KÄRCHER

makes a difference

A close-up, angled view of a yellow curved surface, likely a Kärcher product. The word "KÄRCHER" is printed in bold, black, sans-serif capital letters, underlined with a thick black bar. The surface has a slight gradient and a soft shadow at the bottom edge.

KÄRCHER

PROGRAMME

Home & Garden

FOCUS ON THE CUSTOMER.

It has always been our goal to constantly improve our products – ensuring our customers find even more pleasure in cleaning. We can only achieve this if we know and understand the needs of our customers.

Discover the difference. With Kärcher.

KÄRCHER A LEADER IN INNOVATION.

The company has more than 1,400 patents and registered designs since the company's inception. Nine hundred employees from R & D are involved in the innovation process. 90% of the current Kärcher range of devices have been developed within the last 5 years. A clear sign of the dedication to innovation the company cultivates.

N-COR IS - NOT PLASTIC!

Kärcher continues to set new standards in technologies which are based on optimal customer benefit. A prime example is the materials used in our high pressure pumps. Kärcher used the material N-Cor in the pressure washer classes K 2 to K 4. It is a fiberglass reinforced polyamide, which is used in space and aircraft engineering. The advantages of N-Cor are many to name a few: Extra-light high-tech material, only 1/7 of the weight of brass. Corrosion-free for long life and boasts a high resistance to fatigue including being 100% resistant to detergents and oil.

INNOVATIVE PUMP MATERIALS.

Kärcher uses only optimal pump material in all pressure washer classes. Key criteria is unit size, capabilities, handling, durability and a balanced price equal to performance ratio. The high pressure pump at the heart of each unit is perfectly matched to the respective requirements. Kärcher K 5 high pressure cleaner contains aluminum exclusively of very high quality and a very low copper content. The Kärcher Alubest pump is produced with modern manufacturing methods. In the K 7 High pressure cleaners sturdy brass is the pump material used. This copper alloy is extremely resistant to fatigue and ensures a long service life.

PROVEN RESULTS!

1

**GERMAN ENGINEERING
GERMAN TECHNOLOGY**

100%
Quality tested

1 Quality products - made in Germany

As the inventor of high-pressure cleaning, Kärcher has unique specialist knowledge, the breadth and depth of which is unrivalled in the marketplace. For over 60 years, Kärcher has been perfecting the art of high-pressure cleaning and is constantly in the spotlight on account of its outstanding innovations. As the global market leader we offer the most reliable pressure washers on the market. We manufacture all of our machines in our own factories to the highest production standards. Before the products leave the factories, they are fully tested for their functionality and performance. That is why we can always guarantee to our customers that they are purchasing perfect products, which speak for themselves in terms of their performance capabilities and long service life.

2 Outstanding cleaning performance

Compared with the competition, Kärcher pressure washers are distinguished by a greater cleaning performance and efficiency. In short: Cleaning is much faster, saving up to 50 per cent time and therefore 50 per cent energy and water, as confirmed by regular tests carried out by Kärcher. The Kärcher test design was scientifically supported by the Fraunhofer IPA institute.

3

**SUPERIOR
PERFORMANCE**

WATER-COOLED MOTOR

3 Advanced motor technology

Classes K 4-K 7 of the Kärcher range, as well as the new K 3 Premium are equipped with innovative water-cooled motor technology and set new standards. Instead of a cooling fan, water is used to cool the motor. Before the water is used for cleaning, it flows around the motor casing, providing constant cooling. The benefits: a high level of power and durability.

4 Versatility is the name of the game

Kärcher offers the largest range of accessories and cleaning agents on the market, and therefore opens up unlimited application possibilities for high-pressure cleaning. Kärcher has the right solution for almost any cleaning challenge. The perfect example: Kärcher's new surface cleaners, which cut cleaning times for horizontal and vertical surfaces in half - and without annoying water spray.

5 Customer orientation

In order to understand our customers' needs, we regularly carry out large-scale customer surveys. The findings we gain from this are then systematically used to develop new products. We also work towards the constant improvement of our devices. The result is innovative power: 90 percent of all Kärcher products on the market are less than 5 years old. In addition, Kärcher is a system provider - pressure washers of different performance classes, a diverse range of detergents and appropriate accessories offer the ideal package for every task. And thanks to our large range of replacement parts, customers can enjoy their devices for a long time.

K 7

Powerful

The K 7 Range is equipped with water-cooled motor and has been designed for frequent use and to remove stubborn dirt, from pathways, in swimming pools, on bicycles or vehicles.

1 Simple transport

The large wheels ensure easy manoeuvrability, even on difficult terrain.

2 Outstanding performance

A Plug 'n' Clean feature provides effortless cleaning agent replacement with just one simple action. The detergent regulator allows detergent adjustment as per the demand requirement.

