We have sent to our shareholders a Notice of Internet Availability of Proxy Materials that provides instructions on how to access our proxy materials, which are available on the Internet at www.proxyvote.com.

At the Annual Meeting, William E. Bindley and Gerald M. Gorski will not stand for re-election as trustees. The Board of Trustees and management wholeheartedly thank Mr. Bindley and Mr. Gorski for their service and contributions to KRG during their incredible tenure.

We encourage you to review the information contained in the Proxy Statement. After your review, we hope that you will vote in accordance with the Board of Trustees' recommendations. Your vote is important, and we appreciate your continued support.

I hope to see you at the Annual Meeting.

Sincerely,

PROXY STATEMENT

About the Meeting: Questions & Answers

WHY AM I RECEIVING THIS PROXY STATEMENT?

This proxy statement contains information related to the solicitation of proxies for use at our 2024 annual meeting of shareholders (the "Annual Meeting"), to be held at 9:00 a.m. EDT on Wednesday, May 29, 2024, at the Conrad Indianapolis, 50 West Washington Street, Indianapolis, Indiana 46204, for the purposes stated in the accompanying Notice of Annual Meeting of Shareholders. This solicitation is made by Kite Realty Group Trust on behalf of our Board of Trustees (the "Board"). "We," "our," "us," and the "Company" refer to Kite Realty Group Trust. This proxy statement, the proxy card and our 2023 annual report to shareholders are first being mailed and made available online to shareholders beginning on or about April 16, 2024.

WHAT PROPOSALS WILL BE VOTED ON AT THE ANNUAL MEETING? HOW DOES THE BOARD RECOMMEND THAT I VOTE? WHAT IS THE VOTING REQUIREMENT TO APPROVE EACH OF THE PROPOSALS? WHAT EFFECT WILL ABSTENTIONS AND BROKER NON-VOTES HAVE?

Proposal	Voting Options	Board Recommendation	Vote Required to Adopt the Proposal	Effect of Abstentions	Effect of Broker Non-Votes
PROPOSAL 1: Election of Trustees	For, Against or Abstain on each Nominee	FOR each Nominee	Majority of votes cast	No effect	No effect
PROPOSAL 2: Advisory Vote on Named Executive Officer Compensation	For, Against or Abstain	FOR	Majority of votes cast	No effect	No effect
PROPOSAL 3: Ratification of the Appointment of KPMG LLP	For, Against or Abstain	FOR	Majority of votes cast	No effect	Brokers have discretion to vote

A broker non-vote occurs when a nominee holding shares for a beneficial owner has not received voting instructions from the beneficial owner and does not have discretionary authority to vote the shares.

WHO IS ENTITLED TO VOTE AT THE ANNUAL MEETING?

The close of business on April 8, 2024, is the record date for the Annual Meeting. Only holders of record of our common shares at the close of business on the record date are entitled to receive notice of, to attend and to vote at the Annual Meeting. Our common shares constitute the only class of securities entitled to vote at the meeting.

WHAT ARE THE VOTING RIGHTS OF SHAREHOLDERS?

Each common share outstanding on the record date entitles its holder to cast one vote on each matter to be voted on at the Annual Meeting.

WHO CAN ATTEND THE ANNUAL MEETING?

All holders of our common shares at the close of business on April 8, 2024, the record date for the Annual Meeting, or their duly appointed proxies, are authorized to attend the Annual Meeting. If you attend the Annual Meeting, you may be asked to present valid photo identification, such as a driver's license or passport, before being admitted. Cameras, recording devices and other electronic devices will not be permitted at the Annual Meeting.

Please also note that if you hold your shares in "street name" (that is, through a bank, broker or other nominee), you will need to bring a copy of the brokerage statement reflecting your share ownership as of April 8, 2024.

WHAT WILL CONSTITUTE A QUORUM AT THE ANNUAL MEETING?

The presence at the meeting, in person or by proxy, of shareholders entitled to cast a majority of the common shares outstanding on April 8, 2024, will constitute a quorum, permitting the shareholders to conduct business at the meeting. We will include abstentions and broker non-votes in the calculation of the number of shares considered to be present at the meeting for purposes of determining the presence of a quorum at the meeting.

As of the April 8, 2024 record date, there were 219,603,862 common shares outstanding.

HOW DO I VOTE?

If your shares are registered directly in your name with our transfer agent, Broadridge Corporate Issuer Solutions, Inc., you are considered the shareholder of record with respect to those shares and the Proxy Notice was sent directly to you. In that case, you may instruct the proxy holders named in the proxy card (the "Proxy Agents") how to vote your common shares in one of the following ways:

- *Vote online.* You can access proxy materials and vote at www.proxyvote.com. To vote online, you must have the shareholder identification number provided in the Proxy Notice.
- *Vote by telephone.* You also have the option to vote by telephone by calling 1-800-690-6903.
- *Vote by mail.* If you received printed materials and would like to vote by mail, please mark, sign and date your proxy card and return it promptly in the postage-paid envelope provided.

Proxies submitted over the internet, by telephone or by mail must be received by 11:59 p.m. EDT on Tuesday, May 28, 2024.

If your shares are held in an account at a brokerage firm, bank, broker-dealer, or other similar organization, then you are the beneficial owner of shares held in "street name," and the Proxy Notice was forwarded to you by that organization. As a beneficial owner, you have the right to instruct that organization on how to vote the shares held in your account. You should instruct your broker or nominee how to vote your shares by following the voting instructions provided by your broker or nominee. You may also attend the meeting and vote in person if you bring the required proxy, as discussed below.

HOW ARE PROXY CARD VOTES COUNTED?

If your proxy card is properly completed and submitted, and not subsequently revoked, it will be voted as directed by you. If the proxy is submitted but voting instructions are not made, the persons designated as proxy holders on the proxy card will vote **"FOR"** the election of all nominees for our Board named in this proxy statement; **"FOR"** the advisory (non-binding) vote on named executive officer compensation; and **"FOR"** the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2024; and as recommended by our Board with regard to any other matters that may properly come before the meeting, or, if no such recommendation is given, in the Board's own discretion. If the proxy is submitted and voting instructions are made for some, but not all, of the proposals, as to proposals for which instructions are given, the proxy will be voted in accordance with those instructions, and for all other proposals, the proxy will be voted as described in the prior sentence.

If your common shares are held in an account at a brokerage firm, bank, broker-dealer, or other similar organization, under applicable rules of the New York Stock Exchange (the "NYSE") (the exchange on which our common shares are traded), the brokers will vote your shares according to the specific instructions they receive from you. If a broker that holds common shares for a beneficial owner does not receive voting instructions from that owner at least 10 days prior to the Annual Meeting, the broker may vote on the proposal only if it is considered a "routine" matter under the NYSE's rules. On non-routine matters, brokers do not have discretionary voting power and cannot vote without instructions from the beneficial owners, resulting in a so-called "broker non-vote." Pursuant to the rules of the NYSE, the election of trustees and the advisory (non-binding) vote on named executive officer compensation are "non-routine"

matters, and a brokerage firm may not vote without instructions from its client on these matters, resulting in a broker non-vote. In contrast, ratification of the appointment of an independent registered public accounting firm is considered a “routine” matter under the NYSE’s rules, which means that a broker has discretionary voting authority to the extent it has not received voting instructions from its client on the matter.

IF I PLAN TO ATTEND THE ANNUAL MEETING, SHOULD I STILL VOTE BY PROXY?

Yes. Voting in advance does not affect your right to attend the Annual Meeting. If you submit your proxy card and also attend the Annual Meeting, you do not need to vote again at the Annual Meeting unless you want to change your vote. Written ballots will be available at the meeting for shareholders of record. If you are not a shareholder of record but hold shares through a broker or nominee (i.e., in street name), you may vote your shares in person only if you obtain a legal proxy from the broker, trustee or nominee that holds your shares giving you the right to vote the shares. Even if you plan to attend the Annual Meeting, we recommend that you also submit your proxy or voting instructions prior to the meeting as described above so that your vote will be counted if you later decide not to attend the Annual Meeting.

WILL ANY OTHER MATTERS BE VOTED ON?

The proposals set forth in this proxy statement constitute the only business that the Board intends to present at the Annual Meeting. The proxy does, however, confer discretionary authority upon the persons designated as proxy holders on the proxy card, or their substitutes, to vote on any other business that may properly come before the meeting. If the Annual Meeting is postponed or adjourned, the proxy holders can vote your shares on the new meeting date as well, unless you have revoked your proxy.

MAY I CHANGE OR REVOKE MY VOTE AFTER I SUBMIT MY PROXY CARD?

Yes. If your shares are registered directly, you may revoke a previously granted proxy at any time before it is exercised by (i) delivering a written notice of revocation to our Secretary at 30 South Meridian Street, Suite 1100, Indianapolis, Indiana 46204, (ii) delivering a duly executed proxy bearing a later date to us, or (iii) attending the meeting and voting in person. If your common shares are held by a broker, bank or any other persons holding common shares on your behalf, you must contact that institution to revoke a previously authorized proxy.

WHO IS SOLICITING THE PROXIES AND WHO PAYS THE COSTS?

The enclosed proxy for the Annual Meeting is being solicited by the Board. Proxies also may be solicited, without additional compensation, by our trustees and officers by mail, telephone or other electronic means or in person. We are paying the costs of this solicitation, including the preparation, printing, mailing and website hosting of proxy materials.

You should rely only on the information provided in this proxy statement. We have not authorized anyone to provide you with different or additional information. You should not assume that the information in this proxy statement is accurate as of any date other than the date of this proxy statement or, where information relates to another date set forth in this proxy statement, then as of that date.

PROPOSAL 1:

Election of Trustees

Our Board is currently comprised of 13 trustees, each with terms expiring at the 2024 Annual Meeting. On March 19, 2023, Gerald M. Gorski, who has served as an independent trustee of the Company since the Company's merger with Retail Properties of America, Inc. ("RPAI") in October 2021, notified the Company that he did not intend to stand for re-election at the Annual Meeting. On March 20, 2023, William E. Bindley, who has served as lead independent trustee since the Company's initial public offering ("IPO") in 2004, notified the Company that he did not intend to stand for re-election at the Annual Meeting. Pursuant to our bylaws, the Board has decreased its size to 11 trustees, effective as of the Annual Meeting.

The following 11 nominees, all of whom are currently serving as trustees of the Company, have been recommended by our Board for reelection to serve as trustees for one-year terms until the 2025 annual meeting of shareholders and until their successors are duly elected and qualified.

Nominees for Election at the 2024 Annual Meeting

The nominees for election at the 2024 Annual Meeting are:

John A. Kite	Bonnie S. Biumi	Derrick Burks
Victor J. Coleman	Steven P. Grimes	Christie B. Kelly
Peter L. Lynch	David R. O'Reilly	Barton R. Peterson
Charles H. Wurtzebach	Caroline L. Young	

Based on its review of the relationships between the trustee nominees and the Company, the Board has affirmatively determined that all of our trustee nominees except for John A. Kite are "independent" trustees under the rules of the NYSE.

The Board knows of no reason why any nominee would be unable to serve as a trustee. If any nominee is unavailable for election or service, the Board may designate a substitute nominee and the persons designated as proxy holders on the proxy card will vote for the substitute nominee recommended by the Board. Alternatively, the Board may, as permitted by our bylaws, decrease the size of our Board.

The names, principal occupations and certain other information about the trustee nominees, as well as the key qualifications that led our Corporate Governance and Nominating Committee and our Board to conclude that such person is qualified to serve as a trustee, are set forth below.

Vote Required and Recommendation

The affirmative vote of a majority of the votes cast at the Annual Meeting with respect to the matter is necessary for the election of a trustee. For purposes of the election of trustees, a majority of the votes cast means that the number of votes cast “for” a trustee’s election exceeds the number of votes cast “against” that trustee’s election. Abstentions and other shares not voted (whether by broker non-vote or otherwise) will not be counted as votes cast and thus will have no effect on the result of the vote. There is no cumulative voting with respect to the election of trustees.

Pursuant to our corporate governance guidelines, if an incumbent trustee fails to receive a majority of the votes cast in an uncontested election, the trustee will promptly offer to tender his or her resignation as a trustee, subject to acceptance by the Board. The Corporate Governance and Nominating Committee must make a recommendation to the Board as to whether to accept or reject such offer to resign or whether other action should be taken with respect to such offer to resign. The Board must publicly disclose within 90 days of certification of the shareholder vote its decision and rationale regarding whether to accept, reject or take other action with respect to such resignation offer. If any trustee’s offer to resign is not accepted by the Board, such trustee will continue until his or her successor is elected and qualifies or his or her earlier resignation or removal. If any trustee’s offer to resign is accepted by the Board, then such trustee will thereupon cease to be a trustee of the Company, and the Board, in its sole discretion, may fill the resulting vacancy or may decrease the size of the Board pursuant to the Company’s bylaws.

OUR BOARD OF TRUSTEES RECOMMENDS A VOTE “FOR” EACH OF THE NOMINEES SET FORTH ABOVE.

