ebinger  
*Kalmia ericoides* C. Wright ex Griseb. var. *ericoides*  
*Lyonia affinis* (A. Rich.) Urb.  
*Lyonia ekmanii* Urb.  
*Lyonia elliptica* (Small) Alain  
*Lyonia glandulosa* (A. Rich.) Griseb. var. *glandulosa*  
*Lyonia glandulosa* (A. Rich.) Griseb. var. *revolutifolia* Judd  
*Lyonia glandulosa* (A. Rich.) Griseb. var. *toaensis* (Acuña & Roig) Berazaín  
*Lyonia latifolia* (A. Rich.) Griseb. var. *calycosa* (Small) Judd.  
*Lyonia latifolia* (A. Rich.) Griseb. var. *latifolia*  
*Lyonia longipes* Urb.  
*Lyonia lucida* (Lam.) K. Koch  
*Lyonia macrophylla* (Britton) Ekman ex Urb.  
*Lyonia maestrensis* Acuña & Roig  
*Lyonia myrtilloides* Griseb.  
*Lyonia nipensis* Urb. var. *depressinerva* Judd  
*Lyonia nipensis* Urb. var. *nipensis*  
*Lyonia obtusa* Griseb.  
*Lyonia trinidadensis* Judd  
*Pieris cubensis* (Griseb.) Small  
*Symphysia alainii* (Acuña & Roig) Berazaín  
*Vaccinium bissei* Berazaín  
*Vaccinium cubense* (A. Rich.) Griseb. subsp. *ramonii* (Griseb.) Borhidi & O. Muñiz  
*Vaccinium cubense* (A. Rich.) Griseb. var. *cubense*  
*Vaccinium cubense* (A. Rich.) Griseb. var. *giganteum* (Bisse) Berazaín  
*Vaccinium leonis* Acuña & Roig  
*Vaccinium shaferi* Acuña & Roig

### Eriocaulaceae

*Eriocaulon arenicola* Britton & Small  
*Eriocaulon cubense* Ruhland  
*Eriocaulon echinospermoideum* Ruhland

*Eriocaulon echinospermum* C. Wright  
*Eriocaulon ekmanii* Ruhland  
*Eriocaulon fuliginosum* Griseb.  
*Eriocaulon melanocephalum* Kunth  
*Eriocaulon minutissimum* Ruhland  
*Eriocaulon miserrimum* Ruhland  
*Eriocaulon ovoideum* Britton & Small  
*Eriocaulon pseudocompressum* Ruhland  
*Eriocaulon sclerocephalum* Ruhland  
*Eriocaulon sigmoideum* C. Wright  
*Lachnocaulon anceps* Morong  
*Lachnocaulon cubense* Ruhland  
*Lachnocaulon ekmanii* Ruhland  
*Paepalanthus alsinoides* C. Wright subsp. *alsinoides*  
*Paepalanthus alsinoides* C. Wright subsp. *minimus* (Jenn.) Gonz. Géigel  
*Paepalanthus lamarckii* Kunth  
*Paepalanthus moaensis* Gonz. Géigel  
*Paepalanthus nipensis* Gonz. Géigel  
*Paepalanthus pungens* Griseb.  
*Paepalanthus retusus* C. Wright  
*Paepalanthus riparius* Moldenke  
*Paepalanthus seslerioides* Griseb.  
*Syngonanthus androsaceus* (Griseb.) Ruhland  
*Syngonanthus insularis* Moldenke  
*Syngonanthus lagopodioides* (Griseb.) Ruhland  
*Tonina fluviatilis* Aubl.

### Erythroxylaceae

*Erythroxylum alaternifolium* A. Rich. var. *alaternifolium*  
*Erythroxylum alaternifolium* A. Rich. var. *parvifolium* Alain  
*Erythroxylum alaternifolium* A. Rich. var. *suborbiculare* Alain  
*Erythroxylum areolatum* L.  
*Erythroxylum armatum* Oviedo & Borhidi  
*Erythroxylum banoense* Oviedo  
*Erythroxylum baracoense* Borhidi  
*Erythroxylum brevipes* DC.  
*Erythroxylum clarense* Borhidi  
*Erythroxylum confusum* Britton  
*Erythroxylum coriaceum* Britton & P. Wilson  
*Erythroxylum dumosum* Alain  
*Erythroxylum echinodendron* Ekman  
*Erythroxylum flavicans* Borhidi  
*Erythroxylum havanense* Jacq. var. *havanense*  
*Erythroxylum horridum* Borhidi & Oviedo  
*Erythroxylum longipes* O.E. Schulz  
*Erythroxylum minutifolium* Griseb. var. *minutifolium*  
*Erythroxylum mogotense* Oviedo  
*Erythroxylum pedicellare* (Griseb.) O.E. Schulz  
*Erythroxylum roigii* Britton & P. Wilson  
*Erythroxylum rotundifolium* Lunan  
*Erythroxylum rufum* Cav.

### Euphorbiaceae

*Acalypha alopecuroides* Jacq.  
*Acalypha amentacea* Roxb. subsp. *wilkesiana* (Müll. Arg.) Fosberg  
*Acalypha chamaedrifolia* (Lam.) Müll. Arg.  
*Acalypha cubensis* Urb.  
*Acalypha cuspidata* Jacq.  
*Acalypha distans* Müll. Arg.  
*Acalypha diversifolia* Jacq.  
*Acalypha fissa* (Müll. Arg.) Hutch.  
*Acalypha glechomifolia* A. Rich.  
*Acalypha havanensis* Müll. Arg.  
*Acalypha hispida* Burm. f.  
*Acalypha hutchinsonii* Britton

*Acalypha indica* L.  
*Acalypha laxiflora* Müll. Arg.  
*Acalypha leptorhachis* Müll. Arg.  
*Acalypha maestrensis* Urb.  
*Acalypha membranacea* A. Rich.  
*Acalypha mogotensis* Urb.  
*Acalypha nana* (Müll. Arg.) Griseb. ex Hutch.  
*Acalypha ostryifolia* Riddell  
*Acalypha pendula* C. Wright ex Griseb.  
*Acalypha pygmaea* A. Rich.  
*Acalypha rupestris* Urb.  
*Acalypha setosa* A. Rich.  
*Acidocroton acunae* Borhidi & O. Muñiz  
*Acidocroton adelioides* Griseb.  
*Acidocroton ekmanii* Urb.  
*Acidocroton lobulatus* Urb.  
*Acidocroton oligostemon* Urb.  
*Acidocroton trichophyllus* Urb. subsp. *pilosulus* (Urb.) Borhidi  
*Acidocroton trichophyllus* Urb. subsp. *trichophyllus*  
*Actinostemon brachypodus* (Griseb.) Urb.  
*Adelia ricinella* L.  
*Alchornea cordifolia* (Schumach. & Thonn.) Müll. Arg.  
*Alchornea latifolia* Sw.  
*Aleurites moluccanus* (L.) Willd.  
*Argythamnia candicans* Sw.  
*Argythamnia cubensis* Britton & P. Wilson  
*Argythamnia heteropilosa* J.W. Ingram  
*Argythamnia microphylla* Pax  
*Astraea lobata* (L.) Klotzsch  
*Bernardia carpinifolia* Griseb.  
*Bernardia corensis* (Jacq.) Müll. Arg.  
*Bernardia dichotoma* (Willd.) Müll. Arg. var. *dichotoma*  
*Bernardia dichotoma* (Willd.) Müll. Arg. var. *venosa* (Griseb.) Müll. Arg.  
*Bonania cubana* A. Rich. subsp. *acunae* (Borhidi) Borhidi

### Lentibulariaceae

Genlisea filiformis A. St.-Hil.  
 Pinguicula albida C. Wright ex Griseb.  
 Pinguicula benedicta Barnhart  
 Pinguicula bissei Casper  
 Pinguicula caryophyllacea Casper  
 Pinguicula cubensis Urquiola & Casper  
 Pinguicula filifolia C. Wright ex Griseb.  
 Pinguicula infundibuliformis Casper  
 Pinguicula jackii Barnhart  
 Pinguicula jaraguana Casper  
 Pinguicula lignicola Barnhart  
 Pinguicula lithophytica Panfet & P. Temple  
 Utricularia breviscapa C. Wright ex Griseb.  
 Utricularia cornuta Michx.  
 Utricularia foliosa L.  
 Utricularia gibba L.  
 Utricularia hydrocarpa Vahl  
 Utricularia incisa (A. Rich.) Alain  
 Utricularia juncea Vahl  
 Utricularia olivacea C. Wright ex Griseb.  
 Utricularia purpurea Walter  
 Utricularia pusilla Vahl  
 Utricularia resupinata B.D. Greene ex Bigelow  
 Utricularia simulans Pilg.  
 Utricularia subulata L.

### Linaceae

Linum cubense Bisse  
 Linum usitatissimum L. var. usitatissimum

### Linderniaceae

Lindernia alterniflora (C. Wright) Alain  
 Lindernia crustacea (L.) F. Muell.  
 Lindernia diffusa (L.) Wettst.  
 Lindernia dubia (L.) Pennell var. anagallidea (Michx.) Cooperr.  
 Lindernia dubia (L.) Pennell var. dubia  
 Lindernia multicaulis (Urb.) Alain  
 Lindernia rotundifolia (L.) Alston  
 Micranthemum arenarioides (Griseb.) M. Gómez  
 Micranthemum bryoides (Griseb.) M. Gómez  
 Micranthemum callitrichoides (Griseb.) C. Wright  
 Micranthemum longipes (Urb.) Acev.-Rodr.  
 Micranthemum reflexum (C. Wright ex Griseb.) C. Wright  
 Micranthemum rotundatum C. Wright ex Griseb.  
 Micranthemum tetrandrum C. Wright  
 Micranthemum umbrosum (J.F. Gmel.) S.F. Blake  
 Torenia asiatica L.

### Loasaceae

Mentzelia aspera L.

### Loganiaceae

Mitreola petiolata (J.F. Gmel.) Torr. & A. Gray  
 Polypremum procumbens L.  
 Spigelia anthelmia L.  
 Spigelia hedyotideia A. DC.

Spigelia humilis Benth.  
 Spigelia sphagnicola C. Wright  
 Strychnos grayi Griseb.  
 Strychnos nux-vomica L.

### Loranthaceae

Dendropemon acutifolius Urb.  
 Dendropemon confertiflorus (Krug & Urb.) Leiva & I. Arias  
 Dendropemon lepidotus (Krug & Urb.) Leiva & I. Arias  
 Dendropemon longipes Urb.  
 Dendropemon platypus Urb.  
 Dendropemon purpureus (L.) Krug & Urb.

### Lythraceae

Ammannia auriculata Willd.  
 Ammannia coccinea Rottb.  
 Ammannia latifolia L.  
 Cuphea decandra W.T. Aiton  
 Cuphea hyssopifolia Kunth  
 Cuphea lobelioides Griseb.  
 Cuphea melanium (L.) R. Br. ex Steud.  
 Cuphea micrantha Kunth  
 Cuphea mimuloides Cham. & Schltdl.  
 Cuphea parsonsia (L.) R. Br. ex Steud.  
 Cuphea pseudosilene Griseb.  
 Ginoria americana Jacq. var. americana  
 Ginoria americana Jacq. var. spinosa (Griseb.) S.A. Graham  
 Ginoria arborea Britton  
 Ginoria curvispina Koehne  
 Ginoria ginorioides (Griseb.) Britton  
 Ginoria glabra Griseb.  
 Ginoria koehneana Urb.  
 Lagerstroemia indica L.  
 Lagerstroemia speciosa (L.) Pers.  
 Lawsonia inermis L.  
 Lythrum alatum Pursh var. lanceolatum (Elliott) A. Gray  
 Lythrum lineare L.  
 Punica granatum L.  
 Rotala mexicana Cham. & Schltdl.  
 Rotala ramosior (L.) Koehne

### Magnoliaceae

Magnolia cristalensis Bisse  
 Magnolia cubensis Urb. subsp. acunae Imkhan.  
 Magnolia cubensis Urb. subsp. cacuminicola (Bisse) G. Klotz  
 Magnolia cubensis Urb. subsp. cubensis  
 Magnolia minor (Urb.) Govaerts  
 Magnolia grandiflora L.  
 Magnolia virginiana L. subsp. oviedoae Palmarola, M.S. Romanov & A.V. Bobrov

### Malpighiaceae

Banisteriopsis pauciflora (Kunth) C.B. Rob.  
 Bunchosia articulata Dobson

*Schizachyrium malacostachyum* (J. Presl) Nash  
*Schizachyrium multinervosum* Nash  
*Schizachyrium parvifolium* (Hitc.) Borhidi & Catasús

Schizachyrium reedii (Hitchc. & Ekman) Borhidi & Catasús  
 Schizachyrium sanguineum (Retz.) Alston var. sanguineum  
 Schizachyrium tenerum Nees  
 Scutachne amphistemon (C. Wright) Hitchc. & Chase  
 Scutachne dura (Griseb.) Hitchc. & Chase  
 Setaria adhaerens (Forssk.) Chiov.  
 Setaria corrugata (Elliott) Schult.  
 Setaria distantiflora (A. Rich.) Pilg.  
 Setaria italica (L.) P. Beauv.  
 Setaria leonis (Ekman ex Hitchc.) León  
 Setaria macrostachya Kunth  
 Setaria magna Griseb.  
 Setaria palmifolia (J. König) Stapf  
 Setaria parviflora (Poir.) Kerguelen  
 Setaria scandens Schrad.  
 Setaria setosa (Sw.) P. Beauv. var. setosa  
 Setaria sulcata Raddi  
 Setaria tenacissima Schrad. ex Schult.  
 Setaria tenax (Rich.) Desv.  
 Setaria utowanaea (Scribn.) Pilg. var. subtransiens (Hitchc. & Ekman)  
 W.E. Fox  
 Setaria utowanaea (Scribn.) Pilg. var. utowanaea  
 Sorghastrum setosum (Griseb.) Hitchc.  
 Sorghastrum stipoides (Kunth) Nash  
 Sorghum alnum Parodi  
 Sorghum bicolor (L.) Moench  
 Sorghum x drummondii (Nees ex Steud.) Millsp. & Chase  
 Sorghum halepense (L.) Pers.  
 Spartina patens (Aiton) Muhl.  
 Sporobolus cubensis Hitchc.  
 Sporobolus domingensis (Trin. ex Spreng.) Kunth  
 Sporobolus indicus (L.) R. Br. var. indicus  
 Sporobolus jacquemontii Kunth  
 Sporobolus purpurascens (Sw.) Ham.  
 Sporobolus pyramidatus (Lam.) Hitchc.  
 Sporobolus tenuissimus (Mart. ex Schrank) Kuntze  
 Sporobolus virginicus (L.) Kunth  
 Steinchisma exiguiflorum (Griseb.) W.V. Br.  
 Steinchisma laxum (Sw.) Zuloaga  
 Stenotaphrum secundatum (Walter) Kuntze  
 Stephostachys mertensii (Roth) Zuloaga & Morrone  
 Themeda quadrivalvis (L.) Kuntze  
 Thysanolaena latifolia (Roxb. ex Hornem.) Honda  
 Trachypogon macroglossus Trin.  
 Trachypogon spicatus (L. f.) Kuntze  
 Tragus bertereanus Schult.  
 Tragus racemosus (L.) All.  
 Trichloris pluriflora E. Fourn.  
 Tridens eragrostoides (Vasey & Scribn.) Nash ex Small  
 Tripogon spicatus (Nees) Ekman  
 Tripsacum dactyloides (L.) L.  
 Tripsacum floridanum Porter ex Vasey  
 Tripsacum latifolium Hitchc.  
 Tripsacum laxum Nash  
 Triscenia ovina Griseb.  
 Triticum aestivum L.  
 Uniola paniculata L.  
 Uniola virgata (Poir.) Griseb.  
 Urochloa adspersa (Trin.) R.D. Webster  
 Urochloa dictyoneura (Fig. & De Not.) Veldkamp  
 Urochloa distachya (L.) T.Q. Nguyen  
 Urochloa fusca (Sw.) B.F. Hansen & Wunderlin  
 Urochloa mollis (Sw.) Morrone & Zuloaga  
 Urochloa mutica (Forssk.) T.Q. Nguyen  
 Urochloa plantaginea (Link) R.D. Webster

Urochloa platyphylla (Munro ex C. Wright) R.D. Webster  
 Urochloa reptans (L.) Stapf  
 Vetiveria zizanioides (L.) Nash ex Small  
 Zea mays L.  
 Zeugites americanus Willd. var. americanus  
 Zoysia matrella (L.) Merr. var. matrella

#### Podocarpaceae

Podocarpus angustifolius Griseb.  
 Podocarpus aristulatus Parl.

#### Podostemaceae

Marathrum cubanum C. Wright  
 Marathrum utile Tul.  
 Tristicha trifaria (Bory ex Willd.) Spreng.

#### Polemoniaceae

Cobaea scandens Cav.

#### Polygalaceae

Badiera cubensis Britton  
 Badiera oblongata Britton  
 Badiera propinqua Britton  
 Badiera virgata Britton var. alternifolia (Rankin) Rankin  
 Badiera virgata Britton var. scabridula (S.F. Blake) Rankin  
 Phlebotaenia cuneata Griseb.  
 Polygala baldwinii Nutt.  
 Polygala brachyptera Griseb.  
 Polygala glochidata Kunth  
 Polygala leptocaulis Torr. & A. Gray  
 Polygala longicaulis Kunth  
 Polygala omissa Bal.-Tul. & P. Herrera  
 Polygala paniculata L.  
 Polygala rhynchosperma S.F. Blake  
 Polygala saginoides Griseb.  
 Polygala spathulata Griseb.  
 Polygala squamifolia C. Wright ex Griseb.  
 Polygala violacea Aubl.  
 Polygala wilsonii Small  
 Securidaca diversifolia (L.) S.F. Blake  
 Securidaca elliptica Turcz.  
 Securidaca virgata Sw.

#### Polygonaceae

Antigonon leptopus Hook. & Arn.  
 Brunnichia ovata (Walter) Shinnors  
 Coccoloba acuna R.A. Howard  
 Coccoloba alainii Acev.-Rodr.  
 Coccoloba armata C. Wright ex Griseb.  
 Coccoloba baracoensis O.C. Schmidt  
 Coccoloba benitensis Britton  
 Coccoloba caesia Ekman ex O.C. Schmidt  
 Coccoloba clementis R.A. Howard  
 Coccoloba coriacea A. Rich.  
 Coccoloba costata C. Wright  
 Coccoloba cowellii Britton  
 Coccoloba diversifolia Jacq.  
 Coccoloba geniculata Lindau  
 Coccoloba leonardii R.A. Howard  
 Coccoloba microphylla Griseb.  
 Coccoloba munizii Borhidi  
 Coccoloba nervosa Alain subsp. cristalensis (Alain) Borhidi  
 Coccoloba nervosa Alain subsp. nervosa  
 Coccoloba nipensis Urb.  
 Coccoloba northropiae Britton

*Coccoloba oligantha* Alain var. *elliptica* Borhidi  
*Coccoloba oligantha* Alain var. *oligantha*

### Sapindaceae

*Allophylus cominia* (L.) Sw. var. *cominia*  
*Allophylus cominia* (L.) Sw. var. *parvifolia* Kitan.  
*Allophylus crassinervis* Radlk. f. *crassinervis*  
*Allophylus cristalensis* Lippold

Allophylus maestrensis Lippold  
 Allophylus racemosus Sw.  
 Allophylus reticulatus Radlk.  
 Blighia sapida F.D. Koenig  
 Cardiospermum corindum L. var. corindum  
 Cardiospermum corindum L. var. leptocarpum (Radlk.) Ferrucci  
 Cardiospermum halicacabum L. var. halicacabum  
 Cardiospermum halicacabum L. var. microcarpum (Kunth) Blume  
 Cupania americana L.  
 Cupania glabra Sw.  
 Cupania juglandifolia A. Rich.  
 Dodonaea viscosa Jacq. subsp. viscosa  
 Dodonaea viscosa Jacq. subsp. elaeagnoides (Rudolphi ex Ledeb. & Adlerstam) Acev.-Rodr.  
 Eucherium cubense Ekman & Radlk.  
 Exothea diphylla (Standl.) Lundell  
 Exothea paniculata (Juss.) Radlk.  
 Hypelate trifoliata Sw.  
 Koelreuteria elegans (Seem.) A.C. Sm. var. formosana (Hayata) F.G. Meyer  
 Litchi chinensis Sonn.  
 Matayba domingensis (DC.) Radlk.  
 Matayba oppositifolia (A. Rich.) Britton  
 Melicoccus bijugatus Jacq.  
 Paullinia fuscescens Kunth  
 Paullinia jamaicensis Macfad.  
 Paullinia pinnata L.  
 Sapindus grandifolia Lippold  
 Sapindus saponaria L.  
 Sapindus trifoliatus L.  
 Serjania adusta Radlk.  
 Serjania atrolineata C. Wright  
 Serjania caracasana (Jacq.) Willd.  
 Serjania crassinervis Radlk.  
 Serjania crenata Griseb.  
 Serjania diversifolia (Jacq.) Radlk. var. diversifolia  
 Serjania diversifolia (Jacq.) Radlk. var. parvula (C. Wright ex Griseb.) Radlk. subvar. multifoliolata Radlk.  
 Serjania glabrata Kunth  
 Serjania lineariifolia Lippold  
 Serjania microphylla Lippold  
 Serjania nipensis Urb.  
 Serjania occidentalis Lippold  
 Serjania subdentata Juss. ex Poir.  
 Thouinia acunae Borhidi & O. Muñiz  
 Thouinia baracoensis Borhidi  
 Thouinia canescens Radlk.  
 Thouinia clarensis Lippold  
 Thouinia cubensis Radlk.  
 Thouinia holguinensis Lippold  
 Thouinia hypoleuca Borhidi  
 Thouinia leonis Alain  
 Thouinia maestrensis Lippold  
 Thouinia patentinervis Radlk.  
 Thouinia punctata Radlk.  
 Thouinia rotundata C. Wright  
 Thouinia stricta Lippold  
 Thouinia trifoliata Poit.  
 Thouinidium pulverulentum (Griseb.) Radlk.  
 Urvillea ulmacea Kunth

### Sapotaceae

Chrysophyllum argenteum Jacq.  
 Chrysophyllum cainito L.  
 Chrysophyllum oliviforme L. subsp. oliviforme

Manilkara jaimiqui (C. Wright ex Griseb.) Dubard subsp. jaimiqui  
 Manilkara jaimiqui (C. Wright ex Griseb.) Dubard subsp. wrightiana (Pierre) Cronquist  
 Manilkara mayarensis (Ekman ex Urb.) Cronquist  
 Manilkara sideroxylon (Griseb.) Dubard  
 Manilkara valenzuelana (A. Rich.) T.D. Penn.  
 Manilkara zapota (L.) P. Royen  
 Micropholis polita (Griseb.) Pierre subsp. polita  
 Mimusops elengi L.  
 Pouteria aristata (Britton & P. Wilson) Baehni  
 Pouteria campechiana (Kunth) Baehni  
 Pouteria cubensis Baehni  
 Pouteria dictyoneura (Griseb.) Radlk. subsp. dictyoneura  
 Pouteria dominicensis (C.F. Gaertn.) Baehni subsp. dominicensis  
 Pouteria micrantha (Urb.) Baehni  
 Pouteria moaensis Alain  
 Pouteria multiflora (A. DC.) Eyma  
 Pouteria sapota (Jacq.) H.E. Moore & Stearn  
 Sideroxylon acunae (Borhidi) T.D. Penn.  
 Sideroxylon americanum (Mill.) T.D. Penn.  
 Sideroxylon angustum T.D. Penn.  
 Sideroxylon celastrinum (Kunth) T.D. Penn.  
 Sideroxylon confertum C. Wright  
 Sideroxylon cubense (Griseb.) T.D. Penn.  
 Sideroxylon ekmanianum (Urb.) Bisse, J.E. Gut. & Iglesias  
 Sideroxylon foetidissimum Jacq.  
 Sideroxylon horridum (Griseb.) T.D. Penn.  
 Sideroxylon jubilla (Ekman ex Urb.) T.D. Penn.  
 Sideroxylon moaense (Bisse & J.E. Gut.) J.E. Gut.  
 Sideroxylon portoricense Urb. subsp. portoricense  
 Sideroxylon salicifolium (L.) Lam.

### Schisandraceae

Illicium cubense A.C. Sm. subsp. bissei Imkhan.  
 Illicium cubense A.C. Sm. subsp. cubense  
 Illicium cubense A.C. Sm. subsp. guantanamoense Imkhan.  
 Illicium cubense A.C. Sm. subsp. rangelenense Imkhan.  
 Illicium guajaibonense (Imkhan.) Judd & J.R. Abbott

### Schlegeliaceae

Schlegelia brachyantha Griseb.  
 Synapsis ilicifolia Griseb.

### Schoepfiaceae

Schoepfia cubensis Britton & P. Wilson  
 Schoepfia didyma C. Wright ex Griseb.  
 Schoepfia obovata C. Wright  
 Schoepfia paradoxa (Bisse & Berazain) Berazain ex Acev.-Rodr.  
 Schoepfia schreberi J.F. Gmel.  
 Schoepfia scopulorum Alain  
 Schoepfia stenophylla Urb.

### Scrophulariaceae

Bontia daphnoides L.  
 Buddleja americana L.  
 Buddleja davidii Franch.  
 Buddleja madagascariensis Lam.  
 Capraria biflora L.  
 Scrophularia minutiflora Pennell  
 Verbascum thapsus L.

### Simaroubaceae

Castela calcicola (Britton & Small) Ekman ex Urb.  
 Castela jacquiniifolia (Small) Ekman ex Urb.  
 Castela leonis Acuña & Roig

Castela spinosa Cronquist  
 Castela victorinii Acuña & Roig  
 Picrasma cubensis Radlk. & Urb.  
 Picrasma excelsa (Sw.) Planch.  
 Picrasma tetramera (Urb.) W.W. Thomas et al.  
 Quassia amara L.  
 Simarouba glauca DC. var. glauca  
 Simarouba glauca DC. var. latifolia Cronquist  
 Simarouba laevis Griseb.

### Smilacaceae

Smilax aquifolium Ferrufino & Greuter  
 Smilax canellifolia Mill.  
 Smilax cristalensis Ferrufino & Greuter  
 Smilax cuprea Ferrufino & Greuter  
 Smilax domingensis Willd.  
 Smilax gracilior Ferrufino & Greuter  
 Smilax havanensis Jacq.  
 Smilax laurifolia L.  
 Smilax mollis Humb. & Bonpl. ex Willd.

### Solanaceae

Acnistus arborescens (L.) Schtdl.  
 Browallia americana L.  
 Brugmansia candida Pers.  
 Brugmansia x cubensis (V.R. Fuentes) V.R. Fuentes  
 Brugmansia sanguinea (Ruiz & Pav.) D. Don  
 Brugmansia suaveolens (Humb. & Bonpl. ex Willd.) Bercht. & C. Presl  
 Brunfelsia acunae Hadac  
 Brunfelsia americana L.  
 Brunfelsia cestroides A. Rich.  
 Brunfelsia clarensis Britton & P. Wilson  
 Brunfelsia grisebachii Amshoff  
 Brunfelsia linearis Ekman ex Urb.  
 Brunfelsia longituba Lem.  
 Brunfelsia macroloba Urb.  
 Brunfelsia nitida Benth.  
 Brunfelsia pluriflora Urb.  
 Brunfelsia purpurea Griseb.  
 Brunfelsia shaferi Britton & P. Wilson  
 Brunfelsia sinuata A. Rich.  
 Calibrachoa parviflora (Juss.) D'Arcy  
 Capsicum annum L.  
 Capsicum baccatum L.  
 Capsicum frutescens L.  
 Cestrum bahamense Britton var. bahamense  
 Cestrum buxoides Ekman ex Urb.  
 Cestrum citrifolium Retz.  
 Cestrum daphnoides Griseb.  
 Cestrum diurnum L.  
 Cestrum ekmanii Urb. & O.E. Schulz  
 Cestrum ferrugineum A. Rich.  
 Cestrum hirtum Sw.  
 Cestrum macrophyllum Vent.  
 Cestrum moaense Borhidi & O. Muñiz  
 Cestrum moquinianum Dunal  
 Cestrum nocturnum L.  
 Cestrum pinetorum Britton  
 Cestrum taylorii Britton & P. Wilson  
 Cestrum turquinense Urb.  
 Datura innoxia Mill.  
 Datura metel L.  
 Datura stramonium L.  
 Datura velutinoso V.R. Fuentes

Espadaea amoena A. Rich.  
 Henoonia myrtifolia Griseb.  
 Jaltomata antillana (Krug & Urb.) D'Arcy  
 Lycianthes lenta (Cav.) Bitter  
 Lycianthes virgata (Lam.) Bitter  
 Lycium americanum Jacq.  
 Lycium carolinianum Walter  
 Lycium martii Sendtn.  
 Melananthus cubensis Urb.  
 Nicotiana glauca Graham  
 Nicotiana plumbaginifolia Viv.  
 Nicotiana repanda Willd. ex Lehm.  
 Nicotiana tabacum L.  
 Petunia axillaris (Lam.) Britton et al.  
 Petunia hybrida Hort. ex Vilm.  
 Physalis angulata L.  
 Physalis cordata Mill.  
 Physalis ignota Britton  
 Physalis lagascae Roem. & Schult.  
 Physalis minima L.  
 Physalis philadelphica Lam.  
 Physalis pubescens L.  
 Schwenckia americana L.  
 Schwenckia filiformis Ekman  
 Solandra grandiflora Sw.  
 Solandra longiflora Tussac  
 Solanum americanum Mill.  
 Solanum bahamense L.  
 Solanum betaceum Cav.  
 Solanum boldoense Dunal  
 Solanum campechiense L.  
 Solanum chamaecanthum Griseb.  
 Solanum elaeagnifolium Cav.  
 Solanum erianthum D. Don  
 Solanum glaucescens Zucc.  
 Solanum gundlachii Urb.  
 Solanum havanense Jacq.  
 Solanum jamaicense Mill.  
 Solanum lycopersicum L.  
 Solanum maestrense Urb.  
 Solanum mammosum L.  
 Solanum melongena L.  
 Solanum moense Britton & P. Wilson  
 Solanum myriacanthum Dunal  
 Solanum nudum Humb. & Bonpl. ex Dunal  
 Solanum pachyneuroides Amshoff  
 Solanum pachyneurum O.E. Schulz  
 Solanum quitoense Lam.  
 Solanum rugosum Dunal  
 Solanum schlechtendalianum Walp.  
 Solanum seaforthianum Andrews  
 Solanum sisymbriifolium Lam.  
 Solanum tampicense Dunal  
 Solanum tetramerum Dunal & A. DC.  
 Solanum torvum Sw.  
 Solanum umbellatum Mill.  
 Solanum wendlandii Hook. f.  
 Solanum wrightii Benth.

### Sphenocleaceae

Sphenoclea zeylanica Gaertn.

### Staphyleaceae

Huerteia cubensis Griseb.  
 Turpinia occidentalis (Sw.) G. Don

**Stegnospermataceae**

*Stegnosperma cubense* A. Rich.

**Styracaceae**

*Styrax obtusifolius* Griseb.

**Strelitziaceae**

*Ravenala madagascariensis* J.F. Gmel.

**Surianaceae**

*Suriana maritima* L.

**Symplocaceae**

*Symplocos berteroi* (DC.) Miers

*Symplocos ciponimoides* Griseb.

*Symplocos cubensis* Griseb.

*Symplocos leonis* Britton & P. Wilson

*Symplocos lindeniana* Krug & Urb.

*Symplocos martinicensis* Jacq. subsp. *strigillosa* (Krug & Urb.) Mai

*Symplocos moaensis* Borhidi

*Symplocos ovalis* C. Wright ex Griseb.