K 7

Quick Connect: The high-pressure hose is easy to manoeuvre, clicking quickly in and out of the device and gun.
Highly efficient water-cooled motor.

Technical data

Max. pressure	bar / MPa	20-160
Max. flow rate	l/h	600
Area performance approx.	m ² /h	60
Connected load	W	3000
Max. water inlet temperature	°C	60
Weight without accessories	kg	18.9
Dimensions (L × W × H)	mm	402 × 461 × 968

Equipment

High-pressure hose	m	10 / Rubber
High-pressure guns		Standard Quick Connect
Telescopic handle		-
Detergent application via		Plug 'n Clean
Water suction		
Vario Power Jet		
Dirt blaster		
Order no.		1.168-502.0

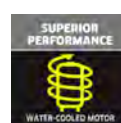

Included in the scope of supply.

K 5 PREMIUM

Always on hand

Ideal for occasional use and removal of moderate dirt. Quickly and effortlessly cleans large vehicles, stone walls and bicycles. Equipment includes a spray gun with Quick Connect adaptor, 8 m high-pressure hose, Vario Power spray lance, Dirt blaster to remove stubborn dirt, water filter and Kärcher detergents in the practical Plug 'n' Clean bottle.

1 Simple transport

The accessories can be stored directly on the machine and therefore are always within easy reach.

2 Hooked on tidiness

Generous cable hook for the tidy storage of the cable directly on the machine.

K 5 Premium

Quick Connect: The high-pressure hose is easy to manoeuvre, clicking quickly in and out of the device and gun.
Highly efficient water-cooled motor.

Technical data		
Max. pressure	bar / MPa	20-145
Max. flow rate	l/h	500
Area performance approx.	m ² /h	40
Connected load	W	2100
Max. water inlet temperature	°C	40
Weight without accessories	kg	14.5
Dimensions (L x W x H)	mm	349 x 426 x 878
Equipment		
High-pressure hose	m	8
High-pressure guns		Standard Quick Connect
Telescopic handle		-
Detergent application via		Plug 'n Play
Water suction		
Vario Power Jet		
Dirt blaster		
Order no.		1.181-313.0

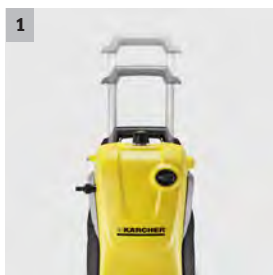

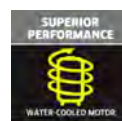

Included in the scope of supply.

K 5 COMPACT

Small and powerful

The compact K 5 is ideal for regular use against medium dirt. Space-saving, easy to store and easy to transport. Area performance approx. 40 m²/h.

1 Simple transport

The high-quality aluminium telescopic handle can be adjusted to a convenient height for transporting, and easily retracted again for storage.

The small, robust devices in the Compact range have two carrying handles and can easily be taken with you, wherever you go.

2 Compact storage

The powerful K5 model from the compact range can easily be stored on standard household shelves.

K 5 Compact

Quick Connect: The high-pressure hose is easy to manoeuvre, clicking quickly in and out of the device and gun.

Equipment includes an integrated suction mechanism for detergents.

Technical data		
Max. pressure	bar / MPa	20-145
Max. flow rate	l/h	500
Area performance approx.	m ² /h	40
Connected load	W	2100
Max. water inlet temperature	°C	40
Weight without accessories	kg	11.5
Dimensions (L × W × H)	mm	516 × 295 × 282
Equipment		
High-pressure hose	m	8
High-pressure guns		Standard Quick Connect
Telescopic handle		
Detergent application via		Suction
Water suction		
Vario Power Jet		
Dirt blaster		
Order no.		1.630-720.0

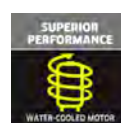

Included in the scope of supply.

K 4 CLASSIC

Durable

The machines with Quick Connect spray gun and 6 m high-pressure hose are designed for occasional use and moderate dirt. Ideal for cleaning vehicles, garden fences, bicycles, etc. thanks to the Vario Power spray lance and Dirt blaster. Also included in the scope of supply: a Kärcher detergent in the practical Plug 'n' Clean bottle.

1 Quick and easy

The high-pressure hose is easy to manoeuvre, clicking quickly in and out of the device and gun. This saves time and effort.

2 Outstanding performance

The detergent regulator allows detergent adjustment as per the demand requirement.

K 4 Classic

Highly efficient water-cooled motor
Quick connect
Plug 'n' Clean

Technical data		
Max. pressure	bar / MPa	20-130
Max. flow rate	l/h	420
Area performance approx.	m ² /h	30
Connection load	W	1800
Max. water inlet temperature	°C	40
Weight without accessories	kg	13.1
Dimensions (L x W x H)	mm	344 x 396 x 875
Equipment		
High-pressure hose	m	6
High-pressure gun		Standard Quick Connect
Telescopic handle		-
Detergent application via		Plug 'n Clean
Vario Power Jet		
Dirt blaster		
Order no.		1.180-250.0

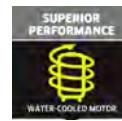

Included in the scope of supply.

