49th Year No. 25

RIVERTON—PALMYRA, N. J., THURSDAY, JULY 7, 1938

PRICE FIVE CENTS

PRIZES AWARDED AFTER PARADE

**Work of Judges Difficult Due
To Large Number of
Those Entered**

Immediately following the parade, the judges of the children's section met at the home of Maurice Belknap, River bank, where the various awards were made to the successful contestants.

Mrs. Robert E. Gowell, chairman of the committee, stated the work of the judges was especially difficult this year, due to the fact that the number of the entries was much larger than in the past.

Boy's Bicycles

First, Arthur Hoyt; second, Billy Lutz; third, Jack Carhart.

Girl's Bicycles

First, Phyllis Van Bibber; second, Ann Atlee; third, Gweldolyn Ransom.

Wagons

First, Nancy Jane Gorman; second, Rosemary Neff.

Baby Coaches

First, Connie and Barbara Stewart; second, Jimmie Wagner.

Pushing Coach

First, Valerie Dey; second Joan Watson.

Velocipedes

Girls—First, Jane Major; second, Phyllis Bowers. Boys—First, Dewees Showell; second, Chester Beach.

Miscellaneous

Best Patriotic—Clarence Bell; most attractive, Stella Gonteski; most original, Thomas Swayne; best comic, Lewis Bell.

Record Crowd For Fireworks

All records for attendance at the fireworks display, at Riverton, were broken this year, according to local authorities, the crowd being estimated at over 15,000 and the number of autos between 3,500 and 4,000.

The throng arrived early in the evening and, before dusk, all streets leading to the river were solid with cars, on both sides, as far south as Fifth. This situation existed also on the cross streets, Second being filled as far west as Morgan avenue.

Despite the tremendous jam, the police kept things moving as rapidly as possible after the display was over and the greater number of the cars had moved to their destinations shortly after 10 o'clock.

At one time, there was a solid line of machines that extended between the Riverton and Palmyra railroad stations.

Judging from the license plates on the cars, Riverton was the rendezvous for motorists from all over South Jersey.

HEAVY TRAFFIC ON BRIDGE ROAD

During one hour, on Monday evening, 1,750 northbound cars passed the traffic booth at S-41 and River road, according to C. Morris Beck, chief of the Palmyra police.

No records at the bridge were broken during the day, since practically all of the traffic developed during the evening, there being comparatively few southbound autos during the day.

The heavy flow continued through Tuesday morning, there being a steady line of Pennsylvania cars going over the bridge until after noon.

PICTURES OF THE LOCAL
FOURTH OF JULY CELEBRATION
ON PAGE 2 OF THIS
ISSUE.

SPARKS SET ROOF ON FIRE MONDAY

Sparks, evidently from the fire-works display at the river bank, started a fire on the roof of the old Bioren property, Main street, below Third, shortly before 10 o'clock, on Monday evening.

Despite the fact that all local streets were clogged with cars returning from the river, the Riverton Fire Department made a quick run to the scene and soon extinguished the blaze with a chemical line.

The residence has been closed for a number of years, with all windows and doors tightly shuttered.

MAYFIELD NEW ROTARY LEADER

**Succeeds Eugene Hargett as
President of Palmyra
Riverton Club**

Thursday, June 30, marked the end of the Rotary year and Eugene Hargett's term as president of the local club. With appropriate remarks, he turned over the gavel to Clifton P. Mayfield, who succeeds him in office. Joseph S. Low presented Mr. Hargett with a past-president's badge, as a token of the club's appreciation for his constructive services during the year.

Under his leadership there has been a notable increase in the activities of the organization, as well as a continuation of the good fellowship which has always prevailed.

Plans for Year

After the induction ceremonies, Mr. Mayfield spoke briefly regarding plans for the ensuing year. It is his desire to emphasize the prime purposes of Rotary, that combine to make up the mental concept of service. Service, in the Rotary sense, Mr. Mayfield believes, is a growth from relationships within a club, to a purposeful working with and for other people towards general community betterment.

Seel Complimented

Both Mr. Hargett and Mr. Mayfield spoke very highly of the services of Joseph G. Seel, for many years club secretary. His mastery of detail and wide knowledge of Rotary procedures smoothed the path for each succeeding president.

The club suffered a distinct loss when Ross E. Mattis, treasurer for twelve years, resigned. Mr. Mattis is now in business in Atlantic City, and has become affiliated with Rotary there. During the depths of the depression Mr. Mattis kept the Palmyra-Riverton club in good financial shape, and was instrumental in procuring funds for the many activities of the organization.

The complete list of officers for 1938-39 is as follows: president, Clifton P. Mayfield; vice president, Nathan Lane; secretary, Joseph G. Seel; treasurer, Howard B. Conover. Members of the board are Charles S. Stickney and Robert G. Adams.

INITIAL BAND CONCERT JULY 8

The following is the program to be given at a concert by the Mercer County Band of the W.P.A., Mr. Mark Swetland, conductor, in the Grove, Palmyra, on July 8th, at 7:30 p.m.

March Amparito Roca, Texidor.
Overture William Tell, Rossini.
Waltz: Gold and Silver, Lehar.
Trumpet Solo, A Dream, Bartlett, played by Mr. James Esposti.
First Movement: Unfinished Symphony, Schubert.

Intermission.
Selections from Robin Hood, DeKoven.
Two Serenades, Herbert.
Springtime in Chinatown, Renton.
Novelty: Comin' round the mountain, Fillmore.

Czardas: The ghost of the Warrior, Grossman.

DUNLAP ANCHORS BELOW RIVERTON

**Shallow Water Forces Visiting
Destroyer from Mooring
Opposite Riverton**

Much to the disappointment of the local citizenry, the U.S.S. Dunlap, one of Uncle Sam's newest destroyers, assigned to Riverton for the Fourth of July celebration, was compelled to anchor just below the Tacony-Palmyra bridge, because of insufficient water opposite the local shore.

Soundings along the river were made on Thursday afternoon of last week and these revealed the fact that the 350-foot craft would be unable to approach nearer to Riverton than the mooring finally selected. Shoals were located which convinced Lieutenant Commander Rockwell J. Townshend that closer berth would endanger his ship.

Many Visitors

Despite this fact, hundreds of people were able to secure a close view of the boat and go aboard, since navy launches shuttled back and forth from the pier of the Riverton Yacht Club, between the hours of 1 and 5, on Sunday and Monday afternoons. In addition, many others made the trip by private craft.

Although moored below Riverton, all shore parties were brought here and no visitors were received from any other points.

In Saturday

Shortly after 8 o'clock, Saturday morning, the trim craft was observed coming to its anchorage, the vessel, which is painted the usual navy gray, being barely discernible against the Philadelphia shore in the morning haze.

Commander Townshend came ashore about an hour later, paying an official call on Mayor H. McIlvain Biddle, of Riverton.

The Mayor, together with the members of the borough council were received on board the Dunlap at 1 o'clock of the same day.

The officers were entertained by council at dinner, on Monday evening, the affair taking place at the Riverton Country Club. The officers were also given courtesy cards at the club during their stay here.

Naval Aspect

The enlisted men were entertained by the Riverton Fire Company, while the boat was stationed here.

During the weekend, local streets took on the aspect of a naval port, with the blue uniforms of the Dunlap's crew being very much in evidence.

The destroyer hauled anchor Tuesday morning, going down river, concluding a visit that was enjoyed by local residents and the personnel of the craft.

PROGRAM COVER IS YACHT CLUB EMBLEM

The design of Riverton's Fourth of July program is a reproduction of the flag of the Riverton Yacht Club.

Programs similar to this were used on Independence Day for a number of years, when the yacht club had an elaborate schedule of events for the day.

Daniel M. Clifton, borough clerk of Riverton, has a collection of these old programs that includes practically every one that was ever printed.

VOTE ON DISSOLUTION OF LUTHERAN CHURCH

A meeting of all the members of the First Lutheran Church of Palmyra and Riverton has been called for July 24, when they will vote on whether or not the church should be dissolved.

This announcement was made recently by Louis Bettinger, secretary of the church.

FINE JULY FOURTH PROGRAM HELD IN RIVERTON ATTRACTS THOUSANDS

**ALLOTMENT FOR
NEW POST OFFICE**

Mrs. Mervil E. Haas, Riverton Postmaster, received a telegram last week from Senator William H. Smathers to the effect that the sum of \$81,000 had been allotted for a new post office here.

Other than this wire, Mrs. Haas had received no further information as late as Wednesday afternoon.

The new structure is one of three in South Jersey for which construction has been approved and appropriations made.

EMERGENCY NOTE IS VOTED DOWN

**Measure to Provide \$35,000 for
Highways Washed Out
Recently Defeated**

By registering "not voting," Walter D. Lamon, director of the Burlington County Board of Freeholders, aided in defeating a resolution authorizing the issuance of a \$35,000 emergency note to provide for the reconstruction of county roads and bridges that were washed out during the storm last week.

The affair was brought up at a recessed meeting of the board held last week. Freeholders Stout and Church voted for the measure, while Palmer L. Adams decided in the negative. Albert C. Jones, the fifth member of the county governing body was unable to be present.

Offered by Church

The proposal was drafted by Freeholder LeRoy Church, director of bridges, who was seeking \$20,000 for rehabilitation work in his department, with the remainder of the sum intended for road reconstruction. Before the matter was brought up Church reported a total of 47 bridges and culverts washed out as a result of unprecedented rains that fell in South Jersey on the first three days of this week.

It was apparent that Director Lamon objected not to the sum asked by Church but rather to the \$15,000 sought by the road department. He indicated that in comparing the loss suffered by the two departments, he thought Stout was asking for a too large proportion of the appropriation requested.

Adams' Stand

Palmer L. Adams fought stubbornly against the resolution, reiterating that it was unnecessary because "we have been faced with similar situations before."

Adams contended that sufficient appropriations created in the 1938 budget, remained for the "emergency" work, pointing out that as of June 30, there is a balance of \$182,841 in the road department, and \$46,750.50 for bridges. "That is more than adequate to mend the damage," he said, "and I strenuously object to any borrowing."

Damage

The most serious damage done to roads and bridges in the county was the destruction at Bordentown, on the Georgetown road, where a brick culvert close to the Bordentown golf course was completely erased, huge pieces of mortar-caked stone having been carried as far as 75 yards away. According to Road Supervisor Louis A. McFarland, the road is still barricaded to motor traffic and "will continue to be throughout the summer, if something isn't done in the way of repair work very soon." For repair work on that one structure alone, Engineer F. Littell Branin said it would cost roughly in the neighborhood of \$6,500. In describing the condition there, Freeholder Church said "there is a hole big enough there for a house."

**Parade Is One of Largest
Ever Held Here on
Independence Day**

**MANY EVENTS FROM
MORNING TO NIGHT**

**Perfect Weather Aids in Carrying
Out Various Events; Large
Children's Section**

Azure blue skies, combined with a brisk breeze and moderate temperature all contributed to one of the most successful Fourth of July celebrations ever held in Riverton, on Monday of this week.

From early in the morning until late at night, the program of festivities was carried out for the enjoyment of thousands of residents and visitors, the various events being conducted in an efficient manner that was the subject of much commendation from the large number of people that were present.

Parade Highlight

The morning parade was one of the main features of the day, with several hundred marching to the music of a number of drum and bugle corps.

A crowd estimated at over 5,000 lined the route of the procession and gathered at the river bank for the exercises that followed.

First in line was the Bristol Junior American Legion Drum and Bugle Corps, with a contingent of 70 members clad in orange and gray. This unit performed in its usual manner that has earned it the reputation of being one of the crack corps of the east.

Mayor and Council

Mayor H. McIlvain Biddle headed
(continued on page 3)

Variety Show Well Attended

The variety show held in the Grove, Palmyra, on the afternoon of Independence Day, was attended by a crowd that filled the park to capacity.

The program included a number of fine acts that received the unstinted applause of those in attendance.

Included among the numbers were the following: dog show, a clay modeler, who fashioned the faces of many well-known men and several of those in the audience, a cowboy lariat-throwing expert, and last, but not least, a magician and ventriloquist that held the audience spell-bound with his mystifying feats.

Ice cream was served to the younger generation, at the conclusion of the performance.

BARTLEY SPEAKS TO LOCAL LEAGUE

"Opportunities of Young People in Politics" Theme of Address Here

Robert Bartley, former Palmyra high school athlete, and Dickinson law student gave an inspiring address before the Burlington County Republican League of Palmyra and Riverton on last Thursday evening in Society Hall, Palmyra.

Bartley, talking before 100 members and friends on the subject, "Opportunities of Young People in Politics," compared the working of politics ten years ago and the present-day methods. The law student cited need in party politics of cleaning up and renovating and urged proper legislation covering slums, transportation, taxation and labor.

Urge to Youth

Urging that "youth should assert itself dogmatically regarding party principles," Bartley stated that young people, with proper organization, should study candidates and analyze their platforms in order to elect the right man for the greatest number of citizens.

Citing Pennsylvania politics and a small county of the Keystone state Bartley charged that it was infested with political drones and duplicity in the administration of government. "Politicians today can't not short-change youth," charged the law student. "Every high school student knows the workings of the government today." He divided persons associated with politics into four divisions—"job-hunters," "job-buyers," "idealists," and "adventurers." Climaxing his address Bartley advised that both parties should

be renovated and the political debris removed before either could progress.

Other Speakers

Other speakers included, Mayor John F. Ward, of Palmyra, County Solicitor Christopher N. Peditto, Ex-Mayor George N. Wimer, Louis MacFarland, County Supervisor of Highways, Nelson G. Myers, president of the Mount Holly group of the County League and former mayor or Director of the Board of Chosen Freeholders, Walter D. Lamont.

Wesley L. Hemphill, of Riverton, presided at the meeting.

An interesting moving picture program was presented entitled, "A Safari on Wheels."

Refreshments were served.

APGAR—EVANS

Mr. and Mrs. Ross S. Evans, of 613 Thomas avenue, Riverton, announce the marriage of their daughter, Miss Naomi Evans, to Clayton W. Apgar, son of Mr. and Mrs. Willard N. Apgar, of Dunellen, which took place Monday, July 4, in Christ Episcopal Church, Riverton.

The ceremony, at 11 o'clock, was performed by the Rev. Francis B. Downs, rector of the church.

Miss Natalie H. Evans was her sister's maid of honor and Leon Shaffer, of Woodbury, was best man.

Following the ceremony, a small reception was held at the Wilshire House, Haddonfield.

After a brief honeymoon at Cape May, Mr. and Mrs. Apgar will reside at 112 North Broad street, Woodbury.

Women are barred as deacons in the Church of England.

A complete set of office furniture of glass has been made for a maharajah of India.

CELEBRATES BIRTHDAY WITH PARTY AND CIRCUS

George Hooper, of Thomas avenue, was the guest of honor at a novel birthday party last Wednesday afternoon when he celebrated his seventh anniversary.

The party took the form of a circus and started with a parade around the block, the children having coaches, wagons, tricycles and other vehicles attractively decorated.

Circus games were the order of the day, with ticket windows for each game and stands where pink refreshments were on sale, to be purchased with paper money which had been provided at the beginning of the afternoon.

There was a fish pond at which all the children received prizes as well as prizes for the various games.

The birthday cake resembled a merry-go-round, decorated with animal crackers.

The guests were Peter Evert, Michael Crowell, Bobby and Barbara Stewart, Jean and Phyllis Swaine, Ronald Flynn, Joan DeCoursey, Carr Jessup, Leon Vogt and Virginia Hooper.

The guest of honor is the son of Mr. and Mrs. Richard Hooper, of 416 Thomas avenue.

COMMENT

Local police officers breathed a sigh of relief as the Fourth came to an end. Riverton has its problem with the crowd during the day and especially after the fireworks display. Palmyra experienced a tremendous rush during the evening as the homeward bound multitudes passed along S-41 on their way to the Tacony-Palmyra bridge, while Route 25, in Cinnaminson was heavily travelled during the entire day.

The sailors of the U.S.S. Dunlap added much to the color of the local celebration and their departure was viewed with genuine regret on the part of many. Their excellent conduct here left nothing to be desired. Judging from their appearance, this branch of the armed forces of the United States is composed of a fine crowd of clean-cut men.

Residents who decided to spend the Fourth elsewhere missed one of the finest days that Riverton has ever experienced. In addition to every one having a good time, most important of all, there were no accidents.

The famed Cleopatra of history was considerably past forty when she bewitched her Antony.

Eighteen of the twenty-five principal countries in the world have granted theoretical full suffrage to women.

CINNAMINSON P.T.A.

The first of a series of covered dish luncheons, sponsored by the Cinnaminson P.T.A., to benefit the general treasury, was held on Thursday, June 30, at the home of Mrs. Conrad Friday, Highland avenue, with twenty-four ladies present. Cards and other games followed the luncheon.

The next luncheon is scheduled for Thursday, July 21st, at 1 p.m., at the home of Mrs. Lester Steele, Burlington Pike. The fee is a covered dish and twenty-five cents, and anyone interested in this cause is invited to attend.

Rhubarb was once used only as a decoration.

Life is not so short but that there is always room for courtesy.—Emerson.

FINE PROGRAM HERE ON FOURTH

(continued from page 1)

the members of Riverton Borough council and Rev. Francis B. Downs, pastor of Christ Church, Episcopal, of Riverton.

They were followed by a detachment of sailors from the U.S.S. Dunlap, under the command of Ensign W. E. Lewis.

Delanco Fire Company led the contingent of firemen, having one piece of apparatus and a large delegation.

The Parry Fire Company was headed by Troop 21, Boy Scouts and had one piece of equipment, with a goodly contingent.

The fancy dress section of the Parry outfit attracted considerable attention, particularly Pop-Eye.

Palmyra Represented

Independence Fire Company No. 1, of Palmyra had a fine turnout of uniformed members, with three pieces of equipment and the ambulance in line. George N. Wimer, one of the pioneers of the company rode on the first truck.

Riverside Fire Company's section was headed by a uniformed girl's patrol and the drum and bugle corps of the St. Peter's Cadets, in white regalia.

Sixty musicians composed the roster of the George L. Imhoff Corps. This fast-stepping aggregation, clad in red and blue made a fine appearance.

Next in line was the city service truck from Middletown township. This outfit was brought here by the courtesy of the firemen of that community for exhibition, being the same type of equipment that Riverton may acquire in the near future.

Riverton Firemen

The Riverton firemen turned out in full force and headed the two pumpers that are used by that company.

The drum and bugle corps of Post Frederick M. Rodgers, of Palmyra, headed the children's section and the members were accorded hearty applause along the entire line of march.

The children's section was one of the largest ever seen here, with hundreds carrying flags, scores of splendidly decorated bicycles, baby coaches, velocipedes, etc., and many more in fancy and patriotic costumes.

Address

The Howard C. McCall Junior Drum and Bugle Corps, resplendent in uniforms of blue and gray brought up the rear of the procession. This organization had over 70 in line, including two girl drum majors, who twirled two batons with the greatest of ease.

Upon arrival at the river bank, the various units were drawn up in review for the exercises. These were opened by Rev. Downs who gave the invocation. Following this, Mayor Biddle gave a brief address, his message being as follows:

Fellow citizens, friends and our guest of honor, Captain Townsend,

Again we meet in the celebration of the birth of our Nation, and it not only affords me pleasure, but a great deal of happiness to greet you and help you enjoy this Independence Day.

July 4th has been for generations the most important and foremost National Holiday; intended not only to celebrate the emergence of our country from the dependent position of a colonial possession into the family of nations of the world, but to commemorate the struggle and sacrifices of that band of patriots who did not hesitate to risk "their lives, their fortunes and their sacred honor" that the land might be freed from foreign oppression.

Seven Long Years

In the accomplishment of this heroic aim, these patriots endured a bloody war for seven long years against overwhelming odds, during which neither cold, hunger, nor death could stop the progress of their purpose, which resulted in the freedom of these United States.

With the Revolutionary War over, these same patriots met in solemn conclave which produced the first written Constitution of the world ever seen.

This document outlined a form of government with distinct functions

given to the three elements: Executive, headed by the President; Legislative, in the form of the two houses of Congress, and the Judicial, which is represented by the Supreme Court.

Under the wisdom of this written Constitution, Our Country progressed to the position of the greatest nation in the world with a prosperity to its citizens entirely unknown to other nations.

Past vs. Present

Very recently there has arisen within our borders an element of our population who would so alter our Constitution that our form of government would be unrecognizable, by conferring power on one man of the Executive branch. The wisdom of our forefathers purposefully left that power in the hands of Congress with the very wholesome check by an independent Supreme Court.

Our forefathers wanted no one man Government, and we want none now.

With dictatorships so much in vogue in Europe with their insatiable thirst for increasing power, I think we should be very grateful to our ancestors deemed necessary for us, and for a country that confers so much, yet demands so little of its citizens. Therefore, I think we should fight for that freedom which our ancestors deemed necessary for our happiness, and through the years made us a people envied by all other nations.

Does not the situation today call again for the patriotism of every citizen to repulse and repel this insidious enemy to our freedom which has arisen with our borders.

People Must Unite

I take the opportunity offered in this Fourth of July celebration to urge all citizens who have the glory and welfare of their country at heart to unite in keeping the United States flag the symbol of glorious principles of Government by the people and freedom of the individual to conduct his life and affairs without interference of would-be dictators, whose personal ambitions for power would end in reducing this great country to a pitiful condition of economic disaster.

I would like to say a few words about the program we have arranged for the day. You have just witnessed another one of the parades of our younger generation; our fire company and visiting ones; and other civic organizations, to which I want to express my appreciation for their cooperation.

Following this program we will have games for the children; boat racing that can be seen from the pier of the Riverton Yacht Club and the Bank. At 1:30 a soft ball game has been planned between the team from the destroyer, the U. S. S. Dunlap, and Riverton, held at Memorial Park. After the game there will be drills by several drum and bugle corps, which I recommend to all as most spectacular, followed by a ball game.

At this point I want to call your special attention to the U. S. S. Dunlap, a destroyer of the United States Navy, which we have the honor of having with us, as the result of efforts on the part of our Honorable D. Lane Powers, member of the House of Representatives, to whom we owe a debt of gratitude, and we extend our thanks to Congressman Powers for obtaining the ship to augment our program of the day.

It is now my pleasure to wish you one and all a joyous day.

Remain at River

The formal program of the river was concluded at the conclusion of Mayor Biddle's remarks, but a large number of people remained to watch the sailing races at the Riverton Yacht Club, where a large number of craft competed for honors in several classes.

Visiting firemen and the sailors from the Dunlap were entertained by the Riverton firemen, who held open house all day.

The prize winners in the children's section are listed in another section of this week's issue of The New Era.

The events in the afternoon opened with a softball game between the Riverton Fire Company and the outfit from the U.S.S. Dunlap. At the same time, the athletic events were also run off, at Memorial Park, under the supervision of a committee headed by Dr. J. Rowland Dey. The

PLANTS FOR YOUR GARDEN

By A. C. McLean Extension Service, N. J. College of Agriculture

For Yellow in the Garden

Plants of considerable interest that emphasize sunny yellow tones in the garden are the lupin-like Thermopsis. They are now in bloom and are native to the southern and western parts of the United States and also to Asia. Thermopsis usually attain a height of three to five feet, bearing spikes of yellow, pea-shaped flowers very similar to those of the lupin, and they are more adaptable and more easily grown under the climatic conditions of this area than the plant which they resemble.

Best Known

The various species look very much alike, but Thermopsis caroliniana is probably the best known. Practically the only noticeable difference in the species is a slight variation in the size of the flowers and in the height of the plants, although it is possible to obtain different colors, too. T. Montana, from the west coast, is quite short; the Siberian species ranges in height between T. Montana and other native species.

Thermopsis sown from seed in the fall will bloom in the spring of the second year. Seed sown in the summer is not apt to germinate well, for it is usually covered with a hard shell. The plant is leguminous, and if the roots do not have nodules they should be well covered with soil taken from lupins or similar plants in order to provide the desirable inoculation.

winners are given in a separate account.

Following this, the three junior drum and bugle corps staged an exhibition drill to the enjoyment of several thousand spectators that filled every available inch of space within the spacious confines of the park.

Splendid Sight

As each corps went through its perfectly executed maneuvers, to the accompaniment of stirring music, the spectacle moved the huge throng to spontaneous applause for the exceptional performance of each unit.

Colorful in the extreme, the sight was one which cannot be adequately described, but must be actually seen, in order to be fully appreciated.

The Bristol Corps, in particular, was exceptionally fine, the music and marching being the finest that has ever been witnessed here, according to the opinion of many. The all girl color guard of this unit was one of its features.

The program of the afternoon was brought to a conclusion by two baseball games.

Events in Evening

The evening events opened with a series of tilting contests at the Riverton Yacht Club, followed by fireworks. The display this year consisted mainly of aerial bombs in order that a greater portion of the crowd could view the pyrotechnics.

Congratulations!

Another Fourth of July has passed into history and, once again, Riverton celebrated the occasion with a splendid program that was of interest to young and old. From the morning parade until the fireworks, in the evening, event followed event in rapid succession and according to schedule.

To Councillman Robert W. Knight, chairman of the local committee and his assistants, we extend our sincere congratulations for the planning and execution of one of the finest programs in the history of Riverton.

As a matter of fact, Fourth of July celebrations during the past two years have done much to re-establish Riverton as the outstanding community in South Jersey in the matter of a fitting observance of Independence Day.

Don't Take It For Granted

The average person takes railroad service for granted because he has always been able to get it when he wanted it. He can't conceive that anything could happen to the railroads that would interfere with the service he is used to.

He will use motor transportation over publicly built highways; he will use boat transportation favored with publicly built and maintained facilities; he will use airplane transportation that depends for terminal facilities upon publicly built airports, and he will enjoy the public highways in his private automobile—but, when storms block the roads; when fogs stop the airplanes, and when inland waterways and steamship lines are tied up, he turns to the railroads for transportation as naturally as he puts his window up at night for ventilation.

The fact that the railroads' existence is threatened by every known form of subsidized and unregulated transportation never enters his head. He overlooks the fact that, unlike their competitors, the railroads are so stringently regulated in every phase of their activity, even to the management of their properties, that the only thing they are left free to do without restriction, is to pay their enormous tax bills to city, county, state and federal governments.

It's high time the average citizen and worker not only thought about the railroad situation, but demanded that practical relief be given them, and that the destructive type of one-sided regulation to which they have been subjected, be changed to more honest and fair methods.

What Other Editors Say

Senator Minton of Indiana says he will not push his press censorship bill. He only offered it, he says, to get attention for his criticism of the newspapers.

If the Senator likes the sort of public attention he gained by his queer bill, then he does not know any distinction between notoriety and fame.

It is always possible to attract attention, if one doesn't mind making himself ridiculous. The Senator could get a large if not an admiring audience by walking down Pennsylvania avenue with his coat on wrong side out.—Minneapolis Journal.

Saddest of all, as it turns out, is the fact that Jackie Coogan piled up all those millions without even a social security number.—Detroit News.

A reader with a fine sense of the fitness of words thinks it should be referred to as "slump-priming."—Ohio State Journal.

A political commentator says: "One favorable feature of the Iowa voting is that it might influence Washington brain trusters to leave politics to the practical politicians."

But nothing has yet been able to influence the Washington brain trusters to leave business to the practical businessmen.

MIRKIL—THOMASSON

Dr. and Mrs. William Van Pelt Garretson, of New York, announce the marriage of their niece, Mrs. Ruth Richmond Thomasson to Mr. William Irwin Mirkil, on Thursday, June 30th, 1938, at the residence of Mr. and Mrs. George deBenneville Keim, "Gable Hall," Edgewater Park, New Jersey.

Mrs. Mirkil was formerly Ruth Richmond, the daughter of Mr. and Mrs. Edward Gould Richmond, of Chattanooga, Tennessee, and the granddaughter of Dean Richmond, of Cramerey Park, New York City, and Batavia, New York, the founder and First President of the New York Central Railroad. The late Dean Richmond, of New York City, was a brother of Mrs. Mirkil.

Mrs. Mirkil is a member of the Colonial Dames of America, the Society of Mayflower Descendants, and Junior League.

Mr. William Irwin Mirkil is a son of Mr. I. Hazleton Mirkil, a prominent Philadelphia attorney, and a nephew of the Honorable William I. Schaffer, Justice of the Supreme Court of Pennsylvania. Mr. Mirkil is president of the William I. Mirkil Company, one of the large real estate organizations in Philadelphia.

Mr. Mirkil is a graduate of the University of Pennsylvania, a member of the Mask and Wig Club, and the Phi Kappa Psi Fraternity.

Mr. Mirkil's clubs are the Racquet Club, Radnor Hunt Club, Philadelphia Country Club, University of Pennsylvania Varsity Club, Colonial Society of Pennsylvania, Military Order of Foreign Wars of the United States, Pennsylvania Society Sons of the Revolution, and the Military Order of the Loyal Legion of the United States.

Mr. Mirkil served with distinction in France during the World War as First Lieutenant of the United States Army.

After September 1st, Mr. and Mrs. Mirkil will be at home at Meadow Lane Farm, Malvern, Pennsylvania.

Wesleyan Men's Bible Class

The address last Sunday morning was given by one of our own members. If there were those present who at times have had a faltering faith, they must have been greatly strengthened to meet the many tomorrows because Wilson Aydelott's message was one of sincerity that came from the heart.

Next Sunday Dr. Bickerton will talk to the men. Surely we will want to have as many in attendance as last Sunday, which was 70. Don't you think we owe this to Dr. Bickerton? We will be looking for you at 9.50 o'clock.

"Y" DRIVE NETS SUM OF \$1666

The Y.M.C.A. here has just cause to be pleased with the results to date in the recent finance campaign returns, according to Richard M. Woodward, who headed the organization of some sixty workers. Mr. Woodward reports 499 subscriptions, totalling \$1666.75, of which \$1542.75 is in cash. The Palmyra-Riverton Y.M.C.A. Board wishes to thank all who aided in any way. Such a list includes the contributors, the campaigners, the newspapers, the churches and Sunday Schools, the Porch Club, the Rotary Club and the Y.M.C.A. Women's Auxiliary. The Rotary Club and the auxiliary entertained the campaigners at two of their dinners, and the opening dinner facilities were made available by the Porch Club.

With the fine group of workers, team captains and division leaders, and the prospect lists in so much better shape than heretofore, plus Y.M.C.A. plans for a summer program and group, and Hi-Y Club activities for the fall, the Y.M.C.A. outlook is indeed encouraging.

Mr. Woodward and his fellow Y.M.C.A. board members desire to take this means of publicly expressing their appreciation.

A hard day's work and a good night's sleep make a man ready for another hard day's work.

Seventy earthworms are consumed in a single day by a sixteen-day-old robin.

Yellow fever was eradicated from Cuba in 1899.

Church Notices

CALVARY PRESBYTERIAN CHURCH
Rev. C. T. Bates, Pastor
On Sunday morning, July 10, at 11 o'clock, Robert W. Kirkpatrick, of Palmyra, will occupy the pulpit, in the absence of the pastor, who started on his vacation this week. Mr. Kirkpatrick is a senior at the Princeton Theological Seminary and is a member of the Calvary Presbyterian Church.

CHRISTIAN SCIENCE CHURCH
"Sacrament" is the lesson-sermon subject for Sunday, July 10, in all Christian Science Churches and Societies throughout the world.

The Golden Text is: "Let us keep the feast, not with old leaven, neither with the leaven of malice and wickedness; but with the unleavened bread of sincerity and truth." (1 Corinthians 5:8)

Among the lesson-sermon citations is the following from the Bible: "For I have given you an example, that ye should do as I have done to you." (John 13:15)

The lesson-sermon also includes this passage from the Christian Science text book, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "If all who seek his commemoration through material symbols will take up the cross, heal the sick, cast out evils, and preach Christ, or Truth, to the poor—the receptive thought,—they will bring in the millennium" (p. 34).

C. Ward Lowden is offering a liberal trade in allowance on your old refrigerator or ice box... see his ad in this issue.

Ralph's patent medicine store at 535 Cinnaminson avenue, Palmyra, is offering free character readings by Dr. Trebig on Friday and Saturday evenings. See his advertisement at the bottom of the Palmyra local column.

Warren T. Smith, your Westinghouse dealer, at 105 1/2 W. Broad street, Palmyra, is announcing a new special Kitchen-Proofed Refrigerator offer. Read his advertisement in this issue and see him for complete details about this money saving offer.

The Spinning Wheel Gift Shop is offering summer jewelry and bags at reduced prices.

NEW ERA BUSINESS NOTES

Follow the business news at home—It pays big dividends

All's quiet after a bang-up Fourth and, from reports, the local purveyors of ice cream, sodas, etc., had a bang-up sales record. Which all reminds us that the local stores can keep you cool right through the summer with delicious ice cream. Consult the advertisements.

