Alkaline Batteries

**DURACELL PROCELL**  
Professional Products

Alkaline Batteries

The #1 rated batteries by AV and broadcast professionals. ProCell batteries can last up to seven years. These batteries can operate in temperatures of -20°C~54°C. They can last up to ten times longer than super heavy-duty zinc carbon batteries in power demanding applications.

# TRUSTED POWER BY DURACELL®

MAXIMIZE PRODUCTIVITY WITH  
RELIABLE POWER SOLUTIONS

## NEW! DURACELL® QUANTUM®

### THE WORLD'S #1 MOST ADVANCED ALKALINE BATTERY\*

Our most advanced and longest lasting alkaline battery ever. More active ingredient packed into Quantum's HI-DENSITY CORE™ produces more power. Improved Powercheck™ allows you to see remaining power at the press of a button. Guaranteed fresh for 10-years in storage.

## DURACELL® PROCELL®

### THE EFFICIENT POWER CHOICE

Packaged in bulk and individually date-coded for effective inventory management, the Procell line is designed for efficiency. Manufactured to strict specifications, they meet the highest standards of durability and longevity.

## DURACELL® COPPERTOP®

### WITH DURALOCK POWER PRESERVE™ TECHNOLOGY

PREMIUM  
RELIABLE POWER  
Get long-lasting and reliable power for the devices your business uses most. CopperTop batteries are engineered to deliver the right level of power for most electronics.

## DURACELL® RECHARGEABLES

### WITH DURALOCK POWER PRESERVE™ TECHNOLOGY

STAY CHARGED  
LONGER, SO YOU CAN  
RECHARGE LESS  
Reusable NiMH batteries for frequent-use or high-drain devices. Precharged Rechargeables come fully charged for immediate use.

## DURACELL® SPECIALTY BATTERIES

### WITH DURALOCK POWER PRESERVE™ TECHNOLOGY

Duracell makes dozens of specialty batteries for devices that may require smaller batteries or button batteries. It's reliable, efficient power in different shapes and sizes for the devices you depend on most at work.

WHETHER YOU'RE POWERING THE DEVICES YOU USE MOST  
OFTEN OR THOSE THAT ARE MOST CRITICAL TO YOUR JOB,  
DURACELL® HAS A BATTERY ENGINEERED TO SUIT YOUR NEEDS.

## maxell

### "C" "D" and 9V Alkaline Batteries

- Manufactured to the highest industry standards
- Maxell's alkaline batteries provide unrivaled value

Rechargeable Batteries

**DURACELL®**  
Pre-Charged Rechargeable NiMH Battery

Pre-Charged Rechargeable NiMH cells retain power for up to 365 days when not in use - unlike regular rechargeable batteries. Stays charged longer, so you recharge less! Good for 100's of charges. Four batteries per pack. "AA" is 2000 mAh. "AAA" is 800 mAh. Comes fully charged.

MCM Part #	Type	Mah	ONLY
293-495	"AA"	2000	\$14.41
293-500	"AAA"	800	14.41

**DURACELL®**  
Rechargeable Batteries

Get hundreds of uses out of each battery. These powerful NiMH batteries are ideally suited for high drain or frequently used devices. They hold their charge for up to 1 year when not in use. Sold 4 per pack.

MCM Part #	Type	Mah	ONLY
293-590	"AA"	2650	\$9.99
293-595	"AAA"	100	9.99

**DANTONA INDUSTRIES, INC.** UltraLast Green Rechargeable Batteries

•Ready to use right out of the pack just like regular batteries •Will keep their charge for up to 6+ months in low power consumption devices such as remote controls, clocks, flashlights, and other common household applications •Holds 80% of charge after 12 months when not in use •Replaces disposables in every application without sacrificing performance •Can be charged as many as 500 times, or up to three years.

MCM Part #	Description	ONLY
294-1925	4pk AA, mAh 2100	\$12.86
294-1930	4pk AAA, mAh 750	10.19

Rechargeable Nickel-Metal Hydride Batteries

Nickel-Metal Hydride (Ni-MH) rechargeable batteries are one of the most advanced rechargeable battery systems commercially available and offer several advantages over today's ordinary nickel-cadmium (Ni-Cd) rechargeable batteries, including up to 40% longer service life. Ni-MH rechargeable batteries are also an environmentally friendlier alternative to Ni-Cd batteries.

MCM Part #	Description	mAh	(1-49)	(50-up)
29-4275	"AA" single	2300	\$2.49	\$2.24
29-4280	"AAA" single	900	1.99	1.78

"EnergyOn" Nickel-Metal Hydride Batteries

•Use the newest technology in rechargeable Ni-MH batteries •EnergyOn batteries are fully charged upon arrival and ready for use •With up to 70% of capacity remaining after one year, these batteries are perfect for travel •Ni-MH rechargeable batteries are also an environmentally friendlier alternative to Ni-Cd batteries and standard "AA" and "AAA" batteries

MCM Part #	Description	mAh	(1-49)	(50-up)
29-4285	"AA" single	2000	\$2.49	\$2.24
29-4290	"AAA" single	750	1.99	1.78

**GP**  
Nickel Metal Hydride Batteries

Rechargeable NiMH batteries are environmentally friendly and last up to twice as long as NiCd batteries. NiMH batteries do not suffer from "memory" and can be charged and used just like NiCd batteries.

MCM Part #	Description	Capacity	ONLY
29-3275	"AA" (1 pk)	1300mAh	\$3.49
29-3280	"2/3AF" (1 pk)	1000mAh	2.99
29-3295	"Sub-C" (1 pk)	2200mAh	4.99

Battery Chargers

**DURACELL®**  
15 Minute Battery Charger

Recharge your batteries in a flash with the 15 minute charger - your batteries will be ready\* in 15 minutes, guaranteed. (\*Approx. 75% of full charge, when using Duracell 1700 mAh AA or 750 mAh AAA NiMH Batteries) Offering high performance, this charger can charge up to four "AA" or "AAA" cells at once. The 15 minute charger comes with four "AA" StayCharged rechargeable batteries.

MCM Part #	ONLY
293-605	\$39.99

**Energizer®**  
Rechargeable Batteries and Chargers

High-capacity cells provide exceptional power per charge and up to 1,000 recharges. And since they're renewable and reusable, Energizer® Rechargeable™ batteries are a good economic and environmental choice.

**Energizer®** "AA" and "AAA" Smart Charger

Charges two or four "AA" or "AAA" at a time in five hours! Charger tells you how full your batteries are and how long you have to wait until the battery is fully charged. Maximizes cycle life of the NiMH cell due to built-in overcharge protection. Energy Star certified. Mfr. # CHP4WB4.

MCM Part #	ONLY
291-1150	\$19.99

**maxell**  
Battery Chargers

Designed to charge both "AA" and "AAA" batteries; these chargers include pre-charged NiMH batteries. The charger charges via its retractable AC power plug. These batteries can be charged and recharged 4x more than ordinary rechargeable batteries. They will retain 85% of their charge after six months

MCM Part #	Mfr. #	Description	ONLY
297-0030	BC-100	Compact charger with two 2100mAh "AA" batteries	\$21.62

**USB Quick Charger**

•Charges two "AAA" Ni-MH, Ni-CD rechargeable batteries •Microprocessor controlled for intelligent charging • Built-in safety timer control •Short circuit and overcharge protection •Specially designed for rapid recharging of batteries for use in Digital Cameras, Tops, MP3, Handheld PCs, PDAs, FRS Radios and etc. •LED charge indicator light •Batteries not included

MCM Part # **ONLY**  
29-4575 **\$3.99**

**Two Hour Rapid Battery Charger with LCD Display**

•Charge any combination of 1~4 "AA" and/or "AAA" rechargeable Ni-MH or Ni-CD batteries •100~240VAC autoswitching adapter for worldwide usage •Automatic charge cut-off for safety •Built in micro-controller ensures a full, safe charge •Thermal overheat detection/protection •Back-up safety timer •Batteries not included

MCM Part # **ONLY**  
29-4560 **\$6.99**

**Four-Pack "AA" 2700mAh 1.2V NiMH Rechargeable Batteries**

These are one of the highest rated rechargeable batteries in the industry today. Featuring an extremely high recycle rate, they're capable of up to 1000 full charge/recharge cycles before needing replaced. They're also compatible with the latest fast charge technologies and come with an industry leading two year manufacturer warranty against defects. The ideal choice for all high current using electronic devices that will still be holding a powerful charge long after other rechargeable "AA"s have failed!

MCM Part # **ONLY**  
29-5842 **\$12.99**

**UltraLast Green Sol Charger**

Solar Panel/USB Charger with two "AA" rechargeable batteries. Charges Ni-MH or Ni-Cd AA rechargeable batteries through solar panel or USB connection. Charges electronic devices through USB connection from fully charged batteries. Includes AC-USB wall adapter, Interchangeable USB cable, USB and Mini USB connectors.

MCM Part # **ONLY**  
294-1940 **\$27.80**

**Microprocessor Battery Monitor**

•Battery monitor automatically detects voltages between 7~32V making it ideal for 12 or 24 volt systems •Uses three LEDs (red, green, yellow) to display various combination to indicate battery voltage •Audio alarm sounds at high or low levels •All setting are user programmable

### 3.6V Lithium Thionyl Chloride – High Temperature

A range of 3.6V lithium thionyl chloride batteries with excellent memory back-up characteristics, designed for high temperature applications. **Features:** •Non-rechargeable 3.6V lithium thionyl chloride cells •Extended temperature range -55°C to +130°C •Shelf life in excess of ten years •Extremely low self discharge (<1% per annum) •Excellent memory back-up characteristics •Hermetically sealed casing

Type	Capacity	Max. Current Drain	(LxDia.)	Weight
1/2AA	0.8Ah	6mA	25.2xØ14.7mm	9g
2/3AA	1.0Ah	10mA	33.5xØ14.7mm	12g
AA	1.7Ah	20mA	50.5x Ø14.7mm	18g

**CR2425 Coin Cell Battery Holder**

•Great for hobbies or project

MCM Part #	(1-9)	(10-up)
29-6080	\$1.49	\$1.19

### Philmore 9V Battery Holder

- Great for hobbies and projects
- Holds a single 9V battery
- Plastic clip holds battery in place

MCM Part #	(1-9)	(10-up)
29-6078	\$0.99	\$0.85

### Philmore 9V Battery Holder

- Great for hobbies and projects
- Holds a single 9V battery
- Solder lug connections

MCM Part #	(1-9)	(10-up)
29-6077	\$1.49	\$1.13

### Philmore 9V Battery Holder

- Great for hobbies and projects
- Holds single 9V battery with battery cover
- Built-in On-Off switch
- 6" lead wire connection

MCM Part #	(1-9)	(10-up)
29-6079	\$2.49	\$2.26

### Philmore "AA" Battery Holder

- Great for hobbies and projects
- Holds four "AA" batteries with battery cover
- Built-in On-Off switch and belt clip
- USB A jack output

MCM Part #	(1-9)	(10-up)
29-6072	\$4.99	\$4.43

### Philmore "AAA" Battery Holder

- Great for hobbies and projects
- Solder lug connection

MCM Part #	# of Batteries	(1-9)	(10-up)
29-6070	6	\$2.49	\$2.17
29-6071	8	2.99	2.45

### Philmore "C" Battery Holder

- Great for hobbies and projects
- Integrated battery cover
- 6" lead wire connection
- #29-6074 features On-Off switch

MCM Part #	# of Batteries	(1-9)	(10-up)
29-6073	2	\$3.99	\$3.51
29-6074	3	2.99	2.77

### Philmore "D" Battery Holder

- Great for hobbies and projects
- Holds three "D" cell batteries with battery cover
- 6" lead wire connection

MCM Part #	(1-9)	(10-up)
29-6075	\$3.49	\$3.02

### MCM pro-POWER Snap-On Battery Connectors

- Snap-on connectors for use with PP3 and PP6 batteries. Type A replaces the BH9 connector. Type B has a rigid plastic housing with strain relief. Lead length: 6".

MCM Part #	Type	(1-9)	(10-up)
28-12548	A	\$0.99	\$0.92
28-12549	B	1.99	1.89

### MCM pro-POWER Snap-On Battery Connectors

- Features: •Separated sealed press-stud type battery clips
- Suitable for use with battery types PP1, PP4, PP7, PP8 and PP9
- Lead length 6"

MCM Part #	(1-9)	(10-up)
28-12550	\$2.99	\$2.90

### MCM pro-POWER Snap-On Battery Connectors

- Features: •Separated sealed press-stud type battery clips
- Suitable for use with battery types PP3 and PP6
- Lead length 6"
- Five pairs supplied per pack.

MCM Part #	(1-9)	(10-up)
28-12551	\$2.49	\$2.40

### 9V Battery Snap

- Great for hobbies and projects
- Connect two 9V batteries in parallel for higher current application
- 6" 26 AWG wiring

MCM Part #	(1-9)	(10-up)
29-6076	\$1.99	\$1.47

### 9V Battery Cables

- A range of PP3 9V battery cables
- Dimensions: 0.98" x 0.51" x 0.15" (approx) without snaps
- Polarized Snap connection
- For PP3 batteries
- #28-12600 has superior heavy-duty pattern, and hard plastic case

#28-12600 #28-12601

MCM Part #	Leads	(1-9)	(10-Up)
28-12600	5.7"	\$0.49	\$0.25
28-12601	5.9"	0.99	0.88

### "AAA" or "AA" Clear Plastic Storage Case

- Keep your batteries organized and together with this handy "AAA" or "AA" case. Stores up to four "AAA" or "AA" cells for safekeeping. Allows you to sort batteries by alkaline or lithium, used from new, etc. Multiple cases may be linked together.