K 3 PREMIUM

Mobile and versatile in its use

The K 3 with water-cooled motor is ideal for occasional use against light dirt. Thanks to the pull handle and wheels, it can be manoeuvred perfectly and is therefore versatile in its use. Area performance approx. 25 m²/h.

1 Space versatile

The telescopic handle assists with storage of unit in small places.

2 Clean tank solution

The practical detergent tank simplifies the application of detergents.

K 3 Premium

Small and robust thanks to telescopic handle
Accessories within easy reach thanks to practical accessory storage
Cable hook

Technical data		
Max. pressure	bar / MPa	20-120
Max. flow rate	l/h	380
Area performance approx.	m ² /h	25
Connection load	W	1600
Max. water inlet temperature	°C	40
Weight without accessories	kg	9.6
Dimensions (L x W x H)	mm	285 x 331 x 563
Equipment		
High-pressure hose	m	6
High-pressure gun		Standard Quick Connect
Telescopic handle		
Detergent application via		Tank
Vario Power Jet		
Dirt blaster		
Order no.		1.603-180.0

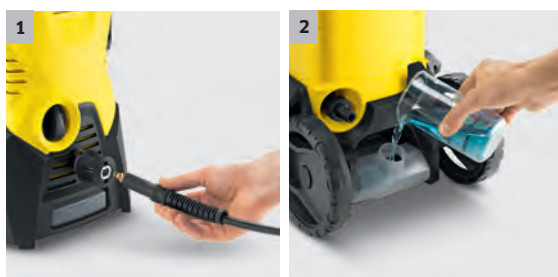

Included in the scope of supply.

K 3

Mobile and versatile in its use

The K 3 is ideal for occasional use against light dirt. Thanks to the pull handle and wheels, it can be manoeuvred perfectly and is therefore versatile in its use. Area performance approx. 25 m²/h.

1 Quick Connect

The high-pressure hose is easy to manoeuvre, clicking quickly in and out of the device and gun. This saves time and effort.

2 Clean tank solution

The practical detergent tank simplifies the application of detergents.

K 3

Tidy storage: the hose hook on the handle and cable hook on the side ensure optimum tidiness
Spray lance storage
Detergent tank

Technical data

Max. pressure	bar / MPa	20-120
Max. flow rate	l/h	380
Area performance approx.	m ² /h	25
Connection load	W	1600
Max. water inlet temperature	°C	40
Weight without accessories	kg	6.54
Dimensions (L x W x H)	mm	275 x 279 x 803

Equipment

High-pressure hose	m	6
High-pressure gun		Standard Quick Connect
Detergent application via		Tank
Vario Power Jet		
Dirt blaster		
Order no.		1.601-812.0

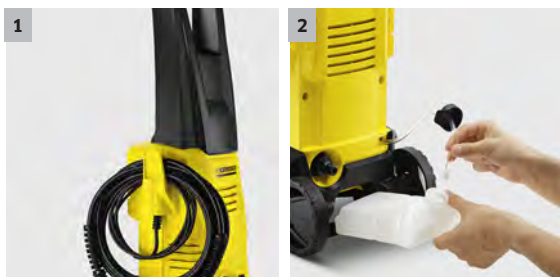

Included in the scope of supply.

K 2.360

Mobile and versatile in its use

The K2.360 features two smooth-running wheels, a spray gun and 5 m high-pressure hose. Dirt blaster with rotating point jet for even more power and a water filter which protects the pump against the ingress of dirt particles. The K 2 Range is intended for occasional use and removal of light dirt around the home, including dirt on bicycles, garden tools or garden furniture. Can also be used for vehicles using the appropriate kit.

1 Tidy storage on the hook

Generous hook for tidy storage of the hose and cable directly on the device.

2 Clean tank solution

The practical detergent tank simplifies the application of detergents.

K 2.360

Optimal mobility thanks to wheels
and ergonomic handle height
Spray lance storage
Detergent tank

Technical data

Max. pressure	bar / MPa	20-120
Max. flow rate	l/h	360
Area performance approx.	m ² /h	20
Connection load	W	1400
Max. water inlet temperature	°C	40
Weight without accessories	kg	5.8
Dimensions (L × W × H)	mm	328 × 258 × 681

Equipment

High-pressure hose	m	5
High-pressure gun		
Detergent application via		Tank
Vario Power Jet		
Dirt blaster		
Order no.		1.601-689.0

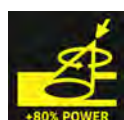

Included in the scope of supply.

