The **2022 ACC Baseball Championship** will return to Truist Field in Charlotte, North Carolina, for the second consecutive year May 24-29.

Nearly 59,000 fans attended the 2021 ACC Baseball Championship in Charlotte, which ranks as the fifth-highest attendance in tournament history and the highest since 2015. The ACC Baseball Championship has been held in the Charlotte region three times with Duke winning the 2021 title, while Georgia Tech won the 2000 championship and Wake Forest captured the 2001 title, with both latter tournaments held in Fort Mill, South Carolina.

Located in Uptown Charlotte, Truist Field opened in 2014 and is the host facility for the Charlotte Knights, a Triple-A minor league baseball team. The stadium hosted the 2016 Triple-A All-Star Game and has been the site of more than 25 college baseball games. Stadium capacity is 10,200 and has hosted more than four million fans since opening.

The 2022 ACC Baseball Information Guide is a publication of the Office of the Commissioner and the Communications Office of the ACC. Additional information is available upon request to accredited members of the media.

# Tradition of Excellence

Consistency. It is the mark of true excellence in any endeavor.

In today's intercollegiate athletics, competition is so balanced and so competitive that it is virtually impossible to maintain a high level of consistency. Yet the Atlantic Coast Conference has defied the odds.

Established in 1953, the ACC has long enjoyed the reputation as one of the strongest and most competitive intercollegiate conferences in the nation. And that is not mere conjecture, the numbers support it.

Through 68 years of competition, ACC schools have captured 166 NCAA team championships, including 83 in women's competition, 80 in men's sports and three in fencing. In addition, NCAA individual titles have gone to ACC student-athletes 191 times in men's competition and 160 times in women's action.

Since 2015, the ACC has won seven national championships in football, men's basketball, women's basketball and baseball. The ACC is the only conference to win each of those four titles over that stretch.

## The Championships

The ACC conducts championship competition in all 27 sports – 13 for men and 14 for women. The first ACC championship was held in swimming at North Carolina State University on February 25, 1954.

The 13 sports for men include football, cross country, soccer, basketball, fencing, swimming & diving, indoor and outdoor track & field, wrestling, baseball, tennis, golf and lacrosse. Women's sports were initiated in 1977 with the first championship meet held in tennis October 6-8 at Wake Forest University. Championships for women are currently conducted in cross country, field hockey, soccer, basketball, fencing, swimming & diving, indoor and outdoor track & field, tennis, golf, lacrosse, softball and rowing, with volleyball deciding its champion by regular-season play.

## 2020-21 Year In Review

The 2020-21 academic year saw athletic competition return after many sport seasons were canceled in 2019-20 due to the COVID-19 pandemic. The conference completed championship competition in all 27 sports with 10 different schools claiming at least one conference crown. ACC teams claimed five NCAA titles and 20 individuals won national championships. The ACC has averaged four national team titles per year over the past two-plus decades (97 in 24 years) and has claimed multiple NCAA titles in 37 of the past 40 years. Academically, the member institutions of the ACC again led the way among Power 5 conferences in the "Best Colleges" rankings released by US News & World Report. ACC member institutions combined for an average rank of 54, marking the 14th straight year that the ACC led all Power 5 conferences.

## A History

The Atlantic Coast Conference was founded on May 8, 1953, at the Sedgefield Inn near Greensboro, North Carolina with seven charter members – Clemson, Duke, Maryland, North Carolina, North Carolina State, South Carolina and Wake Forest – drawing up the conference by-laws.

The withdrawal of seven schools from the Southern Conference came early on the morning of May 8, 1953, during the Southern Conference's annual spring meeting. On June 14, 1953, the seven members met in Raleigh, North Carolina, where a set of bylaws was adopted, and the name became officially the Atlantic Coast Conference.

Suggestions from fans for the name of the new conference appeared in the region's newspapers prior to the meeting in Raleigh. Some of the names suggested were Dixie, Mid-South, Mid-Atlantic, East Coast, Seaboard, Colonial, Tobacco, Blue-Gray, Piedmont, Southern Seven and the Shoreline.

Duke's Eddie Cameron recommended that the name of the conference be the Atlantic Coast Conference, and the motion was passed unanimously. The meeting concluded with each member institution assessed \$200.00 to pay for conference expenses.

