Rames also worked with the legislature and others in several major new construction and renovation projects.

Prior to her interim appointment, Rames served as the vice president for student affairs from 2000 until June 2015 at South Dakota State University (SDSU) in Brookings. Mike Powicki Director of Athletics

Mike Powicki is in his 11th year (2022-23) as Athletic Director at Wayne State College. Powicki began his duties at Wayne State College on July 23, 2012 and has been instrumental in improvements to athletic facilities and staffing during his 10 years at the institution.

Over the past 10 years at WSC, over \$11 million has been invested in facility improvements, staffing and operations enhancements. More facility additions and renovations are planned in the near future as Wayne State announced in June a \$26.5 million athletic/recreation facility addition and renovation project that includes the addition of an air-supported indoor structure and major renovations to the Recreation Center, Rice Auditorium and the Kirk Gardner Indoor Athletic Complex. The three-phase project will begin with the new indoor facility starting in the spring of 2023 with a tentative completion date set for the fall of 2025.

The 2021-22 school year saw two more projects created to benefit Wildcat athletics. The Rice Auditorium Stage Conversion Project, totalling \$1 million, will enclose the current stage and create an open-air room to provide premium fan seating and in-game hospitality area for Wildcat volleyball and men's and women's basketball games in Rice Auditorium along with providing a multi-use area for student-athlete recruitment and team meetings. Another project scheduled for completion in late August is field turf installed on the WSC Soccer Pitch.

Powicki was instrumental in the addition of two sports to Wayne State athletics in 2019-20 with the addition of beach volleyball and the re-instatement of the women's golf program. He also orchestrated the renovation of the former natatorium into the Indoor Athletic Complex that will benefit all Wildcat athletic programs. Powicki also helped orchestrate the largest single scholarship gift in the history of Wayne State as the Gardner Foundation announced on October 3, 2019 a \$1.8 million gift to the school. Included in the gift was a one-time donation of \$300,000 toward the Indoor Athletic Complex along with \$150,000 toward athletic operations and \$925,000 toward athletic scholarships to WSC.

In the summer of 2019, Rice Auditorium benefitted with the addition of several upgrades that included new (hanging) baskets, hallway graphics of current and past Wildcat athletes to enhance the look of Rice Auditorium and a newly designed floor/playing surface.

The Bob Cunningham Field Press Box Replacement project covering \$3.9 million was done in 2018. The project increased the amount of work space for media and staff working home events at Cunningham Field. The new facility also provides universal space on the lower level that will give WSC athletics an opportunity to host special events and create additional revenue through corporate sponsorships and donor stewardship.

In the fall of 2018 new Daktronics video scoreboards and a sound system totaling over \$200,000 were installed in Rice Auditorium to enhance the game day experience for Wildcat fans and student-athletes.

The first major athletic project that was completed under the guidance of Powicki was the Bob Cunningham Field/Memorial Stadium Renovation project. The project began in May, 2013 and was highlighted by installation of artificial turf, ornamental fencing, press box graphics and new goal posts. The \$1.6 million project also included the widening, lengthening and re-sodding of the Wildcat Soccer Pitch, along with installing new irrigation and facility fencing, scoreboard and making the facility ADA accessible. The Dr. LeRoy Simpson Track at Memorial Stadium was re-surfaced and painted in the summer of 2014 as the final phase of the project.

Powicki currently serves on the NCAA Division II Athletic Directors Association Board, NCAA Division II Central Regional Advisory Committee for baseball and is on the Northern Sun Conference Hall of Fame Committee. He also serves locally as the Wayne Kiwanis Board President, Vice President of the Wayne Area Economic Development Board of Directors and Revitalize Wayne Committee.

The late Del Stoltenberg, inducted into the WSC Athletic Hall of Fame in 2004, was the second-longest tenured coach in Wayne State football history, serving 14 seasons (1969-82).

2022 SEASON OUTLOOK

Wayne State looks to build on last year's 7-4 season that was the schools' first seven win season in a decade. The Wildcats return plenty key components from that team under new head coach Logan Masters, who served as offensive coordinator last season. Highlights from last season include back-to-back nationally ranked road wins as the 'Cats won at #11 Minnesota Duluth 31-28 (September 25) followed by the program's first-ever win two weeks later at #11 Minnesota State 35-24.

"We return a large number of guys that played in big games and had a major role in our success last fall," remarked Coach Masters.

"They have really grown as student athletes and leaders in our program this off season. We have an exciting bunch of younger players that we get to add that will increase competition as they battle for roles this fall."

Sophomore quarterback Nick Bohn, last year's NSIC Offensive Newcomer of the Year, guides a Wildcat offense that ranked third in the league in rushing last season. Bohn had 10 rushing TD's last season and was sixth in the NSIC in total offense per game (250.5). Junior Tavian Willis is an experienced backup for the 'Cats after starting several games last season.