*Symplocos salicifolia* Griseb.

**Theaceae**

*Gordonia curtyana* (A. Rich.) H. Keng

*Laplacea angustifolia* (Britton & P. Wilson) O.C. Schmidt

*Laplacea benitoensis* (Britton & P. Wilson) O.C. Schmidt

*Laplacea cristalensis* Borhidi & O. Muñiz

*Vitis vinifera* L.

### Xanthorrhoeaceae

*Aloe arborescens* Mill.  
*Aloe succotrina* Lam.  
*Aloe vera* (L.) Burm. f.  
*Hemerocallis fulva* (L.) L.

### Xyridaceae

*Xyris ambigua* Beyr. ex Kunth  
*Xyris bicarinata* Griseb.

*Xyris bissei* Urquiola & Kral  
*Xyris brevifolia* Michx.  
*Xyris caroliniana* Walter  
*Xyris curassavica* Kral & Urquiola  
*Xyris ekmanii* Malme  
*Xyris elliottii* Chapm.  
*Xyris flabelliformis* Chapm.  
*Xyris grandiceps* Griseb.  
*Xyris jupicai* Rich.  
*Xyris longibracteata* Britton & P. Wilson  
*Xyris mantuensis* Urquiola & Kral  
*Xyris navicularis* Griseb.  
*Xyris paleacea* Kral & Urquiola  
*Xyris smalliana* Nash

### Zamiaceae

*Zamia angustifolia* Jacq.  
*Zamia erosa* O.F. Cook & G.N. Collins  
*Zamia muricata* Willd.  
*Zamia pumila* L.  
*Zamia pygmaea* Sims.

### Zingiberaceae

*Alpinia zerumbet* (Pers.) B.L. Burtt & R.M. Sm.  
*Curcuma longa* L.  
*Hedychium coccineum* Buch.-Ham. ex Sm.  
*Hedychium coronarium* J. König  
*Hedychium gardnerianum* Sheppard ex Ker Gawl.  
*Kaempferia rotunda* L.  
*Renealmia aromatica* (Aubl.) Griseb.  
*Renealmia jamaicensis* (Gaertn.) Horan, var. *jamaicensis*  
*Zingiber montanum* (J. König) Link ex A. Dietr.  
*Zingiber officinale* Roscoe  
*Zingiber zerumbet* (L.) J.E. Sm.

### Zygophyllaceae

*Guaiacum officinale* L.  
*Guaiacum sanctum* L.  
*Kallstroemia maxima* (L.) Hook. & Arn.  
*Tribulus cistoides* L.

## CHECKLIST OF HISPANIOLA

5430 Taxa

### Acanthaceae

*Acanthus montanus* (Nees) T. Anderson  
*Andrographis paniculata* (Burm. f.) Wall. ex Nees  
*Apassalus diffusus* (Nees) Kobuski var. *diffusus*  
*Apassalus diffusus* (Nees) Kobuski var. *glabratus* (Urb.) Borhidi  
*Apassalus humistratus* (Michx.) Kobuski  
*Aphelandra aurantiaca* (Scheidw.) Lindl.  
*Aphelandra scabra* (Vahl) Sm.  
*Aphelandra squarrosa* Nees  
*Asystasia gangetica* (L.) T. Anderson  
*Avicennia germinans* (L.) L.  
*Barleria cristata* L.  
*Barleria lupulina* Lindl.  
*Barleriola inermis* Urb. & Ekman  
*Barleriola multiflora* Urb. & Ekman  
*Barleriola solanifolia* (L.) Oerst. ex Lindau  
*Crossandra infundibuliformis* (L.) Nees  
*Dicliptera mucronata* Urb.  
*Dicliptera obtusifolia* Urb. var. *ciliifera* Urb.  
*Dicliptera obtusifolia* Urb. var. *obtusifolia*

*Dicliptera sexangularis* (L.) Juss.  
*Elytraria prolifera* Leonard  
*Elytraria squamosa* (Jacq.) Lindau  
*Eranthemum pulchellum* Andrews  
*Fittonia albivenis* (Veitch) Brummitt  
*Graptophyllum pictum* (L.) Griff.  
*Hemigraphis alternata* (Burm. f.) T. Anderson  
*Hygrophila costata* Nees & T. Nees  
*Hypoestes phyllostachya* Baker  
*Justicia abegghii* Urb. & Ekman  
*Justicia alsinoides* Leonard  
*Justicia brandegeana* Wassh. & L.B. Sm.  
*Justicia carnea* Lindl.  
*Justicia carthagenensis* Jacq.  
*Justicia comata* (L.) Lam.  
*Justicia cydoniifolia* (Nees) Lindau  
*Justicia disparifolia* Urb. & Ekman  
*Justicia dumosa* Alain  
*Justicia mirabiloides* Lam.  
*Justicia pectoralis* Jacq.  
*Justicia peratanthoides* Urb. & Ekman  
*Justicia periplocifolia* Jacq.  
*Justicia reptans* Sw.  
*Justicia sphaerosperma* Vahl  
*Justicia spicigera* Schldtl.  
*Justicia spinigera* Urb. & Ekman  
*Justicia spinosissima* Alain  
*Odontonema callistachyum* (Schldtl. & Cham.) Kuntze  
*Odontonema cuspidatum* (Nees) Kuntze  
*Odontonema nitidum* (Jacq.) Kuntze  
*Oplonia microphylla* (Lam.) Stearn  
*Oplonia spinosa* (Jacq.) Raf. subsp. *spinosa*  
*Pachystachys lutea* Nees  
*Pachystachys spicata* (Ruiz & Pav.) Wassh.  
*Pseuderanthemum carruthersii* (Seem.) Guillaumin  
*Ruellia blechum* L.  
*Ruellia coccinea* (L.) Vahl  
*Ruellia domingensis* Spreng. ex Nees  
*Ruellia fulgida* Andrews  
*Ruellia geminiflora* Kunth  
*Ruellia lepidota* Urb.  
*Ruellia nudiflora* (Engelm. & A. Gray) Urb. var. *insularis* Leonard  
*Ruellia nudiflora* (Engelm. & A. Gray) Urb. var. *nudiflora*  
*Ruellia simplex* C. Wright  
*Ruellia tuberosa* L.  
*Samuelsonia verrucosa* Urb. & Ekman  
*Sanchezia nobilis* Hook. f.  
*Sanchezia speciosa* Leonard  
*Siphonoglossa buchii* (Urb.) Hilsenb.  
*Siphonoglossa sessilis* (Jacq.) D.N. Gibson  
*Stenandrium acuminatum* Urb.  
*Stenandrium scabrosum* (Sw.) Nees subsp. *scabrosum*  
*Stenandrium tuberosum* (L.) Urb.  
*Stenandrium undulatum* Urb. & Ekman  
*Strobilanthes dyeriana* Mast.  
*Teliostachya alopecuroidea* (Vahl) Nees  
*Thunbergia alata* Bojer ex Sims  
*Thunbergia erecta* (Benth.) T. Anderson  
*Thunbergia fragrans* Roxb.  
*Thunbergia grandiflora* Roxb.

### Adoxaceae

*Sambucus nigra* L. subsp. *canadensis* (L.) Bolli

### Aizoaceae

*Cypselea humifusa* Turpin

*Sesuvium portulacastrum* (L.) L.  
*Trianthema portulacastrum* L.

### **Alismataceae**

*Echinodorus berteroi* (Spreng.) Fassett  
*Echinodorus cordifolius* (L.) Griseb.  
*Echinodorus tenellus* (Mart. ex Schult. & Schult. f.) Buchenau  
*Helanthium bolivianum* (Rusby) Lehtonen & Myllys  
*Limnocharis flava* (L.) Buchenau  
*Sagittaria guayanensis* Kunth  
*Sagittaria intermedia* Micheli  
*Sagittaria lancifolia* L.

### **Alstroemeriaceae**

*Bomarea edulis* (Tussac) Herb.  
*Bomarea obovata* Herb.

### **Amaranthaceae**

*Achyranthes aspera* L. var. *aspera*  
*Achyranthes aspera* L. var. *pubescens* (Moq.) M. Gómez  
*Alternanthera axillaris* (Hornem. ex Willd.) D. Dietr.  
*Alternanthera brasiliana* (L.) Kuntze  
*Alternanthera caracasana* Kunth  
*Alternanthera flavescens* Kunth  
*Alternanthera geniculata* Urb.  
*Alternanthera maritima* (Mart.) A. St.-Hil.  
*Alternanthera paronychioides* A. St.-Hil.  
*Alternanthera pungens* Kunth  
*Alternanthera serpyllifolia* (Poir.) Urb.  
*Alternanthera sessilis* (L.) R. Br. ex DC.  
*Alternanthera spinosa* Roem. & Schult.  
*Alternanthera tenella* Colla var. *betzickiana* (Regel) Veldkamp  
*Alternanthera tenella* Colla var. *tenella*  
*Amaranthus australis* (A. Gray) J.D. Sauer  
*Amaranthus crassipes* Schldl.  
*Amaranthus cruentus* L.  
*Amaranthus dubius* Mart. ex Thell.  
*Amaranthus hybridus* L.  
*Amaranthus palmeri* S. Watson  
*Amaranthus polygonoides* L.  
*Amaranthus spinosus* L.  
*Amaranthus tricolor* L.  
*Amaranthus viridis* L.  
*Atriplex cristata* Humb. & Bonpl. ex Willd.  
*Beta vulgaris* L. var. *cicla* L.  
*Beta vulgaris* L. var. *vulgaris*  
*Blutaparon vermiculare* (L.) Mears  
*Celosia argentea* L. var. *argentea*  
*Celosia nitida* Vahl  
*Celosia virgata* Jacq.  
*Chamissoa altissima* (Jacq.) Kunth  
*Chenopodium album* L. var. *lanceolatum* (Muhl. ex Willd.) Coss. & Germ.  
*Chenopodium ambrosioides* L.  
*Chenopodium murale* L.  
*Cyathula achyranthoides* (Kunth) Moq.  
*Froelichia interrupta* (L.) Moq.  
*Gomphrena globosa* L.  
*Gomphrena serrata* L.  
*Guilleminea lanuginosa* (Poir.) Moq. ex Benth. & Hook. f.  
*Heterostachys ritteriana* (Moq.) Ung.-Sternb.  
*Iresine angustifolia* Euphrasén  
*Iresine diffusa* Humb. & Bonpl. ex Willd.  
*Iresine domingensis* Urb.  
*Iresine herbstii* Hook.  
*Iresine lindenii* Van Houtte

*Lithophila muscoides* Sw.  
*Pfaffia iresinoides* (Kunth) Spreng.  
*Salicornia bigelovii* Torr.  
*Salicornia virginica* L.  
*Sarcocornia perennis* (Mill.) A.J. Scott  
*Spinacia oleracea* L.  
*Suaeda conferta* (Small) I.M. Johnst.  
*Suaeda linearis* (Elliott) Moq.  
*Suaeda nigra* (Raf.) J.F. Macbr.  
*Suaeda tampicensis* (Standl.) Standl.  
*Suaeda vera* Forssk. ex J. F. Gmel.  
*Tidestromia lanuginosa* (Nutt.) Standl.

### **Amaryllidaceae**

*Allium ampeloprasum* L.  
*Allium cepa* L.  
*Allium sativum* L.  
*Allium schoenoprasum* L.  
*Amaryllis belladonna* L.  
*Crinum asiaticum* L.  
*Crinum erubescens* Kunth  
*Crinum palustre* Urb.  
*Crinum zeylanicum* (L.) L.  
*Eucharis amazonica* Linden ex Planch.  
*Habranthus tubispathus* (L'Hér.) Traub  
*Hippeastrum puniceum* (Lam.) Voss  
*Hippeastrum vittatum* Herb.  
*Hymenocallis arenicola* Northr.  
*Hymenocallis latifolia* (Mill.) M. Roem.  
*Zephyranthes bifolia* (Aubl.) M. Roem.  
*Zephyranthes ciceroana* M.M. Mejía & R.G. García  
*Zephyranthes citrina* Baker  
*Zephyranthes plumieri* H.H. Hume ex Moldenke  
*Zephyranthes puertoricensis* Traub.  
*Zephyranthes rosea* Lindl.

### **Anacardiaceae**

*Anacardium occidentale* L.  
*Comocladia cuneata* Britton  
*Comocladia dentata* Jacq.  
*Comocladia dodonaea* (L.) Urb.  
*Comocladia domingensis* Britton  
*Comocladia ebrenergii* Engl.  
*Comocladia ekmaniana* Helwig  
*Comocladia gilgiana* Helwig  
*Comocladia glabra* (Schult.) Spreng.  
*Comocladia gracilis* Helwig  
*Comocladia mollifolia* Ekman & Helwig  
*Comocladia pinnatifolia* L.  
*Comocladia pubescens* Engl.  
*Mangifera indica* L.  
*Metopium brownii* (Jacq.) Urb.  
*Metopium toxiferum* (L.) Krug & Urb.  
*Schinus terebinthifolius* Raddi  
*Spondias dulcis* Parkinson  
*Spondias mombin* L.  
*Spondias purpurea* L.  
*Spondias x robe* Urb.

### **Annonaceae**

*Annona bicolor* Urb.  
*Annona cascarilloides* Griseb.  
*Annona cherimola* Mill.  
*Annona domingensis* R.E. Fr.  
*Annona dumetorum* R.E. Fr.  
*Annona frutescens* R.E. Fr.

*Annona glabra* L.  
*Annona gracilis* R.E. Fr.  
*Annona haitiensis* R.E. Fr. subsp. *appendiculata* R.E. Fr.  
*Annona haitiensis* R.E. Fr. subsp. *haitiensis*  
*Annona micrantha* Bertero ex Spreng.  
*Annona montana* Macfad.  
*Annona muricata* L.  
*Annona reticulata* L.  
*Annona rosei* Saff.  
*Annona salicifolia* Ekman & R.E. Fr.  
*Annona squamosa* L.  
*Annona urbaniana* R.E. Fr.  
*Cananga odorata* (Lam.) Hook. f. & Thoms.  
*Guatteria blainii* (Griseb.) Urb.  
*Oxandra lanceolata* (Sw.) Baill.  
*Oxandra laurifolia* (Sw.) A. Rich.  
*Rollinia mucosa* (Jacq.) Baill.

### Apiaceae

*Ammi majus* L.  
*Anethum graveolens* L.  
*Apium graveolens* L.  
*Arracacia xanthorrhiza* Bancr.  
*Centella asiatica* (L.) Urb.  
*Conium maculatum* L.  
*Coriandrum sativum* L.  
*Cyclosporum leptophyllum* (Pers.) Sprague ex Britton & P. Wilson  
*Daucus carota* L.  
*Eryngium foetidum* L.  
*Foeniculum vulgare* Mill.  
*Heracleum sphondylium* L.  
*Lilaeopsis schaffneriana* (Schltdl.) J.M. Coult. & Rose  
*Pastinaca sativa* L.  
*Pedinopetalum domingense* Urb. & H. Wolff  
*Petroselinum crispum* (Mill.) Nyman ex A.W. Hill  
*Ptilimnium capillaceum* (Michx.) Raf. ex Ser.  
*Spananthe paniculata* Jacq.  
*Torilis japonica* (Houtt.) DC.

### Apocynaceae

*Allamanda cathartica* L.  
*Allotoonia agglutinata* (Jacq.) J.F. Morales & J.K. Williams  
*Anechites nerium* (Aubl.) Urb.  
*Angadenia berteroi* (A. DC.) Miers  
*Angadenia lindeniana* (Müll. Arg.) Miers  
*Asclepias curassavica* L.  
*Asclepias nivea* L. var. *intermedia* Schltdl.  
*Asclepias nivea* L. var. *nivea*  
*Asketanthera dolichopetala* (Urb.) Woodson  
*Asketanthera longiflora* Woodson  
*Asketanthera obtusifolia* Alain  
*Asketanthera picardae* (Urb.) Woodson  
*Aspidosperma cuspa* (Kunth) S.F. Blake ex Pittier  
*Beaumontia grandiflora* Wall.  
*Calotropis procera* (Aiton) W.T. Aiton  
*Cameraria angustifolia* L.  
*Cameraria latifolia* L.  
*Cameraria linearifolia* Urb.  
*Cascabela thevetia* (L.) Lippold  
*Catharanthus roseus* (L.) G. Don  
*Cryptostegia grandiflora* R. Br.  
*Cryptostegia madagascariensis* Bojer ex Decne.  
*Echites umbellatus* Jacq. subsp. *umbellatus*  
*Funastrum clausum* (Jacq.) Schltr.  
*Gonolobus haitiensis* P.T. Li

*Gonolobus membranaceus* Schltr.  
*Gonolobus stephanotrichus* Griseb.  
*Mandevilla longiflora* (Desf.) Pichon  
*Marsdenia clausa* R. Br.  
*Marsdenia dictyophylla* Urb.  
*Marsdenia ekmanii* Alain  
*Marsdenia floribunda* (Brongn.) Schltr.  
*Marsdenia haitiensis* Urb. & Ekman  
*Marsdenia linearis* Decne.  
*Marsdenia nitida* (Poir.) Decne.  
*Marsdenia nubicola* Alain  
*Marsdenia saturejifolia* A. Rich.  
*Marsdenia suffruticosa* Alain  
*Matelea annulata* Alain  
*Matelea constanzana* J. Jiménez Alm.  
*Matelea corynephora* Krings  
*Matelea crispiflora* (Urb.) J. Jiménez Alm.  
*Matelea dictyopetala* (Urb. & Ekman) Krings  
*Matelea domingensis* (Alain) Krings  
*Matelea hastata* Alain  
*Matelea linearipetala* Alain  
*Matelea maritima* (Jacq.) Woodson  
*Matelea monticola* Alain  
*Matelea ovatifolia* (Griseb.) Woodson  
*Matelea pauciflora* (Spreng.) Woodson  
*Matelea pentactina* Krings  
*Matelea phainops* Krings  
*Matelea rhynchocephala* Krings  
*Matelea torulosa* Krings  
*Matelea viridivenia* Alain  
*Mesechites angustifolius* (Poir.) Miers  
*Mesechites repens* (Jacq.) Miers  
*Metastelma aemulans* Schltr.  
*Metastelma astephanoides* Schltr.  
*Metastelma calcicola* (Alain) Alain  
*Metastelma crassiusculum* Schltr.  
*Metastelma decipiens* Schltr.  
*Metastelma domingense* Schltr.  
*Metastelma eggertii* Schltr.  
*Metastelma ekmanii* Markgr.  
*Metastelma glabrieus* Markgr.  
*Metastelma gracile* Decne.  
*Metastelma leptocladum* (Decne.) Schltr.  
*Metastelma leptophyllum* (Schltr.) Alain  
*Metastelma linearifolium* A. Rich.  
*Metastelma occidentale* (Spreng.) Alain  
*Metastelma parviflorum* (Sw.) R. Br. ex Schult.  
*Metastelma penicillatum* Griseb.  
*Metastelma picardae* Schltr.  
*Metastelma stenoglossum* Schltr.  
*Metastelma tylophoroides* Schltr.  
*Nerium oleander* L.  
*Odontadenia polyneura* (Urb.) Woodson  
*Oxypetalum cordifolium* (Vent.) Schltr.  
*Pentalinon luteum* (L.) B.F. Hansen & Wunderlin  
*Pinochia corymbosa* (Jacq.) M.E. Endress & B.F. Hansen subsp. *corymbosa*  
*Plumeria biglandulosa* Urb.  
*Plumeria discolor* Urb. & Ekman  
*Plumeria longiflora* Urb. & Ekman  
*Plumeria magna* Zanoni & M.M. Mejía  
*Plumeria obtusa* L.  
*Plumeria paulinae* Urb.  
*Plumeria rubra* L.  
*Plumeria stenopetala* Urb. var. *angustissima* Urb.

*Plumeria stenopetala* Urb. var. *stenopetala*  
*Plumeria subsessilis* A. DC.  
*Plumeria trouinensis* Urb. & Ekman  
*Plumeria tuberculata* Lodd.  
*Rauvolfia biauriculata* Müll. Arg.  
*Rauvolfia nitida* Jacq.  
*Rauvolfia tetraphylla* L.  
*Rauvolfia viridis* Willd. ex Roem. & Schult.  
*Rhabdadenia biflora* (Jacq.) Müll. Arg.  
*Stapelia gigantea* N.E. Br.  
*Stemmadenia litoralis* (Kunth) L. Allorge  
*Strophanthus gratus* Baill.  
*Tabernaemontana amygdalifolia* Jacq.  
*Tabernaemontana citrifolia* L.  
*Tabernaemontana divaricata* (L.) R. Br. ex Roem. & Schult.  
*Vallesia antillana* Woodson  
*Vallesia montana* Urb.

### Aquifoliaceae

*Ilex azuensis* Loes.  
*Ilex barahonica* Loes.  
*Ilex berteroi* Loes.  
*Ilex blanchiana* Judd  
*Ilex clementis* Britton & P. Wilson  
*Ilex cubana* Loes.  
*Ilex dioica* (Vahl) Griseb.  
*Ilex duarteensis* Loes.  
*Ilex fuertesiana* (Loes.) Loes.  
*Ilex guianensis* (Aubl.) Kuntze  
*Ilex impressa* Ekman & Loes.  
*Ilex krugiana* Loes. var. *krugiana*  
*Ilex krugiana* Loes. var. *paciportensis* (Loes.) P.A. González  
*Ilex macfadyenii* (Walp.) Rehder subsp. *macfadyenii*  
*Ilex microwrightioides* Loes.  
*Ilex nitida* (Vahl) Maxim. var. *nitida*  
*Ilex nitida* (Vahl) Maxim. var. *repanda* (Griseb.) P.A. González  
*Ilex nitida* (Vahl) Maxim. var. *repandoides* (Loes.) P.A. González  
*Ilex obcordata* Sw. var. *obcordata*  
*Ilex sideroxyloides* (Sw.) Griseb. subsp. *occidentalis* (Macfad.) P.A. González

### Araceae

*Alocasia macrorrhizos* (L.) G. Don  
*Alocasia plumbea* Van Houtte  
*Anthurium andraeanum* Linden ex André  
*Anthurium crenatum* (L.) Kunth  
*Anthurium gracile* (Rudge) Schott  
*Anthurium scandens* (Aubl.) Engl.  
*Caladium bicolor* (Aiton) Vent.  
*Colocasia esculenta* (L.) Schott  
*Dieffenbachia seguine* (Jacq.) Schott  
*Dracontium asperum* K. Koch  
*Epipremnum pinnatum* (L.) Engl.  
*Epipremnum pinnatum* (L.) Engl. "cv" *aureum* Nicolson  
*Lemna aequinoctialis* Welw.  
*Lemna valdiviana* Phil.  
*Monstera deliciosa* Liebm.  
*Philodendron bipinnatifidum* Schott ex Endl.  
*Philodendron consanguineum* Schott  
*Philodendron giganteum* Schott  
*Philodendron hederaceum* (Jacq.) Schott  
*Philodendron lacerum* (Jacq.) Schott  
*Philodendron lingulatum* (L.) K. Koch  
*Pistia stratiotes* L.  
*Spathiphyllum wallisii* Regel

*Spirodela polyrhiza* (L.) Schleid.  
*Syngonium auritum* (L.) Schott  
*Syngonium podophyllum* Schott  
*Wolffia brasiliensis* Wedd.  
*Wolffiella welwitschii* (Hegelm.) Monod  
*Xanthosoma belophyllum* (Willd.) Kunth  
*Xanthosoma caracu* K. Koch & C.D. Bouché  
*Xanthosoma helleborifolium* (Jacq.) Schott  
*Xanthosoma sagittifolium* (L.) Schott  
*Xanthosoma undipes* (K. Koch & C.D. Bouché) K. Koch  
*Xanthosoma violaceum* Schott  
*Zantedeschia aethiopica* (L.) Spreng.

### Araliaceae

*Aralia excelsa* (Griseb.) J. Wen  
*Dendropanax arboreus* (L.) Decne. & Planch.  
*Dendropanax selleanus* (Urb. & Ekman) A.C. Sm.  
*Hydrocotyle hirsuta* Sw. var. *hirsuta*  
*Hydrocotyle hirsuta* Sw. var. *leptostachys* (A. Rich.) Urb.  
*Hydrocotyle lanipes* Urb. & Ekman  
*Hydrocotyle lineata* Michx.  
*Hydrocotyle pusilla* A. Rich.  
*Hydrocotyle umbellata* L.  
*Hydrocotyle verticillata* Thunb. var. *verticillata*  
*Oreopanax capitatus* (Jacq.) Decne. & Planch.  
*Polyscias balfouriana* (André) L.H. Bailey  
*Polyscias filicifolia* (C. Moore ex E. Fourn.) L.H. Bailey  
*Polyscias fruticosa* (L.) Harms  
*Polyscias guilfoylei* (W. Bull.) L.H. Bailey  
*Polyscias paniculata* (DC.) Baker  
*Polyscias pinnata* J.R. Forst. & G. Forst.  
*Polyscias scutellaria* (Burm. f.) Fosberg  
*Schefflera actinophylla* (Endl.) Harms  
*Schefflera morototoni* (Aubl.) Maguire, Steyerem. & Frodin  
*Schefflera tremula* (Krug & Urb.) Alain

### Araucariaceae

*Araucaria heterophylla* (Salisb.) Franco

### Areaceae

*Acoelorrhaphe wrightii* (Griseb. & H. Wendl.) H. Wendl. ex Becc.  
*Acrocomia aculeata* (Jacq.) Lodd. ex Mart.  
*Adonidia merrillii* (Becc.) Becc.  
*Aiphanes acanthophylla* (Mart.) Burret  
*Aiphanes horrida* (Jacq.) Burret  
*Archontophoenix alexandrae* (F. Muell.) H. Wendl. & Drude  
*Areca catechu* L.  
*Attalea crassispatha* (Mart.) Burret  
*Bactris plumeriana* Mart.  
*Calyptrogynne plumeriana* (Mart.) Roncal  
*Calyptrogynne rivalis* (O.F. Cook) León  
*Caryota mitis* Lour.  
*Caryota urens* L.  
*Chamaerops humilis* L.  
*Coccothrinax argentea* (Lodd. ex Schult. & Schult. f.) Sarg. ex Becc.  
*Coccothrinax barbadensis* (Lodd. ex Mart.) Becc.  
*Coccothrinax boschiana* M.M. Mejía & R.G. García  
*Coccothrinax concolor* Burret  
*Coccothrinax ekmanii* Burret  
*Coccothrinax fragrans* Burret  
*Coccothrinax gracilis* Burret  
*Coccothrinax montana* Burret  
*Coccothrinax scoparia* Becc.  
*Coccothrinax spissa* L.H. Bailey  
*Cocos nucifera* L.

Copernicia berteroa Becc.  
 Copernicia ekmanii Burret  
 Dictyosperma album (Bory) Scheff.  
 Dypsis lutescens (H. Wendl.) Beentje & J. Dransf.  
 Elaeis guineensis Jacq.  
 Goussia attenuata (O.F. Cook) Becc.  
 Geonoma interrupta (Ruiz & Pav.) Mart.  
 Howea belmoreana C. Moore & F. Muell.) Becc.  
 Howea forsteriana C. Moore & F. Muell.) Becc.  
 Livistona chinensis (Jacq.) R.Br. ex Mart.  
 Manicaria saccifera Gaertn.  
 Phoenix dactylifera L.  
 Phoenix roebelenii O' Brien  
 Prestoea montana (R. Graham) G. Nicholson  
 Pritchardia pacifica Seem. & H. Wendl  
 Pseudophoenix ekmanii Burret  
 Pseudophoenix lediniana Read  
 Pseudophoenix sargentii H. Wendl. ex Sarg.  
 Pseudophoenix vinifera (Mart.) Becc.  
 Ptychosperma elegans Blume  
 Ptychosperma macarthurii (H. Wendl. ex H.J. Veitch) H. Wendl. ex Hook. f.  
 Reinhardtia paiewonskiana Read, Zanoni, & M.M. Mejía  
 Rhapsis excelsa (Thunb.) Henry  
 Roystonea borinquena O.F. Cook  
 Roystonea regia (Kunth) O.F. Cook  
 Sabal causiarum (O.F. Cook) Becc.  
 Sabal domingensis Becc.  
 Thrinax morrisii H. Wendl.  
 Thrinax radiata Lodd. ex Schult. & Schult. f.  
 Washingtonia filifera (Linden ex André) H. Wendl. ex de Bary  
 Zombia antillarum (Descourt.) L.H. Bailey

### Aristolochiaceae

Aristolochia bilabiata L.  
 Aristolochia bilobata L.  
 Aristolochia caudata Jacq.  
 Aristolochia x domingensis Ekman & O.C. Schmidt  
 Aristolochia ehrenbergiana Cham.  
 Aristolochia ekmanii O.C. Schmidt  
 Aristolochia elegans Mast.  
 Aristolochia haitiensis Ekman & O.C. Schmidt  
 Aristolochia labiata Willd.  
 Aristolochia leptosticta Urb.  
 Aristolochia linearifolia C. Wright ex Griseb.  
 Aristolochia mirandae L. Marión  
 Aristolochia montana Ekman & O.C. Schmidt  
 Aristolochia oblongata Jacq. subsp. calceiformis (Urb.) R. Rankin & Acev.-Rodr.  
 Aristolochia oblongata Jacq. subsp. oblongata  
 Aristolochia ophioides L. Marión  
 Aristolochia peltata L.  
 Aristolochia punctata Lam.  
 Aristolochia ringens Vahl  
 Aristolochia samanensis O.C. Schmidt  
 Aristolochia schottii L. Marión  
 Aristolochia trilobata L.

### Asparagaceae

Agave americana L.  
 Agave antillarum Descourt. var. antillarum  
 Agave antillarum Descourt. var. grammontensis Trel.  
 Agave brevipedata Trel.  
 Agave brevispina Trel.  
 Agave fourcroydes Lem.

Agave intermixta Trel.  
 Agave sisalana Perrine  
 Asparagus aethiopicus L.  
 Asparagus officinalis L.  
 Asparagus setaceus (Kunth) Jessop  
 Cordyline fruticosa (L.) A. Chev.  
 Dracaena fragrans (L.) Ker Gawl.  
 Furcraea antillana A. Álvarez  
 Furcraea foetida (L.) Haw.  
 Furcraea hexapetala (Jacq.) Urb.  
 Furcraea tuberosa W.T. Aiton  
 Hyacinthus orientalis L.  
 Polianthes tuberosa L.  
 Sansevieria hyacinthoides (L.) Druce  
 Sansevieria trifasciata Prain  
 Yucca aloifolia L.

### Asteraceae

Acanthospermum hispidum A. DC.  
 Acanthospermum humile (Sw.) DC.  
 Achillea millefolium L.  
 Acmella iodiscae (A.H. Moore) R.K. Jansen  
 Acmella radicans (Jacq.) R.K. Jansen var. debilis (Kunth) R.K. Jansen  
 Acmella uliginosa (Sw.) Cass.  
 Adenostemma brasilianum (Pers.) Cass.  
 Adenostemma verbesina (L.) Sch. Bip.  
 Ageratina dictyoneura (Urb.) R.M. King & H. Rob.  
 Ageratina havanensis (Kunth) R.M. King & H. Rob.  
 Ageratina illita (Urb.) R.M. King & H. Rob.  
 Ageratina urbanii (Ekman ex Urb.) R.M. King & H. Rob.  
 Ageratum conyzoides L. subsp. conyzoides  
 Ageratum conyzoides L. subsp. latifolium (Cav.) M.F. Johnst.  
 Ageratum maritimum Kunth  
 Ambrosia artemisiifolia L.  
 Ambrosia confertiflora DC.  
 Ambrosia hispida Pursh  
 Ambrosia peruviana Willd.  
 Ambrosia velutina O.E. Schulz  
 Anastrophia buchii Urb.