Trustee Selection Process

QUALIFICATIONS

The Board has adopted a policy for considering potential trustee candidates to further the Corporate Governance and Nominating Committee's goal of ensuring that our Board consists of a diversified group of qualified individuals who function effectively as a group. The policy provides that qualifications and credentials for consideration as a trustee nominee may vary according to the particular areas of expertise being sought as a complement to the existing composition of the Board. However, at a minimum, candidates for trustee must possess:

- a high degree of integrity;
- an ability to exercise sound judgment;
- an ability to make independent analytical inquiries;
- a willingness and ability to devote adequate time and resources to diligently perform Board duties; and
- a reputation, both personal and professional, consistent with the image and reputation of the Company.

As noted in our corporate governance guidelines, the Board also recognizes that it is important that each Trustee has the requisite time to devote to the oversight of the Company's business. Our corporate governance guidelines therefore provide that our trustees should not currently serve on more than three other public company boards, and members of our Audit Committee should not serve on more than two other public company audit committees.

In addition to the aforementioned minimum qualifications, the Corporate Governance and Nominating Committee also believes that there are other qualities and skills that, while not a prerequisite for nomination, should be taken into account when considering whether to recommend a particular person. These factors include:

- whether the person possesses specific expertise in the real estate industry and familiarity with general issues affecting the Company's business;
- whether the person's nomination and election would enable the Board to have a member that qualifies as an "audit committee financial expert" as defined by the Securities and Exchange Commission (the "SEC");
- whether the person would qualify as an "independent" trustee under the NYSE's listing standards and our corporate governance guidelines;
- whether the person has experience serving on boards, particularly public company boards;
- the importance of continuity of the existing composition of the Board; and
- the importance of a diversified Board membership, in terms of both the individuals involved and their various experiences and areas of expertise.

IDENTIFICATION AND EVALUATION PROCESS

The Corporate Governance and Nominating Committee will seek to identify trustee candidates based on input provided by a number of sources, including (a) Corporate Governance and Nominating Committee members, (b) other members of the Board, and (c) shareholders of the Company. The Corporate Governance and Nominating Committee also has the authority to consult with or retain advisors or search firms to assist in the identification of qualified trustee candidates; however, we do not currently employ a search firm or pay a fee to any third party to locate qualified trustee candidates.

As part of the identification process, the Corporate Governance and Nominating Committee will evaluate the skills, expertise and diversity possessed by the current Board and whether there are additional skills, expertise or diversity that should be added to complement the composition of the existing Board. The Corporate Governance and Nominating Committee may consult with other members of the Board in connection with the identification process. The Corporate Governance and Nominating Committee appreciates the focus that many investors place on the diversity characteristics of public-company board members, and the committee is actively taking this focus into account as it considers Board nominations and succession planning. Three current members of the Board are female, one current member of the Board is racially diverse, and each of them are nominated for reelection. Following the Annual Meeting, if all trustee nominees are re-elected, over 36% of our Board will be gender or racially diverse.

The Corporate Governance and Nominating Committee also will take into account the number of trustees expected to be elected at the next annual meeting and whether existing trustees have indicated a willingness to continue to serve as trustees if re-nominated. Once trustee candidates have been identified, the Corporate Governance and Nominating Committee then evaluates each candidate

in light of his or her qualifications and credentials and any additional factors that the Corporate Governance and Nominating Committee deems necessary or appropriate. Existing trustees who are being considered for re-nomination will be re-evaluated as part of the Corporate Governance and Nominating Committee's process of recommending trustee candidates. All candidates submitted by shareholders will be evaluated in the same manner as all other trustee candidates, provided that the procedures set forth in our bylaws have been followed.

After completing the identification and evaluation process described above, the Corporate Governance and Nominating Committee will recommend to the Board the nomination of a number of candidates equal to the number of trustee vacancies that will exist at the annual meeting of shareholders. The Board will then select the trustee nominees for shareholders to consider and vote upon at the annual meeting.

SHAREHOLDER NOMINATIONS

For nominations of trustees for election to the Board by a shareholder, the shareholder must comply with the advance notice provisions and other requirements of Article II, Section 13 of our bylaws. These notice provisions require that the shareholder must have given timely notice thereof in writing to our Secretary. To be timely, a shareholder's notice must be delivered to our Secretary at our principal executive office not less than 90 days nor more than 120 days prior to the first anniversary of the date of mailing of the notice for the preceding year's annual meeting. In the event that the date of the mailing of the notice for the annual meeting is advanced or delayed by more than 30 days from the first anniversary of the date of the mailing of the notice for the preceding year's annual meeting, to be timely, notice by the shareholder must be delivered not less than 90 days nor more than 120 days prior to the date of mailing of the notice for such annual meeting or the 10th day following the day on which public announcement of the date of mailing of the notice for such meeting is first made by us. The notice must set forth as to each recommended candidate all information required under our bylaws, including the recommended candidate's written consent to being named in the Company's proxy statement as a nominee and to serving as a trustee if elected.

INDEPENDENCE OF TRUSTEES

NYSE listing standards require NYSE-listed companies to have a majority of independent board members and a nominating/corporate governance committee, compensation committee and audit committee, each comprised solely of independent trustees. Under the NYSE listing standards, no trustee of a company qualifies as "independent" unless the board of trustees of the company affirmatively determines that the trustee has no material relationship with the company (either directly or as a partner, shareholder or officer of an organization that has a relationship with such company). In addition, the NYSE listing standards contain the following restrictions upon a listed company's trustee independence:

- a trustee who is an employee or whose immediate family member is an executive officer of the listed company is not independent until three years after the end of such employment relationship;
- a trustee who has received or has an immediate family member who has received during any 12-month period within the last three years more than \$120,000 in direct compensation from the listed company, other than trustee and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service), is not independent;
- a trustee who is or whose immediate family member is a current partner of a firm that is the company's internal or external auditor is not independent; a trustee who is a current employee of such a firm is not independent; a trustee who has an immediate family member who is a current employee of such a firm and who personally works on the listed company's audit is not independent; and a trustee who was or whose immediate family member was, within the last three years (but is no longer), a partner or employee of such a firm and personally worked on the listed company's audit within that time is not independent;
- a trustee who is employed or whose immediate family member is employed as an executive officer of another company where any of the listed company's present executive officers at the same time serve or served on the other company's compensation committee is not independent until three years after the end of such service or the employment relationship; and
- a trustee who is an employee or whose immediate family member is an executive officer of another company that has made payments to, or received payments from, the listed company for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million, or 2% of such other company's consolidated gross revenues, is not independent.

Our Board has evaluated the status of each trustee and has affirmatively determined, after considering all facts and circumstances, that each of our trustee nominees other than John A. Kite is "independent" as defined in the NYSE's listing standards. Mr. Kite is not

PROPOSAL 1: Election of Trustees

independent because he is an employee of the Company. In determining Mr. Grimes's independence, the Board considered relevant NYSE guidance and the fact that while Mr. Grimes served as the chief executive officer of RPAI prior to its merger with the Company, his employment relationship terminated upon the closing of the merger between the Company and RPAI.

In making its independence determinations with respect to each trustee, the Board considered, among other things, relationships between the Company and its trustees and their immediate family members, as well as relationships among trustees and their immediate family members.

Trustee Compensation

Under our trustee compensation program, for the period of service between the 2023 annual meeting and the 2024 annual meeting, each non-employee trustee received the annual compensation described below, paid in quarterly installments, for his or her service as a trustee of the Company (prorated for partial-year terms, as applicable).

Following the advice from the independent compensation consultant and the recommendations of the Compensation Committee, the Board approved the following trustee compensation for the 2023-2024 year of service:

	2023-2024
Retainer (Cash)	\$85,000
Equity (Common Shares)	\$130,000
Committee Member (Cash)	Audit Committee: \$12,500 Compensation Committee: \$10,000 Corporate Governance and Nominating Committee: \$10,000
Committee Chair (Cash)	Audit Committee: \$25,000 Compensation Committee: \$20,000 Corporate Governance and Nominating Committee: \$20,000
Lead Independent Trustee (Cash)	\$35,000

Trustee compensation is reviewed periodically (generally every two to three years) to ensure market competitiveness.

At the trustee's election, the cash retainer may be paid in deferred share units (described below) that are fully vested on the date of grant. The common share grants are subject to a one-year vesting period. In addition, each of our trustees received, and new trustees will receive, upon initial election to our Board, 750 restricted common shares that vest one year from the date of grant.

TRUSTEE DEFERRED COMPENSATION PLAN

The Company maintains a Trustee Deferred Compensation Plan (the "Trustee Plan"), which provides a deferred compensation arrangement for non-employee trustees of the Company. Under the Trustee Plan, each non-employee trustee may elect to defer eligible fee and retainer compensation until such time as the trustee's service on the Board is completed. Compensation that is deferred vests immediately and is credited as a number of deferred share units ("share units") to an individual account for each trustee. A share unit represents an unfunded right to receive one of the Company's common shares at a future date. Share units are credited with dividend equivalents to the extent dividends are paid on the Company's common shares.

STOCK OWNERSHIP REQUIREMENTS

To ensure that all non-employee trustees hold meaningful equity ownership positions in the Company, our Board has established guidelines for non-employee trustees regarding ownership of our common shares or units of limited partnership interest of Kite Realty Group, L.P. (our "Operating Partnership"). According to the guidelines in effect for the 2023-2024 service year, each non-employee trustee was required to own common shares and/or units in an amount equal to at least five times the annual cash retainer paid to the trustees, to be achieved within five years of joining the Board.

TRUSTEES MUST OWN
STOCK EQUAL TO

5X

ANNUAL CASH RETAINER

CONTINUING EDUCATION

In addition, in connection with the Company's ongoing goal of improving all aspects of its corporate governance, the Company adopted a policy to reimburse each trustee up to \$2,500 per year for costs and expenses incurred by such trustee to join organizations and/or attend or participate in events or programs related to best practices regarding corporate governance.

Corporate Governance and Board Matters

The business and affairs of the Company are managed under the direction of our Board, and the Company conducts its business through meetings of the Board and its Audit Committee, Compensation Committee and Corporate Governance and Nominating Committee.

Our corporate governance structure closely aligns our interests with those of our shareholders. Notable features include:

What we do

92% Independent Trustees. Twelve of our current trustees are “independent” as defined by the NYSE. (10 of our 11 trustee nominees are independent)

Entirely Independent Committees. All members of our Audit, Compensation and Corporate Governance and Nominating Committees are independent.

Lead Independent Trustee. Lead Independent Trustee strengthens the role of our independent trustees and encourages independent Board leadership.

Majority Voting for Trustees. Trustees must be elected by a majority of votes cast in uncontested elections.

Share Ownership Guidelines. Guidelines require our CEO and other named executive officers to own equity with an aggregate value of 10x and 3x or 2x base salary, respectively. All non-employee trustees must own equity with an aggregate value of 5x their annual retainer within five years of their appointment to the Board.

Anti-Hedging Policy. Our anti-hedging policy prohibits our trustees, executives and employees from engaging in transactions designed to hedge against losses from their share ownership.

ESG Task Force. A task force, led by our Chairman and Chief Executive Officer, reviews ESG issues that are important to investors and regularly reports to the Board on the Company’s ESG efforts. In July 2023, we published our annual Corporate Responsibility Report.

Shareholders’ Power to Amend Bylaws. The Company’s Declaration of Trust empowers shareholders to amend the Company’s Bylaws.

What we don’t do

No Classified Board. Our trustees are elected annually for a one-year term.

No Significant Related Party Transactions. We do not currently have any significant related party transactions, and we have robust related party transaction review and approval procedures.

Opted Out of Maryland Anti-Takeover Statutes. We opted out of the Maryland Business Combination Statute and the Maryland Control Share Acquisition Statute.

No Poison Pill. The Company does not have a “poison pill” or shareholder rights plan.

Board Leadership Structure

CHAIRMAN

Mr. Kite has served as Chairman of the Board since December 2008 and as our Chief Executive Officer and member of the Board since our IPO in 2004. Mr. Kite also served as our President from our IPO to December 2008.

Periodically, the Corporate Governance and Nominating Committee considers whether the combined role of chairman and chief executive officer continues to be appropriate for our Company. The Corporate Governance and Nominating Committee, with the consensus of the other independent trustees, has concluded that Mr. Kite's extended tenure with our Company provides stable leadership that is beneficial to us and our shareholders. In particular, the Board recognizes that, given Mr. Kite's familiarity with our real estate properties and day-to-day operations and his long-standing experience with our Company, it is valuable to have him lead our Board discussions.

LEAD INDEPENDENT TRUSTEE

To strengthen the role of our independent trustees and encourage independent Board leadership, our Board established the position of lead independent trustee in connection with our IPO in August 2004. Our lead independent trustee is selected on an annual basis by the Board from among the independent trustees. Mr. Bindley currently serves as our lead independent trustee and has served in that capacity since our IPO in 2004. With Mr. Bindley not standing for re-election at the Annual Meeting, Mr. Burks has been appointed to serve as our lead independent trustee, effective upon the commencement of the Annual Meeting. The role of the lead independent trustee, among other things, is to serve as a liaison (i) between the Board and management, including the Chief Executive Officer, (ii) among the independent trustees, and (iii) between interested third parties and the Board. In addition, our lead independent trustee meets several times a year with Mr. Kite, our Chairman and Chief Executive Officer.

The Board believes that our lead independent trustee is effective in mitigating any potential conflict of interest that might arise from the combined Chairman/Chief Executive Officer position. In particular, the Board recognizes that the lead independent trustee is actively engaged in setting Board agendas, meets regularly with our Chief Executive Officer to stay apprised of the important aspects of our business, and presides over executive sessions of the non-management trustees at least once each quarter.

