

*Please, come and join us  
in the future event of all  
time.....*

We will be showing the new electric car that our inventors have put together. A team of architects, engineers as well as software programmers led by William Mitchell, former head of the school of architecture at the Massachusetts Institute of Technology (MIT), as part of his Smart Cities research group.

## **CITY CAR**

**Reinventing a NEW kind of Electric car for the future.....**

The City Car is a stackable electric two-passenger city vehicle that combine the best features of mass transit, car-sharing, and personal vehicles in a high-density high convenience system. These car will be econmonically and environmental friendly and it's stack and fold just like the grocery cart which save us room and space that we need.

***WHEN: JUNE 27, 2009***

*Any question about the event please  
contact:*

*Jane Doe (206) 123-4567  
(206)123-1234 fax*

*Come join us and have some refresh-  
ment while you're here enjoying the  
car show*

***WHERE: Kingdom Arena  
1234 James Street  
Seattle WA, 98103***
