AS THE SPONSOR OR HOST OF A SEMINAR, PARTNERSHIP IS KEY FOR A SUCCESSFUL EVENT.

Below are a few areas we can work together to ensure your seminar is successful:

- We are able to provide a mutually branded flier to promote event. Please provide a company logo.
- Marketing of the event, including sharing on social media. For publicly promoted events, we will also include the event on our website events calendar.
- Offering a private room to minimize any noise or distractions, providing AV equipment (screen & projector) when accessible.

Virtual programming:

- Engagement is key. We can highlight your services further by offering three polls to launch throughout the seminar.
- We welcome you to appear on camera throughout the event to promote your business, answer questions, and assist with recognition.