K 2 COMPACT

Entry level cleaning

The K 2 compact is suitable for occasional use against light dirt. Extreme space-saving thanks to the carrying handle. It can be manoeuvred perfectly due to the light weight. Area performance approx. 20 m²/h.

1 Tidy storage on the hook

Generous hook for tidy storage of the hose and cable directly on the device.

2 Full cleaning power

All Kärcher pressure washer equipment includes an integrated suction mechanism for detergents.

K 2 Compact

Sits comfortably in the hand:
ergonomic carrying handle
Spray lance storage

Technical data

Max. pressure	bar / MPa	20-110
Max. flow rate	l/h	360
Area performance approx.	m ² /h	20
Connection load	W	1400
Max. water inlet temperature	°C	40
Weight without accessories	kg	4.8
Dimensions (L × W × H)	mm	280 × 242 × 783

Equipment

High-pressure hose	m	4
High-pressure gun		Standard Quick Connect
Detergent application via		Suction
Vario Power Jet spray lance		
Dirt blaster		
Order no.		1.673-140.0

Included in the scope of supply.

K 1.100

Entry level cleaning

The K 1.100 is impressive thanks to the flexibility, mobility and space-saving dimensions. The machine is a reliable support in the battle against smaller messes in the house and garden. Compact, lightweight and simply great.

1 Ready to use

Simply connect the machine to a tap and power socket and you are ready to start cleaning.

2 Full cleaning power

An integrated suction mechanism for detergents.

K 1.100

Sits comfortably in the hand:
ergonomic carrying handle
Spray lance storage

Technical data

VERSATILITY IS THE NAME OF THE GAME

Kärcher offers the largest range of accessories and cleaning agents on the market, therefore opening up unlimited application possibilities for high-pressure cleaning. Kärcher has the right solution for almost any cleaning challenge.