EXECUTIVE SESSIONS OF NON-MANAGEMENT TRUSTEES

Pursuant to our corporate governance guidelines and the NYSE listing standards, to promote open discussion among non-management trustees, our Board devotes a portion of each regularly scheduled Board meeting to executive sessions without management participation. The lead independent trustee presides at these sessions. In addition, our corporate governance guidelines provide that if the group of non-management trustees includes trustees who are not independent, as defined in the NYSE's listing standards, at least one such executive session convened per year shall include only independent trustees.

BOARD MEETINGS

During 2023, the Board met four times. Each trustee attended at least 75% of the meetings of the Board and applicable committees on which he or she served during his or her period of service. Trustees are expected to attend, in person, by telephone, or by videoconference, all Board meetings and meetings of committees on which they serve. In addition, pursuant to our corporate governance guidelines, trustees are expected to attend the Company's annual meeting of shareholders. Last year, all of our trustees attended the annual meeting of shareholders.

Meetings:

The Corporate Governance and Nominating Committee met four times in 2023.

Board's Role in Risk Oversight

One of our Board's most important roles is to oversee various risks that we may face from time to time. While the full Board has primary responsibility for risk oversight, it relies on its committees, as appropriate, to monitor and address the risks that may be within the scope of a particular committee's expertise or charter and as provided in NYSE rules. For example, the Audit Committee oversees the preparation and filing of our financial statements, compliance with legal and regulatory requirements and the performance of our internal audit function. The Board believes that the composition of its committees and the distribution of the particular expertise of each committee's members make this an appropriate structure to more effectively monitor these risks. The Board or the responsible committee considers short-term, medium-term and long-term risks in exercising their oversight responsibilities and considers the immediacy and magnitude of the potential impact of a particular risk in assessing mitigation strategies. Our Board committees meet regularly to discuss these areas of risk and report back to the Board.

An important feature of the Board's risk oversight function is to receive periodic updates from its committees and members of management, as appropriate. Each of the three standing committees addresses risks specific to its respective area of oversight as follows:

- **Audit Committee:** The Audit Committee, which meets at least quarterly and reports its findings to the Board, performs a lead role in helping our Board fulfill its responsibilities for oversight of our financial reporting, internal audit function, risk management, and compliance with legal and regulatory requirements. Our Audit Committee reviews periodic reports from our independent registered public accounting firm regarding potential risks, including risks related to our internal controls. Our

Corporate Governance and Board Matters

Audit Committee also: (i) annually reviews, approves and oversees an internal audit plan developed by our internal auditing personnel with the goal of helping us systematically evaluate the effectiveness of our risk management, control and governance processes; (ii) periodically meets with our internal auditing personnel to review the results of our internal audits; and (iii) directs or recommends to the Board actions or changes it determines appropriate to enhance or improve the effectiveness of our risk management. Though our management is primarily responsible for our cybersecurity program and managing our cybersecurity risks, including our procedures and day-to-day operations, our Audit Committee oversees our enterprise risk assessment and management program, which includes oversight of cybersecurity risks.

- **Compensation Committee:** The Compensation Committee, in consultation with the Company's named executive officers, reviews the Company's policies and procedures with respect to risk assessment and risk management for compensating all employees of the Company, including non-executive employees, on an annual basis and *periodically* reports its findings to the Board. The Compensation Committee does not believe there are any risks from the Company's compensation policies and practices for its employees that are reasonably likely to have a material adverse effect on the Company.
- **Corporate Governance and Nominating Committee:** The Corporate Governance and Nominating Committee monitors the general operations of the Board and the effectiveness of our corporate governance guidelines, including whether they are successful in preventing illegal or improper liability-creating conduct.

In addition to getting direct information on risk management from its committees, the Board receives regular updates directly from members of executive management. In particular, due to his executive management position, Mr. Kite frequently communicates with other members of our management and periodically updates the Board on the important aspects of the Company's day-to-day operations. The Board also receives regular updates from the Company's internal and outside counsel regarding legal and regulatory developments and policies and mitigation plans intended to address the related risks. Mr. Kite meets or speaks with each of the trustees individually on at least an annual basis and several times each year with the lead independent trustee. Other members of management also have direct access to the chairperson of each Board committee and our lead independent trustee.

Environmental, Social and Governance Matters

We are dedicated to building a thriving and viable business, one that succeeds by delivering long-term value for our shareholders.

We believe that all of our stakeholders, including our shareholders, employees, customers, and communities, are best served if the Company generates consistent, sustainable returns, and we recognize the importance that environmental, social, and governance ("ESG") initiatives play in achieving that goal. This requires looking beyond short-term quarterly results. Instead, we must focus on the sustainable performance of longer-term objectives.

This long-term focus requires:

- commitment to the Company's employees and the communities in which our properties are located;
- implementation of technologies and efficiencies that reduce our environmental impact; and
- fair and ethical treatment of the Company's tenants and vendors by honoring its leases and other contracts and enforcing its code of business conduct and ethics.

The Company strives to be a responsible corporate citizen, and we recognize the importance that ESG initiatives play in our ability to generate long-term, sustainable returns. In 2020, we established the ESG Task Force that is comprised of senior leadership and members from a variety of functional areas and is led by our Chief Executive Officer. The ESG Task Force meets quarterly and focuses on setting, implementing, monitoring and communicating to our investors and other stakeholders our ESG strategy and related initiatives and regularly reports to the Board of Trustees.

In July 2023, the ESG Task Force issued the Company's annual Corporate Responsibility Report, which is published on our website and provides a comprehensive overview of our ESG strategies and initiatives. The Company is committed to implementing sustainable business practices at our properties and is actively undertaking multiple projects to make our operations more energy efficient and to reduce our environmental impact. These current projects include:

- installing LED lighting in parking lots (71.7% of our properties have installed such LED lighting as of December 31, 2023, with a goal of 80% of the portfolio by the end of 2026);
- implementing smart meters and other initiatives aimed at water conservation, recycling, and waste diversion (16.1% of our properties have implemented smart irrigation controls as of December 31, 2023, with a goal of 25% of the portfolio by the end of 2026). In addition, 118 properties have implemented water efficiency measures and 85 properties have ongoing waste diversion performance management;

- installing electric vehicle charging stations (240 charging stations have been installed across 21 properties for a total of 11.7% of the portfolio as of December 31, 2023, with a goal of 20% of the portfolio by the end of 2026); and
- receiving Institute of Real Estate Management certifications (76 properties or 42.2% of the portfolio have received such certifications as of December 31, 2023, with a goal of 75% of the portfolio by the end of 2026).

In 2023, we made consistent progress in increasing the percentage of leases containing green lease language, also referred to as “high-performance” or “energy-aligned” leases. The goal of this language is to equitably align the costs and benefits of energy and water efficiency investments for building owners and tenants based on principles and best practices from the Green Lease Leaders Reference Guide by the Institute for Market Transformation and the U.S. Department of Energy. We have also continued our partnership with One Tree Planted, a non-profit organization committed to reforestation, and have planted over 35,000 new trees through its Project Green reforestation effort. In addition, in 2023, we received approval from the Science Based Targets initiative (“SBTi”) of a science-based carbon reduction target against a 2019 Base Year. We look forward to sharing our progress towards that goal in our annual Corporate Responsibility Report that will be published in 2024.

We are highly committed to our employees, and our policies are designed to promote fairness, equal opportunities, diversity, well-being and professional development within the Company. Our corporate governance structure, led by our Board of Trustees, closely aligns our interests with those of our shareholders.

We use the following tools to recognize our employees, advance our talent pool and create a sustainable and long-term enterprise: (i) performance plans, (ii) talent recognition via our digital employee-to-employee Recognition Wall, (iii) Level Up award that recognizes employees who have made an extraordinary effort to help the Company achieve success, (iv) FOCUSED award that acknowledges employees who have embodied our FOCUSED values (forward-thinking, optimistic, collaborative, urgent, sound, empowered, and dedicated) throughout the year, (v) individual development planning, along with reward packages, and (vi) all employees have a portion of their bonus directly tied to the Company's performance. The Company also provides reimbursement opportunities for employees pursuing educational degrees or certification programs that are relevant to their roles or professional development; and in 2023, we implemented a learning management system to enhance our employees' technical and professional development.

Additionally, through our Kite Cares initiative, during 2023 we contributed to a wide variety of community-focused efforts, including clothing and school supply drives, and fundraising to support displaced workers. The Company also volunteers to make our properties available for use by the Red Cross and other disaster relief organizations should the need arise. To support small businesses at our properties during the COVID-19 pandemic, in 2020 we allocated up to \$5 million to the KRG Small Business Lending Program, which provided expedited, low-interest loans to select small-business tenants to help navigate the current environment.

Committee Charters and Corporate Governance Documents

Our Board maintains charters for all Board committees and has adopted a written set of corporate governance guidelines, a code of business conduct and ethics, an ESG policy, a vendor code of conduct, and a code of ethics for our named executive officers and senior financial officers. Our committee charters, corporate governance guidelines, code of business conduct and ethics, ESG policy, vendor code of conduct, and code of ethics are available on our website at www.kiterealty.com. Each of these documents is also available in print to any shareholder who sends a written request to such effect to Investor Relations, Kite Realty Group Trust, 30 South Meridian Street, Suite 1100, Indianapolis, Indiana 46204.

Communications with the Board

Shareholders and other interested parties may communicate with the Board by communicating directly with the presiding lead independent trustee by sending any correspondence they may have in writing to the “Lead Independent Trustee” c/o the Corporate Secretary of Kite Realty Group Trust, 30 South Meridian Street, Suite 1100, Indianapolis, Indiana 46204, who will then directly forward such correspondence to the lead independent trustee. The lead independent trustee will decide what action, if any, should be taken with respect to the communication, including whether such communication should be reported to the Board.

Compensation Committee Interlocks and Insider Participation

The members of the Compensation Committee of our Board are William E. Bindley (chairman), Derrick Burks, Victor J. Coleman, and David R. O'Reilly, each of whom is an independent trustee. None of our named executive officers served as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving as a member of our Board or the Compensation Committee. Accordingly, during 2023, there were no interlocks with other companies within the meaning of the SEC's proxy rules.

PROPOSAL 2:

Advisory Vote on Named Executive Officer Compensation

We are presenting this proposal, commonly known as a “say-on-pay” proposal, to provide shareholders the opportunity to vote to approve, on an advisory (non-binding) basis, the compensation of our named executive officers as described in this proxy statement, as required by Section 14A of the Exchange Act and related SEC rules.

We believe our executive compensation policies and procedures are centered on pay-for-performance principles and are closely aligned with the long-term interests of our shareholders. As described under the heading “Compensation Discussion and Analysis,” our executive compensation program is designed to attract and retain outstanding executives, to reward them for superior performance and to ensure that the compensation provided to them remains competitive. We seek to align the interests of our executives and shareholders by tying compensation to the achievement of key operating objectives that we believe enhance shareholder value over the long term and by encouraging executive share ownership so that a portion of each executive’s compensation is tied directly to shareholder value.

For these reasons, we are recommending that our shareholders vote “FOR” the following resolution:

“RESOLVED, that the shareholders hereby approve the compensation of the Company’s named executive officers as disclosed in the Compensation Discussion and Analysis, the compensation tables and the related narrative disclosure on executive compensation contained in this proxy statement.”

While the vote on this resolution is advisory in nature and therefore will not bind us to take any particular action, our Board intends to carefully consider the shareholder vote resulting from the proposal in making future decisions regarding the compensation of our Named Executive Officers.

Vote Required and Recommendation

The affirmative vote of a majority of the votes cast at the Annual Meeting with respect to the matter is required to endorse (on a non-binding advisory basis) the compensation of our named executive officers. For purposes of the vote on this proposal, a majority of votes cast means that the number of votes cast “for” this proposal exceeds the number of votes cast “against” this proposal. Abstentions and other shares not voted (whether by broker non-vote or otherwise) will not be counted as votes cast and will have no effect on the result of the vote.

OUR BOARD OF TRUSTEES RECOMMENDS A VOTE “FOR” APPROVAL OF THE ADVISORY RESOLUTION DESCRIBED ABOVE.

Compensation Discussion and Analysis

2023 Compensation Highlights

Our executive compensation and corporate governance programs are designed to closely link pay with operational performance and increases in long-term shareholder value while minimizing incentives that could lead to excessive risk-taking. To help us accomplish these important objectives, we have adopted the following key policies and practices:

<p>Formulaic Annual Incentives</p>	<ul style="list-style-type: none"> ✓ Annual cash bonus payments are based on a pre-established formula ✓ 2023 payouts were calculated 80% based on objective financial and operating performance metrics tied to our strategic business plan, which are designed to be challenging and rigorous to ensure that we remain focused on growth and our overall business strategy ✓ Includes an objective ESG performance component ✓ Individual performance component represents 20% of the program and allows for a subjective assessment of performance on a more holistic basis and considers factors that may not be quantifiable
<p>Significant Alignment with Shareholders</p>	<ul style="list-style-type: none"> ✓ The majority of equity awards are granted in the form of performance-based equity, which represents 60% of the target value for each NEO ✓ 2023 performance-based equity awards are earned based on relative TSR performance versus shopping center REITs and requires performance at the 80th percentile to earn the full award ✓ Time-based awards are not guaranteed, and the value varies each year ✓ Time-based awards and performance-based awards include a mandatory post-vest holding period of two years
<p>Commitment to Strong Pay Governance</p>	<ul style="list-style-type: none"> ✓ Robust clawback policy for all executive officers as required by new SEC rules and NYSE listing standards pursuant to the Dodd-Frank Act ✓ Share ownership policy, including 10x salary for our Chief Executive Officer ✓ Anti-hedging policy ✓ Long-term vesting requirements ✓ No dividends on unearned performance-based awards ✓ No single trigger severance payments or tax gross ups ✓ Engagement of an independent compensation consultant ✓ Transparency with our stockholders on our compensation program, decisions and practices

Compensation Philosophy and Objectives

Our compensation program is designed to accomplish the following key objectives:

- Attract, retain, and motivate outstanding senior executives;
- Ensure that compensation remains competitive with the prevailing market using a pay-for-performance structure that rewards superior results that will enhance shareholder value over the long term;
- Use a balanced approach that rewards both short-term and long-term performance and does not incentivize excessive risk-taking; and
- Provide significant alignment with our shareholders' interests.