Varronia selleana (Urb.) Friesen  
 Varronia serrata (L.) Borhidi  
 Wigandia brevistyla Cornejo  
 Wigandia pruritiva Spreng.

### Brassicaceae

Barbarea verna (Mill.) Asch.  
 Brassica juncea (L.) Czern. var. juncea  
 Brassica napus L.  
 Brassica oleracea L. var. gongylodes L.  
 Brassica oleracea L. var. oleracea  
 Brassica rapa L.  
 Cakile lanceolata (Willd.) O.E. Schulz  
 Capsella bursa-pastoris (L.) Medik.  
 Cardamine africana L.  
 Cardamine debilis Banks ex DC.  
 Cardamine hirsuta L.  
 Cardamine impatiens L.  
 Cardamine jamesonii Hook.  
 Cardamine pensylvanica Muhl. ex Willd.  
 Diplotaxis muralis (L.) DC.  
 Iberis amara L.  
 Lepidium didymum L.  
 Lepidium pinnatisectum (O.E. Schulz ex Urb.) C.L. Hitchc.  
 Lepidium virginicum L.  
 Lobularia maritima (L.) Desv.  
 Nasturtium officinale R. Br.  
 Raphanus raphanistrum L.  
 Raphanus sativus L.  
 Rorippa hispida (Desv.) Britton subsp. hispida  
 Rorippa islandica (Oeder) Borbás  
 Rorippa portoricensis (Spreng.) Stehlé subsp. portoricensis  
 Rorippa portoricensis (Spreng.) Stehlé subsp. pumila (O.E. Schulz)  
 Greuter & R. Rankin  
 Rorippa pyrenaica (L.) Rchb.  
 Sinapis arvensis L.  
 Sisymbrium ekmanii O.E. Schulz  
 Sisymbrium haitiense O.E. Schulz  
 Sisymbrium officinale (L.) Scop.

### Bromeliaceae

Aechmea nudicaulis (L.) Griseb.  
 Ananas comosus (L.) Merr.  
 Billbergia pyramidalis (Sims) Lindl.  
 Bromelia karatas L.  
 Bromelia pinguin L.  
 Catopsis berteroniana (Schult. & Schult. f.) Mez  
 Catopsis floribunda L.B. Sm.  
 Catopsis nitida (Hook.) Griseb.  
 Catopsis nutans (Sw.) Griseb.  
 Catopsis sessiliflora (Ruiz & Pav.) Mez  
 Guzmania berteroniana (Schult. & Schult. f.) Mez  
 Guzmania ekmanii (Harms) Harms Ex Mez  
 Guzmania lingulata (L.) Mez var. concolor Proctor & Cedeño-Mald.  
 Guzmania monostachia (L.) Rusby ex Mez  
 Hohenbergia penduliflora (A. Rich.) Mez  
 Mezobromelia capituligera (Griseb.) J.R. Grant  
 Pitcairnia domingensis L.B. Sm.  
 Pitcairnia elizabethae L.B. Sm.  
 Pitcairnia fuertesii Mez  
 Pitcairnia jimenezii L.B. Sm.  
 Pitcairnia samuelssonii L.B. Sm.  
 Pitcairnia xanthocalyx Mart.  
 Tillandsia ariza-juliae L.B. Sm. & J. Jiménez Alm.  
 Tillandsia balbisiana Schult. & J.H. Schult.

Tillandsia baliophylla Harms  
 Tillandsia bulbosa Hook.  
 Tillandsia capitata Griseb.  
 Tillandsia compacta Griseb.  
 Tillandsia didistichoides Mez  
 Tillandsia excelsa Griseb.  
 Tillandsia fasciculata Sw. var. densispica Mez  
 Tillandsia fasciculata Sw. var. fasciculata  
 Tillandsia fasciculata Sw. var. laxispica Mez  
 Tillandsia fendleri Griseb. var. fendleri  
 Tillandsia festucoides Brongn. ex Mez  
 Tillandsia flexuosa Sw.  
 Tillandsia hotteana Urb.  
 Tillandsia jenmanii Baker  
 Tillandsia juncea (Ruiz & Pav.) Poir.  
 Tillandsia kuzmae Ehlers  
 Tillandsia lescaillei C. Wright  
 Tillandsia moscosoi L.B. Sm. & J. Jiménez Alm.  
 Tillandsia paniculata (L.) L.  
 Tillandsia paucifolia Baker  
 Tillandsia polystachia (L.) L.  
 Tillandsia pruinosa Sw.  
 Tillandsia recurvata (L.) L.  
 Tillandsia schiedeana Steud.  
 Tillandsia selleana Harms  
 Tillandsia setacea Sw.  
 Tillandsia spiculosa Griseb.  
 Tillandsia tenuifolia L. var. tenuifolia  
 Tillandsia tetrantha Ruiz & Pav. var. caribaea (L.B. Sm.) Gouda  
 Tillandsia usneoides (L.) L.  
 Tillandsia utriculata L.  
 Tillandsia variabilis Schltld.  
 Vriesea incurva (Griseb.) Read  
 Vriesea macrostachya (Bello) Mez  
 Vriesea ringens (Griseb.) Harms  
 Vriesea sanguinolenta Cogn. & Marchal  
 Vriesea sintenisii (Baker) L.B. Sm. & Pittendr.  
 Vriesea tuerckheimii (Mez) L.B. Sm.

### Brunelliaceae

Brunellia comocladifolia Humb. & Bonpl. subsp. domingensis Cuatrec.

### Burmanniaceae

Apteria aphylla (Nutt.) Barnhart ex Small  
 Burmannia capitata (Walter ex J.F. Gmel.) Mart.  
 Cymbocarpa refracta Miers  
 Gymnosiphon niveus (Griseb.) Urb.  
 Gymnosiphon sphaerocarpus Urb.

### Burseraceae

Bursera brunea (Urb.) Urb. & Ekman  
 Bursera glauca Griseb.  
 Bursera gracilipes Urb. & Ekman  
 Bursera ovata Urb. & Ekman  
 Bursera simaruba (L.) Sarg.  
 Bursera spinescens Urb. & Ekman  
 Protium glaucescens Urb.  
 Tetragastris balsamifera (Sw.) Kuntze

### Buxaceae

Buxus glomerata (Griseb.) Müll. Arg.

### Cabombaceae

Brasenia schreberi J.F. Gmel.  
 Cabomba haynesii Wiersema

*Maytenus reynosoides* Urb.  
*Maytenus urquiolae* Mory  
*Pristimera celastroides* (Kunth) A.C. Sm.  
*Schaefferia angustifolia* Urb. & Ekman  
*Schaefferia ephedroides* Urb.  
*Schaefferia frutescens* Jacq.  
*Torralsbasia cuneifolia* (C. Wright ex A. Gray) Krug & Urb. ex Segui  
subsp. *cuneifolia*

#### Ceratophyllaceae

*Ceratophyllum demersum* L.  
*Ceratophyllum submersum* L.

#### Chloranthaceae

*Hedyosmum domingense* Urb. var. *domingense*

*Hedyosmum nutans* Sw.

#### Chrysobalanaceae

*Chrysobalanus icaco* L.  
*Hirtella americana* L.  
*Hirtella rugosa* Pers.  
*Hirtella triandra* Sw.

#### Cistaceae

*Helianthemum rosmarinifolium* Pursh

#### Cleomaceae

*Arivela viscosa* (L.) Raf.  
*Cleome domingensis* Iltis  
*Cleome pilosa* Benth.  
*Cleome procumbens* Jacq. subsp. *procumbens*  
*Cleome rutidosperma* DC.  
*Cleoserrata serrata* (Jacq.) Iltis  
*Cleoserrata speciosa* (Raf.) Iltis  
*Dactylaena ekmanii* Helwig  
*Gynandropsis gynandra* (L.) Briq.  
*Hemiscola aculeata* (L.) Raf.  
*Tarenaya spinosa* (Jacq.) Raf.

#### Clusiaceae

*Clusia clusioides* (Griseb.) D'Arcy  
*Clusia domingensis* Urb.  
*Clusia minor* L.  
*Clusia picardae* Urb.  
*Clusia plumieri* Planch. & Triana  
*Clusia rosea* Jacq.  
*Garcinia aristata* (Griseb.) Borhidi  
*Garcinia barkeriana* (Urb. & Ekman) Alain  
*Garcinia glaucescens* Alain & M.M. Mejía  
*Garcinia humilis* (Vahl) C.D. Adams  
*Garcinia mangostana* L.  
*Garcinia moaensis* (Bisse) Borhidi  
*Garcinia verticillata* Alain  
*Symphonia globulifera* L. f.

#### Combretaceae

*Buchenavia tetraphylla* (Aubl.) R.A. Howard  
*Bucida buceras* L.  
*Bucida molinetii* (M. Gómez) Alwan & Stace  
*Combretum indicum* (L.) DeFilippis  
*Combretum laxum* Jacq.  
*Combretum spinosum* Humb. & Bonpl.  
*Conocarpus erectus* L. var. *erectus*  
*Conocarpus erectus* L. var. *sericeus* E. Forst. ex DC.  
*Laguncularia racemosa* (L.) Gaertn. f.  
*Terminalia catappa* L.  
*Terminalia chicharronia* C. Wright subsp. *chicharronia*  
*Terminalia chicharronia* C. Wright subsp. *domingensis* (Urb.) Alwan & Stace  
*Terminalia domingensis* Urb.

#### Commelinaceae

*Aploleia monandra* (Sw.) H.E. Moore  
*Callisia fragrans* (Lindl.) Woodson  
*Callisia repens* (Jacq.) L.  
*Commelina acutissima* Urb.  
*Commelina diffusa* Burm. f.  
*Commelina erecta* L. var. *erecta*  
*Commelina geniculata* Desv. ex Ham.  
*Commelina haitiensis* Urb. & Ekman

Gibasis geniculata (Jacq.) Rohweder  
 Gibasis pauciflora (Urb. & Ekman) D.R. Hunt  
 Murdannia nudiflora (L.) Brenan  
 Tinantia erecta (L.) Schldl.  
 Tradescantia spathacea Sw.  
 Tradescantia zanonina (L.) Sw.  
 Tradescantia pallida (Rose) D.R. Hunt  
 Tradescantia zebrina Heynh. ex Bosse  
 Tripogandra serrulata (Vahl) Handlos

### Connaraceae

Rourea surinamensis Miq.

### Convolvulaceae

Aniseia cernua Moric.  
 Aniseia martinicensis (Jacq.) Choisy var. ambigua Hallier f.  
 Aniseia martinicensis (Jacq.) Choisy var. martinicensis  
 Argyreia nervosa (Burm. f.) Bojer  
 Convolvulus nodiflorus Desr.  
 Cuscuta americana L.  
 Cuscuta boldinghii Urb.  
 Cuscuta campestris Yunck.  
 Cuscuta globulosa Benth.  
 Cuscuta gronovii Willd. ex Schult.  
 Cuscuta indecora Choisy var. indecora  
 Cuscuta obtusiflora Kunth var. glandulosa Engelm.  
 Cuscuta umbellata Kunth  
 Dichondra micrantha Urb.  
 Dichondra repens J.R. Forst. & G. Forst. var. sericea (Sw.) Choisy  
 Evolvulus alsinoides (L.) L. var. debilis (Kunth) Ooststr.  
 Evolvulus alsinoides (L.) L. var. grisebachianus Meisn.  
 Evolvulus arbuscula Poir. var. arbuscula  
 Evolvulus convolvuloides (Willd. ex Schult.) Stearn  
 Evolvulus nummularius (L.) L.  
 Evolvulus sericeus Sw.  
 Evolvulus tenuis Mart. ex Choisy subsp. longifolius (Choisy) Ooststr.  
 Ipomoea alba L.  
 Ipomoea aquatica Forssk.  
 Ipomoea batatas (L.) Lam.  
 Ipomoea calantha Griseb.  
 Ipomoea carnea Jacq. subsp. carnea  
 Ipomoea carnea Jacq. subsp. fistulosa (Mart. ex Choisy) D.F. Austin  
 Ipomoea clausa Rudolphi ex Ledeb.  
 Ipomoea dajabonensis Alain  
 Ipomoea desrousseauxii Steud.  
 Ipomoea digitata L.  
 Ipomoea furcyensis Urb.  
 Ipomoea hederacea Jacq.  
 Ipomoea hederifolia L.  
 Ipomoea imperati (Vahl) Griseb.  
 Ipomoea indica (Burm. f.) Merr. var. acuminata (Vahl) Fosberg  
 Ipomoea lachnaea Spreng.  
 Ipomoea luteoviridis Ekman & Leonard  
 Ipomoea meyeri (Spreng.) G. Don  
 Ipomoea nematoloba Urb.  
 Ipomoea nematophylla Urb.  
 Ipomoea nil (L.) Roth  
 Ipomoea obscura (L.) Ker Gawl.  
 Ipomoea pes-caprae (L.) R. Br.  
 Ipomoea philomega (Vell.) House  
 Ipomoea purpurea (L.) Roth  
 Ipomoea quamoclit L.  
 Ipomoea repanda Jacq.  
 Ipomoea sagittata Poir.  
 Ipomoea setifera Poir.

Ipomoea squamosa Choisy  
 Ipomoea steudelii Millsp.  
 Ipomoea tenuissima Choisy  
 Ipomoea tiliacea (Willd.) Choisy  
 Ipomoea tricolor Cav.  
 Ipomoea triloba L.  
 Ipomoea violacea L.  
 Ipomoea wrightii A. Gray  
 Jacquemontia cayensis Britton  
 Jacquemontia ekmanii O' Donnell  
 Jacquemontia havanensis (Jacq.) Urb.  
 Jacquemontia ovalifolia (Vahl) Hallier f. subsp. obcordata (Millsp.)  
 K.R. Robertson  
 Jacquemontia pentanthos (Jacq.) G. Don  
 Jacquemontia solanifolia (L.) Hallier f.  
 Jacquemontia sphaerostigma (Cav.) Rusby  
 Jacquemontia tamnifolia (L.) Griseb.  
 Jacquemontia tuerckheimii Urb.  
 Jacquemontia verticillata (L.) Urb. var. verticillata  
 Merremia aegyptia (L.) Urb.  
 Merremia discoidesperma (Donn. Sm.) O' Donnell  
 Merremia dissecta (Jacq.) Hallier f.  
 Merremia macrocalyx (Ruiz & Pav.) O' Donnell  
 Merremia quinquefolia (L.) Hallier f.  
 Merremia tuberosa (L.) Rendle  
 Merremia umbellata (L.) Hallier f.  
 Operculina hamiltonii (G. Don) D.F. Austin & Staples  
 Operculina turpethum (L.) Silva Manso var. ventricosa (Bertero) G.W.  
 Staples & D.F. Austin  
 Poranopsis paniculata (Roxb.) Roberty  
 Stictocardia tiliifolia (Desr.) Hallier f.  
 Turbina corymbosa (L.) Raf.  
 Turbina racemosa (Poir.) D.F. Austin

### Costaceae

Cheilocostus speciosus (J. König) C. Specht  
 Costus arabicus L.  
 Costus malortieanus H. Wendl.  
 Costus scaber Ruiz & Pav.  
 Costus spicatus (Jacq.) Sw.

### Crassulaceae

Cotyledon macrantha A. Berger  
 Crassula aquatica (L.) Schönland  
 Crassula ovata (Mill.) Druce  
 Echeveria peacockii Croucher  
 Echeveria secunda Booth ex Lindl.  
 Kalanchoe beharensis Drake  
 Kalanchoe blossfeldiana Poelln.  
 Kalanchoe crenata (Andrews) Haw.  
 Kalanchoe daigremontiana Raym.-Hamet & Perrier  
 Kalanchoe delagoensis Eckl. & Zeyh.  
 Kalanchoe fedtschenkoi Raym.-Hamet & Perrier  
 Kalanchoe laciniata (L.) DC.  
 Kalanchoe marmorata Baker  
 Kalanchoe pinnata (Lam.) Pers.  
 Kalanchoe tomentosa Baker  
 Sedum monregalense Balb.  
 Sedum morganiatum E. Walther

### Cucurbitaceae

Benincasa hispida (Thunb.) Cogn.  
 Cayaponia americana (Lam.) Cogn.  
 Cayaponia racemosa (Mill.) Cogn.  
 Citrullus lanatus (Thunb.) Matsum. & Nakai

*Cucumis anguria* L.  
*Cucumis melo* L.  
*Cucumis sativus* L.  
*Cucurbita maxima* Duchesne  
*Cucurbita moschata* Duchesne  
*Cucurbita pepo* L.  
*Doyerea emetocathartica* Grosourdy  
*Fevillea cordifolia* L.  
*Lagenaria siceraria* (Molina) Standl.  
*Linnaeosicyos amara* (L.) H. Schaef. & Kocyan  
*Luffa acutangula* (L.) Roxb.  
*Luffa aegyptiaca* Mill.  
*Melothria domingensis* Cogn.  
*Melothria pendula* L.  
*Momordica balsamina* L.  
*Momordica charantia* L.  
*Penelopeia sphaerica* (Alain) H. Schaef. & S.S. Renner  
*Penelopeia suburceolata* (Cogn.) Urb.  
*Psiguria pedata* (L.) R.A. Howard  
*Psiguria trifoliata* (L.) Alain  
*Sechium edule* (Jacq.) Sw.  
*Sicana fragrans* Alain, M.M. Mejía, & R.G. García  
*Sicana odorifera* (Vell.) Naudin  
*Sicyos laciniatus* L.

#### **Cunoniaceae**

*Weinmannia pinnata* L.

*Solanum selleanum* Urb. & Ekman  
*Solanum tetramerum* Dunal & A. DC.  
*Solanum torvum* Sw.  
*Solanum tuberosum* L.  
*Solanum umbellatum* Mill.  
*Solanum volubile* Sw.  
*Solanum wendlandii* Hook. f.  
*Witheringia solanacea* L'Hér.

#### **Sphenocleaceae**

*Sphenoclea zeylanica* Gaertn.

#### **Staphyleaceae**

*Huerteia cubensis* Griseb.  
*Turpinia occidentalis* (Sw.) G. Don  
*Turpinia picardae* Urb.

#### **Stegnospermataceae**

*Stegnosperma cubense* A. Rich.

#### **Strelitziaceae**

*Ravenala madagascariensis* J.F. Gmel.

#### **Styracaceae**

*Styrax obtusifolius* Griseb.  
*Styrax ochraceus* Urb.

#### **Surianaceae**

*Suriana maritima* L.

#### **Symplocaceae**

*Symplocos azuensis* Mai  
*Symplocos berteroi* (DC.) Miers  
*Symplocos domingensis* Urb.  
*Symplocos hotteana* Urb. & Ekman

#### **Tamaricaceae**

*Tamarix aphylla* (L.) Karst.  
*Tamarix gallica* L.

#### **Theaceae**

*Gordonia curtyana* (A. Rich.) H. Keng  
*Laplacea alpestris* (Krug & Urb.) Dyer  
*Laplacea cymatoneura* Urb.  
*Laplacea portoricensis* (Krug & Urb.) Dyer

*Laplacea reticularis* Alain  
*Laplacea samuelssonii* O.C. Schmidt

#### **Thymelaeaceae**

*Daphnopsis americana* (Mill.) J.R. Johnst. subsp. *tinifolia* (Sw.) Nevling  
*Daphnopsis crassifolia* (Poir.) Meisn.  
*Daphnopsis cuneata* Radlk. subsp. *uniflora* (Urb. & Ekman) Nevling  
*Daphnopsis ekmanii* Steyererm. ex O.C. Schmidt  
*Daphnopsis hispaniolica* Nevling  
*Lagetta lagetto* (Sw.) Nash

#### **Tropaeolaceae**

*Tropaeolum majus* L.

#### **Typhaceae**

*Typha domingensis* Pers.

#### **Ulmaceae**

*Ampelocera cubensis* Griseb.  
*Phyllostylon rhamnoides* (J. Poiss.) Taub.

#### **Urticaceae**

*Boehmeria cylindrica* (L.) Sw.  
*Boehmeria ehrenbergiana* Urb.  
*Boehmeria nivea* (L.) Gaudich.  
*Boehmeria ramiflora* Jacq.  
*Boehmeria repens* (Griseb.) Wedd.  
*Cecropia schreberiana* Miq. subsp. *antillarum* (Snethl.) C.C. Berg & P. Franco  
*Cecropia schreberiana* Miq. subsp. *schreberiana*  
*Gyrotaenia myriocarpa* Griseb.  
*Gyrotaenia trujilloana* R.A. Howard

*Pilea depressa* (Sw.) Blume  
*Pilea diandra* Urb.  
*Pilea dictyocarpa* Urb.  
*Pilea dispar* Urb.  
*Pilea distantifolia* Urb.  
*Pilea domingensis* Urb.  
*Pilea ekmanii* Urb.  
*Pilea erosa* Urb.  
*Pilea foetida* Urb. & Ekman  
*Pilea formonensis* Urb. & Ekman  
*Pilea formosa* Urb.  
*Pilea franquevilleana* Wedd.  
*Pilea frutescens* Urb.  
*Pilea geminata* Urb.  
*Pilea godetiana* Urb. & Ekman  
*Pilea gracilior* Urb. & Ekman  
*Pilea granulata* Urb. & Ekman  
*Pilea gyrophylla* Urb.  
*Pilea helwigii* Urb. & Ekman  
*Pilea hepatica* Urb. & Ekman  
*Pilea herniarioides* (Sw.) Lindl. var. *herniarioides*  
*Pilea hispaniolana* Acev.-Rodr.  
*Pilea howardiana* Skean & Judd  
*Pilea inaequalis* (Juss. ex Poir.) Wedd.  
*Pilea involucrata* (Sims) C.H. Wright & Dewar  
*Pilea iteophylla* Urb. & Ekman  
*Pilea jeremiensis* Urb. & Ekman  
*Pilea lanceolata* (Sav.) Wedd.  
*Pilea laxa* (Sw.) Wedd.  
*Pilea leptocardia* Urb.  
*Pilea leptogramma* Urb.  
*Pilea lobulata* Urb.  
*Pilea luisiana* Urb. & Ekman  
*Pilea lurida* C. Wright  
*Pilea maculata* Urb. & Ekman  
*Pilea matheuxiana* Urb. & Ekman  
*Pilea micromeriifolia* Britton & P. Wilson  
*Pilea microphylla* (L.) Liebm. var. *domingensis* Acev.-Rodr.  
*Pilea microphylla* (L.) Liebm. var. *microphylla*  
*Pilea microphylla* (L.) Liebm. var. *succulenta* Griseb.  
*Pilea microrhombea* Urb.  
*Pilea minguetii* Urb.  
*Pilea moroniana* Urb.  
*Pilea nummularifolia* (Sw.) Wedd.  
*Pilea pachycephala* Urb.  
*Pilea palustris* Urb.  
*Pilea parietaria* (L.) Blume  
*Pilea pitresia* Urb. & Ekman  
*Pilea plumieri* Urb.  
*Pilea polyclada* Urb.  
*Pilea propinqua* Wedd.  
*Pilea psilogyne* Urb.  
*Pilea putridicola* Urb. & Ekman  
*Pilea radiculosa* Urb.  
*Pilea refracta* Urb.  
*Pilea rivoriae* Wedd.  
*Pilea rugosa* (Sw.) Wedd.  
*Pilea samanensis* Urb.  
*Pilea selleana* Urb.

*Pilea semidentata* (Juss. ex Poir.) Wedd.  
*Pilea serpyllifolia* (Poir.) Wedd.  
*Pilea setigera* Urb.  
*Pilea spathulifolia* Groult  
*Pilea sphenophylla* Urb.  
*Pilea squamulata* Urb. & Ekman  
*Pilea stelluligera* Wedd.  
*Pilea stenophylla* Urb.  
*Pilea stolonifera* (Sw.) Wedd.  
*Pilea strigillosa* Urb. & Ekman  
*Pilea tippenhaueri* Urb.  
*Pilea torbeciana* Urb. & Ekman  
*Pilea trianthemoides* (Sw.) Lindl.  
*Pilea truncata* Urb.  
*Rousselia humilis* (Sw.) Urb.  
*Sarcopilea domingensis* Urb.  
*Urera baccifera* (L.) Gaudich. ex Wedd.  
*Urera domingensis* Urb.  
*Urera lobulata* Urb. & Ekman  
*Urtica domingensis* Urb. var. *domingensis*  
*Urtica domingensis* Urb. var. *setifera* Urb.

### Verbenaceae

*Bouchea prismatica* (L.) Kuntze  
*Citharexylum alainii* Moldenke  
*Citharexylum caudatum* L.  
*Citharexylum discolor* Turcz.  
*Citharexylum microphyllum* (DC.) O.E. Schulz  
*Citharexylum schulzii* Urb. & Ekman  
*Citharexylum spinosum* L.  
*Citharexylum stenophyllum* Urb. & Ekman  
*Duranta arida* Britton & P. Wilson subsp. *serpentina* Sanders & Judd  
*Duranta arida* Britton & P. Wilson var. *domingensis* (Urb.) Moldenke  
*Duranta erecta* L.  
*Glandularia aristigera* (S. Moore) Tronc.  
*Lantana x aculeata* L.  
*Lantana alainii* Moldenke  
*Lantana bahamensis* Britton  
*Lantana buchii* Urb.  
*Lantana camara* L.  
*Lantana canescens* Kunth  
*Lantana ciferriana* Moldenke  
*Lantana ehrenbergiana* Moldenke  
*Lantana exarata* Urb. & Ekman  
*Lantana horrida* Kunth  
*Lantana involucrata* L.  
*Lantana insularis* Moldenke  
*Lantana leonardiorum* Moldenke  
*Lantana leucocarpa* Urb. & Ekman ex Moldenke  
*Lantana microcarpa* Urb.  
*Lantana montevidensis* (Spreng.) Briq.  
*Lantana pauciflora* Urb.  
*Lantana reticulata* Pers.  
*Lantana subcordata* Urb.  
*Lantana trifolia* L.  
*Lippia alba* (Mill.) N.E. Br. ex Britton & P. Wilson  
*Lippia domingensis* Moldenke  
*Lippia flavida* Urb.  
*Lippia micromera* Schauer  
*Nashia spinifera* (Urb.) Moldenke  
*Petrea volubilis* L.  
*Phyla nodiflora* (L.) Greene  
*Phyla scaberrima* (Juss. ex Pers.) Moldenke  
*Phyla stoechadifolia* (L.) Small  
*Phyla strigulosa* (M. Martens & Galeotti) Moldenke

*Priva domingensis* Urb.  
*Priva lappulacea* (L.) Pers.  
*Stachytarpheta x adulterina* Urb. & Ekman  
*Stachytarpheta cayennensis* (Rich.) Vahl  
*Stachytarpheta x hybrida* Moldenke  
*Stachytarpheta x intercedens* Danser  
*Stachytarpheta jamaicensis* (L.) Vahl  
*Stachytarpheta mutabilis* (Jacq.) Vahl  
*Stachytarpheta strigosa* Vahl  
*Stachytarpheta urticifolia* (Salisb.) Sims  
*Tamonea subbiflora* Urb. & Ekman  
*Verbena menthifolia* Benth.  
*Verbena rigida* Spreng.  
*Verbena scabra* Vahl  
*Verbena urticifolia* L.

### Violaceae

*Hybanthus domingensis* Urb. & Ekman  
*Hybanthus havanensis* Jacq. var. *havanensis*  
*Hybanthus havanensis* Jacq. var. *jacquinianus* (Roem. ex Schult.) DC.  
*Hybanthus leucanthus* Urb. & Ekman  
*Hybanthus linearifolius* (Vahl) Urb.  
*Viola domingensis* Urb.  
*Viola odorata* L.  
*Viola tricolor* L.

### Vitaceae

*Ampelocissus robinsonii* Planch.  
*Cissus discolor* Blume  
*Cissus erosa* Rich. subsp. *erosa*  
*Cissus intermedia* A. Rich.  
*Cissus microcarpa* Vahl  
*Cissus mirabilis* (Urb. & Ekman) Lombardi  
*Cissus obovata* Vahl  
*Cissus picardae* Urb.  
*Cissus rhombifolia* Vahl  
*Cissus trifoliata* (L.) L.  
*Cissus verticillata* (L.) Nicolson & C.E. Jarvis subsp. *micrantha* (Poir.) Lombardi  
*Cissus verticillata* (L.) Nicolson & C.E. Jarvis subsp. *oblongo-lanceolata* (Krug & Urb.) Lombardi  
*Cissus verticillata* (L.) Nicolson & C.E. Jarvis subsp. *verticillata*  
*Cissus wrightiana* Planch.  
*Leea coccinea* Planch.  
*Leea manillensis* Walp.  
*Vitis tiliifolia* Humb. & Bonpl. ex Roem. & Schult.  
*Vitis vinifera* L.

### Xanthorrhoeaceae

*Aloe vera* (L.) Burm. f.  
*Hemerocallis fulva* (L.) L.  
*Hemerocallis lilioasphodelus* L.

### Xyridaceae

*Xyris elliottii* Chapm.  
*Xyris jupicai* Rich.

### Zamiaceae

*Zamia erosa* O.F. Cook & G.N. Collins  
*Zamia pumila* L.

### Zingiberaceae

*Alpinia nigra* (Gaertn.) B.L. Burtt.  
*Alpinia purpurata* (Vieill.) K. Schum.  
*Alpinia vittata* W. Bull.  
*Alpinia zerumbet* (Pers.) B.L. Burtt & R.M. Sm.

*Curcuma longa* L.  
*Etingera elatior* (Jack) R.M. Sm.  
*Hedychium coronarium* J. König  
*Hedychium gardnerianum* Sheppard ex Ker Gawl.  
*Kaempferia rotunda* L.  
*Renealmia aromatica* (Aubl.) Griseb.  
*Renealmia densiflora* Urb.  
*Renealmia jamaicensis* (Gaertn.) Horan. var. *puberula* (Gagnep.) Maas  
*Zingiber montanum* (J. König) Link ex A. Dietr.  
*Zingiber officinale* Roscoe  
*Zingiber zerumbet* (L.) J.E. Sm.

### Zygophyllaceae

*Guaiacum officinale* L.  
*Guaiacum sanctum* L.  
*Kallstroemia curta* Rydb.  
*Kallstroemia incana* Rydb.  
*Kallstroemia maxima* (L.) Hook. & Arn.  
*Tribulus cistoides* L.

## CHECKLIST OF JAMAICA

3175 Taxa

### Acanthaceae

*Andrographis paniculata* (Burm. f.) Wall. ex Nees  
*Asystasia gangetica* (L.) T. Anderson  
*Avicennia germinans* (L.) L.  
*Barleria cristata* L.  
*Barleria lupulina* Lindl.  
*Barleria prionitis* L.  
*Brillantaisia owariensis* P. Beauv.  
*Dicliptera sexangularis* (L.) Juss.  
*Eranthemum pulchellum* Andrews  
*Graptophyllum pictum* (L.) Griff.  
*Hygrophila costata* Nees & T. Nees  
*Justicia adhatoda* L.  
*Justicia blechoides* (Lindau) Stearn  
*Justicia comata* (L.) Lam.  
*Justicia jamaicensis* (Britton) Stearn  
*Justicia mckenleyi* Proctor  
*Justicia nemorosa* Sw.  
*Justicia pectoralis* Jacq.  
*Justicia racemulosa* Wikstr.  
*Neriacanthus purdieanus* Benth.  
*Oplonia acicularis* (Sw.) Stearn  
*Oplonia armata* (Sw.) Stearn var. *armata*  
*Oplonia armata* (Sw.) Stearn var. *pallidior* Stearn  
*Oplonia jamaicensis* (Lindau) Stearn  
*Oplonia microphylla* (Lam.) Stearn  
*Pachystachys spicata* (Ruiz & Pav.) Wassh.  
*Ruellia acutangula* Nees  
*Ruellia blechioides* Sw.  
*Ruellia blechum* L.  
*Ruellia costata* (Nees) Hiern.  
*Ruellia elegans* Poir.  
*Ruellia geminiflora* Kunth  
*Ruellia macrophylla* Vahl  
*Ruellia paniculata* L.  
*Ruellia simplex* C. Wright  
*Ruellia tuberosa* L.  
*Salpicantha coccinea* Hook.  
*Sanchezia longiflora* (Hook. f.) Hook. f. ex Planch.  
*Sanchezia nobilis* Hook. f.  
*Strobilanthes glomerata* (Nees) T. Anderson

*Thunbergia affinis* S. Moore  
*Thunbergia alata* Bojer ex Sibt.  
*Thunbergia fragrans* Roxb.  
*Thunbergia grandiflora* Roxb.