Product		Order no.	Description
Wash brush "Basic Line"	1	2.642-783.0	Ideal for cleaning all surfaces. Classic applications include garden furniture, glass surfaces, cars, motorcycles, bicycles, roller shutters, blinds, conservatories, caravans or garden toys.
Rotating Wash Brush "Basic Line"	2	2.642-786.0	The rotating wash brush is for smooth surfaces, e.g. paint, glass or plastic with optimal cleaning results.
Patio & Wall Cleaner K2 - 7 Series "Basic Line"	3	2.642-782.0	Two rotating flat jet nozzles making it an ideal cleaning solution for stone surfaces, e.g. balconies, patios, driveways or paths without splash back. An additional handle for vertical surfaces, garage doors, facades or walls.
Extension Hose 6m	4	2.641-709.0	Textile braiding reinforced and non-kinking extension hose with brass connector which simply connects between the high-pressure cleaner and high-pressure hose. The hose can withstand pressures up to 160 bar and temperatures up to 60°C and is also suitable for cleaning agent use.
Extension Hose screw 7,5m "Basic Line"	5	2.642-789.0	Textile braiding reinforced and non-kinking extension hose with brass connector which simply connects between the high-pressure cleaner and high-pressure hose. The hose can withstand pressures up to 160 bar and temperatures up to 60°C and is also suitable for cleaning agent use.
10m Extension Hose Quick Connect	6	2.641-710.0	Connects between gun with Quick Connect connector and high-pressure hose. Robust DN 8 quality textile braiding reinforced, non-kinking hose with brass connector for durability. Can withstand pressures of up to 160 bar and temperatures up to 60 °C. Also suitable for chemical use.
10m Extension Hose Screw on system	7	6.389-092.0	Simply connect between pressure washer and hose for easier working. Robust DN 8 quality textile braiding reinforced, non-kinking hose with brass connector for durability Extension hose for up to 160 bar pressure and temperatures up to 60 °C. Also suitable for chemical use.
9m hose for K3 - 7 Series, 2009 & later	8	2.641-721.0	Relevant for post 2009 manufactured machines or on which the hose is attached to the spray gun and device with a Quick Connect quick coupling. The replacement hose withstands a pressure of up to 160 bar and is suitable for temperatures up to 60°C.
Pipe cleaning Kit 7,5m "Basic Line"	9	2.642-790.0	Quickly clears blockages in pipes, drains, downpipes and toilets. Four backward firing jets move the hose smoothly through the pipe to effectively clear blockages. The extra short brass nozzle ensures easy movement in the pipe. Kink protection and brass connector ensure durability.
Pipe Cleaning Kit 15m K2-7 Series	10	2.637-767.0	For clearing blockages in pipes, drains, downpipes and toilets. Four backward firing jets move the hose smoothly through the pipe to effectively clear the blockage. Continuous marking ring show progress in the pipe. 15 m flexible quality textile braided hose with extra short brass nozzle for easy movement in the pipe. With anti-kink sleeve and brass connector for durability.
Accessory set QC "Basic Line"	11	2.642-792.0	The QC accessory kit easily converts all high-pressure washers from 1992 for retrofitting the practical Quick Connect connector. This enables the high-pressure hose to be connected more quickly and easily to the high-pressure washer and gun - and disconnected just as quickly and easily. Not suitable for hose reels.
Chassis Cleaner	12	2.642-561.0	Adjustable high-pressure module, the Kärcher chassis cleaner is ideal for ground clearances between 11 and 39 cm, which covers almost all common vehicle types. The chassis cleaner connects to the high-pressure gun in just a few steps and can be relied on to remove dirt, mud, sludge and sand.
Roof Gutter Cleaner	13	2.642-240.0	The clever 2-in-1 solution for cleaning gutters and blocked pipes or outflows. It works all by itself - with high pressure. It moves independently on a sled through the gutters, without the user having to stand permanently beside it on a ladder. Fitted with two different nozzles: one pipe cleaning nozzle with four rear-facing high-pressure jets and one gutter cleaning nozzle for mounting the hose to the sled. The user can quickly and easily switch between the applications at any time. A 20 m long hose. non-kinking with brass connector ensures durability.
Wheel Washing Brush	14	2.643-234.0	Wheel wash brush with all-round bristles ensures extremely effective and gentle cleaning. Brush reaches difficult to reach areas and gets into the smallest gaps for thoroughly cleaning of wheels or spokes. Uniform 360° water distribution for dissolving and flushing away dirt. Includes union nut for secure spray gun connection and ergonomic handle for ease of use. In brief: The ideal solution for shiny clean wheels and spokes.
Delta Racer	15	2.641-812.0	Delta Racer D 150 ideal for cleaning sensitive surfaces, e.g. cars, motorcycles, glass, conservatories, garage doors, roller shutters, blinds, garden furniture, bicycles, etc., without splash back. Two rotating flat jet nozzles combines high power with gentle cleaning action. The new surface and patio cleaner with soft wash brush combines a high-pressure jet and manual brush pressure for efficient cleaning results. Saves energy and water and up to 30% time.
Trigger Gun K2-7 Series not Quick Connect	16	2.641-959.0	Gun changing made easy. Suitable for all pressure washers where the hose is secured to the gun with clip or clamp.
Trigger Gun K2-7 Series Quick Connect	17	2.642-172.0	The premium trigger gun fitted with Quick Connect and soft grip inserts guarantees a high level of comfort for cleaning.
Powerscrubber	18	2.642-245.0	Three integrated high-pressure nozzles and squeegee is more powerful than a standard manual scrubber. Powerful scrubber quickly and easily removes stubborn dirt from surfaces with high pressure. Ideal for cleaning stairs, patios, facades, garages, balconies, walls, paths, driveway, stairs and edges.
Vario Power Spray Lance K2 Series	19	2.643-241.0	Vario-Power spray lance: spray lance with infinitely variable pressure control from low-pressure detergent jet to high-pressure jet. Ideal for cleaning small areas around the home and garden. Suitable for walls, paths, fences or cars.
Vario Power Spray Lance K3-4 Series	20	2.643-235.0	Vario-Power spray lance: spray lance with infinitely variable pressure control from low-pressure detergent jet to high-pressure jet. Ideal for cleaning small areas around the home and garden. Suitable for walls, paths, fences or cars.
Vario Power Spray Lance K5-7 Series	21	2.643-242.0	Vario-Power spray lance: spray lance with infinitely variable pressure control from low-pressure detergent jet to high-pressure jet. Ideal for cleaning small areas around the home and garden. Suitable for walls, paths, fences or cars.
Dirtblaster K5-7 Series	22	2.643-243.0	Dirt blaster with powerful rotor nozzle ideal for removing stubborn dirt. Rotating pencil jet effortlessly removes atmospheric dirt and helps to quickly restore moss or weathered surfaces. Dirt blaster for large area coverage.
Dirtblaster K2-4 Series	23	2.643-244.0	Dirt blaster with powerful rotor nozzle ideal for removing stubborn dirt. Rotating pencil jet effortlessly removes atmospheric dirt and helps to quickly restore moss or weathered surfaces. Dirt blaster for large area coverage.
Water Filter	24	2.642-794.0	The water filter protects the high-pressure pump against dirt particles from contaminated water. Using a water filter extends the life of the high-pressure cleaner.

Applicable for machine.

ACHIEVE A HIGH-GLOSS FINISH MORE QUICKLY: WITH KÄRCHER CLEANING AND CARE AGENTS

Cars and motorcycles shine with cleanliness, Kärcher offers a wide range of cleaning solutions for this diverse application area. Detergents exactly calibrated to the device remove even stubborn dirt in combination with the right accessories, saving time, water and energy in the process. Regular cleaning with our special detergents gives a new lustre and contributes to the longevity of the various materials.