The Compensation Committee believes that our executive compensation program achieves these objectives demonstrated by the following:

- The majority of NEO compensation is variable and at-risk subject to the achievement of rigorous performance goals.
- The majority of NEO compensation is in the form of equity-based awards that provide direct alignment with our shareholders' interests.

Compensation Discussion and Analysis

- The overall compensation structure provides competitive target pay opportunities that will result in compensation at the higher-end of the competitive market if the Company outperforms but will result in pay at the lower-end of the competitive market if Company performance lags our peers and is below expectations.
- For 2023, target pay opportunities for our NEOs were allocated as follows:

The Compensation Committee is responsible for establishing, implementing, and continually monitoring adherence with our compensation philosophy as applied to our NEOs.

For more information related to the processes and procedures of the Compensation Committee in determining the compensation for our NEOs, including the role of any NEO in this process, see “Corporate Governance and Board Matters—Board Committees—Compensation Committee” above.

Result of 2023 Advisory Vote on Named Executive Officer Compensation

Based on the results of the non-binding shareholder advisory vote on the frequency of shareholder votes on executive compensation at our 2023 annual meeting of shareholders, the Board determined that the shareholder advisory vote on the compensation of NEOs will take place every year until the next say-on-frequency vote is conducted (which will be no later than 2029), at which time our Board will carefully consider the shareholder vote resulting from the proposal and continue to evaluate the options for how frequently we hold “say-on-pay” votes.

Compensation Consultant

The Compensation Committee has engaged Ferguson Partners Consulting (“FPC”) to serve as the Compensation Committee’s compensation consultant and provide recommendations regarding various compensation decisions to be made by the Compensation Committee. The Compensation Committee took FPC’s recommendations into account in making base salary determinations and incentive compensation awards to our NEOs.

Peer Group and Benchmarking

In making compensation decisions, the Compensation Committee compares the Company's compensation programs and performance to certain peer group companies. On an annual basis, we review our peer group to ensure the overall composite reflects an appropriate comparator group.

In 2023, the Compensation Committee determined it was appropriate to adjust the peer group to only include REITs that primarily own retail assets, preferably shopping centers, with an implied equity market capitalization and/or total capitalization between approximately 0.3x and 3.0x that of the Company and remove all industrial REITs from our peer group. Following these modifications, our implied equity market capitalization and total capitalization were both slightly higher than the median of our peer group.

For compensation decisions made in early 2023 and early 2024, the Compensation Committee used a peer group consisting of the following companies:

Company	Current Peer Group: Reviewed in 2023 for Setting Year-End 2023 and 2024 Compensation	Prior Year Peer Group: Reviewed in 2022 for Setting 2023 Compensation
Bixmor Property Group, Inc. (BRX)	✓	✓
Federal Realty Investment Trust (FRT)	✓	✓
JBG SMITH Properties (JBGS)	✓	✓
Kimco Realty Corporation (KIM)	✓	✓
Macerich Company (MAC)	✓	✓
NNN REIT, Inc. (NNN)(1)	✓	✓
Phillips Edison & Company, Inc. (PECO)	✓	
Regency Centers Corporation (REG)	✓	✓
Retail Opportunity Investments Corp. (ROIC)	✓	✓
SITE Centers Corp. (SITC)	✓	✓
Tanger, Inc. (SKT)	✓	
Urban Edge Properties (UE)	✓	✓
STORE Capital Corporation(2)		✓
First Industrial Realty Trust, Inc. (FR)		✓
Innovative Industrial Properties, Inc. (IIPR)		✓
Rexford Industrial Realty, Inc. (REXR)		✓

(1) National Retail Properties, Inc. changed its name to NNN REIT, Inc. on May 1, 2023.

(2) STORE Capital Corporation was acquired by GIC and Oak Street on February 3, 2023

Although the Compensation Committee uses peer group data to guide its review of our NEOs' total compensation and generally reviews the compensation data of the peer group and industry to understand market competitive compensation, the Compensation Committee does not benchmark compensation to a specific percentage of the compensation of this comparative group or otherwise apply a formula or assign this comparative group a relative weight.

Components of Executive Compensation

This section describes the three components of compensation that form the basis for the Compensation Committee’s compensation decisions related to the 2023 performance of our NEOs—base salaries, short-term incentive compensation and long-term incentive compensation awards. This section also discusses the rationale for each component and the methodology the Compensation Committee used to determine the payouts for each component.

BASE SALARIES

Base salaries are intended to provide our NEOs with a fixed and certain amount of compensation for services provided. The Compensation Committee determines the base salary level of our NEOs by evaluating, among other things, the responsibilities of the position held, the experience of the individual and the average base salaries of similar positions in the Company’s peer group. Base salaries for our NEOs typically are established in the first quarter of the year, and the Compensation Committee reviewed the base salaries of our NEOs in the first quarter of 2023 taking into consideration competitive market data, internal equity pay factors, and the Company’s strong performance over the past several years. The Compensation Committee determined that base salaries would remain flat in 2023 compared to 2022, taking into account base salaries of similarly situated executives at peer companies and the fact that base salaries had been raised in 2022.

Named Executive Officer	Base Salary		Percentage Change (from 2022 to 2023)
	2022	2023	
John A. Kite	\$950,000	\$950,000	0%
Thomas K. McGowan	\$550,000	\$550,000	0%
Heath R. Fear	\$550,000	\$550,000	0%

Each of Messrs. Kite, McGowan and Fear has an employment agreement with us, which were amended in December 2020 as described below. Each employment agreement prohibits the NEO’s base salary from being reduced by us during the term of the agreement without the executive’s consent. Thus, each NEO’s prior year salary effectively serves as a minimum requirement for the NEO’s salary for the ensuing year. The Compensation Committee has complete discretion to determine whether an increase in a NEO’s base salary is merited. Future adjustments, if any, to the NEOs’ base salaries will be in the sole discretion of the Compensation Committee.

SHORT-TERM INCENTIVE COMPENSATION

The Compensation Committee awards executives with annual short-term incentive compensation as a means to motivate and reward our NEOs. The Compensation Committee believes that annual bonuses play a significant role in motivating NEOs to accomplish near-term priorities that ultimately provide increases in shareholder value.

2023 Short-Term Incentive Opportunities

In February 2023, the Compensation Committee determined that, for 2023, each of our NEOs would be eligible to receive a short-term incentive compensation award at the threshold, target or maximum level equal to the following percentages of their annual base salaries. Consistent with prior years, threshold performance will result in an award at 60% of target or, for the Chief Executive Officer, 90% of target, and maximum performance will result in an award at 200% of target, or for the Chief Executive Officer, 300% of target:

Named Executive Officer	% of Base Salary		
	Threshold	Target	Maximum
John A. Kite	90%	150%	300%
Thomas K. McGowan	60%	100%	200%
Heath R. Fear	60%	100%	200%

In February 2023, the Compensation Committee approved targets and performance metrics to evaluate 2023 performance using a formulaic approach. In February 2024, the Compensation Committee approved short-term incentive compensation payouts for our NEOs based on these targets and metrics. Award determinations with respect to 2023 performance were based on (i) the achievement of the following objective corporate performance metrics against threshold, target and maximum values established in February 2023 for each such corporate performance metric and (ii) a subjective assessment of each individual executive's performance, weighted as indicated:

Performance Criteria	Weighting	Rationale for Including in Plan
FFO/share (as adjusted)(1)	25%	Key profitability metric as measured by the most frequently referenced REIT earnings measure
Same Property NOI(1)	20%	Key indicator of the management team's effectiveness at leading the Company in the management of our properties
Retail Portfolio Leased Rate	20%	Key metric used to assess REIT operating performance
ESG Items	15%	Consistent with our commitment to be a responsible corporate citizen
Individual Performance	20%	Holds our NEOs responsible for successfully performing their responsibilities and in executing the Company's strategic business plan

(1) See "ANNEX A: Definitions and Reconciliations of GAAP and Non-GAAP Financial Measures."

In reviewing Company performance, the Compensation Committee compared our 2023 results under each of the above performance criteria to the following ranges, and the Company outperformed all of the metrics in the short-term incentive compensation program:

Performance Criteria		Threshold	Target	Maximum		Results
2023 FFO/share (as adjusted)(1)	————>	\$1.85	\$1.92	\$1.99	————>	\$2.03
Same Property NOI(1)	————>	0.5%	2.5%	4.5%	————>	4.8%
Retail Portfolio Leased Rate(2)	————>	94.4%	94.8%	95.2%	————>	95.2%(2)
Number of ESG Items (out of 15 items)(3)	————>	5	10	15	————>	15

(1) In order to design rigorous short-term incentive compensation metrics, the Compensation Committee set the 2023 FFO/share target at the midpoint of guidance (with maximum goal in excess of the high end of guidance) and the Same Property NOI target at the midpoint of guidance (with the maximum goal in excess of the high end of guidance).

(2) Goals were established and results were calculated excluding the impact of Bed Bath & Beyond and Party City bankruptcies, with target calibrated above 2022 results.

(3) Based on accomplishing the following ESG Items: (i) complete 30 LED projects, (ii) complete 10 smart irrigation projects, (iii) obtain IREM certificates for an additional 24 properties, (iv) install EV charging stations at an additional 10 properties, (v) publish a corporate sustainability report aligned with two or three reporting frameworks (up to 2 points), (vi) scores from key third-party ESG surveys (up to 5 points), and (vii) progress toward other long-term climate, community impact, board diversity and employee related ESG goals (up to 4 points).

With respect to the individual performance component of the short-term incentive compensation determination, the Compensation Committee concluded that Messrs. Kite, McGowan and Fear merited a performance rating at the maximum for each executive based on the following key factors:

- significant operational achievements as noted above under "2023 Performance Highlights"

Compensation Discussion and Analysis

- our exceptional TSR performance, including outperforming the Nareit Shopping Center Index over each of the one-year, two-year, three-year and five-year periods as follows:

Performance Period	KRG's TSR Performance	Nareit Shopping Center Index	Peer Group Percent Rank
One-Year (2023)	13.7%	12.0%	64 th percentile
Two-Year (2022-2023)	14.6%	-2.0%	86 th percentile
Three-Year (2021-2023)	72.9%	61.7%	85 th percentile
Five-Year (2019-2023)	111.4%	46.3%	96 th percentile

- our continued strong balance sheet, our continued ability to capitalize on strong leasing demand, and our delivery of tenant openings substantially on time and on budget

The Compensation Committee also considered the input of Mr. Kite when assessing the individual performance component with respect to Messrs. McGowan and Fear, principally because the Compensation Committee believes that Mr. Kite's input is valuable given his knowledge of our operations, the day-to-day responsibilities and performance of Messrs. McGowan and Fear, the real estate industry generally and the markets in which we operate.

For 2023, based on the above formulas, the Company's actual results and the Compensation Committee's assessment of each NEO's performance, the following short-term incentive compensation was awarded. The awards were paid in cash:

Named Executive Officer	2023 Year End Short-Term Incentive Compensation
John A. Kite	\$2,850,000
Thomas K. McGowan	\$1,100,000
Heath R. Fear	\$1,100,000

2024 SHORT-TERM INCENTIVE STRUCTURE

For 2024, the Compensation Committee has approved a formula that will include threshold, target and maximum performance goals for the following measures:

2024 Measures	Weighting
FFO/share	25%
Same Property NOI	20%
Retail Portfolio Leased Rate	20%
ESG Items	15%
Individual Performance	20%

LONG-TERM INCENTIVE COMPENSATION ("LTI")

All share-based compensation awards to NEOs are granted by the Compensation Committee. The Compensation Committee awards share-based incentive compensation because it believes such compensation aligns the interests of our NEOs with those of our shareholders, consistent with our pay-for-performance philosophy.