On December 4, 1953, conference officials met again at Sedgefield and officially admitted Virginia as the league's eighth member. The first withdrawal of a school from the ACC came on June 30, 1971, when South Carolina tendered its resignation. The ACC operated with seven members until April 3, 1978, when Georgia Tech was admitted. The Atlanta school had withdrawn from the Southeastern Conference in January of 1964.

The ACC expanded to nine members on July 1, 1991, with the addition of Florida State.

The conference expanded to 11 members on July 1, 2004, with the addition of Miami and Virginia Tech. On October 17, 2003, Boston College accepted an invitation to become the league's 12th member starting July 1, 2005.

The ACC added its 13th and 14th members on Sept. 18, 2011, when Pittsburgh and Syracuse accepted invitations to join the conference. The two schools officially joined the ACC on July 1, 2013. Notre Dame also officially joined the ACC on July 1, 2013, after announcing on Sept. 12, 2012 its intention to enter the league for competition in all sports but football, bringing the membership of the conference to 15. The Fighting Irish will play five games with ACC schools each year.

On July 1, 2014, Louisville entered the ACC on the same day Maryland withdrew, keeping the conference's membership at 15 institutions.

## The Current ACC Schools

Boston College was founded in 1863 by the Society

of Jesus to serve the sons of Boston's Irish immigrants and was the first institution of higher education to be founded in the city of Boston. Originally located on Harrison Avenue in the South End of Boston, the College outgrew its urban setting toward the end of its first 50 years. A new location was selected in Chestnut Hill and ground for the new campus was broken on June 19, 1909. During the 1940s, new purchases doubled the size of the main campus. In 1974, Boston College acquired Newton College of the Sacred Heart, 1.5 miles away. With 15 buildings on 40 acres, it is now the site of the Law School and residence halls. In 2004, BC purchased 43 acres of land from the archdiocese of Boston; this now forms the Brighton campus.

Clemson University was founded in 1889 through a bequest from Thomas Green Clemson, a Philadelphia-born, European-educated engineer who married John C. Calhoun's daughter, Anna, and settled at her family estate in South Carolina. To help rebuild the state's war-ravaged economy, Clemson left his home and fortune to the state of South Carolina to fund the science and research-oriented institution that bears his name. Located on the shores of Hartwell Lake with its own 16,000-acre forest, Clemson is known today for its focus on student success and engagement, its statewide land-grant mission and its unrelenting school spirit.

Duke University was founded in 1924 by tobacco magnate James B. Duke as a memorial to his father, Washington Duke. Originally the school was called Trinity College, a Methodist institution, started in 1859. In 1892, Trinity moved to west Durham where the east campus with its Georgian architecture now stands. Nearby are Sarah P. Duke gardens, and further west the Gothic spires of Duke chapel overlook the west campus.

Florida State University is one of 11 universities of the State University System of Florida. It was established as the Seminary West of the Suwannee by an act of the Florida Legislature in 1851, and first offered instruction at the post-secondary level in 1857. Its Tallahassee campus has been the site of an institution of higher education longer than any other site in the state. In 1905, the Buckman Act reorganized higher education in the state and designated the Tallahassee school as the Florida Female College. In 1909, it was renamed Florida State College for Women. In 1947, the school returned to a co-educational status, and the name was changed to Florida State University.

Next to I-85 in downtown Atlanta stands the Georgia Institute of Technology, founded in 1885. Its first students came to pursue a degree in mechanical engineering, the only one offered at the time. Tech's strength is not only the red clay of Georgia, but a restored gold and white 1930 model A Ford Cabriolet, the official mascot. The old Ford was first used in 1961, but a Ramblin' Wreck had been around for over three decades. The Ramblin' Wreck fight song appeared almost as soon as the school opened, and it is not only American boys that grow up singing its rollicking tune, for Richard Nixon and Nikita Khrushchev sang it when they met in Moscow in 1959.

The University of Louisville began to take shape on April 3, 1798, when eight men declared their intention to establish the Jefferson Seminary in Louisville and called

# Tradition of Excellence

upon their fellow citizens to join them in pledging funds for land, buildings, and teachers. These early Louisvillians took the first steps on a journey that would link them with succeeding generations to the modern University of Louisville in the twenty-first century. Today's University of Louisville has become known especially for teaching, research, and service to its community and the advancement of educational opportunity for all citizens thereof. With an enrollment of 21,000, its academic programs attract students from every state and from all over the world.