Ultra Foam Cleaner - for unlimited foam.

The rim cleaner cleverly changes colour to let you know when the contact time is up.

3-in-1: active dirt remover for maximum grease-cutting power, quick dry formula and ultra-shine formula.

	Product description	Application / dosing	Packaging size
	<p>Ultra Foam Cleaner 1 litre</p> <p>With extra foam booster for an even deeper clean. Thanks to the new active dirt remover, it effortlessly and quickly removes oily and greasy dirt, as well as typical vehicle dirt and road dirt. Phosphate-free and gentle on materials.</p>	<p>With foam jet</p> <p>Fill the foam jet tank with Ultra Foam Cleaner or connect to Connect 'n' Clean, adjust the dosage to min. or max. depending on the level of dirt and dispense. Let it work in for a short while, clean with a brush and then rinse under high pressure. Do not allow to dry.</p>	1 l 6.295-743.0
	<p>FJ 10 C Foam Nozzle</p> <p>The quick-change system for applying detergent allows rapid switching between different detergents with a single click. The detergent Dose can easily be adjusted on the foam nozzle (yellow knob). The jet level can be adjusted as required.</p>	<p>With foam nozzle</p> <p>Connect 'n' Clean, adjust the dosage to min. or max. depending on the level of dirt and dispense. Let it work in for a short while, clean with a brush and then rinse under high pressure. Do not allow to dry.</p>	1 l 2.643-144.0
	<p>3-in-1 Rim Cleaner</p> <p>Gently removes brake dust, winter grit and other road dirt from all types of steel and light metal rims. The clever colour change indicates when the cleaner can be rinsed off. Easy application thanks to effective gel formula.</p>	<p>Manual</p> <p>Spray onto dry, cold rims and let it soak in until the cleaner turns red. Then rinse thoroughly under high pressure. Do not clean hot parts.</p>	500 ml 6.295-760.0
	<p>3-in-1 Insect Remover</p> <p>Gently removes insects from paint surfaces, radiator grilles, external mirrors, panels and plastic</p>	<p>Manual</p> <p>Spray onto dry surfaces, let it soak in for 3-5 minutes, then rinse thoroughly under high pressure.</p>	500 ml 6.295-761.0

THE PERFECT ADDITION: KÄRCHER CLEANING AND CARE AGENTS

Kärcher cleaning agents, are specifically designed for the machines not only to guarantee optimum cleaning results but to save time and water. The additional active dirt remover removes oils and emissions pollutants effortlessly.

Cleaning oily and greasy dirt, for example from garage floors..

All-in-one protective formula to keep surfaces clean for longer and to protect against wind and weather.

	Product description	Application / dosing	Packaging size
	<p>Universal cleaner Cleaning agent concentrate in practical folding pouch. Gently removal of oil, grease and mineral contamination from stone, wood, plastic, glass and vehicle paintwork .</p>	<p>With pressure washer or manual Open the folding pouch containing 0.5 litres of cleaning agent concentrate and fill with 4.5 litres of tap water. This makes 5 litres of ready-to-use universal cleaner.</p>	500 ml 6.295-385.0
	<p>Patio & Deck Cleaner Cleaning agent concentrate in practical folding pouch. To gently remove oil, grease, dirt caused by emissions, moss and soot from balconies and patios made of wood and stone.</p>	<p>Manual Open the folding pouch containing 0.5 litres of cleaning agent concentrate and fill with 4.5 litres of tap water. 	<p>Wash & Wax Detergent Pouch The 2-in-1 solution: car shampoo and spray wax in one. Supplied as a concentrate in a practical folding pouch. Removes oil, grease and common road dirt. Additional care components speed up the drying process and protect the paintwork.</p>	<p>With pressure washer or manually Open the folding pouch containing 0.5 litres of cleaning agent concentrate and fill with 4.5 litres of tap water. This makes 5 litres of ready-to-use Wash & Wax cleaning and care agent.</p>	500 ml 6.295-387.0

CLEANING MACHINES FOR MULTI-FUNCTIONAL APPLICATIONS.

With Kärcher multi-purpose vacuum cleaners and spray extraction cleaners, you are equipped for all possible cleaning tasks. Special filter systems and individual accessories enable these robust vacuum cleaners to pick up different types of dirt quickly and thoroughly or remove stubborn stains from textile surfaces. Where once countless implements such as dustpans, buckets, detergents, cleaning cloths and brushes had to be used, perfect cleaning results are now easy to achieve with one single device.

EXTREME SUCTION POWER.

Kärcher multi-purpose vacuum cleaners, with their universal range of applications, offer extreme suction power, low power consumption, specially developed floor nozzles and accessories for maximum convenience. Whether dry, wet, fine or coarse dirt: this generation of devices always ensures optimal dirt pick-up, perfect all-round cleaning results and maximum user convenience.

