SERIES VS CSU PUEBLO:

Friday's Rocky Mountain Athletic Conference match against Colorado State University Pueblo will be the 64th meeting all-time between the teams. Fort Lewis currently leads the series 50-9-4, however the Skyhawks own just a one-game winning streak thanks to a 1-0 victory in 2021 after tying 1-1 back in the spring of 2021.

The entire 2020 fall season was played in the spring of 2021 due to the Covid-19 Nation-wide pandemic.

MEET THE THUNDERWOLVES:

CSU Pueblo currently sits in a tie for second in the RMAC standings alongside Sunday's foe, University of Colorado at Colorado Springs. Boasting a 3-0-1 conference record and 9-2-1 overall record, The Pack currently trails only Colorado School of Mines in the No. 1 spot who remains unbeaten in conference play.

The Pack currently sits No. 7 in the United Soccer Coaches Top 25 Poll, the highest ranking of any current RMAC program. The Thunderwolves sit just behind Mercyhurst University, the lowest ranked program yet to lose a match this season. The Pack ranks second in the RMAC in shots, third in goals, second in goals against, and first in total assists.

CSU Pueblo is currently riding a two-game winning streak after topping South Dakota School of Mines 2-1 and Regis 2-0. The only two losses The Pack have suffered thus far came at the hands of then No. 7 Fort Hays 2-1, and St. Mary's (Texas) 2-1.

LAST TIME OUT FOR FORT LEWIS:

Fort Lewis is back on the road after a splitting a tough home stand 1-1 against Colorado Mesa and Westminster (Utah). The Skyhawks picked up a big win last Friday night, defeating the Mavericks by a score of 2-1 in front of an electric crowd on Faculty and Staff appreciation night. Unable to keep the momentum rolling, Fort Lewis took a tough loss on Sunday to Griffins by a score of 3-0. Sunday's loss was just the fourth shutout this season.

SERIES VS UC-COLORADO CHRISTIAN:

Sunday's match against the University of Colorado at Colorado Springs marks the 61st meeting all-time between the two programs. The Skyhawks own the advantage in the series 42-13-5 alongside a one-game winning streak thanks to a 4-3 win last season in Durango, Colo.

MEET THE MOUNTAIN LIONS:

UCCS owns an 8-1-3 overall record thus far alongside an unbeaten 3-0-1 RMAC slate. Tied with CSU Pueblo, the Mountain Lions sit just behind Colorado Mines in conference standings.

The Mountain Lions have broken into the United Soccer Coaches Top 25 Poll this week, now receiving votes on the national spotlight. The lone blemish on the UCCS record came at the hands of Northwest Nazarene, a Great Northwest Athletics Conference member from Nampa, Idaho. The Nighthawks escaped the Mountain Lions claws up in Billings, Montana, by a score of 1-0.

Colorado Springs is riding a two-game win streak after back-to-back wins against Regis 3-1 and South Dakota School of Mines 4-1. Prior to the wins, UCCS tied with Colorado Mesa breaking their previous three-game winning streak.

FORT LEWIS LEADERS:

Another week, another seven days Gabriel Legendre spearheads the Skyhawks front four. Legendre leads the roster with five goals and has nabbed a pair of assists to accompany them. Aymaro Vargas trails Legendre with three goals to his name, while Henrik Hake has provided two more and four other Skyhawks have each added one as well. Tomas Duenes leads Fort Lewis in assists as the sophomore and reigning RMAC Freshman of the Year has handed out five thus far. Evan Kowalski leads the Skyhawks keepers with 47 total saves and a 0.783 save percentage.

SHAKE UP THE STANDINGS:

Challenging both programs tied for the No. 2 spot in the conference, Fort Lewis has the opportunity for not only two big wins, but two wins that could close the gap in the race for top eight in the RMAC and a trip to the conference tournament.

LAND ACKNOWLEDGMENT

We acknowledge the land that Fort Lewis College is situated upon is the ancestral land and territory of the Nuuchiu (Ute) people who were forcibly removed by the United States Government. We also acknowledge that this land is connected to the communal and ceremonial spaces of the Jicarilla Abache (Apache), Pueblos of New Mexico, Hopi Sinom (Hopi), and Diné (Navajo) Nations. It is important to acknowledge this setting because the narratives of the lands in this region have long been told from dominant perspectives, without full recognition of the original land stewards who continue to inhabit and connect with this land. Thank you for your attention and respect in acknowledging this important legacy.