Annual Equity Awards

For 2023, the annual equity compensation program was bifurcated into two components as follows:

Annual Equity Awards	
Performance-Based	Time-Based
Performance-Based LTIP Units: Provide incentive to achieve long-term, objective goals and deliver significant returns to shareholders, plus a holding period following the vesting date	Time-Based LTIP Units: Promotes the retention of our NEOs over a multi-year vesting period, plus a holding period following the vesting date
60% Core LTI Compensation	40% Core LTI Compensation

The Compensation Committee approved 2023 target long-term incentive values in February 2023 for each of the NEOs as set forth below:

Named Executive Officer	Total Target Value	Target	
		Performance-Based LTIP Units	Time-Based LTIP Units
John A. Kite	\$4,250,000	= \$2,550,000	+ \$1,700,000
Thomas K. McGowan	\$1,400,000	= \$ 840,000	+ \$ 560,000
Heath R. Fear	\$1,300,000	= \$ 780,000	+ \$ 520,000

The grant date of such awards is established when the Compensation Committee approves the grant and all key terms have been determined. In some cases, the Compensation Committee may select a future date as the grant date.

Performance-Based Awards. In February 2023, the Compensation Committee granted performance-based awards in the form of performance-based LTIP Units (“LTIP Units”). LTIP Units are a special class of limited partnership units in the Operating Partnership that are intended to qualify as “profits interests” for U.S. federal income tax purposes.

Each NEO received a number of performance-based LTIP Units equal to the maximum dollar value approved by the Compensation Committee, divided by the grant date fair value of \$22.20 per LTIP Unit, with the target dollar value and maximum number of units, as follows:

Named Executive Officer	Target Performance-Based LTIP Units (\$ value)	Maximum Performance-Based LTIP Units (# of units)
John A. Kite	\$2,550,000	258,446
Thomas K. McGowan	\$ 840,000	85,136
Heath R. Fear	\$ 780,000	79,055

The actual number of performance-based LTIP Units that each NEO will earn will be between 0% and 100% of the maximum number of performance-based LTIP Units granted to him, depending on the achievement of the applicable performance criteria. Because the number of performance-based LTIP Units that will be earned, if any, will not be determined until the end of the three-year performance period, the actual value of the performance-based LTIP Units will depend on the Company’s achievement of the applicable performance criteria.

The performance-based LTIP Units are eligible to become earned based on the TSR of the Company’s common shares over a three-year performance period commencing as of the grant date (February 14, 2023 through February 13, 2026), relative to the TSRs of the companies that comprise the FTSE Nareit Equity Shopping Center Index over the same time period, provided that only companies that are public throughout the entire performance period will be included for purposes of calculating the relative TSR comparison.

Compensation Discussion and Analysis

After our TSR percentile for the three-year performance period is determined, the number of performance-based LTIP Units that will be earned by each NEO will be determined by multiplying the NEO's maximum number of performance-based LTIP Units by the applicable percentage listed in the following table (not to exceed the maximum number of performance-based LTIP Units granted). To the extent performance falls between two levels in the table below, linear interpolation will apply in determining the percentage of the performance-based LTIP Units that are earned.

	TSR Percentile for the Performance Period	Number of Earned Performance-Based LTIP Units
Maximum	80 th percentile	100% of the Maximum Number of Performance-Based LTIP Units
Target	55 th percentile	44% of the Maximum Number of Performance-Based LTIP Units
Threshold	30 th percentile	22% of the Maximum Number of Performance-Based LTIP Units

Subject to the NEO's continued service with the Company through the end of the performance period, earned performance-based LTIP Units will vest as of the date the Compensation Committee determines whether and to the extent the performance criteria have been achieved and will be subject to an additional two-year post-vesting holding period. Any performance-based LTIP Units that do not become earned with respect to the performance period will be forfeited.

Distributions will accrue during the performance period and will be paid only on performance-based LTIP Units that are earned at the conclusion of the performance period. Any accrued distributions on earned performance-based LTIP Units will be settled in cash at such time.

Time-Based Award Targets and Awards. For the annual equity incentive award for 2023, the Compensation Committee set time-based equity incentive award targets equal to 40% of the overall target for the NEOs. The actual value of the ultimate award could vary upward or downward from the target value based on the Compensation Committee's evaluation of 2023 performance. The Compensation Committee had the discretion to grant time-based equity awards between 50% and 150% of the target value for each NEO.

In determining the value of the 2023 time-based awards, the Compensation Committee reviewed performance as outlined under "2023 Performance Highlights" above. In particular, the Compensation Committee noted that the Company performed at the top of the market in a variety of measures, including:

- our exceptional TSR performance, including outperforming the Nareit Shopping Center Index over each of the one-year, two-year, three-year and five-year periods as detailed under "2023 Short-Term Incentive Opportunities"
- financial performance (including FFO/share and Same Property NOI) well in excess of the high-end of guidance set forth in early 2023

Based on its review of 2023 performance, in February 2024, the Compensation Committee determined that each of Messrs. Kite, McGowan and Fear would be awarded 150% of the target value for the time-based awards. With respect to the annual time-based equity awards, each NEO may choose to receive LTIP Units or restricted common shares. Each of our NEOs elected to receive time-based LTIP Units instead of time-based restricted common shares, which, based on the closing price of our common shares on February 16, 2024 of \$21.48, resulted in time-based LTIP Unit awards in the following amounts:

Named Executive Officer	Time-Based LTIP Units at 150% of Target (\$ value)	Time-Based LTIP Units (# of units)
John A. Kite	\$2,550,000	118,716
Thomas K. McGowan	\$ 840,000	39,107
Heath R. Fear	\$ 780,000	36,313

As would have been the case if granted as time-based restricted common shares, these time-based LTIP Units vest ratably over three years from the grant date of February 16, 2024 and will be subject to an additional two-year post-vesting holding period. While the

Compensation Committee determined to make the foregoing grants to Messrs. Kite, McGowan and Fear based on 2023 performance, these awards were granted in February 2024; therefore, the value of such awards is not included in 2023 compensation in the “Summary Compensation Table” included in this proxy statement.

Status of Performance-Based Equity Awards Granted Since 2020

To assist with calculating realizable pay, we provide the following updates with respect to ongoing and completed performance-based equity awards made to our Chief Executive Officer in the past four years, each as of December 31, 2023:

Grant Date	Thresh. Payout (Units)	Target Payout (Units)	Max. Payout (Units)	Perf. Period	Target/Actual Earned Date	Actual Payout
2/12/20 (AO LTIP Units) (1)	—	1,729,729	—	3-5 years	3 years	Performance condition satisfied (stock has exceeded threshold of \$20.424 for required 20 consecutive days) and service condition satisfied; 863,864 AO LTIP Units were exercised on August 14, 2023
2/12/21 (AO LTIP Units) (1)	—	477,612	—	3-5 years	3 years	Performance condition satisfied (stock has exceeded threshold of \$19.194 for required 20 consecutive days) but service condition not yet met(2)
1/14/22 (Merger Award)	—	67,386	202,157	~3 years	~3 years	Performance conditions to be measured at end of performance period and not yet satisfied
2/15/22 (Performance-Based LTIP Units)	51,940	103,879	233,726	3 years	3 years	Performance conditions to be measured at end of performance period and not yet satisfied
2/14/23 (Performance-Based LTIP Units)	57,433	114,865	258,446	3 years	3 years	Performance conditions to be measured at end of performance period and not yet satisfied

- (1) AO LTIP Units are a special class of limited partnership units in the Operating Partnership that are intended to qualify as “profits interests” for U.S. federal income tax purposes that, subject to certain conditions, including vesting, may be convertible into vested LTIP Units. The number of units acquired represents the number of vested LTIP Units realized through the conversion of vested AO LTIP Units into a number of vested LTIP Units determined on the basis of the increase in the value of a common share of the Company over the AO LTIP Unit’s participation threshold. The conversion ratio between vested AO LTIP Units and vested LTIP Units is the quotient of (i) the excess of the value of a common share of the Company as of the date of conversion over the participation threshold, divided by (ii) the value of a common share of the Company as of the date of conversion. This effect is similar to a cashless exercise of stock options whereby the holder receives a number of shares equal in value to the difference between the full value of the total number of shares for which the stock option is being exercised and the total exercise price.
- (2) Service condition met as of February 12, 2024 (but after the December 31, 2023 reference date for the table above).

Other Compensation Plans and Personal Benefits

We maintain a defined contribution plan (the “401(k) Plan”). All of our full-time employees are eligible to participate in the 401(k) Plan and are permitted to contribute up to the maximum percentage allowable without exceeding the limits under the Internal Revenue Code of 1986, as amended (the “Code”). All amounts deferred by a participant, as well as the contributions we make under the 401(k) Plan, vest immediately in the participant’s account. We may make “matching contributions” equal to 100% of the participant’s contribution up to 3% of the participant’s salary and 50% of the participant’s contribution over 3% and up to 5% of the participant’s salary, not to exceed the annual maximums determined under the Code, which were \$22,500 for employee contributions (or for participants age 50 or over, \$30,000) and \$13,200 for employer matches. During 2023, we made matching contributions totaling \$39,600 on behalf of the NEOs, in the aggregate.

We periodically provide certain benefits to our employees that we believe are important to attract and retain talented individuals. In 2023, these benefits included payments related to healthcare and life insurance. These benefits provided to our NEOs in 2023 are described in the “Summary Compensation Table” below. We do not offer defined benefit pension or supplemental executive retirement plans to any of our employees.

Share Ownership Requirements

Pursuant to the Company’s existing policy that was adopted in 2015, our current NEOs are required to own a number of our common shares or units of limited partnership interest of our Operating Partnership with an aggregate value calculated as a multiple of his respective base salary, as follows:

**CEO MUST OWN STOCK EQUAL TO
10X
BASE SALARY**

Named Executive Officer	Multiple of Base Salary	Value of Minimum Share Ownership Requirement (based on 2023 Base Salary)
John A. Kite	10x	\$9,500,000
Thomas K. McGowan	3x	\$1,650,000
Heath R. Fear	3x	\$1,650,000

Each of Messrs. Kite, McGowan and Fear was in compliance with the ownership requirements as of December 31, 2023.

Clawback Policy

In accordance with implementing regulations of the Dodd-Frank Act and associated listing standards, in 2023 the Board adopted an updated incentive compensation recovery policy that provides for the mandatory recovery of incentive-based compensation from current and former executives that was erroneously awarded during the three years preceding the date that the Company is required to prepare an accounting restatement.

Tax Limits on Executive Compensation

The Compensation Committee considers the tax deductibility of compensation as one of many factors when considering executive compensation program alternatives. Due to its tax status as a REIT, the Company must generally distribute at least 90% of its taxable income to shareholders. To the extent that compensation is not deductible, taxable income will be higher and distributions to shareholders may therefore be higher than they would be otherwise.

Under Section 162(m) of the Code, a publicly held corporation is generally limited to a \$1 million annual tax deduction for compensation paid to each of its “covered employees,” which generally includes the corporation’s chief executive officer, chief financial officer and the three other most highly compensated executive officers and certain former executive officers in such roles.

Although the Compensation Committee is mindful of the limits imposed by Section 162(m), the Compensation Committee nevertheless reserves the right to structure the compensation packages and awards in a manner that may exceed the limitation on deduction imposed by Section 162(m) if it determines that such payments are consistent with our pay-for-performance philosophy and are in the best interests of the Company.

Compensation Committee Report

The Compensation Committee of our Board has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement and incorporated by reference into our Annual Report on Form 10-K for the fiscal year ended December 31, 2023.

Respectfully submitted,

The Compensation Committee of the Board of Trustees

(1) The amounts disclosed in this column do not represent actual amounts paid in cash to or value realized by the NEO. The amounts disclosed in this column for 2023 reflect the aggregate grant date fair value computed in accordance with FASB ASC Topic 718 of the share-based incentive compensation (i) for the 2022 fiscal year, granted in February 2023 as time-based LTIP Units and (ii) granted in February 2023 as performance-based LTIP Units. The assumptions used to calculate these amounts are described in Note 5 (Share-Based Compensation) to our consolidated financial statements, included in our Annual Report on Form 10-K for the year ended December 31, 2023. Assuming that maximum performance is achieved under the performance-based LTIP Units granted in 2023, the value at the grant date of these performance-based LTIP Units would have been as follows: Mr. Kite—\$4,655,434; Mr. McGowan—\$1,516,925; and Mr. Fear—\$1,401,833. The grant date fair value of the time-based LTIP Units granted during the year ended December 31, 2023 was calculated as the appraisal price multiplied by the number of LTIP Units granted. The value of the time-based LTIP Units granted to the NEOs in 2023 is reflected in the “Grants of Plan-Based Awards in 2023” table.

(2) These amounts represent the amount of the annual short-term incentive compensation earned by each NEO for such fiscal years.

(3) The amounts shown in the “All Other Compensation” column reflect for each NEO:

- the value of premiums paid pursuant to health and dental insurance benefits provided by the Company;
- the value of premiums paid pursuant to life and disability insurance benefits provided by the Company;
- contributions to employees’ health savings accounts; and
- matching contributions allocated by the Company pursuant to the 401(k) Plan.

With respect to Mr. Fear only, “All Other Compensation” also includes reimbursement for certain commuting and housing expenses and standard industry fare level imputed income for a flight on an aircraft leased or owned by the Company. Except as set forth below, the amount attributable to each such perquisite or personal benefit (as defined by SEC rules) for each NEO set forth above does not exceed the greater of \$25,000 or 10% of the total amount of perquisites or benefits received by such NEO. The amount attributable to each item that is not a perquisite or personal benefit (as defined by SEC rules) does not exceed \$10,000. During fiscal year 2023, Mr. Fear received reimbursement of \$23,592 for housing expenses, \$18,848 for related tax reimbursement, and \$2,750 for use of an airplane associated with commuting to the Company’s Indianapolis headquarters.