#### **Adoxaceae**

*Sambucus nigra* L. subsp. *canadensis* (L.) Bolli  
*Viburnum alpinum* Macfad.  
*Viburnum arboreum* Britton  
*Viburnum villosum* Sw. var. *glabrescens* Griseb.  
*Viburnum villosum* Sw. var. *subdentatum* Griseb.  
*Viburnum villosum* Sw. var. *villosum*

#### **Aizoaceae**

*Sesuvium portulacastrum* (L.) L.  
*Trianthema portulacastrum* L.

#### **Alismataceae**

*Echinodorus berteroi* (Spreng.) Fassett  
*Echinodorus tenellus* (Mart. ex Schult. & Schult. f.) Buchenau  
*Helanthium bolivianum* (Rusby) Lehtonen & Myllys  
*Helanthium zombiense* (Jérémie) Lehtonen & Myllys  
*Sagittaria guayanensis* Kunth  
*Sagittaria intermedia* Micheli  
*Sagittaria lancifolia* L.

#### **Amaranthaceae**

*Achyranthes aspera* L. var. *aspera*  
*Alternanthera caracasana* Kunth  
*Alternanthera halimifolia* (Lam.) Standl. ex Pittier  
*Alternanthera paronychioides* A. St.-Hil.  
*Alternanthera pungens* Kunth  
*Alternanthera ramosissima* (Mart.) Chodat  
*Alternanthera sessilis* (L.) R. Br. ex DC.  
*Amaranthus australis* (A. Gray) J.D. Sauer  
*Amaranthus crassipes* Schtdl.  
*Amaranthus dubius* Mart. ex Thell.  
*Amaranthus polygonoides* L.  
*Amaranthus spinosus* L.  
*Amaranthus viridis* L.  
*Atriplex cristata* Humb. & Bonpl. ex Willd.  
*Blutaparion vermiculare* (L.) Mears  
*Celosia argentea* L. var. *argentea*  
*Chamissoa altissima* (Jacq.) Kunth  
*Chenopodium ambrosioides* L.  
*Chenopodium murale* L.  
*Cyathula achyranthoides* (Kunth) Moq.  
*Cyathula prostrata* (L.) Blume  
*Froelichia interrupta* (L.) Moq.  
*Gomphrena celosioides* Mart.  
*Gomphrena globosa* L.  
*Gomphrena serrata* L.  
*Iresine angustifolia* Euphrasén  
*Iresine diffusa* Humb. & Bonpl. ex Willd.  
*Salicornia virginica* L.  
*Sarcocornia perennis* (Mill.) A.J. Scott

#### **Amaryllidaceae**

*Agapanthus africanus* (L.) Hoffmanns.  
*Allium cepa* L.  
*Allium sativum* L.  
*Allium schoenoprasum* L.  
*Crinum americanum* L.  
*Crinum asiaticum* L.  
*Crinum zeylanicum* (L.) L.  
*Eucharis amazonica* Linden ex Planch.

*Hippeastrum puniceum* (Lam.) Voss  
*Hymenocallis arenicola* Northr.  
*Hymenocallis caribaea* (L.) Herb.  
*Hymenocallis fragrans* (Salisb.) Salisb.  
*Hymenocallis latifolia* (Mill.) M. Roem.  
*Nothoscordum gracile* (Dryand.) Stearn  
*Zephyranthes carinata* Herb.  
*Zephyranthes citrina* Baker  
*Zephyranthes puertoricensis* Traub.

#### **Anacardiaceae**

*Anacardium occidentale* L.  
*Comocladia cordata* Britton  
*Comocladia grandidentata* Britton  
*Comocladia jamaicensis* Britton  
*Comocladia parvifoliola* Britton  
*Comocladia pinnatifolia* L.  
*Comocladia pubescens* Engl.  
*Comocladia velutina* Britton  
*Mangifera indica* L.  
*Metopium brownii* (Jacq.) Urb.  
*Mosquitoxylum jamaicense* Krug & Urb.  
*Spondias dulcis* Parkinson  
*Spondias mombin* L.  
*Spondias purpurea* L.

#### **Annonaceae**

*Annona cherimola* Mill.  
*Annona glabra* L.  
*Annona jamaicensis* Sprague  
*Annona montana* Macfad.  
*Annona muricata* L.  
*Annona praetermissa* Fawc. & Rendle  
*Annona reticulata* L.  
*Annona squamosa* L.  
*Oxandra lanceolata* (Sw.) Baill.  
*Oxandra laurifolia* (Sw.) A. Rich.  
*Xylopia hastarum* M.L. Green  
*Xylopia jamaicensis* Griseb.  
*Xylopia muricata* L.

#### **Apiaceae**

*Anethum graveolens* L.  
*Arracacia xanthorrhiza* Bancr.  
*Centella asiatica* (L.) Urb.  
*Cyclospermum leptophyllum* (Pers.) Sprague ex Britton & P. Wilson  
*Daucus carota* L.  
*Eryngium foetidum* L.  
*Foeniculum vulgare* Mill.  
*Pastinaca sativa* L.

#### **Apocynaceae**

*Allamanda cathartica* L.  
*Anechites nerium* (Aubl.) Urb.  
*Angadenia lindeniana* (Müll. Arg.) Miers  
*Asclepias curassavica* L.  
*Asclepias nivea* L. var. *intermedia* Schtdl.  
*Asclepias nivea* L. var. *nivea*  
*Asclepias physocarpa* (E. Mey.) Schltr.  
*Calotropis procera* (Aiton) W.T. Aiton  
*Cameraria latifolia* L.  
*Carissa macrocarpa* (Eckl.) A. DC.  
*Cascabela thevetia* (L.) Lippold  
*Catharanthus roseus* (L.) G. Don  
*Cryptostegia grandiflora* R. Br.  
*Cryptostegia madagascariensis* Bojer ex Decne.

*Echites umbellatus* Jacq. subsp. *umbellatus*  
*Fischeria crispiflora* (Sw.) K. Schum.  
*Fischeria scandens* DC.  
*Forsteronia domatiella* Proctor  
*Forsteronia wilsonii* (Griseb.) Woodson  
*Funastrum clausum* (Jacq.) Schltr.  
*Gonolobus jamaicensis* Rendle  
*Gonolobus stapelioides* Desv. ex Ham.  
*Gonolobus stellatus* Griseb.  
*Mandevilla torosa* (Jacq.) Woodson  
*Marsdenia clausa* R. Br.  
*Marsdenia fusca* C. Wright ex Griseb.  
*Marsdenia macfadyenii* Rendle  
*Marsdenia troyana* Urb.  
*Matelea costata* (Urb.) Morillo var. *costata*  
*Matelea costata* (Urb.) Morillo var. *goodfriendii* (Proctor) Krings  
*Matelea proctorii* Krings  
*Matelea pubescens* (Griseb.) Krings  
*Matelea rhamnifolia* (Griseb.) Krings  
*Metastelma albiflorum* Griseb.  
*Metastelma atrorubens* Schltr.  
*Metastelma fawcettii* Schltr.  
*Metastelma harrisii* Schltr.  
*Metastelma jamaicense* Schltr.  
*Metastelma leptocladum* (Decne.) Schltr.  
*Metastelma parviflorum* (Sw.) R. Br. ex Schult.  
*Metastelma priorii* Rendle  
*Metastelma woodsonii* Acev.-Rodr.  
*Oxypetalum cordifolium* (Vent.) Schltr.  
*Pentalinon luteum* (L.) B.F. Hansen & Wunderlin  
*Pinochia floribunda* (Sw.) M.E. Endress & B.F. Hansen  
*Plumeria obtusa* L.  
*Plumeria rubra* L.  
*Rauvolfia nitida* Jacq.  
*Rauvolfia tetraphylla* L.  
*Rhabdadenia biflora* (Jacq.) Müll. Arg.  
*Secondatia macnabii* (Urb.) Woodson  
*Strepeliopsis arborea* Urb.  
*Tabernaemontana divaricata* (L.) R. Br. ex Roem. & Schult.  
*Tabernaemontana laurifolia* L.  
*Tabernaemontana ochroleuca* Urb.  
*Tabernaemontana ovalifolia* Urb.  
*Tabernaemontana wullschlaegelii* Griseb.  
*Vallesia antillana* Woodson

#### Apodanthaceae

*Pilostyles globosa* (S. Wats.) Hemsl.

#### Aquifoliaceae

*Ilex dioica* (Vahl) Griseb.  
*Ilex florifera* Fawc. & Rendle  
*Ilex harrisii* Loes.  
*Ilex jamaicana* Proctor  
*Ilex macfadyenii* (Walp.) Rehder subsp. *macfadyenii*  
*Ilex macfadyenii* (Walp.) Rehder subsp. *macfadyenii* var. *puberula*  
 (Proctor) Edwin ex P.A. González  
*Ilex nitida* (Vahl) Maxim. var. *nitida*  
*Ilex obcordata* Sw. var. *obcordata*  
*Ilex obcordata* Sw. var. *vaccinioides* (Loes.) P.A. González  
*Ilex sideroxyloides* (Sw.) Griseb. subsp. *occidentalis* (Macfad.) P.A.  
 González  
*Ilex subtriflora* Griseb. ex Loes.

#### Araceae

*Alocasia macrorrhizos* (L.) G. Don  
*Alocasia plumbea* Van Houtte

*Anthurium cordatum* (L.) Schott  
*Anthurium grandifolium* (Jacq.) Kunth  
*Anthurium mancuense* C.D. Adams  
*Anthurium scandens* (Aubl.) Engl.  
*Anthurium thompsoniae* Arias  
*Anthurium venosum* Griseb.  
*Dieffenbachia seguine* (Jacq.) Schott  
*Lemna aequinoctialis* Welw.  
*Lemna minuta* Kunth  
*Lemna valdiviana* Phil.  
*Philodendron bipinnatifidum* Schott ex Endl.  
*Philodendron hederaceum* (Jacq.) Schott  
*Philodendron lacerum* (Jacq.) Schott  
*Philodendron schottii* K. Koch  
*Philodendron tripartitum* (Jacq.) Schott  
*Pistia stratiotes* L.  
*Spirodela polyrhiza* (L.) Schleid.  
*Syngonium auritum* (L.) Schott  
*Syngonium podophyllum* Schott  
*Wolffia brasiliensis* Wedd.  
*Wolffiella welwitschii* (Hegelm.) Monod  
*Xanthosoma sagittifolium* (L.) Schott

#### Araliaceae

*Dendropanax arboreus* (L.) Decne. & Planch.  
*Dendropanax blakeanus* Britton  
*Dendropanax cordifolius* Britton  
*Dendropanax filipes* Britton  
*Dendropanax grandiflorus* Britton  
*Dendropanax grandis* Britton  
*Dendropanax nutans* (Sw.) Decne. & Planch.  
*Dendropanax pendulus* (Sw.) Decne. & Planch.  
*Dendropanax swartzii* (Fawc. & Rendle) A.C. Sm.  
*Hydrocotyle brittonii* Mathias  
*Hydrocotyle pusilla* A. Rich.  
*Hydrocotyle umbellata* L.  
*Hydrocotyle verticillata* Thunb. var. *verticillata*  
*Oreopanax capitatus* (Jacq.) Decne. & Planch.  
*Schefflera arboricola* (Hayata.) Merr.  
*Schefflera sciodaphyllum* (Sw.) Harms  
*Schefflera stearnii* R.A. Howard & Proctor  
*Schefflera troyana* (Urb.) A.C. Sm.

#### Arecaceae

*Acrocomia aculeata* (Jacq.) Lodd. ex Mart.  
*Areca catechu* L.  
*Bactris jamaicana* L.H. Bailey  
*Calyptrigyne occidentalis* (Sw.) M. Gómez  
*Coccothrinax jamaicensis* Read  
*Dypsis lutescens* (H. Wendl.) Beentje & J. Dransf.  
*Roystonea altissima* (Mill.) H.E. Moore  
*Roystonea princeps* (Becc.) Burret  
*Sabal maritima* (Kunth) Burret  
*Thrinax excelsa* Lodd. ex Mart.  
*Thrinax parviflora* Sw. subsp. *parviflora*  
*Thrinax parviflora* Sw. subsp. *puberula* Read

#### Aristolochiaceae

*Aristolochia grandiflora* Sw.  
*Aristolochia odoratissima* L.  
*Aristolochia pentandra* Jacq.  
*Aristolochia ringens* Vahl  
*Aristolochia trilobata* L.

#### Asparagaceae

### Primulaceae

Anagallis arvensis L. var. arvensis  
Anagallis pumila Sw.  
Ardisia brittonii Stearn  
Ardisia byrsonimae Stearn  
Ardisia densiflora Krug & Urb.  
Ardisia dictyoneura Urb.  
Ardisia elliptica Thunb.  
Ardisia jamaicensis Lundell  
Ardisia tinifolia Sw.  
Ardisia urbanii Stearn  
Jacquinia arborea Vahl  
Jacquinia berteroi Spreng.  
Jacquinia clarendonensis Stearn  
Jacquinia keyensis Mez  
Jacquinia macrantha Urb.  
Jacquinia proctorii Stearn  
Myrsine acrantha Krug & Urb.  
Myrsine coriacea (Sw.) R. Br. ex Roem. & Schult.  
Myrsine guianensis (Aubl.) Kuntze  
Wallenia calyptrata Urb.  
Wallenia clusioides (Griseb.) Mez  
Wallenia corymbosa Urb.  
Wallenia crassifolia Mez  
Wallenia discolor Urb.  
Wallenia elliptica Urb.  
Wallenia erythrocarpa Urb.  
Wallenia fawcettii Mez  
Wallenia laurifolia (Jacq.) Sw. var. laurifolia  
Wallenia punctulata Urb.  
Wallenia purdieana Mez  
Wallenia subverticillata (Britton) Ekman ex Urb.  
Wallenia sylvestris Urb.  
Wallenia venosa Griseb.  
Wallenia xylostoides (Griseb.) Mez

### Proteaceae

Grevillea robusta A. Cunn.

### Putranjivaceae

Drypetes alba Poit.  
Drypetes ilicifolia Krug & Urb.  
Drypetes lateriflora (Sw.) Krug & Urb.

### Ranunculaceae

Clematis dioica L.  
Clematis flammulastrum Griseb. var. fuertesii (Urb.) W.T. Wang  
Clematis polygama Jacq.  
Ranunculus parviflorus L.  
Ranunculus recurvatus Poir. var. recurvatus  
Ranunculus recurvatus Poir. var. tropicus (Griseb.) Fawc. & Rendle  
Ranunculus repens L.

### Rhamnaceae

Auerodendron jamaicense (Urb.) Urb.  
Colubrina arborescens (Mill.) Sarg.  
Colubrina asiatica (L.) Brongn.  
Colubrina elliptica (Sw.) Brizicky  
Colubrina obscura (Schrank) M.C. Johnst.  
Gouania lupuloides (L.) Urb.  
Krugiodendron ferreum (Vahl) Urb.  
Reynosa jamaicensis M.C. Johnst.

Rhamnidium dictyophyllum Urb.  
Rhamnus sphaerosperma Sw. var. sphaerosperma  
Ziziphus chloroxylon (L.) Oliv.  
Ziziphus jujuba Mill.  
Ziziphus mauritiana Lam.  
Ziziphus sarcomphalus (L.) M.C. Johnst.

### Rhizophoraceae

Cassipourea brittoniana Fawc. & Rendle  
Cassipourea subcordata Britton  
Cassipourea subsessilis Britton  
Rhizophora mangle L.

### Rosaceae

Fragaria indica Andrews  
Fragaria vesca L.  
Potentilla anglica Laichard.  
Prunus myrtifolia (L.) Urb.  
Prunus occidentalis Sw.  
Rosa bracteata J.C. Wendl.  
Rosa indica L.  
Rosa laevigata Michx.  
Rubus alpinus Macfad. ex Griseb.  
Rubus ellipticus Sm.  
Rubus jamaicensis L.  
Rubus racemosus Roxb.  
Rubus rosifolius Sm.

### Rubiaceae

Acrosynanthus jamaicensis R.A. Howard & Proctor  
Casasia longipes Urb.  
Catesbaea parviflora Sw.  
Chimarrhis cymosa Jacq.  
Chimarrhis jamaicensis (Urb.) Steyerem.  
Chiococca alba (L.) Hitchc.  
Chomelia fasciculata (Sw.) Sw.  
Cinchona officinalis L.  
Cinchona pubescens Vahl  
Coccocypselum guianense (Aubl.) K. Schum.  
Coccocypselum repens Sw.  
Coffea arabica L.  
Coffea canephora Pierre ex A. Froehner  
Coffea liberica Hiern. var. liberica  
Diodella teres (Walter) Small  
Diodia sarmentosa Sw.  
Diodia simplex Sw.  
Erithalis fruticosa L.  
Erithalis harrisii Urb.  
Erithalis quadrangularis Krug & Urb.  
Erithalis salmeoides Correll  
Ernodea littoralis Sw.  
Exostema brachycarpum (Sw.) Roem. & Schult.  
Exostema caribaeum (Jacq.) Roem. & Schult.  
Exostema orbiculatum Proctor  
Exostema triflorum (W. Wright) G. Don  
Faramea occidentalis (L.) A. Rich.  
Galium hypocarpium (L.) Endl. ex Griseb. subsp. hypocarpium  
Geophila repens (L.) I.M. Johnst.  
Gonzalagunia brachyantha (A. Rich.) Urb.  
Guettarda argentea Lam.  
Guettarda elliptica Sw.  
Guettarda frangulifolia Urb.  
Guettarda longiflora Griseb.  
Guettarda scabra (L.) Lam.  
Hamelia axillaris Sw.

 Zanthoxylum spinosum (L.) Sw.  
 Zanthoxylum tragodes (Jacq.) DC.

### Salicaceae

Casearia aculeata Jacq.  
 Casearia arborea (Rich.) Urb. subsp. arborea  
 Casearia guianensis (Aubl.) Urb.  
 Casearia hirsuta Sw.  
 Casearia nitida (L.) Jacq.  
 Casearia sylvestris Sw.  
 Flacourtia indica (Burm. f.) Merr.  
 Homalium racemosum Jacq.  
 Laetia thannia L.  
 Lunania polydactyla Urb.  
 Lunania racemosa Hook.  
 Samyda dodecandra Jacq.  
 Samyda glabrata Sw.  
 Samyda villosa Sw.

Xylosma fawcettii Urb.  
 Xylosma nitida (Hell.) A. Gray ex Griseb.  
 Xylosma proctorii Sleumer  
 Xylosma schaefferioides A. Gray  
 Zuelania guidonia (Sw.) Britton & Millsp.

### Santalaceae

Dendrophthora cupressoides (Macfad.) Eichler  
 Dendrophthora nuda Proctor  
 Dendrophthora opuntioides (L.) Eichler  
 Eubracion ambiguum (Hook. & Arn.) Engl. var. jamaicense Krug & Urb.  
 Phoradendron anceps (Spreng.) M. Gómez  
 Phoradendron berterianum (DC.) Nutt.  
 Phoradendron campbellii Krug & Urb.  
 Phoradendron chrysocladon A. Gray  
 Phoradendron dipterum Eichler  
 Phoradendron grisebachianum Eichler  
 Phoradendron piperoides (Kunth) Trel.  
 Phoradendron proctorii Kuijt  
 Phoradendron quadrangulare (Kunth) Krug & Urb.  
 Phoradendron solandrae Proctor  
 Phoradendron trinervium (Lam.) Griseb.  
 Phoradendron wattii Krug & Urb.

### Sapindaceae

Allophylus cominia (L.) Sw. var. cominia  
 Allophylus cominia (L.) Sw. var. decalvatus Radlk.  
 Allophylus jamaicensis Radlk.  
 Allophylus pachyphyllus Radlk.  
 Allophylus racemosus Sw.  
 Blighia sapida F.D. Koenig  
 Cardiospermum corindum L. var. corindum  
 Cardiospermum grandiflorum Sw.  
 Cardiospermum halicacabum L. var. halicacabum  
 Cardiospermum halicacabum L. var. microcarpum (Kunth) Blume  
 Cupania americana L.  
 Cupania glabra Sw.  
 Dodonaea viscosa Jacq. subsp. angustifolia (L. f.) J.G. West.  
 Dodonaea viscosa Jacq. subsp. viscosa  
 Exothea paniculata (Juss.) Radlk.  
 Hypelate trifoliata Sw.  
 Lecaniodiscus cupanioides Planch.  
 Majidea zanguebarica K. Kirk  
 Matayba oppositifolia (A. Rich.) Britton  
 Melicoccus bijugatus Jacq.  
 Paullinia barbadensis Jacq.  
 Paullinia jamaicensis Macfad.  
 Sapindus saponaria L.  
 Serjania equestris Macfad.  
 Serjania laevigata Radlk.  
 Serjania mexicana (L.) Willd.  
 Serjania nodosa (Jacq.) Radlk.

### Sapotaceae

Chrysophyllum argenteum Jacq.  
 Chrysophyllum cainito L.  
 Chrysophyllum oliviforme L. subsp. oliviforme  
 Manilkara excisa (Urb.) H.J. Lam  
 Manilkara sideroxylon (Griseb.) Dubard  
 Manilkara zapota (L.) P. Royen  
 Micropholis rugosa (Sw.) Pierre  
 Pouteria multiflora (A. DC.) Eyma  
 Sideroxylon americanum (Mill.) T.D. Penn.  
 Sideroxylon bullatum (R.A. Howard & Proctor) T.D. Penn.

*Sideroxylon floribundum* Griseb.  
*Sideroxylon foetidissimum* Jacq.  
*Sideroxylon montanum* (Sw.) T.D. Penn.  
*Sideroxylon octosepalum* (Urb.) T.D. Penn.  
*Sideroxylon portoricense* Urb. subsp. *portoricense*  
*Sideroxylon rotundifolium* (Sw.) T.D. Penn.

#### **Sarraceniaceae**

*Sarracenia minor* Walter  
*Sarracenia rubra* Walter

#### **Schlegeliaceae**

*Schlegelia axillaris* Griseb.

*Stachytarpheta jamaicensis* (L.) Vahl  
*Stachytarpheta mutabilis* (Jacq.) Vahl  
*Verbena bonariensis* L.  
*Verbena rigida* Spreng.  
*Verbena scabra* Vahl

**Violaceae**

*Viola patrinii* Ging.  
*Viola tricolor* L.

**Vitaceae**

*Ampelocissus robinsonii* Planch.  
*Cissus microcarpa* Vahl  
*Cissus quadrangularis* L.  
*Cissus trifoliata* (L.) L.  
*Cissus verticillata* (L.) Nicolson & Jarvis subsp. *oblongo-lanceolatus* (Krug & Urb.) Lombardi  
*Cissus verticillata* (L.) Nicolson & Jarvis subsp. *verticillata*  
*Vitis tiliifolia* Humb. & Bonpl. ex Roem. & Schult.  
*Vitis vinifera* L.

**Xanthorrhoeaceae**

*Aloe vera* (L.) Burm. f.  
*Dianella ensifolia* (L.) DC.  
*Hemerocallis fulva* (L.) L.

**Xyridaceae**

*Xyris jupicai* Rich.

**Zamiaceae**

*Zamia erosa* O.F. Cook & G.N. Collins  
*Zamia pumila* L.

**Zingiberaceae**

*Alpinia nigra* (Gaertn.) B.L. Burtt.  
*Hedychium coccineum* Buch.-Ham. ex Sm.  
*Hedychium coronarium* J. König  
*Hedychium flavum* Roxb.  
*Hedychium gardnerianum* Sheppard ex Ker Gawl.  
*Renalmia aromatica* (Aubl.) Griseb.  
*Renalmia jamaicensis* (Gaertn.) Horan. var. *jamaicensis*  
*Renalmia sylvestris* Horan.

**Zygophyllaceae**

*Guaiaecum officinale* L.  
*Kallstroemia maxima* (L.) Hook. & Arn.  
*Kallstroemia pubescens* (G. Don) Dandy  
*Tribulus cistoides* L.

**CHECKLIST OF PUERTO RICO**

3082 Taxa

**Acanthaceae**

*Asystasia gangetica* (L.) T. Anderson  
*Avicennia germinans* (L.) L.  
*Barleria cristata* L.  
*Barleria lupulina* Lindl.  
*Barleria prionitis* L.  
*Barleria repens* Nees  
*Barleriola solanifolia* (L.) Oerst. ex Lindau  
*Crossandra infundibuliformis* (L.) Nees  
*Dicliptera krugii* Urb.  
*Dicliptera sexangularis* (L.) Juss.  
*Graptophyllum pictum* (L.) Griff.  
*Hemigraphis alternata* (Burm. f.) T. Anderson  
*Hemigraphis reptans* (Forst. f.) T. Anderson  
*Hygrophila costata* Nees & T. Nees  
*Hypoestes phyllostachya* Baker  
*Justicia brandegeana* Wash. & L.B. Sm.  
*Justicia carthagenensis* Jacq.  
*Justicia comata* (L.) Lam.  
*Justicia culebritae* Urb.  
*Justicia martinsoniana* R.A. Howard  
*Justicia mirabiloides* Lam.  
*Justicia pectoralis* Jacq.  
*Justicia periplocifolia* Jacq.  
*Nelsonia canescens* (Lam.) Spreng.  
*Odontonema cuspidatum* (Nees) Kuntze  
*Oplonia microphylla* (Lam.) Stearn  
*Oplonia spinosa* (Jacq.) Raf. subsp. *spinosa*  
*Pachystachys spicata* (Ruiz & Pav.) Wassh.  
*Pseuderanthemum bicolor* Radlk.  
*Pseuderanthemum carruthersii* (Seem.) Guillaumin  
*Pseuderanthemum laxiflorum* (A. Gray) Hubbard  
*Pseuderanthemum variabile* (R. Br.) Radlk.  
*Ruellia blechum* L.  
*Ruellia chartacea* (T. Anderson) Wassh.  
*Ruellia coccinea* (L.) Vahl  
*Ruellia simplex* C. Wright  
*Ruellia tuberosa* L.  
*Sanchezia speciosa* Leonard  
*Siphonoglossa sessilis* (Jacq.) D.N. Gibson  
*Stenandrium tuberosum* (L.) Urb.  
*Teliostachya alopecuroidea* (Vahl) Nees  
*Thunbergia alata* Bojer ex Sims

*Thunbergia erecta* (Benth.) T. Anderson  
*Thunbergia fragrans* Roxb.  
*Thunbergia grandiflora* Roxb.

**Adoxaceae**

*Sambucus nigra* L. subsp. *canadensis* (L.) Bolli

**Aizoaceae**

*Cypselea humifusa* Turpin  
*Sesuvium maritimum* (Walter) Britton et al.  
*Sesuvium microphyllum* Willd.  
*Sesuvium portulacastrum* (L.) L.  
*Tetragonia tetragonioides* (Pall.) Kuntze  
*Trianthema portulacastrum* L.

**Alismataceae**

*Echinodorus berteroi* (Spreng.) Fassett  
*Helanthium bolivianum* (Rusby) Lehtonen & Myllys  
*Hydrocleys nymphoides* (Humb. & Bonpl. ex Willd.) Buchenau  
*Sagittaria intermedia* Micheli  
*Sagittaria lancifolia* L.  
*Sagittaria latifolia* Willd.

**Amaranthaceae**

*Achyranthes aspera* L. var. *aspera*  
*Achyranthes aspera* L. var. *pubescens* (Moq.) M. Gómez  
*Alternanthera brasiliana* (L.) Kuntze  
*Alternanthera caracasana* Kunth  
*Alternanthera crucis* (Moq.) Boldingh  
*Alternanthera paronychioides* A. St.-Hil.  
*Alternanthera philoxeroides* (Mart.) Griseb.  
*Alternanthera pungens* Kunth  
*Alternanthera ramosissima* (Mart.) Chodat  
*Alternanthera sessilis* (L.) R. Br. ex DC.  
*Alternanthera tenella* Colla var. *bettzickiana* (Regel) Veldkamp  
*Alternanthera tenella* Colla var. *tenella*  
*Amaranthus australis* (A. Gray) J.D. Sauer  
*Amaranthus blitum* L.  
*Amaranthus caudatus* L.  
*Amaranthus crassipes* Schldtl.  
*Amaranthus cruentus* L.  
*Amaranthus dubius* Mart. ex Thell.  
*Amaranthus spinosus* L.  
*Amaranthus tricolor* L.  
*Amaranthus viridis* L.  
*Atriplex cristata* Humb. & Bonpl. ex Willd.  
*Beta vulgaris* L. var. *ciela* L.  
*Beta vulgaris* L. var. *vulgaris*  
*Blutaparon vermiculare* (L.) Mears  
*Celosia argentea* L. var. *argentea*  
*Celosia argentea* L. var. *cristata* (L.) Kuntze  
*Celosia nitida* Vahl  
*Celosia virgata* Jacq.  
*Chamissoa altissima* (Jacq.) Kunth  
*Chenopodium ambrosioides* L.  
*Chenopodium murale* L.  
*Cyathula prostrata* (L.) Blume  
*Gomphrena globosa* L.  
*Gomphrena serrata* L.  
*Iresine angustifolia* Euphrasén  
*Iresine diffusa* Humb. & Bonpl. ex Willd.  
*Iresine herbstii* Hook.  
*Iresine lindenii* Van Houtte  
*Lithophila muscoides* Sw.

*Pfaffia aurata* (Mart.) Borsch  
*Salicornia bigelovii* Torr.  
*Salicornia virginica* L.  
*Sarcocornia perennis* (Mill.) A.J. Scott

### **Amaryllidaceae**

*Allium ampeloprasum* L.  
*Allium cepa* L.  
*Allium sativum* L.  
*Crinum asiaticum* L.  
*Crinum zeylanicum* (L.) L.  
*Eucharis amazonica* Linden ex Planch.  
*Hippeastrum puniceum* (Lam.) Voss  
*Hymenocallis latifolia* (Mill.) M. Roem.  
*Hymenocallis praticola* Britton & P. Wilson  
*Hymenocallis speciosa* (L. f. ex Salisb.) Salisb.  
*Zephyranthes carinata* Herb.  
*Zephyranthes citrina* Baker  
*Zephyranthes proctorii* Acev.-Rodr. & M.T. Strong  
*Zephyranthes puertoricensis* Traub.  
*Zephyranthes rosea* Lindl.

### **Anacardiaceae**

*Anacardium occidentale* L.  
*Comocladia dodonaea* (L.) Urb.  
*Comocladia glabra* (Schult.) Spreng.  
*Mangifera indica* L.  
*Metopium toxiferum* (L.) Krug & Urb.  
*Schinus molle* L.  
*Schinus terebinthifolius* Raddi  
*Spondias dulcis* Parkinson  
*Spondias mombin* L.  
*Spondias purpurea* L.

### **Annonaceae**

*Annona cherimola* Mill.  
*Annona glabra* L.  
*Annona montana* Macfad.  
*Annona muricata* L.  
*Annona reticulata* L.  
*Annona squamosa* L.  
*Cananga odorata* (Lam.) Hook. f. & Thoms.  
*Guatteria blainii* (Griseb.) Urb.  
*Guatteria caribaea* Urb.  
*Oxandra lanceolata* (Sw.) Baill.  
*Oxandra laurifolia* (Sw.) A. Rich.  
*Rollinia mucosa* (Jacq.) Baill.

