

APPENDIX A

**PROOF OF PUBLIC
PARTICIPATION**

EXAMPLE OF THE NOTIFICATION LETTER SENT TO INFORM THE STAKEHOLDERS AND I&AP'S ON 25 JANUARY 2017

Applicant:
Raubex KZN (Pty) Ltd
P.O. Box 10902
Ashwood
3605
Tel: 031 700 6411
Fax: 031 700 5618

BACKGROUND INFORMATION DOCUMENT

25 January 2017

To whom it may concern

RE: NOTICE OF APPLICATIONS IN TERMS OF SECTION 27 OF THE MINERALS AND PETROLEUM RESOURCES DEVELOPMENT ACT, 2002 (ACT NO 28 OF 2002) AND THE NATIONAL ENVIRONMENTAL MANAGEMENT ACT, 1998 (ACT 107 OF 1998 NEMA) AS WELL AS THE ENVIRONMENTAL IMPACT ASSESSMENT REGULATIONS, 2014.

Raubex KZN (Pty) Ltd (Applicant) intends to apply for a mining permit to mine aggregate on 5 ha of the Remaining Extent of the farm Elands Spruit 5523, Ladysmith, Kwa-Zulu Natal Province.

SITE DESCRIPTION

The Remaining Extent of the farm Elands Spruit 5523 is situated approximately 28 km northeast of Ladysmith, between the Collings Pass road and the N11 national road. The area earmarked for the proposed mining falls on a section of the farm currently used for grazing purposes. A section of the proposed mining area was also historically used for quarrying purposes. The GPS coordinates of the proposed mining area is as follows:

- A 28°22'05,17"S; 29°58'23,64"E
- B 28°22'07,24"S; 29°58'37,28"E
- C 28°22'03,59"S; 29°58'37,68"E
- D 28°22'01,21"S; 29°58'24,98"E

LEGAL COMPLIANCE

An application for a mining permit in terms of Section 27 of the Mineral and Petroleum Resources Development Act, 2002 (Act No 28 of 2002) will be submitted to the Department of Mineral Resources.

The proposed project triggers the following listed activities in terms of the National Environmental Management Act, 1998 (Act 107 of 1998) and the Environmental Impact Assessment Regulations as amended 2014 and therefore requires an environmental impact assessment process to obtain environmental authorisation:

- GMR 983 Environmental Impact Assessment Regulations Listing Notice 1 of 2014 Activity 21:

Any activity including the operation of that activity which requires a mining permit in terms of section 27 of the Mineral and Petroleum Resources Development Act, 2002 (act No. 28 of 2002), including associated infrastructure, structures and earthworks directly related to the extraction of a mineral resource, including

the goal isn't to live forever, it is to protect a planet that will

DMR Reference Number: To be confirmed

BACKGROUND INFORMATION DOCUMENT

activities for which an exemption has been issued in terms of section 106 of the Mineral and Petroleum Resources Development Act, 2002 (Act No 28 of 2002).

- *GNR 983 Environmental Impact Assessment Regulations Listing Notice 1 of 2014 Activity 22:*
The decommissioning of any activity requiring a closure certificate in terms of section 43 of the Mineral and Petroleum Resources Development Act, 2002 (Act No 28 of 2002).
- *GNR 983 Environmental Impact Assessment Regulations Listing Notice 1 of 2014 Activity 26:*
Commercial developments of 1000 square meters or more, on land previously used for mining or heavy industrial purposes.
- *GNR 983 Environmental Impact Assessment Regulations Listing Notice 1 of 2014 Activity 27:*
The clearance of an area of 1 hectare or more, but less than 20 hectares of indigenous vegetation.
- *GNR 983 Environmental Impact Assessment Regulations Listing Notice 1 of 2014 Activity 28:*
Commercial developments where such land was used for agriculture or afforestation on or after 01 April 1998 and where such development (i) will occur outside an urban area, where the total land to be developed is bigger than 1 hectare.
- *GNR 984 Environmental Impact Assessment Regulations Listing Notice 2 of 2014 Activity 21:*
Any activity including the operation of that activity associated with the primary processing of a petroleum resource including winning, reduction, extraction, classifying, concentrating, crushing, screening and washing.

The proposed mining area falls within 500 m of a wetland area and requires Water Use Authorisation in terms of Section 39 of the National Water Act, 1998 (Act No. 36 of 1998) for water uses as defined in section 21 (c) and section 21 (j).

PROJECT DESCRIPTION

The property has an existing quarry pit that was historically used for the winning of aggregates for road building purposes. The quarry was abandoned without being rehabilitated and the Applicant now wishes to expand the existing pit by making use of the open-cast mining method. The mining method will make use of blasting in order to loosen the hard rock; the material will then be loaded and hauled out of the excavation to the mobile crushing plant where it will be screened to various sized stockpiles. The aggregate will be transported from site using tipper trucks. All activities will be contained within the boundaries of the approved site.

BACKGROUND INFORMATION DOCUMENT

The proposed mining area is 5 ha in extent and the Applicant intends to win aggregate from the area for at least three years with a possibility of a two year extension. The aggregate to be removed from the mining area will be used in the building and road construction industries in the district. The proposed mining project will contribute to the upgrading/maintenance of road infrastructure in and around the Ladyernith area. The Applicant will make use of temporary infrastructure during the mining operations. Workers will daily be transported to and from the site.

THE MINING ACTIVITIES WILL CONSIST OF THE FOLLOWING:

- ❑ Stripping and stockpiling of topsoil
- ❑ Blasting
- ❑ Excavation
- ❑ Crushing
- ❑ Stockpiling and transporting
- ❑ Sloping and landscaping upon closure of the site
- ❑ Replacing the topsoil and vegetating the disturbed area

THE MINING SITE WILL CONTAIN THE FOLLOWING:

- ❑ Drilling Equipment
- ❑ Excavation Equipment
- ❑ Earth Moving Equipment
- ❑ Mobile Crushing and Screening Plant
- ❑ Mobile Office and Ablution Facilities

ACCESS ROUTE:

- ❑ The existing farm road (turning from Collings Pass road) will be used to gain access to the proposed mining area. No mining equipment or vehicles will access the N11 directly from the mining area.
- ❑ Haul roads, inside the approved mining area, will be extended as mining progress. All roads will be selected to avoid watercourses and steep gradients. Adequate drainage and erosion protection in the form of cut-off berms or trenches will be provided where necessary.
- ❑ The haul roads to be established to the site will be below the threshold of the EIA regulations of the National Environmental Management Act, 1998 (Act No 107 of 1998) as amended June 2014.

BACKGROUND INFORMATION DOCUMENT

BRIEF SITE DESCRIPTION

VISUAL EXPOSURE:

- ☛ The proposed mining area was identified to constitute the lowest possible visual impact on the surrounding environment. This application will entail the extension of the abandoned quarry pit on the property, but will also bring about the rehabilitation of the entire area upon closure of the site.
- ☛ The mining area will be visible from the N11 as well as most of the Collings Pass road.
- ☛ In an attempt to mitigate the visual impact, the applicant will ensure that good housekeeping is implemented on-site.
- ☛ Upon closure, the site will be rehabilitated and sloped to ensure the visual impact on the aesthetic value of the area is minimized.

EXISTING INFRASTRUCTURE:

- ☛ A high voltage Eskom power line passes the property to the south. The nearest pylon of the power line is ±83 m from the proposed mining area.
- ☛ As mentioned previously the Collings Pass road (±80 m) and the N11 national road (±750 m) passes the proposed site respectively on the western and eastern sides. The Applicant will make use of the Collings Pass road to transport the material from site.
- ☛ The proposed mining site is ±150 m from a residential dwelling to the southeast and ±210 m from an earthen dam of the landowner (north).

VEGETATION COVER:

- ☛ The foremost section of the proposed mining area is currently used for grazing purposes.
- ☛ The establishment of the mining area will therefore necessitate the removal of indigenous vegetation from the footprint area.
- ☛ At the time of the inspection no red data or protected plants could be identified in the proposed footprint area of the mine.

SURFACE AND GROUND WATER:

- ☛ The proposed mining area will be further than 100m from any natural water source, and are therefore not expected to have a negative impact on any surface and/or ground water of the area.
- ☛ A drainage line with associated wetland area was identified within 500 m of the proposed mining area. Due to the nature of the proposed mining activity and the fact that all mining activities will be contained

BACKGROUND INFORMATION DOCUMENT

within the boundaries of the site, it is not anticipated that the activity will negatively impact on the wetland area.

- A comprehensive hydrological study will be conducted to classify and delineate the wetland, upon which an application will be submitted to the Department of Water and Sanitation for authorisation.

SITES OF ARCHAEOLOGICAL AND CULTURAL INTEREST

- No sites of archaeological or cultural importance were identified during the site inspection as the site has been extensively used for agricultural and/or mining purposes.

FAUNA:

- The fauna at the site will not be impacted by the proposed mining activity as it will be able to move away or through the site, without being harmed.

POTENTIAL ENVIRONMENTAL IMPACTS

DUST:

- The short distance of the access road (±120 m) will assist in minimizing dust generation. The speed on the access road will however be limited to 30 km/h to prevent the generation of excessive dust.
- Roads will be sprayed with water or an environmentally friendly dust-allowing agent that contains no PCB's (e.g. DAS products) if dust is generated above acceptable limits.
- The conveyor belts of the crusher will be fitted with water sprayers to suppress fugitive dust.

NOISE:

- It will be ensured that employees and staff conduct themselves in an acceptable manner while on site.
- All mining vehicles will be equipped with silencers and maintained in a road worthy condition in terms of the Road Transport Act.
- The type, duration and timing of the blasting procedures will be planned with due cognisance of other land users and structures in the vicinity.
- Surrounding land owners will be notified in writing prior to blasting occasions.

ABLUTION, WASTE WATER & WASTE DISPOSAL:

- Ablution facilities will consist of chemical toilets hired from a contractor and serviced at least weekly.
- Any effluents containing oil, grease or other industrial substances will be collected in a suitable receptacle and removed from the site, either for resale or for appropriate disposal at a recognised facility.

BACKGROUND INFORMATION DOCUMENT

- ☞ Spills will be cleaned up immediately to the satisfaction of the Regional Manager by removing the spillage together with the polluted soil and by disposing of it at a recognised facility.
- ☞ Non-biodegradable refuse such as glass bottles, plastic bags, metal scrap, etc., will be stored in a container at a collecting point and collected on a regular basis and disposed of at a recognised landfill site. Biodegradable refuse generated will be handled as indicated above.
- ☞ No waste will be burned or buried on site.

FINAL REHABILITATION

- ☞ Rehabilitation of the surface area shall entail landscaping, levelling, top dressing, land preparation, seeding (if required), and weed / alien clearing.
- ☞ All infrastructures, equipment, and other items used during the mining period will be removed from the site (section 44 of the MPRDA).
- ☞ Waste material of any description, including receptacles, scrap, rubble and tyres, will be removed entirely from the mining area and disposed of at a recognized landfill facility. It will not be permitted to be buried or burned on the site.
- ☞ Weed / Alien clearing will be done in a sporadic manner during the life of the mining activities. Species regarded as Category 1 weeds according to CARA (Conservation of Agricultural Resources Act, 1983 – Act 43; Regulations 15 & 16 (as amended in March 2001) need to be eradicated from the site on final closure.
- ☞ Final rehabilitation shall be completed within a period specified by the Regional Manager.

PUBLIC INVOLVEMENT

This document is to inform you about the proposed activity and to determine whether there are any concerns or objections from interested and affected parties (I&AP's) that need to be considered.

As interested and affected party you are kindly requested to complete the comments form and give any comment/concern or input with regard to the current land use of the area, the environment as well as socio-economic conditions that you feel might be affected by the proposed activity. When submitting response please provide suggestions to mitigate the anticipated impact of each identified activity.

Please contact Christine Fouche at the contact details as presented in the letterhead or at christine.f@greenmined.co.za through any means should you need more information, have concerns or comments that need to be considered or if you want to be registered as an interested and/or affected party and would like to receive a copy of the Draft Scoping Report (DSR) on or before 25 February 2017. If we do not receive any

DMR Reference Number: To be confirmed

BACKGROUND INFORMATION DOCUMENT

comments from you within 30 days of receipt of this notice, it will be accepted that you do not have any objections/comments with regard to the project.

A register of interested and affected parties (I&AP's) will be opened and maintained containing the names, contact details and address of all persons who have submitted written comments, attended meetings or have in writing requested to be registered and all organs of state which have jurisdiction in respect of the activity. Please note that only registered I&AP's and stakeholders will be entitled to comment on reports and plans to be submitted to the Department provided that the party provide its name, contact details and address and discloses any direct business, financial, personal or other interest which he/she may have in the approval or refusal of the applications.

The DSR will be submitted to the Department of Mineral Resources – KZN (DMR) for review purposes. This report will also be made available to the public for a 30 days review period. An electronic copy of the report will be published on the Greenmined Environmental website (www.greenmined.com). Upon lapse of the commenting period the DSR will be updated to reflect the comments received during the public commenting period upon which the final Scoping Report will be submitted to DMR for its consideration as part of the authorization process in terms of the NEMA regulation. A copy of the final Scoping Report will be made available on the Greenmined Environmental website (www.greenmined.com).

When accepted the Scoping Report will be followed by the Draft Environmental Impact Assessment Report (EIAR) that will also be made available to the public for a 30 days review period. An electronic copy of the EIAR report will again be published on the Greenmined Environmental website. All registered I&AP's and stakeholders will be notified of the commenting period in advance. The EIAR will then be updated to reflect the comments received during the public commenting period. Upon which, the final EIAR will be submitted to DMR for its consideration as part of the authorization process in terms of the NEMA regulation. A copy of the final report will be made available on the Greenmined Environmental website. All registered I&AP's and stakeholders will be notified in writing within 14 days of the date of the decision of the outcome of the application, including the reasons for the decision and the right of appeal.