Lloyd's Garage is extending their tune-up offer this week and, by the way, they want to remind you that the garage is still located at the rear of 607 Main street, Riverton, despite the meat market front recently occupied by Karl Frank.

Another good way to keep cool this summer is to take the family to any of the theatres advertised in the movie section. It's cooling and entertaining. Complete programs are advertised in The New Era every week.

C. Ward Lowden is offering a liberal trade in allowance on your old refrigerator or ice box... see his ad in this issue.

Tuesday, July 19.
Picnic, Girl Scouts and Mothers of Troop 1, Lake Cotoxan, leave Palmyra station at 10 a. m.
Fifteen per cent of the American production of motor vehicles is sold outside the United States.

LOCUST CARDS ROUT RIVERTON

Five Run Rally in Third Frame Proves Undoing of Local Outfit on Monday

Before a large Fourth of July crowd, the Locust Cardinals, of Philadelphia, handed Riverton a 7-2 reverse, at Memorial Park. The win for the visitors being secured largely by a five run rally in the third canto.

In this frame, Kullman, leadoff man got a single and Milligan dumped a screwy roller in front of the plate that McDermott could not field in time. Magee then hoisted one to left that Sutters got his hands on, but could not hold. Two more singles and another boot ran the total up to five and, with still no out, Manager Sloan yanked Gibson, local starting pitcher.

Thomas Relieves
Al Thomas then ascended the hill and proceeded to curtail the enemy in a most effective fashion, allowing only one run and five hits during his tenure of office. The damage had been done, however, and Riverton was unable to hit the slants of Musial, Cardinal pitcher, with any degree of regularity, although he appeared to be weakening toward the end of the game.
Sutters was robbed of a homer in the second, when his drive to deep center was limited to a double, because of ground rules.

Score in Eighth
Thomas doubled in the fifth, but McDermott fanned and a snappy double killing cut short a promising rally, after Bartley got a free ticket. Riverton finally tallied in the eighth. Foulke was hit by a pitched ball, but was forced at second by Terrill. Baker tripped to right to score the latter and he counted on Broderson's one-baser. Sutter kept things going with another single, but Thomas fanned to end the stanza.

BRIDGEBORO MAN WINS IN ENGLAND

Joe Burk, of Bridgeboro, who is well known by many local residents, obtained international fame, last Saturday, when he won the finals in the Diamond Sculls event, at Henley-on-Thames, England. Burk carried the colors of Penn A.C. of Philadelphia.

ATHLETIC EVENTS PROVE POPULAR

Held at Memorial Park as Part Of Independence Day Program Here

The athletic program for children, in connection with the Riverton Fourth of July celebrations, was held this year, in the afternoon, at Memorial Park. The change from the old location, on Main street, proved to be a fortunate one, as the contestants had a much better opportunity to perform on the grass, while the spectators were afforded a more advantageous chance to view the events.

Prize Winners
The prize winners in the various events were as follows:
75 Yard Dash—Edward Conwell, first; Ben Williams, second; Hayden Swiggett, third.
50 Yard Dash—Betty Barclay, first; Marjorie McKim, second; Judy Wigmore, third.

Potato Race (girls)—Janet Smalley, first; Evelyn Lezenby, second.
Potato Race (boys and girls)—Joyce Powell, first; John Kirk, second.
Baseball Throw (boys)—Earl Hunter, first; Wilmer Ransome, second; Edward Conwell, third.
Baseball Throw (girls)—Betsy Barclay, first; Judy Wigmore, second; Gladys Stockton, third.

Egg Race (girls)—Mary Lou Baker, first; Priscilla Woodward, second; Mary Lou Bush, third.
Balloon Blowing—Wilbur Harding, first; Mary Lou Baker, second; Charles Oliver, third.
Three Legged Race—Earl Danser and Richard Danser, first; Edwin Shinn and Francis Herzer, second; George Steele and Walter Lezenby, third.
The committee in charge of this phase of the program was headed by Dr. J. Rowland Dey, assisted by Miss Eleanor Williams, Walter Armstrong, Richard M. Woodward and Albert Farrow.

PALMYRA DIVIDES HOLIDAY CARD

The Palmyra entry in the National Division of the county baseball loop divided the holiday bill. Playing on local terrain, in the morning, Burlington was whiteshowered to the tune of 3-0. This was the sixth win of the season for the homesters.
In the afternoon, at Maple Shade, Palmyra dropped another of those close decisions, the score of this engagement being 5-4.

At present, the locals are in fifth place, with a record of 6 and 12, but still within reach of the outfit in the first division. If losses by the narrow margin of a single marker could have been converted into wins, Palmyra would easily be resting in first place.

SPORTS CONTINUED ON PAGE SIX

NORTH PENN NINE BLANKS RIVERTON

Both Teams Play Good Ball As Len Baker Loses 2-0 Decision

Len Baker, Riverton hurler, hooked up in a pitching duel with Wasson, of North Penn, with the opposition twirler having a slight edge, his team defeating the homesters by the score of 2-0.
The game was one of the best seen on the local diamond thus far this year.

Baker allowed seven hits, passed one and fanned seven. His supporting cast faltered at crucial moments, however, five boots being racked up against them and one run of the visitors was unearned.

Score in Sixth
This came in the sixth frame, when the leadoff batter was safe on an error. He was promptly sacrificed to second and subsequently scored on a single after two were away. The other tally came in the ninth, this resulting from two singles and an infield out.
The Riverton offensive was confined to four hits, Terrill getting two, while Broderson and W. Baker secured one each. The latter was robbed of a sure double, when Kelleher, Penn center fielder, raced about a quarter of a mile to snare his long drive that appeared destined for extra bases.

Good Support
The enemy hurler was accorded sterling support, only one error being made by the opposition. This came in the eighth inning and caused no damage, since a snappy double-killing on the next play wiped the bases clear of Rivertonians.
Both first basemen had a field day, W. Baker handling 14 chances in big league style, while Kelleher, of North Penn, accepted 12 in the same manner.

Cardinals Give Athletics Scare

SOFTBALL SLATE FOR SECOND HALF

Season Opens on Monday, July 11, Instead of Tonight;
Four Games Weekly

The second half schedule of the Memorial Park Softball League opens next Monday evening, July 11, instead of tonight (Thursday), as previously announced. The change was made in order to allow time for any postponements in the first half, should such games be necessary.

With eight teams comprising the loop in the second semester, the games are slated for Monday and Thursday evenings of each week.

First Tilt
The engagements carded for the opening call for Evans Service Station to meet the Parry Fortum, while the Cards engage Fortum.

The season will come to a close on August 25, the windup games being between Sigma Kappa and Parry and Broadway vs. the Athletics.

The official schedules were printed this week and can be obtained at a number of the local scores, from league officials and at The New Era office. All managers desiring a supply of the card may obtain them at The New Era.

Schedule
The complete schedule follows:

MONDAY, JULY 11	Evans vs. Parry	Fortum vs. Athletics
THURSDAY, JULY 14	Athletics vs. Sigma Kappa	Broadway vs. Evans
MONDAY, JULY 18	Athletics vs. Cardinals	Broadway vs. Evans
THURSDAY, JULY 21	Broadway vs. Sigma Kappa	Parry vs. Oakwood
MONDAY, JULY 25	Athletics vs. Fortum	Sigma Kappa vs. Evans
THURSDAY, JULY 28	Cardinals vs. Oakwood	Broadway vs. Parry
MONDAY, AUGUST 1	Evans vs. Athletics	Fortum vs. Sigma Kappa
THURSDAY, AUGUST 4	Fortum vs. Parry	Cardinals vs. Broadway
MONDAY, AUGUST 8	Evans vs. Oakwood	Sigma Kappa vs. Cardinals
THURSDAY, AUGUST 11	Parry vs. Athletics	Fortum vs. Broadway
MONDAY, AUGUST 15	Cardinals vs. Evans	Oakwood vs. Athletics
THURSDAY, AUGUST 18	Oakwood vs. Broadway	Sigma Kappa vs. Parry
MONDAY, AUGUST 22	Evans vs. Fortum	Sigma Kappa vs. Oakwood
THURSDAY, AUGUST 25	Parry vs. Cardinals	Broadway vs. Athletics

FIREMEN LOSE TO NAVY TEAM

The Riverton Firemen started strong, but finished weak, with the result that the U.S.S. Dunlap team handed the locals an 8-5 reverse. Fourth of July afternoon, in a softball tilt played at Memorial Park.

Two Homers
The sailors got singletons in the first and fourth, but unleashed the heavy guns in the seventh, when five runs cruised over the rubber.

In this stanza, the first five men singled between third and short and McKay clouted out into the far reaches of left field to clear the bases.

FARM PRODUCTS BRING GOOD PRICE

Prices for New Jersey fruit and vegetable products have been higher than usual this season, according to the New Jersey State Department of Agriculture.

DUNLAP SAILORS BOW TO LOCALS

The Riverton county league softball team took the U.S.S. Dunlap aggregation into camp, last Saturday afternoon, at Memorial Park, the sailors returning to their ship on the short end of a 7-0 count.

Knights and Anderson shared the mound chores for the locals and limited the opposition to four meager hits. The navy men played a good brand of ball, but were unable to cope with the heavy-hitting Riverton array. Even though defeated, the sailors played the string out to the end and displayed a brand of sportsmanship that could serve as an example to many teams that have visited local terrain.

Walks Nine
Riverton got nine hits from the offerings of O'Neil, Dunlap hurler, who appeared to have a lot of stuff. Free tickets proved to be his undoing, however, the nine passes proving important factors in the tallies combined by the civilians.

Schaeffer, Riverton catcher, got three hits out of four visits to the platter, one of these being a re-rounding double.

PHILATELIC NEWSBITS

On June 21, Philadelphia for the third time within a year, conducted a first day sale of new stamp issue. 395,893 Constitution Ratification stamps were sold and 232,873 first day covers were cancelled.

The Delawarean Swedish stamp went on sale at Wilmington, Del., on June 27. 541,863 stamps were sold with 225,617 first day covers cancelled.

When the new 4 1/2 cent stamp makes its appearance on July 11th, it will be the first time a stamp of this denomination has been issued in this country. A need for such stamp has existed for several years but its issuance had been postponed until now. Third class mail requires a fee of 1 1/2 cents for each 2 ounces or fraction thereof. The most common items going through the mails, in this class, and requiring the triple rate of 4 1/2 cents, are church envelopes.

The new stamp is to be printed in ebony gray according to the Post Office Department. The picture on the stamp will be that of the southern exposure of the White House.

The Northwest Territory stamp makes its first appearance on July 15th at Marietta, Ohio. Collectors, desiring first day covers, should forward not more than ten covers, at least 3x5 inches in size, to the Postmaster at Marietta. Money order or cash must accompany the covers for exact amount of stamps to be applied.

A ninety-one year old tradition fell by the wayside on June 16th. Washington's portrait has appeared on the stamps for first class letter rates except for commemorative and pictorial issues since 1847. Now Jefferson's portrait appears on the new 3 cent stamp. The Washington stamp of 1932 was issued to preserve this tradition as the 3 cent stamp of that time bore a likeness of Abraham Lincoln.

Stamps and Coins often go hand in hand. Thus we ask a question, "Do you have a 1938 Buffalo Nickel?" The Denver Mint made a few but other mints made none and are now busy preparing dies for the new Jefferson nickel which will probably appear in August.

Stamps for Your Collection
In summarizing the two previous articles, published under the heading "Stamps for Your Collection," I was attempting to make the collector conscious of the genuineness of stamps before buying them. In both articles, I dealt entirely with legitimate stamps that could be overprinted by almost any printer to create a high priced item. This week the subject is again one of caution. Be sure when purchasing a stamp, you get the stamp you pay for.

A great many stamps exist that have developed a little value, but also a twin exists which has practically no value. What is the difference between the two stamps that look alike to the casual observer but which are vitally different? There may be any number of differences, the variety of paper, the method of printing, the perforations, or the design itself. The one great precaution to take is to know whether a similar stamp exists to the one your collection may need. If it does exist, what are the differences? Have you ever looked to see whether the box of the stock of the bow gun on the Switzerland stamps showing William Tell's son? Do you have a 10 centime stamp of France, red in color, showing a figure of a woman sowing grain, with ground under her feet?

A common early issue of Germany appears with the word "Pfenning" and also "Pfenninge." The ordinary 1 cent stamp bearing Franklin's portrait has many varieties among which the following may be found: flat plate printing perforated 11 and also imperforate, rotary press printing perforated 11x10, perforated 11, perforated 10 all around, perforated 10 vertically only, perforated 10 horizontally only, and perforated 11x10, which may appear plain or with Kans, or Nebr, overprinted across the face.

These major varieties makes collecting them a thing of great interest but when you find all but one of two and then hope to buy the item—well—Be sure you are right, then go ahead.

THINGS TO WATCH FOR

New gadgets for the boy's summer camping trip: a short axe made of one piece of steel so that the head can't fly off, a water-proof canvas sleeping bag with full length zipper that can't come undone in the night-time, a small box flashlight which fastens to the belt and shines red or green for signaling. An apparatus for fumigating furniture consisting of a transparent rubber composition tent that forms an airtight chamber under which a can of fumigating gas is placed. A man's belt with a zipper pocket on the inner side for bills and change.

Lower prices for American paintings as plantings exceed previous record year by 33 per cent. More home builders specifying aluminum window frames in their instructions to architects and contractors because of aluminum's non-corrosive qualities and light weight. Household mechanical refrigerators which make carbonated water as well as ice. An electric chair for chickens to eliminate the old method of killing by decapitation.

November 14th, County Board of Canvassers shall meet for the purpose of checking canvass made by the county clerk.
November 28th, Campaign managers shall file statement of receipts and expenses with county clerk on or before this date.
India was the largest producer of oil seed in the world last year.

HEADLINES

PALMYRA SCHOOL NOTES
The following grade students have been awarded reading certificates:
Eighth Grade
Evelyn Austin, Marie Bettinger, Ruth Beyer, Naomi Brister, Arthur Birkhead, Carl Carite, Virginia Carr, William Carson, Dorothy Cooper, Thelma Gamble, Dorothea Gosner, Helen Haines, Peggy Haines, Jean Hardy, David Hough, Davis Hubbs, Eleanor Hulse, Julia Johns, Carol Lenker, Esther Messenger, Placid Nace, Betty Louise Nash, Nina Price, Edith Prisco, Peggy Ryan, Susie Sacchetti, Harry Sauerwein, Raymond Schill, Hildegard Seehafer and Eleanor Voorhis.

Seventh Grade
Beatrice Anderson, Jennie DeMarco, Linda Sacchetti, Delores Stephens, Dorothy Koppenhoefer and Jane Evalul.
Sixth Grade
Ida Mae Austin, Fred C. Bauer, John R. Cauthorne, Ida E. Craven, Jean D. Grassie, Elsie R. Kercher, Emma M. Knight, Betty Ann Rauch, Eileen R. Rae, Cecelia T. Sacca, Norma M. Schwick, Edward H. Stoops, Charles R. Weart, Richard Carson, Robert de Gottheier, Robert Hayes, Carter Henderson, Ralph Ulrich, Tommie Lou de Holl, Joan Donaghy, Portia Gale, Ruth Gardner, Gloria Grimes, Virginia Miles, Jean Stickey, Mary Van Sant, Ada Vincent, Jean Walter, Lillian Wells and Laura Young.

Notice of Election
October 2nd, Clerk of every municipality to cause notice of election to be published during this week.
October 10th, Last day for filing request with county clerk for proposition to appear on General Election ballot.
October 10th, Campaign managers shall file statement of receipts and expenses with county clerk on or before this date.
October 11th, County Clerk to draw to determine which columns each political party shall occupy on the general election ballots.
October 14th, Last day vacancy can occur among candidates nominated at the primary election caused by death, removal or otherwise.
October 14th, Last day vacancy can occur in any county or municipal office.
October 17th, Last day for filling vacancies in any county or municipal office by the county committee or petition.
October 18th, Third registration day of voters by District Boards of Registry and Election between 9 P. M. and 9 P. M.

Position on Ballot
October 18th, County Clerk at 3 P. M. determines by drawing the position which candidates for county offices shall occupy upon the general election ballots.
October 18th, District Board of Registry and Election shall make one complete list of all persons registered and deliver to the county clerk.
October 25th, Application for appointment of challengers for the general election to be filed with the County Board of Elections on or before this date.
November 1st, Clerk of each municipality shall deliver at his office sample general election ballots and stamped envelopes to the District Board of Registry and Election for mailing.
November 2nd, District Boards of Registry and Election shall mail sample ballots for general election before 12 o'clock noon.
November 4th and 5th, Campaign managers must file statement, etc., with county clerk on or before either of these dates.
General Election
November 8th, General Election Day. Polls open 7 A. M. to 8 P. M.
November 8th, County Board of Elections to sit between the hours of 6 A. M. and midnight.
November 9th, District Boards of Registry and Election shall, not later than noon, deliver to the county clerk one tally sheet, keys to the ballot boxes, poll book and register of voters.

November 28th, Campaign managers shall file statement of receipts and expenses with county clerk on or before this date.
India was the largest producer of oil seed in the world last year.

Freshmen
Eugene James, Betty Kerns, Edward McCann, Francis Ohmberger, Millard Owens, Louise Rahelic, Robert Rhoads, Regina Robinson, Thurley Stevenson, Betty Turner, Lois Ward, Sara Williams, Ruth Yerkes, Ida Bacon, Evelyn Casper, Betty Conover, Ruth Coomb, Robert Cooper, Jane Craven, Howard Davis, Elmer Fry, Henry Flaemig, Tony Giampolo, Roy Gotta, Harold Herrmann, Doris Hill and Evelyn Haines.

Sophomores
Regina Link, Gladys Jewett, Anna Knight, Mary Jane DeCoursey, Richard Deemer, Elmore Faunce, Ruth Frank, Betty Haines, James Hoff, Winifred Sterling, Harry Criste, John Austin, William Ross, Rae Vetterman, George Mack, Dorothy Mentz, Janet Munro, Louis Prisco, Helen Jablonski, R. Waters, R. Sandoz, G. Schill, John Springer, Ernest Willis, Anna May Wolf-schmidt and Robert Yerkes.

Juniors
Edward Shaw, Hilton Smith, Marvin Snow, Thelma Van Sciver, Milfred Villan, Anthony Virelli, Matilda Warner, Eleanor Webb, Mary Webb, Ethel Wells, Marjorie West, Jane Wolschmidt, E. Phile, W. Phile, F. Pike, June Hires, Sadie Holm, Nathan Jones, Robert Armstrong, Carolyn Bauer, Robert Bottger, James Brown, Scott Burger, Miriam Casini, Marie Cato, Edith Davis, Dorothy Ely, Mary Ely, Elizabeth Faunce and Edward Fry.

Seniors
Charlotte Anderson, Ellen Bradley, Sophia DeVinney, Ellen Smith, George Snyder, Dorothy McAnulty, Margaret Mount, Joseph Prisco, Sigmond Ladzinski, Eleanor Friday, Lorraine Meyers, Helen Naylor, Lester Hubbard, Kenneth Leedom, Eleanor Gamble and Albert Thiel.

Perfect attendance certificates have been awarded to the following grade school students.
Eighth Grade
George King, Warren Lamom, Marie Bettinger, Helen Haines, Edith Prisco, Peggy Ryan, Payton Flourney, Harold Moody, Louis Oliver, Harry Sauerwein, Thelma Gamble, Caroline Messenger, Esther Messenger, Placid Nace, Annette Schweitzer, Florence Kerrigan, Floyd Atkinson, Eugene Die-mand, David Hough, James Leonard, Raymond Schill, William Ul-

rich, Lucille Bradley and Irene Ren-ner.
Seventh Grade
Dorothy Austin, Lorraine Hawke, Wesley Cooper, Zopito Sacchetti, Richard Spremler, Betty Bacon, George Downs, Warren Milroy, Doris Myers, Claire Oliver, Harold Rogers, Linda Sacchetti, Joseph Schweitzer, Delores Stephens and Rudolph Volpe.
Sixth Grade
Jean Walter, Laura Young, Mark Hoepfner, John B. Cauthorne, Joseph Kessler, Emma M. Knight, Eileen R. Rae, Gene C. Schill, William H. Vincent and Charles R. Weart.
Fifth Grade
Beatrice Johnson, John DeMarco, Alfred DeVece, Richard Durgin, John Messenger, Louis Piergrass, Lester Schaffer, Thomas Schwick, Joseph Semple, Shirley D'Amato, Emma DeVece, Jean Gennett, Helen Griffenberg, Marjorie Knight, Eleanor Sauerwein, Jacqueline Stevenson.
Fourth Grade
Franke Carite, Jo Ann Burger, Ruth Cooper and Dorothy Rhoads.
Third Grade
Francis George Bailey, Victor Pelman Bratton, Anthony Carite, Peter Joseph DeMarco, William DeVece, Richard Harold Ulrich, Robert Ward and Mary Jane Abbill.
Second Grade
Claire P. Burke and Elizabeth L. Knight.
The average London workman is said to spend eight per cent of his wages for travel.

YACHT CLUB YARNS

BY NUTE
AND
MIKE

Starting a leeward — windward, cross-tide, drifting match at 7.45 p. m. our Duster fleet, excepting T. Coe's "Ginger," drifted. And as a man would say "Do windup is dis way," H. Lippincott, B. Shoemaker, R. Lippincott, J. Lane, L. Gladney, Parson Bros., W. Shoemaker, think of it, no foul. The Comets, on schedule for no race sailed for a change. Nick Shelby bought a new Comet. (Darn Rich People.) Look out Merrill.

Saturday Activities
Action picked up Saturday, what with a navy in town. Then again people were fixin' up boats for the Fourth. Nevertheless, somebody got the regular Comet and Duster races off on schedule. Sailing a "line course" across river and back, both groups got off in a light, tricky air. Swope grabbing off the lead in the Comets, worried Ed Merrill for a lap and then relinquished first honors to the "Old Man" of the fleet. (As usual.) Jenkins seemed to monopolize third position here. The members of the Duster fleet, who incidentally have been pretty good this year about fouling, reverted to type. Bert Shoemaker and J. Lane arrived with people shouting foul at them, while Parsons and R. Lippincott quietly withdrew from the race. This left H. Lippincott, T. Coe, L. Gladney, and W. Shoemaker, who finished as named. Some race! Some stuff! Incidentally this was the first event of the second series for Dusters.

Fail to Appear
Then came nightfall and while the Syndicate Star boat went camping up river and sailors came home, one Bob Levine, with a crew of five slipped through the night to Oyster bay L. I. and returned with the "Starward." This means the third Star boat entered this year. (Darn Rich People.)

And so came Sunday, scheduling a match race between R.Y.C. and the Crynthian Sailing Club, of Camden. This race was to be for the Comet Challenge Trophy, but the visiting club failed to appear. We had an impromptu free-for-all which Bert Shoemaker won, with R. Swope second. (Another drifting match). With the completion of this race all skippers immediately tuned up boats for Monday. Who was using wax? Not us! What with moonlight sailing and cruising parties, few noticed the four buccannery who paid the navy boat a visit at 4.30 in the morning. Could it have been "Sir Dunk Knight" in his much famed "May-go"? And crew?

The Fourth
Well, for the third year we'll say the "Fourth" came on the 4th. Of course this is a very unimportant day around here, so we were sorry to see so much good air wasted on this occasion. But for no other reason than so much good wind, 11 o'clock a. m. saw the start of class races. The Crickets got away to a poor start followed by a poor start in the Comet class. Five minutes later the Dusters executed the only decent start of the day and everybody settled back to a nice three lap race. It seems the Rhawn Bros. of Beverly, pulled a whip job on the Crickets starting two minutes late and finishing four minutes ahead. Second place went to Ingo Stephan with B. Kane, Jr., annexing third. Honors in Dusters were: R. Lippincott, first; T. Coe, second; B. Shoemaker, third. Things and stuff in Comets wound up E. K. Merrill, first (Again?); R. Swope, second; Jenkins, third; Shelby, fourth.

Free-For-All
Then everybody ate lunch, that is, if they had any. 3.00 o'clock: Free-for-all Star race. And away they went. The Syndicate boat got away to a fine start over the two Stars and hold the lead all the way. Bob Levine's new "Starward" finished second over John Ayres' "Little Bear." Can this be the first Star race Bob Lippincott has won per chance? Who put buckets on the other boats? Meanwhile the Free-for-all dashed around the course only to run into bushes of no wind on

BUA PARTY TO SAIL FOR ITALY

Frank Bua, Palmyra merchant, accompanied by Mrs. Bua and his mother, Mrs. Cecilia Bua, will leave this month for an extended tour of Italy and Sicily. Mr. Bua has been a prominent business man here for many years. The party will sail from New York on July 16.

PALMYRA

Mr. and Mrs. Albert Smith, of Stonehurst, spent the Fourth with their son, Albert Smith and family, of Broad street.

Mrs. William Matthews, of Berlin, spent Saturday with Mrs. Anna Rockhill, of Delaware avenue.

Miss Margaret Coates, of Philadelphia, spent last week with Mr. and Mrs. Ellsworth Coates, of 610 Highland avenue.

Miss Grace G. Billard, of 315 Horace avenue, left Tuesday for Blairtown, N. J., where she will spend ten days at the New Jersey School of Religious Work at Blair Academy.

The Girl Scout Mothers and scouts of Troop 1, will hold their annual picnic at Lake Cotozen on Tuesday, July 19. Bring a bathing suit, lunch and 15c for transportation. For reservations call Mrs. Fred Hensler, 551-J. The group will leave at 10 a. m.

Mrs. Clayton G. Billard, of Horace avenue, visited her daughter Estelle, who is a nurse at the Presbyterian Hospital, Newark, this week.

Mr. and Mrs. Earl Naylor and daughters Marjorie Louise and Evelyn Anne, of Burlington, were visitors in town over the weekend.

K. OF C. AWARDS
Mrs. William D'Autrechey, of 722 Pennsylvania Avenue, Palmyra, was the recipient of the Bendix Home Laundry awarded by Saint Josephs Council, Knights of Columbus, of the Fourth of July. Everyone who saw this machine was impressed by the beauty and utility of the award.

the second lap. The third lap brought a return engagement of the wind, and E. K. Merrill wound up first as usual, followed by Phil Somerville. Then came the Dusters six strong. Howard Lippincott annexing third position. Next came the crickets. Must have been more buckets.

As usual, the day faded off into the customary tilting contests, which started late. Also as usual, much to the surprise of no one, Ted Hunn and Rubber (get off your knees) Gladney won. Followed the fireworks, with many an "Oh" and "Ah." Thence a party at the club and an occasional sailing party here and there.
Scup Form the Scuppers
We have been informed that Tom Coe is the proud possessor of a new Ratsy sail. (Darn Rich People.)
We wonder who told those sailors a down-tide landing is easy. When they didn't ram something it took all their strength to hold the boat off. All brawn and no brain.
It seems that Bert Shoemaker has developed a new way to keep from speeding down the launching runway. Just leave the centerboard down.
Who made that classic remark, "Oh, Mr. Merrill was just crewing for me, I sailed the race?" Hi . . . Allen.

RIVERTON

Miss P. Groome, of Philadelphia, spent the Fourth with her husband and Miss Catherine Schindwein, of Riverton, were last week's winners in the Sacred Heart Household Linens Club.

Mr. and Mrs. C. DeGrua and family, of New York City, and Mr. and Mrs. Charles DeGrua, Sr., of Riverside, visited Mr. and Mrs. Robert Hullings, of Thomas avenue, on the Fourth.

Mrs. Elsie Brownell, of Frankford, and Miss Helen Sutton, of Trenton, spent the weekend with Mr. and Mrs. Ross Evans, of Thomas avenue.

Mr. and Mrs. Harry Riley, of Camden, spent Monday with the Misses Bishop, of Thomas avenue.
Among former residents seen here during the holidays were Mr. and Mrs. John Montgomery, of Camden; Mr. and Mrs. John Eigenbrood, of Delair; Mr. and Mrs. Walter Snyder, of Lansdale, Pa., and Mr. and Mrs. Francis Cole, of Phoenixville, Pa.

Miss Margaret Shockor, a student nurse at Mt. Sinai Hospital, spent the holidays with her parents, Mr. and Mrs. J. Shockor, of Linden avenue.

Mr. and Mrs. A. B. Garwood, of Linden avenue, entertained 20 out of town guests on Monday.
Miss Jacqueline Haberern, a student nurse at West Jersey Hospital spent the holiday with her parents, Mr. and Mrs. J. A. Haberern, of Main street.

The winner of the O.E.S. Miscellaneous Club this week was Mrs. Ruth Bell, of Thomas avenue.

Miss Patience Northrop, of Thomas avenue, returned home Monday, after spending several days in Detroit, Michigan.

FURTHER PLANS FOR CARNIVAL
The combined committees of the Ladies Auxiliary of K. of C. and St. Josephs Council, Knights of Columbus, met with Father Welsh, on Tuesday night, to further their plans for the annual carnival which will be held this year on the K. of C. grounds, Broad street and Elm avenue, on Friday and Saturday nights, August 5th and 6th.
More have been added to the group sponsoring this carnival, and now all the organizations of the parish have combined their efforts to make this an outstanding affair.

WOMAN'S CLUB ELECTS OFFICERS

With but few exceptions, the executive staff of the Palmyra Woman's Club remains unchanged for 1938-39, according to announcement by the president, Mrs. Harry A. Kennedy.

Officers of the club, in addition to the president, include: Mrs. Clarence T. Yerkes, first vice president; Mrs. H. B. Williams, second vice president; Mrs. Everett O. Wolcott, treasurer; Mrs. George B. Shaner, recording secretary; Mrs. B. C. Horner, corresponding secretary and Mrs. R. E. Sanford, financial secretary, all of whom are continuing in office and Mrs. William Branson, who has succeeded Mrs. J. C. Mallory, as auditor. Directors include Mrs. Joseph T. Evans, Mrs. William T. Miller, Miss Mary Patterson and Miss Helen V. Wolcott.

Committee Chairman Mrs. H. B. Williams has been named to continue as chairman of the American home committee; Mrs. J. C. Mallory as director of the international relations committee, which has supplanted the former civic committee; Mrs. James M. Weart as chairman of junior membership; Miss Helen V. Wolcott, garden; Mrs. Frederick Blackburn, legislation; Miss Mary Patterson, literature; Mrs. William T. Miller, music; Mrs. Joseph T. Evans, public welfare; Mrs. Clarence T. Yerkes, finance; Mrs. William Wilbraham, hospitality; Mrs. Herman F. Anders, house; Mrs. Elvin I. Powell, membership; Mrs. James Weart, program chairman, and Mrs. Clarence Yerkes, New Jersey Club Woman. Mrs. Yerkes also has been selected to succeed Mrs. Weart as press and publicity chairman and Mrs. Sydney Headington, to succeed Mrs. C. Earl Windhovel, as tea chairman.

DATA CONCERNING P.W.A. PROGRAM

The PWA program of 1938, continuing the kind and type of PWA projects authorized in the past, is designed to furnish employment and wide economic stimulus to industry. For every man-hour of work directly at the project sites, according to the Bureau of Labor Statistics, two and a-half times as much work will be created in mines, mills and factories.

\$965,000,000 has been authorized by Congress for useful public works to carry out this program. Each project is a partnership between the Federal government and a local public body. In each case the locality decides upon the permanent improvement needed by the community and undertakes to assess itself 55 per cent of the cost so that it may obtain a grant from the Federal Government of 45 per cent of the cost.

None After September Howard A. Gray, assistant administrator of the Public Works Administration, is announcing the beginning of the new program, states that PWA will act promptly to keep up a fast pace in moving out approved projects. To aid in this endeavor, it will be necessary for towns and cities to submit their applications for new projects promptly. Congress has decided that public applications can be received after September 30.

Moorestown One of the first grants was made to Moorestown to construct and equip addition and alterations to a school building. Present plans provide a two-story and basement semi-fireproof addition and alterations to existing structure. Project is necessary to provide adequate school facilities. The estimated total cost of project is \$157,361 and the Federal grant of 45 per cent is \$70,812.

About ten times as many women have goiter as do men.

After working your way through college, remember you have to work your way through life.

Ten thousand fox cubs were slain during the last cubbing season in England.

Do they not show by too much knowledge that they know nothing?—Terence.

WINS SCHOLARSHIP

JOHN T. WILLIS

John T. Willis of 306 Third street, Riverton, a 1938 Palmyra high school honor student graduate has just received a four year scholarship from the State Teachers College, at Trenton.

This scholarship was awarded by Commissioner Charles Elliott and Dr. Roscoe L. West, president of the college, based upon the results of the competitive examination held May 27.

In high school, John was an active member of the Honor society of which he later became president. He was prominent as a member of the Boys Glee Club. His pleasant smile and jocular manner has made him a favorite among his class mates and the faculty.