The University of Miami was chartered in 1925 by a group of citizens who felt an institution of higher learning was needed for the development of their young and growing community. Since the first class of 560 students enrolled in the fall of 1926, the University has expanded to more than 15,000 undergraduate and graduate students from every state and more than 114 nations from around the world. The school's colors, representative of the Florida orange tree, were selected in 1926. Orange symbolizes the fruit of the tree, green represents the leaves and white, the blossoms.

The University of North Carolina, located in Chapel Hill, has been called "the perfect college town," making its tree-lined streets and balmy atmosphere what a college should look and feel like. Its inception in 1795 makes it one of the oldest schools in the nation, and its nickname of Tar Heels stems from the tar pitch and turpentine that were the state's principal industry. The nickname is as old as the school, for it was born during the Revolutionary War when tar was dumped into the streams to impede the advance of British forces.

North Carolina State University is located in the state capital of Raleigh. It opened in 1889 as a land-grant agricultural and mechanical school and was known as A&M or Aggies or Farmers for over a quarter-century. The school's colors of pink and blue were gone by 1895, brown and white were tried for a year, but the students finally chose red and white to represent the school. An unhappy fan in 1922 said State football players behaved like a pack of wolves, and the term that was coined in derision became a badge of honor.

The University of Notre Dame began late on the bitterly cold afternoon of November 26, 1842, when a 28-year-old French priest, Rev. Edward Sorin, C.S.C., and seven companions took possession of 524 snow-covered acres that the Bishop of Vincennes had given them in the Indiana mission fields. A man of lively imagination, Father Sorin named his fledgling school in honor of Our Lady, in his native tongue, "L'Université de Notre Dame du Lac" (The University of Our Lady of the Lake). On January 15, 1844, the University was thus officially chartered by the Indiana legislature.

The University of Pittsburgh was founded as Pittsburgh Academy by Hugh Henry Brackenridge in 1787 and is one of the oldest institutions of higher education in the United States. Pitt researchers led by Jonas Salk developed the first polio vaccine in 1955, and Pitt surgeons have performed more than 17,000 organ transplants, making Pitt the world's transplantation capital. In 1932, a Pitt team led by Charles Glen King isolated and identified the chemical structure of vitamin C.

Syracuse University was founded during the Methodist State Convention in Syracuse, N.Y., in February of 1870. Measures were taken to raise \$500,000 to endow the university, with the city of Syracuse subscribing \$100,000. Rev. Jesse T Peck, who was elected president of the Syracuse University Board of Trustees, suggested purchasing 50 acres of farmland in southeastern Syracuse. The Board of Trustees of Syracuse University signed the University charter and certificate of incorporation on March 24, 1870, and the university's College of Liberal Arts opened in September of 1871.

The University of Virginia was founded in 1819 by Thomas Jefferson and is one of three things on his tombstone for which he wanted to be remembered. James Madison and James Monroe were on the board of governors in the early years. The Rotunda, a half-scale version of the Pantheon which faces the Lawn, is the focal point of the grounds as the campus is called. Jefferson wanted his school to educate leaders in practical affairs and public service, not just to train teachers.

Virginia Tech was established in 1872 as an all-male military school dedicated to the original land-grant mission of teaching agriculture and engineering. The University has grown from a small college of 132 students into the largest institution of higher education in the state during its 132-year history. Located in Southwest Virginia on a plateau between the Blue Ridge and Allegheny Mountains, the campus consists of 334 buildings and 20 miles of sidewalks over 2,600 acres. The official school colors - Chicago maroon and burnt orange - were selected in 1896 because they made a "unique combination" not worn elsewhere at the time.

Wake Forest University was started on Calvin Jones' plantation amid the stately pine forest of Wake County in 1834. The Baptist seminary is still there, but the school was moved to Winston-Salem in 1956 on a site donated by Charles H. and Mary Reynolds Babcock. President Harry S. Truman attended the ground-breaking ceremonies that brought a picturesque campus of Georgian architecture and painted roofs. Wake's colors have been black and gold since 1895, thanks to a badge designed by student John Heck who died before he graduated.