More powerful than ever

Thanks to special energy-efficient motors and a flow-optimised device and accessory design, these new Kärcher multi-purpose vacuum cleaners are far more powerful than the predecessor models.

The advantages at a glance: optimal dirt pick-up, considerable time saving, wide range of applications.

1 More convenient than ever

With innovative filter removal technology, available in the middle and top class ranges, the filter can be removed in seconds. In addition, the flat pleated filter, made popular in our professional cleaner range, is contained in a filter box in the machine head - which means extra-quick removal in two easy steps. Just open up the filter box and remove the filter - done! The advantages at a glance: quicker and more convenient filter removal, no contact with dirt and no spreading of dust.

2 First class floor nozzles

Whether dry or wet, fine or coarse dirt - specially developed floor nozzles offer perfect dirt pick-up and optimal sliding behaviour, and can be quickly and simply adapted to wet or dry dirt: the adjustment is made with an inlay change in the case of the clips floor nozzle, and with a convenient foot switch in the case of the adjustable floor nozzle. The special floor nozzles guarantee all-round cleaning satisfaction.

The advantages at a glance: fast and residue-free dirt removal, ideal for dry and wet dirt, effortless vacuuming.

3 Removable handle

The ergonomically-shaped, removable handle ensures optimum air flow. It also allows you to maintain a comfortable posture while cleaning, as the accessories can be quickly and conveniently attached directly to the suction hose. In device MV 6, the special material of the handle prevents from electrostatic charge, ensuring trouble-free vacuuming.

The advantages at a glance: no blockages, simple and convenient vacuuming even in the narrowest spaces, safe protection from electrostatic discharge.

THE TOP CLASS

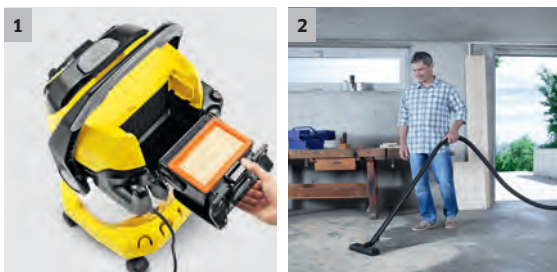

Even more powerful, even more convenient

Extremely powerful suction and energy efficient. The Top Class also offers everything to make work easier: a flat pleated filter in a filter box for quick and clean removal, integrated filter cleaning for instantly restored suction power, convenient accessories for perfect cleanliness, large container for large quantities of dirt and a storage system for safe accessory storage.

VACUUM CLEANER WITH WATER FILTER

Vacuuming without filter bags

The DS 5.800 vacuum cleaner with water filter not only cleans floors perfectly, but also keeps the air in rooms clean and fresh for a more pleasant room climate. In addition to its high suction power, it filters 99.9% of particles larger than 0.3 µm from the air, thanks to the innovative water filter, leaving nothing but a feeling of freshness in the air. Unlike standard filter bag vacuum cleaners, the DS 5.800 water filter works using the natural power of water.

INDOOR

CLEANING DEVICES FOR INDOOR USE.

There are always more pleasant ways to spend your time than doing tedious cleaning tasks – especially within your own four walls. This is why Kärcher has developed a wide range of intelligent solutions for interior cleaning that guarantee spotless cleaning results. Our devices are extremely powerful, saving the operator time and effort, and deliver outstanding cleanliness. So now it's time to roll up your sleeves and get started!

1 Powerful depth effect without chemicals

Using natural steam, Kärcher steam cleaners ensure hygienic fibre-deep cleanliness throughout the home! With the power of superheated steam and excellent moisture penetration of the cloth, these devices kill 99.99% of common household bacteria normally found on hard surfaces. Whether compact and handy, with non-stop steaming function or VapoHydro function: Kärcher offers the right model for all cleaning requirements as an ideal alternative to conventional cleaning. The SC 1 is handy and perfect for powerful intermediate cleaning. As the most powerful steam cleaner, the SC 5 offers perfect handling and, thanks to the VapoHydro function, effortlessly removes even stubborn dirt. Hot water is added to the steam at the push of a button and the dislodged dirt is simply washed away. Kärcher steam cleaners are suitable for almost all floor coverings. The devices remove even greasy dirt gently and effectively from surfaces in kitchens and bathrooms.

By the way: even ironing and window cleaning are considerably faster with these powerful multi-purpose devices! The ergonomically designed accessories ensure maximum convenience wherever needed.

2 Streak-free results

Window cleaning made easy: with the innovative Window Vac, Kärcher offers a simple, fast and extremely thorough solution for spotlessly clean windows. The cleaning process is extremely simple: with the supplied spray bottle and microfibre wiping cloth, dirt is first quickly and effectively dislodged. Next, the dirty water is sucked up with the Window Vac, streak-free and drip-free – giving you sparkling clean windows every time. By the way: the innovative Window Vac is also ideal for shower cubicles or glass tables. What remains is always a perfect shine – without streaks or drips.