Ifeksi: 031 700 5618

Mhlonipheki

IPHATHELENE NESICELO ESIHAMBISANA NESIGABA 27 SOMTHETHO WEZOKUMBIWA PHANSI, KA-2002 (ACT NO 28 KA-2002) NOMTHETHO WOKUNAKEKELWA KWEZEMVELO KAZWELONKE, KA-1998 (ACT 107 KA-1998 NEMA) KANYE NOMTHETHO OLAWULA UKUHLOLWA KOKUTHINTEKA KWEZEMVELO, KA-2014.

I-Raubex KZN (Pty) Ltd (Abafaka isicelo) ifaka isicelo sokuthola imvume yokumba izinto zokwakha ezinjengokhethe endaweni engamahekta amahlanu endaweni esele yepulazi i-Elands Spruit 5523, eLadysmith, eSifundazweni saKwa-Zulu Natal.

INCAZELO NGOKUMA KWENDAWO

Indawo Esole yepulazi i-Elands Spruit 5523 isebangeni elingaba amakhilomitha angama-26 enyakathompumalanga yeLadysmith, phakathi komgwaqo iCollings Pass kanye no-N11. Indawo ehlongozwa ukuba ibe yimayini isengxenyeni yepulazi okwamanje esetshenziselwa ukuklabisa imfuyo. Ingxenyethile yale ndawo ehlongozwayo yake yasetshenziswa njengenkwalu yokumba amatshe. Indawo ehlongozwayo itholakala ngendlela elandelayo kuyi-GPS:

- A 28°22'05.17"S; 29°56'23.64"E
- B 28°22'07.24"S; 29°56'37.29"E
- C 28°22'03.55"S; 29°56'37.69"E
- D 28°22'01.21"S; 29°56'24.96"E

UKUTHOBELA UMTHETHO

Isicelo semvume yokumba imayini ngokuvumelana neSigaba 27 soMthetho Wezokumbiwa Phansi, ka-2002 (Act No 28 ka-2002) sizodluliselwa eMnyangweni Wezokumbiwa Phansi.

Umsebenzi ohlongozwayo wenza kudingeke kwenziwe izinto ezilandelayo ngokuvumelana noMthetho Wokunakekelwa Kwezembelo Kazwelonke, ka-1998 (Act 107 ka-1998) uMthetho Olawula Ukuhlolwa Kokuchaphazeleka Kwemvelo owachibiyelwa ngo-2014 okwenza kudingeke kuhlolwe indlela ezemvelo ezizochaphazeleka ngayo ukuze kutholakala imvume yezemvelo:

- GNR 983 Isaziso 1 sika-2014 Ngemithetho Yokuhlolwa Kokuchaphazeleka Kwezemvelo, Umsebenzi 21:

~~Nomayini eyenziwayo kutholwe ngokuvumelana nesigaba 27 soMthetho Wezokumbiwa Phansi, ka-2002 (act No. 28 ka-2002), kanye~~

IPHEPHA LOLWAZI

nezingqalasizinda ezidingekayo, izakhiwo nomsebenzi wokumba ohlobene ngokuthe ngqo nokumbiwa kwamaminali, kuhlanganise nemisebenzi okutholakale imvume kuyo ngokuvumelana nesigaba 106 soMthetho Wezokumbiwa Phansi, ka-2002 (Act No 28 ka-2002).

- GNR 983 Isaziso 1 sika-2014 Ngemithetho Elawula Ukuhlolwa Kokuchaphazeleka Kwezemvelo, Umsebenzi 22:

Ukuyekwa kwanoma yimuphi umsebenzi okudinga isitifiketi sokuvalwa kwendawo ngokuvumelana nesigaba 43 soMthetho Wezokumbiwa Phansi, ka-2002 (Act No 28 ka-2002).

- GNR 983 Isaziso 1 sika-2014 Ngemithetho Elawula Ukuhlolwa Kokuchaphazeleka Kwezemvelo, Umsebenzi 26:

Ukugugulwa kwendawo engamamitha sikwele ayi-1000 noma ngaphezulu, ngenjongo yezentengiselwano, emhlabeni ngaphambili owawusetshenziselwa izimayini noma izimboni ezisebenzisa imishini emikhulu.

- GNR 983 Isaziso 1 sika-2014 Ngemithetho Elawula Ukuhlolwa Kokuchaphazeleka Kwezemvelo, Umsebenzi 27:

Ukususwa kwezimila zemvelo nokugugulwa kwendawo eyihlekta elilodwa noma ngaphezulu, kodwa engaphansi kwamahekta angama-20.

- GNR 983 Isaziso 1 sika-2014 Ngemithetho Elawula Ukuhlolwa Kokuchaphazeleka Kwezemvelo, Umsebenzi 28:

Ukusetshenziselwa injongo yezamabhezini kwendawo eyayisetshenziselwa ezolimo noma ukutshalwa kwezihlahla ngo-01 April 1998 noma ngemva kwalokho lapho lokho okwenziwayo kulowo mhlaba (ii)kuzokwenzeka endaweni engaphandle kwedolobha, lapho inani lomhlaba ozothinteka lilikhulu kunehekta elilodwa.

- GNR 984 Isaziso 2 sika-2014 Ngemithetho Elawula Ukuhlolwa Kokuchaphazeleka Kwezemvelo, Umsebenzi 21:

Noma yimuphi umsebenzi kuhlanganise nokwenziwa komsebenzi ohlobene nokuhluzwa kukawoyela kanye nokutholakala, ukucoliswa, ukukhishwa, ukuhlukaniswa, ukukhishwa kwamanzi, ukugaywa, ukuhlolisiswa nokuhlazwa.

Indawo ehlongozwayo isebengeni elingamamitha angaba ngama-500 endaweni enamanzi okwenza kudingeke imvume Yokusebenzisa Amanzi ngokuvumelana neSigaba 39 soMthetho Wamanzi Kazwelonke Ka-1998 (Act No. 36 ka-1998) ngokusetshenziswa kwamanzi njengoba kuchazwe esigabeni 21 (c) nasesigabeni 21 (i).

IPHEPHA LOLWAZI

INCAZELO NGOMSEBENZI

Le ndawo inomgodi wenkwali owawusetshenziselwa ukumba amatshe egraveli ayesetshenziswa ekwakheni imigwaqo. Le nkwalo yashiywa kanjalo ngaphandle kokubuyiselwa komhlaba esimweni semvelo manje inkampani efaka isicelo ifisa ukunweba lo mgodi isebenzisa izindlela zokumba imigodi yemayini evulekile. Indlela yokumba ezosetshenziswa izobandakanya iziqhumane ukuze kuqhekezwe amadwala; ngemva kwalokho la matshe azolayishwa akhishwe emgodini ayiswe kuplanti yokuwagaya lapho ezofike khona ahlukaniswe ngokobukhulu obuhlukahlukene. Lolu khethe luzobe seluthuthwa kule mayini kusetshenziswa amaloli anenqola ethululayo. Wonke lo msebenzi uzokwenzela ngaphakathi kwemingcwele yendawo egunyaziwe.

Indawo yokumba ehlongozwayo ingamahekta amahlanu isiyonke futhi inkampani efaka isicelo ihlose ukumba amatshe okhethe okungenani iminyaka emithathu futhi kube nethuba lokufaka isicelo sokwenezela iminyaka emibili. Amatshe okhethe azombiwa kule mayini azosetshenziselwa ukwakha izakhiwo nokwakhiwa kwemigwaqo kuso lesi sifunda. Imayini ehlongozwayo izoba negalelo ekuthuthukiseni nasekulondolozeni imigwaqo eMnambithi nasezindaweni eziseduze. Abafake isicelo bazosebenzisa izakhiwo zesikhashana phakathi nesikhathi sokumba kule mayini. Abasebenzi bazothuthelwa kule ndawo yokusebenza usuku nosuku balethwe babuye bahanjise.

IMISEBENZI EZOKWENZIWA KULE MAYINI IZOHLANGANISA LOKHU OKULANDELAYO:

- Ukususwa nokunqwabelaniswa komhlabathi ophezulu
- Ukusetshenziswa kweziqhumane
- Ukumba
- Ukugaya amatshe
- Ukukwenza izindunduma zawo nokuwathutha
- Ukuvalwa nokulungiswa kwendawo lapho umsebenzi usuphuthuliwe
- Ukubuyiselwa komhlabathi owawususiwe nokutshalwa kabusha kwezimila kule ndawo

INDAWO YEMAYINI IZOBA NALEZI ZINTO EZILANDELAYO:

- Imishini Yokubhora
- Imishini Yokumba
- Imishini Yokuthutha Umhlabathi
- Indawo Yokugaya Nokuhlunga Ethuthekayo
- Ihhovisi Elingumahamba-nendlwana Nezindlu Zangasese

UMGWAQO WOKUNGENA:

IPHEPHA LOLWAZI

INCAZELO EFINGQIWE NGENDAWO YEMAYINI

UKUBONAKALA:

- Indawo yemayini ekhethiwe izoba sekusithekeni ngezinga elanele endaweni ezungezile. Lokhu kuzohlenganisa ukunwetshwa komgodi wenkwali obese washiywa kuyo le ndawo, kodwa futhi kuzovuselelwa imvelo kuyo yonke indawo ngemva kokuba umsebenzi usuphothuliwe imayini isivalwa.
- Imayini izobonakala uma usemgwaqweni uN11 kanye nasengxenyeni enkulu yomgwaqo uCollings Pass.
- Njengomzamo wokunciphisa izinga lokubonakala, inkampani efaka isicelo izokwenza konke okusemandleni ukulungisa indawo yokusebenza ngendlela efanele.
- Lapho imayini isivaliwe, indawo izovuselelwa ngendlela yemvelo kwenziwe nomkekelo ukuze kuqinisekwe ukuthi ukubukeka okuhle kwendawo akuphazamiseki.

IZINGQALASIZINDA:

- Njengamanje kunezintambo zikagesi wakwa-Eskom ezinamandla ezidlula endaweni ehlongozwayo. Izigxobo zikagesi eziseduze kakhulu zisebangeni elingamamitha angaba ngu-80 ukusuka emayini ehlongozwayo.
- Njengoba kuchaziwe ngaphambili, imigwaqo uCollings Pass (amamitha angaba ngu-80) kanye no-N11 (amamitha angaba ngu-730) idlula esizeni semayini esihlongozwayo ngasentshonalanga nangasempumalanga. Inkampani efaka isicelo izosebenzisa umgwaqo uCollings Pass lapho ithutha izinto endaweni yemayini.
- Indawo yemayini ehlongozwayo isebangeni elingamamitha angaba ngu-150 ukusuka endaweni okuhlala kuyo abantu eseningizimu-mpumalanga bese iba sebangeni elingamamitha angu-210 ukusuka edawini lomnikazi womhlaba elisenyakatho.

IZIMILA:

- Ingxenywe enkulu yendawo yemayini ehlongozwayo njengamanje kudla kuyo imfuyo.
- Lokhu kusho ukuthi ukwakhiwa kwemayini kuzokwenza kudingeke kususwe utshani endaweni okuzosetshenzwa kuyo.
- Ngesikhathi le ndawo ihlolwa akubonakala lutho olwenza kudingeke igwenywe imayini noma izimila okungafanele zisuswe endaweni ezoba yimayini.

AMANZI APHEZU KOMHLABA NANGAPHANSI:

- Indawo okuhlongozwa kuyo imayini iqhele ngamamitha angaphezu kwekhulu ukusuka kunoma iyiphi indawo enamanzi yemvelo ngakho akulindelekile ukuba iyichaphazele imithombo yamanzi kungaba amanzi aphezulu kanye/noma angaphansi komhlaba endaweni.

IPHEPHA LOLWAZI

- Umzila wamanzi nendawo enamanzi kusebangeni elingamamitha angama-500 ukusuka endaweni okuhlongozwa kuyo imayini. Ngenxa yohlobo lomsebenzi ozokwenziwa kule mayini ehlongozwayo kanye neqiniso lokutho yonke imisebenzi izokwenzeka ngaphakathi kwemingcele yendawo yemayini, akulindelekile ukuba okwenzeka esizeni semayini kuchaphazele amachibi amanzi aseduze.
- Kuzokwenziwa ucwaningo olunzulu lwezamanzi ukuze kubonakala futhi kungathikanyezwa izindawo ezinamanzi, okuzobe sekuthunyelwa isicelo eMnyango Wezamanzi Nokukhucululwa Kwendle ukuze kutholakala izimvume ezifanele.

IZINDAWO ZOKUVUBUKULA NEZAMASIKO

- Azikhona izindawo zokuvubukula nezamasiko ezitholakele endaweni lapho kuhlolwa isiza semayini njengoba le ndawo ibikade isetshenziswa kakhulu ngenjongo yezolimo kanye nezimayini.

IZILWANE ZASENDLE:

- Izilwane zasendle kule ndawo ngeke ziphazamiseke ngenxa yemayini ehlongozwayo njengoba zizokwazi ukuzisukela eduze kwemayini noma zinqamule kuyo, ngaphandle kokuba sengozini yokulimala ngandlela thile.

INDLELA ENGATHINTEKA NGAYO IMVELO

UTHULI:

- Ubufushane bomgwaqo ongena emayini (ungaba amamitha angu-120) buzosiza ekunciphiseni ukusakazeka kothuli. Ijubane lokuhamba kwezithuthi kulo mgwaqo ngeke leqe ku-30 km/h ukuze kuvinjelwe uthuli olwengeziwe.
- Imigwaqo izifafazwa ngamanzi noma ngezinye izinto zokubamba uthuli ezingenayo ikhemikhali iPCB (isibonelo imikhiqizo ye-DAS) uma kuba nothuli olungaphezu kwalolo olwamukelekile.
- Amabhande athutha amatshe asegayiwe azoba nezinto zokufafaza amanzi ukuze kunqandwe uthuli.