MCM Part #	ONLY
28-11412	\$1.49

### Battery Tester with LCD Display

- Features: •For testing AAA, AA, C, D, 9V primary and rechargeable batteries
- CR123A, CR2, CR-V3, 2CR5, CR-P2 camera batteries
- 1.5V and 3V button cells
- Powered by one AAA alkaline battery (not supplied)
- Dimensions (HxWxD): 0.91" x 3.46" x 4.65"

MCM Part #	(1-9)	(10-up)
28-12547	\$6.99	\$6.25

### Battery Tester

- Use with most popular rechargeable and standard batteries
- Tests batteries under load conditions
- Easy-to-read meter indicates battery condition at a glance

MCM Part #	ONLY
29-1050	\$5.99

Lead Acid Batteries

Sealed Lead Acid Batteries

Replacement batteries used for UPS, emergency lighting, security or any floating application.

Maximum charging current is nominal.

Fig.	MCM Part #	Mfr. #	Voltage	Capacity	Dimensions (L)x(W)x(H)	ONLY

**EVH Series Six Cell 12V 15.0Ah Lead Acid Battery**

Designed specially for electric vehicles such as electric golf carts, electric wheelchairs, mowers, dust collectors, etc. Provides high cycling life, high efficiency and long service life. **Specifications:** •15Ah @ 20 hour rate capacity •Dimensions: 4.02" (H) x 5.94" (L) x 3.86" (W) •Weights 9.92 lbs. •F2-Faston tab terminals •Mfr. #EVH12150F2

MCM Part # **ONLY**  
29-4645 **\$49.99**

**Series 12V 7.2Ah Lead Acid Battery**

Provides up to 12 years expected life in standby service or more than 260 cycles at 100% discharge in cycle service. The XTV series has very wide operating temperature range, which makes them the choice for harsh duty applications. **Specifications:** •Six cells •7.2Ah @ 10 hour rate •Dimensions: 3.81" (H) x 5.94" (L) x 2.56" (W) •Weights 5.67 lbs. •F2-Faston Tab terminals •Mfr. #XTV1272F2

MCM Part # **ONLY**  
29-4655 **\$26.99**

**Series 6V 3.3Ah Sealed Lead Acid Battery**

Designed for general purpose use and provides 3-5 years in standby service or more than 400 cycles at 50% depth of discharge. Economical, lightweight and quality constructed. Rechargeable. **Specifications:** •6V •3.3Ah @ 20 hour rate capacity •Dimensions: 2.64" (H) x 5.28" (L) x 1.34" (W) •Weights 1.52 lbs. •F1-Faston Tab terminals •Mfr. #GH633

MCM Part # **ONLY**  
29-4650 **\$14.99**

**HR Series Six Cell 12V 21.0w/cell Lead Acid Battery**

Designed for high efficient discharge application. Its characteristics are high energy density, small footprint and high discharge efficiency. Good for up to 260 cycles at 100% discharge per cycle **Specifications:** •34W @ 15 min. rate capacity •Dimensions: 4.17" (H) x 3.54" (L) x 2.76" (W) •Weights 3.97 lbs. •F2-Faston Tab terminals •Mfr. #HR1221WF2

MCM Part # **ONLY**  
29-4640 **\$24.87**

**NP Series - General Purpose Float and Cyclic Sealed Lead-Acid Batteries**

Offering a complete line of rechargeable batteries for a wide variety of applications. Use as a supply of back-up energy, or as a portable power source. The NP series can be stored, charged, or operated in any position without leakage. Qualified to non-spillable UN2800 standards. Standard housing is ABS resin. A flame-retardant version (to UL94-VO) is also available.

**BATTERY**  
**CS3**  
**HRL Series Six Cell 12V Lead Acid Battery**

Designed for high rate discharge and extra long life. Service life up to 10 years. High heat resistance due to special ABS case construction. Compact, light weight and high discharge efficiency. **Specifications:** •34W @ 15 min. rate capacity •Dimensions: 3.87" (H) x 5.94" (L) x 2.52" (W) •Weights 5.95 lbs. •F2-Faston tab terminals •Mfr. #HRL1234WF2FR

MCM Part # **ONLY**  
29-4635 **\$32.99**

**Battery and Charging System Tester**

This tester quickly and accurately measures charge condition to determine whether or not a battery needs to be replaced. Simulates cranking load and evaluates the battery's ability to crank or turn over the vehicle. Features color coded, heavy-duty copper plated clamps and a rugged chrome plated steel case. Tests both 6V and 12V batteries and charging system testers up to 16V. •Mfr. #38050

MCM Part # **ONLY**  
28-11369 **\$30.49**

**12 Volt Automatic Battery Float Charger**

Maintain a charge and extend your battery life while storing cars, motorcycles, boats and farm machinery. Batteries retain battery charge for up to 15 hours at 125A. Safe for gel cell and flooded batteries and has an automatic emergency shut off to protect batteries from damage. Input: 120VAC, 60Hz, 14W. Output: 13.5VDC. •Mfr. #38020

MCM Part # **ONLY**  
28-11368 **\$18.49**

**Rechargeable, Sealed Lead Acid Batteries**

Maintenance free, long life, back-up batteries for alarm applications. Maximum charging current is nominal capacity times 0.3. Connections via .187" disconnect except #82-4765 which is bolt and nut.

R/C Batteries

**TENERGY**

Universal Smart Charger for Ni-MH/Ni-Cd Battery Packs

Ensure a safer and better charge with this charger that is designed to charge any 5S-10S cell Ni-MH/Ni-Cd battery packs. It gives you a fuller charge for better performance and, over time, more cycles. Ideal for most Ni-MH packs for RC car and airsoft applications. Patent pending "Watchdog" technology provides maximum protection. **Specifications:** •6~12V •Selectable charging current selection 0.9A or 1.8A •Standard Tamiya and temperature sensor installed with charger, one set of female Tamiya to alligator clips and one standard female Tamiya to small male Tamiya included. •Mfr. #01025

MCM Part #

29-5489

ONLY

\$24.99

**TENERGY**

Dual Power Balancing Charger

Designed to balance charge Ni-MH/Ni-CD/Li-Ion/Li-Poly/Li-Fe/SLA battery packs. Charges each cell individually to make sure they all get fully charged. When your batteries are charged correctly, they perform better. **Specifications:** •2.4~22.2V •50W •5A •Built-in power source •Store up to 10 different battery charging programs •LCD display charging indicator •Includes HiTech, JST, Tamiya, Mini Tamiya, Deans, Traxxas and EC3 charging connectors. •Mfr. #01322

MCM Part #

29-5490

ONLY

\$79.99

**TENERGY** Lithium Polymer Rechargeable Batteries

RC car and helicopter enthusiasts can always benefit from additional batteries. These high powered Li-Polymer batteries have no memory effect.

**AC Adapters**

**DC Power Cords**

Great for connecting laptop computers to bench-top DC power supply binding posts, or replacing damaged laptop power adapter cords. Simply cut-off the banana plugs and strip the leads if required to suit specific applications. 5' cord length.

Fig.	MCM Part #	Plug Dimensions (OD x ID x L)	ONLY
A	23-746	5.5mm x 2.5mm x 12.0mm	\$4.36
B	23-747	4.75mm x 1.75mm x 12.0mm	4.36
C	23-748	6.5mm x 3.0mm x 12.0mm	4.36

**Universal AC/DC Adapters**

MCM's unique line of AC/DC adapters allow the user to select the best adapter and plug to suit the application. All adapters are UL listed. Input voltage 120VAC. Cord length 6'. Polarity can easily be changed by reversing the plug. Select the voltage and current rating for the adapter and select the appropriate plug for your application.

**Adapters**

**6' Universal AC/DC Adapter**

•Output: 3V, 4.5V, 6V, 7.5V, 9V, 12VDC  
•Amps: 500mA  
•Six interchangeable tips  
•Reversible tip polarity

MCM Part #	(1-9)	(10-up)
28-1265	\$8.99	\$8.25

**DC/DC Switching Power Adapter**

This compact size switching power DC/DC car converter is ideal for all electrical items drawing up to 1.5 AMP from your car.

**Features:** •Fully regulated to assure that a constant, accurate DC power is delivered •Voltage selectable via switch: 3, 4.5, 6, 7.5, 9, or 12V •Fused plug fits all different cars with accessory outlet •LED power indicator •Six most commonly used tips

MCM Part #	(1-9)	(10-up)
29-6305	\$8.99	\$8.25

**5VDC 5A Switch Mode AC Adaptor**

Highly efficient power supply is ideal for charging and powering a variety of portable devices. Close output regulation ensures precise 5VDC output, even at very small loads, making this an ideal replacement for virtually any 5VDC adaptor. Output connector, 2.1mm ID, 5.5mm OD. Input power cord sold separately.

MCM Part #	Description	ONLY
28-11635	Adaptor	\$17.49
23-190	C8 Power Cord	7.59

**12VDC 3A Switch Mode AC Adaptor**

Highly efficient power supplies are ideal for charging and powering a variety of portable devices. Close output regulation ensures precise 12VDC output, even at very small loads, making them ideal replacement for virtually any 12VDC adaptor. Output connector, 2.1mm ID, 5.5mm OD. Input power cord sold separately.

MCM Part #	Description	(1-9)
28-11645	12VDC, 3A Adaptor	\$14.49
23-190	C8 power cord	7.59

**DC Power Polarity Checker**

•Prevent potential damage to equipment •LED indicates whether center pin positive, negative, or AC •3V~15VAC/DC •Accepts 2.1mm and 1.3mm DC plugs, and 3.5mm mono plug

MCM Part #	ONLY
28-11119	\$0.99

**Wall Adapter Barrel to 5V/3.3VDC Power Supply**

•Accepts normal 9V 2.1mm barrel connector, and outputs regulated 5V and 3.3V with a combined 200mA  
•Output headers are standard 2.54mm spacing so you can insert directly onto breadboard  
•Designed for rapid prototyping

MCM Part #	(1-9)	(10-up)
28-17745	\$7.99	\$7.91

**9VDC 1A Wall Adapter Power Supply**

•High quality switching wall wart AC to DC 9V 1000mA wall power supply •These are switch mode power supplies which mean the output is regulated to 9V and the capable output current is much higher (1000mA) •Please note, this specific supply (9V/1A) is also FCC/CE certified  
•Center-positive 5.5x2.1mm barrel connector

MCM Part #	(1-9)	(10-up)
28-17746	\$5.49	\$5.44

**AC USB Chargers**

**AC/DC Dual USB Charger**

•Charge two USB devices simultaneously •Input Voltage: 100-240VAC, 0.3A •Output Voltage: 5VDC, USB Jacks •Maximum current: 2A (1A per port if both in use) •Dimensions: 2.9" (L) x 1.1" (W) x 1.6" (D)

MCM Part #	(1-9)	(10-up)
28-13010	\$17.49	\$15.79

**AC Adapter with USB Outlet**

•AC adapter with female USB socket •Input plug folds flat for travel •Voltages: 100~240VAC input, 5VDC 1A output •Compatible with Magellan™ GPS, Blackberry™ and Motorola Razr™ as well as other USB powered devices

MCM Part #	(1-9)	(10-up)
28-10997	\$8.99	\$8.06

**Universal DC Adapter**

•DC adapter with cigarette lighter socket •Use DC devices around the world •Voltages: 12VDC or 100~240VAC input, 13.5VDC 1A output •Includes UK plug adapter, other countries available

MCM Part #	(1-9)	(10-up)
28-11000	\$11.99	\$11.11

**360electrical Mini USB Cube Charger**

Compact USB wall charger help keep you charged wherever you go. **Features:** •1A quick charging for smartphones and E-readers •Quick-fold plug for easy travel •Green charging LED shows that the cube is in use •Input: AC 100-200VAC/50-60Hz •Output: 5V/1A

MCM Part #	ONLY
28-16840	\$17.99

**GRIFFIN PowerBlock Micro USB Wall Charger**

•Low-profile AC charger fits easily in wall outlets and power strips •Charges iPhone®, dock connector iPod® models, even 1st generation iPod shuffle or most other USB-chargable devices •Super-compact 100 to 240 volt, 5W AC charger for USB devices •Designed to save energy when not in use, without sacrificing performance •Includes detachable USB charge/sync cable for iPod® and iPhone®

MCM Part #	(1-9)	(10-up)
28-12641	\$34.99	\$33.22

### GRIFFIN

#### PowerBlock USB Wall Charger

PowerBlock charges iPhone®, many iPod® models, even 1st generation iPod® shuffle, or any other USB-chargeable device. **Features:** •Power-saving design uses less energy, saves money, and helps protect the environment •100 to 240 V AC charger in a slim, fold-flat design •Non-polarized blades fit most outlets and power strips •At-a-glance power status LED indicator •Detachable 3.25" USB dock connector cable