- (1) Represents the possible payouts under the Company's annual short-term incentive compensation plan set by the Compensation Committee in February 2023. The amount of annual short-term incentive compensation eligible to be earned by each of the NEOs was based upon objective corporate performance metrics and a subjective assessment of each individual executive's performance. The actual amount earned by each NEO in 2023 is reported under the "Non-Equity Incentive Plan Compensation" column in the "Summary Compensation Table." For more information about the annual short-term incentive compensation awards, see "Compensation Discussion and Analysis—Components of Executive Compensation—Short-Term Incentive Compensation" above.
- (2) Represents the annual performance-based LTIP Units granted in February 2023. For more information about the annual performance-based LTIP Units, see "Compensation Discussion and Analysis—Components of Executive Compensation—Long-Term Incentive Compensation" above.
- (3) Represents the time-based LTIP Units awarded in February 2023 as share-based incentive compensation for the 2022 fiscal year. These LTIP Units will vest ratably over a period of three years, contingent on continued service by the NEO through the applicable vesting date. The awards are also subject to a two year "no sell" restriction prohibiting the NEOs from transferring the units for a two-year period after the awards vest, except in limited circumstances.

ADDITIONAL INFORMATION RELATED TO SUMMARY COMPENSATION TABLE AND GRANTS OF PLAN-BASED AWARDS TABLE

On December 29, 2020, we entered into new employment agreements with each of Messrs. Kite, McGowan and Fear. These new employment agreements were effective as of December 31, 2020, and superseded their previous agreements with us, which were initially entered into with Mr. Kite and Mr. McGowan on July 28, 2014, and with Mr. Fear on October 1, 2018.

- The initial term of each employment agreement will end on December 31, 2025, with automatic one-year renewals on each December 31st thereafter, unless the Board or the executive elects not to extend the term by providing the other party with 90 days' written notice. In addition, the term of each employment agreement will be automatically extended upon a change in control until the second anniversary following such change in control with automatic one-year renewals on each anniversary thereafter, unless the Board or the executive elects not to extend the term by providing the other party with written notice at least 180 days prior to the date when such term would otherwise be extended.

Compensation of Executive Officers and Trustees

- The employment agreements set base salaries and annual cash incentive targets for the executives, which are subject to annual review and may be increased (but not decreased) by the Compensation Committee. For a discussion of these provisions, including their material terms and features, please see “Compensation Discussion and Analysis—Components of Executive Compensation—Base Salaries” and “Compensation Discussion and Analysis—Components of Executive Compensation—Short-Term Incentive Compensation.” The NEO’s 2023 base salaries and annual cash incentive targets are:

Executive	Base Salary	Annual Cash Incentive Target
John A. Kite	\$950,000	150% of Base Salary
Thomas K. McGowan	\$550,000	100% of Base Salary
Heath R. Fear	\$550,000	100% of Base Salary

- The employment agreements also provide that the executives are entitled to participate in our Equity Plan and any group life, hospitalization or disability insurance plans, health programs, pension and profit-sharing plans, and similar benefits commensurate with the benefits we provide to our senior executives generally. Mr. Fear’s employment agreement also provides that the Company will reimburse him for up to \$3,500 per month for housing and ordinary commuting expenses associated with commuting to the Company’s Indianapolis headquarters. For information related to the additional benefits provided to our NEOs, please see the “All Other Compensation” column of the “Summary Compensation Table” below.
- Under each employment agreement, if the executive is terminated by us without “cause” or resigns for “good reason” (each as defined in his employment agreement), he will be entitled to certain severance payments, as described in detail below under “—Potential Payments Upon Termination or Change-in-Control.” In contrast to each executive’s previous employment agreement, the definition of “without cause” in the employment agreements does not include a decision by the Company not to extend the term of the employment agreement, meaning no payment will be owed to the executive solely because the employment agreement is not renewed at the end of a term.
- Each employment agreement contains confidentiality, non-competition, non-solicitation, and non-disparagement restrictions during the term of the employment agreement and for certain specified periods thereafter. The non-competition restricted period is 18 months for Mr. Kite and Mr. McGowan and 12 months (or 18 months if his employment terminates without “cause” or for “good reason” in the two-year period following a change in control) for Mr. Fear.

Bonuses and Equity Awards. Each of our NEOs received in 2024 short-term incentive compensation related to 2023 performance that was paid in the form of cash. For a discussion of these awards, including their material terms and features, please see “Compensation Discussion and Analysis—Components of Executive Compensation—Short-Term Incentive Compensation” and “Summary Compensation Table.”

In 2023, each of our NEOs received a time-based equity award in the form of LTIP Units based on 2022 performance. For a discussion of these awards, including their material terms and features, please see “Compensation Discussion and Analysis—Components of Executive Compensation—Long-Term Incentive Compensation—Time-Based Award Targets and Awards,” the “Summary Compensation Table,” and the “Grants of Plan-Based Awards in 2023” Table, including the footnotes to such tables.

In 2023, each of our NEOs also received an annual performance-based equity award in the form of LTIP Units. See “Compensation Discussion and Analysis—Components of Executive Compensation—Long-Term Incentive Compensation—Performance-Based Awards,” the “Summary Compensation Table” and the “Grants of Plan-Based Awards in 2023” Table, including the footnotes to such tables.

- (1) For each AO LTIP Unit, the exercise price is the “participation threshold” of such AO LTIP Unit.
- (2) Represents time-based LTIP Unit awards granted prior to January 1, 2024 that are not fully vested as of December 31, 2023, all of which vest ratably over three to five years beginning either (i) on the first anniversary date of the grant date or (ii) for the special retention awards granted in December 2020 in conjunction with the amendment of the NEOs’ employment agreements, on the specified future date of December 31, 2023, and are not subject to any performance criteria, and in some cases are subject to a “no-sell” restriction prohibiting the NEOs from transferring the shares for a specified period after the award vests, except in limited circumstances. The following table reflects the grant date, total number of LTIP Units granted, and the vesting period, a portion of which remain unvested as of December 31, 2023:

- (3) Based on the closing share price on December 29, 2023 (the last trading day of the 2023 calendar year) of \$22.86.
- (4) Represents (i) a special performance-based equity award granted in early 2022 to recognize the transformative merger with RPAI and incentivize the achievement of successful merger-related synergies (the “Merger Award”) and (ii) performance-based LTIP Units granted prior to January 1, 2024 that have not been earned as of December 31, 2023. The performance and service period of the Merger Award is the approximate three-year period from October 23, 2021 (the day following the consummation of the merger with RPAI) through December 31, 2024. Subject to the NEO’s continued service with the Company through the end of the performance period, the earned portion of the Merger Award will vest as of the date the Compensation Committee determines whether and to the extent the performance criteria have been achieved (such date being no later than 60 days following the performance period) and will be subject to an additional two-year post-vesting holding period. The performance and service

Compensation of Executive Officers and Trustees

period of the performance-based LTIP Units is the three-year period from the grant date of February 15, 2022 through February 14, 2025 for performance-based LTIP Units granted in 2022 and from February 14, 2023 through February 13, 2026 for performance-based LTIP Units granted in 2023. Subject to the NEO's continued service with the Company through the end of the performance period, the earned portion of the performance-based LTIP Units will vest as of the date the Compensation Committee determines whether and to the extent the performance criteria have been achieved (such date being no later than 60 days following the performance period) and will be subject to an additional two-year post-vesting holding period. The following table reflects the grant date, total number of LTIP Units granted (at maximum), the assumed performance level (based on achieving threshold performance goals, except that if the previous fiscal year's performance exceeded the threshold, then based on the next higher performance measure that exceeds the previous fiscal year's performance), the estimated market value based on the assumed performance level, and the grant type:

Name	Grant Date	# of Units Granted (Max)	Assumed Performance Level	Estimated Market Value	Grant Type
John A. Kite	1/14/22	202,157	Maximum	\$4,621,309	Merger Award

Thomas K. McGowan	1/14/22	80,863	Maximum	\$1,848,528	Merger Award
	2/15/22	74,793	Maximum	\$1,709,768	Performance-Based LTIP Units

	2/14/23	79,055	Maximum	\$1,807,197	Performance-Based LTIP Units

- (5) Represents 2020 AO LTIP Units that became fully vested and exercisable as of February 12, 2023 based on both (i) the NEO's continuous service from the grant date until the third anniversary of the grant date (February 12, 2023) and (ii) the Company's stock price appreciating at least 15% for at least 20 consecutive trading days during the period commencing as of the first anniversary of the grant date and ending on the fifth anniversary of the grant date (February 12, 2025).
- (6) Represents 2021 AO LTIP Units that become fully vested and exercisable if both (i) the NEO continues to provide services from the grant date until the third anniversary of the grant date (February 12, 2024) and (ii) the Company's stock price appreciates at least 15% for at least 20 consecutive trading days during the period commencing as of the first anniversary of the grant date and ending on the fifth anniversary of the grant date (February 12, 2026). While the performance condition was satisfied prior to December 31, 2023, the service condition was satisfied subsequent to December 31, 2023 but prior to the date of this proxy statement.

Option Exercises and Shares Vested in 2023

The following table sets forth the number of AO LTIP Units that were exercised during 2023 and the value realized on exercise, and the amounts and value of restricted common shares and LTIP Units that vested during 2023 for each NEO.

Name and Principal Position	Option Awards		Share Awards	
	Number of Shares or Units Acquired on Exercise (#)	Value Realized on Exercise (\$)(1)	Number of Shares or Units Acquired on Vesting (#)	Value Realized on Vesting (\$)(2)
John A. Kite <i>Chairman & CEO</i>	214,045(3)	\$4,950,861	115,187	\$2,585,454
Thomas K. McGown <i>President & COO</i>	211,322(3)	\$4,949,741	50,676	\$1,134,028
Heath R. Fear <i>EVP & CFO</i>	126,450(3)	\$2,971,512	42,844	\$ 962,073

- (1) Value realized on exercise was determined by multiplying the number of vested LTIP Units realized upon conversion by the closing price of the Company's common shares on the date of conversion.
- (2) Value realized on vesting was determined using the closing price of the Company's common shares on the respective dates that the time-vesting restricted shares or LTIP Units vested or, if they vested on a non-trading day, the closing price on the next preceding trading day.
- (3) The number of units acquired represents the number of vested LTIP Units realized through the conversion of vested AO LTIP Units into a number of vested LTIP Units determined on the basis of the increase in the value of a common share of the Company over the AO LTIP Unit's participation threshold. The conversion ratio between vested AO LTIP Units and vested LTIP Units is the quotient of (i) the excess of the value of a common share of the Company as of the date of conversion over the participation threshold, divided by (ii) the value of a common share of the Company as of the date of conversion. This effect is similar to a cashless exercise of stock options whereby the holder receives a number of shares equal in value to the difference between the full value of the total number of shares for which the stock option is being exercised and the total exercise price. Mr. Kite exercised 863,864 vested AO LTIP Units with a participation threshold of \$17.76; Mr. McGowan exercised 372,671 vested AO LTIP Units with a participation threshold of \$15.79 and 405,405 vested AO LTIP Units with a participation threshold of \$17.76; Mr. Fear exercised 253,416 vested AO LTIP Units with a participation threshold of \$15.79 and 200,000 vested AO LTIP Units with a participation threshold of \$17.76.

Potential Payments Upon Termination or Change in Control

We may be required to make certain payments to our NEOs in the event their services are terminated or we experience a change in control. Under the terms of our employment agreements with Messrs. Kite, McGowan and Fear, the amount of these payments (and whether we would be required to make them) depends on the nature of the executive's termination. The various termination and change in control scenarios and the amounts we would be required to pay upon the occurrence of each are described below.