A certificate of merit has been granted to John on his distinction in the annual high school contest on the League of Nations conducted by the League of Nations Association, Inc., April 8, 1938.

For the past four and a half years John has made his home with Mrs. Eleanor J. Young, principal of the Cinnaminson School No. 4.

GET OUT OF CAR ON RIGHT SIDE

A warning that "one of the most elementary of all safety rules is being violated increasingly by motorists" was sounded by the Keystone Automobile Club of New Jersey. The club points out that numerous accidents have occurred recently when occupants of automobiles have stepped out on the left side directly into the line of traffic.

"Ever since the earliest days of motoring," said Trevor B. Mathews, manager of the Camden division of the club, "safety authorities have emphasized the obvious danger of this practice. Nevertheless it continues, and at present definitely appears to be growing.

"The accidents which result usually are serious, often fatal. The motorist who insists on disembarking from the 'wrong' side of his car runs a heavy risk. Certainly if he asks himself whether the risk is worth while, the answer will be an emphatic negative. He should act accordingly."

Drivers who "hog" the middle of the road are a highway menace, according to the Keystone Automobile Club of New Jersey, which emphasizes that this type of driving stamps the operator as a person of selfish habits, lacking in the elementary good manners essential to safety.

The unpopularity of "road hogs" does not seem to have caused any marked decrease in their numbers, but club officials believe that public opinion eventually will force reform in driving habits.

CHAMPIONS LEARN FROM AMERICAN BOY MAGAZINE

Many famous athletes in all sports credit much of their success to playing tips and suggestions received from sports articles carried in THE AMERICAN BOY Magazine. The AMERICAN BOY offers advice from a coach or player. Football, basketball, baseball, track, tennis, in fact, every major sport is covered in fiction and articles.

This is just one feature of THE AMERICAN BOY Magazine. Adventure, exploration, sports, humor, flying, science, travel, detecting, animals, are well represented in stirring stories.

THE AMERICAN BOY sells on all newsstands at 15c a copy. Subscription prices are \$1.50 for one year or \$3.00 for three years. To subscribe simply send your name, address and remittance to THE AMERICAN BOY, 7430 Second Blvd., Detroit, Mich. Adv.

Streamlining the Pedestrian

The Process The Product

One out of every four pedestrians killed last year was crossing the street between intersections, according to latest figures released by The Travelers Insurance Company. More than 4,800 pedestrians met death in this manner and nearly 89,000 were more or less seriously injured. It was the greatest single cause of pedestrian deaths.

Of the 40,300 persons killed in traffic accidents in 1937, the records show, 17,410 were pedestrians.

The 1938 automobile is a marvel of speed, power and safety, but the 1938 pedestrian is the same plodding individual he was hundreds of years ago. He has no all-steel body; nor has nature streamlined him so he can move any faster in this age of speed.

He has one advantage, however, if he will use it. He can make up for his slow feet by his quick wits.

rate"—one within his ability to pay and such that his industry and thrift be not penalized and the fruits of his labors confiscated or destroyed. In short, he has a right to efficient government, with a tax rate within his ability to pay. It is the privilege . . . the duty . . . of every taxpayer to see that these rights are secured. These are his rights—they are worth protecting.

The Working Man's Taxes

Who pays the taxes that go to support our various units of government?

The impression prevails that only the well-to-do are affected by our present system of taxation—federal, state, and local.

As a matter of fact, all taxes that can be absorbed in the price of every day necessities—rent, groceries, clothing—are included in the selling price and passed along to the consumer.

And who is the consumer? Every man who eats, sleeps, and has a roof over his head. He and his wife and his children are the consumers, whether rich or poor.

He may never see or hear from the tax collector. Yet he pays taxes. It comes about through hidden taxes, included in the cost of everyday items of use.

Figures supporting these statements show that a man making \$80 a month pays \$9.67 of that amount in indirect taxes, or the sum of \$116.04 in a year's time, which is equivalent to six weeks' wages, and he cannot pass these taxes along. He is the ultimate consumer. He is at the dead end of the street. Therefore he has reason to be keenly interested in reducing the general level of taxes.

Broadway averred that Headman was entitled to only two bases, on the basis that a ground rule stated that a ball going into the crowd, north of the benches in center field, is only good for a bingle of those proportions. Due to the peculiar circumstances surrounding the play, it appeared to be a matter for deliberation by league officials. Whether or not the protest will be sustained is a matter of question.

Two Bases? Broadway averred that Headman was entitled to only two bases, on the basis that a ground rule stated that a ball going into the crowd, north of the benches in center field, is only good for a bingle of those proportions. Due to the peculiar circumstances surrounding the play, it appeared to be a matter for deliberation by league officials. Whether or not the protest will be sustained is a matter of question.

Score Four Times Be as it may, the A's tallied four times in this frame, as a couple of boots, a walk and a single by Swain followed the argument.

Broadway tabbed a run in the second on a single by Burke, a walk and an error. The A's got this back in the fifth as a result of three one-baggers.

The Movie Men had a punch left, however, and pushed their total five in the same stanza. H. Anderson strolled, but the next two men fled out. Weikman poked out a base hit and both runners crossed when Buchholz' bingle was kicked around in the pasture, he taking third.

Blasts One With the stage set in this manner, Jack Easley then blasted one to the grandstand for as nice a grand slam as has been seen in this sector. After this the Broadway assault was dormant.

The Athletics went ahead in the eighth as Yearly doubled and scored on Williams' single. Shea fied out, but Swain got the second hit and Foulke retired, being relieved by Brey, ex-Dodger star, who has been signed by Broadway.

The final run came in the ninth, when Shaeffer and Applegate connected in succession. Terrill walked to cram the hocks and Applegate sauntered over the rubber as Yearly got a free ticket, the pass forcing in a run.

Next Saturday afternoon, the schedule calls for four ball match play, with partners score on alternate holes to govern, with one-half combined handicaps.

In the War of the Revolution, on Monday, Walter D. Lamon, Jr., secured first honors, finishing 10 feet from the first pin with par plus his handicap. W. W. Chalmers was second and A. P. Gregg, third.

After this tournament is under way teams will be picked, of both boys and girls, for outside matches. If you wish to enter these matches you must enter the ranking tournament.

ATHLETICS TAKE PROTESTED GAME

Annex First Half Title From Broadway by Score of 8-5; Many Attend

The hustling Athletics took Broadway over by an 8-5 verdict, in the final game of the first half in the local softball loop, Tuesday night, at Memorial Park. The two teams recently battled twelve innings to a 2-2 stalemate.

The win enabled the A's to finish the first semester with a record of nine wins and no losses, while Broadway ended with seven and two, also being defeated by Oakland.

Protest Registered The Athletics thus became the apparent winners of the first half title—apparent being used because Manager Anderson, of Broadway, served notice on league officials that he was playing under protest, the complaint registered shortly after the torrid affair got under way.

It happened this way: Terrill, lead-off man for the A's singled and Headman lifted one that H. Anderson, Broadway leftfielder, made a gallant try for, but missed, falling over as he attempted to catch the ball. The horsehide was deflected into the crowd along the right field foul line, Terrill scoring and Headman cantering to third.

Two Bases? Broadway averred that Headman was entitled to only two bases, on the basis that a ground rule stated that a ball going into the crowd, north of the benches in center field, is only good for a bingle of those proportions. Due to the peculiar circumstances surrounding the play, it appeared to be a matter for deliberation by league officials. Whether or not the protest will be sustained is a matter of question.

HEALTH QUESTION: "Is it natural for a child to have 'growing pains'?"

Doc Says:

It is not natural or normal for a child to have "growing pains." Growth is painless when the body is developing normally. "Growing pains" are therefore to be regarded with suspicion by the parent who has the best interests of his child in mind. The so-called "growing pains" may be indicative of the presence of an infection in the body. If a growing child complains of pain in the muscles or joints the wise thing for the parent to do is to consult the family physician.

The material contained in this feature is prepared by The Medical Society of New Jersey, an organization of physicians of the state.

A collection of Rosetti's poems, after being buried with his wife, was disinterred and published in 1870, twelve years before his death. "Almost," "although," "altogether," and "already" are spelled as single words, but "all right" is written as two words.

The greenest leaves of the salad plants contain the most vitamins.

ABOUT TOWN

The crowd appeared early for the parade, which was somewhat delayed in getting under way, due to the fact that one of the visiting drum and bugle corps was late in arriving.

Main street for several blocks was filled from curb to curb with a solid crowd of people who went to the river following the passing of the parade.

The law concerning the setting off of fireworks was exceptionally well preserved here, very few bootleg explosives being in evidence. The river bank, during the evening, was quiet and peaceful compared with the situation a few years ago.

A large number of boats, from canoes to large cruisers anchored off the Riverton Yacht Club to view the fireworks display.

Local communities presented a deserted look, on Tuesday, compared with the great number of people that were on the streets during the Fourth.

MANY CITIZENS ENDORSE WIMER

Prominent Palmyrians Launch Campaign at Meeting Attended by Many

One hundred prominent Palmyria citizens gathered in the P.O.S. of A. Hall, Monday night, despite the rain following a sweltering hot day, to fire the opening gun in another "Wimer for Sheriff" campaign.

Mayor John F. Ward, acting as chairman, opened the meeting by expressing the thought that the meeting was a spontaneous affair, the outgrowth of a wholesome regard for George N. Wimer, and a sincere desire to see him re-elected to the high office of sheriff of Burlington county. Mayor Ward stated that in his opinion the day of "hand-picked" candidates has passed. The idea of independent thought on the part of the people in the choice of candidates for public office more nearly approaches the true spirit of our form of government.

Mayor Ward was high in his praise of Mr. Wimer's past record both from the standpoint of performance in office as a sheriff three years ago and from the angle of his civic interest as a Palmyrian of long standing.

Ex-Mayor Weart Speaker

Ex-Mayor James T. Weart, stated that Mr. Wimer was a credit to Palmyria and to the county and that in his mind there was no question as to his ability. He stated that the ex-shepherd was a good, clean, hard-hitting fighter, who had the courage of his convictions. He remarked that he hoped what is done here tonight will aid him on his way to re-election.

Thomas C. Van Osten spoke of his lasting friendship with Mr. Wimer and stated that his best recommendation for candidate Wimer was that he knew him to be a fine Christian gentleman. And these kind of men, he added, are the kind of men we need to elect to public office.

Attorney Joseph S. Low spoke in behalf of Mr. Wimer by citing his many business connections with him while he occupied the office of sheriff. In all of these transactions, Mr. Low stated, he always found him to be honest, straightforward, efficient and methodical. He added, if there was any doubt about any procedure to be taken, George would say, "Let's find out the right way to do it—and then do it that way."

Spahr—"As a Man Thinks"

Floyd W. Spahr spoke of Mr. Wimer's Christianity and his habit of straight thinking. Mr. Spahr stated, "As a man thinks, so will he act." Amplifying his remarks, Mr. Spahr added, a man who thinks right will find the right thoughts automatically influencing him to do right things. And Mr. Wimer, he stated, can be depended upon to do what he thinks is right, regardless of any personal consequence to himself.

Carroll Birkhead, representing the colored Republican element of Palmyria, spoke highly of Mr. Wimer and commended him upon his fair dealing with the members of his race in Palmyria. He stated that he had many assurances of support from this group in West Palmyria.

Joseph Seal commended Mr. Wimer and stated that he was not present as a politician, but rather as a civic minded citizen, interested in seeing that the right type of men are supported for public office. He enumerated Mr. Wimer's qualifications and among others he mentioned his honesty, capability, conscientiousness and reliability.

Mrs. Mattie Musser was brief, but to the point, in stating that everyone knew of Mr. Wimer's qualifications and urged everyone to get busy and show the people of Burlington county we're 100 per cent behind him.

Mrs. Elsie Landgraf stated that candidate Wimer was straightforward and honest and that the people of Palmyria should do their best to assure his nomination at the coming primary election.

George J. Spencer, borough clerk, added his commendation to those who preceded him and urged those in the meeting to work after the meeting is gone and forgotten, to bring about his election.

Chief Beck Eloquent

Chief "Morris" Beck, famous in Burlington county as an ardent sup-

SHERIFF CANDIDATE

I wish to offer myself to the Republican citizens of Burlington county as their candidate for the office of Sheriff, at the coming primary election.

My platform is the same that I have used before, "Fidelity to the interests of the people, as shown in past performance, based on a lifetime of service."

I feel that previous experience fits me for the position and I am satisfied to have the voters act in accordance with their findings after examining my record both public and private.

George N. Wimer.

porter of law and order, was eloquent in his praise of the former sheriff. He stated that he had worked with Mr. Wimer as Mayor and with him as Sheriff and added that he could truthfully say that no previous Sheriff had better control of the office than Mr. Wimer. Sheriff Chant, present incumbent, he stated was also doing a splendid job in office, but with the exception of these two men, he added, has the Borough's interest more at heart than Mr. Wimer and, he stated, I hope you vote and get as many other votes for him as you possibly can.

Flour Testimonials

Upon the invitation of Mayor Ward, many of those assembled added their contributions of commendation from the floor. These two were no less enthusiastic than the original sponsoring committee.

At this point, Mr. Wimer was paged into the meeting to make an address. He stated that he was grateful for the voluntary support of so many friends and doubted if any candidate could start off in the campaign with such a valuable asset. He recited his platform for re-election (printed elsewhere in this issue) and thanked the people for their kindness, stating that it meant more to him than most people had any idea of. Home support he added, is a big start.

Mr. Wimer told the meeting that the office of Sheriff was a constitutional office, the same as that of county clerk, surrogate, prosecutor and judge. While the others are five year terms, the office of sheriff was originally designed for a three-year term with the provision of prohibited re-election until the office had been filled by another for at least one term. This was done, he stated, years ago when the office of sheriff carried many more powers than it does today, and was intended to prevent the possibility of a sheriff becoming too well entrenched.

A County Asset

Mr. Wimer stated that it took him two years of his first term to become acquainted properly with the duties of the office and by that time there remained not enough time to effect needed improvements in the office. If re-elected he stated, it will be just like going in, hanging up my hat, and going to work for the best interests of the county, without a lost moment in learning the duties, such as a new candidate would have to do. "If that's not an asset to the County, he stated, then I don't know one when I see it."

He concluded his remarks by stating that he was a Republican and devoted to the best interests of the party. He added that he would not become involved in the factional differences within the party but that he would work towards a united

front, which will be sorely needed by 1940.

Resolutions

Two resolutions were offered by the committee and were unanimously adopted. One called for the appointment by Chairman Ward, of an enlarged committee to include the original sponsors, for the furthering of the "Wimer for Sheriff" campaign. The second called for the hearty endorsement of George N. Wimer for the high office of Sheriff of Burlington county, by the members present.

Formal announcement of his candidacy will be made in the newspapers of Burlington county this week and petitions for his nomination are already in circulation.

ABOUT THE COUNTY

The Camp Dix Railroad, an eight mile narrow gauge line, running from the camp proper to the rifle range, is the subject of a feature in the current issue of "Railroad Stories."

Last Sunday's edition of the New York Herald Tribune devoted a full page to illustrations of historic houses in South Jersey, many of these being located in Burlington county. The same illustrations are being used by the State of New Jersey in an official publication.

In addition to interest in this section because of the pictures themselves, there is another local angle, in that photographic work was done by R. J. Sim, Burlington Pike, Cinnaminson.

Memorial services were held on Tuesday of this week for Emilio Carranza, Mexico's good will aviator, who was killed in the pine section of Burlington county 10 years ago. A monument erected from a fund provided by Mexican school children marks the site of the fatal crash.

AVIATOR PLAYS TAG WITH CLOUDS

Shortly before two o'clock, on Tuesday afternoon, residents near the river were startled by the sound of an airplane evidently traveling at a high rate of speed, but were unable to locate the ship.

A few minutes later the same thing happened, but this time, an explanation was provided, in that the plane broke through the low-hanging clouds which had concealed it heretofore.

The aviator amused himself for a short while diving in and out of the fleecy mass before finally winging his way northward.

ENGAGED

Mr. and Mrs. Sydney G. Snelson, of 510 Cinnaminson avenue, have announced the engagement of their daughter, Miss Mabel E. Snelson, to John K. Reidenbaker, son of Mr. and Mrs. Charles Reidenbaker, of Fork Landing road, Palmyra. The wedding will take place in October.

LOCAL LEGION CARNIVAL PLANS

The annual carnival of Post Frederick M. Rodgers, 156, of Palmyra, will be held this year for one week, starting on Monday, July 25.

The location, as in former years, will be at Broad street and S-41. A number of novel attractions, with fun for young and old alike, will be the feature of the affair.

AT C.M.T.C. CAMP

Fourteen residents of Burlington county are enrolled at the C.M.T.C. camp, which opened on Tuesday of this week and will continue for 30 days.

Young men from New Jersey number 853, while the total personnel of the corps is 2,224.

Asks Borough For Assistance

(continued from page 1)

than be killed in the streets by automobiles.

Mayor Ward made no comment upon the borough's legal responsibility to see that justice was done in behalf of Mrs. Woodside.

Referred to Solicitor

The matter was solicited to the borough solicitor to determine what legal action might be taken to arrest the boy and bring him before the police recorder. If such action can be taken, borough council was unanimous in the opinion that a complaint be issued and the case brought to an issue.

Mayor Ward stated that unless a satisfactory adjustment of this case can be brought about, council will be forced to take measures by ordinance to increase the penalty in such cases and work a real hardship on parents and children throughout the borough.

Fluck Plans Approved

A new set of plans for a service station being built by William R. S. Fluck on S-41 highway were approved by council and a new permit authorized on the basis of the plans submitted. Councilmen Buchholz and Flynn voting in the negative.

Councilman Flynn reported that the Palmyra sanitary sewer project was progressing according to schedule.

He also reported that the rearrangement of the lighting system in the borough as previously authorized, had been completed.

He reported that the fire company had conducted a fire test at the high school building and that some adjustments will be required with the water company. Fire Chief Geddes stated, however, that no alarming situation exists at this location.

Councilman Flynn stated that activity is progressing nicely at the municipal park and at present a tennis tournament is being played.

Band Concerts

Mr. Flynn also reported that the summer band concerts have been started and stressed that people from Palmyra, Riverton and Cinnaminson are cordially invited to attend and enjoy these concerts on Friday nights.

The building inspector's report included a list of improvements totaling \$2915 and submitted fees totaling \$28.

Councilman Engle reported that road oil will be applied after gravel work, now being done is completed. Some little difficulty was experienced in getting gravel with which to start the work, he stated.

Road Drainage

Councilman Flynn stated that the surface drainage at the municipal park is bad in two places and, after a heavy rain, lays for days in big pools. This situation should be corrected while WPA labor is still available, he stated. It was agreed that \$300 would provide surface drainage for the two objectionable spots and authorization was made to make application for the work. An emergency note will be authorized to take care of the additional expense. Councilman Buchholz objected strenuously to the emergency note. He cited that council had better watch its step, it's \$300 for that and \$300 for that and the first thing you know you'll have a big budget for next year. Mayor Ward stated that it was good business to have the situation remedied while the help was available and the cost so low. Buchholz reminded him that it was good business to buy a Packard car for \$150, but if you haven't got the \$150 then it becomes an unwarranted expense. He also reminded council that the sewer maintenance account was almost expended now, with six more months of operation to go. The Mayor cited that this expenditure was occasioned by unforeseen heavy sludge pump repairs and could not have been anticipated.

Relief bills amounting to \$325.14 were authorized for payment.

Ask New Pump

A letter was read from the Independence Fire Company asking council to purchase a new pump to add to its equipment. Chief Geddes explained that serious consideration had been given to the fire equipment and if it had been possible to build a pump into the Packard truck, they would not ask for a new pump. He pointed out that Palmyra has but one pump and that is the old Seagraves. He stated that one can never tell when that might give out and then all fire fighting operations would have to cease until outside aid could be called to the scene of the fire.

Cost \$6000 to \$8000

It was learned that a new pump would cost somewhere in the neighborhood of between \$6000 and \$8000. It was also learned that such equipment is always purchased by a bond issue. All bonds on previous equipment have since been paid off.

Mayor Ward suggested that if an emergency does not exist the matter be deferred until next year at budget making time. Councilman Buchholz however, stated that since these things are done with a bond issue why wait until next year, he added, it might as well be done now.

Councilman Wright speaking on the subject stated that according to the schedule rating bureau, Palmyra should have a new pump and a better water supply in order to secure better fire insurance rates in the borough.

The matter was referred to the finance committee for report, but Councilman Buchholz refused to serve. Mayor Ward therefore appointed Councilman Huyett to act as chairman of the committee.

Relief Committee

Under a new state law it became mandatory for council to appoint a relief committee with one member a woman. Mayor Ward appointed William Engle, Miss Blair, Harry Saar, and Floyd Spahr. His appointments were unanimously confirmed by council.

The report of George N. Wimer, relief director, included 17 cases for the month of June covering 64 persons. He also reported the distribution of 429 garments from the sewing project.

The sanitary inspector's report included \$9 in fees for permits and reported one case of mumps, two of chickenpox and two of whooping cough.

New Jersey Generosity

The taxpayers of New Jersey are building one of the finest roads anywhere in the United States, namely, the dual highway known as Route 25, which extends from the Airport Circle, Camden, to the intersection with Route 1, just south of New Brunswick.

Coming to the question of who the users are, anyone who has occasion to travel along this stretch of road cannot help being impressed with the tremendous amount of truck traffic that this highway bears.

Not in New Jersey, whose citizens are footing the bill, but from Maryland, Delaware, Virginia, and all the way south to Florida, a large part of it being agricultural produce en route to New York markets.

On the other hand, the railroads also pay Federal taxes and, in addition, pay franchise taxes in New Jersey. Still more important, they have to build and maintain their own right of way.

Much of the through freight from the south was formerly carried by the railroads, but in the face of such unfair competition, it is any wonder that the southern truckers have grabbed a large share of the business?

Looking at it from another angle, we have the rather ridiculous situation of New Jersey farmers paying good money in order that their competitors, the southern growers, can market their products more conveniently and cheaply.

And last, but my no means least, when the southern truckers have rolled their automotive freight cars over the road for awhile, repairs are going to be needed. At that time will these people dig down into their pockets to help build a new road for New Jersey? What do you think?

We are, at the present time, offering no solution to the problem, believing that it is one which should be carefully considered from a number of angles. Consideration is, however, something which should be done promptly, and effective action taken to relieve existing conditions.

Our Country

A national authority recently stated that the thirty million families in the United States have as large a total income as all the four hundred and fifty million families in the rest of the world combined.

Perhaps you may be inclined to doubt either or both of these assertions, but to us, the proof seemed fairly conclusive. The significance of these facts, in our opinion, appears to be that, with as much money as the rest of the peoples of the earth put together, we should be "sitting on top of the world."

It's rather pitiful isn't it—capital, natural resources and everything else needed to banish poverty and unemployment, but here we are floundering around in a sea of uncertainty. Certainly the American people have the ability to meet the situation and the solution is squarely up to Mr. and Mrs. John Q. Public.

And the answer, as we see it, is to put men into office who have real, honest-to-goodness ideas of how to conduct the business of the country.

Among the individuals we DON'T want are those with crackpot ideas, feeble tools of a political machine, rubber-stamp "yes" men, or flowery-tongued orators who talk a good platform, but do nothing.

There are enough capable men in these United States to bring prosperity to the Nation. Let's go to work and do it!

NEW ERA BUSINESS NOTES

Follow the business news at home—it pays big dividends

For the little tots, to whom a hair cut is a major operation, we suggest you try Jimmy's Barber Shop, 1034 1/2 West Broad street, Palmyra.

Ladies half-soles are applied in the new manner at the Unity Shoe Repair Shop in Palmyra. No nails or stitches are used.

Lester S. Fortnum is offering an attractive assortment of Used Cars for mid-summer buyers.

Shulman's, Palmyra's leading department store, is having its second annual Enna Jettick shoe sale—Consult your advertisement in this issue for full particulars, and bargain prices.

Hungry? Why not stop in at the Empire Diner for a snack or a full course dinner? They're never closed.

Summer slacks are beautifully laundered at the Riverton Laundry for 25c. An inexpensive way to keep a fresh, clean looking appearance in the hot sticky weather.

Ladies—Here's news. Consult the Agnes Shop in this issue for prices on a new stock of cool, figured chiffons.

Cap't. George Clover is advertising his party boat for fishermen in this issue. Those of you who like the feel of a tuna on the end of your line had better sign up soon.

Howard Taylor, Jr., announces the opening of his roadside stand at Taylor's lane this week, and is featuring his delicious sweet corn. Try some—we did.

RIVERSIDE EKES OUT CLOSE WIN

Triple Breaks 3-3 Deadlock in Ninth Stanza; Sutters Hits for Circuit

A three-base hit by Simmons, supported by a single off the bat of Kalinoski, of Riverside, turned the tide of battle and broke the 3-3 tie in the ninth stanza to hand Riverton another defeat by a close margin, Saturday afternoon at Memorial Park.

Riverton scored in the opening frame when the three lead-off men; Sloan, Sutters and Bill Baker came connected for singles. Harper, next up, got to first on a fielder's choice and E. Sutters tore across the home plate when the Riverside catcher missed the ball.

Riverside everted the count in the opening of the fourth when Kalinoski, Riverside's heavy hitter, clouted a home run into deep center field. Len Baker allowed one more hit to Wille and then closed down for the balance of the inning.

Harper next at bat for Riverton got to second base on an error and was driven in by a healthy single smacked off by Broderson, Riverton's right fielder. That inning was squashed for further scoring by three pop-fliers in succession, two to the third baseman and one to the short-stop.

Stanza five slipped by when Riverside went down in one-two-three fashion and Bill Baker's double went begging followed by two long flies into center field and a strike-out. Riverside opened the sixth with two men going down in succession followed by a base on balls for Wille. B. Estlow, Riverside's right fielder again evened the score with a neat single that brought in Wille and left the count at two all.

A Tennis-Court Homer G. Sutters, first up for Riverton in the 6th, caught the ball square on the button and sent it sailing into space for a home run. Riverside's center fielder finally retrieved the horsehide somewhere in the vicinity of the last tennis court or the railroad tracks, Sutters in the meantime had sauntered leisurely across home plate for the 3 to 2 count. The remainder of the batters were returned in order.

R. Edge, Riverside's catcher got a walk in the opening of the seventh. He came in with the third run on a sacrifice hit from the bat of Kalmes, Riverside's pitcher. Len Baker came in to cover home and had his pitching hand injured trying to block the run.

Thomas then went into the box for Baker and closed the inning with a base on balls and a strikeout. Riverton missed the chance for a win when Broderson who got to first on a hit was caught trying to steal home by a neat peg from second base to catcher. Riverside clinched the verdict in the ninth by the triple and single as mentioned in the opening paragraph.

Score by innings: Riverside 0001010-4, Riverton 10010000-3. Home Runs—Kalinoski and G. Sutters. Two base hits—W. Baker. Three base hits—Simmons. Stolen base—Wille. Double Play—Kalinoski to Wille and Wille to Theurer. Struck out by Kalmes, 10; by Thomas, 3; by Baker, 2. Bases on balls—off Kalmes, 2; off Baker, 5—off Thomas, 1. Left on bases—Riverton 8; Riverton, 8. Umpires—Buchholz and Alloway. Florida's Everglades average eighteen feet above sea level.

Country Club Notes

Weekend Winners The winners of the four-ball match play tournament held last weekend were: first—J. C. Vilasack and E. F. Kohman; second—J. S. Cook and F. S. Wood; third—A. P. Gregg and P. M. Scott.

Ocean City Winner Robert Conroy, one of Riverton's ace golfers, won the title in the third sixteen, at the tournament which ended recently, at Ocean City.

Hole in One One of the latest eligibles for the hole-in-one club, Walter Blyler, was inadvertently omitted from this column. Mr. Blyler secured his ace on the fourth hole, a 152 yard affair, using a number 5 iron.

He became the third member of the club to join this exclusive organization this year, the other members being Howard Coe and Harvey Hirst. Both of the other ace of players, secured theirs on the second hole.

CARLSON'S NEW LEAGUE ENTRY

A change in sponsorship of one of the teams in the Memorial Park Softball League was announced after last week's issue of The New Era had gone to press, the new outfit bearing the name of Carlson's Pharmacy.

This team is under the management of Phil Stiltis, former Broadway star, and is composed of the best performers on the old Banker and Dodger teams.

COUNCIL MEETS TONIGHT

A regular meeting of the Riverton Borough Council will be held in the Fire House, this (Thursday) evening at 8 o'clock.

Table with columns: Kalmes, p, Riverton, Sloan, 2b, E. Sutters, 3b, W. Baker, 1b, Harper, c, Broderson, rf, G. Sutters, lf, Thomas, cf, McDermott, cf, Cole, ss, Baker, p, Thomas, p. Totals: 40 4 7 27 17

Warning of a highway menace which apparently is greater this summer than ever before, the Keystone Automobile Club of New Jersey recently issued a bulletin cautioning motorists against "quick stops" on the highway.

"Highway vendors have become a real problem," said J. Maxwell Smith, general manager of the club. "The roads of the state are literally lined with them, especially on Sundays and other heavy traffic periods, and while they have a legal right to offer their wares so long as they do not stand on the highway, their presence is dangerous because of the unpredictable conduct of drivers in response to the waving of a bunch of plump asparagus, or in obedience to a sudden "stop" order from the back seat.

RIVERTON WINS LEAGUE TITLE

Roebbling Downed 7-5 in Playoff For First Half; Yearly's Hitting a Feature

By downing Roebbling 7-5 on Monday evening in an engagement played at Burlington, Riverton became the winner in the first half of the Burlington County Softball League.

Both teams finished the regular schedule with a record of 12 wins and a pair of reverses, this situation necessitating an additional conflict to decide the winner. Four Bingles The contest was featured by the boisterous hitting of Joe Yearly, who patrols the left field frontier for Riverton. This energetic guardian of the pasture smote the apple with considerable enthusiasm, getting a round tripper, a brace of triples and a single. The firemen were finally called, but failed to get him out.

The tilt was decided in the eighth when E. Sutters and Paul Burke jostled out one-basers. Shaefter then contributed a ringing single to send his predecessors over the rubber. Riverton Lineup The local cast which earned the laurel wreath was composed of the following: Battery—Gonteski and Foulke; shared the mound duties, while Shaffer and Lynch divided the backstopping chores. Other positions were Shea, 1b; E. Sutters, 2b; Weikman, ss; Burke, 3b; Yearly, lf; Conway, cf; Williams, rf and G. Sutter, rover.

With an outfit that appears to have no superior in the county circuit, Riverton appears well on the way to top the field in the second half and thus become the recognized county champions.

HIGHWAY VENDORS A REAL PROBLEM

Warning of a highway menace which apparently is greater this summer than ever before, the Keystone Automobile Club of New Jersey recently issued a bulletin cautioning motorists against "quick stops" on the highway.

"Highway vendors have become a real problem," said J. Maxwell Smith, general manager of the club. "The roads of the state are literally lined with them, especially on Sundays and other heavy traffic periods, and while they have a legal right to offer their wares so long as they do not stand on the highway, their presence is dangerous because of the unpredictable conduct of drivers in response to the waving of a bunch of plump asparagus, or in obedience to a sudden "stop" order from the back seat.

"In a recent trip of 300 miles we witnessed many narrow escapes when cars traveling at the legal maximum speed suddenly decelerated and came to a full stop on the highway, without adequate warning to cars traveling in the rear. The danger is greatest on two-lane roads, where there is no opportunity for following vehicles to pass quickly-stopped cars, with traffic coming from the opposite direction.

"We believe motorists should exercise more good sense in making their stops. A safe practice is not to patronize any roadside vendor unless there is room for parking off the paved section of highway. Vendors who set up stands close to the highway where parking is not available are contributing to road perils."

YACHT CLUB YARNS BY NUTE AND MIKE

Proving that "brains win the races," Bert Shoemaker, through a rather unique trick, maneuvered his boat into a first place last Wednesday evening.

Shoemaker, sizing up the light air on hand, came forth with a "loose-footed" mainsail and easily won the race. The Lippincott and Bert Shoemaker are tied for top honors, with J. Lane running a poor third. The rest—Also ran. Saturday saw plenty of action, with two new members of the most illustrious "Horizontal Club," No. 1 being Nick Shebley sailing his newly acquired Comet. (It couldn't have been Nick that said, "Aw I just wanted to see how far she'd go over.") No. 2 was none other than John Lane in the Duster. Upon interviewing the aforementioned gentleman his reply was (Tell my public it just couldn't be helped). O! Yeah!