### **Apiaceae**

*Anethum graveolens* L.  
*Apium graveolens* L.  
*Arracacia xanthorrhiza* Bancr.  
*Centella asiatica* (L.) Urb.  
*Coriandrum sativum* L.  
*Cyclospermum leptophyllum* (Pers.) Sprague ex Britton & P. Wilson  
*Daucus carota* L.  
*Eryngium foetidum* L.  
*Foeniculum vulgare* Mill.  
*Petroselinum crispum* (Mill.) Nyman ex A.W. Hill  
*Ptilimnium capillaceum* (Michx.) Raf. ex Ser.

### **Apocynaceae**

*Allamanda blanchetii* A. DC.  
*Allamanda cathartica* L.

*Allamanda schottii* Pohl  
*Allotoonina agglutinata* (Jacq.) J.F. Morales & J.K. Williams  
*Anechites nerium* (Aubl.) Urb.  
*Asclepias curassavica* L.  
*Asclepias nivea* L. var. *intermedia* Schltld.  
*Asclepias nivea* L. var. *nivea*  
*Asclepias physocarpa* (E. Mey.) Schltr.  
*Beaumontia grandiflora* Wall.  
*Calotropis procera* (Aiton) W.T. Aiton  
*Carissa macrocarpa* (Eckl.) A. DC.  
*Cascabela thevetia* (L.) Lippold  
*Catharanthus roseus* (L.) G. Don  
*Cryptostegia grandiflora* R. Br.  
*Cryptostegia madagascariensis* Bojer ex Decne.  
*Funtumia elastica* (Preuss) Stapf  
*Gonolobus stephanotrichus* Griseb.  
*Hoya australis* R. Br. ex Trail  
*Marsdenia elliptica* Decne.  
*Marsdenia floribunda* (Brongn.) Schltr.  
*Marsdenia woodburyana* Acev.-Rodr.  
*Matelea maritima* (Jacq.) Woodson  
*Matelea sintenisii* (Schltr.) Woodson  
*Matelea variifolia* (Schltr.) Woodson  
*Metastelma decipiens* Schltr.  
*Metastelma leptocladum* (Decne.) Schltr.  
*Metastelma lineare* Bello  
*Metastelma monense* Britton  
*Metastelma parviflorum* (Sw.) R. Br. ex Schult.  
*Nerium oleander* L.  
*Odontadenia macrantha* (Roem. & Schult.) Markgr.  
*Oxypetalum cordifolium* (Vent.) Schltr.  
*Pentalinon luteum* (L.) B.F. Hansen & Wunderlin  
*Pinochia corymbosa* (Jacq.) M.E. Endress & B.F. Hansen subsp.  
*portoricensis* (Woods.) M.E. Endress & B.F. Hansen  
*Plumeria alba* L.  
*Plumeria krugii* Urb.  
*Plumeria obtusa* L.  
*Plumeria rubra* L.  
*Rauvolfia nitida* Jacq.  
*Rauvolfia viridis* Willd. ex Roem. & Schult.  
*Rauvolfia vomitoria* Afzel.  
*Rhabdadenia biflora* (Jacq.) Müll. Arg.  
*Strophanthus gratus* Baill.  
*Tabernaemontana citrifolia* L.  
*Tabernaemontana divaricata* (L.) R. Br. ex Roem. & Schult.  
*Tabernaemontana oppositifolia* (Spreng.) Urb.

### **Aquifoliaceae**

*Ilex cookii* Britton & P. Wilson  
*Ilex guianensis* (Aubl.) Kuntze  
*Ilex krugiana* Loes. var. *krugiana*  
*Ilex macfadyenii* (Walp.) Rehder subsp. *macfadyenii*  
*Ilex nitida* (Vahl) Maxim. var. *nitida*  
*Ilex nitida* (Vahl) Maxim. var. *repanda* (Griseb.) P.A. González  
*Ilex obcordata* Sw. var. *obcordata*  
*Ilex obcordata* Sw. var. *vaccinioides* (Loes.) P.A. González  
*Ilex sideroxyloides* (Sw.) Griseb. subsp. *occidentalis* (Macfad.) P.A. González  
*Ilex sideroxyloides* (Sw.) Griseb. subsp. *sideroxyloides*  
*Ilex urbaniana* Loes.

### **Araceae**

*Aglaonema commutatum* Schott  
*Aglaonema marantifolium* Blume

*Aglaonema pictum* (Roxb.) Kunth  
*Alocasia macrorrhizos* (L.) G. Don  
*Alocasia plumbea* Van Houtte  
*Anthurium andraeanum* Linden ex André  
*Anthurium crenatum* (L.) Kunth  
*Anthurium dominicense* Schott  
*Anthurium scandens* (Aubl.) Engl.  
*Caladium bicolor* (Aiton) Vent.  
*Colocasia esculenta* (L.) Schott  
*Dieffenbachia seguine* (Jacq.) Schott  
*Dracontium asperum* K. Koch  
*Epipremnum pinnatum* (L.) Engl.  
*Epipremnum pinnatum* (L.) Engl. "cv" aureum Nicolson  
*Landoltia punctata* (G. Mey.) Les & D.J. Crawford  
*Lemna aequinoctialis* Welw.  
*Lemna minuta* Kunth  
*Lemna valdiviana* Phil.  
*Monstera adansonii* Schott  
*Monstera deliciosa* Liebm.  
*Philodendron bipinnatifidum* Schott ex Endl.  
*Philodendron consanguineum* Schott  
*Philodendron giganteum* Schott  
*Philodendron hederaceum* (Jacq.) Schott  
*Philodendron lingulatum* (L.) K. Koch  
*Philodendron ornatum* Schott  
*Philodendron radiatum* Schott  
*Pistia stratiotes* L.  
*Spathiphyllum wallisii* Regel  
*Spirodela intermedia* W. Koch  
*Spirodela polyrhiza* (L.) Schleid.  
*Syngonium auritum* (L.) Schott  
*Syngonium podophyllum* Schott  
*Wolffia brasiliensis* Wedd.  
*Wolffiella welwitschii* (Hegelm.) Monod  
*Xanthosoma brasiliense* (Desf.) Engl.  
*Xanthosoma caracu* K. Koch & C.D. Bouché  
*Xanthosoma helleborifolium* (Jacq.) Schott  
*Xanthosoma sagittifolium* (L.) Schott  
*Xanthosoma undipes* (K. Koch & C.D. Bouché) K. Koch  
*Xanthosoma violaceum* Schott  
*Zantedeschia aethiopica* (L.) Spreng.

#### **Araliaceae**

*Dendropanax arboreus* (L.) Decne. & Planch.  
*Dendropanax laurifolius* (Marchal) Decne. & Planch. ex Schneid.  
*Hydrocotyle bonariensis* Lam.  
*Hydrocotyle hirsuta* Sw. var. *hirsuta*  
*Hydrocotyle pusilla* A. Rich.  
*Hydrocotyle umbellata* L.  
*Hydrocotyle verticillata* Thunb. var. *verticillata*  
*Polyscias balfouriana* (André) L.H. Bailey  
*Polyscias cumingiana* (C. Presl) Fern.-Vill.  
*Polyscias filicifolia* (C. Moore ex E. Fourn.) L.H. Bailey  
*Polyscias fruticosa* (L.) Harms  
*Polyscias guilfoylei* (W. Bull) L.H. Bailey  
*Polyscias pinnata* J.R. Forst. & G. Forst.  
*Polyscias scutellaria* (Burm. f.) Fosberg  
*Schefflera actinophylla* (Endl.) Harms  
*Schefflera gleasonii* (Britton & P. Wilson) Alain  
*Schefflera morototoni* (Aubl.) Maguire, Steyerl. & Frodin

#### **Araucariaceae**

*Agathis robusta* (C. Moore ex F. Muell.) F.M. Bailey  
*Araucaria angustifolia* (Bertol.) Kuntze

*Araucaria bidwillii* Hook.  
*Araucaria heterophylla* (Salisb.) Franco

#### **Areaceae**

*Acrocomia media* O.F. Cook  
*Adonidia merrillii* (Becc.) Becc.  
*Aiphanes acanthophylla* (Mart.) Burret  
*Areca catechu* L.  
*Calyptrogynne rivalis* (O.F. Cook) León  
*Caryota mitis* Lour.  
*Caryota urens* L.  
*Coccothrinax barbadensis* (Lodd. ex Mart.) Becc.  
*Cocos nucifera* L.  
*Dypsis lutescens* (H. Wendl.) Beentje & J. Dransf.  
*Elaeis guineensis* Jacq.  
*Gaussia attenuata* (O.F. Cook) Becc.  
*Howea belmoreana* C. Moore & F. Muell.) Becc.  
*Livistona chinensis* (Jacq.) R.Br. ex Mart.  
*Phoenix dactylifera* L.  
*Phoenix reclinata* Jacq.  
*Phoenix roebelenii* O' Brien  
*Phoenix rupicola* T. Anderson  
*Phoenix sylvestris* (L.) Roxb.  
*Prestoea montana* (R. Graham) G. Nicholson  
*Pritchardia pacifica* Seem. & H. Wendl  
*Pseudophoenix sargentii* H. Wendl. ex Sarg.  
*Pseudophoenix vinifera* (Mart.) Becc.  
*Rhapis excelsa* (Thunb.) Henry  
*Roystonea borinquena* O.F. Cook  
*Roystonea oleracea* O.F. Cook  
*Roystonea regia* (Kunth) O.F. Cook  
*Sabal causiarum* (O.F. Cook) Becc.  
*Syagrus romanzoffiana* (Cham.) Glassman  
*Thrinax morrisii* H. Wendl.  
*Washingtonia filifera* (Linden ex André) H. Wendl. ex de Bary

#### **Aristolochiaceae**

*Aristolochia anguicida* Jacq.  
*Aristolochia elegans* Mast.  
*Aristolochia grandiflora* Sw.  
*Aristolochia oblongata* Jacq. subsp. *calceiformis* (Urb.) R. Rankin & Acev.-Rodr.  
*Aristolochia ringens* Vahl  
*Aristolochia trilobata* L.

#### **Asparagaceae**

*Agave americana* L.  
*Agave fourcroydes* Lem.  
*Agave minor* Proctor  
*Agave missionum* Trel.  
*Agave sisalana* Perrine  
*Agave vivipara* L.  
*Asparagus aethiopicus* L.  
*Asparagus officinalis* L.  
*Asparagus setaceus* (Kunth) Jessop  
*Cordyline fruticosa* (L.) A. Chev.  
*Dracaena fragrans* (L.) Ker Gawl.  
*Furcraea tuberosa* W.T. Aiton  
*Polianthes tuberosa* L.  
*Sansevieria concinna* N.E. Br.  
*Sansevieria cylindrica* Bojer  
*Sansevieria hyacinthoides* (L.) Druce  
*Sansevieria trifasciata* Prain  
*Yucca aloifolia* L.

*Yucca gigantea* Lem.  
*Yucca gloriosa* L.

### Asteraceae

*Acanthospermum hispidum* A. DC.  
*Achillea millefolium* L.  
*Acmella iodiscaea* (A.H. Moore) R.K. Jansen  
*Acmella pusilla* (Hook. & Arn.) R.K. Jansen  
*Adenostemma verbesina* (L.) Sch. Bip.  
*Ageratina resiniflua* (Urb.) R.M. King & H. Rob.  
*Ageratum conyzoides* L. subsp. *conyzoides*  
*Ageratum houstonianum* Mill.  
*Ambrosia confertiflora* DC.  
*Ambrosia hispida* Pursh  
*Ambrosia peruviana* Willd.  
*Ambrosia tenuifolia* Spreng.  
*Anthemis nobilis* L.  
*Aphanostephus ramosissimus* DC.  
*Arctotis stoechadifolia* P.J. Bergius  
*Artemisia absinthium* L.  
*Ayapana triplinervis* (Vahl) R.M. King & H. Rob.  
*Baccharis dioica* Vahl  
*Baccharis myrsinites* (Lam.) Pers. var. *myrsinites*  
*Berylsimpsonia vanilloso* (C. Wright) B.L. Turner  
*Bidens alba* (L.) DC. var. *radiata* (Sch. Bip.) R.E. Ballard  
*Bidens cynapiifolia* Kunth  
*Bidens pilosa* L. var. *pilosa*  
*Bidens reptans* (L.) G. Don var. *reptans*  
*Bidens urbanii* Greenm.  
*Borrchia arborescens* (L.) DC.  
*Callistephus x sinensis* Bergmans  
*Centaurea cyanus* L.  
*Centratherum punctatum* Cass.  
*Chaptalia albicans* (Sw.) Vent. ex B.D. Jacks.  
*Chaptalia dentata* (L.) Cass.  
*Chaptalia nutans* (L.) Pol.  
*Chromolaena borinquensis* (Britton) R.M. King & H. Rob.

*Brassica rapa* L.  
*Cakile lanceolata* (Willd.) O.E. Schulz  
*Cardamine pensylvanica* Muhl. ex Willd.  
*Iberis amara* L.  
*Lepidium didymum* L.  
*Lepidium pinnatisectum* (O.E. Schulz ex Urb.) C.L. Hitchc.  
*Lepidium sativum* L.  
*Lepidium virginicum* L.  
*Nasturtium officinale* R. Br.  
*Raphanus sativus* L.  
*Rorippa dubia* (Pers.) H. Hara  
*Rorippa hispida* (Desv.) Britton subsp. *hispida*  
*Rorippa palustris* (L.) Besser  
*Rorippa portoricensis* (Spreng.) Stehlé subsp. *portoricensis*  
*Sinapis alba* L.  
*Sinapis arvensis* L.

### Bromeliaceae

*Aechmea fasciata* (Lindl.) Baker  
*Aechmea lingulata* (L.) Baker  
*Aechmea nudicaulis* (L.) Griseb.  
*Ananas comosus* (L.) Merr.  
*Billbergia pyramidalis* (Sims) Lindl.  
*Bromelia pinguin* L.  
*Catopsis floribunda* L.B. Sm.  
*Catopsis nitida* (Hook.) Griseb.  
*Catopsis sessiliflora* (Ruiz & Pav.) Mez  
*Guzmania berteroniana* (Schult. & Schult. f.) Mez  
*Guzmania lingulata* (L.) Mez var. *concolor* Proctor & Cedeño-Mald.  
*Guzmania monostachia* (L.) Rusby ex Mez  
*Hohenbergia antillana* Mez  
*Hohenbergia portoricensis* Mez  
*Pitcairnia angustifolia* Sol. ex Aiton var. *angustifolia*  
*Pitcairnia angustifolia* Sol. ex Aiton var. *simplicior* Proctor & Cedeño-Mald  
*Tillandsia ariza-juliae* L.B. Sm. & J. Jiménez Alm.  
*Tillandsia borinquensis* Cedeño-Mald. & Proctor  
*Tillandsia bulbosa* Hook.  
*Tillandsia fasciculata* Sw. var. *fasciculata*

*Tillandsia festucoides* Brongn. ex Mez  
*Tillandsia flexuosa* Sw.  
*Tillandsia x lineatispica* Mez  
*Tillandsia polystachia* (L.) L.  
*Tillandsia pruinosa* Sw.  
*Tillandsia recurvata* (L.) L.  
*Tillandsia setacea* Sw.  
*Tillandsia tenuifolia* L. var. *tenuifolia*  
*Tillandsia usneoides* (L.) L.  
*Tillandsia utriculata* L.  
*Tillandsia variabilis* Schltdl.  
*Vriesea macrostachya* (Bello) Mez  
*Vriesea proctorii* (Cedeño-Mald.) Acev.-Rodr.  
*Vriesea ringens* (Griseb.) Harms  
*Vriesea sintenisii* (Baker) L.B. Sm. & Pittendr.

### Brunelliaceae

*Brunellia comocladifolia* Humb. & Bonpl. subsp. *domingensis* Cuatrec.

### Burmanniaceae

*Apteria aphylla* (Nutt.) Barnhart ex Small  
*Burmannia capitata* (Walter ex J.F. Gmel.) Mart.  
*Gymnosiphon niveus* (Griseb.) Urb.  
*Gymnosiphon sphaerocarpus* Urb.

### Burseraceae

*Bursera simaruba* (L.) Sarg.  
*Dacryodes excelsa* Vahl  
*Tetragastris balsamifera* (Sw.) Kuntze

### Buxaceae

*Buxus portoricensis* Alain  
*Buxus vahlii* Baill.

### Cabombaceae

*Cabomba haynesii* Wiersema

### Cactaceae

*Brasiliopuntia brasiliensis* (Willd.) A. Berger.  
*Cereus hexagonus* (L.) Mill.  
*Cereus hildmannianus* K. Schum. subsp. *uruguayanus* (F. Ritter ex R. Kiesling) N.P. Taylor  
*Consolea moniliformis* (L.) A. Berger subsp. *moniliformis*  
*Consolea rubescens* (Salm-Dyck ex DC.) Lem.  
*Epiphyllum oxypetalum* (DC.) Haw.  
*Epiphyllum phyllanthus* (L.) Haw.  
*Harrisia portoricensis* Britton  
*Hylocereus triangularis* (L.) Britton & Rose  
*Hylocereus trigonus* (Haw.) Safford  
*Hylocereus undatus* (Haw.) Britton & Rose subsp. *undatus*  
*Leptocereus grantianus* Britton  
*Leptocereus quadricostatus* (Bello) Britton & Rose  
*Mammillaria nivosa* Link ex Pfeiff.  
*Melocactus intortus* (Mill.) Urb. subsp. *intortus*  
*Nopalea cochenillifera* (L.) Salm-Dyck  
*Opuntia antillana* Britton & Rose  
*Opuntia borinquensis* Britton & Rose  
*Opuntia curassavica* (L.) Mill.  
*Opuntia dillenii* (Ker Gawl.) Haw.  
*Opuntia ficus-indica* (L.) Mill.  
*Opuntia repens* Bello  
*Opuntia triacantha* (Willd.) Sweet  
*Pereskia aculeata* Mill.  
*Pereskia grandifolia* Haw.  
*Pilosocereus royenii* (L.) Byles & Rowley  
*Rhipsalis baccifera* (J.S. Muell.) Stearn

*Selenicereus grandiflorus* (L.) Britton & Rose  
*Selenicereus pteranthus* (Link ex A. Dietr.) Britton  
*Stenocereus fimbriatus* (Lam.) Lourteig

### **Calophyllaceae**

*Calophyllum antillanum* Britton  
*Calophyllum inophyllum* L.  
*Mammea americana* L.

### **Campanulaceae**

*Hippobroma longiflora* (L.) G. Don  
*Lobelia assurgens* L. var. *portoricensis* (A. DC.) Urb.  
*Lobelia cliffortiana* L. var. *cliffortiana*  
*Lobelia portoricensis* (Vatke) Urb.  
*Lobelia rotundifolia* Juss. ex A. DC.  
*Lobelia vivaldii* Lammers & Proctor

### **Canellaceae**

*Canella winterana* (L.) Gaertn.  
*Pleodendron macranthum* (Baill.) Tiegh.

### **Cannabaceae**

*Cannabis sativa* L.  
*Celtis iguanaea* (Jacq.) Sarg.  
*Celtis trinervia* Lam.  
*Trema lamarckianum* (Roem. & Schult.) Blume  
*Trema micranthum* (L.) Blume

### **Cannaceae**

*Canna glauca* L.  
*Canna indica* L.  
*Canna jaegeriana* Urb.

### **Capparaceae**

*Capparidastrum frondosum* (Jacq.) Cornejo & Iltis  
*Cynophalla amplissima* (Lam.) Iltis & Cornejo  
*Cynophalla flexuosa* (L.) L.J. Presl  
*Cynophalla hastata* (Jacq.) J. Presl  
*Forchhammeria brevipes* Urb.  
*Morisonia americana* L.  
*Quadrella cynophallophora* (L.) Hutch.  
*Quadrella indica* (L.) Iltis & Cornejo

### **Caprifoliaceae**

*Lonicera japonica* Thunb.  
*Valeriana scandens* L. var. *scandens*

### **Caricaceae**

*Carica papaya* L.

### **Caryophyllaceae**

*Drymaria cordata* (L.) Willd. ex Roem. & Schult.  
*Stellaria antillana* Urb. var. *antillana*

### **Casuarinaceae**

*Casuarina cristata* Miq.  
*Casuarina cunninghamiana* Miq.  
*Casuarina equisetifolia* L.

### **Celastraceae**

*Crossopetalum rhacoma* Crantz  
*Elaeodendron xylocarpum* (Vent.) DC.  
*Gyminda latifolia* (Sw.) Urb. subsp. *latifolia*  
*Hippocratea volubilis* L.  
*Maytenus cymosa* Krug & Urb.  
*Maytenus elongata* (Urb.) Britton

*Maytenus laevigata* (Vahl) Griseb. ex Eggers  
*Maytenus ponceana* Britton  
*Pristimera celastroides* (Kunth) A.C. Sm.  
*Schaefferia frutescens* Jacq.  
*Torrallbasia cuneifolia* (C. Wright ex A. Gray) Krug & Urb. ex Seguí  
 subsp. *cuneifolia*

### **Ceratophyllaceae**

*Ceratophyllum demersum* L.

### **Chloranthaceae**

*Hedyosmum arborescens* Sw.

### **Chrysobalanaceae**

*Chrysobalanus icaco* L.  
*Hirtella rugosa* Pers.  
*Hirtella triandra* Sw.  
*Licania rigida* Benth.

### **Cleomaceae**

*Arivela viscosa* (L.) Raf.  
*Cleome rutidosperma* DC.  
*Cleome stenophylla* Klotzsch  
*Cleoserrata serrata* (Jacq.) Iltis  
*Cleoserrata speciosa* (Raf.) Iltis  
*Gynandropsis gynandra* (L.) Briq.  
*Hemiscola aculeata* (L.) Raf.  
*Tarenaya hassleriana* (Chodat) Iltis  
*Tarenaya spinosa* (Jacq.) Raf.

### **Clusiaceae**

*Clusia clusioides* (Griseb.) D'Arcy  
*Clusia gundlachii* A. Stahl  
*Clusia minor* L.  
*Clusia rosea* Jacq.  
*Garcinia dulcis* (Roxb.) Kurz  
*Garcinia hessii* (Britton) Alain  
*Garcinia madruno* (Kunth) Hammel  
*Garcinia mangostana* L.  
*Garcinia portoricensis* (Urb.) Alain

### **Combretaceae**

*Buchenavia tetraphylla* (Aubl.) R.A. Howard  
*Bucida buceras* L.  
*Combretum grandiflorum* G. Don  
*Combretum indicum* (L.) DeFilippis  
*Conocarpus erectus* L. var. *erectus*  
*Conocarpus erectus* L. var. *sericeus* E. Forst. ex DC.  
*Laguncularia racemosa* (L.) Gaertn. f.  
*Terminalia catappa* L.  
*Terminalia ivorensis* A. Chev.  
*Terminalia myriocarpa* Van Heurck & Müll. Arg.  
*Terminalia oblonga* (Ruiz & Pav.) Steud.

### **Commelinaceae**

*Aploleia monandra* (Sw.) H.E. Moore  
*Callisia fragrans* (Lindl.) Woodson  
*Callisia repens* (Jacq.) L.  
*Commelina benghalensis* L.  
*Commelina diffusa* Burm. f.  
*Commelina erecta* L. var. *erecta*  
*Commelina rufipes* Seub. var. *glabrata* (D.R. Hunt) Faden & D.R. Hunt  
*Gibasis geniculata* (Jacq.) Rohweder  
*Murdannia nudiflora* (L.) Brenan  
*Tradescantia pallida* (Rose) D.R. Hunt  
*Tradescantia spathacea* Sw.

*Tradescantia zanoniana* (L.) Sw.  
*Tradescantia zebrina* Heynh. ex Bosse  
*Tripogandra serrulata* (Vahl) Handlos

### Connaraceae

*Rourea surinamensis* Miq.

### Convolvulaceae

*Aniseia martinicensis* (Jacq.) Choisy var. *ambigua* Hallier f.  
*Argyrea nervosa* (Burm. f.) Bojer  
*Convolvulus nodiflorus* Desr.  
*Cuscuta americana* L.  
*Cuscuta campestris* Yunck.  
*Cuscuta globulosa* Benth.  
*Cuscuta indecora* Choisy var. *indecora*  
*Cuscuta obtusiflora* Kunth var. *glandulosa* Engelm.  
*Cuscuta umbellata* Kunth  
*Dichondra micrantha* Urb.  
*Dichondra repens* J.R. Forst. & G. Forst. var. *repens*  
*Evolvulus alsinoides* (L.) L. var. *debilis* (Kunth) Ooststr.  
*Evolvulus alsinoides* (L.) L. var. *grisebachianus* Meisn.  
*Evolvulus convolvuloides* (Willd. ex Schult.) Stearn  
*Evolvulus nummularius* (L.) L.  
*Ipomoea alba* L.  
*Ipomoea aquatica* Forssk.  
*Ipomoea batatas* (L.) Lam.  
*Ipomoea calantha* Griseb.  
*Ipomoea carnea* Jacq. subsp. *carnea*  
*Ipomoea carnea* Jacq. subsp. *fistulosa* (Mart. ex Choisy) D.F. Austin  
*Ipomoea eggersii* (House) D.F. Austin  
*Ipomoea hederifolia* L.  
*Ipomoea horsfalliae* Hook.  
*Ipomoea imperati* (Vahl) Griseb.  
*Ipomoea indica* (Burm. f.) Merr. var. *acuminata* (Vahl) Fosberg  
*Ipomoea indica* (Burm. f.) Merr. var. *indica*  
*Ipomoea meyeri* (Spreng.) G. Don  
*Ipomoea microdactyla* Griseb.  
*Ipomoea nil* (L.) Roth  
*Ipomoea ochracea* (Lindl.) G. Don  
*Ipomoea pes-caprae* (L.) R. Br.  
*Ipomoea purpurea* (L.) Roth  
*Ipomoea quamoclit* L.  
*Ipomoea repanda* Jacq.  
*Ipomoea setifera* Poir.  
*Ipomoea stuedelii* Millsp.  
*Ipomoea tenuissima* Choisy  
*Ipomoea tiliacea* (Willd.) Choisy  
*Ipomoea tricolor* Cav.  
*Ipomoea triloba* L.  
*Ipomoea violacea* L.  
*Ipomoea wrightii* A. Gray  
*Jacquemontia cayensis* Britton  
*Jacquemontia cumanaensis* (Kunth) Kuntze  
*Jacquemontia havanensis* (Jacq.) Urb.  
*Jacquemontia ovalifolia* (Vahl) Hallier f. subsp. *obcordata* (Millsp.) K.R. Robertson  
*Jacquemontia pentanthos* (Jacq.) G. Don  
*Jacquemontia solanifolia* (L.) Hallier f.  
*Jacquemontia tamnifolia* (L.) Griseb.  
*Jacquemontia verticillata* (L.) Urb. var. *verticillata*  
*Merremia aegyptia* (L.) Urb.  
*Merremia cissoides* (Lam.) Hallier f.  
*Merremia dissecta* (Jacq.) Hallier f.  
*Merremia quinquefolia* (L.) Hallier f.  
*Merremia tuberosa* (L.) Rendle  
*Merremia umbellata* (L.) Hallier f.

*Operculina turpethum* (L.) Silva Manso var. *turpethum*  
*Operculina turpethum* (L.) Silva Manso var. *ventricosa* (Bertero) G.W. Staples & D.F. Austin  
*Poranopsis paniculata* (Roxb.) Roberty  
*Stictocardia tiliifolia* (Desr.) Hallier f.  
*Turbina corymbosa* (L.) Raf.  
*Xenostegia tridentata* (L.) D.F. Austin & Staples

### Costaceae

*Cheilocostus speciosus* (J. König) C. Specht  
*Costus guanaiensis* Rusby var. *macrostrobilus* (K. Schum.) Maas  
*Costus malortieanus* H. Wendl.  
*Costus scaber* Ruiz & Pav.  
*Costus spicatus* (Jacq.) Sw.

### Crassulaceae

*Kalanchoe blossfeldiana* Poelln.  
*Kalanchoe crenata* (Andrews) Haw.  
*Kalanchoe daigremontiana* Raym.-Hamet & Perrier  
*Kalanchoe delagoensis* Eckl. & Zeyh.  
*Kalanchoe fedtschenkoi* Raym.-Hamet & Perrier  
*Kalanchoe pinnata* (Lam.) Pers.

### Cucurbitaceae

*Cayaponia americana* (Lam.) Cogn.  
*Cayaponia racemosa* (Mill.) Cogn.  
*Citrullus lanatus* (Thunb.) Matsum. & Nakai  
*Coccinia grandis* (L.) Voigt  
*Cucumis anguria* L.  
*Cucumis dipsaceus* Ehrenb. ex Spach  
*Cucumis melo* L.  
*Cucumis sativus* L.  
*Cucurbita maxima* Duchesne  
*Cucurbita moschata* Duchesne  
*Cucurbita pepo* L.  
*Doyerea emetocathartica* Grosourdy  
*Fevillea cordifolia* L.  
*Lagenaria siceraria* (Molina) Standl.  
*Luffa acutangula* (L.) Roxb.  
*Luffa aegyptiaca* Mill.  
*Melothria pendula* L.  
*Momordica balsamina* L.  
*Momordica charantia* L.  
*Psiguria ottoniana* (Schltdl.) C. Jeffrey  
*Psiguria pedata* (L.) R.A. Howard  
*Psiguria trifoliata* (L.) Alain  
*Sechium edule* (Jacq.) Sw.  
*Sicana odorifera* (Vell.) Naudin

### Cunoniaceae

*Weinmannia pinnata* L.

### Cupressaceae

*Chamaecyparis funebris* (Endl.) Franco  
*Cupressus arizonica* Greene  
*Cupressus lusitanica* Mill.  
*Cupressus macrocarpa* Hartw.  
*Cupressus sempervirens* L.  
*Platycladus orientalis* (L.) Franco

### Cycadaceae

*Cycas circinalis* L.  
*Cycas revoluta* Thunb.

### Cyclanthaceae

*Carludovica palmata* Ruiz & Pav.

**Cymodoceaceae**

*Halodule wrightii* Asch.  
*Syringodium filiforme* Kütz.