<i>Termination by us without "Cause" or by the NEO for "Good Reason" outside of the "CIC Protection Period"</i>	<p>In this scenario, the NEO would be entitled to:</p> <ul style="list-style-type: none"> • compensation accrued at the time of termination • a lump sum severance payment equal to his "severance multiple" (which for Mr. Kite and Mr. McGowan is three, and for Mr. Fear is two), multiplied by the sum of his base salary then in effect and the average annual cash incentive compensation actually paid to the executive • a lump sum severance payment equal to his pro-rata annual cash incentive compensation for the year of termination, subject to the applicable performance criteria having been met at target or above for that year • continued medical, prescription and dental benefits to him and/or his family for 18 months after his termination date • full and immediate vesting of his equity awards that are subject only to time-vesting based on service
	<ul style="list-style-type: none"> • pro-rata vesting of his performance-based equity awards (including performance-based LTIP Units and the Merger Award) if the performance objectives are achieved at the end of the performance period

- under the form of award agreement for the AO LTIP Units, pro-rata vesting of his unvested AO LTIP Units if the stock appreciation performance-based metric has already been met or is met within 90 days following such termination
-

Termination by us without "Cause" or by the NEO for "Good Reason" during the "CIC Protection Period"

In this scenario, the NEO would be entitled to:

- compensation accrued at the time of termination
 - a lump sum severance payment equal to his "severance multiple" (which for each of Messrs. Kite, McGowan and Fear is three), multiplied by the sum of his base salary then in effect and the average annual cash incentive compensation actually paid to the executive with respect to the prior three fiscal years
 - a lump sum severance payment equal to his pro-rata annual cash incentive compensation target for the year of termination, without regard to the achievement of the applicable performance criteria
 - continued medical, prescription and dental benefits to him and/or his family for 18 months after his termination date
 - full and immediate vesting of his equity awards that are subject only to time-vesting based on service
 - full vesting of his performance-based equity awards (other than the performance-based LTIP Units and the Merger Award) at the greater of (i) the target level on his termination date or (ii) actual performance as of his termination date; for the performance-based LTIP Units and the Merger Award, pro-rata vesting if the performance objectives are achieved at the end of the performance period
 - under the form of award agreement for the AO LTIP Units, pro-rata vesting of his unvested AO LTIP Units if the stock appreciation performance-based metric has already been met or is met within 90 days following such termination
-

Termination by us for "Cause" or by the NEO without "Good Reason"

In this scenario, the NEO would be entitled to:

- compensation accrued at the time of termination
-

Termination for Death or Disability

In this scenario, the NEO would be entitled to:

- compensation accrued at the time of termination
 - a lump sum payment equal to his pro-rata annual cash incentive compensation target for the year of termination
 - continued medical, prescription and dental benefits to him and/or his family for 18 months after his termination date
 - under his employment agreement, full and immediate vesting of his equity awards other than any performance-based equity award that specifically supersedes the vesting provision of his employment agreement; for the performance-based LTIP Units and the Merger Award, pro-rata vesting if the performance objectives are achieved at the end of the performance period
 - under the form of award agreement for the AO LTIP Units, pro-rata vesting of his unvested AO LTIP Units if the stock appreciation performance-based metric has already been met or is met within 90 days following such termination
-

Change in Control

Under the Equity Plan, in the event of a “corporate transaction” (as defined in such plan) where outstanding equity awards are not assumed by our corporate successor, the NEO would receive:

- full and immediate vesting of all equity awards that were granted under our previous equity incentive plans
- full and immediate vesting of all time-vested equity awards granted under the Equity Plan (unless we elect to cancel such awards and pay the value received in the corporate transaction by holders of shares for them)
- settlement of performance awards (i) at target if less than half the performance period has passed or if actual performance is not determinable, and (ii) based on actual performance to date if at least half the performance period has passed

Under the form of award agreement for the performance-based LTIP Units, in the event of a corporate transaction, if such awards are not assumed, continued, or substituted for, the greater number of (i) the number of performance-based LTIP Units determined in accordance with actual performance through such corporate transaction based on the pro-rated performance goals or (ii) the target number of performance-based LTIP Units, will vest.

Under the form of award agreement for the Merger Award, in the event of a corporate transaction, if such awards are not assumed, continued, or substituted for, the greatest number of LTIP Units determined in accordance with: (i) actual performance through such corporate transaction based on the pro-rated performance goals; (ii) 50% of the maximum number of LTIP Units subject to the Merger Award; or (iii) the number of LTIP Units as determined by the Compensation Committee, will vest.

Under the form of award agreement for the AO LTIP Units, in the event of a corporate transaction, if the AO LTIP Units are not assumed, continued, or substituted for, the stock appreciation performance-based metric is pro-rated through the date of the corporate transaction, and if the deal price for the corporate transaction would satisfy the pro-rated stock appreciation performance-based metric, the AO LTIP Units will vest and become exercisable in full.

For purposes of the foregoing scenarios, “Cause,” “Good Reason,” “Change in Control,” and “CIC Protection Period” are defined as follows:

- Cause. Each of the employment agreements generally defines “cause” as an executive’s (i) conviction for or pleading nolo contendere to a felony; (ii) commission of an act of fraud, theft or dishonesty related to our business or his duties; (iii) willful and continuing failure or habitual neglect to perform his duties; (iv) material violation of confidentiality covenants, non-competition agreement or other restrictive covenants contained in the employment agreement; or (v) willful and continuing breach of the employment agreement.
- Good Reason. Each of the employment agreements generally defines “good reason” as (i) a material reduction in the executive’s authority, duties and responsibilities or the assignment to him of duties materially and adversely inconsistent with his position; (ii) a material reduction in the executive’s annual salary that is not in connection with a reduction of compensation applicable to senior management employees; (iii) our requirement that the executive’s work location be moved more than 50 miles from our principal place of business in Indianapolis, Indiana; (iv) our failure to obtain a reasonably satisfactory agreement in form and substance to the executive from any successor to our business to assume and perform the employment agreement; or (v) our material breach of the employment agreement.
- Change in Control. The Equity Plan generally defines “corporate transaction” as the first occurrence of, in a single transaction or in a series of related transactions, of any of the following events: (i) our dissolution or liquidation or a merger, consolidation, or reorganization of the Company with one or more other entities in which we are not the surviving entity; (ii) a consummated sale of all or substantially all of the assets of the Company to another person or entity; (iii) any transaction (including a merger or reorganization in which we are the surviving entity) that results in any person or entity (other than persons or entities who are shareholders or affiliates of the Company immediately prior to the transaction) owning 30% or more of the combined voting power of all classes of our shares; or (iv) a change in the composition of our Board as of July 23, 2004, in which the incumbent trustees cease, for any reason, to constitute a majority of the Board unless each trustee who was not an incumbent trustee was elected, or nominated for election, and approved by a vote of at least a majority of the incumbent trustees and trustees subsequently so elected or nominated, excluding those trustees who initially assumed office as a result of an actual or threatened election contest or other solicitation of proxies by or on behalf of an individual, entity or group other than the Board.

Compensation of Executive Officers and Trustees

- CIC Protection Period. Each of the employment agreements defines “CIC Protection Period” as the period commencing as of the date of the consummation of a Change in Control and ending on the second anniversary of the consummation of such Change in Control.

QUANTIFICATION OF BENEFITS UNDER TERMINATION EVENTS

The tables below set forth the amounts that we would have been required to pay each of the NEOs under the termination events described above or upon a change in control, assuming the termination or change in control occurred on December 31, 2023.

- (1) The amounts in this column reflect the “Compensation Accrued at Termination” as defined in each NEO’s employment agreement, which includes the “Annual Cash Incentive” for 2023 performance, which is only payable because the applicable presumed termination date for purposes of this table is assumed to be the last day of the Company’s 2023 fiscal year (and would not otherwise be payable upon any termination prior to such date).
- (2) Consists of a “corporate transaction” under the Equity Plan in which outstanding equity awards are not assumed by our corporate successor. Amounts in this column are payable (i) by operation of our Equity Plan, (ii) for performance-based LTIP Units, by operation of the applicable award agreement, which provides for vesting at the greater of the number of performance-based LTIP Units that would vest based on actual performance through such corporate transaction based on the pro-rated performance goals or the target number of performance-based LTIP Units, (iii) for the Merger Award, by operation of the applicable award agreement, which provides for vesting at the greatest of the number of LTIP Units that would vest based on actual performance through such corporate transaction based on the pro-rated performance goals, 50% of the maximum number of LTIP Units subject to the Merger Award, or the number of LTIP Units as determined by the Compensation Committee, and (iv) for AO LTIP Units, by operation of the applicable award agreement, which provides for full acceleration if the deal price upon a corporate transaction would satisfy the performance metric, pro-rated through the date of such corporate transaction. For the performance-based LTIP Units, we assumed actual performance based on the pro-rated performance goals at maximum was achieved. For the Merger Award, we assumed actual performance based on the pro-rated performance goals at maximum was achieved. For the 2021 AO LTIP Units, we assumed that the pro-rata stock appreciation performance-based hurdle was satisfied and that the AO LTIP Units vested and were exercisable in full on December 31, 2023, at the average closing price for the prior 10 trading days.

- (3) For purposes of the pro-rata annual cash incentive compensation for the year of termination included as part of “Cash Severance” for the first two columns, this row does not provide for any proration because the applicable presumed termination date for purposes of this table is assumed to be the last day of the Company’s 2023 fiscal year.
- (4) For purposes of a termination without Cause or for Good Reason outside a CIC Protection Period, amount calculated as (i) the number of shares that have not vested (from the Outstanding Equity Awards at Fiscal Year-End December 31, 2023 Table) multiplied by the closing price of our common shares of \$22.86 on December 29, 2023 (the last trading day of the 2023 calendar year); (ii) for the performance-based LTIP Units and the Merger Award, vesting of the pro-rated number of LTIP Units granted, assuming maximum performance was satisfied for both the performance-based LTIP Units and the Merger Award, and (iii) for the 2021 AO LTIP Units, vesting and exercise of the pro-rated number of AO LTIP Units granted based on the number of days between the grant date and the third anniversary of the grant date, valued on December 31, 2023, using the average closing price of the Company’s stock for the previous 10 trading days and assuming the performance threshold was satisfied as of the date of termination or 90 days thereafter.
- (5) For purposes of a termination without Cause or for Good Reason during a CIC Protection Period, amount calculated as (i) the number of shares that have not vested (from the Outstanding Equity Awards at Fiscal Year-End December 31, 2023 Table) multiplied by the closing price of our common shares of \$22.86 on December 29, 2023 (the last trading day of the 2023 calendar year); (ii) for the performance-based LTIP Units and the Merger Award, vesting of the pro-rated number of LTIP Units granted, assuming maximum performance was satisfied for both the performance-based LTIP Units and the Merger Award, and (iii) for the 2021 AO LTIP Units, vesting and exercise of the pro-rated number of AO LTIP Units granted based on the number of days between the grant date and the third anniversary of the grant date, valued on December 31, 2023, using the average closing price of the Company’s stock for the previous 10 trading days and assuming the performance threshold was satisfied as of the date of termination or 90 days thereafter.

Pay Ratio Disclosure

Pursuant to Item 402(u) of SEC Regulation S-K and Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, presented below is the ratio of the annual total compensation of our Chief Executive Officer to the annual total compensation of our median employee (excluding our CEO). The Company believes that the ratio presented below is a reasonable estimate calculated in a manner consistent with Item 402(u).

The Company identified its “median employee” as of December 31, 2023, by using Box 1 from Form W-2 for all Company employees employed as of that date, which is the same methodology we used to calculate the pay ratio disclosed in the Company’s 2023 proxy statement. The Company annualized the reported compensation for all permanent employees that were hired during 2023. The Company did not make any cost-of-living or other adjustments.

Using this methodology, the Company’s median employee was an exempt employee whose total annual compensation in 2023 was \$99,950. This total compensation included annual base salary, a subjective, annual bonus, and the Company’s contributions towards (i) dental, health and life insurance, the employee’s health savings account, and (iii) the employee under the 401(k) Plan. Using the total annual compensation from the “Summary Compensation Table” on page 38, our Chief Executive Officer’s total annual compensation was \$6,887,961. The ratio of our CEO’s annual total compensation to our median employee’s annual total compensation for fiscal year 2023 was 69 to 1.

The valuation assumptions used to calculate the fair values were updated as of each measurement date and will differ from those disclosed as of the grant date; however, the methodology used to develop the valuation assumptions as of each applicable measurement date is consistent with those disclosed at the time of grant. Fair value conclusions also include the application of a discount to account for the lack of marketability, or illiquidity, associated with the post-vest restriction period and the uncertainty regarding if the book capital account of LTIP Units equals that of common units. For the 2022 Merger Awards, we have assumed achievement at the maximum level of performance for purposes of computing the increase in fair value.

PROPOSAL 3:

Ratification of Appointment of Independent Registered Public Accounting Firm

The Audit Committee of our Board has appointed KPMG LLP (“KPMG”) as our independent registered public accounting firm for the fiscal year ending December 31, 2024. After careful consideration of the matter and in recognition of the importance of this matter to our shareholders, the Board has determined that it is in the best interests of the Company and our shareholders to seek the ratification by our shareholders of our Audit Committee’s selection of our independent registered public accounting firm. A representative of KPMG will be present at the Annual Meeting, will have the opportunity to make a statement if he or she so desires and will be available to respond to appropriate questions.

Vote Required and Recommendation

The affirmative vote of a majority of the votes cast at the Annual Meeting with respect to the matter is required to ratify the appointment of KPMG as our independent registered public accounting firm. For purposes of this proposal, a majority of votes cast means that the number of votes cast “for” this proposal exceeds the number of votes cast “against” this proposal. Abstentions will not be counted as votes cast and will have no effect on the result of the vote. Even if the appointment of KPMG as our independent registered public accounting firm is ratified, our Board and the Audit Committee may, in their discretion, change that appointment at any time during the year should they determine such a change would be in the best interests of the Company and our shareholders. If the appointment of KPMG is not ratified, the Audit Committee will consider the appointment of another independent registered public accounting firm but will not be required to appoint a different firm.

OUR BOARD OF TRUSTEES RECOMMENDS A VOTE “FOR” THE RATIFICATION OF THE SELECTION OF KPMG LLP AS THE COMPANY’S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2024.

- (2) Tax fees primarily consist of fees for tax consulting and tax compliance services.

PRE-APPROVAL POLICIES AND PROCEDURES

The Audit Committee's policy is to review and pre-approve, either pursuant to the Audit Committee's Audit and Non-Audit Services Pre-Approval Policy or through a separate pre-approval by the Audit Committee, any engagement of the Company's independent auditor to provide any permitted non-audit service to the Company. The Audit Committee has delegated authority to its chairman to pre-approve engagements for the performance of audit and non-audit services for which the estimated cost for such services shall not exceed \$200,000. The chairman must report all pre-approval decisions to the Audit Committee at its next scheduled meeting and provide a description of the terms of the engagement.