# ACC Commissioner Jim Phillips

James J. Phillips, Ph.D., began his tenure as Atlantic Coast Conference Commissioner on February 1, 2021. The fifth commissioner in the history of the ACC, Phillips brings more than three decades of experience in Division I athletics, a track record of tremendous achievement, a vision for the future of intercollegiate athletics and a passion for helping student-athletes achieve impact and success in competition, in the classroom and in their communities.

Phillips is known as one of the leading voices across the college sports landscape. He was elected as the inaugural chair of the NCAA Division I Council in February 2015 and served as the first-ever sitting athletic director on the NCAA Board of Directors and Board of Governors. In March 2017, he was appointed to the NCAA Division I Men's Basketball Selection Committee. Phillips also served as a member of the NCAA Men's Basketball Oversight Committee, was appointed to the Fiesta Bowl Board of Directors in June 2018 and chaired the Big Ten TV/Media Committee. He twice served as a member of the Rose Bowl Management Committee and was honored as the 2018 Sports Business Journal Athletic Director of the Year for his leadership at Northwestern.

In August 2021, Phillips was selected to serve as part of the 28-member NCAA Constitution Review Committee to identify the core principles that define college sports and propose a new governance model that allows for quicker change without sacrificing broader values, while either reaffirming or redefining those values.

"Jim is one of the most talented athletic administrators in the country and uniquely qualified to successfully and seamlessly take over the helm of the ACC," says ACC Board Chair Kent Syverud (Syracuse University). "Over the course of nearly 13 years, Jim has elevated and cemented Northwestern's position as an outstanding Power 5 athletics program. Northwestern's ascension in the world of intercollegiate athletics is a testament to Jim's vision, leadership and foundational dedication to the success of student-athletes.

"The ACC is fortunate to have someone of Jim's caliber and integrity lead the conference at this pivotal moment in intercollegiate athletics."

Prior to being named commissioner, Phillips served as the Combe Family Vice President for Athletics & Recreation at Northwestern University. He was named Northwestern's 21st director of intercollegiate athletics and recreation in April 2008. By 2012, Phillips was elevated by Northwestern President Morton Schapiro to the position of Combe Family Vice President for

Athletics & Recreation, a title redirecting the campus-wide responsibilities of the role as well as its voice on the President's Senior Staff.

Phillips led Northwestern to elite status both on and off the playing fields. In competition, under his leadership, 10 of Northwestern's athletic programs won conference or national championships, with the football team clinching the Big Ten West Division crown twice in the last three seasons of Phillips' tenure. Nine of Northwestern's 15 all-time football bowl appearances occurred with Phillips at the helm, as well as the school's first-ever berth in the NCAA Men's Basketball Tournament. During Phillips' final five years, Northwestern invested more than \$500 million in new and renovated facilities, supported by record fundraising success.

Academically, Wildcats student-athletes surpassed 200 Academic All-Big Ten honorees in each of Phillips' last 10 years, including a record 288 in 2019-20. Northwestern scored a 98 percent overall Graduation Success Rate (GSR) in 2020 data released by the NCAA – a figure which led all FBS schools for the third consecutive year – and finished in the Top-4 nationally in all 15 years the metric was released during his tenure.

Phillips' commitment to inclusiveness in athletics was recognized in 2019 when he was honored by the NCAA as a Champion of Diversity and Inclusion. The honor recognizes those who work to support under-represented communities among college athletics administrators. In 2020, Phillips announced the creation of a new senior leadership position, the Senior Associate A.D./Chief Diversity & Inclusion Officer, to lead the department's foundational commitment to a world-class experience for all Northwestern student-athletes. He also established senior staff positions for leaders in

community relations, to focus staff and student-athlete service initiatives, and the Kabiller NU For Life professional development program.

Before arriving at Northwestern, Phillips held several leadership positions in major athletics programs, including director of athletics at Northern Illinois University (NIU) from 2004-08. Prior to NIU, Phillips served as associate director of athletics, then senior associate director of athletics for external affairs at the University of Notre Dame from 2000-04. Before that, he was assistant athletic director for annual giving and major gifts at the University of Tennessee (1998-2000). Phillips began his career on the coaching side as a basketball team manager and student assistant at the University of Illinois. He went on to serve as a graduate assistant coach and later an assistant basketball coach at Arizona State University before transitioning to athletics administration work in 1997.