3 For quick cleaning in between

The Kärcher K 55 Plus cordless electric broom can be equipped with two different brushes as required, which can be changed at the push of a button. The standard brush removes dirt in no time at all and provides optimal cleaning results right up to the edge. The specially developed pet hair brush makes hair removal from all surfaces – especially carpets – truly effortless. The brush technology also ensures easy and hygienic hair removal from the brush itself. As a result, the bristles stay clean and do not become matted.

STEAM CLEANERS: DEEP CLEANING WITHOUT CHEMICALS.

The new steam cleaner range from Kärcher offers the perfect steam cleaner for any task. The devices clean without the use of chemicals and can be used virtually anywhere. Whether in the bathroom, kitchen or lounge, they kill 99.99% of all common household bacteria on hard surfaces.* The devices ensure greater hygiene and better cleaning performance than conventional manual cleaning methods with detergent.** Powerful steam and diverse accessories ensure that fittings, tiles, hobs and even tiny crevices and niches are cleaned thoroughly.

1 Wide selection: the versatile SC range

- SC 5 - The strongest. Thanks to the VapoHydro function, it removes even the most stubborn dirt.
- SC 4 - The convenient. With removable tank.
- SC 2 - The beginner. The perfect introduction to steam cleaning.
- SC 1 - The handheld compact. Ready-to-use immediately.

2 Cleanliness without chemicals, deep into the pores

Scientific tests confirm that Kärcher steam cleaners remove 99.99% of all common household bacteria from hard surfaces using just steam and without the use of chemicals. The high temperature of the steam and excellent moisture penetration of the cloths reliably eliminate bacteria. For a healthy and child-friendly living space.

3 Cleanliness throughout the house

Put a stop to tiresome scrubbing and scouring! Kärcher's highly efficient steam cleaners make cleaning effortless and ensure impeccable cleanliness throughout your entire home. The devices are extremely versatile and can replace a variety of conventional cleaning utensils thanks to the wide range of available accessories. Typical areas of use include common hard floors throughout the home - in kitchens (like fittings, sinks, exhaust hoods, work surfaces) and bathrooms (like shower cubicles, fittings, sinks, tiles and crevices).

* When thoroughly cleaning with the Kärcher Steam Cleaner 99.99% of all common household bacteria will be killed on common household hard surfaces.

**When thoroughly cleaning with the Kärcher steam cleaner the cleaning performance is better than cleaning with a manual mop and detergent. Tested according to international performance standards.

SC 5 – THE STRONGEST

Outstanding power. Outstanding handling

In combination with the innovative Comfort Plus floor nozzle, cleaning with the powerful SC 5 steam cleaner is extremely ergonomic and convenient. The VapoHydro function also offers a high level of cleaning: hot water can be added as required and the dirt that has been loosened by the steam is simply and conveniently washed away. It really is that easy.

1 VapoHydro function

Adds hot water to steam. Dirt is removed more easily and simply washed away.

For even better cleaning results.

2 Comfort Plus floor kit with flexible joint on the floor nozzle and innovative cloth changing technology

Optimal cleaning thanks to efficient lamella technology. Contactless cloth changing – no contact with dirt.

Ergonomic, effective cleaning with full floor contact regardless of the user's height thanks to flexible nozzle joint.

SC 1 - THE COMPACT WITH FLOORKIT

Always ready and perfect for occasional use

The new Kärcher handheld steam cleaner is extremely compact, which means that it is practical to store directly where it is going to be used, for example in small kitchen or bathroom cupboards. The SC 1 is always within easy reach and is therefore ideal for spontaneous cleaning. The device is very powerful, despite its compact size, and ensures deep, hygienic cleanliness.

1 Powerful 3.0 bar steam pressure

Easily removes all types of dirt - even in hard-to-reach areas.

2 Small, handy and easy to store

The device can be stored at the location of use for easy access. All accessory parts can be stored together in the practical accessory bag.

CORDLESS ELECTRIC BROOM K 55 PLUS

Faster than a vacuum cleaner – more convenient than a brush

Kärcher cordless electric brooms are ideal for intermediate cleaning of carpets and hard floors. They are always useful when vacuuming is too time-consuming and sweeping is too impractical. Dirt is quickly removed with the battery-powered roller brush – no annoying cable and no need to bend. For effective removal of pet hair, Kärcher offers a special pet hair brush featuring brush technology which is unique worldwide.

INDOOR

1 Innovative brush replacement technology

Brush can be removed easily and hygienically at the push of a button for brush cleaning or replacement.

2 Pet hair brush

Thorough removal of pet hair on all floor coverings, particularly carpets. Effortless and hygienic hair removal, also from the brush, thanks to innovative brush technology.