The Stars left in a beautiful start in their race only to get to the first mark where backstays started popping. After things cleared up, we found The Syndicate, skipped by "Stan" Lippincott and Little Bear under J. Ayres' guidance, disabled and unable to carry on. With this Bob Levine's Starward immediately withdrew thereby squelching the race. The Comets came through with two upsets, the first being Nick Shebley as we have mentioned, but the second and most important came when R. Swope finished in front of Ed. Merrill instead of behind him. This, incidentally, is the first "class" race Merrill has lost. (We told you that Swope guy would be a nuisance Merrill.) With this unusual turn of affairs, few noticed third position which was held by Jenkins.

The Dusters meanwhile cruised along in the rather stiff breeze to finish as follows: R. Lippincott, first; T. Coe, second; B. Shoemaker, third; L. Gladney, fourth; H. Lippincott, fifth; W. Parsons, sixth; W. Shoemaker, withdrawn, and J. Lane, upset.

Contrary to custom "Night Sailing" dropped off this week, even Saturday night was quiet. So to speak. Then came Sunday and boy was it a scorcher. The Delaware River Y. C. challenged for the interclub trophy Sunday. To sum it up in a few words, "That's as far as they got." E. B. Merrill and R. Swope got off to a good start leaving the invaders behind even at the start. Then commenced the slaughter. E. K. Merrill sailed blithely into a commanding lead, followed by R. Swope. At the conclusion of this so-called match race D. R. Y. C. was still sailing after the two home club boats had been put away for the night. Reliable sources inform us that J. E. Borton and W. Grimditch brought up the rear in that

order. We didn't have time to stay and see the finish. This ended the third successful defence of the trophy. Where are the so-called sailors around these here waters? We have yet to see them.

The usual events were missing this week. Must have been too much 4th for the gang. For that matter it was too much for us. More next week "Noggin." Ventnor (999999).

LIVELY CONTESTS IN LOCAL LOOP

Second Half Gets Off to Good Start Monday Evening; Landgraf Hits Pair

The second half of the Memorial Park Softball League schedule opened in an auspicious manner on Monday night, the opening engagements both proving to be keenly contested affairs.

The Parry Firemen downed Carlson's Druggists in one tilt, the score being 6-4. In the other fracas, the hustling Cardinals downed Fortnum 13-7. Landgraf, first-sacker for the V-8 boys, provided the feature of the pastime, when he connected for round-trip swats on two occasions.

Men on Base Since there were two mates aboard on each occasion, Mr. Landgraf was personally responsible for six of the markers compiled by his team. Fortnum gave the winners a stiff brush, but the Red Birds began thumping Richmond's offerings in a rather lusty manner as the game progressed.

Although Small at third for the motor team and Carpenter, at short, both covered a lot of ground, the Cards seemed to have an uncanny aim in propelling base hits that neither man could reach. Batteries—Cardinals: Long and Oliver. Fortnum—Richmond and Miller. Umpires—Carrhart and Alloway.

Carlson Looks Good The Carlson Pharmacy lads, recruited from the old Dod

RIVERTON TAKES FLORENCE TEAM

Locals Go on Hitting Spree. Getting 22 Hits; Enemy Clouts Out 21

With base hits raining all over the Memorial Park terrain the local entry in the county softball loop tagged Florence with a 14-10 reverse, last Friday night.

The three pitchers employed by the enemy allowed a total of 22 hits, many for extra bases. The Riverton hurlers, Gonteski and Anderson, were touched for 21, all singles.

The former, after pitching five shutouts in league competition (something of a record) was obviously off form and failed to weather the first frame.

Escapes

Bill Anderson allowed six of the Florence runs during his term of office and appeared to be in danger on several occasions. When the going became extra tough, however, he had something in reserve and managed to receive credit for the win. Joe Yearly, one of the best fielders in the loop, turned in several beautiful catches.

Extra Base Hits

In such a free-scoring affair, singles became worthy of little mention, but an account of the longer blows may prove of interest. Fred Conway got a round-tripper with none on, while Joe Yearly blasted a four-master with two aboard. He also got a three bagger.

Other triples were punched out by Lynch and Weikman, the latter also jostling a double. Paul Burke's contribution was a brace of two-basers at timely moments.

After a bad start, the locals went ahead 5-4 in the second. Florence made it 6-5 in the upper half of the third, but the homesters came back strong with six more tallies. The enemy tagged along, however, and had acquired 10 runs by the seventh, making the count 11-10, in favor of Riverton.

This being too close for combat, Yearly poled one out of the park in the eighth, to score Anderson and Weikman ahead of him.

Score by innings—
Florence 4 2 1 0 2 0 0—10
Riverton 3 2 6 0 0 3 3—14

Batteries—Florence: Foulks, Wilcox, Donnelly and Branning. Riverton: Gonteski, Anderson and Lynch.

"WIGGLEY" LINES ON COUNTY ROADS

Just in case you have accused the county highway employees of having a case of the staggers, due to the wiggly white lines on certain sections of county roads, kindly be advised that this effect was entirely deliberate and did not occur through physical debility.

Snake-like lines are advocated by national highway officials to designate approaches to hills, curves and other road hazards. In keeping with many other highway departments, the county road men have adopted the practice locally.

JURY DRAWING ON AUGUST 31

The Hon. Joseph B. Perskie, Justice of the Supreme Court, assigned to hold the Circuit Court in the County of Burlington has fixed Wednesday, August 31st, at 10:00 a.m., at the court house, Mount Holly, for the drawing by the jury commissioner of the grand and petit jurors for the September term of the courts of Burlington county.

The September term of courts will open on Tuesday, September 13th.

READS NEW ERA IN OKLAHOMA

Eugene F. Hatzell, a former resident of Riverton, now of Oklahoma City, writes that he finds much of interest in The New Era, which reaches him each Monday morning by mail.

Mr. Hatzell stated that the Fourth of July program was of particular interest to him, as he marched in the flag parade himself year ago.

Georgia produces one-half of the country's turpentine.

TEAMS BATTLE TO 3-3 DEADLOCK

With Altadonna, ace hurler, on the mound, Palmyra and Moorestown battled seven innings to a 3-3 stalemate, last Thursday evening, at Palmyra Recreation Park.

In addition to pitching a brilliant game, the local moundsman got two hits out of three trips and scored the run that earned a tie.

BILL WILL AID HOLC BORROWERS

Congressman D. Lane Powers New Fight Toward Lower Interest

With the smoke of the last Congressional battle still hanging over Washington, Congressman D. Lane Powers has pledged a new fight in the 76th Congress to aid H.O.L.C. borrowers.

Powers' pledge constituted one of the first gauntlets to be thrown down to the administration forces in the next Congress. During the 75th Congress, the administration succeeded in bottling in committee the bill, of which Powers was a co-sponsor, which would reduce the H.O.L.C. interest to 3½ per cent, and extend the amortization period to 20 years.

To Continue Fight

"No matter what the political complexion of the next Congress should be," the representative from the 4th New Jersey district, which includes Mercer and Burlington county, said today, "I am going to continue my fight to have my H.O.L.C. bill put through. The administration has blocked it, claiming it would not permit the H.O.L.C. to pay its own way. The farmers of the south and west have received much more lenient terms than this bill would provide, and still the administration claims their loans are economically feasible for the government.

All Sections Equal

"I believe all sections of the country should be treated the same, and all clients of the government should receive the same equal consideration.

"I know of many instances where the H.O.L.C., which was formed 'to save the homes of individuals,' has foreclosed on their loans and evicted those individuals from the homes the corporation was formed to save."

Powers, who was a member of the 73rd, 74th and 75th Congresses, is a candidate to succeed himself in the 76th Congress.

AUXILIARY MEETS

The Cinnamon Auxiliary of the Zurbrugg Hospital held its monthly meeting, Tuesday, July 12. Mrs. Lester Steele was the hostess for the occasion.

Give me health and a day and I will make the pomp of emperors ridiculous.—Emerson.

Know Your Government

Appreciation

Last week we told about the reduction of nearly two and one-quarter million dollars in the state appropriations bill as effected by the special appropriations committee of the legislature. Even after the legislature had adopted the appropriations bill as presented by the special committee it was feared by many that there would be such a flood of supplementary appropriations passed that the good work of Senator Powell and Assemblyman Zink in revising the appropriations bill so drastically downward would be nullified. But the public so fully supported the action of the special committee as to make it clear to the legislature that it would not be at all sympathetic to any changes or supplementary appropriations which would destroy the benefits of the economies effected and Speaker Pasco, of Union county, recognizing the desires of the people-at-large refused to permit the release of any supplementary appropriation bills for a vote in the Assembly, thus protecting the best interests of the taxpayer.

Supplementary Bills

The supplementary bills which had been introduced, but which were not voted upon, reached a grand total of approximately sixteen million dollars. Thus, by this action on the part of the appropriations committee and the speaker of the House of Assembly, Pasco, supported by other economy-minded representatives, the people of New Jersey have been saved many millions of dollars for the coming fiscal year which begins on July 1st.

This is one opportunity for the people to express their appreciation to their elective representatives who carried out their wishes. If the people would be more articulate in public matters affecting their interests they would get much better results. The proof of the pudding is in the eating and the best example of this is the reaction of the Legislature to the protests of thousands upon thousands of people who voiced their disapproval of salary increases of public servants in the higher brackets and protested vigorously against any increased expenditures of State government.

Local Expenditures

In an open letter to county, city and school officials of New Jersey the New Jersey Taxpayers Association recently called attention to the current budgets and urged public officials to remember that an appropriation for an expenditure did not require that all of the money be spent if it were possible to effect fair and reasonable economies which would result in reducing the cost to the taxpayer.

The article went on to say, "With the recurrence of depression and a highly uncertain economic situation genuine retrenchment is a crying need. No matter what the budget may have provided for, expenditures should be kept within the bounds of necessity.

Difficult Conditions

"The people of New Jersey, facing extremely difficult and perplexing economic conditions, are looking to you to carefully scrutinize every departmental authorization for the expenditure of money and to withhold approval unless it can be clearly shown that the expenditure is actually necessary. Be sure that any unused surpluses are put aside to be applied to reducing next year's operating costs. Recheck the estimated receipts from all sources and make sure there are no deficits and finally pass on to the overburdened taxpayer any savings you can possibly and properly make.

"We respectfully call your attention to the action of the State Legislature on the appropriations bill. That was a good example of what can be done."

"THINGS ARE LOOKING BETTER"

EVERY INDICATION points to E to an up-swing in business. A slight flurry has been felt already, and is like a snowball, growing as it rolls. Continuation of this attitude will keep business rolling and growing.

Let optimism deal a death blow to pessimism, and you will deal a death blow to depression. Catch the spirit of the thing and the rest will be simple.

Every man and woman can, by uniting their efforts, bring about a feeling of confidence and security. If you buy a cigar or a dozen eggs — slap the money down on the counter with a smile. It doesn't cost a thing.

And you, Mr. Merchant, tell your customers things are looking better.

That doesn't cost anything either, and you'd be surprised how far an air of cheerfulness goes these days. Lots of customers shun stores where the proprietor looks as though the sheriff were on his heels—even though he probably isn't.

Optimism is the best kind of ammunition to lick the depression — and while you're doing it

**DONKEY SOFTBALL
GAME ON JULY 20**

Palmyra Firemen to Play Town
Fathers; Athletic Stars
Added Feature

Its coming folks! The laugh riot
of the season—a soft ball game,
played on real donkeys who get as
much "kick" out of the game as
the players. And who do you think
is going to battle the invincible
smoke-eaters of the Independence
Fire Company, the sponsors of the
annual event? None other than
Mayor John Ward, flanked by his
mighty stalwarts, the councilmen,
with a number of the borough's
most prominent citizens tossed in
for good measure.

What a spectacle this game promises
to be. Laughs—thrills—spills,
all for the small admission of 25
cents for the adults—10 cents for the
little shavers. There isn't a place
under the sun where you can have
as much fun and entertainment as
you will at the donkey soft-ball
game on July 20th at the high school
field. The laughs will commence at
7 o'clock sharp, and continue for the
remainder of the year.

Johnson to Be Here

Through the efforts of Tommy
Shorten, a five star added attraction
has been arranged to have five
outstanding members of the Athletics
on hand, including that home run
cloutier Bob Johnson and the ace
moundsman, Castor.

Don't forget—it's a date—you and
you and you—July 20th at the high
school field at 7 o'clock. Come out
and give yourself a rare treat and at
the same time you'll be giving the
fire laddies' finances a boost. Tickets
can be purchased from any member
of the fire company or at the gate.

Lineup
The line-up is as follows:

Borough Council	
T. Curtis Flynn	3b
Arthur Wright	rf
Charles Mervine	1b
Mayor Ward	pb
Wm. F. Engle	2b
C. Nevin Buchholz	c
Ex-Sheriff Wimer	rfc
W. P. Huyett	lf
George Spencer	cf
C. Morris Beck	ss
Palmyra Firemen	
Bob Snover	3b
Ed Grubb, jr.	rf
Rusty Dilks	1b
Dan Bradley	pb
Norm Moore	2b
Bade Reynolds	c
Herm Deitz	rfc
Bill Hoare	lf
Abe Adams	cf
Joe Deitz	ss

NOTE—The Palmyra ambulance
will be parked on the sidelines to
carry off the unfortunate Council-
men. Remember the time 7:00 p.m.

**BRIEF ITEMS
from
ABOUT TOWN**

The Collins building is about
ready for occupancy by Dreers.

The announcement of an appropri-
ation for a new post office in River-
ton has caused considerable com-
ment, locally, regarding the selection
of a site of the new structure.

Employees of the county highway
department have repainted the white
guiding lines on local thoroughfares
under county maintenance.

The favorite topic of conversation
over the weekend was the heat. The
official temperature ranged from
well over 90 to above the century
mark, depending upon the location
and accuracy of the various ther-
mometers.

One pumper from each of the Pal-
myra and Riverton fire departments
went into action, on Monday night,
at Palmyra high school, the purpose
of the drill being to determine the
volume of water available from the
hydrant at that location.

The New York contingent of
C. M. T. C. camp enrollees passed
through here, on Tuesday morning,
in a special train of the Pennsyl-
vania railroad. The men were en-
route to Camp Dix via Camden.

**EMERGENCY NOTE
DOWNED AGAIN**
(continued from page 1)

He also asserted that W.P.A. la-
bor could not be used for mainten-
ance, but only for new construction.
This was in answer to the remark by
Mr. Adams that a W.P.A. labor al-
lotment of \$200,000 was available.

OH Question

At this point the question of
proper treatment of roads became
the subject of a discussion between
Messrs. Jones and Stout, but Di-
rector Lamon brought this to an
end by requesting that arguments be
limited to the resolution, which con-
cerned only bridges.

He said that the head of the
bridge department was competent to
judge how far he can go with his
present appropriation. Mr. Lamon
added that the storm was not "just
a little rain" as some one had sug-
gested and that he was confident Mr.
Church would not ask for money
that he did not feel was needed.

Lamon concluded by saying that
he did not want to spend money un-
necessarily, but he felt the county
should act properly in an emer-
gency.

Less Than Week Ago

Director Lamon replied that the
estimate made at the former session
was a hurried one and that a more
detailed survey had revealed the fact
that a smaller sum would do. He
remarked that the entire sum of \$15-
000 would not be spent unless abso-
lutely necessary.

Since the resolution was lost, the
bridge department will of necessity,
get along with the present appro-
priation.

**CHAMPS LOSE TO
ROEBLING TEAM**

It must have been the heat, for
Riverton, playing decidedly off form,
lost an 8-0 decision to Roebling, in
a soft ball game played Tuesday
evening, at Memorial Park.

The locals got only two hits, both
being credited to Weikman, Riverton
shortstopper.

Since we can find no further
touches of brilliancy on the part of
the first half champs, the less said
about the game the better.

HOME VACATION CAMP PLANNED

Novel Program Planned by YMCA: Will Start on Friday, July 19

A Home Vacation Camp will be conducted here by the Y.M.C.A. from July 19th to August 12th. Plans for the program for such a camp have been cleared with A. E. Hargett, President of the Palmyra-Riverton Y.M.C.A. Board. The Y.M.C.A. building will be used as "camping" headquarters. Some of the activities of the "campers" will be conducted there, and a number elsewhere. For instance, during the month there will be two swims a week at the Moorestown pool, including instructions for non-swimmers. While in high school, Mr. Reeder was the state swimming champion in the 100 yard dash. He also taught swimming during his four years at Gettysburg, where, for three years, he was the student Y.M.C.A. secretary.

Overnight Hikes
Then there will be educational trips, overnight hikes, first aid instruction, craft work, soft ball leagues, self government experience and worthwhile fellowship and guidance through the various features of the Y.M.C.A. boys' work program which will be under Mr. Reeder's direction. The starting day will be Tuesday, July 19. "Camp" days each of the four weeks of this program will be Tuesday, Wednesday, Thursday and Friday, and the hours from 10 a.m. to 3 p.m., with special evening events and features which have been planned.

Registration
Registration will be held at the Y.M.C.A. building Friday, July 15th, from 10 a.m. till 3 p.m., and Saturday morning from 9 till 11 a.m. Persons having the application forms may send them by mail to the County Y.M.C.A. Office, Mount Holly. The number will be limited to the first fifty to enroll. Application forms may be had at the New Era Office, Riverton; at the home of George N. Wimer, 520 Garfield avenue, Palmyra; or by writing Secretary T. P. Reeder, county Y.M.C.A. office, Mt. Holly; or by phoning Mt. Holly 101. The cost for the entire period will be \$3.00 per boy (fifty cents a week), which includes the necessary transportation charge to and from Moorestown, and the fee for the use of the pool, besides other special educational trips.

ROEBLING SECURES NEW JERSEY CONTRACT

New Jersey industry was favored today by State Highway Commissioner E. Donald Sterner in solving the bids for guard rail cable. The order will be placed with the John A. Roebling's Sons Co., of Trenton, under the recommendation of Commissioner Sterner to the state purchase commissioner. Five firms gave similar prices for the product, but the Roebling concern was the only one to obligate itself to do the manufacturing in New Jersey. The wire will be turned out at the Trenton plant. This guard rail cable is of three-quarter inch steel wire rope and has a minimum breaking strength of 15,000 pounds. This resistance to the impact by an automobile is greater than that of the supporting posts in a head-on crash. New Jersey highways, however, are built to avoid sharp curves and a car out of control will generally hit the cable a glancing blow and will then be veered aside.

WARREN QUALIFIES AS SHARPSHOOTER

John Warren, of Riverton, recently qualified as a sharpshooter in the rifle competition held at Fort George G. Meade, Md., R.O.T.C. Infantry camp for the third corps area. Warren shot 128 out of a possible 133 on a course that involved prone, kneeling, and standing positions, and both slow and rapid fire of the .30 caliber rifle. Warren is one of sixteen Lafayette students who were assigned to this camp. Five of these qualified.

IMPORTANT DEPARTMENT

The kitchen at Camp Ockanickon is a busy place these days. Chef Nick Belick and his helpers are serving a family of two hundred and fifty this week. Places are still available for boys who want to enroll for any of the five remaining weeks. The second week begins July 16. The county Y.M.C.A. headquarters at Mount Holly is the enrolling office for Burlington county boys.

YMCA BRIEFS

Camps Open

Ockanickon, the camp of the Y.M.C.A. of Burlington, Camden, Gloucester and Monmouth counties, opened its 33rd season for a period of six weeks, on Saturday, July 9th, with an enrollment of 200 boys. Staff members and counsellors, cooks and helpers bring the complete family to two hundred and fifty, headed by Charles Lee Black, the camp director. Matolionequay, the girls' camp on the upper lake portion of the vast Ockanickon property, also opened July 9th for six weeks, with Miss Hazel Metcalf as director. One hundred and thirty girls, plus an additional group of about 30 counsellors and staff members, make up the camp family for the first week of the second season for girls on their own camp site. This is the twelfth season girls have camped on the Matolionequay property. Up to 1937 they occupied the boys' camp the latter part of the summer. They are now well on their way to a finely established and equipped camp of their own, which is supervised by a committee of women, associated with the Ockanickon trustees.

Wednesday evening, July 13th, the Camp Ockanickon trustees and the Matolionequay women's committee had a joint meeting at Camp Matolionequay. The men were guests of the women for supper at the girls' camp. A business meeting followed. Burlington county women serving on the Camp Matolionequay committee are: Miss Carolyn Gauntt, Jobstown; Mrs. S. Roger Oliver, Burlington; and Mrs. Charles S. Berkwith, of Pemberton. Members of the Camp Ockanickon board of trustees are: Henry F. Stockwell, Moorestown, president; Everett H. Haines, Medford; John W. Thacher, Moorestown, and Secretary Guy C. Hendry, of Mt. Holly. Enrollments are being accepted for all the remaining weeks at Ockanickon, and for all the third week at Matolionequay, which begins July 23rd, at the County Y.M.C.A. Office, Mt. Holly.

SACRED HEART CARNIVAL PLANS

At the last meeting of the parish organizations it was decided to hold a New 1938 V-8 Ford at the carnival that will be held on Friday and Saturday evenings, August 5th and 6th. The carnival will be held on the Knights of Columbus grounds at the corner of Broad and Elm avenues. Amusements and novelties will be introduced that will interest and amuse both adults and children. Father Walsh is very much pleased with the progress on the outlined plans under the guidance of William J. Eck, general chairman. The world's issue of postage stamps totals approximately 50,000 distinct varieties.

PHILATELIC NEWSBITS

By S. E. Griffith
New Issues

The Post Office Department has announced several new dates for stamp issues which we list as follows: July 21st at Washington, D. C., James Monroe 5 cent stamp, to be printed in blue ink. July 28th at Washington, D. C., John Quincy Adams 6 cent stamp, to be printed in red orange ink. August 4th at Washington, D. C., Andrew Jackson 7 cent stamp. August 11th at Washington, D. C., Martin Van Buren 8 cent stamp. August 18th at Washington, D. C., William H. Harrison 9 cent stamp. August 24th at Des Moines, Iowa, Iowa Centennial 3 cent commemorative stamp. August 29th at Washington, D. C., Woodrow Wilson 1 dollar stamp.

The Denver Mint coined 250,000 Buffalo nickels under the 1938 date. Linn's Weekly Stamp News says, "Not only is the new 2-cent stamp a pretty looking thing to use in mailing bills, but that raspberry color gives a sort of subtle dig at the recalcitrant debtor."

All of the bi-colored Air Mail stamps printed at the Franklin Institute between May 19th and 25th were destroyed.

More King George VI pictorial stamps are appearing now from St. Vincent. There are eleven stamps in the set from 1/4d to 1P.

New French Stamp

Eimer C. Pratt showed me a copy of the new French champagne stamp issued recently to honor the origin of champagne in France. In the lower left corner is a picture of a goblet which looks more like a glass for a 35 cent frappe. These Frenchmen take their champagne seriously but then 50,000,000 can not be wrong.

George Brodie, a stamp collector in Brooklyn, was held in a Federal Court where he pleaded guilty to using cancelled postage stamps. He would apply cancelled stamps to letters and mail them to a friend who agreed to return them to him. The idea was to get a double cancellation mark, hoping the value of the stamps, as philatelic rarities would be increased. Rather expensive, however, as he can draw a fine of \$1000 or spend one year and one day in a Federal penitentiary.

Stamps for Your Collection

At a recent auction in New York three copies of a certain early revenue stamp were sold. One copy was sold at the usual list price, one copy at one-half the list price, and the other 60 per cent above the list price. All of these stamps were purchased by a stamp dealer. We immediately ask the question, why such a diversity in price? The answer, of course, is condition. Stamp dealers advertise their stamps according to condition, at

LITTLE HARMONY AS BOARD MEETS

(continued from page 1)
was satisfied that this was the lowest rate that could be obtained.

Freeholder Adams offered a motion that the clerk be instructed to write all department heads informing of the balance of their appropriation and advising them of the necessity of keeping within their allotment. Mr. Lamon said that this was un-called for, because such notice has been a regular procedure. He voted no, as did Freeholder Stout, while Church, Adams and Jones decided in the affirmative.

Sub-Contractors
The board was requested by the architect, Colonel Hugh A. Kelly, to approve the appointment of three sub-contractors, these being for cement work, millwork and doors. One firm is located in Brooklyn, another in South Plainfield and the third, in Philadelphia. Mr. Adams stated that approval should be withheld until it had been determined whether or not the materials could be purchased in Burlington county as advantageously. The building committee will confer with the general contractor before any further steps are taken.

Gravel Situation
The question of the kind of gravel used on county roads was brought up by Mr. Jones after a letter complaining about a washed-out drive in Lenola was read. He asked about location of gravel pits, prices paid, and whether the material had been submitted to the state for testing. L. A. MacFarland, supervisor of roads, stated that the price usually paid for gravel was 10 cents per cubic yard and that it had been obtained from several sources, many of which were used by the county last year.

Rejected
Analysis reports from the state were read, but all showed that the material was below standard, with one exception, this lot being rejected originally, but apparently approved later. Mr. Stout said that this gravel was used on road shoulders, and was perfectly satisfactory for the purpose and did not have to pass state approval, since it was not used for foundation purposes. He added that gravel meeting state requirements was difficult to secure within Burlington county.

Commended
A letter from George Scimeca, 237 Bridgeboro street, Riverside, was read. This communication complimented the staff of Fairview Sanatorium for the treatment of his daughter, who is a patient there. He paid glowing tribute to the institution. The following departmental bills were approved and ordered paid: roads, \$19,156.74; bridges, \$5,606.48; public affairs, \$12,617.82; revenue and finance, \$1,801.67; buildings, \$17,705.51, a total of \$56,488.52.

ASIATIC GARDEN BEETLE ACTIVE

The Japanese beetle, for years a much maligned pest in this section, has practically ceased to annoy gardeners hereabouts, but its place has been taken by another obnoxious six-legged creature, namely, the Asiatic garden beetle. This chocolate-colored nuisance has already begun to ruin a wide variety of plants, but its depredations are conducted only under the cover of darkness and on warm nights. So, if certain of your plants have a decided mangy appearance, for no apparent reason, scout around with a flashlight the next hot evening and the chances are very good that Asiatic garden beetle (which is the scientific name of the insect, in case you are interested) will be found tucking away a nice spot of foliage. Furthermore, if you desire to commit mayhem on the pest, the best way to do it is to pluck them off the leaves and gently drop them in a can of gasoline and a painless death results. Don't waste your time trying other remedies—they won't work.

AT FOX RIVERSIDE, SUNDAY AND MONDAY

A scene from College Swing, starring Martha Raye, George Burns, Gracie Allen and Bob Hope, playing Sunday and Monday, July 17 and 18.

larger percentage of chain food stores... United States has 30,000,000 automobiles, or 70 per cent of world's total. More than 70 per cent of American homes now using electricity. VERY HUMID
Although the storm of Monday evening had the effect of causing a drop in the temperature, Tuesday was nearly as oppressive as the previous days, the high humidity being nearly as oppressive as the scorching temperature that went before. Paris' population at the last census was 2,792,000.

PALMYRA B. & L. MATURES SERIES

\$22,450 More Cash in Local Communities; Total Paid Is \$763,067.00

With the paying of the maturity of their 43rd series, which takes place this Friday, the Palmyra Building & Loan Association will distribute to those who were fortunate in being shareholders, \$22,450.00 in actual cash. Besides this amount of cash distribution, quite a number of shareholders breathed a sigh of relief when \$6000.00 worth of mortgage loans were wiped from the sheet.

While this is a comparatively small series, yet Palmyra Building & Loan Association has not broken an enviable record of paying their maturities on time regardless of the size and irrespective of the depression and recession.

Large Total

From the time the depression made its presence felt in our communities in 1931, through all these difficult years and, up to the present time, \$763,067.00 has been paid in maturities. Over a period of seven and one-half years, it means an approximate average of \$100,000.00 per year.

To appreciate just what this means to the communities of Riverton and Palmyra, it represents a per capita of \$93.75 for every man, woman and child residing in the borders of our boroughs during that period.

One does not have to stretch his imagination to appreciate the value of such an institution in our midst.

Confidence

That the Palmyra Building & Loan Association has had the confidence of its shareholders is evidenced by the number of shares sold every year. Again taking into consideration the financial status of the individual today, 600 shares have been subscribed for yearly over the past five years. An average exceeding those established in the days of prosperity.

This association is one of which anyone can feel justly proud. It's helpfulness has touched thousands, and its shareholders are its best rooters.

Many have, and still are, forming the habit of re-investing their maturities in income shares as a safe income bearing investment, proving again that the Palmyra Building & Loan Association retains the confidence and cooperation of its shareholders. **Publicity Committee.**

CONFIDENT

Mr. and Mrs. George Becker, of Broad and Main streets, entertained at a birthday dinner on Wednesday evening in honor of Mr. Becker's mother, Mrs. Otto Becker, of Riverton. The guests were Mr. and Mrs. Charles Becker and son Bobby, Mr. and Mrs. James Evans, of Mowatstown, Pa., and Mr. and Mrs. Otto Becker.

CINNAMINSON P.T.A.

Don't forget the next Cinnaminson P.T.A. covered dish luncheon to be held Thursday, July 21st, at 1 p.m., in the home of Mrs. Lester Steele, Burlington Pike. The charge is \$1.00.

The Delaware although still as dirty as ever, is extensively employed as a swimming pool in this section. A case of any old water will do when it's hot.

The first collection during a softball game, at Memorial Park, resulted in a tidy sum being secured to defray necessary expenses. If every person that attends the games, who can afford to, would drop in as much as a quarter during the entire season, the aggregate would be more than enough to meet obligations. There's no doubt that you'll get your money's worth, one can remarking that the Broadway Athletic club last week was worth that sum alone.

The Pennsylvania Railroad has electrified its line from the Delair bridge into the Camden yards in order to facilitate freight transfer. Would that the electrification extended a few miles farther north along the riverfront towns.

The New Era stamp column, by S. E. Griffith has received some very complimentary comments from Elmer Pratt, stamp editor of the Camden Courier.

Idaho's mysterious "burning cave" smells like an old pipe, and puffs like one, its explorers reported.

RIVERTON

Mrs. Lillian Heisler and daughter Margaret, spent several days in Riverton last week, after which they returned to Longport, where they are spending the summer.

Mr. and Mrs. Alexander M. Smith, of 405 Seventh street, are spending this week at Wildwood. Mr. and Mrs. Albert Jungblut, of Beverly, are spending the week with Mr. and Mrs. Smith.

Paul E. Good and family, of Linden avenue, are spending the summer at Margate.

Mrs. Oliver G. Willis and daughters are spending several weeks at Bayhead.

Mr. and Mrs. Lee Mitton, of Cinnaminson street, motored to Detroit, Michigan, and are visiting Harold H. Speak and daughters.

The winners of the Sacred Heart Miscellaneous Club for last week were C. Hughes, of Almonesson and H. Kelly, of Camden.

The winners of the O.E.S. Miscellaneous Club for last week were Mrs. Edna C. Miller and Mrs. Emma Craig, both of Riverton.

The Cinnaminson branch of the Zurburg Memorial Hospital Auxiliary will be the guests of Mrs. R. Laslochy, at Millside Farms on Tuesday afternoon, July 19. Members will meet at the home of Mrs. Joseph T. Evans, Burlington Pike, at 1 o'clock.

Dr. and Mrs. H. B. Mark, of Riverton, are spending the summer at their cottage in Ocean City.

George F. Glinther, of the J. L. Lippincott Company, Riverton, returned home Saturday after a ten days trip through the New England states and Canada.

The following girls from Riverton have been enjoying a two weeks vacation at the Girls Friendly House at Island Heights: Shirley Friday, Jean Dalton, Ruth Hotchkiss, Virginia Moyer, Polly Mathews, Margaretta Smith and Virginia Gould. Anna J. Showell and Jeanne Werner will be guests this week.

Mr. and Mrs. George Becker, of Broad and Main streets, entertained at a birthday dinner on Wednesday evening in honor of Mr. Becker's mother, Mrs. Otto Becker, of Riverton. The guests were Mr. and Mrs. Charles Becker and son Bobby, Mr. and Mrs. James Evans, of Mowatstown, Pa., and Mr. and Mrs. Otto Becker.

is only a covered dish and twenty-five cents. The proceeds will benefit the general treasury of the association. **Publicity.**

Camp Shining Arrow, the day camp sponsored by the Burlington County Young Women's Christian Association at New Lisbon this month, is now in full swing.

Ninety girls from many county towns are enrolled at the camp, and a staff of 19 counsellors, headed by Miss Grace Whitehook, of Julius-town, is directing them in a full program of swimming, exploring, music, dramatics, and pioneer camping. A treasure hunt in which everyone participated climaxed the week's program.

Plans for this week include a demonstration in fire building Tuesday by the pioneer campers, who will be taught how to cook out of doors; a dramatic program featuring World Fellowship Wednesday; and an evening outing by Mount Holly business girls at the camp Wednesday night. Visitors will be welcome at camp each Thursday during the month.

The winners of the Sacred Heart Miscellaneous Club for last week were C. Hughes, of Almonesson and H. Kelly, of Camden.