MCM Part #	(1-9)	(10-up)
28-12640	\$34.99	\$33.22

### GRIFFIN

#### PowerDuo Auto/AC Adapter Kit

•Combines the best-selling PowerBlock AC charger and PowerJolt 12 volt auto charger in one convenient bundle •The included dock cable can be used separately to charge or sync your iPod™, iPhone™, or iPad™ •Charge other devices using the cable that comes with the device •Delivers 10W of power for high drain devices •PowerBlock's fold-flat, non-polarized blades fit wall outlets, power strips, and your luggage •Built-in resetting circuit protection with no fuses to replace •Illuminated power indicator

MCM Part #	(1-9)	(10-up)
28-12643	\$43.99	\$42.03

### GRIFFIN

#### PowerBlock Dual Universal USB Wall Charger

•Charge MP3 players and other USB devices, two at a time •5W of charging power through each USB port •Works with AC outlets from 100 to 240 volts •Smartphone compatible: works with iPhone™, Motorola Droid, Palm Pre, most BlackBerry models and other smartphones that charge via USB

MCM Part #	(1-9)	(10-up)
28-12642	\$27.99	\$26.57

### GRIFFIN

#### PowerDuo Micro Auto/AC Adapter Kit

•Combines the micro form-factor PowerBlock AC charger and PowerJolt 12 volt auto charger in one convenient bundle •Charge an assortment of devices at home or in your car •Fast 5W (1 amp) charging for all USB-chargeable devices •Auto adapter charges two devices at once •Built-in SmartFuse circuit protection; no fuses to replace

MCM Part #	(1-9)	(10-up)
28-12644	\$39.99	\$37.94

### GRIFFIN

#### PowerDock Dual Charging Station

•Docking station lets you use your iPad and iPhone or iPod while it is charging •Even the speakers of your iPad are unobstructed, with sound channels that let the sound out so you can listen while you watch •Perfect for bedside entertainment or a quick reference on your countertop •Valet dish for your change and keys •AC power supply included

MCM Part #	(1-9)	(10-up)
28-12645	\$72.49	\$69.51

### Innergie USB Wall Charging Kits

The 15W dual USB adapter charges up to two portable devices at the same time including iPad™, iPhone™, iPod™, tablets, smartphones, mp3 players, and more. The kit also includes a multi-tip 2-in-1 cable, with mini and micro USB tips, eliminating the need for multiple charging cables. **Specifications:** •AC Input: 100-240V AC/0.6A 50-60Hz •USB Output: 5V / 3A

MCM Part #	ONLY
28-11735	\$35.49

### Innergie mMini AC15

The 15W dual USB adapter charges up to two portable devices at the same time including iPad™, iPhone™, iPod™, tablets, smartphones, mp3 players, and more. **Specifications:** •AC Input: 100-240VAC/0.6A 50-60Hz •USB Output: 5VDC/3A •Output power: 15W •Dimensions: 1.7" x 1.7" x 0.9" •Weight: 1.8 oz. •Built-in protection: Over current protection, over voltage protection, over temperature protection, over power protection and short circuit protection •Efficiency: 75%

MCM Part #	ONLY
28-11745	\$26.49

### Velleman Compact Switching Power Supply

**Features:** •Switch mode design for high power in a lightweight, compact size •Selectable output voltages of: 3V, 4.5V, 6V, 7.5V, 9V and 12VDC •Current capacity of: 1.5A@ 3-6VDC, 1.2A@ 7.5VDC, 1.0A@ 9VDC, .75A@ 12VDC •9VA maximum output •Short-circuit and overload protection •Power requirements: 100-240VAC, 50/60Hz •Includes 6 selectable output jacks

MCM Part #	ONLY
72-6773	\$14.99

### newer technology AC/USB Wall Outlet

Wall outlet offers a convenient, centralized location to charge and power two iDevices, MP3 players, digital cameras and other AC/USB chargeable devices. An energy efficient "Smart Power" design with Safety Shutter reduces energy costs by providing only the charging amount needed, as well as turning power off to USB ports when a connecting cable is removed. A step-by-step manual is included to easily install into a standard wall outlet box. •Mfr. #NWTWPWR2USB

MCM Part #	ONLY
29-5600	\$29.99

### USB Power Charger

This is a great on-the-go USB charger. The fold-up AC prongs allow it to be packed away when not in use. Charges almost anything with a USB connection. **Features:** •Connect any portable device with existing USB sync/charge cable •Lightweight and compact design for portability •Retractable prongs •LED indicator light

MCM Part #	ONLY
28-11294	\$12.99

### iPod™/iPhone™ Desktop Charger

**Features:** •Compatible with iPhone 3G / 3GS / 4G and iPod™ Touch •Desktop charger •Synchronises data with iTunes™ •3.5mm line out, allowing easy speaker connection •Available in black or white •Contents: 1x Docking station, 1x USB/Data synchronisation cable

MCM Part #	Color	(1-9)	(10-up)
28-12590	Black	\$16.49	\$16.20
28-12591	White	16.49	16.20

### RCA USB Charger

This charger converts any standard 110V power outlets into two USB charging outlets. The 2.1A outlet is optimized for iPad™. USB puck includes cover, making it perfect for travel.

MCM Part #	Mfr. #	Color	ONLY
28-11625	PCHUSB3R	Black	\$13.99
28-11630	PCHUSB2R	White	\$13.99

**RCA**   **USB Tabletop Charger**

Put a USB and AC outlet where you need them most, from the bedroom, office, family room or kitchen. The 30-pin charging connector is compatible with iPod® and iPhone®. The USB outlet has fast, full-speed charging for smartphones or tablets and the 2.1A outlet is optimized for iPad®. Also includes a convenient AC outlet for other electronics such as lamps or clocks. •Mfr. #PCHSTAB1R

MCM Part #	ONLY
28-11620	\$26.49

  **RCA** **USB Wall Plate Charger**

This handy wall plate charger converts any standard 110V power outlet into two USB charging outlets. It plugs into an existing outlet to charge in any room in your house. The 2.1A outlet is optimized for iPad®, but can be used for any USB device. Also includes a convenient pass-thru outlet for other electronic uses.

MCM Part #	Mfr. #	Color	ONLY
28-11610	WP2UWR	White	\$21.49
28-11615	WP2UAR	Almond	21.49

**Round Shuko Foreign Travel Adapter**

•Allows for use of electric appliances in foreign countries

MCM Part #	(1-4)	(5-9)
28-1960	\$0.99	\$0.85

**PNY**  **3.1A Dual Port USB Wall Charger**

Turn any wall outlet into a dual-port charging station. Charge two devices from a single location and stay powered on the go. **Features:** •5V output to 2.1A + 1A •100~240VAC input •Foldaway prongs for convenient travel •Universal USB ports for wide range of devices •Dual outputs for multi-device charging

MCM Part #	Color	(1-9)	(10-up)
28-17857	Black	\$9.99	\$9.25

**PNY**  **2.1A USB Car Charger**

**NEW!**

The Rapid USB car charger is compatible with today's most popular devices including the iPhone®, iPad®, Android™ devices, BlackBerry®, and Windows® 7 Phones. **Features:** •5VDC output at 2.1A (2,100 mAh) •12~18VDC input •Universal USB port for wide range of devices •LED indicator light •Convenient size for use in vehicle

MCM Part #	Color	(1-9)	(10-up)

**IOGEAR®**  
**GearPower 7000mAh**  
**Mobile Power Station**

With USB outputs for two devices, 2.1A charging, and a huge 7,000mAh capacity you can give even your most power hungry devices a boost with this pocket sized package. **Features:** •7,000mAh lithium polymer cell provides a compact, yet super high capacity battery •Provides fast, convenient charging of almost all mobile devices •Perfect for mobile users and business travelers when conventional A/C outlets are not available •Dual USB outputs allow simultaneous charging of devices •2.1A output capable of charging iPad®, iPhone®, iPod®, mobile gaming devices, etc •Built-in short-circuit, over-charge, and temperature protection •Includes Micro USB charging cable compatible with most smart phones •Includes USB wall charger and convenient carry pouch •Mfr. #GMP7K

**IOGEAR®**  
**GearPower 2400mAh**  
**Mobile Power Station**

Featuring a USB 1A charging output with 2,400mAh capacity you can fast-charge nearly any smartphone or MP3 player back to full capacity with power to spare. **Features:** •2,400mAh lithium polymer cell provides a compact, yet super high capacity battery •Provides fast, convenient charging of most smartphones, MP3 players, and other USB rechargeable devices •Perfect for mobile users and business travelers when conventional A/C outlets are not available •1A output capable of fast-charging iPhone®, iPod® and most smartphones •Built-in short-circuit, over-charge, and temperature protection •Includes Micro USB charging cable compatible with most smart phones •Mfr. # GMP2K

Specialty Power Supplies

Medical-Grade Mobile Power Retrofit Kit

The kit includes everything needed to add reliable AC power to medical carts including power supply, user-replaceable battery module, PowerAlert data-saving software, remote user interface, mounting hardware and cabling. It saves money by upgrading non-powered carts for a fraction of the cost of buying new powered models. The isolation transformer reduces the cumulative shock potential of connected equipment, providing UL 60601-1 compliance. Kit is fully compatible with most popular carts by AFC, Anthro, Datalux, GCX, Hergo Humanscale, Jaco, Knurr, Stinger and more. **Features:** •Three NEMA 1-15R AC outlets •10' coiled AC input cord •Hospital grade NEMA 5-15PHG plug •USB communication port •Compact all-metal housing •15A, 120V input •120V, 300W output •PowerAlert software saves valuable patient data from loss or corruption •Includes remote user interface •Simultaneously powers connected equipment while recharging batteries

Kill A Watt Appliance Tester

Connect your appliances into the Kill A Watt™, and assess how efficient they are. A large LCD display counts consumption by the kilowatt-hour just like utility companies. You can figure out your electrical expenses by the hour, day, week, month, even an entire year. Monitor the quality of your power by displaying voltage, line frequency, and power factor. **Features:** •LCD display •Cumulative kilowatt/hour monitor •Displays in volts, amps, watts, Hz, VA •Forecast your electricity cost •Mfr. #P4400

MCM Part #	(1-9)	(10-up)
28-10985	\$22.99	\$21.15

**Kill A Watt® GT**

This combination electricity usage monitor and automatic timer helps you to track energy consumption and then program On/off periods to save electricity and money. The unit allows unique programs for each day of the week. The easy-to-read LCD display allows you to review and adjust your On/off programs easily. A backup battery (three "AAA" batteries, not included) lets you program even when the unit is not plugged in. Surge, over current, over voltage and under voltage protection provides clean, safe power. •Mfr. #P4480

**MCM Part #** 28-11378 **ONLY \$44.49**

**Save A Watt® Programmable Seven Day Timer**

Take control of your energy use with the P3 International P4470 Save-A-Watt™ programmable 7-day timer. This highly accurate and robust electronic timer allows you to connect loads up to 15A and program on/off operation to reduce electric usage, save money and reduce CO2 emissions. Program on/off operation in 15 minute intervals for 24 hour periods over seven days. Programs are stored in memory and can be easily recalled in the event of a power failure. **Features:** Wireless sensor. Operating voltage: 115/1/60. Max. voltage: 125/1/60. Max. connected load: 1875 VA. Power: Uses three 1.5V "AAA" alkaline cells (Suggest #291-015). •Mfr. #P4470

**MCM Part #** 28-11314 **ONLY \$28.99**

**Kill A Watt® PS-10 Electricity Monitor and Surge Protector** 

Check the quality of your power by monitoring voltage, line frequency, amperage, KWH, current leakage and more. Know how much power your computer, home theater system or other electric devices are using while the built-in surge protection keeps them safe. **Features:** •Advanced surge protection •Soft power-up eliminates harmful voltage spikes •Displays max/min volts, amps, watts, power factor and leakage current •6' cord with flat profile plug •Light-up power switch •Backlit LCD display •10 grounded outlets •EMI filter reduces noise •Mfr. #P4330

**MCM Part #** 29-5442 **ONLY \$78.99**

**BLACK & DECKER® HeatSeeker Thermal Leak Detector**

Finding and sealing energy leaks can save up to 20% on heating and cooling costs! Make it an easy task with the HeatSeeker, an infrared sensor that finds these leaks along walls, molding, ductwork and more. **Features:** •Automatic color changing beam provides quick, intuitive feedback, showing users where the problem areas are •Simple to use, just aim at a surface, and when the device hits a hot or cold spot, the light changes to red or blue, and the temperature is displayed on the LCD screen •Mfr. #TLD100

**Kill a Watt Wireless Power Monitor**

Know at a glance what an electric device or appliance is costing you to operate then calculate the carbon footprint! Forecast electric costs for a day, week, month or year. The P3 International P4200 Kill A Watt® Wireless Power Monitor with Carbon Footprint Meter allows you to view electric data remotely from up to eight plug load sensors. No wiring, no electrician, no dangerous contact with live conductors! The sensors transmit data from up to 300' away to the portable LCD display panel. The panel displays current, voltage, phase angle, effective power, power consumption since previous data transmission, accumulated power consumption, CO2 emission, and energy cost. You input your cost/kWh and CO2 equivalent factor based on your utility company's published emission rate to calculate an accurate estimate of emissions produced during the generation of electricity you consumed. Includes display and one wireless sensor. •Mfr. #P4200