**Cyperaceae**

*Abildgaardia ovata* (Burm. f.) Kral  
*Bulbostylis antillana* (Britton) Fernald  
*Bulbostylis capillaris* (L.) C.B. Clarke subsp. *capillaris*  
*Bulbostylis capillaris* (L.) C.B. Clarke subsp. *insulana* M.T. Strong  
*Bulbostylis curassavica* (Britton) Kük. ex Ekman  
*Bulbostylis pauciflora* (Liebm.) C.B. Clarke  
*Bulbostylis stenocarpa* Kük.  
*Bulbostylis subaphylla* C.B. Clarke  
*Bulbostylis vestita* (Kunth) C.B. Clarke  
*Carex longii* Mack.  
*Carex polystachya* Sw. ex Wahl.  
*Cladium jamaicense* Crantz  
*Cyperus aggregatus* (Willd.) Endl. var. *aggregatus*  
*Cyperus articulatus* L.  
*Cyperus brunneus* Sw.  
*Cyperus compressus* L.  
*Cyperus confertus* Sw.  
*Cyperus croceus* Vahl  
*Cyperus difformis* L.  
*Cyperus digitatus* Roxb.  
*Cyperus distans* L. f.  
*Cyperus eggersii* Boeckeler var. *eggersii*  
*Cyperus elegans* L.  
*Cyperus esculentus* L.  
*Cyperus flavescens* L.  
*Cyperus floridanus* Britton  
*Cyperus fuliginosus* Chapm.  
*Cyperus giganteus* Vahl  
*Cyperus haspan* L.  
*Cyperus imbricatus* Retz.  
*Cyperus involucratus* Rottb.  
*Cyperus iria* L.  
*Cyperus laevigatus* L.  
*Cyperus ligularis* L.  
*Cyperus mutisii* (Kunth) Andersson  
*Cyperus nanus* Willd.  
*Cyperus ochraceus* Vahl  
*Cyperus odoratus* L.  
*Cyperus papyrus* L.  
*Cyperus planifolius* Rich.  
*Cyperus polystachyos* Rottb. var. *polystachyos*  
*Cyperus pulguerensis* M.T. Strong  
*Cyperus rotundus* L.  
*Cyperus sphacelatus* Rottb.  
*Cyperus squarrosus* L.  
*Cyperus subtenuis* (Kük.) M.T. Strong  
*Cyperus surinamensis* Rottb.  
*Cyperus swartzii* (A. Dietr.) Boeckeler ex Kük.  
*Cyperus tenuis* Sw.  
*Cyperus unifolius* Boeckeler  
*Cyperus unioloides* R. Br.  
*Cyperus urbanii* Boeckeler  
*Cyperus virens* Michx. var. *virens*  
*Eleocharis cellulosa* Torr.  
*Eleocharis debilis* Kunth  
*Eleocharis elegans* (Kunth) Roem. & Schult.  
*Eleocharis fallax* Weath.  
*Eleocharis flavescens* (Poir.) Urb.  
*Eleocharis geniculata* (L.) Roem. & Schult.  
*Eleocharis interstincta* (Vahl) Roem. & Schult.  
*Eleocharis montana* (Kunth) Roem. & Schult.

*Eleocharis mutata* (L.) Roem. & Schult.  
*Eleocharis oligantha* C.B. Clarke  
*Eleocharis pachystyla* (C. Wright) C.B. Clarke  
*Eleocharis radicans* (A. Dietr.) Kunth  
*Eleocharis retroflexa* (Poir.) Urb. subsp. *retroflexa*  
*Eleocharis rostellata* (Torr.) Torr.  
*Fimbristylis complanata* (Retz.) Link  
*Fimbristylis cymosa* R. Br.  
*Fimbristylis dichotoma* (L.) Vahl subsp. *dichotoma*  
*Fimbristylis ferruginea* (L.) Vahl  
*Fimbristylis littoralis* Gaudich.  
*Fimbristylis quinquangularis* (Vahl) Kunth  
*Fimbristylis spadicea* (L.) Vahl  
*Fuirena robusta* Kunth  
*Fuirena umbellata* Rottb.  
*Kyllinga brevifolia* Rottb.  
*Kyllinga nemoralis* (J.R. Forst. & G. Forst.) Dandy ex Hutch. & Dalziel  
*Kyllinga odorata* Vahl  
*Kyllinga pumila* Michx.  
*Kyllinga tibialis* Poit. ex Ledeb.  
*Kyllinga vaginata* Lam.  
*Lagenocarpus guianensis* Nees subsp. *guianensis*  
*Lipocarpa micrantha* (Vahl) G.C. Tucker  
*Machaerina restioides* (Sw.) Vahl  
*Oxycaryum cubense* (Poepp. & Kunth) Palla  
*Remirea maritima* Aubl.  
*Rhynchospora alba* (L.) Vahl  
*Rhynchospora berteroi* (Spreng.) C.B. Clarke  
*Rhynchospora brachychaeta* C. Wright  
*Rhynchospora ciliata* (G. Mey.) Kük.  
*Rhynchospora colorata* (L.) H. Pfeiff.  
*Rhynchospora contracta* (Nees) J. Raynal  
*Rhynchospora corymbosa* (L.) Britton  
*Rhynchospora depressirostris* M.T. Strong  
*Rhynchospora divaricata* (Desv. ex Ham.) M.T. Strong  
*Rhynchospora domingensis* Urb.  
*Rhynchospora fascicularis* (Michx.) Vahl var. *distans* (Michx.) Chapm.  
*Rhynchospora fascicularis* (Michx.) Vahl var. *fascicularis*  
*Rhynchospora filiformis* Vahl  
*Rhynchospora galeana* Naczi, W.M. Knapp, & Gerry Moore  
*Rhynchospora gigantea* Link  
*Rhynchospora holoschoenoides* (Rich.) Herter  
*Rhynchospora jamaicensis* Britton  
*Rhynchospora lindeniana* Griseb.  
*Rhynchospora marisculus* Lindl. & Nees  
*Rhynchospora microcarpa* Baldwin ex A. Gray  
*Rhynchospora nitens* (Vahl) A. Gray  
*Rhynchospora odorata* C. Wright ex Griseb.  
*Rhynchospora plumosa* Elliott  
*Rhynchospora pusilla* Chapm. ex M.A. Curtis  
*Rhynchospora racemosa* C. Wright  
*Rhynchospora radicans* (Schltdl. & Cham.) H. Pfeiff. subsp. *microcephala* (Bertero ex Spreng.) W.W. Thomas  
*Rhynchospora rariflora* (Michx.) Elliott  
*Rhynchospora recognita* (Gale) Kral  
*Rhynchospora rugosa* (Vahl) Gale  
*Rhynchospora tenerima* Nees ex Spreng.  
*Rhynchospora uniflora* Boeckeler  
*Rhynchospora velutina* (Kunth) Boeckeler  
*Rhynchospora wrightiana* Boeckeler  
*Schoenoplectus americanus* (Pers.) Volkart ex Schinz & Keller  
*Schoenoplectus validus* (Vahl) A. Löve & D. Löve  
*Scleria brittonii* Core  
*Scleria canescens* Boeckeler  
*Scleria ciliata* Michx. var. *ciliata*  
*Scleria distans* Poir.

*Scleria eggersiana* Boeckeler  
*Scleria gaertneri* Raddi  
*Scleria georgiana* Core  
*Scleria havanensis* Britton  
*Scleria hirtella* Sw. subsp. *hirtella*  
*Scleria lithosperma* (L.) Sw.  
*Scleria microcarpa* Nees ex Kunth  
*Scleria mucronata* Poir.  
*Scleria muehlenbergii* Steud.  
*Scleria secans* (L.) Urb.  
*Scleria verticillata* Muhl. ex Willd.

### Cyrtillaceae

*Cyrtilla racemiflora* L.

### Dilleniaceae

*Dillenia indica* L.  
*Dolioscarpus brevipedicellatus* Garcke  
*Pinzona coriacea* Mart. & Zucc.

### Dioscoreaceae

*Dioscorea alata* L.  
*Dioscorea bulbifera* L.  
*Dioscorea cayennensis* Lam. subsp. *cayennensis*  
*Dioscorea cayennensis* Lam. subsp. *rotundata* (Poir.) J. Miège  
*Dioscorea chondrocarpa* Griseb.  
*Dioscorea esculenta* (Lour.) Burkill  
*Dioscorea pilosiuscula* Bertero ex Spreng.  
*Dioscorea polygonoides* Humb. & Bonpl. ex Willd.  
*Dioscorea trifida* L. f.  
*Rajania cordata* L. var. *cordata*  
*Rajania cordata* L. var. *cymulifera* Uline ex Knuth

### Droseraceae

*Drosera capillaris* Poir.

### Ebenaceae

*Diospyros blancoi* A. DC.  
*Diospyros revoluta* Poir.  
*Diospyros sintenisii* (Krug & Urb.) Standl.

### Elaeocarpaceae

*Sloanea amygdalina* Griseb.  
*Sloanea berteriana* Choisy ex DC.  
*Sloanea ilicifolia* Urb.

### Ericaceae

*Gonocalyx concolor* Nevling  
*Gonocalyx portoricensis* (Urb.) A.C. Sm.  
*Lyonia rubiginosa* (Pers.) G. Don  
*Lyonia stahlia* Urb. var. *stahlia*  
*Lyonia truncata* Urb. var. *proctorii* Judd  
*Vaccinium racemosum* (Vahl) Wilbur & Luteyn

### Erythroxylaceae

*Erythroxylum areolatum* L.  
*Erythroxylum brevipes* DC.  
*Erythroxylum rotundifolium* Lunan  
*Erythroxylum rufum* Cav.  
*Erythroxylum urbanii* O.E. Schulz

### Euphorbiaceae

*Acalypha alopecuroides* Jacq.  
*Acalypha amentacea* Roxb. subsp. *wilkesiana* (Müll. Arg.) Fosberg  
*Acalypha berteriana* Müll. Arg.

*Acalypha bisetosa* Bertero ex Spreng.  
*Acalypha chamaedrifolia* (Lam.) Müll. Arg.  
*Acalypha hispida* Burm. f.  
*Acalypha indica* L.  
*Acalypha ostryifolia* Riddell  
*Acalypha portoricensis* Müll. Arg.  
*Acalypha setosa* A. Rich.  
*Adelia ricinella* L.  
*Alchornea latifolia* Sw.  
*Alchorneopsis floribunda* (Benth.) Müll. Arg.  
*Aleurites moluccanus* (L.) Willd.  
*Argythamnia candicans* Sw.  
*Argythamnia stahlia* Urb.  
*Astraea lobata* (L.) Klotzsch  
*Bernardia dichotoma* (Willd.) Müll. Arg. var. *dichotoma*  
*Caperonia palustris* (L.) A. St.-Hil.  
*Cnidioscolus aconitifolius* (Mill.) I.M. Johnston. subsp. *aconitifolius*  
*Codiaeum variegatum* (L.) Rumph. ex A. Juss.  
*Croton astroites* Dryand.  
*Croton betulinus* Vahl  
*Croton discolor* Willd.  
*Croton flavens* L.  
*Croton glabellus* L.  
*Croton glandulosus* L.  
*Croton humilis* L.  
*Croton impressus* Urb.  
*Croton microcarpus* Ham.  
*Croton poecilanthus* Urb.  
*Croton stenophyllus* Griseb.  
*Dalechampia scandens* L.  
*Ditaxis fasciculata* Vahl ex A. Juss.  
*Ditaxis myricoides* Griseb.  
*Euphorbia articulata* Aubl.  
*Euphorbia berteriana* Balb.  
*Euphorbia blodgettii* Engelm. ex Hitchc.  
*Euphorbia cotinifolia* L.  
*Euphorbia cowellii* (Millsp.) Oudejans  
*Euphorbia cyathophora* Murray  
*Euphorbia heterophylla* L.  
*Euphorbia hirta* L.  
*Euphorbia hypericifolia* L.  
*Euphorbia hyssopifolia* L.  
*Euphorbia lactea* Haw.  
*Euphorbia lasiocarpa* Klotzsch  
*Euphorbia leucocephala* Lotsy  
*Euphorbia mesembryanthemifolia* Jacq.  
*Euphorbia milii* Des Moul. var. *milii*  
*Euphorbia neriifolia* L.  
*Euphorbia nutans* Lag.  
*Euphorbia oerstediana* (Klotzsch & Garcke) Boiss.  
*Euphorbia ophthalmica* Pers.  
*Euphorbia orbifolia* (Alain) Oudejans  
*Euphorbia pergamena* Small  
*Euphorbia petiolaris* Sims  
*Euphorbia prostrata* Aiton  
*Euphorbia pulcherrima* Willd. ex Klotzsch  
*Euphorbia serpens* Kunth  
*Euphorbia thymifolia* L.  
*Euphorbia tirucalli* L.  
*Euphorbia tithymaloides* L. subsp. *angustifolia* (Poit.) V.W. Steinm.  
*Euphorbia tithymaloides* L. subsp. *parasitica* (Boiss. ex Klotzsch) V.W. Steinm.  
*Euphorbia tithymaloides* L. subsp. *tithymaloides*  
*Euphorbia turpinii* Boiss.  
*Garcia nutans* Vahl ex Rohr

*Gymnanthes lucida* Sw.  
*Hevea brasiliensis* (Willd. ex A. Juss.) Müll. Arg.  
*Hippomane mancinella* L.  
*Hura crepitans* L.  
*Jatropha curcas* L.  
*Jatropha gossypifolia* L. var. *gossypifolia*  
*Jatropha hernandiifolia* Vent.  
*Jatropha integerrima* Jacq.  
*Jatropha multifida* L.  
*Jatropha podagrica* Hook.  
*Manihot esculenta* Crantz  
*Microstachys corniculata* (Vahl) Griseb.  
*Pera bumeliifolia* Griseb.  
*Ricinus communis* L.  
*Sapium laurifolium* (A. Rich.) Griseb.  
*Sapium laurocerasus* Desf.  
*Tragia volubilis* L.  
*Triadica sebifera* (L.) Small  
*Vernicia fordii* (Hemsl.) Airy-Shaw

#### **Gentianaceae**

*Enicostema verticillatum* (L.) Engl. ex Gilg  
*Lisianthus laxiflorus* Urb.  
*Schultesia brachyptera* Cham.  
*Voyria aphylla* (Jacq.) Pers.  
*Voyria parasitica* (Schltdl. & Cham.) Ruyters & Maas  
*Voyria tenella* Guilding ex Hook.

#### **Geraniaceae**

*Pelargonium graveolens* L'Hér. ex Aiton  
*Pelargonium odoratissimum* (L.) L'Hér.  
*Pelargonium peltatum* (L.) L'Hér.  
*Pelargonium zonale* (L.) L'Hér.

#### **Gesneriaceae**

*Columnnea ambigua* (Urb.) B.D. Morley  
*Columnnea scandens* L.  
*Episcia cupreata* (Hook.) Hanst.  
*Gesneria citrina* Urb.  
*Gesneria cuneifolia* (DC.) Fritsch  
*Gesneria pauciflora* Urb.  
*Gesneria pedunculosa* (DC.) Fritsch  
*Gesneria reticulata* (Griseb.) Urb.  
*Gesneria viridiflora* (Decne.) Kuntze subsp. *sintenisii* (Urb.) L.E. Skog  
*Gloxinia perennis* (L.) Fritsch  
*Kohleria amabilis* (Planch. & Linden) Fritsch  
*Rhytidophyllum auriculatum* Hook.  
*Saintpaulia ionantha* H. Wendl.  
*Sinningia speciosa* (Lodd.) Hiern

#### **Goodeniaceae**

*Scaevola plumieri* (L.) Vahl  
*Scaevola sericea* Vahl

#### **Haemodoraceae**

*Xiphidium caeruleum* Aubl.

#### **Heliconiaceae**

*Heliconia bihai* (L.) L.  
*Heliconia caribaea* Lam.  
*Heliconia latispatha* Benth.  
*Heliconia psittacorum* L. f.  
*Heliconia rostrata* Ruiz & Pav.  
*Heliconia stricta* Huber  
*Heliconia subulata* Ruiz & Pav.

*Turnera diffusa* Willd. ex Schult.  
*Turnera pumilea* L.  
*Turnera ulmifolia* L.

### **Pedaliaceae**

*Sesamum orientale* L.

### **Pentaphragmaceae**

*Cleyera albopunctata* (Planch. ex Griseb.) Krug & Urb.  
*Ternstroemia heptasepala* Krug & Urb.  
*Ternstroemia luquillensis* Krug & Urb.  
*Ternstroemia peduncularis* DC.  
*Ternstroemia stahlia* Krug & Urb.  
*Ternstroemia subsessilis* (Britton) Kobuski

### **Phyllanthaceae**

*Antidesma bunioides* (L.) Spreng.  
*Bischofia javanica* Blume  
*Breynia disticha* J.R. Forst. & G. Forst.  
*Flueggea acidotona* (L.) G.L. Webster  
*Flueggea virosa* (Roxb. ex Willd.) Voigt  
*Hieronyma clusioides* (Tul.) Griseb.  
*Margaritaria nobilis* L. f.  
*Phyllanthus acidus* (L.) Skeels  
*Phyllanthus acuminatus* Vahl  
*Phyllanthus amarus* Schumacher & Thonn.  
*Phyllanthus cuneifolius* (Britton) Croizat  
*Phyllanthus debilis* Klein ex Willd.  
*Phyllanthus emblica* L.  
*Phyllanthus epiphyllanthus* L. subsp. *epiphyllanthus*  
*Phyllanthus fraternus* G.L. Webster  
*Phyllanthus juglandifolius* Willd. subsp. *juglandifolius*  
*Phyllanthus niruri* L.  
*Phyllanthus pentaphyllus* C. Wright ex Griseb. subsp. *pentaphyllus*  
*Phyllanthus pentaphyllus* C. Wright ex Griseb. subsp. *polycladus* (Urb.)  
 G.L. Webster  
*Phyllanthus stipulatus* (Raf.) G.L. Webster  
*Phyllanthus tenellus* Roxb.  
*Phyllanthus urinaria* L.

*Savia sessiliflora* (Sw.) Willd.

### **Phytolaccaceae**

*Agdestis clematidea* Sessé & Moc. ex DC.  
*Microtea debilis* Sw.  
*Microtea portoricensis* Urb.  
*Petiveria alliacea* L.  
*Phytolacca icosandra* L. var. *icosandra*  
*Phytolacca rivinoides* Kunth & C.D. Bouché  
*Rivina humilis* L.  
*Trichostigma octandrum* (L.) H. Walter

### **Picramniaceae**

*Picramnia pentandra* Sw.

### **Pinaceae**

*Pinus caribaea* Morelet var. *hondurensis* (Sénécl.) W.H. Barrett & Golfari  
*Pinus occidentalis* Sw.

### **Piperaceae**

*Peperomia alata* Ruiz & Pav.  
*Peperomia cogniauxii* Urb.  
*Peperomia dendrophila* Schlttdl. & Cham.  
*Peperomia distachya* (L.) A. Dietr.  
*Peperomia emarginella* (Sw. ex Wikstr.) C. DC.  
*Peperomia glabella* (Sw.) A. Dietr.  
*Peperomia hernandiifolia* (Vahl) A. Dietr.  
*Peperomia humilis* (Vahl) A. Dietr.  
*Peperomia maculosa* (L.) W. Hook.  
*Peperomia magnoliifolia* (Jacq.) A. Dietr. var. *magnoliifolia*  
*Peperomia megalopoda* Trel.  
*Peperomia myrtifolia* (Vahl) A. Dietr.  
*Peperomia obtusifolia* (L.) A. Dietr. var. *obtusifolia*  
*Peperomia parvulifolia* Trel.  
*Peperomia pellucida* (L.) Kunth  
*Peperomia portoricensis* Urb.  
*Peperomia quadrifolia* (L.) Kunth  
*Peperomia rhombea* Ruiz & Pav.  
*Peperomia robustior* (Dahlst.) Urb.  
*Peperomia rotundifolia* (L.) Kunth  
*Peperomia serpens* (Sw.) Loud.  
*Peperomia tenella* (Sw.) A. Dietr.  
*Peperomia tetraphylla* (G. Forst.) Hook. & Arn.  
*Peperomia urocarpa* Fisch. & C.A. Mey.  
*Peperomia wheeleri* Britton  
*Peperomia yabucoana* Urb. & C. DC.  
*Piper aduncum* L. var. *aduncum*  
*Piper amalago* L. var. *amalago*  
*Piper blattarum* Spreng.  
*Piper dilatatum* Rich.  
*Piper glabrescens* (Miq.) C. DC.  
*Piper hispidum* Sw.  
*Piper jacquemontianum* Kunth  
*Piper marginatum* Jacq.  
*Piper nigrum* L.  
*Piper peltatum* L.  
*Piper swartzianum* (Miq.) C. DC.  
*Piper umbellatum* L.

### **Plantaginaceae**

*Angelonia angustifolia* Benth.  
*Angelonia gardneri* Hook.  
*Angelonia salicariifolia* Humb. & Bonpl.  
*Antirrhinum majus* L.

Bacopa innominata (M. Gómez) Alain  
 Bacopa monnieri (L.) Pennell  
 Bacopa repens (Sw.) Wettst.  
 Bacopa stricta (Schrad. ex Link) Wettst.  
 Lophospermum erubescens D. Don  
 Mecardonia procumbens (Mill.) Small  
 Plantago lanceolata L.  
 Plantago major L.  
 Russelia equisetiformis Schldtl. & Cham.  
 Scoparia dulcis L.  
 Stemodia durantifolia (L.) Sw.  
 Stemodia maritima L.  
 Stemodia verticillata (Mill.) Hassl.  
 Veronica peregrina L.

### Plumbaginaceae

Plumbago auriculata Lam.  
 Plumbago indica L.  
 Plumbago scandens L.

### Poaceae

Agrostis hyemalis (Walter) Britton et al.  
 Andropogon bicornis L.  
 Andropogon fastigiatus Sw.  
 Andropogon glomeratus (Walter) Britton et al. var. glomeratus  
 Andropogon leucostachyus Kunth  
 Andropogon virgatus Desv. ex Ham.  
 Andropogon virginicus L.  
 Anthaenantia lanata (Kunth) Benth.  
 Anthephora hermaphrodita (L.) Kuntze  
 Aristida adscensionis L.  
 Aristida calcicola Hitchc. & Ekman  
 Aristida chaseae Hitchc.  
 Aristida portoricensis Pilg.  
 Aristida refracta Griseb.  
 Aristida spiciformis Elliott var. antillarum Catasús  
 Aristida spiciformis Elliott var. spiciformis  
 Aristida suringarii Henrard  
 Arthraxon castratus (Griff.) V. Naray. ex Bor  
 Arthrostylidium farctum (Aubl.) Soderstr. & Lourteig  
 Arthrostylidium multispicatum Pilg.  
 Arthrostylidium sarmentosum Pilg.  
 Arundinella hispida (Humb. & Bonpl. ex Willd.) Kuntze  
 Arundo donax L. f. versicolor (Mill.) Stokes  
 Avena sativa L.  
 Axonopus aureus P. Beauv.  
 Axonopus compressus (Sw.) P. Beauv.  
 Bambusa blumeana Schult. & Schult. f.  
 Bambusa dissimulata McClure  
 Bambusa longispiculata Gamble ex Brandis  
 Bambusa multiplex (Lour.) Raeusch. ex Schult. & Schult. f.  
 Bambusa mutabilis McClure

*Renealmia aromatica* (Aubl.) Griseb.  
*Renealmia jamaicensis* (Gaertn.) Horan. var. *puberula* (Gagnep.) Maas  
*Zingiber montanum* (J. König) Link ex A. Dietr.  
*Zingiber officinale* Roscoe  
*Zingiber zerumbet* (L.) J.E. Sm.

#### **Zygophyllaceae**

*Guaiacum officinale* L.  
*Guaiacum sanctum* L.  
*Kallstroemia maxima* (L.) Hook. & Arn.  
*Kallstroemia pubescens* (G. Don) Dandy  
*Tribulus cistoides* L.

### **CHECKLIST OF THE VIRGIN ISLANDS**

1553 Taxa

#### **Acanthaceae**

*Asystasia gangetica* (L.) T. Anderson

*Avicennia germinans* (L.) L.  
*Barleria cristata* L.  
*Barleria lupulina* Lindl.  
*Barleria repens* Nees  
*Barleria strigosa* Willd.  
*Crossandra infundibuliformis* (L.) Nees  
*Dicliptera sexangularis* (L.) Juss.  
*Dyschoriste thunbergiiflora* (S. Moore) Lindau  
*Graptophyllum pictum* (L.) Griff.  
*Justicia carthagenensis* Jacq.  
*Justicia eustachiana* Jacq.  
*Justicia mirabiloides* Lam.  
*Justicia pectoralis* Jacq.  
*Justicia periplocifolia* Jacq.  
*Justicia secunda* Vahl  
*Justicia spicigera* Schldtl.  
*Odontonema nitidum* (Jacq.) Kuntze  
*Oplonia microphylla* (Lam.) Stearn  
*Oplonia spinosa* (Jacq.) Raf. subsp. *spinosa*  
*Pachystachys spicata* (Ruiz & Pav.) Wassh.  
*Pseuderanthemum carruthersii* (Seem.) Guillaumin  
*Ruellia blechum* L.  
*Ruellia coccinea* (L.) Vahl  
*Ruellia simplex* C. Wright  
*Ruellia tuberosa* L.  
*Siphonoglossa sessilis* (Jacq.) D.N. Gibson  
*Stenandrium tuberosum* (L.) Urb.  
*Thunbergia alata* Bojer ex Sims  
*Thunbergia erecta* (Benth.) T. Anderson  
*Thunbergia fragrans* Roxb.  
*Thunbergia grandiflora* Roxb.

#### **Adoxaceae**

*Sambucus nigra* L. subsp. *canadensis* (L.) Bolli

#### **Aizoaceae**

*Aptenia cordifolia* (L. f.) Schwantes  
*Cypselea humifusa* Turpin  
*Sesuvium portulacastrum* (L.) L.  
*Trianthema portulacastrum* L.

#### **Alismataceae**

*Echinodorus berteroi* (Spreng.) Fassett

#### **Amaranthaceae**

*Achyranthes aspera* L. var. *aspera*  
*Alternanthera brasiliana* (L.) Kuntze  
*Alternanthera caracasana* Kunth  
*Alternanthera crucis* (Moq.) Boldingh  
*Alternanthera halimifolia* (Lam.) Standl. ex Pittier  
*Alternanthera paronychioides* A. St.-Hil.  
*Alternanthera pungens* Kunth  
*Alternanthera sessilis* (L.) R. Br. ex DC.  
*Alternanthera tenella* Colla var. *bettzickiana* (Regel) Veldkamp  
*Alternanthera tenella* Colla var. *tenella*  
*Amaranthus caudatus* L.  
*Amaranthus crassipes* Schldtl.  
*Amaranthus cruentus* L.  
*Amaranthus dubius* Mart. ex Thell.  
*Amaranthus polygonoides* L.  
*Amaranthus spinosus* L.  
*Amaranthus viridis* L.  
*Atriplex cristata* Humb. & Bonpl. ex Willd.  
*Blutaparon vermiculare* (L.) Mears  
*Celosia argentea* L. var. *argentea*  
*Celosia nitida* Vahl

*Chamissoa altissima* (Jacq.) Kunth  
*Chenopodium ambrosioides* L.  
*Chenopodium murale* L.  
*Cyathula prostrata* (L.) Blume  
*Gomphrena globosa* L.  
*Gomphrena serrata* L.  
*Iresine angustifolia* Euphrasén  
*Iresine diffusa* Humb. & Bonpl. ex Willd.  
*Lithophila muscoides* Sw.  
*Salicornia bigelovii* Torr.  
*Sarcocornia perennis* (Mill.) A.J. Scott  
*Suaeda tampicensis* (Standl.) Standl.  
*Suaeda vera* Forssk. ex J. F. Gmel.

### **Amaryllidaceae**

*Allium sativum* L.  
*Crinum zeylanicum* (L.) L.  
*Habranthus tubispathus* (L'Hér.) Traub  
*Hippeastrum puniceum* (Lam.) Voss  
*Hymenocallis caribaea* (L.) Herb.  
*Hymenocallis latifolia* (Mill.) M. Roem.  
*Hymenocallis speciosa* (L. f. ex Salisb.) Salisb.  
*Zephyranthes puertoricensis* Traub.  
*Zephyranthes rosea* Lindl.

### **Anacardiaceae**

*Anacardium occidentale* L.  
*Comocladia dodonaea* (L.) Urb.  
*Mangifera indica* L.  
*Schinus terebinthifolius* Raddi  
*Spondias dulcis* Parkinson  
*Spondias mombin* L.  
*Spondias purpurea* L.

### **Annonaceae**

*Annona glabra* L.  
*Annona montana* Macfad.  
*Annona muricata* L.  
*Annona reticulata* L.  
*Annona squamosa* L.  
*Guatteria blainii* (Griseb.) Urb.  
*Guatteria caribaea* Urb.  
*Oxandra lanceolata* (Sw.) Baill.  
*Oxandra laurifolia* (Sw.) A. Rich.

### **Apiaceae**

*Anethum graveolens* L.  
*Cyclospermum leptophyllum* (Pers.) Sprague ex Britton & P. Wilson  
*Daucus carota* L.  
*Eryngium foetidum* L.  
*Foeniculum vulgare* Mill.  
*Petroselinum crispum* (Mill.) Nyman ex A.W. Hill  
*Pimpinella anisum* L.

### **Apocynaceae**

*Adenium obesum* (Forssk.) Roem. & Schult.  
*Allamanda cathartica* L.  
*Allotoonia agglutinata* (Jacq.) J.F. Morales & J.K. Williams  
*Asclepias curassavica* L.  
*Calotropis procera* (Aiton) W.T. Aiton  
*Carissa macrocarpa* (Eckl.) A. DC.  
*Cascabela thevetia* (L.) Lippold  
*Catharanthus roseus* (L.) G. Don  
*Cryptostegia grandiflora* R. Br.  
*Cryptostegia madagascariensis* Bojer ex Decne.  
*Funastrum clausum* (Jacq.) Schltr.

*Hoya australis* R. Br. ex Trail  
*Kopsia fruticosa* (Roxb.) A. DC.  
*Matelea maritima* (Jacq.) Woodson  
*Metastelma anegadensis* Britton  
*Metastelma decipiens* Schltr.  
*Metastelma lineare* Bello  
*Metastelma parviflorum* (Sw.) R. Br. ex Schult.  
*Nerium oleander* L.  
*Oxypetalum cordifolium* (Vent.) Schltr.  
*Pentalinon luteum* (L.) B.F. Hansen & Wunderlin  
*Plumeria alba* L.  
*Plumeria rubra* L.  
*Rauvolfia nitida* Jacq.  
*Rauvolfia viridis* Willd. ex Roem. & Schult.  
*Rhabdadenia biflora* (Jacq.) Müll. Arg.  
*Tabernaemontana divaricata* (L.) R. Br. ex Roem. & Schult.

### **Aquifoliaceae**

*Ilex nitida* (Vahl) Maxim. var. *nitida*  
*Ilex urbaniana* Loes.

### **Araceae**

*Anthurium andraeanum* Linden ex André  
*Anthurium cordatum* (L.) Schott  
*Anthurium crenatum* (L.) Kunth  
*Anthurium x sellowum* K. Koch  
*Caladium bicolor* (Aiton) Vent.  
*Dieffenbachia seguine* (Jacq.) Schott  
*Epipremnum pinnatum* (L.) Engl.  
*Epipremnum pinnatum* (L.) Engl. "cv" *aureum* Nicolson  
*Lemna aequinoctialis* Welw.  
*Lemna minuta* Kunth  
*Monstera deliciosa* Liebm.  
*Philodendron consanguineum* Schott  
*Philodendron giganteum* Schott  
*Philodendron hederaceum* (Jacq.) Schott  
*Philodendron lingulatum* (L.) K. Koch  
*Pistia stratiotes* L.  
*Spirodela polyrhiza* (L.) Schleid.  
*Syngonium podophyllum* Schott  
*Wolffiella welwitschii* (Hegelm.) Monod  
*Xanthosoma sagittifolium* (L.) Schott

### **Araliaceae**

*Dendropanax arboreus* (L.) Decne. & Planch.  
*Polyscias filicifolia* (C. Moore ex E. Fourn.) L.H. Bailey  
*Polyscias fruticosa* (L.) Harms  
*Polyscias guilfoylei* (W. Bull.) L.H. Bailey  
*Polyscias scutellaria* (Burm. f.) Fosberg  
*Schefflera actinophylla* (Endl.) Harms  
*Schefflera morototoni* (Aubl.) Maguire, Steyerf. & Frodin

### **Araucariaceae**

*Araucaria heterophylla* (Salisb.) Franco

### **Areceaceae**

*Acrocomia media* O.F. Cook  
*Adonidia merrillii* (Becc.) Becc.  
*Areca catechu* L.  
*Coccothrinax barbadensis* (Lodd. ex Mart.) Becc.  
*Cocos nucifera* L.  
*Dypsis lutescens* (H. Wendl.) Beentje & J. Dransf.  
*Phoenix dactylifera* L.  
*Phoenix reclinata* Jacq.  
*Phoenix roebelenii* O' Brien  
*Phoenix rupicola* T. Anderson

Phoenix sylvestris (L.) Roxb.  
 Pseudophoenix vinifera (Mart.) Becc.  
 Roystonea borinquena O.F. Cook  
 Roystonea oleracea O.F. Cook  
 Roystonea regia (Kunth) O.F. Cook  
 Sabal bermudana L.H. Bailey  
 Sabal causiarum (O.F. Cook) Becc.  
 Thrinax morrisii H. Wendl.  
 Washingtonia filifera (Linden ex André) H. Wendl. ex de Bary

### Aristolochiaceae

Aristolochia anguicida Jacq.  
 Aristolochia elegans Mast.  
 Aristolochia grandiflora Sw.  
 Aristolochia odoratissima L.  
 Aristolochia peltata L.  
 Aristolochia trilobata L.