The winners of the O.E.S. Miscellaneous Club for last week were Mrs. Edna C. Miller and Mrs. Emma Craig, both of Riverton.

RIVERTON :: CINNAMINSON :: PALMYRA

Sometimes we can't help getting the impression that the big idea is to have the armament race and the human race end simultaneously.—Boston Herald.

ORDINANCE FOR FIRE APPARATUS

Passes First Reading Here; Hearing at Next Meeting of Riverton Council

At the meeting of Riverton Evening Council, on Thursday evening of last week, an ordinance authorizing the purchase of a new city service type ladder truck passed first reading.

The matter will come up for final passage and public hearing at the next regular session of the local governing body, on August 11.

To Advertise

At that time, when the measure is adopted, and there appears to be no doubt that favorable action will be taken, it is expected that council will ask for proposals from various manufacturers to furnish the required equipment.

After these are received, council may then purchase the equipment it considers, after having obtained full knowledge of the facts, best suited to the needs of the community.

Non-Competitive

According to an opinion of the solicitor, Walter F. Carson, who was present at the session, proposals for fire-fighting equipment are not considered competitive by law and council does not, of necessity, have to accept the lowest bid, but, as stated in the fore-going, may be guided by performance, specifications, etc.

Upon receipt of the proposals, the fire and water committee of council, together with a committee from the fire company, will analyze the data and recommend the equipment to be purchased.

In the case of the firemen, this has already been done, a recommendation having been made and accepted.

Band Concert Friday Night

Another concert will be held in the Grove, Palmyra, on Friday night of this week, at eight o'clock.

As heretofore, the Mercer county W.P.A. band will furnish the music, under the baton of Gustav Hagedorn.

Program

The following program will be presented:

March, Supreme Triumph, Jewell, Overture, Massanello, Auber.

Duet for two Cornets, Introduction and Polonaise, Hagedorn, rendered by Messrs. Esposti and Allox.

Intermezzo from "The Glow Worm," Linck.

Ballet Egyptianne, Luigini.

Intermission

March and Procession from "Bacchus," Delibes.

Two Guitars, Russian Folk Song, Arrangement by Horlick.

LIBRARY WILL BE CLOSED IN AUGUST

According to Miss Antoinette B. Campbell, librarian, the Riverton Library will be closed during the period from Saturday, July 30, until Thursday, September 1.

This is in keeping with the usual practice of closing the institution for one month during the summer.

The first railroad engine entered Kansas City July 4, 1864.

ROBERTS BUILDING NEARLY TO GROUND

On Wednesday of this week, only a small portion of a rear wall of the old Roberts building, in Riverton, remained standing and the work of demolition was expected to be completed this week.

Although a number of rumors are current concerning future use of the ground on which the structure stood, well-informed sources state that no decision has been arrived at, as yet.

TELLS OF TRIP TO CONVENTION

Robert G. Adams Represented Palmyra-Riverton Rotary At San Francisco

Robert G. Adams, official delegate of the Palmyra-Riverton Rotary Club to the Rotary International Convention, held at San Francisco the week of June 19th, gave the first of two talks on his trip to his fellow members.

Mr. Adams concerned himself solely with the great conference, but at the next meeting, he will describe interesting experiences of his five weeks' journey. He was most impressed with the fine spirit of comradeship and cooperation at the sessions, which, at times, seemed almost one of reverence, particularly when Paul Harris, founder of the organization, addressed the delegates.

Opening Event

The special train loaded with Rotarians from this vicinity arrived in San Francisco on June 19th, in time for the opening activity, a concert by the San Francisco Symphony Orchestra, featuring Miss Elena Huie, cock daughter of a Rotarian, as concert pianist. This splendid performance which set the tone for the convention music, under the direction of Arthur Shank, was beautiful and most inspiring.

Not the least interesting feature of the conference was the new traditional House of Friendship—an arena where delegates from all over the world meet in the spirit of Rotary fellowship. This rendezvous was no less than the huge San Francisco Municipal Auditorium which was arranged like a formal garden, set in the heart of a living redwood forest. A beautiful fountain played in the center and 3,000 rose bushes in full bloom added to the scene. An equal number of Japanese lanterns were suspended above and flags of many nations hung on all sides.

President's Speech

Mr. Adams was particularly impressed with the speech of Maurice Duperrey, president of Rotary International, from Paris, France. This address was broadcast over a national hook-up, and dealt with the world-wide progress of Rotary. Other notable addresses were given by such leaders as Mayor Harold H. Burton, of Cleveland, A. E. Roth of San Francisco, T. C. Thomsen, of Copenhagen, Denmark, and Will R. Manier Jr., of Nashville, Tenn. George C. Hager newly elected president of Rotary International, from Chicago, closed the convention with appropriate remarks about the ensuing year.

Several important pieces of legislation were passed by the House of Delegates. Among them was a resolution which permits Rotary Clubs in large cities to split up into two or more separate clubs, if two-thirds of the membership so desires. Likewise, it was decided that the president of Rotary International cannot be elected from any one country more than twice in succession.

Younger Members

A committee was also set up to work out means for younger men to come into clubs under the same classification already held by a (continued on page 9)

LAKE PLANS HERE APPEAR A MYTH

No Application Made for WPA Project; Matter Discussed But Nothing Done

Last week, two daily papers published in South Jersey, ran articles concerning the proposed construction of a huge lake, in the rear of Memorial Park, Riverton, the stories depicting a smooth expanse of azure blue water, with fishing, boating and swimming listed among the features of the park addition.

Modern homes of summer residents were visualized along the banks of this beautiful body of water and last, but not least, it was stated that the borough would benefit tremendously because ice could be cut in the winter, thus providing a tidy sum for local coffers.

Talked About

It is true that such a project has been discussed here, for many a year, but so far as can be learned, there are no new developments, nor has the proposed lake ever gotten beyond the idea stage.

When interviewed this week, neither Councilman Robert W. Knight, nor Walter C. Wright, who were quoted as being actively engaged in promoting the scheme, knew anything about the proposal of building the lake, although the subject of a swimming pool was discussed in a preliminary manner, at a meeting of the Riverton Council, about three months ago.

Nothing Done

At that time, the members of council agreed that a pool would be a fine thing to have, but no action was taken to further the idea.

No authorization has been given by council to apply for W.P.A. aid to construct the lake.

This being true, there is no immediate, or even a remote possibility that Riverton Lake will come into existence.

ENGL APPPOINTED BOARD PRESIDENT

Local Assistance Organization Of Palmyra Announces Present Policy

The Local Assistance Board, of Palmyra, was organized on Monday evening of this week, with the election of councilman William Engle, as president and Overseer of the Poor Harry J. Snar, as secretary.

The other members of the board are Floyd W. Spahr and Miss Helen Blair.

George N. Wimer was reappointed welfare director.

The policy of relief that has been carried on in the past will be continued.

Policy

According to members of the board, this policy is that no one shall suffer from hunger or cold, but, at the same time, while the responsibility for the welfare of the family lies primarily in the head thereof, the borough will assist.

The trouble in many communities, the statement continued, is that the municipality takes the whole responsibility, while the head of the family lays down on the job. What ever help the borough gives must be paid for in work. This system, it is believed, keeps up the morale of the clients, eliminates the chiselers and gives Palmyra a low case roll and a low case cost.

ICE COOLER WANTED

If you have an old ice cooler you do not need, we can use it.

George N. Wimer, Palmyra Welfare Director.

CONTRIBUTORS

The Palmyra-Riverton Y.M.C.A. day camp officially opened Tuesday morning, July 19, at the "Y" building in Palmyra. Richard Taylor, of Riverton, was elected president of the group, Arthur Hoyt, vice president, Raymond Schill, secretary, and Donald Taylor reporter.

Twenty-two boys from the twin cities enrolled for the four weeks. They are divided into two divisions of eleven boys each and will compete as rival groups during the course of the day camp.

Program

Wednesday and Friday mornings of each week of the group will travel by bus to the Moorestown Community House pool, where swimming instruction will be given to non-swimmers.

SHOWER FLOODS LOCAL STREETS

The shower on Wednesday morning, which assumed cloudburst proportions for a brief period, temporarily flooded sections of several local streets to a depth of two to three feet.

Impromptu bathing was in order for the younger generation, a popular spot being the corner of South Broad street and Morgan avenue, Palmyra.

The water soon receded, however, and spoiled the fun.

ACT ON SCHOOL FLOOR QUESTION

Contract Awarded Becker Co., Will Relieve Condition In Three Rooms

At a meeting of the Riverton Board of Education held on Monday night, the architect was authorized to draw up the contract for new floors in the kindergarten, first and second grade rooms in the new section of the building, the construction being decided upon to relieve the cold condition during the winter which has been the subject of a number of complaints.

When awarded to the low bidder, W. H. Becker, of Runnemede, the base contract will contain certain modifications from that originally considered and the cost of the work will be \$1,353, this being less than originally expected.

Construction

The tile flooring will be removed and a layer of hot mastic applied. This will, in turn, be covered by 2 1/2 inch vapor seal unimpregnated celotex and another layer of mastic added. The wood flooring will be of the Bruce block type, of No. 1 straight oak, instead of the quartered oak originally specified. This will result in a saving of \$100.

The wooden blocks are finished at the factory and need only to be polished after being laid.

The use of the vapor seal insulating material is to be subject to the approval of the Bruce Company, but the architect stated that he believed there would be no difficulty in respect to the floor standing up in a satisfactory manner, when laid over this substance.

Will Raise Temperature

According to the architect and a representative of the Celotex Company, the proposed construction will raise the temperature of the floors in the rooms where the cold condition exists and they appeared to have no doubt but that the problem would be solved when the work is completed.

After the contract has been prepared, the proper officials of the board were authorized to sign the document.

The work is to be completed by August 15.

TWENTY-TWO IN Y.M.C.A. DAY CAMP

The Palmyra-Riverton Y.M.C.A. day camp officially opened Tuesday morning, July 19, at the "Y" building in Palmyra. Richard Taylor, of Riverton, was elected president of the group, Arthur Hoyt, vice president, Raymond Schill, secretary, and Donald Taylor reporter.

Twenty-two boys from the twin cities enrolled for the four weeks. They are divided into two divisions of eleven boys each and will compete as rival groups during the course of the day camp.

Program

Wednesday and Friday mornings of each week of the group will travel by bus to the Moorestown Community House pool, where swimming instruction will be given to non-swimmers.

RIVERTON TO ASK FEDERAL GRANT

Action Taken Regarding Sewage Disposal Plant; Jack's Run Location Best

At the meeting of Riverton Borough Council held last week, authorization was given for the preparation of preliminary plans for a sewage disposal plant. It was also decided to apply for a P.W.A. grant to assist in financing the work.

The discussion was opened by Councilman David F. Gould, who reviewed recent legislation concerning sewage disposal.

Mr. Gould stated that the idea of a joint plant in Palmyra appeared to be out of the question, in that Palmyra officials believed that their equipment would not be sufficiently large for both communities.

Deadline for Grants

He went on to say that the deadline for P.W.A. applications was September 30, but that he had been informed there was not much hope for a grant unless requests were made by August 1.

Mr. Gould added that a set of preliminary plans could be obtained within a short time for a cost of \$350.00 and that further details could be added later. A representative of the firm of Sherman and Sleeper, borough engineers, who was present at the session, said that if the Jack's Run site were considered, the plans could be made available very quickly, since the location had been surveyed several years ago. The same holds true for each of the other two sites considered at that time.

<

Ordinance For Fire Apparatus

(continued from page 1)
cepted by a unanimous vote of council at its June meeting.

Apartment Again

The matter of the proposed apartment on the second floor of the Joseph T. Evans building was again discussed at length.

Fire Chief E. M. Carhart, Jr., stated that the county fire marshal, William Smith, had informed him that he had no jurisdiction in the matter.

Councilman J. W. Sylvester stated that he felt the apartment, as planned, was dangerous in that it had only one exit.

Unnecessary Burden
Howard Evans, who attended the meeting, said that he felt this would be an unnecessary burden.

Mr. Sylvester concluded by saying that he was of the opinion there was nothing in the building code that would prevent a permit being granted, but he still felt that there should be some way to require another exit.

Widening Main Street

The subject of widening Main street, particularly from Broad to Harrison, or even to Seventh, was considered. Mayor Biddle stated that a serious parking problem existed in that section of the community and that it would be aggravated tremendously in the near future.

Dog Registration

Mayor Biddle mentioned that only about half the dogs in the borough had been registered to date and asked about having a dog census taken. Daniel M. Clifton, clerk of council, suggested that it would cost considerable to have this done and advised that a notice be published in the local paper advising dog owners regarding registration and the penalty for not complying with the law.

The borough property committee was authorized to secure bids for the demolition of the property at 504 Bank avenue, title to which was recently acquired by the borough.

The following bills were approved and ordered paid:

Table with columns for item description and amount. Includes entries like C. Kenneth Davis, clerk hire and stamp; W. Deardorff, treasurer's franchise tax; Police; Wanamaker & Brown, uniforms; etc.

LOCAL LEADER

T. PRAUL REEDER

Director of the Palmyra-Riverton Y.M.C.A. Home Vacation Camp, which began July 19th, with headquarters at the Y.M.C.A. Building, Palmyra.

YWCA NOTES

103 at Camp
With a record number of 103 girls registered last week at Camp Shining Arrow, the Burlington County Y.W.C.A. Day Camp at the Ranococas Creek, at New Lisbon, an equally large attendance is expected at the camp this week.

A life-saving demonstration is being planned for Wednesday, and older girls will enjoy the experience of pioneer camping Wednesday night. A hamburger lunch will be served Wednesday noon, proceeds of which will be given to the Chinese relief fund.

Events scheduled for Thursday include a pageant based on the theme of interracial friendship, a story-telling hour in charge of Miss Margaret Thomas, of Moorestown, and a meeting of the camp committee of the county Y.W.C.A. at the camp in the evening.

White swimming continues to be one of the chief interests of the girls, according to Miss Grace Whitecock, camp director, badminton is becoming increasingly popular.

Chairmen for County Fair

Community chairmen have been appointed in several towns to work on preparation for the county fair to be held by the Burlington County Young Women's Christian Association Saturday, October 8, at the Moorestown Community House.

They are: Miss Anne Lawton, of Mount Holly; Mrs. Charles S. Beckwith, of Pemberton; Miss Emma Fenton, of Cooperstown, and Mrs. E. Forrest Hann, of Bordentown. Mrs. Richard Eckman, of Mount Holly, president of the county board is general chairman of the county fair committee.

Table with columns for item description and amount. Includes entries like Evans Service Station, gas and oil; Clinton B. Woolston, supplies; J. J. Collins & Son, supplies; etc.

BE CAREFUL ON PENNA. HIGHWAYS

New Jersey motorists are warned by the Keystone Automobile Club that white police cars are not used exclusively in Pennsylvania in patrol of the highways.

The club is vigorously opposed to the use of cars unidentified by police insignia, on the ground that it subordinates the important principle of highway safety to "gun shoe" police work.

"The white police car in Pennsylvania has become a highway safety symbol," said Trevor B. Mathews, manager of the Camden division of the club. "Its presence was assurance to the careful driver that his reckless brethren would be under surveillance. Its effect was drastic reduction in the number of highway deaths."

Not Enough Arrests

"It appears that the number of arrests didn't suit somebody in authority, and so it was decided to 'gun shoe' the motorist by talking him in unidentified cars. The position is that arrests should not be the primary objective of highway patrolling. The aim should be to make the highways safer by having police always 'on view.'"

"We strongly advise local motorists to be very careful in their operation of cars on Pennsylvania roads, with particular attention to strict observance of the 50-mile limit. License revocation may result from conviction for this offense."

YMCA BRIEFS

Camps Matollionequay and Ockanickon at Medford, New Jersey, will have an open House Day Saturday, July 30, to which the public is invited.

A program is being arranged jointly between the girls' and boys' camps so that parents and friends will have an opportunity to see both camps in certain activities. Initial plans for this 1938 season Open House Day were made at a combined meeting of the Camp Ockanickon trustees and the Matollionequay committee at the girls' camp, July 13th.

Sunday Services

At the Ockanickon outdoor chapel service Sunday morning, July 17th, Henry F. Stockwell, of Moorestown, was the speaker. Mr. Stockwell is president of the Camp Ockanickon trustees.

At the Matollionequay outdoor

chapel service, the speaker was Charles Lee Black, director of Camp Ockanickon.

EMPIRE DINER

Route 25 at Five Points, Palmyra

James G. Ashby, Prop.

Camp Notes

The number of campers at Matollionequay and Ockanickon this second week which began Saturday, July 16, is larger than the first week. A few more places are available for the 3rd week at Ockanickon, but none for the 3rd week at Matollionequay.

The remaining three weeks for both boys and girls, which begins July 30, are not yet filled to capacity and enrollments are continually being received at the county Y.M.C.A. headquarters, Mount Holly. Those desiring illustrated folders and enrollment forms may have them by writing or phoning Secretary Guy C. Hendry.

The next regular visitor's day will be Saturday, July 23.

There are 55,000 amateur short-wave radio operators in the world, and about 40,000 of them are in America.

FOR NOMINATION

EARL A. SHRADER

of 622 Elm Terrace, Riverton, who has announced his candidacy for the Republican nomination for member of the Riverton Borough Council at the primary election on September 20.

Mr. Shrader is, at present, serving his first term as a member of the local governing body and is chairman of the police committee, in addition to being a member of several other committees.

He is a member of the faculty of Temple University, occupying the chair of professor in the department of physiological chemistry, School of Medicine.

ONE HUNDRED AT PLAYGROUND

Many Activities Each Day; Sixteen Others Under WPA in County

Cool shade trees are a haven of refuge from the blaring sun these hot days on the Riverton Memorial Park summer playground. More than a hundred children are already listed under the direction of Miss Helen Folwell, the W.P.A. play-leader in charge of the playground this year and the registration is increasing daily.

Last week the high-light occasion was a playground picnic in which more than a half a hundred children brought their lunch and made a day of it. There were races and games, a peanut hunt and a peanut scramble. More than two gallons of pink lemonade helped to make the occasion a gala success.

Contests

There are bowling contests in which Don Heullings has so far proved himself the champion and checker tournaments in which little Jackie Ford is the star. The Riverton Fire Company has permitted the use of a length of hose which is being used as an improvised shower bath to cool little heated bodies and it is planned to make this a feature every week.

"Learn while you play" has become a motto of the playground and every Monday, Wednesday and Friday afternoons are devoted to hand craft classes in which the children are learning to make many useful and beautiful things.

Sixteen Others

Aside from the Riverton playground there are sixteen other playgrounds under the supervision of the Recreational Division of the Works Progress Administration throughout the county, with an aggregate attendance of more than three thousand children weekly. Playgrounds now running full-blast include Bordentown, Stephens Station, Florence, Burlington, Beverly, Delanco, Riverside, Palmyra, Mt. Holly and Moorestown, all under capable instructors, who have been operating playgrounds for several years, thus bringing to the children the advantages of experienced leadership. All of the playgrounds are open for about six hours every day, mornings and afternoons, from Monday till Friday inclusive.

HAROLD SONTHEIMER HERE FROM WASHINGTON

Harold A. Sontheimer, of Yokima, Washington, son of Mathias Sontheimer, of 202 Midway, Riverton, has been in the East for the past ten days, attending the annual convention of the Elks, at Atlantic City, and visiting in Riverton.

Mr. Sontheimer, who has resided in the far west for the past twenty-five years, is a large fruit grower, having an orchard of several hundred acres.

DARROW—EVANS

Calvary Presbyterian Church, Riverton, was the scene of a very pretty wedding last Saturday when Miss Ann Caroline Evans, daughter of Mr. and Mrs. Herbert Evans, of Elm Terrace, became the bride of Barton Darrow, son of Mr. and Mrs. Edgar Darrow, of Williamsport, Pa. Rev. Charles T. Bates, pastor of the church, performed the ceremony, which took place at 4 o'clock.

The bride, who was given in marriage by her father, wore a gown of white marquisette made on princess lines with a high neckline and long sleeves, trimmed with inserts of lace. Inserts of lace also trimmed her long veil. She carried a bouquet of roses and lilies of the valley.

Miss Jane Blackwell, of Riverton, was the bride's only attendant and wore a gown of apricot marquisette, fashioned after the redingote mode, with an aquamarine belt. She wore a picture hat and carried a colonial bouquet of mixed flowers. After an informal reception at the home of the bride's parents, the couple left for their wedding journey. They will be at home after August 1, at 54 Carverton road, Trucksville, Pa.

FOR FREEHOLDER

WALTER D. LAMON

Who announced his intention to be a candidate for the Republican nomination for Member of the Burlington County Board of Freeholders with the following statement:

Palmyra, N. J. July 19, 1938 To the Republican Voters of Burlington County:

I hereby announce my candidacy for the Republican nomination for Member of the Board of Chosen Freeholders of Burlington County at the primary election to be held September 20, 1938. My business experience for the past twenty years, along with the knowledge acquired as Mayor of the Borough of Palmyra for four years and as a member and director of the Board of Chosen Freeholders for the past three years has proven to me the value and importance of using business methods in the administration of Governmental affairs.

It has always been my practice to make a careful analysis and give conscientious and unprejudiced thought to each problem before the board. During this, my first term, it has been my duty and pleasure to assist in the reduction of the county tax rate from \$1.06 to .64.

If nominated and elected, I shall continue to conscientiously serve my fellow citizens and again pledge myself to sound practical business management. My continued thought, energy and cooperation is assured in and toward that which will serve the high ideals and principles of Good Government in Burlington County. Earnestly soliciting your support, Respectfully yours, WALTER D. LAMON.

wise and pound foolish" in the matter of firefighting apparatus.

An appropriate punishment for the collector who brutally murdered the color of the Camden ferries early this week, might be a taste of their own medicine. It is to be sincerely hoped that quick and effective justice will be the lot of the gangsters who perpetrated this atrocious crime.

If a good face is a letter of recommendation, a good heart is a letter of credit.—Bulwer-Lytton.

PRINTING

The New Era Office is equipped to do all kinds of Fine Printing at reasonable prices.

Widening Main Street

At the last meeting of the Riverton Borough Council, the subject of widening Main street, south of Broad, was again brought up for discussion.

During the past year, The New Era advocated this improvement on more than one occasion, advancing the several reasons as to why such a project would be advantageous. The need for widening the street should be apparent, and a resume of the situation at this time would add nothing to former comments, except to emphasize the greater urgency now that the stores in the Collins building have been occupied.

At the risk of becoming monotonous, the statement is reiterated that the widening of Main street in this section of Riverton would solve a very vexing problem, since, with such an improvement, autos could be parked diagonally with the curb, thus providing facilities for a much larger number of machines than exist at the present time.

Not For Competition

There can be no possible excuse for using any of the \$3,375,000,000 provided under the new lending-spending bill for projects which compete in any way with private industry.

The purpose of the appropriation is to stimulate business and employment. And it is certainly reasonable to presume that the money should be used for projects which will give business orders—and which will not take orders and customers away from it.

There is no lack of projects which are properly a concern of government, which create a vast demand for labor and materials, and which compete in no way with private enterprise. The country needs more and safer roads, for instance. It needs grade crossing elimination. In some cases it probably needs river and harbor improvement. It needs stream purification in many areas. It can doubtless use more public buildings.

All such projects as these give a very large part of each dollar spent to labor, both on the job and in the plants supplying necessary materials. These are the kind of projects for which the lending-spending money should be used exclusively.

What Other Editors Say

There are many opinions about what constitutes the sweetest music in the world. How about listening to the directors of your favorite company declare an extra dividend?

The old fashioned citizen who used to vote 'er straight just for the privilege of carrying a gasoline torch has a son now who can only be kept regular by a relief check.

A Massachusetts mayor announces that the tax rate in his city has been cut by the practice of rigid economies. Somebody no doubt will denounce him as a hopeless reactionary.

Henry Ford came out the other day in favor of a back-to-the-land movement. It's a great idea. Let's all move back to the farm and live happily ever after on parity payments and soil-conservation checks.—Washington Post.

Before all the money gives out, it seems the least Uncle Sam could do would be to prepare a number of nudist camps for taxpayers.—Richmond News-Leader.

Speaking of pioneer hardships, many people yet living can remember when they toasted their bread on a fork over the fire. And even had to cut the slices themselves.—Clermont Press.

Another shoeless shoemaker's child: A Western bankruptcy court is bankrupt. It has a deficit of \$540.—Cleveland Plain Dealer.

There have been far too many jesters in the government court. It's about time to nominate and elect men with sound sense who choose to think and act for themselves.—Carrollton, Ohio, Journal

OBITUARIES

JOAN HENDERSON

Joan Henderson, 5 year old daughter of Mr. and Mrs. Harry Henderson, of 525 Morgan avenue, died on Saturday, July 16. Funeral services were held on Tuesday, at 11 a.m. from the Snaver Funeral Home, Rev. J. G. Bickerton officiating. Interment was made in Morgan cemetery. Besides her parents, the deceased is survived by a brother Carter.

MRS. SARAH M. COOLEY

Mrs. Sarah M. Cooley, wife of Howard D. Cooley, of Audubon, died on Tuesday, July 19. Funeral services will be held today, Thursday, at 2 p. m. from her late residence, at 164 Wyoming avenue, Audubon. Interment will be made at Cold Point Cemetery. Mrs. Cooley formerly lived in Palmyra.

JOSEPH H. OTTER

Joseph H. Otter, husband of Florence E. Otter, died at his home, 107 West Broad street, on Wednesday, July 20. Funeral services will be held on Saturday at 2 p.m. from the Snaver Funeral Home. Interment will be made in Laurel Park Cemetery, near Pleasantville. Friends may call Friday evening.

YOUNG PEOPLE'S EPWORTH LEAGUE

The Young People's Epworth League will hold an outdoor service this (Thursday) evening. The group will leave the church at 7:30 and will go to a place of worship in the woods.

The speaker of the evening will be Miss Mary Kercher, who will give an appropriate message. Come and join with us! A friendly welcome awaits you.

CHRISTIAN SCIENCE CHURCH TO BROADCAST

The Columbia Church of the air program under the auspices of the Christian Science Church will be broadcast from Kansas City, over station WABC on Sunday, July 24, by Albert Espey, Christian Science committee on publication for Missouri, from 10:00 to 10:30 a. m., daylight saving time.

POWERS-SIPPEL

A wedding of local interest was that of Miss Irene Sippel, daughter of Mr. and Mrs. Walter V. Sippel, of Thomas avenue, who became the bride of W. Hayward Powers, Jr., of New York City yesterday.

The ceremony took place at 4:30 o'clock, in the Episcopal Church of the Heavenly Rest, and was performed by the Rev. T. T. Henshaw, of Rye.

The bride was given in marriage by her father. She wore a white tailored dress, trimmed in satin, with matching full length coat and white picture hat. A corsage of sweetheart roses worn at the waistline added to the ensemble.

Miss Grace Sippel was her sister's only attendant and wore a suit of pink crepe with long coat. Her flowers were blue.

Whitney B. Powers, was his brother's best man and ushers were John B. Knowles, Jr., of Greenwich, Conn., and Frederick Ballard, Jr., of New York City.

Mrs. Sippel selected a gown of poudre blue sheer wool made with a cape. She wore a matching hat, dark blue accessories and a corsage of white summer blossoms. Following a reception, the couple left for a wedding journey to Nova Scotia. They will be at home after September 1, at 5 Prospect Place, New York City.

The bride is a graduate of Miss Hillman's School, Philadelphia, and the bridegroom is a graduate of the Loomis and Kirmeyer Schools. He is a member of the Manuring Island Club and the Sons of the American Revolution.

Three countries, France, Italy and Bavaria, want credit for the waltz. But it is from Germany that the modern form comes. "Achi du lieber Augustin" was the first German waltz tune.

Church Notices

CALVARY PRESBYTERIAN CHURCH

Rev. C. T. Bates, Pastor
 The Rev. J. Clayton Lime, pastor of the Presbyterian Church, of Delanco, will occupy the pulpit this Sunday morning, at 11 o'clock.

On the following Sunday, July 31, the Rev. William A. Guenther, pastor of the Presbyterian Church, of Bordentown, will deliver the sermon.

EPWORTH M. E. CHURCH

Rev. William A. Boyd, Pastor
 We welcome to our church and church school, visitors who are staying in these communities during the summer.

Dr. T. S. Brock, S.T.D., superintendent of Trenton district, will be the speaker for Sunday, July 24. Mrs. Alice Kreder, soprano, will be guest soloist.

The service in the Grove will be in charge of the Rev. John Chapman, of Christ Church, Palmyra.

CHRISTIAN SCIENCE CHURCH

"Truth" is the lesson-sermon subject for Sunday, July 24, in all Christian Science Churches and Societies throughout the world.

The Golden Text is: "Teach me thy way, O Lord; I will walk in thy truth; unite my heart to fear thy name." (Psalms 86:11).

Among the lesson-sermon citations is the following from the Bible: "Justice and judgment are the habitation of thy throne: mercy and truth shall go before thy face." (Psalms 89:14).

The lesson-sermon also includes the passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Nothing is more antagonistic to Christian Science than a blind belief without understanding, for such a belief hides Truth and builds on error" (p. 83).

CENTRAL BAPTIST CHURCH

Rev. George Lockett, B.D., Pastor
 10:00 a.m. Bible School. Let us repeat our invitation to all visitors in our vicinity to join us in the Bible Class Service, A class for every age.

11:15 a. m., Morning worship. Pastor Lockett's subject for his sermon will be "The Bequest of Peace." While vacations are in order, the choir has shown no disposition to absent themselves and has been rendering its anthems and solos as usual.

7:00 p.m. Twilight Services in the municipal grove. Rev. John Chapman, rector of the Christ Church of Palmyra, will officiate. The public is earnestly invited to attend.

Wednesday evening at 8 o'clock, the Prayer Service convenes. This service continues through the summer months, to which everyone is welcomed.

B.Y.P.U. PLANS BOAT EXCURSION

The Camden County Federation of B.Y.P.U. has issued invitations to their member bodies for a river excursion on Thursday evening, July 28th. They will meet at Chestnut Street wharf and will take one of the boats of the Wilson Line which will leave at 6:00 p.m. for down the Delaware.

The High School Group of the Central Baptist Church is planning to join in the party under the direction of Miss Ruth Albertson. This group is eager for a large attendance and has not only extended an invitation to all those of the high school age, but anyone interested in the B.Y.P.U. of the senior age. The cost of the trip will be fifty cents each.

As a means of entertainment every group attending is expected to put on a skit or specialty for the amusement of others. It will, no doubt, be an enjoyable evening if all cooperate.

Usually, in the Ohio pioneer days, the first question asked by a prospective buyer of a saddle horse was: "Is he a good swimmer?" For with no bridges over the streams, swimming was the only way over.

NEW ERA BUSINESS NOTES
 Follow the business news at home—it pays big dividends

The J. S. Collins building at Broad and Main streets, Riverton, is now completed and ready for occupancy by the Henry A. Dreer firm. The entire part to be occupied by the Dreer firm has been completely renovated. The walls and woodwork have been refinished, the floors scraped and varnished. New lavatories with continuous hot water are an added feature in the remodeling plan. Communicating doors connect all rooms and a stairway connects with the second floor in addition to the large entrance on Harrison street.

With Altadonna on the mound, Palmyra won its eighth decision in the National Division of the Burco League, last Saturday afternoon, at Palmyra, trimming Medford by an 8-7 count, the affair going 10 innings.

The victory pushed the locals up to within two games of Medford, this aggregation now occupying third position by a narrow margin. In addition to limiting the hard-hitting Medford cast to nine scattered bingles, the Palmyra twirler fanned 13 and did not issue a single pass.

Errors played a prominent part in the runs tabbed by the opposition.

Humes led the local batters, getting a double and a triple.

"Bill" Hay, formerly with the Aske-Motor Co., is now operating a repair service at 10 E. Broad street, Riverton, in the building occupied by L. S. Gurnell.

"Sam" West of the Philadelphia Market House is offering specially reduced prices on Swift's Premium Lamb. Get their prices in the Philadelphia Market House at this week.

The much discussed motion picture "Three Comrades" is playing at the Broadway Theatre this Friday and Saturday. See ad for complete program.

This is ideal weather for swimming and a Catalina Swim Suit from the Agnes Shop will make you look ideal for swimming. See their ad for prices.

THINGS TO WATCH FOR

Germicidal, non-slip tiling for the floors of swimming pools, showers and locker rooms; germs causing "athlete's foot" cannot survive in contact with the tiles. . . . New pencil lead, thinner yet stronger than the old. . . . A material made of cane fiber and asphalt, to convert flat roofs into playgrounds and recreational areas. . . . Electric cord for washing machines, irons and other appliances, which takes up slack like a self-reeling tape-measure. . . . A small electric shaving light which clamps to the side of an electric shaver.