A Chicago native, and youngest of 10 children, Phillips earned a Ph.D. in education administration from the University of Tennessee, a master's degree in education from Arizona State University and an undergraduate degree from the University of Illinois. He and his wife, Laura, have five children: Luke, Madeline, Meredith, John and James.

## About the ACC

The Atlantic Coast Conference, now in its 69th year of competition and 15 members strong, has long enjoyed the reputation as one of the strongest and most competitive intercollegiate conferences in the nation. ACC members Boston College, Clemson, Duke, Florida State, Georgia Tech, Louisville, Miami, North Carolina, NC State, Notre Dame, Pitt, Syracuse, Virginia, Virginia Tech and Wake Forest continue to build upon the cornerstones on which the league was founded in 1953 with a consistent balance of academics, athletics and integrity. The ACC currently sponsors 27 NCAA sports – 14 for women and 13 for men – with member institutions located in 10 states. Women's gymnastics will become the league's 28th sponsored sport in the 2023-24 academic year. In August 2019, ESPN and the ACC partnered to launch ACC Network (ACCN), a 24/7 national network dedicated to ACC sports and league-wide original programming. For more information, visit [theACC.com](http://theACC.com) and follow @theACC on Twitter and on Facebook ([facebook.com/theACC](https://facebook.com/theACC)).

# ACC Championship Seeding Information

## Qualification

The top team from both the Atlantic and Coastal divisions, determined by conference winning percentage, and the next ten teams with the best conference winning percentage regardless of division will be selected to participate in the Conference Baseball Championship. The two division champions will automatically be seeded number one and two based on winning percentage in overall conference competition, and the number one seed shall have the choice of its preferred day off. The remaining teams will be seeded (three through 12) based on winning percentage in overall Conference competition without regard to division. All ties will be broken using the tie-breaking provisions.

## Seeding

Seeding for the Championship will be determined by the regular season conference game results. The following guidelines will be used:

- Head-to-head conference game results are the outcome of games among only the teams involved in the tie.
- Overall conference game results are defined as games a team plays against all conference opponents, not just the teams involved in the tie.
- Common opponents are teams that have been scheduled by the Conference to play during the regular season. One completed game of a series constitutes a common opponent for tiebreaker purposes.
- If one of the seeding criteria cannot be applied because at least one game of the series was not played, the next ordered criteria should be used.
- Divisional standings will be determined by a team's overall conference winning percentage, not just winning percentage within the division.
- In two-team ties, when comparing tied teams and arriving at another pair of tied teams, use each team's winning percentage against the tied teams as a group prior to the group's tiebreaking procedures. For example, if Teams A and B have the same winning percentage as compared to Team C; then Teams A and B will be compared to Team D, but if Team D is tied with Team E, then Teams A and B will be compared to the winning percentage of Teams D and E collectively, not individually.
- In three-or-more team ties, when comparing tied teams and arriving at another group of tied teams, use each team's head-to-head conference winning percentage against the tied teams as a group prior to the group's tiebreaking procedures. For example, if Teams A, B and C have the same results as compared to Team D; then Teams A, B and C will be compared to Team E, but if Team E is tied with Team F, then Teams A, B and C will be compared to the results of Teams E and F collectively, not individually.
- When overall or divisional standings are utilized in tiebreakers, records against teams or groups of teams will be used prior to any seeding or divisional tiebreakers. For example, Teams A and B are division co-champions and Team A has received the higher seed. When determining the tiebreaker for seeds three through 12, records against Teams A and B should be used as a group, not just records against Team A.
- When comparing records against a single team or group of teams, the higher winning percentage shall prevail even if the number of games played against a team or group of teams is unequal. If winning percentage of the tied teams is equal against a team, or a group of tied teams, continue until one team gains an advantage. For example, 2-0 is better than 3-1; 1-0 is the same as 2-0; 2-1 is the same as 4-2; 1-0 is better than 1-1; 0-1 is the same as 0-3.