All audit-related and non-audit services provided to us by KPMG since our engagement of KPMG as our independent registered public accounting firm have been pre-approved by the Audit Committee.

Report of the Audit Committee

The Audit Committee is currently composed of Dr. Charles H. Wurtz bach, Ms. Bonnie S. Biumi, Mr. Derrick Burks, Mr. Steven P. Grimes, Ms. Christie B. Kelly, and Mr. David R. O'Reilly. The members of the Audit Committee are appointed by and serve at the discretion of the Board.

One of the principal purposes of the Audit Committee is to assist the Board in the oversight of the integrity of the Company's financial statements. The Company's management team has the primary responsibility for the financial statements and the reporting process, including the system of internal controls and disclosure controls and procedures. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements in the Annual Report on Form 10-K for the year ended December 31, 2023 with our management.

The Audit Committee also is responsible for assisting the Board in the oversight of the qualification, independence and performance of the Company's independent auditors. The Audit Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards and those matters required to be discussed by the applicable requirements of the Public Company Accounting Oversight Board ("PCAOB") and the SEC.

The Audit Committee has received both the written disclosures and the letter regarding the independent auditor's independence required by the applicable requirements of the PCAOB regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence and has discussed with the independent auditors their independence. In addition, the Audit Committee considers whether the provision of non-audit services, and the fees charged for such non-audit services, by the independent auditor are compatible with maintaining the independence of the independent auditor from management and the Company.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board that the Company's audited financial statements for 2023 be included in its Annual Report on Form 10-K for the fiscal year ended December 31, 2023, for filing with the SEC.

Respectfully submitted,

The Audit Committee of the Board of Trustees

Certain Relationships and Related Transactions

RELATED PERSON TRANSACTION POLICY

We have adopted a written related person transaction approval policy to further the goal of ensuring that any related person transaction is properly reviewed, and if necessary, approved first by our Corporate Governance and Nominating Committee, and if appropriate, by a majority of the disinterested trustees of our Board. The policy applies to transactions or arrangements between us and any related person, including trustees, trustee nominees, executive officers, greater than 5% shareholders and the immediate family members of each of these groups. This policy does not, however, apply with respect to general conflicts between our interests and our employees, officers and trustees, including issues relating to engaging in a competing business and performing outside or additional work, which are reported and handled in accordance with our separate Code of Business Conduct and Ethics and other procedures and guidelines that we may implement from time to time.

Under the policy, our trustees and executive officers are responsible for identifying and reporting to our Chief Financial Officer (the "Compliance Officer") any proposed transaction with a related person.

Upon notification, the Compliance Officer begins collecting information regarding the transaction and notifies the Corporate Governance and Nominating Committee Chairperson of such transaction. The Chairperson of the Corporate Governance and Nominating Committee determines whether the proposed transaction is required to be, or otherwise should be, reviewed by the Corporate Governance and Nominating Committee.

If the proposed transaction is required to be approved by a majority of the disinterested members of our Board in accordance with our Declaration of Trust or corporate governance guidelines, the Corporate Governance and Nominating Committee makes a recommendation regarding the proposed transaction, and the disinterested trustees determine whether it is appropriate and advisable for us to engage in the proposed transaction. If the transaction involves a trustee, that trustee does not participate in the action regarding whether to approve or ratify the transaction. If the proposed transaction is not required to be approved by a majority of the disinterested members of our Board, the Corporate Governance and Nominating Committee has the final authority to approve or disapprove the proposed transaction.

RELATED PERSON TRANSACTIONS

The following information summarizes our transactions with related parties during 2023 that were subject to our related person transaction policy:

The Company holds certain corporate functions at the Conrad Indianapolis, which also often hosts visitors to the Company's headquarters. The Conrad Indianapolis is a hotel owned by Circle Block Partners, LLC, an entity in which Mr. Alvin E. Kite, the Company's Chairman Emeritus and the father of Mr. John A. Kite, is the majority owner, and Messrs. John A. Kite and Thomas K. McGowan, two of our named executive officers, are minority owners. The Company pays discounted rates for its use of the hotel and its facilities. In 2023, fees paid to the Conrad Indianapolis for these various activities totaled approximately \$312,000.

On August 7, 2023, KRG Development, a wholly owned subsidiary of the Company, entered into an assignment and release agreement ("Assignment Agreement") with Pan Am Development Partners, LLC ("Assignee"), pursuant to which KRG Development assigned and Assignee assumed certain rights and obligations related to the development of a hotel on the Pan Am Plaza site across from the Indiana Convention Center in Indianapolis, IN, including certain future development rights and a right of first offer involving the project (collectively, the "Project Rights and Obligations"). KRG Development and Assignee also entered into a letter agreement pursuant to which Assignee, as consideration for the execution of the Assignment Agreement, agreed to pay KRG Development an assignment fee of up to \$3.5 million (the "Assignment Fee"), which is due and payable upon the completion of certain development activities that are expected to occur in 2024. In connection with the transactions, Mr. Kite and Mr. McGowan expressly acknowledged and agreed in the letter agreement that they remain subject to their executive employment agreements with the Company, including, without limitation, the obligation of each executive to devote substantially all of his business time and effort to the performance of his duties for the Company. Assignee will engage a team of full-time professionals to perform the Project Rights and Obligations.

Assignee is a wholly owned subsidiary of Circle Block Investor, LLC, an entity in which Mr. Alvin E. Kite, the Company's Chairman Emeritus and the father of Mr. John A. Kite, is the majority owner, and Messrs. John A. Kite and Thomas K. McGowan, two of our named executive officers, are minority owners. The transaction was approved by a special transaction committee of the independent trustees of the Company (the "Transaction Committee") as well as the Company's independent trustees. The Transaction Committee engaged a third-party financial advisor to assist it in determining the net value of the Project Rights and Obligations and establishing the Assignment Fee.

Other Matters

Delinquent Section 16(a) Reports

Section 16(a) of the Exchange Act requires that our executive officers and trustees, and persons who own more than 10% of a registered class of our equity securities, file reports of ownership and changes in ownership on Forms 3, 4 and 5 with the SEC and the NYSE. Executive officers, trustees and greater than 10% shareholders are required by the SEC to furnish us with copies of all Forms 3, 4 and 5 that they file.

Except as set forth below, to our knowledge, based on our review of the copies of such forms and amendments thereto, and/or on written representations from the reporting persons that they were not required to file a Form 5 for the fiscal year, we believe that our executive officers, trustees and greater than 10% shareholders complied with all Section 16(a) filing requirements applicable to them with respect to transactions during 2023.

On February 17, 2023, a late Form 4 was filed for each of John A. Kite, Thomas K. McGowan, and Heath R. Fear with respect to LTIP Units that were awarded on February 14, 2023.

Other Matters to Come Before the 2024 Annual Meeting

No other matters are to be presented for action at the Annual Meeting other than as set forth in this proxy statement. If other matters properly come before the meeting, however, the persons named in the accompanying proxy will vote all proxies solicited by this proxy statement as recommended by our Board, or, if no such recommendation is given, in their own discretion.

Shareholders Proposals and Nominations for the 2025 Annual Meeting

Any shareholder proposal pursuant to Rule 14a-8 of the rules promulgated under the Exchange Act to be considered for inclusion in our proxy materials for the next annual meeting of shareholders must be received at our principal executive offices no later than December 17, 2024. However, if we hold our 2025 annual meeting on a date that is more than 30 days before or after May 29, 2025, shareholders must submit proposals for inclusion in our 2025 proxy statement within a reasonable time before we begin to print our proxy materials. Under Rule 14a-8, we are not required to include shareholder proposals in our proxy materials unless conditions specified in the rule are met.

In addition, any shareholder who wishes to propose a nominee to our Board or propose any other business to be considered by the shareholders (other than a shareholder proposal included in our proxy materials pursuant to Rule 14a-8 of the rules promulgated under the Exchange Act) must comply with the advance notice provisions and other requirements of Article II, Section 13 of our bylaws, which are on file with the SEC and may be obtained from Investor Relations upon request. These notice provisions require that nominations of persons for election to our Board and the proposal of business to be considered by the shareholders for the 2025 annual meeting must be received no earlier than December 17, 2024, and not later than 5:00 p.m. EST on January 16, 2025. However, in the event that the date of the notice of the 2025 annual meeting is advanced or delayed by more than 30 days from the first anniversary of the date of the notice of the 2025 annual meeting, notice by the shareholder to be timely must be received no earlier than the 120th day prior to the date of mailing of the notice for the 2025 annual meeting and not later than 5:00 p.m. EST on the later of the 90th day prior to the date of mailing of the notice for the 2025 annual meeting or the 10th day following the date that we publicly announce the date of mailing of the notice for the 2025 annual meeting.

In addition to satisfying the foregoing requirements under our bylaws, to comply with the universal proxy rules under the Exchange Act, shareholders who intend to solicit proxies in support of trustee nominees other than the Company's nominees must provide notice that sets forth the information required by Rule 14a-19 under the Exchange Act.

Householding of Proxy Materials

If you and other residents at your mailing address own common shares in street name, your broker or bank may have sent you a notice that your household will receive only one annual report and proxy statement for each company in which you hold shares through that broker or bank. This practice of sending only one copy of proxy materials is known as "householding." If you did not respond that you did not want to participate in householding, you were deemed to have consented to the process. If the foregoing procedures apply to

you, your broker has sent one copy of our annual report and proxy to your address. Definitions and Reconciliations of GAAP and Non-GAAP Financial Measures

Please refer to our annual and quarterly financial statements filed with the SEC on Forms 10-K and 10-Q and other public reports for further information about us and our business.

FFO: We calculate FFO in accordance with the best practices described in the April 2002 National Policy Bulletin of the National Association of Real Estate Investment Trusts (“NAREIT”), as restated in 2018. The NAREIT white paper defines FFO as net income (calculated in accordance with GAAP), excluding (i) depreciation and amortization related to real estate, (ii) gains and losses from the sale of certain real estate assets, (iii) gains and losses from change in control, and (iv) impairment write-downs of certain real estate assets and investments in entities when the impairment is directly attributable to decreases in the value of depreciable real estate held by the entity. A reconciliation of FFO to consolidated net income is included on page 42 of our Annual Report on Form 10-K for the year ended December 31, 2023. From time to time, the Company may report or provide guidance with respect to “FFO, as adjusted,” which removes the impact of certain non-recurring and non-operating transactions or other items the Company does not consider to be representative of its core operating results including, without limitation, (i) gains or losses associated with the early extinguishment of debt, (ii) gains or losses associated with litigation involving the Company that is not in the normal course of business, (iii) merger and acquisition costs, (iv) the impact on earnings from employee severance, (v) the excess of redemption value over carrying value of preferred stock redemption, and (vi) in 2022, the impact of prior period bad debt or the collection of accounts receivable previously written off (“prior period collection impact”) due to the recovery from the COVID-19 pandemic, which are not otherwise adjusted in the Company’s calculation of FFO.

EBITDA, Adjusted EBITDA, Annualized Adjusted EBITDA and Net Debt to Adjusted EBITDA: We define EBITDA as net income before interest expense, income tax expense of the taxable REIT subsidiary, and depreciation and amortization. For informational purposes, we also provide Adjusted EBITDA, which we define as EBITDA less (i) Adjusted EBITDA from unconsolidated entities, (ii) gains on sales of operating properties or impairment charges, (iii) merger and acquisition costs, (iv) other income and expense, (v) noncontrolling interest Adjusted EBITDA, and (vi) other non-recurring activity or items impacting comparability from period to period. Annualized Adjusted EBITDA is Adjusted EBITDA for the most recent quarter multiplied by four. Net Debt to Adjusted EBITDA is the Company’s share of net debt divided by Annualized Adjusted EBITDA. EBITDA, Adjusted EBITDA, Annualized Adjusted EBITDA and Net Debt to Adjusted EBITDA, as calculated by the Company, are not comparable to EBITDA and EBITDA-related measures reported by other REITs that do not define EBITDA and EBITDA-related measures exactly as we do.

NOI and Same Property NOI: We define NOI as income from our real estate, including lease termination fees received from tenants, less our property operating expenses. NOI excludes amortization of capitalized tenant improvement costs and leasing commissions and certain corporate level expenses, including merger and acquisition costs. Same Property NOI is net income excluding properties that have not been owned for the full periods presented. Same Property NOI also excludes (i) net gains from outlot sales, (ii) straight-line rent revenue, (iii) lease termination income in excess of lost rent, (iv) amortization of lease intangibles, and (v) significant prior period expense recoveries and adjustments, if any. A reconciliation of Same Property NOI to net income attributable to common shareholders is included on pages 40-41 of our Annual Report on Form 10-K for the year ended December 31, 2023.

While we believe our non-GAAP measures are important supplemental measures, they should not be used alone because they exclude significant economic components of the comparable measures computed under GAAP, and are, therefore, limited as analytical tools. These measures are used by management as supplemental financial measures of operating performance, and we believe that it is important that shareholders, potential investors and financial analysts understand the measures management uses. We do not use our non-GAAP measures as, nor should they be considered to be, alternatives to net income, net income attributable to common shareholders or income from continuing operations before income taxes computed under GAAP, as indicators of our operating performance, as alternatives to cash from operating activities computed under GAAP, or as indicators of our ability to fund our cash needs.