UMSINDO:

- Kuzoqinisekiswa ukuthi abasebenzi baziphatha ngendla efanele endaweni yemayini.
- Zonke izithuthi zasemayini zizofakwa izinto zokunciphisa umsindo futhi zigcinwe zisezingeni lomgwaqo ngokuvumelana noMthetho Wezokuthutha.
- Uhlobo, ubude besikhathi nesikhathi okuzoqhunyiswa ngaso iziqhumane kuzohlelwa ngokuqaphela abanye abasebenzisa imihlaba eseduze kanye nezakhiwo eziseduze.
- Abanikazi bezindawo abaseduzane bazotshelwa ngokubhalelwa ngaphambi kokuba kuqhunyiswe ukuba bazi ukuthi kuzoba ngaziphi izikhathi.

IPHEPHA LOLWAZI

IZINDLU ZANGASESE, AMANZI ANGCOLILE KANYE NOKULHLWA KUKADOTI:

- Izindlu zangasese zizoba namathwayilethe asebenzisa amakhemikhali aqashwe enkampanini ezimele futhi azohlolwa ukuze kukhucululwa masonto onke.
- Udoti onowoyela, ugrisi noma olunye uketshezi uzoqoqelwa endaweni efanele bese uthuthwa ususwa endaweni yemayini, kungaba ukuthi uyodayiswa noma uyolahlwa endaweni esemthethweni yokulahla.
- Okuchithekile kuzohlazwa ngokushesha ngokuvumelana neziqondiso zeMenenja Yesifunda ngokususa okuchithekile kanye nomhlabathi okuchithekele kuwo bese kulahlwa endaweni esemthethweni.
- Imfucumfucu engaboli njengamabhodlela engilazi, opulasitiki, izinsimbi nokunye, kuzofakwa emgqonyeni omkhulu bese kuthuthwa njalo kuyolahlwa endaweni efanele. Imfucumfucu engaboli evela njengoba umsebenzi uqhubeka nayo izosingathwa ngale ndlela eboniswe ngenhla.
- Ayikho imfucumfucu ezoshiswa noma ezogqitshwa endaweni yemayini.

UKUVUSELELA INDAWO

- Ukuvuselelwa kwendawo kuzohlunganisa ukuhlelemba umhlaba, ukwendlala inhlabathi eyizindunduma, ukwemboza ngomhlabathi, ukulungisa indawo, ukutshala imbewu (uma kudingeka), kanye nokususa ukhula / izimila ezingafuneki okungesizo zendawo.
- Zonke izingqalasisinda, imishini nezinye izinto ebezisetshenziswa ngesikhathi semayini zizokuswa kule ndawo (isigaba 44 se-MPRDA).
- Udoti wanoma yiluphi uhlobo, kuhlunganise izinto zokugcina, izinsalela, imfucumfucu namathayi, kuzokuswa ngokuphelele endaweni ebizimayini kulahlwe ngokuvumelana nomthetho. Ngeke kugqitshweni noma kushiselwe endaweni yemayini.
- Ukususwa kokhula / Izimila zokufika kuzokwenziwa izikhawu phakathi nesikhathi sokusebenza kwemayini. Izinhlobo zezitshalo ezisesigabeni 1 sokhula ngokwe-CARA (uMthetho Wokulondolozwa Kwezolimo, ka-1983 – u-Act 43; isigaba somthetho 15 & 16 (owachibiyelwa ngo-March 2001) kudingeka zisuswe ngokuphelele lapho indawo ivalwa.
- Ukuvuselelwa kwemvelo kuzophothulwa phakathi nesikhathi esishiwo yiMenenja Yesifunda.

UKUBANDAKANYWA KOMPHAKATHI

Le ncwadi ihloselwe ukukubikela ngomsebenzi ohlongozwayo nokuba kutholakala ukuthi kukhona yini ukukhathazeka okuthile noma ukungavumelani nokuhlongozwayo kubabambi-qhaza nabanye abathintekayo (I&AP's) okudingeka kuhlolisiswe.

Njengomuntu obambe iqhaza nothintekayo ucelwa ukuba usize ugqwalise ifomu lokunikeza ukuphawula kwakho noma ukukhathazeka noma unikeze uvo ngokuphathelene nendlela umhlaba okukhulunywa ngawo osetshenziswa ngayo njengamanje, isimo sezemvelo kanye nesimo sezenhlalo nezomnotho ocabanga ukuthi singase sithintek

IPHEPHA LOLWAZI

ngenxa yomsebenzi ohlongozwayo. Lapho uthumela impendulo yakho sicela unikeze uvo lwakho ngendlela yokunciphisa iziphazamiso ozibonayo kulo msebenzi.

Sicela uthintane noChristine Fouche emininigwaneni yokuxhumana eboniswe esethulweni sencwadi noma kuleli kheli christine.f@greenmined.co.za nganoma iyiphi indlela uma udinga ulwazi olwengeziwe, unokuthile okhathazeka ngakho noma unokuphawula ofuna kufakelwe izibuko noma ufuna ukubhaliswa njengombambi-qhaza noma othintekayo futhi ufuna ukuthola ikhophi yoMbiko iDraft Scoping Report (DSR) ngomhlaka-25 February 2017 noma ngaphambi kwalokho. Uma singatholi kuphawula okuvela kuwe phakathi nezinsuku ezingu-30 uthole lesi saziso, sizobheka lokho njengokusho ukuthi awuphikisani/awunalutho ofisa ukuluphawula ngokuphathelene nomsebenzi ohlongozwayo.

Kuzovulwa ibhuku lokubhalisa ababambi-qhaza nabathintekayo (I&AP's) bese ligcinwa, lizobe liqukethe amagama, imininigwane yokuxhumana namakheli abo bonke abantu abathumele ukuphawula kwabo, ababe khona emihlanganweni noma ababhalile bacela ukubhaliswa nazo zonke izinhlangano zikahulumeni ezinezwi kulokhu okwenziwayo. Sicela uqaphele ukuthi kuzoba ama-I&AP kanye nabanamasheya kuphela abazoba nelungelo lokuphawula ngombiko namapulani azothunyelwa eMnyangweni kuye ngokuthi bawanikezile amagama abo, imininigwane yokuxhumana nekheli futhi bashilo ukuthi ibhizinisi labo, ezezimali, ezithinta umuntu uqobo noma okanye okunokuthile kokukwenza ngemvume noma ukwenqaba isicelo salo msebenzi ohlongozwayo.

I-DSR izothunyelwa eMnyango Wezokumbiwa Phansi – KZN (DMR) ukuze ihlolwe. Lo mbiko uzodluliselwa nasemphakathini izinsuku ezingu-30 ukuze uhlolwe. Ikhophi ye-inthanethi izothalalaka kuwebhusayithi yakwa-Greenmined Environmental (www.greenmined.com). Ngemva kokuba ukuphawula kwabantu sekuphathuliwe iDSR izochibiyelwa ukuze ifake lokho kuphawula okuvela emphakathini ngemva kwalokho kuzokwenziwa umbiko wokugcina ozothunyelwa kwa-DMR ukuze uhlolwe njengengxenywe yokukhipha imvume ngokuvumelana nomthetho we-NEMA. Ikhophi yokugcina yoMbiko izothalalaka kuwebhusayithi yakwa-Greenmined Environmental (www.greenmined.com).

Lapho sewamukelwe lo Mbiko uzolandelwa uMbiko Wokuhlolwa Kokuchaphazeleka Kwezemvelo Ongakaphothulwa [Draft Environmental Impact Assessment Report (EIAR)] nawo ozodluliselwa emphakathini ukuba uhlolwe umphakathi izinsuku ezingu-30. Ikhophi ye-inthanethi yombiko we-EIAR nayo izoshicilelwa kuyiwebhusayithi yakwa-Greenmined Environmental. Wonke ama-I&AP abhalisile nababambi-qhaza bazokwaziswa ngesikhathi sokunikeza ukuphawula kwabo kusenethuba. Umbiko we-EIAR uzobe usufakwa imininigwane yamuva emva kwalokho ukuze kuvele ukuphawula okuvela emphakathini. Ngemva kwalokho, umbiko wokugcina we-EIAR uzobe usuthunyelwa kwa-DMR ukuze uhlolwe njengoba lokho kuyingxenywe yenqubo yokugunyaza ngokuvumelana nomthetho weNEMA. Ikhophi yokugcina yombiko izothalalaka kuyiwebhusayithi yakwa-Greenmined Environmental. Wonke ama-I&AP kanye nababambi-qhaza ababhalisile bazotshelwa ngokubhalelwa zingakedluli izinsuku ezingu-14 ngesinqumop sesicelo, kuhlangukise nesizathu sesinqumo nelungelo lokufaka isikhalo ngesinqumo.

DMR Reference Number: Isazoshicilelwa

Attention: Dominic Wieners

Dear Sir

RE: NOTICE OF APPLICATIONS IN TERMS OF SECTION 27 OF THE MINERALS AND PETROLEUM RESOURCES DEVELOPMENT ACT, 2002 (ACT NO 28 OF 2002) AND THE NATIONAL ENVIRONMENTAL MANAGEMENT ACT, 1998 (ACT 107 OF 1998 NEMA) AS WELL AS THE ENVIRONMENTAL IMPACT ASSESSMENT REGULATIONS, 2014.

Raubex KZN (Pty) Ltd (Applicant) intends to apply for a mining permit to mine aggregate on 5 ha of the Remaining Extent of the farm Elands Spruit 5523, Ladysmith, Kwa-Zulu Natal Province.

SITE DESCRIPTION

The Remaining Extent of the farm Elands Spruit 5523 is situated approximately 26 km northeast of Ladysmith, between the Collings Pass road and the N11 national road. The area earmarked for the proposed mining falls on a section of the farm currently used for grazing purposes. A section of the proposed mining area was also historically used for quarrying purposes. The GPS coordinates of the proposed mining area is as follows:

- A 28°22'05.17"S; 29°56'23.64"E
- B 28°22'07.24"S; 29°56'37.29"E
- C 28°22'03.55"S; 29°56'37.69"E
- D 28°22'01.21"S; 29°56'24.96"E

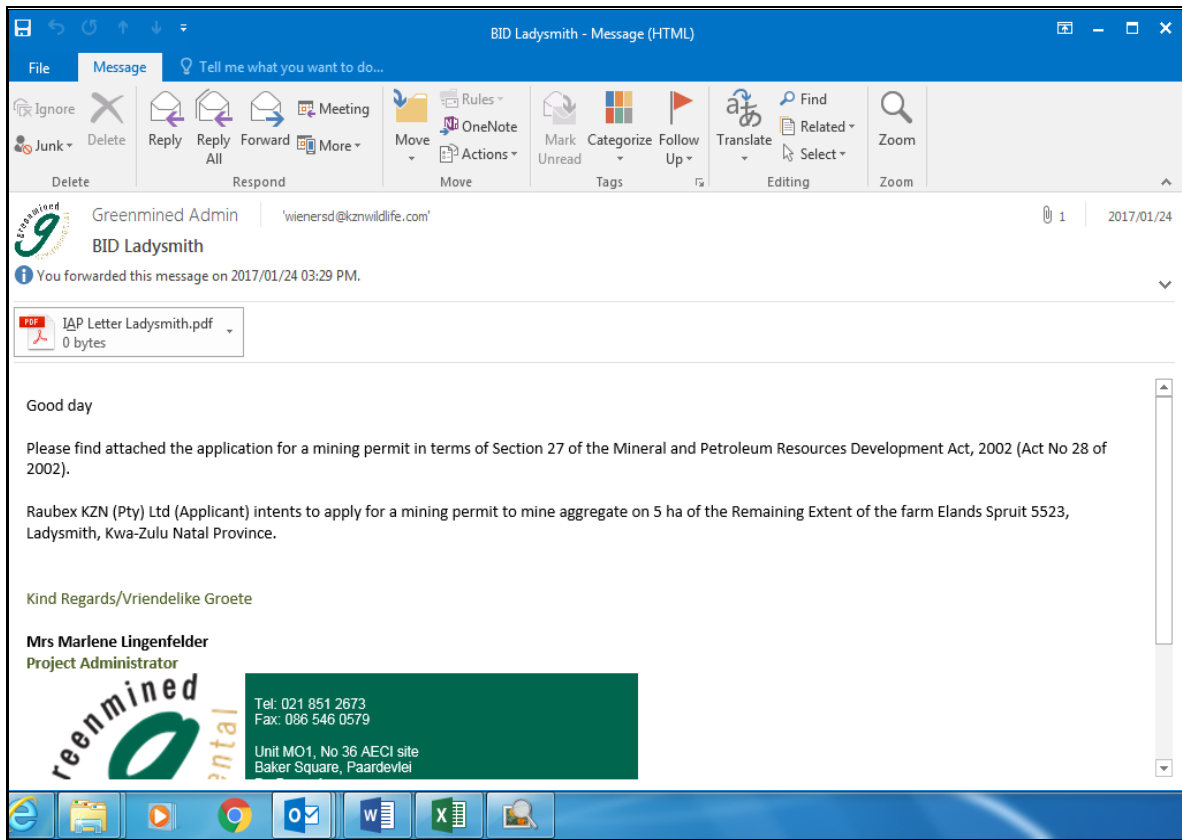

LEGAL COMPLIANCE

An application for a mining permit in terms of Section 27 of the Mineral and Petroleum Resources Development Act, 2002 (Act No 28 of 2002) will be submitted to the Department of Mineral Resources.