Senior running back Anthony Watkins had a team-high 722 yards rushing with 11 TD's last year and was tied for fifth in the NSIC with 13 total TD's. Redshirt freshman Jacob Keiser (Hartington Cedar Catholic HS) expects to see plenty of snaps again after suffering an early season-ending injury in the third game last season after gaining 140 yards on the ground in just over two games of action.

Senior Mason Lee is the top returning receiver with 35 catches for 529 yards and three TD's one year ago. Masters is looking for the Wayne native to step into the lead role this season following the graduation of top receivers Taurean Grady (55 receptions/976 yards and 8 TD's) and Trystn Ducker (49 catches, 567 yards and 5 TD's).

"Mason has done a great job becoming the leader of our receivers," added Masters. He is a great example of what a student athlete is for our younger players. Mason's work ethic and drive has set himself up to be a major part of our offense this fall."

The Wildcat defense returns a pair of All-NSIC South Division Second Team performers. Sophomore linebacker Alex Kowalczyk led the 'Cats last season with 85 tackles including 12 tackles for loss. Senior defensive back J'Von France had 41 tackles with five break ups and five passes defended last season.

Senior linebacker Jaylan Scott was fourth on the team in tackles last season (43) and

had three interceptions, five breakups and eight passes defended.

"Jaylan has really taken off this off season," commented Masters. "He has become one of our leaders on the defense and has really grown as a defensive player after his first season on defense last fall. I'm excited and proud of the work and dedication Jaylan has put into himself and our program."

The Wildcat defensive line is young, losing three starters to graduation. Sophomore Rex Becker (21 tackles and three sacks) started six games last season while sophomore Luke Sims (15 tackles) made five starts and are the two most experience returning linemen for WSC.

WSC is solid on special teams with the return of First Team All-NSIC South Division placekicker Alex Powders, who was 10-13 on field goals, 44-45 on PAT kicks and also averaged 38.3 yards per punt with just three touchbacks.

The Wildcats were picked eighth overall and fifth in the South Division in the 2022 Preseason NSIC Football Coaches' Poll released August 3rd.

Wayne State opens the 2022 season Saturday, September 3rd at the University of Mary in a 5:30 p.m. contest. The Wildcats have six home games this season, starting with a night game at Cunningham Field on September 10th vs. Northern State.

THE NORTHERN SUN INTERCOLLEGIATE CONFERENCE

From its modest origin as a six-team alliance over eight decades ago, the Northern Sun Intercollegiate Conference has matured into a 16-team union of upper Midwest colleges and universities to form arguably the strongest affiliation in NCAA Division II. The NSIC can trace its roots to 1932 when six schools, including Bemidji State University, Minnesota State University, Mankato, Minnesota State University Moorhead, St. Cloud State University, University of Minnesota Duluth and Winona State University signed on as charter members. All remain active subscribers of the league today.

Southwest Minnesota State University was added in 1969, followed by Northern State University in 1978, Wayne State College (NE) in 1998, Concordia University-St. Paul and the University of Minnesota Crookston in 1999, the University of Mary and Upper Iowa University in 2006, Augustana College in 2008 and Minot State University and the University of Sioux Falls in 2012. Minnesota State, St. Cloud State and Minnesota Duluth left the league to join the North Central Conference but returned to the NSIC in 2008. University of Minnesota, Morris and Michigan Tech University were once part of the NSIC family as well.

In 1992 the NSIC became a true athletic showcase for both men and women with the merger of the traditional Northern Intercollegiate Conference (NIC) and the Northern Sun Conference (NSC), the home of women's athletics since 1979. Before NSIC affiliates became certified for championship competition in the National Collegiate Athletic Association (NCAA) in 1995, its member institutions filled prominent roles in the National Association of Intercollegiate Athletics (NAIA). NIC and NSC clubs annually dispatched qualified student-athletes to national tournaments and captured several NAIA teams and individual championships.

The NSIC continues to make a major imprint nationally, winning 21 national titles since 2006. Winona State men claimed NCAA II Basketball Championships in 2006 and 2008 and narrowly missed a third crown, falling in a last second shot in 2007. In addition, the Warriors established a NCAA II record of 57 consecutive victories.