**P4225 Wireless display panel**

<b>Power:</b>	Uses three 1.5V AA alkaline cells (Suggest #291-030)
<b>Transmit Frequency:</b>	916.5 MHz
<b>Modulation:</b>	AM, 100% (OOK)
<b>Viewing area:</b>	1.6" (H) x 2.2" (W)

**P4220 Wireless sensor**

<b>Operating voltage:</b>	115/60/1
<b>Max. voltage:</b>	125/60/1
<b>Load current:</b>	15A max.
<b>Max. connected load:</b>	1875 VA
<b>Transmit Frequency:</b>	916.5 MHz
<b>Connections:</b>	NEMA 5-15 (2 pole, 3 wire w/ground)
<b>Approvals:</b>	FCC Part 15, Subpart C, UL 61010-1, CSA C22.2

**MCM Part #** 28-11313 **ONLY \$104.00**

**BLUE line INNOVATIONS PowerCost Monitor™**

•Includes portable wireless monitor and passive sensor that easily attaches to indoor or outdoor electric meter •Compatible with most traditional electromechanical disc meters, digital meters, AMR, AMI and Smart Meter technologies. •Read moment to moment energy use and costs •Measure how much energy is being consumed by specific appliances •Based on current usage, predict 30 days of energy use and cost •Track cumulative data and reset as frequently as you wish •No interference with meter signal and no electrician required for installation •Display energy in kWh and cost in dollars •Programmable for your utility rate - flat, multi-tiered, on/off peak •Displays time and outside temperature in °F or °C •Includes four "AA" batteries •Mfr. #BLI-28000 

**MCM Part #** 28-11300 **ONLY \$79.99**

**Kill A Watt EZ Appliance Tester**

- ✓Displays cost
- ✓Displays energy usage

Simply connect any appliance to the Kill A Watt EZ™, and it will assess how much each individual appliance is costing you to run. Large LCD display will count consumption by the kilowatt-hour, and displays the actual cost of running the appliance. **Features:** •Accurate to within 0.2% •Calculates cost and forecasts by week, month and year •Built-in battery back-up •Displays eight critical units of measure.

**MCM Part #** 29-4545 **ONLY \$39.49**

**belkin**

**Conserve Insight™ Energy Use Monitor**

Find out how much energy your devices really use. The Conserve Insight Energy Use Monitor empowers you to understand the true impact of your energy use on your electric bill—and on the environment. **Features:** •Plug in devices to reveal energy wasters •See dollars, CO2 or watts at a glance •Convenient tabletop or handheld display •Tracking feature gives monthly and yearly projected cost and CO2 •Real-time usage in watts **Specifications:** •Electrical Rating: 120V~/15A/60Hz/1800W •Maximum Watts displayed: 1800 •Maximum dollars displayed: 9999 

**MCM Part #** 28-12630 **(1-9) \$44.99 (10-up) \$43.05**

## Solar Power

### Solar 12 Volt Battery Trickle Charger

Use to preserve battery power in boats, SUVs, RVs and vehicles that use 12V

batteries. **Features:** •Plugs can be connected directly to battery •Built-in overcharge protection keeps charger and battery from incidental damage •Weatherproof design works in all daylight conditions **Includes:** 5W solar panel and battery clamps. Dimensions: 13" L x 13" W x 3/4" D

MCM Part # **ONLY**  
28-11309 **\$36.04**

### 15 Watt Solar Battery Charger

•Use to preserve battery power in boats, SUVs, RVs, and vehicles that use 12V batteries •Weatherproof design enables it to work in all daylight conditions •Plugs can be connected directly to battery •Built-in overcharge protects unit from incidental damage •Dimensions: 37.5"(L) x 13.25"(W) x 3/4"(D) •Includes: 15W solar panel and battery clamps •Mfr. #38080

MCM Part # **ONLY**  
28-11155 **\$102.00**

### velleman Portable Solar Panel Array

Compact briefcase style solar panel is ideal for providing temporary power. Perfect in emergency applications, or anywhere where generators are not practical and power is not available. Compact carry case weighs less than 10 lbs. and folds together for easy transport. It is ideal for charging 12V storage batteries, and includes a variety of detachable connectors for numerous applications. **Specifications:** •Output power: 13W max •Max voltage: 17.5V •Max current: 750mA •Dimensions (unfolded): •20.1" (H) x 26" (W) x 1.6" (D) •Weight: 9.7 lbs.

MCM Part # (1-3) (4-up)  
28-11140 **\$164.00** **\$150.62**

### Solar Panel Charge Controller

Compact charge controller is ideal when multiple solar cells are used to charge rechargeable batteries. Selectable DC voltage provides flexibility for use with a wide variety of batteries and devices. Output voltage may be set at 3V, 6V or 12VDC, with maximum output current capacity of 4A. Optimal input voltage is 13.5VDC. Overall dimensions: 4.7" (H) x 3.1" (W) x 0.9" (D).

MCM Part # (1-3) (4-up)  
28-11138 **\$41.49** **\$38.63**

### velleman-kit LCD Digital Panel Meter

•Low cost version •Single 8/12VDC (1mA) operation •High input impedance: > 100Mohm. **Specifications:** •Display: 3 1/2 digit LCD •Input sensitivity: 200mVFS •Power supply: 9VDC (7-12VDC) •Decimal point selection with wire jumper •Automatic polarity indication •Figure height: 0.52" •Sampling rate: 2-3 readings/sec. •Guaranteed zero reading for 0V input •Accuracy: ±0.5% •Power consumption: 1mA DC •Size: 2.7" x 1.7"

MCM Part # (1-4) (5-up)  
72-8100 **\$9.99** **\$8.83**

#28-11154

#28-11158

### Weatherproof Solar Panels

Perfect for charging 12V batteries, these fully weatherproof solar panels are great for a variety of alternative energy applications. A heavy-duty anodized aluminum frame provides strength and convenient mounting access. Cells are laminated between high transmissivity, low iron 3mm tempered glass and sheet tedlar-polyester-tedlar (TPT) material by two sheets of ethylene vinyl acetate (EVA). This protects against moisture penetrating into the module. Highly efficient mono crystalline cells provide typical service life of up to 25 years. When used to charge a storage battery, a separately available charge controller is required.

**Specifications:** •Max power voltage: 17.6V •Open circuit voltage: 21.6V •Operating temperature range: -49~+185°F •See www.MCMelectronics.com for complete specifications

MCM Part #	Wattage	Max Current	ONLY

28-11160	50W	2.80A	<b>449.00</b>

### 3 Amp Solar Charge Controller

Depending upon the voltage of the battery and that supplied by the solar panel, the controller will adjust the charging current and decide if necessary to supply power to the load, keeping the battery at full voltage condition. The controller also prevents the battery from over charging or discharging, as well as preventing reflow of current back to panels during dark conditions.

MCM Part # **ONLY**  
28-11150 **\$21.99**

### velleman Portable Solar Trickle Charger

Great for use with automobiles that often sit unused for long periods of time. Panel simply lays on dashboard, plugs into cigarette lighter, and provides constant trickle charge to battery during daylight hours. It is perfectly suitable for charging any storage battery type, or for use as a portable power source. Kit includes cigarette lighter cord, 3m cable with battery clips and four suction cups for windshield mounting. **Specifications:** •Output power: 1.5W max •Max voltage: 17.5V, 12.5V nominal •Max current: 125mA •Dimensions: •4.7" (H) x 13.4" (W) x 0.6" (D)

MCM Part # (1-3) (4-up)  
28-11142 **\$38.49** **\$35.71**

### Compact Solar Cell with Integrated Battery

This solar panel is a pocket-size solar charger that can serve as a backup power source, and is ideal for charging cell phones and other mobile devices. **Features:** •Output voltage: 5.5V •Output current: 360~800mA •Battery capacity: 1350mA •Charging times: 12~15 hours (full sun), 20~25 hours (partial sun) **Includes:** USB charging cable with various plugs, power supply, •Dimensions: 5" (L) x 2 3/4" (W) x 1/2" (H)

MCM Part # **ONLY**  
28-11147 **\$39.99**

**velleman**  
Compact Solar Panels

Small polycrystalline panels provide a wide range of voltages and current, perfect for hobby, experimentation and educational use, as well as larger solar panel prototyping. Pigtail stripped and tinned leads allow easy connection. Versatile mounting allows incorporation in a wide range of applications. Multiple cells (of the same type) may be placed in series/parallel arrangement to provide increased voltage and/or current.

**Colored IEC-60320-C14 to IEC-60320-C13 Jumper Power Cords**

High quality Quail C14 to C13 jumper power cords in three bright colors provide quick, positive power source identification. These cords are extremely useful for IT network professionals to enable color coding of the many devices used in their installations. Use for network components, industrial devices, communication equipment, or any C13 compatible devices to help separate, code, or categorize equipment power sources. Every Quail product is rigorously tested to ensure long lasting, safe and reliable performance. All cords are three conductor. Universal Cords are also VDE listed.

IEC Plugs and Sockets

**PRO-ELEC**  
Hot Condition IEC Socket

•Rewireable C15 female socket connector •Notched hot condition design •Rubber cable strain relief •Screw terminals •Rated at 10A/250V •Dielectric strength: - 2000Vac/1 minute

MCM Part # **ONLY**  
28-11490 **\$2.99**

**PRO-ELEC**  
Right Angled IEC Socket with Strain Relief

•Screw terminals •10A, 250V rated •Dielectric strength 2000V +/-60V AC/second

MCM Part # **ONLY**  
28-11500 **\$5.49**

**PRO-ELEC**  
Rewireable IEC Socket

•Hexagon design, allows multiple cable positions •Screw terminals •10A, 250V rated •Dielectric strength 2000V +/-60 V AC/second

MCM Part # **ONLY**  
28-11510 **\$4.49**

**PRO-ELEC**  
Rewireable IEC Plug

•Solder/screw terminations and cable strain relief •UL, IEC320, BS4491 compliant •Rated 10A, 250VAC

MCM Part # **ONLY**  
28-11470 **\$3.49**

**PRO-ELEC**  
Right Angled IEC Plug with Strain Relief

•Screw terminals •10A, 250V rated •Dielectric strength 2000V +/-60V AC/second

MCM Part # **ONLY**  
28-11495 **\$3.49**

**PRO-ELEC**  
Rewireable IEC Plug

•Hexagon design, allows multiple cable positions •Screw terminals •10A, 250V rated •Dielectric strength 2000V +/-60 V AC/second

MCM Part # **ONLY**  
28-11505 **\$4.49**

**Requireable Free “Moat” Plugs**

Features: •IEC straight and right angle connector •Internal screw termination •Approvals: SEMKO, IMQ, UL VDE, and CSA  
Specifications: •Current Rating: 10A @ 250VAC •Temperature Range: -40°F~158°F •Housing: Nylon, UL94V-0 •Contacts: Brass, nickel plated •Cable Dia: 0.3" max •Right Angle (HxWxD): 0.89" x 2.84" x 2.04" •Straight (HxWxD): 0.89" x 1.14" x 3.09"

MCM Part #	Description	(1-9)	(10-up)
<b>Black</b>			
28-12522	Straight	\$2.29	\$1.97
28-12523	Right angle	2.39	2.06
<b>White</b>			
28-12524	Straight	3.08	2.66
28-12525	Right angle	2.72	2.34

**Rewireable Free Sockets**

Features: •Rewireable female socket connector •Screw termination, rubber strain relief grommet ie. sleeve •Ideal for most domestic appliances •Manufactured to BS4491 and IEC320 •Approvals include: VDE, UL, CSA, SEMKO, NEMKO, FEMKO, IMQ, and BSI  
Specifications: •Contact Rating: 10A @ 250V ac •Temperature Range: -40°F~248°F •Housing: Matt nylon •Contacts: Brass, Nickel Plated •Terminations: Screw

MCM Part #	Color	(1-9)	(10-up)
28-12511	Black	\$2.13	\$1.83
28-12512	White	2.66	2.29

**IEC Free Sockets – Rewireable**

Rewireable IEC sockets with screw terminals and strain reliefs. Manufactured to BS4491, EN60.320 and UL, CSA approved. Rated 10A @ 250VAC.