YACHT CLUB YARNS

BY NUTE AND MIKE

As usual, the Wednesday night series race turned out to be another drifter. Bob Lippincott came through to win another race. Seems to be getting monotonous. Why doesn't somebody stop this parade? Second came Rub Gladney, followed by Howard Lippincott, John Lane, Fritz Steiner, in Bill Shoemaker's boat, Tom Coe and Bert Shoemaker. It seems Buck Parsons resorted to a paddle to finish. That's one way, Buck!

Saturday saw E. K. Merrill return to his winning ways to score a triumph in the Comet elimination series. Jenkins came in second, followed by last week's winner, Ralph Swope. Bringing up the rear was Nick Shebly.

Again the Dusters. Wherein Bob Lippincott tried to pull a fast one and plane his boom down so it would bend more. Net result—It bent, in fact, it bent so far it broke. Tom Coe won this one by a good margin, followed by Howard Lippincott, Fritz Steiner in Bill Shoemaker's boat, Bert Shoemaker, Rub (Mighty Atom) Gladney, Ray Lippincott in J. Lane's boat, and still taggin' along came Buck (Water-goblius) Parsons. Bob failed to finish.

Sunday Regatta

Sunday brought plenty of wind and a regatta sponsored by the Corinthian Sailing Club of Camden. First to start were the Stars. Bob Levine copped the start followed across by Stan Lippincott and John Ayres. Not long thereafter, the assembled multitudes were treated to a rare sight. It seems Johnny's mast snapped off about ten feet above the deck. A very pretty sight, the white billowing canvas gliding gently into the dirty Delaware. (Dirty but we love it.) Stan managed to pass Levine to win.

Comets

Five minutes after the stars the Comets started their game of ring around the rose. The old story still goes on. E. K. Merrill grabbed the lead and held it throughout. Jerry Hatch and Ralph Swope played tag all the way around the course, Swope finally getting wise to himself and passing Jerry for second honors followed by the three Corinthian boats, who got off to a very poor start.

Dusters

The Duster race was a beaut all the way, all the boats being bunched around the entire course. Bob Lippincott just managed to beat out Bert Shoemaker. Rub (The world's most perfectly formed little man) Gladney took third followed closely by Howard Lippincott. Buck Parsons jumped up into sixth place by a change. Tom Coe had the misfortune to lose a batten, and by the time he got it, was so far behind he dropped out of the race. Raymond Lippincott upheld the Duster tradition and fouled out.

Free-for-All

Time out for some "refreschments," and then the free-for-all got under way. The start was nothing to write home about, and as the race was only one lap, that spoiled the chances of some. Mr. Merrill had better look out. If he keeps on winning they won't let him race. He

RIVERTON SPLITS WEEKEND CARD

Scores Easy Win Over Beverly, but Drops Sunday Game to Stonehurst A. C.

Playing under conditions more suited to water polo or some other pastime better adapted for tropical weather, Riverton A. C. divided the weekend bill.

The locals downed Beverly, member of the American Division of the Burlington County League on Saturday afternoon, at Memorial Park, the count being 10-1.

The defeat at the hands of Stonehurst, come on Sunday p.m., when Riverton lost 14-12.

Gibson on Saturday

Hoot Gibson ascended the hill for the Saturday fracas and allowed the opposition only three singles. Beverly avoided the whitewash brush by scoring their lone run in the final frame of the encounter. The locals started to work on the Beverly hurling corps early in the game and two members sought the cooling showers before the pastiming came to an end.

Sunday Affair

As might be gleaned from the score, the Sunday tilt was one of those free-hitting affairs, with blows cascading from all points of the compass.

Len Baker started on the mound for Riverton and was later relieved by Carhart. The latter gave way to Speed Botiger, who relinquished his post at first to take over the hurling chores in the ninth.

Sutters Gets Slam
 G. Sutters, who plays all positions these days, connected for a grand slam with a full house aboard, to take the batting honors for Riverton.

Many of the Stonehurst runs were acquired by the inability of the Riverton players to adjust themselves to the peculiar terrain on which the game was played.

The outfield sloped away very abruptly and the batter was out of sight of the outfielders when they patrolled certain sections of their respective beats.

seems to be too good. Anyway, he won the bloom'ry race. Next came Tom Coe, George Rhawn, of Beverly; Ralph Swope, Bert Shoemaker; Arch Seabrook in the (supposedly old) club boat, and so on. The wind was blowing a gale, the weather was great, the prizes were swell, and we all thought the entire regatta was the nuts. More power to the Corinthian Sailing Club.

Next Sunday holds another regatta in store for the boys. Wisconsining is the throw-in this one and it looks good to us. So now every body will proceed to pull their boat out on the dock and work like mad. For what—that remains to be seen. Upset of the Week—After sailing to Bermuda and back, Rod Merrill upset Sunday.

Can it be that he is disgusted at not having won the Bermuda trophy and is trying to capture the Horizontal Club honors for the year?

Crack of the Week—John Ayres mast. No. 2 Lippincott's Boom. Remarks of the Week—"I don't know whether to fix my mast or go sailing."
 No. 2—"X!@&*—!@!" Unquote. Both contributed by John Ayres.
 A batten is a hunk of wood stuck in a slot to keep it set right. Now do you landlubbers know what batten is? Be secin' no, Noggin'.

Country Club Notes

Kickers' Handicap
 In the kickers' handicap played last Saturday, A. P. Gregg took first honors, while D. H. Tyson and W. L. Rogers annexed second and third places respectively.

The hot weather and the fact that a great many club members are vacationing out of town have combined to greatly curtail the number of golfers going over the course during the past week.

GIRLS' LEAGUE GAMES ON SLATE

The schedule for the balance of the second half in the Burlington County Girls' Softball League is as follows:

Beverly at Riverton.	July 21
Riverside at Florence.	July 25
Delanco at Burlington.	July 26
Riverton at Bordentown.	July 27
Roebing at Beverly.	August 1
Florence at Roebing.	August 2
Beverly at Riverside.	August 3

PHILATELIC NEWSBITS

By S. E. Griffin

New Colors Announced
Supplementing our list of new stamp issues of last week, we are now able to list the following colors for the new stamps: 1 cent sepia, 5 cent olive, 5 cent light pink, 1 dollar violet and black.

The first day sales of the new 4 and 4 1/2 cent stamps at Washington were as follows: \$1,732 of the 4 cent stamps were sold with 18,766 covers cancelled on July 1st, while 296,763 of the 4 1/2 cent stamps were sold with 111,821 covers cancelled on July 11th.

The Northwest Territory stamp issued on July 15th was printed by the rotary press process in sheets of one hundred. Four plates were used, the numbers being 2227-28-29-30.

Seal Contest

The Association of South Jersey Stamp Clubs is sponsoring a seal contest. A contestant must be a member of one of the affiliated stamp clubs. The association is asking for designs for a seal to be used on award certificates, stationery, etc. The winning design will be awarded an appropriate prize. No specifications have been given in order that the contest may create a design which will be limited only by his own ability.
The Palmyra-Riverton Stamp Club is affiliated with the A.S.J.S.C. and all members are eligible. Other persons wishing to enter this contest may become members of the local club by communicating with Edwin Garey, Secretary, 1100 Garfield Avenue, Palmyra.

A typographical error appeared last week which we acknowledge and herewith correct. There were \$50,000 (not \$250,000) 1938 Buffalo nickels coined at the Denver mint.

Hughes Covers

Hughes carried 750 covers on his round-the-world flight. It is not known at present whether any of these will be made available to stamp collectors or not. If they should be placed on the market, the proceeds will be for the benefit of widows and orphans of aviators.

Several weeks ago this column began to carry items concerning the new King George VI issues as they appeared from the different colonies. This week all of these issues, not previously listed, are announced. This new list does not include the postage due stamps and for want of space gives only the colony and number of new stamps in its King George VI set.

Barbados 9, Bermuda 12, British Guiana 10, British Honduras 12, Falkland Islands 12, Grenada 12, India 18, Malta 15, Mauritius 11, Northern Rhodesia 13, Nyasaaland 14, Southern Rhodesia 13, and Straits Settlement 15.

Reconditioned Stamps

A popular stamp dealer advertises currently that he sells new and slightly used postage stamps. One is very apt to read his ad and possibly place an order with him. Honesty and wit go hand in hand in good advertising. However, automobile advertising gives us another term—"Reconditioned." Dealers that sell this class of material never advertise it as such.

Several years ago I purchased a stamp, for my collection, at a price I believed to be a big bargain. The stamp was an early U. S. issue which catalogued about \$10.00 and the price paid was one-fifth its catalogue value. I knew very little then about stamps and outside of a small, but heavy, cancellation in the upper right corner, the stamp appeared to be a pretty fair copy. Today the catalogue value of this stamp has increased but my \$2.00 is gone for the stamp is practically worthless.

The upper right corner had been torn off the stamp. A small piece of paper had been pasted to the back of the stamp and the edges were perforated to match the perforations on the stamp. Then a heavy cancellation had been applied over the repair. This "reconditioned" stamp could not be readily detected on the face but on the reverse side no one could escape seeing it.

ROEBLING LEADS IN COUNTY LOOP

According to the official standing at the Burlington County Softball League, Roebling occupies the summit with a record of six wins and no reverses.

Riverton winner of the first half title is in a tie for first place with one victory as compared with two setbacks.

Team	W	L
Roebling	6	0
Beverly	3	1
Florence	3	2
Maple Shade	2	2
Riverton	1	2
Lakewood	1	2
Burlington	1	0
Mc Holly	0	4

Circus at Camp

Camp Mahalala was visited by a circus last Saturday afternoon and evening. Jack Dalton was the circus manager and he was assisted by Charles Williams, Assistant Scoutmaster of Troop 19, Delanco, who acted as the barker. Hula-hula dancing, ducking pond, pink lemonade and many other features were part of the circus. The bank exchange supplied everything from \$1.00 to \$1,000.00 bills. Pink lemonade sold for \$500.00 a glass. Side shows included "Worst Act" Team, four legged girl, contortionist, wild man, dwarf, sword swallower, trained horse, fat woman, thin man, fortune teller and wild animals.

Special Events

The third week of camp opened with seventy-two Scouts in camp. Troop 21, of Parry, is in camp with twenty Scouts; also Troop 7, Lenola; Troop 29, Maple Shade; and Troop 24, Burlington. William B. Gibson, Scoutmaster of the provisional troop, has forty-two boys under his care this week. At the open campfire ceremony last evening the program director, Jack Dalton announced that on Saturday, July 23, there would be a water carnival that would start at 2:30 p.m. standard time. On the afternoon program there will be distance and speed swims, freestyle swim and diving events. There will also be novelty races and canoe contests in the evening. Starting at 8 p.m. standard time there will be a water carnival. Lanterns will decorate the water front and there will be diving and other sports events. The feature event of the evening will be a campaign on the diving platform and a pageant entitled "Chief Mahalala Returns." Parents and friends of the Scouts will be welcomed to the camp on Saturday to witness these events.

Inspection

Saturday and Sunday afternoons members of the camp staff make a formal inspection of the camp under the direction of County Commissioner R. H. Gill. This past week-end the inspection was made by Mr. Gill and J. Aubrey Sutton, who is president of the council, with members of the camp staff. Troop 3, Roebling was awarded the banner for inspection for the week with an average inspection of 98 per cent. This troop is under the leadership of Elmer Leaver.

A Missouri shareholder, who started out eight years ago with \$75, is now worth \$50,000 and owns a large and profitable farm.

Most of the repaired stamps (my stamp was one of the many types of repaired stamps) come from European markets. They are usually offered at bargain prices. It is plain to see that it is better to buy good sound copies.

Occasionally a dealer will find that a straight edged stamp cannot be sold. He has the straight side perforated and sells it immediately. These re-perforated stamps again are reconditioned copies. These perforations often are not of the correct gauge, or will not align with the perforations on the opposite side, or will show new paper where the cuts were made.

YOUR GARDEN

WHAT TO DO THIS WEEK

By A. C. McLean
Extension Service, N. J. College of Agriculture

To a large extent garden tasks this week remain those of maintenance. Keep weeds well under control and give anxiety plants the discipline they need with a pair of pruning shears. Remove surplus shoots and disbud wherever desirable.

Do not make the mistake of waiting until plants have been beaten down by heavy rains or high winds before giving them the protection of stakes. Delphiniums, noliopods, dahlias, some of the tall lilies and perennials that attain considerable height can be staked adequately with some of the light types which supply houses are now offering. Many commercial florists use light bamboo stakes, and although they are cheap and satisfactory they do not last very long. Supports made of cypress or wire are much more lasting, provided of course, that the wire is sufficiently stiff. Wire less stiff than No. 8 is not recommended.

Placing Stakes

In placing stakes beside plants, care should be taken to avoid hurting the roots. Usually a stake punched gently into the ground will not cause any amount of injury except to bulbous plants. When these are being staked it is essential to keep the stakes sufficiently far away to avoid puncturing the bulb. Tie the stake to the stem firmly, but not too tightly.

Should high winds or a severe storm injure a plant before it has been given the protection of staking, it may sometimes be brought back into condition if it is properly set after the damage has been done.

Fertilizer

A small amount of supplemental feeding, preferably with a quickly soluble fertilizer, will be very beneficial at this time in most gardens in this part of the country. The heavy rainfalls of June have brought a great deal of soluble nutrients down to the B horizon, or subsoil, of the garden. Nitrogen, potash, and a small amount of phosphorus, applied in soluble form, will prove a boon to the early summer garden this year, and any of the reliable commercial fertilizers sold for top dressings may be used. In placing the fertilizer around the plants it is well to remember that the main feeding roots are a distance from the stem itself, and in order to reach them it should not be applied too close to the base of the plant. If it is well raked or watered into the soil the roots will be able to utilize it readily.

Don't Overfeed

The cautious gardener never forgets that overfeeding may stunt plant growth. There is little danger of this catastrophe except in very small plots or flower beds, however. Plants require nutrients, but as a general practice they should be applied diluted for best results. A good plan to adopt for use during the summer months is to fill a watering can with a solution made of the ratio of one to two ounces of fertilizer to a gallon of water. Plants can then be watered with this mixture, and each should receive from a pint to a quart, depending upon its size. Any readily available fertilizer, such as a 5-10-5 or a 5-8-7, which is soluble in water, may be used for this purpose.

Should this liquid fertilizer be applied to house plants in pots it must be used sparingly; otherwise the concentration will prove too heavy for the small amounts of soil.

Remove all faded flowers from borders and flower beds, for if plants are allowed to go to seed their growth is retarded. Given this care many will reward the gardener with renewed growth and more bloom. Recent heavy rains have enabled weeds to become well established in many gardens, and with insects and diseases they create a problem which requires the gardener's careful attention. The rainfall has been conducive to a heavy, succulent plant growth which provides tempting food for both insects and fungi. Neither of these develops so quickly.

SOFTBALL TILTS THURSDAY NIGHT

Oakwood handed Fortnum its second reverse last Thursday night at Memorial Park. The V-8s lost going down after a hard battle by the score of 6-6.

Looking those games seems to be a habit with this aggregation, which generally manages to have one bad inning, this being sufficient to spoil their chances of becoming a real pennant contender.

The champion Athletics had little trouble in disposing of the Sigma Kappa fraternity boys, the count in this instance being 8-0. The Farmers got off to a good start and breezed along in an easy manner.

ABOUT THE COUNTY

Four trains were taken off the Camden-Fernberton run, the change being made on Wednesday of this week.

Commuters in Moorestown asked that Engine 1776 be assigned to the eight o'clock train from that community to Philadelphia. The request was granted.

The hearing in the appealed case of Ellis Parker, which was scheduled last week in Philadelphia, has been postponed until October. Illness of counsel was the reason, or rather the excuse, for the delay.

A "Sales Mean Jobs" campaign will be launched in Burlington on July 28, under the auspices of the Trade Association of that community.

Burlington county's fourteenth motor vehicle fatality occurred last week. The victim being Irving Potts, 19, of Philadelphia. He was fatally injured when the car in which he was riding turned over on the Vincent-Medford road. A blowout was responsible.

We can't have a revolution after 1948. If the rate in increase continues as it has for a decade, in ten more years all of us will be working for the government.—Buffalo News.

ly on hard, slow-growing plants as on rapid-growing ones. Spraying is an excellent panacea for susceptible plants. A good commercial insecticide or a fungicide such as Bordeaux sulphur may be used, and spraying the fertilizer around the plants it is well to remember that the main feeding roots are a distance from the stem itself, and in order to reach them it should not be applied too close to the base of the plant. If it is well raked or watered into the soil the roots will be able to utilize it readily.

This is the time to start pinching back chrysanthemums in order to prevent them from becoming too tall. Pinching strengthens the lower stem and encourages the plant to branch out, keeping it to the desired height. After the buds have started to develop in August, chrysanthemums should not be pinched back again, however.

Dahlias produce superior blooms if they are not permitted to make too succulent a growth until August. Pinch off surplus shoots, but do not do it so severely that the growth will not be satisfactory.

Wisteria, too, comes in for its share of pinching. Gardeners who have had difficulty in getting these to bloom will find that pinching back the young growth throws added strength into the blooming spurs. This is the practice followed by the Japanese in the development of the strong vines and profuse bloom for which their wisterias have long been famous. Cut the tips off the young growing shoots several times during the summer, but be sure that none of the foliage is cut and that only the end of the shoot is removed.

Delphiniums always give best results when grown from fresh seed, and seed to be planted in July should be ordered at once. Any delphinium planted before the first of August should grow well and produce plants strong enough to bloom next year with spikes of full size. Good germination will result if the seed is planted as soon as it is ripe. Many delphinium specialists on the west of year, although the true delphinium devotee will probably allow his favorite plants to set a few seed pods. They should be sown as soon as they turn black.

GIVES FACTS ON RABIES OCCURENCE

May Occur Any Time During Year According to State Medical Society

"Dog days" are associated in the public mind with a supposed tendency of dogs to be unwell and in bad humor. Actually, the period in July and August which is characterized as "dog days" derives its name from astrology. During this period, Sirius, the dog star, rises and sets with the sun. It is usually the hottest part of the summer.

May Occur Any Time

The incidence of rabies is not limited to "dog days." It may occur at any time of the year. There was an outbreak of the disease among dogs in several counties of the state during the early spring months of this year. While the incidence did not assume epidemic proportions, it was sufficiently serious to attract the attention of the medical profession and public health authorities.

Rabies is an acute infectious disease of dogs and other animals which may be transmitted to man. It is characterized by spasm of the muscles of respiration and digestion, madness, and other disturbances of the nervous system. It occurs usually in two stages, the spasmodic and paralytic. A dog infected with rabies may become wildly excited, run distractedly about, and snap at anything in his way whether it is living or not. Small hemorrhages usually occur within the brain. Examination of the animal will reveal whether the animal is infected.

Serum

Doctor Pasteur gave to the world a serum which will ward off the disease when administered after exposure to the disease. A serum is given to the patient in a series of injections which immunizes the body to the infection. A fairly long period of treatment is required.

Three suggestions are offered by the Medical Society of New Jersey for the prevention of human deaths from this disease. They are: humane extermination of all stray dogs, which are more likely to be carriers of the disease than house dogs; prompt laboratory study of any dog that has bitten a person; and prompt administration of anti-rabic serum to a person who has been bitten, if the animal doing the biting is found to be rabid.

CLUB PICNIC

Extensive preparations have been completed for the Townsend Club picnic and outing of the Fourth Congressional District, to be held at Springle Park on July 30th.

The public is cordially invited to attend and those in need of transportation should call Mrs. Blanche Fox, Burlington, N. J. For all who will attend there will be entertainment, music, dancing and refreshments.

A representative from the national headquarters will be the main speaking attraction.

AMERICAN BOY MAGAZINE COMPANION TO THOUSANDS

Teachers, librarians, parents, leaders of boys' clubs and hundreds of thousands of boys, themselves, enthusiastically recommend THE AMERICAN BOY Magazine for all boys over twelve.

"It's more like a companion than a magazine," remarked one high school student. "It gives advice and entertainment on every subject in which a young fellow is interested. I made our school basketball team solely because of playing tips I read in THE AMERICAN BOY."

Trained writers and artists, famous coaches and athletes, explorers, scientists, and men successful in business and industry join with an experienced staff to produce, in THE AMERICAN BOY, just the sort of stories and articles boys like best.

THE AMERICAN BOY sells on all newsstands at 15c a copy. Subscription prices are \$1.50 for one year or \$3.00 for three years. To subscribe, simply send your name, address and remittance direct to THE AMERICAN BOY, 7430 Second Blvd., Detroit, Mich.

You Owe It to Yourself

to do everything that is in your power to boost your own home community.

Your Church, of whatever denomination, needs you . . . and you need it. The success that your churches enjoy will be returned to you in a community of good, clean Christian men and women.

Your schools, be they Friend, Parochial or Public, need you and you need them. The measure of success they enjoy will be returned to you in a community of keen-minded, intelligent youngsters, ready, willing and anxious to put their shoulder to the wheel to make yours and theirs a worthwhile community.

Your Civic and Social Organizations need you and you need them. Each has its part in the whole scheme of your community life. You may not belong . . . but whether or not you know it, you will benefit by their success.

Your Borough Government needs you and you need it. Public-spirited men give freely of their time to bring you social order, sanitation, health protection, public education, and many other benefits. You may never have held office and you may not even vote . . . but the measure of support you give them, will come back to you.

Your fire department needs you and you need it. When your home is on fire . . . do you call the Philadelphia fire department . . . no you call YOUR fire department. As you support it—so will it protect you.

Your Police Department needs you and you need it. Do you call the Philadelphia police when danger threatens?

Your Y.M.C.A., Boy and Girl Scouts and similar organizations need you and you need them. As the twig is bent, so is the tree inclined, may be aptly said of children. The work of these organizations with youth will come back to you ten-fold . . . so give, and share in their success.

Your local business people need you and you need them. They are a bigger factor in community life than the average person realizes. They are taxpayers, contributors, and public servants of the highest character. They make living convenient and comfortable in YOUR HOME COMMUNITY. The druggist is ready to serve you 24 hours a day when your loved ones lie ill.

Your water company employees keep the pumps working day and night, Sundays and holidays to supply you with fresh water and for fire protection. Your fuel man delivers fuel—when you need it. Your baker is ready with bread. Your ice man protects your food every day. And so on down the line—each ready and willing to serve your needs, comfort and protection.

As they prosper . . . SO WILL YOU PROSPER . . . and so will every worthwhile enterprise in YOUR community prosper. Think it over . . . and when you are thinking of that purchase you were going to make in Philadelphia . . . ask yourself can I buy it here to advantage? We know you can . . . if you will.

If you are really proud of your community and want to help yourself and it too, then get behind your local business people . . . read their advertisements in The New Era and give them the "break" they deserve and should have from the people of these communities.

CARNIVAL AWARD NOW ON DISPLAY

The new 1938 Ford V-8 Coach that will be awarded at the Sacred Heart Church carnival to be held on Friday and Saturday nights, August 5th and 6th, is now on display at the Fortnum agency, Palmyra. The car is the latest model and is a deep blue finish. All the committees will meet at the school hall next Monday night, when final plans for this affair will be consummated. Father Welsh feels very much elated over the plans and the way the committees are working to carry them to conclusion.

RIVERTON

Rev. and Mrs. Francis B. Downs, of Main street, will leave Monday, for a six weeks stay at Casco Bay, Maine.

Mr. and Mrs. Frank A. Mathews and family, of Thomas avenue, are vacationing at Seaside Park.

Mr. and Mrs. Spencer L. Haines, of Linden avenue, are among those registered at Chalfoote-Haddon Hall recently.

Mr. and Mrs. Charles M. Biddle, Jr., Mr. and Mrs. Lawrence Ruddle, Mr. and Mrs. Charles M. Biddle, 3rd and Samuel Biddle, left Tuesday for a vacation at Buckhill Falls.

Mrs. Carl A. Peterson, of Fourth street and Thomas avenue, has returned home after undergoing an operation, at Cooper Hospital last week.

Mr. and Mrs. James B. Wright and son, of Pottstown, are spending the week with Mrs. Wright's parents, Mr. and Mrs. Otto Becker, of 306 Midway.

Mr. and Mrs. Stuart A. Borger and family, of Thomas avenue, are spending the summer at Lake Teddyskong in the Poconos.

Mr. and Mrs. William Gooete and son Harry, Miss Peggy Rhoades, and Mr. and Mrs. Vincent Daly spent the weekend at the Gooete cottage in Wildwood Villa.

Donald Hullings, of Thomas avenue spent the weekend with his uncle, Frank Murphy, of Paoli.

Mr. and Mrs. Everett Gest and Mr. and Mrs. William Frank, of Thomas avenue, visited relatives in Elizabeth over the weekend.

Mr. and Mrs. Clayton W. Aggar, of Cape May, spent Friday with Mrs. Aggar's parents, Mr. and Mrs. Ross Evans, of Thomas avenue.

Mr. and Mrs. John Tibbot, of Palmyra and Miss Elizabeth Evald and brother, Robert, of Harrison street, spent Sunday in Seaside Heights.

Miss Katharin Broderson, of Harrison street, was the guest of honor at a surprise birthday party given at her home, on Tuesday evening.

Lamont Brownell, of Frankford, spent Monday with his grandfather, Edwin Evans, of Riverton.

The winners in the stocking club conducted by Mrs. Lewis Bell, for the past six weeks were Miss Dorothy Borden, Mrs. William Dietrich, Mrs. Joseph D'Autreche, Miss Robert Leedom, Mrs. Samuel MacMullen and Mrs. K. Oliver, all of Riverton.

The winners of the Sacred Heart Miscellaneous Club for last week were Miss Frances Smith, of Philadelphia and Mrs. Brumbaugh of Washington avenue.

The Valley of Oaxaca, in southern Mexico, was the abode of the highly civilized Zapotec and Mixtec Indians, whose cities and religious buildings, covered by the dust of many centuries, have been unearthed.

The word marijuana is pronounced it were spelled ma-ri-hua-na, but on the first and third syllables, the a pronounced as in the word arm.

PALMYRA RECEIVER

SPENCER L. HAINES

of 423 1/2 Linden avenue, Riverton, succeeds Charles J. Long as receiver for the Palmyra National Bank. Mr. Haines, who has been receiver of the Mt. Holy National Bank and the Maple Shade National Bank, since April 1935, has also been appointed receiver for the Collingswood National Bank.

PALMYRA

Fred R. Conway, of 912 Highland avenue, sailed from Philadelphia on Saturday on the S.S. Berkshire, en route to Boston and other New England points.

Miss Grace Billard, of Horace avenue, returned home Friday after spending ten days at Blairstown, N. J., where she attended the School of Religious Work.

Mr. and Mrs. Elwood Holmes, of Lumberton, spent Monday with Mr. Holmes' mother, Mrs. Anna Rockhill, of Delaware avenue.

The Shining Hour Class, of Epworth M. E. Church, will hold its regular meeting on Friday, July 22, in the form of a picnic supper at Taylor's Cabin. The group will leave the church at 6:30. Bring your supper and 10 cents.

Mr. and Mrs. Everett Gest and Mr. and Mrs. William Frank, of Thomas avenue, visited relatives in Elizabeth over the weekend.

Mr. and Mrs. Clayton W. Aggar, of Cape May, spent Friday with Mrs. Aggar's parents, Mr. and Mrs. Ross Evans, of Thomas avenue.

Mr. and Mrs. John Tibbot, of Palmyra and Miss Elizabeth Evald and brother, Robert, of Harrison street, spent Sunday in Seaside Heights.

Miss Katharin Broderson, of Harrison street, was the guest of honor at a surprise birthday party given at her home, on Tuesday evening.

Lamont Brownell, of Frankford, spent Monday with his grandfather, Edwin Evans, of Riverton.

The winners in the stocking club conducted by Mrs. Lewis Bell, for the past six weeks were Miss Dorothy Borden, Mrs. William Dietrich, Mrs. Joseph D'Autreche, Miss Robert Leedom, Mrs. Samuel MacMullen and Mrs. K. Oliver, all of Riverton.

FRUIT GROWERS TO MEET NEXT WEEK

Cumberland county will play host to Jersey fruit growers next week when the annual summer fruit meeting and tour of the New Jersey State Horticultural Society will be held in Bridgeton on Saturday, July 30. Plans for the session were announced today by Arthur J. Farley, secretary-treasurer of the society and fruit specialist of the New Jersey Extension Service, Rutgers University.

The itinerary calls for assembly at the Deerfield Packing Corporation plant at Seabrook farms, near here, between 9:30 and 10 a.m., daylight saving time. After a morning at the plant and the Seabrook orchards and packing house, lunch will be served at Piney Point Park. Brief talks on current topics, including the fruit aspects of the 1939 agricultural conservation program, will follow the report. The afternoon will be spent at the V. Caggiano & Son orchards and the Jersey Package Company plant in this city.

Members of the summer meeting committee are F. A. Raymaly, county agricultural agent; W. M. Runk, John Frolio, R. C. May, Antonio Caggiano, and Walter M. Minch, all of Bridgeton.

PLANTS FOR YOUR GARDEN

By A. C. McLean
Extension Service, N. J. College of Agriculture

The painted daisy's finely cut foliage and gay flower-heads make a charming contribution to the early summer garden. Better known to many gardeners as pyrethrum, the plant is one of the chrysanthemums and will be found listed in seed catalogues as Chrysanthemum coccineum. Least the gardener become confused, it might be well to add that this pyrethrum is not the plant from which the familiar insect powder is made. Most commercial pyrethrum is obtained from a similar species which produces only small white daisies and is not particularly attractive as a garden plant.

Painted daisies are available in both single and double forms, but the double will be found more lasting. Here in the United States most of the seedlings grown have produced rather inferior daisies. The fortunate gardener who has happened upon a superior form can propagate now by dividing the clumps. The divisions will make sturdy plants before autumn if they are given reasonable care in transplanting and good soil.

It is advisable for the gardener who does not have access to some of these interesting forms to obtain the best seed available. Sown at this time it should produce a fairly good display of bloom next spring, although best results cannot be expected until the second season. Sort out the best seedlings in the group and propagate them by division.

Buy Direct
Many gardeners prefer to buy plants directly from nurseries. An English nurseryman has been successful in producing several superior strains, and some of them are available through seedsman in the country.

Painted daisies do not do well in an acid soil. They thrive with plenty of plant food and in a well drained corner of the garden. Double forms of rich and lovely color will be cherished by the gardener of discrimination, and he will lose little time in separating them from the inferior forms with their rather insipid, light-colored heads. Given good care, painted daisies are a stunning addition to the garden, and one which will provide graceful flowers in abundance for indoor use.

The first two railroads in the country, the Quincy railroad of Massachusetts and the Mauch Chunk railroad of Pennsylvania, both dating from the year 1827, used horse power and not locomotives.

Domestication of cattle and the raising of birds are said to have begun 10,000 years ago. Cows were worshipped in Babylonia in 2000 B. C.

BROADWAY THEATRE FRIDAY & SATURDAY

Robert Taylor and Mary Kay

approximately \$340,000,000 and total property tax assessed for 1937 was approximately \$243,000,000. Of this latter figure about \$25,000,000 was levied on personal property and subtracting this amount leaves \$218,000,000 as the burden borne by real estate. "In other words" states the editorial, "real estate bears sixty-four per cent of the burden," using the taxpayers figures.

By adding together the following amounts: \$190,000,000 in taxes paid by New Jersey to the Federal government for the year ending June 30, 1937, (this figure includes income tax, miscellaneous internal revenue tax and payroll taxes) and \$340,000,000 for taxes levied for state and local government purposes, making a total of \$530,000,000 for all state, county, local and Federal taxes levied in New Jersey, the percentage which real estate taxes levied for state and local government purposes bears to the total is forty-one per cent.

Gobbled by Washington
This statement is in no sense intended to convey the thought that real estate does not now bear a sufficient part of the burden. It is intended, however, to give the accurate figures; to show the tremendous cost of all government and to call attention to the huge sum gobbled up by the Federal government.

The purpose of these articles is to acquaint more people with the true

facts concerning government. The more citizens who come to a better realization of the huge sums that they are yearly called upon to contribute for the support of government the sooner it will be possible to control governmental expenditures. Many things enter into the high cost of government which should be understood by all citizens.

Perhaps the most serious condition facing the taxpayers is the tendency to levy taxes in excess of the amount actually needed to carry on indispensable activities. The line must be drawn at what is actually necessary for the welfare of the community. Then, and only then, will we have good government at a price we can afford to pay.

The most characteristic plant of New Zealand is the fern, which flourishes in great variety everywhere. The so-called tree fern often reaches a height of forty feet.

"The power to command," said Hi Ho, the sage of Chinatown, "brings but little happiness unless it shows hope and good faith with those who willingly obey."

