

# MomsRising.org

Where moms and people who love them go to change our world.

**We are beyond heartbroken as we think of the first graders and others who died in Connecticut. This was the 16th mass shooting this year in our nation.**

**We are parents. Many NRA members are parents. And none of us want to live in a nation where children are gunned down. Today is the day for the NRA and for Congress to step up and start proposing laws that protect children and all people.**