MCM Part #	Description	(1-9)	(10-up)
<b>Black</b>			
28-12513	Straight	\$1.96	\$1.69

<b>White</b>			
28-12515	Straight	2.46	2.12
28-12516	Right angle	2.88	2.48

## SCHURTER IEC Connectors - Hot Condition

Rewireable IEC hot condition, cold connectors with integral notches. The connectors feature screw terminals and cable strain reliefs. Available in straight or angled versions. UL, CSA and BS Approved. Specifications: •Current Rating @250VAC: 15A (UL and CSA), 10A (BS, VDE) •Body Molding: Polyamide 6 Grilon A28VO

MCM Part #	Description	ONLY
28-12518	Straight	\$2.93
28-12519	Right angle	3.19

## SCHURTER IEC Rewireable Cold Connectors

Features: •Rewireable IEC cold connectors with screw terminations and cable strain relief •Available in straight or right angle versions. •UL, CSA approved •Current Rating: 15A

MCM Part #	Description	(1-9)	(10-up)
28-12520	Straight	\$3.32	\$2.86
28-12521	Right angle	3.78	3.26

## SCHURTER Rewireable Straight IEC Mains Connector

Rewireable straight, IEC mains connectors with applications in Hi-Fi, office and computer equipment or where power is taken from a single point. Contains internal screw terminations and a reversible strain relief mechanism for circular and flat cable. UL, BEAB, CSA and VDE approved. Features: •Current rating: 10 Amps @ 250V ac •Max. Cable Dia.: up to 0.26" •Body Material: Black, NORYL UL94V0 •Contacts: Nickel plated brass •Temperature Range: -40°F~149°F

MCM Part #	(1-9)	(10-up)
28-12517	\$5.57	\$4.80

## PRO-ELEC Rewireable IEC Socket

•Solder/screw terminations and cable strain relief •UL, IEC320, BS4491 compliant •Rated 10A, 250V AC

MCM Part #	ONLY
28-11475	\$1.49

## multicomp IEC Sockets - Flange Fixing / Snap Fit

Features: •Panel mount IEC inlet •Screw or snap in **Dimensions:** •Panel Cut-out: 0.79" x 1.09" **Screw dimensions:** •Frame Size : 1.97" x 0.87" •Height above panel: 0.22" •Solder Tags: 0.22" x 0.16"x 0.03" **Snap-in dimensions:** •Panel Thickness: Min 0.03" Max 0.12" •Height above panel: 0.12" •Solder Tags: 0.29" x 0.19" x 0.03" **Specifications:** •Current rating: 10A @ 250VAV •Dielectric strength: 2000V @ 1 Min. •Material: UL94V-0PBT

MCM Part #	Description	(1-9)	(10-up)
28-12532	Screw	\$0.31	\$0.26
28-12533	Snap In	0.57	0.49

## Power Jack

•3 prong •Panel mount •Used in computers and test equipment

MCM Part #	(1-9)	(10-up)
28-0170	\$1.49	\$1.32

## 'Polysnap' IEC Inlets - Switched / Fused

A range of panel/chassis mount IEC inlet plug with integral switches and fuse holders.

Features: •Horizontally mounted fused and/or switched inlets •Illuminated/non-illuminated rocker switches •Snap-fit fixing for 1, 1.5, 2 and 3mm panel thicknesses •Rating: 10A @ 250VAC •Approvals: UL, CSA, VDE Dimensions: •Single Pole: 2.47" x 1.54" (Cut-outs: 2.37" x 1.35") •Double Pole: 2.93" x 1.54" (Cut-outs: 2.83" x 1.35")

MCM Part #	Description	(1-9)	(10-up)
<b>Single Pole Switched</b>			
28-12535	Non Illuminated	\$3.98	\$3.43
28-12536	Red Illuminated	5.52	4.76
<b>Double Pole Switched</b>			
28-12537	Non Illuminated	5.28	4.55
28-12538	Red Illuminated	6.34	5.47

## bulgin Flange and Snap Fit Fixing

Panel cut-out 1.5mm panel thickness for snap-fit. Panel mounting mains outlets available with flange fixing or a snap-in version for quick and simple installation.

Designed for power take-off applications and complying with EN60.320/2/2. Approvals: VDE, UL, CSA, IMQ, SEMKO. **Specifications:** •Contact Rating: 10A @ 250VAC •Temperature Min: -40°F~158°F •Temperature Max: 158°F •Housing: Nylon to UL94V-0 •Contacts: Brass, Tin Plated •Terminations: 0.25" x 0.03" fast-on

MCM Part #	Description	(1-9)	(10-up)
28-12526	Flange Fix - Black	\$1.29	\$1.11
28-12527	Flange Fix - White	1.16	1.00
28-12528	Snap-Fit	1.04	0.90
28-12529	Shutter Snap-Fit	2.02	1.74

## bulgin Flange Fixing

A front or rear panel mounting mains inlet connector approved to BS.4491.EN60.320. Approvals UL, CSA, VDE, BS, SEMKO, and IMQ. **Specifications:** •Contact rating: 10A @ 250VAC •Terminations: 0.11" or 0.25" 0.03" fast-on •Housing: Nylon UL94V-0

MCM Part #	Termination Size	(1-9)	(10-up)
28-12530	0.11"	\$0.82	\$0.71
28-12531	0.25"	1.12	0.97

## bulgin Switched and Fused Inlets

Cut-out "A" Single fuse switched: Panel cut-out H=2.23", W=1.35",

Thickness=1.5mm to 3mm Depth behind panel=1". Cut-out "B" Twin fused switched: Panel cut-out H=3.01", W=1.35", Thickness=1.5mm to 3mm Depth behind panel=1.5" **Features:** •Snap-fit, panel mount combination, fused inlet sockets •Each item individually terminated for flexibility of interconnection •Twin DPST switched fuse version allows switching and fusing of live and neutral •Manufactured to IEC320/CEE22 and BS4491 •Fuse drawer/fuseholder protected to PC2, IEC127/6 •Approvals: CSA, VDE, SEMKO and UL Recognised **Specifications:** •Overall current rating: 10A @ 250VAC •Housing: Black nylon •Terminations: 0.25" x 0.03"/0.11" x 0.02"

MCM Part #	Switch	Fuse	Neon	(1-9)	(10-up)

## bulgin Twin Fused Inlets

Panel cut-out. Panel cut-out (PCB) PCB drilling pattern (Snap Fit) **Features:** •Each inlet has integral fuse drawer, protected to PC2, IEC127/6 •Manufactured to BS4491.EN60.320

requirements and conforms to European Safety Standards EN60.950, IEC1010-1 and IEC601 •IEC601 and BS5724 Part 1 require mandatory fitting of twin fuse protection to medical equipment •IEC1010-1 and EN60.950 recommend use of twin fusing for laboratory and "IT" equipment •Approvals: VDE, CSA, IMQ, SEMKO and UL Recognised **Specifications:** •Contact rating: 10A @ 250VAC fused •Temperature: -4°F~158°F •Max dissipation per fuse: 2.5W •Housing: Black glass filled nylon, UL94V-0 •Terminations: 0.25" x 0.03" (except PCB) •Fuseholder: Twin 20mm x 5mm

MCM Part #	Description	(1-9)	(10-up)
28-12543	Snap fit	\$2.88	\$2.48
28-12544	Flange fixing	2.63	2.27
28-12545	PCB mounting	2.92	2.52

## PRO-ELEC Fused Panel Plugs

•IEC 320 type, 3-pole panel plug •10A 250V rated •UL and CSA compliant

MCM Part #	Mounting	ONLY
28-11480	Flange	\$1.99
28-11485	Snap-In	1.99

**IEC320 Socket**

High quality screw panel mounted inlets to IEC320 spec.

**Specifications:** •Rating: 250Vac at 6A •Panel Mounting Hole: 1.06 x 0.78in •Centers: 1.57in •Screw Holes: 0.13in dia. •Panel Depth: 1.10 in •Connections: 0.11 x 0.25 in fast-ons •Approvals: VDE, NEMKO, DEMKO, SEMKO, KEMA, OVE, UL, CSA

LIMITED LIFETIME WARRANTY

**RATED**  
★★★★★

**inland AC Cord Adapter with Rotating Plug**

•Converts your standard straight AC plug into a right-angled AC plug •Enables office equipment, furniture, audio/video accessories and other AC powered devices to be positioned within 1/2" from the wall •Rotating plug allows cord to be routed in any direction •Length: 6" •125V, 15A, 1875W

MCM Part #	(1-4)	(5-up)
28-8542	\$6.99	\$6.25

**Power Cord Receptacle**

Mates with any bendable cord connector PH-386, PH-390 or PH-391, IEC-320-C13. May be used for equipment used in the US, Canada and European countries. Type 17252 rated 15A, 250V; UL listed. •Mfr. #17252

MCM Part #	(1-9)	(10-up)
23-470	\$1.66	\$1.42

**IEC Panel Plugs – Switched Fused**

Snap-in and flange mounting IEC 320 type, 3-pole panel plugs (hot type) for mains power connections. **Features:** •10A rated •UL VDE DEMKO FIMKO NEMKO SEMKO •Material: Nylon 66 94V-0I •Dielectric strength: 2000V AC 1 Minute

MCM Part #	Description	(1-9)	(10-Up)
28-12603	Snap-In	\$2.49	\$2.31
28-12604	Flange Mount	2.99	2.50

**Two Outlet Power Cord with Rocker Switch**

These space saving cords have one end that plugs directly into any standard wall outlet, and on the other end, the two receptacles connect to any 5-15P style plugs. The plug and receptacles feature the helpful quick release that easily ejects the plug or connectors from a receptacle or plug. It also features a switch which lets you turn your device on or off without unplugging the power cord. **Specifications:** •Length: 1' •Color: White •Rating 10A – 125V. •Mfr.# 0403-012WCQRS

MCM Part #	ONLY	
28-12105	\$22.99	

**IIIWoods® Yellow Jacket® Contractor Grade Cords**

Woods' exclusive Yellow Jacket® compound is more flexible and abrasion resistant at any temperature than standard vinyl compounds or blue cold weather cords. Yellow Jacket® cords are the best on the job site, because they are three times as abrasion resistant as standard vinyl. PowerLite power indicator plug glows when the cord has power. Extra heavy, clear molded plugs are rugged and durable.

MCM Part #	Gauge/Cord	Length	125V Rating	ONLY

### Six Outlet Power Save Surge Protector

**RATED**  
★★★★★  
✓2160 joules  
✓Smart outlets  
✓RJ-11 protection

Perfect for an office environment, these surge protectors feature five "Power Save" outlets that only provide power when the "Master" device is on, helping to reduce your electric bill and protect the environment. **Features:** •Four power save outlets •One master outlet •One always on outlet •2160 joules •LED status indicators (grounded, protected, master outlet status, power save outlet status, always on outlet status) •RJ-11 surge protection •6' power cord **Includes:** •6' RJ-11 telephone cable **Ⓢ**

MCM Part # **ONLY**  
28-11112 **\$14.99**

### "Green Power"

### Stellar Labs® Smart Home Theater Power+ Surge Protector

It is estimated that seven percent of the world's electricity usage is consumed by electronics in standby mode. The five "Green Power" outlets on this surge protector monitor power usage, and when consumption drops 70% from peak for 3 minutes, the outlets automatically switch off, saving you money and reducing harmful carbon emissions. Three "Always On" outlets are included for your CATV box, DVR, or any other device that needs to always be on. The "Green Power" outlets are perfect for your DVD player, VCR, A/V receiver, or any other component that still functions normally without having to drain electricity while in standby mode. **Specifications:** •"Green Power" outlets switch on when IR signal is detected •LED current meter •4320 joules •EMI/RFI noise filtration •LED status indicators •Dual 2.4GHz coax protection •RJ-11/45 surge protection •External IR receiver connection allows for concealed installation •8' 14AWG power cord •Piano black finish **Includes:** •Two coaxial cables •Cat 5 cable •RJ-11 telephone cable •Owners manual **Ⓢ**

### Desktop Surge Protector with USB Hub

A perfect desktop power solution, the "Desktop Corner Power" unit provides three surge protected AC power outlets as well as a four-port USB hub. A perfect solution for plugging in your computer speakers, monitor, and printer, an on/off rocker switch provides a convenient and easy way to go green by saving electricity used by electronics typically left in standby mode. **Specifications:** •Two rotating outlets, one fixed outlet •Four port USB hub •1080 joules •6' rotating 14AWG power cord •EMI/RFI noise filtration •RJ-11/45 surge protection •Rocker switch •LED status indicators (grounded, protected) **Includes:** •6' USB cord •6' Cat 5 cable **Ⓢ**

MCM Part # **ONLY**  
28-11110 **\$22.99**

### Rotating Power Strip & Surge Protector

There always seems to be so many bulky transformers but so little space between the outlets. Results are wasted space, and possibly the need of more power strips or "power strip saver" jumper cords. The Rotating power strip takes care of this problem. Simply rotate the outlets in opposite directions and utilize all of them. This power strip features two fixed side and six rotating NEMA 5-15R grounded outlets, a 6' 1/4" AWG power cord and a 360° rotating NEMA 5-15P plug. It also features a top quality power push button, handy cord organizer clips, EMI/RFI noise filters, and provides up to 2160 joules of protection against equipment damaging surges. Rated at 125V AC, 15A.

# Cover Your Assets.

Are you doing enough to guard your expensive electronics against damage and downtime? With the unpredictability of power problems threatening your equipment, power protection is an essential part of protecting your electronic investment. Tripp Lite offers a wide variety of solutions to protect and power your modern lifestyle:

## UPS Systems

Dependable battery backup keeps equipment running through power failures

- High quality surge and noise suppression protects and maintains sensitive electronics
- Phone/DSL, Ethernet and coaxial surge protection options available

## PDUs

Highly reliable power distribution, monitoring and control

- Switched, monitored, metered, basic, hot-swap and ATS models available
- 1U, 2U or 0U (vertical) installation options

## Surge Suppressors

Strong protection against damaging surges, spikes and line noise

- Built-in EMI/RFI noise protection
- Durable construction

## Power Strips

Provide multiple outlets for all types of equipment and years of trouble-free service

- Circuit breaker prevents dangerous overloads
- Keyhole slots or flanges support wall, desk or counter installation

**Tripp Lite offers a complete line of power and connectivity solutions!**

UPS Systems | Racks | PDUs | Cooling | KVM | Connectivity | Display Solutions | Surge

For more information on Tripp Lite's entire line of over 2,500 power and connectivity solutions, visit [www.mcmelectronics.com](http://www.mcmelectronics.com) or contact your sales representative.