1. Division Champion(s) Determination – The division champion(s) will be the team(s) in each division with the highest overall conference winning percentage. If two or more teams are tied for first place in divisional standings, they shall be declared division co-champions. For seeding purposes, the tie will be broken to determine which team receives the highest seed within each division.

## Two-Team Tie

- a. Winning percentage in head-to-head conference game results.
- b. Winning percentage in games played against divisional opponents.

c. Head-to-head conference winning percentage versus teams within the division occupying the next highest position in the divisional standings and continuing down through the divisional standings until one team gains an advantage.

d. Head-to-head conference winning percentage versus the common opponent(s) in the opposite division occupying the highest position in their divisional standings and continuing down through the opposite division's standings until one team gains an advantage.

e. If a coin flip is required, the procedure takes place immediately following the conclusion of the last regular season game prior to the Conference Championship. The procedure is administered by the Commissioner or a designated assistant.

## Three-or-More Team Tie

In the case of a three-team tie for the highest seed in each division, if any procedure reduces the tie by one team and two teams remain tied, the two-team tie procedure will be followed, comparing only the remaining tied teams. In the case of a tie among more than three teams, if any procedure reduces the tie by at least one team, then the three or more-team tie procedure will be restarted.

a. Winning percentage in head-to-head conference game results.

b. Winning percentage in games played against divisional opponents.

c. Head-to-head conference winning percentage versus the teams within the division occupying the next highest position in the division and continuing down through the divisional standings until the tie is reduced by one or more teams.

d. Head-to-head conference winning percentage versus the common opponent(s) in the opposite division occupying the highest position in their divisional standings and continuing down through the opposite division's standings until the tie is reduced by one or more teams.

e. If a blind draw is required, the procedure takes place immediately following the conclusion of the last regular season game prior to the Conference Championship. The procedure is administered by the Commissioner or a designated assistant.

2. Seeds One and Two Determination. The highest seed from each division will automatically be seeded number one and two based on overall winning percentage.

## Tie for Seeds One and Two

a. Winning percentage in head-to-head conference game results.

b. Winning percentage versus the common opponent(s) occupying the next highest position in the overall standings and continuing down through the overall standings until one team gains an advantage.

c. If a coin flip is required, the procedure takes place immediately following the conclusion of the last regular season game prior to the Conference Championship. The procedure is administered by the Commissioner or a designated assistant.

3. Seeds Three through 12 Determination.

a. Divisional Opponents - When the tied teams are divisional opponents, the following procedures should be used:

## Two-Team Tie for Seeds Three Through 12

1. Winning percentage in head-to-head conference game results.

2. Winning percentage in games played against divisional opponents.

3. Winning percentage versus the teams within the division occupying the highest position in the divisional standings and continuing down through the divisional standings until one team gains an advantage.

4. Winning percentage versus all common opponents in the opposite division.

5. Winning percentage versus all opponents in the opposite division.

6. Winning percentage versus the common opponent(s) in the opposite division occupying the highest position in the

divisional standings and continuing down through the opposite division's standings until one team gains an advantage.

7. If a coin flip is required, the procedure takes place immediately following the conclusion of the last regular season game prior to the Conference Championship. The procedure is administered by the Commissioner or a designated assistant.

## Three-or-More Team Tie for Seeds Three Through 12

In the case of a three-team tie for seeds three through 12 among divisional opponents, if any procedure reduces the tie by one team and two teams remain tied, the two-team tie procedure for seeds three through 12 will be followed, comparing only the remaining tied teams. In the case of a tie among more than three divisional opponents, if any procedure reduces the tie by at least one team, then the three or more-team tie procedure for seeds three through 12 for divisional opponents will be restarted.

1. Winning percentage in head-to-head conference game results.

2. Winning percentage in games played against divisional opponents.

3. Winning percentage versus the teams within the division occupying the highest position in the divisional standings and continuing down through the divisional standings until the tie is reduced by one or more teams.

4. Winning percentage versus all common opponents in the opposite division.

5. Winning percentage versus all opponents in the opposite division.

6. Winning percentage versus the common opponent(s) in the opposite division occupying the highest position in the divisional standings and continuing down through the opposite division's standings until the tie is reduced by one or more teams.