### Asparagaceae

Agave americana L.  
 Agave beauleriana Jacobi  
 Agave eggersiana Trel.  
 Agave fourcroydes Lem.  
 Agave missionum Trel.  
 Agave sisalana Perrine  
 Agave vivipara L.  
 Asparagus aethiopicus L.  
 Asparagus setaceus (Kunth) Jessop  
 Cordyline fruticosa (L.) A. Chev.  
 Dracaena fragrans (L.) Ker Gawl.  
 Furcraea stratiotes J.B. Petersen  
 Furcraea tuberosa W.T. Aiton  
 Sansevieria cylindrica Bojer  
 Sansevieria hyacinthoides (L.) Druce  
 Sansevieria pearsonii N.E. Br.  
 Sansevieria trifasciata Prain  
 Sansevieria zeylanica (L.) Willd.  
 Yucca aloifolia L.  
 Yucca gigantea Lem.  
 Yucca gloriosa L.

### Asteraceae

Acanthospermum hispidum A. DC.  
 Acmea uliginosa (Sw.) Cass.  
 Adenostemma verbesina (L.) Sch. Bip.  
 Ageratum conyzoides L. subsp. conyzoides  
 Ambrosia hispida Pursh  
 Ambrosia peruviana Willd.  
 Artemisia absinthium L.  
 Baccharis dioica Vahl  
 Bidens alba (L.) DC. var. radiata (Sch. Bip.) R.E. Ballard  
 Bidens cynapiifolia Kunth  
 Bidens pilosa L. var. pilosa  
 Borrchia arborescens (L.) DC.  
 Centratherum punctatum Cass.  
 Chaptalia dentata (L.) Cass.  
 Chaptalia nutans (L.) Pol.  
 Chromolaena borinquensis (Britton) R.M. King & H. Rob.  
 Chromolaena corymbosa (Aubl.) R.M. King & H. Rob.  
 Chromolaena odorata (L.) R.M. King & H. Rob.  
 Chromolaena sinuata (Lam.) R.M. King & H. Rob.  
 Clibadium erosum (Sw.) DC.  
 Conyza bonariensis (L.) Cronquist var. bonariensis  
 Conyza canadensis (L.) Cronquist var. canadensis  
 Conyza laevigata (Rich.) Pruski  
 Coreopsis tinctoria Nutt.

Cosmos caudatus Kunth  
 Cosmos sulphureus Cav.  
 Cyanthillium cinereum (L.) H. Rob.  
 Dahlia pinnata Cav.  
 Eclipta prostrata (L.) L.  
 Egletes prostrata (Sw.) Kuntze  
 Elephantopus mollis Kunth  
 Eleutheranthera ruderalis (Sw.) Sch. Bip.  
 Emilia coccinea (Sims) G. Don  
 Emilia fosbergii Nicolson  
 Emilia sonchifolia (L.) DC. var. sonchifolia  
 Erechites hieraciifolius (L.) Raf. ex DC. var. hieraciifolius  
 Erigeron cuneifolius DC.  
 Gnaphalium domingense Lam.  
 Gundlachia corymbosa (Urb.) Britton ex Bold.  
 Gynura aurantiaca (Blume) DC.  
 Hebeclinium macrophyllum (L.) DC.  
 Helianthus tuberosus L.  
 Helichrysum bracteatum (Vent.) Andr.  
 Lactuca sativa L.  
 Lagascea mollis Cav.  
 Launaea intybacea (Jacq.) Beauverd  
 Lepidaploa glabra (Willd.) H. Rob.  
 Lepidaploa sericea (Rich.) H. Rob.  
 Melampodium divaricatum (Rich.) DC.  
 Melanthera nivea (L.) Small  
 Mikania cordifolia (L. f.) Willd.  
 Neurolaena lobata (L.) R. Br. ex Cass.  
 Parthenium hysterophorus L.  
 Pectis humifusa Sw.  
 Pectis linearis La Llave  
 Pectis linifolia L.  
 Piptocoma antillana Urb.  
 Pluchea carolinensis (Jacq.) G. Don  
 Pluchea odorata (L.) Cass.  
 Porophyllum ruderales (Jacq.) Cass.  
 Pseudelephantopus spicatus (B. Juss. ex Aubl.) C.F. Baker  
 Pseudogynoxys chenopodioides (Kunth) Cabrera  
 Pterocaulon alopecuroideum (Lam.) DC.  
 Pterocaulon virgatum (L.) DC.  
 Sclerocarpus africanus Jacq. ex Murray  
 Solidago gigantea Aiton  
 Solidago microglossa DC.  
 Sonchus oleraceus L.  
 Sphagneticola trilobata (L.) Pruski  
 Struchium sparganophorum (L.) Kuntze  
 Synedrella nodiflora (L.) Gaertn.  
 Tagetes erecta L.  
 Tithonia diversifolia (Hemsl.) A. Gray  
 Tridax procumbens L.  
 Verbesina alata L.  
 Wedelia calycina Rich. var. calycina  
 Wedelia fruticosa Jacq.  
 Xanthium strumarium L.  
 Youngia japonica (L.) DC.  
 Zinnia peruviana (L.) L.

### Balsaminaceae

Impatiens balsamina L.

### Basellaceae

Anredera vesicaria (Lam.) C.F. Gaertn.  
 Basella alba L.

### Bataceae

Batis maritima L.

**Bignoniaceae**

Amphilophium lactiflorum (Vahl) L.G. Lohman  
 Amphitecna latifolia (Mill.) A.H. Gentry  
 Arrabidaea chica (Humb. & Bonpl.) Verlot  
 Bignonia aequinoctialis L.  
 Bignonia corymbosa (Vent) L.G. Lohman  
 Crescentia cujete L.  
 Crescentia linearifolia Miers  
 Dolichandra unguis-cati (L.) L.G. Lohman  
 Handroanthus chrysanthus (Jacq.) S. Grose subsp. chrysanthus  
 Jacaranda mimosifolia D. Don  
 Podranea ricasoliana (Tanfani) T. Sprague  
 Spathodea campanulata P. Beauv.  
 Tabebuia aurea (Silva Manso) Benth. & Hook. f. ex S. Moore  
 Tabebuia heterophylla (DC.) Britton  
 Tabebuia lepidota (Kunth) Britton  
 Tabebuia rosea (Bertol.) DC.  
 Tecoma capensis (Thunb.) Lindl.  
 Tecoma stans (L.) Kunth

**Bixaceae**

Bixa orellana L.  
 Cochlospermum vitifolium (Willd.) Spreng.

**Boraginaceae**

Bourreria succulenta Jacq.  
 Cordia alliodora (Ruiz & Pav.) Oken  
 Cordia collococca L.  
 Cordia dentata Poir.  
 Cordia laevigata Lam.  
 Cordia obliqua Willd.  
 Cordia rickseckeri Millsp.  
 Cordia sebestena L. var. sebestena  
 Cordia sulcata DC.  
 Euploca microphylla (Sw. ex Wikstr.) Feuillet  
 Euploca ternata (Vahl) J.L.L. Melo & Semir  
 Heliotropium amplexicaule Vahl  
 Heliotropium angiospermum Murray  
 Heliotropium curassavicum L.  
 Heliotropium indicum L.  
 Myriopus microphyllus (Bertero ex Spreng.) Feuillet  
 Myriopus volubilis (L.) Small  
 Nama jamaicensis L.  
 Rochefortia acanthophora (DC.) Griseb.  
 Tournefortia bicolor Sw.  
 Tournefortia filiflora Griseb.  
 Tournefortia gnaphalodes (L.) R. Br. ex Roem. & Schult.  
 Tournefortia hirsutissima L.  
 Tournefortia scabra Lam. var. scabra  
 Varronia bullata L. subsp. humilis (Jacq.) Feuillet  
 Varronia curassavica Jacq.  
 Varronia linnaei (Stearn) J.S. Miller  
 Varronia polycephala Lam.  
 Varronia portoricensis (Spreng.) Feuillet  
 Varronia rupicola (Urb.) Britton

**Brassicaceae**

Brassica juncea (L.) Czern. var. juncea  
 Brassica oleracea L. var. oleracea  
 Cakile lanceolata (Willd.) O.E. Schulz  
 Cardamine pensylvanica Muhl. ex Willd.  
 Lepidium virginicum L.  
 Nasturtium officinale R. Br.  
 Raphanus sativus L.  
 Rorippa portoricensis (Spreng.) Stehlé subsp. portoricensis

**Bromeliaceae**

Aechmea lingulata (L.) Baker  
 Bromelia pinguin L.  
 Catopsis floribunda L.B. Sm.  
 Hohenbergia antillana Mez  
 Pitcairnia angustifolia Sol. ex Aiton var. angustifolia  
 Pitcairnia jareckii Proctor & Cedeno-Mald.  
 Tillandsia fasciculata Sw. var. fasciculata  
 Tillandsia x lineatispica Mez  
 Tillandsia recurvata (L.) L.  
 Tillandsia usneoides (L.) L.  
 Tillandsia utriculata L.

**Burseraceae**

Bursera simaruba (L.) Sarg.  
 Tetragastris balsamifera (Sw.) Kuntze

**Buxaceae**

Buxus vahlii Baill.

**Cactaceae**

Acanthocereus tetragonus (L.) Humm.  
 Cereus hexagonus (L.) Mill.  
 Consolea rubescens (Salm-Dyck ex DC.) Lem.  
 Hylocereus trigonus (Haw.) Safford  
 Hylocereus undatus (Haw.) Britton & Rose subsp. undatus  
 Leptocereus quadricostatus (Bello) Britton & Rose  
 Mammillaria nivosa Link ex Pfeiff.  
 Melocactus intortus (Mill.) Urb. subsp. intortus  
 Nopalea cochenillifera (L.) Salm-Dyck  
 Opuntia antillana Britton & Rose  
 Opuntia dillenii (Ker Gawl.) Haw.  
 Opuntia x lucayana Britton  
 Opuntia repens Bello  
 Opuntia triacantha (Willd.) Sweet  
 Pereskia aculeata Mill.  
 Pereskia grandifolia Haw.  
 Pilosocereus royenii (L.) Byles & Rowley  
 Rhipsalis baccifera (J.S. Muell.) Stearn  
 Selenicereus grandiflorus (L.) Britton & Rose  
 Selenicereus pteranthus (Link ex A. Dietr.) Britton  
 Stenocereus fimbriatus (Lam.) Lourteig

**Calophyllaceae**

Calophyllum antillanum Britton  
 Mammea americana L.

**Campanulaceae**

Hippobroma longiflora (L.) G. Don

**Canellaceae**

Canella winterana (L.) Gaertn.

**Cannabaceae**

Celtis iguanaea (Jacq.) Sarg.  
 Celtis trinervia Lam.  
 Trema micranthum (L.) Blume

**Cannaceae**

Canna indica L.

**Capparaceae**

Capparidastrum frondosum (Jacq.) Cornejo & Iltis  
 Cynophalla amplissima (Lam.) Iltis & Cornejo  
 Cynophalla flexuosa (L.) L.J. Presl  
 Cynophalla hastata (Jacq.) J. Presl

Morisonia americana L.  
 Quadrella cynophallophora (L.) Hutch.  
 Quadrella indica (L.) Iltis & Cornejo

#### **Caricaceae**

Carica papaya L.

#### **Caryophyllaceae**

Drymaria cordata (L.) Willd. ex Roem. & Schult.

#### **Casuarinaceae**

Casuarina cunninghamiana Miq.  
 Casuarina equisetifolia L.

#### **Celastraceae**

Crossopetalum rhacoma Crantz  
 Elaeodendron xylocarpum (Vent.) DC.  
 Gyminda latifolia (Sw.) Urb. subsp. latifolia  
 Maytenus cymosa Krug & Urb.  
 Maytenus laevigata (Vahl) Griseb. ex Eggers  
 Schaefferia frutescens Jacq.

#### **Ceratophyllaceae**

Ceratophyllum demersum L.

#### **Chrysobalanaceae**

Chrysobalanus icaco L.  
 Hirtella triandra Sw.

#### **Cleomaceae**

Arivela viscosa (L.) Raf.  
 Cleome rutidosperma DC.  
 Cleome stenophylla Klotzsch  
 Cleoserrata serrata (Jacq.) Iltis  
 Cleoserrata speciosa (Raf.) Iltis  
 Gynandropsis gynandra (L.) Briq.  
 Tarenaya spinosa (Jacq.) Raf.

#### **Clusiaceae**

Clusia rosea Jacq.

#### **Colchicaceae**

Gloriosa superba L.

#### **Combretaceae**

Buchenavia tetraphylla (Aubl.) R.A. Howard  
 Bucida buceras L.  
 Combretum indicum (L.) DeFilipps  
 Conocarpus erectus L. var. erectus  
 Laguncularia racemosa (L.) Gaertn. f.  
 Terminalia catappa L.

#### **Commelinaceae**

Callisia fragrans (Lindl.) Woodson  
 Callisia repens (Jacq.) L.  
 Commelina diffusa Burm. f.  
 Commelina erecta L. var. erecta  
 Tradescantia pallida (Rose) D.R. Hunt  
 Tradescantia spathacea Sw.  
 Tradescantia zebrina Heynh. ex Bosse

#### **Convolvulaceae**

Argyrea nervosa (Burm. f.) Bojer  
 Convolvulus nodiflorus Desr.  
 Cuscuta americana L.

Cuscuta globulosa Benth.  
 Cuscuta umbellata Kunth  
 Evolvulus alsinoides (L.) L. var. debilis (Kunth) Ooststr.  
 Evolvulus convolvuloides (Willd. ex Schult.) Stearn  
 Evolvulus filipes Mart.  
 Evolvulus nummularius (L.) L.  
 Evolvulus sericeus Sw.  
 Evolvulus squamosus Britton  
 Evolvulus tenuis Mart. ex Choisy subsp. longifolius (Choisy) Ooststr.  
 Ipomoea alba L.  
 Ipomoea batatas (L.) Lam.  
 Ipomoea carnea Jacq. subsp. fistulosa (Mart. ex Choisy) D.F. Austin  
 Ipomoea eggersii (House) D.F. Austin  
 Ipomoea hederifolia L.  
 Ipomoea imperati (Vahl) Griseb.  
 Ipomoea indica (Burm. f.) Merr. var. acuminata (Vahl) Fosberg  
 Ipomoea nil (L.) Roth  
 Ipomoea ochracea (Lindl.) G. Don  
 Ipomoea pes-caprae (L.) R. Br.  
 Ipomoea purpurea (L.) Roth  
 Ipomoea quamoclit L.  
 Ipomoea repanda Jacq.  
 Ipomoea setifera Poir.  
 Ipomoea steudelii Millsp.  
 Ipomoea tiliacea (Willd.) Choisy  
 Ipomoea tricolor Cav.  
 Ipomoea triloba L.  
 Ipomoea violacea L.  
 Jacquemontia cayensis Britton  
 Jacquemontia cumanensis (Kunth) Kuntze  
 Jacquemontia havanensis (Jacq.) Urb.  
 Jacquemontia pentanthos (Jacq.) G. Don  
 Jacquemontia solanifolia (L.) Hallier f.  
 Jacquemontia tamnifolia (L.) Griseb.  
 Merremia aegyptia (L.) Urb.  
 Merremia cissoides (Lam.) Hallier f.  
 Merremia dissecta (Jacq.) Hallier f.  
 Merremia quinquefolia (L.) Hallier f.  
 Merremia tuberosa (L.) Rendle  
 Merremia umbellata (L.) Hallier f.  
 Operculina turpethum (L.) Silva Manso var. turpethum  
 Operculina turpethum (L.) Silva Manso var. ventricosa (Bertero) G.W.  
 Staples & D.F. Austin  
 Poranopsis paniculata (Roxb.) Robery  
 Stictocardia tiliifolia (Desr.) Hallier f.  
 Turbina corymbosa (L.) Raf.

#### **Costaceae**

Costus scaber Ruiz & Pav.

#### **Crassulaceae**

Kalanchoe crenata (Andrews) Haw.  
 Kalanchoe delagoensis Eckl. & Zeyh.  
 Kalanchoe laxiflora Baker  
 Kalanchoe marmorata Baker  
 Kalanchoe pinnata (Lam.) Pers.

#### **Cucurbitaceae**

Cayaponia americana (Lam.) Cogn.  
 Cayaponia racemosa (Mill.) Cogn.  
 Citrullus lanatus (Thunb.) Matsum. & Nakai  
 Coccinia grandis (L.) Voigt  
 Cucumis anguria L.  
 Cucumis dipsaceus Ehrenb. ex Spach  
 Cucumis melo L.

*Cucumis sativus* L.  
*Cucurbita ficifolia* Bouché  
*Cucurbita moschata* Duchesne  
*Doyerea emetocathartica* Grosourdy  
*Lagenaria siceraria* (Molina) Standl.  
*Luffa aegyptiaca* Mill.  
*Melothria pendula* L.  
*Momordica charantia* L.

#### Santalaceae

Phoradendron anceps (Spreng.) M. Gómez  
 Phoradendron racemosum (Aubl.) Krug & Urb.  
 Phoradendron trinervium (Lam.) Griseb.

#### Sapindaceae

Allophylus racemosus Sw.  
 Blighia sapida F.D. Koenig  
 Cardiospermum corindum L. var. corindum  
 Cardiospermum corindum L. var. leptocarpum (Radlk.) Ferrucci  
 Cardiospermum halicacabum L. var. microcarpum (Kunth) Blume  
 Cupania americana L.  
 Cupania triquetra A. Rich.  
 Dodonaea viscosa Jacq. subsp. viscosa  
 Exothea paniculata (Juss.) Radlk.  
 Melicoccus bijugatus Jacq.  
 Paullinia fuscescens Kunth  
 Paullinia pinnata L.  
 Paullinia plumieri Triana & Planch.  
 Sapindus saponaria L.  
 Serjania lucida Schumach.

#### Sapotaceae

Chrysophyllum argenteum Jacq.  
 Chrysophyllum bicolor Poir.  
 Chrysophyllum cainito L.  
 Chrysophyllum oliviforme L. subsp. oliviforme  
 Chrysophyllum pauciflorum Lam.  
 Manilkara bidentata (A. DC.) A. Chev. subsp. surinamensis (Miq.) T.D.  
 Penn.  
 Manilkara pleeana (Pierre ex Baill.) Cronquist  
 Manilkara zapota (L.) P. Royen  
 Mimusops elengi L.  
 Pouteria multiflora (A. DC.) Eyma  
 Sideroxylon foetidissimum Jacq.  
 Sideroxylon obovatum Lam.  
 Sideroxylon salicifolium (L.) Lam.

#### Schoepfiaceae

Schoepfia obovata C. Wright  
 Schoepfia schreberi J.F. Gmel.

#### Scrophulariaceae

Bontia daphnoides L.  
 Capraria biflora L.  
 Leucophyllum frutescens (Berland.) I.M. Johnst.

#### Simaroubaceae

Castela erecta Turpin  
 Picrasma excelsa (Sw.) Planch.  
 Quassia amara L.

#### Smilacaceae

Smilax coriacea Spreng.  
 Smilax domingensis Willd.

#### Solanaceae

Acnistus arborescens (L.) Schldtl.  
 Brugmansia arborea (L.) Lagerh.  
 Brugmansia candida Pers.  
 Brunfelsia americana L.  
 Brunfelsia undulata Sw.  
 Capsicum annuum L.  
 Capsicum baccatum L.  
 Capsicum frutescens L.  
 Cestrum alternifolium (Jacq.) O.E. Schulz  
 Cestrum citrifolium Retz.  
 Cestrum diurnum L.  
 Cestrum linearifolium Urb.  
 Cestrum macrophyllum Vent.  
 Cestrum nocturnum L.

*Tribulus cistoides* L.

## **CHECKLIST OF THE LESSER ANTILLES**

2656 Taxa

#### **Acanthaceae**

*Andrographis paniculata* (Burm. f.) Wall. ex Nees  
*Aphelandra pulcherrima* (Jacq.) Kunth  
*Asystasia gangetica* (L.) T. Anderson  
*Avicennia germinans* (L.) L.  
*Avicennia schaueriana* Stapf & Leechm. ex Moldenke  
*Barleria cristata* L.  
*Barleria lupulina* Lindl.  
*Barleria prionitis* L.  
*Barleria strigosa* Willd.  
*Bravaisia integerrima* (Spreng.) Standl.  
*Crossandra infundibuliformis* (L.) Nees  
*Dicliptera martinicensis* (Jacq.) Juss.

*Eranthemum pulchellum* Andrews  
*Hemigraphis alternata* (Burm. f.) T. Anderson  
*Justicia androsaemifolia* Sieber ex Nees  
*Justicia brasiliensis* Roth  
*Justicia carnea* Lindl.  
*Justicia carthagenensis* Jacq.  
*Justicia eustachiana* Jacq.  
*Justicia gendarussa* Burm. f.  
*Justicia pectoralis* Jacq.  
*Justicia secunda* Vahl  
*Justicia sphaerosperma* Vahl  
*Odontonema cuspidatum* (Nees) Kuntze  
*Odontonema nitidum* (Jacq.) Kuntze  
*Oplonia microphylla* (Lam.) Stearn  
*Pachystachys spicata* (Ruiz & Pav.) Wassh.  
*Phlogacanthus turgidus* (Fuaux) Lindau  
*Pseuderanthemum bicolor* Radlk.  
*Pseuderanthemum carruthersii* (Seem.) Guillaumin  
*Ruellia blechum* L.  
*Ruellia brevifolia* (Pohl) C. Ezcurra  
*Ruellia coccinea* (L.) Vahl  
*Ruellia elegans* Poir.  
*Ruellia fulgida* Andrews  
*Ruellia macrophylla* Vahl  
*Ruellia simplex* C. Wright  
*Ruellia subringens* (Nees) Lindau  
*Ruellia tuberosa* L.  
*Sanchezia speciosa* Leonard  
*Siphonoglossa sessilis* (Jacq.) D.N. Gibson  
*Stenandrium tuberosum* (L.) Urb.  
*Strobilanthes colorata* (Nees) T. Anderson  
*Teliostachya alopecuroidea* (Vahl) Nees  
*Thunbergia alata* Bojer ex Sims  
*Thunbergia erecta* (Benth.) T. Anderson  
*Thunbergia fragrans* Roxb.  
*Thunbergia grandiflora* Roxb.  
*Thunbergia laurifolia* Lindl.  
*Thunbergia mysorensis* (Wight) T. Anderson

#### **Adoxaceae**

*Sambucus nigra* L. subsp. *canadensis* (L.) Bolli

#### **Aizoaceae**

*Cypselea humifusa* Turpin  
*Sesuvium maritimum* (Walter) Britton et al.  
*Sesuvium microphyllum* Willd.  
*Sesuvium portulacastrum* (L.) L.  
*Trianthema portulacastrum* L.

#### **Alismataceae**

*Echinodorus berteroi* (Spreng.) Fassett  
*Echinodorus cordifolius* (L.) Griseb.  
*Helanthium zombiense* (Jérémie) Lehtonen & Myllys  
*Limnocharis flava* (L.) Buchenau

#### **Amaranthaceae**

*Achyranthes aspera* L. var. *aspera*  
*Achyranthes aspera* L. var. *pubescens* (Moq.) M. Gómez  
*Alternanthera brasiliensis* (L.) Kuntze  
*Alternanthera caracasana* Kunth  
*Alternanthera crucis* (Moq.) Boldingh  
*Alternanthera flavescens* Kunth  
*Alternanthera geniculata* Urb.  
*Alternanthera halimifolia* (Lam.) Standl. ex Pittier  
*Alternanthera olivacea* (Urb.) Urb.  
*Alternanthera paronychioides* A. St.-Hil.

*Alternanthera sessilis* (L.) R. Br. ex DC.  
*Alternanthera tenella* Colla var. *bettzickiana* (Regel) Veldkamp  
*Alternanthera tenella* Colla var. *tenella*  
*Amaranthus blitum* L.  
*Amaranthus caudatus* L.  
*Amaranthus crassipes* Schlttdl.  
*Amaranthus cruentus* L.  
*Amaranthus dubius* Mart. ex Thell.  
*Amaranthus hybridus* L.  
*Amaranthus polygonoides* L.  
*Amaranthus spinosus* L.  
*Amaranthus viridis* L.  
*Atriplex cristata* Humb. & Bonpl. ex Willd.  
*Blutaparon vermiculare* (L.) Mears  
*Celosia argentea* L. var. *argentea*  
*Celosia argentea* L. var. *cristata* (L.) Kuntze  
*Celosia nitida* Vahl  
*Chamissoa altissima* (Jacq.) Kunth  
*Chenopodium ambrosioides* L.  
*Chenopodium murale* L.  
*Cyathula prostrata* (L.) Blume  
*Gomphrena globosa* L.  
*Gomphrena serrata* L.  
*Iresine angustifolia* Euphrasén  
*Iresine diffusa* Humb. & Bonpl. ex Willd.  
*Iresine herbstii* Hook.  
*Lithophila muscoides* Sw.  
*Pfaffia aurata* (Mart.) Borsch  
*Pfaffia iresinoides* (Kunth) Spreng.  
*Salicornia bigelovii* Torr.  
*Sarcocornia perennis* (Mill.) A.J. Scott

#### **Amaryllidaceae**

*Crinum asiaticum* L.  
*Crinum bulbispermum* (Burm. f.) Milne-Redh. & Schweick.  
*Crinum erubescens* Kunth  
*Crinum zeylanicum* (L.) L.  
*Eucharis amazonica* Linden ex Planch.  
*Habranthus tubispathus* (L'Hér.) Traub  
*Hippeastrum puniceum* (Lam.) Voss  
*Hymenocallis caribaea* (L.) Herb.  
*Hymenocallis fragrans* (Salisb.) Salisb.  
*Hymenocallis latifolia* (Mill.) M. Roem.  
*Hymenocallis ovata* Herb.  
*Hymenocallis speciosa* (L. f. ex Salisb.) Salisb.  
*Zephyranthes candida* (Lindl.) Herb.  
*Zephyranthes carinata* Herb.  
*Zephyranthes citrina* Baker  
*Zephyranthes puertoricensis* Traub.  
*Zephyranthes rosea* Lindl.

#### **Anacardiaceae**

*Anacardium occidentale* L.  
*Comocladia dodonaea* (L.) Urb.  
*Mangifera indica* L.  
*Metopium toxiferum* (L.) Krug & Urb.  
*Spondias dulcis* Parkinson  
*Spondias mombin* L.  
*Spondias purpurea* L.

#### **Annonaceae**

*Annona cherimola* Mill.  
*Annona glabra* L.  
*Annona montana* Macfad.  
*Annona muricata* L.  
*Annona reticulata* L.

*Annona squamosa* L.  
*Guatteria caribaea* Urb.  
*Oxandra laurifolia* (Sw.) A. Rich.  
*Rollinia mucosa* (Jacq.) Baill.  
*Unonopsis guatterioides* (A. DC.) R.E. Fries

### Apiaceae

*Anethum graveolens* L.  
*Centella asiatica* (L.) Urb.  
*Cyclospermum leptophyllum* (Pers.) Sprague ex Britton & P. Wilson  
*Eryngium foetidum* L.  
*Foeniculum vulgare* Mill.

### Apocynaceae

*Allamanda blanchetii* A. DC.  
*Allamanda cathartica* L.  
*Asclepias curassavica* L.  
*Asclepias physocarpa* (E. Mey.) Schltr.  
*Calotropis procera* (Aiton) W.T. Aiton  
*Cascabela thevetia* (L.) Lippold  
*Catharanthus roseus* (L.) G. Don  
*Cryptostegia grandiflora* R. Br.  
*Cryptostegia madagascariensis* Bojer ex Decne.  
*Echites umbellatus* Jacq. subsp. *umbellatus*  
*Funastrum clausum* (Jacq.) Schltr.  
*Gonolobus absalonensis* Krings  
*Gonolobus dussii* Krings  
*Gonolobus iyanolensis* Krings  
*Gonolobus martinicensis* Decne.  
*Gonolobus waitukubuliensis* Krings  
*Gonolobus youroumaynensis* Krings  
*Marsdenia dussii* Schltr.  
*Marsdenia macroglossa* Schltr.  
*Marsdenia macrophylla* (Humb. & Bompl.) E. Fourn.  
*Matelea denticulata* (Vahl) Fontella & E.A. Schwarz  
*Matelea hirsuta* (Vahl) Woodson  
*Matelea maritima* (Jacq.) Woodson  
*Metastelma barbadense* Schltr.  
*Metastelma broadwayi* (Schltr.) R.A. Howard  
*Metastelma decipiens* Schltr.  
*Metastelma martinicense* Schltr.  
*Metastelma parviflorum* (Sw.) R. Br. ex Schult.  
*Metastelma readii* Schltr.  
*Metastelma woodsonii* Acev.-Rodr.  
*Nerium oleander* L.  
*Odontadenia macrantha* (Roem. & Schult.) Markgr.  
*Pentalinon luteum* (L.) B.F. Hansen & Wunderlin  
*Plumeria alba* L.  
*Plumeria rubra* L.  
*Prestonia quinqueangularis* (Jacq.) Spreng.  
*Rauvolfia biauriculata* Müll. Arg.  
*Rauvolfia nitida* Jacq.  
*Rauvolfia tetraphylla* L.  
*Rauvolfia viridis* Willd. ex Roem. & Schult.  
*Rhabdadenia biflora* (Jacq.) Müll. Arg.  
*Tabernaemontana citrifolia* L.  
*Tabernaemontana pandacaqui* Lam.  
*Tylophora indica* Merr.