A heap of greatness goes unrewarded. Noah built a big boat and manned it and it didn't even get a title of "commadore."—Washington Star.

Measuring 460 feet from side to side and with five roadways separated by grass plots and lines of trees, the Avenida Nueve de Julio, in Buenos Aires, is the widest avenue in the world.

INQUIRE ABOUT SCHOOL BONDS

Cinnaminson Board Asks Banks Concerning Acceptance for Proposed Improvement

The Cinnaminson Board of Education authorized the district clerk, Emma D. Frank, to communicate with the Riverside Trust Company, the Burlington County Trust Company and the Dorrance Estate to secure from them, if possible, a letter stating that they would accept bonds of the Board of Education amounting to approximately \$13,000, the township's share of the proposed \$25,000 improvement to the colored school building, at their regular meeting here Tuesday night.

This action was taken at the request of the school architect, Mr. Merchant, who stated that two such letters, without specifying interest rate, would have to accompany the application to the P.W.A. authorities requesting the grant.

One Asked Already

Miss Frank stated that she had already asked the Cinnaminson Bank and Trust Company and expected to hear from them shortly and in order to secure a second letter, it was decided to ask the others mentioned above.

Playground equipment for the year was authorized to be purchased at an estimated cost of \$64.

A letter was read from the United States Fidelity and Guaranty Company stating that an endorsement to the compensation policy would not be necessary covering painters, carpenters etc., engaged by the Board of Education. The policy they have, the letter stated, automatically covers such cases.

The estimate of \$72.50 for repairs to the ventilating units in the schools, by the John J. Nesbit Company, was approved and the work ordered done.

Miscellaneous Business

A new steel file cabinet for the district clerk was authorized by the board at a cost of \$18.48.

It was decided to get estimates from Claud Anderson for the erection of a bicycle shed from lumber now available in a garage building. Authorization was made for the painting of the interior woodwork in the medical and dental rooms.

The estimate of N. Snellenberg & Co. for a single pedestal desk and chair for one of the teachers at a cost of \$23.75 was accepted. Twelve desks and two classroom tables for the classrooms was authorized to be purchased from N. Snellenberg & Co. on their low bid.

Two library tables from the Irwin Seating Co. were ordered for art work in the classrooms.

It was decided to get an estimate from John Denner for scraping and leveling the playground at school No. 4.

ALUMNI ASSOCIATION SETS DANCE LOCATION

Additional arrangements concerning the annual Fall Dance to be given by the Palmyra High School Alumni Association were made at a recent business meeting of the officers of the association. A report from the dance committee disclosed that negotiations were successful in obtaining the popular Medford Lakes floor for the occasion.

In addition to this picturesque setting, the association has also acquired another feature—in the form of Bob Horton's orchestra. This well-known band needs no introduction to music lovers of South Jersey, his top-flight musicians having been featured at scores of dances during past years. The association feels that it has welded together a strong combination in these two attractions—one that will be looked forward to.

The date set is September 24th, and the charge will be \$2.20. However, if the paying members of the couple present a membership ticket at the door, 50 cents will be deducted, so all alumni are urged to secure tickets in advance of the dance, to obtain the benefit of this deduction. See any of the officers which include Russell Rivers, Lawrence Witte, Blanche Kuensell and Arthur Bolus, or any of the executive committee.

MEDICAL SOCIETY HAS ANNIVERSARY

The oldest organization of physicians in the western hemisphere, the Medical Society of New Jersey, will celebrate the 172nd anniversary of its founding July 23rd.

The Medical Society of New Jersey was founded by 17 physicians July 23, 1766, 10 years before the American people declared themselves independent of Great Britain. The organization through which a majority of the physicians of New Jersey govern themselves is thus older by many years than the national and state governments. The purpose of the Society, at the time of its formation as at present, was "to render the profession more capable of serving humanity."

In the furtherance of this purpose, the State Medical Society recently invited any person in the state who can not obtain needed medical care to inform the executive offices of the Medical Society at 143 East State street, Trenton, and the Society will under take to remedy any deficiency in the supply of medical care which may exist. This invitation is still open.

As a part of this anniversary celebration, officers of the Medical Society will participate in a statewide radio program made possible by New Jersey radio stations.

One of the speakers will be Dr. Marcus W. Newcomb, of Brown's Mills, an ex-president of the society, who will speak over station WTNJ, Trenton, at 7 p.m., July 23.

LEGION CARNIVAL OPENS MONDAY

The annual carnival of Post Frederick M. Rodgers, American Legion, of Palmyra, will open on Monday evening, July 25, at S-41 and River road.

The affair, which will continue all week will be replete with all sorts of amusements for young and old, including a ferris wheel, other rides and games.

A visit to the carnival, say members of the post, is a sure way to spend a most enjoyable evening.

CORONER CANDIDATE

I desire to take this opportunity to announce my candidacy for the Republican nomination for Coroner at the Primary election to be held Tuesday, September 20, 1938.

If nominated and elected I pledge to serve the people of this county in the same efficient manner as I administered the duties of the office during my previous term, 1932-35.

I earnestly solicit your support.

RUSSELL "Hop" STODDARD

BIG REDUCTION IN STOLEN COAL

Move by County Weights and Measures Department Ends Practice; 1938 Report

The annual report of the department of Weights and Measures of Burlington county was submitted to the Board of Freeholders last Friday afternoon.

The document, which was prepared by Superintendent C. B. Fisher, follows:

The Department of Weights and Measures takes pleasure in presenting this summary of the work of the year. While the duties have been greatly increased by recent legislation, the consideration given by this board in the creation of the office of assistant superintendent has proven worthwhile. Our choice of the man has confirmed its wisdom in the able and intelligent service which Clarence Mattis has rendered. The transfer of the licensing of coal dealers, and the issuing of designating license plates for all coal vehicles used by them for transportation, from the state office, in Trenton, to the various county and municipal departments, the test and certification of all oil meters, the calibration and certification of oil trucks, greatly increased the demand upon us. We are, however, glad to find the department in excellent shape and the work well in hand.

Conference
The "four days" conference and school of methods conducted by the Bureau of Standards in Washington, was an usual of great interest and profit to the weights and measures officials of the entire nation who were assembled there from Maine to Texas. Constant with these representatives.

(continued on page 3)

Deep Excavation
At present, the work is concentrated at the deep pit where the pumping station will eventually stand. This will be extended to 32 feet below ground and is already well on the way to completion.

Lines from the two sections of the new system will lead to the station being 17 feet below the surface at the station terminals.

The pipes that are to extend under the railroad will be laid in about three weeks, according to present plans.

According to those in charge of the project, the work is exactly on schedule and has been delayed very little by the recent rains.

RE-INSPECTION OF NEW JERSEY CARS
According to attendants at the motor vehicle inspection station, at Mt. Holly, no cards are being sent out to owners advising about re-inspection of their cars.

In regard to date of re-inspection, J. J. Shanley, chief of the testing division, comments as follows:

"The prime purpose of the date on the back of the windshield sticker is to establish daily quotas of work at the inspection stations. Experience shows that if it were not for this system of dating many owners would procrastinate until the closing weeks of the inspection and the resulting congestion would be chaotic."

Cars Collide On Slippery Road

Another crash, attributed to the slippery condition of River road, occurred shortly after six o'clock, on Saturday evening of last week near Taylor's lane. The accident caused face injuries to Mary J. Haines, 4, of 325 Walnut street, Delanco and damaged two cars.

The affair happened when a machine driven by George Sooy, Cinnaminson avenue, Palmyra, and one operated by Richard Snow, of 107 New Jersey avenue, Riverside, skidded and came together.

Neither of the drivers were injured and four passengers also escaped. The crash was investigated by the Cinnaminson police. No arrests were made.

The accident was another in the long series that have occurred on this stretch of road in wet weather and police officials urge motorists to be particularly careful in traversing this highway when similar conditions prevail.

ROTARIANS GO ON FISHING TRIP

The Palmyra-Riverton Rotary Club fishing trip on Tuesday of this week was a success to the extent of 135 fish, mostly weakies.

Those on the expedition were Gene Hargett, Harry Williams, George Friday, Harold Jaynes and Bill Klaus. The party embarked from Seaside Park and fished on the briny deep with no cases of mal de mer reported.

When the going was rather tough, one member purchased eleven fish from a bait boat just to be sure they didn't come home skunked.

Gene Hargett topped the pool for the first fish with a scrawney ling. It was reported George Friday held up the progress of the trip with his insatiable appetite for clams.

BAND CONCERT FRIDAY NIGHT

Rain caused the postponement of the band concert in the Grove, Palmyra, last Friday evening, but T. Curtis Flynn, chairman of the committee of Palmyra Council that has arranged for these enjoyable evenings has announced that the program originally planned for last week will be given this Friday evening, at eight o'clock.

A cordial invitation to attend is necessary due to the fact that the nature of the work is such, at present, that the entire force can not be utilized at one time. Those in charge of the work decided, therefore to put the work on a 24-hour a day basis in order to prevent delay in construction.

Each man works 6 1/2 hours during a fifteen day period.

THREE SHIFTS ON SEWER EXTENSION

Made Necessary Because Only Small Number Can Work at Station Site

Three shifts of men, with about 17 laborers on each crew, are working at the site of the pumping station for the Palmyra sewer extension, South Broad street, near Market.

This schedule has been made necessary due to the fact that the nature of the work is such, at present, that the entire force can not be utilized at one time. Those in charge of the work decided, therefore to put the work on a 24-hour a day basis in order to prevent delay in construction.

Each man works 6 1/2 hours during a fifteen day period.

Needling Correction
In addition to the fact that there is little opportunity for the men to do any work, the commissioner listed a number of other existing matters that should be corrected.

Included among these were the overcrowded conditions, there being only 21 cells with an average population of 47, the absence of matrons in the female section, the existence of the "subway" and underground cell room, the method of heating and the fact that there was a serious fire hazard.

After listening to the reading of the letter by the clerk, the board voted unanimously to consider the situation. No comments followed.

COMMENTS ON RIVER FRONT AT RIVERTON

Philadelphians evidently appreciate the waterfront view along local shores, as evidenced by the following letter that was written to the Evening Bulletin and printed in a recent issue of that newspaper:

"In the opinion of this Tacony observer, the waterfront view of Riverton, N. J., is one of the prettiest offered by either shore of the Delaware in the metropolitan area. Situated about a half mile north of the Tacony-Palmyra Bridge, the beautifully lawned riverbank provides a pleasant picture for the discerning urbanite of this section. Stately houses among lofty shade trees on a gently sloping green, sailboats floating at anchor under the yacht club that extends into the water, all make for a scenic spot. While not grandiose, it is certainly enough to inspire the artist's brush."

ENGAGED
Mr. and Mrs. Charles H. Hablast, of Lincoln avenue, have announced the engagement of their daughter, Miss Margaret Hablast, to Lawrence J. Bradshaw, son of Mr. and Mrs. Harry R. Bradshaw, of 124 Garfield avenue, Palmyra.

No date has been set for the wedding.

TACONYTE.
Registration of births was not compulsory in England until 1876.

COUNTY JAIL HAS DUBIOUS HONOR

Branded Oldest and Worst in State by Commissioner William J. Ellis

The Burlington county jail, at Mt. Holly, received distinction of a somewhat questionable nature last week, when William J. Ellis, state commissioner of institutions and agencies branded it as the oldest in the state and also the worst.

The comment was contained in a letter to the Board of Freeholders following a recent visit to the institution by the commissioner. Mr. Ellis also sent along a number of pictures of the institution to the board, but these were not particularly enlightening, since the freeholders had a first hand opportunity to see things for themselves at a similar inspection made last year.

Comments Chant
The commissioner commended Sheriff John Chant for his efforts in attempting to provide work for the men by having them take care of a vegetable garden within the walls. Mr. Ellis said that this was a move in the right direction, but that the sheriff was handicapped because of the limited space available.

He recommended the construction of a workhouse near the other county buildings, at New Lisbon to relieve the situation. Mr. Ellis also advised the board that he would be more than glad to cooperate in any way possible in order to provide a proper solution to the problem of housing prisoners in a better manner than exists at present.

Streets Flooded
A few streets were temporarily flooded, shoulders and driveways washed out and cellars became somewhat damp, but otherwise, there were no reports of loss or inconvenience in Riverton or Palmyra.

The Delaware river, despite the excessive rainfall did not rise as high as it has on other occasions when the precipitation was less, this being explained by the fact that the winds and tides were of such a nature as to create a condition of a smaller rise than might be expected.

Elsewhere in County
The rest of Burlington county, particularly the inland towns, did not fare as well. Portions of Mt. Holly were under water, Burlington feared a repetition of the recent flood. Lumberton and a number of other communities had sections that were inundated.

Every small stream was over its banks, portions of roadway were washed out, shoulders badly eroded and many small bridges completely carried away.

Due to the fact that no two communities experienced the same number of showers, comparative rainfall records give little real information as to the amount of precipitation experienced here and this must remain a matter of question, since there is no rain gauge here.

PLANS FOR PLANT ARE PROGRESSING

Councilman David F. Gould, chairman of the sewer committee of Riverton Borough Council reported, on Monday night, that the preliminary plans for the proposed sewage disposal plant are nearing completion and stated that he expected an application for a P.W.A. project would be made in the very near future.

NOTICE TO DOG OWNERS
The law requires all dogs within the Borough limits to be registered with the Borough Clerk by February 1st of each year.

You are hereby notified to register your dog before August 10th, for 1938, otherwise you will receive notice to appear before the Recorder, which means a fine and costs including the registration.

By order of the Mayor and Council,
Daniel M. Clifton,
Riverton Borough Clerk.

NEARLY SIXTY NEW FAMILIES

Since the first of March, nearly sixty new families have moved to this vicinity, the greater number being located in Palmyra. This does not include those who may have moved from Palmyra to Riverton, or vice versa, but is indicative of those who have come here from outside Riverton, Palmyra and Cinnaminson.

Included among the new residents are a number of newlyweds, several families from New York and a number from Philadelphia, Camden and the various suburbs of both cities.

ESCAPE WORST OF FLOOD CONDITIONS

Local Communities Fortunate As Rains Cause Severe Damage in County
In comparison with other sections of Burlington county and, in fact, the entire eastern portion of the country, local communities suffered little damage as a result of the torrential downpour of the past 10 days.

A survey of the situation conducted while the rains were in progress and later this week, revealed that the greatest losses in this section were to agriculturists, who lost considerable due to portions of fields being flooded, inability to harvest and other factors.

Suspicious
By a unanimous vote the matter was referred to the solicitor of the board, Christopher N. Peditto.

Before leaving, Mr. Lenox concluded by saying that Mr. Barrett might be allowed to run out in order that the material in question

Riverton May Have New Park

The site of the old Roberts building, in Riverton, may be converted into a small park, if tentative plans materialize, according to information released this week.

Riverton Borough Council has authorized an offer of \$2,000 to the Roberts estate for the ground on which the structure stood and, if this is accepted, plans will be drawn up to convert the location into a park, with appropriate landscaping.

The work of demolition is nearing completion, all walls having been razed and little remains to be done except to clear away the accumulation of debris.

BARRETT COMPANY ASKS ABOUT OIL

Contract Called for Delivery By August 1, Officials State Note Required

S. D. Lenox, attorney, representing the Barrett Paving Company, of Trenton, appeared before the Burlington County Board of Freeholders, last Friday afternoon to inquire about the contract with his client for 450,000 gallons of asphalt H. K., which, according to a contract, the paving firm was to furnish to the county on or before August 1.

Mr. Lenox stated that he was present in a friendly manner, not to make threats, but only to obtain information as to what the county proposed to do about the contract.

Conference Held
Freeholder Stout stated that he had attended a conference with the head of the company and had informed him that there was no need for this kind of oil this year. He remarked that Mr. Barrett had asserted he would advise the board regarding any further comment he might care to make on the question, but that no further information had been received.

Mr. Stout said that a small quantity of the oil might be used for patching purposes, but that this would not begin to use the quantity called for in the contract.

Barrett Company Asks About Oil

(continued from page 1) might be obtained from another source. Such a situation was emphatically denied by Mr. Stout.

County Survey

A resolution was passed authorizing the appointment of J. Margaret Warner, of Burlington, to make a survey of the industrial and agricultural advancement of Burlington county, in order to obtain data that would advertise the advantages of the county.

The survey will be conducted under the supervision of the Burlington County Development Council, of which Clyde E. Freeholder is chairman.

Miss Warner will be paid from the appropriation of \$2,000 made by the Board of Freeholders to the council for the development of county publicity.

No Advertising

Due to the heavy rains during the past two weeks, Freeholder Leroy Church offered a resolution which stated that an emergency existed and requested that his department be allowed to purchase materials for bridge repair without advertising bids, the urgency, according to Mr. Church, being so great that the delay occasioned in receiving bids would seriously hamper repair work. The materials would include pipe, sand, cement and lumber.

The resolution passed by a 3-2 vote, Freeholders Adams and Jones declaring in the negative. Mr. Jones questioned whether an emergency could be declared with less than a two-thirds vote and the matter was referred to the solicitor.

Flood Damage

Mr. Church went on to state that 50 feet of the Crosswicks-Bordentown road, 20 feet on the Camp Dix Columbus road and many other smaller bridges had been washed away. He said that he was unable to even estimate the cost of repairs.

Mr. Jones said that the needed repairs should be made at once, but asserted that no extra funds were needed. He advised revising the schedule and applying for federal funds.

Mr. Stout said that no government assistance was available. He added that the rains have cost the road department thousands of dollars and that he was keeping an accurate record of what repairs were costing.

Adams Resolution

Freeholder Adams proposed a motion that the schedules of the road and bridge departments be revised to take care of all damage and that they be submitted to the state highway department for approval. Also that the work be done as quickly as possible.

The motion was defeated 3-2, but only after some rather heated comment by the various members.

Another motion by Mr. Jones regarding the revision of the bridge department schedule was tabled. Mr. Stout making this move before a second could be obtained to the Jones motion.

Director Lamson stated that he was fully aware of the duty of the county in keeping the roads and bridges open and that every effort was being made to do this.

Mirror Lake Situation

A complaint was presented to the board by the property owners at Mirror Lake, Browns Mills. This stated that a hot dog stand had been moved to a location on a county road at the lake, although building restrictions prohibited the conduct of any business in that section.

The county engineer was authorized to conduct a survey in order to determine whether or not the building in question was located on county property.

Payments were authorized to the Harry Knecht Company for plumbing and heating work at the new almshouse, the amounts being \$3,469.50 and \$2,115.00 respectively. Mr. Adams registered "not voting."

The following departmental bills were approved and ordered paid: roads, \$10,961.90; bridges, \$6,594.80; revenue and finance \$7,656.25; public affairs, \$9,165.50; buildings, \$20,779.04, a total of \$55,159.58.

Charles Mundorff, of Riverside, attended the session, but remained silent throughout, evidently having

CAMP CHAPEL TO BE DEDICATED

A very special service will be held at Camp Matolionequay Sunday evening, July 31. The outdoor chapel will be dedicated as a memorial to Mrs. Elizabeth Stokes Russell.

The inspiration for this service of dedication came from some of the Camp Matolionequay counselors who knew Mrs. Russell so well, and loved her so much. She was very active in all the affairs connected with the organization and development of the Camp Matolionequay, and headed the committee of women responsible for its operation.

This chapel memorial dedication service will be at 7:30 p.m. daylight time. Mrs. Russell's daughter, Ann, of Moorestown, will unveil the plaque of etched stainless steel, which will be embedded in the front of the stone altar at the Matolionequay chapel. Friends of Mrs. Russell are invited to this service of dedication.

NIGHT CAR CRASHES FEWER SAYS MAGEE

The ability of motorists to better see the roadway ahead, and to safely stop their vehicles upon sighting an emergency, is believed by Motor Vehicle Commissioner Arthur W. Magee the reason for an eight and one-half per cent reduction in night pedestrian fatalities this year.

Night, which appreciably reduces the powers of vision, has always been hardest on pedestrians because they were more difficult to see when crossing at unlighted places or walking along unlighted highways attired in dark clothing.

So far this year, with inspection improving headlamp facilities on automobiles, and with brakes properly functioning, seventy-five per cent of the pedestrian fatalities have occurred at night as compared with eighty-two per cent in the corresponding period last year, a decrease of eight and one-half per cent.

Change in Date

of ALUMNI DANCE

The Palmyra High School Alumni Association wishes to make a correction in regard to the date of the annual fall dance, to be held at Medford Lakes. Previously announced as September 24th, the date has now been changed to September 10th. The change was necessitated by unforeseen complications which arose suddenly, but the new date may now be regarded as final. It is hoped that everyone interested will keep this function in mind, as it promises to be one of the outstanding activities of the season.

There has been no other alterations in the original announcement—music will be furnished by Bob Horton, and the price will be \$2.20, a membership card entitling the member to a reduction of 50 cents.

WOMEN MAY FORM TAX COUNCIL HERE

Stirred to action by the fact that the average family in New Jersey will pay more than \$500 in taxes this year, members of the Organization Committee of the Emergency Consumers Tax Council of New Jersey are preparing to ask housewives of Riverton to join a statewide "protect-the-consumer" movement. Mrs. Florence Biddle Zint, chairman, announced today. She predicted that the women of Riverton will form a council within the next 30 days.

Housewives in all parts of the state are banding together to fight high taxes according to Mrs. Zint, who revealed that more than thirty councils already have been formed in as many communities, including Atlantic City, Pitman, Woodbury, Audubon, Westville, Penns Grove, Brooklawn, Glassboro, Paulsboro, Clayton, Hamilton Township, Merchantville, Collingswood, Haddon Township, Englewood, Clifside Park, Palisades Park, Pleasantville, Ocean City, Egg Harbor and Pennsauken.

The alpha rays shot out by radium travel 18,750 miles a second.

It was warned that he was to conduct himself properly.

ELECTRIC SHORTS

A good electric washer can do the work of four women but costs only about \$125 a year to run . . . a one-pound lump of platinum, used in delicate electrical instruments, produces about 4,750 miles of wire so fine that it will float in air . . . almost two dollars' worth of candles are required to furnish the same amount of illumination for the same length of time provided by one cent's worth of electricity . . . before the last syllable of a four-syllable word radio signal has passed the announcer's lips, radio waves have carried his voice around the world seven times . . . the refrigeration plant of the liner, Queen Mary, is sufficient to meet the refrigeration needs of 15,000 average homes, and her generators develop enough power to meet the lighting and service needs of a city of 150,000 population . . . science has brought to the young, the blind and the illiterate a "talking newspaper" which involves a printed soundtrack reproduced on a simple device in the home.

HEADLINES

Electric range sales last year totalled 400,000 units, a third more than the previous year and double 1935 . . . \$350,000,000 a year, or about \$2.70 for each person in the country, is bet through pari-mutuel machines at race tracks . . . About one billion square feet of aluminum foil was produced in the United States last year for countless uses from chewing gum wrappers to photographic film . . . Forty-four of the 48 states have laws regulating the working hours for women, a survey shows, but not a single law pertains to the working hours of female household servants.

THINGS TO WATCH FOR

Combination cigarette and match, the match being glued to the cigarette so that when the latter is pulled from the package, a match also is withdrawn . . . "Ice-bags" for trees, to keep them from budding prematurely; a bag of rubber fabric is filled with dry ice and wrapped around the trunk of the tree, thus "freezing" the tree and keeping the sap from flowing . . . A folding porch for auto trailers . . . Combination pencil and calendar, on which the days of the week appear in a "window" in the barrel of the pencil . . . A key container with index tabs to tell which key opens the front door, garage, etc.

FINAL ACCOUNT DORRANCE ESTATE

Total Amounts Reported Over \$127,000,000; Large Sums Paid to Counsel

The third and final account of the estate of Dr. John T. Dorrance, late of Cinnaminson and former president of Campbell Soup Company, was reported for settlement and allowance in the Orphans' Court, Judge Frank A. Hendrickson presiding, last week, at Mt. Holly. No commissions were requested by the executors but an allowance of one and a half per cent was allowed on the income.

The total amount of the estate reported yesterday is \$127,908,321.41, the largest ever filed in Burlington county. It now goes to the trustees named in the will of testator, who are the same as the executors, Camden Trust Company, Mrs. Ethel M. Dorrance, the widow, and Dr. George M. Dorrance and Arthur T. Dorrance, brothers of the deceased.

AGRICULTURIST WILL INSTRUCT IN LIFE SAVING

Thomas W. Speck is for the third summer working in the county as the Red Cross life saving instructor, visiting all the bathing beaches in accordance with the schedule below. Speck recently attended the 15-hour instructors course in life saving, offered by the National Red Cross, under Grant McCubbin, of the national staff, and is well qualified to teach all the latest methods of life saving.

There is no charge for the instruction and all are urged to join the classes.

BIG REDUCTION IN STOLEN COAL (continued from page 1)

sentatives, with their different points of view and ideas, was in itself educational. In addition we had the privilege of listening to addresses by the eminent men of science. All sessions were presided over, with usual dignity, by Dr. Lyman P. Briggs, director of the Bureau of Standards.

Scope of Work

"One item is sufficient to illustrate the scope of the work, namely, the effort to standardize the various commodity containers so confusing and deceptive to the patron at the grocers. So few housewives make purchases with sufficient discrimination to estimate values as represented in cans bearing labels indicating, even correctly, the net weight per can of the contents. When one considers the fact that more than one hundred various sizes of such containers appear on the market, the meaning is readily seen.

"The new oil testing equipment has justified its purchase and is giving real satisfaction to dealers and the department. The rapidly increasing use of oil fuels demanded attention. Now the consumer can rely upon a metered supply. Look for the certifying seal upon the meter. In the purchase of gasoline by truck load or compartment, look for the calibration mark and the figures indicating content.

Stolen Coal

"The general public relies upon the department for guidance and protection in the traffic of today. It is our earnest desire to be of service both to dealer and consumer in all lines of trade.

"The stolen coal industry has been greatly curtailed. Many have been driven out of business. Others have been forced to fit themselves with storage yards and equipment for legitimate business. The new requirements are that all coal in transit in our state be accompanied with a certificate of origin, issued at the mine. This certificate is accepted here only from accredited mines, which renders it difficult for stolen coal to get in. Constant vigilance by the department is required to protect our legal and established coal industry.

Condensed Statement

The following is a condensed statement of the work of the year: Visits made, 1758; measuring devices inspected, 12387; measuring devices condemned, 375; measuring devices adjusted and passed, 387; commodities reweighed, 2558; oil trucks and meters tested, 52; investigations conducted, 81; fines collected, \$375; license fees collected and forwarded to state treasurer, \$1909.

CINNAMINSON P.T.A.

In spite of the very rainy day last Thursday, there were twenty-three ladies present at the Cinnaminson P.T.A. covered dish luncheon held at Steele's. It was necessary to hold the affair inside instead of on the lawn as had been planned.

Another luncheon is being planned, but the date has not been fixed as yet. However, due notice will be given in this paper.

"Between the devil and the deep blue sea" is quoted from the Greek by Erasmus in his work "Adagio."

You Pay The Bill

The American Federation of Investors recently published an interesting booklet entitled "Taxes" in which rather conclusive evidence is produced that American industry pays more per share of stock in taxes than in common dividends.

This information, which deals with 150 typical companies in the United States, shows the effects of burdensome taxation on over six and one-half million investors and three million workers.

Selecting one company at random from the large group, we find that Atlantic Refining, for example, was taxed \$5,199,523 during 1937, and this was in addition to \$24,700,423 in excise levies. Taxes paid in 1932 amounted to only \$2,113,056.

In 1937, the taxes amounted to \$1.95 per share of common stock outstanding, while dividends declared on each share of common stock amounted to only \$1.00. Atlantic Refining has 33,899 stockholders and had an average of 12,125 employees in 1937. This case is typical of the 150 industries covered in the booklet.

So, when it comes to paying the bills for the vast expenditures of the government, don't hoodwink yourself into thinking that you aren't helping to foot the bill, even though you aren't paying it directly to the collector of internal revenue. You pay, all right, AND HOW!

Local Buying Power

Although Palmyra, Riverton and Cinnaminson are three distinct communities, their geographical situation is such that, except for surveyor's boundaries, it is difficult to tell where one municipality stops and the other begins.

The population of all three is well over 10,000 and this is a most significant fact, since Burlington is the only single community in Burlington county that is larger.

With this potential buying power right in their own front yard, so to speak, it behooves local merchants to do everything in their power to recapture much of the business that has gone to other cities, for a wide variety of reasons, either imaginary or real.

Far be it from us to advise any one else how to run their business, we have enough troubles of our own, but if some people believe that they can get better prices, service and merchandise elsewhere, it is up to local merchants to prove to them that they can give them the same thing here.

We believe that people can be educated to buy at home, but this will never be done by sitting back and moaning over the fact that a tremendous amount of the local buying power goes elsewhere.

There's a big potential market in Riverton, Palmyra and Cinnaminson. Let's go to work and develop it!

What Other Editors Say

Chicago police have banned the sale of toy cap pistols in the Windy City. Now if they could only do something to curtail the sale of machine guns, all would be well.

A recent cartoon has "the old ship of state still on its course" but with a lot of old-time Democrats hanging over the side from seasickness.—Minneapolis Journal.

The forgotten man is the jockey who rides the horse we always put our money on whenever we go to the races.

*Hundreds of members of Congress were in a big hurry to get away from Washington when Congress finally dragged itself to adjournment. They wanted to get home and start on their arrangements to get back to Washington.—Pittsburgh Headlight.

An insurance statistician says intelligent people live longer than dumb ones. In times like these, with prospects as they are, it doesn't seem very intelligent of 'em to do it.—Joplin Globe.

Parish Carnival Starts August 5

All the organizations and societies of the Sacred Heart parish met at the school hall this week laying their final plans for the parish carnival that will be held on the Knights of Columbus grounds, Broad street and Elm avenue on Friday and Saturday nights, August 5th and 6th.

Many new and novel features will be introduced to amuse and interest both young and old.

The new 1938 model V-8 Ford that will be awarded on the last night of the carnival is now on display on Broad street at the Fortunum agency. Some one will be very fortunate when they receive this handsome car.

William J. Eck, general chairman, announced that this is the first time that every organization of the parish has combined to make this carnival surpass any of those in the past.

REGARDING NAMES OF SCHOOL PUPILS

A "Reader" has inquired regarding the winner of a \$500 prize, offered by F. C. Cole, to the person who could identify correctly the largest number of pupils who appeared in the picture taken at Riverton Public School many years ago.

In reply to this inquiry, we state that seven lists were submitted, no two being alike. Obviously, each contestant believes that his or her list is the correct one.

The difficulty in making the award has arisen over the fact that, despite a most thorough investigation, no authority can be found who can positively identify all the boys and girls who appear in the picture. It would appear rather unfair to the contestants to arbitrarily select one of the several who submitted a complete list as having the correct one.

Unless, therefore, additional information of an authoritative nature can be brought to light, The New Era will be unable to make the award and will return the \$500 to Mr. Cole.

CHANDLER-REEVES

Mr. and Mrs. Leslie W. Reeves, of Highland avenue, have announced the marriage of their daughter, C. Eather Reeves, to George E. Chandler, of Palmyra, to take place on Saturday, July 30, at 3 o'clock, in the home of the bride-elect.

Rev. George Lockett, pastor of Central Baptist Church will perform the ceremony. The couple will be attended by Mrs. James Reeves, sister-in-law of the bride and Addison Chandler, brother of the groom.

After a wedding journey the couple will be at home in the Warner apartments, 525 Cinnaminson avenue.

CANDLER-ROBERTS

Announcement has been made by Mr. and Mrs. William Glass, of Riverton, N. J., of the marriage of their daughter, Mrs. Linda Glass Roberts, to Lieutenant Daniel Beville Candler, U.S.N., of Dallas, which took place on Thursday, June 30, at the home of the bride's sister, Mrs. A. Kenneth Murray in Rose Valley, Harris W. Howe, Chaplain United States Navy, performed the ceremony.

Mrs. Robert Adam was the only attendant. Lieutenant Francis J. Mee, of Detroit Lakes, Minn., acted as best man.

OBITUARIES

MISS DORATHEA M. FRANK
Miss Doratheia M. Frank, of Riverton, died on Sunday, July 24.

Funeral services were held on Wednesday at 3 o'clock from the Sneider Funeral Home, Rev. Albert J. Harke officiating.

Interment was made in the Moravian Cemetery, Five Points.

The deceased is survived by a sister, Mrs. John L. Schmierer, of Riverton, and two brothers, George C. Frank and William Frank, also of Riverton.

"One of lofty mind," said Hi Ho, the sage of thinsdown, "they fall into error by assuming that his ideas are shared by those who have not even tried to understand them."

Church Notices

CHRISTIAN SCIENCE CHURCH

"Love" is the lesson-sermon subject for Sunday, July 31, in all Christian Science Churches and Societies throughout the world.