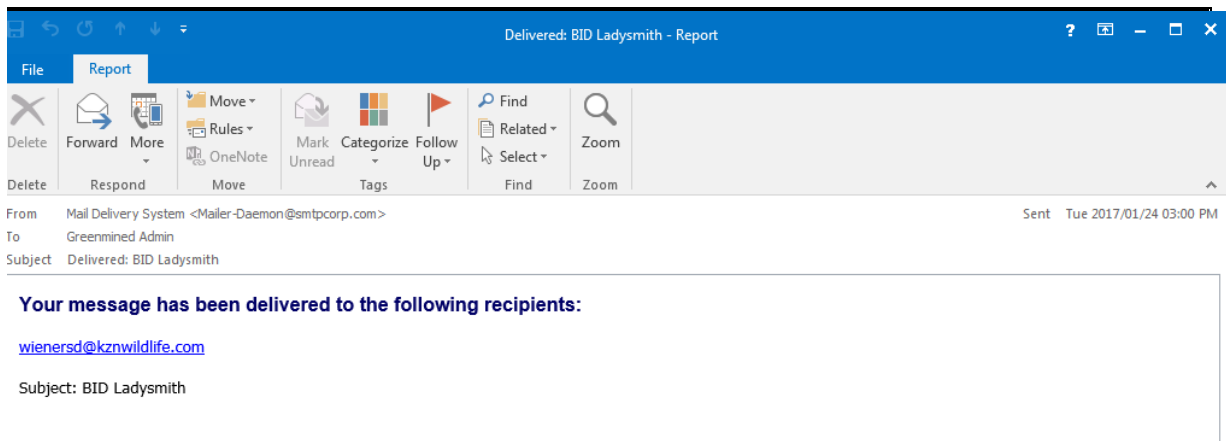

the goal isn't to live forever, it is to protect a planet that will

MINING APPLICATION FOR AGGREGATE ON 5HA OF THE REMAINING EXTENT OF THE FARM ELANDS SPRUIT 5523, LADYSMITH EMNAMBITHI / LADYSMITH LOCAL MUNICIPALITY District Municipality: uThukela

Dear Ms Fouche

Thank you for forwarding the abovementioned application to Ezemvelo KZN Wildlife (Ezemvelo) for review and comment.

Ezemvelo will not be providing comment on this application, but trust that all significant biodiversity related concerns have been clearly identified and made known in this assessment together with appropriate measures to safeguard the ecological integrity (viz. avoid, mitigate and thereafter ameliorate) of the developable area.

Please be advised that the potential impacts upon biodiversity will be evaluated by the Competent Authority who may, upon receipt, refer the application this organization for evaluation and advice prior to making a decision. In such case, the environmental principles prescribed in the National Environmental Management Act 107 of 1998, the objectives of the National Environmental Management Biodiversity Act 10 of 2004 and best practice will be applied.

Ezemvelo KZN Wildlife wishes you well with your assessment.

Yours sincerely,

pp

Attention: Dr Siphwe F Mkhize

Dear Sir

RE: NOTICE OF APPLICATIONS IN TERMS OF SECTION 27 OF THE MINERALS AND PETROLEUM RESOURCES DEVELOPMENT ACT, 2002 (ACT NO 28 OF 2002) AND THE NATIONAL ENVIRONMENTAL MANAGEMENT ACT, 1998 (ACT 107 OF 1998 NEMA) AS WELL AS THE ENVIRONMENTAL IMPACT ASSESSMENT REGULATIONS, 2014.

Raubex KZN (Pty) Ltd (Applicant) intends to apply for a mining permit to mine aggregate on 5 ha of the Remaining Extent of the farm Elands Spruit 5523, Ladysmith, Kwa-Zulu Natal Province.

SITE DESCRIPTION

The Remaining Extent of the farm Elands Spruit 5523 is situated approximately 26 km northeast of Ladysmith, between the Collings Pass road and the N11 national road. The area earmarked for the proposed mining falls on a section of the farm currently used for grazing purposes. A section of the proposed mining area was also historically used for quarrying purposes. The GPS coordinates of the proposed mining area is as follows:

- A 28°22'05.17"S; 29°56'23.64"E
- B 28°22'07.24"S; 29°56'37.29"E
- C 28°22'03.55"S; 29°56'37.69"E
- D 28°22'01.21"S; 29°56'24.96"E

LEGAL COMPLIANCE

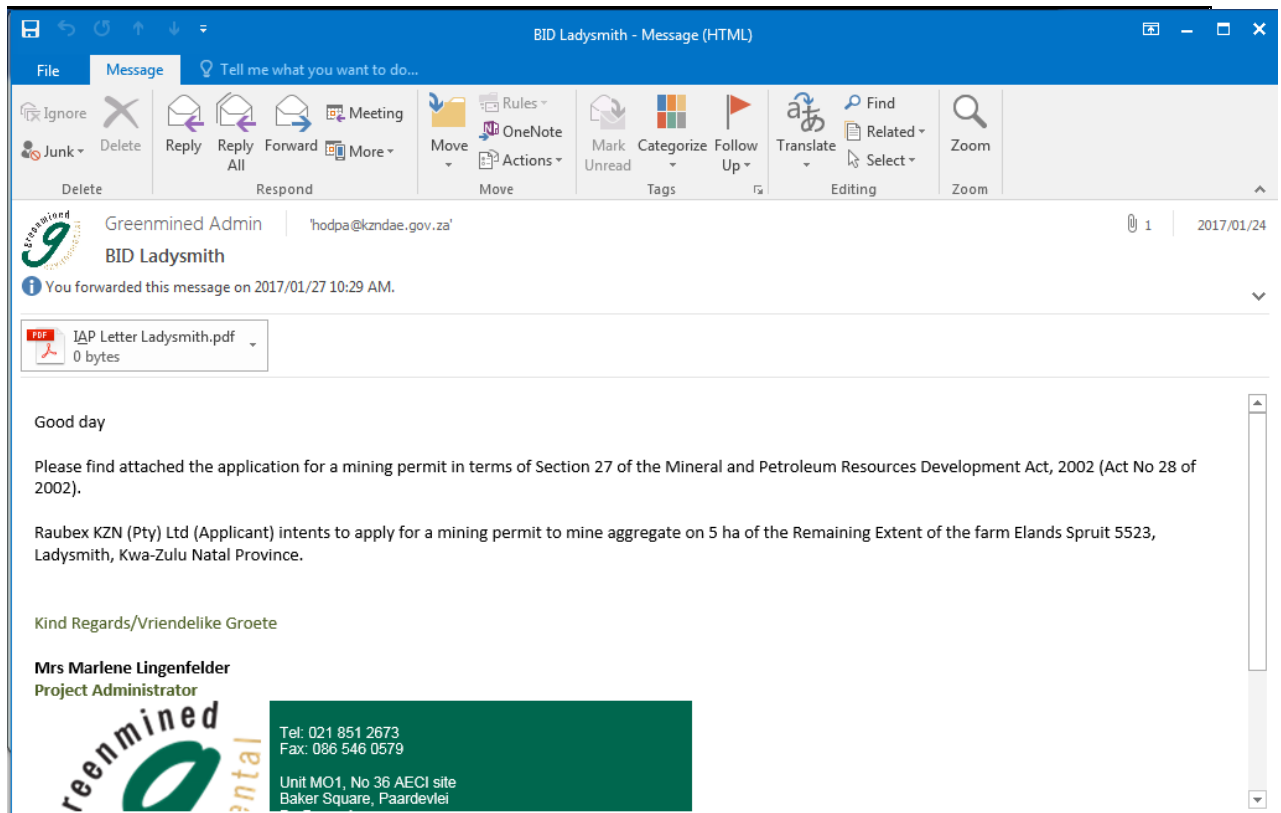

An application for a mining permit in terms of Section 27 of the Mineral and Petroleum Resources Development Act, 2002 (Act No 28 of 2002) will be submitted to the Department of Mineral Resources.

The proposed project triggers the following listed activities in terms of the National Environmental Management Act, 1998 (Act 107 of 1998) and the Environmental Impact Assessment Regulations as amended 2014 and therefore requires an environmental impact assessment process to obtain environmental authorisation:

NATIONAL ENVIRONMENTAL MANAGEMENT ACT, 1998 (ACT 107 OF 1998 NEMA) AS
WELL AS THE ENVIRONMENTAL IMPACT ASSESSMENT REGULATIONS, 2014.**

Raubex KZN (Pty) Ltd (Applicant) intends to apply for a mining permit to mine aggregate on 5 ha of the Remaining Extent of the farm Elands Spruit 5523, Ladysmith, Kwa-Zulu Natal Province.

SITE DESCRIPTION

The Remaining Extent of the farm Elands Spruit 5523 is situated approximately 26 km northeast of Ladysmith, between the Collings Pass road and the N11 national road. The area earmarked for the proposed mining falls on a section of the farm currently used for grazing purposes. A section of the proposed mining area was also historically used for quarrying purposes. The GPS coordinates of the proposed mining area is as follows:

- A 28°22'05.17"S; 29°56'23.64"E
- B 28°22'07.24"S; 29°56'37.29"E
- C 28°22'03.55"S; 29°56'37.69"E
- D 28°22'01.21"S; 29°56'24.96"E

LEGAL COMPLIANCE

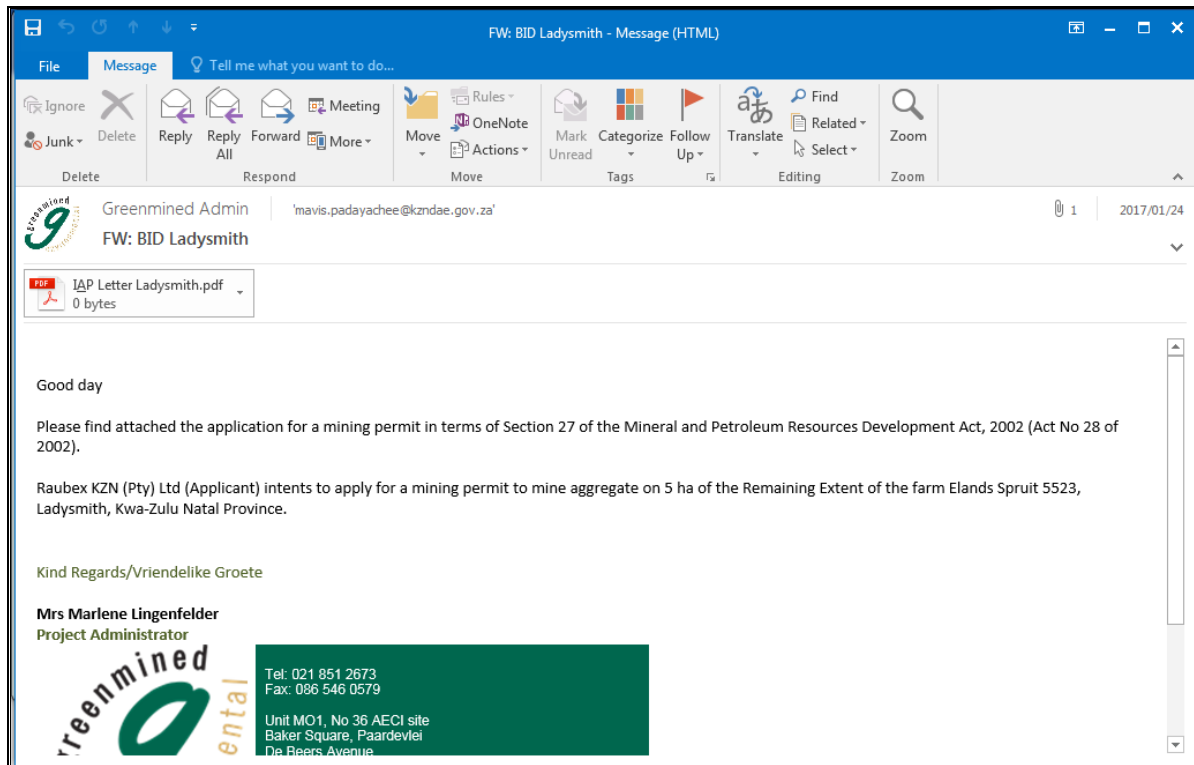

An application for a mining permit in terms of Section 27 of the Mineral and Petroleum Resources Development Act, 2002 (Act No 28 of 2002) will be submitted to the Department of Mineral Resources.

The proposed project triggers the following listed activities in terms of the National Environmental Management Act, 1998 (Act 107 of 1998) and the Environmental Impact Assessment Regulations as amended 2014 and therefore requires an environmental impact assessment process to obtain environmental authorisation:

RESPONSE RECEIVED FROM THE DEPARTMENT OF WATER AND SANITATION ON 27 MARCH 2017

water & sanitation

Department:
Water and Sanitation
REPUBLIC OF SOUTH AFRICA

Enq: Ms Lindiwe Dladla
Date: 27 March 2017
File: 16/27/V103/A/7
Tel: 031 336 2947
Email: dladla@dws.gov.za

P.O. Box 1018, Durban, 4000. 88 Joe Slovo Street, Southern Life Building, Durban, 4001. Tel: (031) 336 2700, Fax (031) 304 9546. www.dws.gov.za

Dear Sir / Madam

RE: NOTICE OF APPLICATION IN TERMS OF SECTION 27 OF THE MINERALS AND PETROLEUM RESOURCES DEVELOPMENT ACT 2 002 (ACT NO. 28 OF 2002) AND THE NATIONAL ENVIRONMENTAL MANAGEMENT ACT 1998 (ACT 107 OF 1998 NEMA) AS WELL AS THE ENVIRONMENTAL IMPACT ASSESSMENT REGULATION, 2014

Reference is made to the above-mentioned background information document received by this Office.

This Department has the following comments with regards to the proposed development:

(1) Water Uses and Water Use Authorisations

- (1.1) The proposed mining area project falls within 500 metre of the wetland area and therefore in terms of the National Water Act (NWA), they constitutes Section 21(c) and (i) of the NWA, i.e. **"impeding or diverting the flow of water in a watercourse"** and **"altering the bed, banks, course or characteristics of a watercourse"** respectively and must be authorised by this Department, under the provisions of the National Water Act, 1998 (Act No. 36 of 1998) (NWA)), hereinafter referred to as the NWA. The river, stream and associated buffers must be treated as sensitive environment areas: caution must be exercised near the watercourses.
- (1.2) These areas are subject to 1:100 year flood line restriction. Your attention is drawn to Government Notice No. 1199 dated 18 December 2009 in Government Gazette No. 32805 which states that a General Authorisation is not applicable to **"developments within a 500m radius from the boundary of a wetland or sewerage pipeline, pipelines carrying hazardous material and to water and wastewater treatment works"**. A Wetland Delineation study must be conducted for all wetlands occurring on site, according to this Department's guideline titled, **"A Practical Field Procedure for Identification and Delineation of Wetlands and Riparian Areas"**, (DWAF, 2005).
- (1.3) The locality maps must show the 1:100 year flood lines in terms of Section 144 of the National Water Act, 1998 (Act 36 of 1998) which states that, **"for the purpose that all persons who might be affected have access to information regarding the potential flood hazards, no person may establish a development unless the layout plan shows, in a form acceptable to the local authority concerned, lines indicating the maximum level likely to be reached by floodwaters on average once in every 100 years"**, must be submitted to this Department to ensure that this

Development is outside the flood line. Provide a 1:50 000 topographic map showing the exact boundary of the footprint together with the geohydrological map of a proposed Project Area.