**OmniSmart Value Series Battery Back-Ups**

Tripp Lite VS/AVR UPS systems provide basic automatic voltage regulation (AVR) operation, which corrects brownouts without draining battery power. Use VS/AVR UPS systems to protect and support PCs, workstations and servers. During blackouts, VS/AVR models provide reliable battery back-up support. All VS/AVR models include built-in surge suppression and line noise filtering.

**Digital UPS Systems**

Tripp Lite Digital UPS Systems keep computer and home theater components running safely through short blackouts and allow enough time to safely shut down during longer ones. In addition, they also filter disruptive line noise and protect/support components through low power conditions or power surges. Automatic Voltage Regulation (AVR) corrects brownouts without using battery power. An easy-to-read, LCD display rotates for easy viewing. With Tripp Lite Digital UPS Systems, you can easily monitor input voltage, UPS battery capacity, power status and more at a glance. You'll know you're well protected because you can see it in action!

**Isolation Transformers**

Tripp Lite Isolator series isolation transformers offer complete line isolation, continuous noise filtering and enhanced common mode surge suppression. Internal low-impedance isolation transformer component with Faraday Shield offers 100% isolation from the input AC line. Removes EMI/RFI noise, utility switching transients, background spikes generated by other on-site loads and utility or lightning related surge conditions. Additional surge suppression components placed at both the line input and transformer output combined with full line isolation offers continuous line filtering of a full range of power line noise in all modes. Active transformer filtering with no wearable parts is uniquely able to reduce surges in the worst of power environments to harmless levels. Reduces 6000V IEEE587 Cat A&B ring wave and combination wave test surges to only 0.5V common mode. Two year manufacturers warranty. Model IS1000HG is UL60601-1 medical-grade listed with hospital-grade plug and outlet receptacles.

**CyberPower Pure Sine Wave UPS**

This uninterruptible line interactive power supply (UPS) with pure sine wave safeguards networking hardware, networked-based devices, small office servers, workstations and telecom equipment that use conventional and Active Power Factor Correction (PFC) power supplies. Automatic Voltage Regulation (AVR) topology delivers clean and consistent AC power, protecting connected equipment and preventing costly business interruptions. CyberPower's innovative UPS technology is an affordable solution that ensures equipment utilizing Active PFC power supplies do not unexpectedly shutdown when switching from AC power to UPS battery power. **Features:** •RJ11/RJ45 and coax RG6 protection •Eight outlets/USB, serial, and EPO ports •EMI/RFI filters •Includes PowerPanel® Business Edition software •SNMP/HTTP remove management option •2U rack mount/tower convertible •Bright Multi-Function LCD display •Comes with CyberPower® Connected Equipment Guarantee

**CyberPower Smart App UPS with Removable LCD Display Panel**

This mini-tower uninterruptible power supply with LCD Control Panel and pure sine wave output is Active PFC compatible for safeguarding mission-critical servers, telecom equipment, VoIP and internetworking hardware that require seamless pure sine wave power. Its full Automatic Voltage Regulation (AVR) boost/buck topology delivers a consistent and clean AC power, protecting connected equipment and preventing costly business interruptions. Patented GreenPower UPS™ advanced circuitry reduces UPS energy costs by up to 75% compared to competitive models. The LCD Control Panel provides 41 different settings to check status and customize the operating settings, plus it can be removed and mounted separately from the UPS for ease of use regardless of where the UPS is installed. Functions include menus for checking power status on 11 different parameters, 23 settings for setup and control of the UPS, three battery test and calibration options, and four selections in the Log menu. With its attached cable the LCD Control Panel can be removed from the UPS and relocated up to 4.5' away from the UPS for ease of viewing when installed in hard to reach locations. PowerPanel® Business Edition software is also included, giving the user ultimate control and flexibility of power management options. **Specifications:** •750VA •525W •Six NEMA 5-15R receptacles •two maintenance free, user-replacement 12V/7.0Ah batteries. •One HID USB port •One DB9 serial port •One EPO port •EMI/RFI filters •Lifetime Connected Equipment Guarantee of \$375,000 •Mfr. # PR750LCD.

**APC** AMERICAN POWER CONVERSION Smart UPS

Smart-UPS have extremely high efficiency at low, medium and high load levels making them ideal for today's multi-core or virtualized servers that have varying load consumption. Available in a variety of form factors (tower, rack mount, rack/tower convertible) there is a model for every application. Rack mounted Smart-UPS are ideal for powering blade or density optimized servers in a distributed power protection environment as the primary or redundant protection. Smart-UPS feature a 16-segment LED display, extended range automatic voltage regulation (AVR), and pure sine wave output on battery. **■**

**APC** Back UPS RS

This high-performance desktop battery back-up features maximum protection in a versatile design. The fully featured APC Back-UPS RS can be placed on the floor, under a monitor or on a shelf. Six battery back-up outlets with automatic voltage regulation (AVR) enable you to work through even the most frequent brownouts and power sags, keeping 90/110 minutes of battery power for when you need it most. For printers and other devices that do not store or process information, two additional outlets provide surge protection. Both ethernet 10/100BaseT and telephone dataline surge protection safeguards against surges entering via network connections. The PowerChute Personal Edition software features easy-to-use safe system shutdown with sophisticated power management **Features:** •Lightning and surge protection preventing damage to your equipment from power surges and spikes •Internet fax, modem, DSL surge protection provides protection from surges and spikes traveling on the phone line •Resettable circuit breaker •Easy recovery from overloads; no need to replace a fuse •Automatic voltage regulation (AVR) corrects under-voltages and over-voltages without draining the battery •Building wiring fault indicator immediately warns you of wiring problems like improper grounds that could cause shocks or prevent adequately suppressing surges •USB compatibility and connectivity ensures quick and easy installation of the free PowerChute Personal Edition Software •Eight receptacles

\*\*use less batteries, create less waste

## INDUSTRIAL

- Energizer® Industrial® alkaline batteries are trusted by working professionals and have the same long lasting power and reliability of Energizer® MAX® batteries
- No mercury added
- Excellent shelf life
- Excellent for devices you use every day at work or on the job: flashlights, clocks, calculators, laser levels, stud finders, handheld digital devices, and many more

## max

- Long-lasting power for your everyday life
- Makers of the World's 1st\* Zero Mercury AA Alkaline Battery
- Excellent for devices you use every day: flashlights, smoke detectors, door locks, toys, clocks, two-way radios, label makers, and remote controls

\*commercially available since 1991

## RECHARGE

- Reusable power that lasts up to 4x longer\* in digital cameras (AA)
- Charges hundreds of times
- Economical power solution for high-tech devices
- Great for use in digital cameras, wireless gaming accessories, GPS equipment, portable audio players, and flashlights

\*vs. Energizer® MAX®. Results vary by camera and usage.

## flashlights

Energizer lights are designed and built with the rugged features hard working professionals need and appreciate on the job.

Nite Ize LED Flashlights

**NITE IZE** INNOVATION "C"/"D" Size Flashlight LED Upgrade Kits

Convert your incandescent flashlights into a bright, long lasting LED light. It's as easy as replacing the bulb. Not only do you get a pure white light in spot to flood focus, the efficient LED technology ensures a much longer battery life to save money on bulbs and batteries. Fits most 2~6 cell PR style flange "C" and "D" cell flashlights. 

MCM Part #	Description	ONLY
29-6050	50,000 hour LED life	\$15.00
29-6055	100,000 hour LED life	9.47

**NITE IZE** INNOVATION INOVA® X3R USB Rechargeable LED Flashlight

The patented optical system, precision machined aluminum reflector with thermal interface provides superior light projection and visibility. Updated performance and new dual-mode functionality provides long hours of either High or Low power light output. The 3 Position End-Cap Switch activates constant and momentary high and low as well as a lockout mode. Features a mini USB charging port compatible with any standing 1A 5V USB output. The powerful 227 lumens have an effective range of 495 feet. Length; 6.2". Kit includes: Lithium Ion rechargeable battery, mini USB charging cable. 

MCM Part #	ONLY
29-6030	\$78.95

**NITE IZE** INNOVATION Inova® Bolt Flashlight Series

With aerospace grade aluminum bodies, water resistant construction, and a comfortable non-slip rubber grip, these flashlights endure the rigors of hard use. Their innovative non-rolling geometry keeps them right where you need it for every job. Its patented optical system and precision machined aluminum reflector with thermal management interface provides a focused spot with flood beam pattern. Batteries included. 

MCM Part #	Mfr. #	Size	Lumens	Length	ONLY
29-6016	Bolt® 3A	(2) "AAA"	25	4.76"	\$26.32

**NITE IZE** INNOVATION INOVA® LED Squeeze Light

Designed for convenient, one-handed use, the bright white LED Squeeze Light turns on when you squeeze it, off when you let go. With its rugged, heavy-duty plastic body, looped on a durable strip of nylon cord on one end and a split ring on the other, the LED Squeeze Light can be easily attached to key rings, belt loops, zipper pulls etc. making it easy for you to shine bright light instantly, whenever you need it. Long lasting replaceable lithium batteries included. 

MCM Part #	ONLY
29-6007	\$3.51

**NITE IZE** INNOVATION INOVA® T4R Rechargeable LED Flashlight

Engineered with the professional in mind, the T4 has a mid-body tactical switch that activates High Power, Medium Power, Low Power, Strobe, and Momentary High modes for the ultimate in versatility and performance. Its aerospace-grade aluminum body with military-spec Type III hard coat anodized finish makes this flashlight shockproof, crushproof and water-resistant. The rechargeable Lithium Ion battery charges from zero to full in 3 hours and can be recharged at any time without waiting for full discharge. At high power, it is at 303 lumens with an effective range of 698 feet. Length 7.9". Kit includes: Rechargeable Lithium Ion battery, charging cradle, AC power supply and DC/Vehicle adapter. 

MCM Part #	Description	ONLY
29-6035	T4R Flashlight Kit	\$131.58

**Additional Accessories**

29-6037	AC Adapter	17.54
29-6038	DC Adapter/Car Charger	17.54
29-6039	Extra Rechargeable Battery	17.54

29-6043	White Signal Cone	4.39
29-6044	Yellow Signal Cone	4.39
29-6045	Assorted Signal Cone Pack	11.84

**NITE IZE** INNOVATION INOVA® T5 Lithium Powered LED Flashlight

This 9" precision-engineered lighting instrument projects a powerful beam up to 670'. Powered by 3-123 lithium batteries (included), it has a patented optical system that provides thermal management while harnessing and projecting a powerfully bright (250 lumens) uniform focused spot with flood beam. Features a tactical mid-body switch that activates high, medium, low, strobe, and momentary high modes. With a precision machined aluminum body from solid bar stock, a military-spec Type III hard coat anodized black finish, and an aggressive knurling pattern for positive grip, the T5 is a high performance illumination tool perfect for professional, mission-critical use. 

MCM Part #	ONLY
29-6036	\$109.65

## NITE IZE<sup>®</sup> INNOVATION

### LED Flashlight Upgrade Kits

Convert your incandescent flashlights into a bright, long lasting LED light. It's as easy as replacing the bulb. Not only do you get a pure white light, the efficient LED technology ensures a much longer battery life to save money on bulbs and batteries. The IQ switch converts a AA flashlight into offering five light modes: 100%, 50%, 25% power, slow and fast strobe. The push button switch converts a twist on/off flashlight to a push button. **■**

MCM Part #	Description	ONLY

29-6048	55 lumens, focusable	\$15.00
29-6049	65 lumens, includes IQ switch	19.74

## NITE IZE<sup>®</sup> INNOVATION

### INOVA<sup>®</sup> X5 LED Flashlight

Five LED lamps recessed into the X5's patented stainless-steel head are each surrounded by individual reflectors, creating an unsurpassed brilliant flood beam pattern. Dual-mode functionality provides long hours of either High or Low power light output. Powered by two 123 lithium batteries, with an amazing 10-year shelf life, the X5's reliable performance makes it perfect for long-term duty. The UV light is great for most leak and fluorescent dye detection, counterfeit bill and pest detection. Length: 4.75". **■**

MCM Part #	Color	ONLY

29-6025	Black	\$30.70
29-6026	Titanium	30.70
<b>UV</b>		
29-6027	Titanium	39.47

## NITE IZE<sup>®</sup> INNOVATION

### INOVA<sup>®</sup> T3R USB Rechargeable LED Flashlight

This boundary pushing design reflects the needs of modern tactical professionals by offering a mini USB recharging port that is compatible with any standard 1A 5V USB output. Its high powered 234 lumen LED projects a powerful uniform focused spot and flood beam pattern up to 500'. Its heavy duty construction is shockproof, crushproof and water-resistant. The tactical three position end-cap switch activates High, Low, Strobe and momentary High modes. Kit includes: Rechargeable Lithium Ion battery, mini USB charging cable, AC/USB charger, DC/USB charger. **■**