The Golden Text is: "The Lord is good to all; and his tender mercies are over all his works." (Psalms 145:9).

Among the lesson-sermon citations is the following from the Bible: "The Lord is my shepherd; I shall not want." (Psalms 23:1).

The lesson-sermon also includes this passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The Christian Science God is universal, eternal, divine Love, which changeth not and causeth no evil, disease, nor death" (p. 140).

EPWORTH M. E. CHURCH

Rev. William A. Boyd, Pastor
Rev. Robert Kirkpatrick, of the Princeton Theological Seminary, will be the speaker at the morning service. Rev. Kirkpatrick is one of the young men from our own community and the public is cordially invited to hear him.

CENTRAL BAPTIST CHURCH

Rev. George Lockett, B.D., Pastor
Services, Sunday, July 31st.
10 a.m. Bible school. To those who have no church affiliations and to visitors in Riverton and Palmyra, "Central Baptist" always has a welcome for you. While you are away from home, we make you feel at home.

11:15 a.m. Morning worship. The pastor has announced the subject of his sermon for this service to be "The Appeal to Reason." It will be accompanied by choir selections and solos. The pastor is endeavoring to make this service interesting and enlightening and still shorten it as much as possible for the summer months. Why not come out and enjoy it with us? Here you will find it as cool as your own home or most any spot in town.

7:00 p.m. Twilight service in the municipal gym. The services will be in charge of the Moravian Church of Palmyra, with Rev. Albert J. Harke delivering the message. Here you will find a very delightful place to spend an hour in real Christian atmosphere.

CALVARY PRESBYTERIAN CHURCH

Rev. C. T. Bates, Pastor
In the absence of the pastor, the Rev. William A. Guenther, minister at the Presbyterian Church, at Bordentown, will deliver the sermon this Sunday morning, at 11 o'clock.

On Sunday, August 7, Robert W. Kirkpatrick, of Palmyra, who preached on July 10, will again occupy the pulpit.

YOUNG PEOPLE'S EPWORTH LEAGUE

Miss Ethel Clark, of Riverside Park, will be the speaker at the Thursday evening service of the Young Peoples Epworth League at 7 o'clock in the Epworth M.E. Church.

Five members of this group will represent their league at Pennington Institute next week. They are Margaret Mount, Myrtle Magee, Thelberg King, Eleanor Gamble and J. Edmund Turnock, Jr., president of the league.

The following week, August 4, the service will be in charge of Miss Mildred Magee.

LEGION CARNIVAL PROVES POPULAR

Judging from the crowds that have attended the annual carnival of Post Frederick M. Rodgers, thus far this week, the affair is proving to be one of the most popular in recent years.

The fun will continue for the rest of the week at 8-41 and River road, where the various stands and other forms of amusements are located.

NEW ERA BUSINESS NOTES

Follow the business news at home—It pays big dividends

Anyone looking for a good used truck or pleasure car can find some good suggestions weekly in the advertisement of the Oakwood Chevrolet Co.

The Agnes Shop is announcing a big reduction in all summer dresses and bathing suits. Ladies, here's your chance to buy things you need to finish out the season at big savings. See their advertisement in this issue.

Taylor's Market in East Riverton now offers pole lima beans and beautiful freestone peaches in addition to their corn, tomatoes, etc.

The best fishing season lies ahead . . . so, fishermen, it will pay you to consult the advertisement of Capt. George Clover, if it's sport you want.

The wise shopper makes a habit of reading the advertisement of the Philadelphia Market House for real all-around food values. Every week in The New Era.

The Savar Theatre, Camden, has installed a new cooling system which is a big improvement over their former plant.

Wesleyan Men's Bible Class

Don't you think it wise to master despair by thinking cheerful and hopeful thoughts? A quitter never wins and a winner never quits.

SHINING HOUR CLASS PICNIC

The Shining Hour Class, of Epworth M.E. Church, held a picnic supper, in connection with its regular meeting on Friday, July 22, at Taylor's cabin.

In spite of the threatening weather there were fifteen members present, including the teacher, Mrs. James Ballantine.

The group will hold its next summer outing in the form of a moonlight excursion down the Delaware. Further details will be announced later.

In the meantime, girls over 20 years of age, who are not affiliated with any other class or church school are cordially invited to meet with us on Sunday morning, at 9:45.

"One of de trials of dis life," said Uncle Eben, "is listenin' to a man who thinks he's so natchelly smart he kin tell you all about sumpin' without botherin' to find it out before-hand."

PALMYRA BATTER SECOND IN LOOP

Humes of Locals, Has Average Of .420; Complete Record For Nationals

Ed Humes, of Palmyra, usually gets a hit once out of every two trips to the plate, according to official records of the National Division of the Burlington County Baseball League as released this week, by Lawrence G. Minging, loop president.

The local batter is second in the circuit, with an average of .420. Statistics

The complete data for all players who have participated in five or more games follows.

RIVERTON GIRLS DOWN BEVERLY

The Riverton entry in the Burlington County Girls Softball League won a 2-5 decision from Beverly, last Thursday night, at Memorial Park, when the local maidens outled the ball with much enthusiasm to score in every inning.

Beverly was never really in the game, as Riverton tallied nine times in the second frame to really clinch the affair.

The first baseman of the visitors suffered a painful face injury when she was struck by a bat that slipped from the hands of one of her teammates.

Batteries—Riverton: Morris and Morris. Beverly: Dewson and Horner. Umpire—Payne.

SATURDAY BIG DAY AT CAMPS

The Riverton girls' softball team will be the featured attraction at the Matolonequay and Ockanickon camps Saturday, July 30, with a special open house day program. There will be activities in which both camps will jointly participate, and others that will take place at each camp site.

Parents and friends should arrive by 3 p.m., for that is the hour of the combined horse show at Ockanickon. The riding ring is at the baseball field, where there will be a presentation of Matolonequay and Ockanickon riders.

Waterfront Program
At 4 p.m. there will be a waterfront demonstration at the Matolonequay beach, and at Ockanickon, the regular afternoon activities, including arts and crafts, camp craft and pioneering, athletic games, boating and canoeing demonstration.

Country Club Notes

Weekend Winners
The winners in the match play vs. tournament held last Saturday between showders were: R. C. Farrell, first; R. H. Morgan, G. M. Durgin and G. M. Bartlett, tied for second.

The program for Saturday, August 30, calls for a tombstone tournament, par vs. handicap to govern.

CARLSON'S DROP S. K. AGGREGATION

Brey, on Mound for Druggists, Allows Three Hits; A's Beat Fortnum

The Carlson Druggists, resplendent in their new blue and gold regalia, won a 6-3 verdict over Sigma Kappa, Monday night, at Memorial Park. The Athletics, first ball champs, took Fortnum over by the score of 12-2 in the other engagement of the evening.

Carlson really won the fracas in the second frame, when Humes, first sacker, belted one into right field that the gardener could not locate. A full house was aboard at the time and all scored together with the perpetrator of the bingle.

Parents and friends should arrive by 3 p.m., for that is the hour of the combined horse show at Ockanickon. The riding ring is at the baseball field, where there will be a presentation of Matolonequay and Ockanickon riders.

Waterfront Program
At 4 p.m. there will be a waterfront demonstration at the Matolonequay beach, and at Ockanickon, the regular afternoon activities, including arts and crafts, camp craft and pioneering, athletic games, boating and canoeing demonstration.

At 5 p.m. will come the Ockanickon waterfront demonstration and, at Matolonequay, a program of their various activities, arts and craft studio, baseball, pioneer camping, paddling and rowing, tennis.

Evening Events
At 6 p.m. guests may swim at the Ockanickon beach.

At 6:15 p.m. those who enjoy "seeing the animals feed" may watch the boys' camp at supper. The girls will eat at the Matolonequay Lodge at 6:30 p.m.

Guests desiring to eat at camp will be served at 7:15 p.m.

The evening program will include a canoe carnival and camp fire program at Matolonequay, and at Ockanickon there will be canoeing and boating for guests until it's time for the "bowl" program at 9 p.m.

Those who care to may bring their own eats. Picnic places will be available at both camps. The dinner charge at Ockanickon Inn will be 60 cents, children under six half price. Dinner reservations should be made by Friday noon, July 29, by writing or phoning Camp Ockanickon, Medford, or the county YM. CA headquarters, Mt. Holly.

MEMORIAL PARK SOFTBALL LEAGUE

Team	Standing
Oakwood	2 0
Athletics	2 0
Cardinals	1 0
Parry	1 0
Broadway	1 0

PHILATELIC NEWSBITS

By S. E. Griffith

A Denver coin dealer has started to advertise 1938 Buffalo nickels for 10 cents apiece.

340,516 Northwest Territory stamps were sold with 180,170 first day covers cancelled on July 15th. at Marietta, Ohio.

Today will see the new red orange 6 cent stamp being issued. This stamp bears a likeness of King's bust of John Quincy Adams. On next Thursday, August 4th, the new sepiä colored 7 cent stamp bearing a likeness of Kinney's bust of Andrew Jackson, will appear.

Both stamps have their first day of sale at Washington, D. C.

Russia has issued a set of twelve stamps to commemorate its own constitution. The first eleven stamps are all of the 20 Kopec value with each portraying the coat of arms for one of the republics of the Soviet Union. A 40 Kopec stamp bearing the coat of arms of the U.S.S.R. completes the set.

Haiti will issue a stamp next month in honor of the U.S. Constitution. This stamp will be of the 60 centime denomination and will bear a picture of President Roosevelt.

It is reported that Panama will issue a miniature sheet bearing three values of the constitution set announced in this column a few weeks ago.

Speaking of miniature sheets, Czechoslovakia has just issued one for the 1938 Philatelic Exhibition, at Prague. The sheet contains two stamps, separated by a gutter. The stamps are of the 50 halter and 1 korona values.

The tax statute concerning transactions for future delivery has been repealed. The Documentary stamps overprinted "Future Delivery" are now obsolete. The new ruling became effective on June 30th.

Reconditioned Stamps

Continuing the thoughts of last week on "Reconditioned" stamps, I want to discuss regumming, repairing and reinforcing.

Previously, stamps with and without gum were discussed. On the early issues of United States stamps, gum is a factor for the specialist to contend with. It is a means of distinguishing the stamps produced by different Bank Note Companies. To many of these specialists, a stamp without gum is not wanted, therefore its demand naturally reflects in the value of the stamp. Many of the early stamps, when they were first collected, were stuck down in an album. As these stamps come onto the market, they are soaked from the pages, which in turn removes the gum. All reliable dealers sell these stamps as unused stamps without gum and at a price below the mint O.G. copies. Other dealers attempt to apply gum to the back of the stamps and secure a higher price. Close examination of the perforations will show whether the gum was applied before the stamp was perforated or regummed after the stamp was perforated.

Repaired Stamps

Repaired stamps may be distinguished by the same process as determining the watermark in paper. Place the stamp face down upon a black surface and apply a few drops of benzine or carbon tetrachloride. This spots, tears, and repairs can all be seen. Stamps that have been cleaned usually show a dullness to the ink or a roughening of the paper. Ink eradicator used to remove pen cancellations cannot remove the pen scratches on the stamp. For detecting this type of reconditioning, a good magnifying glass is required.

Stamps in blocks or pairs which have become partially separated because of the failure of the gum to expand or contract with the paper often have a stamp hinge placed on the back of the stamps to prevent a complete tear. Reinforced stamps are not a serious offense. In fact, it is not an offense at all but helps to preserve many a block of old stamps that would now be single copies. Reinforcing seldom changes the value of stamps a great deal.

YWCA NOTES

Last Week of Camp

Camp Shining Arrow, the Burlington County Y.W.C.A. Day Camp at New Lisbon, opened for its final week Tuesday. Special nature programs are being held each camp day this week, and a treasure hunt is being planned.

In spite of the rainy weather last week, there was a large attendance at the day camp, with 107 girls registered Tuesday for the peak enrollment of the season. Among last week events were a scavenger hunt, and a hamburger dinner was served at the camp last Wednesday, proceeds of which will be sent to the China relief fund. A hare and hound chase as well as a pageant will be among this week's events. Campers will learn more about China this Thursday, when they will hear a talk by Mrs. William Vaughan, of Mount Holly, who spent many years as a teacher in China.

Miss Grace Whitlock, camp director, and the nineteen girls who have served as counselors at camp this season will be entertained Thursday evening at a supper at the summer home of Mrs. John Buswell, in Lavallette.

QUOIT TEAM TO PLAY RIVERSIDE

The Palmyra quoit team will journey to Riverside this (Thursday) to play a return engagement with the outfit from that community.

As Riverside handed the locals a 7-5 reverse in a match played last week, the Palmyra sharpshooters will be out to even up the count.

The following members of the local team are expected to compete this evening: Harry Karn, Ed Griscom, El Hubbs, Ed Kessler, Harry Holt, Tom Fowler, I. Rothbaum, Herbert Bracey and Harry Fley.

The Palmyra team would like to arrange a match with any organization from Riverton. Those interested are requested to call Thomas Schwink, phone 191.

GAMES SCHEDULED FOR LOCAL TEAM

Riverton will oppose the fast Media team on Saturday afternoon of this week, at Memorial Park, the affair being slated to get under way at 3.15.

On Saturday afternoon of next week, the crack Westmont outfit will furnish the competition.

Business manager Thomas Cahill has also announced that a top notch opponent has also been booked for the Wednesday evening tilt.

Health Question: How can a mother prevent her baby from getting rickets?

Doc Says:

Having the baby's diet prescribed and supervised by the family physician is the most effective method a mother can take to keep her child from getting rickets.

Lack of direct sunlight and lack of Vitamin D contribute to the development of rickets. Care should be taken to enable the child to get enough sunshine and a sufficiency of Vitamin D in its diet.

Vitamin D is present in cod liver oil, coconut oil, butter fat and egg yolk. Of course, not all children require the same amount and the family physician is most qualified to prescribe a diet which will fulfill the child's needs.

Rickets should be treated and remedied early in the life of the child. The material contained in this feature is prepared by The Medical Society of New Jersey, an organization of physicians of the state.

Grover Cleveland vetoed more bills than any other President during his two terms.

YMCA BRIEFS

Home Vacation Camp

Splashing their way through four consecutive mornings of rain last week, dampened clothing failed to dampen the spirits of the boys attending the YMCA Home Vacation Camp at the Palmyra-Riverton building, in fact, it seemed to be a boomerang for the boys, judging by the spirit and enthusiasm they displayed.

Craft work occupied the limelight along with those swims at the Moorestown pool. Twelve model airplanes are taking shape and will be ready for the air at the end of this week. The smaller boys of the camp have been making cork covered match boxes with designs burned into the cork with wood burning outfit. Cliff Loane, leader of the Lincoln Gra-Y group of Palmyra-Riverton, gave a demonstration in the art of making face masks and also other articles in relief by the use of plaster of paris. It was very interesting and the boys made up lists of objects that they are planning to make in the next few weeks, such as foot casts, leaves, statuettes, and the like.

Swimming

Swims as always prove popular with the boys. There are seven boys learning to swim, eight practicing Junior Life Saving and receiving diving instruction, while the rest of the group are enjoying the swim periods improving their swimming ways.

This week the boys are branching out into more difficult crafts. The larger boys are working on hammered brass, making designs of Indian heads, ships, buffaloes and lettering; the middle group is making burned wood plaques and plaster casts, while the little fellows are making candy dishes and ash trays from serpentine paper.

During the past week the enrollment increased from 20 to 29 boys, all active and "rarin' to go."

Softball

The softball league finds Captain "Arty" Hoyt's team ahead in the league as a result of a surprise victory over Roy Hardy's bat wielders. As a result of this victory, the Red division leads at the present time for team honors, but the Blue division is coming back strong in the ping pong tournament and expect to be up on even terms by the end of this week.

Special events for this week and next week include a yacht ride on the river and a trip to Wilmington, Delaware, by boat, a swim at the Wilmington YMCA pool, arranged before the boat returns. This will also be Parents' Day and mothers and fathers are invited to make this trip with the boys.

Catalonia, when threatened with conquest in 1640 by the nationalist Philip IV, annexed itself to France.

Lightning kills about 500 persons in the United States annually. The Red Sea is so called because of the red color imparted to the surface water of certain portions of the sea by millions of tiny one-celled plants.

According to seed experts, clover may be held twenty years; soy beans, two years; oats, three years; and corn and wheat, ten years each without losing power of germination.

Some of the prehistoric Indian houses in Petrified Forest National Monument, Arizona, were built of petrified wood instead of ordinary stone. One of these is known as Agate House.

It's Human Nature

to do the things that one is not supposed to do. That is why kids get a kick out of swimming in forbidden places.

It may also be the reason why some men turn to burglary for a livelihood and also why they find something valuable to steal. If people kept their valuables in Safety Deposit Boxes, burglary would soon cease to be a lucrative occupation.

However, it pays sometimes to be the exception . . . so why not arrange for a Safety Deposit Box today?

THE NEW ERA and COUNTY POLITICS

With a vigorous Primary Election looming on the political horizon in Burlington County, The New Era takes this means of re-stating its political policy for the information of its many subscribers.

The New Era is a Republican newspaper devoted to the best interests of its party.

The New Era is, and will remain independent of subsidy and collusion with any factional individual or group within the party.

The New Era feels that the best way it can aid in promoting good government is to **STICK TO THE BUSINESS OF PRESENTING THE POLITICAL NEWS OF COUNTY GOVERNMENT, FREE FROM PREJUDICE OR BIAS, AND LET THE CHIPS FALL WHERE THEY MAY.**

This has been termed by some few ardent **FACTIONAL FIGHTERS** as a week-kneed policy. Other **FACTIONAL** interests refuse to accept this statement of policy as sincere. However, our accusers have, in every case, had an axe to grind in the hope of some personal gain at our expense or the expense of our subscribers.

We make the following statements without fear of contradiction. The New Era is **NOT** the

recipient of large printing orders for County, State or political groups. The New Era has no financial obligation to any political office holder or individual interested in politics, direct or indirect. The New Era has no ambition to assume dictatorial press powers, force its opinions in the selection of candidates, or practice mild blackmail via the poisonous editorial pen route.

The New Era believes that the business of government should rest with the people, and that it is the obligation of newspapers to report truthfully the work of their representatives in office.

This is not a "weak-kneed" policy. It is a **STRONG POLICY** actuated by a sincere desire to bring **TRUTH** in politics to our subscribers, at undoubtedly some loss of lucrative business for ourselves in the form of political patronage.

General appreciation of this policy is evidenced by the number of **NEW** subscribers who **PAY** to read the truth about politics in the face of free distribution newspapers.

So long as our citizen subscribers **PAY** to read the truth, The New Era will to the best of its ability continue to give them the truth by personal representation at the public meetings.

Scenes of Road, Bridge Damaged After Rain Storm in Burlington County
Damage done to Burlington county roads and bridges by last week's heavy rainfall is indicated by these scenes. At upper left guard rails, now hanging in mid air, are all that remain of a bridge on the Bordentown-Crosswicks road. A tall locust tree, uprooted by the washout, is shown dangling over the road. Upper right, county workmen are laying a new sewer pipe along the Bordentown-Georgetown road. Road posts left dangling by the washout can be seen. Lower left, Walter D. Lamon, director of the board of freeholders, and Freeholder Leroy Church, director of bridges, standing on the edge of the Hiding Sun-Georgetown road, are looking down at a damaged drain pipe where the section of the road was washed away. Lower right, Lamon, Church and County Solicitor Christopher Feditto are inspecting what remains of a bridge which was swept into a field 200 feet from its foundations on the Columbus-Hedding road.

Legal Notices
TREASURY DEPARTMENT, Procurement Division, Public Buildings Branch, Washington, D. C., July 8, 1938.—Proposals are hereby solicited for a site for a Federal Building at Riverton, New Jersey, to be opened publicly in the Office of the Postmaster at Riverton, New Jersey, at 9 o'clock a. m. on August 1, 1938, for the sale of the donation to the United States of a lot conveniently located. Approximate dimensions—Corner lots 110 foot frontage 170 foot depth. Sites having different street frontage dimensions will be considered provided the area is approximately the same. In all cases where possible bids should be submitted by actual owners of properties and not by agents. Documentary evidence of authority must be attached to proposals submitted by agents. Upon application, the Postmaster will supply prospective bidders with proposal blanks and a circular giving particulars as to requirements and instructions for preparation of bids and data to accompany same. C. A. Peoples, Director of Procurement. 7-21-38

AN ORDINANCE OF THE BOROUGH OF BURLINGTON PROVIDING FOR THE PURCHASE OF FIRE APPARATUS, MAKING AN APPROPRIATION THEREFOR, AND AUTHORIZING THE ISSUING OF BONDS OF THE SAID BOROUGH TO OBTAIN PART OF THE NECESSARY FUNDS. BE IT ORDAINED BY THE BOROUGH COUNCIL OF THE BOROUGH OF BURLINGTON, in the County of Burlington, in the State of New Jersey:
SECTION 1: That an automotive gasoline-driven fire-truck of the city service type, complete with booster tank, hose, ladders and other proper equipment, hereinafter referred to as the fire apparatus, shall be purchased by the said Borough for use in the extinguishment of fires.
SECTION 2: That for the purpose of paying the costs and expenses, including the cost of the fire apparatus, of the purchase of the fire apparatus, an appropriation of Eight Thousand Dollars (\$8,000), which is the maximum amount of money to be raised for said purpose, be and the same is hereby made.
SECTION 3: That the sum of Two Thousand Dollars (\$2,000), of which \$1,000.00 is available in the 1938 general budget appropriation of the said Borough for the down payment on capital improvements and the \$1,000.00 which is available in the special 1937 general budget appropriation of the said Borough for down payment on capital improvements, be and the same is hereby appropriated, as a down payment, under the provisions of the Local Bond Law of the State of New Jersey, being Title 40, Chapter 1, Section 12 of the Revised Statutes of New Jersey, 1937, to and for the purpose of paying part of the costs and expenses, including the cost of the fire apparatus, of the purchase of the fire apparatus, within the territorial limits of the said Borough; and that the form of the said Bonds and the coupons for interest to be attached thereto, the terms, conditions and manner of the registration and transfer thereof, the designation of a registrar and transfer agent for the said Bonds, and all other matters herein determined in connection with the authorization, issue and sale of the said Bonds and interest coupons is hereby authorized and declared that the resolution or resolutions of the Borough Council of the said Borough adopted pursuant to law.
SECTION 4: That for the purpose of financing and obtaining the remainder of Six Thousand Dollars (\$6,000), of said appropriation of Eight Thousand Dollars (\$8,000), or so much thereof as may be necessary, for the payment of the costs and expenses, including incidental expenses, of the purchase of said fire apparatus, the Fire Apparatus Bonds of the said Borough, State of New Jersey, in the aggregate principal amount of Six Thousand Dollars (\$6,000), and the issue of said Bonds, be and the same are hereby authorized.
SECTION 5: That said Fire Apparatus Bonds shall be in the denomination of Five Hundred Dollars (\$500) each; shall be consecutively numbered from 1 to 12, both included; shall be dated as of the fifteenth day of September, 1938; shall be described and designated on the face of each of the said Bonds as the Fire Apparatus Bond of the said Borough; shall mature and become due and payable, as to the principal thereof, in the consecutive order of the serial numbers of the said Bonds, beginning with Bond number one thereof, in annual installments of \$1,000.00 of the said Bonds on the fifteenth day of September in each of the years 1939, 1940 and 1941 and \$1,500.00 of the said Bonds on the fifteenth day of September in each of the years 1942 and 1943.
SECTION 6: That interest upon the said Bonds, until the principal thereof respectively, shall have matured, shall be due and payable semi-annually on the first day of March and on the fifteenth day of September in each year, and that coupons for such interest shall be attached to the said Bonds respectively, which coupons shall be authorized and declared that the principal of the said Bonds shall be due and payable to the Borough Collector-Treasurer of the said Borough, and shall be numbered to correspond with the number of the Bond to which they are attached, and shall also, as to the coupons attached to each Bond, be consecutively numbered, beginning with the number one, provided, however, that the rate of interest upon the said Bonds shall not exceed six per centum per annum.
SECTION 7: That the principal of the interest upon the said Bonds shall be payable in lawful money of the United States of America, at the Banking-house of Cinnaminson Bank and Trust Company, at Riverton, in the County of Burlington, in the State of New Jersey; that said Bonds shall be the general unconditional legal obligations of the said Borough; that for the punctual payment of the principal of and interest upon the said Bonds the full faith and credit of the said Borough is hereby pledged and that there shall be duly levied and assessed in each year a general ad valorem tax, without limit as to rate or amount, upon all the taxable property within the territorial limits of the said Borough; and that the form of the said Bonds and the coupons for interest to be attached thereto, the principal thereof due and payable in such year.

YACHT CLUB YARNS

BY NUTE AND MIKE

Scheduled Races
Just in case you didn't know it, it rained Wednesday night, so no race for a change. We might even go so far as to say we had a bit of a storm to do with it.

Saturday brought with it a good breeze and no rain (not a spot time anyhow). Wonder of wonders, the regatta committee started the races on time, and the various boats were ready or not. This seemed to catch some of the boys unawares, but we have the starting of all races on time. Tom Coe took the Duster race followed by Bert Shoemaker, Fritz Steiner, in Bill Shoemaker's boat, Alan Ransome, Howard Lippincott, Bob Lippincott, and John Lane. Saturday proved to be a day of numerous wonderful happenings. The first was no rain; the next was that Buck Parsons was in third place only to upset twenty yards from the finish line (tough luck Buck); thirdly, Bob Lippincott didn't win the race.

The Comets also proved to be a mite different this week. E. K. Merrill had some hairy trouble and crossed the starting line almost a minute late. Ralph Swope came through to take this race, with Nick Shebly in second place, E. K. in third, and Jenkins fourth (last to you). Thus endeth the Comet elimination series, won by Mr. Merrill by one point over Ralph Swope. By virtue of his victory, Mr. Merrill will represent Riverton at the National Comet Regatta in September. Good luck "Old Man" Merrill.

Wissinoming Regatta

Sunday, the wissinoming Y. C. threw a regatta. Honors in the star class went to Stan Lippincott. E. K. Merrill regained his touch and took the Comet race after Ralph Swope had led for two laps. Phil Somerville was second, followed by Swope and Shebly. It seems the Dusters caught up to the Comets and gave them some trouble. Bob Lippincott and Tom Coe staged a nip and tuck battle for first place in the Duster race, Bob finally winning. Tom second, Howard Lippincott third.

Next came the free-for-all, and again Merrill proved to be the fly in the ointment for the other boats who had to look at his stern all the way around. R. Swope annexed second prize, George Rhauen, of Beverly, third, and Phil Somerville fourth. This concluded the sailing for the day, with E. K. stealing the show again. How does he do it? Sometimes we wonder. Dinner was served at five o'clock, and everybody gathered around to eat and explain why he hadn't won the race. So much for a rain soaked week.

Chestertown

If you wonder why there are so many boats being tuned up right now, stop wondering. This Friday and Saturday the annual Chestertown regatta will be in full swing. We hope and expect to see quite a few R. Y. C. boats down there. We always did say the faster the fewer.

Events of the Week

Gurgle of the Week—"Sir Dunk" Knights, "Maygo," just as she went under. Man the pumps Johnny. Sale of the Week—Alan Ransome bought Rub (Horizontal King '37) Gladneys' boat. Can it be that Rub was afraid of winning the trophy again this year and sold out before he had the chance?

Remark of the Week for Landlubbers—A cleat is something fastened to the deck of a boat that a sailor can tie a rope to, but if you try it, it either slips off or you have a knot nobody can untie.

The Riverton highway department has finished laying the new paving on Eighth street, between Thomas and Main.

The United States contains more fossilized remains of dinosaurs than any other country in the world. Bolivia, Argentina and Mongolia also have large bone deposits.

DONKEY BASEBALL NEXT WEDNESDAY

The donkey baseball game, which was postponed recently on account of rain, has been scheduled for Wednesday evening, August 3, at 7 o'clock, on high school field, Palmyra.

At this time, the borough officials will vie with a team composed of members of the Palmyra Fire Company and a riot of laughs is assured. Will be officials be able to stand the gaff or will the smoke eaters be the first to fall? Come out and see next Wednesday night.

PALMYRA

Mr. and Mrs. G. Ellsworth Hall and family, of Leconey avenue, are at their camp near Swiftwater, in the Poconos.

Miss Dorothy Shaner, of 802 Lincoln avenue, is spending two weeks at Seaside Park.

Clarence Hubbs, Jr., of Leconey Circle, Palmyra, is on the annual cruise of the Naval Reserve, aboard the battleship Arkansas, bound for Maine.

Mrs. George Pancoast, of Fourth street and Horace avenue, is visiting her sister, Mrs. LeRoy Reeves, of Easton, Pa.

Miss Margaret Mount, of Leconey avenue, and Miss Eleanor Gamble, of Vine street, will represent the Young Peoples Epworth League at Pennington Institute next week.

Mr. and Mrs. Howard B. Conover and family, of Washington avenue, are spending their vacation touring in New England.

The winners in the Sacred Heart Miscellaneous Club last week were Mrs. Lawrence Doppler, of Highland avenue and Mrs. Anderson, of East Riverton.

Fourteen members of the Ladies' Auxiliary of the Parry Fire Company attended the third annual summer outing of that organization last Thursday, at Atlantic City. Although the weather was very bad in this vicinity, the group spent a most enjoyable day at the shore resort, where the sun shone throughout the entire day.

Carl McAllister, of Broad street, returned last Friday after spending several days at Avalon.

Adolph Strohlein, of Washington avenue, returned last Thursday from a two weeks vacation at Wildwood. His family is spending the summer at the resort.

The winner of the O.E.S. Miscellaneous Club for this week is Miss Mary E. Patterson, of Morgan avenue.

Mr. and Mrs. Clarence Hubbs and family, have returned home after spending a week at Beach Arlington, visiting Mr. and Mrs. Warren T. Smith.

Miss Estelle Billard, a nurse at the Presbyterian Hospital, spent several days recently with her mother, Mrs. Clayton Billard, of 315 Horace avenue.

Miss Ruth E. Brown, of Leconey avenue, was the guest of honor at a surprise miscellaneous shower given by Miss Mildred Goodwin, on Tuesday evening at the home of Miss Brown, whose marriage to Franklin Class, of Philadelphia, will take place on August 6.

COMING EVENTS

Thursday, July 28, and remainder of week. American Legion carnival, 8-41 and River road.

Sunday, July 31. Union services, the Grove, Palmyra. Rev. Albert J. Harke will deliver the message.

Saturday, July 30. Baseball, Memorial Park, Riverton, 3.15 o'clock.

Wednesday, August 3. Donkey Baseball, High School field, Palmyra, 7.00 p.m.

Saturday, August 6. Carnival, auspices of Sacred Heart Parish, K. of C. home, Broad street and Elm avenue, Riverton.

RIVERTON

Miss Janet Smalley, daughter of Mr. and Mrs. E. D. Smalley, of 106 Midway, won first prize in the beginners class in the horse show at Camp Matollionequay, last Thursday.

Miss Cornelia Murray, of Lippincott avenue, is spending the summer in England.

Mr. and Mrs. Charles Broadley and daughter, of New York city, have moved into the property at 203 Seventh street, Riverton.

Dr. and Mrs. Howard Stackhouse and children, Harry and Muriel, of Houston, Texas, are visiting Mrs. Stackhouse's father, Harry Moyer, of Fulton street.

Mr. and Mrs. Morris H. DeCoursey and family, of Lippincott avenue, returned this week from a two weeks' vacation at Brant Beach.

Mr. and Mrs. J. J. Siddall and son, Dr. John R. Siddall, of Lippincott avenue, are spending a short vacation in Canada.

Miss Charlotte Rogers, of Ocean Grove, is visiting Mr. and Mrs. A. B. Garwood, of Linden avenue, this week.

Miss Myrtle Magee, Thalberg King and Edmund Turnock, Jr., all of Riverton, will represent the Young Peoples Epworth League at Pennington Institute next week.

Donald Garwood, of Linden avenue, is spending a vacation with relative at Crosswicks.

Mr. and Mrs. John Alfree, of Germantown, and Mrs. Eva Horton, of New York City, were weekend guests of Mr. and Mrs. J. Shockcor, of Linden avenue.

Mr. and Mrs. Charles Geelan, of Midway, spent Saturday at Brant Beach, where they visited Mr. and Mrs. W. T. Blyler and family who are spending a vacation there.

Buddy De Lancey, of Thomas avenue, and Robert May, of Maple avenue, Palmyra, spent Wednesday in New York City visiting places of interest. In the evening they were guests of Kay Kyser at his broadcast at the N.B.C. Studios.

Mrs. Samuel Cole, of 414 Thomas avenue, has returned home after spending a week with her son, Frank Cole, of Wildwood.

The University of Paris has more than 35,000 students.