- (1.4) It is the responsibility of the Applicant to identify all water uses applicable to the Project in terms of Section 21 of the NWA and to ensure that all applicable water uses are authorised as such. The Applicant must consult with this Department if clarity is required with regards to water uses and water use authorisations. The Department would like to be informed on where and how the water is obtainable for the process.
- (1.5) The Applicant must note that if the proposed Project engages in any water use that requires a water use licence in terms of the NWA, then by default all other water use activities taking place on the property, irrespective if it would be regulated by a General Authorisation, would require to apply for an Integrated Water Use Licence. This is part of the integrated licensing process.
- (1.6) Please note that no person may use water unless permitted under the NWA. Should you engage in any water use activity without the necessary water use authorisation, it is regarded as an unlawful water use. You will thus be guilty of an offence and liable for a fine or imprisonment as stipulated in Section 151 of the NWA. It is therefore advised that a Water Use Licence Application for the Project must be submitted to this Office for consideration. A Pre-Water Use Licence Application meeting is recommended. The Applicant is required to contact Ms. Zamashenge Hadebe of the Water Use Authorisation Unit on (031) 338 2700.

(2) Solid Waste Management

- (2.1) The requirements of this Department with respect to solid waste must be strictly enforced and complied with.
- (2.2) Should private contractors be used, all solid waste must be disposed of at a permitted landfill site and proof of this must be made available to this Department when required.
- (2.3) Such waste must be placed in skips stored in a designated storage / collection area prior to being safely disposed of and must not cause any surface and groundwater pollution, or pose any health hazards.
- (2.4) The recycling of suitable material is encouraged by this Department, provided it is properly managed.
- (2.5) Discuss the potential for resource recovery from wastes and residues (including re-use, recycle or energy recovery from solid waste and liquid effluents).

(3) Sewage and Wastewater Management

- (3.1) Washing, refuelling, maintaining of vehicles or the transfer of hazardous substances must be conducted within a banded area. All drainage arising from the banded area must be treated as a water containing waste and disposed of safely.
- (3.2) The use of any temporary, chemical toilet facilities must not cause any pollution to water sources or pose a health hazard. In addition, these toilets must not be situated within 100m from a watercourse or within the 1:100 year flood line (whichever is the greatest). Furthermore, no form of secondary pollution should arise from the disposal of refuse or sewage from the temporary, chemical toilets. Any pollution problems arising from the above are to be addressed immediately by the Applicant.
- (3.3) The following is applicable should small volumes of wastewater be generated during the construction phase:
- > Water containing waste must not be discharged into the natural environment.
 - > Measures to contain the water containing waste and safely dispose thereof must be implemented.

Describe the methods for collecting, storing, treating, transporting and finally disposing of the wastes during construction and operation phase.

(4) Storm water Management

- (4.1) It is imperative that there is proper management of storm water at the project site. *"each of the new facilities will need to develop their own project to illustrate how their storm water will need to be managed"* and that *"environmentally sensitive storm water discharge structures will also need to be designed in order to ensure that storm water discharge from the proposed development does not negatively impact the River system."* These storm water management plans must be included in the Final Report and must be strictly adhered to.
- (4.2) The Engineer or Contractor must ensure that only clean storm water runoff enters the environment.
- (4.3) Drainage must be controlled to ensure that runoff from the project area does not culminate in off-site pollution, flooding or result in any damage to properties downstream of any storm water discharge point(s).

(5) Erosion Control

- (5.1) Erosion control measures must be put in place to minimise erosion along the proposed construction areas. Extra precautions must be taken in areas where the soils are deemed highly erodible.
- (5.2) Soil erosion onsite must be prevented at all times, i.e. pre-, during- and post construction activities. Erosion control measures must be implemented in areas prone to erosion such as near water supply points, edges of slopes, etc. These measures could include the use of sand bags, hessian sheets, retention or replacement of vegetation.
- (5.3) Where the land has been disturbed during construction it must be re-habilitated and re-vegetated back to its original state after construction.
- (5.4) Stockpiling of soil or any other materials used during the construction phase must not be allowed on or near steep slopes, near a watercourse or water body. This is to prevent pollution or the impediment of surface run-off. The Applicant must control and establish suitable mitigation measures to prevent the erosion of stockpiles.

(6) Spillages Management

- (6.1) There must be no unacceptable impact on the quality of both surface and groundwater in the area. If pollution of any surface or groundwater occurs, it must be immediately reported to this Department and the appropriate mitigation measures must be employed. In addition, should the proposed development impact on any groundwater and/or surface water users, then water of equal quality and quantity must be provided to the affected users.
- (6.2) Storage of material, chemicals, fuels etc. must not pose a risk to the surrounding environment, and this includes surface and groundwater. Temporary bunds must also be constructed around chemical or fuel storage areas to contain possible spillages. Such storage areas must be located outside the 1:100 year flood-line of the water source and must be fenced to prevent unauthorized access into the area.
- (6.3) It is important that any significant spillage of chemicals, fuels, etc. during the construction phase and/or operational phase is reported to this Office and other relevant authorities. In the event of a spill, the following steps can be taken:
 - > Stop the source of the spill;
 - > Contain the spill;
 - > All significant spills must be reported to this Department and other relevant authorities;
 - > Remove the spilled product for treatment and authorised disposal;
 - > Determine if there is any soil, groundwater or other environmental impact;

- > If necessary, remedial action must be taken in consultation with this Department; and
- > Incident must be documented.

(7) General

- (7.1) No form of secondary pollution should arise from the disposal of sewage and refuse. The contractor must be clearly briefed on the method of disposal of such waste and compliance must be ensured or monitored. Any pollution problems arising from the above project is to be addressed immediately by the Applicant.
- (7.2) Define the responsibilities for implementation of mitigation including funding.
- (7.3) Describe reinstatement and after use of land occupied temporarily for operation of the Project.
- (7.4) This Office reserves the right to inspect the site without prior notice in order to ensure that its requirements, as mentioned above, are adhered to. Should any problems be noted, measures must be undertaken immediately to rectify the situation.
- (7.5) This Department reserves the right to revise or withdraw these comments and request further information from the Applicant should any other information that contradicts the above come to light.
- (7.6) Notwithstanding the above, the responsibility rests with the Applicant to identify all sources or potential sources of pollution from his undertaking and to take appropriate measures to prevent any pollution of the environment. Failure to comply with the requirements of the NWA could lead to legal action being instituted against the Applicant.

Please do not hesitate to call this Office should you have any concerns, comments or queries.

Yours faithfully

For Acting CEO: PONGOLA TO UMZIMKHULU PROTO CMA

Dear Ms Dladla

Greenmined herewith thank you for and acknowledges receipt of the comments submitted on the mining permit application for the Remaining Extent of the farm Elands Spruit 5523 GS, Ladysmith.

We take note of your comments and are in the process of compiling the relevant application documents in terms of the NWA. These documents will shortly be submitted to DWS.

The comments with regard to the operational phase of the activity will be added to the Environmental Impact Assessment Report and Environmental Management Programme as mitigation measures/conditions to be implemented on site.

We trust you find this in order. Please do not hesitate to contact me in the event of any uncertainties.

Kind Regards/Vriendelike Groete

Ms Christine Fouche

BACKGROUND INFORMATION DOCUMENT

25 January 2017

Department of Transport
Private Bag X9043
Pietermaritzburg
3200

Attention: Mr Sbusiso Gumbi

Dear Sir

RE: NOTICE OF APPLICATIONS IN TERMS OF SECTION 27 OF THE MINERALS AND PETROLEUM RESOURCES DEVELOPMENT ACT, 2002 (ACT NO 28 OF 2002) AND THE NATIONAL ENVIRONMENTAL MANAGEMENT ACT, 1998 (ACT 107 OF 1998 NEMA) AS WELL AS THE ENVIRONMENTAL IMPACT ASSESSMENT REGULATIONS, 2014.

Raubex KZN (Pty) Ltd (Applicant) intends to apply for a mining permit to mine aggregate on 5 ha of the Remaining Extent of the farm Elands Spruit 5523, Ladysmith, Kwa-Zulu Natal Province.

SITE DESCRIPTION

The Remaining Extent of the farm Elands Spruit 5523 is situated approximately 26 km northeast of Ladysmith, between the Collings Pass road and the N11 national road. The area earmarked for the proposed mining falls on a section of the farm currently used for grazing purposes. A section of the proposed mining area was also historically used for quarrying purposes. The GPS coordinates of the proposed mining area is as follows:

- A 28°22'05.17"S; 29°56'23.64"E
- B 28°22'07.24"S; 29°56'37.29"E
- C 28°22'03.55"S; 29°56'37.69"E
- D 28°22'01.21"S; 29°56'24.96"E

LEGAL COMPLIANCE

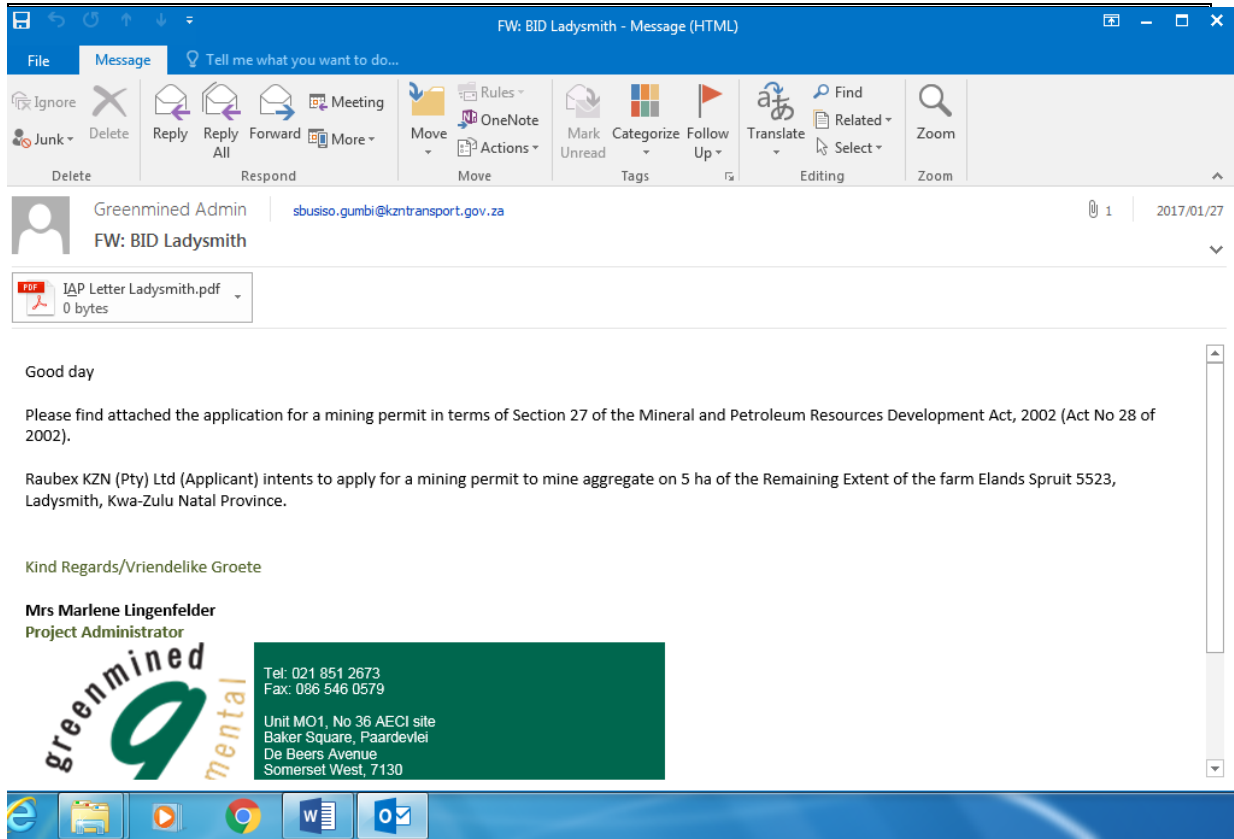

An application for a mining permit in terms of Section 27 of the Mineral and Petroleum Resources Development Act, 2002 (Act No 28 of 2002) will be submitted to the Department of Mineral Resources.

The proposed project triggers the following listed activities in terms of the National Environmental Management Act, 1998 (Act 107 of 1998) and the Environmental Impact Assessment Regulations as amended 2014 and therefore requires an environmental impact assessment process to obtain environmental authorisation:

the goal isn't to live forever, it is to protect a planet that will

BACKGROUND INFORMATION DOCUMENT

25 January 2017

SANRAL - Eastern Region
PO Box 100410
Scottville
3209

Attention: Ms Logashri Sewnarain

Dear Madam

RE: NOTICE OF APPLICATIONS IN TERMS OF SECTION 27 OF THE MINERALS AND PETROLEUM RESOURCES DEVELOPMENT ACT, 2002 (ACT NO 28 OF 2002) AND THE NATIONAL ENVIRONMENTAL MANAGEMENT ACT, 1998 (ACT 107 OF 1998 NEMA) AS WELL AS THE ENVIRONMENTAL IMPACT ASSESSMENT REGULATIONS, 2014.

Raubex KZN (Pty) Ltd (Applicant) intends to apply for a mining permit to mine aggregate on 5 ha of the Remaining Extent of the farm Elands Spruit 5523, Ladysmith, Kwa-Zulu Natal Province.