Concordia University launched an ongoing streak of seven consecutive NCAA II Volleyball Championships in 2007. In 2008 the Golden Bears won 37 straight matches after a season opening loss on their way to a second consecutive title and scripted a marvelous encore in 2009 with a perfect 37-0 finish, a third straight national crown and a winning streak of 74 straight matches. In 2010 the Golden Bear extended that NCAA record win streak to 75 before dropping their second match of the season. They started 2010 with a 10-4 record before ripping off 22 straight wins on their way to their fourth straight national title. In 2011, after overcoming midseason injuries, the Golden Bears hit their stride. The Golden Bears knocked off No. 1 and undefeated Cal State San Bernardino to become the first team in the history of NCAA Division II women's volleyball, to capture a fifth consecutive NCAA Division II Championship. Then in 2012, the Golden Bears again made a late season and championship match surge as they defeated Tampa 3-2 after trailing 0-2 to win their sixth straight NCAA DII Volleyball National Championship. In 2013 Concordia-St. Paul won the NSIC regular season title, but was defeated in the NSIC Tournament Championship by Minnesota Duluth. But from there the Golden Bears ripped off six straight NCAA postseason wins, extending their streak to 42, on their way to a 3-0 sweep of BYU-Hawaii to win another NCAA National Championship. After a two year hiatus, the Golden Bears return to the top of Division II volleyball as they won the 2016 and 2017 national championships.

In a most surprising run, Minnesota Duluth completed a perfect 15-0 season by winning the 2008 NCAA Division II Football Championship. The Bulldogs, limited to only 24 scholarships by league rule, swept a field of fully-funded teams, including top ranked Grand Valley State and number three Northwest Missouri State. Two years later, in 2010, the Bulldogs repeated that feat, going 15-0 again to win the national championship. The Bulldogs became the first NCAA DII football squad to win two national championships with undefeated records.

Minnesota State added more luster to the league by finishing 32-2 and claiming the 2008-09 NCAA II Women's Basketball Championship. The Mavericks rolled to a wild 103-94 victory over Franklin Pierce to set a NCAA record for total points in the title game.

In 2017 the Maverick softball team went 64-7 to win the National Championship. The Mavericks went 10-1 in NCAA play, including 5-0 in Salem Virginia as they defeated Angelo State 5-1 in the championship game. The Mavericks added their third team national championship in 2021-22 when they took home the women's indoor track & field championship. Makayla Jackson took home individual national championships in the long jump and the 60m dash, while Denisha Cartwright won the 60m hurdles title, helping the Mavericks score 56 team points.

Augustana got into the mix of national championships in 2011 when their women's cross country team turned in a true team performance in Spokane, Wash. All five Viking runners earned All-American status as Augustana won the first cross country national championship in NSIC history. The Vikings men's basketball team won the 2015-16 National Championship after going 34-2 and defeating Lincoln Memorial 90-81 in Frisco, Texas. The Augustana baseball team became the first NSIC institution to win a national championship in baseball, as the Vikings had an impressive post season, going 8-1 in NCAA play and a perfect 4-0 in Cary, North Carolina to finish the season 52-9.

In 2019 it was the Augustana Softball team that made a run to the national championship as the Vikings went 61-11 and defeated Texas A&M Kingsville twice by the score of 6-4 to win the National Championship.

After multiple runner-up finishes, the St. Cloud State Huskies finally captured the national championship in wrestling in 2015. They repeated in 2016 and then took home the title again in 2018, 2019 and 2021.

The NSIC has now had 16 student-athletes awarded with the NCAA Elite 90 Award on 19 occasions. Earning the award were Rachel Rairdon (AUGIE, WCC, 2021), Ryan Schlichte (MSU, FB, 2019), Sasha Hovind (NSU, ODTF, 2018), DJ Pollard (NSU, Men's Basketball, 2018), Grant Pulver (UMD, Cross Country, 2017), **Leisa McClintock (Wayne State, Volleyball, 2015)**, Tavia Rutherford (Sioux Falls, Golf, 2015), Claire Sames (SMSU, Volleyball, 2014), Kara Pioske (Concordia-St. Paul, Volleyball 2013), Billy Brockmueller (Sioux Falls, Cross Country 2012, 2014 & IDTF 2014), Ben Keller (Minnesota State, Baseball 2012 & 2013), Cody Lensing (Augustana, Wrestling 2012), Kendra Huettl (Minnesota State, Softball, 2011), Matt Braithwaite (Augustana, Cross Country, 2010) and Lauren Brown (Winona State, Outdoor Track & Field, 2010).

Member schools continue to emphasize the educational, entertainment and unifying value of sports while pointing with pride to the many advantages to be gained by attending these colleges and universities. The NSIC is committed to providing rewarding experiences for its student-athletes, and while the challenges that loom are sizable, indeed, the NSIC is surely well positioned for the future.

EGG BOWL HISTORY

The Egg Bowl Game was started in 1989 by the Milton G. Waldbaum Company of Wakefield and its chief executive officer, the late Daniel Gardner, a longtime supporter of Wayne State athletics. The event was created as a fun and innovative way to promote the egg industry and great way to support Wayne State College athletics. A commemorative game ball is given to one player from each team competing in the annual game. The Milton G. Waldbaum Company later became Michael Foods and their egg industry associates have actively supported this event, entering its 33rd year in 2022.