MCM Part #	ONLY
29-6034	\$105.26

## NITE IZE<sup>®</sup> INNOVATION

### IQ Switch<sup>®</sup>

This easy-to-install tail cap switch fits any "AA" Mini Maglite<sup>®</sup>, to convert it into a very useful, multi-functional tool. Five light modes: 100%, 50%, 25% power, slow, fast strobe. Three power levels, so you can choose the function you need for your particular task at hand and extend your battery life in the process. Batteries last four times as long when the IQ Switch is in place. For extra battery conservation, when you're in the first three modes, the flashlight turns off after 14.5 minutes when not in use, preventing accidental battery drainage. Also equipped with a "find-in-the-dark" flashing LED to make location a snap. **■**

MCM Part #	ONLY
29-6056	\$7.11

## Coast LED Flashlights

## COAST<sup>™</sup> V13 Mechanics Penlight LED Flashlight

Features the most advanced optical and digital technology, combined with the highest wattage LEDs to create lights that meet the highest professional standards. Specially designed for heavy and continuous use, these lights will stand up to whatever abuse your job puts them through. **Features:** •Moon beam optical glass lens •Slim and elegant size •Two "AAA" batteries required and included •Silver aircraft aluminum body •Includes tie clip •Mfr. #LL7817

MCM Part #	(1-9)	(10-up)
29-4370	\$12.99	\$11.95

## COAST<sup>™</sup> V2 6 Chip LED Flashlight

Coast flashlights represent the best combination of quality, efficiency, and value. Their exclusive cloverleaf reflector and crystal reflector tube systems, combined with the highest quality Nichia LEDs, produce the brightest, most energy efficient flashlights available today. **Features:** •Cloverleaf six reflector system •Six high-quality white LEDs •#LL1106 is dual color with five white LEDs and one red LED •6¼" length •Black aluminum casing •Three "AAA" batteries required and included

### NITE IZE INNOVATION Headlamp Headband™

Constructed of 1" black webbing, this lightweight, adjustable headpiece fits almost any "AAA", "AA" or L123 flashlight, and instantly turns it into a versatile headlamp. Two elastic loops fit most shapes and styles of mini-flashlights. Hook and loop fastener for one-size-fits-all design.

MCM Part # **ONLY**  
29-6057 **\$4.74**

## Work Lights

### MCM 15 LED Rechargeable Flashlight

•Rechargeable flashlight plugs directly into wall for convenient recharging •110V plug slides into body of flashlight for storage •15 super bright LEDs •Built-in lead acid battery (1000 mAh)v

MCM Part # **ONLY**  
29-5810 **\$5.49**

### GRIP GRAND RAPIDS INDUSTRIAL PRODUCTS

### 14 LED Magnetic Worklight

•LED worklight uses 14 LED bulbs to provide a very bright, energy efficient white light to help with various applications around the house, garage or workshop •Great for use during power outages or emergency roadside repairs •Two magnets on each side enables use from various angles •Operates on three "AAA" batteries (included)

MCM Part # **ONLY**  
29-6300 **\$6.49**

### Performance Tool™

### 2-in-1 LED Work Light

•Two high output LEDs and red laser pointer •Rare earth magnet on back for hands free work •360° swivel hook for added versatility •92 lumens, 3.5 hr run time, 13m beam •Uses three "AAA" batteries (included)

MCM Part # **ONLY**  
29-6315 **\$9.99**

### Performance Tool™

### USB Rechargeable LED Key Light

•Bright white Nichia LED never needs replacing •Built-in rechargeable lithium battery •Charges in any standard USB port •Convenient clip-on key ring •On/off/flash modes **Specifications:** •3.7V 60MAH Li battery •Charge time: 15~20 minutes •Run time: 2 hours

MCM Part # **ONLY**  
29-6320 **\$6.99**

### Performance Tool™

### Li-Ion 2M CP Spotlight

•High capacity Lithium Ion rechargeable battery •Run time: approx 50~60 minutes •Charge time: 6~8 hours •Powerful quartz halogen bulb •2 million candle power •High impact ABS housing with protective lens bumper •Comfort pistol grip with trigger lock and wrist strap •Includes both a car charger and household charger •LED charge indicator light with auto shutoff •Great for roadside emergencies, power failures, camping, boating, home, auto and more •Integrated rechargeable battery, no batteries required

MCM Part # **ONLY**  
29-6325 **\$24.99**

### Performance Tool™

### 12 Volt 3.5M CP Spotlight

•3.5 million candle power •Super bright 100W H3 quartz halogen bulb •Removable red lens to protect light vision •Compact design with ergonomic grip •6' coiled cord with 12V fused power plug •Perfect for RV's, trucks, boats and ATV's

MCM Part # **ONLY**  
29-6330 **\$24.99**

### PRO-ELEC 13 LED Lantern

•13 super bright LEDs •Sturdy rubber casing •Requires four "D" batteries (not included) •Dimensions: 4" (H) x 4" (W) x 8" (D)

MCM Part # **ONLY**  
29-5530 **\$10.99**

### Performance Tool™

### Rechargeable 24 LED Work Light

•Cordless or corded operation •24 super bright white LEDs •360° swivel hanging hook and heavy-duty magnet •Great for: Home, auto, shop, outdoors •4~5 hour continuous run time •Recharges fully in 3~4 hours •Includes 12V car charger, 120V wall charger, and charging base

MCM Part # **ONLY**  
29-6335 **\$34.99**

### Performance Tool™

### Rechargeable Spotlight

With a high power quartz halogen bulb, this light is great for roadside emergencies, power failures, general use, camping, boating or at home. Includes both a car and household charger. Lockable trigger switch for hands free use. Comfort grip with built-in hanging hook and tripod hole. Mfr. # W2409.

MCM Part # **ONLY**  
28-11440 **\$24.99**

### DURATool

### 45 LED Portable Work Light

•Includes 45 LEDs which use very little energy and generates almost no heat •Convenient handle design for easy transport and storage •Brightness: 225 lumens •LED lights lasts up to 50,000 hours •Voltage: 110V/60Hz •IP44 water resistant

MCM Part # **ONLY**  
29-5830 **\$16.99**

### DURATool

### 108 LED Portable Work Light

•Includes 108 LEDs which use very little energy and generates almost no heat •Convenient handle design for easy transport and storage •Brightness: 504 lumens •Includes on/off switch •LED lights lasts up to 50,000 hours •Voltage: 110V/60Hz •IP44 water resistant

MCM Part # **ONLY**  
29-5835 **\$38.99**

Work Lights

**DURATOOL**

**45 LED Portable Work Light with Tripod**

•Includes 45 LEDs which use very little energy and generates almost no heat •Tripod adjustable height from 3' to 6' •Brightness: 225 lumens •LED lights lasts up to 50,000 hours •Voltage: 110V/60Hz •IP44 water resistant

MCM Part # 29-5840

ONLY \$32.99

**PRO-ELEC LED Flood Lights**

This energy efficient work light with wide base and cushioned handle make this a sturdy addition to any work bench. The 8' cord gives you lots of flexibility in placement. Utilizes COB type LED. Rated IP65.

MCM Part #	Watts	Lumens	ONLY

**Artie Camo LED Flashlight**

•Super Bright Nichia® LED never needs replacing •Special edition white camo pattern •Interchangeable snap on lenses: Red for enhancing night vision; Blue for fluid detection •Aircraft grade aluminum •Nylon belt pouch •156 lumens, 1 hour run time, 100m beam

MCM Part # 29-6310 ONLY \$15.99

**DURATOOL**

**16 + 3 LED Mini Telescopic Work Light**

•16 LEDs slide on as work light •3 LEDs on the top act as a flashlight •Includes strong rear mounted magnet and foldable hook •Length: 4" closed, opens to 5.75" •Requires three "AAA" batteries (not included)

MCM Part # 29-5610 ONLY \$10.49

**DURATOOL**

**18 LED Multi Angle Flip Light**

•Comes on automatically when flipped open •Set the angle as needed or use the foldable hook to hang •Includes strong rear mounted magnet •Soft touch comfortable grip •Requires three "AA" batteries (not included)

MCM Part # 29-5620 ONLY \$10.49

**MCM**

**24 LED Work Light**

Super bright 24 LED work light with a heavy non-slip rubberized coating. Produces a long lasting and brilliant 13,000 mcd output. Features a handy 360° swiveling rear hanging hook and magnets for attachment to metal surfaces. Large on/off switch for easy operation. Shock resistant. Requires three "AA" batteries (not included).

MCM Part #	(1-9)	(10-24)	(25-up)
29-4667	\$11.99	\$11.48	\$10.81

**PRO-ELEC LED Hanging Light**

•24 quality superbright LEDs with 100,000 hour lifespan •ABS casing •Beam distance: 20m •Requires three AAA batteries (not included) •Head lamp dimensions: 3.8" x 2.5" x 1.5"

MCM Part # 29-5780 ONLY \$4.49

**32 LED Worklight**

This worklight is great for use for emergency roadside repairs, or as a multi-purpose light around the home or garage. The 32 LED bulbs provide energy efficient bright white light. The built-in hook enables use at various angles and the swivel stand allows the light to stand on any work bench or flat surface making this a versatile light. Uses three "AA" batteries (not included).

MCM Part # 29-5435 ONLY \$13.38

**GRIP**

**72 LED Light Bar**

Great light for use during emergency roadside repairs, electronic repair during power outages, or multi-purpose light for use around the home, garage or workshop. Features: •72 LED bulbs provide crisp bright white light •Built-in rear swivel hook allows use at any angle •Heavy rubberized non-slip surface •Three strong magnets allow attachment to metal surfaces •Uses four "AA" batteries (not included)

MCM Part # 29-4615 ONLY \$10.99

**DURATOOL**

**15 + 1 LED Mini Revolving Flashlight**

•15 LEDs ON/OFF by swiveling joint for open/close •Push button control of the 1 LED on top •Includes strong bottom mounted magnet •Length: 4" closed, opens to 6.5" •Requires three "AAA" batteries (not included)

MCM Part # 29-5615 ONLY \$9.49

INNOVATION  
**See'Em™ Mini Spoke Lights**

Innovative clip-on design fits most common spokes, round, oval and bladed (flat). Go from being hard-to-spot to impossible-to-miss. When the wheels are spinning, these lights create the ultra-attention-getting effect of a moving circle of light. Use one or several on each wheel to create your own signature bands of color. Molded durable plastic with stainless steel clips. Weather resistant. Long-lasting replaceable lithium battery included. Two per pack.

29-5978	Amber	5.53
29-5979	Green	5.53

**NITE IZE**  
INNOVATION  
**LED Sport Vest™**

This lightweight black mesh vest is made with 3M Scotchlite™ reflective material, and features two illuminated flexible polymer strips. Wearing this vest when you're heading out for a run or ride in the dark is a comfortable, effective way to ensure you'll be highly, instantly visible to oncoming traffic. Universally sized with hook and loop sections conveniently located at the shoulder, easy to slip on and off. Elastic sections with hook and loop closure allow adjustment at the waist for a snug fit. Two long-lasting, easy-to-replace batteries included.

MCM Part #	ONLY
29-5987	\$21.93

**NITE IZE**  
INNOVATION  
**SlapLit™ LED Slap Wrap**

Made of durable nylon patterned with a reflective spider web design, the SlapLit is powered by a bright, easy-to-activate LED that lights up the entire wrap. Use countless times. It can be straightened with a simple twist of the thumb and store flat, or hung in its straightened form and used as an LED marker beacon. Long life replaceable lithium battery runs 100 hours.

MCM Part #	ONLY
29-5988	\$9.47

## Nite Ize Specialty Lights

**NITE IZE**  
INNOVATION  
BrimLit™

This LED-powered light clips easily and securely onto nearly any hat, cap, or visor brim for convenient hands-free lighting. Formed from high-density EVA foam, the BrimLit slides underneath your hat's brim and easily accommodates its shape. Its two spring-tension clips automatically adjust to the brim's thickness, and a quick press of the button activates the BrimLit's four LED bulbs - choose high mode for more directed light or low mode for glow. Powered by two fully replaceable lithium batteries (included). 

MCM Part # **ONLY**  
29-6058 **\$13.16**

**NITE IZE**  
INNOVATION  
INOVA®  
UV LED Microlight

This ingenious micro LED flashlight provides UV light at your fingertips. It is great for detecting counterfeit bills/IDs, spotting fluorescent dyes or leaks during auto or HVAC repairs and even during hunting or crime scene investigations. It features four functions (high power, low power, strobe and signal mode), a tough polycarbonate body that is water and crush resistant, plus a stainless steel clip. It attaches easily to keys, zippers or packs so you are never without this lightweight, handy light. Long-lasting replaceable lithium batteries included. 

MCM Part # **ONLY**  
29-6006 **\$8.77**

## Camping Lighting

**NITE IZE**  
INNOVATION  
DomeLit™ LED  
Area Light

This small, multi-functional area light is as transportable as you need it to be. Attached to a loop of adjustable elastic, it can be hung wherever there's a hook, bar, pole or tree branch it can be looped around. It can also be worn around your wrist or strapped on your ankle. For semi-permanent placement, an adhesive strip of hook-and-loop is also included. Once positioned, simply press and the parabolic lens creates a flood beam that illuminates a 4' area. Glow or flash modes. Weather resistant. Long lasting replaceable lithium batteries included.