SITE DESCRIPTION

The Remaining Extent of the farm Elands Spruit 5523 is situated approximately 26 km northeast of Ladysmith, between the Collings Pass road and the N11 national road. The area earmarked for the proposed mining falls on a section of the farm currently used for grazing purposes. A section of the proposed mining area was also historically used for quarrying purposes. The GPS coordinates of the proposed mining area is as follows:

- A 28°22'05.17"S; 29°56'23.64"E
- B 28°22'07.24"S; 29°56'37.29"E
- C 28°22'03.55"S; 29°56'37.69"E
- D 28°22'01.21"S; 29°56'24.96"E

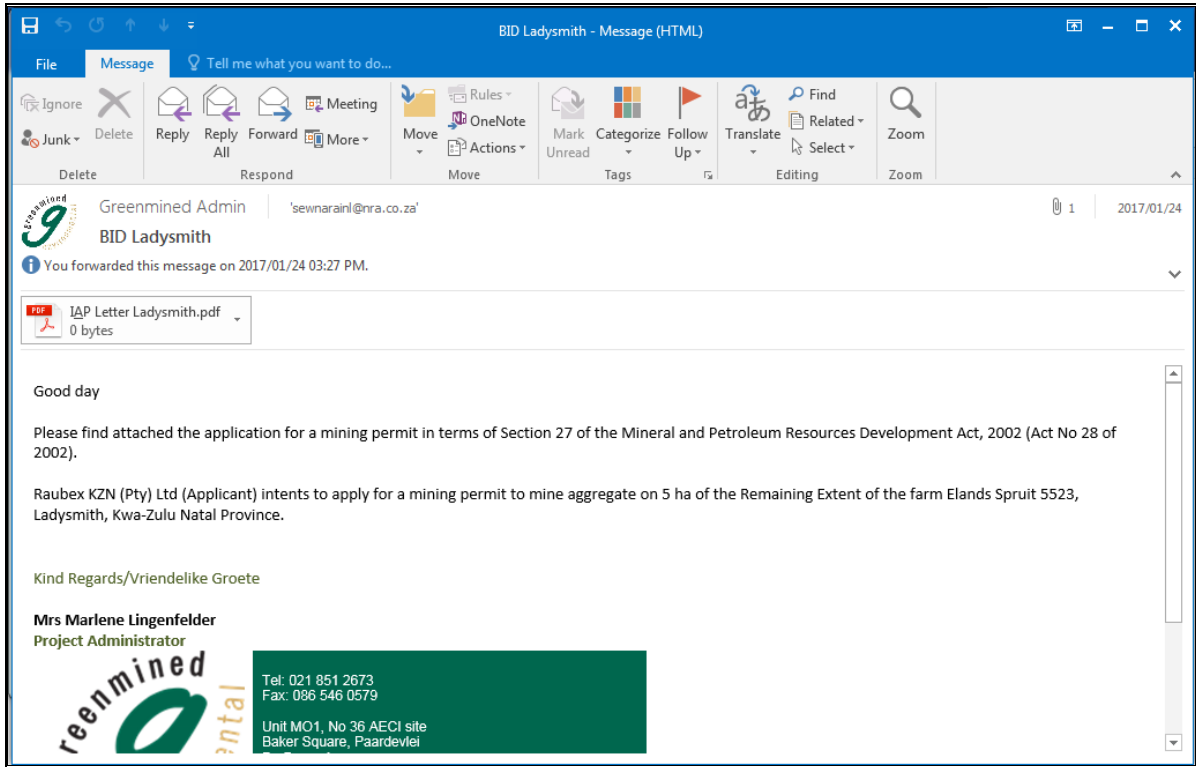

LEGAL COMPLIANCE

An application for a mining permit in terms of Section 27 of the Mineral and Petroleum Resources Development Act, 2002 (Act No 28 of 2002) will be submitted to the Department of Mineral Resources.

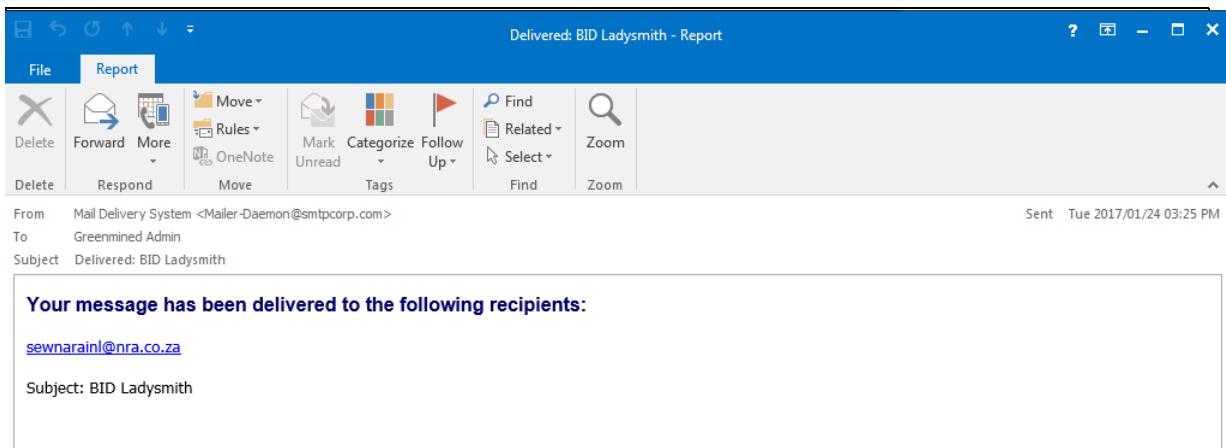

The proposed project triggers the following listed activities in terms of the National Environmental Management Act, 1998 (Act 107 of 1998) and the Environmental Impact Assessment Regulations as amended 2014 and therefore requires an environmental impact assessment process to obtain environmental authorisation:

the goal isn't to live forever, it is to protect a planet that will

Dear Madam
NATIONAL ROUTE N11/2

SA NATIONAL ROADS AGENCY AND NATIONAL ROADS ACT, ACT 7 OF 1998 – PROPOSED MINING PERMIT REMAINING EXTENT OF THE FARM ELANDSPRUIT 5523, LADSYMITH

Your application dated 25 January 2017 refers.

This office comments as follows :

Access to and from the mining area shall not be permitted from the N11.

A further condition will be that a weighing device be installed at the mining area to ensure that no overloading of trucks exiting the mining area along the Collings Pass Road and the N11 takes place.

The intersection of the Collings Pass Road and the N11 shall be kept clear of any loose quarry material emanating from the source.

Yours faithfully

for Regional Manager
Eastern Region

BACKGROUND INFORMATION DOCUMENT

25 January 2017

uThukela District Municipality
PO Box 116
Ladysmith
3370

Attention: Municipal Manager

Dear Sir/Madam

RE: NOTICE OF APPLICATIONS IN TERMS OF SECTION 27 OF THE MINERALS AND PETROLEUM RESOURCES DEVELOPMENT ACT, 2002 (ACT NO 28 OF 2002) AND THE NATIONAL ENVIRONMENTAL MANAGEMENT ACT, 1998 (ACT 107 OF 1998 NEMA) AS WELL AS THE ENVIRONMENTAL IMPACT ASSESSMENT REGULATIONS, 2014.

Raubex KZN (Pty) Ltd (Applicant) intends to apply for a mining permit to mine aggregate on 5 ha of the Remaining Extent of the farm Elands Spruit 5523, Ladysmith, Kwa-Zulu Natal Province.

SITE DESCRIPTION

The Remaining Extent of the farm Elands Spruit 5523 is situated approximately 26 km northeast of Ladysmith, between the Collings Pass road and the N11 national road. The area earmarked for the proposed mining falls on a section of the farm currently used for grazing purposes. A section of the proposed mining area was also historically used for quarrying purposes. The GPS coordinates of the proposed mining area is as follows:

- A 28°22'05.17"S; 29°56'23.64"E
- B 28°22'07.24"S; 29°56'37.29"E
- C 28°22'03.55"S; 29°56'37.69"E
- D 28°22'01.21"S; 29°56'24.96"E

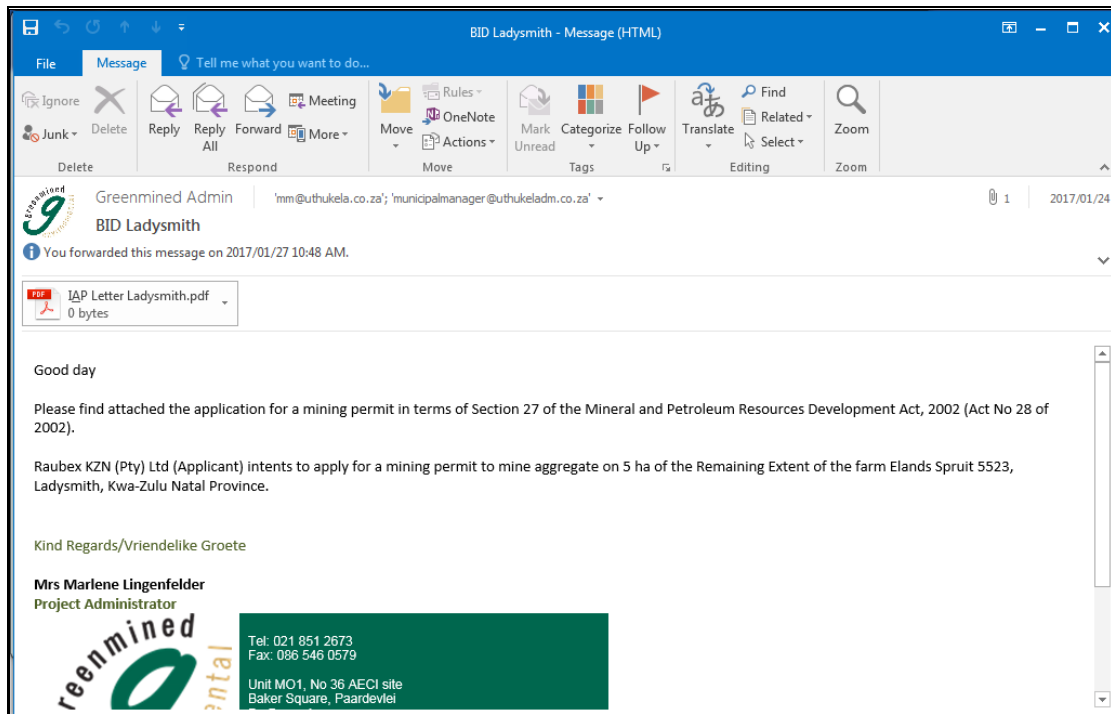

LEGAL COMPLIANCE

An application for a mining permit in terms of Section 27 of the Mineral and Petroleum Resources Development Act, 2002 (Act No 28 of 2002) will be submitted to the Department of Mineral Resources.

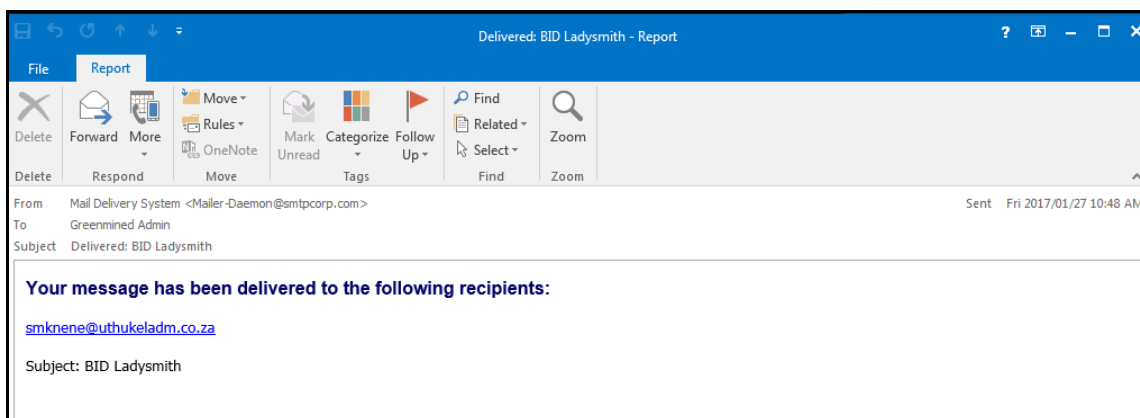

The proposed project triggers the following listed activities in terms of the National Environmental Management Act, 1998 (Act 107 of 1998) and the Environmental Impact Assessment Regulations as amended 2014 and therefore requires an environmental impact assessment process to obtain environmental authorisation:

the goal isn't to live forever, it is to protect a planet that will

The area earmarked for the proposed mining falls on a section of the farm currently used for grazing purposes. A section of the proposed mining area was also historically used for quarrying purposes. The GPS coordinates of the proposed mining area is as follows:

- A 28°22'05.17"S; 29°56'23.64"E
- B 28°22'07.24"S; 29°56'37.29"E
- C 28°22'03.55"S; 29°56'37.69"E
- D 28°22'01.21"S; 29°56'24.96"E