7. If a blind draw is required, the procedure takes place immediately following the conclusion of the last regular season game prior to the Conference Championship. The procedure is administered by the Commissioner or a designated assistant.

b. Non-Divisional Opponents - When the tied teams are non-divisional opponents, the following procedures should be used:

## Two-Team Tie for Seeds Three Through 12

1. Winning percentage in head-to-head conference game results.

2. Winning percentage versus the common opponent(s) occupying the highest position in the overall standings and continuing down through the overall standings until one team gains an advantage.

3. If a coin flip is required, the procedure takes place immediately following the conclusion of the last regular season game prior to the Conference Championship. The procedure is administered by the Commissioner or a designated assistant.

## Three-or-More Team Tie for Seeds Three Through 12

In the case of a three-team tie for seeds three through 12 among non-divisional opponents, if any procedure reduces the tie by one team and two teams remain tied, the two-team tie procedure for seeds three through 12 will be followed, comparing only the remaining tied teams. In the case of a tie among more than three non-divisional opponents, if any procedure reduces the tie by at least one team, then the three or more-team tie procedure for seeds three through 12 for non-divisional opponents will be restarted.

1. Winning percentage in head-to-head conference game results.

2. Winning percentage versus the common opponent(s) occupying the highest position in the overall standings and continuing down through the overall standings until the tie is reduced by one or more teams.

3. If a blind draw is required, the procedure takes place immediately following the conclusion of the last regular season game prior to the Conference Championship. The procedure is administered by the Commissioner or a designated assistant.

### A Look Back By The Numbers

1 – Duke’s ACC Baseball Championship title was the program’s first since the conference began deciding its champion via a tournament format in 1973.

2 – Two ACC catchers were among the three finalists for the Buster Posey Award – Florida State’s Matheu Nelson and Louisville’s Henry Davis - with Nelson winning the 2021 honor.

3 – Three ACC teams rank among the top five nationally for most all-time tournament appearances: No. 2 Florida State (58), No. 3 Miami (47), and No. 5 Clemson (44).

3 – NC State advanced to the College World Series for the third time and the first since 2013.

6 – The ACC has placed at least six teams in the NCAA Tournament field each of the last 17 seasons.

6 – NC State appeared in the NCAAs for the sixth consecutive season and has earned a bid in 16 of the last 18 years the tournament has been held.

8 – The ACC’s eight teams in the 2021 NCAA Baseball Championship field were the second most of any conference. It marked the fifth time since 2010 that the ACC placed at least eight teams in NCAA tournament.

28 – The ACC has placed a total of 28 teams in the last 15 College World Series, an average of just under two per season.

35 – Virginia has won at least 35 games in 15 of Brian O’Connor’s 17 full seasons as head coach.

43 – Florida State’s 43rd consecutive selection to the NCAA Baseball Championship field continued the longest active streak in the nation.

## No. 1 Overall Draft Picks

Dating back to the beginning of the Major League Baseball Draft in 1965, five student-athletes representing the current 14-member ACC schools have been selected as the No. 1 overall pick. The ACC's first No. 1 overall draftee was North Carolina's B.J. Surhoff, who was selected by the Milwaukee Brewers in 1985.

Year	Name	School	Team
1985	B.J. Surhoff	North Carolina	Milwaukee Brewers
1994	Paul Wilson	Florida State	New York Mets
1996	Kris Benson	Clemson	Pittsburgh Pirates
1998	Pat Burrell	Miami	Philadelphia Phillies
2021	Henry Davis	Louisville	Pittsburgh Pirates

## Noting the 2021 MLB Draft

- A total of 63 ACC players – second-most among all conferences – were selected in the 2021 Major League Baseball Draft.
- The ACC was the only conference to have at least one player taken in each of the draft's 20 rounds.
- This year's league contingent includes No. 1 overall pick Henry Davis of Louisville, No. 15 overall pick Sal Frelick of Boston College and No. 24 overall pick Ryan Cusick of Wake Forest. It marks the 30th consecutive year that at least one ACC player has been taken in the opening round, and Davis became the fifth player from a current ACC school to be selected first overall.
- Each of the ACC's 14 baseball schools had a least one player chosen in this year's draft, led by NC State with eight selections. Twelve ACC players were among the first 100 overall picks.