MCM Part # **ONLY**  
29-5954 **\$7.89**

**NITE IZE**  
INNOVATION  
TaskLit™ LED Headlamp

This lightweight headlamp is the perfect hands-free lighting devise. Its parabolic LED lens illuminates a 4' area with a full flood beam that's gentle on night vision. The high quality elastic headband adjusts easily to fit any head size. Water resistant. Glow and flash modes. Long-life replaceable batteries included.

MCM Part # **ONLY**  
29-5955 **\$7.89**

**Energizer**  
LED Folding Lantern

This compact lantern folds out for 360° area light and folds in for easy storage. It has 3 modes for extra flexibility - high, low and includes an amber nightlight. On high, it will run for 75 hours at 96 lumens. The long run time gives users security for extended power outages. Includes carrying handle. Runs on 4 "D" batteries (not included). 

MCM Part # **ONLY**  
291-1170 **\$24.99**

**PRO-ELEC**  
11 LED Camping Light

Features: •Ideal for camping or fishing •11 Super bright LED's •ABS casing •Requires three "AA" batteries (not included) •Dimensions (H x W x D): 5.11" x 2.55" x 1.77"

**Three Piece Under Cabinet Light Kit**

•This kit is perfect for the DIYers that want to add under the cabinet lighting •This kit comes with three 3-LED light discs •Lights are designed to be flush mounted under a cabinet, desk or counter •Each light is made of a polished aluminum like material with three screw holes for mounting •LED driver has three male DC plugs, a single 6' cord and is rated at 12V 1A •These kits use extra bright SMD5050 LEDs

MCM Part #	(1-9)	(10-up)
25-6150	\$49.99	\$48.45

**LOGISYS**

**LED PC Lighting**

The LED corner light is a high efficiency light. It is energy saving, high density with long life span (over 5 years in normal usage). **Features:**

- Small physical size that can be used in narrow spaces
- Easy to install with included installation brackets
- Comes with 2.1x5.5mm female plug that can be cut for bare wire connection
- Power supply sold separately

**LED Flexible Lighting Strips**

- Ideal uses include home theater and entertainment lighting, accent lighting, and under counter lighting
- Easily connect multiple runs together by soldering contacts together
- Dimensions: 72" (L) x .28"(W) x .5" (H)
- Available in three colors (blue, white, red)

MCM Part #	Color	ONLY
25-5522	Blue	\$25.99
25-5524	White	38.99
25-5526	Red	25.99

**LED Flexible Lighting Strips**

- Ideal uses include home theater and entertainment lighting, accent lighting, and under counter lighting
- Easily connect multiple runs by soldering contacts together
- Dimensions: .28" (W) x .5" (H)
- Available in three colors (blue, white, red) and two length sizes (10" and 20")

MCM Part #	Color	Length	ONLY

30W T3 Twist Compact Fluorescent Light Bulb

- Compact fluorescent light bulbs use up to 75% less energy and last up to 15x longer than standard incandescent light bulbs •Equivalent to a 120W incandescent light bulb •Average life hours: 10,000 hours •Lumens: 1900
- Energy star rated, UL listed

MCM Part #	Color	Color Temperature	(1-9)	(10-up)
25-5800	Soft white	2700K	\$5.49	\$4.89
25-5805	Daylight	6500K	5.49	4.89

EIKO High Power CCFL Lamp

- Perfect in a garage, barn, or any location where heavy lighting is needed, while allowing you to reduce energy consumption by up to 75%. Features:
- 105W power consumption •Medium screw base (E26) •Self ballasted •Light output equivalent to 420W incandescent bulb •Color temperature: 5000K
- Lumens: 6900 •Typical life: 8,000 hours •Dimensions: 11" (H) x 4" (W)

MCM Part #	ONLY
25-3575	\$32.95

13W Colored Compact Fluorescent Mini Twist Light Bulbs

- Uses 75% less energy and lasts up to 13 times longer than incandescent bulbs •Equivalent to a 60W incandescent bulb •Average life hours: 10,000 hours

MCM Part #	Color	ONLY
25-5060	Blue	\$5.75
25-5065	Green	5.75
25-5070	Orange	5.75
25-5075	Red	5.75

13W Mini Spiral Colored Compact Fluorescent Light Bulb

- Compact fluorescent light bulbs use up to 75% less energy and last up to 15x longer than standard incandescent light bulbs •Equivalent to a 60W incandescent light bulb •Average life hours: 10,000 hours •UL listed

MCM Part #	Color	Lumens	ONLY
25-5850	Yellow	500	\$4.99

40W T3 Twist Compact Fluorescent Light Bulb

- Compact fluorescent light bulbs use up to 75% less energy and last up to 15x longer than standard incandescent light bulbs •Equivalent to a 150W incandescent light bulb •Average life hours: 10,000 hours •Lumens: 2650 •Energy star rated, UL listed

MCM Part #	Color	Color Temperature	ONLY
25-5810	Soft white	2700K	\$9.49
25-5815	Bright white	5000K	9.49

## LED Replacement Bulbs

**Accent A19  
LED Light Bulb**

Accent LED light bulbs contain clusters of LEDs that cast directional light suitable for short distance highlighting of objects or are used for decorative accent purposes. They offer extreme long life and low energy usage in areas where accent or decorative light is required. Accent LED light bulbs contain no mercury, and require no warm up time for illumination.

•Brightness: 330 lumens equivalent to a 40W incandescent bulb •Average life: 20,000 hours, lasts up to 20x longer than an incandescent light bulb •Energy usage: Only 5.5W •Color temperature: 3000K

MCM Part # **ONLY**  
25-5475 **\$8.99**

**18 LED  
Accent Light**

•18 LEDs with a 6500k color temperature  
•Approximately 30,000 hour life •80 lumens •Uses only 1.5W total power  
•Medium screw base (E26) •Non dimmable •For indoor use only

MCM Part # **ONLY**  
25-3730 **\$5.99**

**MR16 High Powered  
LED Lamps**

•Ideal replacement high powered LED lights •Base type: GU5.3 •Closed front  
•Life time: 30,000 hours  
•Supply voltage: 12 V

MCM Part #	Description	Color	Lumens	Power Rating	ONLY
25-4895	1x 1W	White	65-75	1.3W	\$10.99

25-4910	3x 1W	Warm White	145-155	2.9W	12.99
25-4915	4x 1W	White	200-210	4.3W	15.49

**Dimmable Performance  
PAR38 LED Lamp**

Dimmable Performance LED lamps use ocular lenses to harness the output of high power LEDs. The light output is comparable to incandescent and halogen products and can be used for both distance and close range directional light. What makes these special is that they achieve their brightness with up to 78% less energy than incandescent bulbs and last up to 25,000 hours. Dimmable Performance LED light bulbs contain no mercury, and require no warm up time for illumination. •Brightness: 885 lumens, equivalent to a 75W incandescent bulb •Average life: 25,000 hours, lasts up to 20x longer than an incandescent light bulb •Energy usage: Only 18W •Color temperature: 3000K •Energy star qualified

MCM Part # **ONLY**  
25-5490 **\$60.00**

**PRO-ELEC  
12 Volt MR16 LED Lamps**

•Ideal replacements for low voltage halogen lamps  
•Longer life with low heat and low power consumption  
•50,000 hours average life  
•Closed front •White  
•GX5.3/GU5.3 base

MCM Part #	LEDs	Wattage	ONLY
25-4410	15	1.0~1.5W	\$5.49
25-4415	20	1.5~2.0W	5.49

**PRO-ELEC  
MR16 High Powered  
LED Lamps**

•Ideal replacement for high powered 12V LED lights •GU5.3 base type  
•Closed front •30,000 hours average life

MCM Part #	Description	Power	Lumen Output	ONLY
<b>Warm white</b>				
25-4420	1 x 1W	1.3W	65~75lm	\$12.49

**Dimmable Performance  
PAR30 LED Lamp**

Dimmable Performance LED lamps use ocular lenses to harness the output of high power LEDs. The light output is comparable to incandescent and halogen products and can be used for both distance and close range directional light. What makes these special is that they achieve their brightness with up to 78% less energy than incandescent bulbs and last up to 25,000 hours. Dimmable Performance LED light bulbs contain no mercury, and require no warm up time for illumination. •Brightness: 650 lumens, equivalent to a 75W incandescent bulb. •Average life: 25,000 hours, lasts up to 20x longer than an incandescent light bulb. •Energy usage: Only 13.5W •Color temperature: 3000K •Energy star qualified

MCM Part # **ONLY**  
25-5485 **\$52.00**

**Performance Chandelier  
LED Light Bulb**

Performance LED light bulbs use ocular lenses to harness the output of high power LEDs. The light output is comparable to incandescent and halogen products and can be used for both distance and close range directional light. What makes these special is that they achieve their brightness with up to 78% less energy than incandescent bulbs and last up to 30,000 hours. Performance LED light bulbs contain no mercury, and require no warm up time for illumination. •Brightness: 90 lumens •Average life: 30,000 hours, lasts up to 20x longer than an incandescent light bulb •Energy usage: Only 3.5W •Color temperature: 3000K

MCM Part # **ONLY**  
25-5480 **\$16.99**

**Parabolic  
NTE COAST  
LED Reflector™ MR16 12V  
Replacement Bulbs**

The Reflector™ replaces MR16 halogen lamps up to 20W. Designed for extreme energy efficiency, brilliance and durability. Parabolic Reflector™ collects and focuses light and adjusts to flood or spot beam. Flood Reflector™ has a wide beam to illuminate large areas. Spot Reflector™ has colored LEDs to provide true colored light. Spotlight beams highlight interior or exterior features and are great for club lighting. No filament to ever break or wear out. Burns cooler than halogen lamps. Up to 50,000 hour lamp life and saves up to 90% of the cost to operate a 20W halogen bulb.

MCM Part #	Type	Color	ONLY
25-3773	Adjustable parabolic	White beam	\$37.99
25-3774	Flood	Warm white beam	35.99
25-3775	Spot	Red beam	32.95
25-3776	Spot	White beam	32.95
25-3777	Spot	Green beam	32.95

**LED Lamps with CREE Light Chips**

These based LED lamps are the ideal energy retrofit for inefficient, short lived incandescent and even fluorescent lamps. Top quality CREE light chips are used for superior and consistent light output, lumen and color maintenance, and extremely long life. They're good for both general and task-oriented illumination applications. Features include flicker free start, wide operating temperature range, and no ballast. Lamps marked DIM are dimmable. Use current manufactured dimmers with a rated power no higher than 700W. **Additional Features:** •Contain no mercury •Heavy-duty constructed for shock and vibration resistance •Ultra Low IR/UV emission •Average life 40,000 hours plus •Color Rendering Index greater than 80

**Wiko Lamps**

✓Projector, slide projector and micro-fiche lamps  
✓Drop-in replacements

Wiko lamps are manufactured using state-of-the-art manufacturing technique ensuring the highest quality lamps available today. Each lamp is checked with an electrical current to ensure the overall total quality of their product. These bulbs are the replacement choice in microfiche viewers, slide projectors, movie projectors, and other equipment where near perfect viewing is needed.

**LED EXIT SIGN REPLACEMENT LAMPS**

Ideal for exit sign energy retrofits and a long-lasting high-performance alternative to incandescent lamps. Solid-state electronics provide long life and resist vibration, temperature swings, and power surges. Uniform lighting eliminates hot spots and distortion. Low power consumption means reduced energy costs. UL listed.

**CHICAGO MINIATURE LAMP, INC.**  
WHERE INNOVATION COMES TO LIGHT  
An SMC Company

125 Volt Non-Relampable Red Indicator

Non-relampable solid state lamp with polycarbonate lens. Solid state indicator light features built-in current-limiting resistor and rectifier diode. 22AWG wire leads. Stainless-steel bezel. Snap fits into 0.505" diameter hole in panels 0.100" thick. 1091M5-125VAC.

MCM Part #	(1-4)	(5-up)
25-2190	\$4.78	\$4.34

Colored Sub-Miniature Bulbs

A range of 12V, 65mA lamps available in two colors. Wire fitting. 3 (dia) x 8mm. 28mm wire length.

MCM Part #	Color	(1-9)	(10-up)
AR70318	Red	\$0.50	\$0.43

LED Holder

A chrome metal LED holder with rubber base to hold the legs. Accepts 5mm dia LEDs. Mounting hole: 8mm.

MCM Part #	(1-9)	(10-up)
AR70438	\$0.96	\$0.90

LED Indicator Lights

Indicator lamps with chrome-plated brass bodies. Type 406 features macrodome lens. Voltage range from 2~24V with built-in resistor. Type 407 has large dish-shaped reflector around LED to produce a larger illumination area. Panel hole for both types: 0.244" for 2 volt models and 0.280" for 12 and 24 volt models. Type 440 is a larger version of type 407 to provide even greater illumination. Panel hole: 0.335".

multicomp 12mm Neon Indicators, Rear Panel Mounting

These low profile neon indicators require only 9mm clearance behind the panel. The neon is rear panel mounting and snaps into the lens making a simple and secure mounting. An appropriate resistor is incorporated in the body moulding. **Features:** •Length: 31 (excl. leads) •Depth behind panel: 9 •Lens: 2.5 x 12 dia. •Panel cut-out dia.: 9.5, panel thickness = 2 max. •Termination: 200mm PVC flexible leads