### Aquifoliaceae

*Ilex dioica* (Vahl) Griseb.  
*Ilex macfadyenii* (Walp.) Rehder subsp. *macfadyenii*  
*Ilex macfadyenii* (Walp.) Rehder subsp. *ovata* (Griseb.) Nicolson  
*Ilex nitida* (Vahl) Maxim. var. *nitida*  
*Ilex sideroxyloides* (Sw.) Griseb. subsp. *sideroxyloides*

### Araceae

*Alocasia cucullata* (Lour.) G. Don  
*Alocasia macrorrhizos* (L.) G. Don  
*Alocasia plumbea* Van Houtte  
*Anthurium acaule* (Jacq.) Schott  
*Anthurium andraeanum* Linden ex André  
*Anthurium cordatum* (L.) Schott  
*Anthurium dominicense* Schott  
*Anthurium gracile* (Rudge) Schott  
*Anthurium grandifolium* (Jacq.) Kunth  
*Anthurium hookeri* Kunth  
*Anthurium palmatum* (L.) Schott  
*Anthurium scandens* (Aubl.) Engl.  
*Anthurium willdenowii* Kunth  
*Caladium bicolor* (Aiton) Vent.  
*Colocasia esculenta* (L.) Schott  
*Dieffenbachia seguine* (Jacq.) Schott  
*Epipremnum pinnatum* (L.) Engl.  
*Epipremnum pinnatum* (L.) Engl. "cv" *aureum* Nicolson  
*Landoltia punctata* (G. Mey.) Les & D.J. Crawford  
*Lemna aequinoctialis* Welw.  
*Lemna minuta* Kunth  
*Lemna valdiviana* Phil.  
*Monstera adansonii* Schott  
*Montrichardia arborescens* (L.) Schott  
*Philodendron consanguineum* Schott  
*Philodendron dussii* Engl.  
*Philodendron giganteum* Schott  
*Philodendron hederaceum* (Jacq.) Schott  
*Philodendron lingulatum* (L.) K. Koch  
*Pistia stratiotes* L.  
*Spirodela polyrhiza* (L.) Schleid.  
*Syngonium podophyllum* Schott  
*Typhonium blumei* Nicolson & Sivard.  
*Typhonium trilobatum* (L.) Schott  
*Wolffiella lingulata* (Hegelm.) Hegelm.  
*Wolffiella welwitschii* (Hegelm.) Monod  
*Xanthosoma brasiliense* (Desf.) Engl.  
*Xanthosoma helleborifolium* (Jacq.) Schott  
*Xanthosoma sagittifolium* (L.) Schott  
*Xanthosoma undipes* (K. Koch & C.D. Bouché) K. Koch  
*Xanthosoma violaceum* Schott

### Araliaceae

*Hydrocotyle sibthorpioides* Lam.  
*Hydrocotyle umbellata* L.  
*Hydrocotyle verticillata* Thunb. var. *verticillata*  
*Oreopanax capitatus* (Jacq.) Decne. & Planch.  
*Oreopanax dussii* Krug & Urb. ex Duss  
*Oreopanax ramosissimum* A.C. Sm.  
*Schefflera attenuata* (Sw.) Frodin  
*Schefflera morototoni* (Aubl.) Maguire, Steyerl. & Frodin  
*Schefflera pubigera* (Brongn. ex Planch.) Frodin  
*Schefflera urbaniana* (Marchal) Frodin

### Areaceae

*Acrocomia aculeata* (Jacq.) Lodd. ex Mart.  
*Acrocomia media* O.F. Cook  
*Adonidia merrillii* (Becc.) Becc.  
*Aiphanes minima* (Gaertn.) Burret  
*Areca catechu* L.  
*Coccothrinax barbadensis* (Lodd. ex Mart.) Becc.  
*Cocos nucifera* L.  
*Desmoncus polyacanthos* Mart.  
*Dypsis lutescens* (H. Wendl.) Beentje & J. Dransf.

Euterpe broadwayi Becc. ex Broadway  
 Geonoma interrupta (Ruiz & Pav.) Mart.  
 Geonoma undata Klotzsch  
 Phoenix dactylifera L.  
 Phoenix reclinata Jacq.  
 Phoenix roebelenii O' Brien  
 Phoenix rupicola T. Anderson  
 Phoenix sylvestris (L.) Roxb.  
 Prestoea montana (R. Graham) G. Nicholson  
 Pseudophoenix sargentii H. Wendl. ex Sarg.  
 Ptychosperma macarthurii (H. Wendl. ex H.J. Veitch) H. Wendl. ex Hook. f.  
 Roystonea borinquena O.F. Cook  
 Roystonea oleracea O.F. Cook  
 Sabal causiarum (O.F. Cook) Becc.  
 Syagrus amara (Jacq.) Mart.  
 Thrinax morrisii H. Wendl.

### Aristolochiaceae

Aristolochia anguicida Jacq.  
 Aristolochia constricta Griseb.  
 Aristolochia elegans Mast.  
 Aristolochia grandiflora Sw.  
 Aristolochia maxima Jacq.  
 Aristolochia odoratissima L.  
 Aristolochia ringens Vahl  
 Aristolochia rugosa Lam.  
 Aristolochia trilobata L.

### Asparagaceae

Agave americana L.  
 Agave beauleriana Jacobi  
 Agave caribaicola Trel.  
 Agave karatto Mill.  
 Agave sisalana Perrine  
 Agave vivipara L.  
 Asparagus aethiopicus L.  
 Asparagus falcatus L.  
 Asparagus officinalis L.  
 Asparagus setaceus (Kunth) Jessop  
 Dracaena fragrans (L.) Ker Gawl.  
 Furcraea foetida (L.) Haw.  
 Furcraea tuberosa W.T. Aiton  
 Polianthes tuberosa L.  
 Sansevieria hyacinthoides (L.) Druce  
 Sansevieria trifasciata Prain  
 Yucca aloifolia L.  
 Yucca gloriosa L.

### Asteraceae

Acanthospermum australe (Loefl.) Kuntze  
 Acanthospermum hispidum A. DC.  
 Acmella brachyglossa Cass.  
 Acmella iodiscae (A.H. Moore) R.K. Jansen  
 Acmella oleracea (L.) R.K. Jansen  
 Acmella radicans (Jacq.) R.K. Jansen var. debilis (Kunth) R.K. Jansen  
 Acmella uliginosa (Sw.) Cass.  
 Adenostemma verbesina (L.) Sch. Bip.  
 Ageratum conyzoides L. subsp. conyzoides  
 Ambrosia hispida Pursh  
 Ambrosia peruviana Willd.  
 Austroepatorium inulifolium (Kunth) R.M. King & H. Rob.  
 Baccharis dioica Vahl  
 Baccharis nervosa DC.  
 Baccharis pedunculata (Mill.) Cabrera

Bidens alba (L.) DC. var. radiata (Sch. Bip.) R.E. Ballard  
 Bidens cynapiifolia Kunth  
 Bidens pilosa L. var. pilosa  
 Bidens reptans (L.) G. Don var. reptans  
 Borrchia arborescens (L.) DC.  
 Centratherum punctatum Cass.  
 Chaptalia nutans (L.) Pol.  
 Chromolaena corymbosa (Aubl.) R.M. King & H. Rob.  
 Chromolaena dussii (Urb.) R.M. King & H. Rob.  
 Chromolaena impatiolaris (Griseb.) Nicolson  
 Chromolaena integrifolia (Bertero ex Spreng.) R.M. King & H. Rob.  
 Chromolaena ivifolia (L.) R.M. King & H. Rob.  
 Chromolaena macrantha (Sw.) R.M. King & H. Rob.  
 Chromolaena macrodon (DC.) Nicolson  
 Chromolaena odorata (L.) R.M. King & H. Rob.  
 Chromolaena ossaeana (DC.) R.M. King & H. Rob.  
 Chromolaena sinuata (Lam.) R.M. King & H. Rob.  
 Chromolaena trigonocarpa (Griseb.) R.M. King & H. Rob.  
 Cichorium intybus L.  
 Cirsium mexicanum DC.  
 Clibadium erosum (Sw.) DC.  
 Clibadium terebinthinaceum (Sw.) DC.  
 Clibadium surinamense L.  
 Clibadium sylvestre (Aubl.) Baill.  
 Condylidium iresinoides (Kunth) R.M. King & H. Rob.  
 Conyza bonariensis (L.) Cronquist var. bonariensis  
 Conyza canadensis (L.) Cronquist var. canadensis  
 Conyza laevigata (Rich.) Pruski  
 Cosmos caudatus Kunth  
 Cosmos sulphureus Cav.  
 Critonia dominicensis R.M. King & H. Rob.  
 Critonia macropoda DC.  
 Cyanthillium cinereum (L.) H. Rob.  
 Dendrophorbium lucidum (Sw.) C. Jeffrey  
 Dyssodia tenuiloba (DC.) B.L. Rob.  
 Eclipta prostrata (L.) L.  
 Egletes florida Shinnars  
 Egletes prostrata (Sw.) Kuntze  
 Elephantopus mollis Kunth  
 Eleutheranthera ruderalis (Sw.) Sch. Bip.  
 Emilia coccinea (Sims) G. Don  
 Emilia fosbergii Nicolson  
 Emilia sonchifolia (L.) DC. var. sonchifolia  
 Epaltes brasiliensis DC.  
 Erechites hieraciifolius (L.) Raf. ex DC. var. hieraciifolius  
 Erechites valerianifolius (Link ex Spreng.) DC.  
 Erigeron karvinskianus DC.  
 Erigeron polycladus Urb.  
 Flaveria bidentis (L.) Kuntze

### Brassicaceae

Brassica juncea (L.) Czern. var. juncea  
 Brassica oleracea L. var. oleracea  
 Brassica rapa L.  
 Cakile lanceolata (Willd.) O.E. Schulz  
 Lepidium didymum L.  
 Lepidium sativum L.  
 Lepidium virginicum L.  
 Nasturtium officinale R. Br.  
 Raphanus sativus L.  
 Rorippa dubia (Pers.) H. Hara  
 Sinapis alba L.  
 Sinapis arvensis L.  
 Sisymbrium officinale (L.) Scop.

### Bromeliaceae

Aechmea flemingii H. Luther  
 Aechmea lingulata (L.) Baker  
 Aechmea reclinata Sastre & Brithmer  
 Aechmea serrata Mez  
 Aechmea smithiorum Mez var. longistipitata E. Gross  
 Aechmea smithiorum Mez var. smithiorum  
 Ananas comosus (L.) Merr.  
 Billbergia pyramidalis (Sims) Lindl.  
 Bromelia karatas L.  
 Bromelia pinguin L.  
 Catopsis floribunda L.B. Sm.  
 Catopsis sessiliflora (Ruiz & Pav.) Mez  
 Glomeropitcairnia penduliflora (Griseb.) Mez  
 Guzmania dussii Mez  
 Guzmania lingulata (L.) Mez var. concolor Proctor & Cedeño-Mald.  
 Guzmania megastachya (Baker) Mez  
 Guzmania plumieri (Griseb.) Mez  
 Mezobromelia capituligera (Griseb.) J.R. Grant  
 Pitcairnia angustifolia Sol. ex Aiton var. angustifolia  
 Pitcairnia angustifolia Sol. ex Aiton var. simplicior Proctor & Cedeño-Mald  
 Pitcairnia bifrons (Lindl.) Read  
 Pitcairnia micotrinensis Read  
 Pitcairnia spicata (Lam.) Mez  
 Pitcairnia sulphurea Andrews  
 Tillandsia antillana L.B. Sm.  
 Tillandsia bulbosa Hook.  
 Tillandsia didistichoides Mez  
 Tillandsia fasciculata Sw. var. fasciculata  
 Tillandsia flexuosa Sw.  
 Tillandsia polystachia (L.) L.  
 Tillandsia recurvata (L.) L.  
 Tillandsia tenuifolia L. var. tenuifolia  
 Tillandsia tenuifolia L. var. vaginata (Wawra) L.B. Sm.  
 Tillandsia usneoides (L.) L.  
 Tillandsia utriculata L.  
 Vriesea antillana L.B. Sm. & Pittendr.

Vriesea cowellii (Mez & Britton) L.B. Sm.  
 Vriesea guadelupensis (Baker) Mez  
 Vriesea ringens (Griseb.) Harms

### Brunelliaceae

Brunellia comocladifolia Humb. & Bonpl. subsp. guadalupensis  
 Cuatrec.

### Burmanniaceae

Apteria aphylla (Nutt.) Barnhart ex Small  
 Gymnosiphon niveus (Griseb.) Urb.  
 Gymnosiphon sphaerocarpus Urb.

### Burseraceae

Bursera simaruba (L.) Sarg.  
 Dacryodes excelsa Vahl  
 Protium attenuatum (Rose) Urb.  
 Protium guianense (Aubl.) Marchand  
 Tetragastris balsamifera (Sw.) Kuntze

### Buxaceae

Buxus laevigata (Sw.) Spreng.  
 Buxus subcolumnaris Müll. Arg.

### Cactaceae

Acanthocereus tetragonus (L.) Humm.  
 Cereus repandus (L.) Mill.  
 Consolea rubescens (Salm-Dyck ex DC.) Lem.  
 Hylocereus lemairei (Hook.) Britton & Rose  
 Hylocereus triangularis (L.) Britton & Rose  
 Hylocereus trigonus (Haw.) Saff.  
 Hylocereus undatus (Haw.) Britton & Rose subsp. luteocarpus Cáliz  
 Hylocereus undatus (Haw.) Britton & Rose subsp. undatus  
 Mammillaria mammillaris (L.) H. Karst.  
 Mammillaria nivosa Link ex Pfeiff.  
 Melocactus broadwayi (Britton & Rose) A. Berger  
 Melocactus intortus (Mill.) Urb. subsp. intortus  
 Nopalea cochenillifera (L.) Salm-Dyck  
 Opuntia antillana Britton & Rose  
 Opuntia caracassana Salm-Dyck  
 Opuntia x cubensis Britton & Rose  
 Opuntia curassavica (L.) Mill.  
 Opuntia dillenii (Ker Gawl.) Haw.  
 Opuntia elatior Mill.  
 Opuntia ficus-indica (L.) Mill.  
 Opuntia triacantha (Willd.) Sweet  
 Pereskia aculeata Mill.  
 Pereskia bleo (Kunth) DC.  
 Pereskia grandifolia Haw.  
 Pilosocereus royenii (L.) Byles & Rowley  
 Rhipsalis baccifera (J.S. Muell.) Stearn  
 Selenicereus grandiflorus (L.) Britton & Rose

### Calophyllaceae

Calophyllum antillanum Britton  
 Mamea americana L.  
 Marila racemosa Sw.

### Campanulaceae

Centropogon bertereanus (Spreng.) DC.  
 Centropogon cornutus (L.) Druce  
 Hippobroma longiflora (L.) G. Don  
 Lobelia brigittalis E.H.L. Krause  
 Lobelia cirsiifolia Lam.

*Lobelia cliffortiana* L. var. *cliffortiana*  
*Lobelia cliffortiana* L. var. *xalapensis* (Kunth) A. Gray  
*Lobelia conglobata* Lam.  
*Lobelia digitalifolia* (Griseb.) Urb.  
*Lobelia kraussii* Graham  
*Lobelia persicifolia* Lam.  
*Lobelia santa-luciae* Rendle  
*Lobelia stricta* Sw.

#### Canellaceae

*Canella winterana* (L.) Gaertn.

#### Cannabaceae

*Cannabis sativa* L.  
*Celtis iguanaea* (Jacq.) Sarg.  
*Trema lamarckianum* (Roem. & Schult.) Blume  
*Trema micranthum* (L.) Blume

#### Cannaceae

*Canna glauca* L.  
*Canna indica* L.

#### Capparaceae

*Capparidastrum frondosum* (Jacq.) Cornejo & Iltis  
*Crateva tapia* L.  
*Cynophalla amplissima* (Lam.) Iltis & Cornejo  
*Cynophalla flexuosa* (L.) L.J. Presl  
*Cynophalla hastata* (Jacq.) J. Presl  
*Morisonia americana* L.  
*Quadrella cynophallophora* (L.) Hutch.  
*Quadrella indica* (L.) Iltis & Cornejo  
*Quadrella odoratissima* (Jacq.) Hutch.

#### Caprifoliaceae

*Lonicera japonica* Thunb.

#### Caricaceae

*Carica papaya* L.

#### Caryophyllaceae

*Drymaria cordata* (L.) Willd. ex Roem. & Schult.  
*Stellaria media* (L.) Vill.

#### Casuarinaceae

*Casuarina equisetifolia* L.

#### Celastraceae

*Celastrus grenadensis* Urb.  
*Crossopetalum rhacoma* Crantz  
*Cuervea kappleriana* (Miq.) A.C. Sm.  
*Elaeodendron xylocarpum* (Vent.) DC.  
*Gyminda latifolia* (Sw.) Urb. subsp. *latifolia*  
*Hippocratea volubilis* L.  
*Maytenus grenadensis* Urb.  
*Maytenus guianensis* Klotzsch  
*Maytenus laevigata* (Vahl) Griseb. ex Eggers  
*Maytenus tetragona* Griseb.  
*Pristimera celastroides* (Kunth) A.C. Sm.  
*Schaefferia frutescens* Jacq.

#### Ceratophyllaceae

*Ceratophyllum demersum* L.

#### Chloranthaceae

*Hedyosmum arborescens* Sw.

#### Chrysobalanaceae

*Chrysobalanus cuspidatus* Griseb. ex Duss  
*Chrysobalanus icaco* L.  
*Hirtella paniculata* Sw.  
*Hirtella pendula* Sol. ex Lam.  
*Hirtella triandra* Sw.  
*Licania leucosepala* Griseb.  
*Licania pyrifolia* Griseb.  
*Licania ternatensis* Hook. f. ex Duss

#### Cleomaceae

*Arivela viscosa* (L.) Raf.  
*Cleome rutidosperma* DC.  
*Cleome stenophylla* Klotzsch  
*Cleoserrata serrata* (Jacq.) Iltis  
*Cleoserrata speciosa* (Raf.) Iltis  
*Gynandropsis gynandra* (L.) Briq.  
*Hemiscola aculeata* (L.) Raf.  
*Tarenaya spinosa* (Jacq.) Raf.

#### Clusiaceae

*Chrysochlamys caribaea* Urb.  
*Clusia major* L.  
*Clusia mangle* Rich. ex Planch. & Triana  
*Clusia minor* L.  
*Clusia plukenetii* Urb.  
*Clusia rosea* Jacq.  
*Garcinia humilis* (Vahl) C.D. Adams  
*Garcinia madruno* (Kunth) Hammel  
*Symphonia globulifera* L. f.  
*Tovomita plumieri* Griseb.

#### Combretaceae

*Buchenavia tetraphylla* (Aubl.) R.A. Howard  
*Bucida buceras* L.  
*Combretum indicum* (L.) DeFilipps  
*Conocarpus erectus* L. var. *erectus*  
*Conocarpus erectus* L. var. *sericeus* E. Forst. ex DC.  
*Laguncularia racemosa* (L.) Gaertn. f.  
*Terminalia catappa* L.  
*Terminalia microcarpa* Decne.

#### Commelinaceae

*Apoleia monandra* (Sw.) H.E. Moore  
*Callisia filiformis* (M. Martens & Galeotti) D.R. Hunt  
*Callisia fragrans* (Lindl.) Woodson  
*Callisia repens* (Jacq.) L.  
*Commelina benghalensis* L.  
*Commelina diffusa* Burm. f.  
*Commelina erecta* L. var. *erecta*  
*Commelina rufipes* Seub. var. *glabrata* (D.R. Hunt) Faden & D.R. Hunt  
*Cyanotis cristata* (L.) D. Don  
*Cyanotis cucullata* (Roth) Kunth  
*Dichorisandra hexandra* (Aubl.) Standl.  
*Gibasis geniculata* (Jacq.) Rohweder  
*Tinantia caribaea* Urb.  
*Tradescantia pallida* (Rose) D.R. Hunt  
*Tradescantia spathacea* Sw.  
*Tradescantia zebrina* Heynh. ex Bosse  
*Tripogandra serrulata* (Vahl) Handlos

#### Connaraceae

*Connarus grandifolius* Planch.  
*Rourea surinamensis* Miq.

 Polygonum acuminatum Kunth  
 Polygonum glabrum Willd.  
 Polygonum punctatum Elliott  
 Rumex crispus L.

**Pontederiaceae**

Eichhornia crassipes (Mart.) Solms  
 Heteranthera reniformis Ruiz & Pav.

**Portulacaceae**

Portulaca grandiflora Hook.  
 Portulaca halimoides L.  
 Portulaca oleracea L. subsp. oleracea  
 Portulaca pilosa L. f. pilosa  
 Portulaca quadrifida L.  
 Portulaca rubricaulis Kunth  
 Portulaca teretifolia Kunth subsp. teretifolia  
 Talinum fruticosum (L.) Juss.  
 Talinum paniculatum (Jacq.) Gaertn.

**Potamogetonaceae**

Potamogeton nodosus Poir.

**Primulaceae**

Ardisia crispa (Thunb.) A. DC.  
 Ardisia elliptica Thunb.  
 Ardisia escallonioides Schlttdl. & Cham.  
 Ardisia magdalenae Stehlé  
 Ardisia obovata Desv. ex Ham.  
 Bonellia macrocarpa (Cav.) B. Ståhl & Källersjö  
 Cybianthus antillanus (Mez) G. Agostini  
 Cybianthus dussii (Mez) G. Agostini  
 Cybianthus parasiticus (Sw.) Pipoly  
 Cybianthus rostratus (Hassk.) G. Agostini  
 Jacquinia aculeata (L.) Mez  
 Jacquinia arborea Vahl  
 Jacquinia armillaris Jacq.  
 Jacquinia berteroi Spreng.  
 Myrsine coriacea (Sw.) R. Br. ex Roem. & Schult.  
 Myrsine guianensis (Aubl.) Kuntze  
 Myrsine rolletii R.A. Howard  
 Myrsine trinitatis A. DC.  
 Parathesis crenulata (Vent.) Hook. f. ex Hemsl.  
 Stylogyne canaliculata (Lodd.) Mez  
 Stylogyne lateriflora (Sw.) Mez  
 Wallenia lamarckiana (A. DC.) Mez

**Proteaceae**

Grevillea banksii R. Br.  
 Grevillea robusta A. Cunn.

**Putranjivaceae**

Drypetes dussii Krug & Urb.

Drypetes glauca Vahl  
 Drypetes serrata (Maycock) Krug & Urb.  
 Putranjiva roxburghii Wall.

**Ranunculaceae**

Clematis guadeloupa Pers. var. guadeloupa

**Rhamnaceae**

Colubrina arborescens (Mill.) Sarg.  
 Colubrina asiatica (L.) Brongn.  
 Colubrina elliptica (Sw.) Brizicky  
 Gouania lupuloides (L.) Urb.  
 Gouania polygama (Jacq.) Urb.  
 Krugiodendron ferreum (Vahl) Urb.  
 Reynosia uncinata Urb.  
 Ziziphus mauritiana Lam.  
 Ziziphus reticulata (Vahl) DC.  
 Ziziphus rignonii Delponte

**Rhizophoraceae**

Cassipourea guianensis Aubl.  
 Rhizophora mangle L.

**Rosaceae**

Eriobotrya japonica (Thunb.) Lindl.  
 Potentilla anglica Laichard.  
 Prunus occidentalis Sw.  
 Prunus pleuradenia Griseb.  
 Rosa bracteata J.C. Wendl.  
 Rubus coronarius (Sims) Sweet  
 Rubus ferrugineus Wikstr.  
 Rubus rosifolius Sm.

**Rubiaceae**

Casasia clusiifolia (Jacq.) Urb. var. clusiifolia  
 Catesbaea melanocarpa Krug & Urb.  
 Catesbaea parviflora Sw.  
 Chimarrhis cymosa Jacq.  
 Chiococca alba (L.) Hitchc.  
 Chiococca micrantha J.R. Johnst.  
 Chione venosa (Sw.) Urb. var. venosa  
 Chomelia fasciculata (Sw.) Sw.  
 Coffea arabica L.  
 Coffea canephora Pierre ex A. Froehner  
 Coffea liberica Hiern. var. liberica  
 Diodella apiculata (Willd. ex Roem. & Schult.) Delprete  
 Diodia sarmentosa Sw.  
 Erithalis angustifolia DC.  
 Erithalis fruticosa L.  
 Erithalis odorifera Jacq.  
 Ernodea littoralis Sw.  
 Exostema caribaeum (Jacq.) Roem. & Schult.  
 Exostema sanctae-luciae (Kentish) Britten  
 Faramaea occidentalis (L.) A. Rich.  
 Galium aparine L.  
 Galium guadalupense (Spreng.) Govaerts  
 Galium hypocarpium (L.) Endl. ex Griseb. subsp. hypocarpium  
 Genipa americana L.  
 Geophila repens (L.) I.M. Johnst.

 Cupania americana L.  
 Cupania rubiginosa (Poir.) Radlk.  
 Cupania triquetra A. Rich.  
 Dodonaea viscosa Jacq. subsp. angustifolia (L. f.) J.G. West.  
 Dodonaea viscosa Jacq. subsp. viscosa  
 Dodonaea viscosa Jacq. subsp. elaeagnoides (Rudolphi ex Ledeb. & Adlerstam) Acev.-Rodr.  
 Exothea paniculata (Juss.) Radlk.  
 Hypelate trifoliata Sw.  
 Melicoccus bijugatus Jacq.  
 Paullinia barbadensis Jacq.  
 Paullinia cururu L.  
 Paullinia pinnata L.  
 Paullinia plumieri Triana & Planch.  
 Paullinia vespertilio Sw.  
 Sapindus saponaria L.  
 Urvillea ulmacea Kunth

### Sapotaceae

Chrysophyllum argenteum Jacq.  
 Chrysophyllum cainito L.  
 Chrysophyllum oliviforme L. subsp. oliviforme  
 Manilkara bidentata (A. DC.) A. Chev. subsp. bidentata  
 Manilkara bidentata (A. DC.) A. Chev. subsp. surinamensis (Miq.) T.D. Penn.  
 Manilkara zapota (L.) P. Royen  
 Micropholis crotonoides (Pierre) Pierre  
 Micropholis guyanensis (A. DC.) Pierre subsp. guyanensis  
 Mimusops elengi L.  
 Pouteria multiflora (A. DC.) Eyma  
 Pouteria pallida (C.F. Gaertn.) Baehni  
 Pouteria sapota (Jacq.) H.E. Moore & Stearn  
 Pouteria semecarpifolia Pierre  
 Sideroxylon cubense (Griseb.) T.D. Penn.  
 Sideroxylon foetidissimum Jacq.  
 Sideroxylon obovatum Lam.  
 Sideroxylon salicifolium (L.) Lam.

### Schlegeliaceae

Schlegelia axillaris Griseb.

### Schoepfiaceae

Schoepfia schreberi J.F. Gmel.

### Scrophulariaceae

Bontia daphnoides L.  
 Buddleja americana L.  
 Buddleja lindleyana Fortune  
 Capraria biflora L.

### Simaroubaceae

Castela erecta Turpin  
 Picrasma excelsa (Sw.) Planch.  
 Quassia amara L.  
 Simarouba amara Aubl.

### Siparunaceae

Siparuna glabrescens (C. Presl) A. DC.

### Smilacaceae

Smilax coriacea Spreng.  
 Smilax guianensis Vitman  
 Smilax mollis Humb. & Bonpl. ex Willd.  
 Smilax oblongata Sw.

### Solanaceae

Acnistus arborescens (L.) Schltld.  
 Browallia americana L.  
 Brugmansia suaveolens (Humb. & Bonpl. ex Willd.) Bercht. & C. Presl  
 Brunfelsia americana L.  
 Capsicum annum L.  
 Capsicum chinense Jacq.  
 Capsicum frutescens L.  
 Cestrum alternifolium (Jacq.) O.E. Schulz  
 Cestrum citrifolium Retz.  
 Cestrum diurnum L.  
 Cestrum latifolium Lam.  
 Cestrum macrophyllum Vent.  
 Cestrum megalophyllum Dunal  
 Cestrum nocturnum L.  
 Datura inoxia Mill.  
 Datura metel L.  
 Datura stramonium L.  
 Lycianthes pauciflora (Vahl) Bitter  
 Lycium americanum Jacq.  
 Nicotiana glauca Graham  
 Nicotiana tabacum L.  
 Physalis angulata L.  
 Physalis cordata Mill.  
 Physalis minima L.  
 Physalis philadelphica Lam.  
 Physalis pubescens L.  
 Solandra grandiflora Sw.  
 Solanum aethiopicum L.  
 Solanum agrarium Sendtn.  
 Solanum americanum Mill.  
 Solanum bahamense L.  
 Solanum bicolor Willd.  
 Solanum capsicoides All.  
 Solanum hazenii Britton  
 Solanum jamaicense Mill.  
 Solanum lanceifolium Jacq.  
 Solanum lycopersicum L.  
 Solanum mammosum L.  
 Solanum nigrescens M. Martens & Galeotti  
 Solanum nudum Humb. & Bonpl. ex Dunal  
 Solanum rugosum Dunal  
 Solanum seforthianum Andrews  
 Solanum sisymbriifolium Lam.  
 Solanum torvum Sw.  
 Solanum triste Jacq.  
 Solanum tuberosum L.  
 Solanum urens Dunal  
 Solanum wrightii Benth.

## REQUIREMENTS FOR SMITHSONIAN SERIES PUBLICATION

ALL MANUSCRIPTS ARE REVIEWED FOR ADHERENCE TO THE SISP MANUSCRIPT PREPARATION AND STYLE GUIDE FOR AUTHORS (available on the “Submissions” page at [www.scholarlypress.si.edu](http://www.scholarlypress.si.edu)). Manuscripts not in compliance will be returned to the author. Manuscripts intended for publication in the Contributions Series are evaluated by a content review board and undergo substantive peer review. Accepted manuscripts are submitted for funding approval and scheduling to the Publications Oversight Board.

MINIMUM MANUSCRIPT LENGTH is thirty manuscript pages. If a manuscript is longer than average, an appropriate length will be determined during peer review and evaluation by the Content Review Board. Authors may be asked to edit manuscripts that are determined to be too long.

TEXT must be prepared in a recent version of Microsoft Word; use a Times font in 12 point for regular text; be double spaced; and have 1” margins. Each chapter/section must be saved in a separate file.

REQUIRED ELEMENTS are title page, abstract page, table of contents, main text, and reference section. See the SISP Manuscript Preparation and Style Guide for Authors for the order of all elements.

HEADINGS should be styled so different levels of headings are distinct from each other and so the organization of the manuscript is clear. Insert one line space above and one line space below all headings.

FRONT MATTER should include title page, abstract page, and table of contents. All other sections are optional. Abstracts must not exceed 300 words. Table of contents should include A-, B-, and C-level headings.

TABLES (numbered, with captions, stubs, rules) should be submitted in separate MS Word files; should include footnotes, if appropriate; should have rules only at top, bottom, and beneath column heads. Print outs of each table should accompany the manuscript to ensure correct layout of data. Tabulations within running text should not be numbered or formatted like formal tables, and should be included in the text of the manuscript.

FIGURE CAPTIONS should be provided in a separate MS Word file.

FIGURES (e.g., photographs, line art, maps) should be numbered sequentially (1, 2, 3, etc.) in the order called out; be placed throughout text, not at end of manuscript; have all components of composites lettered with lowercase letters and described in the caption; include a scale bar or scale description, if appropriate; include any legends in or on the figure rather than in a caption.

ART must not be embedded in the main text.

Figures must be original and submitted as individual TIFF or EPS files. Resolution for art files must be at least 300 dpi for grayscale and color images and at least 1200 dpi for line art. Electronic images should measure no more than 100% and no less than 75% of final size when published. JPG files will not be accepted. Color images significantly increase costs so should be included only if required. Funding for color art is subject to approval by SISP and the Publications Oversight Board.

IN-TEXT REFERENCES should be used rather than bibliographic notes and should follow the author-date system in the following format: “(author last name, year)” or “. . . author (year)”; “(author, year:page used within the text)” or “. . . author (year:page).” A full citation should be included in a “References” section.

ENDNOTES are to be used in lieu of footnotes and should be keyed manually into a separate MS Word file, in a section titled “Notes”. Notes should not contain bibliographic information. Manually type superscript numerals in text and use full-sized numerals at the beginning of each note in the “Notes” section. SISP will determine the best placement of the notes section, either at the end of each chapter or at the end of the main text.

REFERENCES should be in alphabetical order, and in chronological order for same-author entries. Each reference should be cited at least once in main text. Complete bibliographic information must be included in all citations (e.g., author/editor, title, subtitle, edition, volume, issue, pages, figures). For books, place of publication and publisher are required. For journals, use the parentheses system for volume(number):page-ination [e.g., “10(2):5–9”]. Do not use “et al.”; all authors/editors should be included in reference citations. In titles, capitalize first word, last word, first word after colon, and all other words except articles, conjunctions, and prepositions. Examples of the most common types of citations are provided in the SISP Manuscript Preparation and Author Style Guide.

For questions regarding the guidelines, please email SISP at [schol.press@si.edu](mailto:schol.press@si.edu).