LEGAL COMPLIANCE

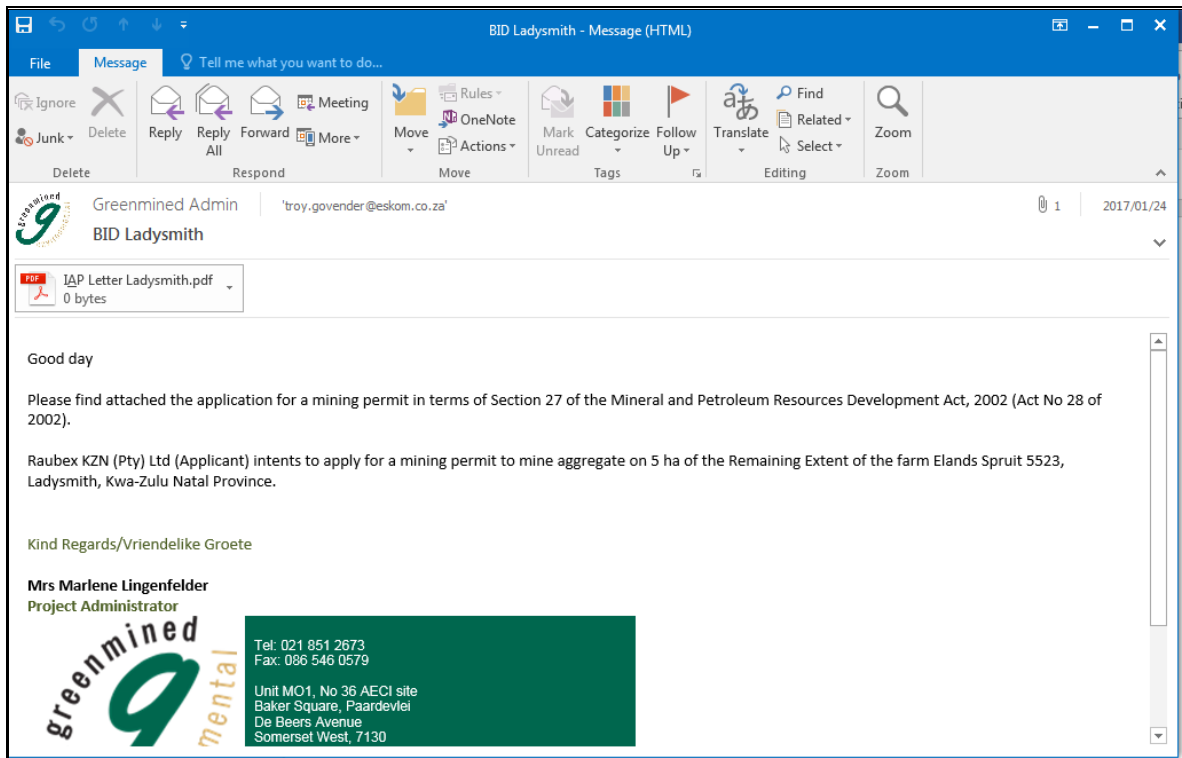

An application for a mining permit in terms of Section 27 of the Mineral and Petroleum Resources Development Act, 2002 (Act No 28 of 2002) will be submitted to the Department of Mineral Resources.

The proposed project triggers the following listed activities in terms of the National Environmental Management Act, 1998 (Act 107 of 1998) and the Environmental Impact Assessment Regulations as amended 2014 and therefore requires an Environmental Impact Assessment process to obtain environmental authorisation.

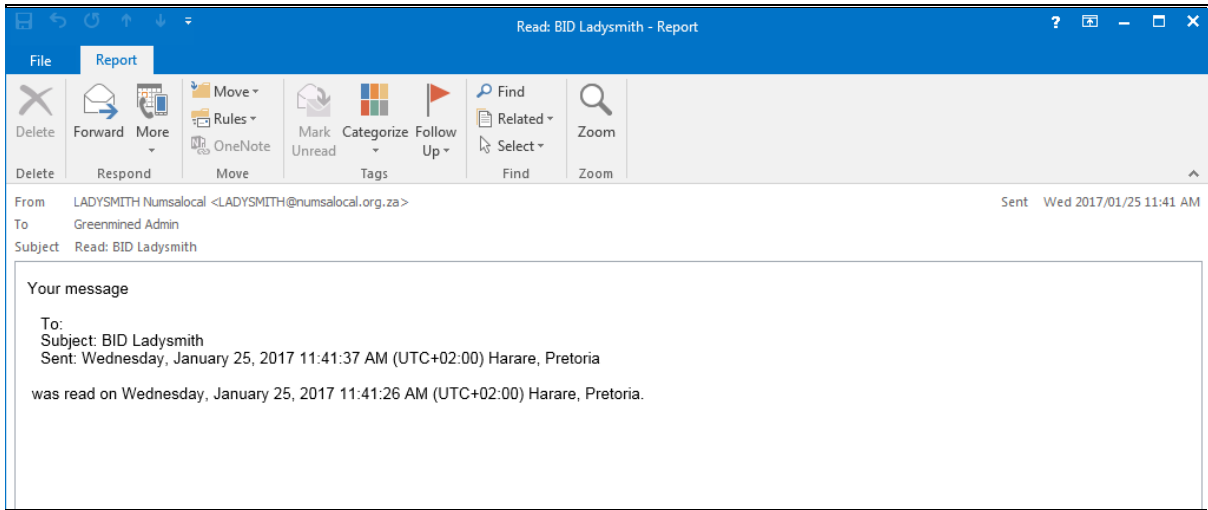

the real isn't to live forever, it is to protect a planet that will

BACKGROUND INFORMATION DOCUMENT

25 January 2017

PO Box 21
Elandslaagte
2900

Attention: Mr Innes Ian Frank Mitchell

Dear Sir

RE: NOTICE OF APPLICATIONS IN TERMS OF SECTION 27 OF THE MINERALS AND PETROLEUM RESOURCES DEVELOPMENT ACT, 2002 (ACT NO 28 OF 2002) AND THE NATIONAL ENVIRONMENTAL MANAGEMENT ACT, 1998 (ACT 107 OF 1998 NEMA) AS WELL AS THE ENVIRONMENTAL IMPACT ASSESSMENT REGULATIONS, 2014.

Raubex KZN (Pty) Ltd (Applicant) intends to apply for a mining permit to mine aggregate on 5 ha of the Remaining Extent of the farm Elands Spruit 5523, Ladysmith, Kwa-Zulu Natal Province.

SITE DESCRIPTION

The Remaining Extent of the farm Elands Spruit 5523 is situated approximately 26 km northeast of Ladysmith, between the Collings Pass road and the N11 national road. The area earmarked for the proposed mining falls on a section of the farm currently used for grazing purposes. A section of the proposed mining area was also historically used for quarrying purposes. The GPS coordinates of the proposed mining area is as follows:

- A 28°22'05.17"S; 29°56'23.64"E
- B 28°22'07.24"S; 29°56'37.29"E
- C 28°22'03.55"S; 29°56'37.69"E
- D 28°22'01.21"S; 29°56'24.96"E

LEGAL COMPLIANCE

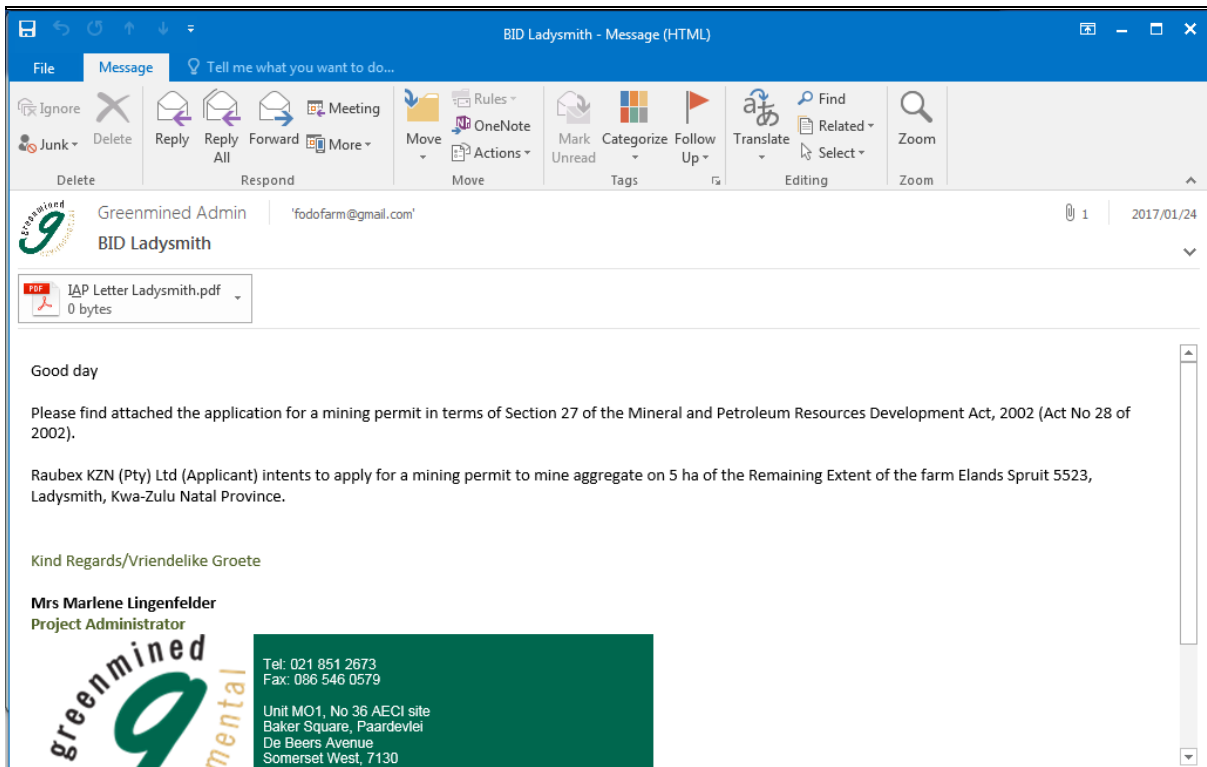

An application for a mining permit in terms of Section 27 of the Mineral and Petroleum Resources Development Act, 2002 (Act No 28 of 2002) will be submitted to the Department of Mineral Resources.

The proposed project triggers the following listed activities in terms of the National Environmental Management Act, 1998 (Act 107 of 1998) and the Environmental Impact Assessment Regulations as amended 2014 and therefore requires an environmental impact assessment process to obtain environmental authorisation:

The screenshot shows an email client window titled "Ladysmith MP application - Message (HTML)". The email is from Christine Fouche (peter.major@cadiz.co.za; John Van Heerden; Greenmined Admin) and is dated 10:12 AM. The subject is "Ladysmith MP application". There are three attachments: "Ladysmith Regulation..." (583 KB), "Raubex KZN cooperati..." (239 KB), and "I&AP Letter Ladysmith.pdf" (561 KB). The email body contains the following text:

Dear Sir

With regard to our telephonic discussion kindly receive a copy of the Background Information Document and Regulation 2(2) Map for the application area. You will notice that the end date for comments on the BID is 25 February 2017. As discussed we are still in the initial public participation phase and have already added your client as an Interested Party on the I&AP register, so they will be kept informed as the project progress.

We have also attached a draft cooperation agreement for your perusal.

Please feel free to contact me with any queries about the project, as well as submit your comments on the matter.

Kind Regards/Vriendelike Groete

NOTICE OF MINING PERMIT APPLICATION

Notice is hereby given in terms of Section 27 of the Mineral and Petroleum Resources Development Act, 2002 (Act No 28 of 2002) and the National Environmental Management Act, 1998 (Act 107 of 1998 NEMA) as well as the Environmental Impact Assessment Regulations of 2014, intent to carry out the following activity: Raubex KZN (Pty) Ltd intends to apply for authorization to mine 5 ha on the Remaining Extent of the farm Glenda Spruit 5523, Ladysmith, KwaZulu-Natal Province. The area earmarked for the proposed mining falls on a section of the farm previously used for farming as well as mining purposes. The mining method will make use of blasting in order to loosen the hard rock, upon which the material is loaded and hauled to the mobile crushing plant where it is screened to various sized stockpiles. The aggregate will be transported using tipper trucks. All activities will be contained within the boundaries of the site.

An application for a mining permit in terms of Section 27 of the Mineral and Petroleum Resources Development Act, 2002 (Act No 28 of 2002) will be submitted to the Department of Mineral Resources.

The proposed project triggers the following listed activities in terms of NEMA, 1998 and the EIA Regulations as amended 2014 and therefore requires an environmental impact assessment process to obtain environmental authorization:

- GNR 983 Environmental Impact Assessment Regulations Listing Notice 1 of 2014 Activity 21: Any activity including the operation of that activity which requires a mining permit in terms of Section 27 of the Mineral and Petroleum Resources Development Act, 2002 (Act No. 28 of 2002), including associated infrastructure, structures and earthworks directly related to the extraction of a mineral resource, including activities for which an exemption has been issued in terms of Section 106 of the Mineral and Petroleum Resources Development Act, 2002 (Act No 28 of 2002).
- GNR 983 Environmental Impact Assessment Regulations Listing Notice 1 of 2014 Activity 22: The decommissioning of any activity requiring a closure certificate in terms of Section 43 of the Mineral and Petroleum Resources Development Act, 2002 (Act No 28 of 2002).
- GNR 983 Environmental Impact Assessment Regulations Listing Notice 1 of 2014 Activity 26: Commercial developments of 1000 square metres or more, on land previously used for mining or heavy industrial purposes.
- GNR 983 Environmental Impact Assessment Regulations Listing Notice 1 of 2014 Activity 27: The clearance of an area of 1 hectare or more, but less than 20 hectares of indigenous vegetation.
- GNR 983 Environmental Impact Assessment Regulations Listing Notice 1 of 2014 Activity 28: Commercial developments where such land was used for agriculture or afforestation on or after 01 April 1995 and where such development (i) will occur outside an urban area, where the total land to be developed is bigger than 1 hectare.
- GNR 984 Environmental Impact Assessment Regulations Listing Notice 2 of 2014 Activity 21: Any activity including the operation of that activity associated with the primary processing of a petroleum resource including winning, reduction, extraction, classifying, concentrating, crushing, screening and washing.

Interested and Affected Parties (ISAPs) are invited to provide written comments. ISAPs must provide their comments with their name and contact details to the environmental consultant indicated below within 30 days from the date of this notice. Should additional information be required, it could be obtained from Greenmined Environmental.

A register of ISAPs that submitted written comments or requested to be registered will be opened. All organs of state which have jurisdiction in respect of the activity will also be listed on the register. Please note that only registered ISAPs will be entitled to comment on reports and plans to be submitted to the Department, provided that the party provides its name, contact details and address and discloses any direct business, financial, personal or other interest which the party may have in the approval or refusal of the application. The registered ISAPs will, in writing, within 14 days of the date of the decision be notified of the outcome of the application including the reasons for the decision and the right to appeal.

ON-SITE NOTICES PLACED ON 21 JANUARY 2017

NOTICE OF MINING PERMIT APPLICATION

Notice is hereby given in terms of in terms of Section 27 of the Mineral and Petroleum Resources Development Act, 2002 (Act No 28 of 2002) and the National Environmental Management Act, 1998 (act 107 of 1998 NEMA) as well as the Environmental Impact Assessment Regulations of 2014 intent to carry out the following activity:

Raubex KZN (Pty) Ltd intends to apply for authorization to mine 5 ha on the Remaining Extent of the farm Elands Spruit 5523, Ladysmith, KwaZulu-Natal Province. The area earmarked for the proposed mining falls on a section of the farm previously used for farming as well as mining purposes. The mining method will make use of blasting in order to loosen the hard rock; upon which the material is loaded and hauled to the mobile crushing plant where it is screened to various sized stockpiles. The aggregate will be transported with tipper trucks. An application for a mining permit in terms of Section 27 of the Mineral and Petroleum Resources Development Act, 2002 (Act No 28 of 2002) will be submitted to the Department of Mineral Resources.

The proposed project triggers the following listed activities in terms of the National Environmental Management Act, 1998 (Act 107 of 1998) and the Environmental Impact Assessment Regulations as amended 2014 and therefore requires an environmental impact assessment process to obtain environmental authorization:

- **GNR 983 Environmental Impact Assessment Regulations Listing Notice 1 of 2014 Activity 21:**
Any activity including the operation of that activity which requires a mining permit in terms of section 27 of the Mineral and Petroleum Resources Development Act, 2002 (act No. 28 of 2002), including associated infrastructure, structures and earthworks directly related to the extraction of a mineral resource, including activities for which an exemption has been issued in terms of section 106 of the Mineral and Petroleum Resources Development Act, 2002 (Act No 28 of 2002).
- **GNR 983 Environmental Impact Assessment Regulations Listing Notice 1 of 2014 Activity 22:**
The decommissioning of any activity requiring a closure certificate in terms of section 43 of the Mineral and Petroleum Resources Development Act, 2002 (Act No 28 of 2002).
- **GNR 983 Environmental Impact Assessment Regulations Listing Notice 1 of 2014 Activity 26:**
Commercial developments of 1000 square meters or more, on land previously used for mining or heavy industrial purposes.
- **GNR 983 Environmental Impact Assessment Regulations Listing Notice 1 of 2014 Activity 27:**
The clearance of an area of 1 hectare or more, but less than 20 hectares of indigenous vegetation.
- **GNR 983 Environmental Impact Assessment Regulations Listing Notice 1 of 2014 Activity 28:**
Commercial developments where such land was used for agriculture or afforestation on or after 01 April 1998 and where such development (ii) will occur outside an urban area, where the total land to be developed is bigger than 1 hectare.
- **GNR 984 Environmental Impact Assessment Regulations Listing Notice 2 of 2014 Activity 21:**
Any activity including the operation of that activity associated with the primary processing of a petroleum resource including winning, reduction, extraction, classifying, concentrating, crushing, screening and washing

Interested and Affected Parties (I&AP's) are invited to provide written comments. I&AP's must provide their comments with their name and contact details to the environmental consultant indicated below within 30 days from the date of this notice. Should additional information be required it could be obtained from Greenmined Environmental.

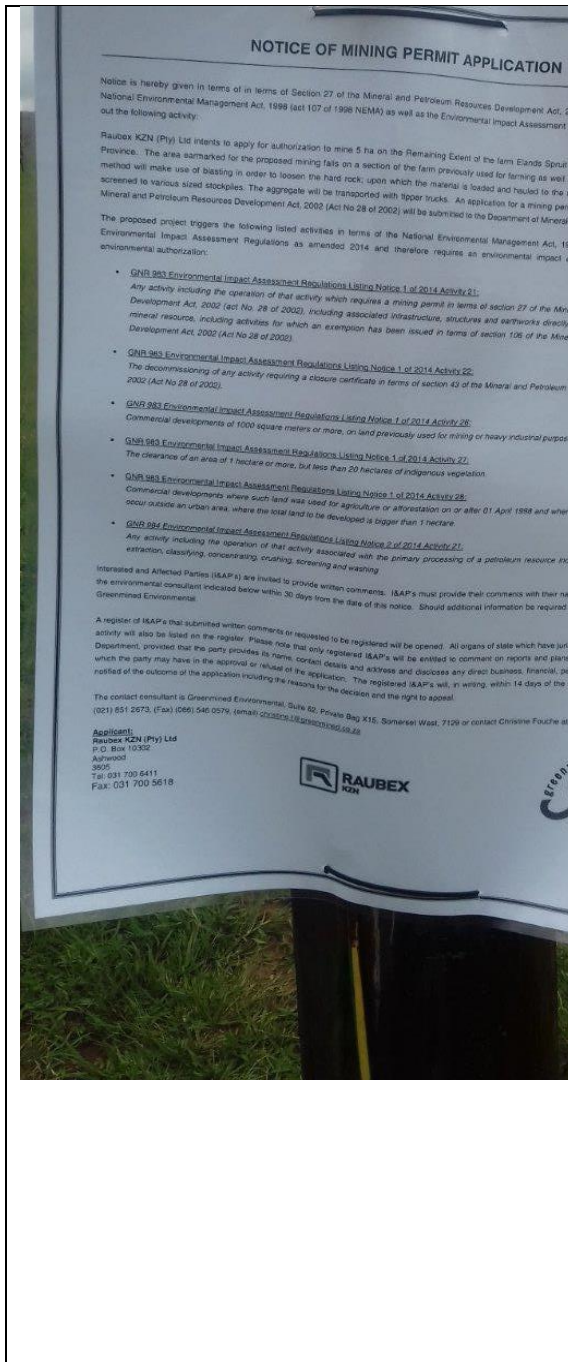

A register of I&AP's that submitted written comments or requested to be registered will be opened. All organs of state which have jurisdiction in respect of the activity will also be listed on the register. Please note that only registered I&AP's will be entitled to comment on reports and plans to be submitted to the Department, provided that the party provides its name, contact details and address and discloses any direct business, financial, personal or other interest which the party may have in the approval or refusal of the application. The registered I&AP's will, in writing, within 14 days of the date of the decision be notified of the outcome of the application including the reasons for the decision and the right to appeal.

Dear Sir/Madam

REQUEST INFORMATION ON PROPERTY: LAND CLAIM

We acknowledge receipt of your enquiry received on 7 February 2017 and advise that our records indicate that no claim for restitution in terms of the provisions of the Restitution of Land Rights Act, 22 of 1994 has been lodged in respect of the property described as the farm Elands Spruit No. 5523.

Whilst great care is taken to verify the accuracy of the information regarding all claims, the Regional Land Claims Commission will not be held responsible for any damage or loss suffered as a result of information furnished in this regard as there are claims lodged with the Commission which are not yet captured in our database as they are not yet published in the relevant government gazette.

Regards

MR N. MDULI

| JS van Heerden (JvH) | Raubex KZN (Pty) Ltd (Applicant) |
| TT Thabede (TT) | Raubex KZN (Pty) Ltd |
| C Fouche (CF) | Greenmined Environmental (GE) |

PURPOSE OF MEETING:

To discuss the proposed extension of the existing quarry pit on the Remaining Extent of the farm Elands Spruit 5523 GS, Ladysmith, and obtain comments from the attendees in particular Mr. Khumalo and Me Mdluli who requested the meeting.

AGENDA:

- ⌘ Brief project overview
- ⌘ Commenting period
- ⌘ Way forward

the goal isn't to live forever, it is to protect a planet that will

PROJECT OVERVIEW:

JvH presented an overview of the proposed mining project that borders the property of Mr. Khumalo, and explained that SANRAL proposes to upgrade the N11 (±40 km outside Ladysmith). JvH explained that Raubex KZN (Pty) Ltd (Applicant) intends to tender on the road upgrade project and therefore scanned the area, in the vicinity of the road project, for viable gravel sources. The quarry pit on Mr. Oosthuizen's farm is ideal due to its location in the approximate center of the road project. JvH explained that in order to be awarded a road tender, the tenderers need to submit the lowest price. Should the Applicant be able to obtain the necessary fill material from the intended quarry it will greatly reduce hauling cost which will have a direct impact on the tender price.

JvH further stated that prior to commencement of mining the Applicant needs to apply for a Mining Permit (MP) from the Department of Mineral Resources – KwaZulu-Natal (DMR) in order to comply with the legal requirements. The Applicant therefore appointed Greenmined Environmental (GE) to conduct the relevant studies and handle the Mining Permit application process.

Public participation forms a significant part of the MP application process and therefore discussions commenced firstly with the landowner to obtain his consent. GE also contacted the directly surrounding landowners to obtain their comments/concerns with regard to the project. These comments/concerns then need to be addressed and mitigation measure proposed to reduce the impact on the surrounding environment as far as possible.

CF explained the Environmental Impact Assessment process as well as the Mining Permit Application process to the attendees.

JvH reiterated that the main objective of the proposed mining operation is to supply gravel to the intended road upgrade project (N11), and that the quarry will not be operated as a commercial site. The mining area will therefore be closed and rehabilitated as soon as the road upgrade project is complete.

TT repeated the project overview in Zulu.

COMMENTING PERIOD:

The main concern of the attendees was that an access road will be made through their property, or that the mining project will spill over onto their land.

CF indicated the boundaries of the proposed mining area on the Regulation 2(2) Plan, and explained that all mining activities, by law, have to be conducted within these boundaries. CF further explained that the existing entrance to the Elands Spruit farm (turning from the Collings Pass road) will be used to access the mining area. No roads will be made through the property of Mr. Khumalo.

Another concern was that the houses at the Khumalo yard will crack or be damaged as a result of the blasting at the quarry.

JvH explained that Raubex KZN currently operates a project in Tombo where blasting is done at a quarry located between numerous houses. It was explained that prior to commencement of the mining activity an assessment will be done of all the buildings at Mr. Khumalo's yard to document the structural integrity. During a blast, vibration measuring equipment (seismograph) will be placed at the Khumalo yard to measure the ground vibrations that extends from the quarry. Should the vibration testing indicated excessively high readings the blasting at the quarry will be amended to lower the impact. Any structural damage, that resulted as a direct cause of the mining at the quarry, will be repaired at the cost of the Applicant.

The possible impact of blasting on livestock were raised.

CF explained that the Applicant has to inform Mr. Khumalo prior to each blast. The notification will allow him sufficient time to move the livestock away from the quarry area. It was also mentioned that Mr. Oosthuizen will continue using the camp, in which the quarry will be operated, as a conditioning camp for his cattle. Blasting at the quarry will therefore take cognizance of the fact that there is livestock within close vicinity.

The attendees enquired whether the project will create any job opportunities.

JvH confirmed that the project will create some jobs although not on a large scale.

TT translated the comments and responses as the meeting progressed.

WAY FORWARD:

CF handed a hard copy of the Draft Scoping Report to Mr. Khumalo, and explained that the report carried a 30 days commenting period. CF invited the attendees to read through the report and submit any additional comments before the end of the commenting period (11 May 2017). It was also agreed that the minutes of the meeting will be compiled by CF and included in the Final Scoping Report to be submitted to DMR for approval.

JvH explained that the Applicant understood that it enters the area for a brief period only while the residents stay in the area. JvH stated that the Applicant therefore intends to work with the surrounding community in order to operate a successful project and leave the environment in an improved or at least the same state as prior to the mining activity.

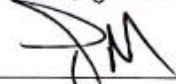

CF thanked everyone for their attendance and the meeting was adjourned.

PROOF OF READ RECEIPT OF EMAIL NOTIFICATION OF THE FINAL SCOPING REPORT SENT TO INFORM ESKOM ON 16 MAY 2017

The screenshot displays an email client interface. At the top is a ribbon with various action buttons: Delete, Forward, More, Move, Rules, OneNote, Mark Unread, Categorize, Follow Up, Find, Related, Select, and Zoom. Below the ribbon, the email header shows the sender as Troy Govender <GovendP@eskom.co.za> and the recipient as Greenmined Admin. The subject is 'Read: FSR Ladysmith'. The message body contains a read receipt: 'Your message To: Subject: FSR Ladysmith Sent: Tuesday, May 16, 2017 10:25:29 AM (UTC+02:00) Harare, Pretoria was read on Tuesday, May 16, 2017 10:22:57 AM (UTC+02:00) Harare, Pretoria.'

**AGREEMENT BETWEEN ROTIMODE (PTY) LTD AND RAUBEX KZN (PTY) LTD
SIGNED ON 5 JULY 2017**

Memorandum of Agreement

made and entered into by and between:

Rotimode(Pty) Ltd

(hereinafter referred to as "Rotimode")

and

Raubex KZN (Pty) Ltd

(hereinafter referred to as "Raubex KZN")

re: Remaining Easement of the farm Elands Spruit 5832, magisterial district of Ladysmith,
KwaZulu-Natal Province.

SM

AND WHEREAS Rotimode (Pty) Ltd is the holder of a prospecting right for coal in terms of section 16 of the Minerals and Petroleum Resources Development Act, Act 28 of 2002 (hereinafter referred to as "the MPRDA") on the farm Elands Spruit 5523, magisterial district of Ladysmith, KwaZulu-Natal Province (hereinafter referred to as "Elands Spruit");

AND WHEREAS Raubex KZN (Pty) Ltd has applied for a mining permit to mine dolerite in terms of section 27 of the MPRDA on the Remaining Extent of Elands Spruit;

AND WHEREAS the aforesaid mining permit application and prospecting right overlap in so far as Remaining Extent of Elands Spruit is concerned. A locality map illustrating the overlap is annexed hereto marked Annexure 1;

AND WHEREAS the mining permit application is currently still in process with the Department of Mineral Resources (hereinafter referred to as "the DMRE").

NOW THEREFORE the parties agree as follows:

1. INTERPRETATION
